REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Application for a series of two marks.

The first mark in the series is limited to the colour(s) as shown in the representation on the form of application.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers; calculating machines; data processing equipment; fire extinguishing apparatus; abacuses; counting machines; accumulators, electric; acid hydrometers; acidimeters for batteries; acoustic conduits; acoustic couplers; actinometers; adding machines; aerials; aerometers; electronic agendas; air analysis apparatus; alarm bells, electric; alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers; amplifying tubes; anemometers; animated cartoons; anode batteries; anodes; answering machines; anti-glare glasses; sun visors [eyewear]; anti-interference devices [electricity]; anti-theft warning apparatus; anticathodes; apertometers [optics]; armatures [electricity]; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; asbestos screens for firemen; apparatus and instruments for astronomy; audiovisual teaching apparatus; automated teller machines [ATM]; azimuth instruments; balances [steelyards]; balancing apparatus; bar code readers; barometers; batteries, electric; batteries, electric, for vehicles; batteries for lighting; battery boxes; battery chargers; battery jars; beacons, luminous; bells [warning devices]; betatrons; binoculars; blinkers [signalling lights]; blueprint apparatus; boiler control instruments; branch boxes [electricity]; breathing apparatus, except for artificial respiration; breathing apparatus for underwater swimming; buzzers; cabinets for loudspeakers; cables, electric; calculating machines; calibrating rings; calipers; camcorders; cameras [photography]; capacitors; capillary tubes; carpenters' rules; carriers for dark plates [photography]; cases especially made for photographic apparatus and instruments; cases fitted with dissecting instruments for scientific or research purposes; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus; cell phone straps; centering apparatus for photographic transparencies; central processing units [processors]; chargers for electric batteries; chemistry apparatus and instruments; chips [integrated circuits]; choking coils [impedance]; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; cinematographic cameras; cinematographic film, exposed; circuit breakers; circuit closers; cleaning apparatus for phonograph records; clinometers; clothing especially made for laboratories; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; coaxial cables; coils, electric; mechanisms for coin operated apparatus; coin-operated mechanisms for television sets; collectors, electric; electric apparatus for commutation; commutators; compact disc players; compact discs [audio-video]; compact discs [read-only memory]; comparators; compasses [directional]; compasses for measuring; computer game programs; computer keyboards; computer memory devices; computer operating programs, recorded; computer peripheral devices; computer programmes, recorded; computer programs [downloadable software]; computer software, recorded; computers; conductors, electric; connections for electric lines;

connectors [electricity]; contact lenses; contacts, electric; containers for contact lenses; containers for microscope slides; control panels [electricity]; converters, electric; copper wire, insulated; correcting lenses [optics]; cosmographic instruments; mechanisms for counter-operated apparatus; couplers [data processing equipment]; couplings, electric; covers for electric outlets; crash test dummies; cupels [laboratory]; current rectifiers; cyclotrons; darkroom lamps [photography]; darkrooms [photography]; data processing apparatus; decompression chambers; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; detectors; diagnostic apparatus, not for medical purposes; diaphragms [acoustics]; diaphragms for scientific apparatus; diaphragms [photography]; dictating machines; diffraction apparatus [microscopy]; discharge tubes, electric, other than for lighting; disk drives for computers; disks, magnetic; distance measuring apparatus; distance recording apparatus; distillation apparatus for scientific purposes; distribution boards [electricity]; distribution boxes [electricity]; distribution consoles [electricity]; divers' masks; diving suits; DNA chips; dog whistles; dosimeters; downloadable image files; downloadable music files; downloadable ring tones for mobile phones; drainers for use in photography; dressmakers' measures; drying apparatus for photographic prints; drying racks [photography]; ducts [electricity]; DVD players; dynamometers; ear plugs for divers; editing apparatus for cinematographic films; egg-candlers; electric door bells; electric installations for the remote control of industrial operations; electric loss indicators; electricity conduits; materials for electricity mains [wires, cables]; electrified fences; electrified rails for mounting spot lights; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; electrolyzers; electromagnetic coils; electronic notice boards; electronic pens [visual display units]; electronic pocket translators; electronic publications, downloadable; electronic tags for goods; encoded identification bracelets, magnetic; encoded magnetic cards; enlarging apparatus [photography]; epidiascopes; ergometers; exposure meters [light meters]; fire extinguishers; eyeglass cases; eyeglass chains; eyeglass cords; eyeglass frames; eyepieces; instruments containing eyepieces; facsimile machines; false coin detectors; apparatus for fermentation [laboratory apparatus]; fibre optic cables; film cutting apparatus; films, exposed; filters for respiratory masks; filters for ultraviolet rays, for photography; filters [photography]; fire alarms; fire beaters; fire blankets; fire boats; fire engines; fire escapes; fire hose; fire hose nozzles; flash-bulbs [photography]; flashlights [photography]; floppy disks; fluorescent screens; fog signals, non-explosive; food analysis apparatus; frames for photographic transparencies; apparatus to check franking; frequency meters; furniture especially made for laboratories; fuse wire; fuses; galena crystals [detectors]; galvanic batteries; galvanic cells; galvanometers; garments for protection against fire; gas testing instruments; gasometers [measuring instruments]; gauges; glass fibre conduits for electricity cables; glazing apparatus for photographic prints; global positioning system [GPS] apparatus; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; goggles for sports; grids for batteries; hands free kits for phones; head cleaning tapes [recording]; headphones; heat regulating apparatus; heliographic apparatus; hemline markers; high-frequency apparatus; holders for electric coils; holograms; horns for loudspeakers; hourglasses; hydrometers; hygrometers; identification sheaths for electric wires; identification threads for electric wires; identity cards, magnetic; igniting apparatus, electric, for igniting at a distance; incubators for bacteria culture; inductors [electricity]; integrated circuit cards [smart cards]; integrated circuits; intercommunication apparatus; interfaces for computers; inverters [electricity]; invoicing machines; ionization

apparatus not for the treatment of air or water; jigs [measuring instruments]; juke boxes for computers; juke boxes, musical; junction boxes [electricity]; junction sleeves for electric cables; knee-pads for workers; laboratory centrifuges; laboratory trays; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes; appliances for measuring the thickness of leather; lens hoods; lenses for astrophotography; letter scales; levelling instruments; levels [instruments for determining the horizontal]; life belts; life buoys; life jackets; life nets; life saving apparatus and equipment; life saving rafts; optical fibres [light conducting filaments]; optical fibers [light conducting filaments]; light dimmers [regulators], electric; light-emitting diodes [led]; light-emitting electronic pointers; lighting ballasts; lightning arresters; limiters [electricity]; locks, electric; logs [measuring instruments]; loudspeakers; magic lanterns; magnetic data media; magnetic encoders; magnetic tape units for computers; magnetic tapes; magnetic wires; magnets; decorative magnets; magnifying glasses [optics]; manometers; marine compasses; marine depth finders; marking buoys; marking gauges [joinery]; masts for wireless aerials; material testing instruments and machines; mathematical instruments; measures; measuring apparatus; measuring devices, electric; measuring glassware; measuring instruments; measuring spoons; mechanical signs; megaphones; mercury levels; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; meters; metronomes; micrometer screws for optical instruments; micrometers; microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; mirrors [optics]; modems; money counting and sorting machines; electric mains monitoring apparatus; monitors [computer hardware]; monitors [computer programs]; mouse [computer peripheral]; mouse pads; nautical apparatus and instruments; naval signalling apparatus; navigation apparatus for vehicles [on-board computers]; navigational instruments; neon signs; nets for protection against accidents; nose clips for divers and swimmers; notebook computers; objectives [lenses] [optics]; observation instruments; octants; ohmmeters; optical apparatus and instruments; optical character readers; optical condensers; optical data media; optical discs; optical glass; optical lamps; optical lenses; oscillographs; ovens for laboratory use; oxygen transvasing apparatus; ozonisers [ozonators]; parking meters; particle accelerators; pedometers; peepholes [magnifying lenses] for doors; periscopes; personal stereos; petrol gauges; phonograph records; photocopyers [photographic, electrostatic, thermic]; photometers; phototelegraphy apparatus; photovoltaic cells; apparatus and instruments for physics; pince-nez; pipettes; plane tables [surveying instruments]; planimeters; plates for batteries; plotters; plugs, sockets and other contacts [electric connections]; plumb bobs; plumb lines; pocket calculators; polarimeters; portable media players; portable telephones; precision balances; precision measuring apparatus; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuit boards; printed circuits; printers for use with computers; prisms [optics]; probes for scientific purposes; projection apparatus; projection screens; protection devices against X-rays, not for medical purposes; protection devices for personal use against accidents; protective helmets; protective helmets for sports; protective masks; protective suits for aviators; protractors [measuring instruments]; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators; radar apparatus; radio pagers; radiological apparatus for industrial purposes; radiology screens for industrial purposes; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances; readers [data processing equipment]; audio and video receivers; apparatus for changing record player needles; record players; reducers [electricity]; reflecting discs for protective clothing, for the prevention of accidents; refractometers; refractors;

regulating apparatus, electric; relays, electric; remote control apparatus; resistances, electric; respirators for filtering air; powered respirators, other than for artificial respiration; resuscitation mannequins [teaching apparatus]; retorts; retorts' stands; revolution counters; rheostats; riding helmets; road signs, luminous or mechanical; rods for water diviners; rods [surveying instruments]; rulers [measuring instruments]; rules [measuring instruments]; saccharometers; safety restraints, other than for vehicle seats and sports equipment; safety tarpaulins; salinometers; satellite navigational apparatus; satellites for scientific purposes; scales; scanners [data processing equipment]; screens for photoengraving; screens [photography]; screw-tapping gauges; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; shutter releases [photography]; shutters [photography]; sighting telescopes for firearms; signal bells; signal lanterns; signalling buoys; signalling panels, luminous or mechanical; signalling whistles; signals, luminous or mechanical; signs, luminous; simulators for the steering and control of vehicles; sirens; apparatus for measuring the thickness of skins; slide calipers; slide projectors; slide-rules; slides [photography]; smoke detectors; solar batteries; solderers' helmets; solenoid valves [electromagnetic switches]; sonars; sound alarms; sound locating instruments; sound recording apparatus; sound recording carriers; sound recording strips; sound reproduction apparatus; sound transmitting apparatus; sounding apparatus and machines; sounding leads; sounding lines; spark-guards; speaking tubes; spectacle cases; spectacle frames; spectacles; eye glasses; spectacles [optics]; spectrograph apparatus; spectroscopes; speed checking apparatus for vehicles; speed indicators; speed measuring apparatus [photography]; speed regulators for record players; spherometers; spirit levels; spools [photography]; sprinkler systems for fire protection; stage lighting regulators; stands for photographic apparatus; starter cables for motors; steering apparatus, automatic, for vehicles; step-up transformers; stereoscopes; stereoscopic apparatus; stills for laboratory experiments; styli for record players; sulphitometers; sunglasses; surveying apparatus and instruments; surveying chains; surveying instruments; surveyors' levels; switchboards; switchboxes [electricity]; switches, electric; tachometers; tape recorders; taximeters; teaching apparatus; teeth protectors; telegraph wires; telegraphs [apparatus]; telemeters; telephone apparatus; telephone receivers; telephone transmitters; telephone wires; teleprinters; teleprompts; telerupters; telescopes; television apparatus; temperature indicators; terminals [electricity]; test tubes; testing apparatus not for medical purposes; theft prevention installations, electric; theodolites; thermionic tubes; thermometers, not for medical purposes; thermostats; thermostats for vehicles; ticket dispensers; time clocks [time recording devices]; time recording apparatus; time switches, automatic; automatic indicators of low pressure in vehicle tires; tone arms for record players; totalizers; traffic-light apparatus [signalling devices]; transformers [electricity]; transistors [electronic]; transmitters of electronic signals; transmitters [telecommunication]; transmitting sets [telecommunication]; transponders; triodes; tripods for cameras; urinometers; USB flash drives; vacuum gauges; vacuum tubes [radio]; variometers; vehicle breakdown warning triangles; vehicle radios; verniers; bullet-proof vests; video cassettes; video game cartridges; video recorders; video screens; video telephones; videotapes; viewfinders, photographic; viscosimeters; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; silicon wafers; walkie-talkies; washing trays [photography]; water level indicators; wavemeters; weighbridges; weighing apparatus and instruments; weighing machines; weights; whistle alarms; wind socks for indicating wind direction; wire connectors [electricity]; wires, electric; word processing apparatus; workmen's protective face-shields; wrist rests for use with computers; X-ray

apparatus not for medical purposes; X-ray films, exposed; X-ray photographs, other than for medical purposes; X-ray tubes not for medical purposes; apparatus and installations for the production of X-rays, not for medical purposes; computer game software; mobile phones; phone appliances; mobile phone covers; mobile phone straps; keypads for mobile phones; hands-free kits for mobile phones; protective films adapted for smartphones; virtual reality headsets; cases adapted for mobile phones; tablet computers; cases adapted for notebook computers; wrist rests for use with computers; sleeves for laptops; wearable video display monitors; headphones; portable power supply apparatus [batteries]; portable power supply apparatus [batteries]; computer programs for use in desk top publishing; computer software for time control; games software for use with an external display screen or monitor; recorded software and programmes for use with electronic games of all kinds; video enhancers; computer game software for use on mobile and cellular phones; electronic game software for mobile phones; computer games programs downloaded via the internet [software]; downloadable graphics for mobile phones; computer application software for mobile phones; computer game software; software for searching and retrieving information across a computer network; computer software for database management; computer software to enable the transmission of photographs to mobile telephones; storage apparatus for computer programs; electronic data processing apparatus for the storage of computer programs; electronic publications, downloadable; downloadable music files; downloadable image files; electronic advertising displays; computer software for administration of local area networks; telecommunications networks.

Class 35

Advertising; business management; business administration; office functions; accounting; drawing up of statements of accounts; administrative processing of purchase orders; advertising by mail order; arranging newspaper subscriptions for others; arranging subscriptions to telecommunication services for others; auctioneering; account auditing; bill-posting; business appraisals; professional business consultancy; business information; business inquiries; business investigations; business management and organization consultancy; business management assistance; business management consultancy; business management of hotels; business management of performing artists; business management of sports people; business organization consultancy; business research; commercial administration of the licensing of the goods and services of others; commercial information agency services; commercial information and advice for consumers [consumer advice shop]; commercial or industrial management assistance; compilation of information into computer databases; compilation of statistics; cost price analysis; data search in computer files for others; demonstration of goods; direct mail advertising; dissemination of advertising matter; distribution of samples; document reproduction; economic forecasting; business efficiency expert services; employment agencies; organization of fashion shows for promotional purposes; computerised file management; import-export agency services; invoicing; layout services for advertising purposes; business management advisory services; marketing; marketing research; marketing studies; modelling for advertising or sales promotion; news clipping services; office machines and equipment rental; on-line advertising on a computer network; opinion polling; organization of exhibitions for commercial or advertising purposes; organization of trade fairs for commercial or advertising purposes; outsourcing services [business assistance]; payroll preparation; personnel management consultancy; personnel recruitment; photocopying services; presentation of goods on communication media, for retail purposes; price comparison

services; procurement services for others [purchasing goods and services for other businesses]; production of advertising films; psychological testing for the selection of personnel; public relations; publicity; publicity agency services; preparation of publicity material; publicity material rental; radio advertising; relocation services for businesses; rental of advertising space; rental of advertising time on communication media; rental of photocopying machines; rental of vending machines; sales promotion for others; secretarial services; shop window dressing; shorthand; sponsorship search; systemization of information into computer databases; tax preparation; telemarketing services; telephone answering for unavailable subscribers; television advertising; transcription; typing; updating of advertising material; word processing; advertising and marketing services; advertising services; business data analysis; online advertising via a computer communications network; promotional services; business networking services; business monitoring services; business consulting services; business strategy services; marketing strategy planning; consumer research; consumer market information services; providing consumer product information; provision of advertising space by electronic means and global information networks; providing employment information; provision of market research information; compilation and provision of online commercial information directories; computerized file management; sales promotion for others; systemization of information into computer databases; business information services; providing business information, also via internet, the cable network or other forms of data transfer; auctioning of vehicles; developing promotional campaigns for businesses; business consultancy services relating to the promotion of fund raising campaigns; charitable services, namely business management and administration; business project management; organization, operation and supervision of customer loyalty schemes; organization, operation and supervision of sales and promotional incentive schemes; retail services in relation to chemicals for use in agriculture; retail services in relation to agricultural equipment; retail services in relation to chemicals for use in forestry; retail services in relation to chemicals for use in horticulture; retail services in relation to cleaning preparations; retail services in relation to fuels; pharmacy retail services; retail services in relation to veterinary preparations; retail services in relation to dietetic preparations; retail services in relation to metal hardware; retail services in relation to construction equipment; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services relating to jewelry; retail services in relation to vehicles; retail services in relation to weapons; retail services in relation to musical instruments; retail services in relation to stationery supplies; retail services in relation to art materials; retail services in relation to bags; retail services relating to furniture; retail services in relation to furnishings; retail services in relation to cleaning articles; retail services in relation to cutlery; retail services in relation to cookware; retail services in relation to food cooking equipment; retail services in relation to yarns; retail services in relation to fabrics; retail services in relation to clothing; retail services in relation to footwear; retail services in relation to headgear; retail services in relation to toys; retail services in relation to seafood; retail services in relation to games; retail services in relation to foodstuffs; retail services in relation to preparations for making beverages; retail services in relation to non-alcoholic beverages; retail services in relation to tobacco; retail services in relation to computer hardware; retail services in relation to wearable computers; retail services in relation to printed matter; retail services in relation to computer software; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet; the bringing together, for the benefit of others, of a variety of goods

(excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network; retail shop window display arrangement services.

Class 38

Telecommunications; cable television broadcasting; cellular telephone communication; communications by computer terminals; communications by closed circuit audio or video systems; satellite communications services; communications by fibre optic networks; communications by telegrams; communications by telephone; computer aided transmission of messages and images; electronic bulletin board services [telecommunications services]; electronic mail services; facsimile transmission; information about telecommunication; message sending; paging services [radio, telephone or other means of electronic communication]; providing access to databases; providing internet chatrooms; providing telecommunication channels for teleshopping services; providing telecommunications connections to a global computer network; providing user access to global computer networks; rental of access time to global computer networks; rental of facsimile apparatus; rental of message sending apparatus; rental of modems; rental of telecommunication equipment; rental of telephones; satellite transmission; telecommunications routing and junction services; teleconferencing services; telegraph services; telephone services; television broadcasting; telex services; transmission of digital files; transmission of greeting cards online; transmission of telegrams; voice mail services; wire service; wireless broadcasting; transmission of data and information by computer and electronic communication means; electronic transmission of images, photographs, graphic images and illustrations over a global computer network; providing frame relay connectivity services for data transfer; transmission and reception of database information via telecommunication networks; leasing access time to a computer database; communications services provided over the internet; providing access to websites on the internet or any other communications network; delivery of digital music by telecommunications; providing access to digital music websites on the internet; sending and receiving of electronic messages; provision of access to electronic sites; providing access to digital music websites on the internet; cellular telephone communication; computer aided transmission of messages and images; paging services [radio, telephone or other means of electronic communication]; streaming audio and video material on the internet; providing access to websites on the internet or any other communications network; telex message communication services; leasing of telecommunication equipment; rental of computer communication apparatus and instruments; transmission of data by electronic means; transmission of data via satellite; transmission of messages, data and content via the internet and other communications networks; webcasting services; delivery of messages by electronic transmission; provision of on-line forums; providing internet chatrooms; chatroom services for social networking; communication between computers; providing access time to web sites [ISPs]; electronic transmission of messages and data; news agency services for electronic transmission; wireless digital messaging services; telex services; singing telegram services; telephone services; television programme broadcasting; television transmission services; provision of telecommunication access to audio content provided via the internet; provision of telecommunication access to video content provided via the internet; provision of telecommunication access to films and television programs provided via a video-on-demand service; provision of telecommunication access to video

and audio content provided via an online video-on-demand service; provision of telecommunication connections to a global computer network; providing of user access to the internet; information about telecommunications; video broadcasting; broadcasting programs via a global computer network; broadcasting of video and audio programming over the internet; subscription television broadcasting; electronic order transmission services; transmission of data, audio, video and multimedia files; electronic communication services; providing on-line electronic bulletin boards for transmission of messages among computer users; rental of communications apparatus; hire of communications apparatus; rental of electronic mail-boxes; hire of electronic mail boxes; electronic communications consultancy; facsimile transmission and retrieval services; transmission of data by electronic means; transmission of data by computer; transmission of data by cable; teleprinter transmission; telex transmission; electronic transmission of mail and messages; transmission of data by teletypewriter; television transmission services; transmission of data by microwave; satellite transmission; transmission of data by audio-visual apparatus; providing access to databases; providing user access to global computer networks; delivery of messages by electronic media; video, audio and television streaming services; telecommunication services; providing online forums; providing access to multimedia content online; providing on-line chat rooms for social networking; advisory and consultancy services relating to wireless communications and wireless communications equipment; provision of access to an electronic marketplace [portal] on computer networks; providing access to e-commerce platforms on the internet; information services relating to telecommunications; advisory services relating to telecommunications; consultancy services relating to telecommunications.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; academies [education]; amusement park services; amusement services; animal training; arranging and conducting of colloquiums; arranging and conducting of concerts; arranging and conducting of conferences; arranging and conducting of congresses; arranging and conducting of seminars; arranging and conducting of symposiums; arranging and conducting of workshops [training]; arranging of beauty contests; boarding school services; booking of seats for shows; bookmobile services; calligraphy services; providing casino facilities [gambling]; cinema presentations; presentation of circus performances; club services [entertainment or education]; coaching [training]; conducting fitness classes; correspondence courses; disc jockey services; discotheque services; dubbing; education information; educational examination; electronic desktop publishing; entertainer services; entertainment information; organization of fashion shows for entertainment purposes; film production, other than advertising films; casino, gaming and gambling services; game services provided on-line from a computer network; games equipment rental; providing golf facilities; gymnastic instruction; health club services [health and fitness training]; holiday camp services [entertainment]; language interpreter services; layout services, other than for advertising purposes; lending library services; presentation of live performances; microfilming; modelling for artists; movie studio services; providing museum facilities [presentation, exhibitions]; music composition services; music hall services; news reporters services; social clubs [entertainment, sporting and cultural services]; nursery schools; operating lotteries; orchestra services; organization of balls; organization of competitions [education or entertainment]; organization of exhibitions for cultural or educational purposes; organization of shows [impresario services]; organization of sports competitions; party planning [entertainment]; personal trainer

services [fitness training]; photographic reporting; photography; physical education; practical training [demonstration]; production of music; production of radio and television programmes; production of shows; providing amusement arcade services; providing karaoke services; providing on-line electronic publications, not downloadable; providing sports facilities; publication of books; publication of electronic books and journals online; publication of texts, other than publicity texts; providing online electronic publications, not downloadable; radio entertainment; recording studio services; providing recreation facilities; recreation information; religious education; rental of audio equipment; rental of camcorders; rental of cine-films; rental of lighting apparatus for theatrical sets or television studios; rental of movie projectors; rental of radio and television sets; rental of show scenery; rental of skin diving equipment; rental of sound recordings; rental of sports equipment, except vehicles; rental of sports grounds; rental of stadium facilities; rental of stage scenery; rental of tennis courts; rental of video cassette recorders; rental of videotapes; scriptwriting services for non-advertising purposes; sign language interpretation; sport camp services; subtitling; television entertainment; theatre productions; ticket agency services [entertainment]; timing of sports events; toy rental; translation; tuition services; videotape editing; video tape film production; videotaping; vocational guidance [education or training advice]; vocational retraining; writing and publishing of texts, other than publicity texts; zoological garden services; games services provided on-line from a computer network; providing on-line computer games; providing internet games, non-downloadable; providing on-line music, not downloadable; providing entertainment information via a website; arranging and conducting of competitions [education or entertainment]; organisation of games and competitions; providing online entertainment in the nature of game shows; providing online entertainment in the nature of game tournaments; interactive entertainment services; providing information on-line relating to computer games and computer enhancements for games; provision of multimedia entertainment programs by television, broadband, wireless and on-line services; electronic games services provided by means of the internet; provision of games by means of a computer based system; providing entertainment information via a website.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; analysis for oil-field exploitation; architectural consultation; architectural services; authenticating works of art; bacteriological research; biological research; calibration [measuring]; chemical analysis; chemical research; chemistry services; cloud seeding; computer programming; computer rental; computer software consultancy; computer software design; updating of computer software; computer system analysis; computer system design; computer virus protection services; construction drafting; consultancy in the design and development of computer hardware; consultancy in the field of energy-saving; conversion of data or documents from physical to electronic media; cosmetic research; creating and maintaining web sites for others; conversion of computer programs and data, other than physical conversion; design of interior decor; digitization of documents [scanning]; dress designing; duplication of computer programs; engineering; quality evaluation of wool; geological prospecting; geological research; geological surveys; graphic arts designing; handwriting analysis [graphology]; hosting computer sites [web sites]; industrial design; installation of computer software; scientific laboratory services; land surveying; maintenance of computer software; material testing; mechanical research;

monitoring of computer systems by remote access; oil-field surveys; oil prospecting; oil-well testing; packaging design; physics [research]; conducting technical project studies; providing search engines for the internet; provision of scientific information, advice and consultancy in relation to carbon offsetting; quality control; recovery of computer data; rental of computer software; rental of web servers; research and development of new products for others; research in the field of environmental protection; styling [industrial design]; surveying; technical research; textile testing; underwater exploration; urban planning; quality evaluation of standing timber; vehicle roadworthiness testing; water analysis; weather forecasting; design of computer game software; application service provider (ASP) services; hosting the web sites of others on a computer server for a global computer network; providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; computer programming of computer games; computer programming of video games; computer software technical support services; technical advisory services relating to computer programs; cloud computing; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; consulting in the field of cloud computing networks and applications; online data storage; computerised data storage; electronic data storage services; electronic storage of files and documents; electronic storage of digital audio files; providing computer facilities for the electronic storage of digital data; electronic storage of entertainment media content; providing search engines for the internet; software as a service [SaaS]; platform as a service [PaaS]; installation of computer software; computer virus protection services; monitoring of computer systems by remote access; outsource service providers in the field of information technology; design, maintenance and updating of computer software; design and development of computer game software and virtual reality software; programming of software for e-commerce platforms; providing user authentication services using biometric hardware and software technology for e-commerce transactions; hosting of e-commerce platforms on the internet; computer time-sharing services; software consultancy services; software development services; software development in the framework of software publishing; information technology [IT] consultancy; computer security consultancy.

Class 45

Legal services; security services for the protection of property and individuals; alternative dispute resolution services; arbitration services; clothing rental; copyright management; dating services; horoscope casting; intellectual property consultancy; intellectual property watching services; legal research; licensing of computer software [legal services]; licensing of intellectual property; litigation services; missing person investigations; personal background investigations; physical security consultancy; online social networking services; online social networking services accessible by means of downloadable mobile applications; social work services; personal introduction agency services; consultancy services relating to social planning; chaperoning.

Scientific, photographic, cinematographic, optical and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; calculating machines, data processing equipment, computers; computer software; computer hardware and software; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure

management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; strategic planning services in the field of information technology; compilation and systemization of

information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products and services via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; provision of an online marketplace (via a website) for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; consultancy in the field of data management relating to information governance and compliance.

Class 36

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; bill payment services.

Class 37

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware; help desk troubleshooting services for the repair, installation and maintenance of computer hardware and computer peripherals; technical support services, namely, troubleshooting in the nature of repairing computer hardware.

Class 38

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

Class 41

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development

of computer hardware and software; cloud computing services; information technology (IT) services (computer hardware, software and peripherals design and technology consultancy); providing information on computer technology and programming via a website; computer support services (programming and software installation, repair and maintenance services); computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; technical consulting services in the fields of datacentre architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing; technological consulting in the field of big data; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; computer security consultancy in the field of information security; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services; consulting in the field of computer networking hardware, namely unified communications hardware; consulting in the field of united communications software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; technological consulting in the field of application delivery management; technological consulting in the field of marketing optimization; consulting in the field of converged IT systems; consulting in fields of IT converged and hyper-converged IT infrastructure; technological consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; preparation of technical reports; technical advice relating to operation of computer; technical data analysis services; technical diagnostic testing services; technical inspection services; technical research; technical studies; technical testing services; help desk and troubleshooting services for IT infrastructure, computer software, and computer networks; technical support services, namely,

troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization services; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; technological services relating to the hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up of databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks and enterprise IT services for others; database services, namely, database design, hosting and reconstitution of databases; data center and data warehouse services, namely, computerised data storage services; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data

warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

Class 09

Scientific, photographic, cinematographic, optical and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; calculating machines, data processing equipment, computers; computer software; computer hardware and software; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network

(SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software;

e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; strategic planning services in the field of information technology; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products and services via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; provision of an online marketplace (via a website) for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; consultancy in the field of data management relating to information governance and compliance.

Class 36

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; bill payment services; financial asset management services in the field of information technology.

Class 37

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware; help desk troubleshooting services for the repair, installation and maintenance of computer hardware and computer peripherals; technical support services, namely, troubleshooting in the nature of repairing computer hardware problems.

Class 38

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

Class 41

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software services (IT programming services), cloud computing services and information technology (IT) services (computer hardware, software and peripherals design and technology consultancy); providing information on computer technology and programming via a web site; computer support services (programming and software installation, repair and maintenance services); computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; technical consulting services in the fields of datacentre architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; technical consulting in the field of big data; consulting in the field of cloud computing; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; computer security consultancy in the field of information security; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services; consulting in the field of computer networking hardware, namely unified communications hardware; consulting in the field of unified communications software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; technological consulting in the field of application delivery management;

technological consulting in the field of marketing optimization; consulting in the field of converged IT systems; consulting in fields of IT converged and hyper-converged IT infrastructure; technological consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; preparation of technical reports; technical advice relating to operation of computers; technical data analysis services; technical diagnostic testing services; technical inspection services; technical research; technical studies; technical testing services; help desk and troubleshooting services for IT infrastructure, computer software and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization services; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; technological services relating to the hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, enterprise IT services for others; database services, namely, database design, hosting and reconstitution of databases; data center and data warehouse services, namely, computerised data storage services; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software

for use in database management and data warehousing; electronic data storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software-defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; strategic planning services in the field of information technology; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products and services via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; provision of an online marketplace (via a website) for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; consultancy in the field of data management relating to information governance and compliance.

Class 36

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; bill payment services; financial asset management services in the field of information technology.

Class 37

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware; help desk troubleshooting services for the repair, installation and maintenance of computer hardware and computer peripherals; technical support services, namely, troubleshooting in the nature of repairing computer hardware problems.

Class 38

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

Class 41

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software services (IT programming services), cloud computing services and information technology (IT) services (computer hardware, software and peripherals design and technology consultancy); providing information on computer technology and programming via a web site; computer support services (programming and software installation, repair and maintenance services); computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; technical consulting services in the fields of datacentre architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; technical consulting in the field of big data; consulting in the field of cloud computing; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; computer security consultancy in the field of information security; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services; consulting in the field of computer networking hardware, namely unified communications hardware; consulting in the field of unified communications software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; technological consulting in the field of application delivery management; technological consulting in the field of marketing optimization; consulting

in the field of converged IT systems; consulting in fields of IT converged and hyper-converged IT infrastructure; technological consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; preparation of technical reports; technical advice relating to operation of computers; technical data analysis services; technical diagnostic testing services; technical inspection services; technical research; technical studies; technical testing services; help desk and troubleshooting services for IT infrastructure, computer software and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization services; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; technological services relating to the hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, enterprise IT services for others; database services, namely, database design, hosting and reconstitution of databases; data center and data warehouse services, namely, computerised data storage services; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data

storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software-defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

Hewlett Packard Enterprise 40201510193R 16/06/2015 (09 16 35 36 37 38 41 42)

Class 09
Scientific, photographic, cinematographic, optical and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; calculating machines, data processing equipment, computers; computer software; computer hardware and software; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk

backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet

applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; strategic planning services in the field of information technology; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products and services via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; provision of an online marketplace (via a website) for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; consultancy in the field of data management relating to information governance and compliance.

Class 36

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; bill payment services; financial asset management services in the field of information technology.

Class 37

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware; help desk troubleshooting services for the repair, installation and maintenance of computer hardware and computer peripherals; technical support services, namely, troubleshooting in the nature of repairing computer hardware problems.

Class 38

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

Class 41

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software services (IT programming services), cloud computing services and information technology (IT) services (computer hardware, software and peripherals design and technology consultancy); providing information on computer technology and programming via a web site; computer support services (programming and software installation, repair and maintenance services); computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; technical consulting services in the fields of datacentre architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; technical consulting in the field of big data; consulting in the field of cloud computing; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; computer security consultancy in the field of information security; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services; consulting in the field of computer networking hardware, namely unified communications hardware; consulting in the field of unified communications software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; technological consulting in the field of application delivery management; technological consulting in the field of marketing optimization; consulting

in the field of converged IT systems; consulting in fields of IT converged and hyper-converged IT infrastructure; technological consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; preparation of technical reports; technical advice relating to operation of computers; technical data analysis services; technical diagnostic testing services; technical inspection services; technical research; technical studies; technical testing services; help desk and troubleshooting services for IT infrastructure, computer software and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization services; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; technological services relating to the hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, enterprise IT services for others; database services, namely, database design, hosting and reconstitution of databases; data center and data warehouse services, namely, computerised data storage services; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data

storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software-defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

Enterprise**

backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet

applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; strategic planning services in the field of information technology; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products and services via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; provision of an online marketplace (via a website) for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; consultancy in the field of data management relating to information governance and compliance.

Class 36

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; bill payment services; financial asset management services in the field of information technology.

Class 37

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware; help desk troubleshooting services for the repair, installation and maintenance of computer hardware and computer peripherals; technical support services, namely, troubleshooting in the nature of repairing computer hardware problems.

Class 38

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

Class 41

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software services (IT programming services), cloud computing services and information technology (IT) services (computer hardware, software and peripherals design and technology consultancy); providing information on computer technology and programming via a web site; computer support services (programming and software installation, repair and maintenance services); computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; technical consulting services in the fields of datacentre architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; technical consulting in the field of big data; consulting in the field of cloud computing; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology; computer security consultancy in the field of information security; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services; consulting in the field of computer networking hardware, namely unified communications hardware; consulting in the field of unified communications software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; technological consulting in the field of application delivery management; technological consulting in the field of marketing optimization; consulting

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 09

Electric control apparatus, systems, devices and installations; programmable control apparatus; remote control apparatus; remote control apparatus for use with heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and security apparatus; temperature controllers; temperature controlling apparatus; thermostats; automated control devices for energy management; thermostat control apparatus; electric thermostats; room thermostats; temperature control apparatus in the form of thermostats; thermal sensors for use in thermostats; thermal controls; boiler control apparatus; communications controllers; computer software; computer software and hardware for remotely controlling and monitoring household devices, home electrical systems, and surveillance and security systems in homes; household energy measuring and control apparatus; household energy measuring and monitoring apparatus; communications software for connecting global computer networks; computer software for time control; computer software for temperature and lighting control; multiple control signal transmission units; network controlling apparatus; communication interface units; interface software; interactive computer software accessible on computers and via mobile telephones; mobile phone applications; wireless communication apparatus; communications networks; security control apparatus; electronic and automatic access security apparatus; security video cameras and television monitors; intruder detection systems and apparatus; software to control building access and security systems; meters; meters for measuring and monitoring energy; computer software for use in meter reading, monitoring and reporting; smart meters; smart meters, namely meters for testing, displaying and reporting on-going energy usage; electrical meters; gas-flow meters; visual display units; apparatus, equipment and instruments for measuring the efficiency, performance and consumption of gas boilers; mobile communication terminals; mobile data communications apparatus; data transmitting apparatus; alarms; alarm systems; home, business and personal automated security systems and related software; data processing equipment; computers; computer hardware; plugs; wireless communication apparatus; leak detection apparatus; sensors and detectors, motion sensors; facial recognition and analysis software; apparatus for recording sound; multi-channel sound processors; sound and picture recording apparatus; parts, fittings and accessories for the aforementioned goods; none of the aforesaid goods being in the nature of computer games or being adapted for use with computer games.

Class 11

Apparatus for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary purposes; central heating apparatus and installations; boilers; boilers being parts of central heating installations; control devices being parts of heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; apparatus for controlling temperature in heating installations, namely thermostatic valves [parts of heating installations]; automatic temperature regulators [thermostatic valves] for central heating systems, namely, thermostatic valves as part of heating installations; not including lighting apparatus for vehicles and bicycles; and not including wax heating apparatus and parts and fittings for wax heating apparatus.

Class 35

Data processing and data management; provision of business information; advisory and consultancy services related to all of the aforementioned services.

Class 37

Installation, maintenance and repair of apparatus for heating, lighting, sanitation, ventilation, air conditioning and water supply; central heating installation; installation of heating control apparatus; installation of residential security apparatus; installation of hardware and cables for Internet access; installation of hardware for computer networks; installation of security systems; installation, maintenance and repair of computer hardware, household devices, home electrical systems and surveillance and security systems in homes; installation of communications network instruments; information, advisory and consultancy services relating to the aforesaid services.

Class 38

Telecommunications services; electronic transmission of messages, images and signals; telecommunications and data communication services; providing access to a computer network; transmission of sound, picture and data signals; transmission of sound or visual recordings over networks; message sending via a website; providing access to web pages; electronic transmission of data and documents via the Internet or other databases; chat room services; delivery of data and messages by electronic transmission; electronic message sending; message sending, receiving and forwarding; online services, namely, message sending; communication by computer, computer intercommunication; wireless communications services; wireless transmission of data and information; wireless telephone services; providing access to an interactive user interface; providing access to an online interface; providing access to an online interface for controlling heating, water supply, lighting, sanitation, air conditioning, ventilation and security apparatus; information, advisory and consultancy services relating to the aforesaid services; communications by means of mobile phones, global computer networks, the internet and wireless transmission; wireless communications services; communications by means of mobile phones, global computer networks, the internet and wireless transmission that connect to gas boilers and other apparatus for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary purposes; provision of email services; none of the aforesaid services relating to computer games.

Class 39

Distribution of heat; energy distribution; storage, transportation and delivery of gas, oil and electricity; information and advisory services

relating to the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; creation, maintenance and hosting of websites; advisory services relating to the use of energy, energy efficiency and energy-saving; advisory services relating to energy efficiency involving the developing of integrated energy concepts; professional consultancy relating to the conservation of energy; installation, maintenance and repair of computer software and computer programs for computer systems; preparation of technical reports; conversion of data from physical to electronic media relating to energy consumption in buildings and domestic homes; preparation of engineering or technical reports relating to energy consumption in buildings and domestic homes; providing online engineering or technical reports relating to energy consumption in buildings and domestic homes; consultancy in the field of energy-saving; energy auditing; design and development of systems for generating and using energy in an economic and efficient manner; installation, maintenance, updating, design, rental and repair of computer software, computer programs and software for computer systems; computer systems design and computer programming; computer services in connection with electronic data storage, namely, selection, capture and storage of electronic data relating to energy consumption in buildings and domestic homes; technical consultancy in the field of energy saving and energy efficiency; design and development of computer hardware and software; information, advisory and consultancy services relating to the aforesaid services.

Class 45

Alarm services, namely, monitoring alarms and alerting customers of detected activity; alarm response and verification services; providing alarm services, namely, monitoring of alarms and emergency alert services via the internet, email, computer networks and telecommunications networks; licensing of computer software; advisory and consultancy services related to all of the aforementioned.

DENTAL SOLUTIONS COMPANY

Date of International Registration: 14/03/2016
Date of Protection in Singapore: 14/03/2016
Date of Notification: 23/11/2017

Class 05

Pharmaceuticals and preparations for health care in the field of dental medicine; preparations, compounds, substances and materials for dental use; material for stopping teeth, dental wax; embedding compounds for dental use and dental cement; adhesives for dental ceramics and teeth; dental lacquers; matt lacquers for the optical surveying of teeth; composite material for dental purposes; duplicating compositions for dental and prophylactic dental purposes; crown and bridge material for dental and prophylactic dental purposes; dental ceramic material; material for tooth crowns and tooth bridges for dental and dental technical purposes; chemical preparations for dental purposes; chemical reagents for dental purposes; medical and dental anesthetics; rubber for dental purposes; dental gel; amalgams for use in dentistry; alloys for dental purposes; glass ionomers cement for dental use; linings and cements for dental purposes; filling and bonding materials for use in dentistry; dental restorative materials; root canal sealer; mouthwashes for medical purposes; chewing gum for medical purposes; cleaners [preparations] for sterilizing dental instruments; sterilizing preparations; medical dental rinses; lubricants for use in dentistry; disinfectants; adhesives for dental purposes; dental adhesives; first aid kits; all the aforementioned goods for dental applications; dental preparations and compounds, namely, dental etching materials, pit and fissure sealants, prophylaxis gels and pastes, topical fluoride gel, core build-up material, hybrid composites, dental acrylics and filling materials, dental putty, dental molding compounds, bonding alloys, partial denture alloys, separating agents, denture base relines and repair materials, denture base resins and acrylics, insulating pastes, dental porcelains, tins and opaques, impression materials, bite registration materials, gypsum for dental purposes and material for dental prostheses, casting ring liner material, lab and model plasters, abrasive grit, tissue treatment material, periodontal scaling gel and surgical dressings, endodontic restorative materials, gutta percha for dental procedures, local anesthetics for dental procedures, dental instrument pre-soak (disinfectants) and dental instrument cleaners (disinfectants), sanitizing pre-soak for dental use, all-purpose surface disinfectant, electropolishing solutions for dental purposes, silicone spray for dental use; wax for dental purposes; biological bone tissue for subsequent implantation (biological tissue culture for medical purposes); custom impression materials.

Class 10

Medical and dental apparatus and instruments; suture materials; electromedical and electro dental apparatus and equipment, parts for all the aforesaid apparatus and equipment, dental handpieces, dental apparatus with motors; medical and dental apparatus and instruments; parts for all the aforesaid instruments and apparatus (included in this class); dental instruments for prophylactic purposes; special furniture for

medical purposes, especially for dental prophylaxis; treatment areas for dental prophylaxis, consisting of a treatment chair and dental instruments, dental treatment chairs with or without mouth-rinsing basins, extra-oral and intra-oral lighting devices for medical purposes, connector consoles for dental handpieces, optical surveying apparatus for medical and dental purposes; medical and dental processing machines for working medical and dental ceramics; X-ray appliances for medical and dental use; X-ray sensors for image creation in the dental field; X-ray sensors for intra-oral images for dental purposes; artificial limbs, eyes and teeth; dentures and pins for artificial teeth; dental implants, dental screws and parts therefor, included in this class, dental prostheses and fittings; dental braces; plastic shields for use with dental apparatus and equipment; dental apparatus and instruments, dental burs; gloves, face masks and goggles for dental purposes; hypodermic syringes; needles for dental purposes; mirrors for dentists; dental hand instruments; endodontic instruments; pins and posts for artificial teeth; tongue scrapers; surgical retractors, bone retractors and lip retractors; artificial teeth; protection devices against X-rays for dental purposes; film holders for dental purposes; parts and fittings for all the aforesaid goods; dental instruments for examination; dental instruments for periodontics; dental instruments, apparatus and equipment for endodontics; dental instruments for oral surgery; dental burs and dental diamond tools; artificial teeth made of porcelain and plastic; dental articulators; dental curing lights and probes therefor; ultrasonic dental scalers; dental air polishing systems; dental amalgamator machine.

Class 42

Medical and dental services, namely, scientific and technological research, design and development of medical diagnostic apparatus and technology, software solution services, and software installation, maintenance and repair services; research and development services for others, dental research laboratory services; services of an engineer, creating programs for data processing in the field of dentistry, material and raw material inspection.

Priority Claims:

Class 05

12/02/2016

Germany

Pharmaceuticals and preparations for health care in the field of dental medicine; preparations, compounds, substances and materials for dental use; material for stopping teeth, dental wax; embedding compounds and dental cement; material for gluing ceramic parts and teeth; dental lacquers; matt lacquers for the optical surveying of teeth; composites; duplicating compositions for dental and prophylactic dental purposes; crown and bridge material for dental and prophylactic dental purposes; dental ceramic blanks; blanks and powders for manufacturing tooth replacement parts; chemical preparations for dental purposes; chemical reagents for dental purposes; anesthetics; dental gel; amalgams for use in dentistry; alloys for dental purposes; glass ionomers; linings and cements for dental purposes; filling and bonding materials for use in dentistry; dental restorative materials; root canal sealer; mouthwashes; chewing gum; dental cleaners; sterilizing preparations; cleaning preparations; lubricants for use in dentistry; disinfectants; creams for dental purposes; adhesives for dental purposes; dental adhesives; acids for dental purposes; first aid kits; all for dental applications; dental preparations and compounds, namely, etching gels and liquids, pit and fissure sealants, prophylaxis gels and pastes, topical fluoride gel, calculus scaling gel, tooth whitening compounds, tooth conditioning gels, core build-up material, hybrid composites, dental acrylics and filling materials, dental putty,

dental molding compounds, bonding alloys, partial denture alloys, separating agents, custom tray materials, denture base relines and repair materials, denture base resins and acrylics, insulating pastes, dental porcelains, tints and opaques, finishing and polishing materials, impression materials, bite registration materials, gypsums and investments for fabricating dental prostheses, casting ring liner material, lab and model plasters, abrasive grit, tissue treatment material, periodontal scaling gel and surgical dressings, endodontic restorative materials, gutta percha for dental procedures, local anesthetics for dental procedures, dental instrument pre-soak and dental instrument cleaners, sanitizing pre-soak for dental use, all-purpose surface disinfectant, electropolishing solutions for dental purposes, silicone spray for dental use; wax for dental purposes.

Class 10

12/02/2016

Germany

Electromedical and electro dental apparatus and equipment, parts for all the aforesaid apparatus and equipment, dental motors, in particular dental handpieces, dental apparatus with motors; medical and dental apparatus and instruments; parts for all the aforesaid instruments and apparatus (included in class 10); dental instruments for prophylactic purposes; special furniture for medical purposes, especially for dental prophylaxis; treatment areas for dental prophylaxis, consisting of a treatment chair and dental instruments, dental treatment chairs with or without mouth-rinsing basins, extra-oral and intra-oral lighting devices for medical purposes, connector consoles for dental handpieces, optical surveying apparatus for medical and dental purposes; processing machines for working medical and dental ceramics; dental furnaces; X-ray appliances for medical and dental use; X-ray sensors for image creation in the dental field; X-ray sensors for intra-oral images for dental purposes; artificial limbs, eyes and teeth; dentures and pins for artificial teeth; dental implants, dental screws, solid sleeves and parts therefor, included in class 10, dental prostheses and fittings; dental braces; mixing bowls and slabs for dental purposes; plastic shields for use with dental apparatus and equipment; dental apparatus and instruments, dental burs; floss for dental purposes; gloves, face masks and goggles for dental purposes; hypodermic syringes; needles; mirrors for dentists; dental hand instruments; endodontic instruments; pins and posts for artificial teeth; tongue scrapers; retractors; sponges; artificial teeth; rubber sheets for dental purposes; protection devices against X-rays for dental purposes; film holders for dental purposes; parts and fittings for all the aforesaid goods; dental instruments for examination; dental instruments for periodontics; dental instruments, apparatus and equipment for endodontics; dental instruments for oral surgery; dental burs and diamonds; chairside darkrooms and mini-darkrooms; artificial teeth made of porcelain and plastic; articulators; curing lights and probes therefor; vacuum forming machine and pump; ultrasonic scalers; airpolishing systems; amalgamator machine; computerized charting and treatment planning system comprised primarily of monitor, printer, keyboard and processing unit; biological bone tissue for subsequent implantation.

(International Registration No. 1416351)

Flowmotion

Date of International Registration: 07/05/2018
Date of Protection in Singapore: 07/05/2018
Date of Notification: 02/08/2018

Class 06

Metal hardware; buildings and transportable buildings of metal; metal building materials and construction elements of metal; barriers of metal or mainly of metal; doors and gates of metal; fences and barriers, each made of metal or mainly of metal; turnstiles, twist locks, wing barriers, rotary wing locks, swing gates and horizontal flap barriers, each made of metal or mainly of metal.

Class 09

Security, checking (supervision) and signaling equipment and apparatus and instruments; electrical access control apparatus; electric access control devices and facilities consisting thereof; automatic access control devices and apparatus and facilities existing thereof for buildings and parking areas; automatic equipment and electrical equipment to ensure access security; encoded or magnetic access control cards; recorded computer software; software; computer programs for deactivation of access or entrance control; software for control of access and security systems as well as access control devices; electrical barriers and access control devices actuated by coin toss or code cards; coin-operated mechanisms for opening of parking barriers; radio apparatus and instruments; radio operated electrical/electronic controls for closing doors, barriers, gates, turnstiles and other access control devices; electrical/electronic instruments and apparatus for controlling access barriers; electrical controls for barriers, entry and access barriers, parking facilities, barriers and gate barriers; electronic control systems for turn locks, rotary wing locks and horizontal flap barriers for opening and closing entry and exit doors (automatic); encoded identification cards; chip card and electric card readers; encoded cards with security function

for authentication purposes.

Class 19

Building materials (non-metallic); transportable buildings (non-metallic); doors and gates, not of metal; bars, barrier grids, barriers, not of metal; turnstiles, turn locks, rotary wing locks, swing gates and horizontal flap barriers, not of metal.

Class 35

Cost analyses; consultancy relating to demographics for marketing purposes; marketing studies; business feasibility studies; business management and business consulting services in the fields of transportation, infrastructure, environment, energy and aviation; project management services for others for business purposes in the fields of architecture, interior design, and urban planning design; value engineering, namely, cost analysis; advisory services for others for business purposes in the fields of architecture, interior design and urban planning design; efficiency experts; business management analysis, namely, cost analysis services for contracted work; business management and business consulting services in the field of transportation and aviation; professional business consulting; economic consulting and information for architectural, engineering and design projects; economic consulting and information for economic development, urban revitalization, real estate, tourism and culture, and sustainable development; business consulting and advisory services in the fields of energy efficiency, renewable energy, logistics and mining; consultancy services regarding business strategies in the field of wastewater liquids and solids treatment, specifically related to the commercial, industrial and

municipal uses; business management services relating to managing logistics, reverse logistics, supply chain services, supply chain visibility and synchronization, supply and demand forecasting and product distribution processes for others; business services, namely, procuring qualified and credentialed third-party experts, professionals and other qualified personnel, and documentation and information all on behalf of others; business services, namely, providing information regarding the purchase and sale of a wide variety of products and services of others via computer databases; business services, namely, registering, screening, credentialing, and organizing third-party vendors, suppliers, and contractors, and documentation and information on behalf of others; compilation and systemization of information into computer databases; computerized database management; database management; business management services relating to integrated tracking and management and carrying out of commercial transactions on a global computer network; inventory control; inventory control in the field of database management; inventory management; inventory management in the field of database management; management and compilation of computerized databases; records management services, namely, document indexing for others; business administration services, namely, management of human resources and office and facility equipment, and materials; business management services, namely, management of military equipment and materials; business advisory and consultancy services in relation to defense systems and facilities management and commercial assistance relating to system implementation and system integration in the field of analysis of anti-terrorism protection, base alignment and closure, emergency preparedness, environmental restoration, global threat reduction, installations management, logistics management, military aviation and ground systems, military facilities design, military flight training, nuclear, chemical and biological weapons demilitarization, and weapons systems development and modernization, computer technology implementation, computer systems modification, installation of new computer systems and computer peripheral equipment, and the design and manufacture of computer hardware and software and equipment and integrated logistics support for aviation and ground defense systems; business management of industrial installations and configurations, namely, business operation services in the field of manufacturing, processing and assembly plants, processing and refining facilities, distribution centers, power plants, transportation infrastructure, and mining operations; business consulting services in the field of applicable statutes, regulations, directives and instructions, due diligence, environmental assessments, safety and health assessments, asset management, acquisition planning, technology assessment, licensing and permitting, and risk management; business consulting services in the field of internal process optimization and on the job process hazards analysis; business acquisition and merger consultation; business consulting services relating to corporate governance in the field of economic and strategic planning, budgeting, contingency planning, social risk assessment and developing sustainable work systems; human resource management, namely, project staffing; business management and business management in the nature of control over secure information distribution on global computer information networks and on local computer networks; business project management services for construction projects, namely, cost and schedule control, document control, utility coordination, contract administration, contractor coordination and change order control; graphic and multimedia design of advertising materials for the purpose of promoting the goods and services of others.

Class 37

Construction supervision services for the energy, transportation,

pollution, abatement, water resources and health care industries; building construction supervision; construction management of tunnels and underground structures; construction consultancy; construction management; construction services, namely, custom construction of commercial buildings; construction supervision; consulting in the field of building construction and building construction supervision; consulting in the field of hospital construction; inspection services in the course of construction of airports, highways and bridges; residential and building construction consulting; residential and commercial building construction; technical consultation in the field of building construction; technical consultation in the field of building materials, namely, cementitious materials, asphalt and aggregates; house, building and public or industrial structure demolition services; building construction services; building construction, remodeling, inspection, maintenance, reinforcing, restoration and repair; construction of tunnels and underground structures; construction and renovation of buildings; construction grading services; construction of airports, buildings, medical establishments, roads, underground utilities, housing pads, highways and bridges; construction, maintenance and renovation of property; consulting services for repair and restoration of historic buildings and structures; electrical contracting, namely, installation of electrical systems, installation of electrical machinery, repair of electrical systems, and comprehensive preventative maintenance service for electrical systems; erecting of commercial centers, housing areas and manufacturing plants; pipeline construction, maintenance, installation and repair; providing information on repair services in the aviation sector; refurbishment of buildings; renovation and restoration of buildings; repair of buildings; repair work on buildings; road construction; construction of steel structures; steel structure construction works; street construction; construction project management services; construction services in the field of entertainment, commercial, sports, data centers, disaster recovery, government, healthcare, education, hospitality, transportation, residential and retail; construction project management services in the field of construction of oil and gas facilities; technical consulting related to the installation of oil and gas facilities; construction of aquatics facilities; construction of water treatment facilities; consulting services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; marine construction; pump repair and maintenance; repair or maintenance of water pollution control equipment and water purifying apparatus; construction consultancy relating to sanitation facilities; underwater building, construction, dredging, and repair; industrial construction services, namely, construction of manufacturing plants, bulk storage facilities and specialized structures, and installation of industrial equipment for use in the mining, forestry, food processing, power generation, petrochemical, manufacturing and materials handling industries; construction supervision services, namely, construction project management, construction program management and construction management, all for creation, demolition, and decommissioning of facilities and sites; construction management services, namely, construction consultation, and construction of government, commercial and industrial properties, and inspections during building construction; construction program management and construction management services and maintenance services for large and complex engineering projects to build, maintain and improve healthcare complexes, K-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, interchanges, tunnels, intelligent transportation systems (ITS), mass transit systems, airports, port and harbor facilities, and water supply, and

water and waste treatment and distribution systems; maintenance and improvement in the nature of repair of public buildings, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, and airports.

Class 42

Engineering and architectural analysis, planning and design services for the energy, transportation, pollution abatement, water resources and health care industries; architectural and engineering services; architectural consultancy; architectural design; civil engineering; conducting engineering surveys; conducting of technical feasibility studies; consulting in the field of structural engineering; consulting in the fields of engineering and architecture; design for others in the field of engineering; design of tunnels and underground structures; drawing up of plans and engineering drawings; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the construction of airports, highways and bridges; land use planning services; landscape architectural design; planning and layout design for the interior space of retail business establishments; planning of buildings and infrastructure systems for buildings; providing quality assurance services in the field of engineering; quality control for others; structural engineering design services; urban planning; architectural research; civil engineering for the design of airports, highways and bridges; computer aided design for others; conducting chemical surveys, namely, strength and chemical testing of cementitious materials, asphalt and aggregates; construction drafting; consulting services in the field of architectural design, building and construction drafting; drafting of construction plans for recreation premises; engineering; graphic illustration and drawing services, namely, providing graphic illustrations and drawings of commercial and industrial building designs, and converting building designs or markups to electronic CAD drawings; inspection, quantity and quality control, supervision and verification of the quality and quantity of raw materials, commodities, manufactured, semi-manufactured and transformed goods or goods of any other nature and their conformity with national and international norms, laws, rules, practice and standards and with clients' contractual requirements; inspections of airports, highways and bridges; marine, aerial and land surveying; materials testing, analysis and evaluation; mechanical engineering and research; monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; monitoring of erosion and sedimentation; pipeline inspection services; planning and layout design services for cleanroom environments; product development and engineering services for others; providing design services for others in the field of theme parks, museums, and miniature golf courses; research and development and consultation related thereto in the field of civil engineering; research and development of technology in the field of civil engineering; research on building construction or city planning; research relating to mechanical engineering; research, development, engineering and testing services in the fields of welding and material joining; survey design and research; surveying and engineering, technical consultancy regarding the field of road cutting technology, technical surveying; testing or research on civil engineering; testing, analysis and evaluation of the goods and services of others for the purpose of certification; testing, analyzing and evaluating the structural properties of masonry and concrete structures;

architectural consultation; civil engineering relating to water irrigation; engineering and hydrological design of restoration of stream channels, marshes, estuaries, and wetlands; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others, environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; architectural design services in the fields of civic, corporate, education, healthcare, justice, leisure, sports venues, transportation, government, and utilities; engineering design services; spatial planning for buildings; climate and resource planning for buildings; town planning; urban redevelopment and regeneration planning; infrastructure and public facilities planning; review of policies relating to architectural and construction plans [town planning]; architectural project management; environmental consultancy services relating to sustainable communities and businesses; engineering services in the field of reduction of operating costs; application service provider (ASP) featuring software for use in accounting/financial management, deployment/personnel management, property/inventory control management, production control management, quality/safety/environmental management, supply chain management, planning and schedule management, document management and earned value management; application service provider featuring software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider, namely, providing, hosting, managing, developing, researching, analyzing, reporting, and maintaining applications, software, web sites, and databases of others in the fields of healthcare, benefits programs, employee productivity, risk management; application service provider for hosting computer application software in the field of knowledge management relating to creating searchable databases of information and data to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; application service provider for hosting computer application software in the field of knowledge management relating to creating searchable databases of information and data; application service provider for hosting computer application software in the field of knowledge management relating to searching and retrieving information from databases and computer networks; computer services, namely, hosting a web-based system and online portal for customers to remotely manage, administer, modify and control their end user computer devices, data and software applications; computer systems integration services; database development services; integration of computer systems and networks; IT integration services, hosting a secured-access website that gives registered internet-networked institutions to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer-driven transactions; software as a service (SAAS) services featuring database management; software as a service (SAAS) services, namely, hosting software for use by others for use in use in

accounting/financial management, deployment/personnel management, property/inventory control management, production control management, quality/safety/environmental management, supply chain management, planning and schedule management, document management and earned value management, analysis of stream water quality; bacteriological consultation, research and testing; calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation; chemical, biochemical, biological and bacteriological research and analysis; civil engineering for the design of wastewater treatment facilities; civil engineering relating to water irrigation; computer-aided engineering services for others; consultation services in the field of hydrological research; consulting services in the field of environmental assessment, compliance and planning; technological consultancy in the field of water distribution systems and wastewater systems; environmental services, namely, detection of contaminants in water; environmental testing and inspection services; hydrologic and hydraulic modeling and design of storm drainage infrastructure, hydrologic study of surface and ground water; hydrological calculations and simulations of flood flows in streams, marshes, and wetlands; hydrological research; inspections of water treatment facilities; mapping services; marine, aerial and land surveying; materials testing, analyzing, and evaluation; mechanical engineering and research; monitoring of stream water quality; drafting of construction plans for aquatics facilities; providing environmentally friendly automation services for monitoring industrial processes, namely, site evaluations and control design analysis, and integrated installation services for monitoring and controlling respective innovative devices within a designated area; providing quality assurance services in the field of wastewater treatment; providing reagent sample testing and diagnostic services for others in the fields of science and research related thereto, providing technological and scientific information about environmentally-conscious and green innovations; research in the field of hydrogeology, scientific research and development; sewer overflow monitoring services, sewer system monitoring services; technical consultancy in the field of environmental science; technical monitoring services for conditions of water; technology consultation and research in the field of water resources; technology supervision and inspection in the field of water resources; testing of filters; testing of raw materials; underwater structural inspection services; water quality control services; engineering consultation and engineering services in the areas of industrial engineering, mining, land surveys, mapping and geographic information services, transportation, water resources and irrigation, environmental engineering, urban economic and development planning, urban development engineering, and municipal engineering; engineering and architectural design, namely, creating plans, specification and preliminary and final designs for others for large and complex engineering projects to build, maintain and improve healthcare complexes, K-12 schools, colleges and universities, public buildings, power plants, energy facilities, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; systems engineering for large and complex engineering projects to build, maintain and improve public buildings, power plants, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; technical assistance in the establishment and operation of large and complex engineering projects to build, maintain and improve healthcare complexes, public buildings, commercial, industrial and manufacturing facilities, power plants, and

federal, state and municipal infrastructure, namely, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; technical planning and design services for others in the field of engineering for general building, transportation facilities and infrastructure, manufacturing, sewer waste, power, industrial processes, petroleum, telecommunications, hazardous waste for the energy, defense and security, education, retail, government, manufacturing, industrial, commercial, transportation, transportation security, pollution abatement, air, water, and soil resources and health care industries; design services for others in the field of defense systems, namely, engineering for development of aviation and ground systems, vehicles, shelters and ground support equipment; design services for others in the field of engineering for air emission control, and flood control; civil and environmental engineering services, namely, preparing environmental impact assessment, preparing environmental impact assessment in the fields of climate change and bio-diversity, biological, ecological, energy management, and earthquake studies, and compliance reports; computer consultation in the field of computer security; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; design and development of computer networks; engineering services with respect to government, commercial and industrial properties; design of government, commercial and industrial properties for others; computer and computer network design and engineering, in the fields of geographic information services combining software and information technology to produce visual representations of topographies; computer application software development for others for simulation and imaging services, integration of computer systems and networks; updating and maintenance of database systems; engineering in the field of network and database design and development; engineering services for large and complex engineering projects to build, maintain and improve healthcare complexes, K-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, airports, port and harbor facilities, water supply, and water and waste treatment and distribution systems; operations for computer systems and computer networks in the nature of computer and network design and engineering, computer application development, computer application integration, development, updating, and maintenance of databases, computer network integration, and computer systems integration for large and complex engineering projects; planning and laying out of commercial buildings; construction planning; planning and laying out of factory buildings and production facilities; hosting computer databases via the secured-access internet through which documents and images can be viewed, copied, and printed for purposes of conducting corporate transactions; hosting an on-line computer database in the field of locating products, describing products, rating products, pricing products and comparing prices of products; advisory services relating to the planning and design of premises in the field of aviation, corporate planning, corporate management assistance, government, energy, industrial and manufacturing facilities, office buildings, research and development facilities, and transportation facilities, managing consultants, costs and scheduling monitoring, construction and renovation monitoring, technical operations, interior design.
