Testimonial to Intellect Worldwide Sdn Bhd

We hereby confirm that Intellect Worldwide Sdn Bhd ("Intellect") has been our Trade Mark consultant since 1997.

Intellect offered us great intellectual property advice followed by very reliable and comprehensive services. They have handled our trademark registrations, full program management of our patent registrations worldwide, and improved our Co. image by encouraging us to apply for Awards like the Malaysian Good Design Award which we were awarded in 2006. The project management and support from their teams is always fast, efficient and professional.

When we need any trade mark registration or protection advice whether in Malaysia or foreign countries, we will definitely use INTELLECT who we believe are in a position to give us a reliable consultation, service and follow up.

We fully agree that the brand name of INTELLECT is a brand of distinction and well associated to Intellect Worldwide Sdn Bhd when it talks about IP rights protection in Malaysia.

Yours faithfully
