*To Whom It May Concern*

This is to certify that Intellect Worldwide Sdn Bhd is our IP Consultant since March 2006. They have handled the prosecution of my trade mark and patents very professionally.

The work rendered by Intellect is reliable and of high quality. When Intellect says they will get something done by a certain date and time, they do just that.

We have full confidence with services provided by Intellect and have no hesitation to recommend Intellect to others who require such similar services in IPR.

Yours faithfully

(Mr Kenny Lim Seng Lee)  
 Deputy General Manager
