REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. game programs (computer software) stored on data tapes; books stored on data tapes; computer programs downloadable from the internet; operating programs for computers; operating programs for calculating machines; operating software for network access servers; downloadable image files; computer communications software for customers to access account information and for customers to process transactions; computer documentation in electronic form; recorded computer software; recorded computer programs; computer programs for remotely accessing computers or computer networks; computer programs for image processing; computer programs for project management; downloadable computer programs; recorded computer programs; computer software for managing local networks; computer software for cost estimation; computer software for estimating resource demands; computer software for data processing; computer software for remotely monitoring measuring apparatus; computer software for evaluating market information; computer software for data transmission between computers via a local network; computer software for electronic trading; computer software for database administration; computer software for document management; computer software in the field of electronic publishing; computer software; computer software for business purposes; computer software (programs); computer software for compiling searchable databases containing information and data; computer software for facilitating data retrieval; computer software for data processing; computer software for data searching; computer software for automating data warehousing; computer software for analysing market information; computer software for the acoustic control of computers and for operation thereof; computer software platforms; computer software programs for database management; electronic databases; downloadable electronic publications; electronic publications; recorded computer programs; downloadable computer software for remote monitoring and analysis; downloadable computer programs; downloadable computer utility programs; computer software downloadable from a global computer information network; group software; recorded computer software; downloadable electronic publications; downloadable software; downloadable software applications for computers; industrial software; computer programs recorded in digital form; production automation software; process control software; software for computerised manufacture; downloadable software applications for computers; training software; software for data processing; software for processing images, graphics and text; software for virtual social networks; software for preventive maintenance; software for unified communications; software for business technology; software for integrating control segments; software for controlling room air conditioning, access and security systems; software for enhancing the audiovisual capabilities of multimedia applications, namely for the incorporation of text, sound, graphics, and still and moving images; software packages; workflow software; workflow applications.

Class 11

Heating, cooling, drying, ventilation and water supply devices; automatic temperature regulators [valves] for central heating units; automatic temperature regulators for central heating units; temperature sensor equipment [thermostat valves] for central heating units; temperature limiters for central heating units [thermostat valves] with expansion rods; temperature limiters [valves] for central heating units; temperature-sensitive regulating equipment [thermostat valves] for central heating units; temperature-sensitive switches [thermostat valves] for central heating units; temperature limiters for central heating units [thermostat valves] with bimetallic discs; temperature regulating equipment [valves] for central heating units; temperature regulating valves [parts of central heating units]; temperature regulators [thermostat valves] for central

heating units; temperature regulators [thermostat valves] particularly room temperature regulators [thermostat valves] for subsurface heating, subsurface cooling, wall heating, wall cooling, ceiling heating, ceiling cooling, pipe underfloor cooling, pipe underfloor heating installations; temperature regulators [valves] for central heating units; temperature governors [valves] for central heating units; thermostat valves for central heating units; thermostat valves particularly room thermostat valves for subsurface heating, subsurface cooling, wall heating, wall cooling, ceiling heating, ceiling cooling, pipe underfloor cooling, pipe underfloor heating installations.

Class 17

Stopping and insulating materials; flexible pipes, not of metal; junctions, not of metal, for pipes; junctions for pipes; junctions, not of metal, for hoses; acoustic insulation articles and materials; pipe linings, not of metal; pipe linings, not of metal, for sealing pipes; extruded plastics (semi-finished products); extruded plastics in the form of bars, blocks, pellets, rods, panels and pipes for use in manufacturing; weather seals, not of metal, for windows; garden hoses; expanded polystyrene underfloor insulation; range spacers for overhead line insulators; flexible plastic pipe insulation; flexible hose pipes, not of metal; flexible hoses, not of metal; flexible hoses, not of metal, for use in irrigation; flexible hoses for use in irrigation; flexible hoses of polymeric materials; flexible hoses of plastic; flexible hoses of silicon rubber reinforced with fabric; flexible hoses of silicon reinforced with fabric; flexible conduits (in the nature of pipes), pipes, hoses and junctions for pipes, not of metal; valves of rubber or vulcanized fiber; insulators for railway tracks; couplings, not of metal, for hoses; couplings, not of metal, for pipelines; couplings, not of metal, for pipes; couplings, not of metal, for use with high-pressure hoses; plastic goods in the form of sections (semi-finished products); plastics materials in the form of strips (semi-finished products); plastics materials in the form of rods (semi-finished products); plastic materials in the form of shaped pieces (semi-finished products); plastics materials in the form of blocks (semi-finished products); plastics materials in the form of panels (semi-finished products); semi-processed plastics in the form of panels, films, blocks, bars and pipes; semi-processed plastics for use in injection moulding; semi-processed plastics; plastics in rod form for use in manufacture; plastics in the form of panels, films, blocks, bars and pipes; plastics in extruded form for use in production; plastics in extruded form for production purposes; fittings, not of metal, for pipes; water-tight rings, not of metal; insulated pipes, not of metal; connectors, not of metal, for pipes; connections, not of metal, for pipes; connecting parts, not of metal, for pipes; junction parts, not of metal, for pipes; connectors, not of metal, for hoses; connecting parts, not of metal, for hoses; connections, not of metal, for hoses; pipe fittings (junctions), not of metal, being parts of rigid water pipes; pipe fittings (junctions), not of metal; junction elements, not of metal, for pipes; non-metallic pipe couplings; pipe couplings, not of metal (parts of rigid water pipes); pipe couplings and connectors, not of metal; coupling parts, not of metal, for pipes; pipe sleeves, not of metal; pipe connectors, not of metal (parts of rigid water pipes); pipe extensions, not of metal; pipe extensions, not of metal (parts of rigid water pipes); screw thread jointing compounds, not of metal, for pipes; junction parts, not of metal, for hoses; flexible hoses, not of metal; hoses of flexible synthetic materials; hoses for irrigation; hoses, not of metal, for irrigation; hoses used in industry, not of metal; hoses, not of metal, for conducting of liquid media; hoses, not of metal, for conducting of gaseous media; hoses, not of metal, for irrigation purposes; hoses, not of metal; hosepipes of textile material; hosepipes of plastic; hosepipes; couplings, not of metal, for hoses; couplings, not of metal, for hoses; coupling sleeves, not of metal, for pipes; coupling sleeves, not of metal, for hoses; adjustable hoses, not of metal; plastics in extruded form for use in

manufacture; water hoses for irrigation; water hoses for household use, not of metal; water hoses of plastic; water hoses; heat-shrinkable silicon rubber hoses; sealing and insulating materials; flexible pipes, not of metal; connection pieces for pipes, not of metal; connection pieces for pipes; connection pieces for flexible pipes, not of metal; articles and materials for soundproofing; insulation materials for pipes; extruded plastics (semi-finished goods); extruded plastics in the form of rods, blocks, pellets, poles, panels and pipes for production purposes; window seals, not of metal; garden hoses; floor insulation of polystyrene foam; overhead line insulators (spacers); flexible pipe insulation material of plastic; flexible hose pipes, not of metal; flexible hoses, not of metal; flexible hoses, not of metal, for irrigation; flexible hoses for irrigation; flexible hoses of polymer materials; flexible hoses of plastic; flexible hoses of fabric-reinforced silicone rubber; flexible hoses of fabric-reinforced silicone; flexible conduits, pipes, hoses and connection pieces, including valves; flexible conduits, pipes, hoses and connection pieces, including valves, not of metal; insulators for railway tracks; couplings, not of metal, for flexible pipes; couplings for flexible pipes, not of metal; couplings for pipelines, not of metal; couplings for pipes, not of metal; couplings for high pressure hoses, not of metal; plastic products in the form of profiles (semi-finished goods); plastic material in the form of strips (semi-finished goods); plastic material in the form of poles (semi-finished goods); plastic material in the form of mouldings (semi-finished goods); plastic material in the form of blocks (semi-finished goods); plastic material in the form of panels (semi-finished goods); semi-processed plastics in the form of panels, films, blocks, rods and pipes; semi-processed plastics for injection moulding; semi-processed plastics; plastics in rod form for use in production; plastics in the form of panels, films, blocks, rods and pipes; plastics in extruded form for use in production; plastics in extruded form for production purposes; non-metallic fittings for pipes; non-metallic sealing rings; non-metallic insulated pipes; non-metallic pipe connection pieces; non-metallic pipe connectors; non-metallic pipe fittings; non-metallic pipe couplings; non-metallic pipe connection pieces; non-metallic pipe connections; non-metallic pipe connection parts; non-metallic hose connectors; non-metallic pipe connection parts; non-metallic hose connection pieces; non-metallic hose connection parts; non-metallic connection pieces for hoses; non-metallic connections for hoses; non-metallic connections for pipes; pipe branching pieces, not of metal (being parts for immovable water pipes); pipe branching pieces, not of metal; pipe connectors, not of metal; pipe connection elements, not of metal; pipe connection parts, not of metal; pipe connection pieces, not of metal; pipe fittings, not of metal; pipe couplings, not of metal (parts for rigid water pipes); pipe couplings, not of metal; pipe couplings and connection pieces, not of metal; pipe coupling parts, not of metal; pipe muffs, not of metal; pipe connections, not of metal; pipe connection pieces, not of metal; pipe connection pieces, not of metal (parts for rigid water pipes); pipe connection parts, not of metal; pipe extension pieces, not of metal; pipe extension pieces, not of metal (parts for rigid water pipes); screw parts for pipes, not of metal; hose connectors, not of metal; hose connection pieces, not of metal; hose connection parts, not of metal; hoses; hoses of flexible synthetic material; hoses for irrigation purposes; hoses for irrigation, not of metal; hoses for industrial purposes, not of metal; hoses, not of metal, for conducting liquid media; hoses, not of metal, for conducting gaseous media; hoses, not of metal, for irrigation purposes; hoses, not of metal; parts for pipe connections, not of metal; parts for connecting hoses, not of metal; hose connection parts, not of metal; hose connection pieces, not of metal; hose connections, not of metal; hosepipes of textile; hosepipes of plastic; hosepipes; hose coupling pieces, not of metal; hose couplings, not of metal; connections for pipes, not of metal; connections for hoses, not of metal; connecting sleeves for pipes, not of metal; connecting sleeves for hoses, not of metal; connecting pieces for pipes, not of metal; connecting pieces for

hoses, not of metal; connecting parts for pipes, not of metal; connecting parts for hoses, not of metal; adjustable hoses, not of metal; plastics in extruded form for use in manufacture; water hoses for irrigation purposes; water hoses for household purposes, not of metal; water hoses of plastic; water hoses; heat-shrinkable silicone rubber hoses; plastics for injection moulding; semi-processed plastics for injection moulding; injection moulds for motor vehicle engine parts; plastic products in the form of profiles (semi-finished goods); plastic material in the form of panels (semi-finished goods); plastic material in the form of mouldings (semi-finished goods); plastics being semi-finished goods; plastics in extruded form for production purposes; plastics in extruded form for use in production; recycled plastic material for use in production; recycled composite plastics for use in production; recycled composite plastics; recycled plastics.

Class 19

Building materials (non-metallic); non-metallic rigid pipes for building; access covers, not of metal; street gutters, not of metal; gutter pipes, not of metal; gutter pipes, not of metal, for building installations; sewer pipes, not of metal; branching pipes, not of metal; reinforcing materials, not of metal, for building; run-off channels, not of metal; horizontal slatted blinds (outdoor), not of metal or textile; blinds (outdoor) of plastic; blinds (outdoor), not of textile or metal materials; building materials of plastic; building materials, not of metal, for use in building; building materials of fibre-reinforced plastic; building materials of plastic materials; building materials, not of metal; panels, not of metal, for building; construction materials of plastic materials; building panels, not of metal; building materials and elements, not of metal; floortiles of plastic; roof gutters, not of metal; manhole covers, not of metal; cladding, not of metal, for windows; glazing bars, not of metal, for windows; window frames, not of metal; window frames of plastic; shutters, not of metal; windowsills, not of metal; lintels, not of metal; windows, not of metal; downspouts, not of metal; deck profiles, not of metal; drainage channels, not of metal; manholes, not of metal; transparent plastic panels for building construction; penstock pipes, not of metal; penstock pipes (insulation pipes), not of metal; drain pipes, not of metal; drainage installations, not of metal; decorative mouldings, not of metal; flooring, not of metal; floorboards, not of metal; floors, not of metal; skirting boards, not of metal; baseboards, not of metal; woven textiles for stabilising earth slopes; woven mats, not of metal, for use as geotextile materials; woven textiles for protecting earth slopes; woven mats, not of metal, for use as geotextile materials for building purposes; woven textiles for stabilising soft subsoils; woven textiles for protecting soft subsoils; woven textiles for stabilising the banks of watercourses; woven textiles for protecting the banks of watercourses; woven covers, not of metal, for use as geotextile materials for building; woven covers, not of metal, for use as geotextile materials; fabrics, not of metal, as geotextile materials; fabrics for use in civil engineering (geotextiles); geotextiles; ducts of plastic for laying pipes (building materials); sewage pipes, not of metal; duct installations, non-electric and not of metal; manhole covers, not of metal; channel coverings, not of metal; insulated water pipes, not of metal; rigid pipes and conduits, not of metal; water-pipe valves, not of metal or plastic valves; conduit installations, non-electric and not of metal; ventilation ducts, not of metal; rainwater traps and covers, not of metal; rainwater reservoirs, not of metal; frames, not of metal, for windows; frames, not of metal, for glass doors; profiles, not of metal, for building construction; outdoor blinds, not of metal, for windows; prefabricated building components, not of metal; mouldings, not of metal, for building; rain gutters, not of metal; inspection chambers, not of metal; gutters, for the dispersal of rainwater; guttering, not of metal, for the dispersal of wastewater; guttering, not of metal, for the collection of wastewater; guttering, not of metal, for the collection of rainwater; pipes for building,

not of metal; pipes, not of metal, for roof drainage installations; roller blinds, not of metal, for windows; roller blinds, not of metal; storage tanks (structures), not of metal; skirting boards, not of metal; stabilisation fabrics, not of metal, for use in construction; stabilisation fabrics (geotextiles), not of metal, for use in construction; rigid pipes of plastic (other than sanitary installations); plastic pipes (rigid) for water; door frames, not of metal; doors, gates, windows and window coverings, not of metal; prefabricated building components, not of metal, for on-site assembly; prefabricated structural components, not of metal; pre-insulated bonded pipes, not of metal, for building; rainwater drainage apparatus of plastic; water-pipes, not of metal; water-pipes, not of metal, other than parts of sanitary installations; water tanks, not of metal (structures); conduits, not of metal, for water distribution; not-metal runners for sliding doors; interior non-metal window shutters.

Class 20

Furniture; work surfaces; work surfaces in the form of furniture; work surfaces (furniture); worktops; worktops (furniture); worktops (parts of furniture); collars, not of metal, for fastening pipes; non-metal cable clamps and clips; fasteners, not of metal, for pipes; fasteners, not of metal, for cables; kits of parts (sold complete) for assembly into display cases; kits of parts (sold complete) for assembly into furniture; kits of parts (sold complete) for assembly into furniture parts; plastic fittings for blinds; corner protector strips, not of metal, for furniture; transparent doors, not of metal, for furniture; transparent doors of glass for furniture; decorative edging strips of plastic for use with door fittings; decorative edging strips of wood for furniture; decorative edging strips of plastic for furniture; decorative edging strips of plastic for use with fitted furniture; garden furniture; indoor window blinds; edgings of plastic for furniture; edge protectors of plastic; edge protector strips of extruded plastic for furniture; cable-trunking of non-metallic materials (other than electric); venetian blinds; strips of plastic for protecting the edges of furniture; plastic furniture; plastic furniture for bathrooms; furniture of rattan; furniture and cabinets; furniture mouldings; furniture panels; doors for furniture; doors of plastic for furniture; parts, not of metal, for furniture; panels being parts for furniture; soundproof cabinets (furniture); pedestals (furniture); impact protectors for furniture.

printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet printing modules and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjustment, for inking apparatus and/or damping units and/or printer engine cylinders and/or for lacquering units in printer engines and/or in lacquering units and/or for inkjet printing modules and/or laser systems; parts for inking apparatus and/or damping units and/or inkjet printing modules and/or laser systems and cylinders in tempering machines, included in this class; machines and mechanical apparatus for adjusting cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting registers and/or register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser

printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for quality control of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; filters (parts of machines or engines); separators; suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith; filters for cleaning cooling air, for engines; blowing engines; fibre separators (machines); air compressors and air ejectors for machines; collecting machines for compacting, filling and pressing of particles, dust and fibres separated from machines; air conveying devices (air conditioning), namely compressors; air power-operated blowers; blowing machines; air compressors; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; accessories, included in this class, for the aforesaid filters,

separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting machines, for compacting, filling and pressing machine-separated particles, dust and fibres; machines and mechanical apparatus for producing security labels, securities, banknotes and/or components therefor; machines and mechanical apparatus for applying security labels and/or components therefor; machines and mechanical apparatus for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; machines and mechanical apparatus for quality control of machines for producing security labels, securities, banknotes, and/or components therefor; machines and mechanical apparatus for quality control of machines for applying security labels, and/or components therefor; machines and mechanical apparatus for quality control in machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; machines and mechanical apparatus for quality control of security labels, securities, banknotes, and/or components therefor; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Class 09

Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labellers (machines), engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for installations, equipment, apparatus, filters, separators, extraction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; electronic

checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for producing product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for applying product security means, authentication features, security features, security labels and/or components therefor; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for packaging product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, in the form of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded) and software for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring

apparatus, consultancy software (recorded), sales software (recorded), and software for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for applying product security means, identification features, security features, security labels and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, consultancy software (recorded), sales software (recorded), and software of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electric and electronic

measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting

and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating ink slides, ink rollers, damping rollers, register adjustment devices in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines,

rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of devices for the changing and/or transporting and/or storage of printing plates; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for cleaning rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of inking apparatus and/or damping

units and/or printer engine cylinders in printer engines; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for tempering of inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printer engines; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating registers and register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulation for the purposes of quality control in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped

therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), software for data processing devices for pre-press, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; consultancy software (recorded), sales software (recorded), software for data processing devices for printing machines, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution

machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; consultancy software (recorded), sales software (recorded) and software for interfaces and/or data transfer for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and de-aerating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowers and compactors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for applying product security means, identification features, security features, security labels and/or components therefor; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; software (recorded) for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printed material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; software (recorded) for the transport, packaging and storage of remote controls, remote operators, remote monitoring apparatus, controllers and/or regulators for devices for

the transport, packaging and storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electronic data carriers being product security means, identification features, security features, security labels, securities, banknotes; magnetic data carriers being product security means, identification features, security features, security labels, securities, banknotes; RFID systems (radio frequency identification); encoded identification chips and cards; apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; automated teller machines [ATM]; money-receiving apparatus; money-dispensing and -receiving apparatus; fittings for the aforesaid apparatus, included in this class, in particular cartridges for collecting payment means, in particular bank notes and/or coins and/or tokens of value; electric apparatus, namely data processing equipment for communication with recording media, in particular for communication with recording media with integrated circuits and recording media with contactless interfaces, and in particular data processing equipment for writing data in or on recording media, for reading data from or on recording media and for displaying data from recording media on a display; data processing equipment for personalising recording media; machine-readable recording media, in particular recording media with integrated circuits for storing, encrypting and decrypting, processing and providing data and programs; cards having an integrated circuit (chip cards), in particular cards having microprocessors for communication with external data processing devices or with mobile radio terminals; coded telecommunication cards; coded and uncoded digital recording media with contactless interfaces; integrated circuits with characteristic physical properties for protection against forgery; memories for data processing installations, in particular non-volatile memories (digital storage media); digital recording media containing memories, in particular non-volatile memories (digital storage media); electric apparatus for processing, in particular encryption and decryption, data for both online and offline operation; software for computer network applications, in particular for internet, intranet and extranet applications; data processing software, in particular for telecommunications with chip card-activated mobile telephones and in particular for associated chip cards and mobile telephones, and computer programs for activating, modifying, testing and

displaying data and software structures stored in these telecommunications cards; software for the encryption and decryption and the signing of data; operating system software and application software for digital recording media with integrated circuits, in particular for hardware tokens and chip cards, and for data processing equipment for communication with these digital recording media; computer programs for the development, management and maintenance of all the aforesaid types of software; digital recording media featuring the aforesaid software; electronically/optically stored pre-recorded advertising and communications media, included in this class, in particular films, videos, included in this class; inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers; accessories, included in this class, for inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers; encoding machines, in particular for the graphics sector, the packaging sector and data processing; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Class 35

Advertising and business administration; arranging of contracts, for others, in relation to the buying and selling of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; arranging of contracts, for others, for the buying and selling of installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; arranging of contracts, for others, for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; arranging of contracts, for others, for the buying and selling of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; arranging of contracts, for others, for the buying and selling of machines for producing product security means, identification features, security features, security labels, securities,

banknotes and/or components therefor; arranging of contracts, for others, for the buying and selling of machines for applying product security means, identification features, security features, security labels and/or components therefor; arranging of contracts, for others, for the buying and selling of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; arranging of contracts, for others, for the buying and selling of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; sales promotion for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; sales promotion for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; sales promotion for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; sales promotion for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for machines for applying product security means, identification features, security features, security labels and/or components therefor; sales promotion for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing

machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; professional business consultancy within the framework of the sale of goods, in particular the sale of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; professional business consultancy within the framework of the sale of goods, in particular the sale of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; professional business consultancy within the framework of the sale of goods, in particular the sale of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; professional business consultancy in the context of the sale of goods, in particular the sale of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of machines for applying product security means, identification features, security features, security labels and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to pre-press printing, data preparation, including continuous data preparation, variable data printing, including from databases, printing of printed matter, further processing of printed matter, production control, production planning, interfaces, data transfer and/or in relation to devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing

machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; business organisational consultancy, professional business consultancy, business management information in relation to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating equipment, control equipment, monitoring equipment, quality control equipment, production control equipment and/or temperature monitoring equipment being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air

purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment for subassemblies and parts for installations, equipment, apparatus, filters, separators, suction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from

machines; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information with regard to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink slides, ink rollers, damping rollers, register adjustment devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, cutting equipment and/or cutting

cylinders, registers and/or register marks, web tension settings and/or for quality control for and/or in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering for inking apparatus or damping units and/or cylinders in printer engines and/or inkjet printing heads and/or laser systems; business organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment, for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for air-technology installations, air-technology equipment, air conditioning, heating, refrigerating, aeration and de-aeration, humidifying and dehumidifying installations and equipment, air treatment installations, air conveying devices, in particular fans, blowers and compressors, air heaters, air coolers, air filters and nozzle chambers for humidification; business organisational consultancy, professional business consultancy, business management information with regard to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for

drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; advertising in relation to printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; advertising for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; advertising for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; advertising for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces,

honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; advertising for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; advertising for machines for applying product security means, identification features, security features, security labels and/or components therefor; advertising for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; advertising for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; computerized file management; presentation of goods and services, included in this class.

Class 37

Installation, maintenance and repair of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; installation, maintenance and repair of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, namely fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of machines for producing security labels, securities, banknotes; installation, maintenance and repair of machines for applying security labels; installation, maintenance and repair of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair (included in this class) of pre-printing data processing equipment, parts or fittings for pre-printing

data processing equipment, data processing equipment for data preparation, including continuous data preparation, variable data printing, including database printing, further processing of printed matter, production controls, parts and fittings for interfaces and/or parts or fittings for data transfer for devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying

installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and

conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink levers, ink rollers, damping rollers, register adjusting devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, and/or inkjet print heads and/or laser systems, for cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper

or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering, for inking apparatus and/or damping units and/or cylinders in printer engines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or

regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and devices of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; machinery installation, maintenance and repair; rebuilding machines; installations of machines; maintenance of machines; cleaning of machines; cleaning of buildings; vehicle cleaning; installation and/or maintenance of apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or nfc (near field communication) apparatus, including in particular with return of change; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of money-dispensing and money-receiving apparatus; installation and/or maintenance of vending machines; installation and/or maintenance of accessories for the aforesaid apparatus, in particular cash boxes for receiving payment means, in particular banknotes and/or coins and/or tokens of value.

The mark consists of an Italian word meaning "Fly".

**Class 09
Electric and electrotechnical apparatus for controlling the volume and/or temperature of water delivered by water supply apparatus and sanitary installations, and by fixtures and fittings for water supply, water heating, bath, shower, washing, rinsing, bidet and toilet installations; thermostats, individual and replacement parts for all the aforesaid goods in this class.**

**Class 11
Apparatus for water supply and sanitary purposes; mixer valves, taps (faucets), showers, hand-held showers, nozzles, in particular fitted nozzles, rotating nozzles, bidet nozzles, bath tub inlets, transition valves, mounts for shower hoses, hose mounts, drains, cover plates for all the aforesaid goods.**

**Class 20
Furniture for bathrooms, including bathroom cabinets, medicine cabinets, storage cabinets, washstands, cabinets for installing sinks and basins, shelving and racks (furniture), towel hooks, not of metal, mirrors and mirrored cabinets, mirror mounts, furniture, picture frames, goods (not included in other classes) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics.**

**Class 21
Soap holders, towel holders, towel racks (bathroom fixtures), towel rails,**

holders for toothbrush glasses, toothbrush holders, toilet paper holders, containers for liquid soap.

Class 35

Wholesale and retail services including via the Internet, of electric and electrotechnical apparatus for controlling the volume and/or temperature of water delivered by water supply apparatus and sanitary installations, and by fixtures and fittings for water supply, water heating, bath, shower, washing, rinsing, bidet and toilet installations, thermostats, individual and replacement parts for the aforesaid goods, apparatus for water supply and sanitary purposes, mixer valves, taps (faucets), showers, hand-held showers, nozzles, in particular fitted nozzles, rotating nozzles, bidet nozzles, bath tub inlets, transition valves, mounts for shower hoses, hose holders, drains, cover plates for all the aforesaid goods, furniture for bathrooms, including bathroom cabinets, medicine cabinets, storage cabinets, washstands, wash modules (units for installing sinks and basins), shelves and racks, mirrors and mirrored cabinets, wet room accessories, furniture, picture frames, goods of wood, cork, pipe, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics, soap holders, towel holders, towel racks, towel rails, towel hooks, holders for toothbrush glasses, toothbrush holders, toilet paper holders, mirror holders, containers for liquid soap and similar bathroom accessories and equipment, ashtrays, ashtray holders, racks, stands and hooks; organisation of exhibitions for commercial or advertising purposes.

Class 01

Filtering media of chemical and non-chemical substances (included in this

class); surface coating compositions (chemicals), other than paints; adhesives for industrial use; curing preparations (chemical preparations for use in industry); antifreeze; fire extinguishing compositions; coolants; chemical solutions for cooling systems; battery electrolytes; water for batteries (included in this class); hydraulic fluids; chemical additives for fuels, combustibles, lubricants and industrial oils; chemicals for purifying exhaust gases in chemical processes; chemicals for reducing the emission of pollutants in exhaust gases from internal combustion engines; detergents for use in manufacture and industry; urea (organic compound) for industrial use; chemical releasing agents; chemical substances, chemical materials and chemical preparations and raw materials (included in this class); industrial salts; unprocessed and synthetic resins; putties, fillers and pastes for use in industry; tire sealing compounds; cement for mending damaged articles; unprocessed and semi-processed cellulose.

Class 04

Industrial oils and greases; motor oil; gear oils; lubricants; dust removing preparations; preparations for dust absorbing, dust wetting and dust binding; non-chemical additives for fuels, combustibles, lubricants and industrial oils; fuels (including motor spirits) and lighting fuels; industrial greases, waxes and fluids; releasing agents in the form of oils and greases; non-chemical additives in connection with all the aforesaid goods, included in this class.

Class 06

Ironmongery and small items of metal hardware; metal goods, in particular building materials, building elements, tanks, silos, containers, transportation articles, storage articles, packaging articles, reservoirs, bins, safety cashboxes, pipes, tubes, hoses, cables (non-electric), wires (non-electric), chains (except jewelry), rings (except jewelry), buildings, transportable buildings, fences, reinforcement materials, locks, keys, handles, lock bolts, closures, rollers, locking rings, locking pins, cotters, bracings, joists, tracks, walls, panels, straps, straps for handling loads, pallets, nuts, screws, bolts, dowels, discs of metal, shims, fasteners, fixing parts, plugs, adjustable collars, pipe clamps, hose clamps, bands, bungs, lids, hooks (small items of metal hardware), nails, pins (small items of metal hardware), rivets, trellises, number plates, shelters, protective strips, protective screens and protective walls; metal structures; metal couplings and connectors for pipes, tubes, hoses and cables; wire nets and gauzes; unprocessed and semi-processed materials of metal (not adapted for specific use); sheets and plates of metal, in particular sheets and plates for the protection of machine and vehicle parts; welding rods; metal signs and signaling panels (non-luminous and non-mechanical); metal cylinders for compressed gas or liquids (empty); keys not of metal; parts and fittings for all the aforesaid goods, included in this class.

Class 07

Mechanical equipment for construction, earth moving, crushing, mixing, processing, mining and agriculture; pumps, compressors, generators and fans; robots; moving and handling equipment; lifting and hoisting equipment; machines for treatment of materials and for manufacturing; engines and powertrains (except for land vehicles); generic parts of machines; machine coupling and power transmission components (except for land vehicles); filters (parts of machines or engines); filter housings (parts of machines or engines); dispensing machines; sweeping, cleaning, washing and rinsing machines; construction machines; mechanical, pneumatic, hydraulic and electric construction implements (other than hand-operated); mining machines; processing machines; recycling machines, in particular machines for recycling road surfaces; demolition machines; agricultural machines; agricultural implements (other than

hand-operated); road construction machines; canal construction machines; tunnel boring machines; soil working machines; soil stabilization machines; milling machines, in particular road milling machines; road finishers; machines for the making, application and removal of road surfaces; remixers and repavers (machines for fusing, detaching, processing and relaying of road surfacing); heating machines, in particular for replastifying road surfaces; road working machines; machines for road repair; machines for processing road surfaces; machines for road demolition; asphalt finishers (machines); asphalt paving machines; block paving machines; machines for the finishing and aftertreatment of road surfaces; machines for structuring road surfaces; concrete construction machines; slipform pavers (machines); feeders (machines); feeding machines; feeding units for machines and industrial installations; surface miner (open-cast mining machines); dinting machines (underground mining machines); levellers (machines); separators (machines); abrading machines; digging machines; compacting machines; compacting implements; compactors; rollers (construction machines); rammers (machines); vibrators (machines); earth moving machines; machines for waste dump construction; spreading machines; spraying, sputtering and nebulizing machines; cutting machines; sorting machines (other than for money); crushing machines and installations; comminutors for solid materials; crushers; stone and ore working machines; sifting machines and installations; sieves (electric); roller screens (machines); reciprocating feeders (machines); mixing machines and installations, in particular concrete and asphalt mixing machines and installations; separating machines; agitators; automatic dispensing machines; filtering machines; machines for loading; transporting machines; machines for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of asphalt, bitumen, concrete, stone, raw materials, valuable materials or waste; processing installations for breaking, crushing, sifting, separating, classifying, washing, drying, mixing, agitating, dispensing, cleaning, transporting and loading of asphalt, bitumen, raw materials or valuable materials; cranes; lifting jacks (machines); machines for the making of and working on polymers, bitumen, concrete and asphalt; dust removing installations for cleaning purposes; agitators for circulating liquid media; conveyors; conveying installations; conveyor belts; conveyor chains; bucket conveyors; hopper loaders (machines); winches; lifting platforms; windlasses; pressure transformers; pressure intensifiers (machines); parts of machines, namely, tools, tool holders, screeds, bits, chisels, chisel holders, shovels, hammers, milling tools, cutting tools, compacting tools, breaking tools, crushing tools, spray heads, spray fittings, spraying booms, drums, roller tires, drum housings, magnetic separators, undercarriages, chains being part of undercarriages, bogies, heaters for road surfaces, track rollers, bands, belts, belt pulleys, tensioning devices, couplings, transmissions, axles, joints, power transmission components, shafts, mufflers, coolers, loading ramps, vibration and oscillation drums, vibration and oscillation drives, jets, separators, seals, valves, slide valves, regulators, sun screens, vibrators, rollers, track rollers, push rollers, covers, chains, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, transmission shafts, driving chains, auger blades, spreading augers, pneumatic distributors, lubricators, body parts, drivers cabs, steering stands, mirrors, tanks, bumpers, gutters, tamper bars, pressure bars, guide bars, slide blocks, wheelworks, gear wheels, fly wheels, bearing brackets, springs, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, brushes, scrapers, screed plates, breaking and crushing bars, breaking and crushing plates, breaking and crushing jaws, breaking and crushing cones, hoppers, rotors, clack valves, sieves, grilles, braking systems, brakes, brake linings, brake calipers and brake shoes; hand-held tools (other than hand-operated); tools for machines; power tools;

mechanical tools; automatic tools (other than hand-operated); hydraulic tools (other than hand-operated); pneumatic tools (other than hand-operated); mechanical equipment for the lifting and lowering of machines and machine parts; tubes being fitted parts of machines; mechanical, hydraulic and pneumatic control mechanisms; coverings for machine parts, in particular for drums and roller tires; adapted tarpaulins for use with machines; adapted coverings for use with machines; sparking plugs; starters; assembly presses; jacks (machines); electric, pneumatic and hydraulic jacks; welding machines; electric welding apparatus; gas-operated welding apparatus; pneumatic hammers; filters for motors; bearing brackets for machines; machine wheels; belts for motors; belt pulleys; driving chains and transmission shafts (other than for land vehicles); exhausts; engine or motor mufflers; radiators and radiator caps for motors; mechanical discharging hoppers; metal loading ramps (machines); elevators; machine parts, namely alarm systems for machines; material winning machines for open-cast and underground mining; electric and electronic devices for the lifting or lowering of machines or machine parts; installations for collecting gases, liquids and solids; apparatus and installations for removing impurities from gases, liquids and solids; parts and fittings for all the aforesaid goods, included in this class.

Class 08

Hand tools and implements (hand-operated), in particular for treatment of materials and for construction, repair and maintenance; lifting tools; hand-operated pumps for lubricants and industrial oils and greases; hand-operated implements for dispensing lubricants and industrial oils and greases; vices; hand-operated jacks; hand-operated reels for reeling and unwinding strings and ropes; parts and fittings for all the aforesaid goods, included in this class.

Class 09

Scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), control, regulating, life-saving and teaching apparatus and instruments; electronic control apparatus, units and systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data; communications equipment; data carriers for bearing pictures, sound and data; calculating machines; data processing equipment; computers; computer software and hardware; computer peripherals; fire-extinguishing apparatus; recorded data; information technology and audiovisual equipment; magnets, magnetizers and demagnetizers; apparatus, instruments and cables for electricity; optical devices, equipment, enhancers and correctors; safety, security, protection and signalling devices and equipment; navigation, guidance, positioning, tracking, targeting and map making devices; navigational instruments; measuring, detecting and monitoring instruments, devices, appliances and controllers; instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil; temperature regulators; electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing; apparatus, instruments, software and hardware for tracking, monitoring, operating, remote controlling and technical testing of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; testing and quality control devices; electrical testing instruments; electric and electronic apparatus for evaluating the operation of and faults with

products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; scientific research and laboratory apparatus; filtering units for laboratory use; analysing and diagnostic apparatus (not for medical purposes); simulators; dosage devices; laser, infra-red and ultrasound devices (not for medical purposes); lasers (not for medical purposes); switches; electric control boxes, switch cabinets and control boards; electric control panels; joysticks; sensors; detectors; light emitting diodes; horns for signalling; buzzers; luminous signs; optical reflectors; optical mirrors; radio transmitting and receiving apparatus; antennas; aerials as communications apparatus; transmitters; optical and electrical receivers; signalling apparatus and signalling panels of metal (luminous or mechanical); indicator boards; levelling instruments, devices and apparatus; remote control apparatus; oil level indicators; components for electrical circuits; cables and wires (electricity); electric connection components; electric relays; fuses; terminals (electricity); electrical circuits and circuit boards; audio devices and radio receivers; speakers; graphic equalizers; batteries; battery chargers; electrical amplifiers; protective and safety clothing for protection against accident or injury; protective shoes; protective helmets; eyeglasses, in particular safety glasses for protecting the eyes and sun glasses; exposed films for educational purposes; digitally, electronically or magnetically recorded cinematographic films for educational purposes; key cards (encoded); parts and fittings for all the aforesaid goods, included in this class.

Class 11

Industrial processing installations for purifying, drying, heating and sintering of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials or waste; chemical processing installations for purifying, drying, heating and sintering of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials or waste; apparatus and installations for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply; flues and installations for conveying exhaust gases; sanitary installations and appliances; water supply installations; burners, boilers and heaters; electrical heating elements; radiators (heating); heating rods; lighting (included in this class); lighting reflectors; luminaires; headlights; light bulbs; pocket torches; filters for industrial use; air filters; gas filters; water filters; industrial installations for filtering liquids and gases; regulating and safety accessories for water and gas installations; ventilating and air conditioning apparatus and installations; apparatus and installations for purifying air, gas and water; igniters; heaters for oils and greases; cookers; installations and apparatus for heating and boiling asphalt and bitumen; melting furnaces for asphalt and bitumen [for industrial purposes]; polymerisation installations; dust removal installations for ventilation purposes; heat exchangers; irrigation sprinklers; parts and fittings for all the aforesaid goods, included in this class.

Class 12

Vehicles and conveyances; tractors; concrete mixing vehicles; tankers; trailers for tankers; transport vehicles; truck tractors; load carrying trailers; low-loading vehicles; towing trucks; trucks; trailers for motor land vehicles; tipping bodies for vehicles; waggons; steering wheels; wheels; tyres; pneumatic tyres; solid rubber tyres; wheel rims; inner tubes for tyres; repair outfit for tyres and inner tubes for tyres; chains for motor vehicles; tracks for vehicles; continuous tracks; complete running gears with continuous tracks or rubber tracks for tracked vehicles; track pads for continuous tracks; adapted quick-change pads for use with track pads for continuous tracks; powertrains, including engines and motors, for land

vehicles; coupling and power transmission components for land vehicles; driving chains and transmission shafts for land vehicles; body parts for vehicles; radiator grills for vehicles; undercarriages; braking systems, brakes, brake calipers, brake shoes and brake linings for vehicles; windscreen wipers; adapted tarpaulins for use with vehicles and vehicle trailers; adapted coverings for use with vehicles and vehicle trailers; alarm systems for vehicles; mirrors for vehicles; pumps for bicycles; air pumps for tyres; engines and powertrains for land vehicles; vehicle parts, namely scrapers for tyres; parts and fittings for all the aforesaid goods, included in this class.

Class 14

Precious metals and their alloys, and imitations thereof; precious stones and pearls, and imitations thereof; jewellery; horological and chronometric instruments; jewellery and watch boxes; key rings (trinkets or fobs); statues, figurines, ornaments, coins and tokens, made of or coated with precious or semi-precious metals or stones, or imitations thereof; works of art made of precious metal; key rings of common metal (except jewellery); key rings not of metal (except jewellery); parts and fittings for all the aforesaid goods, included in this class.

Class 16

Paper; cardboard; printed matter; paper goods; stationery; writing and stamping implements; ballpoint pens; fountain pens; pencils; drawing materials; cases for stationery and drawing materials; pictures; photographs; post cards; picture post cards; pop-up greeting cards; greeting cards; decalcomanias; trading cards (other than for games); graphic prints; diagrams; blueprints (plans); maps made of paper or flexible plastics; newspapers; periodicals; magazines (periodicals); books; booklets; catalogues; reference books; manuals; note books; calendars; albums; book markers; stamps; labels (not of textile); works of art [paintings]; sketch pads; pads for applying paint; drawing pads; art prints; craft kits for painting; paper party decorations; table decorations of paper; decorations of paper, other than Christmas decorations; adhesive wall decorations of paper; envelopes for stationery use; painters' brushes; office requisites (except furniture); instructional and teaching material (except apparatus); works of art and figurines of paper or cardboard, and architectural models; coasters of paper or cardboard; filtering materials of paper; bags and articles for packaging, wrapping and storage of paper and cardboard; bags and articles for packaging and wrapping of plastics; disposable paper products; parts and fittings for all the aforesaid goods, included in this class.

Class 17

Seals, sealants and fillers; insulation, damping and barrier materials; flexible pipes, tubes, hoses, and fittings therefor, including valves; non-metallic pipes, tubes and hoses (not for building purposes); non-metallic couplings and connectors for pipes, tubes, hoses and cables; semi-finished plastic goods; plastics in the form of sheets, films, blocks, rods and tubes; unprocessed and semi-processed materials (not adapted for a specific use), included in this class, namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, fibers impregnated with synthetic resins; finished or semi-finished products (adapted for a specific use), included in this class, namely, ebonite moulds, moulds of rubber for use in the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, shock-absorbing materials, packing materials, vibration dampers, antidazzle films for windows (tinted), rubber covers for electrical

components, rubber covers for switches, plastic masking films (other than for packaging), drum coverings of rubber (semi-finished products), sealing rings, cylinder jointings, spacer brackets of rubber (except fasteners for pipes), washers of rubber (except for water taps and except fasteners for pipes), sealing membranes and semi-processed synthetic filtering materials, adhesive tapes, clutch linings and brake linings, protective rubber articles, protective asbestos screens and rubber rings; finished or semi-finished products (adapted for a specific use), included in this class, namely, non-metallic spacers in the form of strips for industrial use, non-metallic adhesive tapes for industrial use, non-metallic adhesive strips for industrial use, non-metallic adhesive bands for industrial use, non-metallic adhesive films for industrial use and rubber bands for industrial use; non-metallic joints for pipes, tubes, hoses and cables; figurines made of rubber; parts and fittings for all the aforesaid goods, included in this class.

Class 18

Luggage, bags, wallets; suitcases; travel cases; carriers for tools; tool carriers for testing, controlling and measuring apparatus and instruments; tool carriers for electrical, hydraulic and pneumatic equipment; tool carriers for computer hardware and peripherals; tool carriers for information technology and audiovisual equipment; backpacks; umbrellas and parasols; walking sticks; saddlery; parts and fittings for all the aforesaid goods, included in this class.

Class 20

Tanks (not of metal nor of masonry), in particular for the storage of gases, liquids and solids; reservoirs, and closures and holders therefor; containers (not of metal); ladders and movable steps (not of metal); non-metallic displays, stands and signage (included in this class); non-metallic goods, namely, locks, plastic handles, valves, fasteners, screw threaded fixing parts, clips, and connectors, shelves, grab handles, chain links, hooks, fixings, pipe clamps, hose clamps, plastic clips for cables, molds, holders for pennants, number plates, supports, arm rests, tracks, protectors, rods, plastic shims, nuts (fasteners), screws, dowels, bolts, rivets, nails, bungs, coil springs, stacking adapters, staves, poles, suction pads, overhead tracks, tags, tensioner pulleys, parts of tents, statues, figurines, works of art and ornaments and decorations, included in this class; furniture; crates and pallets (not of metal); clothes hangers; non-metallic trays (except for domestic purposes); fixed non-metallic towel dispensers; lock bolts not of metal; parts and fittings for all the aforesaid goods, included in this class.

Class 21

Glassware, porcelain and earthenware, not included in other classes; cleaning instruments and articles for cleaning purposes; brooms; buckets; pitchers; funnels; steel wool; brushes (not for painting purposes); gardening articles, namely, sprinkling devices, nozzles for sprinkling devices, watering cans, watering can sprinklers, lawn sprinklers and nozzles for hose pipes; statues, figurines, plaques and works of art, included in this class; unprocessed and semi-processed glass (not adapted for specific use); household and kitchen utensils; bottle openers; combs and sponges; tableware, cookware and containers; cosmetic and toilet utensils and bathroom articles; shoe horns; non-metallic trays for domestic purposes; non-metallic holders for paper towels for domestic purposes; parts and fittings for all the aforesaid goods, included in this class.

Class 25

Clothing; footwear; headgear; parts and fittings for the aforesaid goods, included in this class.

Class 28

Model vehicles and machines (scaled down); model vehicles and machines (playthings); toys, games, playthings and novelties; sporting articles and equipment; festive decorations (included in this class) and artificial Christmas trees; parts and fittings for all the aforesaid goods, included in this class.

Class 34

Smokers' articles, in particular lighters; ashtrays; matches; parts and fittings for all the aforesaid goods, included in this class.

Class 35

Business management; business administration; advertising; dissemination of advertisements; rental of advertising space; marketing and sales promotion services; business administration consultancy; business and organisational consultancy; business information services; product demonstrations and product presentation services, also via the internet; conducting and organization of fairs for commercial and advertising purposes; commercial trading and consumer information services, namely auctioneering services, organizing of business contacts, collective buying services, evaluations relating to commercial matters, business agency services, import and export services, negotiation and intermediation services, ordering services, price comparison services, acquisition services for third parties, subscription services; business analysis, research and information services; data processing (office functions); electronic collecting of data; compilation and systematization of data and information in electronic databases; business organization planning to facilitate process optimization for the purpose of quality management; compilation of statistics; cost-benefit analysis; cost price analysis; business studies concerning capacity utilisation; business project management; organisational project management and organisational management of vehicle and machine fleets, and related organisational and business consultancy; operation of customer service centres for others, namely taking, collecting and forwarding customer requests or customer complaints via telephone or electronic means for information, complaints and emergency purposes; import-export agencies services; business administration assistance in the nature of organisational scheduling of the operating time and location of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; business relocation services; sponsorship search; retail and wholesale services, also via the internet, in relation to filtering media, adhesives for industrial use, antifreeze, fire extinguishing compositions, cooling preparations, electrolytes and water for batteries, hydraulic fluids, chemical additives for fuels, combustibles, lubricants and industrial oils, detergents for use in manufacture and industry, urea (organic compound), chemical substances, chemical materials, chemical preparations, natural elements, industrial salts, unprocessed and synthetic resins, putties for use in industry, fillers for use in industry, pastes for use in industry, tire sealing compounds, cement for mending damaged articles, industrial oils and greases, motor oil, gear oil, lubricants, dust removing preparations, preparations for dust absorbing, dust wetting and dust binding, non-chemical additives for fuels, combustibles, lubricants and industrial oils, fuels (including motor spirits), lighting fuels, industrial greases, waxes and fluids, releasing agents in the form of oils and greases, ironmongery, small items of metal hardware, metal goods, silos, metal structures, couplings and connectors for pipes, tubes, hoses and cables, wire nets and gauzes, unprocessed and semi-processed materials of metal (not adapted for specific use), sheets and plates, sheets and plates for the protection of machine and vehicle parts, welding rods, metal signs and signaling panels (non-luminous and non-

mechanical), metal cylinders for compressed gas or liquids (empty), model vehicles and machines (ornaments) made of common metal, mechanical equipment for construction, earthmoving, crushing, mixing, processing, mining and agriculture, pumps, compressors, generators, fans, robots, moving and handling equipment, lifting and hoisting equipment, machines for treatment of materials and for manufacturing, engines, powertrains, generic machine parts, machine coupling and power transmission components (except for land vehicles), filters and filter housings (parts of machines or engines), dispensing machines, sweeping, cleaning, washing and rinsing machines, construction machines, mechanical, pneumatic and electric construction implements (other than hand-operated), winning machines, mining machines, processing machines, recycling machines, machines for recycling road surfaces, demolition machines, agricultural machines, agricultural implements (other than hand-operated), road construction machines, canal construction machines, tunnel boring machines, soil working machines, soil stabilization machines, milling machines, road milling machines, road finishers, machines for the making, application and removal of road surfaces, remixers and repavers (machines for fusing, detaching, processing and relaying of road surfacing), heating machines, heating machines for replastifying road surfaces, road working machines, machines for road repair, machines for processing road surfaces, machines for road demolition, asphalt finishers, asphalt paving machines, block paving machines, machines for the finishing and aftertreatment of road surfaces, machines for structuring road surfaces, concrete construction machines, slipform pavers, feeders, feeding machines, feeding units for machines and industrial installations, surface miner (open-cast mining machines), levellers (machines), separators (machines), abrading machines, digging machines, compacting machines, compacting implements, compactors, rollers (construction machines), rammers (machines), vibrators (machines), earth moving machines, machines for waste dump construction, spreading machines, spraying, sputtering and nebulizing machines, cutting machines, sorting machines (other than for money), crushing machines and installations, comminutors for solid materials, crushers, stone and ore working machines, sifting machines and installations, sieves (electric), roller screens (machines), reciprocating feeders (machines), mixing machines and installations, concrete and asphalt mixing machines and installations, machines for breaking, separating, classifying, washing, agitating, dispensing, filtering, loading and transporting, processing installations for breaking, crushing, sifting, separating, classifying, mixing, agitating, dispensing, cleaning, transporting and loading of asphalt, bitumen, raw materials or valuable materials, cranes, lifting jacks (machines), machines for the making of and working on polymers, bitumen, concrete and asphalt, dust removing installations for cleaning purposes, agitators for circulating liquid media, conveyors, conveying installations, conveyor belts, conveyor chains, bucket conveyors, hopper loaders (machines), winches, lifting platforms, windlasses, pressure transformers, pressure intensifiers, parts of machines, namely, tools, tool holders, screeds, bits, chisels, chisel holders, shovels, hammers, milling tools, cutting tools, compacting tools, breaking tools, crushing tools, spray heads, spray fittings, spraying booms, drums, roller tires, drum housings, magnetic separators, undercarriages, chains being part of undercarriages, bogies, heaters for road surfaces, track rollers, bands, belts, belt pulleys, tensioning devices, couplings, transmissions, axles, joints, power transmission components, shafts, mufflers, coolers, loading ramps, levelling systems, vibration and oscillation systems and drives, jets, separators, seals, valves, slide valves, regulators, sun screens, vibrators, rollers, track rollers, push rollers, covers, chains, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, transmission shafts, driving chains, auger blades, spreading augers, pneumatic distributors, lubricators, alarm systems, body parts, drivers cabs, steering stands, mirrors, tanks, bumpers, gutters,

tamper bars, pressure bars, guide bars, slide blocks, wheelworks, gear wheels, fly wheels, bearing brackets, springs, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, brushes, scrapers, screed plates, breaking and crushing bars, breaking and crushing plates, breaking and crushing jaws, breaking and crushing cones, hoppers, rotors, clack valves, sieves, grilles, braking systems, brakes, brake linings, brake calipers and brake shoes, hand-held tools (other than hand-operated), tools for machines, power tools, mechanical tools, automatic tools, pneumatic tools, mechanical equipment for the lifting and lowering of machines and machine parts, tubes being fitted parts of machines, mechanical and pneumatic control mechanisms, coverings for machine parts, adapted tarpaulins for use with machines, adapted coverings for use with machines, sparking plugs, starters, assembly presses, jacks (machines), electric and hydraulic jacks, welding machines, welding apparatus, pneumatic hammers, filters for motors, bearing brackets for machines, machine wheels, belts for motors, belt pulleys, driving chains and transmission shafts (other than for land vehicles), exhausts, mufflers, radiators for motors, radiator caps for motors, mechanical discharging hoppers, metal loading ramps (machines), elevators, hand tools and implements (hand-operated), lifting tools, hand-operated pumps for lubricants and industrial oils and greases, drums for reeling and unwinding strings and ropes, vices, hand-operated jacks, scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), control, regulating, life-saving and teaching apparatus and instruments, electronic control apparatus, units and systems, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data, communications equipment, data carriers for bearing sound, pictures and data, calculating machines, data processing equipment, computers, computer software and hardware, computer peripherals, fire-extinguishing apparatus, recorded data, information technology and audiovisual equipment, magnets, magnetizers, demagnetizers, apparatus, instruments and cables for electricity, optical devices, optical equipment, optical enhancers, optical correctors, safety, security, protection and signalling devices and equipment, navigation, guidance, positioning, tracking, targeting and map making devices, navigational instruments, measuring, detecting and monitoring instruments, devices, appliances and controllers, temperature regulators, electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, apparatus, instruments, software and hardware for tracking, monitoring, operating, remote controlling and technical testing of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, testing and quality control devices, electrical testing instruments, electric and electronic apparatus for evaluating the operation of and faults with products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, scientific research and laboratory apparatus, filtering units for laboratory use, analysing and diagnostic apparatus (not for medical purposes), simulators, dosage devices, laser, infrared and ultrasound devices (not for medical purposes), lasers (not for medical purposes), switches, electric control boxes, switch cabinets and control boards, electric control panels, joysticks, sensors, detectors, light emitting diodes, horns for signalling, buzzers, luminous signs, optical reflectors, optical minors, radio transmitting and receiving apparatus, antennas, aerials as communications apparatus, transmitters, optical and electrical receivers, signalling apparatus and signalling panels of metal (luminous or

mechanical), indicator boards, levelling instruments, devices and apparatus, electrostatic separators, remote control apparatus, electric and electronic devices for the lifting or lowering of machines or machine parts, oil level indicators, components for electrical circuits, cables (electricity), wires (electricity), electric connection components, electric relays, fuses, terminals (electricity), electrical circuits and circuit boards, audio devices, radio receivers, speakers, graphic equalizers, batteries, battery chargers, electrical amplifiers, protective and safety clothing for protection against accident or injury, protective shoes, protective helmets, eyeglasses, films for educational purposes, key cards (encoded), industrial processing installations, chemical processing installations, apparatus and installations for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply, flues and installations for conveying exhaust gases, sanitary installations and appliances, water supply installations, burners, boilers, heaters, electrical heating elements, radiators (heating), heating rods, lighting, lighting reflectors, light bulbs, filters for industrial use, air filters, gas filters, water filters, industrial installations for filtering liquids and gases, installations for collecting gases, liquids and solids, apparatus and installations for removing impurities from gases, liquids and solids, regulating and safety accessories for water and gas installations, ventilating and air conditioning apparatus and installations, apparatus and installations for purifying air, gas and water, igniters, heaters for oils and greases, cookers, installations and apparatus for heating and boiling asphalt and bitumen, melting pots for asphalt and bitumen, polymerisation installations, dust removal installations for ventilation purposes, heat exchangers, irrigation sprinklers, irrigation spray nozzles, vehicles, conveyances, trailers for motor land vehicles, tipping bodies for vehicles, wagons, steering wheels, wheels, tyres, wheel rims, inner tubes for tyres, repair outfit for tyres and inner tubes for tyres, chains for motor vehicles, tracks for vehicles, continuous hacks, complete running gear units with continuous tracks or rubber tracks for tracked vehicles, track pads for continuous tracks, quick-change pads for track pads for continuous tracks, powertrains (including engines and motors) for land vehicles, coupling and power transmission components for land vehicles, driving chains and transmission shafts for land vehicles, body parts for vehicles, radiator grills for vehicles, undercarriages, braking systems, brakes, brake calipers, brake shoes, brake linings, scrapers for tyres, windscreen wipers, adapted tarpaulins for use with vehicles and vehicle trailers, adapted coverings for use with vehicles and vehicle trailers, alarm systems for vehicles, mirrors for vehicles, air pumps for tyres, precious metals and their alloys, and imitations thereof, precious stones and pearls, and imitations thereof, model vehicles and machines (ornaments) made of precious metal, jewellery, horological and chronometric instruments, jewellery and watch boxes, key rings (trinkets or fobs), statues, figurines, ornaments, coins and tokens, made of or coated with precious or semi-precious metals or stones, or imitations thereof, works of art made of precious metal, paper, cardboard, printed matter, paper goods, stationery, writing and stamping implements, drawing materials, cases for stationery and drawing materials, decoration and art materials and media, office requisites (except furniture), instructional and teaching material (except apparatus), works of art and figurines of paper or cardboard, architectural models, coasters of paper or cardboard, bags and articles for packaging, wrapping and storage of paper, cardboard or plastics, chaplets, seals, sealants, fillers, insulation, damping and barrier materials, flexible pipes, tubes, hoses and fittings therefor (including valves), non-metallic pipes, tubes and hoses (not for building purposes), non-metallic couplings and connectors for pipes, tubes, hoses and cables, semi-finished plastic goods, plastics in the form of sheets, films, blocks, rods and tubes, unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, plastics, elastomers, synthetic materials, composite materials, cellulose, fibers

impregnated with synthetic resins, finished or semi-finished products (adapted for a specific use), namely, moulds, shock-absorbing materials, packaging materials, vibration dampers, statues, works of art, coverings, envelopes, armatures, connectors, spacers (except fasteners for pipes), semi-processed synthetic filtering materials, adhesive tapes, strips, bands and films, clutch linings, brake linings, tyre restoration and repair materials, marker tapes, protective rubber articles, protective asbestos screens, rubber bands, rubber rings, rubber handles, rubber rests and plastic stoppers, luggage, bags, wallets, carriers, umbrellas, parasols, walking sticks, saddlery, tanks (not of metal nor of masonry), in particular for the storage of gases, liquids and solids, model vehicles and machines (ornaments) made of plastic, gypsum or wood, reservoirs, and closures and holders therefor, containers (not of metal), ladders, movable steps, displays, stands, signage, non-metallic goods, namely, locks, keys, key rings, plastic handles, lock bolts, valves, fasteners, screw threaded fixing parts, clips, couplings, connectors, shelves, flaps, grab handles, tracks, joints, chain links, hooks, fixings, pipe clamps, hose clamps, plastic clips for cables, molds, shapers, holders for pennants, number plates, protectors, supports, arm rests, spools, stiffening materials, rings, rods, plastic shims, spacer rings, locking rings, nuts (fasteners), screws, dowels, bolts, rivets, nails, bungs, coil springs, stacking adapters, staves, poles, masts, suction pads, overhead tracks, tags, tensioner pulleys, parts of tents, holders for paper towels and trays, statues, figurines, works of art, ornaments, decorations, furniture, furnishings, crates and pallets (not of metal), glassware, porcelain, earthenware, cleaning instruments, cleaning articles, brooms, buckets, pitchers, funnels, steel wool, brushes (not for painting purposes), gardening articles, model vehicles and machines (ornaments) made of stone, glass or porcelain, statues, figurines, plaques and works of art, unprocessed and semi-processed glassware (not adapted for specific use), household and kitchen utensils, bottle openers, combs and sponges, tableware, cookware, containers, cosmetic and toilet utensils, bathroom articles, shoe horns, clothes hangers, clothing, footwear, headgear, model vehicles and machines (scaled down), model vehicles and machines (playthings), toys, games, playthings, curios, sporting articles and equipment, festive decorations, artificial Christmas trees, smokers' articles, lighters, ashtrays, matches, as well as parts and fittings for the aforesaid goods; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

Class 36

Insurance services; real estate affairs; assessment and management of real estate; appraisal of real estate; rental of real estate; agency services for the leasing of real estate property; real estate agency and brokerage; real estate consultancy and information; pawnbrokerage; financial, monetary and banking services; fundraising and sponsorship; financial management services and real estate management services; finance services; financial consultancy, appraisals and valuations; financial analyses; financing and funding services; arranging of financing and funding; lease-purchase financing services; hire-purchase financing services; arranging of lease-purchase and hire-purchase agreements; arranging of lease-purchases and hire-purchases; consultancy with regard to financing, funding, leasing and hire-purchase financing and hire-purchase financing; bonding, warranty and guarantee services; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

Class 37

Construction; construction supervision; construction consultancy; hire,

rental and leasing of construction machines; building, construction and demolition; mining services; earth moving services; road construction; canal construction; waste dump construction; structural engineering; installation, cleaning, repair and maintenance services with respect to computer hardware, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; installation, cleaning, repair and maintenance of metal structures; rustproofing; application of surface coatings, in particular protective coatings; repair of cabinets; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class; technical consultancy with regard to construction; civil engineering construction.

Class 38

Telecommunication services; communications services for the exchange of data in electronic form; communication via digital transmission, radio, computer, internet, satellite, telematics and cable; telematics services (included in this class); providing access to electronic databases and electronic communications networks; leasing access time to electronic databases and electronic communications networks; leasing access time for enabling the use of non-downloadable on-line software; providing electronic access to position data and satellite correction signals; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

Class 41

Education; instruction; organising, arranging and conducting courses, workshops and seminars; training, in particular concerning safety at work and the operation, usage, repair and maintenance of vehicles, apparatus and machines, and parts thereof; instruction services relating to driving; provision of club education services; entertainment; organising and conducting lotteries, competitions and contests; provision of fan club services in the nature of entertainment, education, sporting activities and cultural activities; provision of club entertainment services; sporting and cultural activities; publishing and reporting; production of films for educational purposes; arranging of competitions; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

Class 42

Scientific and technological services and research; industrial analysis and research services; technological planning and consultancy; technical project planning; construction planning; IT services, namely development, programming, installation, implementation, updating, maintenance and repair of computer software, development of computer hardware, hosting services, software as a service [SaaS], rental of software, rental of computer hardware and facilities, IT consultancy, advisory and information services, IT security and protection services, data recovery, data duplication and conversion services, data coding services, computer analysis and diagnostics, research and development and implementation of computers and computer systems, computer programming, computer project management services, data mining, technological services relating to computers, computer network services, data migration services, technological services, namely generating, recording and analysing of

position data and satellite correction signals, updating of websites for third parties and monitoring of computer systems by remote access; testing, authentication and quality control; technological planning and consultancy; technical consultancy and technical planning in the field of mechanical engineering, electrical engineering, structural engineering, civil engineering, computer programming, software, information technology, technical testing and measuring; technical consultancy and technical planning in the field of analysis of materials, material testing and construction planning; technical consultancy and technical planning in the field of machine condition monitoring, calibration of machines and testing the functionality of machines; technical consultancy and technical planning in the field of computer hardware design and development, in the field of troubleshooting of computer software problems and in the field of mapping; technological consultancy relating to the performance of vehicles, apparatus and machines, and parts thereof; design services; engineering services; research in the fields of mechanical engineering, electrical engineering and construction; geological research and prospecting; product research and development; development of industrial processes; development of new products and technologies for third parties; development of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; construction planning and design; safety testing and technical testing (also by remote access) of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; troubleshooting and fault diagnosis regarding computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; remote monitoring of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; remote maintenance of computer software; technological services provided by means of remote controlling, remote maintenance and electronic tracking of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; measurement services; preparation of technical surveys; weather forecast services; technical development of models and concepts to be implemented for the operation, production and logistics of commercial enterprises; planning and development of construction projects and projects for the processing, crushing and mixing of gases, liquids or solids; laboratory services; chemistry services; physicist services; architectural services; technical drawing; urban planning; technical construction planning; technological project management; technical testing services; technological services, namely generating and analysing of data concerning construction processes and processes of processing, crushing and mixing of gases, liquids or solids; technical data analysis concerning construction processes and processes of processing, crushing and mixing of gases, liquids or solids; electronic recording of data; civil engineering; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.
