Dear Mr Solomon Lee

Comments from a satisfied customer

The above refers.

It is a good role model of typical successful SMI who started at its humble beginning but with passion, conviction, vision, professionalism, strong partnership & customer intimacy. Smallness is nimbleness, Intellect, along its path of growth, will be a household name in IP Protection arena.

We are very satisfied with services by Intellect's capable teams especially patent and industrial design works that entrusted to you. We are glad to have your esteem firm to be our IP registration agency.

Best Regards
