General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at https://www.ipos.gov.sg. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition Purposes

National Trade Mark No: 40201614141S

Filing Date: 30 August 2016

Classes: 09

FIREFLY

JORDON INDUSTRIES BUILDING
SINGAPORE 738284

Agent Details/Address for Service:

Jordon International Food Processing Pte Ltd
13 WOODLANDS LOOP
SINGAPORE 738284

National Trade Mark No:	40202252470C
Filing Date:	25 July 2022
Classes:	29

Goods and/or Services:

Class 29
Prepared meals consisting principally of meat.

Applicant/Proprietor Details:

JORDON INTERNATIONAL FOOD PROCESSING PTE LTD
13 WOODLANDS LOOP
JORDON INDUSTRIES BUILDING
SINGAPORE 738284

Agent Details/Address for Service:

Jordon International Food Processing Pte Ltd
13 WOODLANDS LOOP
SINGAPORE 738284

National Trade Mark No:	40202252473K
Filing Date:	25 July 2022
Classes:	28

MightyCity
MIGHTYCITY
mightycity

Goods and/or Services:

Class 28
Collectable toy figures.

Mark Clause(s):

Application for a series of three marks.

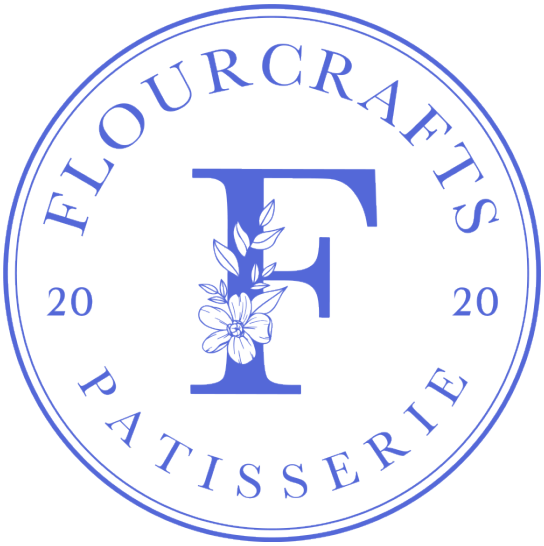
Applicant/Proprietor Details:

VIHARBOUR (SINGAPORE) ENTERPRISE PTE. LTD.
16E TUAS AVENUE 1
#06-63
SINGAPORE 639537

Agent Details/Address for Service:

Allen & Gledhill LLP
1 MARINA BOULEVARD
#28-00
SINGAPORE 018989

National Trade Mark No:	40202252475K
Filing Date:	25 July 2022
Classes:	43



Goods and/or Services:

Class 43
Café services; Catering services; Food preparation; Ice cream parlors; Providing food and drink; Restaurant reservation services; Restaurant services; Take away food services.

Applicant/Proprietor Details:

FLOURCRAFTS PATISSERIE PTE. LTD.
241 COMPASSVALE WALK
#02-594
SINGAPORE 540241

Agent Details/Address for Service:

241 COMPASSVALE WALK
#02-594
SINGAPORE 540241

National Trade Mark No:	40202252477Q
Filing Date:	25 July 2022
Classes:	30

Goods and/or Services:

Class 30
Bakery products; Snack foods prepared from grains.

Applicant/Proprietor Details:

HONEST RETAIL INC.
108-1506, HILLSTATE SONGDO THE TERRACE,
415, CENTRAL-RO, YEONSU-GU, INCHEON
REPUBLIC OF KOREA

Agent Details/Address for Service:

ATOZ SG CONSULTING PTE. LTD.
10 ANSON ROAD
#34-10 INTERNATIONAL PLAZA
SINGAPORE 079903

National Trade Mark No:	40202252479E
Filing Date:	25 July 2022
Classes:	30

Goods and/or Services:

Class 30
Bakery products; Chocolate-based beverages; Coffee; Confectionery; Noodle-based prepared meals; Noodles; Rice; Rice-based prepared meals; Snack foods prepared from grains; Tea; Vinegar, sauces and other condiments.

Applicant/Proprietor Details:

FLOURCRAFTS PATISSERIE PTE. LTD.

#02-594
SINGAPORE 540241

Agent Details/Address for Service:

241 COMPASSVALE WALK
#02-594
SINGAPORE 540241

National Trade Mark No:	40202252484J
Filing Date:	25 July 2022
Classes:	42

NOBOO CREATION

Goods and/or Services:

Class 42
Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Design and development of computer hardware and software.

Applicant/Proprietor Details:

NOBUO MAEDA
59 ANG MO KIO AVENUE 8
#30-01 CENTRO RESIDENCES
SINGAPORE 567752

Agent Details/Address for Service:

SPRUSON & FERGUSON (ASIA) PTE. LTD.
P.O. BOX 1531
ROBINSON ROAD POST OFFICE
SINGAPORE 903031

National Trade Mark No: 40202252486M

Filing Date: 25 July 2022

Classes: 43

ESTIATORIO MILOS

Goods and/or Services:

Class 43
Restaurant, bar and café services; services for the provision of food and drink; Restaurants;

Restaurant services; grill restaurants; Restaurant reservation services; Mobile restaurant services; restaurants (self-service); restaurant services incorporating licensed bar facilities; Provision of food and drink in restaurants.

Applicant/Proprietor Details:

CS Food Procurement Limited
AGIAS ELENIS, 4, SIXTH FLOOR, FLAT/OFFICE 602, 1060, NICOSIA, CYPRUS

Agent Details/Address for Service:

DREW & NAPIER LLC
10 COLLYER QUAY
#10-01 OCEAN FINANCIAL CENTRE
SINGAPORE 049315

National Trade Mark No:	40202252488J
Filing Date:	25 July 2022
Classes:	42

CHEK

Goods and/or Services:

Class 42

Application service provider [ASP] services; Design, development and programming of computer software; Platform as a service [PaaS]; Software as a service [SaaS]; Website design services; Accreditation services relating to the application of quality standards; Advisory services relating to the preparation of quality standards; Information services relating to quality standards; Setting of quality standards; Testing services for the certification of quality or standards; Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Authentication services [product certification services]; Certification services for the energy efficiency of buildings; Certification services relating to quality; Diamond authentication and certification services; Gemstone authentication and certification services; Quality control services for certification purposes; Quality testing of products for certification purposes; Testing of apparatus in the field of electrical engineering for certification purposes; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Advisory services in the field of product development and quality improvement of software; Analysis of stream water quality; Analysis of water quality; Building and structural inspection services [engineering, quality assessment, and surveying services]; Conducting of quality control tests; Consultancy relating to quality control; Consultancy services relating to quality control; Inspecting foods for the purpose of certifying the kosher quality thereof; Inspection of goods for quality control; Materials quality evaluation and testing; Monitoring of water quality; Process monitoring for quality assurance; Product analysis for quality control; Product monitoring for quality control; Product quality control testing; Product quality evaluation; Product quality testing; Product quality testing services; Providing quality assurance services; Quality accreditation services; Quality assessment; Quality assurance consultancy; Quality audits; Quality checking and testing; Quality control; Quality control and authentication services; Quality control for others; Quality control of goods; Quality control of goods and services; Quality control of services; Quality control relating to the hygiene of food; Quality control services; Quality control services for certifying product quality; Quality control testing; Quality control testing services for agricultural machinery; Quality control testing services for forestry equipment; Quality control testing services for horticultural equipment; Quality control testing services for industrial machinery; Quality evaluation of product against bench-mark references; Quality evaluation of standing timber; Quality evaluation of wool; Quality testing; Services for monitoring industrial processes for quality assurance; Water quality control services; Water quality monitoring services; Building inspection services [surveying]; Commissioning [testing and inspection] services; Engineering surveys and inspections; Environmental testing and inspection services; Industrial inspection; Inspection [testing] of apparatus; Inspection [testing] of commercial installations; Inspection [testing] of domestic installations; Inspection [testing] of industrial installations; Inspection [testing] of plant and machinery; Inspection of buildings [surveying]; Inspection of oil fields; Inspection of vehicles for roadworthiness; Inspection services for new and used vehicles for persons buying or selling their vehicles; Pipeline inspection services; Technical inspection services; Tyre inspection services; Underwater structural inspection services; Design and

development of software for control, regulation and monitoring of solar energy systems; Electronic monitoring of credit card activity to detect fraud via the internet; Electronic monitoring of personally identifying information to detect identity theft via the internet; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security services for protection against illegal network access; Electronic monitoring services for computer security threat analysis for protecting data; Environmental monitoring services; Machine condition monitoring; Monitoring of computer systems by remote access; Monitoring of computer systems for detecting unauthorized access or data breach; Monitoring of computer systems to detect breakdowns; Monitoring of erosion and sedimentation; Monitoring of telecommunication signals; Testing services for alarm and monitoring systems; Testing, analysis and monitoring of navigation signals; Testing, analysis and monitoring of telecommunication signals; Compilation of data-processing programs; Computer programming for data processing; Computer programming for data processing and communication systems; Computer programming services for data processing; Creating programmes for data processing; Design and development of computer software for process control; Design and development of data processing systems; Design and development of systems for data input, output, processing, display and storage; Design and development of word processing software; Development and creation of computer programmes for data processing; Development of data processing programs by order of third parties; Development of industrial processes; Development of programmes for data processing; Development of systems for the processing of data; Hiring of data processing apparatus; Image processing software design; Industrial process development; Programming of data processing programs; Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; Rental of computers for data processing; Rental of data processing apparatus; Rental of data processing programs; Rental of data processing systems; Rental of information processing apparatus; Rental of software for data processing; Research in the area of semiconductor processing technology; Research in the field of data processing technology; Research relating to data processing; Software engineering services for data processing; Software engineering services for data processing programs; Updating of software for data processing; Writing of data processing programs; Aerial surveying services; Conducting engineering surveys; Conducting geological surveys; Consultancy relating to geological surveys; Demographic survey services for scientific purposes; Design of geological surveys; Design of land surveys; Design of oil-field surveys; Ecological surveys; Engineering surveying; Environmental surveys; Geological surveying; Geological surveys; Geophysical surveys; Hydrographic surveying; Land surveying; Marine surveying services; Marine, aerial and land surveying; Oil field surveying; Oil-field surveys; Provision of scientific surveys; Provision of technical surveys; Real estate surveys; Road surveying; Surveying; Surveying of land; Surveying of oil beds and fields; Surveying of oil-bearing seams; Surveying services; Technical survey services; Technical surveying; Topographic surveying; Topographical

surveying; Conducting sampling and analysis services to check for contamination; Providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Advisory services relating to material testing; Advisory services relating to product testing; Advisory services relating to the safety testing of products; Allergy testing for research and science use; Analysis and testing services relating to electrical engineering apparatus; Animal semen testing services for research purposes; Bacteriological research and testing; Benchmarking [technical testing]; Biotechnology testing; Calibration of testing equipment; Component testing; Computer aided diagnostic testing services; Computer aided industrial testing; Computer aided scientific testing; Computer aided testing services; Computer performance testing; Computer security services [testing and risk assessment of computer networks]; Consultancy relating to laboratory testing; Consumer product safety testing; Design and development of testing and analysis methods; Design of test apparatus; Development and test of chemical production methods; Development and testing of computing methods, algorithms and software; Development of measuring and testing methods; Development of test equipment; Development of testing apparatus for electrical wires; Development of testing methods; DNA testing services to determine paternity [laboratory services]; Engineering testing; Environmental testing; Evaluation and testing of real estate for the presence of hazardous material; Fire safety testing; Food product safety testing; Genetic testing for scientific research purposes; Genetic testing of laboratory animals for research purposes; Geological test drilling; In vitro testing for scientific research purposes; Industrial testing; Laboratory testing; Laboratory testing services; Material testing; Material testing services; Materials testing; Materials testing and analysing; Materials testing and evaluation; Metallurgical testing; Microbiological testing; Network security services [testing and risk assessment of electronic networks]; Oil well testing; Oil-well testing; Pollution emissions testing; Preparation of biological samples for testing and analysis in research laboratories; Product safety testing; Product safety testing services; Product testing; Provision of information on safety testing of consumer products; Provision of information on safety testing of food products; Provision of testing facilities; Rental of load banks for testing electrical power sources; Safety testing of products; Scientific testing services; Seed testing services; Soil testing services; Technical diagnostic testing services; Technical measuring and testing; Technical testing; Technical testing services; Testing of apparatus; Testing of apparatus in the field of electrical engineering; Testing of architectural ironmongery; Testing of chemicals; Testing of computer hardware; Testing of computer installations; Testing of computer programs; Testing of computer software; Testing of computers; Testing of computing equipment; Testing of consumer products; Testing of cosmetics; Testing of filters; Testing of machinery; Testing of materials; Testing of new products; Testing of pharmaceuticals; Testing of products; Testing of raw materials; Testing of telecommunication signals; Testing of vehicles; Testing the functionality of apparatus and instruments; Testing the functionality of machines; Textile testing; Vehicle roadworthiness testing; Website load testing services;

Website usability testing services; Analysis and evaluation of product design; Analysis and evaluation of product development; Conducting early evaluations in the field of new pharmaceuticals; Design and development of computer software for evaluation and calculation of data; Pharmaceutical product evaluation; Programming of computer software for evaluation and calculation of data; Safety evaluation of products; Working on and evaluation of chemical analyses; Working on and evaluation of chemical syntheses; Advisory services relating to computer system analysis; Analysis for oil field exploration; Analysis for oil research; Analysis for oil-field exploitation; Analysis in the field of molecular biology; Analysis in the field of oil exploration; Analysis of air; Analysis of building materials; Analysis of geological samples; Analysis of human serum for medical research; Analysis of human tissues for medical research; Analysis of materials; Analysis of oil deposits; Analysis of oil fields; Analysis of oil reservoirs; Analysis of telecommunication signals; Analysis of the mode of action of chemical combinations on animals; Analysis of tissues for medical research; Analysis of water; Analysis services for oil field exploration; Analysis services for oil-field exploration; Bacteriological analysis; Bacteriological research and analysis; Biochemical analysis; Biochemical research and analysis; Biological analysis; Biological research and analysis; Blood analysis services; Blood analysis services for scientific research purposes; Chemical analysis; Chemical analysis services; Chemical research and analysis; Chemical research and analysis services; Comparative analysis studies of the performance of computer systems; Computer aided industrial analysis services; Computer aided scientific analysis services; Computer analysis; Computer programming services for commercial analysis and reporting; Computer security threat analysis for protecting data; Computer system analysis; Computer systems analysis; Conducting magnetic resonance imaging interpretation and analysis for the petroleum industry; Conducting sampling and analysis services to assess pollution levels; Consultancy in the field of computer system analysis; Cryptanalysis services; Greenhouse gas emission measuring and analysis; Handwriting analysis [graphology]; In vitro analysis for scientific research purposes; Industrial analysis; Industrial analysis and industrial research services; Industrial analysis and research services; Industrial analysis and research services in the field of chemistry; Industrial analysis and research services relating to automobile tires; Industrial analysis services; Industrial analysis, industrial research and industrial design services; Laboratory analysis; Metallurgical analysis; Preparation of biological samples for analysis in research laboratories; Preparation of immunohistological samples for analysis in research laboratories; Providing information about industrial analysis and research services; Providing information, including online, about industrial analysis and research services; Providing online information about industrial analysis and research services; Scientific analysis; Scientific and technical analysis; Scientific research and analysis; Seismic analysis services; Soil sampling for analysis purposes; Structural and functional analysis of genomes; Technical data analysis services; Technological advisory services relating to machine engineering analysis; Technological analysis relating to energy and power needs of others; Technological analysis services; Toxicity analysis; Tyre analysis services; Water analysis; Executing of chemical analyses;

Performance of chemical analyses; Electrical safety research; Occupational health and safety services [ergonomics and design services]; Research relating to safety; Services for assessing the safety of chemicals; Services for assessing the safety of consumer products; Services for assessing the safety of pharmaceuticals; Services for assessing the safety of veterinary drugs; Environmental assessment services; Environmental hazard assessment; Security assessment services for computer networks; Security risk assessment services relating to computer systems; Services for assessing the efficiency of chemicals; Services for assessing the efficiency of pharmaceuticals; Services for assessing the efficiency of veterinary drugs; Maintenance of computer software relating to computer security and prevention of computer risks; Updating of computer software relating to computer security and prevention of computer risks; Computer program maintenance services; Computer security services [programming and software installation, repair and maintenance services]; Computer software installation and maintenance; Computer software maintenance services; Consultancy and information services relating to the design, programming and maintenance of computer software; Consultancy relating to software maintenance; Creation and maintenance of web sites; Creation and maintenance of web sites for others; Creation and maintenance of websites; Design and maintenance of computer sites for third parties; Design and maintenance of web sites for others; Design, maintenance and updating of computer software; Design, maintenance, development and updating of computer software; Design, maintenance, rental and updating of computer software; Design, updating and maintenance of computer software; Development and maintenance of computer database software; Development and maintenance of computer software; Development, maintenance and updating of a telecommunication network search engine; Development, updating and maintenance of software and database systems; Elaboration and maintenance of web sites for third parties; Installation and maintenance of computer software; Installation and maintenance of database software; Installation and maintenance of Internet access software; Installation, maintenance and repair of computer software; Installation, maintenance and repair of software for computer systems; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Installation, repair and maintenance of firmware; Installation, repair and maintenance of middleware; Maintenance and repair of software; Maintenance and updating of computer software; Maintenance and updating of software for communication systems; Maintenance and upgrading of computer software; Maintenance of computer programmes; Maintenance of computer programs; Maintenance of computer software; Maintenance of computer software used for operating filling apparatus and machines; Maintenance of software; Maintenance of software for Internet access; Maintenance of websites; Planning, design, development and maintenance of online websites for third parties; Programming and software installation, repair and maintenance services; Rental and maintenance of computer software; Services for maintenance of computer software; Software maintenance services; Technical consultancy

relating to the installation and maintenance of computer software; Updating and maintenance of computer software; Upgrading and maintenance of computer software; Inspecting buildings for the existence of mold; Inspecting buildings for the existence of mould; Computer software installation; Design of telecommunications installations; Installation of computer programmes; Installation of computer programs; Installation of computer software; Installation of database software; Installation of firmware; Installation of Internet access software; Installation of middleware; Installation of software; Technical design and planning of heating installations; Technical design services relating to cooling appliances and installations; Technical design services relating to heating installations; Technical design services relating to sanitary apparatus and installations; Technical design services relating to water supply installations; Advisory services relating to pollution control; Creation of control programs for electric operation control and drive modules; Designing computer software for controlling self-service terminals; Development of computer software for use with computer-controlled switching systems; Development of computer software for use with programmable controllers; Computer security services in the nature of administering digital certificates; User authentication services using blockchain technology; Digital signature verification services [electronic cryptology services]; Electronic signature verification services [electronic cryptology services]; Verification of personal identification [computer security]; Air flow measurement services; Cartographic or thermographic measurement services by drone; Measurement services; Preparation of architectural reports; Preparation of engineering reports; Preparation of reports in the biotechnology field; Preparation of reports relating to architecture; Preparation of reports relating to chemical research; Preparation of reports relating to computer programmes; Preparation of reports relating to computer programming; Preparation of reports relating to computer programs; Preparation of reports relating to computers; Preparation of reports relating to design; Preparation of reports relating to graphic arts design; Preparation of reports relating to industrial design; Preparation of reports relating to real estate planning; Preparation of reports relating to scientific research; Preparation of reports relating to technical project studies for construction projects; Preparation of reports relating to technical research; Preparation of reports relating to technological research; Preparation of scientific reports; Preparation of technical reports; Preparation of technological reports; Preparation of technological research reports; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Provision of engineering reports; Weather reporting; Conversion of data or documents from physical to electronic media; Conversion of document data from one computer format to another; Design and development of computer software for reading, transmitting and organising data; Design and development of data retrieval software; Design and development of electronic language translation dictionaries and databases; Design of computer databases; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Development of systems for the storage of data; Document data transfer from one computer format to another; Online data storage;

Animation and special-effects design for others; Animation design for others; Commercial design services; Computer aided design for manufacturing operations; Computer aided design of molds; Computer aided design of moulds; Computer aided design services; Computer aided design services relating to architecture; Computer aided design services relating to building projects; Computer aided graphic design; Computer database design consultancy services; Computer design; Computer design services; Computer graphic design for video projection mapping; Computer graphics design services; Computer network design for others; Computer-aided design of video graphics; Computer-aided engineering design and drawing services; Computer-aided engineering design services; Database design; Database design and development; Design and development of computer peripherals; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for logistics; Design and development of computer software for supply chain management; Design and development of computer software for use with medical technology; Design and development of data display systems; Design and development of data entry systems; Design and development of data output systems; Design and development of data storage systems; Design and development of energy distribution networks; Design and development of energy management software; Administration of user rights in computer networks; Advisory services relating to biochemistry; Advisory services relating to building design; Acoustics consultancy for scientific purposes; Advisory and information services relating to computer peripherals; Advisory and information services relating to computer software; Advisory services relating to computer software; Advisory services relating to computer programming; Advisory services relating to computer hardware; Advisory services relating to computer system design; Advisory services relating to environmental pollution; Advisory services relating to energy efficiency; Advisory services relating to environmental protection; Advisory services relating to gene therapy research; Advisory services relating to industrial design; Advisory services relating to pharmacology; Advisory services relating to science; Advisory services relating to scientific research; Advisory services relating to technological research; Advisory services relating to the design and development of computer hardware; Advisory services relating to the use of energy; Agricultural research; Aeronautical design; Agricultural research services; Agrochemical research services; Agronomy services; Analytical laboratory services; Analytical services relating to computers; Architectural advisory services; Architectural and engineering services; Architectural consultancy; Architectural consultancy services; Architectural consultation; Architectural design; Architectural design services; Architectural planning services; Architectural project management; Architectural research; Architectural services; Architectural services for the design of buildings; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Architectural services for the design of office buildings; Architectural services for the design of retail premises; Architectural services for the design of shopping centers; Architectural services relating to land development; Architectural services relating to the development of land; Artificial

intelligence consultancy; Authenticating antiques; Authenticating diamonds; Authenticating gemstones; Authenticating jewelry; Authenticating coins; Authenticating banknotes; Authenticating semi-precious gemstones; Authenticating works of art; Authenticating oil paintings; Authentication of coins; Authentication of diamonds; Authentication of works of art; Authentication services for computer security; Authentication services for electronic documents and e-mail; Automotive design; Back-up of computer data; Backup services for computer hard drive data; Bacteriological consultation and research; Bacteriological research; Bathroom design services; Biochemical engineering services; Biochemical research; Biochemical research and development; Biochemistry research services; Biochemistry services; Biological cloning services; Biological laboratory services; Biological research; Biological research laboratory services; Biological research services; Biomedical research services; Biotechnological research; Biotechnology research; Brand design services; Building and maintaining websites; Building design services; Building research services; Calibration [measuring]; Calibration of gauges; Calibration of instruments; Calibration of laboratory apparatus; Calibration of machines; Calibration of measuring apparatus; Calibration of medical apparatus; Calibration of pipettes; Calibration of sensors; Calibration services; Cartography services; Cell culture services for scientific and research purposes, for others; Chemical engineering; Chemical laboratory services; Chemical research; Chemical research laboratory services; Chemical research services; Chemical technological research; Chemistry consultation; Chemistry services; Civil engineering; Civil engineering design services; Civil engineering drawing services; Classification of minerals; Clinical trials; Closet design services; Clothing and fashion designing; Clothing design services; Cloud computing; Cloud computing services; Cloud hosting provider services; Cloud seeding; Cloud storage services for electronic data; Cloud storage services for electronic files; Coding of messages; Coin grading services; Commercial and graphic art designing; Commercial art design; Commercial interior design; Commissioned writing of computer programs, software and code for the creation of web pages on the Internet; Compilation of web pages for the Internet; Compression of data for electronic storage; Computer advisory services; Computer aided industrial research services; Computer aided scientific research services; Computer code conversion for others; Computer co-location services; Computer consultancy; Computer engineering; Computer forensic services; Computer firewall services; Computer hardware design; Computer hardware design services; Computer hardware development; Computer leasing; Computer hire; Computer network configuration services; Computer network services; Computer program advisory services; Computer program updating services; Computer programming; Computer programming consultancy; Computer programming for the energy industry; Computer programming in the medical field; Computer programming of computer games; Computer programming of video games; Computer programming services; Computer programming services for data warehousing; Computer programming services for electronic data security; Computer project management in the field of EDP; Computer rental; Computer rental services; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [design and development of

secure computer hardware, software and systems]; Computer security services for protection against illegal network access; Computer services in the nature of hosting web sites for others; Computer site design; Computer software advisory services; Computer software consultancy; Computer software consultancy services; Computer software consulting; Computer software consulting services; Computer software design; Computer software design and updating; Computer software design for others; Computer software design services; Computer software development; Computer software integration; Computer software programming services; Computer software rental; Computer software repair; Computer software research; Computer software technical support services; Computer software updating services; Computer system design; Computer system design using agile development methods; Computer system integration services; Computer systems design; Computer systems development; Computer systems integration services; Computer technology consultancy; Computer time-sharing; Computer time-sharing services; Computer virus protection services; Computer website design; Computerised business information storage; Computerised communication network security; Computerised data storage; Computerised data storage services; Conducting clinical trials; Conducting of engineering feasibility studies; Conducting of scientific experiments; Conducting of scientific feasibility studies; Administration of mail servers; Advice relating to the design of computer hardware; Advisory services relating to architecture; Advisory services relating to computers; Advisory services relating to interior design; Advisory services relating to planning applications; Advisory services relating to the planning of premises; Archaeological exploration; Archaeological exploration and research; Archaeological research; Archeological exploration; Archeological research; Business card design; Business card design services; Compilation of computer programs; Computer and computer software rental; Computer disaster recovery planning; Computer disaster recovery services; Conducting of scientific studies; Conducting of technical feasibility studies; Conducting research and technical project studies relating to the use of natural energy; Conducting technical project studies; Conducting technical project studies for construction projects; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer networks using software; Configuration of computer software; Configuration of computer systems and networks; Constructing an internet platform for electronic commerce; Construction drafting; Construction planning; Consultancy and information services relating to computer programming; Consultancy and information services relating to computer software design; Consultancy and information services relating to computer system integration; Consultancy and information services relating to information technology; Consultancy and information services relating to information technology architecture and infrastructure; Consultancy in the design and development of computer hardware; Consultancy in the field of agricultural chemistry; Consultancy in the field of architecture and construction drafting; Consultancy in the field of biotechnology; Consultancy in the field of computer security; Consultancy in the field of computer software; Consultancy in the field of computer system integration; Consultancy in the field of energy-saving; Consultancy in the field of genomics; Consultancy

in the field of pharmaceutical research; Consultancy in the field of security software; Consultancy in the field of software design; Consultancy in the field of technological design; Consultancy in the field of technological research; Consultancy pertaining to pharmacology; Consultancy relating to computer database programs; Consultancy relating to research and development in the field of therapeutics; Consultancy relating to software for communication systems; Consultancy relating to technological services in the field of power and energy supply; Consultancy relating to the creation and design of websites; Consultancy relating to the creation and design of websites for e-commerce; Consultancy relating to the creation of homepages and Internet pages; Consultancy relating to the design and development of computer software programs; Consultancy relating to the design of home pages and Internet sites; Consultancy relating to the design of homepages and Internet pages; Consultancy relating to the recovery of computer data; Consultancy relating to the science of ergonomics; Consultancy relating to the updating of software; Consultancy services in the field of technological development; Consultancy services relating to computers; Consultancy services relating to research in the field of environmental protection; Consultancy with regard to webpage design; Consultation in the field of physics; Consultation services relating to architectural planning; Consultation services relating to computer software; Consulting in the field of cloud computing networks and applications; Consulting services in the field of cloud computing; Consumer product design; Conversion of CDs into digital formats; Conversion of computer programs and data, other than physical conversion; Conversion of images from physical to electronic media; Conversion of texts to digital format; Copying of computer software; Copying of electronic documents; Cosmetic research; Cosmetics research; Cosmetics research for others; Creating and designing web pages for others; Creating and designing website-based indexes of information for others [information technology services]; Creating and maintaining customized web pages; Creating and maintaining web sites; Creating and maintaining web sites for others; Creating and maintaining weblogs for others; Creating and maintaining websites; Creating and maintaining websites for others; Creating of computer programs; Creating of home pages for computer networks; Creating web pages for others; Creating, designing and maintaining web sites; Creating, maintaining and hosting the websites of others; Creating, maintaining, and updating computer software; Creation of internet web sites; Cross-platform conversion of digital content into other forms of digital content; Cryptocurrency mining; Cryptographic engineering; Cryptomining; Culturing of cells for scientific research purposes; Customization of computer software; Cybersecurity consultancy; Data conversion of computer program data or information [not physical conversion]; Data conversion of computer programs and data, not physical conversion; Data conversion of electronic information; Data cryptology services; Data decryption services; Data encryption and decoding services; Data encryption services; Data migration services; Data mining; Data security consultancy; Data security services [firewalls]; Database development services; Debugging computer software for others; Decoding of data; Dental research laboratory services; Design and construction of homepages and websites; Design and creation of homepages and web pages; Design and

development of computer firmware; Design and development of computer game software; Design and development of computer game software and virtual reality software; Design and development of computer hardware; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer hardware for the manufacturing industries; Design and development of computer hardware for the manufacturing industry; Design and development of computer software; Design and development of computer software architecture; Design and development of diagnostic apparatus; Design and development of electronic data security systems; Design and development of electronic database software; Design and development of electronic dictionaries; Design and development of electronic greeting cards; Design and development of endoprostheses; Design and development of homepages and websites; Design and development of Internet security programs; Design and development of medical diagnostic apparatus; Design and development of medical technology; Design and development of multimedia products; Design and development of navigation systems; Design and development of new technology for others; Design and development of operating software for accessing and using a cloud computing network; Design and development of operating software for computer networks and servers; Design and development of prostheses; Design and development of regenerative energy generation systems; Design and development of route planning software; Design and development of search engines; Design and development of single sign-on software; Design and development of software and hardware for signal amplification and transmission; Design and development of software for database management; Design and development of software for electronic television program guides; Design and development of software for importing and managing data; Design and development of software for instant messaging; Design and development of software for inventory management; Design and development of software for website development; Design and development of software in the field of mobile applications; Design and development of virtual private network (VPN) operating software; Design and development of virtual reality software; Design and development of wireless computer networks; Design and development of wireless data transmission apparatus; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development services in metallurgy; Design and graphic arts design for the creation of web pages on the Internet; Design and graphic arts design for the creation of web sites; Design and planning services relating to telecommunication equipment; Design and updating of home pages and web pages; Design and writing of computer software; Design consultancy; Design engineering; Design of animations; Design of apparatus and machines for filling purposes; Design of apparatus and machines in the field of filling; Design of artwork; Design of boats; Design of building interiors; Design of buildings; Design of business premises; Design of child care facilities; Design of clothing; Design of clothing, footwear and headgear; Design of commercial products; Design of communication systems; Design of communications apparatus; Design of computer cluster configurations; Design of computer codes; Design of computer game software; Design of computer

hardware; Design of computer languages; Design of computer peripherals; Design of computer programs; Design of computer programs and software relating to aircraft; Design of computer software; Design of computers; Design of computers for others; Design of computer-simulated models; Design of consumer products; Design of corporate identity; Design of costumes; Design of diagnostic apparatus and equipment; Design of electric circuit boards; Design of electrical systems; Design of electronic systems; Design of equipment for transportation; Design of facilities for the transportation of waste; Design of fashion accessories; Design of feasibility studies; Design of floor coverings; Design of furnishings; Design of furniture; Design of games; Design of glass and of glass products; Design of headgear; Design of home pages; Design of home pages and web sites; Design of homepages and websites; Design of industrial machinery; Design of industrial products; Design of information systems; Design of instruments; Design of integrated circuits; Design of interior decor; Design of interior decoration; Design of Internet pages; Design of jewellery; Design of kitchens; Design of land vehicle parts; Design of land vehicles; Design of layouts for offices; Design of lighting systems; Design of manufacturing apparatus; Design of mechanical and micromechanical components; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Design of medical apparatus; Design of mobile telephones; Design of new products; Design of office space; Design of optical and microoptical components; Design of optical components; Design of packaging; Design of pipelines; Design of printed materials; Design of printed matter; Design of products; Design of prostheses; Design of protective clothing; Design of prototypes; Design of restaurants; Design of road networks; Design of scale models and dioramas; Design of shopfittings; Design of shops; Design of show scenery; Design of software; Design of software for use with printing machines; Design of special effects; Design of sports facilities; Design of stationery; Design of storage systems; Design of telecommunications apparatus; Design of telecommunications apparatus and equipment; Design of telephones; Design of tools; Design of vehicles; Design of watches; Design of web pages; Design of web portals; Design of web sites; Design of websites; Design planning; Design services; Design services for architecture; Design services for artwork; Design services for brand names; Design services for computer hardware; Design services for packaging; Design services for trade marks; Design services relating to civil engineering; Design services relating to computer hardware; Design services relating to interior decoration; Design services relating to printing; Design services relating to the layout of documents; Design, creation and programming of web pages; Design, development and implementation of software; Designing and creating web sites for others; Designing and developing webpages on the internet; Designing and implementing web pages for others; Designing and implementing web sites for others; Designing and planning of real estate subdivisions and developments; Designing of computer hardware; Designing of packaging and wrapping materials; Designing websites for advertising purposes; Developing and updating computer software; Developing computer programs for electronic cash register systems; Developing computer programs for simulating experiments or series of experiments in a virtual optical laboratory; Developing computer

software; Developing data feed formats featuring user-defined information; Developing of driver and operating system software; Development and design of digital sound and image carriers; Development of aircraft; Development of computer based networks; Development of computer codes; Development of computer game software; Development of computer hardware; Development of computer hardware for computer games; Development of computer platforms; Development of computer programmes; Development of computer programs; Development of computer programs for simulating laboratory experiments; Development of computer software; Development of computer software application solutions; Development of computer software for creating electronic television program guides; Development of computer software for logistics, supply chain management and e-business portals; Development of computer system; Development of computer systems; Development of computers; Development of electronic surveillance apparatus; Development of energy and power management systems; Development of engines; Development of industrial machinery; Development of new products; Development of new technology for others; Development of pharmaceutical preparations and medicines; Development of pharmaceuticals; Development of prostheses; Development of software; Development of software for secure network operations; Development of systems for the transmission of data; Development of vehicles; Development of video and computer games; Development services in the field of computer software and advisory services relating thereto; Development, design and updating of home pages; Diagnosis of computer hardware problems through the use of software; Diagnosis of faults in computer software; Digital compression of computer data; Digital forensic investigations in the field of computer crimes; Digital watermarking; Digitization of documents [scanning]; Disaster recovery services for computer systems; Disaster recovery services for data communications systems; DNA screening for scientific research purposes; DNA sequencing for medical research purposes; Documentary research; Drafting of construction plans for recreation premises; Draftsman's services in the nature of technical drawing; Drawing-up of house plans; Dress design; Dress design services; Dress designing; Dress designing services; Drug development services; Drug discovery services; Duplicating computer programmes; Duplicating computer programs; Duplication of computer programmes; Duplication of computer programs; Duplication of computer software; Duplication of electronic documents; Editing of computer programs; Electrical engineering; Electrical engineering services; Electrical research; Electronic data back-up; Electronic data backup services; Electronic data back-up services; Electronic data storage; Electronic data storage and data back-up services; Electronic data storage services; Electronic document copying; Electronic document duplicating; Electronic site authoring; Electronic storage of archived e-mails; Electronic storage of audio files; Electronic storage of data; Electronic storage of digital audio files; Electronic storage of digital images; Electronic storage of digital music; Electronic storage of digital photographs; Electronic storage of digital video files; Electronic storage of documents; Electronic storage of documents and archived e-mails; Electronic storage of entertainment media content; Electronic storage of files and documents; Electronic storage of images; Electronic storage of

medical records; Electronic storage of photographs; Electronic storage of videos; Electronic storage services for archiving databases; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Electrotechnical research; Encoding of magnetic cards; Energy auditing; Energy use and conservation consultancy; Engineering; Engineering consultancy; Engineering consultancy services; Engineering design; Engineering design services; Engineering drawing; Engineering drawing services; Engineering feasibility studies; Engineering project management services; Engineering project studies; Engineering research; Engineering services; Engineering services for the gas industry; Engineering services in the field of building technology; Engineering services in the field of communications technology; Engineering services in the field of energy technology; Engineering services in the field of environmental technology; Engineering services in the field of motive power; Engineering services relating to architecture; Engineering services relating to computer programming; Engineering services relating to computers; Engineering services relating to energy supply systems; Engineering services relating to gas transport and supply systems; Engineering services relating to information technology; Environment design services; Environmental conservation; Environmental consultancy services; Exhibition halls design; Exploration and searching of oil and gas; Exploration services in the field of the oil, gas and mining industries; Fashion design; Fashion design consulting services; Food research; Footwear design services; Fridge magnet sticker design; Furnishing design services; Furniture design; Gas exploration; Gas, oil, petroleum, minerals exploration; Gemmological services; Genetic engineering services; Genetic fingerprinting; Genetic research; Geological estimation and research; Geological estimations and research; Geological exploration; Geological exploration services; Geological prospecting; Geological research; Geophysical exploration; Geophysical exploration for the gas industry; Geophysical exploration for the mining industry; Geophysical exploration for the oil industry; Geophysical exploration for the oil, gas and mining industries; Geophysical research services; Geotechnical investigations; Golf course design; Grading of lumber; Grading of precious stones; Grading of produce; Graphic art design; Graphic art services; Graphic arts design; Graphic arts designing; Graphic design; Graphic design of advertising logos; Graphic design of advertising matter; Graphic design of book covers; Graphic design of promotional materials; Graphic design of publicity materials; Graphic design of trade marks; Graphic design services; Graphic illustration design services; Graphic illustration services for others; Hat design; Homepage and webpage design; Hosting a website for the electronic storage of digital photographs and videos; Hosting an online website for creating and hosting micro websites for businesses; Hosting and rental of memory space for websites; Hosting computer sites [web sites]; Hosting computer sites [websites]; Hosting computer websites; Hosting electronic memory space on the Internet for advertising goods and services; Hosting internet sites for others; Hosting memory space on the Internet; Hosting of computerized data, files, applications and information; Hosting of customized web pages; Hosting of databases; Hosting of digital content on the Internet; Hosting of e-commerce platforms on the Internet; Hosting of memory space on the Internet for storing digital

photographs; Hosting of platforms on the Internet; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Hosting of web portals; Hosting of web sites; Hosting of weblogs; Hosting of websites; Hosting online facilities for conducting interactive discussions; Hosting online web facilities for others; Hosting on-line web facilities for others; Hosting platforms on the Internet; Hosting the web sites of others on a computer server for a global computer network; Hosting web portals; Hosting web sites; Hosting websites on the Internet; House design; Hydrological research; Illustration services [design]; Illustrators' services; Implementation of computer programs in networks; Industrial and graphic art design; Industrial art design; Industrial design; Industrial design of cars; Industrial design of cell phones; Industrial design services; Industrial design styling; Industrial engineering design services; Industrial research; Industrial research of new products; Industrial research services; Information security consultancy; Information services relating to computers; Information services relating to information technology; Information services relating to mathematics; Information technology [IT] consultancy; Information technology [IT] consulting services; Information technology [IT] engineering; Information technology consultancy; Information technology security consultancy; Information technology services; Information technology services provided on an outsourcing basis; Infrastructure as a service [IaaS]; Installing computer programs; Integrated scientific research on vermin for greenhouses and harvest crops; Integration of computer systems and networks; Interactive hosting services which allow the users to publish and share their own content and images online; Interior decor design; Interior decorating design; Interior decoration consultation; Interior decoration design services; Interior design; Interior design services; Interior design services incorporating the principles of feng shui; Internet cafe services [computer rental]; Internet security consultancy; Jewellery design services; Jewelry design; Kitchen design; Laboratory research; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Laboratory research in the field of gene expression; Laboratory research services relating to pharmaceuticals; Laboratory services; Landscape lighting design; Landscape lighting design services; Layout design services for clean room environments; Layout design of column grids; Leasing computer facilities; Leasing of computer apparatus; Leasing of computer equipment; Leasing of computer hardware; Leasing of computer programmes; Leasing of computer programs; Leasing of computer software; Leasing of computers; Levee engineering; Local planning authority services; Location of utility lines [mapping services]; Locksmithing services being the design of locks and locking systems; Management of scientific research projects; Managing web sites for others; Mapping; Mapping services; Marine chart updating; Marine chart updating services; Marine vehicle design; Mathematical research services; Mechanical engineering; Mechanical engineering services; Mechanical research; Mechanical research in the field of motor sports; Medical laboratory services; Medical research; Medical research in the field of epidemiology; Medical research in the field of oncology; Medical research laboratory services; Medical research services; Metallurgical laboratory services; Meteorological forecasting; Meteorological information; Meteorological information services; Meteorological research;

Mineral and oil assaying; Mineral exploration services; Modifying of computer programs; Naval architectural services; New product design; Oceanographic prospecting services; Oceanographic research services; Off site building project management; Off-site data backup; Oil exploration; Oil field exploration; Oil prospecting; Online provision of web-based applications; Online provision of web-based software; Outsource service providers in the field of information technology; Packaging design; Packaging design for others; Pattern design; Personal computer hire; Petroleum exploration; Pharmaceutical drug development services; Pharmaceutical research and development; Pharmaceutical research and development services; Pharmaceutical research services; Photogrammetry services; Photographic research; Physics research; Planning and design of kitchens; Planning and design of residential communities; Planning and design of retail premises; Planning and design of sports facilities; Planning and layout design services for cleanroom environments; Plant engineering; Preparation of architectural plans; Preparation of biological samples for research purposes; Preparation of blueprints; Preparation of engineering drawings; Preparation of statistics for scientific research; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Preparation of technical studies; Product design; Product design and development; Product design services; Product development; Product development consultation; Product development for others; Product research; Product research and development; Professional consultancy relating to computer security; Professional consulting services and advice about agricultural chemistry; Programming of computer animations; Programming of computer software for electronic language translation dictionaries and databases; Programming of computer software for reading, transmitting and organising data; Programming of customized web pages; Programming of EDP software; Programming of energy management software; Programming of Internet security programs; Programming of multimedia applications; Programming of multimedia equipment; Programming of operating software for accessing and using a cloud computing network; Programming of operating software for computer networks and servers; Programming of software for database management; Programming of software for e-commerce platforms; Programming of software for importing and managing data; Programming of software for information platforms on the Internet; Programming of software for Internet platforms; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Programming of software for inventory management; Programming of software for website development; Programming of telecommunications software; Programming of web pages; Programming services for search engine optimisation; Programming services for search engine optimization; Providing computer facilities for the electronic storage of digital data; Providing electronic memory space on the Internet; Providing geographic information; Providing information about the design and development of computer software, systems and networks; Providing information in the field of computer software design; Providing information in the field of computer software development; Providing information in the field of interior design via a web site; Providing information in the field of interior design via a website; Providing information in the field of plant genetics

research resources; Providing information in the field of product design; Providing information in the field of product development; Providing information on computer technology and programming via a web site; Providing information relating to computer technology and programming via a web site; Providing information relating to computer technology and programming via a website; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing information, including online, about design and development of computer hardware and software; Providing information, including online, about scientific and technological services and research and design relating thereto; Providing Internet search engines with specific search options; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing meteorological information; Providing online geographic maps, not downloadable; Providing on-line information in the field of technological research from a computer database or the Internet; Providing scientific information in the field of climate change; Providing scientific information in the field of global warming; Providing scientific information, advice and consultancy relating to carbon offsetting; Providing search engines for obtaining data via communications networks; Providing search engines for the internet; Providing technological information about environmentally-conscious and green innovations; Providing temporary use of non-downloadable business software; Providing temporary use of non-downloadable software applications accessible via a web site; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Providing temporary use of online non-downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; Providing temporary use of online non-downloadable investment software; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Providing temporary use of on-line non-downloadable single sign-on software; Providing temporary use of online non-downloadable software; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software for database management; Providing temporary use of on-line non-downloadable software for importing and managing data; Providing temporary use of on-line non-downloadable software for inventory management; Providing temporary use of on-line non-downloadable software for web site development; Providing temporary use of web-based applications; Providing temporary use of web-based software; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Providing user authentication services using single sign-on technology for online software applications; Providing virtual computer environments through cloud computing; Providing virtual computer systems through cloud computing; Providing weather information; Provision of geographical information; Provision of information and data relating to medical and veterinary research and development; Provision of information concerning research and technical project studies relating to the use of natural energy; Provision of information relating to computer programming; Provision

of information relating to computer programs; Provision of information relating to computers; Provision of information relating to industrial design; Provision of information relating to information technology; Provision of information relating to scientific research; Provision of information relating to technological research; Provision of Internet search engines; Provision of meteorological information; Provision of online non-downloadable software; Provision of research services; Provision of scientific information; Provision of scientific information relating to chemicals; Provision of search engine services; Provision of search engines for the Internet; Provision of technical information in relation to computers; Provision of weather information; Psychological research; Quantum computing; Radon detecting; Real estate planning; Reconstitution of databases; Reconstruction of database systems for others; Recording data relating to energy consumption in buildings; Recording of seismic data; Recovery of computer data; Recovery of smartphone data; Remote computer backup services; Remote server administration; Rental of a database server to third parties; Rental of application software; Rental of calculators; Rental of computer apparatus; Rental of computer database software; Rental of computer equipment; Rental of computer firmware; Rental of computer hardware; Rental of computer hardware and computer peripherals; Rental of computer hardware and computer software; Rental of computer hardware and software; Rental of computer middleware; Rental of computer peripherals; Rental of computer programmes; Rental of computer programs; Rental of computer software; Rental of computer software and programs; Rental of computer software for collecting, analyzing and organizing data in the field of deep learning; Rental of computer software relating to travel; Rental of computers; Rental of computers and computer software; Rental of computers and software; Rental of data carriers; Rental of data centre facilities; Rental of database management software; Rental of design equipment; Rental of games software; Rental of Internet security programs; Rental of laboratory apparatus and instruments; Rental of measuring apparatus; Rental of memory space on servers for hosting electronic bulletin boards; Rental of meters for the recording of energy consumption; Rental of operating software for accessing and using a cloud computing network; Rental of operating software for computer networks and servers; Rental of research facilities; Rental of scientific equipment; Rental of scientific instruments; Rental of server memory space; Rental of software; Rental of software for importing and managing data; Rental of software for Internet access; Rental of software for inventory management; Rental of software for website development; Rental of technical drawing instruments; Rental of time keeping equipment; Rental of video game development software; Rental of web servers; Repair of computer software; Repair of damaged computer programs; Research and consultancy services relating to computer software; Research and development for the pharmaceutical industry; Research and development in the field of biotechnology; Research and development in the field of diagnostic preparations; Research and development in the field of microorganisms and cells; Research and development of computer software; Research and development of new products; Research and development of new products for others; Research and development of new products for third parties in the field of plastic materials;

Research and development of vaccines and medicines; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of antibody technology; Research and development services in the field of bacteriology; Research and development services in the field of chemistry; Research and development services in the field of cytology; Research and development services in the field of gene expression systems; Research and development services in the field of immunohistology; Research and development services in the field of immunology; Research and development services relating to automobile tires; Research and development services relating to computer hardware; Research and development services relating to fertilisers; Research and development services relating to medicines; Research and development services relating to vaccines; Research consultancy; Research in the area of environmental protection; Research in the field of artificial intelligence; Research in the field of artificial intelligence technology; Research in the field of building construction; Research in the field of chemistry; Research in the field of climate change; Research in the field of communications technology; Research in the field of computer hardware; Research in the field of computer programs and software; Research in the field of ecology; Research in the field of environmental conservation; Research in the field of environmental protection; Research in the field of excavation; Research in the field of gene therapy; Research in the field of genomics; Research in the field of hair care; Research in the field of information technology; Research in the field of manufacturing machinery; Research in the field of pharmacogenetics; Research in the field of physics; Research in the field of social media; Research in the field of telecommunications technology; Research in the field of welding; Research in the reduction of carbon emissions; Research into new products; Research laboratories; Research of new products for others; Research on building construction or city planning; Research on food; Research on the subject of pharmaceuticals; Research relating to agriculture; Research relating to architecture; Research relating to bacteriology; Research relating to biotechnology; Research relating to buildings; Research relating to chemicals; Research relating to chemistry; Research relating to computer programming; Research relating to computers; Research relating to demographics; Research relating to design; Research relating to engineering; Research relating to environmental protection; Research relating to horticulture; Research relating to hygiene; Research relating to industrial machinery; Research relating to insecticides; Research relating to mechanical engineering; Research relating to medicine; Research relating to molecular sciences; Research relating to pharmaceuticals; Research relating to physics; Research relating to plant breeding; Research relating to science; Research relating to security; Research relating to technology; Research relating to telecommunication; Research relating to the development of computer hardware; Research relating to the development of computer programs and software; Research relating to the development of computer software; Research services; Research to develop new products; Research, development, design and upgrading of computer software; Retail design services; Sampling for pollution; Scientific advisory services; Scientific and industrial research; Scientific and technological research in the field of natural disasters; Scientific and

technological research relating to patent mapping; Scientific and technological services; Scientific and technological services and research and design relating thereto; Scientific computer programming services; Scientific consultancy; Scientific feasibility studies; Scientific investigations for medical purposes; Scientific laboratory services; Scientific research; Scientific research and development; Scientific research for medical purposes; Scientific research for medical purposes in the area of cancerous diseases; Scientific research in the field of genetics and genetic engineering; Scientific research in the field of pharmacy; Scientific research into the development of new products; Scientific research relating to bacteriology; Scientific research relating to biology; Scientific research relating to chemical products; Scientific research relating to chemistry; Scientific research relating to cosmetics; Scientific research relating to ecology; Scientific research relating to genetics; Scientific research relating to hair care preparations; Scientific research services; Scientific services relating to the isolation and cultivation of human tissues and cells; Server administration; Services for renting computers; Services for reproducing computer programs; Services for the design of maps; Services for updating computer software; Set design for theatrical enterprises; Ship design; Ship design consultancy services; Shop design; Shop interior design; Shopfitting design services; Smartphone software design; Social science consultancy services; Social science research services; Software authoring; Software consultancy services; Software consulting services; Software creation; Software design; Software design and development; Software development; Software development in the framework of software publishing; Software development services; Software engineering; Software engineering services; Software research; Soil analysing services; Stem cell research; Stem cell research services; Stomatology research; Structural engineering services; Styling [industrial design]; Technical advice relating to operation of computers; Technical advisory services relating to computer programs; Technical consultancy in relation to research services relating to foods and dietary supplements; Technical consultancy in relation to the technical research in the field of food and beverages; Technical consultancy in the field of environmental science; Technical consultancy relating to product development; Technical consultancy relating to the application and use of computer software; Technical consultation in the field of aerospace engineering; Technical consulting in the field of environmental engineering; Technical consulting in the field of pollution detection; Technical design; Technical design and planning of pipelines for gas, water and waste water; Technical design and planning of power stations; Technical design and planning of sewerage systems; Technical design and planning of telecommunications equipment; Technical design and planning of telecommunications networks; Technical design and planning of water purification plants; Technical design services relating to electricity plants; Technical drawing; Technical drawing services; Technical measuring; Technical planning and consulting in the field of light engineering; Technical project planning; Technical project planning in the field of engineering; Technical project studies in the field of carbon offsetting; Technical project studies in the field of construction; Technical research; Technical research in the field of aeronautics; Technical research projects and studies; Technical research services; Technical

studies; Technical writing; Technological advisory services; Technological consultancy; Technological consultancy in the field of aerospace engineering; Technological consultancy in the field of geology; Technological consultancy in the fields of energy production and use; Technological consultancy relating to digital transformation; Technological consultation services; Technological consulting services for digital transformation; Technological consulting services in the field of alternative energy generation; Technological planning services; Technological project studies; Technological research; Technological studies; Technology consultation in the field of artificial intelligence; Telecommunication network security consultancy; Telecommunications engineering; Telecommunications engineering consultancy; Telecommunications technology consultancy; Temporary electronic storage of information and data; Textile design services; Theatrical lighting design services; Tool design; Town planning; Town planning advisory services; Town planning consultancy services; Toy design; Trade mark design services; Traditional Chinese medicine research; Translation of computer programs; Troubleshooting in the nature of diagnosing computer hardware and software problems; Troubleshooting in the nature of diagnosing server problems; Troubleshooting of computer software problems; Truck weighing services; Tyre research services; Underwater exploration; Unlocking of mobile phones; Updating and design of computer software; Updating home pages for others; Updating of computer programs; Updating of computer programs for third parties; Updating of computer software; Up-dating of computer software; Updating of computer software for others; Updating of home pages for computer networks; Updating of memory banks of computer systems; Updating of smartphone software; Updating of software; Updating websites for others; Upgrading of computer software; Urban design; Urban planning; User authentication services using single sign-on technology for online software applications; User authentication services using technology for e-commerce transactions; Vaccine research and development services; Vehicle design services; Vehicle engine design services; Veterinary laboratory services; Video game development services; Visual design; Weather forecasting; Weather forecasting services; Weather information services; Web page design services; Web portal design; Web portal services [designing or hosting]; Web site design services; Web site hosting services; Website design; Website design consultancy; Website development services; Website hosting services; Weighing of goods for others; Weighing of vehicles; Well logging; Well logging services; Writing and updating computer software; Writing of computer code; Writing of computer programs; Writing of computer software; Creating home pages for others.

Applicant/Proprietor Details:

CHEKTEC PTE. LTD.
60 PAYA LEBAR ROAD
#08-57 PAYA LEBAR SQUARE
SINGAPORE 409051

Agent Details/Address for Service:

60 PAYA LEBAR ROAD
#08-57 PAYA LEBAR SQUARE
SINGAPORE 409051

National Trade Mark No:	40202252489H
Filing Date:	25 July 2022
Classes:	05

XMET

Goods and/or Services:

Class 05
Pharmaceuticals; Glucose for medical purposes.

Applicant/Proprietor Details:

GLENMARK PHARMACEUTICALS LIMITED
B/2, MAHALAXMI CHAMBERS,
22 BHULABHAI DESAI ROAD,
MUMBAI - 400 026

Agent Details/Address for Service:

C&H IP LAW LIMITED
77 HIGH STREET
#09-11 HIGH STREET PLAZA
SINGAPORE 179433

National Trade Mark No: 40202252492J

Filing Date: 25 July 2022

Classes: 42

Keyword Golden Score

Goods and/or Services:

Class 42
Database design; Design and development of computer software for evaluation and calculation of data; Design and development of data retrieval software; Hosting of databases; Providing on-line information in the field of technological research from a computer database or the Internet; Providing temporary use of on-line non-downloadable software for database management; Rental of computer database software; Design and development of data display systems; Providing search engines for obtaining data via communications networks; Design and development of software for importing and managing data; Development and creation of computer programmes for data processing; Database design and development; Rental of software for data processing; Technical data analysis services; Writing of data processing programs; Artificial intelligence consultancy; Cloud computing; Cloud computing services; Cloud hosting provider services; Design and development of operating software for accessing and using a cloud computing network; Providing virtual computer systems through cloud computing; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Rental of operating software for accessing and using a cloud computing network; Programming services for search engine optimisation; Providing Internet search engines with specific search options; Providing search engines for the internet; Provision of Internet search engines; Technical design; Technical writing; Programming services for search engine optimization; Hosting websites on the Internet; Programming of software for website development; Website design consultancy.

Applicant/Proprietor Details:

RESONANCE TECHNOLOGY PTE. LTD.

Lighting; Lighting lamps; Lighting tubes; Lighting units; Garden lighting; Lighting panels; Lighting tracks; Display lighting; Lighting louvres; Outdoor lighting; Vehicle lighting; Lighting elements; Lighting fittings; Lighting fixtures; Security lighting; Bulbs for lighting; Emergency lighting; Lighting apparatus; Lighting armatures; Lighting for ponds; Lanterns for lighting; Apparatus for lighting; Lighting for aquariums; Lighting installations; Decorative gas lighting; Decorative lighting sets; Sconce lighting fixtures; Stage lighting apparatus; Outdoor lighting fittings; Electric lighting fittings; Electric lighting fixtures; Filters for stage lighting; Infrared lighting fixtures; Installations for lighting; Lamps for vehicle lighting; LED lighting installations; Vehicle lighting apparatus; Contact tracks for lighting; Electric lighting apparatus; Lamps for lighting purposes; Lamps for security lighting; Luminous tubes for lighting; Decorative gas lighting sets; Electric tracks for lighting; Electrical lighting fixtures; Emergency lighting apparatus; Electric torches for lighting; Electric track lighting units; Film stage lighting apparatus; Flat panel lighting apparatus; Lighting for display purposes; Lighting ornaments [fittings]; Shades for lighting apparatus; Filters for lighting apparatus; Incandescent lighting fixtures; Lighting devices for showcases; Vehicle lighting installations; Apparatus for lighting displays; Electric apparatus for lighting; Electric lighting installations; Filters for lighting appliances; Lighting apparatus for vehicles; Apparatus for lighting buildings; Emergency lighting installations; Lighting apparatus for the stage; Lighting fixtures for office use; Magnesium filaments for lighting; Decorative gas lighting apparatus; Electric fibre lighting

apparatus; Electrical apparatus for lighting; Film stage lighting installations; Installations for street lighting; Shades for lighting installations; Electric indoor lighting apparatus; Electrical appliances for lighting; Fiber optic lighting installations; Installations for outdoor lighting; Lighting apparatus for the theatre; Indoor electrical lighting fixtures; Installations for electric lighting; Lighting apparatus for architecture; Lighting fixtures for household use; Lighting installations for vehicles; Apparatus for lighting public events; Color filters for lighting apparatus; Electrical lamps for indoor lighting; Indoor fluorescent lighting fixtures; Lighting apparatus and installations; Lighting fixtures for commercial use; Mirror balls being lighting fittings; Outdoor electrical lighting fixtures; Colour filters for lighting apparatus; Decorative gas lighting installations; Electric discharge tubes for lighting; Electrical installations for lighting; Electrical lamps for outdoor lighting; Lighting apparatus for commercial use; Lighting apparatus for industrial use; Lighting apparatus for motor vehicles; Lustres [parts of lighting apparatus]; Pendant fluorescent lighting fixtures; Apparatus for the lighting of vehicles; Computer controlled lighting apparatus; Decorative electric lighting apparatus; Electric indoor lighting installations; Electrical discharge lighting fixtures; Decorative lighting for Christmas trees; Discharge tubes, electric, for lighting; Filters for use with lighting apparatus; Lighting installations for air vehicles; Computer controlled lighting instruments; Security lighting operated by photocells; Reflectors adapted for lighting apparatus; Apparatus for lighting for use in kitchens; Decorative electric lighting installations; Electrical lighting apparatus for vehicles; Installations for lighting Christmas trees; Lighting apparatus for food vending kiosks; Reflectors for use with lighting apparatus; Reflectors for wide area lighting fixtures; Apparatus for lighting for use in bathrooms; Combined lighting and ultraviolet apparatus; Diffusers being parts of lighting apparatus; Lighting being for use with security systems; Apparatus for lighting powered by electricity; LED lighting assemblies for illuminated signs; Light-emitting diodes [LED] lighting apparatus; Lighting apparatus incorporating power sources; Diffusers being parts of lighting installations; Indoor fluorescent electrical lighting fittings; Lighting apparatus for use in evaluating colour; Lighting apparatus for use with video apparatus; Lighting apparatus incorporating optical fibers; Lighting apparatus incorporating optical fibres; Electric lighting installations for exterior use; Electric lighting installations for interior use; Electrical discharge tubes for lighting purposes; Installations for lighting for use in television; Decorative gas lighting apparatus for use in patios; Battery powered fluorescent emergency lighting units; Decorative gas lighting apparatus for use in gardens; Installations for lighting for use in cinematography; Battery powered incandescent emergency lighting units; Organic light emitting diodes (OLED) lighting devices; Plastic louvres being diffusers for lighting apparatus; Decorative gas lighting installations for use in patios; Security lighting incorporating a heat activated sensor; Decorative electric lighting apparatus for use in patios; Decorative gas lighting installations for use in gardens; Decorative electric lighting apparatus for use in gardens; Lighting apparatus for use with cinematographic apparatus; Fixed underwater lighting installations for swimming pools; Electrical lighting fixtures for use in hazardous locations; Security lighting incorporating a movement activated sensor; Decorative electric

lighting installations for use in patios; Decorative electric lighting installations for use in gardens; Security lighting incorporating an infra-red activated sensor; Suspension rails [not electrified] for electrical lighting fixtures; Security lighting apparatus incorporating a passive infra-red detector; Security lighting installations incorporating a passive infra-red detector; Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; Roof fans; Room fans; Axial fans; Table fans; Fan heaters; Ceiling fans; Chimney fans; Electric fans; Room air fans; Extractor fans; Radial air fans; Ventilating fans; Radiant fan heaters; Electric window fans; Fans for hair drying; Fans for ventilating; Air-conditioning fans; Electric ceiling fans; Electric cooling fans; Portable electric fans; Electric bladeless fans; Fans [air-conditioning]; Fans for gas extractors; Fans for fume extractors; Flues incorporating fans; USB-powered desktop fans; Fans for exhaust extractors; Electric fans for ventilation; Electric fans for personal use; Motorised fans for ventilation; Axial fans for air-conditioning; Electric fans for household use; Fans for use in air-conditioning; Ventilating fans for household use; Ceiling fans with integrated lights; Fans for air conditioning apparatus; Motorised fans for air-conditioning; Ventilating fans for commercial use; Ventilating fans for industrial use; Ventilating fans for use in vehicles; Electric fans [for household purposes]; Fans for air-conditioning installations; Grease filters [parts of extractor fans]; Hand drying apparatus incorporating fans; Ventilating fans for industrial purposes; Propellers [fans] for ventilation apparatus; Electric fans with evaporative cooling devices; Fans [parts of air-conditioning installations]; Fans for the ventilation of food vending kiosks; Propellers [fans] for air-conditioning apparatus; Ventilation grilles being parts of extractor fans; Electrically powered fans for ventilation purposes; Fans being parts of air-conditioning installations; Fans being parts for air-conditioning installations; Electrical fans being parts of household ventilation installations; Electrical fans being parts of household air-conditioning installations; Heaters; Air heaters; Dish heaters; Room heaters; Sauna heaters; Space heaters; Water heaters; Bottle heaters; Halogen heaters; Hot tub heaters; Oil pre-heaters; Radiant heaters; Storage heaters; Aquarium heaters; Bathroom heaters; Electric heaters; Kerosene heaters; Radiator heaters; Convector heaters; Gas fired heaters; Gas space heaters; Gas water heaters; Heaters for baths; Hot water heaters; Immersion heaters; Oil fired heaters; Water bed heaters; Convection heaters; Industrial heaters; Solar water heaters; Heaters for vehicles; Radiant space heaters; Storage water heaters; Swimming pool heaters; Thermal fluid heaters; Depilatory wax heaters; Electric space heaters; Electric water heaters; Feeding bottle heaters; Heaters for bath water; Heaters for sink water; Electric bottle heaters; Gas fired space heaters; Gas fired water heaters; Induction water heaters; Self regulating heaters; Space heaters for rooms; USB-powered cup heaters; Water immersion heaters; Diesel fuel line heaters; Heaters for shower baths; Hot water supply heaters; Electric beverage heaters; Heaters for heating irons; Induction units [heaters]; Portable electric heaters; Water heaters for showers; Electric immersion heaters; Electrical storage heaters; Heaters for swimming pools; Space heaters for vehicles; Circulators [water heaters]; Instantaneous water heaters;

Artificial fireplace heaters; Heaters for wash basin water; Forced air type space heaters; Water heaters for shower baths; Propane gas fired space heaters; Water heaters for household use; Water heaters for industrial use; Electric heaters for baby bottles; Heaters for laboratory containers; Gas water heaters for household use; Electric heaters for babies' bottles; Electric heaters for feeding bottles; Heaters, electric, for feeding bottles; Electric immersion heaters for radiators; Electric radiant heaters for household use; Electric immersion heaters for room heaters; Feed water heaters [for industrial purposes]; Gas stoves [space-heaters for household use]; Oil stoves [space heaters for household use]; Coal stoves [space heaters for household use]; Electric water heaters for preparing beverages; Electric radiant heaters [for household purposes]; Non-electric cooking heaters for household purposes; Pressure relief apparatus for use with water heaters; Organic positive self-temperature control plane heaters; Electrically energized flask heaters for use in laboratories; Japanese charcoal heaters for household purposes use (hibachi); Propane vapour-fired vertically disposed cylindrical convection space heaters; Drain pans specially adapted for water heaters to protect from condensation, leaks, and overflow; Milk coolers; Water coolers; Walk-in coolers; Coolers, electric; Coolers for furnaces; Bottle coolers [apparatus]; Liquid coolers [apparatus]; Portable coolers, electric; Portable evaporative air coolers; Air conditioners; Air control dampers; Room air conditioners; Air-conditioning filters; Electric air conditioners; Air conditioning apparatus; Air-conditioning apparatus; Filters for air conditioning; Air conditioners for vehicles; Air conditioning installations; Air-conditioning for cupboards; Air-conditioning installations; Apparatus for air-conditioning; Car air-conditioning apparatus; Evaporators for air conditioners; Mobile air-conditioning apparatus; Window air-conditioning apparatus; Installations for air-conditioning; Power filters for air-conditioning; Residential air-conditioning units; Domestic air-conditioning apparatus; Air-conditioning apparatus for ships; Hoods for air-conditioning apparatus; Air-conditioning apparatus for stores; Air filters for air conditioning units; Air conditioning installations for cars; Air processing [conditioning] apparatus; Air-conditioning apparatus for vehicles; Air-conditioning installations for cars; Central type air-conditioning apparatus; Domestic air-conditioning installations; Louvres being air-conditioning apparatus; Air inductor apparatus [air-conditioning]; Air-conditioning apparatus for office use; Air-conditioning apparatus for residences; Air-conditioning for data processing rooms; Air-conditioning for use in transportation; Air conditioning installations for vehicles; Air-conditioning apparatus for air vehicles; Air-conditioning installations for vehicles; Extractors [ventilation or air-conditioning]; Air conditioning apparatus for industrial use; Air-conditioning apparatus for commercial use; Air-conditioning apparatus for industrial use; Air-conditioning apparatus for residential use; Air-conditioning apparatus for agricultural use; Air-conditioning apparatus for public buildings; Combined heating and air-conditioning apparatus; Impellers [parts of air-conditioning apparatus]; Air-conditioning apparatus for use in clean rooms; Air-conditioning installations for commercial use; Air-conditioning installations for industrial use; Air-conditioning installations for residential use; Apparatus for air-conditioning for use in vehicles; Air-conditioning apparatus for commercial buildings; Air-conditioning installations

for agricultural use; Filters for use with apparatus for air-conditioning; Air-conditioning apparatus [for industrial purposes]; Radiators [for industrial air-conditioning purposes]; Air-conditioning apparatus for use in food processing; Thermal oxidizers for industrial air pollution control; Air-conditioning apparatus for use in operating theatres; Catalytic oxidizers for industrial air pollution control; Air-conditioning installations for use in food processing; Ventilation [air-conditioning] installations for vehicles; Locally induced air-conditioners [for industrial purposes]; Ventilation [air-conditioning] installations and apparatus; Ventilation [air-conditioning] installations for buildings; Window-mounting air-conditioners [for industrial purposes]; Ventilation [air-conditioning] installations for laboratories; Electrically powered air blowers for air-conditioning purposes; Central air-conditioning installations [for industrial purposes]; Humidification apparatus for use with air-conditioning apparatus; Refrigerators; Gas refrigerators; Refrigerated boxes; Refrigerated units; Rice refrigerators; Refractory furnaces; Refrigerating rooms; Refrigeration units; Kimchi refrigerators; Refrigerated shelves; Refrigerated cabinets; Refrigerated chambers; Refrigerated counters; Walk-in refrigerators; Cosmetic refrigerators; Domestic refrigerators; Electric refrigerators; Portable refrigerators; Refrigerating cabinets; Refrigerating chambers; Refrigerating counters; Refrigerating machines; Refrigerating apparatus; Refrigerating appliances; Refrigerating boxes, gas; Refrigerating containers; Refrigerating receptacles; Refrigerated display cases; Refrigerated display units; Refrigerated food counters; Apparatus for refrigerating; Refrigerating display cases; Refrigerating installations; Refrigerating show cabinets; Refrigeration installations; Refrigerated containers, gas; Refrigerators for foodstuffs; Refrigerated display cabinets; Refrigerated display counters; Refrigerating boxes, electric; Sales counters [refrigerated]; Commercial refrigeration units; Refrigerating display cabinets; Installations for refrigerating; Refrigerated shipping containers; Refrigerated containers, electric; Refrigerated compressed air dryers; Refrigerated food display apparatus; Apparatus for refrigerating purposes; Refrigerated merchandising apparatus; Refrigerated whipped cream apparatus; Refrigerating apparatus and machines; Apparatus for refrigerating beverages; Domestic appliances for refrigerating; Refrigerating apparatus for beverages; Refrigerating enclosures for freezing; Portable refrigerating boxes, electric; Refrigerated beverage dispensing units; Refrigerated merchandise display cases; Refrigerators for conserving ice cream; Cooling installations for refrigerating; Electrical appliances for refrigerating; Refrigerated food display installations; Apparatus for the refrigeration of wines; Apparatus for the refrigeration of spirits; Combinations of refrigerators and freezers; Electrical installations for refrigerating; Refrigerating apparatus for industrial use; Refrigerating appliances and installations; Food display units [refrigerated or heated]; Food servery units [refrigerated or heated]; Portable sales display units [refrigerated]; Refrigerated dispensing units for beverages; Beverage refrigerators for use in automobiles; Refrigerated cabinets for the display of food; Refrigerated cabinets for the storage of food; Point of sale displays [refrigerated cabinets]; Refrigerated cabinets for the display of drink; Refrigerated cabinets for the storage of drink; Refrigerating display cabinets [display cases]; Refrigeration cabinets for alcoholic beverages; Electric refrigerators [for

household purposes]; Refrigerating or freezing apparatus for cool rooms; Refrigeration cabinets for non-alcoholic beverages; Separators for removing condensation by refrigeration; Refrigerating machines for use in refrigerated vehicles; Machines for use in making whipped cream [refrigerating]; Refrigerating machines for use in industrial refrigeration; Refrigerated beverage dispensers [other than vending] units; Refrigerated beverage dispensing units [other than vending]; Refrigerated holding and display tanks for live fish and seafood; Electrical apparatus for the preparation of foodstuffs by refrigerating; Refrigerators, cooling apparatus and freezers for medical storage purposes; Machines for use in the processing of foodstuffs [cooking or refrigerating]; Water taps; Water filters; Hot water boilers; Hot water bottles; Water sterilisers; Water sterilizers; Dust filters; Gas ovens; Pizza ovens; Baking ovens; Dental ovens; Drying ovens; Bakers' ovens; Cooking ovens; Hot air ovens; Domestic ovens; Electric ovens; Induction ovens; Microwave ovens; Table top ovens; Convection ovens; Industrial ovens; Oven gas igniters; Coffee roasting ovens; Oven ventilator hoods; Electric cooking ovens; Electric toaster ovens; Kitchen ranges [ovens]; Commercial cooking ovens; Industrial cooking ovens; Shaped fittings for ovens; Fittings, shaped, for ovens; Microwave ovens for cooking; Structural plates for ovens; Oven fittings made of fireclay; Structural framework for ovens; Commercial ovens for baking food; Fluidised bed incineration ovens; Microwave ovens for domestic use; Ovens for the treatment of waste; Overlying bed ovens for bakeries; Roasting spits for cooking ovens; Ovens for baking ceramic products; Ovens for drying ceramic products; Gas cooking ovens for household use; Microwave ovens [cooking apparatus]; Ovens, other than for laboratory use; Baking ovens [for household purposes]; Microwave ovens for household purposes; Microwave ovens for industrial purposes; Electric cooking ovens for household use; Vacuum ovens for the treatment of lenses; Ovens for use in the electronics industry; Gas cooking ovens [for household purposes]; Electrical hardening ovens for dental purposes; Electrical soldering ovens for dental purposes; Electrical preheating ovens for dental purposes; Ovens for baking or curing coatings and finishes; Ovens utilising air frequency fields for cooking; Ovens utilising air frequency fields for drying purposes; Gas stoves; Oil stoves; Coal stoves; Sauna stoves; Camping stoves; Cooking stoves; Kitchen stoves; Charcoal stoves; Domestic stoves; Electric stoves; Kerosene stoves; Portable stoves; Stoves for cooking; Stoves for heating; Stove burner covers; Wood burning stoves; Wood-burning stoves; Electric cooking stoves; Portable cooking stoves; Solid fuel burning stoves; Burner caps for gas stoves; Stoves [cooking apparatus]; Stoves [heating apparatus]; Ventilation hoods for stoves; Wicks adapted for oil stoves; Stands for cookers and stoves; Vapour extraction hoods for stoves; Electric cooking stoves for household use; Fireplace inserts in the nature of stoves; Vapour extractor hoods for kitchen stoves; Oil cooking stoves [for household purposes]; Gas stoves utilising flames in rotating form; Gas stoves employing flames in ribbon-like form; Electric cooking stoves [for household purposes]; Slow-burning stoves [wood stoves for household use]; Japanese charcoal cooking stoves for household purposes (shichirin); LED luminaires; LED flashlights; LED light bulbs; LED mood lights; LED safety lamps; LED landscape lights; LED underwater lights; LED nail drying apparatus; LED lights for luring fishes; Lightbulbs; Wall lights; Garden lights; Ceiling lights; Light fittings; Light

fixtures; Reading lights; Vehicle lights; Electric lights; Fluorescent lights; Light installations; Air dryers; Air curtains; Household air cleaners; Air purifying apparatus; Air cooling apparatus; Ventilating hoods for smoke; Ventilating hoods for steam; Exhaust hoods [cooker hoods]; Freezer storage units; Hobs; Cooker hobs; Electric hobs; Ventilation hoods incorporating extractor fans; Wearable electric fans; Accent lights for indoor use; Apparatus and installations for lighting; Aquarium lights; Automobile headlights; Automobile lights; Backup lights for land vehicles; Bicycle dynamo lights; Bicycle lights; Boat trailer lights; Book lights; Brake lights for vehicles; Bulkhead lights; Candle lighters; Casings for lights; Ceiling light fittings; Chemically-activated light sticks; Chemiluminescent light sticks; Christmas lights, other than candles; Christmas tree ornaments for illumination [electric lights]; Compact fluorescent light bulbs; Cord pendants [light fittings]; Cycle lights; Decorative lights; Desk lights; Direction indicator light bulbs; Directional lights for bicycles; Directional lights for motorcycles; Diving lights; Domestic gas lighters; Downlighters; Downlights; Dynamo lights for vehicles; Electric fairy lights; Electric firelighters; Electric flashlights; Electric holiday lights; Electric light bulbs; Electric light fittings; Electric lights for Christmas trees; Electric lights for festive decorations; Electric night lights; Electrical light bulbs; Electrical photographic floodlights; Electrical tracks for light fittings; Electrical tracks for lights; Emergency lights; Fairy lights for festive decoration; Fish-luring lights; Fittings for wall lights; Flameless light-emitting diode candles; Flange light fittings; Flashlight bulbs; Flashlights [torches]; Flashlights utilising electric rechargeable devices; Floodlights; Fluorescent lamps with low ultra-violet light output; Fluorescent light bulbs; Fluorescent lighting tubes; Friction lighters for igniting Bunsen burners; Friction lighters for igniting gas; Full spectrum light sources; Gas lighters; Gas lights; Grill lighters; Halogen light bulbs; Handheld spotlights; Headlights; Headlights for automobile; Headlights for automobiles; Headlights for vehicles; Helmet lights; High intensity discharge lights; High-intensity searchlights; Illumination lights for registration plates; Incandescent light bulbs; Inspection lights; Klieg lights; Laser light projectors; LED lights for automobiles; Light assemblies; Light bars; Light bulbs; Light bulbs for directional indicators for vehicles; Light bulbs for directional signals for vehicles; Light bulbs for gas-discharge lamps; Light bulbs for incandescent lamps; Light bulbs, electric; Light diffusers; Light discharge tubes; Light filters, other than for medical or photographic use; Light hanging apparatus [light fixtures]; Light production apparatus; Light projectors; Light reflectors; Light shades; Light sources, other than for photographic or medical use; Light sticks, battery-operated; Lighted disco balls; Lights; Lights for automobiles; Lights for Christmas trees; Lights for emergency use; Lights for external installation; Lights for external installations; Lights for festive decoration; Lights for gas-discharge lamps; Lights for incandescent lamps; Lights for mounting on ceilings; Lights for music stands; Lights for security use; Lights for track mounting; Lights for vehicles; Lights for wall mounting; Lights, electric, for Christmas trees; Lightsticks, battery-operated; Louvres for light control; Louvres for light deflection; Louvres for lights; Map lights; Map lights for vehicles; Miniature light bulbs; Mobile light towers; Mood lights; Motion sensitive security lights; Motorcycle lights; Night lights, other than candles; Opaque casings for lights; Ornaments for Christmas trees

[lights]; Penlights; Piezo lighters, other than for smokers; Pilot lights for igniting gas fired apparatus; Plastic louvres being light fittings; Pocket search lights; Pocket searchlights; Pyrophoric lighters, other than for smokers; Rear lights for vehicles; Reflectors for light control; Reflectors for light deflection; Roof lights [lamps]; Running lights for aircraft; Running lights for boats; Running lights for land vehicles; Running lights for vehicles; Screens for controlling light; Screens for directing light; Searchlights; Self-luminous light sources; Shades for light sources; Sockets for electric lights; Solar lights; Spot lights; Spot lights for household illumination; Spot lights for use on vehicles; Spotlights; String lights for festive decoration; Strings of coloured lights; Strings of coloured lights for decorative purposes; Strings of lights; Strings of lights [rope lights]; Strobe lights [decorative]; Strobe lights [light effects]; Strobe lights for discos; Stroboscopic lamps [light effects]; Sunlight collecting apparatus for heating purposes; Tail lights for vehicles; Taillights for vehicles; Torches for lighting; Trailer lights; Uplighters; Vehicle brake lights; Vehicle headlights; Vehicle tail lights; Vehicle taillights; Wicks adapted for lighters; Wrist flashlights; Air delivery apparatus for cooling buildings; Air delivery apparatus for cooling commercial buildings; Air delivery apparatus for cooling domestic buildings; Air delivery apparatus for cooling industrial buildings; Air processing [cooling] apparatus; Apparatus for the cooling of grain; Apparatus for the cooling of objects using cold gases; Apparatus for the cooling of objects using liquefied gases; Beverage cooling apparatus; Beverage-cooling apparatus; Chiller units being parts of water cooling installations; Coils [parts of distilling, heating or cooling installations]; Coils being parts of cooling installations; Coils for cooling; Combination apparatus for cooling and freezing; Cool boxes, electric; Cooled panels for use with electrical furnaces; Cooling apparatus; Cooling apparatus for liquids; Cooling apparatus for moulds; Cooling appliances and installations; Cooling domes; Cooling elements; Cooling evaporators; Cooling installations; Cooling installations and machines; Cooling installations for deep freezing; Cooling installations for fluids; Cooling installations for freezing; Cooling installations for gas; Cooling installations for liquids; Cooling installations for tobacco; Cooling installations for water; Cooling tanks for furnaces; Cooling vats for furnaces; Electric cool boxes; Electric cooling apparatus; Electric cooling apparatus for use with milking installations; Electric space cooling apparatus; Electric space cooling apparatus [for household purposes]; Electric space cooling apparatus for household use; Electric wine coolers; Electrical appliances for making cooled beverages; Electrical household apparatus for cooling food; Electrical household appliances for cooling food; Evaporative cooling apparatus; Evaporative cooling towers; Heat sinks for use in cooling apparatus; Heating and cooling apparatus for dispensing hot and cold beverages; Installations for cooling; Installations for cooling drinking water; Installations for cooling for biotechnological purposes; Installations for cooling for scientific purposes; Installations for cooling water; Installations for the cooling of air; Installations for the cooling of cocoa; Installations for the cooling of coffee; Installations for the cooling of fluids; Installations for the cooling of nuts; Installations for the cooling of water; Machines for preparing beverages [electric, cooling]; Milk cooling installations; Water cooling apparatus; Water cooling installations; Water cooling towers.

CAMBRIDGE

Goods and/or Services:

Class 42
Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; research, testing and analysis services; computer-aided research, testing and analysis services; laboratory research, testing and analysis services; scientific research, testing and analysis; research, testing and analysis in the fields of science, technology, medicine, engineering, design and architecture, for the purpose of academia; agricultural research, testing and analysis; ecological research, testing and analysis; engineering research, testing and analysis; environmental research, testing and analysis; industrial research, testing and analysis; medical research; technological research, testing and analysis; veterinary research; agrochemical research, testing and analysis; archaeological research, testing and analysis; biological research, testing and analysis; chemical research, testing and analysis; physics research, testing and analysis; biochemical research, testing and analysis; biomedical research, testing and analysis; biotechnological research, testing and analysis; bacteriological research, testing and analysis; therapeutics research, testing and analysis; chemical engineering research, testing and analysis; civil engineering research, testing and analysis; electrical engineering research, testing and analysis; genetic engineering research, testing and analysis; historical research; scientific and technical testing and analysis in the field of history; information technology research, testing and analysis; mechanical engineering research, testing and analysis; geological research, testing and analysis; mechanical research, testing and analysis; optical research, testing and analysis; astrophysical research, testing and analysis; pharmaceutical research, testing and analysis; urban planning research, testing and analysis; scientific research and development; medical research and development; engineering research and development; industrial research and

development; agricultural research and development; technological research and development; pharmaceutical research and development; information technology research and development; research and development of communication systems; research and development of new products for others; consultancy relating to research, testing, analysis and development in the fields of science, medicine, drug discovery, engineering, therapeutics, agriculture, technology, information technology, communication systems; providing technological advice in the fields of science, medicine, drug discovery, engineering, therapeutics, technology, information technology, communications; preparation of scientific reports; preparation of reports relating to industrial research, testing and analysis; preparation of reports in the fields of scientific research, technological research, medicine, engineering, design and architecture, for the purpose of academia; preparation of technical reports; preparation of technological reports; preparation of engineering reports; preparation of agricultural reports; preparation of ecological reports; preparation of environmental reports; preparation of scientific, technical and archaeological reports in the field of history; preparation of urban planning reports; providing advice, information and data relating to research, analysis, testing and development in the fields of science, medicine, drug discovery, engineering, therapeutics, agriculture, technology, information technology and communication systems; providing information and data relating to research, analysis, testing and development in the fields of science, medicine, drug discovery, engineering, therapeutics, agriculture, technology, information technology and communication systems from an on-line searchable database; computer-aided design; development and testing of computing methods, algorithms and software; software engineering; scientific surveys; drug discovery services; drug development services; clinical trials; DNA screening for scientific research purposes; genetic testing for scientific research purposes; topographical surveying; archaeological exploration; underwater exploration.

Applicant/Proprietor Details:

The Chancellor, Masters and Scholars of the University of Cambridge
THE OLD SCHOOLS
CAMBRIDGE CB2 1TN
UNITED KINGDOM

Agent Details/Address for Service:

ONE LEGAL LLC
5 SHENTON WAY
#10-01 UIC BUILDING
SINGAPORE 068808

National Trade Mark No: 40201928182X

International Registration No: 1505479

Date of Protection in Singapore: 07 August 2019

Classes: 35 41 42

Goods and/or Services:

Class 35
Business and economic forecasting and analysis, advice, research and consultancy services in relation to sustainable development, social change, climate change, and environmental protection; organising and conducting of promotional campaigns in the aforementioned fields to promote public awareness of the aforementioned fields.

Class 41
Education and training services; publishing of books, texts, leaflets, reports, newsletters and educational materials; providing electronic publications, arranging and conducting courses, presentations, seminars, conferences, congresses, symposia, colloquia, workshops and exhibitions; all the aforesaid in the fields of sustainable development, social change, climate change, and environmental protection.

Class 42
Providing information and advice relating to research on sustainable development, social change, climate change, and environmental protection; conducting research evaluations and

research in the aforementioned fields; preparation and provision of research reports relating to the aforementioned fields.

Priority Details:

Class Number: 35
Priority Date: 14/02/2019
Country/Territory: UNITED KINGDOM
Priority Application Number:
Goods and/or Services: All goods and/or services claimed in this class

Class Number: 41
Priority Date: 14/02/2019
Country/Territory: UNITED KINGDOM
Priority Application Number:
Goods and/or Services: All goods and/or services claimed in this class

Class Number: 42
Priority Date: 14/02/2019
Country/Territory: UNITED KINGDOM
Priority Application Number:
Goods and/or Services: All goods and/or services claimed in this class

DNP

Goods and/or Services:

Class 06
Irons and steels; steel plates and sheets; steel plates and sheets printed with patterns or designs; nonferrous metals and their alloys; ores of metal; metal materials for building or construction; metal joinery fittings; safes; metal hardware; prefabricated building assembly elements of metal in kit form; liquid storage tanks or reservoirs of metal; industrial water storage tanks of metal; liquefied gas storage tanks of metal; gas storage tanks of metal; internal floating lids of aluminum for use with gas or liquefied gas storage tanks; pulleys of metal, not machine elements; springs of metal, not machine elements; valves of metal, not machine elements; industrial packaging containers of metal, not including metal stoppers, lids and caps; metal stoppers for industrial packaging containers; metal lids and caps for industrial packaging containers; loading and unloading pallets of metal; turn-tables for load handling; traversers for load handling; artificial fish reefs of metal; metal moulds for forming cement products; transportable greenhouses of metal for household use; paint spraying booths of metal; poultry cages of metal; beacons of metal, non-luminous; road signs of metal, not luminous nor mechanical; railway points; metal junctions for pipes; metal flanges; machine keys; cotter pins; anchors; mooring bitts of metal; mooring bollards of metal; anvils; swage blocks; wire nets and gauzes; wire ropes; chains for dogs; water tanks of metal for household purposes; tool boxes of metal, empty; metal stepladders and ladders; metal nameplates and door nameplates; towel dispensers of metal; hat-hanging hooks of metal; letter boxes of metal; outdoor blinds of metal; upright signboards of metal; sculptures of metal; metal tombs and metal tomb plaques; ferrules of metal for canes and walking-sticks; crampons being as climbing irons; carabiners; rock pitons; diving platforms of metal; spurs; steel plates for manufacturing whiteboards; decorative steel plates for use in the manufacture of home electric appliances, entrance doors, unit baths and office machines; decorative steel plates for railway vehicle interior and doors; metal partitions for building; sliding doors of metal; doors of metal; building panels of metal; interior and exterior decorative metal materials for building or construction.

Class 07
Metalworking machines and tools; mining machines and apparatus; construction machines and apparatus; loading-unloading machines and apparatus; chemical processing machines and apparatus; textile machines and apparatus; sterile filling machines and apparatus for food or beverage; food and beverage filling machines and apparatus; food or beverage

processing machines and apparatus; lumbering, woodworking, or veneer or plywood making machines and apparatus; pulp making, papermaking or paper-working machines and apparatus; printing or bookbinding machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; machines and apparatus for manufacturing rubber goods; stone working machines and apparatus; non-electric prime movers, not for land vehicles, other than water mills and wind mills; parts for non-electric prime movers for land vehicles; water mills; wind mills; pneumatic or hydraulic machines and instruments; plowing machines and implements other than hand-held tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for making agricultural aids of crude vegetable fibrous materials; fodder presses; fodder cutting machines, namely, feed cutters; fodder mixing machines, namely, feed mixers; cake-fodder crushing machines, namely, feed mills; milk filtering machines; milking machines; chick brooders; incubators for eggs; sericultural machines and implements; fishing machines and instruments; sewing machines; glassware manufacturing machines and apparatus; shoe making machines; leather tanning machines; tobacco processing machines; adhesive tape dispensing machines; automatic stamping machines; starters for motors and engines; AC motors and DC motors, not including those for land vehicles but including parts for any AC motors and DC motors; AC generators, namely, alternators; DC generators; mechanical parking systems; lawnmowers; electric washing machines for industrial purposes; dish washing machines for industrial purposes; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; dish washing machines for household purposes; electric wax-polishing machines for household purposes; washing machines for household purposes; vacuum cleaners for household purposes; electric food blenders for household purposes; dynamo brushes; curtain drawing devices electrically operated; power-operated potters' wheels; painting machines and apparatus; vehicle washing installations; waste compacting machines and apparatus; waste crushing machines; shafts, axles or spindles not for land vehicles; bearings being machine elements not for land vehicles; shaft couplings or connectors being machine elements not for land vehicles; power transmissions and gearing for machines not for land vehicles; shock absorbers being machine elements not for land vehicles; springs being machine elements not for land vehicles; brakes being machine elements not for land vehicles; valves being machine elements not for land vehicles; bottle filling machines; filling machines; aseptic filling machines for beverages.

Class 09
Digital photo printers; sublimation digital photo printers; digital photo printers for printing photo in the form of photo book or photo album; heat transfer printers; plastic card printers; bar code printers; computer printers; inkjet printers; print heads for inkjet printers; ejection unit for inkjet printer head; computer software for sublimation digital photo printers; software for image processing; downloadable printing fonts; printing font programs; data carriers containing stored typography typefaces; computer software; computer application

software for mobile phones and personal digital assistants [PDAs]; computer software, recorded; computer software applications, downloadable; computer hardware; electronic chip cards for data input and recording; electronic circuit cards; electronic circuits; electronic chip card reader/writer; computer software for data management; scanners [data processing equipment]; temperature sensors; tablet computers; personal digital assistants; monitors [computer hardware]; computer keyboards; mouse [computer peripheral]; computer modems; computer routers; wireless computer routers; graphic card; sound card; video card; touchscreen sensors; films coated with TCO [Transparent Conducting Oxide] adapted for touch screen sensors; glasses coated with TCO [Transparent Conducting Oxide] used for touchscreen sensors; electronic pens; sheets printed with infrared absorbing ink exclusively used for electronic pens; electronic paper [display devices]; computer servers and access points for electronic paper display system using local area network [LAN]; computer whiteboards; interactive whiteboards; projection screens for use as computer whiteboard; image scanners; 3D scanners; acceleration sensors; integrated circuits; large-scale integrated circuits; printed circuit boards; printed wiring boards; integrated circuits and large-scale integrated circuits for adjusting and controlling image and video quality; glass interposer chips connected to glass substrate; silicon interposer chips connected to glass substrate; image correction IC [integrated circuits] chips for cameras, video cameras and image scanners; electronic tags for goods; IC [integrated circuit] tags for goods; electronic chips for goods; IC [integrated circuit] chips for goods; semi-conductors; semi-conductor devices; semi- conductor lead frames; lead frames for small-sized semi-conductor packages; cover films for carrier tapes for semi-conductor devices, IC chips and electronic components; light-emitting diodes [LEDs]; lead frames for light-emitting diodes [LEDs]; suspensions being parts of hard disk drives for shock absorption; load beam being parts of hard disk drives for use in holding suspensions of shock absorption; flexures with wiring, being parts of hard disk drives, for use in holding magnetic heads; flexures for hard disk drive suspensions (parts of hard disk drives) for use in holding magnetic heads; photo-masks for manufacturing semi-conductors; metal-masks for manufacturing LED; stencil-masks for manufacturing LED; metal-masks for manufacturing organic light-emitting diodes [LED]; metal base printed wiring boards for light emitting diodes [LED]; metal-masks for manufacturing printed circuit boards; metal-masks for manufacturing organic electro-luminescence displays; large-scale photomasks for manufacturing liquid crystal displays; large-scale photomasks for manufacturing organic electro-luminescence displays; reader/writer for POS [point-of-sales] systems; magnetic cards; contactless integrated circuit cards; integrated circuit cards; optical memory cards; pre-recorded CD-ROMs; pre-recorded magnetic discs; blank magnetic discs; pre-recorded optical discs; blank optical discs; blank USB flash drives; liquid crystal displays [LCD]; liquid crystal display panels; plasma displays; plasma display panels; organic electro-luminescence displays; electroluminescent display panels; electrode films adapted for capacitive touch panels; touch panels; touch sensor type LCD displays and organic electro-luminescence displays; color filters for LCD; light source devices for color testing and adjusting of still cameras and video cameras [testing apparatus];

light diffusing plastic films adapted for liquid crystal displays; anti-glare plastic films adapted for liquid crystal displays; anti-reflection plastic films adapted for liquid crystal displays; anti-static plastic films adapted for liquid crystal displays; plastic prism sheets adapted for liquid crystal displays; plastic contrast screen filters adapted for liquid crystal displays; BEF [Brightness Enhancement Film] adapted for liquid crystal displays; electromagnetic wave shielding plastic films adapted for plasma displays; display screen protector films for providing shade and privacy adapted to laptops, cellphones, smartphones and personal digital assistants; laminate films for flexible flat cables; insulating protective sheaths adapted for flexible flat cables; privacy screen protectors adapted for electronic display device; viewing-angle control films adapted for electronic display devices; light reflection angle control films adapted for electronic display devices; outgoing light control films adapted for electronic display devices; protective films adapted for screens for computers, mobile phones, smartphones, LCD monitors; light control films for in-vehicle LCD devices; viewing-angle control films for in-vehicle LCD devices; shadow masks being parts of color television monitors; test charts for testing and adjusting the image and video quality of display devices; grids mesh and spacer supports adapted for Vacuum Fluorescent Display [VFD]; digital signage monitors; color-tone correcting devices for digital signage monitors; video camera circuit boards; digital projectors; projection screens; projection screens for rear-projection televisions; Fresnel lenses and lenticular lenses for rear-projection televisions; wireless transmitters and receivers; mobile phones; smartphones; digital photo frames; digital cameras; audio and video receiver; headphones; audio speakers; computer peripherals; computers; electronic machines, apparatus and their parts; telecommunication machines and apparatus; electronic control function board for video cameras, photographic cameras and digital cameras; cameras [photography]; camera lenses; suspensions for auto focusing units of cameras; camera tripods; flashlights [photography]; camera cases; exposure meters; optical lenses; photo-developing machines; photo-enlarging machines; photo-finishing machines; digital photo printing machines; self-service certificate photographing machines; photo booths with automatic photographing function; digital image printers; photo print making apparatus; photo bookmaking apparatus; photo print making apparatus with automatic photographing function and the capability of providing downloadable photo image; photo print making apparatus with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image; photo print making apparatus with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards; automatic digital photographing apparatus; photographic apparatus; cinematographic apparatus; optical machines and apparatus; grid electrodes for the corona charging device embedded in photocopiers and printers; anti-static devices for photocopiers and printers; electrodes; plates for batteries; neutralizing electrodes; static charge eliminators for printers; electric cables and wires; electric batteries and cells; battery chargers; battery packs; lithium-ion batteries; battery pouches for lithium-ion batteries; fuel cells; fuel cell separators; solar batteries; film type solar cells; photovoltaic

solar modules for production of electricity; photovoltaic solar module parts made of materials which glued backsheet and encapsulant; parts for solar batteries; downloadable sound, music and image data files; holograms; embossed holograms; Lippmann holograms; electronic publications, downloadable; measuring instruments; sheaths for electric cables; protective films adapted for smartphones; digital signs; downloadable music files; downloadable image files; coils, electric; electromagnetic coils; charging coil; image and video displays for cars; covers for in-vehicle displays; virtual reality computer software; virtual reality headsets; projection apparatus; planetarium projectors; head mount displays; 3D digital archive systems comprised of electronic recorders and computer hardware for storing and archiving digital images for 3D reconstruction of works of art, architectural works, globes and celestial globes; projection screens; rear-projection screens; projection screens for super short focus projectors; plastic films for inkjet printer member; electromagnetic wave shielding material for printed wiring board; electromagnetic wave shielding material for high speed transmission wiring; computer program for checking, verifying and certifying the alteration of electronic information; computer software for securing data on computer and electronic device; security tokens [encryption devices]; operating software for virtual private network [VPN]; devices for virtual private network [VPN]; computer software for planning and producing advertisement printed matter, video software and advertisement media; laminated structure cards; metal wiring substrate for light emitting diodes [LED]; contrast and color adjustment plastic films for liquid crystal displays and organic electro luminescence displays, being as component parts of said displays; retardation films for liquid crystal displays and organic electro luminescence displays, being as component parts of said displays; diffraction optical element; glass covers for the protection of display screens of display devices; light source panels for liquid crystal displays; surface films for foldable display devices; optical waveguide; master plates adapted for optical waveguides; plastic prism films for liquid crystal displays and organic electro luminescence displays; communication antenna in the form of film wired by metal mesh, in the nature of antenna; film for antenna wired by ultrafine metal mesh, being as component parts of antenna; transparent antenna film, being as component parts of antenna; electrode films for capacitive touch panels, being component parts of said touch panels; Fresnel lenses and lenticular lenses for projection screens; Fresnel lenses; lenticular lenses; anti-reflection plastic films for organic electroluminescence displays, being component parts of said displays; anti-glare plastic films for organic electro luminescence displays, being component parts of said displays; viewing angle enlarging plastic films for liquid crystal displays and organic electro luminescence displays, being component parts of said displays; protective plastic films for the surface of liquid crystal displays and organic electro luminescence displays; parts and components of electronic circuit boards; parts and components of computer hard disc drives; parts and components of liquid crystal displays and organic electro luminescence displays.

Class 11

Planar lighting apparatus using sheet-type light-emitting diodes [LED]; light-emitting diodes [LED] lighting apparatus; electric lamps and other lighting apparatus; headlights for automobiles; lights for automobiles; lighting apparatus and installations; light bulbs for directional signals for vehicles; lighting apparatus for vehicles; vehicle headlights; anti-dazzle devices for vehicles [lamp fittings]; anti-glare devices for vehicles [lamp fittings]; lights for vehicles; refrigerated shipping containers; refrigerating containers; portable coolers, electric; coolers, electric; refrigerating appliances and installations; refrigerating apparatus and machines; freezing machines and apparatus; defrosters for vehicles.

Class 16
Ink ribbons and ink ribbon cassettes for digital photo printers; ink ribbon sheets for digital photo printers; ink ribbons and ink ribbon cassettes for card printers; ink ribbon sheets for card printers; ink ribbons and ink ribbon cassettes for sublimation printers; ink ribbon sheets for sublimation printers; ink ribbons and ink ribbon cassettes for bar code printers; ink ribbon sheets for bar code printers; ink ribbons and ink ribbon cassettes for computer printers; ink ribbon sheets for computer printers; ink ribbons and ink ribbon cassettes for heat transfer printers; ink ribbon sheets for heat transfer printers; ink ribbons; ink ribbon sheets; ink ribbon cassettes; paper cutters for office use; plastic card laminators for office use; laminators for office or household use; typewriters (office requisites); ink-jet printing papers; printing papers; copying papers; dye-sublimation printing papers; heat transfer printing papers; transfer papers; transfer stickers; wrapping papers; decorative papers; plastic coated papers; laminated papers; synthetic papers; cardboard; blotters; metalized papers; coated papers; unfitted decorative papers coated with titanium oxide for furniture interior and exterior use [not for building]; unfitted decorative papers coated with resin irradiated with Electron Beam (EB) for furniture interior or exterior use [not for building]; unfitted decorative papers coated with urethane for furniture interior or exterior use [not for building]; hologram papers; thread hologram papers; thread hologram papers for anti-counterfeit; paper and cardboard; cards; paper tapes; postcards; greeting cards; note books; adhesives for office or household use; document files [stationery]; pens; writing instruments; albums; card stands; stationery for office or household use; paper seals and labels for anti-counterfeit; hologram paper seals; hologram paper stickers; hologram paper labels hologram transfer sheets; thread hologram stickers; books; artbooks; newspapers; magazines; periodicals; newsletters; leaflets; pamphlets; brochures; catalogues; manuals; maps; calendars; diaries; printed matter; prints in the nature of photographs; photo books; photographs; photograph stands; pictures; absorbent sheets of paper or plastic for foodstuff packaging; bags [envelopes, pouches] of paper or plastics for packaging; bags for microwave cooking; garbage bags of paper or of plastics; plastic films and sheets for wrapping; flexible packaging bags of paper or plastic for foods, beverages, industrial materials, liquid materials, drugs and cosmetics; plastic film bags for carrying chemical liquid; plastic bags for packaging foods and beverages; bags, sheets and films of plastic for packaging; food wrapping plastic films; packaging containers of paper with laminate film; food wrapping plastic films for

household use; bottle wrappers of cardboard or paper; paper sheet containers for medicines and drugs; industrial packaging containers of paper or cardboard; boxes of cardboard or paper; liquid containers of paper; paper containers for beverages; packing papers; signboards of paper or cardboard; paper tags; titanium paper; decorative papers for interior and exterior use [not for building]; coated papers for interior and exterior use [not for building]; decorative papers, coated papers, papers coated with resin irradiated with Electron Beam (EB) and papers coated with urethane for vehicle interior and exterior use; papers for decorative papers; papers for industrial purposes; flexible packaging bags of paper or plastic for foods, beverages, industrial materials, liquid materials, drugs, pharmaceuticals and cosmetics; whiteboards and parts thereof; banners of paper; flags of paper; account slip pads; seals [stationery]; stickers [stationery]; labels of paper or cardboard; transport containers of paper; papers for manufacturing packaging materials; paper sheets used as lids; paper lids; paper sheets printed with infrared absorbing ink for use with electronic pens; rolled paper films for packaging medicines and drugs; papers sheets for manufacturing flexible packaging bags for medicines and drugs; rolled plastic films for packaging medicines and drugs; medical plastic packaging films with low-absorption qualities against odor component and medicine component of pharmaceutical.

Class 17
Plastic substances, semi-processed; plastic hologram films and sheets; semi-processed plastic substances; plastic pipes and tubes; plastic rods and bars; semi-finished acrylic resins; decorative films of plastics; decorative sheets of plastics; transfer films of plastics; plastic sheets; plastic films [not for wrapping]; plastic films for laminating machine; plastic films for laminating; plastic films for use in laminating processes; roll-typed plastic laminate films [other than for packaging]; plastic films for use in laminating cards; plastic films for watching 3D video; PVC films [not for building]; PVC sheets [not for building]; PVC (polyvinyl chloride) sheet used as dressed lumber for furniture surface materials and interior materials [not for building]; decorative plastic films and sheets for vehicles, furniture and interior; printed plastic films for use in decorating automobile interior materials; printed decorative plastic films for use in laminating automobile interior materials; printed transfer plastic films for use in decorating automobile interior materials; decorative plastic films and sheets coated with resin irradiated with Electron Beam (EB) for vehicles, furniture and interior; poly-olefin films and sheets [not for building]; wood-grain printed poly-olefin films and sheets for decorating furniture, wall and interior [not for building]; poly-olefin films and sheets used as dressed lumber for floor surface materials [not for building]; boards and plates of plastics; laminated films of plastics; laminated sheets of plastics; laminated boards of plastics; laminated tubes of plastics; transparent metallized films; metallized plastic films; metallized plastic sheets; vapor deposited transparent films of plastic; plastic films for laminating papers; flexible tubes of plastic; plastic films for use in manufacturing lid materials for ink cartridges; urethane coated plastic films; thermoset polyurethane coated films used for interior surfaces of walls, ceilings, floors and doors; poly-olefin films for laminating in use for

insert molding; polypropylene films for laminating in use for insert molding; acrylic resin films for laminating in use for insert molding; acrylonitrile butadiene styrene films for laminating in use for insert molding; poly-olefin films coated with resin irradiated with Electron Beam (EB) used for surface finishing material for furniture, interior, floor and wall; poly-olefin films for furniture and interior; contrast screen boards of plastics for use in the manufacture of LCD [liquid crystal displays]; anti-glare plastic films for use in the manufacture of LCD; anti-reflection plastic films for use in the manufacture of LCD; light diffuser plastic films for use in the manufacture of LCD; anti-static plastic films for use in the manufacture of LCD; prism sheets of plastics for use in the manufacture of LCD; EMI [electromagnetic interference] shielding plastic films for use in the manufacture of plasma displays; insulated laminate films of plastic adapted for use in flexible flat electric cables for internal wiring of OA and AV equipment; insulating coating materials for flexible flat cables; cover films of plastics for carrier tapes for semi-conductor devices, IC chips and electronic components; anti-reflection films of plastic; viewing-angle control films of plastic; anti-peeping films of plastic; optically clear adhesive films of plastic; polyester films with particles for polishing optical fiber fixed thereto; plastic films for automobile wrapping; protective plastic films for automobile; plastic sheets and plastic boards for use in the manufacture of lens films, Fresnel lenses or lenticular lenses; plastic sheets for use in the manufacture of projection screens; plastic sheets for use in the manufacture of displays, signs and packaging; plastic films for industrial packaging; protective films of plastic for laminating; card protective plastic films; polymer films for use in the manufacture of solar cell encapsulants and backsheets; laminated plastic films and sheets in the nature of encapsulant and backsheet for use in the manufacture of photovoltaic solar modules; plastic films and sheets for encapsulation of photovoltaic solar modules; plastic films and sheets used as solar cell member; hydraulic transfer films [decorative plastic films for use in the manufacturing industry] for decorative printing; plastic films for water transfer printing; plastic films and sheets for agricultural purpose; semi-worked rubber; insulators; soundproofing materials; electrical insulating materials; insulating films and insulating coating materials for electronic components; seals of plastic or rubber; caulking materials of plastic or rubber; packing materials of plastics or rubber; plastic films to form electrode for capacitive touch panels; artificial resins, semi-processed; decorative films and sheets of plastics for interior or exterior use [not for building]; reflective and diffusion plastic films for use on windows; plastic films for manufacturing blinds for light control; shading films for windows; light reflecting plastic films for photosynthesis-accelerating for farm crops; plastic films for use as laminates for inkjet printers; plastic films for manufacturing materials for inkjet printers; electromagnetic wave shielding films of plastic for printed wiring board; electromagnetic wave shielding films of plastic for high speed transmission wiring; films for manufacturing heat insulating materials; barrier films for manufacturing heat insulating materials; plastic films for use in the manufacturing of battery pouches; label, seal, transfer film, patch-type laminate film and transfer leaf of plastic on which surface hologram is formed; sheet of plastic on which surface hologram is formed; plastic films coated with resin irradiated with

Electron Beam (EB) for interior or exterior use [not for building]; plastic films coated with urethane for interior or exterior use [not for building]; decorative plastic films; decorative plastic films coated with titanium oxide for interior and exterior use [not for building]; plastic films coated with resin irradiated with Electron Beam (EB), plastic films coated with urethane, decorative plastic films and decorative plastic films coated with titanium oxide for vehicle interior or exterior use [not for building]; decorative plastic films to laminate with resin molded article by thermal pressure produced in the process of injection molding; easily releasable films of plastic for packaging; transparent conductive plastic films using silver nanowire; plastic films for the protection of resin and glass surface; contrast and color adjustment plastic films for manufacturing liquid crystal displays and organic electro luminescence displays; retardation plastic films for manufacturing liquid crystal displays and organic electro luminescence displays; light reflecting and dispersion sheets of plastic for agriculture, gardening and plant factory use; silver reflective plastic films for use as a material for back light units of liquid crystal display devices; silver reflective plastic films in sheet form for use as a material for back light units of liquid crystal devices; semi-worked plastic for manufacturing light guiding panels; films for manufacturing surface films for foldable display devices; plastic films for manufacturing communication antenna in the form of film wired by metal mesh; plastic films for manufacturing antenna wired by ultrafine metal mesh; plastic films for manufacturing transparent antenna; electrode films of plastic for manufacturing capacitive touch panels; plastic sheets and films for manufacturing flexible packaging bags; semi-worked plastic for manufacturing packaging materials; plastic sheets for further manufacturing for use as lids; plate resin glass; curved surface resin glass; resin glass for windows; viewing angle enlarging films of plastic for manufacturing liquid crystal displays; organic glass made of polycarbonate; organic glass made of plastic; organic glass; curved surface organic glass; plate organic glass; resin glass; resin films and sheets for manufacturing light guiding panels; prism films of plastic for manufacturing liquid crystal displays and organic electro luminescence displays; plastic sheets and plates for manufacturing lens films, Fresnel lenses and lenticular lenses; plastic sheets for manufacturing projection screens; plastic for manufacturing flexible packaging bags for medicines and drugs; surface protecting films of plastic for manufacturing liquid crystal displays and organic electro luminescence displays; Insulating coatings made of hollow structure fused silica particles; anti-reflection plastic films for manufacturing organic electro luminescence displays; anti-glare plastic films for manufacturing organic electro luminescence displays; viewing angle enlarging films of plastic for manufacturing liquid crystal displays and organic electro luminescence displays; plastic films coated with silica-based agent; laminated plastic films interposing liquid crystal; stripe shaped plastic films with hologram formed surface; plate resin glass for car windows.

Class 20

Packaging containers of plastic for transport purpose; packaging containers of plastic with heat insulating and cold insulating performance for transport purpose; packaging food

containers of plastic with insulating performance for commercial or industrial use; packaging containers, not of metal, for transport purpose; indoor window shades [furniture]; indoor blinds; plastic lids incorporating aluminum foil for industrial packaging containers; plastic lids for industrial packaging containers; boxes of wood or plastic; industrial packaging containers of plastic; furniture; upright signboards of wood or plastics.

Class 35
Retail or wholesale services for laminated plastic films interposing liquid crystal; retail or wholesale services for plastic films; retail or wholesale services for printed matter; retail or wholesale services for parts of electronic precision instrument; retail or wholesale services for electronic equipment, apparatus and their parts; retail or wholesale services for building and construction materials; retail or wholesale services for wallpapers; retail or wholesale services for flooring materials; retail or wholesale services for interior and exterior materials for building; retail or wholesale services for interior materials for furniture; retail or wholesale services for interior and exterior materials for automobile; retail or wholesale services for digital photo printers, sublimation digital photo printers, digital photo printers for printing photo in the form of photo book or photo album, heat transfer printers, plastic card printers, bar code printers, computer printers and inkjet printers; retail or wholesale services for self-service certificate photographing machines, photo booths with automatic photographing function, digital image printers, photo print making machines, photo book making machines, photo print making machines with automatic photographing function and the capability of providing downloadable photo image, photo booths with automatic photographing function and the capability of providing downloadable photo image, photo print making machines with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image, photo booths with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image, photo print making machines with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards, photo booth with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards and automatic digital photographing machines; retail or wholesale services for ink ribbons and ink ribbon cassettes for digital photo printers, ink ribbons and ink ribbon cassettes for card printers; retail or wholesale services for ink ribbons and ink ribbon cassettes; retail or wholesale services for dye-sublimation printing papers, printing papers, papers and cardboards; retail or wholesale services for photographs, pictures and downloadable images including videos and still images; retail or wholesale services for chemical compositions for developing, printing and enlarging photographs; retail or wholesale services for photomasks for manufacturing semi-conductors; retail or wholesale services for office furniture; retail or wholesale services for projection screens and rear projection screens; retail or wholesale services for industrial packaging containers of wood,

bamboo, plastic, glass, ceramic, vinyl, rubber, paper and cardboard; retail or wholesale services for paper bags for packaging; retail or wholesale services for tapes for packaging and buffer materials; retail or wholesale services for pouch for packaging, flexible package, plastic films for packaging, laminated tube for packaging and semi-worked plastic films being as packaging material; retail or wholesale services for paper bags, paper lids, plastic bottles, plastic stoppers, plastic lids all for packaging purposes; retail or wholesale services for plastic packaging films for medical purposes, plastic packaging containers for medical purposes and paper packaging containers for medical purposes; retail or wholesale services for packaging containers of wood, bamboo, plastic, glass, ceramic, vinyl, rubber, paper and cardboard for pharmaceutical purposes; retail or wholesale services for electronic chip cards for data input and recording, electronic circuit cards, magnetic cards, integrated circuit cards and optical cards; retail or wholesale services for paper sheets, office paper stationery and slip pads; advertising and publicity services; sales promotion of goods and services for others; organization and production of advertising printed matter; dissemination of advertising matter, namely, brochures, pamphlets and printed matter; business consulting; business management analysis or business consultancy; marketing; office functions; office administration; document reproduction; office functions, namely filing, in particular documents or magnetic tapes; compilation of information into computer databases; shorthand; transcription; providing business assistance to others in the operation of data processing apparatus namely, computers, typewriters, telex machines and other similar office machines; welcoming services for third parties in buildings; office machines and equipment rental; rental of typewriters and copying machines; providing commercial information and advice for consumers in the choice of products and services; providing employment information; news clipping services; drawing up of statements of accounts; employment agency services; import-export agency services; organization, arranging and conducting events, exhibitions and trade shows for sales promotion of goods and services and advisory services thereof; retail or wholesale services for cameras, lenses, photography lighting apparatus and photographic machines and apparatus; retail or wholesale services for digital cameras, digital photo frames, mobile phones and accessories thereof; retail or wholesale services for mobile phones, application programs for mobile phones and computer programs; retail or wholesale services for telecommunication devices and electrical machinery and apparatus; retail or wholesale services for downloadable voice, music, video and image files; retail or wholesale services for albums and stationery; retail or wholesale services for photographs and photograph stands; retail or wholesale services for photograph and picture frames; retail or wholesale services for photo books; retail or wholesale services for electronic publications; provision of advertising space; provision of administrative services relating to the application for the issuance of identification cards [for others] using communication terminals capable of connecting with public institutions, non-public enterprises and cloud server data centers; image and sound data file management; rental of advertising material; advisory services for business management in relation to photograph; computerized file management utilizing computer databases; arranging of

contract, for others, for duplication of photographic image data on recording media; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management of hotels; business management; marketing research or analysis; providing information concerning commercial sales.

Class 39
Beverage filling in bottles, containers and packages; bottling services; wrapping of goods and cargo packaging; packaging of goods; cargo unloading; transport services; advisory and information services relating to transport; transport brokerage; distribution of energy; consulting services relating to energy distribution; conducting of travel tours; escorting of travel tours; travel arrangement and reservation services, excluding those for lodging; warehousing services; temporary safekeeping of personal belongings; temporary storage of deliveries; rental of warehouse space; rental of loading-unloading machines and apparatus; rental of packaging or wrapping machines and apparatus; rental of freezers for household purposes; rental of refrigerator-freezers for household purposes; rental of freezing machines and apparatus for industrial purposes; rental of refrigerator-freezers; rental of freezers.

Class 40
Rental of photo print making machines and photo book making machines; photograph printing; printing of photographic images from digital media; sterilization of food and beverages (preservation of food and beverage); asepticizing of food and beverages; aseptic processing services for beverages; food processing; food preservation; metal treating; processing of plastics; paper treating and working; photographic enlarging; photographic printing; photographic film development; bookbinding; photogravure; rental of machines and apparatus for film development, photograph printing, photograph enlargement or photograph finishing; rental of bookbinding machines; rental of machines and apparatus for processing foods or beverages; rental of machines and apparatus for pulp-making, papermaking or paper-working; providing material treatment information; printing; rental of printing machines and apparatus; metal, plastic, wood and paper laminating.

Class 41
Providing online non-downloadable images, moving images, images with sound, moving images with sound and videos; providing non-downloadable images and moving images from the Internet; arranging and conducting seminars; providing electronic publications, not downloadable; reference libraries of literature and documentary records; art exhibition services; museum services; photograph exhibitions; providing space for exhibition of photographs; publication of photo books, for others, and information services thereof; publication of books and photo album books, for others, and advisory services thereof; photography using photographing machines; photography in photo booths with automatic

photographing function; photography; video photography; photo studio services; digital imaging services relating to photographic image data on recording media; processing, modifying and editing of electronic image and moving image; rental of photo print making machines with automatic photographing function and photo booth with automatic photographing function; rental of automatic digital photographing machines; rental of digital photo printers for printing photo in the form of photo book or photo album; entertainment services; arranging, conducting or organization of exhibitions and events for educational, cultural or entertainment purposes; arranging, conducting or organization of workshops featuring experience learning; arranging, conducting or organization of game meetings and game events; arranging, conducting or organization of exhibitions and events for entertainment purposes; exhibition of pictures and paintings; productions of electronic publications; educational and instruction services relating to arts, crafts, sports or general knowledge; arranging and planning of movies, shows, plays or musical performances; providing videos from the internet, not downloadable; providing digital music from the Internet, not downloadable; production of videotape film in the field of education, culture, entertainment or sports [not for movies or television programs and not for advertising or publicity]; organization of entertainment events excluding movies, shows, plays, musical performances, sports, horse races, bicycle races, boat races and auto race; providing audio or video studio services; providing facilities for movies, shows, plays, music or educational training; rental of pictures.

Priority Details:

Class Number: 09
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: virtual reality computer software; virtual reality headsets; projection apparatus; planetarium projectors; head mount displays; 3d digital archive systems; projection screens; rear-projection screens; projection screens for super short focus projectors; plastic films for inkjet printer member; electromagnetic wave shielding material for printed wiring board; electromagnetic wave shielding material for high speed transmission wiring; computer program for checking, verifying and certifying the alteration of electronic information; computer software for securing data on computer and electronic device; security tokens [encryption devices]; operating software for virtual private network [vpn]; devices for virtual private network [vpn]; computer software for planning and producing advertisement printed matter, video software and advertisement media; laminated structure cards; metal wiring substrate for light emitting diodes [led]; contrast and color adjustment plastic films for liquid crystal displays and organic electro luminescence displays; retardation films for liquid crystal displays and organic electro luminescence displays; diffraction optical element; glass covers for the protection of display

screens of display devices; light guiding panels; surface films for foldable display devices; optical waveguide; master plate of optical waveguide; plastic prism films for liquid crystal displays and organic electro luminescence displays; communication antenna in the form of film wired by metal mesh; film for antenna wired by ultrafine metal mesh; transparent antenna film; electrode films for capacitive touch panels; fresnel lenses and lenticular lenses for projection screens; fresnel lenses; lenticular lenses; anti-reflection plastic films for organic electro luminescence displays; anti-glare plastic films for organic electro luminescence displays; viewing angle enlarging plastic films for liquid crystal displays and organic electro luminescence displays; protective plastic films for the surface of liquid crystal displays and organic electro luminescence displays; parts and components of electronic circuit boards; parts and components of computer hard disc drives; parts and components of liquid crystal displays and organic electro luminescence displays.

Class Number: 11
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: planar lighting apparatus using sheet-type light-emitting diodes [led]; light-emitting diodes [led] lighting apparatus; electric lamps and other lighting apparatus; headlights for automobiles; lights for automobiles; lighting apparatus and installations; light bulbs for directional signals for vehicles; lighting apparatus for vehicles; vehicle headlights; anti-dazzle devices for vehicles [lamp fittings]; anti-glare devices for vehicles [lamp fittings]; lights for vehicles; refrigerated shipping containers; refrigerating containers; portable coolers, electric; coolers, electric.

Class Number: 16
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: transport containers of paper; papers for manufacturing packaging materials; paper sheets used as lids; paper lids; paper sheets printed with infrared absorbing ink for use with electronic pens; rolled paper films for packaging medicines and drugs; papers sheets for manufacturing flexible packaging bags for medicines and drugs; rolled plastic films for packaging medicines and drugs; industrial packaging containers of paper or cardboard.

Class Number: 17
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: lighting films; plastic films for manufacturing blinds for light control;

shading films for windows; light reflecting plastic films for photosynthesis-accelerating for farm crops; plastic films for inkjet printers; plastic films for manufacturing materials for inkjet printers; electromagnetic wave shielding films of plastic for printed wiring board; electromagnetic wave shielding films of plastic for high speed transmission wiring; films for manufacturing heat insulating materials; barrier films for manufacturing heat insulating materials; films for battery pouches; label, seal, transfer film, patch-type laminate film and transfer leaf of plastic on which surface hologram is formed; sheet of plastic on which surface hologram is formed; films coated with resin irradiated with electron beam (eb) for interior or exterior use [not for building]; films coated with urethane for interior or exterior use [not for building]; decorative films; decorative films coated with titanium oxide for interior and exterior use [not for building]; films coated with resin irradiated with electron beam (eb), films coated with urethane, decorative films and decorative films coated with titanium oxide for vehicle interior or exterior use [not for building]; decorative plastic films to laminate with resin molded article by thermal pressure produced in the process of injection molding; easily releasable films of plastic for packaging; transparent conductive films using silver nanowire; plastic films for the protection of resin and glass surface; contrast and color adjustment plastic films for manufacturing liquid crystal displays and organic electro luminescence displays; retardation films for manufacturing liquid crystal displays and organic electro luminescence displays; light reflecting sheets of plastic; silver reflection films; silver reflection screens; light control plastic films for anti- reflection; semi-worked plastic for manufacturing light guiding panels; films for manufacturing surface films for foldable display devices; plastic films for manufacturing communication antenna in the form of film wired by metal mesh; film for antenna wired by ultrafine metal mesh; transparent antenna film; electrode films for capacitive touch panels; plastic sheets and films for manufacturing flexible packaging bags; semi-worked plastic for manufacturing packaging materials; plastic sheets used as lids; plate resin glass; curved surface resin glass; resin glass for windows; viewing angle enlarging films of plastic for manufacturing liquid crystal displays; plate glass for car windows; organic glass made of polycarbonate; organic glass made of plastic; organic glass; curved surface organic glass; plate organic glass; resin glass; resin films and sheets for manufacturing light guiding panels; prism films of plastic for manufacturing liquid crystal displays and organic electro luminescence displays; plastic sheets and plates for manufacturing lens films, fresnel lenses and lenticular lenses; plastic sheets for manufacturing projection screens; plastic for manufacturing flexible packaging bags for medicines and drugs; surface protecting films of plastic for manufacturing liquid crystal displays and organic electro luminescence displays; hollow structure silica particles for heat insulation, electric insulation and flameproof; anti-reflection plastic films for manufacturing organic electro luminescence displays; anti-glare plastic films for manufacturing organic electro luminescence displays; viewing angle enlarging films of plastic for manufacturing liquid crystal displays and organic electro luminescence displays; plastic films coated with silica-based agent; laminated plastic films interposing liquid crystal.

Class Number: 20
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: packaging containers of plastic for transport purpose; packaging containers of plastic with heat insulating and cold insulating performance for transport purpose; insulating plastic containers for food; packaging containers, not of metal, for transport purpose; indoor window shades [furniture]; indoor blinds; lids of composite material laminated with plastic film and aluminum foil; plastic lids; boxes of wood or plastic.

Class Number: 35
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: retail or wholesale services for laminated plastic films interposing liquid crystal; retail or wholesale services for plastic films; retail or wholesale services for printed matter; retail or wholesale services for parts of electronic precision instrument; retail or wholesale services for electronic machines, apparatus and their parts; retail or wholesale services for building and construction materials; retail or wholesale services for wallpapers; retail or wholesale services for flooring materials; retail or wholesale services for interior and exterior materials for building; retail or wholesale services for interior materials for furniture; retail or wholesale services for interior and exterior materials for automobile; retail or wholesale services for digital photo printers, sublimation digital photo printers, digital photo printers for printing photo in the form of photo book or photo album, heat transfer printers, plastic card printers, bar code printers, computer printers and inkjet printers; retail or wholesale services for self-service certificate photographing machines, photo booths with automatic photographing function, digital image printers, photo print making machines, photo book making machines, photo print making machines with automatic photographing function and the capability of providing downloadable photo image, photo booths with automatic photographing function and the capability of providing downloadable photo image, photo print making machines with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image, photo booths with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image, photo print making machines with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards, photo booth with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards and automatic digital photographing machines; retail or wholesale services for ink ribbons and ink ribbon cassettes for digital photo printers, ink ribbons and ink ribbon cassettes for card printers;

retail or wholesale services for ink ribbons and ink ribbon cassettes; retail or wholesale services for dye-sublimation printing papers, printing papers, papers and cardboards; retail or wholesale services for photographs, pictures and downloadable images including videos and still images; retail or wholesale services for chemical compositions for developing, printing and enlarging photographs; retail or wholesale services for photomasks for manufacturing semi-conductors; retail or wholesale services for office furniture; retail or wholesale services for projection screens and rear projection screens; retail or wholesale services for industrial packaging containers of wood, bamboo, plastic, glass, ceramic, vinyl, rubber, paper and cardboard; retail or wholesale services for paper bags for packaging; retail or wholesale services for tapes for packaging and buffer materials; retail or wholesale services for pouch for packaging, flexible package, plastic films for packaging, laminated tube for packaging and semi-worked plastic films being as packaging material; retail or wholesale services for paper bags, paper lids, plastic bottles, plastic stoppers, plastic lids all for packaging purposes; retail or wholesale services for plastic packaging films for medical purposes, plastic packaging containers for medical purposes and paper packaging containers for medical purposes; retail or wholesale services for packaging containers of wood, bamboo, plastic, glass, ceramic, vinyl, rubber, paper and cardboard for pharmaceutical purposes; retail or wholesale services for electronic chip cards for data input and recording, electronic circuit cards, magnetic cards, integrated circuit cards and optical cards; retail or wholesale services for paper sheets, office paper stationery and slip pads; advertising and publicity services; sales promotion of goods and services for others; organization and production of advertising printed matter; dissemination of advertising matter, namely, brochures, pamphlets and printed matter; business consulting; business management analysis or business consultancy; marketing; office functions; office administration; document reproduction; office functions, namely filing, in particular documents or magnetic tapes; compilation of information into computer databases; shorthand; transcription; providing business assistance to others in the operation of data processing apparatus namely, computers, typewriters, telex machines and other similar office machines; reception services for visitors in buildings; office machines and equipment rental; rental of typewriters, copying machines and word processors; providing commercial information and advice for consumers in the choice of products and services; providing employment information; providing information about newspaper articles; drawing up of statements of accounts; employment agency services; import-export agency services; organization, arranging and conducting events, exhibitions and trade shows for sales promotion of goods and services and advisory services thereof; retail or wholesale services for cameras, lenses, photography lighting apparatus and photographic machines and apparatus; retail or wholesale services for digital cameras, digital photo frames, mobile phones and accessories thereof; retail or wholesale services for mobile phones, application programs for mobile phones and computer programs; retail or wholesale services for telecommunication devices and electrical machinery and apparatus; retail or wholesale services for downloadable voice, music, video and image files; retail or wholesale services for albums and stationery; retail or

wholesale services for photographs and photograph stands; retail or wholesale services for photograph and picture frames; retail or wholesale services for photo books; retail or wholesale services for electronic publications; provision of advertising space; application for the issuance of identification cards [for others] using communication terminals capable of connecting with public institutions, non-public enterprises and cloud server data centers; image and sound data file management; rental of advertising material; advisory services for business management in relation to photograph; computerized file management utilizing computer databases; arranging of contract, for others, for duplication of photographic image data on recording media.

Class Number: 39
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: beverage filling in bottles, containers and packages; bottling services; wrapping of goods and cargo packaging; packaging of goods; cargo unloading; transport services; advisory and information services relating to transport; transport brokerage; distribution of energy; consulting services relating to energy distribution; conducting of travel tours; escorting of travel tours; travel arrangement and reservation services, excluding those for lodging; warehousing services; temporary safekeeping of personal belongings; temporary storage of deliveries; rental of warehouse space; rental of loading-unloading machines and apparatus; rental of packaging or wrapping machines and apparatus; rental of freezers for household purposes; rental of refrigerator-freezers for household purposes; rental of freezing machines and apparatus for industrial purposes.

Class Number: 40
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: photograph printing; printing of photographic images from digital media; sterilization of food and beverages; asepticizing of food and beverages; aseptic processing services for beverages; beverage filling processing in bottles, containers and packages.

Class Number: 41
Priority Date: 31/03/2020
Country/Territory: JAPAN
Priority Application Number:
Goods and/or Services: arranging, conducting or organization of exhibitions and events for educational, cultural or entertainment purposes; arranging, conducting or organization of workshops featuring experience learning; arranging, conducting or organization of game

meetings and game events; arranging, conducting or organization of exhibitions and events for entertainment purposes; exhibition of pictures and paintings; productions of electronic publications.

Applicant/Proprietor Details:

HYDRANAUTICS

Goods and/or Services:

Class 07
Motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; metalworking machines and tools; chemical processing machines and apparatus; filter elements for chemical processing; cartridges for filtering machines; filtering machines; filters [parts of machines or engines]; membrane filters for use as parts of machines; food or beverage processing machines and

apparatus; desalination films for food or beverage processing machines and apparatus; disintegrators; agitators; machines for the mineralisation of drinking water; wrapping machines; chemical processing filters; hydraulic turbines; dynamos; waste disposal units; mineral water making machines; oil refining machines; gas separating machines; separating machines; water separators; agricultural machines; plowing machines and implements, other than handheld tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines [feed cutters]; fodder mixing machines [feed mixers]; cake-fodder crushing machines [feed mills]; milk filtering machines; milking machines; chick brooders; sericultural machines and implements; glassware manufacturing machines and apparatus; painting machines; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines and apparatus for manufacturing rubber goods; parts of motors and engines [except for land vehicles]; filters for cleaning cooling air, for engines; water mills; wind mills; pneumatic or hydraulic machines and instruments; pumps [machines]; adhesive tape dispensing machines; automatic stamping machines; machines and apparatus for wax-polishing, electric; vacuum cleaners; electric wax-polishing machines; air filters for vacuum cleaners; dust filters for vacuum cleaners; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs [parts of machines]; brakes for machines.

Class 09
Scientific research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; breathing apparatus for underwater swimming; electronic game software; meters; measures; network communication equipment; integrated circuits; resistances, electric; pollution sensors; remote control devices; heat regulating apparatus; electrolysers; game programs for arcade video game machines; laboratory apparatus and instruments; scientific research apparatus and instruments; membranes for filtration [scientific]; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; polarizing film for displays; polarizing film for optical machines and apparatus; optical films;

measuring machines and instruments; testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical control apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; telecommunication machines and apparatus; personal digital assistants; smartphones; protective films for personal digital assistants; clear protective covers for personal digital assistants; acoustic membranes used in sound recording or reproducing apparatus; electronic apparatus and their parts; electronic control apparatus; electron tubes; semi-conductor elements; electronic circuits; computer programs; computer software; computer software platforms, recorded or downloadable; computer software applications, downloadable; barcode label printers; computer software, recorded; protective films adapted for computer screens; circuit boards; circuit boards capable of reading and writing on a hard disk; protective films for electronic apparatus and their parts; Geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; recorded video discs and video tapes; phonograph records; downloadable music files; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics; fiber optics connectors; photoelectric composite wiring boards; printed wiring boards; gas separators for scientific and laboratory use; filters for use with gas separators for scientific and laboratory use; membrane elements for use with gas separators for scientific and laboratory use; plastic flat films and membranes for use with gas separators for scientific and laboratory use; protective plastic films adapted for screens for electronic or optical apparatus and instruments; computer software platforms; modems; network routers; computer servers; computer software for use in the operation and control of electronic medical interview systems; computer software for use in the field of kinesiology; audiovisual teaching apparatus; teaching apparatus; wearable computers; protective films adapted for smartphones; smartglasses; smart rings; respiratory masks, other than for artificial respiration; filters for respiratory masks; protective masks; decorative magnets.

Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; toilet bowls and seats sold as a unit; shower

enclosures; electric water heaters; ionization apparatus for the treatment of air or water; radiators [heating]; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; drying apparatus for harvest; forage drying apparatus; air conditioners; heating apparatus; heating apparatus, electric; boilers, other than parts of machines; freezing machines and apparatus; laundry dryers, electric; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations; dish drying machines; dish disinfectant apparatus; kitchen sinks; tap water faucets; level controlling valves for tanks; pipe line cocks; pressure reducing valves for water supply; air vent valves; filters for air conditioners; dust filters for air conditioning; waste water treatment tanks; septic tanks; waste water treatment apparatus; waste water purification installations; filtration membranes for use with waste water treatment equipment; membrane elements for use with waste water and sewage purification equipment; plastic membranes for use with waste water and sewage purification equipment; water filters; desalination units; reverse osmosis membranes for seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filter for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; water purification equipment and machines for the treatment [purification] of water; electric lamps; lighting apparatus; filters for automobile lights; water purifying apparatus and machines; filtration membranes for water purifying apparatus and machines; filtration membrane elements and modules for water purifying apparatus and machines; plastic membranes for water purifying apparatus and machines; filters for water purifying apparatus and machines; filter cartridges for electric water purifying apparatus and machines; membrane elements and other components for water purifying installations; electric water purifying apparatus and machines; air filters for air purifying apparatus and instruments; filters for air extractor hoods; washers for water taps; cooking heaters; tap-water filters, non-electric; warming pans; pocket warmers; hot water bottles; breathable air filters for disposable heating pads; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs; separators for purifying gas; filers for use with separators for purifying gas; membrane elements for use with separators for purifying gas; plastic flat filtration films and membranes for use with separators for purifying gas; footmuffs, electrically heated; electric pocket warmers for warming hands; footwarmers, electric or non-electric; sterilizers; heating elements; hair dryers; cooking utensils, electric; cookers; hand drying apparatus for washrooms; water supply installations; coolers, electric; deodorizing apparatus, not for personal use; dehumidifiers; air filtering installations; air deodorising apparatus; filters for

air conditioning; fans [air-conditioning]; humidifiers; heat pumps.

Class 17
Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; flexible pipes, tubes and hoses, not of metal; mica [raw or partly processed]; valves of rubber or vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; plastic film, other than for wrapping; marine pollution control membranes, in the nature of insulating waterproofing membranes; electrical insulating materials; insulating materials; heat insulation materials; sound proofing materials; padding materials of rubber or plastics; stuffing of rubber or plastics; electrical insulating tapes; electrical insulating rubber products; insulation sealing materials; insulating varnish; washers of rubber or vulcanized fiber; plastic fiber, not for textile use; plastic fibers, not for use in textiles; insulating materials of mineral wool; slag wool; rubber thread and covered rubber yarn, not for textile use; plastic yarn and thread, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper in the nature of insulators; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic film for protecting objects; semi-processed plastics in the form of sheets; adhesive-coated plastic film and sheet; light-proof plastic film; light-proof plastic film for use on windows; heat-shielding plastic film for use on windows; ultra-violet-shielding plastic film; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheet; polymeric porous plastic film; laminated plastics, semi-processed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic film for use in the manufacture of dust removal mats; polymeric film for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; plastic foam filling materials not for building purposes; heat-insulating plastic film and sheet, not for wrapping; surface-coated epoxy resin films; reverse osmosis membranes in the nature of semi-processed plastics, for seawater desalination and water treatment; fluorescent self-adhesive gel plastic sheets for use in semiconductor encapsulation; insulating polyimide resin sheets; polarization plastic film and sheets; polarization films for liquid crystal displays; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; plastic

substances, semi-processed; semi-processed plastic films, membranes and sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for waste water and sewage purification; fluoro rubber; rubber for use in manufacture; rubber for vibration suppression; synthetic rubber; soundproofing materials of mineral wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; industrial adhesive tapes; self-adhesive tapes, other than stationery and not for medical or household purposes; removable industrial adhesive tapes; industrial masking tapes; adhesive bands, other than stationery and not for medical or household purposes; adhesive-coated tapes for hazard marking; self-adhesive tapes for protection of objects; adhesive tapes for heat shielding; adhesive tapes for water proofing; adhesive tapes for dust proofing; adhesive tapes for corrosion proofing; adhesive tapes for repairing; adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafer; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking; masking tapes for use in painting; masking tapes for automobiles; masking tapes for printing boards; masking tapes; polymeric porous tapes for industrial use; breathable adhesive tapes for industrial use; seals; seals for watertight, airtight, soundproofing and thermal insulation for electric home appliances; seals for watertight, airtight, soundproofing and heat insulation for automobiles; repair sealing materials consisting of an epoxy resin and curing agent; fluorine resins, semi-processed; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; plastic fibers, other than for textile use; threads of plastic materials, other than for textile use; thermal insulating materials for footwear; plastic films for preventing dew condensation of windows.

Class 37
Building construction; installation, repair and maintenance of cinematographic machines and apparatus; installation, repair and maintenance of optical machines and apparatus; installation, repair and maintenance of photographic machines and apparatus; installation, repair and maintenance of electronic machines and apparatus; installation, repair and maintenance of telecommunication machines and apparatus; installation, repair and maintenance of measuring and testing machines and instruments; installation, repair and maintenance of medical machines and apparatus; installation, repair and maintenance of chemical processing machines and apparatus; installation, repair and maintenance of metalworking machines and tools; installation, repair and maintenance of machines and systems for manufacturing integrated circuits; installation, repair and maintenance of semi-conductor manufacturing machines and systems; installation, repair and maintenance of machines and apparatus for processing food or beverages; installation, repair and maintenance of agricultural machines and implements; installation, repair and maintenance

of plastic processing machines and apparatus; installation, repair and maintenance of packing or wrapping machines and apparatus; installation, repair and maintenance of cooking apparatus for industrial purposes; installation, repair and maintenance of industrial dish washing machines; installation, repair and maintenance of water pollution control equipment; installation, repair and maintenance of water purifying apparatus and machines; repair of sports equipment; cleaning of building exterior surfaces; window cleaning; cleaning of carpets and rugs; floor polishing; septic tank cleaning; cleaning of storage tanks; installation, repair and maintenance of adhesive tape dispensing machines; construction consultancy; maintenance of building equipment; plumbing; boiler cleaning and repair; rental of drainage pumps.

Class 40
Material treatment information; custom construction of machines; custom assembling of materials for others; metal treating; processing of rubber; processing of plastics; plastic film treating; ceramic processing; paper treating; processing of cinematographic films; photographic enlarging; photographic printing; processing of photographic films; water treatment services; waste water treatment; air purification; air freshening; air deodorizing; processing of chemicals; recycling of chemicals; boilermaking; fabric waterproofing; food and drink preservation; decontamination of hazardous materials; desalination of water; processing of chemical reagents; recycling of waste and trash; sorting and disposal of waste and trash; rental of machines and apparatus for treating textiles; rental of metal treating machines and tools; rental of machines and apparatus for processing foods or beverages; rental of machines and apparatus for pulp-making, papermaking or paper-working; rental of water purifying apparatus; rental of water filters; rental of waste compacting machines and apparatus; rental of waste crushing machines and apparatus; rental of chemical processing machines and apparatus; rental of glassware manufacturing machines and apparatus; rental of heating apparatus; rental of air-conditioning apparatus; rental of humidifiers; rental of air purifiers; rental of power generators; rental of printing machines and apparatus; rental of boilers.

Class 42
Scientific and technological research and design; industrial analysis and industrial research services; industrial design services; quality control; design and development of computer hardware and software; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; designing of water treatment equipment; designing of electric wires; designing, other than for advertising purposes; computer software design; computer programming; maintenance of computer software; computer system design; software as a service [SaaS]; platform as a service [PaaS]; cloud computing; electronic data storage; technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing, inspection or research of cells and tissue cultures; research,

development, testing and inspection in the field of manufacturing and applications of plastics; research, development, testing and inspection in the field of water treatment; water analysis; water quality control services; monitoring of water quality; underwater exploration; marine, aerial and land surveying; analysis and monitoring of air quality; chemical analysis; styling [industrial design]; testing, calibration and inspection of filters; environmental monitoring services; research and development of new products for others; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; environmental analysis and research; material inspection and evaluation by analytical instruments and physical property evaluation; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; testing or research on machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing computer programs on data networks; rental of laboratory apparatus and instruments; rental of technical drawing instruments; research, development, testing and inspection in the field of kinesiology.

M4ward

Goods and/or Services:

Class 01
Liquid and gaseous chemicals for industry and science; chemical compositions for industry and science; chemical precursors; high purity gases and chemical preparations; all aforementioned goods for use in the electronics, semiconductor, and micro-electromechanical industries; liquid and gaseous chemicals; high purity gases; chemical preparations and chemical mechanical planarization slurries; chemical compositions and high purity gases; all aforementioned goods for use as cleaning agents, chemical mechanical planarization, doping agents, lasers, etching agents, metallization agents, photoresist stripping agents, surface preparation agents, wafer cleaning agents, thin film deposition agents, chamber cleaning agents, post chemical mechanical planarization cleaning agents and residue removal agents; all aforementioned goods in the electronics, semiconductor and micro-electromechanical industries.

Class 06
Ampoules, containers and vessels made of metal, for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, and high purity and ultra-high purity gases as a process tool or process tool delivery system for use in the electronics, semiconductor, and microelectromechanical industries; containers made of metal for storing and dispensing liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity and ultra-high purity gases, chemical mechanical planarization slurries, chemical residue removal solutions, and materials in the electronics, semiconductor and microelectromechanical industries; and ampoules, containers, and vessels made of metal for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products and high purity and ultra-high purity gases that include systems and sensors for detecting the amount or level of material within the ampoule, container or vessel.

Class 20
Ampoules, containers and vessels made of plastic, for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, and high purity and ultra-high purity gases as a process tool or process tool delivery system for use in the electronics, semiconductor, and micro electromechanical industries; containers made of plastic for storing and dispensing liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity and ultra-high purity gases, chemical mechanical planarization slurries, chemical residue removal solutions, and materials in the electronics, semiconductor and microelectromechanical industries; and ampoules, containers, and vessels made of plastic for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products and high purity and ultra-high purity gases that include systems and sensors for detecting the amount or level of material within the ampoule, container or vessel.

Class 35
Business consulting services related to the sale of experimental and prototype products concerning liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity gases and preparations for use in the electronics, semiconductor, and microelectromechanical industries for others; business consulting services related to the sale of ampoules, containers and vessels made of glass, metal and plastic including experimental and prototype ampoules, containers and vessels for others.

Class 42
Product assessment and consulting services for quality control via analytical services, designing and design modeling of experimental and prototype products concerning liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity gases and preparations for use in the electronics, semiconductor, and microelectromechanical industries; product assessment and consulting services for quality control via designing and design modeling of ampoules, containers and vessels made of glass, metal and plastic including experimental and prototype ampoules, containers and vessels; assessment, consulting and inspection services of ampoules, containers and vessels made of glass, metal and plastic for quality control.

Goods and/or Services:

Class 01
Chemicals, chemical substances, chemical materials and chemical preparations; chemicals used for industrial, scientific, research and commercial manufacturing purposes or applications, including for batteries for electric vehicles, consumer electronic devices, power tools, electronic cigarettes, portable phones, smartphones and computers; chemical materials for producing, printing or manufacturing electrodes; lithium compounds, including for use in the production of electrodes for batteries; lithium compounds in powder form; lithium compound slurries combined with solvents and binders; nickel chemicals; nickel oxides; lithium nickel oxides; lithium nickel cobalt oxides; metal oxide powders for industrial purposes; chemicals and chemical pastes or slurries for use in printing electrodes and components of batteries; chemicals for use in printing; chemical preparations for use as solvents; solvents for use in manufacturing processes.

Class 07
Machines for the manufacture of electrodes, cathodes and anodes; machines and machine tools with motors and engines, engine drive units (except for land vehicles), in particular battery operated hand tool apparatus; parts and fittings for the aforesaid.

Class 09
Power packs [batteries]; electrochemical cells and batteries; rechargeable batteries; lithium batteries; lithium secondary batteries; lithium ion (Li-ion) batteries and electrochemical cells; replacement batteries; all of the aforesaid for use in particular with electric vehicles, consumer electronic devices, power tools, electronic cigarettes, portable phones, smartphones and computers; electrodes, cathodes and anodes; electrodes, cathodes and anodes; nickel-based, manganese-based and cobalt-based cathodes and electrodes; parts and fittings for the aforesaid.

Class 40
Custom manufacturing of chemicals and electrodes for others, including for the battery and fuel cell industries; contract services for the creation and manufacture of electrodes and batteries for others; chemical treatment, recycling, processing and conversion services in relation to compounds containing lithium; treatment of chemicals related to the development, discovery, creation, manufacturing, improvement and optimisation of compounds containing lithium, electrodes and batteries; printing of electrodes for batteries using slurries of compounds containing lithium combined with solvents and binders; rental or leasing of machines for the manufacture or printing of batteries, electrodes, cathodes and anodes; rental or leasing of a package of equipment, apparatus and materials to manufacture batteries, electrodes, cathodes and anodes; information, advisory, support and consultancy services relating to all of the aforesaid.

together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being advertising, marketing, promotion, business management, business advice, accountancy, finance, office functions; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being insurance, financial affairs, monetary affairs and real estate affairs; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being travel arrangement, travel booking, entertainment, training, sporting and cultural activities, provision of on-line electronic publications and digital music; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being design, broadcasting, providing food and drink, legal services; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being security services for the protection of property and individuals, dating services; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being telecommunications, e-mail services, chat room services, providing user access to the Internet, operating of search engines, transport, packaging and storage of goods, medical, hygienic and beauty care; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being distribution of electricity, travel information; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being education, providing of training, entertainment, sporting and cultural activities, the provision of on-line electronic publications and digital music from the Internet; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being technology services, research and design services, industrial analysis and research services, design and development of computer software APIs and APPs, computer consultancy services; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being design drawing and commissioned writing, creating, writing and compilation of web sites, hosting the web sites, providing food and drink, temporary accommodation; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being restaurant bar and catering services, provision of accommodation, booking/reservation of entertainment and/or transport services, medical services; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being garden design services, legal services, security services for the protection of property and individuals; the bringing together, for the benefit of others, of a variety of service providers enabling consumers to conveniently view and choose those services, being dating services, detective agency services; audience rating determination relating to broadcasts; photocopying; rental, leasing and hire of photocopying machines; print

procurement on behalf of others; document production procurement on behalf of others; outsourcing services in the field of management and administration of documents and materials for others; outsourcing services in the field of print management for others; purchasing printing and document reproduction services for others; outsourcing services in the field of administration and management of electronic documents for others; business project management; professional services, namely, consultancy and advice relating to the operations or functions of a business; administration and management of information and data for others; preparation of publicity documents; indexing and retrieval of business information, promotional information, data and images; electronic retrieval of information, data and images; business consultancy relating to the administration of information technology; data processing services; data processing; updating and maintenance of data in databases; business, marketing, advertising, promotions data analysis; compilation and systemisation of information, data and images into computer databases; computerised file management; providing information relating to business, branding, promotion and taxation; transcription of data; database management services; administrative services, namely collection of data in the fields of business, advertising, marketing and finance; electronic collection and processing services for data, images and electronic messages; information indexing and retrieving; compilation of directories for publishing on the Internet; provision of call handling; telephone answering services; call management services; word, data and information processing and typing services; personnel, human resource and recruitment services; provision of staff; assistance relating to recruitment and placement of staff; placement of temporary personnel; recruitment and placement of temporary personnel; temporary assignment of personnel; providing personnel on a temporary basis; arranging of contracts for manpower; providing contract staffs; outsourcing services in the field of administration and management of support services in offices and in industrial, commercial and retail premises; information relating to human resources and staff, including personal information, employment history, pay allowances and deployment; advisory, consultancy, research and information services relating to business and business management; business organisation consultancy; provision of business information; auditing; data processing services; business management consulting services in the field of information technology; marketing, advertising, promotions and business evaluation services; administration and management of business processes for others; outsourcing services for the functions of back and front office support services, receptionist, telephone answering, human resources, strategic planning, benefits administration, procurement, and business information technology systems management; provision of office facilities; business management of real estate (for others); payroll preparation; business marketing services; distribution of advertising mail and of advertising supplements attached to regular editions; direct mail advertising; distribution of advertising mail and of advertising supplements; office functions, namely, distribution and management of faxes, mail and communications; mail sorting, handling and receiving; preparing mailing lists; advertising and marketing campaign management for others; business appraisals; business, marketing, advertising, promotions

project management; project management of outsourcing of business, marketing, advertising, promotions; project management of outsourcing of financial and insurance services; project management of outsourcing of telecommunications, transmission, and broadcasting activities and services; project management of outsourcing of mail delivery, travel, and transportation; project management of outsourcing of collection delivery sorting packaging distribution transportation and storage of goods, electronic and digital data and images; project management of outsourcing of material treatment and printing services, activities and production of products thereby; project management of outsourcing of production, post-production, direction and distribution of educational training and entertainment programs, content, activities and recordings; project management of outsourcing of education, training, and entertainment events, activities, programs, recording and publishing; project management of outsourcing of editing, scripting, creation, and writing of entertainment, education and training events, activities and materials; project management of outsourcing of organization and producing seminars exhibitions ceremonies and conferences; project management of outsourcing of technology, research, design and IT services, activities; project management of outsourcing of legal services, licensing and security evaluation; information and advice in relation to electronic retailing services by electronic means; procurement of goods and services for third parties; tracking and identifying purchasing trends of goods and services; business management and administration; organizing, arranging, managing, and administering the provision of receptionist and door attendant services; receptionist services; outsourcing in connection with disaster recovery; business management, administration, evaluation and advertising in connection with disaster recovery; office function services; distribution of promotional materials for others; distribution services for promotional purposes, financial organisations, businesses, advertising purposes, management, administration, as part of office functions; office functions, namely, administration, management and organisation for the distribution of data, images and electronic messages; document reproduction; advisory services relating to data processing; collection, preparation, composition, processing, verification, retrieval and acquisition of data; compilation, retrieval, searching and systemization of data; data processing and management; electric data verification services; services consisting of the registration, collection, transcription, compilation and systemization of data; statistical evaluations of business, marketing, advertising, promotions and administration data; data entry; business data analysis; systemisation, collating and compilation of data into databases; provision of data relating to business, marketing, advertising, promotions, branding, trade shows and exhibitions, commerce, trading; provision of data relating to administration, collection, preparation, composition, processing, acquisition and provision of business information; preparation of business statistical data; consultancy relating to business, marketing, advertising, promotion, branding, commerce; consultancy relating to data related to business, marketing, advertising, promotions, branding, and commerce; consultancy relating to the collection, preparation, composition, processing, acquisition and provision of business information and data; consultancy relating to business management,

administration, presentation of others, business process management, business acquisition and arranging and conducting of trade shows and exhibitions for commercial and advertising purposes; provision of business information; dissemination of data relating to business; data searches for others; creation of advertising and promotional campaigns; brand creation and development services; development of advertising and marketing concepts and materials for others; compilation, retrieval and provision of information relating to the specifications, suitability, availability and procurement of goods and services via electronic communications networks; commercial management assistance relating to office equipment; creation, supply and distribution of materials used for presentations for business purposes in the fields of business, marketing, advertising, promotional, financial, accounting, branding, trade show and exhibition, commercial, trading, management; creation, supply and distribution of materials used for presentations for business purposes in the fields of administration, education, entertainment, training, sports, cultural, conferences, competitions, instruction, courses, publishing, audio and video production, photography, scientific and technological services; creation, supply and distribution of materials used for presentations for business purposes in the fields of research, design, industrial analysis, design programming and development of computer hardware and software, branding, engineering; business project management services in the fields of education and training relating to project management, sporting and cultural activities, publishing services, services relating to software and hardware, scientific and technological services; business project management services in the fields of research and design, industrial analysis, research services, design and development of computer hardware and software, product development, product design; marketing, commercial and business evaluation relating to education and training, sporting and cultural activities, publishing services, software and hardware, scientific and technological services; marketing, commercial and business evaluation relating to research and design, industrial analysis, research, design and development of computer hardware and software, measurement, quality evaluation of materials, materials, product development, product design; provision of information relating to advertising, business management and administration, office functions, the organisation, operation and supervision of loyalty and incentive schemes, auctioneering, trade fairs; provision of information relating to opinion polling, data processing, provision of business information, services provided by retailers, and the above services using electronic communications networks; administrative services relating to customs submissions and clearance; commercial intermediation services relating to customs submissions and clearance; maintenance of insurance records and data in digital databases; stock management for others; production, post-production, editing, scripting, creation, writing, direction, recording and distribution of commercials; production, post-production, editing, scripting, creation, writing, direction, recording and distribution of advertisements, advertising and commercial materials and content; creation, production, post-production, recording, distribution and editing of visual, radio and audio advertising matter; creation, production, post-production, editing, recording and distribution of corporate

communications materials; script writing for advertising and corporate communications; advertising, marketing and promotions; organising and conducting trade shows; research and analysis in the field of businesses, advertising, marketing and promotions; compiling one or more databases relating to goods and services; professional consultancy relating to data processing; providing information and research relating to business, promotion and advertising via a computer database or a website; provision of data relating to compilation, retrieval and provision of business information, business presentations of others; consultancy relating to data relating to compilation, retrieval and provision of business information, business presentations of others; providing the aforesaid services using the Internet and other electronic communications networks; information supplied on the Internet or other electronic communications networks relating to the aforesaid services; compilation of legal information; outsourcing services in the field of administration and management of printing of documents for others; outsourcing services in the field of administration and management of production of documents for others; outsourcing services in the field of administration and management for others of material treatment services, printing services and custom production of documents; outsourcing services in the field of management of digital documents and data storage and back-up; consultation relating to management, use and administration of digital databases and computer databases; management of digital databases; business consultation and outsourcing services in the field of management and administration of computer systems for others; outsourcing services and consultancy related thereto in the field of management and administration of computer systems for others; consultancy and outsourcing services in the field of management and administration of computer systems and digital databases for human resource management; outsourcing services in the field of management of data storage; outsourcing services in the field of management of computer network security; outsourcing services in the field of management of mechanical and electrical equipment and apparatus for third parties; consulting services relating to management, organisation, compilation, systemisation, retrieval and processing of data; updating and maintenance of data in digital databases; consultancy and advice relating to data processing; business consultancy and advice relating to enterprise content; outsourcing services in the field of management of enterprise content; outsourcing services in the field of management of technology, research, design and IT services and activities; research and development of brands, marketing strategies, and business management and administration techniques; database management; updating and maintenance of data in computer databases; advisory services relating to management, compilation, systemisation, retrieval and processing of data; wholesale, retail, electronic shopping retail and mail order retail services in connection with the sale of software for translation of transmitted data; business project management in the field of legal, licensing and security inspection services for others; consultation and information relating to the aforesaid services.

Class 38

Broadcast services; interactive broadcast and communications services; transmission of messages, documents, letters, images, data; electronic transmission and distribution of printed matter; delivery of messages, documents, letters, images, data by electronic transmission, or online via a global computer network; electronic delivery of printed matter by electronic transmission, or online via a global computer network; transmission and distribution of documents by facsimile and communications networks; transmission and broadcasting electronically from a computer, database, Internet, Intranet, extranet or other communications network of information for business, domestic and electronic commerce purposes; communication by electronic mail systems; electronic mail, facsimile, telex and telephone services; data transmission by electronic mail; electronic mail services; hire, rental or leasing of electronic mail boxes and communication apparatus; provision of electronic mail facilities; transmission of information and data by electronic mail means; collection and delivery of messages by electronic mail; data communication by electronic mail; electronic and computer mail, mailbox and messaging services; electronic mail and facsimile transmission services; electronic transmission and receiving of cards, letters, mail and messages; communications services for the distribution of data; communications access services, namely, providing user bandwidth and dedicated access to the Internet to enable electronic access to computer software, Internet websites, Internet web software applications, electronic databases, software, data processing, data manipulation, data searching, digital content, and business computer software applications of others accessible via communications networks, online or via the Internet; advice, consultancy and providing information in relation to the provision of bandwidth to others; advice, consultancy and providing information relating to electronic access to computer software, Internet websites, Internet web software applications, electronic databases, software, data processing, data manipulation, data searching, digital content, and business computer software applications of others accessible via communications networks, online or via the Internet; transmission and distribution of documents, data and information by Internet, Intranet, extranet, web servers, c-commerce servers, mail servers, and wide area and local area networks; transmission and distribution of messages, documents, letters, images, data; provision of telecommunications access and links to computer databases, communications by computer terminals and by fibre optic networks; computer aided transmission of messages and images; providing user access to an intranet; distribution services for data, images and electronic messages; news agency services; communications utilising the Internet and other communication networks; web casting services; provision of telecommunication access and links to computer databases and the Internet and any proprietary or non-proprietary on-line services; data broadcasting; broadcasting, delivery and transmission of text, messages, information, sound, data, signals, software, programs and images; transmission and delivery of messages, documents, letters; inter-active video transmission services; communication services for access to information, messages, text, sound, images and data via communication and computer networks; telecommunications access services for access to a communications or computer network; electronic transmission, distribution and

broadcasting of information, text, images and data and messages; providing access to bulletin boards, providing online chat rooms for registered users for transmission of messages concerning virtual community and social networking; live streaming of video events on the Internet; providing chat rooms on the internet; on-line (through the Internet, Intranet, extranet, LAN, mobile communicators) communication services; providing online chat room services; electronic transmission, distribution, broadcasting of, and communication by, journals, chat rooms, web portals and blogs; providing on-line chat rooms for social networking; information, advice and consultancy in relation to all the aforesaid services; providing user access to a global computer network; broadcasting services for the uploading, posting, showing, displaying, tagging, blogging, sharing or otherwise providing electronic media or information over the Internet or other communication's networks; providing online forums for the transmission of messages, comments and multimedia content among users; providing chat room or discussion services on-line; providing access to a blog, chat room, bulletin board or discussion services; chatroom services for social networking; providing services and systems for transmission of information, data and signals over communication networks and computers; electronic information and data interchange services; data and voice communications; hire and rental of electronic mail boxes; communication of information (including web pages), computer programs and other data; information about communication and broadcasts by electronic media; providing access to websites and electronic pages; providing user access to the Internet and other electronic networks and databases; telecommunication gateway services; providing access to on-line information and communication services; providing secure communications systems; providing secure exchange and transmission of data, signals, images and sound; providing for a fee access to an interactive database relating to goods and services; providing access to bulletin boards, special interest forums and chat rooms utilising electronic communications networks; electronic communication by means of chatrooms; providing online chat rooms for registered users for transmission of messages concerning virtual community and social networking; chatroom services for social networking; electronic transmission, distribution and broadcasting of social networking websites; information relating to electronic transmission, distribution and broadcasting of social networking websites; message sending; providing access to Websites of third parties; providing e-mail services; providing online bulletin board services and chat room services; providing chat lines; providing systems for transmission of information, data and signals; transmission of information relating to goods and services; providing access to interactive databases relating to or for use in transmission of data, images and sound; communications services for accessing an interactive database; providing access to interactive databases; providing user access to liftmen Intranet, extranet, web servers, e-commerce servers, mail servers, and wide area and local area networks; provision of telecommunications access, connections and links to databases, communications by computer terminals and fibre optic networks; broadcasting; broadcasting and transmission of radio and television programmes; transmission of news; news agency services; broadcasting and transmission services

provided via satellite, cable, radio, television, the Internet and any other medium; mobile telephone and messaging services; providing the aforesaid services using an interactive database, the Internet and electronic communications networks; broadcasting, transfer and transmission of data; communication of data; computer aided transmission of data; consultancy services relating to data communications; data transmission and communication services; data exchange services; electronic mail services for data; transfer of data via digital networks; provision of access to data and data networks; receipt and delivery of data; rental of apparatus for telecommunications and for sending and retrieving data; satellite, cable, network transmission of data; secure transmission of data; leasing access time to a computer database; provision of information relating to telecommunications, communications, e-mail services, providing user access to the Internet (service providers), and the above services utilizing electronic communications networks; providing access to information online relating to goods and services; providing for a fee access to one or more databases containing information relating to goods and services; leasing access time to a database, information, images, music and sound, accessed using the Internet and other electronic communications networks; operating bulletin board services and chat room services over electronic communications networks; electronic distribution and arranging the distribution of letters, communications, information and data to management and staff within a business; electronic distribution services for data, images and electronic messages; telecommunications, transmission and broadcasting activities and services; project management for others of telecommunications, transmission and broadcasting activities and services; mail services utilising the Internet and other communication networks; electronic mail services; voice mail services; email forwarding services; email data services; email message sending; secure email services; transmission of electronic mail; providing email services; electronic mailbox services; electronic transmission of mail and messages; collection and delivery of messages by electronic mail; provision of electronic mail facilities; rental of electronic mailboxes; data communication by electronic mail; electronic distribution of data, information, images and digital content for entertainment organisations, translation organisations, education organisations, training organisations and organisations providing sporting and cultural activities; electronic distribution of data, information, images and digital content for designers, researchers, IT personnel, legal businesses, security personnel; email data services for data relating to rental of goods; email message sending of data relating to rental of goods; secure email services for data and information relating to rental of goods; transmission of electronic mail relating to data and information relating to rental of goods; electronic mailbox services for data and information relating to rental of goods; consultancy relating to secure email services; electronic transmission of mail and messages for data relating to rental of goods; collection and delivery of messages by electronic mail of data relating to rental of goods; data communication by electronic mail of data and consultancy advice relating to rental of goods; distributing electronic catalogues; distribution of electronic journals and web logs featuring user generated or specified content; electronic transmission of electronic journals

and web logs featuring user generated or specified content; electronic delivery of electronic journals and web logs featuring user generated or specified content via global communications networks, Intranets and extranets; providing bulletin board services, chat room and chat-line services; virtual private network services; consultancy in the field of communications; consultancy relating to data relating to digital image transmission, distribution and broadcasting; providing the aforesaid services using the Internet and other electronic communications networks; information supplied on the Internet or other electronic communications networks relating to the aforesaid services; providing access to databases and websites that enable the collaborative sharing of documents, information and research relating to business, promotion and advertising; consultation and information relating to the aforesaid services.

Class 40
Treatment of textiles and clothing, footwear and headgear; treatment of building materials and parts; typesetting; printing of computer documents and data; variable data printing services; photographic printing; electronic and digital printing services; art work printing; laser printing; offset printing; printing of digitalized documents; printing of bar codes; printing of books; printing of electronic and computer documents; rental, leasing and hire of printing machines, apparatus, and parts thereof; sorting, destruction, incineration and recycling of waste, rubbish and documents; printing services; sanitary disposal of waste; provision of data relating to treatment of materials, development, duplicating and printing of photographs, generation of electricity, and printing; provision of information relating to treatment of materials, development, duplicating and printing of photographs, generation of electricity, printing and the above services; consultancy relating to treatment of materials, development, duplicating and printing of photographs, generation of electricity, printing and the above services; document shredding; consultancy, advice and information relating to printing of documents; consultancy, advice and information relating to customized printing of documents for others; material treatment services, printing services and custom production of products; compacting of waste services; consultancy relating to data relating to digital image printing; providing the aforesaid services using the Internet and other electronic communications networks; information supplied on the Internet or other electronic communications networks relating to the aforesaid services; consultation and information relating to the aforesaid services.

Class 41
Script, report, guide, speech and text writing services; publishing of scripts; library services related to documents stored and retrieved by electronic means; editing of documents; digital publishing; publication and issuing of electronically displayable text, graphics, pictures, sound and information; publication and issuing of printed and electronic matter; publishing services; information and advisory services relating to publishing; desk top publishing; publishing of educational and instructional materials; publishing services carried out by

electronic and computerised means; publication and issuing of electronically displayable text, graphics, pictures, sound, data and information; publishing on-line electronic publications; publication of electronic books and journals; publishing printed and electronic catalogues, directories, magazines, newsletters, guides, books, bulletins, newspapers, documents, data and texts and materials; micrographics publishing; artistic direction; publishing electronic journals and web logs featuring user generated or specified content; translation of documentation; cultural activities provided on-line from a computer, the Internet, Intranet, extranet, LAN or other electronic networks; translation services; news report services; publication of books and of texts; provision of information relating to sporting and cultural activities; provision of on-line electronic publications and digital music utilising the Internet; reservation, booking, issuing, supplying and arranging tickets for entertainment events, educational events, training events, cultural and sporting events, seminars, exhibitions, ceremonies and conferences; editing, writing and publishing of texts; desktop publishing (DTP) services; project management of production, post-production, direction and distribution of educational training and entertainment programs, content, activities and recordings; project management of education, training, and entertainment events, activities, programs, recording and publishing; project management of editing, scripting, creation, and writing of entertainment, education and training events, activities and materials; providing quizzes; provision of multimedia and electronic publications; providing the aforesaid services using the Internet and other electronic communications networks; document publication; information supplied on the Internet or other electronic communications networks relating to the aforesaid; consultancy, advice and information relating to production services relating to documents; consultation, advice, assistance, research and information relating to the aforesaid services.

Class 42
Technological services for businesses; industrial analysis and research services; design and development of software; design consultancy; design feasibility studies; design of brands; design and creation of art work; graphic design; graphic art design services; design of documents and materials; design of multimedia materials; web site creation and design; computer aided graphic design; design of printed matter; design of stationery; design services relating to the layout of documents; design services relating to publishing; commercial design services relating to printing; design of materials for printing and publishing; design of storage systems; evaluation of designs; packaging design services; commercial design services; design services relating to signs; visual design; design of exhibition stands; computer-aided design services; consultancy relating to design; custom design services; design of digital data storage and back-up; design of digital documents; web development services; creation, design, development and maintenance of software; creation, design, development and maintenance of websites and apps; rental of software; creation, design and development of content management systems; technology consulting; engineering, IT, software, design and technical project management; electronic storage and

design of bar codes; providing temporary use of software; providing temporary use of software for use in monitoring broadcasts, advertising, colour matching, production of materials; technical analysis of colours; technical analysis of colours for reproduction and use in materials; programming of software for reading, transmitting and organising data; advisory services relating to computer software used for printing; programming of computers for the printing of bar codes; advisory services relating to computer software used for publishing; consultation services relating to design, creation, construction, formatting and development of digital databases and computer databases; recovery of computer data; design information relating to harmonisation of colours; design information relating to combination of colours; computer systems analysis relating to the tracking of documents and other materials through the use of computer systems and computer programming; providing temporary use of non-downloadable software to enable the tracking of data, information, images and digital content; providing temporary use of non-downloadable software for tracking packages, data, information and images over computer networks, intranets and the Internet; creating, programming and development of databases; rental of software for digital and computer database accessing and processing; rental of memory space for websites; software engineering services for database design, creation, construction, formatting, development and processing; research relating to digital computers and their use in database management; research relating to digital databases for use in retrieval, distribution and storage of information and data; research relating to hardware, software firmware and techniques for compilation, systemisation, processing, storage and retrieval of data; development of systems for the storage of data; computer software design; computer specification and systems design; designing information systems; database design; design of information systems; design services relating to data processors; design and implementation of websites and digital sites for businesses; computer systems analysis and design; design and development of computer systems for others; computer design and development services; computer programming services; computer rental and leasing; maintenance and updating of computer programs and software; computer virus protection services; conversion of computer programs and data (other than physical conversion); development of computer platforms; duplication of computer programs; installation of computer software; hosting computer sites; maintenance of computer software; monitoring of computer systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; providing information relating to computer technology and programming via a digital site; recovery of computer data; cloud computing; computer programming services; customisation, updating and maintenance of computer software; designing, programming and rental of computer systems and digital databases for human resource management; design of interior decor; design, technical project, engineering planning for emergencies that may interfere with operation of business and organisations; computer disaster recovery planning; design planning; planning the design and engineering of hardware, software, databases, websites, digital forums, communications networks,

digital devices, data handling devices; technical project planning; planning, design and development in connection with computer disaster recovery; design of business premises; office layout design services; creating and maintaining web sites; research and development of multimedia, intranet and internet and electronic communications sites and functions; hosting computer sites and websites; web site design; computer-aided scientific research services; administration and management of websites for others; scanning of hard copy information to create databases; scanning services; development and testing of electronic communications, word processing and information processing systems; research relating to security; testing of security products; web site hosting, content creation and search services; providing search engines for obtaining data on a wide variety of subject matters from a global communications network; research, authentication and technical advice services relating to quality control; research and authentication services relating to testing, analysis and evaluation of the goods and services of others; authentication and technological advice services relating to specifications, suitability and purchasing of goods and services; design, research, installing, maintaining and updating software for modifying the appearance and enabling transmission of music, audio, video, photographs; file sharing services, namely, hosting a digital platform featuring technology enabling users to upload and download electronic files; hosting on-line web facilities for others for managing and sharing on-line content; providing technological information from searchable indexes and databases; providing search engines for obtaining data via communications networks; computer services, namely, hosting electronic facilities in the nature of internet websites, mobile applications and other similar communication platforms for others for organizing and conducting meetings, events and interactive discussions; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; hosting a web site or APP that enables online users to create personal profiles; hosting a web site or APP featuring social networking information and enabling transfer and sharing such information among multiple websites; designing, creating, maintaining and providing temporary use of software applications for social networking, creating a virtual community, and transmission of music, audio, video, photographic images, text, graphics and data; computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information; designing, creating, maintaining and hosting websites and digital sites and platforms that enables users to transfer and share personal identity data; designing, creating, maintaining and providing temporary use of software applications for social networking, creating a virtual community, and transmission of audio, video, photographic images, text, graphics and data; designing, creating and maintaining computer software, computer programming and web page design; designing,

installing, maintaining and updating of websites and digital sites featuring information, including text, electronic documents, graphics and audio visual information; database design; installation of digital databases for others; research in computer and communication networks to organize groups and events, participate in discussions, and engage in social, business and community networking; computer services namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; providing technical information regarding web page design; computer services, namely, providing online software featuring personal information on a digital network; electronic data storage by means of global communications networks; data mining by means of global communications networks; electronic storage of digital media namely, data, documents, text, photographs, images, music, graphics, audio, video, and multimedia content; cloud computing services; cloud hosting in the nature of scalable hosting of computer software, Internet websites, Internet web software applications, electronic databases, digital content, and business computer software applications of others; technology support services, namely, troubleshooting of database problems; troubleshooting of computer network problems; infrastructure as a service (IaaS) featuring computer software platforms for creating, managing, and deploying cloud computing infrastructure services; installation, configuration, and operation of computer software platforms for creating, managing, and deploying cloud computing infrastructure services; research, design, and optimization of computer hardware and software to run computer software platforms for creating, managing, and deploying cloud computing infrastructure services; research, design, deployment, support, management, and maintenance of cloud computing infrastructure software for others; hosting services in the nature of hosting Internet websites, Internet web software applications, computer software, electronic databases, digital content, and business computer software applications of others; leasing, configuring, updating, monitoring, optimizing, repairing and troubleshooting computer servers (software); leasing, configuring, monitoring and troubleshooting computer hardware; leasing, configuring, updating, monitoring, optimizing, repairing and troubleshooting software that supports hosted Internet websites, Internet web software applications, software, electronic databases, digital content, and business software applications of others; hosting services in the nature of providing data storage, backup and restoration services for hosted Internet websites, Internet web software applications, computer software, electronic databases, digital content, and business computer software applications of others; computer, software, Internet, extranet, Intranet, and data security research; data security services (firewalls); computer security system monitoring services; design and development of Internet security programmes; computer programming services for electronic data security slimming: consultants in the field of data security; computer security threat analysis for protecting data; monitoring of computer systems for security purposes; provision of computer security risk management programmes; design and development of electronic data security systems; computer security services; IT security services in the nature of protection and recovery of computer data, systems and software; rental of Internet security

programmes; provision of security services for computer networks and computer access; maintenance and updating of computer software relating to computer security and prevention of computer risks; hosting email servers; hosting services for computer sites, website, social media site, database, web portal, computer site, computer server, podcast, weblog, videocast, webpage, digital content, interactive applications, cloud, mobile applications, Internet sites for others, computer sites, digital content online, customized web pages, platforms on the Internet, memory space for websites, public cloud, private cloud, portals on the Internet, online web facilities for others, online facilities for conducting interactive discussions, communication platforms on the Internet, transaction platforms on the Internet, software for use in library management, ecommerce platforms on the Internet, computerised files, computerized information, online journals and blogs, web facilities for others for sharing online content, computer software applications of others, electronic bulletin boards, access control as a service servers and software, computer software applications of others, electronic memory space and electronic storage of digital data images and information; Interactive hosting services which allow the users to publish and share their own content and images online; customer service in the nature of hosting Internet websites, Internet web software applications, computer software, electronic databases, digital content, and business computer software applications of others; electronic data storage; backup and restoration services relating to databases; providing security services for computer networks; web site hosting services; development of software application solutions; creation, design, development and maintenance of web sites; design, technical drawing and commissioned writing of software and code for the creation of web pages; design, technical drawing and commissioned development of multimedia and electronic publications and catalogues; providin maintenance services for computer software; creation, design, development, rental, updating and maintenance of software and/or firmware; computer programming; research, design, development and engineering services relating to computer software, firmware, websites, electronic communications sites; research, design, development and engineering of computer hardware; research, design, development, writing, programming and engineering services relating to software and or firmware which assists users to search data, information sounds and signals; research, design, development, writing, programming and engineering services relating to software and or firmware which assists users to locate and select one or more items from a database, catalogue, list; research, design, development and engineering services relating to software and electronic apparatus to enable connection to databases, the Internet and other communications networks; development of software; project studies relating to software; writing of software; installation and maintenance of software; scientific and technological services and research and design relating thereto; design and development of computer hardware and software; installation, maintenance and repair of computer firmware and software; recovery of electronic data; computerized analysis of data; conducting tests of electronic data processing systems; conversion of data; data security, encryption, recovery, mining and decoding services; data warehousing; designing and development of data

processing, transmission and storage systems; development, updating and maintenance of database software; engineering services relating to automatic data processing; disaster recovery services for data systems, relating to data base management; hire, rental and leasing of data processing hardware, software and firmware; design, engineering, installation and actualization of programs for data processing; research relating to data processing; technical data analysis services; technological advisory services relating data processing; provision of information relating to scientific and technological services and research and design related thereto; industrial analysis and research services, design and development of computer hardware and software, and the above services utilizing electronic communications networks; providing online software for use in enterprise content management; technical data analysis; installation of software, computer firmware; quality control and re-engineering services of communications systems and communications requirements of others; providing search engines for the Internet; providing temporary use of non-downloadable software applications accessible via a website; secure electronic commerce computer server hosting services; developing systems for encryption and/or encoding and transmission of information, data and signals; developing systems for translation of transmitted data; scanning information, data and images onto computer discs, data carriers, CDs, CDROMs, CDIs, DVDs, media for storing information data signals images and or sound; scanning information onto machine readable media; scanning information, data and images onto computers and data processing apparatus; scanning information, data and images onto databases; rendering of computer graphics (digital imaging); data mining; data recovery and reconstruction; data decryption; electronic data storage; data security services; data migration services; database development; design and development of databases; hosting of databases; data duplication and conversion services; design and writing of code for encryption, management, organisation, compilation, systemisation, retrieval and processing of data; technical data analysis; data backup services; rental and leasing of data processing equipment; testing of data systems; engineering consultancy relating to data processing; technical advisory services relating to computer programming and coding for data processing; technological advisory services relating to encryption, management, organisation, compilation, systemisation, retrieval and processing of data; disaster recovery of data and data systems; temporary electronic storage of data; electronic storage for archiving data; research, development and design of systems for transmission, storage, processing and handling of data; programming of computers for printing; rental, leasing and hire of printing software; hosting of digital and online platforms and sites that enable to define, enhance, create, design, draw, manipulate, insert, produce, reproduce, print, distribute, broadcast, transmit and store colour in images, photographs and materials; providing online media monitoring services using computer software to automatically monitor Internet websites and online publications and directories for customer-specified topics and events and to capture relevant content on those topics and events and attendees of such events and providing updates, documentation and analysis of that online content to others for social networking purposes; hosting of digital and online platforms and sites that

enable the collaborative sharing of documents, information and research relating to business, promotion and advertising; provision of data relating to scientific and technological services, research, design, industrial analysis, design, programming and development of computer hardware and software, IT, technical analysis, engineering, storage of information; storage of data; technological project management services in the fields of finance, insurance, real estate, building construction, repair, telecommunications, social networking, broadcasting, transport and travel, packaging and storage of goods, sporting and cultural activities; technological project management services in the fields of publishing services, software and hardware, scientific and technological services, research and design, industrial analysis, research services, design and development of computer hardware and software; technological and digital project management services in the fields of product development and product design; scientific, design and quality evaluation relating to building construction, repair, installation services, telecommunications, social networking, broadcasts, transport and travel, packaging and storage of goods, education and training, sporting and cultural activities; scientific, design and quality evaluation relating to publishing services, software and hardware, scientific and technological service, research and design, industrial analysis, design and development of computer hardware and software, measurement, quality of materials, materials, product development, product design; scientific, design and quality evaluation relating to goods and services of others for the purpose of certification, legal services, security services, personal and social services rendered by others to meet the needs of individuals; electronic storage services for archiving of business information, promotional information, data and images; technology, research, design and IT services data analysis; online and digital project management for technology, research, design and IT consultancy services; provision of data relating to storage of business information; consultancy relating to electronic storage of business information; corporate identity design; corporate image design services; creating indexes of information, sites and other resources available on computer networks; storage of information relating to goods and services utilising electronic communications networks; certification of entertainment, education, sporting and cultural activities, videos, films, games, television shows, audio and visual content, musical videos, photographs, audio, artwork, scripts, stories, text, photographs, data, information, and business training and educational content; hosting of digital content, namely online journals, chat rooms, blogs and web portals; providing temporary use of non-downloadable software for use in the creation and publication of online journals, chat rooms, blogs and web portals; creation and maintenance of software for online journals, chat rooms, web portals and blogs; secure electronic commerce computer server hosting services; hosting of social networking websites; providing temporary use of non-downloadable software for use in the creation and publication of social networking websites; creation and maintenance of software for social networking websites; providing systems for encryption and/or encoding of information, data and signals; providing digital non-downloadable software for translation of transmitted data; administration of mail servers; electronic storage of documents and

archived mile an email; electronic storage of data relating to rental of goods; security evaluation relating to hardware, software and firmware, websites, online journals, chat rooms, web portals, blogs, social media sites, databases, data, images, electronic documents, computer sites, computer servers, podcasts, weblogs, videocasts, webpages, digital content, interactive applications, cloud sites and servers, mobile applications, Internet sites of others, computer sites, digital content online, platforms on the Internet, memory space for websites, public cloud, private cloud, portals on the Internet, online web facilities for others, online facilities for conducting interactive discussions, communication platforms on the Internet, transaction platforms on the Internet, software for use in library management, ecommerce platforms on the Internet, computerise data, computerised files, computerised information, web facilities of others for sharing online content, computer software applications of others, electronic bulletin boards, access control as a service servers and software, computer software applications of others, electronic memory space, electronic storage of digital data images and information, and hosting services; security evaluation relating to social networking sites, broadcasts; providing the aforesaid services using the Internet and other electronic communications networks; provision of information relating to scanning of information, data and images; information supplied on the Internet or other electronic communications networks relating to the aforesaid; rental of electric apparatus for electronic storage of audio and video files; hosting of databases and websites enabling the collaborative sharing of documents, information and research relating to business, promotion and advertising; data security services; consultation, advice, assistance, and information relating to the aforesaid services.

Goods and/or Services:

Class 09
Integrated circuits; video processors; signal processors; digital signal processors; image processors; printed circuit boards; semiconductors; semiconductor chips; multiprocessor chips; computer chips; electronic chips for the manufacture of integrated circuits; integrated circuits, integrated circuit chips, and integrated circuit modules for digital video compression and decompression; integrated circuits, integrated circuit chips, and integrated circuit modules for encoding and decoding digital video; integrated circuits, namely, system on a chip (SOC); transistors; transistors, namely, field effect transistors (FETs); electrical power supplies; voltage stabilized power supplies; low voltage power supplies; voltage regulators; overvoltage protection relays; overcurrent protection devices; voltage surge suppressors; transient voltage surge suppressors with power conditioning technology; electrostatic discharge (ESD) devices; thyristor surge protective devices (TSPDs); LED drivers; LED drivers, namely, constant current drivers; electric converters; frequency converters; current converters; direct current converters; amplifiers; low noise amplifiers (LNAs); amplifiers, namely, electronic voltage amplifiers in the nature of operational amplifiers; transformers; electric control panels; electric switches; power switches; electric current switches; radiofrequency (RF) switches; antenna tuning switches; analog switches; bilateral switches; cross-point switches; lane switches; oscillators; battery plates; battery boxes; batteries for transportation machinery; photovoltaic cells; solar cells; batteries; battery cells; battery chargers; USB cables, USB hubs, USB charging ports; inter-integrated circuit (I2C) interfaces; diodes; electric diodes; photodiodes; optoelectronic converters; photoelectric converters; image sensors; optical lenses for use with image sensors; aspheric lenses and lens assemblies for use in combination with digital signal processing to produce and improve images; semiconductor chips and optical lenses for capturing and processing digital images and video; optical sensors with integrated optical lenses for capturing and processing digital images and video; optical inspection apparatuses for imaging; computer hardware and recorded software sold as one unit for capturing digital images and video; image signal processing semiconductor chips for use with image sensors to capture, process or improve digital images and video; liquid crystal displays; organic light-emitting diode (OLED) displays; liquid crystal on silicon (LCOS) displays; liquid crystal on silicon (LCOS) panels to project digital images and video; downloadable computer software for use as device drivers for liquid crystal displays; integrated circuits, semiconductor chips and optical lenses for capturing and processing digital images and video; optical sensors with integrated optical lenses for capturing and processing digital images and video; image signal processing semiconductor chips for use with image sensors to capture, process or improve digital images and video; wafer level optics in the nature of wafer level image sensor modules for use in mobile phones, tablets, notebook computers, personal computers, digital video

camcorders, video cameras and recorders, video game consoles used with televisions, automobiles, medical devices, namely, endoscopes and catheters, disposable medical guidewires, security systems, robotic devices, drones, and augmented reality (AR) and virtual reality (VR) devices, namely, headsets, glasses, gloves, and controllers; computer hardware and pre-recorded software sold as a unit for capturing digital images and video; computer hardware and downloadable software sold as a unit for capturing digital images and video; eye tracking cameras; endoscope cameras for non-medical use; endoscopes for non-medical use; catheters for non-medical use; guidewires for non-medical use; retail displays, namely, electronic display boards, electronic display screens, electronic advertising and messaging display units, electronic shelf labels, digital shelf displays; projection screens; augmented reality (AR) and virtual reality (VR) devices, namely, headsets, glasses, gloves, controllers; downloadable augmented reality software for medical training; microphones; microphones, namely, micro-electromechanical systems (MEMS) microphones; semiconductor chips featuring touch and display driver integration (TDDI); smartphones and tablet computers featuring touch and display driver integration (TDDI).

Class 10
Medical imaging cameras for endoscopes, namely, encephaloscopes, esophagoscopes, thoracoscopes, angioscopes, gastroscopes, proctoscopes, colonoscopes, arthroscopes, rhinoscopes, laryngoscopes, bronchoscopes, mediastinoscopes, nephroscopes, laparoscopes, amnioscopes, cystoscopes, hysteropscopes; medical imaging cameras, namely, catheter cameras; endoscope cameras for medical use; endoscopes; catheters; medical guidewires.

Class 35
Retail and wholesale sale services in connection with the sale of electronic and microelectronic devices, online retail store services for electronic and microelectronic devices, namely, integrated circuits, video processors, signal processors, digital signal processors, image processors, printed circuit boards, semiconductors, semiconductor chips, multiprocessor chips, computer chips, electronic chips for the manufacture of integrated circuits, integrated circuits, integrated circuit chips, and integrated circuit modules for digital video compression and decompression, integrated circuits, integrated circuit chips, and integrated circuit modules for encoding and decoding digital video, integrated circuits, namely, system on a chip (SOC), transistors, transistors, namely, field effect transistors (FETs), electrical power supplies, voltage stabilized power supplies, low voltage power supplies, voltage regulators, overvoltage protection relays, overcurrent protection devices, voltage surge suppressors, transient voltage surge suppressors with power conditioning technology, electrostatic discharge (ESD) devices, thyristor surge protective devices (TSPDs), LED drivers, LED drivers, namely, constant current drivers, electric converters, frequency converters, current converters, direct current converters, amplifiers, low noise amplifiers (LNAs), amplifiers, namely, electronic voltage amplifiers in the nature of operational amplifiers, transformers, electric control panels, electric switches, power switches, electric

current switches, radiofrequency (RF) switches, antenna tuning switches, analog switches, bilateral switches, cross-point switches, lane switches, oscillators, battery plates, battery boxes, batteries for transportation machinery, photovoltaic cells, solar cells, batteries, battery cells, battery chargers, USB cables, USB hubs, USB charging ports, inter-integrated circuit (I2C) interfaces, diodes, electric diodes, photodiodes, optoelectronic converters, photoelectric converters, image sensors, optical lenses for use with image sensors, aspheric lenses and lens assemblies for use in combination with digital signal processing to produce and improve images, semiconductor chips and optical lenses for capturing and processing digital images and video, optical sensors with integrated optical lenses for capturing and processing digital images and video, optical inspection apparatuses for imaging, computer hardware and recorded software sold as one unit for capturing digital images and video, image signal processing semiconductor chips for use with image sensors to capture, process or improve digital images and video, liquid crystal displays, organic light-emitting diode (OLED) displays, liquid crystal on silicon (LCOS) displays, liquid crystal on silicon (LCOS) panels to project digital images and video, downloadable computer software for use as device drivers for liquid crystal displays, integrated circuits, semiconductor chips and optical lenses for capturing and processing digital images and video, optical sensors with integrated optical lenses for capturing and processing digital images and video,m image signal processing semiconductor chips for use with image sensors to capture, process or improve digital images and video, wafer level optics in the nature of wafer level image sensor modules for use in mobile phones, tablets, notebook computers, personal computers, digital video camcorders, video cameras and recorders, video game consoles used with televisions, automobiles, medical devices, namely, endoscopes and catheters, disposable medical guidewires, security systems, robotic devices, drones, and augmented reality (AR) and virtual reality (VR) devices, namely, headsets, glasses, gloves, and controllers, computer hardware and pre-recorded software sold as a unit for capturing digital images and video, computer hardware and downloadable software sold as a unit for capturing digital images and video, eye tracking cameras, endoscope cameras for non-medical use, endoscopes for non-medical use, catheters for non-medical use, guidewires for non-medical use, retail displays, namely, electronic display boards, electronic display screens, electronic advertising and messaging display units, electronic shelf labels, digital shelf displays, projection screens, augmented reality (AR) and virtual reality (VR) devices, namely, headsets, glasses, gloves, controllers, downloadable augmented reality software for medical training, microphones, microphones, namely, micro-electromechanical systems (MEMS) microphones, semiconductor chips featuring touch and display driver integration (TDDI), smartphones and tablet computers featuring touch and display driver integration (TDDI), medical imaging cameras for endoscopes, namely, encephaloscopes, esophagoscopes, thoracoscopes, angioscopes, gastroscopes, proctoscopes, colonoscopes, arthroscopes, rhinoscopes, laryngoscopes, bronchoscopes, mediastinoscopes, nephroscopes, laparoscopes, amnioscopes, cystoscopes, hysteropscopes, medical imaging cameras, namely, catheter cameras, endoscope cameras for medical use, endoscopes, catheters, medical guidewires.

ENTEROBIOTIX

Goods and/or Services:

Class 01
Chemicals, reagents and substances for medical research purposes; chemical substances for use in the manufacture of medicinal and pharmaceutical products; diagnostic preparations

and reagents for scientific or research use; enzymes for scientific purposes; raw proteins; proteins for use in industry and in science; test kits for scientific or research use, comprised of buffer solutions, assays and reagents.

Class 05
Pharmaceutical, medical and veterinary preparations; pharmaceutical, medical and veterinary preparations in the field of microbiome modulating therapeutics; pharmaceutical, medical or veterinary preparations and substances; pharmaceutical preparations for use in targeted pharmaceutical therapies; pharmaceutical preparations and products for the treatment of gastrointestinal disorders and diseases; drugs for medical purposes; biotechnological preparations for medical use; biological compounds for use in targeted pharmaceutical therapies; proteins with diagnostic and therapeutic uses for medical purposes; chemical and enzyme preparations for medical or veterinary purposes; reagents and substances for use in testing for medical and veterinary purposes; drug delivery agents that facilitate the delivery of pharmaceutical preparations; intestinal microbiome pharmaceutical preparations; clinical medical reagents; diagnostic and testing preparations for clinical, medical and medical laboratory use; diagnostic reagents and assay components for clinical, medical and medical laboratory use; enzymes for medical purposes; yeast for intracellular production of recombinant proteins being biochemical preparations for medical purposes; yeast for pharmaceutical purposes; dietary supplements; food supplements; topical gels for medical and therapeutic use; intestinal microbiome medicinal preparations; pharmaceuticals or therapeutic preparations in the fields of microbiology, genetics, the human immune system, the human gut microbiome or gastrointestinal health; diagnostic preparations for use in the fields of microbiology, genetics, the human immune system, the human gut microbiome or gastrointestinal health; medical preparations for use in connection with intestinal microbiota transfer; chemical preparations and products, for use in medicine; diagnostic biomarkers for in vitro or in vivo testing for medical use.

Class 09
Computer software; software applications; mobile applications; cloud computing software; software algorithms; biometric software; databases; directories [electric or electronic]; artificial intelligence software for healthcare; health monitoring software; computer software for use in the fields of physiology, biology, genetics, genomics, metagenomics, microbiome, metabolomics, proteomics, glycomics, biochemistry, probiotics and/or prebiotics; computer software for use in the fields of biotechnology, microorganisms, cells, pharmaceuticals, medicine, molecular sciences and/or bacteria; computer software for scientific analysis of genetic sequences; interactive computer software; media streaming software; machine learning software for healthcare; machine learning software for analysis; downloadable computer software for remote monitoring and analysis; computer application software for streaming audio-visual media content via the internet; computer programs; encoded programs; measuring, detecting, monitoring and electronic controlling devices;

wearable devices for taking biological measurements; instruments for analysing physical data; publications in electronic form; downloadable publications; electronic communications apparatus; scientific apparatus and instruments; teaching apparatus and instruments; apparatus and instruments for the recording, transmission or reproduction of data, sound or images; devices for analysing protein sequence used as laboratory apparatus; computers and computer hardware; encoded cards; smart cards; smart card readers; electronically encoded identity bracelets; parts and fittings for all the aforesaid goods.

Class 10
Medical devices; medical apparatus and instruments; medical analysis instruments; medical apparatus for introducing pharmaceutical preparations into the human body; medical instruments for use in connection with intestinal microbiota transfer; testing instruments for medical diagnostic purposes in relation to genetics, the human immune system and the human gut microbiome; medical diagnostic and testing apparatus in the field of microbiology; diagnostic and medical testing apparatus in the field of microbiome modulating therapeutics; medical diagnostic and testing apparatus in the fields of microbiology, genetics, the human immune system, the human gut microbiome or gastrointestinal health; gloves for medical examinations; bags adapted for medical use; parts and fittings for all the aforesaid goods.

Class 42
Research and development services in the fields of medicine and health; research and development in the pharmaceutical and biotechnology fields; biological, scientific, clinical and medical research and development; drug discovery services; pharmaceutical drug development services; research and development of vaccines and medicines; research and development of compounds for use in targeted pharmaceutical therapies; medical and pharmacological research services; research relating to molecular sciences and biotechnology; research and development in the field of microorganisms and cells; research and development in the field of therapeutics; scientific and medical research services in the field of microbiome modulating therapeutics; research and development of pharmaceutical preparations for the treatment of gastrointestinal disorders and diseases; research and development of biological drug delivery platforms; biochemical research and analysis; bacteriological research and analysis; scientific analysis in the field of intestinal microbiology; analysis of human excreta for medical research; microbiological testing; biological analysis; research, development, analysis and evaluation services in connection with biotechnology, microorganisms, cells, pharmaceuticals, medicine, molecular sciences, bacteria, physiology, biology, genetics, genomics, microbiome, metabolomics, proteomics, glycomics, biochemistry, probiotics, prebiotics and nutraceutical supplements; research and development services in connection with health care, wellness, physical well-being, mental well-being, exercise, weight planning, weight management, diet, nutrition and/or sleep; research, development, analysis and evaluation services in connection with microbiology,

genetics, the human immune system and the human gut microbiome; research and development in connection with gastrointestinal health; DNA screening for scientific research purposes; testing of pharmaceuticals; testing, authentication and quality control; biotechnology and chemical testing; development of biochemical reagents; laboratory services; clinical research; clinical trials; conducting early evaluations in the field of new pharmaceuticals; research and development for use in clinical trials; providing information about the results of clinical trials for pharmaceutical products; technical measuring and testing services; structural and functional analysis of genomes; services for assessing the efficiency of medical and veterinary drugs; veterinary research and development services; product design and development; design services relating to the biotechnology industry; analysis of product development; pharmaceutical product evaluation; preparation of scientific reports in the field of biotechnology and/or gut health; scientific research and analysis; scientific research project management; scientific risk assessment; industrial analysis and research; analysis of product design; quality assessment; software design, development, programming and implementation; software engineering; development and design of mobile applications; computer programming; development of computer platforms; design, development and testing of computing methods, algorithms and software; software as a service [SAAS]; platform as a service [PaaS]; platform as a service featuring a computer software platform that enables access to technical studies and scientific and medical information; application service provider [ASP]; computer software maintenance; software and algorithm research; information technology services for the pharmaceutical and healthcare industries; writing of computer programs for biotechnological applications; development of virtual reality software; design and development of software for use in the fields of biotechnology, microorganisms, cells, pharmaceuticals, medicine, molecular sciences and/or bacteria; database design; maintenance of database software; design and development of computer hardware; online data storage; cross-platform conversion of digital content into other forms of digital content; technical data analysis; data encryption services; updating of software; rental of software; data coding services being computer programming; process monitoring for quality assurance; hosting websites on the internet in the field of healthcare and wellness; DNA sequencing and sequencing of microbiomes in humans for research purposes; consultancy, information and advisory services relating to all of the aforesaid services.

Class 44
Medical and healthcare services; medical examinations; medical analysis services; health assessment surveys; health risk assessment surveys; medical health assessment services; medical analysis services relating to the treatment of persons; medical care services relating to patient treatment; analysis of human tissues for medical treatment; genetic testing for medical purposes; DNA screening for medical purposes; medical and health services relating to DNA, genetics and genetic testing; medical services relating to DNA sequencing and sequencing of microbiomes in humans; diagnostic testing and analysis services for medical

purposes; analysis of human serum for medical treatment; analysis of human excreta for medical treatment; human serum donation services; donation of bodily fluids and human waste; donation of human excreta; behavioural analysis for medical purposes; psychological assessment services; providing online medical record services; preparation of reports relating to medical matters; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; providing health information via a website; medical services connected with intestinal microbiota transfer; consultancy, information and advisory services relating to all of the aforesaid services.
