REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Knives, electric; shears, electric; centrifugal machines; vacuum cleaners; can openers, electric; apparatus for drawing up beer under pressure; apparatus for aerating beverages; apparatus for aerating water; cleaning appliances utilizing steam; washing apparatus; cowlings [parts of machines]; juice extractors, electric; labellers [machines]; harvesting machines; scissors, electric; mixers [machines]; mixing machines; dishwashers; coin-operated washing machines; machines and apparatus for cleaning, electric; machines and apparatus for carpet shampooing, electric; bread cutting machines; pepper mills, other than hand-operated; mills for household purposes, other than hand-operated; coffee grinders, other than hand-operated; food processors, electric; taps [parts of machines, engines or motors]; vacuum cleaner bags; brushes for vacuum cleaners; fruit presses, electric, for household purposes; 3D printers; ironing machines; moving walkways; kitchen grinders, electric; crushers

for kitchen use, electric; valves [parts of machines]; pressure washing machines; electric washing machines; electric washing machines for household purposes; laundry washing machines for household purposes.

Class 09

Eyeglasses; sunglasses; goggles for sports; 3D spectacles; smartglasses; eyewear; pince-nez; eyeglass frames; divers' masks; spectacle lenses; selfie lenses; optical lenses; magnifying glasses [optics]; correcting lenses [optics]; close-up lenses; hands-free kits for telephones; speed indicators; gasoline gauges; sleeves for laptops; cases for smartphones; headphones; covers for tablet computers; covers for personal digital assistants [PDAs]; eyeglass cords; covers for smartphones; pedometers; laptop computers; cell phone straps; USB flash drives; eyeglass chains; protective helmets for sports; riding helmets; protective helmets; battery chargers; encoded identification bracelets, magnetic; connected bracelets [measuring instruments]; bags adapted for laptops; containers for contact lenses; eyeglass cases; radios; distance measuring apparatus; cameras [photography]; optical apparatus and instruments; measuring devices, electric; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; speed checking apparatus for vehicles; amplifiers; vehicle breakdown warning triangles; tripods for cameras; television apparatus; cordless telephones; cellular phones; mouse pads; tablet computers; subwoofers; instruments containing eyepieces; printers for use with computers; smartphones; simulators for the steering and control of vehicles; humanoid robots with artificial intelligence; push buttons for bells; plugs, sockets and other contacts [electric connections]; weights; time clocks [time recording devices]; smartwatches.

Class 11

Bicycle reflectors; friction lighters for igniting gas; lighters; microwave ovens [cooking apparatus]; lighting apparatus for vehicles; lighting apparatus and installations; refrigerating appliances and installations; cooking apparatus and installations; sous-vide cookers, electric; heating apparatus, electric; refrigerating apparatus and machines; air-conditioning apparatus; kilns; desiccating apparatus; coffee roasters; refrigerating cabinets; hair dryers; barbecues; immersion heaters; kettles, electric; shower enclosures; Turkish bath cabinets, portable; coffee machines, electric; heating apparatus; socks, electrically heated; fireplaces, domestic; wine cellars, electric; extractor hoods for kitchens; heating cushions, electric, not for medical purposes; light diffusers; light-emitting diodes [LED] lighting apparatus; anti-glare devices for vehicles [lamp fittings]; heating apparatus for defrosting vehicle windows; showers; lights for automobiles; bicycle lights; motorcycle lights; lights for vehicles; headlights for automobiles; vehicle headlights; flaming torches; fountains; cooking rings; kitchen ranges [ovens]; deep fryers, electric; ornamental fountains; lamp globes; grills [cooking appliances]; furnace grills; air-conditioning installations; heaters for vehicles; sauna bath installations; chandeliers; arc lamps; oil lamps; gas lamps; street lamps; electric lamps; lamps; light bulbs; lanterns for lighting; sinks; directional lights for bicycles; coffee percolators, electric; bread baking machines; ice-cream making machines; lamp shades; heating plates; electric cooktops; searchlights; refrigerators; vehicle reflectors; taps; heaters for baths; plate warmers; stoves [heating apparatus]; radiator caps; electric torches; bread toasters; cooking utensils, electric; food steamers, electric; spa baths [vessels]; bath tubs; fans [air-conditioning]; refrigerating display cabinets; electric appliances for making yogurt.

Class 12

Cigar lighters for automobiles; golf carts [vehicles]; sports cars; cars; panniers adapted for bicycles; vehicle joysticks; torsion bars for vehicles;

bicycles; electric bicycles; saddlebags adapted for bicycles; panniers adapted for motorcycles; gear boxes for land vehicles; bicycle bells; canoes; hoods for vehicles; automobile hoods; bodies for vehicles; automobile bodies; bicycle chains; motorcycle chains; automobile chains; bicycle kickstands; motorcycle kickstands; rims for vehicle wheels; tires for vehicle wheels; rims for bicycle wheels; baskets adapted for bicycles; mopeds; security harness for vehicle seats; spare wheel covers; saddle covers for motorcycles; hoods for vehicle engines; civilian drones; saddle covers for bicycles; seat covers for vehicles; covers for vehicle steering wheels; vehicle covers [shaped]; bicycle brakes; brakes for vehicles; upholstery for vehicles; seaplanes; gears for bicycles; bicycle cranks; bicycle handlebars; motorcycle handlebars; push scooters [vehicles]; motorcycles; motor scooters; bicycle motors; motorcycle engines; portholes; paddles for canoes; bicycle mudguards; mudguards; bumpers for automobiles; bicycle pedals; bicycle tyres; air pumps [vehicle accessories]; pumps for bicycle tires; luggage carriers for vehicles; ski carriers for cars; doors for vehicles; vehicle running boards; ashtrays for automobiles; vehicle wheel spokes; spokes for bicycle wheels; oars; rearview mirrors; bicycle trailers; trailers for transporting bicycles; bicycle wheels; vehicle wheels; ship hulls; launches; safety seats for children, for vehicles; vehicle seats; bicycle saddles; motorcycle saddles; kick sledges; side view mirrors for vehicles; spoilers for vehicles; caps for vehicle fuel tanks; automobile chassis; bicycle frames; motorcycle frames; headlight wipers; rudders; tricycles; tubeless tires for bicycles; mine cars; air vehicles; snowmobiles; remote control vehicles, other than toys; steering wheels for vehicles; mountain bicycles; bicycle seat posts; yachts; motorboats; rowboats; water vehicles; fenders for ships; masts for boats; recreational jet boats; strollers; baby strollers.

Class 14

Rings [jewelry]; amulets [jewelry]; split rings of precious metal for keys; shoe jewelry; bracelets [jewelry]; bracelets made of embroidered textile [jewellery]; watch bands; busts of precious metal; watch cases [parts of watches]; clock cases; watch chains; chains [jewelry]; clasps for jewelry; jewellery charms; charms for key rings; necklaces [jewelry]; crucifixes as jewelry; chronographs [watches]; chronometers; stopwatches; chronoscopes; tie clips; figurines [statuettes] of precious metal; gold thread [jewelry]; jewelry findings; cuff links; jewelry; badges of precious metal; watch hands; movements for clocks and watches; medals; lockets [jewelry]; coins; works of art of precious metal; earrings; clocks; wristwatches; watches; control clocks [master clocks]; clocks and watches, electric; semi-precious stones; precious stones; key rings [split rings with trinket or decorative fob]; jewelry rolls; dials [clock- and watchmaking]; presentation boxes for jewelry; boxes of precious metal; jewelry boxes; presentation boxes for watches; tie pins; pins [jewelry]; ornamental pins; brooches [jewelry]; statues of precious metal; paste jewelry [costume jewelry]; chronometric instruments; alarm clocks; jewellery made in leather.

Class 20

Plate racks; cupboards; kitchen cabinets; coatstands; benches [furniture]; counters [tables]; door knockers, not of metal; chests, not of metal; identification bracelets, not of metal; busts of wood, wax, plaster or plastic; trolleys [furniture]; infant walkers; chests for toys; boxes of wood or plastic; lockers; tool chests, not of metal, empty; chests of drawers; trestles [furniture]; hinges, not of metal; baskets, not of metal; bottle closures, not of metal; closures, not of metal, for containers; caskets; nightstands; mobiles [decoration]; shells; console tables; floating containers, not of metal; containers, not of metal [storage, transport]; coral; stag antlers; picture frames; photograph frames; horn, unworked or semi-worked; tea carts; crucifixes of wood, wax, plaster or plastic, other than jewelry; kennels for household pets; cradles; cushions; zabuton [Japanese floor

cushions]; inflatable pillows; pet cushions; chair cushions; covers for clothing [wardrobe]; garment covers [storage]; ornaments of bone, ivory, plaster, plastic, wax or wood, other than Christmas tree ornaments; party ornaments of plastic; meat safes; divans; sofa beds; room dividers; display stands; jewelry organizer displays; display cases for merchandise; labels of plastic; newspaper display stands; door stops of wood; door fasteners, not of metal; edgings of plastic for furniture; door trims, not of metal; futons [furniture]; hooks, not of metal, for clothes rails; clothes hooks, not of metal; towel hooks, not of metal; flower-stands [furniture]; pillows; imitation tortoiseshell; signboards of wood or plastics; cabinet work; lecterns; beds; water beds; cots for babies; bookcases; mother-of-pearl, unworked or semi-worked; mannequins; furniture handles of plastic; drawer pulls, not of metal; door handles, not of metal; mattresses; futon mattresses; furniture; garden furniture; inflatable furniture; furniture of metal; computer furniture; bathroom furniture; office furniture; furniture, mirrors, picture frames; upholstered furniture; works of art of wood, wax, plaster or plastic; wickerwork; inflatable publicity objects; furniture partitions of wood; keyboards for hanging keys; screens for fireplaces [furniture]; screens [furniture]; table tops; feet for furniture; armchairs; office armchairs; chair beds; knobs, not of metal; towel stands [furniture]; bottle racks; hat stands; book rests [furniture]; umbrella stands; magazine racks; doors for furniture; entertainment centers [furniture]; computer workstations [furniture]; filing cabinets; ladders of wood or plastics; step stools, not of metal; shoe cabinets; boxes of plastic; boxes of wood; desks; chaise longues; office chairs; chairs [seats]; high chairs for babies; locks, not of metal, for vehicles; valet stands; stools; sofas; statues of wood, wax, plaster or plastic; woven timber blinds [furniture]; display boards; sleeping mats; screw tops, not of metal, for bottles; tables; drafting tables; dressing tables; tables of metal; washstands [furniture]; carts for computers [furniture]; paper blinds; interior textile window blinds; vats, not of metal; trays, not of metal; fans for personal use, non-electric; showcases [furniture]; silvered glass [mirrors].

Class 37

Building construction; installation, repair and modification, including development of motor vehicles, motorcycles, bicycles, boats, vehicles, furniture, lightings, domestic appliances and watches; mounting of specialized fittings on motor vehicles, motorcycles, bicycles, boats and planes; maintenance of vehicles; installation and mounting of specialized fittings on apparatus for locomotion by land, air or water, electric household appliances, electronic equipment, lighting apparatus and furnishings; customisation services for cars, boats and planes interiors; application of anti-graffiti coatings; consultancy relating to the installation, maintenance and repair of vehicles for locomotion by land, air or water; conversion and tuning of production automobiles and their engines; conversion, restoration, renovation and repair of yachts, boats, vintage cars and vintage motorcycles; yacht building; construction, maintenance and repair of motorcycles and bicycles; customized construction of boats, bicycles, motorcycles, cars, aircraft and house appliances; reconditioning of motor and engines for cars, motorcycles and electric bicycles; inspection of automobiles and parts thereof prior to maintenance and repair; providing of information relating to construction, repair, restoration, maintenance and installation relating to vehicles for locomotion by land, air or water; upholstering of vehicle for locomotion seats; installation of electric and electronic equipment on cars, boats and aircrafts; installation of yacht interiors; installing wallboard; installing siding; installation, maintenance and repair of chassis parts and bodies for vehicles; varnishing; vehicle polishing; vehicle maintenance; aircraft maintenance or repair and providing information relating thereto; maintenance or repair of aircraft; maintenance, servicing, tuning and repair of motors and engines; painting

of motor vehicles; painting of bicycles; painting of aircraft; painting of boats; painting of furniture; repair and maintenance of bicycles; automobile undercoating services; supervision of the construction of watercraft, yachts, boats, ships and water vehicles; vehicle undercoating services; painting of vehicles; furniture varnishing; painting of metal surfaces; painting of metal surfaces to prevent corrosion.

Printing machines; offset printers; web fed rotary printing machines; sheet fed rotary printing machines; screen printing machines; pad printing machines; flexographic printing machines; intaglio printing machines; printing machines for use on sheet metal; printing machines for use on cans; printing machines for use on hollow bodies; printing machines for corrugated cardboard; industrial inkjet printing machines and parts of industrial inkjet printing machines; laser engraving machines and parts of laser engraving machines; laser printing machines; marking machines; lacquering machines; packing machines; coating machines, in particular working rotationally, for web-type and separate materials; digital printing and marking machines based on electrophotography, magnetography, xerography, ink jet; exposure apparatus, being parts for printing machines for contact printing or creating circuit and print templates; imprinting and marking machines, in particular for the graphics sector, the packaging sector and data processing; labellers [machines]; engraving machines; machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; pallet changing and transfer machines; stacking machines; machines for handling sheets and plates of metal; foodstuff distribution machines; machines and apparatus for the surface treatment of metals; hot stamping machines and apparatus; thermal transfer machines and apparatus; rotary die-cutters for punching of printed matter or paper or plastics; sheet metal punches for stamping printed matter or paper or plastics; marking machines for printed matter; machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; printing plates; flexographic printing plates; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, industrial inkjet printing machines and parts of industrial inkjet printing machines, laser engraving machines and parts of laser engraving machines, laser printing machines, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely mechanical control apparatus for industrial

machines, industrial printing machines and inking apparatus for printing systems, damping units, lacquering units, reel changers, folding apparatus; machines and mechanical apparatus for storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; conveyors (machines), belts for conveyors, conveying apparatus for conveying printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for the folding of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical devices for changing and/or bending and/or punching printing plates and/or flexographic printing plates; machines and mechanical apparatus for the storing of printing plates for printing machines; conveying machines, conveyor belts, conveying apparatus for conveying printing plates for printing machines; machines and mechanical apparatus for cleaning rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for storing and/or adjusting rollers in inking

apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet printing modules and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjustment, for inking apparatus and/or damping units and/or printer engine cylinders and/or for lacquering units in printer engines and/or in lacquering units and/or for inkjet printing modules and/or laser systems; parts for inking apparatus and/or damping units and/or inkjet printing modules and/or laser systems and cylinders in tempering machines, included in this class; machines and mechanical apparatus for adjusting cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting registers and/or register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for quality control of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking

machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; filters (parts of machines or engines); separators; suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith; filters for cleaning cooling air, for engines; blowing engines; fibre separators (machines); air compressors and air ejectors for machines; collecting machines for compacting, filling and pressing of particles, dust and fibres separated from machines; air conveying devices (air conditioning), namely compressors; air power-operated blowers; blowing machines; air compressors; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, industrial inkjet printing machines and parts of industrial inkjet printing machines, laser engraving machines and parts of laser engraving machines, laser printing machines, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; accessories, included in this class, for the aforesaid filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting machines, for compacting, filling and pressing machine-separated particles, dust and fibres; machines and mechanical apparatus for producing security labels, securities, banknotes and/or components therefor; machines and mechanical apparatus for applying security labels and/or components therefor; machines and mechanical apparatus for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; machines and mechanical apparatus for quality control of machines for producing security labels, securities, banknotes, and/or components therefor; machines and mechanical apparatus for quality

control of machines for applying security labels, and/or components therefor; machines and mechanical apparatus for quality control in machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; machines and mechanical apparatus for quality control of security labels, securities, banknotes, and/or components therefor; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Class 09

Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labellers (machines), engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for installations, equipment, apparatus, filters, separators, extraction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for producing product security means, authentication features, security features, security labels, securities, banknotes and/or

components therefor; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for applying product security means, authentication features, security features, security labels and/or components therefor; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for packaging product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, in the form of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded) and software for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electronic regulating apparatus, control apparatus, monitoring

apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for applying product security means, identification features, security features, security labels and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, consultancy software (recorded), sales software (recorded), and software of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-

adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and

instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating ink slides, ink rollers, damping rollers, register adjustment devices in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of devices for the changing and/or transporting and/or storage of printing plates; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for cleaning rollers in inking

apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of inking apparatus and/or damping units and/or printer engine cylinders in printer engines; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for tempering of inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printer engines; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or

regulating registers and register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulation for the purposes of quality control in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet

printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), software for data processing devices for pre-press, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; consultancy software (recorded), sales software (recorded), software for data processing devices for printing machines, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; consultancy software (recorded), sales software (recorded) and software for interfaces and/or data transfer for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and de-aerating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowers and compactors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat

generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for applying product security means, identification features, security features, security labels and/or components therefor; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; software (recorded) for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printed material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; software (recorded) for the transport, packaging and storage of remote controls, remote operators, remote monitoring apparatus, controllers and/or regulators for devices for the transport, packaging and storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electronic data carriers being product security means, identification features, security features, security labels, securities,

banknotes; magnetic data carriers being product security means, identification features, security features, security labels, securities, banknotes; RFID systems (radio frequency identification); encoded identification chips and cards; electronic apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; automated teller machines [ATM]; money-receiving apparatus; money-dispensing and -receiving apparatus; fittings for the aforesaid apparatus, included in this class, in particular cartridges for collecting payment means, in particular bank notes and/or coins and/or tokens of value; electric apparatus, namely data processing equipment for communication with recording media, in particular for communication with recording media with integrated circuits and recording media with contactless interfaces, and in particular data processing equipment for writing data in or on recording media, for reading data from or on recording media and for displaying data from recording media on a display; data processing equipment for personalising recording media; machine-readable recording media, in particular recording media with integrated circuits for storing, encrypting and decrypting, processing and providing data and programs; cards having an integrated circuit (chip cards), in particular cards having microprocessors for communication with external data processing devices or with mobile radio terminals; coded telecommunication cards; coded and uncoded digital recording media with contactless interfaces; integrated circuits with characteristic physical properties for protection against forgery; memories for data processing installations, in particular non-volatile memories (digital storage media); digital recording media containing memories, in particular non-volatile memories (digital storage media); electric apparatus for processing, in particular encryption and decryption, data for both online and offline operation; software for computer network applications, in particular for internet, intranet and extranet applications; data processing software, in particular for telecommunications with chip card-activated mobile telephones and in particular for associated chip cards and mobile telephones, and computer programs for activating, modifying, testing and displaying data and software structures stored in these telecommunications cards; software for the encryption and decryption and the signing of data; operating system software and application software for digital recording media with integrated circuits, in particular for hardware tokens and chip cards, and for data processing equipment for communication with these digital recording media; computer programs for the development, management and maintenance of all the aforesaid types of software; digital recording media featuring the aforesaid software; electronically/optically stored pre-recorded advertising and communications media, included in this class, in particular films, videos, included in this class; inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers; accessories, included in this class, for inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers; encoding apparatus, in particular for the graphics sector, the packaging sector and data processing; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Class 35

Advertising and business administration; arranging of contracts, for others, in relation to the buying and selling of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic

printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; arranging of contracts, for others, for the buying and selling of installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; arranging of contracts, for others, for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; arranging of contracts, for others, for the buying and selling of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; arranging of contracts, for others, for the buying and selling of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; arranging of contracts, for others, for the buying and selling of machines for applying product security means, identification features, security features, security labels and/or components therefor; arranging of contracts, for others, for the buying and selling of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; arranging of contracts, for others, for the buying and selling of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials

or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; sales promotion for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; sales promotion for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; sales promotion for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; sales promotion for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for machines for applying product security means, identification features, security features, security labels and/or components therefor; sales promotion for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; professional business consultancy within the framework of the sale of goods, in particular the sale of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-

separated particles, dust and fibres; professional business consultancy within the framework of the sale of goods, in particular the sale of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; professional business consultancy within the framework of the sale of goods, in particular the sale of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; professional business consultancy in the context of the sale of goods, in particular the sale of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of machines for applying product security means, identification features, security features, security labels and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to pre-press printing, data preparation, including continuous data preparation, variable data printing, including from databases, printing of printed matter, further processing of printed matter, production control, production planning, interfaces, data transfer and/or in relation to devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; business organisational consultancy, professional business consultancy, business management information in relation to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls being parts or fittings for printing machines, offset printing machines, rotary web printing

machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating equipment, control equipment, monitoring equipment, quality control equipment, production control equipment and/or temperature monitoring equipment being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for applying product security means, identification features, security features, security labels, and/or components therefor; business organisational consultancy,

professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus and/or production control apparatus being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, suction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; business organisational consultancy, professional business consultancy, business management information with regard to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying

installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink slides, ink rollers, damping rollers, register adjustment devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings and/or for quality control for and/or in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering for inking apparatus or damping units and/or cylinders in printer engines and/or inkjet printing heads and/or laser systems; business organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing

machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment, for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for air-technology installations, air-technology equipment, air conditioning, heating, refrigerating, aeration and de-aeration, humidifying and dehumidifying installations and equipment, air treatment installations, air conveying devices, in particular fans, blowers and compressors, air heaters, air coolers, air filters and nozzle chambers for humidification; business organisational consultancy, professional business consultancy, business management information with regard to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; advertising in relation to printing machines, offset printing machines,

rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; advertising for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; advertising for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; advertising for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; advertising for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; advertising for machines for applying product security means, identification features, security features, security labels and/or components therefor; advertising for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; advertising for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; computerized file management; presentation of goods and services, included in this class.

Class 37

Installation, maintenance and repair of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry,

machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; installation, maintenance and repair of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, namely fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of machines for producing security labels, securities, banknotes; installation, maintenance and repair of machines for applying security labels; installation, maintenance and repair of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair (included in this class) of pre-printing data processing equipment, parts or fittings for pre-printing data processing equipment, data processing equipment for data preparation, including continuous data preparation, variable data printing, including database printing, further processing of printed matter, production controls, parts and fittings for interfaces and/or parts or fittings for data transfer for devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring

apparatus and/or web tension controls, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for packaging product

security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and

parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink levers, ink rollers, damping rollers, register adjusting devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, and/or inkjet print heads and/or laser systems, for cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering, for inking apparatus and/or damping units and/or cylinders in printer engines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of remote

control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and devices of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; machinery installation, maintenance and repair; rebuilding machines; installation of machines; maintenance of machines; cleaning of machines; cleaning of buildings; vehicle cleaning; installation and/or maintenance of apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or nfc (near field communication) apparatus, including in particular with return of change; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of money-dispensing and money-receiving apparatus; installation and/or maintenance of vending machines; installation and/or maintenance of accessories for the aforesaid apparatus, in particular cash boxes for receiving payment means, in particular banknotes and/or coins and/or tokens of value.

finders; densimeters; densitometers; optical goods; detectors; smoke detectors; counterfeit [false] coin detectors; joysticks for use with computers, other than for video games; transparencies [photography]; slide projectors; diaphragms [photography]; dictating machines; dynamometers; light-emitting diodes [LED]; floppy disks; sound recording discs; disks, magnetic; optical discs; circular slide rules; disk drives for computers; juke boxes for computers; DNA chips; electronic notice boards; bullet-proof waistcoats [vests (Am.)]; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; locks, electric; alarm bells, electric; electric door bells; signal bells; bells [warning devices]; acoustic conduits; mirrors for inspecting work; road signs, luminous or mechanical; marine depth finders; probes for scientific purposes; buzzers; needles for record players; measures; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters [electricity]; pressure indicators; temperature indicators; incubators for bacteria culture; measuring instruments; cosmographic instruments; mathematical instruments; levelling instruments; instruments containing eyepieces; surveying instruments; azimuth instruments; interfaces for computers; ionization apparatus not for the treatment of air or water; spark-guards; coaxial cables; fibre [fiber (Am.)] optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; cinematographic cameras; mouth guards for sports; life-saving capsules for natural disasters; electronic pens [visual display units]; holders for electric coils; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; encoded magnetic cards; riding helmets; protective helmets; carriers for dark plates [photography]; automated teller machines [ATM]; cathodes; choking coils [impedance]; spools [photography]; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; encoded key cards; electronic book readers; electronic agendas; push buttons for bells; mouse pads; magnetic encoders; anti-glare visors; collectors, electric; loudspeakers; calibrating rings; protective suits for aviators; commutators; compact discs [audio-video]; comparators; marine compasses; computers; laptop computers; tablet computers; notebook computers; condensers [capacitors]; contacts, electric; wind socks for indicating wind direction; traffic cones; branch boxes [electricity]; distribution boxes [electricity]; junction boxes [electricity]; battery boxes; cabinets for loudspeakers; diving suits; galena crystals [detectors]; reflecting discs for wear, for the prevention of traffic accidents; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes [radio]; flashlights [photography]; darkroom lamps [photography]; thermionic tubes; amplifying tubes; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; slide-rules; optical condensers; contact lenses; correcting lenses [optics]; optical lenses; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; magnets; decorative magnets; close-up lenses; crash test dummies; resuscitation mannequins [teaching apparatus]; mouse [computer peripheral]; pressure gauges; divers' masks; solderers' helmets; protective masks; materials for electricity mains [wires, cables]; voting machines; money counting and sorting machines; material testing instruments and machines; furniture especially made for laboratories; megaphones; portable media players; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; metronomes; carpenters' rules; rules [measuring instruments]; dressmakers' measures; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometers;

microprocessors; microscopes; microtomes; microphones; modems; lightning conductors [rods]; monitors [computer hardware]; monitors [computer programs]; selfie sticks [hand-held monopods]; terminals [electricity]; junction sleeves for electric cables; teeth protectors; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; surveyors' levels; sound recording carriers; magnetic data media; optical data media; computer software, recorded; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; life saving apparatus and equipment; shoes for protection against accidents, irradiation and fire; lenses for astrophotography; objectives [lenses] [optics]; egg-candlers; fire extinguishers; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; ozonisers [ozonators]; octants; eyepieces; ohmmeters; wrist rests for use with computers; eyeglass frames; oscillographs; plumb lines; mirrors [optics]; eyeglasses; sunglasses; goggles for sports; electronic collars to train animals; signalling panels, luminous or mechanical; radio pagers; pince-nez; electronic pocket translators; transmitters [telecommunication]; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory use; pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; sound recording strips; X-ray films, exposed; films, exposed; life-saving rafts; laboratory trays; digital signs; semi-conductors; polarimeters; fire pumps; measuring glassware; life belts; fuses; circuit breakers; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; distance recording apparatus; distance measuring apparatus; speed measuring apparatus [photography]; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; hemline markers; measuring apparatus; measuring devices, electric; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; boiler control instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; precision measuring apparatus; audio- and video-receivers; prisms [optics]; computer software applications, downloadable; printers for use with computers; retorts' stands; apparatus for changing record player needles; drainers for use in photography; cleaning apparatus for sound recording discs; fire beaters; telescopic sights for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer programmes [programs], recorded; computer game software; computer programs [downloadable software]; computer operating programs, recorded; record players; processors [central processing units]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; screens for photoengraving; flowmeters; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; stage lighting

regulators; light dimmers [regulators], electric; speed regulators for record players; cell switches [electricity]; washing trays [photography]; marking gauges [joinery]; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; X-ray photographs, other than for medical purposes; rheostats; respirators for filtering air; retorts; refractometers; refractors; grids for batteries; speaking tubes; horns for loudspeakers; saccharometers; optical fibers [fibres] [light conducting filaments]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; sextants; inductors [electricity]; safety nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; sirens; scanners [data processing equipment]; integrated circuit cards [smart cards]; smartglasses; smartphones; smartwatches; connections for electric lines; couplings, electric; connectors [electricity]; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; optical glass; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfimeters; bags adapted for laptops; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; parking meters; kilometer recorders for vehicles; revolution counters; abacuses; egg timers [sandglasses]; taximeters; ear plugs for divers; tachometers; television apparatus; telegraphs [apparatus]; telescopes; teleprompters; teleprinters; cordless telephones; cellular phones; theodolites; thermometers, not for medical purposes; thermostats; thermostats for vehicles; crucibles [laboratory]; tone arms for record players; totalizers; transistors [electronic]; transponders; protractors [measuring instruments]; step-up transformers; transformers [electricity]; vehicle breakdown warning triangles; triodes; starter cables for motors; discharge tubes, electric, other than for lighting; capillary tubes; neon signs; Pitot tubes; X-ray tubes not for medical purposes; telephone receivers; gauges; quantity indicators; automatic indicators of low pressure in vehicle tires [tyres]; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; slope indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; baby monitors; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; protection devices against X-rays, not for medical purposes; railway traffic safety appliances; data processing apparatus; oxygen transensing apparatus; theft prevention installations, electric; film cutting apparatus; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; dosage dispensers; battery chargers; chargers for electric batteries; chargers for electronic cigarettes; acoustic alarms; sounding apparatus and machines; editing appliances for cinematographic films; cathodic anti-corrosion apparatus; couplers [data processing equipment]; wearable activity trackers; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; alarms; fog signals, non-explosive; whistle alarms; adding machines; readers [data processing equipment]; bar code readers; heat regulating apparatus; photocopiers [photographic, electrostatic, thermal]; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; animated cartoons; filters for respiratory masks; filters for ultraviolet rays, for photography; USB flash drives; magic lanterns; signal lanterns; optical lamps; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; digital

photo frames; enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; eyeglass cases; containers for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; laboratory centrifuges; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks [time recording devices]; Petri dishes; sleeves for laptops; covers for smartphones; fire blankets; chips [integrated circuits]; jigs [measuring instruments]; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; fire hose; protective helmets for sports; head guards for sports; cell phone straps; eyeglass cords; tripods for cameras; switchboards; distribution boards [electricity]; workmen's protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; exposure meters [light meters]; ducts [electricity]; galvanic cells; epidiascopes; ergometers; armatures [electricity].

Class 16

Fountain pens; aquarelles; albums; almanacs; document laminators for office use; mimeograph apparatus and machines; atlases; posters; paper bows; table linen of paper; tickets; forms, printed; announcement cards [stationery]; note books; pads [stationery]; drawing pads; loose-leaf binders; wristbands for the retention of writing instruments; pamphlets; booklets; paper sheets [stationery]; waxed paper; paper for recording machines; paper for radiograms; electrocardiograph paper; drawer liners of paper, perfumed or not; wood pulp paper; carbon paper; copying paper [stationery]; parchment paper; writing paper; luminous paper; Xuan paper for Chinese painting and calligraphy; toilet paper; wrapping paper; filter paper; paper; blotters; newsletters; rollers for typewriters; house painters' rollers; composing sticks; modelling wax, not for dental purposes; signboards of paper or cardboard; sewing patterns; newspapers; electrotypes; hectographs; modelling clay; terrestrial globes; drawing sets; engravings; slate pencils; pencil leads; document holders [stationery]; pencil holders; chalk holders; holders for checkbooks [cheque books]; holders for stamps [seals]; diagrams; engraving plates; writing slates; blackboards; galley racks [printing]; drawing boards; advertisement boards of paper or cardboard; duplicators; punches [office requisites]; cream containers of paper; magazines [periodicals]; money clips; tags for index cards; pen clips; bookmarkers; etching needles; tracing needles for drawing purposes; periodicals; printed publications; paper shredders for office use; graphic representations; credit card imprinters, non-electric; graining combs; drawing instruments; calendars; tracing paper; tracing cloth; tracing patterns; gums [adhesives] for stationery or household purposes; lithographic stones; ink stones [ink reservoirs]; pencils; pencil lead holders; charcoal pencils; pictures; transfers [decalcomanias]; paintings [pictures], framed or unframed; wood pulp board [stationery]; cardboard; hat boxes of cardboard; files [office requisites]; cards; index cards [stationery]; geographical maps; paper tapes and cards for the recordal of computer programmes; trading cards, other than for games; perforated cards for Jacquard looms; catalogues; spools for inking ribbons; covers of paper for flower pots; paintbrushes; painters' brushes; writing brushes; typewriter keys; glue for stationery or household purposes; isinglass for stationery or household purposes; gluten [glue] for stationery or household purposes; starch paste [adhesive] for stationery or household purposes; printing blocks; books; manifolds [stationery]; comic books; drawing pins; cigar bands; envelopes [stationery]; cases for stamps [seals]; boxes of paper or cardboard; paint boxes [articles for use in school]; correcting fluids [office requisites]; stencils [stationery]; French curves; paper ribbons; typewriter ribbons; gummed tape [stationery]; adhesive bands for stationery or household purposes; correcting tapes [office

requisites]; inking ribbons; inking ribbons for computer printers; adhesive tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; drawing rulers; square rulers; absorbent sheets of paper or plastic for foodstuff packaging; humidity control sheets of paper or plastic for foodstuff packaging; viscose sheets for wrapping; sheets of reclaimed cellulose for wrapping; plastic bubble packs for wrapping or packaging; steel letters; type [numerals and letters]; lithographs; paint trays; architects' models; postage stamps; plastics for modelling; graphic prints; modelling materials; teaching materials [except apparatus]; sealing compounds for stationery purposes; adhesives [glues] for stationery or household purposes; bookbinding material; packaging material made of starches; filtering materials [paper]; addressing machines; pencil sharpening machines, electric or non-electric; bookbinding apparatus and machines [office equipment]; typewriters, electric or non-electric; folders [stationery]; franking machines for office use; chalk for lithography; writing chalk; tailors' chalk; marking chalk; bags [envelopes, pouches] of paper or plastics, for packaging; garbage bags of paper or of plastics; painters' easels; hand-rests for painters; writing cases [stationery]; printing sets, portable [office requisites]; bibs of paper; stickers [stationery]; finger-stalls [office requisites]; cords for bookbinding; paper knives [cutters] [office requisites]; numbering apparatus; bottle envelopes of paper or cardboard; sealing wafers; covers [stationery]; passport holders; plastic cling film, extensible, for palletization; embroidery designs [patterns]; handwriting specimens for copying; oleographs; musical greeting cards; greeting cards; postcards; etchings; conical paper bags; bags for microwave cooking; palettes for painters; ink sticks; pantographs [drawing instruments]; folders for papers; papier mâché; pastels [crayons]; modelling paste; pen cases; bookbindings; pen wipers; office perforators; pens [office requisites]; nibs of gold; nibs; steel pens; drawing pens; song books; seals [stamps]; sealing stamps; clipboards; address plates for addressing machines; handkerchiefs of paper; plastic film for wrapping; desk mats; letter trays; trays for sorting and counting money; coasters of paper; bookends; stamp stands; mats for beer glasses; stands for pens and pencils; photograph stands; inking pads; stamp pads; binding strips [bookbinding]; towels of paper; inking sheets for document reproducing machines; inking sheets for duplicators; bookbinding cloth; gummed cloth for stationery purposes; printers' blankets, not of textile; portraits; paperweights; writing cases [sets]; inkstands; office requisites, except furniture; writing materials; writing instruments; drawing materials; school supplies [stationery]; adhesive tape dispensers [office requisites]; hand labelling appliances; printed matter; lithographic works of art; prospectuses; printed timetables; ledgers [books]; printers' reglets; indexes; rubber erasers; elastic bands for offices; T-squares for drawing; graphic reproductions; penholders; marking pens [stationery]; tissues of paper for removing makeup; face towels of paper; table napkins of paper; place mats of paper; tablemats of paper; tablecloths of paper; paper clasps; document files [stationery]; scrapers [erasers] for offices; paper-clips; staples for offices; erasing products; biological samples for use in microscopy [teaching materials]; histological sections for teaching purposes; steatite [tailor's chalk]; writing board erasers; composing frames [printing]; sealing wax; arithmetical tables; placards of paper or cardboard; writing or drawing books; fabrics for bookbinding; stationery; pencil sharpeners, electric or non-electric; transparencies [stationery]; stencil plates; cardboard tubes; Indian inks; moisteners [office requisites]; moisteners for gummed surfaces [office requisites]; squares for drawing; chart pointers, non-electronic; bottle wrappers of paper or cardboard; envelope sealing machines for offices; sealing machines for offices; vignetting apparatus; apparatus for mounting photographs; stapling presses [office requisites]; manuals [handbooks]; figurines [statuettes] of papier mâché; paper coffee filters; flags of paper; flyers; silver paper;

molds for modelling clays [artists' materials]; photo-engravings; photographs [printed]; stencil cases; canvas for painting; chromolithographs [chromos]; compasses for drawing; numbers [type]; artists' watercolor saucers; correcting ink [heliography]; ink; inkwells; blueprints; stencils; erasing shields; balls for ball-point pens; cabinets for stationery [office requisites]; printing type; address stamps; stamps [seals]; shields [paper seals]; prints [engravings].

Class 28

Arcade video game machines; video game machines; gaming machines for gambling; amusement machines, automatic and coin-operated; toy vehicles; swimming pools [play articles]; trampolines; novelties for parties, dances [party favors, favours]; scratch cards for playing lottery games; starting blocks for sports; bodyboards; skating boots with skates attached; dolls' feeding bottles; stationary exercise bicycles; creels [fishing traps]; shuttlecocks; spinning tops [toys]; jigsaw puzzles; clay pigeons [targets]; punching bags; bite sensors [fishing tackle]; hang gliders; flying discs [toys]; discs for sports; dolls' houses; dominoes; swimming kick boards; surfboards; spring boards [sports articles]; skateboards; sailboards; chessboards; checkerboards; darts; Christmas trees of synthetic material; cups for dice; swimming jackets; ascenders [mountaineering equipment]; kites; toys; toys for pets; stuffed toys; plush toys; mobiles [toys]; practical jokes [novelties]; parlor games; board games; ring games; games; building games; kaleidoscopes; bladders of balls for games; rosin used by athletes; edges of skis; bingo cards; playing cards; fairground ride apparatus; reels for fishing; rocking horses; swings; skittles; skittles [games]; billiard cues; golf clubs; hockey sticks; seal skins [coverings for skis]; bells for Christmas trees; dolls' rooms; controllers for game consoles; paintball guns [sports apparatus]; toy air pistols, confetti; explosive bonbons [Christmas crackers]; ice skates; roller skates; in-line roller skates; dice; paintball guns [sports apparatus]; paintball guns [sports apparatus]; ski bindings; dolls' beds; roulette wheels; fish hooks; building blocks [toys]; dolls; flippers for swimming; fishing lines; gut for fishing; bows for archery; skis; waterskis; surf skis; mah-jong; hunting game calls; puppets; carnival masks; theatrical masks; fencing masks; masts for sailboards; teddy bears; chalk for billiard cues; targets; electronic targets; scale model kits [toys]; scale model vehicles; balls for games; artificial fishing bait; billiard table cushions; knee guards [sports articles]; billiard cue tips; elbow guards [sports articles]; dolls' clothes; fencing weapons; twirling batons; paragliders; pachinkos; baseball gloves; boxing gloves; golf gloves; gloves for games; batting gloves [accessories for games]; fencing gauntlets; pinatas; toy pistols; toy air pistols; percussion caps [toys]; caps for pistols [toys]; rattles [playthings]; horseshoe games; candle holders for Christmas trees; Christmas tree stands; sole coverings for skis; water wings; floats for fishing; portable games with liquid crystal displays; swimming belts; decoys for hunting or fishing; scent lures for hunting or fishing; archery implements; kite reels; soap bubbles [toys]; divot repair tools [golf accessories]; billiard markers; protective paddings [parts of sports suits]; rackets; surfboard leashes; harness for sailboards; weight lifting belts [sports articles]; sling shots [sports articles]; rollers for stationary exercise bicycles; harpoon guns [sports articles]; scooters [toys]; sleds [sports articles]; bob-sleighs; butterfly nets; landing nets for anglers; nets for sports; tennis nets; bite indicators [fishing tackle]; slot machines [gaming machines]; appliances for gymnastics; quoits; bar-bells; climbers' harness; fishing tackle; artificial snow for Christmas trees; snowshoes; snowboards; clay pigeon traps; billiard tables; coin-operated billiard tables; tables for table tennis; tables for table football; strings for rackets; gut for rackets; cricket bags; golf bags, with or without wheels; slides [playthings]; radio-controlled toy vehicles; body-building apparatus; machines for physical exercises; backgammon games; men's athletic supporters [sports articles];

rods for fishing; ornaments for Christmas trees, except illumination articles and confectionery; tennis ball throwing apparatus; conjuring apparatus; apparatus for games; bowling apparatus and machinery; counters [discs] for games; chips for gambling; bags especially designed for skis and surfboards; marbles for games; billiard balls; playing balls; play balloons; paintballs [ammunition for paintball guns] [sports apparatus]; snow globes; chess games; checkers [games]; poles for pole vaulting; paper party hats; shin guards [sports articles]; camouflage screens [sports articles]; chest expanders [exercisers].

Class 38

News agency services; wireless broadcasting; television broadcasting; cable television broadcasting; electronic bulletin board services [telecommunications services]; information about telecommunication; providing user access to global computer networks; providing access to databases; providing Internet chatrooms; providing telecommunications connections to a global computer network; providing telecommunication channels for teleshopping services; transmission of greeting cards online; message sending; computer aided transmission of messages and images; transmission of telegrams; transmission of digital files; providing online forums; videoconferencing services; rental of message sending apparatus; rental of access time to global computer networks; rental of modems; rental of telecommunication equipment; rental of telephones; rental of facsimile apparatus; radio broadcasting; communications by fiber optic networks; communications by cellular phones; communications by computer terminals; satellite transmission; communications by telegrams; communications by telephone; facsimile transmission; paging services [radio, telephone or other means of electronic communication]; teleconferencing services; telex services; voice mail services; telecommunications routing and junction services; telegraph services; telephone services.

Class 41

Modelling for artists; academies [education]; rental of sports grounds; rental of tennis courts; lending library services; booking of seats for shows; videotaping; physical education; discotheque services; animal training; dubbing; gambling services; publication of books; education information; recreation information; entertainment information; movie studio services; health club services [health and fitness training]; nightclub services [entertainment]; layout services, other than for advertising purposes; microfilming; videotape editing; production of radio and television programmes; presentation of variety shows; music composition services; game services provided on-line from a computer network; providing on-line electronic publications, not downloadable; religious education; gymnastic instruction; correspondence courses; practical training [demonstration]; organization of balls; organization of exhibitions for cultural or educational purposes; providing recreation facilities; arranging and conducting of colloquiums; arranging and conducting of congresses; arranging and conducting of conferences; arranging and conducting of concerts; arranging and conducting of workshops [training]; arranging and conducting of seminars; arranging and conducting of symposiums; organization of competitions [education or entertainment]; arranging of beauty contests; organization of lotteries; organization of fashion shows for entertainment purposes; organization of shows [impresario services]; organization of sports competitions; vocational guidance [education or training advice]; amusement park services; sign language interpretation; television entertainment; mobile library services; vocational retraining; providing golf facilities; providing sports facilities; providing amusement arcade services; cinema presentations; presentation of live performances; theatre productions; conducting fitness classes; educational examination;

film production, other than advertising films; rental of audio equipment; rental of video cameras; rental of video cassette recorders; rental of videotapes; rental of show scenery; rental of sound recordings; toy rental; rental of motion pictures; games equipment rental; rental of stadium facilities; rental of lighting apparatus for theatrical sets or television studios; rental of radio and television sets; rental of skin diving equipment; rental of sports equipment, except vehicles; rental of stage scenery; electronic desktop publishing; on-line publication of electronic books and journals; publication of texts, other than publicity texts; radio entertainment; entertainer services; entertainment services; zoological garden services; news reporters services; party planning [entertainment]; music composition services; subtitling; holiday camp services [entertainment]; disc jockey services; personal trainer services [fitness training]; providing casino facilities [gambling]; calligraphy services; club services [entertainment or education]; providing museum facilities [presentation, exhibitions]; teaching; orchestra services; translation; scriptwriting; ticket agency services [entertainment]; coaching [training]; sport camp services; recording studio services; language interpreter services; educational services provided by schools; nursery schools; photography; photographic reporting; presentation of circus performances; boarding school education; production of shows.

The following claim is made in the International Registration: Colour(s) claimed: Yellow and black.

Class 06

Containers, and transportation and packaging articles, made of metal; building and construction materials and elements of metal; structures and transportable buildings of metal; storage containers, tanks and silos of metal; storage tanks of metal for thick matter and concrete; pipes, tubes and hoses, and fittings therefor, including valves, of metal; materials of metal for railway tracks; metal framing; metal stairs and ladders; pillars of metal; injection lances of metal; injection lances of metal for organic and inorganic substances for thermal use.

Class 07

Machines and machine tools for agricultural, earthmoving, construction, oil and gas extraction and mining; pumps [machines]; compressors; robots; transporting machines; lifting and hoisting equipment; machines and mechanical apparatus and installations consisting thereof as well as their parts for the manufacture, processing, transport and application of raw materials, building materials, in particular roughcasting machines, continuous mixer, mortar pumps, pumps for concrete, mineworking machines, tunnel construction machines, transport facilities and transporters; mixers and mixing plants, in particular for the construction industry and construction materials industry; handling machines, automatic (manipulators); construction machines; hydraulic transmissions, other than for land vehicles; mechanical, hydraulic and pneumatic system control instruments for machines; mechanical, pneumatic, hydraulic and electric construction equipment (other than hand-operated); stationary and mobile pumps for concrete, mortar and sludge; concrete spraying machines; concrete paving machines; concrete mixers (machines); concrete compressors; concrete spreader machines; pumps for concrete; fuel dispensing pumps for service stations; transporters [conveyors]; staged and segmented conveyors; belt conveyors; belts for conveyors; archimedean screws; rotating screw conveyors; pneumatic transporters; continuous mixer; machines for backfilling, in particular of shuttering, earth drilling services, piled foundations, cavities in masonries; machines for grouting, in particular of frames and brickwork; injection pumps for cement-bound material; spray paint machines; machine tool holders for spray guns for paint; silo mixing machines; silo mixing pumps; silo conveyor systems; feeders (machines); feeding machines; tubes being fitted parts of machines; feeders [parts of machines]; thick matter pumps; pressure pipes of metal (parts of machines); shredders (machines); processing machines; machines and apparatus for the damping of flow pulsation and/or pressure pulsation in pipelines (machines); mixing plant; mixing machines; mechanic mixing machines; automatic dispensing machines; filtering machines; combined skips and mixers for producing concrete; dedusting machines for mixing plants; sifters as parts for engines for material sorting; sieves [machines or parts of machines]; screening machines; earth moving machines; mineworking machines; mining machines; pipe-jacking machines; scalers (machines); truck mills (for mining purposes); mine borers [machines]; drills for the mining industry; extractors for mines; rock-drilling machines; lifting platforms; mobile platforms [lifting]; tunnelling machines; tunnel

boring machines; machines and apparatus for the manufacture of formwork systems, in particular for the moulding and manufacturing of tunnel formwork elements; machines and mechanical apparatus and installations consisting thereof as well as their parts for parting, sorting, conveying, pressing and comminuting of fuel and raw material as well as of waste and garbage; electricity generators, emergency power generators; emergency power generators; electrical generators using solar cells; parts and fittings for all the aforesaid goods; mobile mixing plants and pumping equipment for liquid and semi-solid materials, in particular screed, mortar, coating as well as undercarriages therefor; automatic distribution machines for liquid, concrete or loose building materials.

Class 09

Scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; electronic control apparatus, units and systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for acquiring, recording, transmission, receiving and reproduction of sound, images or data; communications equipment, data processing equipment, computers; computer software; scales; information technology and audiovisual equipment; recorded content; security, safety, protective and signalling apparatus and equipment; navigation, guidance, positioning, tracking, targeting and mapping equipment; measuring, signaling and checking (supervision) instruments, equipment and devices, electric regulating apparatus; electric and electronic equipment, apparatus and apparatus composed thereof for telematics purposes in relation to machines for pumping, mixing and distributing concrete, mortar and thick matter; electric and electronic equipment, apparatus and installations composed thereof for telecommunications and data processing purposes; apparatus, instruments, software and hardware for tracking, monitoring, controlling, remotely controlling and carrying out technical inspections in respect of mechanical engineering and electrical engineering products, structural engineering, civil engineering and mining products, industrial installations, vehicles, equipment and machines; computer programs for the construction industry, for the construction machinery industry, for the mining industry; for the tunnel construction machinery industry; machine-readable data carriers prerecorded with computer programs for the construction industry, construction machinery industry, mining industry and tunnel construction machinery industry; interface equipment; remote control devices for data processing equipment; apparatus for the transmission of data; electronic data storage devices; electronic devices for malfunction diagnostics as well as electronic data processing apparatus for construction machines, for mineworking machines and for tunnelling machines; testing and quality control devices; calibration testers; inspection machines and testing apparatus for building materials, in particular concrete, mortar, screed and coating; accumulators; chargers for electric batteries; electric apparatus for commutation and regulation apparatus; electric current meters; voltmeters; software for controlling and checking (supervision).

Class 12

Vehicles; land vehicles and conveyances; concrete mixing vehicles; concrete transport vehicle; automatic concrete pumping vehicles; vehicles and multipurpose vehicles for construction, mining and tunnelling; vehicles for the transport of apparatus, persons and materials; tankers (automotive vehicles); vehicles for lifting, loading and robbing; vehicles for spraying on materials; vehicles with lifting platforms; driverless cars [autonomous

cars]; parts and additional parts for all aforementioned goods as far as included in this class.

Class 17

Flexible tubes (not of metal); goods made of latex (rubber), namely flexible ducting, tubes, pipes and connections; seals, sealants and fillers, insulation and barrier articles and materials and goods made of plastic substances (semi-processed).

Class 19

Building materials (non-metallic); rigid pipes, not of metal (building); shuttering (non-metallic).

Class 37

Construction; repair, namely repair of vehicles of machines and apparatus, in particular pumps, compressors, ventilating fans, robots, transportation devices, roughcasting machines, construction machines, mixers, mixing plants, spray paint machines, mineworking machines, tunnel construction machines, installations relating to the construction industry and construction materials industry, installations relating to mining, installations relating to tunnel construction, construction equipment, current generators, electrical power units, power generators, lighting apparatus; installation services, namely installation of vehicles, machines and apparatus, in particular pumps, compressors, ventilating fans, robots, transportation devices, roughcasting machines, construction machines, mixers, mixing plants, spray paint machines, mineworking machines, tunnel construction machines, installations relating to the construction industry and construction materials industry, installations relating to mining, installations relating to tunnel construction, construction equipment, electrical and generating machinery, power assemblies, electric generators, lighting apparatus; rental of machine tools for building and construction purposes, building tools, construction machines, apparatus for use in the construction of buildings, construction apparatus, construction equipment, construction machinery, construction and building equipment, building construction machinery, building equipment, earth moving equipment and excavators, earth-moving and excavating machines, lifting apparatus [construction equipment], building apparatus, and building machines, in particular of concrete pumps, concrete pumping machines, drainage pumps, air compressors, machinery for use in construction, building machinery, concrete-mixing apparatus, scaffolding, drilling and mining apparatus, mining machines and apparatus.

Class 41

Education, training, organizing, arranging and conducting of seminars, congresses, conferences, workshops and electronic desktop publishing (training); publication of texts, as far as included in this class; publication of printed matter, each time as far as included in this class, also in electronic form; providing of training and further training in the form of seminars, conferences and congresses, including via the Internet (e-learning).

players; cell switches [electricity]; washing trays [photography]; marking gauges [joinery]; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; X-ray photographs, other than for medical purposes; rheostats; respirators for filtering air; retorts; refractometers; refractors; grids for batteries; speaking tubes; horns for loudspeakers; saccharometers; optical fibers [fibres] [light conducting filaments]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; sextants; inductors [electricity]; safety nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; sirens; scanners [data processing equipment]; integrated circuit cards [smart cards]; smartglasses; smartphones; smartwatches; connections for electric lines; couplings, electric; connectors [electricity]; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; optical glass; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfimeters; bags adapted for laptops; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; parking meters; kilometer recorders for vehicles; revolution counters; abacuses; egg timers [sandglasses]; taximeters; ear plugs for divers; tachometers; television apparatus; telegraphs [apparatus]; telescopes; teleprompters; teleprinters; cordless telephones; cellular phones; theodolites; thermometers, not for medical purposes; thermostats; thermostats for vehicles; crucibles [laboratory]; tone arms for record players; totalizers; transistors [electronic]; transponders; protractors [measuring instruments]; step-up transformers; transformers [electricity]; vehicle breakdown warning triangles; triodes; starter cables for motors; discharge tubes, electric, other than for lighting; capillary tubes; neon signs; Pitot tubes; X-ray tubes not for medical purposes; telephone receivers; gauges; quantity indicators; automatic indicators of low pressure in vehicle tires [tyres]; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; slope indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; baby monitors; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; protection devices against X-rays, not for medical purposes; railway traffic safety appliances; data processing apparatus; oxygen transvasing apparatus; theft prevention installations, electric; film cutting apparatus; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; dosage dispensers; battery chargers; chargers for electric batteries; chargers for electronic cigarettes; acoustic alarms; sounding apparatus and machines; editing appliances for cinematographic films; cathodic anti-corrosion apparatus; couplers [data processing equipment]; wearable activity trackers; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; alarms; fog signals, non-explosive; whistle alarms; adding machines; readers [data processing equipment]; bar code readers; heat regulating apparatus; photocopiers [photographic, electrostatic, thermal]; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; animated cartoons; filters for respiratory masks; filters for ultraviolet rays, for photography; USB flash drives; magic lanterns; signal lanterns; optical lamps; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; digital photo frames; enlarging apparatus [photography]; photovoltaic cells;

containers for contact lenses; eyeglass cases; containers for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; laboratory centrifuges; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks [time recording devices]; Petri dishes; sleeves for laptops; covers for smartphones; fire blankets; chips [integrated circuits]; jigs [measuring instruments]; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; fire hose; protective helmets for sports; head guards for sports; cell phone straps; eyeglass cords; tripods for cameras; switchboards; distribution boards [electricity]; workmen's protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; exposure meters [light meters]; ducts [electricity]; galvanic cells; epidiascopes; ergometers; armatures [electricity].

Class 16

Fountain pens; aquarelles; albums; almanacs; document laminators for office use; mimeograph apparatus and machines; atlases; posters; paper bows; table linen of paper; tickets; forms, printed; announcement cards [stationery]; note books; pads [stationery]; drawing pads; loose-leaf binders; wristbands for the retention of writing instruments; pamphlets; booklets; paper sheets [stationery]; waxed paper; paper for recording machines; paper for radiograms; electrocardiograph paper; drawer liners of paper, perfumed or not; wood pulp paper; carbon paper; copying paper [stationery]; parchment paper; writing paper; luminous paper; Xuan paper for Chinese painting and calligraphy; toilet paper; wrapping paper; filter paper; paper; blotters; newsletters; rollers for typewriters; house painters' rollers; composing sticks; modelling wax, not for dental purposes; signboards of paper or cardboard; sewing patterns; newspapers; electrotypes; hectographs; modelling clay; terrestrial globes; drawing sets; engravings; slate pencils; pencil leads; document holders [stationery]; pencil holders; chalk holders; holders for checkbooks [cheque books]; holders for stamps [seals]; diagrams; engraving plates; writing slates; blackboards; galley racks [printing]; drawing boards; advertisement boards of paper or cardboard; duplicators; punches [office requisites]; cream containers of paper; magazines [periodicals]; money clips; tags for index cards; pen clips; bookmarkers; etching needles; tracing needles for drawing purposes; periodicals; printed publications; paper shredders for office use; graphic representations; credit card imprinters, non-electric; graining combs; drawing instruments; calendars; tracing paper; tracing cloth; tracing patterns; gums [adhesives] for stationery or household purposes; lithographic stones; ink stones [ink reservoirs]; pencils; pencil lead holders; charcoal pencils; pictures; transfers [decalcomanias]; paintings [pictures], framed or unframed; wood pulp board [stationery]; cardboard; hat boxes of cardboard; files [office requisites]; cards; index cards [stationery]; geographical maps; paper tapes and cards for the recordal of computer programmes; trading cards, other than for games; perforated cards for Jacquard looms; catalogues; spools for inking ribbons; covers of paper for flower pots; paintbrushes; painters' brushes; writing brushes; typewriter keys; glue for stationery or household purposes; isinglass for stationery or household purposes; gluten [glue] for stationery or household purposes; starch paste [adhesive] for stationery or household purposes; printing blocks; books; manifolds [stationery]; comic books; drawing pins; cigar bands; envelopes [stationery]; cases for stamps [seals]; boxes of paper or cardboard; paint boxes [articles for use in school]; correcting fluids [office requisites]; stencils [stationery]; French curves; paper ribbons; typewriter ribbons; gummed tape [stationery]; adhesive bands for stationery or household purposes; correcting tapes [office requisites]; inking ribbons; inking ribbons for computer printers; adhesive

tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; drawing rulers; square rulers; absorbent sheets of paper or plastic for foodstuff packaging; humidity control sheets of paper or plastic for foodstuff packaging; viscose sheets for wrapping; sheets of reclaimed cellulose for wrapping; plastic bubble packs for wrapping or packaging; steel letters; type [numerals and letters]; lithographs; paint trays; architects' models; postage stamps; plastics for modelling; graphic prints; modelling materials; teaching materials [except apparatus]; sealing compounds for stationery purposes; adhesives [glues] for stationery or household purposes; bookbinding material; packaging material made of starches; filtering materials [paper]; addressing machines; pencil sharpening machines, electric or non-electric; bookbinding apparatus and machines [office equipment]; typewriters, electric or non-electric; folders [stationery]; franking machines for office use; chalk for lithography; writing chalk; tailors' chalk; marking chalk; bags [envelopes, pouches] of paper or plastics, for packaging; garbage bags of paper or of plastics; painters' easels; hand-rests for painters; writing cases [stationery]; printing sets, portable [office requisites]; bibs of paper; stickers [stationery]; finger-stalls [office requisites]; cords for bookbinding; paper knives [cutters] [office requisites]; numbering apparatus; bottle envelopes of paper or cardboard; sealing wafers; covers [stationery]; passport holders; plastic cling film, extensible, for palletization; embroidery designs [patterns]; handwriting specimens for copying; oleographs; musical greeting cards; greeting cards; postcards; etchings; conical paper bags; bags for microwave cooking; palettes for painters; ink sticks; pantographs [drawing instruments]; folders for papers; papier mâché; pastels [crayons]; modelling paste; pen cases; bookbindings; pen wipers; office perforators; pens [office requisites]; nibs of gold; nibs; steel pens; drawing pens; song books; seals [stamps]; sealing stamps; clipboards; address plates for addressing machines; handkerchiefs of paper; plastic film for wrapping; desk mats; letter trays; trays for sorting and counting money; coasters of paper; bookends; stamp stands; mats for beer glasses; stands for pens and pencils; photograph stands; inking pads; stamp pads; binding strips [bookbinding]; towels of paper; inking sheets for document reproducing machines; inking sheets for duplicators; bookbinding cloth; gummed cloth for stationery purposes; printers' blankets, not of textile; portraits; paperweights; writing cases [sets]; inkstands; office requisites, except furniture; writing materials; writing instruments; drawing materials; school supplies [stationery]; adhesive tape dispensers [office requisites]; hand labelling appliances; printed matter; lithographic works of art; prospectuses; printed timetables; ledgers [books]; printers' galleys; indexes; rubber erasers; elastic bands for offices; T-squares for drawing; graphic reproductions; penholders; marking pens [stationery]; tissues of paper for removing makeup; face towels of paper; table napkins of paper; place mats of paper; tablemats of paper; tablecloths of paper; paper clasps; document files [stationery]; scrapers [erasers] for offices; paper-clips; staples for offices; erasing products; biological samples for use in microscopy [teaching materials]; histological sections for teaching purposes; steatite [tailor's chalk]; writing board erasers; composing frames [printing]; sealing wax; arithmetical tables; placards of paper or cardboard; writing or drawing books; fabrics for bookbinding; stationery; pencil sharpeners, electric or non-electric; transparencies [stationery]; stencil plates; cardboard tubes; Indian inks; moisteners [office requisites]; moisteners for gummed surfaces [office requisites]; squares for drawing; chart pointers, non-electronic; bottle wrappers of paper or cardboard; envelope sealing machines for offices; sealing machines for offices; vignetting apparatus; apparatus for mounting photographs; stapling presses [office requisites]; manuals [handbooks]; figurines [statuettes] of papier mâché; paper coffee filters; flags of paper; flyers; silver paper; molds for modelling clays [artists' materials]; photo-engravings;

photographs [printed]; stencil cases; canvas for painting; chromolithographs [chromos]; compasses for drawing; numbers [type]; artists' watercolor saucers; correcting ink [heliography]; ink; inkwells; blueprints; stencils; erasing shields; balls for ball-point pens; cabinets for stationery [office requisites]; printing type; address stamps; stamps [seals]; shields [paper seals]; prints [engravings].

Class 28

Arcade video game machines; video game machines; gaming machines for gambling; amusement machines, automatic and coin-operated; toy vehicles; swimming pools [play articles]; trampolines; novelties for parties, dances [party favors, favours]; scratch cards for playing lottery games; starting blocks for sports; bodyboards; skating boots with skates attached; dolls' feeding bottles; stationary exercise bicycles; creels [fishing traps]; shuttlecocks; spinning tops [toys]; jigsaw puzzles; clay pigeons [targets]; punching bags; bite sensors [fishing tackle]; hang gliders; flying discs [toys]; discs for sports; dolls' houses; dominoes; swimming kick boards; surfboards; spring boards [sports articles]; skateboards; sailboards; chessboards; checkerboards; darts; Christmas trees of synthetic material; cups for dice; swimming jackets; ascenders [mountaineering equipment]; kites; toys; toys for pets; stuffed toys; plush toys; mobiles [toys]; practical jokes [novelties]; parlor games; board games; ring games; games; building games; kaleidoscopes; bladders of balls for games; rosin used by athletes; edges of skis; bingo cards; playing cards; fairground ride apparatus; reels for fishing; rocking horses; swings; skittles; skittles [games]; billiard cues; golf clubs; hockey sticks; seal skins [coverings for skis]; bells for Christmas trees; dolls' rooms; controllers for game consoles; paintball guns [sports apparatus]; toy air pistols, confetti; explosive bonbons [Christmas crackers]; ice skates; roller skates; in-line roller skates; dice; paintball guns [sports apparatus]; paintball guns [sports apparatus]; ski bindings; dolls' beds; roulette wheels; fish hooks; building blocks [toys]; dolls; flippers for swimming; fishing lines; gut for fishing; bows for archery; skis; waterskis; surf skis; mah-jong; hunting game calls; puppets; carnival masks; theatrical masks; fencing masks; masts for sailboards; teddy bears; chalk for billiard cues; targets; electronic targets; scale model kits [toys]; scale model vehicles; balls for games; artificial fishing bait; billiard table cushions; knee guards [sports articles]; billiard cue tips; elbow guards [sports articles]; dolls' clothes; fencing weapons; twirling batons; paragliders; pachinkos; baseball gloves; boxing gloves; golf gloves; gloves for games; batting gloves [accessories for games]; fencing gauntlets; pinatas; toy pistols; toy air pistols; percussion caps [toys]; caps for pistols [toys]; rattles [playthings]; horseshoe games; candle holders for Christmas trees; Christmas tree stands; sole coverings for skis; water wings; floats for fishing; portable games with liquid crystal displays; swimming belts; decoys for hunting or fishing; scent lures for hunting or fishing; archery implements; kite reels; soap bubbles [toys]; divot repair tools [golf accessories]; billiard markers; protective paddings [parts of sports suits]; rackets; surfboard leashes; harness for sailboards; weight lifting belts [sports articles]; sling shots [sports articles]; rollers for stationary exercise bicycles; harpoon guns [sports articles]; scooters [toys]; sleds [sports articles]; bob-sleighs; butterfly nets; landing nets for anglers; nets for sports; tennis nets; bite indicators [fishing tackle]; slot machines [gaming machines]; appliances for gymnastics; quoits; bar-bells; climbers' harness; fishing tackle; artificial snow for Christmas trees; snowshoes; snowboards; clay pigeon traps; billiard tables; coin-operated billiard tables; tables for table tennis; tables for table football; strings for rackets; gut for rackets; cricket bags; golf bags, with or without wheels; slides [playthings]; radio-controlled toy vehicles; body-building apparatus; machines for physical exercises; backgammon games; men's athletic supporters [sports articles]; rods for fishing; ornaments for Christmas trees, except illumination articles

and confectionery; tennis ball throwing apparatus; conjuring apparatus; apparatus for games; bowling apparatus and machinery; counters [discs] for games; chips for gambling; bags especially designed for skis and surfboards; marbles for games; billiard balls; playing balls; play balloons; paintballs [ammunition for paintball guns] [sports apparatus]; snow globes; chess games; checkers [games]; poles for pole vaulting; paper party hats; shin guards [sports articles]; camouflage screens [sports articles]; chest expanders [exercisers].

Class 38

News agency services; wireless broadcasting; television broadcasting; cable television broadcasting; electronic bulletin board services [telecommunications services]; information about telecommunication; providing user access to global computer networks; providing access to databases; providing Internet chatrooms; providing telecommunications connections to a global computer network; providing telecommunication channels for teleshopping services; transmission of greeting cards online; message sending; computer aided transmission of messages and images; transmission of telegrams; transmission of digital files; providing online forums; videoconferencing services; rental of message sending apparatus; rental of access time to global computer networks; rental of modems; rental of telecommunication equipment; rental of telephones; rental of facsimile apparatus; radio broadcasting; communications by fiber optic networks; communications by cellular phones; communications by computer terminals; satellite transmission; communications by telegrams; communications by telephone; facsimile transmission; paging services [radio, telephone or other means of electronic communication]; teleconferencing services; telex services; voice mail services; telecommunications routing and junction services; telegraph services; telephone services.

Class 41

Modelling for artists; academies [education]; rental of sports grounds; rental of tennis courts; lending library services; booking of seats for shows; videotaping; physical education; discotheque services; animal training; dubbing; gambling services; publication of books; education information; recreation information; entertainment information; movie studio services; health club services [health and fitness training]; nightclub services [entertainment]; layout services, other than for advertising purposes; microfilming; videotape editing; production of radio and television programmes; presentation of variety shows; music composition services; game services provided on-line from a computer network; providing on-line electronic publications, not downloadable; religious education; gymnastic instruction; correspondence courses; practical training [demonstration]; organization of balls; organization of exhibitions for cultural or educational purposes; providing recreation facilities; arranging and conducting of colloquiums; arranging and conducting of congresses; arranging and conducting of conferences; arranging and conducting of concerts; arranging and conducting of workshops [training]; arranging and conducting of seminars; arranging and conducting of symposiums; organization of competitions [education or entertainment]; arranging of beauty contests; organization of lotteries; organization of fashion shows for entertainment purposes; organization of shows [impresario services]; organization of sports competitions; vocational guidance [education or training advice]; amusement park services; sign language interpretation; television entertainment; mobile library services; vocational retraining; providing golf facilities; providing sports facilities; providing amusement arcade services; cinema presentations; presentation of live performances; theatre productions; conducting fitness classes; educational examination; film production, other than advertising films; rental of audio equipment;

rental of video cameras; rental of video cassette recorders; rental of videotapes; rental of show scenery; rental of sound recordings; toy rental; rental of motion pictures; games equipment rental; rental of stadium facilities; rental of lighting apparatus for theatrical sets or television studios; rental of radio and television sets; rental of skin diving equipment; rental of sports equipment, except vehicles; rental of stage scenery; electronic desktop publishing; on-line publication of electronic books and journals; publication of texts, other than publicity texts; radio entertainment; entertainer services; entertainment services; zoological garden services; news reporters services; party planning [entertainment]; music composition services; subtitling; holiday camp services [entertainment]; disc jockey services; personal trainer services [fitness training]; providing casino facilities [gambling]; calligraphy services; club services [entertainment or education]; providing museum facilities [presentation, exhibitions]; teaching; orchestra services; translation; script writing; ticket agency services [entertainment]; coaching [training]; sport camp services; recording studio services; language interpreter services; educational services provided by schools; nursery schools; photography; photographic reporting; presentation of circus performances; boarding school education; production of shows.

Class 09

Scientific, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic recording media; sound recording disks; digital recording media; data and information processing apparatus and equipment; software; computer programs; computers; data processing equipment; software recorded on magnetic media or downloaded from a remote computer network; downloadable computer software applications; telecommunications equipment for use with mobile networks; personal digital assistant; transmitters of electronic signals; connected bracelets, connected scales, connected watches (measuring instruments); video cameras; activity sensors; downloadable applications for mobile devices; digital applications; software for algorithms; artificial intelligence software; spectacles, contact lenses; computer platforms in the form of software for sharing information; connected self-measuring tools; virtual reality programs; analysis systems based on artificial intelligence (software); chips connected to an information system; electric devices in the form of helmets that communicate data to other electronic devices for use in the medical industry; connected activity trackers for medical use; connected blood pressure monitors.

Class 10

Medical, surgical, dental and veterinary apparatus, instruments and equipment intended for diagnosing, screening, preventing, controlling, monitoring and treating a disease, regenerating or compensating a disease, wound or handicap, or the study, replacement or modification of the anatomy or a physiological processes, or for controlling design; artificial teeth, eyes, limbs and organs; orthopedic articles; suture material; compression stockings, tights and socks; stockings, tights and socks for varicose veins; medical apparatus, instruments and equipment for introducing pharmaceutical preparations into the human body, especially for the prolonged, controlled or immediate release of active substances; perfusion devices and syringes for medical use; medical measuring instruments, particularly instruments able to directly transmit data to a database, particularly fever measuring instruments, heart rate monitors; apparatus, instruments and equipment from robotics for medical use; nanorobots for medical use; medical robotics; apparatus, instruments and equipment from bionics for medical use; cooling patches for medical use; allergy testing tools; test kits for blood tests for medical use; medical devices intended for ingestion; endoscopic video capsules; medical apparatus for measuring biochemical changes in the blood; medical apparatus for measuring biomarkers in blood; inhalers; medical instruments for recording heart activity; blood pressure monitors; connected pill boxes for medical use.

Class 44

Medical services; veterinary services; hygienic and beauty care for human beings or animals; health counseling services; pharmacy advice; health services; telemedicine services; therapeutic services; medical diagnosis services; home health care services; individualized medical prescription services; online medical prescription services; advice relating to home medical treatment; medical advice relating to self-medication; provision of medical information to patients; remote medical examination services; advice related to personal wellbeing [health]; medical monitoring of patients including remote monitoring.

Class 07

Starters for engines; drives for machines; driving machines, except for land vehicles; drive shafts, except for land vehicles; elevators for air planes; elevator lifts in aircrafts; torque converters, except for land vehicles; speed regulators for machines; speed regulators for motors; electric drives for machines; electric drive systems for straightening installations, consisting of electric motors, gearboxes and control and regulating equipment, all being parts of machine; electric tower and weapon drives [parts of machines]; electric generators; electric motors, except for land vehicles; blowers; drive machines for stabilising platforms, electric directional, tower and weapon drives, mirror heads and studio apparatus, all being parts of machines; lifting equipment; windlasses (machines); machine coupling and transmission components, except for land vehicles; radiators for engines; freight elevators; load winches; housings for machines and motors; engines and power units (parts of machines), except for land vehicles; emergency power aggregates and generators; power generators; alternators; machine tools; power tools; winches.

Class 09

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; observation and surveying equipment; observation platforms, namely comprising a night vision camera, a day vision camera, a thermographic apparatus and an optical data transmission apparatus; image capture devices; CDs; DVDs; digital record carriers; computer; computer software; display devices (displays); communications equipment; electric accumulators; electrical couplings; electrical control devices; electronic assemblies for the control of mechanical drives; receiving apparatus for signals; apparatus for recording, transmission and reproduction of sound and images; magnetic data carriers, recording discs; apparatus for optical data transmission; hardware for data processing; information technology and audiovisual equipment; cameras; laser rangefinders; military combat training apparatus using combat simulators and combat action display devices; night vision cameras; optical observation platforms comprising a night vision camera and a day vision camera; optical devices for target recognition in helicopters, namely mirror heads; optical devices for target detection, namely targeting mirrors for rifles; optical amplifiers; photovoltaic installations for generating electricity using solar energy; radomes, namely adapted antenna and radar panels for use in aircraft; transmission apparatus; sensors; software for tilt simulation and control of rail vehicles; voltage regulators for vehicles; voltage transformer [converter]; power supplies; power converters; day vision cameras; thermography devices; thermal imaging equipment; thermal imaging cameras; inverters; scientific, nautical, surveying, photographic, film, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; battery charge devices, charging stations for electric vehicles, electrical charge controllers, battery charging devices for motor vehicles.

Class 11

Lighting systems and lighting for vehicle and aircraft cabins; deicing apparatus for vehicles and aircraft; defrosters for vehicles and aircraft; heaters for the aerospace industry; heaters; lighting, heating, steam generating, cooking, refrigerating, drying and ventilating apparatus; heating installations for vehicles; ventilation systems (air conditioning) for vehicles.

Class 12

Covers for vehicles; drives for vehicles, military vehicles, ships and aircrafts; drive shafts for land vehicles; vehicles for transport by land or air; torque converters for land vehicles; electric drives for use as components for tilting technology in vehicles, in particular rail vehicles; electric motors for land vehicles; chassis for vehicles; vehicle doors; vehicles; helicopter; military drones; engines for land vehicles, military vehicles, ships and aircrafts; rail vehicles; parts of drones; parts of vehicles and in particular parts of armored vehicles; parts of air planes, ships, vehicles and military vehicles; parts of helicopters; parts of rail vehicles; windshields; civil drones.

Class 13

Artillery pieces and turrets; missile launcher; gun carriages; ammunition and projectiles; armor for turrets; firearms; explosives; target level for rifles; targets for guns, in particular for stabilisation [other than riflescopes]; targeting devices for firearms [except riflescopes].

Class 37

Installation, maintenance and repair of computer hardware; building construction; installation, repair and maintenance of metrological, manufacturing and data-technical installations, machines, apparatus and hardware; installation services relating to mechatronic and sensory products for civil and military markets, power systems, optical sensor systems, stabilisation systems, aerospace systems, radomes, diesel-electric power units, electric machines, generators, electric motors, converters, heating systems, control devices, lift systems, rescue winches, infrared camera systems and lasers distance meters; repair services, namely repair of mechatronic and sensory products for civil and military markets, energy systems, optical sensor systems, stabilisation systems, aviation systems, radomes, diesel-electric aggregates, electrical machines, generators, electric motors, converters, heating systems, control devices, lift systems, rescue winches, infrared camera systems and laser distance meters; maintenance services.

Class 42

Engineering services; design and development of computer hardware and software; scientific analysis in EMC [electromagnetic compatibility] for technical purposes; engineering services in the field of information technology; calibration of machines; calibration of instruments; calibration of electronic devices; calibration of optical devices; technological consultancy in the field of EMC (electromagnetic compatibility); technological services and design relating thereto.
