REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

moderate sulfate resistance cement; fast set cement; rapid set cement; white cement; calcium aluminum cement; green cement; magnesium oxide cement; fly ash cement; asphalt; asphalt premixed; asphalt paving; bitumen; pitch; granite; granite aggregates; mortar for building; blast furnace slag; materials produced from blast-furnace slag; slag [building material].

Class 35

Advertising; business management; business administration; business management consultancy; management of business for others; management of business projects for others; business organization consultancy; business management assistance; interim business management; advisory services for business management; business efficiency expert services; outsourcing services [business assistance]; outsourcing services in the field of business operations; outsourcing services in the field of business analytics; outsourcing services in the nature of arranging procurement of goods for others; providing business information via a web site; business project management services for construction projects; procurement services for others [purchasing goods and services for other businesses]; arranging of contracts, for others, for the buying and selling of goods; procurement of contracts for others relating to the sale of goods; business advice relating to franchising; commercial trading and consumer information services, namely administrative services in organising business contacts, collective buying services (procurement of goods on behalf of other businesses), business evaluations relating to commercial matters, business information agency services, import and export agency services, business negotiation and intermediation services, ordering services for others, price comparison services, business acquisition services for third parties; electronic order processing; administrative processing of purchase orders; business analysis, research and information services; data processing; data management; data retrieval; data processing for the collection of data for business purposes; systematization of data in computer databases; updating and maintenance of data in computer databases; providing business information, also via internet, the cable network or other forms of data transfer; business administration in the field of transport and delivery; business management in the field of transport and delivery; publicity and sales promotion services; planning and conducting of trade fairs, exhibitions and presentations for economic or advertising purposes; online advertising on a computer network; online promotion on a computer network; online advertising via a computer communications network; presentation of goods on communication media, for retail purposes; dissemination of business information; dissemination of commercial information; dissemination of advertising and promotional materials and provision of advertising and promotional services online or via electronic or other means; providing business information via a web site; web indexing for commercial or advertising purposes; business data analysis; statistical evaluations of marketing data; business appraisals; business investigations; business research; business intermediary services; commercial or industrial management assistance; commercial administration of the licensing of the goods and services of others; commercial intermediation services; compilation of statistics; cost price analysis; economic forecasting; business efficiency expert services; call centre services being the provision of business information; provision of information, advisory and consultancy services in respect of all of the aforesaid services.

Class 37

Building construction; repair; installation services; construction services; construction services using concrete; construction project management services; civil construction services; concrete leveling services; concrete

polishing; concrete raising services; repair of concrete; rental of concrete mixing apparatus; rental of concrete pumping machines; rental of concrete pumps; rental of machines, tools and apparatus for building construction; road paving; asphaltting; providing information, including online, about building construction, and repair and installation services; advisory services relating to building construction materials; custom building construction; custom construction of buildings; construction of buildings and other structures; information concerning rental of equipment for constructions and buildings; building reinforcing; erection of prefabricated buildings and structures; provision of information, advisory and consultancy services in respect of all of the aforesaid services.

Class 39

Transport; packaging and storage of goods; transportation logistics; supply chain logistics and reverse logistics services consisting of the storage, transportation and delivery of freight; agency services for arranging the transportation of goods; inland transportation; transportation and storage of goods; transportation and delivery of goods; arranging the transportation of building and construction materials; transportation and delivery of ready-mix concrete and/or cement; collection, storage, transportation, supply and delivery of petroleum, petroleum products, gas; collection, storage, transportation and delivery of chemical and other products; advisory services relating to the transportation of and storage of building and construction materials; shipping agency services; ship transport services; barge transport; rental of barges; freight forwarding; cargo handling; warehousing of freight; warehousing of goods; warehouse storage services; tracking and tracing of shipments; location and tracking of goods by computer; advisory services relating to the tracking of goods in transit; provision of information, advisory and consultancy services in respect of all of the aforesaid services.

Class 40

Moulding of concrete; mixing of customized ready-mix concrete, coloured concrete, decorative concrete, underwater concrete, rapid drying concrete for others; custom manufacture of asphalt; preparing customized concrete, pre-cast concrete or concrete related products for others; recycling of construction materials including concrete, brick and asphalt; custom manufacture of non-metallic building materials, non-metallic transportable buildings, concrete, concrete building elements, shuttering for concrete (not of metal), building materials of cement and concrete; provision of information, advisory and consultancy services in respect of all of the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; designing and developing customized concrete, pre-cast concrete products or concrete related products for others; research relating to technology; technical research; technical inspection services; technical testing services; technical research projects and studies relating to ready-mix concrete, cement; scientific research relating to ready-mix concrete, cement; technological research relating to ready-mix concrete, cement; technological studies; technological studies relating to ready-mix concrete, cement; research on building construction; technical project studies in the field of manufacture and treatment of construction materials such as concrete; technical project planning in the field of manufacture and treatment of construction materials such as concrete; chemical research and analysis; industrial process development; scientific and technological services; technical consultancy relating to product development; technological planning and analysis; preparation of technological reports; analysis of building

materials; materials quality evaluation and testing; research and development of new products for others; engineering project management services; engineering project studies; engineering research; surveying; providing information, including online, about scientific and technological services and research and design relating thereto; electronic storage of data; computer programming; design and development of computer hardware and software; rental of computer software and programs; research, design and development of computer microchips and data communication networks; research, development, design and upgrading of computer software; computer system design; installation of computer software; computer software consultancy; computer technology consultancy; computer security consultancy; information technology [IT] consultancy; providing information on computer technology and programming via a website; duplication of computer programs; software as a service [SaaS]; providing temporary use of on-line non-downloadable operating software for computer networks and servers, and for accessing and using a cloud computing network; maintenance of computer software; maintenance of computer programs; hosting computer sites [web sites]; monitoring of computer systems by remote access; data conversion of computer programs and data, not physical conversion; recovery of computer data; updating of computer software; updating of computer programs; updating of memory banks of computer systems; updating of home pages for computer networks; network security services [test and risk assessment of electronic networks]; computer programming services for electronic data security; authentication services for electronic documents and e-mail; provision of information, advisory and consultancy services in respect of all of the aforesaid services.

Class 09

Scientific, surveying, photographic, cinematographic, optical, measuring, signalling, checking (supervision), and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; data processing equipment, computers; computer software; computer hardware and software for cybersecurity to identify and protect against security threats; computer anti-virus software; anti-spyware software; computer software and computer hardware for detection, blocking, and facilitating removal and remediation of computer

viruses, rootkits, bootkits, backdoors, zero-day attacks, data exfiltration, phishing, bots, time bombs, worms, cyber-attacks, malicious attacks, and advanced persistent threats; computer software for preventing malicious attacks on, and unauthorized activities and intrusions in, computers, computer systems, software applications, digital devices; computer software and hardware providing secure networks over virtual computer systems and virtual computer environments; computer firmware and computer software for enhancing industrial automation and for assessing and identifying vulnerabilities and cyber security threats and risks in control system infrastructure, computer control systems, and devices, and for testing the effectiveness of cyber security applications, devices, and systems to achieve optimal network security, all in the field of cyber security vulnerability testing and prevention; computer hardware and software for interconnecting, managing, securing and operating local and wide area networks and telephony systems; telephones, telephone headsets; wireless communications devices, namely, wireless hardware and software for the transmission of voice, data, audio, and video; call processing software for the transmission of data, video, and voice traffic; downloadable electronic instructional materials, namely, manuals, guides, test materials, and magazines in the fields of network communications, and managing, operating and using local, wide and global networks, and cable television systems; computer software for use in social networking, namely, for use in providing online communications among users and for creating customized on-line web pages featuring user-defined information, personal profiles, and information; electronic devices for recording, organizing, transmitting, and/or reviewing voice, audio, video, and/or data files; consumer electronics, namely, hardware and software for the transmission of voice, data, audio, and/or video; computer network routers; network routers in the nature of computer control hardware; telecommunications switches; network access range expanders; Internet video cameras; print servers; communication terminals comprising computer hardware and/or software for providing video, audio, data, video game, and telephone communications and/or transmissions; network storage devices, comprised of computer hardware and/or software; interfaces for interconnecting computers, projectors, stereo systems and game consoles; computer hardware; computer network interface cards; network cables; computer network adapters; computer servers; communications servers; computer hardware containing network security functionality, including firewalls; apparatus for data encryption, and/or interoperability with network security protocols; computer software and hardware for sending, storing, managing, integrating and accessing text and voice messages via telephone, electronic mail, pagers, personal digital assistants, and internal and global computer networks; digital video recorders; set-top boxes; cable television converters; receivers for receiving cable television; hardware and software for the operation of cable television systems, content distribution systems, and communication systems; USB hubs; headphones; earphones; audio speakers; computer storage devices, namely, flash drives; messaging and network security appliances comprising computer hardware and software for detecting, blocking and removing computer viruses and threats, encrypting and authenticating data, preventing data-loss, recovering data, securing networks, and detecting, filtering, analyzing, managing and blocking electronic communications; energy management hardware and software; computer software and networking equipment, namely, network hardware and software for securing, monitoring and managing energy usage by network devices; computer hardware and software for collecting and analyzing data from the building, information technology IT installation, energy supply, and energy demand systems; headsets; electrical and scientific apparatus, namely, health care delivery systems comprised of computer hardware, computer software for interconnecting, integrating, securing, managing, monitoring, and operating video

conferencing systems, computer peripherals, video and audio conferencing systems comprised of specially adapted stands and consoles, endpoint devices, power and Ethernet ports, Internet protocol IP phones, video cameras, displays, speakers, microphones, video monitors, and signature pads, all sold as a package; computer hardware and software used with medical monitoring equipment and sensors for receiving, processing, transmitting, and displaying data for remote monitoring of patients' vital signs; computer software for managing medical records; computer software for communicating information among healthcare professionals and others relating to the care of such patients; computer software for use in managing and analyzing data in the fields of disease prevention, diagnosis, treatment, healthcare, and health maintenance; computer hardware; handheld computers; communications software for connecting computers and hand-held computers; software that facilitates video and voice communications between parties; mobile electronic devices, namely, cellular handsets and hand-held computers for audio and video conferencing, utilizing electronic mail, instant messaging and transmitting other digital data; operating system programs; data synchronization programs; computers; computer peripherals; headphones; software for transmitting, storing, managing and securing information, data, documents, voice, video and images; audio and video conferencing software; web conferencing software; software for searching and locating people; computer software for connecting individuals, information, applications, communications tools and audio, video, and multimedia content across computer networks; telecommunications software for sending and receiving text and video messages; computer software that facilitates collaboration among individuals and organizations; computer telephony software; computer network management software; computer software for sharing computer screens, desktops, data, electronic documents and applications; computer hardware and software for use in document management; digital imaging software; computer software for uploading, posting, displaying, editing, organizing, transmitting, sharing and tagging video, images, audio and content; software for accessing the Internet and computer networks.

Class 35

Business consulting; Business management consulting; Business information; Business strategy services; Business research services; Business management and business operation research services; Outsourcing services [business assistance]; Business process management consultancy; Business process outsourcing services; Outsourcing in the field of information technology; Outsourcing of telephone call centres and data centre operations; Business data analysis; Business consulting in the field of big data; Data processing; Database management; Auditing of legal bills; Consulting to review business efficiency of legal service providers; Consultancy relating to business efficiency; business consulting and management relating to supply chain services; Business consultancy services relating to disaster planning and recovery; Office functions; Information, consultancy and advisory services relating to all the foregoing services; retail services for computer and data security software; procurement services in the form of purchasing computer hardware and software for others; purchasing, procurement and sourcing services, namely, procuring and sourcing computers, computer hardware, computer software and components for electronic data storage centres for others; consulting services in the field of procuring and sourcing computers, computer hardware, computer software, and components for electronic data storage centres.

Class 37

Technical support services, namely, installation and troubleshooting of

computer hardware in the nature of installing and repairing cyber security hardware and platforms all in the field of cyber security; maintenance and repair of computer hardware.

Class 38

Telecommunications; transfer and dissemination via computer networks of information and data relating to computer network hardware and software; providing access to websites and online portals to enable information technology and networking equipment providers to monitor customer networks; providing information via local and global computer networks in the fields of telecommunications and telephony; broadcasting programs via computer networks; providing telephone conferencing services; electronic voice messaging, namely, the recording and subsequent transmission of voice messages; providing telecommunications services, namely, web conferencing services; Internet telephony services; providing facilities and equipment for video conferencing; teleconferencing and video conferencing services; video conferencing services; audio conferencing services; instant messaging; electronic mail and Voice over Internet Protocol (VOIP) communication services; transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; providing access and connections to the Internet, computer networks, computer databases and applications; streaming of audio, data, video, and images on the Internet; providing information via computer networks, about cable television broadcasting.

Class 41

Providing of training; entertainment; sporting and cultural activities; training in the use and operation of computer software, hardware, computer networks and platforms all in the field of cyber security; educational services, namely, conferences, training courses, testing, workshops, and distributing course materials in connection therewith, all in the fields of computer networking, broadband networks, computer systems, telecommunication systems, Internet protocol (IP) telephony, cable television systems, network security, and/or network storage.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer software consulting; developing customized software for others; computer services, namely designing and implementing cyber security and privacy requirements and protocols in information technology systems for others, testing electronic components, testing computer hardware and software, testing storage capacity of computer hard drives, testing of data storage centres for others; technical consulting services in the field of design, implementation, migration and maintenance of computer software in the areas of data warehousing, database management, data integration and data quality; technical consulting services in the field of evaluating, choosing, migrating, and implementing electronic data storage networks; information technology consulting services; maintenance of computer software relating to computer security and prevention of computer risks; planning, design and implementation of computer technologies for others; updating of computer software relating to computer security and prevention of computer risks; software as a service (SAAS) services featuring software for use in detecting, reporting, analyzing and eliminating cyber incidents, namely malware, unauthorized software and network attacks; software as a service (SAAS) services featuring software for use in identification, acquisition, storage, encryption, management, manipulation, analysis and reporting of security breach events of computer and computer network

data, metadata, data files, and information; software as a service (SAAS) services featuring software for use in secure cross-enterprise data collaboration, workflow auditing and reporting, data management and sharing, identity management, access control, and data backup and recovery in the field of cyber security; computer consultation in the field of computer security; computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; Scientific and technological services, namely, research and design in the field of cyber security systems; Computer security consulting services in the field of cyber security; platform as a service (PAAS) featuring computer software platforms used for monitoring industrial network security in the field of cyber security; consulting services in the field of testing and assessing networked devices for cyber security vulnerabilities and risks; computer consultation in the field of cyber security, namely, providing approvals that minimum security levels have been achieved in the field of cyber security vulnerability testing of networked devices; Technical support services, namely, installation, technical administration and troubleshooting of computer software in the field of cyber security; consulting and advisory services in the fields of computer and network security, data security and information technology security; computer, network and data security project management services for others in the field of setting up and configuring local area networks; computer project management services for others in the field of computer hardware, software and network security systems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems through the use of software; technical support services, namely, troubleshooting in the nature of diagnosing software, and network problems; computer security consultancy in the field of electronic data and networks; computer network and data security services, namely, computer network vulnerability assessments and penetration testing, computer network security review, computer network security policy assessment, web application security assessments, firewall rule review, domain password audits, social engineering assessments, wireless network security assessments, and payment card industry (PCI) hardware compliance review in the nature of testing and evaluating payment card industry hardware to ensure compliance with industry standards; managed security services, namely, providing technology information in the field of computer, server, and network security information, development of software for application security, data loss prevention, computer network vulnerability management in the nature of scanning and penetration testing of computers and networks to assess information security vulnerability, patch and hotfix management in the nature of updating and maintaining cloud-based computer software through patches and hotfix software updates; security incident investigation, response, and remediation services, namely, monitoring of computer systems for security purposes and responding to computer security incidents by notifying individuals of a changed status or condition of a sensing device in a security system via electronic message alerts; managed security services, namely, network and systems intrusion prevention and detection in the nature of monitoring of computer and network systems for security purposes, monitoring of computer security systems featuring next generation firewalls for security purposes, file integrity monitoring in the nature of monitoring of computer files for security purposes, security system monitoring, and social media website threat monitoring for security purposes.

cases; protective helmets; fireproof automobile racing suits for safety purposes; face-shields for protection against accidents, irradiation and fire; gloves for protection against accidents; balaclavas for protection against accidents, irradiation and fire; shoes for protection against accidents, irradiation and fire; boots for protection against accidents, irradiation and fire; protection devices for personal use against accidents; garments for protection against accidents, irradiation and fire; garments for protection against fire; CD-ROMs featuring car races and the history of automobile manufacturers; DVDs featuring car races and the history of automobile manufacturers; CD-ROMs featuring high-performance cars and automobiles; DVDs featuring high-performance cars and automobiles; downloadable image files; downloadable video files; electronic publications, downloadable; speed checking apparatus for vehicles; steering apparatus, automatic, for vehicles; automatic indicators of low pressure in vehicle tyres; voltage regulators for vehicles; milage recorders for vehicles; hands free kits for cellular phones; electric locks for vehicles; electronic keys for automobiles; control units of central locking systems for vehicles; navigation apparatus for vehicles [on-board computers]; electronic accumulators for vehicles; accumulators, electric, for vehicles; kilometer recorders for vehicles; vehicle radios; car televisions; remote control apparatus; starter cables for motors; thermostats for vehicles; vehicle breakdown warning triangles; air bag deactivation switches for automobiles; magnets; decorative magnets; lanyards especially adapted for holding cellular phones, MP3 players, cameras, video cameras, eyeglasses, sunglasses; cases especially made for photographic apparatus and instruments; cases adapted for CD players; cases adapted for DVD players; cases adapted for MP3 players.

Class 12

Automobiles; cars; racing cars; sports cars; motors, electric, for land vehicles; engines for land vehicles; vehicle seats; seat covers for vehicles; vehicle covers [shaped]; covers for vehicle steering wheels; covers for baggage compartments [parts of vehicles]; upholstery for vehicles; sun-blinds adapted for automobiles; head-rests for vehicle seats; arm rests for vehicle seats; ski carriers for cars; cigar lighters for automobiles; adhesive rubber patches for repairing inner tubes; repair outfits for inner tubes; luggage carriers for vehicles; direction signals for vehicles; automobile seat cushions; pneumatic tires; casings for pneumatic tires [tyres]; trailers [vehicles]; motor cars; bodies for vehicles; vehicle chassis; hoods for vehicles; vehicle bumpers; motors for land vehicles; driving motors for land vehicles; mudguards; rearview mirrors; steering wheels for vehicles; windows for vehicles; windscreens; brakes for vehicles; caps for vehicle petrol [gas] tanks; horns for vehicles; crankcases for land vehicle components, other than for engines; automobile wheels; rims for vehicle wheels; vehicle tires; automobile tires [tyres]; racing seats for automobiles; automobile sunroofs; tops for land vehicles; sun visors [parts of automobiles]; ashtrays [parts of automobiles]; glass-holders [parts of automobiles]; dashboard drawers [parts of automobiles]; dashboard hatches [parts of automobiles]; glove compartments [parts of automobiles]; glove boxes [parts of automobiles]; freewheels for land vehicles; windscreen wipers; bicycles; tricycles; kick sledges; sleighs [vehicles]; safety belts for vehicle seats; security harness for vehicle seats; air bags [safety devices for automobiles]; non-skid devices for vehicle tires; safety seats for children, for vehicles; anti-theft devices for vehicles; prams; covers for prams; carry cots [parts of prams]; pushchairs; pushchair covers; bags adapted for prams and pushchairs; fitted footmuffs for prams and pushchairs; parachutes; two-wheeled trolleys; ski lifts; golf buggies; push scooters [vehicles].

Class 16

Bibs of paper; boxes of paper or cardboard; containers made of paper; cardboard containers; coasters of paper; paper towels; table linen of paper; shelf paper; table napkins of paper; tablemats of paper; covers of paper for flower pots; table decorations of paper; food decorations of cardboard; place mats of paper; table cloths of paper; handkerchiefs of paper; kitchen rolls [paper]; place cards; packing cardboard containers; industrial packaging containers of paper; cream containers of paper; printed paper signs; wrapping paper; brochures; posters; calendars; catalogues; magazines [periodicals]; yearbooks; books; booklets; periodicals; manuals; directories [printed matter]; newsletters; printed guides; graphic representations; graphic reproductions; souvenir cards; visiting cards; postcards; paper badges; card holders [office requisites] of paper and cardboard; passport holders; pamphlets; leaflets; photographs [printed]; photographic albums; photograph stands; covers for photographic albums; albums; stickers [stationery]; albums for stickers; colouring cards for children; painting sets for children; bookmarkers; pens; felt-tip pens; pencils; pastels [crayons]; boxes for pens; boxes for pencils; pen cases; pencil cases; stands for pens; stands for pencils; covers [stationery]; paper ribbons; gift boxes; document files [stationery]; desk pads; desktop organizers; exercise books; notebooks; note pads; writing paper; drawing paper; sealing wax; paper sheets for note taking; diaries and agendas; desk diaries; covers for agendas; cases of leather for agendas; covers for address booklets; covers for albums; covers for books; folders [stationery]; labels of paper and cardboard; adhesive labels of paper and cardboard; paperweights; pencil sharpeners, electric or non-electric; paper cutters [office requisites]; correspondence holders; adhesives [glues] for stationery or household purposes; paintings [pictures], framed or unframed; pictures; portraits; non-magnetic subway tickets; figurines [statuettes] of papier mâché; scrapbooks; fountain pens; ballpoint pens; roller-tip pens; writing pens; penholders; pencil holders; cube-shaped notebooks; weekly planners [stationery]; drawing books; adhesive bands for stationery or household purposes; adhesive tape dispensers [office requisites]; adhesive tapes for stationery or household purposes; rubber erasers; erasers; cases of leather for weekly planners; leather clipboards; plastic shopping bags; paper shopping bags; bags [envelopes, pouches] of paper or plastics, for packaging; placards of paper or cardboard; paper banners; paper standards [flags]; pennants made of paper; flags of paper; pennons made of paper; passes made of paper; cigar bands; tickets; passenger tickets; paper ticket holders; non-magnetically encoded passes and identification cards made of paper for access to a restricted area; decalcomanias; transfers [decalcomanias]; commemorative stamps; stamps for collectors.

Class 18

Boxes of leather or leatherboard; cases, of leather or leatherboard; key cases; leather key cases; leather address hang-tags; document cases; backpacks; knapsacks; haversacks; bags for sports; beach bags; attaché cases; card cases [notecases]; leather credit card cases; travelling sets [leatherware]; bags; handbags; shoulder bags; travelling bags [leatherware]; cosmetic bags sold empty; clutch bags; holdalls; bags [envelopes, pouches] of leather, for packaging; pocket wallets; purses; school bags; school satchels; school backpacks; trolley-type school backpacks; shopping bags of leather, textile or net; shopper bags; shopping bags; sling bags for carrying infants; slings for carrying infants; nappy bags; suitcase handles; suitcases; tote bags; trunks and valises; travelling trunks; luggage; vanity cases, not fitted; duffel bags; travelling bags; trolley duffles; trolley-type suitcases; waist bags; Boston bags; briefcases; garment bags for travel; garment carriers; garment carriers for suits and dresses; rucksacks; satchels; clothing for pets; collars for pets; bags for carrying animals; leather leashes; shoulder belts [straps] of leather, girths of leather;

chin straps, of leather; straps for luggage; leather laces; leather straps; leather thread; shoulder straps; girths of imitation leather; trimmings of leather for furniture; furniture coverings of leather; packaging containers of leather; leather and imitation leather; rawhide and leather; skins and hides; moleskin [imitation of leather]; fur; skins of chamois, other than for cleaning purposes; mountaineering sticks; alpenstocks; golf umbrellas; umbrella covers; umbrellas; parasols; walking sticks.

Class 25

Jackets [clothing]; ski jackets; wind-resistant jackets; overcoats; coats; dust coats; raincoats; cardigans; pullovers; shirts; tee-shirts; polo shirts; sport shirts; blouses; sweatshirts; sweaters; jerseys [clothing]; sports jerseys; trousers; shorts; Bermuda shorts; jeans; skirts; overalls; jogging suits; training suits; track suits; automobile racing suits not in the nature of protective clothing; suits; dresses; singlets; braces [suspenders]; wristbands [clothing]; aprons [clothing]; combinations [clothing]; clothing for gymnastics; leggings [leg warmers]; leggings [trousers]; shawls; sashes for wear; money belts [clothing]; pockets for clothing; collars [clothing]; girdles; ready-made clothing; rainwear; waterproof clothing; golf clothing, other than gloves; motorists' clothing; ski clothing; ski suits; snowsuits; body warmers; knee warmers [clothing]; knitwear [clothing]; sweat bands; gaiters; gaiter straps; pocket squares; beach clothes; bathing suits; bathing caps; swimming costumes; bathing drawers; bathing trunks; bikinis; bath robes; underwear; slips [undergarments]; pyjamas; dressing gowns; nightgowns; clothing for children; babies' clothing; babies' overalls; baby bibs, not of paper; children's and infants' cloth bibs; bibs, not of paper; romper suits for children; romper suits for babies; rompers; layettes [clothing]; baby sleepwear; footmuffs, not electrically heated; socks; stockings; tights; hosiery; shoes; sports shoes; gymnastic shoes; sneakers; slippers; mules; sandals; boots; footwear for sports; ski boots; after ski boots; ski boot bags; flip-flops; clogs; bath sandals; bath slippers; soles for footwear; footwear uppers; fittings of metal for footwear; inner soles; tips for footwear; heelpieces for footwear; heels; non-slipping devices for footwear; welts for footwear; shoe straps; shoe inserts for non-orthopedic purposes; toe caps [parts of footwear]; tongues or pullstraps for shoes and boots; overshoes; galoshes; neckwear; scarves; bandanas [neckerchiefs]; foulards [clothing]; neckties; gloves [clothing]; driving gloves; ski gloves; belts [clothing]; muffs [clothing]; mittens; fur stoles; caps [headwear]; hats; cap peaks; visors [headwear]; berets; headbands [clothing]; hoods [clothing]; shower caps; sleep masks; balaclavas; helmet liners [headwear]; sun visors [headwear]; ear muffs [clothing].

Class 28

Amusement apparatus adapted for use with an external display screen or monitor; apparatus for games adapted for use with an external display screen or monitor; video game machines for use with televisions; video game machines; gaming apparatus adapted for use with television receivers; apparatus for games; amusement machines, automatic and coin-operated; amusement machines, other than those adapted for use with television sets and with an external display screen or monitor; pocket-sized apparatus for playing video games; pocket-sized video games; pocket-sized electronic games; hand-held video games; portable electronic games; portable electronic toys; hand-held units for playing video games; stand alone video game machines; computer game equipment; electronic games consoles adapted for use with an external display screen or monitor; controllers for game consoles; joysticks for video games; bags specially adapted for hand-held video game apparatus; bags specially adapted for video game consoles; amusement apparatus adapted for use with an external display screen or monitor to be used in amusement parks; apparatus for playing video games; scale model vehicles; scale model cars;

scale model racing cars; scale model racing vehicles; racing car model silhouettes (toys); toy full-size car replicas; toy full-size vehicle replicas; toy full-size steering wheel replicas; scale models of resin featuring racing scenes [playthings]; scale model drivers; scale model pit crews; toy models; vehicle construction toys; toy vehicle trucks; toy vehicles; toy racing cars tracks; toy steering wheels; pull-along toy vehicles; toy trucks with cars; non-motorised toy pedal karts for kids [playthings]; ride-on toys; ride-on toy cars for children in pedal version or working with batteries; toy cars for children in pedal version or working with batteries; ride-on toy vehicles, electric, reproducing the original models; toy go-karts for children in pedal version or working with batteries; tricycles for infants [toys]; race pit-stops [toys]; race tracks [toys]; toy trucks; toy trailers for transporting cars; radio-controlled toy vehicles; radio-controlled toy cars; toy gasoline service stations; toy car garages; toy car showrooms; toy telephones; plush toys; toy plush steering wheels; teddy bears; playing cards; toys designed to be attached to car seats; padded toys for seatbelts; streetboards; ankle guards [sports articles]; ankle pads for sports use; ankle guards for skating; ankle pads for skating; push scooters [toys]; golf bag carts; toy lanyards.

The following claim is made in the International Registration: Colour(s)
claimed: Blue: Pantone 661 C and red: Pantone 185 C.

Class 07

Machine tools; motors and engines (other than for land vehicles); machine couplings and transmissions components (except motors and engines for land vehicles); stand-alone or mobile electricity generators; wind turbine or underwater turbine electricity generators; turbines for energy production; alternators for energy production; turbines for wind turbines; wind turbine motors and engines; robots (machines); airborne wind turbines, wind turbines; underwater turbine generators; electricity generators; blades for wind turbines, wind turbine rotors or underwater turbine rotors; energy production modules [machines]; wind and hydroelectric turbines for generating electricity by converting wind, water temperature, wave movement and water current into electricity; equipment for the generation of energy, namely wind turbine equipment, underwater turbine equipment and equipment using the thermal power of the sea and producing electrical energy from wind, underwater or thermal forces.

Class 09

Apparatus and instruments, namely, downloadable computer software and computer hardware for the computer-assisted design of ships, wind turbines, underwater turbines, equipment, installations or modules for the generation of energy and electricity generation systems; electric systems and circuits for producing and distributing electricity for installations or modules for generating energy and for electricity power plants; acoustic, electronic and electromagnetic apparatus and instruments for power plants; scientific (other than for medical use), nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; apparatus for non-medical analysis; apparatus and instruments for

detection, data collection, testing, recording, interpreting, signalling, simulation, reproduction, processing, transmission, visualization of sound and images, optoelectronic apparatus and instruments; apparatus and instruments, namely, computer hardware for classification; calculators, consoles for use with computers, consoles for use with control apparatus, consoles for use with data processing apparatus, consoles for use with monitoring apparatus, distribution consoles [electricity], process control operator consoles, computers, software or recorded computer programs, software packages, magnetic interfaces for computers and data media, namely, CDs and USB flash drives featuring energy production data, computer interfaces, data media; magnetic data media; data processing devices, namely augmented reality devices, data processing apparatus or equipment, computer peripheral devices; electric batteries; study and training simulators; radar apparatus, sonars; simulators, namely cabins reproducing simulation environments, means for immersion (cabins, platforms, walkways), means for reproduction of all or part of premises with their functional, environmental, visual and dynamic aspects (cabin on motion); software for the simulation of platform control; software reproducing the movement of platforms and hardware environment; software for the simulation of the environment and equipment used by surface buildings, underwater power generation modules, wind turbines, underwater turbines, installations or modules for the production of energy and electricity production systems taking into account physical phenomena connected to the environment (electromagnetic propagation, acoustic propagation, thermodynamics, restitution of the visual and acoustic environment); tools (software) for the modeling of equipment for controlling platform installations in the field of propulsion systems, electricity stations and civil installation safety; on-board dynamic control equipment, namely, computer hardware for naval platforms; computer programs and software in the field of hydrodynamics, fluid mechanics, automated systems and optimization; electrical devices for use in dynamic positioning; electronic control devices for motion control of wind turbines, underwater turbines, installations or modules for the generation of energy; measuring apparatus, devices and instruments or test benches for use in the laboratory or real life; energy converters in the nature of electric power converters activated by the movement of the sea, wind, or water temperature; energy sensors; switches; sensors, namely, devices and apparatus for capturing information; signal sensors; apparatus and instruments for encryption; electric converters.

Class 11

Refrigerating and air conditioning installations using thermal power from the sea, namely the difference in temperature between surface water and deep water; heat exchangers other than parts of machines.

Class 37

Shipbuilding; repair and maintenance of wind turbines, underwater turbines, equipment, installations or modules for the production of energy, electricity power generators and electricity production systems; installation of wind turbines, underwater turbines, equipment, installations or modules for the production of energy, electricity power generators and electricity production systems; assembly and maintenance of systems and components mounted on platforms; assembly and maintenance of wind turbines, underwater turbines, equipment, installations or modules for the production of energy, electricity power generators and electricity production systems; installation, repair and maintenance of scientific and electrical apparatus and instruments, apparatus and instruments for conducting, distributing, transforming, accumulating, regulating and

controlling electricity and underwater or non-underwater modules for producing energy.

Class 40

Energy production services; processing and transformation of energy; production of electrical energy from renewable sources; production of electricity using wave energy, wind energy, water energy, ocean wave energy, sea temperature or solar energy; rental of equipment for energy production; information and advisory services relating to energy production; information and advisory services relating to the generation of electricity using wave energy, wind energy, ocean wave energy or solar energy; information and advisory services relating to the generation of energy from sea temperature.

Class 42

Engineering work, such as research and development (for others); research in the field of the use of natural energy and the design and development of new products relating thereto (for others); evaluation of the goods and services of others for the purpose of certification, namely evaluation of power production systems to assure compliance with industry standards and technical advice related thereto; technical project studies; design of wind turbines, underwater turbines, equipment, installations or modules for the production of energy and electricity production systems; naval architecture; scientific and technological services, as well as research, design and development services, especially in the naval and civilian fields, as well as in the field of energy; industrial analysis and research in the fields of scientific, nautical, electric, electronic and computer apparatus, as well as in the naval, civilian and energy fields; quality evaluations, quality assessments and research in the fields of science and technology provided by engineers; software design, development, installation, maintenance, updating or rental; programming for computers, memory cards, electronic cards and for databases or networks; conversion of computer programs and data (other than physical conversion); conversion of documents from a physical medium to an electronic medium; design and development of software in the fields of engineering, naval architecture, simulation software and power plants; maintenance of the operational condition of computer software systems in the field of personnel practice and training in the naval, civilian and energy fields; creation (design), development, updating and maintenance of software for aerodynamics, hydrodynamics and improved multidisciplinary design; computer programming and design and development of computer databases for use in the field of hydrodynamics; evaluation of the services of others for the purpose of certification, namely, evaluation of engineering services in the fields of onboard measuring of electrical energy, the laws of control of ship navigation and digital simulation of naval vessels in motion to assure compliance with industry standards; technical inspection of naval or underwater structures, underwater power generation modules, wind turbines, underwater turbines, equipment, installations or modules for the production of energy and electricity production systems.
