REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. coordination of distance courses; coordination of business management courses; coordination of administrative training courses; coordination of training courses; coordination of teaching courses in the field of business; coordination of teaching courses relating to engineering; coordination of teaching courses related to science; accounting training courses; training courses related to computer hardware; training courses related to banking; training courses related to science; training courses related to research and development; law courses; accounting courses; management courses; university postgraduate training courses; training courses related to databases design; training courses related to system analysis; vocational training courses; strategic planning training courses in advertising, promotion, marketing and business; training courses relating to telecommunications; training courses relating to finance; training courses relating to customer service; training courses relating to software; training courses relating to engineering; training courses relating to automation; training courses relating to insurance; training courses in company management; fiber-optic assembly training courses; training courses distributed via audiovisual media; courses for skills development relating to consulting; correspondence courses related to personal investments; education and training in the field of electronic data processing; education in the field of data processing; education in the field of computing; education in universities or colleges; computer-aided design education (CAD); teaching in junior high schools; teaching related to computers repair; teaching related to writing of computer programs; teaching related to computers installation; teaching related to computer development; teaching and training in the field of business, industry and information technologies; teaching relating to banking; teaching relating to accounting; data processing teaching; setting of educational standards; setting of training standards; training concerning the use of computer keyboards; training in the operation of software systems; training in the operation of integrated circuits; training in the medical field; training in the fields of health and nutrition; training in the field of communications technologies; training in the field of design; continuous and further training; training related to business opportunities; educational training; electronic training; educational training in information technology; training relating to business skills; training relating to the operation of computerized systems; personnel training relating to electrical equipments; personnel training; personnel training in the field of skills linked with office systems; personnel training in the field of food technologies; personnel training relating to the use of electronic equipment; information technology training; businesses management training; electronic data processing training; training in the professional field; training relating to computer techniques; training relating to communication techniques; training relating to computer programming; training related to software systems design; training related to computer program design; training related to computer memory design; training relating to computer program use; training related to the development of computer programs; training relating to software system development; training related to computer memory development; training related to integrated circuits development; management of education services; provision of training relating to professional techniques; training relating to data processing techniques; provision of training centers for young people; providing facilities for educational purposes; providing infrastructures for vocational training; provision of training facilities; provision of information relating to physical training by means of online websites; provision of information regarding education; contemporary personality interviews for educational purposes; organizing of teachings applying open training methods; provision of training courses; provision of non-downloadable videos online; provision of online training seminars; provision of training, teaching services and courses; provision of training

via a global computer network; provision of online training; provision of computer-based training courses; organization of courses, seminars and workshops; organization of educational courses related to business management; organization of design training courses; organization of training courses in the field of information technology; organization of continuous training seminars; organization of seminars relating to education; organization of seminars relating to training; organization of educational seminars; organizing of educational seminars related to medical matters; arranging seminars for educational purposes; organizing of fairs on education; organizing of meetings in the field of education; organizing of demonstrations for educational purposes; organization of training sessions; organization of training applying distance instruction methods; organizing of trainings applying programmed teaching methods; organization of educational programs; organizing of training programs intended to young people; organizing of presentations for educational purposes; organizing and conducting of training seminars; organizing and conducting of educational courses; organizing and conducting of educational conferences; organization and conducting of colloquiums; organization and conducting of training workshops; organization of symposiums relating to education; organizing of symposiums relating to training; organization of training courses; preparation and coordination of meetings in the field of education; preparation and coordination of educational focus groups, other than online; preparation and coordination of training courses; preparation and coordination of day school courses for adults; preparation and coordination of classes; preparation and hosting of tutorials; preparation of seminars for educational purposes; preparation of lectures for educational purposes; arrangement of conferences for educational purposes; organization of training workshops; vocational guidance [education or training advice]; production of educational material distributed at management courses; production of educational material distributed at professional conferences; production of educational material distributed at conferences in the field of management; production of educational material distributed at professional courses; production of educational material distributed at seminars in the field of management; production of educational material distributed at professional seminars; business education training services; online education services via computer databases, the Internet or extranets; education services; academic services relating to education; research in the field of education; educational program development services relating to data processing; education and training services in relation to business management; education and training services relating to property management; education and training services; distance learning services provided online; education services related to computer systems; computer assisted education services in the field of business management; education services related to the application of computer software; education services related to applications of computer systems; education services related to educational techniques; education services relating to writing of computer programs; education services relating to information technology; education services relating to the use of computers in business; teaching services relating to trade; education services for transmitting teaching methods related to data processing; education services for adults; education services for adults relating to trade; education services for adults relating to management; education services for adults related to banking; education services for adults relating to intellectual property; education services for adults related to auditing; education services for adults related to finance; higher education services; technological education services; conference services related to marketing techniques; conference services relating to management techniques; assessment services relating to education; services of educational

institutions providing training courses; services of educational establishments; educational program organization services; information services relating to training; skills assessment courses services; consulting services relating to training related to professional techniques; consulting and information services relating to the preparation, coordination and organization of workshops; consulting services relating to computer training; advice relating to commercial training; consulting services relating to training in the field of engineering sciences; consulting services relating to education; consulting services relating to education and training; services provided by consultants relating to education and training of managers and staff; consulting services relating to business studies [education]; conference services relating to sales techniques; counseling services relating to professional careers [training or education counseling]; consulting services related to the development of training courses; advice on management training; advisory services in the field of training and further training; consulting services relating to training requirements analysis; postgraduate training courses services relating to management; postgraduate training courses services relating to engineering technology; training course services for young people; training course services relating to computer programming; training course services relating to personal time management; computer training course services in information technology; training course services relating to electronics; personnel training services; training services in the field of information technology; training services in the field of software development; training services related to computers repair; training services related to management consulting; training services related to the science of root cause analysis by hypnosis; training services related to communication technology; training services related to the use of computers; training services concerning the use of software; computer education training services; training services relating to computer-aided testing; training services relating to computer systems; training services relating to finance; training services relating to business and management; training services relating to the installation of computers; training services relating to computer-aided engineering design; training services in connection with data processing; training services relating to computers design; training services relating to design; training services relating to computers; management training services; training services related to the repair of computer-controlled test systems; vocational training services; training services linked with the use of computer-aided engineering systems; teaching and training services in the medical field; computer training services; educational information services provided online from a computer database or the internet; training services related to the maintenance of computer controlled test systems; training services related to computers maintenance; training services related to computer-aided manufacturing; training services related to computer aided design; training services related to the use of information technology; educational services to learn to type on the computer; educational services provided by universities; testing and assessment services relating to education provided via computer; training university engineering services; university services; school services for teaching technical drawing applied to construction; educational services provided by teaching establishments.

Class 42

Software as a service [SaaS]; software as a service [saas] for tracking packages via computer networks, intranets and internet; software as a service [saas] for tracking freight via computer networks, intranets and Internet; software as a service [saas] for the creation and publication of online journals and blogs; software as a service [saas] for preparing shipping documents via computer networks, intranets and Internet; software as a service [saas] for the processing of shipping operations via

computer networks, intranets and the Internet; platform as a service [PaaS]; software as a service (SaaS); software writing services; software maintenance services; software programming services; software customization services; software design services; software development services; design services concerning software; provision of information technology services for software; software design services; hosting and software as a service, and rental of software; software updating services; maintenance and support services for software; software consulting services; design, development and commissioning of software; technical support services relating to software; professional advice relating to software; control software design for self-service terminals; consulting services relating to computer software design; feasibility studies relating to software; consulting services relating to software testing; advisory services relating to computer software use; consulting services relating to software maintenance; installation services, maintenance, repair and servicing of computer software; consulting services related to software used for editing; advice and research services relating to software; advisory services relating to man-machine interfaces for computer software; software writing and updating service; consulting services related to software used for graphic design; consulting services in the field of security software; consulting and development services relating to software; consulting and information services in the field of software; software engineering services for data processing programs; consulting services in computer networks using heterogeneous software environments; electronic data processing software design services; advice relating to the rental of computers or software; consulting services in the field of product development and quality improvement of software; consultancy and information services related to software design, programming and maintenance; software update services related to security and computer risk prevention; consulting services relating to design and development of computer software programs; consultancy and advice in the field of computer hardware and software; application service provider [ASP], namely hosting of third-party application software; technical advice services relating to software installation and maintenance; technical consulting services relating to software application and use; consulting and information services relating to computer software design; information, advice and assistance services in the field of computer software; consulting and information services relating to computer software rental; consulting services relating to software for communication systems; consulting and information services relating to software maintenance; consulting services relating to software updating; computer technical consulting; information technology consultancy services; computer consulting services; consulting services in connection with computer engineering; consulting in computer hardware and software; information technology consultancy services; advice relating to the development of computer systems; consulting services relating to computer programming; consulting services relating to computer hardware; consulting services relating to computer systems; consulting services relating to computer networks; advice relating to computer hardware design; information technology advice and assistance services; consulting services relating to computer programming; consulting services relating to computer hardware; professional consulting services related to computer programming; consulting services in computer networks; technological advice in connection with computer programs; consulting services related to computer hardware design; consulting services related to computer systems analysis; professional consulting services relating to computer hardware; engineering consulting services relating to computer programming; consulting services relating to design of computer systems; consulting services relating to storage, recovery and processing of computer data; consulting services in the field of cloud computer

networks and applications [cloud computing]; consulting services relating to design and development of computer software programs; consultancy and advice in the field of computer hardware and software; consultancy in the field of cloud computing networks and applications; consultancy and information services relating to computer system integration; consulting and information services relating to computer software design; consulting services relating to computer databases programs; consulting services in the field of computer systems analysis; consulting services in the field of computer systems; information and consulting services relating to computer programming; professional consulting services in the field of computer security; advice and assistance in the field of computer network applications; computer and information technology consulting services; consulting and consultancy services in the field of computer hardware; consulting services regarding computer networks of heterogeneous computer software environments; research and advice relating to computer hardware; consulting services relating to computer data recovery; software consultancy; advice on software; professional advice in connection with software; consulting relating to software design; software consulting services; professional advice relating to software; consulting services relating to computer software design; consulting services relating to software testing; advisory services relating to computer software use; consulting services relating to software maintenance; consulting services related to software used for editing; advice and research services relating to software; consulting in relation to computer software used for printing; design services; information technology services; scientific and technological services; quality control, authentication services for electronic documents and e-mail and quality testing; computer-aided design of video graphics; design concerning the development of computer systems for data processing; design of an Internet platform for e-commerce; design of telecommunication devices and apparatus; design of computer hardware for audio and video operators; design of software for processing and distribution of multimedia content; design of computer hardware for digital signal processing; design of computer hardware for storage and retrieval of multimedia data; design of computer hardware for compression and decompression of multimedia content; design of computer hardware for converting multimedia content and data from and to different protocols; design of computer hardware for the manufacturing industry; design of home pages and web sites; design of homepages and webpages; design of homepages; design of new products; design of data processing systems; computer system design; design of storage systems; design of measurement systems; design of systems for engineering construction; communication system design; design of heating systems; design of lighting systems; design of financial information systems; design of information systems relating to management; design of laboratory animal housing systems; design of computer websites; web site design for advertising purposes; design of computer specifications; product design and development; design and development of computer hardware; computer database design and development; design and creation of websites for others; engineering design and consultancy; design and graphic arts design for the creation of web sites; design and graphic art design for the creation of web pages on the Internet; advice relating to web page design; consulting relating to computer hardware design; website design consultancy; scientific and technological design; industrial and graphic art design; graphic design for the compilation of Web pages on the Internet; computer-aided graphic design; graphic design; design and implementation of web pages on a network for others; design and maintenance of websites for others; design and development of websites for others; design and development of electronic data security systems; design and maintenance of computer installations for others; design and development of web pages on the Internet; design and

development of multimedia products; development, design and updating of home pages; creation and maintenance of web sites for others; creation and design of websites for others; creation and design of web pages for others; creation of electronic sites; creation of websites in the Internet; creation of home pages for computer networks; creation of home pages for others; creation of electronically classified web pages to provide online and Internet services; creation and maintenance of computer sites [websites] for others; creation and updating of home pages for computer networks; design research; computer design research; reporting related to industrial design; preparation of reports relating to design; provision of information in the field of product development; provision of information in the field of product design; development and design of digital image and sound carriers; product development for others; product development; development of computer hardware for audio and video operators; products development, in particular for the construction of vehicles and bodywork; technical evaluations concerning design [engineering work]; website development service for others; computer-aided design services; engineering and computer-assisted engineering services; graphic illustration services for others; illustration services [design]; architectural services for the design of offices; industrial engineering design services; design services relating to data processing tools; design services related to data processing testing tools; computer systems design services; design services of processing systems for the biotechnological industry; design services for display systems for display purposes; design services of display systems for exhibitions; Website design services on the Internet; design services for display systems for promotional purposes; computer hardware design services; design and development of websites; design and planning services relating to telecommunication equipment; website development services; planning services in the field of design; development of computer data banks; consulting services in the field of technological design; engineering consultancy in the field of design; consulting services relating to design of computer systems; consulting services related to computer hardware design; technical design services relating to power plants; scientific services and design services relating thereto; technological and design services relating thereto; technology services relating to design; development of computer hardware; development, programming and implementation of software; rental of computer hardware and installations; hosting and software as a service, and rental of software; consultancy, advisory and information services in relation to information technology; data conversion services, data encoding services; computer security services for protection in the field of information technology; computer analyses; computer system analysis; computer and software design for business analysis and reporting; design and development of equipments, instruments and apparatus for wireless data transmission; design and development of electronic database software; design and development of computer peripherals; design and development of data displaying systems; design and development of data entry systems; design and development of systems for data input, extraction, processing, display and storage; design and development of data storage systems; design and development of data processing systems; design, creation and programming of Web pages; computer development; development of computer networks; development of data storage systems; comparative analysis studies on the performance of computer systems; research related to telecommunication technics; research in the field of computing; research relating to computerized automation of industrial procedures; preparation of computer programs for data processing; planning, designing, developing and maintenance of an online website for others; updating of websites for others; provision of information concerning design and development of computer software, networks and systems;

rental and maintenance of software; integration of computer systems and networks; computer project management in the field of electronic data processing [EDP]; management of computer projects; IT project management; search engine management; development and testing of computing methods, algorithms and software; comparative analysis studies on the efficiency of computer systems; development of data processing systems; development of computer systems; development of systems for data transmission; diagnosis of computer hardware problems via the use of software; technological services relating to computers; online computer engineering, designing, programming and cloud services; data analysis computer services; computer network services; computer research services; data migration services; updating services of computer systems memory banks; troubleshooting services for computer hardware and software; consulting and information services relating to computer peripherals; computer diagnostic services; analysis services related to computers; computer programming and design services; computer network configuration services; technical writing; technological research linked with information technology; technical research relating to information technology; research related to computerized automation of technical processes; research relating to data processing; research in the field of information technology; research in the field of data processing technology; design of computer hardware for the manufacturing industry; design of computer hardware for compression and decompression of multimedia content; design of computer hardware for converting multimedia content and data from and to different protocols; design of computer hardware for storage and retrieval of multimedia data; design of computer hardware for digital signal processing; design of software for processing and distribution of multimedia content; design of peripheral devices for computers; design and development of computer hardware architecture; design and development of computer hardware; consulting relating to computer hardware design; consultancy in the design and development of computer hardware; development of computer hardware for computer games; computer hardware development for the manufacturing industry; development of computer hardware for compression and decompression of multimedia content; development of computer hardware for storing and recalling of multimedia data; development of computer hardware for digital signal processing; development of computer hardware for processing and distribution of multimedia contents; development of equipment for the conversion of data and multimedia content from and to different protocols; research in the field of computer hardware; development and design of digital image and sound carriers; computer design research; research relating to the development of computer hardware; computer hardware design services; consulting services related to computer hardware design; industrial design services for computers; research and development services in the field of computer hardware; compilation of Web pages for the Internet; compilation of computer programs; design of computers for others; design of an Internet platform for e-commerce; design of computer codes; control software design for self-service terminals; design of computer game software; design of virtual reality software; image processing software design; design of software for use with printing machines; design of software for compression and decompression of multimedia content; design of software for storage and retrieval of multimedia data; software design for digital signal processing; design of software for processing and distribution of multimedia content; design of software for audio and video operators; web page design; design of homepages; design of home pages and web pages; design of home pages and web sites; design of Web portals; design, updating and adapting of computer programs; design, creation, hosting and maintenance of Web sites for others; design, development and programming of software; design, development and

commissioning of software; design, development and maintenance of intranet; design, drawing and commissioned writing of computer software; design and development of websites for others; design and development of wireless computer networks; design and development of web pages on the Internet; design and development of software for database management; design and development of computer software and hardware for signal amplification and transmission; design and development of virtual reality software; design and development of software for controlling, adjusting and controlling solar energy systems; design and development of operating software for access to a computer network in the cloud [cloud computing] as well as use thereof; design and creation of websites for others; design and creation of websites for others; design and creation of home pages and web pages; design and creation of home pages and Internet pages; design and construction of home pages and web sites; design of financial information systems; design of information systems relating to management; design of information systems; web site design for advertising purposes; design of computer websites; web site design; design of programs for data processing; design of computer programs and software relating to aircraft; design and development of navigation systems; design and development of data extraction systems; design and development of Internet security programs; design and development of home pages and web sites; design and development of computer hardware for use in manufacture; design and development of computer games software and virtual reality software; design and development of computer games software; design and development of software for website development; design and development of software for inventory management; design and development of software for importing and managing data; design and development of software for electronic television program guides; design and development of software for use in the framework of medical technology; design and development of word processing software; design and development of route planning software; design and development of logistics software, supply chain management and e-commerce portals; design and development of software for logistics; design and development of data reading, transmission and organization software; design and development of energy management software; design and development of software for supply chain management; design and development of software for process control; design and development of software for evaluation and calculation of data; design and development of operating software for computer networks and servers; design and development of electronic dictionaries; design and development of electronic greeting cards; design and development of electronic dictionaries and databases for language translation; creation, design and maintenance of web sites; creation of home pages for others; software authoring; computer code conversion for others; construction and maintenance of websites; professional advice in connection with software; advice relating to web page design; consulting relating to software design; configuration of computer networks and systems; configuration of firmware; configuration of software; conducting feasibility studies relating to computer software; design, maintenance, rental and updating of software; design, maintenance, development and updating of software; design, maintenance and updating of software; custom design of software packages; design and writing of software; design and updating of home pages and web pages; design and updating of software; design and implementation of web pages on a network for others; design and maintenance of websites for others; design and maintenance of computer installations for others; design and development of software for video games; design and development of software; design and development of software architecture; development, design and updating of home pages; development of computer codes; development of databases; computer software troubleshooting; debugging

of software for others; creation, maintenance and upgrading of software; creation, maintenance and hosting of third-party websites; creation, maintenance, managing and adaptation of software; creation and updating of home pages for computer networks; creation and maintenance of software for blogs; creation and maintenance of computer sites [websites] for others; creation and maintenance of web sites for others; creation and maintenance of websites; creating and maintaining customized web pages; creation and design of web pages for others; creation and design of websites for others; creation of websites in the Internet; creation of data-processing programs; creation of computer programs for data processing; creation of computer programs; creation of control programs for automatic measurement, assembly, adjustment and visualization; creation of control programs for the control of electrical operation and pilot modules; creation of homepages for computer networks; creating web pages for others; creation of electronically classified web pages to provide online and Internet services; development of programs for data processing; development of programs for the simulation of experiments or series of experiments in a virtual optical laboratory; development of computer programs for electronic cash register systems; development of computer programs for the analysis of the combustion process inside an engine; development of computer programs recorded on data carriers [software] intended to construction and automated manufacturing [cad/cam]; development of custom data processing programs of others; development of software for secure network operations; development of software for audio and video operators; development of software for processing and distribution of multimedia content; development of software for digital signal processing; development of software for storing and recalling multimedia data; development of computer software for creating electronic television program guides; development of software for conversion of multimedia content and data from and to different protocols; development of software for compression and decompression of multimedia content; development of software for others; development of driver software and operating system software; development of interactive multimedia software; development of software for use with computer-controlled switching systems; development of software for use with programmable controllers; development of virtual reality software; software development for logistics, supply chain management and e-commerce portals; software development; technical studies related to computer programming; project studies concerning software; software development [design]; development (design) of software for others; commissioned writing of software, codes and computer programs for the creation of web pages on the Internet; writing of computer programs for biotechnological applications; writing of computer programs; writing of control programs; writing of computer software; installation of database software; installation of software for Internet access; software installation; management of websites of others; testing of software; development, updating and maintenance of computer software and database systems; development and updating of software; development and maintenance of computer database software; development and maintenance of software; development and creation of programs for data processing; development of software solutions for Internet access providers and Internet users; development of software application solutions; development of computer programs; development of data programs; error diagnosis in software; installation of firmware; installing Web pages on the Internet, for others; installation of computer programs; installations of computer programs in networks; installation and maintenance of software; installation and maintenance of Internet access software; installation and maintenance of database software; installation and updating of data processing programs; installation and customization of application software for computers; installation services,

maintenance, repair and servicing of computer software; installation, maintenance and updating of database software; installation, maintenance and repair of software; installation, maintenance and repair of software for computer systems; installation, maintenance, updating and upgrading of software; installation, implementation and maintenance of software; installation, updating and maintenance of software; maintenance of computer records; maintenance of databases systems; software maintenance; maintenance of software for security and prevention of computer risks; maintenance of software for Internet access; maintenance of software used for the operation of filling machines and apparatus; maintenance of computer programs; website maintenance; preparation of reports relating to software; preparation of programs for data processing; equipment programming for data processing; modification of computer programs; modification of software; upgrading of software; maintenance and updating of computer programs and software; software updating and improvement; updating and adaptation of computer programs to meet user requirements; updating of home pages for computer networks; updating of home pages for others; updating of Internet pages; updating of software for data processing; updating of computer software for others; updating of software; updating of database software; provision of search engines on the Internet offering specific search options; provision of information in the field of software development; provision of information in the field of software design; maintenance and repair of software; upgrading and maintenance of software; maintenance and updating of software for communication systems; maintenance and updating of software; maintenance of websites and installations for hosting online web services for others; programming of operating software for access to a computer network in the cloud [cloud computing] as well as use thereof; programming of operating software for servers and computer networks; programming of data calculation and evaluation software; programming of software for electronic data processing [EDP]; programming of telecommunication software; programming of software for Internet platforms; programming of software for e-trade platforms; software programming for Internet portals, chat rooms, discussion lines and Internet forums; programming of software for importing and managing data; programming of software for database management; programming of software for information platforms on the Internet; programming of web site development software; web page programming; programming of customized web pages; programming of data processing programs; computer programming and maintenance for software; updating services of computer programs for others; updating services of computer programs; website development service for others; information services relating to computer programs; software repair; repair of damaged computer programs; research, development, design and updating of software; research related to computer programming; software development and research; research relating to computer programming; research relating to software; research relating to computer program and software development; research relating to software development; research in the field of computer programs and software; computer programming for data processing purposes; computer programming for communication and data processing systems; computer programming for telecommunications; computer programming for the energy industry; computer programming for Internet; computer programming and software design; computer programming in the medical field; computer programming; consulting services relating to software testing; consulting services relating to computer programming; consulting services relating to computer software design; consulting services in the field of product development and quality improvement of software; consulting services related to software used for graphic design; consulting services related to software used for editing; consulting in relation to computer software used
