REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Live transmissions accessible via home pages on the internet [webcam]; providing user access to the internet (services providers); transmission of electronic mail [e-mail data services]; communication of information by electronic means; e-mail data services; transmission of user-generated content via the internet; wireless broadband communication services; providing high speed access to computer and communication networks; communication services, namely, electronic transmission of data and documents among users of computers; transmission of data and information by computer and electronic communication means; transmission of data via the internet; communication via virtual private networks; provision of internet access services; provision of communication facilities for the interchange of data by electronic means; transmission of information via computers connected to the same telematic network; collection and delivery of messages by electronic mail; providing of access to telecommunication warehousing services; transmission of information

by computer; telecommunications routing and junction services; wireless electronic transmission of images; providing multiple-user access to a global computer network; providing multiple use access to global computer information networks for the transfer and dissemination of a wide range of information; electronic network communications; electronic data interchange services; communication services over computer networks; transmission of information via wireless or cable networks; transfer of data by telecommunications; provision of telecommunication access and links to computer databases and to the internet; information transmission services via digital networks; providing multiple user dial-up and dedicated access to the internet; digital network telecommunications services; electronic transmission of data; providing telecommunications connections to the internet; data transmission services between networked computer systems; communication services provided electronically; transmission of data by electronic means; providing access to computer networks; computer communications for the transmission of information; on-line communication services; internet service provider services; provision of access to electronic messaging systems; communication of information by computer; worldwide computer network access services; providing access to information via the internet; providing telecommunications connections to databases; consultancy services relating to data communications; provision of wireless application protocol services including those utilising a secure communications channel; distribution of data or audio visual images via a global computer network or the internet; electrical data transmission over a global remote data processing network, including the internet; telecommunications services provided by means of optical fibre networks; provision of telecommunications access to databases and the internet; wire agency [communication] services; telecommunication services; communication network consultancy; data communication services accessible by password; provision of access to content, websites and portals; transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the internet; transmission of information via national and international networks; providing information relating to wireless communication; wireless transfer of data via the internet; transferring information and data via computer networks and the internet; local area networks (operation of -); providing user access to global computer networks; transmission of information by electronic communications networks; transfer of information and data via online services and the internet; communication by computer; provision of access to internet protocol tv; transmission of messages, data and content via the internet and other communications networks; wireless electronic transmission of data; communications services for the exchange of data in electronic form; consulting services in the field of electronic communications; providing frame relay connectivity services for data transfer; transmission of digital files; provision of on-line communications services; transmission of information via computer networks; providing multiple-user access to a global computer information network; transmission of information on-line; telecommunications services provided via fiber optic, wireless and cable networks; digital transmission of data via the internet; electronic communications services; audio, video and multimedia broadcasting via the internet and other communications networks; electronic communications consultancy; communications by fibre optic networks; providing electronic telecommunication connections; telecommunications services, namely providing fiber optic network services; internet services providers (isps); transmission of information between computers and workstations; providing access to the internet and other communications networks; internet based telecommunication services; on-line information services relating to telecommunications; operating of electronic communications networks; communications services provided over the internet; provision of access to television via

decoding apparatus; provision of electronic data links; wireless transfer of data via wireless application protocols; electronic transmission and retransmission of sounds, images, documents, messages and data; wireless communications services; transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; transmission of data via isdn lines; rental of access time to a database server; providing access to and leasing access time to computer networks; automatic transfer of digital data using telecommunications channels; rental of access time to global computer networks; high bit-rate data transmission services for telecommunication network operators; streaming of data; providing telecommunications connections to a global computer network or databases; providing access to data in computer networks; information services relating to electronic communication networks; secure e-mail services; communications via multinational telecommunication networks; access to content, websites and portals; providing access to electronic communications networks and electronic databases; transmission of written communications (electronic -); communication services between data banks; wireless transfer of data via digital mobile telephony; data communication services; provision of electronic communication links; communication services for the transmission of information by electronic means; telecommunications services between computer networks; communication services for the transmission of information; operating of electronic communications systems; transmission of information by electronic means; computer communications services for the transmission of information; providing access to electronic communications networks; data communication services accessible by access code; telecommunications services provided via the internet, intranet and extranet; mobile telecommunication network services; computer data transmission services; transmission of database information via telecommunications networks; communications by computer terminals; electronic transmission of instant messages and data; voice over internet protocol [voip] communication services; mobile communications services; remote transmission of data by means of telecommunications; providing access to global computer networks and other computer networks; internet access services; telecommunication of information (including web pages); providing computer access to communication networks; provision of central switching services for electronic communications networks; providing access to telecommunication networks; data communication by electronic means; provision of access to the internet for others; information services relating to broadcasting; providing access to information via data networks; providing telecommunications connections to the internet or databases; computer communication services; wireless electronic transmission of facsimiles; telecommunications services for the distribution of data; transmission of data through the use of electronic image processing by telephone link; provision of access to an electronic on-line network for information retrieval; secure transmission of data, sound or images; providing access to a global computer network for the transfer and dissemination of information; providing access to a global computer information network; data transmission; telecommunication services provided via internet platforms and portals; secured data, sound and image transmission services; providing virtual private network (VPN) services; transmission of data or audio visual images via a global computer network or the internet; computer communication and internet access; transmission of digital information; provision of access to computer networks and the internet; data transmission and data broadcasting; advisory and consultancy services relating to wireless communications and wireless communications equipment; telematic [data communication] services; electronic transmission of information (services for the -); communications via a global computer network or the internet; transmission of audio and

video content via computer networks; providing access to information on the internet; providing telecommunications connections to a global communication network or databases.

Class 41

Education and instruction; arranging of displays for educational purposes; conducting training seminars for clients; video library services; arranging and conducting of symposiums; provision of instruction relating to data processing; training services relating to data communications; publishing services (including electronic publishing services); organisation and holding of fairs for cultural or educational purposes; demonstration [for instructional purposes]; organisation of congresses and conferences for cultural and educational purposes; organisation of seminars relating to training; organisation of seminars relating to education; training in the operation of computer programs; training services provided via simulators; publishing services carried out by computerised means; providing on-line videos, not downloadable; education services relating to the application of computer systems; arranging and conducting conferences and seminars; arranging, conducting and organisation of conferences; training in the development of software systems; arrangement of conferences for educational purposes; training of personnel to ensure maximum security protection; provision of computer related training courses; training services relating to computer systems; arranging and conducting of training seminars; educational services relating to information technology; instructional services relating to data processing; providing online courses of instruction; electronic publication of educational and training guides; arranging of lectures; arranging and conducting educational conferences; fetes (organisation of -) for educational purposes; arranging of training courses; organisation of courses using distance learning methods; conducting of exhibitions for educational purposes; training in the use of data processing programs; organisation of conferences, exhibitions and competitions; workshops for educational purposes; training services relating to the installation of computer controlled test systems; training in the operation of computerised systems; arranging of workshops and seminars; conducting of seminars and congresses; electronic data processing training; training services relating to computer-aided testing; education services relating to the application of computer software; arranging, conducting and organisation of workshops; arranging, conducting and organisation of symposiums; workshops for training purposes; providing online training seminars; arranging of conferences; training courses relating to computer software; provision of online training; organisation of seminars; arranging and conducting of seminars and workshops; arranging of exhibitions for educational purposes; seminars; organisation of webinars; audio-visual display presentation services for educational purposes; arranging of demonstrations for training purposes; training services relating to the maintenance of computer controlled test systems; education and training in the field of electronic data processing; training relating to data processing techniques; organisation of seminars and conferences; arranging of presentations for educational purposes; arranging, conducting and organisation of seminars; providing computer assisted courses of instruction; education services relating to computer systems; organisation of training courses; provision of education on-line from a computer database or via the internet or extranets; arrangement of conventions for educational purposes; training in the use and operation of data processors; audio-visual display presentations for educational purposes; arranging of displays for training purposes; arranging of demonstrations for educational purposes; conducting of educational events; arranging and conducting of seminars; arranging and conducting of lectures; arrangement of seminars for educational purposes; arranging, conducting and organisation of congresses; training services

relating to the repair of computer controlled test systems; conducting of educational courses; arranging of exhibitions for training purposes; training services in the field of computer software development; arranging of conventions for training purposes; training in the operation of software systems; programming [scheduling of programs] on a global computer network.

Class 42

Engineering services relating to the design of electronic systems; monitoring of computer systems to detect breakdowns; computer system design; troubleshooting of computer hardware and software problems; design and development of networks; analysis and evaluation of product design; database design and development; technological services for the downloading of software; programming of operating software for accessing and using a cloud computing network; design services relating to the development of computerised information processing systems; design services relating to data transmission test tools; internet walled garden services; digital watermarking; development of computer firmware; computer diagnostic services; programming of internet security programs; design of data storage systems; design and development of firmware systems; administration of mail servers; consultancy and information services relating to computer system integration; troubleshooting in the nature of diagnosing problems with consumer electronics; backup services for computer hard drive data; product design and development; design services relating to data processing tools; consultancy in the field of security software; configuration of computer networks by software; development of data processing apparatus; computer security services for protection against illegal network access, computer software technical support services, and IT security services in the nature of computer virus protection and recovery of computer data; consultancy relating to the design and development of computer software programs; computer software consultancy; diagnosis of faults in computer software; design services relating to the creation of networks; data recovery services; design of software for multimedia data storing and recalling; creation of control programs for electric operation control and drive modules; design and development of software for importing and managing data; comparative analysis studies of the efficiency of computer systems; diagnosing computer hardware problems using software; design and development of computer software for reading, transmitting and organising data; design and development of operating software for accessing and using a cloud computing network; consultancy services for designing information systems; design and development of testing and analysis methods; design of computer databases; design and development of telecommunications networks; development of computer software for use with computer-controlled switching systems; application service provider [asp], namely, hosting computer software applications of others; consultancy in the field of computer system integration; internet security consultancy; design of data processing apparatus; electronic data storage and data back-up services; design and development of electronic data security systems; design and development of software for database management; conducting of quality control tests; monitoring of computer systems for detecting unauthorized access or data breach; hiring of computer firmware; creation, updating and adapting of computer programs; programming of operating software for computer networks and servers; software design and development; professional consultancy relating to computer security; research in the field of data processing technology; design of hardware for processing and distribution of multimedia contents; information services relating to the development of computer networks; development of systems for the transmission of data; monitoring of network systems; comparative analysis studies of the performance of computer systems; design and

development of computer firmware; installation of firmware; technological advisory services relating to data processing; computer security consultancy; designing computer software for controlling self-service terminals; development and testing of computing methods, algorithms and software; maintenance of software for internet access; computer system design and development; development of technologies for the protection of electronic networks; research relating to security; design and development of computer software for process control; maintenance of data processing software; remote server administration; software engineering; computer system analysis; development of computer systems; data security consultancy; computer firewall services; providing online information about the design and development of computer software, systems and networks; computer programming for data processing and communication systems; design of operating system software; programming of software for internet platforms; design and development of wireless computer networks; technological services and design relating thereto; analytical services relating to computers; design and development of antivirus software; provision of security services for computer networks, computer access and computerised transactions; computer virus protection services; testing of electronic data processing systems; advisory services relating to computer systems design; providing technical advice relating to computer security software; server administration; installation and maintenance of internet access software; data security services; configuration of computer firmware; rental of internet security programs; design and development of systems for data input, output, processing, display and storage; anti-spamming services [computer security services]; software creation; surveys (conducting -); computer services namely electronic data storage; computer programming services for electronic data security; electronic data back-up; providing information about the design and development of computer software, systems and networks; design of hardware for compression and decompression of multimedia contents; consumer product safety testing; design and development of data display systems; computer network design for others; consulting in the field of cloud computing networks and applications; computer programming services for data warehousing; development of systems for the processing of data; consumer product safety testing and consultation; data migration services; temporary electronic storage of information and data; computer analysis; design and development of operating system software; configuration of computer systems and networks; information technology support services; maintenance of computer software relating to computer security and prevention of computer risks; design of hardware for multimedia data storing and recalling; analysis and evaluation of product development; data encryption and decoding services; technical data analysis services including computer security threat analysis for protecting data; integration of computer systems and networks; electronic data storage; data security services [firewalls]; development of computer software for use with programmable controllers; installation and maintenance of database software; design and testing of new products; design and development of data storage systems; design and development of electronic database software; design of information systems; design services for data processing systems; safety technological testing services; design of hardware for data and multimedia content conversion from and to different protocols; software customisation services; consultancy in the field of computer system analysis; administration of user rights in computer networks; design and development of wireless data transmission apparatus; design and development of data processing apparatus; creation of control programs for automated measurement, assembly, adjustment, and related visualisation; online data storage; design and development of data entry systems; design and development of data processing systems; writing of control programs; creation, maintenance and adaptation of software;

development of software for secure network operations; computer security services for protection against illegal network access; technological services for the downloading of digital data; development of computer based networks; installation and actualisation of programs for data processing; computer network configuration services; computer system monitoring services; design services relating to integrated circuits; software development, programming and implementation; engineering services relating to automatic data processing; off-site data backup; monitoring of computer systems by remote access; computer security services in the nature of administering digital certificates; design and development of wireless data transmission apparatus, instruments and equipment; cloud computing; design and development of internet security programs; computer network services; data back-up services; updating of memory banks of computer systems; engineering consultancy relating to data processing; computer security threat analysis for protecting data; design and development of operating software for computer networks and servers; design services relating to data processing test tools; computer security system monitoring services; development of systems for the storage of data; consultancy services relating to quality control; configuration of computer software; design, development and implementation of software; updating of computer software relating to computer security and prevention of computer risks.

Class 45

On-line social networking services; online social networking services accessible by means of downloadable mobile applications; monitoring of security systems; providing authentication of personal identification information [identification verification services]; licensing of databases; licensing of computer software [legal services]; electronic monitoring services for security purposes; safety, security and enforcement services; advisory services relating to consumers rights [legal advice]; security assessment of risks; legal information services relating to consumer rights; identity validation services; licensing [legal services] in the framework of software publishing; information services relating to safety; licensing of technology; consultancy relating to computer software licensing; licensing of wireless communication system; computer licensing.

Computer programs for connecting remotely to computers or computer networks; software; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; software and applications for mobile devices; network operating system programs; privacy protection software; communication software for connecting computer network users; computer software for use in computer access control; computer programmes [programs], recorded; computer software for the processing of positioning data; mobile apps; character verification instruments; computer software for the dissemination of positioning data; computer software applications, downloadable; computer programmes relating to local area networks; application software for social networking services via internet; cards encoded to access computer software; cloud network monitoring software; computer programs for the enabling of access or entrance control; computer application software for mobile telephones; computer groupware; computer software for administration of local area networks; wireless controllers to remotely monitor and control the function and status of security systems; application software; computer application software for mobile phones; computer software for testing vulnerability in computers and computer networks; computer software for the monitoring of computer systems; downloadable computer security software; computer programs for accessing and using the internet; authentication software; communication software for connecting global computer networks; computer software; application software for cloud computing services; software to control building environmental, access and security systems; downloadable software; information technology and audiovisual equipment; computer software for mobile applications that enable interaction and interface between vehicles and mobile devices; computer

application software; process controlling software; application software for wireless devices; computer software for the remote control of security apparatus; electronic control systems; computer software for wireless network communications; security software; downloadable cloud computing software; decoders; software for network and device security; communication software; computer software for wireless content delivery; computer firewall software; computer antivirus software; computer application software for use in implementing the internet of things [IoT]; computer software for application and database integration; computer software for the detection of threats to computer networks; computer software for the creation of firewalls; cloud computing software; computer application software for use with wearable computer devices; adaptive software; mobile software; computer software for authorising access to data bases; firmware.

Class 38

Live transmissions accessible via home pages on the internet [webcam]; providing user access to the internet (services providers); transmission of electronic mail [e-mail data services]; communication of information by electronic means; e-mail data services; transmission of user-generated content via the internet; wireless broadband communication services; providing high speed access to computer and communication networks; communication services, namely, electronic transmission of data and documents among users of computers; transmission of data and information by computer and electronic communication means; transmission of data via the internet; communication via virtual private networks; provision of internet access services; provision of communication facilities for the interchange of data by electronic means; transmission of information via computers connected to the same telematic network; collection and delivery of messages by electronic mail; providing of access to telecommunication warehousing services; transmission of information by computer; telecommunications routing and junction services; wireless electronic transmission of images; providing multiple-user access to a global computer network; providing multiple use access to global computer information networks for the transfer and dissemination of a wide range of information; electronic network communications; electronic data interchange services; communication services over computer networks; transmission of information via wireless or cable networks; transfer of data by telecommunications; provision of telecommunication access and links to computer databases and to the internet; information transmission services via digital networks; providing multiple user dial-up and dedicated access to the internet; digital network telecommunications services; electronic transmission of data; providing telecommunications connections to the internet; data transmission services between networked computer systems; communication services provided electronically; transmission of data by electronic means; providing access to computer networks; computer communications for the transmission of information; on-line communication services; internet service provider services; provision of access to electronic messaging systems; communication of information by computer; worldwide computer network access services; providing access to information via the internet; providing telecommunications connections to databases; consultancy services relating to data communications; provision of wireless application protocol services including those utilising a secure communications channel; distribution of data or audio visual images via a global computer network or the internet; electrical data transmission over a global remote data processing network, including the internet; telecommunications services provided by means of optical fibre networks; provision of telecommunications access to databases and the internet; wire agency [communication] services; telecommunication services; communication network consultancy; data communication

services accessible by password; provision of access to content, websites and portals; transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the internet; transmission of information via national and international networks; providing information relating to wireless communication; wireless transfer of data via the internet; transferring information and data via computer networks and the internet; local area networks (operation of -); providing user access to global computer networks; transmission of information by electronic communications networks; transfer of information and data via online services and the internet; communication by computer; provision of access to internet protocol tv; transmission of messages, data and content via the internet and other communications networks; wireless electronic transmission of data; communications services for the exchange of data in electronic form; consulting services in the field of electronic communications; providing frame relay connectivity services for data transfer; transmission of digital files; provision of on-line communications services; transmission of information via computer networks; providing multiple-user access to a global computer information network; transmission of information on-line; telecommunications services provided via fiber optic, wireless and cable networks; digital transmission of data via the internet; electronic communications services; audio, video and multimedia broadcasting via the internet and other communications networks; electronic communications consultancy; communications by fibre optic networks; providing electronic telecommunication connections; telecommunications services, namely providing fiber optic network services; internet services providers (isps); transmission of information between computers and workstations; providing access to the internet and other communications networks; internet based telecommunication services; operating of electronic communications networks; on-line information services relating to telecommunications; communications services provided over the internet; provision of access to television via decoding apparatus; provision of electronic data links; wireless transfer of data via wireless application protocols; electronic transmission and retransmission of sounds, images, documents, messages and data; wireless communications services; transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; transmission of data via isdn lines; rental of access time to a database server; providing access to and leasing access time to computer networks; automatic transfer of digital data using telecommunications channels; rental of access time to global computer networks; high bit-rate data transmission services for telecommunication network operators; streaming of data; providing telecommunications connections to a global computer network or databases; providing access to data in computer networks; information services relating to electronic communication networks; secure e-mail services; communications via multinational telecommunication networks; access to content, websites and portals; providing access to electronic communications networks and electronic databases; transmission of written communications (electronic -); communication services between data banks; wireless transfer of data via digital mobile telephony; data communication services; provision of electronic communication links; communication services for the transmission of information by electronic means; telecommunications services between computer networks; communication services for the transmission of information; operating of electronic communications systems; transmission of information by electronic means; computer communications services for the transmission of information; providing access to electronic communications networks; data communication services accessible by access code; telecommunications services provided via the internet, intranet and extranet; mobile telecommunication network services; computer data transmission services; transmission of database

information via telecommunications networks; communications by computer terminals; electronic transmission of instant messages and data; voice over Internet Protocol [VoIP] communication services; mobile communications services; remote transmission of data by means of telecommunications; providing access to global computer networks and other computer networks; internet access services; telecommunication of information (including web pages); providing computer access to communication networks; provision of central switching services for electronic communications networks; providing access to telecommunication networks; data communication by electronic means; provision of access to the internet for others; information services relating to broadcasting; providing access to information via data networks; providing telecommunications connections to the internet or databases; computer communication services; wireless electronic transmission of facsimiles; telecommunications services for the distribution of data; transmission of data through the use of electronic image processing by telephone link; provision of access to an electronic on-line network for information retrieval; secure transmission of data, sound or images; providing access to a global computer network for the transfer and dissemination of information; providing access to a global computer information network; data transmission; telecommunication services provided via internet platforms and portals; secured data, sound and image transmission services; providing virtual private network (VPN) services; transmission of data or audio visual images via a global computer network or the internet; computer communication and internet access; transmission of digital information; provision of access to computer networks and the internet; data transmission and data broadcasting; advisory and consultancy services relating to wireless communications and wireless communications equipment; telematic [data communication] services; electronic transmission of information (services for the -); communications via a global computer network or the internet; transmission of audio and video content via computer networks; providing access to information on the internet; providing telecommunications connections to a global communication network or databases.

Class 41

Education and instruction; arranging of displays for educational purposes; conducting training seminars for clients; video library services; arranging and conducting of symposiums; provision of instruction relating to data processing; training services relating to data communications; publishing services (including electronic publishing services); organisation and holding of fairs for cultural or educational purposes; demonstration [for instructional purposes]; organisation of congresses and conferences for cultural and educational purposes; organisation of seminars relating to training; organisation of seminars relating to education; training in the operation of computer programs; training services provided via simulators; publishing services carried out by computerised means; providing on-line videos, not downloadable; education services relating to the application of computer systems; arranging and conducting conferences and seminars; arranging, conducting and organisation of conferences; training in the development of software systems; arrangement of conferences for educational purposes; training of personnel to ensure maximum security protection; provision of computer related training courses; training services relating to computer systems; arranging and conducting of training seminars; educational services relating to information technology; instructional services relating to data processing; providing online courses of instruction; electronic publication of educational and training guides; arranging of lectures; arranging and conducting educational conferences; fetes (organisation of -) for educational purposes; arranging of training courses; organisation of courses using distance learning methods;

conducting of exhibitions for educational purposes; training in the use of data processing programs; organisation of conferences, exhibitions and competitions; workshops for educational purposes; training services relating to the installation of computer controlled test systems; training in the operation of computerised systems; arranging of workshops and seminars; conducting of seminars and congresses; electronic data processing training; training services relating to computer-aided testing; education services relating to the application of computer software; arranging, conducting and organisation of workshops; arranging, conducting and organisation of symposiums; workshops for training purposes; providing online training seminars; arranging of conferences; training courses relating to computer software; provision of online training; organisation of seminars; arranging and conducting of seminars and workshops; arranging of exhibitions for educational purposes; seminars; organisation of webinars; audio-visual display presentation services for educational purposes; arranging of demonstrations for training purposes; training services relating to the maintenance of computer controlled test systems; education and training in the field of electronic data processing; training relating to data processing techniques; organisation of seminars and conferences; arranging of presentations for educational purposes; arranging, conducting and organisation of seminars; providing computer assisted courses of instruction; education services relating to computer systems; organisation of training courses; provision of education on-line from a computer database or via the internet or extranets; arrangement of conventions for educational purposes; training in the use and operation of data processors; audio-visual display presentations for educational purposes; arranging of displays for training purposes; arranging of demonstrations for educational purposes; conducting of educational events; arranging and conducting of seminars; arranging and conducting of lectures; arrangement of seminars for educational purposes; arranging, conducting and organisation of congresses; training services relating to the repair of computer controlled test systems; conducting of educational courses; arranging of exhibitions for training purposes; training services in the field of computer software development; arranging of conventions for training purposes; training in the operation of software systems; programming [scheduling of programs] on a global computer network.

Class 42
