REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. analysis; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software for operating and managing call centers and contact centers; computer software platform for providing customer service and customer support; computer software for speech, facial and optical character recognition; computer software for converting text to speech; computer software for image analysis, identification, processing, conversion, cropping, resizing and enhancement; computer software for video streaming and for high-speed formatting and processing of audio and video streams; computer software for deploying live and on-demand video content; computer software for provisioning and dynamically scaling video processing, delivery, and storage services; computer software used to process, convert, transcode, encode, decode, encrypt, decrypt, distribute and manipulate digital video, image and audio files; computer software for inserting and removing advertising and other content into video streams; computer software for digital rights management; computer software for time-shifted television viewing; game software; game engine software; computer software to manage, connect, and operate internet of things (IOT) electronic devices; computer software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud; computer software development tools; software development kits (SDK); computer software for application development, testing, deployment and management; computer software for managing software development projects and teams.

Class 35

Business consulting; business consulting services in the field of information technology (IT) and cloud computing; business consulting services in the field of enterprise architecture; business risk management consultation; compilation and systemization of information into computer databases; database management services; business records management; business data analysis; data processing services; trade show management services; conducting and arranging trade show exhibitions in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); computerized on-line ordering featuring developer tools and cloud computing software and services; providing an on-line marketplace for buyers and sellers of goods and services; domain name directory services; message and conference call transcription services; administering and maintaining databases; updating and maintenance of data in computer databases; web traffic optimisation.

Class 38

Telecommunication services; electronic data transmission; streaming of data; streaming of software applications; providing data streaming capacity to others; streaming of audio and video material on the Internet; video-on-demand transmission; broadcasting services; providing access to telecommunication networks; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing user access to computer software in data networks; providing access to remotely hosted operating systems and computer applications through the internet; providing access to cloud based computing networks, servers and platforms on the Internet; providing access to databases; providing virtual private network (VPN) services; telephone communications; long distance telephone

communication services; voice over Internet protocol (VOIP) services; web conferencing services; call routing services; providing voice chat services; providing internet chat rooms; transmission of messages; providing on-line forums for transmission of messages among computer users; call recording services; telecommunications consultation; transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network.

Class 41

Education and entertainment services; education services, namely, conducting seminars, classes, workshops and conferences in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); providing online computer games.

Class 42

Information technology (IT) services; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud computing services; computer services, namely, cloud hosting provider services; hosting of digital content on the Internet; cloud hosting of electronic databases and virtual computing environments; server hosting; computer time-sharing services; providing virtual computer systems and virtual computer environments through cloud computing; computer services, namely, providing virtual application, web, file, database and storage servers of variable capacity to others; scaling services, namely, providing variable computing and electronic storage capacity to others; administering and maintaining virtual computing environments for others [cloud computing]; electronic data storage; rental of space in a computer co-location facility for containerized data centers of others; Application service provider (ASP), namely, hosting computer software applications and databases of others; technological services for the hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; computer software rental; consulting and providing information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); technological consultancy and information services relating to web services, databases, data processing and analytics; planning, design and implementation of computer technologies for others; design and development of software, databases, web services and cloud computing infrastructure; software configuration management services; data and application migration services; data mining services; data backup and data restoration services; remote online backup of computer data; data encryption and decryption services; data warehousing [electronic storage of data]; technical support services, namely, troubleshooting of computer software problems; computer services, namely, monitoring the web sites of others to improve their scalability and performance; computer services, namely, enforcing, restricting and controlling access privileges of users of

computing and network resources based on assigned credentials; providing search engines for obtaining data via communications networks; creating indexes of computer network-based information, sites, and other resources available on global computer networks for others; dedicated IP address hosting for others; administration, hosting and leasing of a Domain Name System (DNS) server for others; computer services, namely intrusion detection and protection; computer services, namely, providing virtual data storage and caching [electronic data storage] for others; cross-platform conversion of digital content into other forms of digital content; digital compression of computer data; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); software as a service (SaaS); software as a service (SaaS) featuring software for cloud computing; software as a service (SaaS) featuring software for virtualization; software as a service (SaaS) featuring software for managing and deploying virtual machines to a cloud computing platform; software as a service (SaaS) featuring software for use in cloud infrastructure management and automation; software as a service (SaaS) featuring software for running cloud computing based applications; software as a service (SaaS) featuring software platforms for cloud computing networks and applications; software as a service (SaaS) featuring software that provides access to cloud-based scalable computing resources and data storage; software as a service (SaaS) featuring software for monitoring cloud and application performance; software as a service (SaaS) featuring software for event logging, reporting, analysis and alert generation; software as a service (SaaS) featuring software for collecting, editing, modifying, organizing, synchronizing, integrating, monitoring, transmitting, storage and sharing of data and information; software as a service (SaaS) featuring software for data, desktop and application streaming; software as a service (SaaS) featuring software for data backup, recovery and archiving; software as a service (SaaS) featuring software for data transfer and migration; software as a service (SaaS) featuring software for data protection and data security; software as a service (SaaS) featuring software for data warehousing; software as a service (SaaS) featuring database management software; software as a service (SaaS) featuring software for creating, configuring, provisioning and scaling databases; software as a service (SaaS) featuring software for storing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data; software as a service (SaaS) featuring software for logging changes within a database; software as a service (SaaS) featuring software for improving database performance; software as a service (SaaS) featuring software for configuring, provisioning and scaling data cache storage for databases; software as a service (SaaS) featuring software for computer network management and automation; software as a service (SaaS) featuring software for monitoring computer network access and activity; software as a service (SaaS) featuring user authentication software; software as a service (SaaS) featuring cryptography software; software as a service (SaaS) featuring software for monitoring, tracking, logging, analyzing, auditing and reporting in the field of regulatory and information security compliance; software as a service (SaaS) featuring software for monitoring, tracking, logging and analyzing computer network events, user activity, changes to resource activity and security statistics; software as a service (SaaS) featuring network security software; software as a service (SaaS) featuring network threat detection software; software as a service (SaaS) featuring network access management and monitoring software;

software as a service (SaaS) featuring search engine software; software as a service (SaaS) featuring software for searching databases; software as a service (SaaS) featuring software for creating searchable databases of information and data; software as a service (SaaS) featuring business intelligence software; software as a service (SaaS) featuring software that provides real-time, integrated business management intelligence by combining information from various databases; software as a service (SaaS) featuring business analytics software for collecting and analyzing data to facilitate business decision making; software as a service (SaaS) featuring software for use in big data analysis; software as a service (SaaS) featuring software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service (SaaS) featuring e-commerce software to allow users to perform electronic business transactions via a global computer network; software as a service (SaaS) featuring software for operating and managing call centers and contact centers; software as a service (SaaS) featuring software platforms for providing customer service and customer support; software as a service (SaaS) featuring software for speech, facial and optical character recognition; software as a service (SaaS) featuring software for converting text to speech; software as a service (SaaS) featuring software for image analysis, identification, processing, conversion, cropping, resizing and enhancement; software as a service (SaaS) featuring software for video streaming and for high-speed formatting and processing of audio and video streams; software as a service (SaaS) featuring software for deploying live and on-demand video content; software as a service (SaaS) featuring software for provisioning and dynamically scaling video processing, delivery, and storage services; software as a service (SaaS) featuring software used to process, convert, transcode, encode, decode, encrypt, decrypt, distribute and manipulate digital video, image and audio files; software as a service (SaaS) featuring software for inserting and removing advertising and other content into video streams; software as a service (SaaS) featuring software for digital rights management; software as a service (SaaS) featuring software for time-shifted television viewing; software as a service (SaaS) featuring game software; software as a service (SaaS) featuring game engine software; software as a service (SaaS) featuring software to manage, connect, and operate internet of things (IoT) electronic devices; software as a service (SaaS) featuring software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud; software as a service (SaaS) featuring software development tools; software as a service (SaaS) featuring software development kits (SDK); software as a service (SaaS) featuring software for application development, testing, deployment and management; software as a service (SaaS) featuring software for managing software development projects and teams; providing cloud based computing applications and computerised data storage; hosting of blogs featuring information in the fields of technology, cloud computing, web services, software, software as a service (SAAS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); monitoring of computer systems and databases for security purposes; computer security services for protection against illegal network access, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; computer security services, namely, providing user authentication services for accessing a secure virtual computing environment; providing an online computer database in the field of domain name registration information; computer security services, namely, authentication services provided via online non-downloadable software for

establishing and transmitting security credentials for domain name services.

Class 45

Domain name registry services, namely, coordinating the registration of domain names for identification of users and internet protocol addresses on the internet.

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 16

Printed matter and publications; educational materials in printed form; educational materials in written form; printed matter relating to health education and mental health (including depression and anxiety, related substance misuse disorders and the prevention of these conditions); training materials (other than apparatus).

Class 38

Transmission of information on a wide range of topics, including online and over a global computer network, in relation to topics including depression and anxiety, related substance misuse disorders and the prevention of these conditions; providing an online forum (including message boards and chat rooms) that allows individuals to communicate and network with each other, including in relation to topics including depression and anxiety, related substance misuse disorders and the prevention of these conditions.

Class 41

Electronic publication of information on a wide range of topics, including online and over a global computer network; providing information, including online, about education and training; providing online electronic publications (not downloadable); publication of multimedia material online; publication (including electronic publication) and dissemination of educational information and educational materials relating to mental health (including depression and anxiety, related substance misuse disorders and the prevention of these conditions); health education in relation to mental health (including depression and anxiety, related substance misuse disorders and the prevention of these conditions); computer based training; provision of training; vocational training services.

Class 42

Research in relation to mental health (including depression and anxiety, related substance misuse disorders and the prevention of these conditions).

Class 44

Providing information (including via the internet) in relation to mental health (including depression and anxiety, related substance misuse disorders and the prevention of these conditions); developing medical prevention and intervention programs in relation to mental health (including depression and anxiety and related substance misuse disorders).

Class 01

Acrylic resins, unprocessed; alkalies; alkaline iodides for industrial purposes; alkaline metals; alkaline-earth metals; alumina; aluminium chloride; aluminium hydrate; aluminium silicate; ammonia; anhydrides; argon; artificial resins, unprocessed; auxiliary fluids for use with abrasives; barium, compounds; bases (chemical preparations); benzene derivatives; benzoic acid; foundry binding substances; brazing fluxes; carbon; carbon black for industrial purposes; carbon for filters; catalysts; ceramic materials in particulate form, for use as filtering media; compositions for the manufacture of technical ceramics; chemical preparations for facilitating the alloying of metals; dry ice (carbon dioxide); epoxy resins, unprocessed; fertilizers; filtering materials (unprocessed plastics); helium; hydrogen; industrial chemicals; krypton; lime carbonate; magnesium carbonate; naphthalene; neon; nitrogen; oxygen; phenol for industrial purposes; plastics, unprocessed; rare earths; chemical reagents other than for medical or veterinary purposes; salt, raw; salts (chemical preparations); salts (fertilisers); salts for industrial purposes; salts from rare earth metals; salts of alkaline metals; salts of precious metals for industrial purposes; silicates; silicon; soda ash; soldering fluxes; sulphuric acid; synthetic resins, unprocessed; titanium dioxide for industrial purposes; toluene; welding chemicals; xenon; zirconia; welding fluxes; ammonium sulphate; calcium silicate; silica gel; methanol; anthracene; styrene monomer; cyclohexane; biphenyls; acenaphthenes; terphenyl; decahydronaphthalene; tetrahydronaphthalene; pyrene; fluorene; coumarone resin; phenanthrene; cyclohexane; bisphenol A; cresol; xylene; phthalic anhydride; para-benzylbiphenyl; indoles; skatole; coumarin; dihydrocoumarin; indenes; isoquinolines; quinaldine; tetrachlorophthalic anhydride; divinylbenzene; diphenylbenzene; carbazole; thiophene; pyridine; cement blending agents; phenolic resins; polyamide resins; polystyrene resins; polypropylene resins; organometallic compounds; ammonium sulphate fertilizer; chemicals having liquid crystal properties; resists for color filtering of liquid crystal display being chemicals; foundry coke as chemicals; ceramic compositions for sintering in the form of granules and powders.

Class 06

Alloys of common metal; aluminium; aluminium foil; aluminium wire; balls of steel; boxes of common metal; brackets of metal for building; brass, unwrought or semi-wrought; brazing alloys; rods of metal for brazing; building boards of metal; buildings of metal; cast iron, unwrought or semi-wrought; cast steel; common metals, unwrought or semi-wrought; containers of metal for storage; copper, unwrought or semi-wrought; crash barriers of metal for roads; fittings of metal for building; flanges of metal (collars); foundry moulds of metal; framework of metal for building; gold solder; indium; ingots of common metal; iron ores; iron, unwrought or semi-wrought; iron wire; joists of metal; lead, unwrought or semi-wrought; linings of metal (building); manhole covers of metal; manifolds of metal for pipelines; materials of metal for funicular railway permanent ways; metals in powder form; nickel; niobium; pillars of metal for buildings; pipe muffs of metal; poles of metal; posts of metal; props of metal; railroad ties of metal; rails of metal; railway material of metal; railway sleepers of metal; reinforcing materials of metal for building; sheet piles of metal; sheets and plates of metal; silver plated tin alloy; silver solder; sleeves (metal

hardware); soldering wire of metal; steel alloys; steel pipes; steel sheets; steel strip; steel, unwrought or semi-wrought; steel wire; strap-hinges of metal; tantalum (metal); tin; tin foil; tinplate; tinplate packings; titanium; titanium iron; tombac; trellis of metal; tubes of metal; tungsten; vanadium; rods of metal for welding; wire of common metal; wire of common metal alloys, except fuse wire; wire rope; zirconium; steel bars; cask, stands of steel; steel cables; steel forgings; wire of metal for welding; heavy steel plates; hot-rolled steel sheets and coils; cold-rolled steel sheets and coils; tin free steel sheets and coils; electrical steel sheets; galvanized steel sheets and coils; bars and plates of copper; bars and plates of zinc; copper sheets; steel bands; advertisement columns of metal; alloy rolls; alloy steel for construction and steel brackets; metal alloys for battery electrodes; alloys of nonferrous metals; alloys, heat-resistant, acid-resistant and corrosion-resistant; aluminium pipes; aluminum and its alloys; anchor plates; angle irons; angle valves (of metal, not machine elements); anti-friction metal; anti-friction metal for iron alloys; armour plate; artificial fish reefs of metal; automatic control valves (of metal, not machine elements); ball valves (of metal, not machine elements); bands of metal for tying-up purposes; metal bars; bars for metal railings; billets; bindings of metal; bins of metal; blooms (metallurgy); bolts of metal; bottles (metal containers) for compressed gas or liquid air; branching pipes of metal; brass and its alloys; brass sheets, strips, bars; bronzes (works of art); building materials of metal; building materials, pipes and tubes of metal (none being boiler tubes or parts or machines), all included in this class; building panels of metal; buildings, transportable, of metal; butterfly valves (of metal, not machine elements); cable joints of metal, non-electric; cables and wires (non-electric); cans of metal; casings of metal for oil wells; cast iron vessels (not included in other classes); casters of metal; castings; castings, foils, powder, and rolled, drawn or extruded semi-finished articles of titanium or its alloys; ceilings of metal; chains of metal (except driving chains for vehicles); chimneys of metal; chromium; clad steel plates and sheets; cladding of metal for construction and building; clips of metal for cables and pipes; closures of metal for containers; collars of metal for fastening pipes; collecting pipes of metal; columns of metal; common metal works of art; common metals and their alloys; common metals, unwrought or semi-wrought, not included in other classes; packing containers of metal; containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; containers of metal for storing acids; containers of metal for transport; copper and its alloys; copper sheet, strip, bar; couplings of metal; drain pipes of metal; duckboards of metal; ductile cast iron rolls; ducts and pipes of metal for central heating installations; elbows of metal for pipes; extruded steels; fishplates (rails); fittings of metal for furniture; fittings of metal for windows; fittings of metal for pipe work; flanges of metal; flashing of metal, for building; floor tiles of metal; foundry molds made of steel; frame work of metal for prefabrication; frames of metal for building; free cutting steel plates and sheets; full metallic buildings; cylinders of metal for compressed gas; girders of metal; gratings of metal; grilles of metal; guard rails of metal for city streets; guard rails of metal; gutter pipes of metal; gutters of metal; handcuffs; hardware of metal, small; hardware of metal; hollow steel bars; hoop iron; hoop steel; industrial packaging containers of metal; ingots of metals, not of precious metals; iron; iron sheets; iron slabs; iron strip; iron and steel; junctions of metal for pipes; keys; locks; locks of metal, other than electric; locks of metal; lubricating nipples; machine belt fasteners of metal; magnesium; materials of metal for railway tracks; metal cylinders for compressed gas, semi-wrought; metal flanges; metal foundation plates for buildings; metal joinery fittings; metal junctions for pipes; metal latches of gates; metal lids and caps (for industrial packaging containers); metal materials for building construction or for structure; metal materials for skeletons or frames for building or construction; metal moulds for forming cement products not

being parts of machines; metal pipes and tubes; semi-finished steel pipes and tubes for use with boilers; metal pulleys; metal pulleys, springs and valves (not-including machine elements); metal sheets for building use; metal stoppers (for industrial packaging containers); metal wires; metal wires rods, non-electric; metallic alloy pipes; metallic barrels; metallic bins; metallic caps for containers; metallic capsules for compressed gas; metallic non-luminous nor mechanical road signals; metallic pipes; swimming pools {metal structures}; metallic winding keys; metals and their alloys; ores of metal; miscellaneous hardware of metal; miscellaneous pilings of metal; miscellaneous steel pipes; molybdenum; nails and screws of metal; non-electric cables and wires of common metal; nonferrous metals and their alloys; nozzles of metal; nuts (of metal); nuts and screws made of metal; metal pipes for oils; ores; ores of common metal; ores of metal, except sodium, potassium and calcium, not included in fuel; packaging containers of metal; partitions of metal for office use; partitions of metals; pegs of metal; penstock pipes of metal; petroleum and casing pipes of metal; pilings of metal; pipe fittings of metal; pipe joints of metal; pipelines of metal; pipes of metal (not being parts of machines and/or of boilers); pipes and tubes of metal; pipes and tubes of metal and their alloys, not being parts of machines or parts of cooling, warming and distilling installations; pipes of metal; pipes of metal, for central heating installations; pipe work of metal; pipe work of metal, not included in metal materials for building or construction; plugs of metal; posts of metal for electric lines; prebuilt metallic houses and other buildings; prebuilt metallic sections and panels therefor; props of metal for bridges; rails and other metallic materials for railway tracks; rare-earth alloys for magnets; refractory construction materials of metal; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; reinforcing materials, of metal, for concrete; reservoirs of metal; road signs of metal (not luminous nor mechanical); rolled and cast building materials; rolled steels; roof coverings of metal; roof flashing of metal; roofing of metal; ropes of metal; safety boxes; safety cashboxes; screws of metal; sealing caps of metal; semi-finished steel; semi-wrought steel; shaped objects made of steel (not included in other classes); sheet, bars of metal; sheet irons; shuttering of metal for concrete; signboards of metal; metal slabs; springs (metal hardware); springs and valves of metal (not being parts of machines); springs for furniture (metal hardware); stainless steel coils; steel; steel (rolled) for rolling operations; steel angles; steel balls, not included in other classes; steel blooms; steel buildings; steel framework for pre-fabrication; steel joists for use in building; steel material; steel or metallic water and gas pipes; loading and unloading steel pallets; steel panels for flooring; steel tubes; steel plates; steel poles; steel rails; steel tapered poles; steel for use in manufacturing tires; steel tubes for boilers, semi-wrought; steels for automobiles; steels for bearings; steels for boilers; steels for machine structural use; steels for pressure vessels; steels for ship structural use; steels, heat-resistant, acid-resistant and corrosion-resistant; stopper-shaped or lid-shaped metallic shield for protecting screw parts of pipes; strips of metal; tanks of metal; thread of metal for tying-up purposes; metal foil for cooking; titanium alloys; titanium bars; transportable buildings of metal; tree protectors of metal; tubes and pipes of steel; unwrought and partially wrought common metals and alloys; valves of metal, other than parts of machines; wall cladding of metal for building; wall linings of metal for building; wall plugs of metal; water-pipes of metal; sculptures of metal; wrapping or binding; bands of metal; zinc and its alloys; zinc-coated steel sheets; brass sheets; containers of metal for compressed gas; cocks (of metal, not machine elements); beacons of metal, non-luminous.

Class 07

Air suction machines; bending machines; compressed air machines; compressed air pumps; compressors (machines); condensing installations

for chemical processing; control mechanisms for metalworking machines, construction machines and loading-unloading machines; converters for steel, works; crushing machines for metalworking, construction loading-unloading and chemical processing; cutting machines for metalworking and construction; drainage machines for construction; apparatus for dressing for metalworking; finishing machines for metalworking; gasifiers; AC generators of electricity; DC generators of electricity; grinding machines; guides for metalworking machines; hand-held tools, other than hand-operated; heat exchangers for chemical processing machines; hemming machines; holding devices for metalworking machine tools; apparatus for metalworking machining; metal drawing machines; metalworking machines; moulding machines for metalworking; moulds (parts of machines); paring machines for metalworking; pneumatic transporters; electric machines and apparatus for polishing metal surface; presses for metalworking; presses (machines for chemical processing purposes); rams (machines); rolling mill cylinders; rolling mills; sewage pulverizers; slide rests (parts of machines); trimming machines for metalworking; vibrators (machines) for industrial use; industrial waste disposers (machines); welding apparatus, gas-operated; welding machines, electric; robots for metal working; continuous casting machines; apparatus for the treatment of metal giving a pickling effect on the surface; apparatus for tin-plating on the surface of metal; annealing machines for metalworking; piston rings; AC generators (alternators); AC motors and DC motors (not including those for land vehicles but including parts for any AC motors and DC motors); actuators for air vehicles; aeronautical engines; aeronautical motors; anti-pollution devices for motors and engines; asphalt finishers; automobile crank shafts and camshafts; axles for machines; back-hoe dragline and hydro excavators; bearings (machine elements not for land vehicles); bearings for transmission shafts; speed reducers or variators; belts for conveyors; belts for machines; belts for motors and engines; blow moulding machines; boiler tubes (parts of machines); brakes (machine elements not for land vehicles); bucket wheel reclaimers; butane carburettors; carburettor feeders; carburettors; casting machines, for non-ferrous metals; centrifuges (machines); centrifuges being centrifugal separators; chain feeders for ball mills; chemical processing machines and apparatus; classifier for classifying solids suspended in liquids, being machines; coal and ore dressing machines; cold strip mills for non-ferrous metals; construction machines and apparatus; mechanical control apparatus for machines, engines and motors; conveyors and auxiliary machines for them; couplings other than for land vehicles; cranes and their parts and accessories; crank shafts; cranks (parts of machines); crawler-shovel-cranes; crushers for metalworking and plastic processing; crushers for mines; crushing rolls and roll housings; gears, other than for land vehicles; dc generators; die-cutting and tapping machines; diggers (machines); dragline excavators; drilling rigs, floating or non-floating; drilling towers; electric circuit board processing machines; electrical wire and cable manufacturing machines; electronic motors; excavating machines and parts thereof; exhaust manifold for engines; exhausts for motors and engines; extruders; machines for fanning and blowing; feeding apparatus for engine boilers; plastic film laminators; filters for chemical processing machines or non-electric prime movers; flotation machines; industrial machine presses and shearing machines for metal fabrication; forging presses; machine parts being gear and pinion couplers and draft gear and spare parts not included in other classes; gear boxes; heat exchangers for plants (parts of machines); high pressure washers; hydraulic controllers for machines, motors and engines; hydraulic door openers and closers (parts of machines); hydraulic presses for metal working or chemical processing machines; hydraulic pumps; hydraulic pumps for industrial machines; hydraulic valves; impeller shafts for compressors; variable gears and other parts and accessories for power

engines included in this class; blow molding machines; injection blow-moulding machines; bucket-ladder excavators; levellers (earth moving machines); link-belt truck cranes; liquid crystal panel etching equipment; LNG carburettors; loading-unloading machines and apparatus; LPG carburettors; machine coupling and transmission components (except for land vehicles); machine couplings and belting (except for vehicles); machine elements (not for land vehicles); mechanical presses; metalworking machine tools; milling machines; plant mineral dressing machines; mixers in the field of construction and chemical processing; motor-driven machines for the chemical industry; motors and engines (except for land vehicles); motors, electric, other than for land vehicles; mufflers for motors and engines; nautical engines; non-electric prime movers, not for land vehicles (other than water mills and wind mills); nozzles and blades of turbines; oil coolers for aeronautical engines; oil refining machines; other metal-processing machines; parts for non-electric prime movers for land vehicles; parts for power engine and related equipment; pipe mills; pump diaphragms; pumps (parts of machines, engines or motors); radiators (cooling) for motors and engines; reduction gears other than for land vehicles; roll and roll housing (parts of machines); roll and roll-housings; rolling mills and their parts and fittings; rolls for rolling mills; semiconductor manufacturing machines and systems; separating machines for chemical processing; shaft couplings or connectors (machine elements not for land vehicles); shaft units; shafts, axles or spindles (not for land vehicles); power shears; ships' gears and pinions; shock absorbers (machine elements not for land vehicles); shovel parts for machines; silencers for motors and engines; sintering machines for chemical processing; springs (parts of machines); stackers; stacker-reclaimers; starters for aeronautical engines; starters for motors and engines; steam engine boilers; steel making converters; steel mill cranes; steel sheet processing lines; body-straighteners (for metalworking machines); superchargers; threading machines; machine tools for metal fabrication and parts thereof; transmission gears for machines; transmission shafts, other than for land vehicles; transmissions for machines; transmissions, other than for land vehicles; unloaders, loaders, and their related equipment; valves (machine elements not for land vehicles); waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; wheeled cranes; wire rod mills; automobile engine crankshafts; non-electric prime movers for land vehicles (not including "their parts"); electric arc welding apparatus; galvanizing apparatus; metal surface galvanizing apparatus; electrodes for welding; lifting magnets; fuel economizers.
