REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Class 06

Metal enclosures; metal enclosures for electrical, electronic, telecommunications, and computer systems and equipment; steel cable trays; metallic plugs for use in closing holes in enclosures; metal handles for enclosures; stainless steel vent drains for enclosures; metal supports, metal cable supports, metal fasteners, metal pipes, metal connectors, metal clips, metal nuts, metal low voltage mounts, metal struts, metal hangers, metal rods, metal cable positioners, metal cable organizers, metal cable attachments, metal sleeves, metallic pipe sleeves; metal clamps, metal brackets, metal chains, metal hooks, metal cantilevers, metal bracing, metal concrete inserts; powdered and granular metal and metal alloys; metal items for use in building and construction; metal materials for building and construction; non-electrical cables and wires made of metal; small items of metal hardware; pipes and tubes made of metal, steel, stainless steel, and iron; metal pipeline attachments; metal pipeline reinforcement material; metal pipe clamps; parts and fitting, made of metal, for metal wires and pipes; insulated metallic sheaths; metal alloys; castings of copper, zinc, nickel, and titanium alloys; shape-memory metal alloys; shape-memory alloy and metallic couplers; copper alloy, zinc alloy, nickel alloy, and titanium alloy ingots; iron wires; metallic hard-wired connectors for heating cables; pipe fittings, namely, junctions, made of metal; semi-finished articles of titanium; vanadium; transportable buildings of metal; materials of metal for railway tracks; safes; unwrought and partly wrought common metals and their alloys; rolled and cast building materials, rails of metal for railway tracks; steel balls, horseshoes, nails, screws, ducts, bars, strips, cover plates, pin and body, made of common metals and their alloys; coupling sleeves, joints, fittings, pipe parts, hinges, mounting hardware, cleats, spare cleats, stops, closures, made of metal; prefabricated ground mats, made of wire mesh; metal clad thermal insulated panels for storage tanks.

Class 07

Machines for threading, wedge driving, and wire tying; grinders, drills, grinding tools, hydraulic actuators, hydraulic shears, electric saws, punchers [machines], benders; machines and apparatus for the installation, winding, attaching, splicing, and terminating of wires, cables, and optical fibers; fuel pumps and parts and fittings for the aforesaid goods; parts and fittings for engines; machines and machine tools; motors and engines, other than for land vehicles; machine coupling and transmission components, other than for land vehicles; agricultural implements; incubators for eggs; soldering irons.

Class 08

Hand tools, implements, and appliances used in the installation of wires, cables, electric cables, electric wires, pre-assembled wire and cable units, and thermo-electric elements; hand-operated cable handling devices; tools for stripping wires; wrenches, strippers, terminal crimpers [hand-operated tools], straighteners, benders, riveters, lifting jacks, spanners, levers, pincers, pliers, clippers, nippers, and hammers for use in the

installation of wires and cables; in-line splice kit for heating cables comprising manually operated wire and braid crimpers and clamp ties; splice and tee kits for heating trace cable, comprising manually operated wire and braid crimpers and clamp ties; hand-operated shears; hand-operated ground rod drivers.

Class 09

Communications and server cabinets; electrical and electronic equipment enclosures; enclosures for electrical, electronic equipment and industrial controls equipment for use in hazardous locations; electrical, electronic equipment enclosures and industrial controls equipment enclosures, made of fiberglass; cases and cabinets for electrical and electronic equipment; protective racks and enclosures for use in housing electrical, electronic, computer, and telecommunications equipment; junction boxes; pendant and suspension arms for mounting and positioning terminals, monitors, keyboards, mice, touch screens, control panels and control enclosures; rack mount boxes, mounting plates, and mounting racks for mounting plug-in components; subracks and cases for mounting plug-in electrical, electronic, and industrial components, and kits containing parts for assembling the foregoing subracks and cases; electrical plug connections; multiple plugs; current distributor rails; signaling lamps; luminous diodes; fuses; fuse holders; test sockets; switches; potentiometers; transformers; circuit boards; installations for electrical and electronic laboratories, namely, laboratory trolleys, laboratory tables, tables with measuring instruments, and switch boards; computer software for use in the engineering and design of heat tracing systems and heat management systems; computer software for designing and implementing heat loss management systems for piping installations; distance and vibration sensor system comprising sensors, electronics, computer hardware, and computer software; electric and electronic cable sensing and measuring units; controllers for floor heating systems, namely, programmable thermostats; electric wires and cables; mineral insulated electric wires and cables; electric conductors and resistance wires; mineral insulated electric conductors and resistance wires; electrical fittings and parts for electric wires and cables, namely, terminal fittings, terminal plates, terminal boxes, junction boxes, terminal lugs, end sleeves, seals, pots, glands, and connectors; preassembled electric wire and cable assemblies; mineral insulated thermocouples, terminators for sealing mineral insulated thermocouples, and parts and fittings therefor; optical and electrical cable for use in equipment for sensing and measuring temperature; computer software for use in determining the amount and type of cable needed to complete a project; electrical connectors for use in the installation of temperature maintenance systems; self-regulating electric heating cables for floor-warming; computer software for use in calculating heat lost from liquid storage tanks; connection, sealing, and control systems for electrical heating cables, namely, junction boxes, splice covers, end seals, tee splices, thermostats, and electrical power controls; temperature control and monitoring units for electric heat tracing; conduits for electrical cables; organizers for cable, wire, electrical cable and electrical wire, namely, cable trays, cable ties, J-hooks, U-hooks, cable struts, wire ties, wiring ducts, cable trapezes, cable ducts, cable raceways, wire raceways, spacers, grippers, supports, and grommets; retainers and supports all adapted for use with electrical conduits; electrical distribution box assemblies; electrical plug boxes; telecommunications cabling and connection apparatus therefor, namely, cable and wire organizers, trays, hangers, and supports; data communication cabling and fittings therefor, namely, organizers, hangers, supports, and distributors; electrical apparatus for office use, namely, trunking for electrical telecommunication cabling; electrical ducting; outlets and sockets for electrical installation; electrical outlet assemblies; mounting plates and brackets for electrical outlet boxes

and electrical outlet assemblies; electrical box mounting plates, clips, clamps, and brackets sold as a unit; electrical conduits; electrical cable clips and supports; electric wire and cable bundle hangers for electrical telecommunication cable installations; electric cable and wire support systems comprising support brackets, clips, retaining straps, double J-hooks and U-hooks, wire retainers, protection tubes, strut support plates, and adjustable cable clips; flexible electrical conduit and cable hangers for electrical telecommunication cable installation; snap-in electric cable and flexible electric conduit supports, namely, clips, clamps, brackets, and hangers; underfloor electrical wiring supports and organizers; electrical conduit trapeze systems comprising conduit trapezes; holders of arc welding electrode for laboratory research; earthing clamps and cable connectors; electric rail bonds, braids, jumpers, shunts, cables, strips, straps, bus bar panels and panel connectors, surge arrester panels, panel blocks and panel terminations and connections, primary and secondary surge protectors and terminations and connectors, cable and tube lugs, electrical connectors, rigid and flexible bus bar, bonding and grounding grids; static ground systems and apparatus with ground bars, ground plates, and ground mesh, and connected ground terminations and wells; insulated electrical connectors; electrical shielding for cables, cable assemblies, bus bars and connections, air and water cooled electric cables and bus bar, electric furnace cable, terminals, clamps and pads, bus tubes, delta electric connectors, cable testers, bus bar supports and spacers, chemical electrodes, earthing rods and anchors, earthing clamps and connections, compression electrical connections, electrical and electronic management, control, supervision or display apparatus for use in railway systems namely rail track connector bond kit with bootleg and jumper bonds; electrical strands, plug bonds, contact rail power feeds and splices, for use on railway systems; electrical conductors, namely service conduit, service posts, service post connectors, electrical pole line connectors and anchors, cathodic protection leads, connections, and conductors; electric cable and wire trays and trunking for electrical installations; electric cable trays; electric cable struts; cable markers; retainers, supports, troughs, and trays, all adapted for use with or as electrical conduits; electrical box mounting plates and brackets; electrical wire and cable protectors, electrical conduit supports and clips; electric wire and cable bundle hangers, organizers, and supports; signal reference electric grid wire and cable supports and organizers, electrical conduit trapeze systems; lightning protection devices namely, conductors, down conductors, air terminals, bases, connectors, fasteners, terminations, leader triggering air terminals, support masts, electrodes, pigtails, ground wells, and ground electrical enhancement material; antenna and consoles for lightning warning systems; transient earth clamps; surge protectors; overvoltage protectors; voltage surge protectors; cathodic surge protectors; pipeline potential clamp surge protectors; electrical devices installed in power distribution panels, namely surge protection device and transient voltage surge suppressor; electrical conductors, namely surge counters, surge reduction filters, transient discriminating surge reduction filters, shunt diverter modules, surge diverter modules, surge filter modules, transient discriminating suppressor modules, transient discriminating protectors, network protectors, joint protectors, power line filters, gas discharge tubes, gas arresters, quarter wave stub protectors, coaxial stub protectors, coaxial surge protectors, test units, DCAC inverters and DC-DC converters, and computers and computer software for use in the design and installation of lightning detection and protection apparatus; electrical apparatus and instruments, wire, and cable, all for use in heating; thermostats; materials for conducting electricity; splices and splice cases, sleeves, sheaths and conduits, junctions, fastening devices all for electrical purposes; plugs, terminals, and sockets; splices, tees, and electric terminals for electric heating cables and electric sensing cables; fiber optic

cables; bare wires; power cables; coaxial cables; temperature control and system monitoring apparatus; communication and data transmission apparatus; scanning microprocessors for checking electrical equipment; heat resistant electric tracing cables and electric heat tracing apparatus; apparatus for electrical heat tracing; power distribution panels; transformers; electrical connectors; electrical resistance coils and materials; materials for magnetic and electrical screening purposes; electrical, telegraphic, and telecommunications apparatus and instruments; self-regulating fiber-wrap temperature maintenance cables; scientific and electrical apparatus, computers, electronic apparatus and instruments, all for the storage, processing, handling or retrieval of data and for converting digital values into graphic information; visual projection units; data processing units; magnetic cards, magnetic disks, magnetic tape, magnetic wires, and integrated circuits; computer program to calculate heat loss in pipes; electrical and optical temperature sensors for heating cable systems; electrical and optical heating cable system controllers; electrical and optical sensors for control of heating cable systems; control systems for heating cable systems and insulation systems; computer software for heat tracing; optical fibers and cables made from optical fibers, and electrical connectors, splitters, couplers, and junctions therefor; apparatus and instruments for measuring, signaling, checking, detecting, and locating purposes; alarms; electricity distribution boxes and panels for heating cables; electricity controlling boards and panels for heating cables; stabilized voltage and low voltage power supplies for heating cables; electronic controllers and monitors for heating cables and wires; terminal fittings for electrical cables; electrical components for floor heating systems, namely, thermostats, voltage regulators, ground fault circuit interrupter, electrical receptacles, and electrical fault indicators; electrical controls for electric radiant heaters; fluid sensing devices; electric sensing cable for conductive fluids; circuit breakers; signal cables; electrical wire and cable harnesses; apparatus and cable for sensing and locating electrically conductive events; accessories for the installation of electrical wires and conductors, namely, terminal lugs and sleeves and connectors; apparatus for electrical heat tracing with plug-in ground fault equipment protection device, manually operated braid crimp and wire crimps, non-metal heat shrinkable tubes, non-metal clamp ties, plastic labels, cloth adhesive tapes, non-metal mastic strips, and non-metal end seals; power distribution and control apparatus, rotary converters, phase modifiers, batteries and cells; electric and magnetic meters and testers; computer programs; electric wires and cables made of metal; cassettes; heat-shrink caps for electric wires and cables; low-voltage humidity control devices; power connectors; heat tracing apparatus; non-metallic electrical wire and cable protectors.

Class 11

Outdoor wall mount enclosures adapted for use with cooling apparatus; heat exchangers used to remove heat from enclosures that house electronic or electrical equipment; fluorescent and LED electric lighting fixtures for use inside enclosures, and accessories therefor; air conditioners; thermal management systems comprised of air conditioners, heat exchangers, liquid chillers, fans, blowers, and other air moving devices to remove heat, humidity, and airborne contaminants from enclosures that house electrical, electronic, computer, and telecommunications equipment, and speed controllers for controlling the foregoing, temperature and humidity sensors, and alarms to signify abnormal temperatures and humidity, all sold as a unit; low-voltage humidity removal devices and thermoelectric dehumidifiers for electrical enclosures; protective metal and composite enclosures for heating and ventilating equipment; protective enclosures in the nature of metal composite boxes for heating and ventilating equipment; installation kits for heating cable, comprising of electrical

heating cable having self-regulating characteristics; heating cables; electrical heating cables; electrical heating apparatus; electrical heating wires; electrical heating elements; electrical heating mats; electrical heating pads; floor warming devices; floor warming system comprising heating mesh mats and heating cables, all sold as a unit; floor warming system comprised of electric heating cables and mesh mats, all sold as a unit; underfloor heating systems and apparatus namely, electric heating cables with temperature controllers; underfloor heating mats; underfloor heating pads; hot water space heating apparatus for floor warming; electric floor warming devices; electrical heating cables to protect pipes, roofs, gutters, gutter downspouts, driveways, sidewalks, and parking lots from freezing; heating elements and cables used for de-icing, anti-icing, and snow melting; electric de-icing and anti-icing heaters; pavement heating apparatus; electrical heating cables for melting snow and ice on roofs, gutters, gutter downspouts, driveways, sidewalks, and parking lots; heating elements, namely, electric heating cable for environmental heating; pre-assembled heating cable assemblies; self-regulating heater; self-regulating electrical heating tape to protect pipes from freezing; self-regulating heaters for domestic hot water; self-limiting electrical heater system primarily for pipes, tubing and system components and installation kits therefor, namely, self-limiting electrical heating strips; self-regulating heater elements for melting snow and ice; self-regulating heating systems for freeze protection and temperature maintenance, consisting of electrical heaters, polymeric heating strips, and electrical heating cable; heating cables; heating elements, and parts and fittings therefor; household electric heating apparatus; self-limiting electrical heater systems for freeze protection and temperature maintenance, comprising self-limited heating strips and connection devices; heating cable system consisting of electrical heating apparatus for temperature maintenance of hot water pipes and self-regulating heating cable system, consisting of electrical heating apparatus for hot water pipes; crucibles, pouring basins, runners, and taps for containing exothermic reactions and for containing, directing, and forming molten metal as parts of a refractory furnace; dryers for heating and dehumidifying; installation and apparatus for heating and parts and fittings therefor; radiators; electric radiant heaters; household electrical heating appliances; apparatus for heating, refrigerating, drying, and ventilating purposes; heating systems and system components and related accessories for controlling and transferring heat to and from fluid containment equipment and walking, architectural, and structural surfaces; heating apparatus employing steam, namely, steam pipes and tubes; heating apparatus employing hot fluids, namely, fluid pipes and tubes; electrically heated apparatus consisting of tubing bundles; temperature controllers [valves], parts and fitting for use in steam heating systems and hot fluid heating systems; heating plates; mounting clamps, mounting brackets, and adaptors for use with heating cables; steam heating equipment, hot water heating equipment, apparatus for space heating, water heaters, heating radiators, heating furnaces, hearths, fire pots, petroleum stoves, gas stoves, coal stoves; parts of heating systems, namely, self-regulating crankcase heaters for use in connection with compressors for air conditioners, heat pumps, air chillers, and refrigeration systems; hand-held electrical heater guns; heating apparatus; electrical heating elements, strips, tapes, wrappings, and laggings; electric heaters; electric heating cable systems for use in de-icing and snow melting; electric heating cables; underfloor heating apparatus and underfloor heating installations; coils for heating; cables and connectors for heating; domestic and commercial heating appliances; electric heating apparatus; electrical heating wires, elements, pads, and mats.

Non-metallic sealing plugs made primarily from rubber or plastic for use in closing openings in enclosures; non-metallic insulating cladding panels for storage tanks; sealing kits for power connection and end sealing, consisting of joint sealants and fiberglass electrical insulating tape; electrically heated strips, tapes, wrapping, and laggings, for insulating purposes; insulators; insulating materials; electric insulators; electrical insulating fabric products and electrical insulating paper products; compound materials for electrical insulation; electrical insulating mica products; insulating materials for tanks and vessels; rubber; synthetic rubber; plastic; plastic semi-worked products; plastics in extruded form for use in manufacture; non-metallic hose; pipeline gaskets, pipeline attachment liners [insulators], and non-metallic pipe sockets; rubber; adhesive tapes for electrical insulating purposes and insulating tape; insulators for electric cables, electric power networks, and electric wires; insulation coatings; rubber, synthetic rubber, and plastic materials, tubing, sleeving, and pipes, all for insulating and protecting purposes; thermally insulated pipes made of plastic; duct tapes, electrical insulating tape and pipe joint tape; self-adhesive tapes, other than for stationery, household or medical purposes; tapes for attaching cable to pipe; adhesive fiberglass filament tapes for industrial use; pipes, tubes, cases, and cuffs, all being insulating materials and protective substances against thermal, mechanical, chemical, and corrosive conditioning; materials in the form of sheets, tubing, sleeves, and strips consisting wholly or partly of natural or synthetic rubber or plastic; packing and stopping materials; flexible pipes, not made of metal; heat shrinkable plastic tubing, molded parts, sleeves, wraps, and coatings for insulation, protection, joining, sealing, and splicing of pipes, cable joints, and electrical connections; insulating materials, namely, straps, bands, taping, sheets, sleeveings, wrappings, filaments, and coatings, adapted for use with electrical heating articles, made wholly or mainly from rubber, synthetic rubber, or plastic, for insulating, protecting, connecting, closing, or splicing or for use in assembling and fitting of electrical, telegraphic, and telecommunications apparatus and instruments and of wires and cables; plastic pipes and tubes; insulating oils; insulating paints; carbon fibers, other than for textile use, for electromechanical appliances; electrical insulating duct products; rubber pipe, tubes, and rods; polymer pipes and parts moulded with heat; plastic tubing and coatings with heat shrunk sleeves; plastic pipe couplings; materials in the form of sheets, rods, tubing, sleeves, blocks, strips, filaments, and shaped sections and articles made therefrom, all made of rubber, synthetic rubber, or plastics; irradiated tubing and sleeving, made of rubber, synthetic rubber, or plastics; sleeving, tubing, wrappings, sheets, and gel-type tape, all made wholly or principally of rubber, synthetic rubber, or plastic, for use in insulation, protection, jointing, sealing, or splicing of electrical cable, electrical connections, cable joints, pipes, and tubing; sealing materials; insulating gel material for environmental protection of electrical cable, cable connectors, splice enclosures, electrical terminations, plugs, junction boxes, sockets, and electrical plant cable and equipment; heat recoverable polymeric tubing; heat shrink tubes of rubber.

Class 19

Non-metallic vent drains for use in enclosures; protective non-metallic enclosures; non-metallic building materials.

Class 20

Cable managers, namely, non-metal cable clips; network cable management systems, namely, non-electric cable couplings of non-metallic materials for organizing and holding fiber optic and similar cable and wiring; metal protective cabinets for housing electrical, electronic, telecommunication and computer components and equipment in the data

communication field; non-metallic electrical wire and cable protectors; non-metallic electric wire and cable bundle hangers for organizing, spacing, and distributing wire and cable; non-metallic organizers, namely, hangers, trays, clips, and brackets used for supporting, spacing, and organizing wire and cable, and non-metallic supports, namely, brackets for use in supporting, hanging, and distributing electric wire and cable; sash pulleys, not of metal and cable grips of non-metallic materials; non-metallic supports, namely, pipe and conduit support sleeves of plastic, non-metallic shelf brackets, and non-metallic concrete shelf inserts; heat shrinkable end caps of plastic for cables; plastic labels for identifying heat tracing locations; cable ties; plastic washers; cable splices made of plastic.

Class 37

Construction, installation, repair, and maintenance of electrical heat tracing systems and equipment, heating systems and equipment, insulation systems and equipment, and systems and equipment for use in controlling and transferring heat to and from fluid containment equipment and to and from walking, architectural, and structural surfaces.

Class 39

Expedited delivery services, featuring delivery to customers of custom-ordered and modified cabinets, boxes, and enclosures for use in housing electrical, electronic, computer, technical, industrial, telecommunications, and other equipment.

Class 42

Computer aided design for others in the fields of heating, heat tracing, heat transfer, and insulation; providing on-line, non-downloadable, web-based application software for designing heating cable systems and equipment, heat tracing systems and equipment; design and development of heating systems and equipment, insulation systems and equipment, and systems and equipment for use in controlling and transferring heat to and from fluid containment equipment and to and from walking, architectural, and structural surfaces.

Class 35

Business management assistance; business management consulting; business appraisals; business information and inquiries; business research and investigations; commercial business appraisals; commercial business management; market research and study; public relations, namely, provision of contact with a network of experts; drafting of performance plans and action plans in the commercial field; sales promotion for others; real estate sales promotion for others; advertising; dissemination of advertisements and advertising material (tracts, prospectuses, printed matter, samples); rental of advertising space; publication of advertising texts; advertising services via sponsorship of media events; organization of exhibitions for commercial or advertising purposes; management of direct marketing campaigns; outdoor advertising; updating of advertising material; verification of accounts [auditing]; drawing up of statements of accounts; accounting; administrative management of subsidiaries; administrative management of corporate shares and other types of shares in other companies; administrative management of real property; administrative management of housing estates, lodgings, premises and buildings for commercial use, warehouses, production buildings, logistics buildings, shopping centers; administrative management of sports centers and complexes, residences with sports facilities, health clubs, leisure centers and complexes, leisure residences, holiday resorts, holiday homes and camps, holiday villages, temporary accommodation, hotels, residential hotels, hotel chains and student residences; administrative management of building projects; administrative management of new or rehabilitative real-estate programs; administrative management of building occupancy expenses; administrative management of exhibition halls and premises; preparation of files for the procurement of building permits or any other administrative authorization necessary for carrying out works in the field of real estate; reprographic service; secretarial service; office functions; aid in recruitment services; personnel administration; wage payroll preparation; real estate accounting management; computer file management; all the aforementioned services not concerning the banking sector.

Class 36

Real estate affairs; financial affairs; insurance services; financial and profitability analyses with a view to acquiring a holding in all kinds of companies; raising and investing capital; equity participation in all financial, industrial, commercial, securities trading or real estate companies or organizations that have been created or will be created; raising and investment of capital; financial, securities and real estate portfolio management; investment in shareholders' equity; activities in connection with venture capital, private equity and growth capital; financial engineering; financial management of corporate shares and shares held in other companies; consultancy relating to real estate, fiscal, financial and insurance matters; advice and information on fiscal, financial, real estate and insurance matters; real estate investment advice; advice on renting of real property; consultancy relating to wealth management; financial feasibility study for real estate projects; financing services; credit services; real estate credit services; simulation of credit; rent and fee collection; bail bond services; guarantee services for unpaid rent, deterioration of real estate and real estate vacancy; housing agencies (real estate); real estate agencies; financial and real estate operations and transactions; real estate consultancy; real estate appraisal; real estate and financial appraisals; fiscal appraisal; real estate prospecting services, namely, financial research of land and buildings for sale; leasing of real estate; real estate management; rental management for real estate; building management; management of building complexes, buildings and residences for use as habitation, housing estates, lodgings, premises and buildings for commercial use, shopping centers, office premises and buildings, warehouses, production buildings (factories, laboratories, workshops), logistics buildings, car parks; management agent services namely, management of buildings; leasing of real estate; real estate brokerage; insurance brokerage; real estate credit brokerage; brokerage and rental of land, buildings, lodgings, apartments, studios, small studios, detached houses, villas, bungalows, businesses, commercial premises, offices, warehouses, production buildings (factories, workshops, laboratories), logistics buildings; car park brokerage; financial management of real estate projects; financial management of new or rehabilitative real estate programs; financial management of sports centers and complexes, residences with sports facilities, health clubs, leisure centers and complexes, leisure residences, holiday resorts, holiday homes and camps, holiday villages, hotels, residential hotels, hotel chains, student residences, temporary accommodation; financial management of real estate wealth for others; financial management of building occupancy expenses; financial management of exhibition halls and premises; financial sponsorship and patronage; information and advisory services relating to real estate; all the aforementioned services not concerning the banking sector.

Class 37

Real estate construction services; construction and maintenance of buildings; construction and maintenance of building complexes, buildings and residences for use as habitation, housing estates, lodgings, premises and buildings for commercial use, shopping centers, office premises and buildings, warehouses, production buildings (factories, laboratories, workshops), logistics buildings, car parks; construction and maintenance of apartments, studios, small studios, detached houses, villas, bungalows; construction and maintenance of sports centers and complexes, residences with sports facilities, health clubs, leisure centers and complexes, leisure residences, holiday resorts, holiday homes and camps, holiday villages, hotels, residential hotels, hotel chains, student residences, temporary accommodation; demolition and rehabilitation (repair, conversion) of buildings; supervision (management) of construction restoration, demolition work; contracting and works supervision in the framework of

building rehabilitation and construction programs; information on building rehabilitation and construction; construction work for land development (roads, sewers, water supply); painting, plumbing, electricity, masonry, plastering, wallpapering works; installation and repair of refrigerating apparatus; fire alarm installation and repair; installation and repair of gas leak detection devices; installation of water pipes; road construction; cleaning of buildings (exterior surfaces); exterior cleaning of buildings; disinfection; rat exterminating; cleaning and repair of boilers, heating; window cleaning; street cleaning; vermin extermination other than in agriculture; scaffolding; maintenance of outdoor spaces, namely, roads and car parks; rental of building site machines; laundromat and laundry services.

Class 43

Temporary accommodation services; accommodation agencies (hotels, boarding houses); rental of temporary accommodation (empty or furnished), boarding houses; hotel services; motel services; holiday camp and holiday village services (lodging); tourist homes; retirement homes; reservation services for temporary accommodation, particularly boarding houses, hotels, motels, tourist homes; operation of campground facilities; rental of tents; bar services; services for providing food and drink; snack bars; coffee shops; cafeterias; self-service restaurants; rental of meeting rooms; day-nurseries [crèches]; rental of household linen; rental of dishes.

Class 44

Hygienic and beauty care for human beings; aromatherapy services; thalassotherapy and balneotherapy services; massage services; sauna services; beauty salons; manicure services; hairdressing salons; medical assistance at home, home health care services; nursing, medical; convalescent and rest homes; gardening services; landscape gardening services; landscape design; maintenance of outdoor spaces, namely, green spaces and ponds.

Class 45

Personal care services [non-medical caregiver services]; chaperoning services; personal shopping for others; personal letter writing for others; personal reminder services; personal shopping for food for others; security services for the protection of property and individuals; advice and information relating to personal care services [non-medical caregiver services]; security guarding services for private spaces.

Class 07

Machines for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; ground improvement machines and equipment; machines and appliances for use in the improvement of the engineering properties of the ground; lifting platforms; drilling platforms; excavators; machines for use in digging trenches or building walls; machines for injecting product into the ground; machines and appliances for use in the construction of piles; pile drivers and compacting machines; depth vibrators; machines for mixing grout; tunnel grouting machines; machines and appliances for use in mixing and pumping of bentonite and polymers used as lubricants for microtunnel and pipejack construction; pumps; water pumps, air pumps and grout pumps; machines and appliances for use in the grouting, construction of slurry and diaphragm walls; machines and appliances for use in the formation of ground anchorages; machines and equipment for the compaction and stabilisation of soil; vibro- compaction machines and equipment; depth vibrators for industrial use [machines]; machines and equipment for soil mixing and injection; drilling rods; drilling accessories included in this class; rotary percussive machines and equipment; drilling rigs, floating or non floating; grout pumps; high pressure ram and piston pumps; agitation tanks as parts of machine; floating plant including floating cranes, piling rigs and barges; cranes; pumping equipment; parts and fittings for the aforesaid goods.

Class 09

Scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking [supervision], life-saving, apparatus and instruments; geotechnical and structural monitoring apparatus and instrumentation; indicators, controllers, sensors and sensor apparatus and instruments; geodetic measurement systems; data acquisition instruments for use in building and construction industry; instrumentation for excavation support monitoring namely strain gauges and load cells to monitor struts and braces, automated total stations, inclinometers, and shape arrays to monitor deformation of the excavation walls and settlement monitoring for adjacent buildings; instrumentation for deformation monitoring, namely automated total stations, inclinometers, extensometers, piezometers, tiltmeters, and crackmeters; instrumentation for monitoring settlement, namely rod extensometers, inclinometers, and shape arrays to monitor subsurface movements, and automated total stations, beam sensors, hydrostatic level cells, tiltmeters, and crackmeters to monitor movements above grade; structural monitoring and measuring instruments, namely crackmeters and jointmeters, tiltmeters and beam sensors, hydrostatic level cells, strain gauges and load cells, laser extensometers and laser scanners, fiberoptic strain and temperature sensors, automated motorised total stations [AMTS] and prisms, automated vibration monitors, project site webcams; geotechnical measuring instruments, namely shape arrays and inclinometers, piezometers and pressure cells, Multi-Point Borehole Extensometer [MPBX], rod extensometers and anchors; test and construction control instruments, namely thermistor strings for ground

freezing, sensors for controlling compensation grouting, sensors for drilling alignment and borehole deviation; construction control and testing instrumentation for monitoring and measuring surface effects as well as grouting parameters; equipment for measuring tensile stress applied by a prestressed bar; equipment for measuring the strain of prestressed or reinforced concrete, and for measuring the strain of steel wires, cables and strands or the like in motion or not; vibration, noise and dust monitoring systems; monitoring systems for retaining walls, large slab movements, sewer deformation and tunnel deformation and track twist and cant calculations; drilling inclination monitoring systems; autonomous driller-operated drill rig alignment systems; apparatus and instruments for structural health monitoring using fiber optic sensing; web based monitoring software program to provide a full site overview for use in building and construction industry; application programming interface and accompanying software that enables the monitoring, processing, displaying, storing and transmitting of construction data and information for use in building and construction industry; measurement systems capable of displaying the surface settlement in real time, as well as writing and reviewing grouting instructions to purpose built grouting pump containers, grout control monitors, grouting data (borehole position, grouting phases, initial grout pressure, final grout pressure, grout volume per step and cumulated, etc.) in real time with the site monitoring data; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; data processing apparatus, computers, computer software, electronic information, testing, monitoring and analysis systems, electronic apparatus for the provision and display of data, information monitoring and testing apparatus, electronic information gathering apparatus, data gathering apparatus, data acquisition goods, namely dataloggers, controllers, interfaces, specialized enclosures, solar panels and batteries, all being goods for use in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling.

Class 35

Data collection, data management, commercial and business data analysis, data processing, electronic processing of data using computer software, automated data processing, computerised data verification, data transcription, database management, data retrieval services, compilation of data, data inputting services all being services in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; business management services in the field of civil engineering; business management of construction projects; business management services, business management consultancy services, business support services, namely, business assistance and business consultancy, provision of business assistance, personnel management, outsourcing services, recruitment of computer staff, procurement services, supply chain management services, stock management services, business management services, namely, contract negotiation and business management services for others in the field of building and construction, transaction processing services, being office functions; accounting services in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; audits relating to property and property management; supply chain management services; business management in the field of transport; business management in the field of transport, namely, rail management services; business management services in the field of transport logistics management; fleet management services, namely, billing and consulting in connection with the administrative

management of fleet; vehicle fleet management services, namely, billing and consulting in connection with the administrative management of vehicle fleet; business management in the field of transport, namely, highway network management services; business management in the field of transport, namely, footway management services; business management in the field of transport, namely, traffic sign management services; business management in the field of transport, namely, road furniture management services; business management in the field of transport, namely, transport network management services; business management in the field of transport, namely, transport network operational management services; business management of facilities, namely, the management of energy and utilities, health and safety, receptions, switchboards, building maintenance, security, cleaning, vending, landscaping, waste, pest control, mail systems and portering; business management, namely, built environment management services; business management services relating to the maintenance and provision of rough terrain and mechanical handling equipment; business management services for the collection, treatment and recycling of waste; business project management services; preparing business feasibility studies and reports in relation to the aforesaid services; leasing and renting of office machines and equipment.

Class 37

Construction services relating to building, public works, civil and geotechnical engineering services; installation of scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking [supervision], life-saving, teaching apparatus and instruments, geotechnical and structural apparatus and instrumentation, indicators, controllers, sensors and sensor apparatus and instruments; installation, maintenance and repair services in the nature of adaptation, integration and deployment of monitoring, measuring and testing instrumentation and sensors; construction, installation and renovation services namely piling, ground improvement, ground reinforcement, cement strengthening, grout reinforcement, maintenance and repair of foundations; construction services, namely, stabilization, underpinning and strengthening of soil, earth and ground by cement and grout injection, by compaction and by insertion of reinforcing materials and piling; construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; sealing of porous ground strata; tunnelling and ground drilling; tunneling and ground drilling for transportation systems, bridges, roadways, railroads, water, sewage and drains, electricity, gas, telecommunications, baggage handling tunnels, deep water drilling, ground stabilization and settlement control; repair, restoration, maintenance and underpinning of buildings, walls, bridges, tunnels, mines, airport runways, embankments, dams, docks, quays, jetties, piers, groynes and of moles; maintenance and repair of buildings and foundations relating to prevention, diminution and correction of building subsidence and settlement; and construction and repair of houses, buildings, transportation systems, bridges, roadways, railroads, and dams, levies, seawalls, and tunnels; excavations, drilling of pilot holes, wells, trenches, enclosures, or tunnels; prevention, diminution and correction of building subsidence and settlement; installation of piling and retention systems; installation of pre-formed piles or piles cast in situ; construction services, namely, digging trenches for building purposes; ground improvement services for construction projects; constructing foundations for, and the maintenance of, wharves, jetties and other marine structures;

ground vibro-compaction services; installation of vibro concrete columns; ground compaction services; soil stabilization, namely, soil mixing services; ground stabilisation services; underpinning services; installation of rock and soil anchors, nails and minipiles; provision of specialty grouting services, compaction grouting, jet grouting and fracture (compensation) grouting in the ground in new construction projects, repair and maintenance work, excavation support, and settlement control; ground modification services, namely, construction grading services; civil engineering underground construction and foundation work being construction services, namely, pile foundation, drilling and other special civil engineering underground works, including excavation and soil improving work; construction information; building construction supervision; building construction monitoring; building and structural construction monitoring and maintenance relating to the reconstruction and protection of public infrastructure, namely mass transit systems, railways, highways, bridges, tunnels, ports, airports, dams, and levies; underwater construction; provision of geo-environmental services for construction purposes; installation of pipeline anchor systems and accessories; blasting operations; services involving building, repairing, maintaining and demolishing buildings and civil engineering structures; demolition of buildings and structures; construction, maintenance and repair services for roads, tracks, runways, bridges, bridge abutments, stabilized land structures, earth stabilization structures by means of mechanical effect, earth stabilization devices, earthworks, retaining walls, dikes, tunnels, gutters, chambers, retention basins, reservoirs, silos and historical monuments, waste processing facilities; earthmoving; land clearing; dredging; repair and maintenance of aboveground storage tanks; earth pollution removal work; installation of utility and drainage systems; supervising in the field of construction; installing, maintaining and repairing all types of geotechnical and structural instrumentation, monitoring apparatus and instruments and other geotechnical instrumentation; rental of construction equipment; construction contract and project management services; construction facilities management; construction, repair, maintenance and installation of infrastructures; engineering construction; civil engineering construction; electric appliance installation and repair; building, public works and civil engineering contractor services; repair, installation and maintenance of computers and computer network systems; repair, maintenance and installation of telecommunications systems; maintenance of plant and rough terrain mechanical handling equipment; installation of communications and data networks and systems, fire and safety systems, and security systems; plant hire, namely, rental of tools, equipment and machines for construction, drilling, building, earthmoving, repair, maintenance and installation; leasing and renting of drilling, building, earthmoving, repair, maintenance, installation and construction tools, equipment and machines; consultancy, advisory and information services relating to all the aforesaid services; piling and civil construction services in the infrastructure and mining sectors.

Class 38

Communication by fiber optic networks and telecommunication access services; providing access to web sites on the Internet via computers, mobile phones and other electronic devices; electronic sending of data, messages and information and documentation via the Internet or other databases; providing access to computer, electronic and online databases; providing online communications links which transfer web site users to other local and global web pages; facilitating access to third party web sites via a universal login; providing online chat rooms and electronic bulletin boards; providing access to computer databases in the fields of business interaction; providing online forums for communication on

topics of relating to building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; providing temporary internet access to use on-line non-downloadable software to enable users to program audio, video, text and other multimedia content; providing wireless telecommunications via electronic communications networks; wireless digital messaging, paging services, and electronic mail services, including services that enable a user to send and/or receive messages through a wireless data network; provision of connectivity services and access to electronic communications networks, for transmission or reception of audio, video or multimedia content; provision of telecommunications connections to electronic communication networks, for transmission or reception of audio, video or multimedia content; provision of access time to web-sites featuring multimedia materials; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; providing users with access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; transmission of electronic media or information via computer and communication networks; all the aforesaid services provided in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling.

Class 40

Custom manufacture of machines, plant and appliances for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; custom manufacture of stone and concrete components and structures; production of energy, energy generation; custom manufacture of scientific, monitoring, measuring, detecting, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking [supervision], life-saving, teaching apparatus and instruments; custom manufacture of geotechnical and structural apparatus and instrumentation; custom manufacture of indicators, controllers, sensors and sensor apparatus and instruments; custom manufacture of geodetic measurement systems; custom manufacture of monitoring, measuring and testing instrumentation; recycling services; energy recovery services; leasing and renting of electricity generator for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; consultancy, advisory and information services relating to all the aforesaid services.

Class 41

Training and education in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; training and education in the fields of civil construction, computer sciences and the design, manufacture, and operation of monitoring, measuring and testing instrumentation and sensors; training and education in the fields of instrumentation and monitoring solutions for owners, infrastructure operators and engineers to enable them to identify and mitigate risk, optimize designs and methods, and document regulatory compliance in the field of ground engineering, foundation, retention and soil treatment solutions; organisation and management of training and education in the fields of building, construction, public and civil engineering work, ground

engineering, ground improvement, mining, drilling, boring, blasting and piling; organisation and management of training and education in the fields of the design, manufacture, and operation of monitoring, measuring and testing instrumentation and sensors; safety training; arranging and conducting conferences, congresses, seminars, symposiums, and workshops in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; providing information related to educational news from searchable indexes and databases of information, including text, electronic documents, databases, graphics and audio visual information, on computer and communication networks in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling.

Class 42

Consultant engineer services; engineering, ground engineering, engineering design, engineering research, surveying, planning, monitoring, measuring and testing in the nature of engineering services in the fields of building, construction, public and civil engineering work, ground improvement and geotechnical work; geotechnical services, namely soil investigations [analysis]; engineering project management services; engineering services in the construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; technical supervision and inspection services, namely, environmental engineering inspection services; technical measuring and testing services; surveying the site for unexploded ordnance or unexploded bombs; blasting and explosives engineering services; consulting services in civil engineering and industrial engineering in the fields of stabilizing and sanitation of the ground; consulting in civil engineering and industrial engineering in the fields of sealing and protection against fire and rust; architecture and architectural consultancy services; advisory, consultancy or analytical services relating to material evaluation and testing; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software for instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; analysis of technical data, namely, engineering analysis of pre-design data evaluation, for consulting engineers; soil analysing services including drilling bore holes for soil investigations and providing soil data to consulting engineers, for their analysis and provision of advice; civil engineering design services; conducting engineering feasibility studies; scientific research and consultancy services, all relating to science, technology, engineering, manufacturing, monitoring, measuring and testing; engineering design, research and consultancy services, all relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; design of piling and retention systems; design of pre-formed piles or piles cast in situ; design of rock and soil anchors, nails and minipiles; design of prestressed, post-tensioned concrete material; design of pipeline anchor systems and accessories; design of engineered helical (or "screw") piles and pipeline anchor systems to control pipeline buoyancy and prevent floating of pipelines in extremely wet areas; design of piling solutions and ground improvement solutions and foundation systems; design of post-tension

cable systems to the construction industry; structures design services; technical inspection services in the fields of building, construction, public and civil engineering work and geotechnical work; inspection services for large tanks in the petroleum and petrochemical industries to ensure compliance with applicable codes and standards; conducting technical tests and checks and technical measurements; preparation of technical surveys, especially geological surveys, as well as of scientific surveys; construction drafting; subsoil testing, in particular pressure sounding; structural health inspection for quality and safety using fiber optic sensing; web based monitoring software to provide a full site overview in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; engineering services in the nature of building information computer modelling services to support digitisation of ground engineering; website security services, computer support services, computer programming, software development and design services, repair, installation and maintenance of computer software, technical support services, namely, troubleshooting of computer software problems and troubleshooting in the nature of diagnosing problems with computer hardware and consumer electronics all relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; development of software modules to process input from sensing devices and for real-time control of compensation grouting, ground freezing, and tunnel boring machines; electronic data storage for storage of data on, in or out of computer databases in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; energy efficiency services; energy sustainability services; technical data analysis in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; surveying for landscaping design; land surveying; material testing; mechanical engineering and electrical engineering; software development and maintenance for use in the field of construction and construction-related processes; back office operations, namely IT support services, for the construction industry; computer consultancy services for the construction industry; engineering analysis services and expert appraisals in the field of building, construction, public and civil engineering work, ground improvement and geotechnical work; technical research, namely, engineering services in the nature of carrying out expert appraisals, reports, studies, analyses and development of concepts and preliminary engineering drafts in the field of security, environment, energy, building, construction, public and civil engineering work, ground engineering and improvement and geotechnical work; preparing technical studies and reports in relation to the aforesaid services; commissioning of scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking [supervision], life-saving, teaching apparatus and instruments, geotechnical and structural apparatus and instrumentation, indicators, controllers, sensors and sensor apparatus and instruments; technical inspection services for detecting deformation in building, foundation, bridge, piers, roads, railways and

vaults to assess risk, control for potential damage and evaluate remediation measures; engineering services to monitor settlement of building, foundation, bridge, piers, roads, railways and vaults to provide early detection, to identify rates of change and risk and to help to control corrective actions; engineering services to monitor structural changes in building, foundation, bridge, piers, roads, railways and vaults in order to provide data for evaluating changes in the performance of these structures; engineering services, namely, the preparation of engineering reports for documentation and recommendation of controls to minimize the effects from nearby construction, such as vibration or changes in ground support, that might degrade the performance of the structure; environmental monitoring services in the nature of monitoring vibration, dust and/or noise from construction activities; testing services; environmental engineering; mechanical and electrical engineering; civil engineering management services; rental of geotechnical and structural monitoring, measuring and testing instrumentation and sensors for use in surveying.

Class 45

Security services; security services for the protection of property and individuals; night guards; security for construction sites; alarm monitoring services; legal services; legal and regulatory advisory services; legal assistance; safety services; leasing and renting of safety equipment, security surveillance equipment, crowd control barriers, fire alarms and extinguishers; consultancy, advisory and information services relating to all the aforesaid services.
