REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission and reproduction of sound and images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; air and climate analysis apparatus and devices; temperature analysis apparatus and devices; temperature indicating apparatus; temperature shock testing apparatus; ozone testing apparatus; corrosion testers; dust and rain testing apparatus; measuring and control devices for air conditioning technology; heat flow meters; electric and electronic apparatus, equipment and instruments (included in this class); data processing apparatus and installations, and components therefor, including monitors, printers, keyboards, scanners, personal computers; power supply devices; apparatus for measuring, controlling and obtaining physical values, including temperature, pressure, humidity and vibration; special test stands, in particular for environment simulation installations; emission test chambers for characterisation of volatile organic compounds (VOCs); test systems for stability testing in the pharmaceutical industry; apparatus for testing electromagnetic compatibility; electric and/or electronic control and regulating apparatus; heat regulating apparatus; furnaces for laboratory use; testing apparatus not for medical purposes; material testing instruments and machines; gas testing instruments; precision measuring

apparatus; computer programs; electric and/or electronic temperature and humidity regulators and sensors; voltage supply units, data displays (included in this class), apparatus for recording, transmission and reproduction of information; electrical cables; parts for scientific apparatus and instruments, included in this class; electric and/or electronic control and regulating apparatus; computer hardware and software for installations, machines and apparatus for capturing and siphoning emissions and pollutants; testing installations for emission and pollutant capture, in particular for product, personal and room protection; scientific research and laboratory apparatus, educational apparatus and simulators; furniture especially made for laboratories; apparatus for transvasing acids and alkaline solutions for laboratories; laboratory and personal protection workstations, in particular for product and personal protection, for mixing, bottling and weighing high efficiency substances in the chemical and pharmaceutical industry, namely furniture adapted for laboratory use; weighing cabinets; weighing apparatus and instruments; laminar flow cabinets, in particular for product and personal protection, for mixing, bottling and weighing high-efficiency substances in the chemical and pharmaceutical industry; negative and positive pressure cabins for personal, product and environment protection, in particular for microbiological laboratories, parenteral plants, solids plants or active substance production, namely, decompression chambers; wind tunnels; weighing and transvasing apparatus; apparatus and devices for controlling and regulating cold, heat, air conditioning, light, air mixture, excess pressure and negative pressure, vacuum, sound and vibration; chambers for material and equipment testing; environment simulation rooms and apparatus for research, development and production; chambers for research and environmental tests with plants, animals and human beings.

Class 10

Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture materials; medical apparatus and instruments; veterinary apparatus and instruments; medical analytical apparatus for medical purposes; incubators for medical purposes; diagnostic apparatus for medical purposes; hot air vibrators for medical purposes; incubation units; compressors [surgical]; lasers for medical purposes; lamps for medical purposes; pumps for medical purposes; quartz lamps for medical purposes; radiological apparatus for medical purposes; x-ray apparatus for medical purposes; protection devices against x-rays, for medical purposes; containers especially made for medical waste; furniture especially made for medical and pharmaceutical purposes.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; air conditioners; heat treatment installations; cryogenic test and storage chests freezers; refrigerating and freezing apparatus and chambers; freezing and refrigerating cells; containers for air conditioning; equipment and installations for heat treatment for production, research and development purposes; hot cabinets and drying cabinets; drawer ovens; dryers for continuous drying and heating processes, in particular continuous ovens, paternosters, chest ovens, tempering furnaces and baking ovens; ovens for heat treatment under inert gas; dry heat sterilizers; clean room sterilisers and dryers; vacuum dryers; feed systems for testing installations, namely, meters valves for regulating water supply; filters for air conditioning; air filtering installations; air heating apparatus; driers (air -); humidifiers; ventilation hoods; air cooling apparatus; air deodorising apparatus; hot air apparatus; hot air ovens; heat pumps; heat regenerators; heat accumulators; heat exchangers, not parts of machines; evaporators; room

air conditioners, in particular in cabinet form, including for air conditioning computer rooms, measurement spaces and clean rooms for the food and the pharmaceutical industries, and functional areas in hospitals, including operating theatres or intensive care units; room air humidifiers, humidifiers and dehumidifiers; special purpose air conditioning apparatus, in particular in box form; ceiling coolers; climatically controlled chests, namely, air-conditioning units; window-mounting air-conditioners; water re-cooling towers; pipe freezers; apparatus for refrigerating cooling water; drying apparatus and installations; heating apparatus, electric; apparatus for heating; heating installations; heating apparatus for solid, liquid or gaseous fuels; fireplaces; ovens and microwave ovens for industrial purposes; ovens, other than for laboratory purposes; refrigerating cabinets; refrigerating appliances and machines; cold storage rooms; freezing appliances and installations; air purifying apparatus and machines; air sterilisers for clean room; clean chambers (sanitary installations); refrigerating appliances and installations; temperature regulating devices; fans (air-conditioning); air conditioning apparatus; apparatus and instruments for generating clean air; electrically operated air suction apparatus for pollutant capture in treatment, processing and production machines and installations; air cleaning and filtering installations for removing pollutants and odours from the air; air-conditioning and ventilating apparatus; lighting installations; apparatus and installations for the filtration of gaseous substances; exhaust air collection hoods; exhaust fans; electronically operated suction apparatus, being a component of working boxes, work cabins and workstations for air purification for use in clean rooms; sterile air distributors; air cleaning apparatus fitted with air conditioning for weighing operations; air filtering installations; air purifying apparatus and machines; air filters; fans [parts of air conditioning installations]; heated or refrigerating display cabinets.

Class 20

Furniture, mirrors, picture frames; benches (work-); vertical and horizontal flow workbenches; microbiological safety workbenches; vertical air circulation workbenches; clean room workbenches; clean room wardrobes; clean room work counters; clean room bench seating; clean room storage boxes.

Class 37

Building construction; repair in the field of environment simulation and air conditioning technology; installation services in the field of environment simulation and air conditioning technology; installation, maintenance and repair of apparatus and equipment for producing cold, heat, moisture, climate, light, air mixture, excess pressure and negative pressure, vacuum, noise and vibration; installation, maintenance and repair of air conditioning installations, cooling equipment, furnaces, heating equipment and machines; assembly, maintenance and repair of machines and installations composed thereof for use in the chemical and pharmaceutical industries for transvasing, weighing and processing dusty and gaseous products in closed systems and in systems in which very stringent clean-air conditions and very strict protection criteria for surroundings, the environment and product are required; construction, assembly and servicing of ventilation installations and apparatus.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; material testing; updating of software; maintenance of software; installation of computer software; software design services; calibration; research in the fields of cold, heat, moisture, climate, light, air mixture, excess pressure and negative pressure,

vacuum, noise and vibration; development of apparatus and equipment for producing cold, heat, moisture, climate, light, air mixture, excess pressure and negative pressure, vacuum, noise and vibration.

processing, mining and agriculture; pumps, compressors, generators and fans; air compressors; compressed air machines; feed pumps; centrifugal pumps; metering pumps (except for medical purposes); robots; moving and handling equipment; lifting and hoisting equipment; machines for treatment of materials and for manufacturing; engines and powertrains (except for land vehicles); generic parts of machines; electric motors; machine coupling and power transmission components (except for land vehicles); filters, textile filters, filter bags, textile filter bags and filter housings for engines, machines and industrial installations; dispensing machines; cleaning, washing and rinsing machines; blowing machines; spin driers (machines); construction machines; mechanical, pneumatic, hydraulic and electric construction implements (other than hand-operated); processing machines; processing installations for processing asphalt, stone and road surfaces; recycling machines and installations, in particular machines and installations for recycling asphalt, stone and road surfaces; demolition machines; soil working machines; milling machines; road finishers (construction machines); machines for the making, application and removal of road surfaces; remixers and repavers (machines for fusing, detaching, processing and relaying of road surfacing); asphalt mixing machines with heating functions for heating and boiling asphalt, tar, oil and bitumen; asphalt mixing installations with heating functions for heating and boiling asphalt, tar, oil and bitumen; melting pots for asphalt, bitumen and tar being parts of machines and industrial installations; hoppers (machines); road working machines; machines for road repair; machines for processing road surfaces; asphalt finishers (machines); feeders (machines); feeding machines; feeding units for machines and industrial installations; separators (machines); compacting machines; compacting implements; compactors; vibrators (machines); vibrating machines and installations; spreading machines; spraying, sputtering and nebulizing machines; cutting machines; sorting machines (other than for money); crushing machines and installations; comminutors for solid materials; crushers (machines); crushers being parts of machines and industrial installations; stone and ore working machines; sifting machines and installations; sieves (electric); roller screens (machines); mixing machines and installations, in particular concrete and asphalt mixing machines and installations; mobile mixing machines and installations, in particular concrete and asphalt mixing machines and installations; separating machines; agitators; automatic dispensing machines and installations; filtering machines; machines for loading; transporting machines; machines for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of asphalt, bitumen, concrete, stone, raw materials, valuable materials or waste; processing installations for asphalt, bitumen, concrete, stone, raw materials, valuable materials or waste with breaking, crushing, sifting, separating, classifying, washing, heating, drying, mixing, agitating, dispensing, cleaning, transporting and loading functions; processing machines and installations for bituminous mixtures; cranes; block and tackle; lifting jacks (machines); machines and installations for the making of and working on polymers, bitumen, concrete and asphalt; dust removing machines and installations for cleaning purposes; agitators for circulating liquid and solid media; agitator tanks being parts of machines and industrial installations; conveyors, in particular belt conveyors; conveying installations, in particular belt conveying installations; bucket conveyors; buckets for bucket conveyors; screw conveyors; screws for screw conveyors; conveyor belts; conveyor chains; bucket elevators; elevators; buckets for elevators being parts of machines and industrial installations; hopper loaders (machines); winches; lifting platforms; windlasses; pressure transformers; pressure intensifiers (machines); parts of machines and industrial installations, namely, tools, tool holders, bits, chisels, chisel holders, mixer arms, mixer shovels, shovels, hammers, milling tools, cutting

tools, compacting tools, breaking tools, crushing tools, spray heads, spray fittings, spraying booms, drums, roller tires, drum housings, barrels, mixing drums, drying drums, magnetic separators, steering wheels, hand wheels, undercarriages, chains being part of undercarriages, chassis, bogies, heaters for road surfaces, oil coolers, track rollers, bands, belts, belt pulleys, tensioning devices, couplings, transmissions, axles, joints, power transmission components, shafts, cranks, crank shafts, mufflers, coolers, burners, burner blowers, cookers, loading ramps, vibration and oscillation drives, jets, separators, seals, valves, hydraulic valves, dispensing valves, valve blocks, clacks, clack valves, slide valves, regulators, taps, bellows, sun screens, vibrators, shakers, rollers, track rollers, push rollers, covers, chains, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, bearing housings, bearing inserts, bushings, tracks, transmission shafts, driving chains, auger blades, spreading augers, worm wheels, infeed screws, pneumatic distributors, lubricators, lubricating mechanism, oilers, compressed air oilers, compressed air conditioners, alarm systems, body parts, steering stands, mirrors, handles, hand gear, switches, tanks, bitumen tanks, oil tanks, storage tanks, fuel gauges, silos, storage silos, loading silos, buffer silos, bumpers, gutters, pressure bars, guide bars, guide tracks, wheelworks, gear wheels, fly wheels, impellers, bearing brackets, springs, springy units, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, vibration dampers, brushes, scrapers, breaking and crushing bars, breaking and crushing plates, breaking and crushing jaws, breaking and crushing cones, hoppers, rotors, flaps, protective flaps, sieves, grilles, trellises, protective grilles, chutes, braking systems, brakes, brake cylinders, brake linings, brake calipers and brake shoes; hand-held tools (other than hand-operated); tools for machines and industrial installations; power tools; mechanical tools; automatic machine tools; hydraulic tools (other than hand-operated); pneumatic tools (other than hand-operated); mechanical equipment for the lifting and lowering of machines, industrial installations or parts thereof; mechanical equipment for dispensing material; mechanical, hydraulic and pneumatic control mechanisms; mechanical, hydraulic and pneumatic controls and control systems for engines, machines and industrial installations; adapted tarpaulins for use with machines, industrial installations and parts thereof; adapted coverings for use with machines, industrial installations and parts thereof; adapted fairings for use with machines, industrial installations and parts thereof; filters for motors; bearing brackets for machines and industrial installations; machine wheels; belts for motors; belt pulleys; driving chains and transmission shafts (other than for land vehicles); exhausts; mufflers, in particular mufflers for machines, industrial installations and burners; radiators and radiator caps for motors; mechanical discharging hoppers; metal loading ramps (machines); elevators; air blowers (machines); rotary feeders (dispensing machines); rotary feeders being parts of machines and industrial installations; tubes and tube bends being mounted parts of machines and industrial installations; tubes and tube bends being fitted parts of machines and industrial installations; oil pumps for engines, machines and industrial installations; wear parts, in particular wear sheets and plates, wear panels, wear tiles and wear liners, for machines and industrial installations; safety valves and safety couplings being parts of machines and industrial installations; attachments for machines and industrial installations; parts and fittings for all the aforesaid goods, included in this class; heat exchangers being parts of machines.

Class 09

Scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), control, regulating, life-saving and teaching apparatus and instruments; electronic control apparatus, units and systems; apparatus and instruments for conducting,

switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data; communications equipment; data carriers for bearing pictures, sound and data; calculating machines; data processing equipment; data collection apparatus; computers; computer software and hardware; computer peripherals; fire-extinguishing apparatus; recorded data; information technology and audiovisual equipment; magnets, magnetizers and demagnetizers; apparatus, instruments and cables for electricity; mains, strands and wires for electricity; screw connections for cables; optical devices, equipment, enhancers and correctors; safety, security, protection and signalling devices and equipment; navigation, guidance, positioning, tracking, targeting and map making devices; navigational instruments; measuring, detecting and monitoring instruments, devices, appliances and controllers; flowmeters; temperature meters (not for medical purposes); hygrometers; revolution counters; speedometers; measuring rods; holders for measuring rods; electrical indicators; scales; electronic scales; time measuring instruments and apparatus (except clocks and watches); temperature regulators; electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing; electronic apparatus, instruments, software and hardware for tracking, monitoring, operating, remote controlling and technical testing of products of mechanical engineering, steel construction and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; testing devices; electronic devices for testing the quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable material and waste; electrical testing instruments; electronic frequency converters for machines and industrial installations; electric and electronic apparatus for evaluating the operation of and faults with products of mechanical engineering, steel construction and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; scientific research and laboratory apparatus; filtering units for laboratory use; analysing and diagnostic apparatus (not for medical purposes); simulators; dosage devices; laser, infra-red and ultrasound devices (not for medical purposes); lasers (not for medical purposes); switches; electric control boxes, switch cabinets and control boards; distribution cabinets, panels and boxes (electricity); electric control panels; housings for electric apparatus and switches; electronic regulators; joysticks; sensors; detectors; light emitting diodes; horns for signalling; signal transmitters; buzzers; sirens; luminous signs; radio transmitting and receiving apparatus; antennas; aerials as communications apparatus; transmitters; optical and electrical receivers; signalling apparatus and signalling panels of metal (luminous or mechanical); indicator boards; levelling instruments, devices and apparatus; remote control apparatus; electric and electronic control devices for the lifting or lowering of machines, industrial installations or parts thereof; oil level indicators; components for electrical circuits; cables and wires (electricity); electric connection components; electric cable channels; connectors (electricity); electric plugs; electric relays; fuses; terminals (electricity); electrical circuits and circuit boards; semiconductor devices; microelectronic components; microprocessors; microcontrollers; resistors; electric coils; condensers; transformers; batteries; electric power supplies and mains units; electric rectifiers; frequency invertors; audio devices and radio receivers; speakers; graphic equalizers; batteries; battery chargers; electrical amplifiers; protective and safety clothing for protection against accident or injury; protective shoes; protective helmets; eyeglasses, in particular safety glasses for protecting the eyes and sun glasses; exposed films for educational purposes; cinematographic films for educational

purposes; key cards (encoded); parts and fittings for all the aforesaid goods, included in this class.

Class 11

Industrial processing installations for purifying, drying and heating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials or waste; industrial installations for processing air, in particular compressed air; industrial chemical processing installations for purifying, drying and heating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials or waste; chemical installations for processing air, in particular compressed air; apparatus and installations for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply; flues and installations for conveying exhaust gases; sanitary installations and appliances; water supply installations; burners, boilers and heaters; oil burners; gas burners; coaldust burners; tar burners; burner heads being parts of burners; blowers for burners; dehumidifiers (dryers); ovens; furnaces (not for food or beverages); electrical heating elements; fan heaters; air heaters; radiators (heating); heating rods; electrically powered air blowers for air-conditioning purposes; ventilators; lighting; lighting reflectors; luminaires; headlights; light bulbs; pocket torches; filters for industrial use; air filters; gas filters; water filters; dust filters; filter bags, in particular textile filter bags, for filters for industrial use, air filters, gas filters, water filters and dust filters; industrial installations for filtering liquids and gases; installations for collecting gases, liquids and solids; apparatus and installations for removing impurities from gases, liquids and solids; regulating and safety accessories for industrial processing installations, namely, gas pressure valves, gas pressure regulators and pneumatic controls; regulating and safety accessories for water installations and gas installations; ventilating and air conditioning apparatus and installations; apparatus and installations for purifying air, gas and water; apparatus and installations for processing air, in particular compressed air; igniters; heaters for oils and greases; cookers; installations and apparatus for heating and boiling asphalt, tar, oil and bitumen; melting pots (melting furnaces) for asphalt, tar and bitumen; polymerisation installations; dust removal installations for ventilation purposes; heat exchangers not being parts of machines; irrigation sprinklers; taps, in particular for pipes; drying machines; parts and fittings for all the aforesaid goods, included in this class.

Class 17

Seals, sealants and fillers; insulation, damping and barrier materials; sound insulation panels; insulators and insulating matters (electricity, thermal, sound); flexible pipes, tubes, hoses, and fittings therefor, including valves; non-metallic pipes, tubes and hoses (not for building purposes); non-metallic insulative couplings and connectors for pipes, tubes, hoses and cables; non-metal screw connections for pipes, tubes and hoses; semi-finished plastic goods; plastics in the form of sheets, films, blocks, rods and tubes; unprocessed and semi-processed materials (not adapted for a specific use), included in this class, namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins; finished or semi-finished products (adapted for a specific use), included in this class, namely, shock-absorbing materials, packaging materials, vibration dampers, statues and works of art, namely, figurines made from rubber and decorative plastic films being semi-finished products, anti-dazzle films for windows (tinted), rubber covers for electrical components, rubber covers

for switches, plastic masking films (other than for packaging), drum coverings of rubber (semi-finished products), sealing rings, cylinder jointings, connectors, spacers (except fasteners for pipes), sealing membranes and semi-processed synthetic filtering materials, adhesive tapes, strips, bands and films, clutch linings and brake linings, protective rubber articles, rubber rings; parts and fittings for all the aforesaid goods, included in this class.

Class 24

Fabrics; textile goods and substitutes for textile goods; textile gauzes; filters, filter bags and filtering materials of textile, in particular of textile gauzes; towels; bed covers; table covers; textiles, not included in other classes.

Class 35

Business management; business administration; advertising; dissemination of advertisements; rental of advertising spaces; marketing and sales promotion services; business administration consultancy; business organisational consultancy; business information services; product demonstrations and product presentation services, also via the internet; conducting and organization of fairs for commercial and advertising purposes; commercial trading and consumer information services, namely auctioneering services, organizing of business contacts, import and export services, ordering services, price comparison services, acquisition services for third parties; business appraisals; evaluation of business matters; organising of trade and business competitions in the field of construction, milling, recycling, processing, stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; negotiation and conclusion of commercial transactions for third parties; commercial intermediation services; subscription management services for customer subscriptions and product catalogues; business analysis, research and information services; data processing (office functions); electronic collecting of data; compilation and systematization of data and information in electronic databases; business organisation planning to facilitate process optimisation for the purpose of quality management ; compilation of statistics; cost-benefit analysis; cost-price-analysis; business studies concerning capacity utilisation; business project management; business organisational management of construction, milling, recycling, processing, stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural projects; commercial management assistance for fleets of vehicles, machines and industrial installations, and related organisational and business consultancy; business consultancy with regard to the purchase and usage of machines, industrial installations and parts thereof; operating an information, complaints and emergency hotline, also online, namely taking, collecting and forwarding customer requests or customer complaints by telephone or electronic means; import-export agencies services; business administration assistance organisational scheduling of the operating time and location of products of mechanical engineering, steel construction and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; business relocation services; sponsorship search; retail and wholesale services, also via the internet, in relation to ironmongery, small items of metal hardware, metal goods, in particular building materials, building elements, tanks, storage tanks, bitumen tanks, oil tanks, silos, storage silos, loading silos, buffer silos, containers, transportation articles, storage articles, packaging articles, reservoirs, bins, pressure vessels, claddings, cladding panels, cladding sheets and plates, pipes, tubes, down pipes, hoses, cables (non-electric), wires (non-electric), pipe bends (other than parts of machines),

cable channels (non-electric), clips (non-electric), wire rope clips, clips for tubes, chains (except jewelry), rings (except jewelry), bushings, buildings, transportable buildings, ladders, staircases, scaffolding, balustrading, racks (structures), platform structures (immobile), struts, supporting struts, supporting brackets, fences, reinforcement materials, coverings, signs, locks, keys, key rings, handles, hand gear, lock bolts, closures, rollers, springs, springy units, locking rings, locking pins, cotters, bracings, joists, tracks, guide tracks, ropes, walls, panels, straps, straps for handling loads, pallets, nuts, thread inserts, screws, bolts, dowels, discs, shims, fasteners, fixing parts, fastening brackets, fish plates, plugs, adjustable collars, pipe clamps, cable clamps, hose clamps, flanges, bands, hinges, strap-hinges, bungs, lids, hooks (small items of metal hardware), nails, pins (small items of metal hardware), set screws, rivets, cotter pins, trellises, gratings, number plates, shelters, protective strips, protective screens, protective grilles, protective covers and protective walls, metal structures, steel construction structures, metal couplings and connectors for pipes, tubes, hoses and cables, metal screw connections for pipes, tubes and hoses, valves, valve blocks and slide valves of metal (other than parts of machines), wire nets and gauzes, spring steel gauzes, unprocessed and semi-processed materials of metal (not adapted for specific use), sheets and plates, in particular wear sheets and plates as well as sheets and plates for the protection of parts of machines and industrial installations, metal panels, in particular wear panels as well as panels for the protection of parts of machines and industrial installations, metal signs and signaling panels (non-luminous and non-mechanical), model vehicles, machines and installations (ornaments) made of common metal, mechanical equipment for construction, earthmoving, crushing, mixing, processing, mining and agriculture, pumps, compressors, generators, fans, air compressors, compressed air machines, feed pumps, centrifugal pumps, metering pumps (except for medical purposes), robots, moving and handling equipment, lifting and hoisting equipment, machines for treatment of materials and for manufacturing, engines, powertrains, generic machine parts, electric motors, machine coupling and power transmission components (except for land vehicles), filters, textile filters, filter bags, textile filter bags and filter housings for engines, machines and industrial installations, dispensing machines, cleaning, washing and rinsing machines, blowing machines, drying machines, spin driers (machines), construction machines, mechanical, pneumatic, hydraulic and electric construction implements (other than hand-operated), processing machines, processing installations for processing asphalt, stone and road surfaces, recycling machines and installations, in particular machines and installations for recycling asphalt, stone and road surfaces, demolition machines, soil working machines, milling machines, road finishers, machines for the making, application and removal of road surfaces, remixers and repavers (machines for fusing, detaching, processing and relaying of road surfacing), heating machines, in particular for replastifying road surfaces and for heating and boiling asphalt, tar, oil and bitumen, melting pots for asphalt, bitumen and tar, hoppers (machines), road working machines, machines for road repair, machines for processing road surfaces, asphalt finishers (machines), feeders (machines), feeding machines, feeding units for machines and industrial installations, separators (machines), compacting machines, compacting implements, compactors, vibrators (machines), vibrating machines and installations, spreading machines, spraying, sputtering and nebulizing machines, cutting machines, sorting machines (other than for money), crushing machines and installations, comminutors for solid materials, crushers, stone and ore working machines, sifting machines and installations, sieves (electric), roller screens (machines), mixing machines and installations, in particular concrete and asphalt mixing machines and installations, mobile mixing machines and installations, in particular concrete and asphalt mixing machines and installations, separating

machines, agitators, automatic dispensing machines and installations, filtering machines, machines for loading, transporting machines, machines for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of asphalt, bitumen, concrete, stone, raw materials, valuable materials or waste, processing installations for breaking, crushing, sifting, separating, classifying, washing, heating, drying, mixing, agitating, dispensing, cleaning, transporting and loading of asphalt, bitumen, concrete, stone, raw materials, valuable materials or waste, processing machines and installations for bituminous mixtures, cranes, block and tackle, lifting jacks (machines), machines and installations for the making of and working on polymers, bitumen, concrete and asphalt, dust removing machines and installations for cleaning purposes, agitators for circulating liquid and solid media, agitator tanks, conveyors, in particular belt conveyors, conveying installations, in particular belt conveying installations, bucket conveyors, buckets for bucket conveyors, screw conveyors, screws for screw conveyors, conveyor belts, conveyor chains, bucket elevators, elevators, buckets for elevators, hopper loaders (machines), winches, lifting platforms, windlasses, pressure transformers, pressure intensifiers (machines), parts of machines and industrial installations, namely, tools, tool holders, bits, chisels, chisel holders, mixer arms, mixer shovels, shovels, hammers, milling tools, cutting tools, compacting tools, breaking tools, crushing tools, spray heads, spray fittings, spraying booms, drums, roller tires, drum housings, barrels, mixing drums, drying drums, magnetic separators, steering wheels, hand wheels, undercarriages, chains being part of undercarriages, chassis, bogies, heaters for road surfaces, oil coolers, track rollers, bands, belts, belt pulleys, tensioning devices, couplings, transmissions, axles, joints, power transmission components, shafts, cranks, crank shafts, mufflers, coolers, burners, burner blowers, cookers, loading ramps, vibration drives, oscillation drives, jets, separators, seals, valves, hydraulic valves, dispensing valves, valve blocks, clacks, clack valves, slide valves, regulators, taps, bellows, sun screens, vibrators, shakers, rollers, track rollers, push rollers, covers, chains, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, bearing housings, bearing inserts, bushings, tracks, transmission shafts, driving chains, auger blades, spreading augers, worm wheels, infeed screws, pneumatic distributors, lubricators, lubricating mechanism, oilers, compressed air oilers, compressed air conditioners, alarm systems, body parts, steering stands, mirrors, handles, hand gear, switches, tanks, bitumen tanks, oil tanks, storage tanks, fuel gauges, silos, storage silos, loading silos, buffer silos, bumpers, gutters, pressure bars, guide bars, guide tracks, wheelworks, gear wheels, fly wheels, impellers, bearing brackets, springs, springy units, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, vibration dampers, brushes, scrapers, breaking bars, crushing bars, breaking plates, crushing plates, breaking jaws, crushing jaws, breaking cones, crushing cones, hoppers, rotors, flaps, protective flaps, sieves, grilles, trellises, protective grilles, chutes, braking systems, brakes, brake cylinders, brake linings, brake calipers and brake shoes, hand-held tools (other than hand-operated), tools for machines and industrial installations, power tools, mechanical tools, automatic tools, hydraulic tools (other than hand-operated), pneumatic tools (other than hand-operated), mechanical equipment for the lifting and lowering of machines, industrial installations or parts thereof, mechanical equipment for dispensing material, mechanical, hydraulic and pneumatic control mechanisms, electronic, mechanical, hydraulic and pneumatic controls and control systems for engines, machines and industrial installations, adapted tarpaulins for use with machines, industrial installations and parts thereof, adapted coverings for use with machines, industrial installations and parts thereof, adapted fairings for use with machines, industrial installations and parts thereof, filters for motors, bearing brackets for machines and industrial

installations, machine wheels, belts for motors, belt pulleys, driving chains and transmission shafts (other than for land vehicles), exhausts, mufflers, in particular mufflers for machines, industrial installations and burners, radiators and radiator caps for motors, mechanical discharging hoppers, metal loading ramps (machines), elevators, air blowers (machines), rotary feeders, tubes and tube bends being mounted parts of machines and industrial installations, tubes and tube bends being fitted parts of machines and industrial installations, oil pumps for engines, machines and industrial installations, wear parts, in particular wear sheets and plates, wear panels, wear tiles and wear liners, for machines and industrial installations, security and safety devices and equipment for machines and industrial installations, attachments for machines and industrial installations, scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), control, regulating, life-saving and teaching apparatus and instruments, electronic control apparatus, units and systems, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data, communications equipment, data carriers for bearing pictures, sound and data, calculating machines, data processing equipment, data collection apparatus, computers, computer software and hardware, computer peripherals, fire- extinguishing apparatus, recorded data, information technology and audiovisual equipment, magnets, magnetizers, demagnetizers, apparatus, instruments and cables for electricity, mains, strands and wires for electricity, screw connections for cables, optical devices, equipment, enhancers and correctors, safety, security, protection and signalling devices and equipment, navigation, guidance, positioning, tracking, targeting and map making devices, navigational instruments, measuring, detecting and monitoring instruments, devices, appliances and controllers, flowmeters, temperature meters (not for medical purposes), hygrometers, revolution counters, speedometers, measuring rods, holders for measuring rods, electrical indicators, scales, electronic scales, time measuring instruments and apparatus (except clocks and watches), temperature regulators, electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, apparatus, instruments, software and hardware for tracking, monitoring, operating, remote controlling and technical testing of products of mechanical engineering, steel construction and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, testing and quality control devices, electrical testing instruments, electronic frequency converters for machines and industrial installations, electric and electronic apparatus for evaluating the operation of and faults with products of mechanical engineering, steel construction and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, scientific research and laboratory apparatus, filtering units for laboratory use, analysing and diagnostic apparatus (not for medical purposes), simulators, dosage devices, laser, infra-red and ultrasound devices (not for medical purposes), lasers (not for medical purposes), switches, electric control boxes, switch cabinets and control boards, distribution cabinets, panels and boxes (electricity), electric control panels, housings for electric apparatus and switches, electronic regulators, joysticks, sensors, detectors, light emitting diodes, horns for signalling, signal transmitters, buzzers, sirens, luminous signs, radio transmitting and receiving apparatus, antennas, aerials as communications apparatus, transmitters, optical and electrical receivers, signalling apparatus and signalling panels of metal (luminous or mechanical), indicator boards, levelling instruments, devices and apparatus, electrostatic separators, remote control apparatus, electric and

electronic devices for the lifting or lowering of machines, industrial installations or parts thereof, oil level indicators, components for electrical circuits, cables and wires (electricity), electric connection components, electric cable channels, connectors (electricity), electric plugs, electric relays, fuses, terminals (electricity), electrical circuits and circuit boards, semiconductor devices, microelectronic components, microprocessors, microcontrollers, resistors, electric coils, condensers, transformers, batteries, electric power supplies and mains units, electric rectifiers, frequency invertors, audio devices, radio receivers, speakers, graphic equalizers, batteries, battery chargers, electrical amplifiers, protective and safety clothing for protection against accident or injury, protective shoes, protective helmets, eyeglasses, safety glasses for protecting the eyes, sun glasses, exposed films for educational purposes, cinematographic films for educational purposes, key cards (encoded), industrial processing installations, chemical processing installations, apparatus and installations for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply, flues and installations for conveying exhaust gases, sanitary installations and appliances, water supply installations, burners, boilers, heaters, oil burners, gas burners, coal dust burners, tar burners, burner heads, blowers for burners, dehumidifiers (dryers), ovens, furnaces (not for food or beverages), electrical heating elements, fan heaters, air heaters, radiators (heating), heating rods, electrically powered air blowers for air-conditioning purposes, ventilators, lighting, lighting reflectors, luminaires, headlights, light bulbs, pocket torches, filters for industrial use, air filters, gas filters, water filters, dust filters, filter bags, in particular textile filter bags, for filters for industrial use, air filters, gas filters, water filters and dust filters, industrial installations for filtering liquids and gases, installations for collecting gases, liquids and solids, apparatus and installations for removing impurities from gases, liquids and solids, regulating and safety accessories for industrial processing installations, water installations and gas installations, ventilating and air conditioning apparatus and installations, apparatus and installations for purifying air, gas and water, apparatus and installations for processing air, in particular compressed air, igniters, heaters for oils and greases, cookers, installations and apparatus for heating and boiling asphalt, tar, oil and bitumen, melting pots for asphalt, tar and bitumen, polymerisation installations, dust removal installations for ventilation purposes, heat exchangers, irrigation sprinklers, irrigation spray nozzles, taps, in particular for pipes, seals, sealants, fillers, insulation, damping and barrier materials, sound insulation panels, insulators and insulating matters (electricity, thermal, sound), flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic pipes, tubes and hoses (not for building purposes), non-metallic couplings and connectors for pipes, tubes, hoses and cables, non-metal screw connections for pipes, tubes and hoses, pipe clamps of rubber, semi-finished plastic goods, plastics in the form of sheets, films, blocks, rods and tubes, unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose and fibers impregnated with synthetic resins, finished or semi-finished products (adapted for a specific use), namely, shock-absorbing materials, packaging materials, vibration dampers, statues and works of art, namely, figurines made from rubber and decorative plastic films being semi-finished products, anti-dazzle films for windows (tinted), rubber covers for electrical components, rubber covers for switches, plastic masking films (other than for packaging), drum coverings of rubber (semi-finished products), sealing rings, cylinder jointings, armatures, connectors, spacers (except fasteners for pipes), sealing membranes and semi-processed synthetic filtering materials,

adhesive tapes, strips, bands and films, clutch linings and brake linings, tyre restoration and repair materials, marker tapes, protective rubber articles, rubber bands, rubber rings, rubber handles, rubber rests and plastic stoppers, luggage, bags, wallets and other carriers, backpacks, umbrellas, parasols, walking sticks, saddlery, glassware, porcelain, earthenware, cleaning instruments, cleaning articles, brooms, buckets, pitchers, funnels, steel wool, brushes (not for painting purposes), model vehicles, machines and installations (ornaments) made of stone, glass or porcelain, statues, figurines, plaques and works of art, unprocessed and semi-processed glassware (not adapted for specific use), household and kitchen utensils, bottle openers, combs, sponges, tableware, cookware, containers, cosmetic and toilet utensils, bathroom articles, shoe horns, fabrics, textile goods, substitutes for textile goods, textile gauzes, filters, filter bags and filtering materials of textile, in particular of textile gauzes, towels, bed covers, table covers, textiles, clothing, footwear, headgear, smokers' articles, lighters, ashtrays, matches, as well as parts and fittings for the aforesaid goods; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class, namely, office equipment, billboards, publicity material, advertisement space, advertisement space on the internet, sales stands, advertising, marketing and sales promotion equipment and material, data processing equipment, equipment for electronic collecting of data, equipment for compilation and systematization of data and information in electronic databases, equipment and material for compilation of statistics; consultancy and information services relating to all the aforesaid services, included in this class.

Class 37

Construction; construction supervision; construction consultancy; hire, rental and leasing of construction machines, asphalt and concrete mixing machines and installations, mobile asphalt and concrete mixing machines and installations, asphalt and concrete making machines and installations, crushing machines and installations, vibrating machines and installations, sifting machines and installations, separating machines and installations and processing machines and installations, and parts thereof, all the aforesaid equipment for construction use; building, construction and demolition; mining services; earth moving services; road construction; canal construction; waste dump construction; structural and civil engineering (included in this class); crushing of asphalt, bitumen, concrete and solid building materials [construction]; sifting of solids [construction]; separating of solids in connection with construction services, in particular with asphalt mixing services; mixing of gases, liquids or solids, in particular asphalt, in connection with construction services; construction supervision for the crushing of asphalt, bitumen, concrete and solid building materials; installation, assembly, cleaning, repair and maintenance services with respect to mixing machines and installations, asphalt and concrete making machines and installations, crushing machines and installations, vibrating machines and installations, sifting machines and installations, separating machines and installations, drying machines and installations, processing machines and installations and recycling machines and installations, and parts thereof; installation, assembly, cleaning, repair and maintenance services with respect to computer hardware, products of mechanical engineering, steel construction and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; installation, assembly, cleaning, repair and maintenance of metal structures and steel construction structures; rustproofing; application of surface coatings, in particular protective coatings; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class, namely, building tools, demolition machines, earth moving machines, mining machines, cleaning machines and equipment; hire, rental and

leasing of goods associated with the provision of machinery maintenance and repair, and diagnostic maintenance services; consultancy and information services relating to all the aforesaid services, included in this class.

Class 38

Telecommunication services; communications services for the exchange of data in electronic form; communication via digital transmission, radio, computer, internet, satellite, telematics and cable; telematics services (included in this class); providing access to electronic databases and electronic communications networks; leasing access time to electronic databases and electronic communications networks; leasing access time for enabling the use of non-downloadable on-line software; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class, namely, telecommunications equipment, apparatus and installations and communication apparatus, implements and instruments; consultancy and information services relating to all the aforesaid services, included in this class; providing electronic access to position data and satellite correction signals.

Class 41

Education; instruction; organising, arranging and conducting courses, workshops and seminars; training, in particular concerning safety at work, mechanics, electrics, the mixing, making and processing of asphalt and the functionality, operation, usage, repair and maintenance of vehicles, apparatus, machines, industrial installations and steel construction structures, and parts thereof; provision of club education services; entertainment; organising and conducting lotteries, competitions and contests; provision of fan club services in the nature of entertainment, education, sporting activities and cultural activities; provision of club entertainment services; sporting and cultural activities; publishing; photographic reporting; news and current affairs programmes; production of films for educational purposes; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class, namely, audio and video equipment, educational material, teaching equipment, motion picture films, sporting articles, musical equipment, games, playthings and books; consultancy and information services relating to all the aforesaid services, included in this class.
