REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Common metals and their alloys, including copper-based alloys resistant to corrosion and alloys resistant to corrosion under charge; building materials of metal; transportable buildings of metal; non-electric cables and wires of common metal alloys; small items of metal hardware; pipes and tubes of metal; products of common metal not included in other classes, namely valves (not including machine parts), connections for pipes; metal compression connectors; nozzles of metal; rods of metal; fastening elements of metal; nuts of metal; bolts of metal; screws of metal; junctions of metal; pegs of metal; parts and fittings for the aforesaid goods.

Class 07

Valves included in this class, namely, valves for pumps, pump control valves, valves being parts of machines, butterfly valves, thermostatic control valves for machines; valves (parts of machines); actuators included in this class namely, pneumatic valve actuators, hydraulic valve actuators, and linear actuators.

Class 09

Weighing, measuring and signaling apparatus and instruments; apparatus, systems and instruments for automation, command and control, including the aforesaid computer-controlled items, and apparatus and systems for programming (time switches), printed circuits and computer software (recorded programs); all the aforesaid products in the field of heating, cooling, ventilating, water conveyance, temperature control, lighting, electricity supply, air-conditioning and security in buildings; check valves, valve rods for thermostats; flow sensors, apparatus for measuring and regulating flow; temperature sensors with elastic elements or elements filled with liquids or steam or bimetallic; electronic regulators and time-controls for valve actuators; electric, electromotive, electrothermal and electromechanical valve actuators for thermostats; capillary tubes and membranes as parts for electronic control systems; transformers; rheostats; apparatus for supplying electricity in buildings; electric and electronic control apparatus for use with apparatus or installations for heating; apparatus and instruments for recording, reproducing, storing, transmitting, broadcasting and retrieving text, signals, software, information, data, code, sounds and images; apparatus and instruments for processing text, signals, software, information, data, codes, sounds and images; apparatus and instruments for the storage of publications; computer programs; computer software; software and computer programs and application development software for use on or in connection with portable telephones, tablets and hand-held devices; software for computers,

portable phones, tablets and hand-held devices with multimedia and interactive functions; software for redirecting and/or transferring messages, data, signals, electronic web mail and/or other data to one or more electronic hand-held devices from data storage on or associated with a computer or a server; software for synchronization and transfer of data between a remote station or device and a fixed or remote station or remote device; downloadable sounds, downloadable images, downloadable texts and downloadable data that can be provided electronically, via telecommunications networks, via online delivery, via the Internet; electronic user manuals; software for the creation, management, updating of databases, collection and systematization of information in computer databases; process control software; parts and fittings of the aforesaid goods, excluding apparatus and instruments for measuring humidity.

Class 11

Apparatus for heating, refrigerating, ventilating, air-conditioning, steam generation, water distribution, water flow, temperature and humidity, energy supply and security systems in buildings included in this class namely, valves, control valves, balancing valves, pressure controllers all for use in HVAC systems; valves included in this class namely, thermostatic valves as parts of heating installations, thermostatic control valves, thermostatic control valve bodies, combined balancing valves, combined differential pressure control valves, balancing and control valves (PIBCV'S), On/Off temperature balanced control valves, butterfly type control valves, isolation valves, valves for use in Heating, Ventilation and Air Conditioning (HVAC) systems; regulating valves for regulating temperature, pressure and flow in Heating, Ventilation and Air Conditioning (HVAC) systems included in this class; electric, electromotive, electrothermal and electromechanical valve actuators for thermostatic radiator valves; pressure control valves being parts of Heating, Ventilation and Air Conditioning (HVAC) systems; valves for regulating volume being parts of Heating, Ventilation and Air Conditioning (HVAC) systems; thermostatically controlled valves being parts of Heating, Ventilation and Air Conditioning (HVAC) systems; non-return valves, valve rods for thermostatic radiator valves; shut-off valves and mixers being parts of Heating, Ventilation and Air Conditioning (HVAC) systems and installations; water supply apparatus and installations; apparatus and installations for degasification of water; parts and fittings for all aforesaid goods.

Class 17

Valves included in this class, namely, valves of plastic, PVC, india-rubber or vulcanized fibre; seals; gaskets for sealing and packing; rubber stoppers for pipes; pipe joints not of metal; pipe joints not of metal; non-metallic flexible hoses and pipes; stoppers not of metal; sealing fittings for tubes, not of metal; compression connectors, not of metal for hoses, pipes and tubes; parts and fittings for all aforesaid goods.

Class 37

Construction, repair and installation services, all the aforesaid services in the field of heating, refrigeration, ventilating, air-conditioning, steam generation, water distribution, water flow, humidity and temperature regulation and energy supply systems, and security systems in buildings; consultancy and information regarding the aforesaid services.

Class 41

Education services, namely classes, training workshops and seminars in the field of heating, cooling, ventilation, air-conditioning, steam generation, water supply, water flow, sanitary installations, the supply of electricity,

temperature and humidity regulation, electricity regulation, lighting regulation, energy supply, and security systems in buildings; providing training, namely training in the use of equipment for HVAC (heating, ventilating, air-conditioning) and devices for heating, cooling, ventilation, air-conditioning, steam generation, water supply, water flow, sanitary installations, the supply of electricity, temperature and humidity regulation, electricity regulation, lighting regulation, energy supply systems, and security systems in buildings; consultancy and information regarding the aforesaid services.

Class 42

Scientific and technological services; industrial research services; design services; computer programming services; programming and updating of software; all the aforesaid services in connection with HVAC (heating, ventilation, air-conditioning), heating, cooling, ventilation, air-conditioning, steam generation, water supply, water flow, sanitary installations, the supply of electricity, temperature regulation, electricity regulation and security equipment for use in buildings; consultancy and information regarding the aforesaid services.

materials, asphalt and aggregates; house, building and public or industrial structure demolition services; building construction services; building construction, remodeling, inspection, maintenance, reinforcing, restoration and repair; construction of tunnels and underground structures; construction and renovation of buildings; construction grading services; construction of airports, buildings, medical establishments, roads, underground utilities, housing pads, highways and bridges; construction, maintenance and renovation of property; consulting services for repair and restoration of historic buildings and structures; electrical contracting, namely, installation of electrical systems, installation of electrical machinery, repair of electrical systems, and comprehensive preventative maintenance service for electrical systems; erecting of commercial centers, housing areas and manufacturing plants; pipeline construction, maintenance, installation and repair; providing information on repair services in the aviation sector; refurbishment of buildings; renovation and restoration of buildings; repair of buildings; repair work on buildings; road construction; construction of steel structures; steel structure construction works; street construction; construction project management services; construction services in the field of entertainment, commercial, sports, data centers, disaster recovery, government, healthcare, education, hospitality, transportation, residential and retail; construction project management services in the field of construction of oil and gas facilities; technical consulting related to the installation of oil and gas facilities; construction of aquatics facilities; construction of water treatment facilities; consulting services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; marine construction; pump repair and maintenance; repair or maintenance of water pollution control equipment and water purifying apparatus; construction consultancy relating to sanitation facilities; underwater building, construction, dredging, and repair; industrial construction services, namely, construction of manufacturing plants, bulk storage facilities and specialized structures, and installation of industrial equipment for use in the mining, forestry, food processing, power generation, petrochemical, manufacturing and materials handling industries; construction supervision services, namely, construction project management, construction program management and construction management, all for creation, demolition, and decommissioning of facilities and sites; construction management services, namely, construction consultation, and construction of government, commercial and industrial properties, and inspections during building construction; construction program management and construction management services and maintenance services for large and complex engineering projects to build, maintain and improve healthcare complexes, schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, interchanges, tunnels, intelligent transportation systems (ITS), mass transit systems, airports, port and harbor facilities, and water supply, and water and waste treatment and distribution systems; maintenance and improvement in the nature of repair of public buildings, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, and airports.

Class 42

Engineering and architectural analysis, planning and design services for the energy, transportation, pollution abatement, water resources and health care industries; architectural and engineering services; architectural consultancy; architectural design; civil engineering; conducting engineering surveys; conducting of technical feasibility studies; consulting in the field of structural engineering; consulting in the fields of engineering

and architecture; design for others in the field of engineering; design of tunnels and underground structures; drawing up of architectural plans and engineering drawings; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the construction of airports, highways and bridges; land use planning services; landscape architectural design; planning and layout design for the interior space of retail business establishments; planning of buildings and infrastructure systems for buildings; providing quality assurance services in the field of engineering; quality control for others; structural engineering design services; urban planning; architectural research; civil engineering for the design of airports, highways and bridges; computer aided design for others; conducting chemical surveys, namely, strength and chemical testing of cementitious materials, asphalt and aggregates; construction drafting; consulting services in the field of architectural design; building and construction drafting; drafting of construction plans for recreation premises; engineering; graphic illustration and drawing services, namely, providing graphic illustrations and drawings of commercial and industrial building designs, and converting building designs or markups to electronic CAD drawings; monitoring inspections and assessment of the quality and quantity of raw materials, commodities, manufactured and semi-manufactured and transformed goods or goods of any other nature, for quality control purposes; inspections of airports, highways and bridges; marine, aerial and land surveying; materials testing, analysis and evaluation; mechanical engineering and research relating to mechanical engineering; monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; monitoring of erosion and sedimentation; pipeline inspection services; planning and layout design services for cleanroom environments; product development and engineering services for others; providing design services for others in the field of theme parks, museums, and miniature golf courses; research and development and consultation related thereto in the field of civil engineering; research and development of technology in the field of civil engineering; research on building construction or city planning; research relating to mechanical engineering; research, development, engineering and testing services in the fields of welding and material joining; survey design and research; surveying and engineering; technical consultancy regarding the field of road cutting machinery technology; technical surveying; testing or research on civil engineering; testing, analysis and evaluation of the goods and services of others for the purpose of certification; testing, analyzing and evaluating the structural properties of masonry and concrete structures; architectural consultation; civil engineering relating to water irrigation; engineering and hydrological design for restoration of stream channels, marshes, estuaries, and wetlands; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; environmental services, namely, technical consultation in the field of environmental science, engineering services, namely design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; architectural design services

in the fields of civic, corporate, education, healthcare, justice, leisure, sports venues, transportation, government, and utilities; engineering design services; planning of buildings and infrastructure for buildings, namely, spatial planning for buildings; climate and resource planning for buildings, namely, planning of buildings and infrastructure systems for buildings; infrastructure and public facilities planning, namely planning of buildings and infrastructure for buildings; environmental consulting services relating to sustainable communities and businesses; engineering services in the field of reduction of operating costs; application service provider (ASP) featuring software for use in accounting/financial management, deployment/personnel management, property/inventory control management, production control management, quality/safety/environmental management, supply chain management, planning and schedule management, document management and earned value management; application service provider featuring software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; application service provider, namely, hosting of databases, database development services, maintenance and development of database software, providing, hosting, managing, developing, and maintaining applications, software and websites in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider, namely, developing, providing, hosting and the managing of software and applications in the fields of healthcare, benefits programs, employee productivity, risk management; application service provider for hosting computer application software in the field of knowledge management relating to creating searchable databases of information and data to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; application service provider for hosting computer application software in the field of knowledge management relating to creating searchable databases of information and data; application service provider for hosting computer application software in the field of knowledge management relating to searching and retrieving information from databases and computer networks; computer services, namely, hosting a web-based system and online portal for customers to remotely manage, administer, modify and control their end user computer devices, data and software applications; computer systems integration services; database development services; integration of computer systems and networks; IT integration services; hosting a secured-access website that gives registered internet-networked institutions the ability to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer-driven transactions; software as a service (SAAS) services featuring software and applications for database management; software as a service (SAAS) services, namely, hosting software for use by others for use in accounting/financial management, deployment/personnel management, property/inventory control management, production control management, quality/safety/environmental management, supply chain management, planning and schedule management, document management and earned value management; analysis of stream water quality; bacteriological consultation, research and testing; calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation; chemical, biochemical, biological and bacteriological research and analysis; civil engineering for the design of wastewater treatment facilities; civil engineering relating to water irrigation; computer-aided engineering services for others; consultation services in the field of hydrological research; consulting services in the field of environmental assessment, planning, quality checking and testing; technological consultancy in the

field of water distribution systems and wastewater systems; environmental services, namely, detection of contaminants in water; environmental testing and inspection services; hydrologic and hydraulic modeling and design of storm drainage infrastructure; hydrologic study of surface and ground water; hydrological calculations and simulations of flood flows in streams, marshes, and wetlands; hydrological research; inspections of water treatment facilities; mapping services; marine, aerial and land surveying; materials testing, analyzing, and evaluation; mechanical engineering and research; monitoring of stream water quality; planning and designing aquatics facilities; providing environmentally friendly automation services for monitoring industrial processes, namely, site evaluations and control design analysis, and integrated software installation services for monitoring and controlling respective innovative devices within a designated area; providing quality assurance services in the field of wastewater treatment; providing reagent sample testing and diagnostic services for others in the fields of science and research related thereto; providing technological and scientific information about environmentally-conscious and green innovations; research in the field of hydrogeology; scientific research and development; sewer overflow monitoring services; sewer system monitoring services; technical consultancy in the field of environmental science; technical monitoring services for conditions of water; technology consultation and research in the field of water resources; technology supervision and inspection in the field of water resources; testing of filters; testing of raw materials; underwater structural inspection services; water quality control services; engineering consultation and engineering services in the areas of industrial engineering, mining, land surveys, mapping and geographic information services, transportation, water resources and irrigation, environmental engineering, urban economic and development planning, urban development engineering, and municipal engineering; engineering and architectural design, namely, creating plans, specification and preliminary and final designs for others for large and complex engineering projects to build, maintain and improve healthcare complexes, schools, colleges and universities, public buildings, power plants, energy facilities, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; systems engineering for large and complex engineering projects to build, maintain and improve public buildings, power plants, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; systems engineering for large and complex engineering projects to build, maintain and improve healthcare complexes, public buildings, commercial, industrial and manufacturing facilities, power plants, and federal, state and municipal infrastructure, namely, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; engineering services, namely, technical planning and design services for others in the field of engineering for general building, transportation facilities and infrastructure, manufacturing, sewer waste, power, industrial processes, petroleum, telecommunications, hazardous waste for the energy, defense and security, education, retail, government, manufacturing, industrial, commercial, transportation, transportation security, pollution abatement, air, water, and soil resources and health care industries; design services for others in the field of defense systems, namely, engineering for development of aviation and ground systems, vehicles, shelters and ground support equipment; design services for others in the field of engineering for air emission control, and flood control; civil and environmental engineering services, namely, preparing environmental impact assessment, preparing environmental impact assessment in the

fields of climate change and bio-diversity, biological, ecological, energy management, and technological earthquake studies and reports relating thereto; computer consultation in the field of computer security; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; design and development of computer networks; engineering services with respect to government, commercial and industrial properties; design of government, commercial and industrial properties for others; computer and computer network design and engineering, in the fields of geographic information services combining software and information technology to produce visual representations of topographies; computer application software development for others for simulation and imaging services, integration of computer systems and networks; updating and maintenance of database systems; engineering in the field of network and database design and development; engineering services for large and complex engineering projects to build, maintain and improve healthcare complexes, schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, airports, port and harbor facilities, water supply, and water and waste treatment and distribution systems; operations for computer systems and computer networks in the nature of computer and network design and engineering, computer application development, computer application integration, development, updating, and maintenance of software for databases, computer network integration, and computer systems integration for large and complex engineering projects; planning and laying out of commercial buildings; construction planning; planning and laying out of factory buildings and production facilities; hosting computer databases via secured-access internet through which documents and images can be viewed, copied, and printed for purposes of conducting corporate transactions; hosting an on-line computer database in the field of locating products, describing products, rating products, pricing products and comparing prices of products.

Class 09

Electric control apparatus, systems, devices and installations;
programmable control apparatus; remote control apparatus; remote
control apparatus for use with heating, lighting, steam generating, drying,
ventilating, air conditioning, water supply and security apparatus;

The logo consists of the word "HIVE" in a bold, black, sans-serif typeface. The letters are closely spaced and have a slightly irregular, hand-drawn appearance.

temperature controllers; temperature controlling apparatus; thermostats; automated control devices for energy management; thermostat control apparatus; electric thermostats; room thermostats; temperature control apparatus in the form of thermostats; thermal sensors for use in thermostats; thermal controls; boiler control apparatus; communications controllers; computer software; computer software and hardware for remotely controlling and monitoring household devices, home electrical systems, and surveillance and security systems in homes; household energy measuring and control apparatus; household energy measuring and monitoring apparatus; communications software for connecting global computer networks; computer software for time control; computer software for temperature and lighting control; multiple control signal transmission units; network controlling apparatus; communication interface units; interface software; interactive computer software accessible on computers and via mobile telephones; mobile phone applications; wireless communication apparatus; communications networks; security control apparatus; electronic and automatic access security apparatus; security video cameras and television monitors; intruder detection systems and apparatus; software to control building access and security systems; meters; meters for measuring and monitoring energy; computer software for use in meter reading, monitoring and reporting; smart meters; smart meters, namely meters for testing, displaying and reporting on-going energy usage; electrical meters; gas-flow meters; visual display units; apparatus, equipment and instruments for measuring the efficiency, performance and consumption of gas boilers; mobile communication terminals; mobile data communications apparatus; data transmitting apparatus; alarms; alarm systems; home, business and personal automated security systems and related software; data processing equipment; computers; computer hardware; plugs; wireless communication apparatus; leak detection apparatus; sensors and detectors, motion sensors; facial recognition and analysis software; apparatus for recording sound; multi-channel sound processors; sound and picture recording apparatus; parts, fittings and accessories for the aforementioned goods; none of the aforesaid goods being in the nature of computer games or being adapted for use with computer games.

Class 11

Apparatus for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary purposes; central heating apparatus and installations; boilers; boilers being parts of central heating installations; control devices being parts of heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; apparatus for controlling temperature in heating installations, namely thermostatic valves [parts of heating installations]; automatic temperature regulators [thermostatic valves] for central heating systems, namely, thermostatic valves as part of heating installations; not including lighting apparatus for vehicles and bicycles; and not including wax heating apparatus and parts and fittings for wax heating apparatus.

Class 35

Data processing and data management; provision of business information; advisory and consultancy services related to all of the aforementioned services.

Class 37

Installation, maintenance and repair of apparatus for heating, lighting, sanitation, ventilation, air conditioning and water supply; central heating installation; installation of heating control apparatus; installation of residential security apparatus; installation of hardware and cables for Internet access; installation of hardware for computer networks;

installation of security systems; installation, maintenance and repair of computer hardware, household devices, home electrical systems and surveillance and security systems in homes; installation of communications network instruments; information, advisory and consultancy services relating to the aforesaid services.

Class 38

Telecommunications services; electronic transmission of messages, images and signals; telecommunications and data communication services; providing access to a computer network; transmission of sound, picture and data signals; transmission of sound or visual recordings over networks; message sending via a website; providing access to web pages; electronic transmission of data and documents via the Internet or other databases; chat room services; delivery of data and messages by electronic transmission; electronic message sending; message sending, receiving and forwarding; online services, namely, message sending; communication by computer, computer intercommunication; wireless communications services; wireless transmission of data and information; wireless telephone services; providing access to an interactive user interface; providing access to an online interface; providing access to an online interface for controlling heating, water supply, lighting, sanitation, air conditioning, ventilation and security apparatus; information, advisory and consultancy services relating to the aforesaid services; communications by means of mobile phones, global computer networks, the internet and wireless transmission; wireless communications services; communications by means of mobile phones, global computer networks, the internet and wireless transmission that connect to gas boilers and other apparatus for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary purposes; provision of email services; none of the aforesaid services relating to computer games.

Class 39

Distribution of heat; energy distribution; storage, transportation and delivery of gas, oil and electricity; information and advisory services relating to the aforesaid services.

Class 42

Advisory services relating to the use of energy, energy efficiency and energy-saving; advisory services relating to energy efficiency involving the developing of integrated energy concepts; professional consultancy relating to the conservation of energy; preparation of technical reports; preparation of engineering or technical reports relating to energy consumption in buildings and domestic homes; providing online engineering or technical reports relating to energy consumption in buildings and domestic homes; consultancy in the field of energy-saving; energy auditing; design and development of systems for generating and using energy in an economic and efficient manner; technical consultancy in the field of energy saving and energy efficiency; information, advisory and consultancy services relating to the aforesaid services.

Class 45

Alarm services, namely, monitoring alarms and alerting customers of detected activity; alarm response and verification services; providing alarm services, namely, monitoring of alarms and emergency alert services via the internet, email, computer networks and telecommunications networks; licensing of computer software; advisory and consultancy services related to all of the aforementioned.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), emergency (life-saving) and teaching apparatus and instruments; marking, signaling and life-saving buoys; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; magnetic badges, namely, decorative magnets; safety tarpaulins; magnets, alarm instruments, altimeters, alcohol meters, sextants; thermometers; apparatus for recording, transmission or reproduction of sound or images; magnetic recording media, optical or sound recording disks; compact disks, DVDs and other digital recording media; telephones; equipment for data processing and computers; game software; software (recorded programs); computer peripheral devices; integrated circuit cards [smart cards]; computer mice; electric batteries; detectors; electric wires; electric relays; audio headphones; stereo headphones; mouse pads; covers for tablets and portable telephones; cases for mobile phones and tablets; faceplates for mobile phones and tablets; bags adapted for portable computers, audio speakers; USB hubs, radios incorporating a clock; electronic agendas, headphones; USB flash drive; telephone receivers; animated cartoons; spectacles (optics); optical goods; spectacle cases; bathing and swimming goggles, protective goggles for sports; suits, diving suits, gloves or masks for

diving, for protection; clothing for protection against accidents, irradiation and fire; protection devices for personal use against accidents; protective helmets; electric bells (other than for cycles); bells (warning apparatus); speaking tubes; antennas, personal stereos, light beacons; diagnostic apparatus not for medical use, headgear for protection against injuries for sports activities; protective helmets for sports; teeth protectors, mechanisms for coin-operated apparatus; cash registers, calculating machines, pocket calculators; slide-rules; fire extinguishers; connected bracelets [measuring instruments]; cinematographic cameras; video cameras; memory cards for machines and for consoles for video games; video game cartridges; video screens; loudspeakers; goggles for sports; 3D spectacles; smart glasses; smartwatches; hands-free kits for telephones; computer programs [downloadable software]; simulators for the steering and control of vehicles; sports training simulators; electronic sports training simulators [teaching apparatus based on computer hardware and software]; downloadable game programs and computer game programs via computer terminals; microphones for video game consoles; video game programs; interactive video game programs; downloadable video game programs; video games on disc [software]; audiovisual headsets for video games; computer programs for computer games and video games; virtual reality software; virtual reality glasses; virtual reality helmets; virtual-reality computer hardware; virtual-reality game software.

Class 14

Jewelry, precious stones; timepieces and chronometric instruments; clock radios; precious metals and their alloys; works of art of precious metal; jewelry cases [caskets]; boxes of precious metal; cases, bracelets, chains, springs, glasses for watches; key rings [trinkets or fobs]; statues or figurines (statuettes) of precious metals; cases or presentation cases for timepieces; medals; medallions; trinkets, chains, necklaces, rings, bracelets, pendants, ornamental pins; cases for timepieces and jewelry.

Class 16

Printing products (printed matter); bookbinding material; photographs, stationery; adhesives for stationery or household purposes; artists' materials; paintbrushes; writing machines and office requisites (excluding furniture), instructional or teaching material (excluding apparatus); printing type; printing blocks; paper; cardboard; boxes of cardboard or paper; posters; albums; cards; books; periodicals; newspapers; prospectuses; pamphlets; calendars; writing instruments; engravings or lithographic works of art; paintings (pictures), framed or unframed; aquarelles; patterns for dressmaking; drawings; drawing instruments, paper handkerchiefs; face towels of paper, table linen of paper; paper towels for household use; bibs of paper, toilet paper, bags and small bags (envelopes, pouches) of paper or plastics for packaging; garbage bags of paper or of plastics; stickers, images; almanacs, note books, geographical maps, greeting cards, musical greeting cards; writing sets (stationery), drawing sets, fountain pens, note books, labels; paperclips; paint boxes (school material), painters' easels; flags and pennants of paper; loyalty cards; subscription cards, figurines (statuettes) of paper mache, architects' models, graphic art reproductions; molds for modeling clay.

Class 18

Leather and imitation leather, animal skins, trunks and suitcases; umbrellas, parasols and walking sticks, whips and saddlery; bags, wallets, purses, briefcases; purses (coin purses); bags, in particular rucksacks, handbags, wheeled bags, beach bags, travel bags, garment bags, sports bags; vanity cases (empty); toiletry bags sold empty, travelling sets (leatherware); collars and clothing for animals; net bags for shopping;

boxes made of leather or leather boards; key cases; slings for carrying infants.

Class 25

Clothing, footwear, headgear; shirts, sports jerseys; jumpers, underwear; clothing of leather or imitation of leather; t-shirts; polo shirts; tank tops; jackets; sports jackets, parkas; sashes for wear; trousers; Bermuda shorts; sports shorts; bathing suits; nightshirts; pajamas; dressing gowns; belts (clothing), furs (clothing); gloves (clothing); scarves; neckties; hosiery; caps, socks; bedroom slippers; beach, ski or sports shoes, soccer shoe cleats; headbands; bibs, not of paper; inner soles.

Class 28

Games, toys; controls for game consoles; decorations for Christmas trees except illumination articles and confectionery, Christmas trees of synthetic material; apparatus for physical education or gymnastics; fishing tackle; balls for games; billiard tables, cues and balls; card decks; board games; ice or roller skates, scooters; sail or surf boards, rackets; snowshoes; skis; toy figures, golf tees; video game machines; video game joysticks; punching bags; golf bags; tennis bags or other sporting articles; gloves for games, gloves for sports, protective padding (parts of sports suits); elbow guards [sports articles], knee guards [sports articles], shin guards [sports articles]; belts for sports; swimming belts; portable video game apparatus; gymnastic and sporting articles; table football games; building blocks [toys]; starting blocks for sports; bobsleighs; bodyboards; targets; electronic targets; golf sticks [golf clubs]; drones [toys]; camouflage screens [sports articles]; figurines [toys]; protective films designed for portable game screens; darts; gloves [accessories for games]; gyroscopes and flight stabilizers for reduced model aircraft; arcade video game machines; building games; parlor games; apparatus for games; amusement machines, automatic and coin-operated; portable games with liquid crystal displays; joysticks for video games; fairground rides; scale model vehicles; toy pistols; skateboards; ninepins; snowboards; billiard tables; spring boards [sports articles]; scooters [toys]; remote-controlled toy vehicles; portable games with liquid crystal displays; portable electronic video game apparatus.
