REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Scientific, monitoring, measuring, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving, teaching apparatus and instruments; geotechnical and structural monitoring and measuring apparatus and instrumentation; sensors; geodetic measurement systems; equipment for measuring tensile stress applied by a prestressed bar; measurement equipment for measuring the strain of prestressed or reinforced concrete, and for measuring the strain of steel wires, cables and strands or the like in motion or not; vibration, noise and dust monitoring systems; monitoring systems for retaining walls, large slab movements, sewer deformation and tunnel deformation and track twist and cant calculations; drilling inclination monitoring systems; electronic measurement instruments, namely autonomous driller-operated drill rig alignment systems; apparatus and instruments for structural health monitoring using fiber optic sensing; computer software for monitoring purposes, including to provide visual overview of construction sites; application programming interface and accompanying software that enables the monitoring, processing, displaying, storing and transmitting of data and information; electronic measurement instruments and computer hardware capable of displaying the surface settlement in real time, as well as displaying grouting instructions for using purpose-built grouting pump containers, incorporating grout control monitors, borehole position, grouting phases, initial grout pressure, final grout pressure, grout volume per step and cumulated in real time; mounts for cameras; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; calculating machines, data processing apparatus, computers; computer software; computer software system for testing, monitoring and testing electronically recorded data; electronic apparatus for the display of data; monitoring and testing apparatus; downloadable electronically recorded data; electronic apparatus for recording data; data recording apparatus; telecommunications apparatus and instruments; fire-extinguishing apparatus; safety clothing, headwear, footwear and eyewear for protection against accident or injury; parts and fittings for the aforesaid goods.

Class 12

Vehicles; apparatus for locomotion by land, air or water; vehicles for transporting goods; vehicles for handling and/or carrying freight, cargo,

waste and industrial products and materials; barges; watercraft; tugboats; passenger boats; trolleys; vehicle safety restraint apparatus and equipment; parts and fittings for the aforesaid goods.

Class 17

Joint sealants for use in concrete roads, runways, pavements and hard standings; sealants; seals; sealant compounds; fillers for expansion joints; expansion fillers for joints; sealants for joints; caulking compounds; general purpose silicon rubber sealant; insulating paints, varnishes and lacquers; synthetic resins; packing, stopping and insulating materials; insulating tapes; tapes for bridging, strengthening or masking; waterproofing membranes; weatherproofing membranes; joint sealants for use in building and civil engineering structures, including superstructures, reservoirs, floors, basements and subways; waterproofing articles namely waterstops, PVC waterstops, hydrophilic waterstops and flexible waterstops; waterproofing film; waterproofing and moisture proofing articles and materials; waterproofing barriers; rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; adhesive sealants for general use.

Class 19

Non-metallic building and construction materials; non-metallic rigid pipes for building; non-metallic pipes; asphalt, pitch and bitumen; non-metallic transportable buildings; portable and prefabricated non-metal buildings; prefabricated construction elements not made of metal; non-metallic materials used for building civil engineering structures; non-metallic structures for stabilizing the earth by means of mechanical effect; non-metallic structures for earth retention; retaining walls not of metal; non-metallic frameworks for building civil engineering structures; non-metallic panels for forming a cover for mechanically-stabilized land structures; non-metallic panels for forming a cover for earth stabilization structures by means of mechanical effect; concrete panels for building; blocks of concrete; blocks, panels, chambers, tanks and silos, all wholly not of metal, used for building civil engineering structures; products for injection into the ground, being concrete grout; building materials, namely cast-in-situ concrete drive piles, drainage piles, foundation piles, pilings; non-metallic casing for piling; non-metallic building goods, being press tube piles, tube piles, shell piles, press piles, compact piles, anchor piles, the aforesaid goods not of metal; water proofing products and reinforcement products, being grout, mortar and cementitious waterproofing coatings, all for injection into the ground; grout; mortar; concrete; post-tension concrete; reinforced concrete; cement; plaster; aggregates; cementitious mixtures; non-metallic road making materials; road marking materials; damp course materials; floorings; levelling preparations (cement or mortar based) for levelling uneven floor surfaces; timber for building; screeds and toppings (cement or mortar based) for floors; screeds; cementitious anchoring grouts; building materials for the repair and protection of concrete; cement for repair work; coatings (building materials); polymer concrete; grouting compositions; grouting compounds; grouting materials; cementitious products for use in coating, patching and repairing surfaces; cementitious restorative coatings; cementitious protective coatings; ready mix mortars; bonding mortar; adhesive mortar; epoxy resin injection grout; bituminous products for building; rendering compositions for use in building; prefabricated building materials being cylindrical columns of re-enforced concrete, cement, aggregates, gravel, stone and bentonite made of wholly or principally of non-metallic materials; non-metallic building materials to construct slurry walls, diaphragm and subterranean walling; geomembrane liners; biodegradable power mud, lime, ground anchorages;

non-metal gutters; canopies made of concrete, brick, plastic or synthetic material; mastics; parts and fittings for the aforesaid goods.

Class 35

Business management in the field of civil engineering management; business management of construction projects; business management services; business management consultancy services; business support services; assistance to business; personnel management; outsourcing services; recruitment of computer staff; procurement services; supplies management services; administration, clerical, reception and office function services; advertising and marketing services; public relation services; data collection; commercial and business data analysis; purchase order processing services; stock management services; contract negotiation and management services; transaction processing services, being office functions; accounting services; business and financial audits relating to property and property management; business management relating to supply chain; business management in the field of transport and delivery; business management in the field of transport namely rail management; business management services in the field of transport logistics management; fleet management services, namely billing and consulting in connection with the administrative management of fleets; business management of a vehicle fleet; business management in the field of highway network transportation; business management in the field of transport relating to pedestrian highways; business management in the field of transport in relation to highway logistics; business management in the field of transport relating to road furniture; business management in the field of transport relating to transport networks; business management in the field of transport relating to operating transportation networks; business management provided in relation to facilities management services, the management of energy and utilities, health and safety, receptions, switchboards, building maintenance, security, cleaning, vending, landscaping, waste, pest control, mail systems and portering; business management in the field of built environments; business management services relating to the maintenance and provision of rough terrain and mechanical handling equipment; business management services for the collection, treatment and recycling of waste; business project management services; individual (manual) processing of data; electronic processing of data using computer software; preparing business feasibility studies and reports in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services; business negotiation provided in relation to construction contracts and business management services for construction projects; design of advertisements and advertising material for others.

Class 37

Construction services relating to civil engineering, namely for building, public works, and geotechnical projects; construction, installation and renovation services namely piling, ground improvement, ground reinforcement, cement strengthening, grout reinforcement, maintenance and repair of foundations; construction services namely stabilization, underpinning and strengthening of soil, earth and ground by cement and grout injection, by compaction and by insertion of reinforcing materials and piling; construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; underground construction services, namely sealing of porous ground strata; tunnelling and ground drilling; tunneling and ground drilling for transportation systems, bridges, roadways, railroads, water, sewage and drains, electricity, gas, telecommunications, baggage handling

tunnels, deep water drilling, ground stabilization and settlement control; repair, restoration, maintenance and underpinning of buildings, walls, bridges, tunnels, mines, airport runways, embankments, dams, docks, quays, jetties, piers, groynes and of moles; construction services namely for prevention, diminution and correction of building subsidence and settlement; and construction and repair of houses, buildings, transportation systems, bridges, roadways, railroads, and dams, levies, seawalls, and tunnels; excavations, drilling of pilot holes, wells, trenches, enclosures, or tunnels; construction services namely for prevention, diminution and correction of building subsidence and settlement; installation of piling and retention systems; installation of pre-formed piles or piles cast in situ; digging trenches; construction for engineering purposes, namely ground improvement services for construction services and soil mixing services; construction services for underpinning; constructing foundations for, and the maintenance of, wharves, jetties and other marine structures; ground vibro-compaction services; installation of vibro concrete columns; ground compaction services; ground stabilisation services; installation of rock and soil anchors, nails and minipiles; provision of specialty grouting services, compaction grouting, jet grouting and fracture (compensation) grouting in the ground in new construction projects, repair and maintenance work, excavation support, and settlement control; ground modification services for construction purposes; underground civil engineering construction services, in particular pile foundation, pile drilling and excavation and soil improving work; construction information; building supervision; building construction monitoring; underwater construction; provision of geo-environmental services for construction purposes; installation of pipeline anchor systems and accessories; blasting operations; services namely building, repairing, maintaining and demolishing buildings and civil engineering structures; demolition; construction, maintenance and repair services for roads, tracks, runways, bridges, bridge abutments, stabilized land structures, earth stabilization structures by means of mechanical effect, earth stabilization devices, earthworks, retaining walls, dikes, tunnels, gutters, chambers, retention basins, reservoirs, silos and historical monuments, waste processing facilities; earthmoving; land clearing; dredging; repair and maintenance of aboveground storage tanks; excavation services for earth pollution removal; installation of utility and drainage systems; supervising in the field of construction; installing, maintenance and repairing of geotechnical structures, monitoring apparatus and instruments; rental of construction equipment; construction, repair, maintenance and installation of infrastructures; engineering construction; civil engineering construction; electric appliance installation and repair; construction services, namely, building, public works and civil engineering contractor services; repair, installation and maintenance of computers and computer network systems; repair, maintenance and installation of telecommunications systems; maintenance of plant and rough terrain mechanical handling equipment; installation of communication hardware networks and systems, fire and safety systems, and security systems; industrial equipment plant hire; provision of information in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services.

Class 38

Communication and telecommunication services; communications by computer and between computers; providing access to web sites on the Internet; electronic sending of data, messages and information and documentation via the Internet or other databases; providing access to computer, electronic and online databases; providing online communications links which transfer web site users to other local and global web pages; facilitating access to third party web sites via a universal

login; providing online chat rooms and electronic bulletin boards; providing access to computer databases in the fields of business interaction; audio, text and video broadcasting services over computer or other communication networks namely, uploading and electronically transmitting data, information, audio and video images; providing access to an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple websites; providing online forums for communication on topics of general interest; providing online forums for the buying and selling of products and materials and exchanging of sourcing data via a computerized network; delivery of data and news by electronic transmission; providing access to websites and electronic news services online allowing the download of information and data; transmitting audio, video, multimedia, and advertising content to computers, mobile telephones, media players, and other mobile digital devices; providing temporary internet access to use on-line non-downloadable software to enable users to program audio, video, text and other multimedia content; providing wireless telecommunications via electronic communications networks; wireless digital messaging, paging services, and electronic mail services, including services that enable a user to send and/or receive messages through a wireless data network; provision of connectivity services and access to electronic communications networks, for transmission or reception of audio, video or multimedia content; provision of telecommunications connections to electronic communication networks, for transmission or reception of audio, video or multimedia content; providing access to digital music web sites on the Internet; provision of access time to web-sites featuring multimedia materials; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; providing users with access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; providing access to electronic media or information via computer and communication networks; providing access to a photo and/or video sharing portal; provision of information in relation to the aforesaid services; rental of telecommunications equipment, telecommunications facilities, telephone lines, broadcasting equipment, wireless communication systems; rental of signal transmission apparatus; consultancy, advisory and information services relating to all the aforesaid services.

Class 39

Provision of transport services; transport logistics services; services for the collection and transport of waste; skip hire services; bin hire services; receipt and distribution of supplies services, being transportation services; warehousing, packing and packaging services; computerised freight tracking services (transport information); logistics services, namely transportation consultancy and advisory services in supply chain management; transportation services in relation to vehicle fleet; distribution services [transport]; travel arrangement services; provision of travel information; logistics services being the organisation and management of the transportation of goods; leasing or renting of watercraft, including barges (both motorised and non-motorised); hiring tugboats or passenger boats; leasing or rental of watercraft to third parties, namely, floating cranes and piling rigs and barges leasing or renting of land-bound vehicles; removal of waste and hazardous materials (transportation); provision of information in relation to the aforesaid; consultancy, advisory and information services relating to the aforesaid services.

Class 40

Custom manufacture of machines, plant and appliances for use in building,

construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; custom manufacture of stone and concrete components and structures; production of energy, energy generation; custom manufacture of scientific, monitoring, measuring, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving, teaching apparatus and instruments; custom manufacture of geotechnical and structural apparatus and instrumentation; custom manufacture of sensors and sensor apparatus and instruments; custom manufacture of geodetic measurement systems; waste management services (recycling); waste and water treatment services; recycling services; recycling, destruction or incineration of waste; composting services; energy transforming services; landfill services namely processing and recycling of waste; provision of information in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services.

Class 41

Training and education in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; organisation of training and education in the fields of building, construction, public and civil engineering work, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; organisation of sporting and recreational events and management of sporting facilities services; safety training; arranging and conducting conferences, congresses, seminars, symposiums, and workshops; organization of conferences and workshops for commercial or advertising purposes; production of programmes for video tapes, CDs, CD-ROMs relating to education, namely information about training and instruction; providing on-line electronic publications (not downloadable); publication of electronic books, magazines, newspapers, journals, periodicals, and other publications on-line; publication of printed matter, books, texts, journals, magazines, periodicals and other publications; film and video production and editing; publication of electronic journals and web logs, featuring user generated or specified content; provision of electronic publications (not downloadable); providing information related to educational news, education and training matters from searchable indexes and databases of information, including text, electronic documents, databases, graphics and audio visual information, on computer and communication networks; dissemination of educational and instructional material; provision of information in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services.

Class 42

Consultant engineer services; engineering, ground engineering, engineering design, engineering research, surveying, planning and monitoring services in the fields of building, construction, public and civil engineering work, ground improvement and geotechnical work; geotechnical services, being soil testing; engineering project management services; engineering consultancy in the field of piling and civil construction services in the infrastructure and mining sectors; engineering consultancy in the field of construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; technical survey and inspection services; land surveying services for inspecting worksites for unexploded ordnance or unexploded bombs; engineering services in relation to blasting and explosives for construction;

consulting services in civil engineering and industrial engineering in the fields of stabilizing and sanitation of the ground; consulting in civil engineering and industrial engineering in the fields of sealing and protection against fire and rust; architecture and architectural consultancy services; advisory, consultancy or analytical services relating to material evaluation and testing; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; analysis of technical data, being pre-design data evaluation for engineers; analysis of technical data and related advice services, being in relation to drilling bore holes for soil investigations and providing soil data for consulting engineers; civil engineering design services; conducting engineering feasibility studies; research and consultancy services, all relating to science, technology and engineering; design, research and consultancy services, all relating to science, technology and engineering; design of piling and retention systems; design of pre-formed piles or piles cast in situ; design of rock and soil anchors, nails and minipiles; design of prestressed, post-tensioned concrete material; design of pipeline anchor systems and accessories; design of engineered helical (or "screw") piles and pipeline anchor systems to control pipeline buoyancy and prevent floating of pipelines in extremely wet areas; design of piling solutions and ground improvement solutions and foundation systems; design of post-tension cable systems to the construction industry; structures design services; monitoring and inspection services in the fields of building, construction planning, public and civil engineering work and geotechnical work; inspection services for large tanks in the petroleum and petrochemical industries to ensure compliance with applicable codes and standards; conducting technical tests and checks and technical measurements; preparation of technical surveys, especially geological surveys, as well as of scientific surveys; construction drafting; subsoil testing, in particular pressure sounding; quality and safety structural health inspection using fiber optic sensing; providing temporary use of non-downloadable web based monitoring software to provide a full site overview; engineering services, namely, building information modelling services to support digitisation of ground engineering; IT security services provided in relation to websites; computer support services, namely technical support in the form of troubleshooting of computer hardware and software; computer programming; software development and design services; repair, installation and maintenance of computer software; website design, maintenance and hosting; technical support services, namely, troubleshooting computer hardware, computer peripheral, computer software and consumer electronic devices; computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; computer services namely, programming of customized web pages featuring user-defined or specified information, personal profiles, audio, video, photographic images, text, graphics and data; multimedia and audio-visual software consulting services; graphic design for the compilation of web pages on the Internet; information relating to computer hardware or software provided on-line from a global computer network or the Internet; providing search engines for obtaining data via communications networks; application service provider (ASP) services featuring software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, and electronic publications; providing search engines for obtaining data on a global computer network; providing search engines for the

internet; computer consulting and support services for scanning information into computer discs; provision of search engine services for the fields of computer hardware, computer software, consumer electronics, telecommunications and multimedia goods; technical consultancy services, namely, providing information, directories in the fields of technology via databases; digital imaging services namely the digitization of images; computerised data storage in computer databases; consultation in relation to energy efficiency; consultation in relation to energy sustainability; technical data analysis; analysis of technical data relating to trends; data security consultancy relating to individual data issues; surveying for landscaping design; land surveying; material testing; mechanical engineering and electrical engineering; software maintenance and development in the field of construction and construction-related processes; back office operations, namely IT support services, for the construction industry; computer consultancy services for the construction industry; technical research and analysis services and provision of expert engineering, technical, research, surveying and technical inspection reports in the field of building, construction, public work, engineering work, ground improvement and geotechnical work; technical research and analysis services and provision of expert engineering, technical, research, surveying and technical inspection reports in the field of security, environment, energy, building, construction, public engineering work, civil engineering work, ground engineering and improvement and geotechnical work; preparing technical studies and reports in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services; environmental engineering; mechanical and electrical engineering.

Class 45

Security services; security services for the protection of property and individuals; night guards; security for construction sites; legal services; legal advisory services and advisory services relating to regulatory affairs; legal assistance; consultancy services relating to occupational safety; consultancy, advisory and information services relating to all the aforesaid services.
