Testimonial

KLIPS is satisfied working together with Intellect in preparing Franchise Readiness Audit for my PNS Licensing Financing Scheme. They have done a very good job at the documentation and compilation of the items needed in the checklist. Not only that, they did a thorough and immediate follow up when PNS seeking justification on certain areas and documents from us. Besides, Intellect does provide me added value service in the aspect of advising my trade mark to be filed at the right class.

Therefore, I definitely recommend Intellect for their professionalism in franchising related matters.

Thank you.

Regards,

MOHD.ALI BIN ABDULLAH
