REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. control apparatus for use with heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and security apparatus; temperature controllers; temperature controlling apparatus; thermostats; electric and electronic control devices for energy control; thermostat control apparatus; electric thermostats; room thermostats; temperature control apparatus in the form of thermostats; thermal sensors for use in thermostats; thermal controls; boiler control apparatus; communications controllers; software; computer software; computer software and hardware for remotely controlling and monitoring household devices, home electrical systems, and surveillance and security systems in homes; household energy measuring and control apparatus; household energy measuring and monitoring apparatus; communications software for connecting global computer networks; computer software for time control; computer software for temperature and lighting control; multiple control signal transmission units; network controlling apparatus; communication interface units; interface software; interactive computer software accessible on computers and via mobile telephones; mobile phone applications; wireless communication apparatus; telecommunication networks, and networks for communication via the internet, email and computers; security control apparatus; electronic and automatic access security apparatus; security video cameras and television monitors; intruder detection systems and apparatus; software to control building access and security systems; meters; meters for measuring and monitoring energy; computer software for use in meter reading, monitoring and reporting; smart meters; smart meters, namely meters for testing, displaying and reporting on-going energy usage; electrical meters; gas-flow meters; visual display units; apparatus, equipment and instruments for measuring the efficiency, performance and consumption of gas boilers; electric power consumption sensors, wireless transceivers, computer network interface devices and software for monitoring electrical energy systems, managing and analysing energy consumption information associated with electrical energy systems and detecting faults in electrical energy systems; solar panels; electricity storage apparatus; batteries; electric battery chargers; vehicle battery charging apparatus and equipment; electric apparatus for charging vehicle batteries; charging systems for electric powered vehicles; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; mobile communication terminals; mobile data communications apparatus; data transmitting apparatus; alarms; alert systems; home, business and personal security systems and related software; data processing equipment; computers; computer hardware; plugs; wireless communication apparatus; leak detection apparatus; sensors and detectors, motion sensors; facial recognition and analysis software; apparatus for recording sound; multi-channel sound processors; sound and picture recording apparatus; parts and fittings for the aforementioned goods.

Class 11

Apparatus for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary purposes; central heating apparatus and installations; boilers; boilers being parts of central heating installations; control devices being parts of heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; apparatus for controlling temperature in heating installations, namely thermostatic valves [parts of heating installations]; automatic temperature regulators [thermostatic valves] for central heating systems, namely, thermostatic valves as part of heating installations.

Class 16

Paper; printed paper; printed certificates; promotional publications; posters; brochures; pamphlets and leaflets; all the aforesaid goods relating to energy supply and related energy services.

Class 35

Business management; business administration; office functions; operational business assistance to enterprises; providing business management and operational assistance to commercial businesses; company management; business management advice; business organisation advice; business promotional services; business promotion; advisory services relating to business risk management; consultancy and advisory services relating to business management; advisory services relating to business organisation and management; assistance, advisory services and consultancy with regard to business management; consultancy and advisory services in the field of business strategy; providing business management start-up support for other businesses; providing temporary assignment of employees; data processing and data management; provision of business information; procurement, namely, purchasing electricity and natural gas for retail customers; green branding services, namely, business consulting, development, management and marketing of brands for businesses and/or individuals with a focus on energy efficiency and environmental impact; subscription services relating to electric battery charging service; subscription services to a supply, storage and distribution network of gas, electricity and energy; arranging smart home systems subscriptions for others; information, advisory and consultancy services relating to all the aforesaid services.

Class 36

Financial services; investment services; financial risk management services; provision of loans and equity financing for start-up companies and other businesses; administration of funds and investments; insurance services; loan and credit facilities; insurance for maintenance and repair of appliances, heating systems, central heating systems, and other related appliances; direct debiting services; energy brokerage services; financing of commercial appliances and equipment; financing of home and commercial appliances and equipment; brokerage of energy to retail customers in the form of electricity and natural gas; derivatives trading services, trading of financial derivatives; brokerage of emission rights; information, advisory and consultancy services relating to all the aforesaid services.

Class 37

Building construction; services for the maintenance, repair, unblocking, cleaning, clearing, descaling, sterilising, disinfecting, fumigating and deodorising of drainage and piping systems, sewers, manholes, grating, culverts, chambers, gullies, flues and channels for the passage of liquids, solids or of gases; clearing and cleaning of pipework systems used in the manufacturing and refining industries; clearing, cutting and removal of tree roots from pipework and drainage systems; cleaning of cargo holds, ballast lines and storage tanks; removal of marine growth from ships' hulls; cleaning and degreasing of exterior and interior floors, ceilings, walls and other surfaces, airport runways and ships' decks; cleaning by means of sanding, scouring or by blasting; hygienic cleansing for buildings, mobile structures, vehicles, tanks, baths and pools; plumbing services; installation, maintenance and repair of pipes, cisterns, tanks, heating and potable water systems; glazier services; roofing, carpentry and electrician services; construction and repair of roofs; resurfacing and tiling of roofs; and repair of roof guttering, rain channels and drain pipes; installation, repair and maintenance of electricity supply apparatus and of fixtures thereof and of electrical and electronic apparatus and

instruments; electrical repairs, installation, maintenance and repair services for residential and commercial wiring or electrical apparatus, appliances, stereo components, and television components, electrical panels, electrical outlets, switches and light fixtures; pest control services; fumigation; extermination of vermin; cleaning services; carpet laying and carpet fitting services; fitting of blinds and curtains; lock smith services, namely, set up, repair and replacement of locks; installation and maintenance of bolts, locks, grills, alarms, safes, security devices and of closed circuit television; installation, maintenance and repair of burglar alarms and security systems; installation of residential security apparatus; installation of hardware and cables for Internet access; installation of hardware for computer networks; installation, maintenance and repair of computer hardware, household devices, home electrical systems and surveillance and security systems in homes; installation of communications network instruments; installation, maintenance and repair of apparatus for heating, lighting, sanitation, ventilation, air conditioning and water supply; installation, maintenance and repair of central heating systems; installation of heating control apparatus; oil and gas drilling; extraction of gas; building construction and demolition relating to oil and gas exploration and production; construction, refurbishment, inspection for the purposes of repair, repair, maintenance and dismantling of pipelines; construction, refurbishment, inspection for the purposes of repair, repair, maintenance and dismantling of oil and gas installations; installation, refurbishment, inspection for the purposes of repair, repair, maintenance and dismantling of energy supply installations and energy production plants; grout reinforcement for oil and gas platforms; installation, repair and maintenance of gas appliances, and apparatus; construction, repair and maintenance of gas installations; installation, repair and maintenance of instruments and apparatus all utilising gas; installation of insulation materials; installation, repair and maintenance of gas, oil or electrical appliances or instruments using gas, oil or electricity; installation, repair and maintenance of gas, oil, electricity or water meters, air conditioning and ventilation appliances; laying, repair, maintenance and inspection for the purposes of repair, of pipelines; recharging services for electric vehicles; installation of equipment and facilities for the collection, storage, distribution, processing of renewable energy; construction of station for charging vehicles battery on public roads; information, advisory and consultancy services relating to all the aforesaid services.

Class 38

Telecommunications services; electronic transmission of messages, images and signals; telecommunications and data communication services; providing access to a computer network; transmission of sound, picture and data signals; transmission of sound or visual recordings over networks; message sending via a website; providing access to web pages; electronic transmission of data and documents via the Internet or other databases; chat room services; delivery of data and messages by electronic transmission; electronic message sending; message sending, receiving and forwarding; online services, namely, message sending; communication by computer, computer intercommunication; wireless communications services; wireless transmission of data and information; wireless telephone services; providing access to an interactive user interface; providing access to an online interface; providing access to an online interface for controlling heating, water supply, lighting, sanitation, air conditioning, ventilation and security apparatus; communications by means of mobile phones, global computer networks, the Internet and wireless transmission; wireless communications services; communications by means of mobile phones, global computer networks, the Internet and wireless transmission that connect to gas boilers and other apparatus for

heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary purposes; provision of e-mail services; transmission of alarm signals, messaging services and transmission of alerts via the Internet, e-mail, computer networks and telecommunications networks relating to home security and to home energy use, management and consumption; electronic transmission of messages, images and signals; information, advisory and consultancy services relating to all the aforesaid services.

Class 39

Storage, distribution, transportation and delivery of electricity; storage, distribution, transportation and delivery of gas and oil; storage, distribution, transportation and delivery of electrical energy from renewable sources; transmission and supply of electricity; transmission and supply of gas and oil; transmission and supply of electrical energy from renewable sources; information, advisory and consultancy services relating to all the aforesaid services.

Class 40

Generation of electricity; generation of power and of electricity; generation of energy from renewable sources; production of gas and oil; processing of gas and oil; production and treatment of natural gas and oil and products thereof; information, advisory and consultancy services relating to all the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; creation, maintenance and hosting of websites; advisory services relating to the use of energy, energy efficiency and energy-saving; developing of integrated energy systems; professional consultancy relating to the conservation of energy; installation, maintenance and repair of computer software and computer programs for computer systems; preparation of technical reports; conversion of data from physical to electronic media relating to energy consumption in buildings and domestic homes; preparation of engineering or technical reports relating to energy consumption in buildings and domestic homes; providing online engineering or technical reports relating to energy consumption in buildings and domestic homes; consultancy in the field of energy-saving; developing of integrated energy concepts; energy auditing; design and development of systems for generating and using energy in an economic and efficient manner; installation, maintenance, updating, design, rental and repair of computer software, computer programs and computer systems; computer systems design and computer programming; computer services in connection with electronic data storage, namely selection, capture and storage of electronic data relating to energy consumption in buildings and domestic homes; technical consultancy in the field of energy saving and energy efficiency; design and development of computer hardware and software; engineering and engineering consulting services in the fields of planning and deploying electrical energy systems and analysing and managing energy system efficiency and optimization data associated with power line current monitors, all for reducing electrical energy consumption; cloud-based software as a service (SAAS) services featuring software for analysing electrical power consumption data at monitored locations; exploration for gas and oil; engineering services in the field of production of gas and oil; oil prospecting; preparing surveys of oil-bearing seams; surveying of oil beds and fields; geophysical exploration for the oil and gas industries; conducting feasibility studies relating to gas exploration; auditing of energy consumption in buildings and domestic homes and auditing of the energy efficiency of apparatus used for heating, lighting, steam generating, drying, ventilating, air

conditioning, water supply and sanitary purposes; safety evaluation of products, namely, the checking of the safety of apparatus used for the purpose of generating, transmitting and distributing electricity, gas and oil; energy auditing, environmental assessment and scientific and technological technical advisory services provided to businesses that supply energy to third parties with a view to assessing the compliance of those businesses with targets and/or requirements concerning CO2 emissions and other potentially harmful effects of the supply of energy on the environment; infrastructure as a service for electric vehicles, namely, design and development of charging infrastructure systems for electric vehicles; scientific and technological technical advice and expertise for production, storage and distribution of electricity installation in connection with a network of electric vehicle charge points; technical advice and information on energy control and operation in connection with a network of electric vehicle charge points; technical evaluation and estimation of energy consumption; computer programming for a network of electric vehicle charge points; research and development of new products for others related to a network of electric vehicle charge points; engineering work in the field of production, management and distribution of electric power and renewable energy; design and development of apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; design and development of batteries; architectural, engineering and construction design services in relation to energy conservation for residential and commercial premises; exploration for petroleum, natural gas and natural gas liquids and related hydrocarbons and petroleum derived from oil and fuel; lighting design for commercial buildings; home automation services, namely, remote monitoring of heating, ventilating and air conditioning apparatus via the use of wireless, telephonic, electric and web monitoring technologies; providing technological information about environmentally-conscious and green innovations; information, advisory and consultancy services relating to all the aforesaid services.

Class 45

Alarm services, namely, monitoring alarms and alerting customers of detected activity; alarm response and verification services; providing alarm services, namely, monitoring of alarms and emergency alert services via the internet, e-mail, computer networks and telecommunications networks; licensing of computer software; information, advisory and consultancy services relating to all the aforesaid services.

reproducing, tagging, blogging, sharing, disseminating or otherwise providing data, files, graphics, text, voice, signals, images, sound, audio content, videos, messages, documents and other information to and between multiple users, to shared applications and/or over the internet, intranets, cloud-based networks; computer software for creating, editing, uploading, downloading, storing, transferring, transmitting, receiving, recording, posting, displaying, reproducing, tagging, blogging, sharing, disseminating or otherwise providing data, files, graphics, text, voice, signals, images, sound, audio content, videos, messages, documents and other information to and between extranets and over any other global computer networks, mobile telephone networks or other communications or information networks; computer software for creating, editing, uploading, downloading, storing, transferring, transmitting, receiving, recording, posting, displaying, reproducing, tagging, blogging, sharing, disseminating or otherwise providing data, files, graphics, text, voice, signals, images, sound, audio content, videos, messages, documents and other information to and between by any other electronic means, including by email, wireless, cable, and satellite; computer software and firmware for data storage and backup, database management, virtualization, collaboration, project management, remote access, remote support, cloud computing, data sharing, data security, computer device management, and to access, administer and manage computer applications and computer hardware; computer software for use in cloud computing, deploying virtual machines and virtual desktops, managing virtual machines and virtual desktops on a cloud computing platform, and to optimize productivity, performance and access to computer applications, desktops, and data from any device; computer software for content and workflow management, online project management, online conferences, online workplace collaboration, meetings, demonstrations, tours, presentations and interactive discussions; computer software and firmware for unified endpoint management, mobile device management and mobile application management; computer software for encryption and decryption; computer hardware and software for use in network management, namely, for monitoring, analyzing, routing, balancing, improving, optimizing, testing, and reporting on computer network operations and to assess computer and network system performance, vulnerability and security; downloadable electronic publications, namely, user manuals, newsletters, magazines, pamphlets and brochures in the fields of computer software, computer hardware, information technology, programming, technology, virus protection and security.

Class 35

Data processing services; compilation, management and maintenance of computer databases, data in computer files and computer libraries; computerized file management; updating and maintenance of data in computer databases; data handling and management services; business consultancy and advisory services in the fields of information technology, computer hardware, computers, software, computer systems, firmware, telecommunications networking hardware, telecommunications networking apparatus, telecommunications networking instruments for computer network operations; business consultancy and advisory services in the fields of telecommunications, technological developments, cybersecurity, enterprise technology, internet technology applications, cloud computing, remote access technology, online and remote access work platform, digital transformation, and virtualization; provision of on-line business information; database management services for businesses; business management and business administration services; advertising services; organization of trade fairs for commercial or advertising purposes; arranging and conducting trade fairs and exhibitions in the fields of information technology, computer hardware, computers,

software, computer systems, firmware, telecommunications networking hardware, telecommunications networking apparatus, telecommunications networking instruments for computer network operations for commercial purposes; arranging and conducting trade fairs and exhibitions in the fields of telecommunications, technological developments, cybersecurity, enterprise technology, internet technology applications, cloud computing, remote access technology, online and remote access work platform, digital transformation, and virtualization for commercial purposes; promotional campaigning and advertising services to raise public awareness of personal safety and data security issues in cyberspace and in on-line environments; provision of product information and advice to prospective purchasers of computer hardware, software and computer networking systems; retail store services and online retail services connected with the sale of computer software, computer hardware, computer systems, firmware, telecommunications networking hardware, internet technology applications, telecommunications networking apparatus, telecommunications networking instruments for computer network operations, cloud technology hardware and software, virtualization technology, hardware and software, communications apparatus and communications equipment including accessories and parts and fittings therefor; providing information, reporting, advice and consultancy services relating to all of the aforesaid services.

Class 37

Installation of computer hardware, telecommunications networking hardware, telecommunications networking apparatus, and telecommunications networking instruments; maintenance and repair of computer hardware, telecommunications networking hardware, telecommunications networking apparatus, and telecommunications networking instruments, featuring monitoring, testing, diagnosis, debugging and troubleshooting in the course of maintenance and repair of computer hardware, telecommunications networking hardware, telecommunications networking apparatus, and telecommunications networking instruments; upgrading computer hardware, telecommunications networking hardware, telecommunications networking apparatus, and telecommunications networking instruments; providing information, reporting, advice and consultancy services relating to all of the aforesaid services.

Class 38

Internet portal services; telecommunication services provided via Internet platforms and Internet portals; internet portal services, namely, providing user access to a global computer network to enable uploading, downloading, sharing, exchanging, receiving, posting, editing, displaying, storing, organizing or otherwise transmitting data, graphics, text, voice, signals, images, photographs sound, audio content, videos, files, messages, documents and other information over the internet, intranets, or extranets, or by mobile telephone networks; internet portal services, namely, providing user access to a global computer network to enable uploading, downloading, sharing, exchanging, receiving, posting, editing, displaying, storing, organizing or otherwise transmitting data, graphics, text, voice, signals, images, photographs sound, audio content, videos, files, messages, documents and other information over other global computer networks, information networks or communications networks including wireless, cable, satellite and cloud, or by other electronic means; telecommunications services; mobile telephone communications services; teleconferencing services; videoconferencing services; electronic delivery of documents and files; transmission of digital files; electronic transmission and streaming of digital media content for others via global

and local computer networks and communications networks; electronic transmission of data and documents via computer terminals and electronic devices; providing internet chatrooms; electronic bulletin board services; transmission of electronic mail; instant messaging services; streaming of data; streaming the data of events, meetings, presentations, shows, exhibitions, seminars, conferences, workshops, lectures, discussions and any other performances live or recorded, in real time or otherwise; provision of virtual private network (VPN) services; remote transmission of data, information and files by means of telecommunications; provision of access to data or documents stored electronically in central files for remote consultation; remote transmission of events, meetings, presentations, shows, exhibitions, seminars, conferences, workshops, lectures, and any other performances live or recorded, in real time or otherwise by means of telecommunications; providing on-line forums for secure transmission of messages among computer users concerning information technology, computers, software, cloud computing, social networking, telecommunications, technological developments, and virtualization; wireless broadcasting; broadcasting and transmission of images, graphics, sound, text video clips, files or audio-visual data, messages and documents and other information by means of telecommunications; broadcasting and providing user access to internet, intranets, or extranets to enable broadcasting, disseminating, transmitting, uploading, receiving, sharing, posting, displaying or otherwise transmitting data, graphics, text, voice, signals, images, photographs sound, audio content, videos, files, messages, documents and other information; broadcasting and providing user access to mobile telephone networks, or by other global computer networks, information networks to enable broadcasting, disseminating, transmitting, uploading, receiving, sharing, posting, displaying or otherwise transmitting data, graphics, text, voice, signals, images, photographs sound, audio content, videos, files, messages, documents and other information; broadcasting and providing user access to communications networks including wireless, cable, satellite, radio and cloud, or by other electronic means including telecommunications apparatus and electronic media to enable broadcasting, disseminating, transmitting, uploading, receiving, sharing, posting, editing, displaying, playing, storing, organizing or otherwise transmitting data, graphics, text, voice, signals, images, photographs sound, audio content, videos, files, messages, documents and other information; broadcasting of commercials and other programs via the internet, intranets, or extranets, by mobile telephone networks, or by other global computer networks, information networks or communications networks; providing information, reporting, advice and consultancy services relating to all of the aforesaid services.

Class 41

Education information; educational and training services; educational and training services, namely, providing classes, workshops, seminars, conferences, non-downloadable videos and webinars in the fields of information technology, computer hardware, computer software, computer systems, firmware, telecommunications networking hardware, telecommunications networking apparatus; educational and training services, namely, providing classes, workshops, seminars, conferences, non-downloadable videos and webinars in the fields of telecommunications, technological developments, cybersecurity, enterprise technology, internet technology applications, cloud computing, remote access technology, online and remote access work platforms, cloud computing and virtualization; entertainment services; game services provided on-line from a computer network; organization of competitions, trivia quizzes, quizzes and games; providing online non-downloadable electronic publications; providing online non-downloadable publications

in the nature of articles, newsletters, manuals, videos, and blogs featuring information in the fields of information technology, computer hardware, computer software, computer systems, firmware, telecommunications networking hardware, telecommunications networking apparatus; providing online non-downloadable publications in the nature of articles, newsletters, manuals, videos, and blogs featuring information in the fields of telecommunications, technological developments, cybersecurity, enterprise technology, internet technology applications, cloud computing, remote access technology, online and remote access work platforms, cloud computing and virtualization; providing information, entertainment and educational news, reporting, advice and consultancy services relating to all of the aforesaid services; competitions, trivia quizzes, quizzes and games provided on-line from a computer network; on-line publication of journals and blogs; news reporter services in the field of services provided in classes 35, 37, 38, 42 and 45 of this application.
