REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 09

Computer software; application software; personal computer application software; software for accessing information on a global computer network; downloadable software applications; downloadable software applications (apps); firmware; computer firmware; electronic publications; downloadable publications; lidar scanners; apparatus for scanning; video scanning apparatus.

Class 28

Games, toys and playthings; video game apparatus; gymnastic and sporting articles; stationary exercise equipment in the form of bicycles, kayaks and boats.

Class 35

Advertising; advertising agency services; advertising services provided via the internet; advertising analysis; arranging exhibitions for advertising purposes; dissemination of advertising matter; marketing; promotional services; sales promotion services; public relations; publicity; business management; business administration; office functions; provision of business information; brand development; market research and analysis; business management relating to media services for media buying, media planning and similar media advisory; demonstration of goods; event management services (organisation of exhibitions or trade fairs for commercial or advertising purposes); layout services for advertising purposes; modelling for advertising or sales promotion; display of works of art (commercial exhibitions shows, galleries); retail services in relation to works of art; organisation of trade expositions, trade fairs or shows for commercial or advertising purposes; outdoor planning services for advertising; preparation of advertising material; production of advertising material; accountancy; auctioneering; conducting trade fairs; opinion polling; data processing; brand creation services; production of television and radio advertisements; production of sound recordings for advertising purposes; production of video and film recordings for advertising purposes; cinematographic film advertising; production of advertising films; production of visual advertising matter; rental of advertising apparatus, advertising materials, advertising space; research services relating to advertising; writing advertising copy; advisory, consultancy, information, planning and research services in relation to all of the aforesaid.

Class 41

Entertainment services; education services; publishing services; exhibition services; display of works of art (exhibitions, shows, museums, galleries); organising, arranging and conducting of exhibitions for cultural, educational, training and entertainment purposes; provision of information in relation to art; organisation, production and presentation of shows, concerts and entertainment events; provision of entertainment accessed by computer networks and the internet; electronic publishing services; electronic desktop publishing; photography services; production of audio/visual presentations; film production and distribution including animated films and cartoons; music production services; recording and publication of music services; entertainment services, namely, providing an

interactive service featuring music, audio and video in the fields of entertainment, education, news and art provided over the internet, mobile devices, wireless internet networks or systems and other computer and electronic communication networks; interactive entertainment by means of films and sound and video recordings; advisory, consultancy, information, planning and research services in relation to all of the aforesaid.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; hosting of software as a service (saas); software as a service (saas); application service provider (asp) services; cloud computing; computer programming; installation, maintenance and repair of computer software; computer consultancy services; design and commissioned writing of computer programmes, software and code for the creation of web pages on the Internet; creating, maintaining and hosting the web sites of others; computer hosting and consultancy services; computer services, namely, hosting electronic facilities for third parties for organizing meetings, events and interactive discussions via communication networks; creating, maintaining and hosting of software as a service; creating, maintaining and hosting of weblogs (blogs); design services; hosting online web facilities relating to personalised interactive services, including user-generated content or specific contents, personal profiles, sounds, videos, data images; computer services for the temporary provision of non-downloadable software for use in social networks; electronic data storage; commercial and graphic art designing; graphic art services; graphic arts design; visual design; digital imaging services (digitisation and scanning of images); provision of online non-downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; provision of online non-downloadable software for sending and receiving electronic messages, graphics, images, audio and audio visual content via global communication networks; provision of online non-downloadable software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; provision of online non-downloadable computer software for processing images, graphics, audio, video, and text; provision of online non-downloadable software featuring intelligent assistants to create enhanced user experiences in response to user inquiries, instructions, and commands; provision of online non-downloadable chatbot software; provision of online non-downloadable software that provides multi-modal natural language processing, generation, reasoning and machine learning for contextual analysis and natural interaction; provision of online non-downloadable software for simulating conversations; provision of online non-downloadable software for using customized icon sets and icon-based keyboards on mobile phones, smartphones, tablets and other portable electronic devices; provision of online non-downloadable software for sending and sharing icons, emojis, stickers, images and emoticons through a custom keyboard on a mobile phone, smartphone, tablet or other portable electronic device; advisory, consultancy, information, planning and research services in relation to all of the aforesaid.

Class 05

Biological and chemical preparations and substances for medical and surgical purposes; pharmaceutical preparations for veterinary use; sanitary preparations for medical purposes; dental amalgams; dental cement; dental cement for fillings; dental wax; dental ceramics; dental wax for the preparation of dental moulds; dental mastics; dental alloys; embedding material for dental use; materials for tooth restoration; synthetic materials for dental use for fillings; plasters, materials for dressings; disinfectants; preparations for destroying vermin; vermin destroying preparations; fungicides; herbicides; chemical preparations for medical purposes; coatings for prostheses for medical use consisting of hydroxyapatite and calcium phosphates to enhance the bone adhesion onto medical implants and prostheses; osteointegrative coatings for prostheses for medical use consisting of titanium oxides and titanium alloy oxides, which enable mechanically stable direct bone tissue adhesion onto medical implants and prostheses.

Class 07

Machines and installations for processing materials, in particular metalworking machines for special processes and production of protective coatings for components used in industrial gas turbines and engines for

aircraft and other industrial sectors; material processing installations, namely machine for special processes and manufacture protective coatings for components used in industrial gas turbines and aero engines.

Class 10

Veterinary apparatus and instruments; surgical apparatus and instruments; dental apparatus and instruments; medical apparatus and instruments; artificial teeth; orthopedic articles; suture materials; artificial limbs; artificial lenses for implantation in the eye; artificial internal organs; artificial implants; artificial orthopaedic implants; medical implants made of artificial materials; medical implants; artificial bones; bone implants made from artificial materials; bone substitutes for surgical use; articular prostheses; biodegradable prostheses; lag screws in the nature of orthopedic surgical implants; subcutaneous valves for implantation; prosthesis materials, namely dental implants, namely, dental prostheses; orthopedic prostheses for shoulder, elbows, hands and knees; hip prostheses; joint prostheses; prostheses for vertebral columns; prostheses for maxillofacial reconstructions and neurosurgery, in particular, prostheses for facial structures and the spinal column; surgical implants comprised of artificial materials for replacing human tissue; implants comprised of artificial materials for bone replacement based on hydroxylapatite in the form of compact elements for use in surgery, orthopedics, maxillo-facial surgery, odontology and plastic surgery for rebuilding primary and secondary bone defects; apparatus for use in the fitting of prostheses; medical prostheses and implants made with a 3d printer.

Class 40

Treatment and coating of dental implants; treatment and coating of orthopedic prostheses; treatment and coating of prostheses for the spinal column; treatment and coating of prostheses for maxillofacial or neurosurgical reconstruction; treatment and coating of articles for osteosynthesis; treatment services using metals, ceramics and polymers, in particular spraying, and surface application and spray treatment, including cold treatment, for components used in industrial turbines and motors and engines for aeroplanes and other industrial sectors; abrasive polishing of metal and ceramic surfaces and other surfaces; preparation and treatment of materials; electrochemical treatment and coating of metal surfaces of industrial turbines and motors and engines for aeroplanes and parts of aeroplanes and other industrial sectors; grinding of materials; milling of materials; thermal spray surface coating based on metal and ceramic; cold spray surface coating; laser surface coating; sandblasting surface treatment; shot peening surface treatment; treatment of materials, in particular vacuum brazing and welding; all of the aforesaid treatment services for gas turbines and components used in the civil and industrial sector and on aeroplanes; abrasion; pneumatic abrasion of surfaces; application of wear resistant coatings to engineering components; application of coatings using vacuum deposition techniques; application of coatings using physical vapor deposition techniques; application of coatings using chemical vapor deposition techniques; application of coatings using thermal plasma spraying techniques; application of protective surface coatings to machines and tools; application of wear resistant coatings by electrolytic processes; application of wear resistant coatings by autocatalytic processes; application of wear-resistant coatings on metals and plastics; soldering; joining of components using ultrasonic welding techniques; coating of metal surfaces using chemical vapour deposition processes; finishing of surfaces by shot peening; galvanizing; engraving; metal hardening; processing of metal surfaces by abrasive polishing; processing of metal surfaces by precision grinding and abrasive polishing; burnishing by abrasion; abrasive polishing of metal surfaces; grinding;

electrophoretic coating; powder coating; galvanization services; sandblasting services; air brushing services; blast treatment of a surface (services for the -); metal treating; blast treatment; treatment of metal parts to prevent corrosion; treatment of metal parts to prevent corrosion using hot-dip galvanizing and powder coating processes; treating materials with ultrasonic waves to modify their properties; treatment of materials using chemicals; treatment of materials by laser beam; heat treatment of metal surfaces; electrochemical treatment; metallurgical processing; treatment with metal, treatment with ceramics and polymers, in particular spraying, and surface application treatment for components used in industrial gas turbines and engines for aircraft and other industrial sectors; treatment of materials.

Class 42

Non-destructive material testing, including ultrasound testing; engineering design; design service; custom design service; design of industrial machinery; engineering design; design of specialist machinery; industrial design; design of industrial plants; design of industrial products; industrial engineering design services; research relating to design; product design and development; design and development of prostheses; technological services relating to design; design and testing of new products; technical research and design services; testing of coating material and testing of treatments carried out.

Class 06

Non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes, tubes and hoses, and fittings therefore, including valves; metal valves not being parts of machines; valve assemblies of metal

[other than parts of machines]; pipes, pipework and tubes of metal; liners and casings for use in oil, gas and water wells and boreholes; sleeves; sliding sleeves; well, well bore and borehole liners and casing; subs (metal hardware for use in drilling); downhole subs (metal hardware for use in drilling); metal hardware for use in the construction, maintenance and repair of, and intervention in, oil, gas, condensate and water wells, well bores and boreholes; bell nipples; pipe clamps; plugs; wiper plugs; manifolds; drill collars; pipe protectors; drill pipe protectors; valves; blowout preventers in the nature of metal valves not being parts of machines; choke lines; kill lines; bleed lines; pump lines; fixed metal orifice chokes; choke manifolds; choke line valves; kill line valves; gate valves; check valves; diverter valves; kelly valves; safety valves; float valves; strip valves; equalizing valves; diverter annular preventers, namely an annular preventer (metallic) used together with and as part of a metal piping system; diverter spools; diverter valves; diverter lines; drill-through adaptors and spools; manually operated metal valves; metal building materials; transportable buildings of metal; drill pin; drill pipe; drill pipe protectors; parts, fittings and accessories for the aforesaid goods.

Class 07

Earthmoving, construction, oil and gas extraction and mining equipment, apparatus, machines and machine tools; machines and machine tools for use in exploration, extraction, construction, drilling and production in the oil and gas industry; apparatus for use in relation to drilling for oil and gas; apparatus, equipment and machines used in oil and gas exploration, extraction, drilling and production; apparatus for use in relation to installation, construction, maintenance or repair of oil and gas wells; articles, tools, machines and apparatus for drilling, completing, producing and controlling fluids from oil, gas, condensate and water wells, well bores and boreholes, and for intervention in wells, well bores and boreholes; surface and sub-surface apparatus, equipment and installations for use in or around oil, gas, condensate and water wells, well bores and boreholes; surface and subsurface apparatus, equipment and installations to control fluid flow from oil, gas, condensate and water wells, well bores and boreholes; articles, tools, machines and apparatus for use in drill, completion, intervention, control and production strings; apparatus for use in the cleaning of oil and gas wells; well clean-up tools, namely circulation tools, casing scrapers and brush tools; completion and cementing equipment and apparatus; wellbore casing and liner installation apparatus; wellbore liner hangers and liner hanging apparatus and equipment; apparatus for use in relation to completion or cementation operations during well construction; apparatus for use in well deepening and multi-lateral type completion operations during well construction; borehole drilling tools and apparatus; production apparatus for extracting fluids from the ground; packers for wells; drilling, boring, cutting, abrading, grinding, reaming and cleaning apparatus for oil and gas wells; bits for drilling, boring, cutting, abrading, grinding, reaming and cleaning tools; drill shoes; guide shoes; casing shoes; cement shoes; reamers; drill bits; wellbore running tools; wellbore fishing tools; centralisers for use in the oil and gas industries; casings for downhole use; downhole tubulars and tools; casing drilling shoe for use in the oil and gas industries; drilling apparatus with casing for down hole use; cleaning machines for oil and gas industrial machines; core drilling bits; drill bits for rock drilling; drilling rigs; drilling machines and parts therefor; earth drilling machines; poweroperated drilling rigs; wellhead control systems; wellhead control panels; emergency shutdown apparatus and devices; blowout preventers [machines]; blowout preventer control systems [machines]; safety valve control panels; sub-surface safety valve control panels; pumps; compressors; well control systems [machines]; hydraulic power units; hydraulic accumulators; chemical injection equipment, systems, panels and skids; pressure testing

valves and machines; containerised flow improver systems; hydraulic regulators; pressure-reducing regulators; check valves; piloted check valves; pressure release valves; shuttle valves; poppet valves; sub-plate mounted valves; directional control valves; needle valves; mechanical fluid sampling tools; mechanical downhole fluid sampling tools; positive displacement samplers, being a sample cylinder (machine) that is kept at high pressure; sample cylinders (machines) for the containment of pressurised oilfield samples; sample cylinder units comprising a sample chamber, a nitrogen chamber, an air chamber, a triggering mechanism and a mechanical clock; subsea sampling systems comprising a sample chamber, a nitrogen chamber, an air chamber, a triggering mechanism and a mechanical clock for use subsea; flushing units, namely, a diesel- or electric-driven pump for flushing and pressure testing pipes, lines and pipework; oil well subsea control systems [machines]; electro-hydraulic subsea control modules; subsea deep water control systems [machines]; intervention and work-over control systems [machines]; subsea dredging apparatus; subsea dredging apparatus comprising pumps for the clearance of debris and sediment from submerged structures; flushing units, namely, a diesel- or electric-driven pump for flushing and pressure testing pipes, lines and pipework; flushing rigs; cutting, drilling, abrading, sharpening and surface treatment equipment; marine growth removal apparatus comprising high pressure cleaning jets and hydraulically controlled cleaning sub frame; welding and soldering equipment; welding machines; flow control and flow circulation tools; subsurface valves; well heads; valve assemblies; hydraulic circulation valves; circulation valves; packers; intervention packers; permanent packers; packers actuated by electrical submersible pumps (ESP); retrievable packers; pocket packers; cased hole packers; open hole packers; ram packers; rams; setting tools; non-explosive setting tools; motorised setting tools; hangers; intervention hangers; suspension hangers; retrievable hangers; plugs; hanger plugs; bridge plugs; high pressure plugs; slips (parts of drilling machines); mechanical slips; hydraulic slips; hydraulically-operated chokes; blowout preventers [machines]; control units for blowout preventers in the nature of hydraulic valve actuators; ram preventers; hydraulically-, pneumatically-, or electrically-operated annular preventers; mud/gas separators; hydraulic workover jack interfaces; drill pin; cutting tools; band cutter tool; diamond wire cutting tool; low pressure air cleaning system; low pressure grit cleaning system; downhole sampling transfer bench; micro field transfer bench; grease injection skids; chain manipulator and coating removal tool; protective coating removal tool; weight coat removal tool; water jet systems; mechanical sampling tools for use when collecting gas samples; dual band saw; pressure test skids; core umbilical reeler; multistring cutting tool; reciprocating pipe saw; parts, fittings and accessories for the aforesaid goods.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, supervision, life-saving and teaching apparatus and instruments; measurement apparatus and instruments for use in oil and gas exploration, extraction, drilling and production; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound, video, images or data; magnetic data carriers and recording discs; calculating machines; data processing equipment; computers; computer software; fire-extinguishing apparatus; clothing for protection against injury, accident, irradiation or fire; furniture adapted for laboratory use; electronic publications; telecommunications apparatus; wellhead electronic control systems; telemetry devices; telemetry devices for downhole data; downhole sensors for measuring pressure and temperature; data loggers; computer software

and firmware for the collation, input, output, display, analysis, reporting and generation of information, data and files relating to downhole data; video surveillance systems; surveillance systems; subsea surveillance systems; telecommunications apparatus for transmitting real-time video; communications apparatus; power supplies; oil and gas particle counters; oil cleanliness monitors; detectors; electric control valves; solenoid valves; pressure indicator plugs for valves; downhole fluid samplers; repeater module; battery repeater module; parts, fittings and accessories for the aforesaid goods.

Class 35

Business management; business project management; operation of a business for others, namely, oil and gas fields; personnel placement; personnel placement being the provision of specialist technical and engineering staff for specific projects in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries; placement of permanent and temporary personnel; placement of permanent and temporary personnel in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries; provision and secondment of specialist and engineering personnel on a contract or temporary basis; provision and secondment of specialist and engineering personnel on a contract or temporary basis in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries; management, negotiation and procurement of contracts; management, negotiation and procurement of contracts in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries; information, advisory and consultancy services relating to all of the aforesaid services.

Class 37

Building construction; repair services relating to oil, gas and water field exploration, extraction, exploitation and production equipment, apparatus, tools, instrumentation, machines and articles, and man-made structures used in or around boreholes; installation services relating to oil, gas and water field exploration, extraction, exploitation and production equipment, apparatus, tools, instrumentation, machines and articles, and man-made structures used in or around boreholes; maintenance services; mining, and oil and gas extraction; construction, installation, maintenance, overhaul, modification, repair, refurbishment, restoration and upgrading services; installation, maintenance, overhaul, modification, repair, refurbishment, restoration, upgrading and rental of oil, gas and water field exploration, extraction, exploitation and production equipment, apparatus, tools, instrumentation, machines and articles; hire and rental of oil, gas and water field exploration, extraction, exploitation and production, equipment, apparatus, tools, instrumentation, machines and articles; on-site and off-site installation, maintenance, overhaul, modification, repair, refurbishment, restoration, upgrading and rental of pipes, tubulars, articles, tools, machines and apparatus for drilling, completing, intervening in, controlling and allowing production from boreholes, well bores and oil, gas and water wells; on-site and off-site installation, maintenance, overhaul, modification, repair, refurbishment, restoration, upgrading and rental of man-made structures used in or around boreholes, well bores and oil, gas and water wells, well bores and boreholes; preventative maintenance services in relation to the oil and gas exploration, extraction, exploitation, production, storage and transportation industries; pre-assembly services in relation to oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; construction, installation, maintenance, repair and dismantling services in relation to oil and gas wells and oil and gas equipment; civil engineering construction; civil engineering

consultancy [construction]; civil engineering underwater construction services; oil and gas well drilling services; installation of oil production apparatus; installation of oil exploration instruments; well completion and remedial services; well clean-up and debris removal services; oil and gas industrial machine cleaning services; physical clean-up of exploration and drilling project locations to restore them to their original condition; technical consulting related to the installation of oil and gas equipment, control systems, and machinery; pipeline repair services; coating removal services; cleaning services; civil engineering maintenance involving the use of cutting equipment; services for removing marine growth from structures; welding for repair purposes; precision drilling; counterboring; operations and maintenance technical support being the provision of management, information, advisory and consultancy services in relation to the planning and scheduling of maintenance relating to oil, gas and water field oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; information, consultancy and advisory services relating to all of the aforementioned services.

Class 39

Transport; packaging and storage of goods; warehousing; warehousing storage services; warehousing of oil and gas field equipment; rental of warehousing; rental of oil, gas and water field storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; hire and rental of oil, gas and water field storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; technical advisory, information, consultancy and support services in relation to oil and gas storage and transportation industries; technical and project management services relating to oil, gas and water storage and transportation; information, consultancy and advisory services relating to all of the aforementioned services.

Class 40

Heat treatment of materials; metal treatment services; treatment of natural gas; cutting of metal; steel cutting; cutting services; rental of cutting equipment; welding; processing of oil and gas; chemical treatment of waste products; oil-spill treatment; soil treatment services; CNC (computer numerical controlled) and centre lathe machining; vertical and horizontal milling; sawing and cutting; bespoke and custom manufacturing, fabrication and construction of goods; machining; precision machining; machining of metal and metal components; bevelling; grinding; hire and rental of apparatus, equipment, articles, tools and instruments for use in any of the aforesaid services; information, consultancy and advisory services relating to all of the aforementioned services.

Class 42

Scientific and technological services and research and design relating thereto; technical advisory, information, consultancy and support services in relation to oil and gas exploration and exploitation; industrial analysis and research services; design and development of computer hardware and software; analysis services for oil field exploration; exploration and searching of oil and gas; geophysical exploration for the oil, gas and mining industries; oil and gas well testing; pressure testing; calibration (measuring); certification services [quality control]; environmental protection; quality control; oilwell testing; factory acceptance testing; system integration testing; casing shoe integrity testing; engineering services; design services; engineering and design relating to oil, gas, condensate and water field exploration, extraction, exploitation, production, storage and transportation, and consultancy services relating to the aforesaid; design, design verification and engineering services

relating to oil and gas exploration, extraction, exploitation, production, storage and transportation, and engineering project management services relating to the aforesaid; design, design verification and engineering services relating to oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles, and engineering project management services relating to the aforesaid; technical project studies and evaluations; technical research and evaluation; provision of conceptual studies being preliminary engineering studies into the feasibility of a project from a technical, engineering and legislative perspective; technical project planning and engineering project management services relating to implementation, intervention, commissioning and decommissioning services, all relating to oil, gas and water field exploration, extraction, exploitation, production, storage and transportation; engineering advice and consultancy services relating to implementation, intervention, commissioning and decommissioning services, all relating to oil, gas and water field oil, gas and water field exploration, extraction, exploitation, production, storage and transportation; industrial and technical inspection; inspection services relating to oil, gas and water field oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; engineering consultancy; engineering design consultancy; engineering feasibility studies; engineering research; engineering services for the analysis of machinery, tools, structures, facilities, pipelines and tools; process engineering consultancy, design and engineering services; technical engineering; engineering, computer services and engineering services relating to modelling; computer services and engineering services relating to simulation; design and design consultancy services in relation to oil, gas and water field exploration, extraction, exploitation, production, storage and transportation, and engineering project management services in relation to the aforesaid; structural and mechanical engineering and analysis; precommissioning, commissioning, decommissioning and performance testing services relating to oil, gas and water field oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; product testing; provision of facilities for product testing; testing of oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; provision of testing facilities for oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; inspection services; inspection of oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; on-site and off-site inspection of pipes, tubulars, articles, tools, machines and apparatus for drilling, completing, intervening in, controlling and allowing production from boreholes, well bores and oil, gas and water wells; onsite and off-site inspection of man-made structures used in or around boreholes, well bores and oil, gas and water wells, well bores and boreholes; technical project planning and engineering project management services relating to oil, gas and water field exploration, extraction and exploitation; inspection, testing, auditing and assessment services in relation to oil, gas and water field exploration, extraction, exploitation, production, storage and transportation equipment, apparatus, tools, instrumentation, machines and articles; non-destructive testing services; hardness testing; commissioning and decommissioning services relating to oil, gas and water field exploration, extraction, exploitation, production, storage and transportation; testing, authentication and quality control; testing of apparatus; technical testing services; safety testing of products; oil well logging and testing; provision of testing facilities for oil and gas

apparatus; material testing services; scientific testing services; laboratory services for analytical testing; industrial testing of engineering works; industrial testing; engineering testing; rental and leasing of oil and gas related equipment and apparatus, namely, oil and gas exploration and exploitation equipment, apparatus, tools, instrumentation, machines and articles; rental and leasing of flushing and pressure testing equipment; oil and gas well commissioning services; oil and gas well decommissioning services; provision of pressure testing facilities; research in the field of welding; oil and gas prospecting; oil and gas field surveys; analysis and diagnosis of chemicals, oils, gases, greases and lubricants; architecture, industrial design, analysis, testing and research services associated with oil and gas fields, oil workings and gas and oil installations, including providing the services of analysis, testing and research laboratories; geological research and exploration; geological surveys; land surveying; geological prospecting; engineering drawings; preparation and provision of technical documentation and reports and technical project studies; research in the field of environmental protection; research and development for others; underwater exploration; technical research; civil engineering consultancy and design services; research in the field of welding; precision engineering and engineering services; information, advisory and consultancy services in relation to the aforesaid services.

Alloys of common metal; aluminum; aluminum foil; aluminum wire; balls of steel; boxes of common metal; brackets of metal for building; brass, unwrought or semi-wrought; brazing alloys; rods of metal for brazing; ceiling and floor boards of metal for building purposes; prefabricated buildings of metal; cast iron, unwrought or semi-wrought; cast steel; common metals, unwrought or semi-wrought; industrial packaging containers of metal; copper, unwrought or semi-wrought; crash barriers of metal for roads; fittings of metal for building, namely, metal door fittings, metal pipe fittings and metal joinery fittings for buildings; flanges of metal; foundry moulds of metal; framework of metal for building; gold solder; indium; ingots of common metal; iron ores; iron, unwrought or semi-wrought; iron wire; joists of metal; lead, unwrought or semi-wrought; linings of metal for building purposes; manhole covers of metal; manifolds of metal for pipelines; materials of metal for funicular railway permanent ways; common metals in powder form; nickel; niobium; prefabricated architectural pillars of metal for buildings; pipe muffs of metal; poles of metal; posts of metal; props of metal being metal beams; railroad ties of metal; rails of metal; railway material of metal; railway sleepers of metal; reinforcing materials of metal for building purposes; sheet piles of metal; metal sheets; plates of metal, namely, steel in the form of plates; silver plated tin alloy; silver solder; sleeves being metal hardware, namely, metal

cable junction and metal expanding sleeves for affixing screws; soldering wire of metal; steel alloys; steel pipes; steel sheets; steel strips; steel, unwrought or semi-wrought; steel wire; strap-hinges of metal; tantalum; tin; tinfoil; tinplate; tinplate packings, namely, tin foil packaging trays and tin foil industrial packaging containers; titanium; titanium iron; tombac; trellis of metal; tubes of metal; tungsten; vanadium; rods of metal for welding; wire of common metal; wire of common metal alloys, except fuse wire; wire rope; zirconium; steel bars; cask stands of steel; non-electric steel cables; steel forgings; wire of metal for welding; heavy steel plates; hot-rolled steel sheets and coils; cold-rolled steel sheets and coils; tin-free steel sheets and coils; semi-worked electrical steel sheets; galvanized steel sheets and coils; construction materials of metal, namely, metal soffits and metal pipes; storage tanks of metal; building materials of metal; building materials of metal for base-isolation and vibration-control; seismic brace of metal; anti-seismic reinforcement devices made of metal; metal vibration dampers for buildings or building parts; fish cages of metal for commercial use; fish farm cages of metal for commercial use.

Class 07

Air suction machines; bending machines; compressed air machines; compressed air pumps; compressors, namely, electric compressors, gas compressors and air compressors; condensing installations for chemical processing, namely, mechanical condensators and air condensers; pneumatic, hydraulic and thermostatic control mechanisms for metalworking machines, construction machines and loading-unloading machines; crushing machines for metalworking, construction loading-unloading and chemical processing; cutting machines for metalworking and construction; electric welding machines; drainage machines for construction, namely, oil drain pumps, earth moving machines and earth augers; planing machines for metalworking; electric arc cutting machines; electric arc welding machines; finishing machines for metalworking, namely, honing machines, burnishing machines and lapping machines; gasifiers; ac generators of electricity; dc generators of electricity; galvanizing machines; grinding machines; guides for metalworking machines; power-operated hand-held tools, namely, power drills, buffers and grinders; heat exchangers for chemical processing machines; hemming machines; metalworking machine tool holders; machining centers for metalworking machining; metal drawing machines; metalworking machines; metal surface galvanizing machines; moulding machines for metalworking; moulds being parts of machines; paring machines for metalworking; pneumatic transporters; electric machines for polishing metal surface; punching, mechanical and hydraulic presses for metalworking; presses for chemical processing; rammers; rolling mill cylinders; rolling mills; sewage pulverizers; slide rests being parts of machines; trimming machines for metalworking; vibrator machines for industrial use; waste compacting machines for industrial purpose; industrial waste disposer machines; gas-operated welding machines; industrial robots for metal working; continuous casting machines; machines for the treatment of metal giving a pickling effect on the surface; machines for tin-plating on the surface of metal; annealing machines for metalworking; electromechanical machines for chemical industry, namely, sintering machines and calcining machines; sorting machines for mining and chemical processing; electric pumps, silt pumps and hydraulic pumps; pneumatic machines, namely, pneumatic hammers, pneumatic conveyors and pneumatic pumps; hydraulic machines and apparatus, namely, hydraulic jacks, hydraulic excavators and hydraulic conveyors; machines for giving a pickling treatment on the surface of metal; industrial fishing machines; fishing machines and instruments; automatic feeding device for fish farming; machinery for use in relation to fish farming; electricity generators; parts of construction machines and apparatus for seismic

control for buildings; parts of construction machines and apparatus for seismic isolation for buildings; carbon dioxide capture machine, namely, a machine capture unit comprising primarily of flue gas coolers, absorber towers, regenerator towers, heat exchangers [parts of machines], blowers and pumps that captures carbon dioxide from flue gases of combustion apparatus such as gas turbines and internal combustion engines.

Class 09

Electronic agendas; bar code readers; central processing units; integrated circuits; computer operating programs, recorded; computer peripheral devices; downloadable computer software for use in monitoring and controlling factory manufacturing processes; recorded computer software for use in monitoring and controlling factory manufacturing; computers; data processing apparatus; blank integrated circuit cards; intercommunication apparatus, namely, telephones and intercoms; juke boxes for computers; lasers, not for medical purposes; blank magnetic data carriers; magnetic encoders; computer programs for monitoring factory manufacturing processes; optical character readers; blank optical data carriers; portable telephones; printed circuits; optical readers being data processing equipment; semi-conductors; telephone apparatus; telecommunications transmitters; telecommunications transmitting sets consisting of a transmitter and receiver; video telephones; silicon wafers; color filters for liquid crystal display; flexible printed circuits; flexible printed circuit materials, namely, foil circuits for electrical conduction; electrical coils; monitoring devices for the aquaculture industry used to monitor water temperature, temperature, solar irradiation, wave height, periodic current, oxygen level and salinity level; sensors and detectors for use in aquaculture; computer software for use in the field of aquaculture; measuring apparatus for use in the field of aquaculture; seismic detectors; measuring apparatus and instruments.

Class 11

Air conditioning apparatus for industrial purpose; air conditioning installations for industrial purpose; electric air deodorizing apparatus for industrial purposes; air filtering installations for industrial purposes; air purifying apparatus and machines for industrial purposes; air sterilizers for industrial purposes; ash pits for industrial furnaces; industrial boilers and heating boilers, other than parts of machines; evaporative air coolers for industrial furnaces; water desalination plants; distillation apparatus; drying apparatus, namely, industrial dryers for heating and dehumidifying, drying apparatus for chemical processing; evaporators; filters for air conditioning for industrial purposes; filters for industrial furnaces; filters for industrial boilers; filters for air-conditioning apparatus for industrial purposes; filters for garbage incinerators; filters for water purifying apparatus for industrial purpose; fire bars being parts of industrial furnaces and boilers; fuel economizers in the nature of devices for warming feed water in heating boilers; industrial furnace ash boxes; furnace grates being parts of industrial furnace and nuclear reactors; furnace grates being parts of industrial boilers; industrial furnaces; cooling vats being parts of industrial furnaces; heat exchangers for chemical processing, not parts of machines; heating elements for industrial purposes; hot water heating installations for industrial purpose; loading apparatus being parts of furnaces; purification installations for sewage; water filtering apparatus for industrial purposes; water flushing installations for industrial purposes; water purification installations; water purifying apparatus and machines for industrial purpose; waste melting furnaces; garbage incinerators; melting furnaces; waste water treatment apparatus for industrial purpose; industrial gas purification apparatus; purification equipment of industrial gases including combustible gases having rich carbon dioxide; parts and fitting of boilers, industrial furnaces and

industrial incinerators incorporating a carbon dioxide capture unit of flue gas coolers, absorber towers, regenerator towers, heat exchangers, blowers and pumps for capturing carbon dioxide flue gases.

Class 19

Artificial stone; ceramic building materials, bricks and refractory products; building materials of ceramic, concrete, carbon fiber plastics, aramid fibers and plastics, namely, building materials of ceramic, concrete, carbon fiber plastics, aramid fibers and plastics in the form of door panels, beams, pre-cast wall forms; building panels of ceramic, concrete, carbon fiber plastics and plastics, namely, door panels, roof panels, wall panels and floor panels; building stone; cement posts; cement slabs; concrete building elements, namely, concrete panels, concrete architectural columns for buildings, concrete beams, concrete blocks, concrete bricks and concrete panels; construction materials of ceramic, concrete, carbon fiber plastics, aramid fibers and plastics, namely, construction materials of ceramic, concrete, carbon fiber plastics, aramid fibers and plastics in the form of door panels, beams, pre-cast wall forms; door casings of carbon fiber plastics and plastics; door frames of carbon fiber plastics and plastics; door panels of carbon fiber plastics and plastics; fences of carbon fiber plastics and plastics; cement for furnaces; grout; palings of concrete, carbon fiber plastics and plastics; palisading of carbon fiber plastics and plastics; slag as building material, namely, slag stone, Portland blast-furnace slag cement and slag-lime cement.

Class 37

Building construction; installation of building insulation; building sealing; damp-proofing of buildings; demolition of buildings; construction of airports; construction of aquatic facilities; construction of telecommunication towers; harbor construction; pier construction; residential and commercial building construction; road construction; construction services in the nature of earthworks; construction services using concrete; construction of base-isolation and vibration-control device for building; steel structure construction; warehouse construction; construction of artificial islands; construction of tunnels; construction of stadiums; construction of storage tanks; drilling of wells; factory construction; industrial furnace installation and repair; machinery installation; pipeline construction and maintenance; plumbing; riveting; underwater construction; underwater repair; construction of natural oil drilling platforms; construction of natural gas drilling platforms; bridge construction; construction of offshore structures for the production of crude oil and natural gas; construction of coastal structures, namely, facilities and utility buildings in the oil and gas industry; building construction information; building construction supervision; installation of electrical power plants; installation, maintenance and repair of chemical plants; installation, maintenance and repair of steel plants; installation of waste treatment plants; installation of polychlorinated biphenyl treatment plant; installation of recycling plants; installation of energy plants; installation of liquefied natural gas plants; air conditioning apparatus installation and repair; installation, maintenance and repair of computer hardware; telephone installation; electric appliance installation; boiler cleaning and repair; burner maintenance and repair; pump repair; construction consultation; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metalworking machines and tools; repair or maintenance of industrial furnaces; repair or maintenance of storage tanks; installation of apparatus, instruments, devices and installations for use in the field of aquaculture.

Class 39

Air transport; barge transport; boat transport; bus transport; car

transport; carting; electricity distribution; ferry-boat transport; freight (shipping of goods); freighting; guarded transport of valuables; lighterage services; marine transport; packaging of goods; parking place rental; passenger transport; railway transport; rental of warehouses; river transport; stevedoring; towing; transport and storage of trash; transport and storage of waste; transport of travelers; unloading cargo; vehicle towing; warehousing; wrapping of goods; removal services; providing information relating to the distribution of electricity; consultancy services relating to the distribution of electricity; collection of industrial waste and trash; collection of domestic waste and trash.

Class 42

Architectural consultation; architectural services; construction drafting; urban planning; architectural analysis; engineering services in the field of electrical power plant; engineering services in the field of chemical plant; engineering services in the field of steel plant; engineering services in the field of waste treatment plant; engineering services in the field of polychlorinated biphenyl treatment plant; engineering services in the field of liquefied natural gas plants; engineering services in the field of recycling plant; engineering services in the field of energy plants; engineering services in the field of receiving and storage plants; engineering services in the field of floating structures; engineering services in the field of offshore steel structures; designing of base-isolation and vibration-control devices; technical consultancy relating to engineering services in the field of electrical power plants; technical consultancy relating to engineering services in the field of chemical plants; technical consultancy relating to engineering services in the field of steel plants; technical consultancy relating to engineering services in the field of waste treatment plants; technical consultancy relating to engineering services in the field of polychlorinated biphenyl treatment plants; technical consultancy relating to engineering services in the field of liquefied natural gas plants; technical consultancy relating to engineering services in the field of recycling plants; technical consultancy relating to engineering services in the field of energy plants; technical consultancy relating to engineering services in the field of receiving and storage plants; technical consultancy relating to engineering services in the field of floating structures; technical consultancy relating to engineering services in the field of offshore steel structures; technical consultancy service for steel making in the field of inspection, quantity and quality control of the quality and quantity of raw materials and finished goods; technical consultancy service for operation and maintenance of steelmaking plants, namely, testing and evaluation of power plant equipment to improve performance and efficiency of such equipment; consultancy in the field of design and use of computer hardware; computer programming; computer software design; computer system design; computer system analysis; computer virus protection services; maintenance of computer software; updating of computer software; conversion of data or documents from physical to electronic media; creating and maintaining web sites for others; data conversion of computer programs and data, not physical conversion; duplication of computer programs; installation of computer software; providing search engines for the Internet; recovery of computer data; computer software consultancy; mechanical research; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on machines, apparatus and instruments; material testing; research in the field of environmental protection; underwater exploration; rental of computer software; rental of web servers; hosting web sites; calibration; surveying; geological research; geological surveys; design of machines, apparatus and instruments in the nature of annealing machines and metal

working machines; technical consultancy relating to engineering services in the field of waste water treatment plant; analysis of technical data for aquaculture; programming, design, development, updating and maintenance of computer software and applications in the field of aquaculture; engineering services in the field of fuel manufacturing plant.
