GENERAL INFORMATION

Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules.

It is published weekly on Fridays and on other days when necessary, upon giving notice by way of circulars found on our website.

Requests for past issues of journals published more than three months ago may be made at <http://bit.ly/paymentipos> and is chargeable at \$12 per issue.

Instructions on payment will be provided to you via email within 7 working days after we receive your online request. Payment shall be made via IP²SG's payment platform. Acceptable modes of payment include Internet Banking, Visa/Master credit and debit cards and GIRO.

The journal(s) will be reproduced in CD-ROM and we will arrange an appointment with you to collect the CD-ROM at the following address:

Address: Intellectual Property Office of Singapore
1 Paya Lebar Link, #11-03
PLQ 1, Paya Lebar Quarter
Singapore 408533

REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Computer software, firmware and hardware for searching, mining, collecting, analysing, viewing, processing, storing, managing, monitoring, aggregating and modeling data; computer software, firmware and hardware for searching for, identifying, viewing, analysing, processing, storing, managing, monitoring, aggregating and modeling transactions; computer software, firmware and hardware for searching, exploring, identifying, viewing, analysing, processing, storing, managing, monitoring, aggregating and modeling patterns and networks in data; computer software, firmware and hardware for detecting suspicious behaviour; computer software, firmware and hardware for analysing and predicting customer behaviour; computer software, firmware and hardware for use in customer relationship management; computer software, firmware and hardware for use in supply chain management; computer software, firmware and hardware for use in relation to cloud computing; computer software, firmware and hardware for information technology and communications technology security purposes; computer software, firmware and hardware for use in detecting, preventing, combating and defending against fraud, financial fraud, debit and credit card fraud, Internet fraud, financial crime, money laundering, terrorism and smuggling operations; computer software, firmware and hardware for identifying, recording, investigating, analysing and reviewing financial crime of all types; computer software, firmware and hardware for the purposes of enabling, improving and monitoring regulatory compliance, operational efficiency, corporate governance, risk management, risk prevention, and the reduction of monetary losses; computer software, firmware and hardware for the purposes of carrying out due diligence, background checks and vetting of customers and potential customers; computer software, firmware and hardware for use in defence, law enforcement, and business process optimisation; data processing apparatus and instruments; computer software, firmware, hardware and electronic sensors for data security, computer security, computer network security and communications network security purposes; computer software, firmware, hardware and electronic sensors to identify threats and malicious behaviour on the Internet and within enterprises; computer software, firmware and hardware for reducing vulnerability to cyber-attacks, minimising the damage caused by cyber-attacks, and for recovering from cyber-attacks; computer software, firmware, hardware and electronic sensors for identifying and reporting intrusions into computer networks and communications networks; computer firewalls; computer software, firmware and hardware for identifying, collecting, viewing, recording, analysing, sharing, processing, managing, filtering, storing, monitoring and transmitting data; computer software for real-time situational awareness and workflow management; computer software, firmware and hardware for receiving, collecting, storing, viewing, sharing, monitoring, managing, processing, configuring, analysing, sanitising, cleansing, anonymising, de-anonymising, encrypting, decrypting, masking, hashing, filtering, redaction, tokenisation, transmitting, sharing and validating of data, of information, and of electronic communications; computer software, firmware and hardware which provide a gateway for anonymising, de-anonymising, transmitting, encrypting, decrypting, masking, hashing, filtering, redaction, tokenisation and validating data, information and electronic communications; computer software for receiving, processing, converting, translating, validating, encrypting, decrypting, recording, sending and distributing data; computer software for checking the integrity of data; computer software for transferring data between networks; computer software for message brokering; computer software for protecting the

quality, integrity and security of data and information, in particular when transmitted between networks; computer software, firmware and hardware for minimising the risk of data leaks, data breach, data loss and other risks associated with the transmission of data between networks; computer software for the creation and operation of a data firewall which intercepts and transforms data sent between different networks, interfaces or security domains; computer software for checking data for viruses, malware and spyware; computer software for monitoring data levels; computer software, firmware, hardware, sensors and apparatus for gathering intelligence and evidence; computer software, firmware, hardware, sensors and apparatus relating to explosive ordnance disposal; computer software, firmware, hardware, sensors and apparatus for the purposes of countering improvised explosive devices (IEDs), including minefield clearance; parts and fittings for computer firmware and computer hardware; publications, brochures, reports, certificates, user manuals, user guides, technical manuals, instruction manuals, training manuals, educational, training and instructional materials in electronic form.

Class 16

Printed matter; printed reports; printed publications; technical manuals; instruction manuals; user manuals; user guides; educational, training and instructional materials; certificates; newsletters; pamphlets; brochures; catalogues; printed advertising materials.

Class 35

Compilation and systematization of information into computer databases; management of computer databases; computer data processing; providing data searches in computer files for others; data logging and data retrieval services; business data services, namely identifying, capturing, searching, exploring, analysing, processing, managing, monitoring, aggregating and modeling of data and transactions, and of patterns and networks in data and transactions; business consulting; business project management services; business management consulting; business management consulting in respect of technical and IT solutions for the creation, manufacture and delivery of customer requirements; business strategy consulting; customer relationship management; supply chain management services; outsourcing services in the field of customer relationship management; provision of business information; provision of business management information; business analysis services; business data analytics; business analytics of supply chain; business analytics services, including business intelligence and business lifecycle analysis; business operational analysis and research services; carrying out business studies to provide evidence to support informed decision making; business consulting relating to operational availability, operational capability, capability planning, capability audits, cost analysis and effectiveness analysis; business modelling; business process modelling; supply chain business modelling; business modelling to support operational risk analysis and capability audits; advice and consultancy relating to business risk management; advice and consultancy relating to supply chain management; advice and consultancy relating to customer relationship management; preparation of business reports, commercial reports and economic reports; business consultancy services involving business simulation to understand and explain business performance; business enterprise mapping advisory services, namely, developing a breakdown of the key activities required to support a complex multi-organisational enterprise in the achievement of its goals; business facilitation services, namely, designing, running, guiding or chairing meetings to facilitate the reaching of a common goal or to facilitate a productive or successful exchange of information or ideas; business evaluation services, namely the

identification of business or organisational performance indicators; business information, advice and consultancy relating to regulatory compliance, operational efficiency and corporate governance; information, advice and consultancy relating to all of the aforesaid services; information, advice and consultancy relating to business risk management.

Class 36

Providing financial information, advice and consultancy services to businesses and financial institutions and bodies relating to the monitoring of financial transactions, detecting and preventing suspicious financial behaviour and reducing monetary losses; information, advice and consultancy relating to financial risk management.

Class 37

Installation, configuration, customisation, servicing, maintenance, updating, upgrading, repair for computer hardware, communications equipment and wireless communications equipment; operational [technical] support services in connection with the installation, maintenance and repair of computer hardware and the functionality and performance thereof; diagnostic maintenance services for computers and hardware for computer networks; information, advice and consultancy relating to all of the aforesaid services.

Class 38

Advisory services relating to telecommunications; information, advice and consultancy relating to all of the aforesaid services.

Class 42

Information technology consultancy services; research, design, development and customisation of computer software, computer firmware, computer hardware, computer systems and computer architectures; preparation of technical reports; preparation of technical reports relating to computer data, computer software, computer firmware, computer hardware, computer operating systems, computer networks, communications networks, the security of computer networks and the security of communications networks; installation, integration, implementation, configuration, servicing, maintenance, updating, upgrading, and repair for computer software; computer software services relating to the searching, mining, collection, gathering, storage, exploration, analysis, processing, management, aggregation, modeling, viewing, sharing and monitoring of data and transactions, including patterns and networks in data and transactions; computer software services relating to the detection and prevention of fraud, on-line fraud, financial fraud, financial crime, suspicious behaviour, terrorism operations, smuggling operations, money laundering operations and monetary losses; computer software services relating to identifying, investigating, reviewing and managing cases of financial crime of all types; computer software services relating to predictive modeling, regulatory compliance, operational efficiency, risk management, risk prevention, corporate governance and customer relationship management; computer software services relating to due diligence investigations on customers and potential customers; computer software services relating to the analysis and prediction of customer behaviour; computer system monitoring services; technical diagnostic testing and maintenance services of software for computer operating systems; analytical services relating to computers, computer networks and communications networks; digital forensic analysis of computer operating systems; digital forensic analysis, reverse engineering, electronic storage,

recovery, electronic conversion, digital compression and migration of computer data; computer software services relating to the matching, transforming, sampling, partitioning and analysis of data; analytical services relating to computers, computer software, computer networks and communications networks; scientific and technological services, namely, artificial intelligence and neural network modeling; engineering project management services; industrial analysis and research services; providing analytical software tools for raising threat alerts; computer virus, malware and spyware protection services; recovery of computer data and computer operating systems; computer security services, namely, incident management and investigations relating to threats and malicious behaviour in connection with computer operating systems, computer networks and communications networks; geographic mapping and technical data analysis, namely spatial modelling for the analysis of human behaviour and spatial expression; information, advice and consultancy relating to computer security, computer network security and communications network security; advising and consulting on computer security, namely, how to reduce vulnerability to cyber-attacks, how to minimise the damage caused by cyber-attacks, and how to recover from cyber-attacks; computer software services relating to the gathering of intelligence and evidence; computer software services relating to explosive ordnance disposal; computer software services relating to the countering of improvised explosive devices (IEDs), including minefield clearance; installation, configuration, customisation, servicing, maintenance, updating, upgrading and repair for computer firmware; data security services; technical data analysis services, namely identifying, capturing, searching, exploring, analysing, processing, storing, managing, monitoring, aggregating and modelling of technical data and transactions, and of patterns and networks in technical data transactions; military and defence technological analysis and consulting; cloud computing services; cloud hosting provider services; consulting services in the field of cloud computing; computer software services relating to secure cloud computing; computer software services relating to supply chain management; design and development of computer software for supply chain management; software as a service; information, advice and consultancy relating to all of the aforesaid services; installation, configuration, customisation, servicing, maintenance, updating, upgrading, repair for computer networks, communications networks; operational [technical] support services in connection with computer software and systems delivered and the functionality and performance thereof; telecommunication technology consultancy; information, advice and consultancy relating to secure cloud computing; information, advice and consultancy relating to cybersecurity risk management.

Class 45

Security services; security project management services; information, advice and consultancy relating to security; analysis, consulting and advice in relation to national security; homeland security advisory and consultancy services, namely, advising and consulting on how to reduce vulnerability to terrorism, how to minimise the damage caused by terrorist attacks, and how to recover from terrorist attacks; information, advice and consultancy relating to detecting, combating and defending against financial crime, including money laundering, financial fraud, debit and credit card fraud and on-line fraud; crime prevention information, advice and consultancy relating to due diligence, background checks and vetting of customers and potential customers, to detect and prevent financial crime; crime prevention information, advice and consultancy relating to the identification, investigation, review and management of cases of financial crime of all types; crime detection and prevention consultancy and advice relating to the gathering of intelligence and

evidence; physical security consultancy and advice relating to explosive ordnance disposal; physical security consultancy and advice relating to the countering of improvised explosive devices (IEDs), including minefield clearance; security consultancy services relating to military and defence capability and vulnerability analysis and consulting.

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Date of Notification: 06/02/2020

The following claim is made in the International Registration: Colour(s)
claimed: Green and black.

Class 06

Balls of steel; sheets of metal; metal lining materials, magnetic, for industrial building use; metal linings; bars of metal; conical sockets of metal; filling segments of metal; casings of metal; lifting beams of metal; shuttering slabs of metal; cover plates of metal; shutter grilles of metal; shaped metal sections; metal hooks; fastening articles of metal; steel pipes; abrasion-resistant lining materials, coatings, plates and bars of metal; handles of metal; parapets of metal; railway switches; metal moulds for casting; steel alloys; stainless steel.

Class 07

Screening machines; crushing machines; transporting machines; sieve meshes being machine parts; screening equipment (machine parts); side seals for screening and crushing machines and conveyors (machines); conveyor belts for conveying machines; dust proof covers and safeguards [parts of machines] for screening and crushing machines and conveyors (machines); grinding mills; wearing parts of grinding mills, screening and crushing machines and conveyors (machines); grinding drums; plates of metal for drum sieves [parts of machines]; sieve meshes of rubber and polyurethane for grinding mills; linings for grinding mills; bars for grinding mills; plates for grinding mills; filters for grinding mills; cones for grinding mills; filling segments for grinding mills; lifting beams for grinding mills; shuttering slabs for grinding mills; end plates for grinding mills; grate plates for grinding mills; wood pulp filters for grinding mills; central cones for grinding mills; linings for grinding mills; lifting beams of metal for grinding mills; gratings for grinding mills; runner wheel shafts for grinding mills; bottom linings for grinding mills; wall linings for grinding mills; door linings for grinding mills; flanges for grinding mills; corner linings for grinding mills; bar fasteners for grinding mills; fastening sieves for grinding mills; chucks [parts of machines]; dust removing installations for cleaning purposes; wear coatings for machines; blades for machines; belt cleaners for machines; belt guides for machines; seals for machines; maintenance and sight glasses for machines; bumper mouldings for machines; slide bars for machines; loading racks for machines; roller guards for machines; pulley guards for machines;

protective cases for machines; pulleys for machines; roller shields for machines; conveyor belts for machines; anti-slip devices for machines; conveyor supports for machines; sealing joints [parts of machines]; hoses and pipes for machines; pipes for machines; valves (clack -) [parts of machines]; grinder rollers; grinding machines; sizing machines; wear-resistant linings, covers, plates and bars for machines; floating machines; separating machines; filtering machines; dewatering apparatus; sedimentation machines; pressing machines; feeding machines; rail car and barge pulling machines, namely, locomotive cranes, mobile dock cranes; silo emptying machines; unloading machines; cranes [lifting and hoisting apparatus]; lifting apparatus; pelletising and sintering machines; rail car tipping and setting equipment (machines); unloaders (machines); rotary switches (machines); handling apparatus for loading and unloading; ship levellers and launchers (machines); stacking conveyors (machines); screening machines; conveyers; pelletisers; calcining machines; machines for grinding, crushing, shredding, rubbing, pressing and cutting; machine cutting tables; screw linings for grinding mills; pumps [machines]; blades [parts of machines].

Class 17

Rubber sheets; polyurethane sheets; rubber and polymer linings; filters of rubber for protecting parts of machines; rubber bars; rubber sheets; rubber cones for protecting parts of machines; rubber belts for protecting parts of machines; sieve meshes of rubber and polyurethane for protecting parts of machines; lifting beams of rubber for protecting parts of machines; rubber shuttering slabs for protecting parts of machines; end plates of rubber for protecting parts of machines; grate plates of rubber protecting parts of machines; rubber pulp filters, namely, semi-processed rubber in the nature of filtering materials for mineral processing machinery; center cones of rubber, namely, semi-finished rubber in the form of cones for mineral processing machinery; filling segments of rubber, namely, fillers for mineral processing machinery; rubber linings; runner wheel shafts of rubber for protecting parts of machines; rubber bottom linings for protecting parts of machines; rubber wall linings for protecting parts of machines; shaped strips of rubber for use as draught seals in doors; rubber flanges for protecting parts of machines; corner linings of rubber; bar fasteners of rubber for protecting parts of machines; wear coatings of rubber for protecting parts of machines; wear coatings of polyurethane for protecting parts of machines; bushings of polyurethane for protecting parts of machines; gaskets made of rubber; rubber tubes and pipes; glass fiber filtering materials and filtering materials of semi-processed films of plastic; lining materials of polyurethane, namely, polyurethane film for mineral processing machinery; dust seals; abrasion-resistant rubber lining materials, coatings, plates and bars; metal gaskets.

Class 37

Installation, maintenance and repair of crushing, screening, conveying, feeding, grinding, sorting and loose material handling machines; installation, maintenance and repair of data processing devices, computer hardware and electronic devices.

control apparatus; apparatus for measuring speed; infrared cameras; apparatus for playing films; radar apparatus; software for capturing and processing data provided via the aforesaid apparatus and instruments; magnetic card encoding readers; data encoders; data decoders; computers and computer peripherals for use in connection with cards and/or telecommunications apparatus; microcomputers; portable computers; hand-held computers; apparatus for controlling secure access to computer and/or telecommunications networks; excluding computer software for enabling users to manage their financial and investment accounts, to display business and settlement activities relating to financial assets, information in the field of investment accounts and portfolios and information relating to measuring risks and investment performance, and access to, and viewing, their individual account information and transactions.

Class 16

Photographs; paper, printed materials; printed matter; printed matter which by the composition of paper, ink or printing methods used are aimed at combating unauthorized reproduction, falsification and counterfeiting; banknotes; checks (means of payment); bank checks; voucher checks; gift certificates; holiday checks; passports; visas namely secure documents bearing a seal which afford entry into a territory; identity cards, all embossed with security features to combat unauthorized reproduction, falsification and counterfeiting; cards and cards for identification or access (control, authentication, authorization) for sporting, cultural and leisure events; driving licenses; social security cards; treasury bills; tax stamps; financial securities (documents); stock certificate paper; labels; paper banners; passenger tickets; credit cards without magnetic coding; payment cards without magnetic coding; letters communicating a confidential code; printed matter for home use in connection with payment for services; prepaid telephone calling cards, not magnetically encoded; engraving plates for the aforesaid goods.

Class 35

Business management and company administration including personnel management; services provided by consultants and business management advice, provision of advice relating to company management and business operations; compilation and analysis of data and information relating to business management; assistance and consultancy in the field of the business management of companies; assistance with the management of commercial activities or functions for an industrial or commercial company; company management and services provided by consultants in connection with commercial affairs; services provided by consultants regarding human resources; human resources management; advertising; advertising by mail order; radio advertising; television advertising; commercial business management; commercial administration; commercial information and advice for consumers in the field of identity, security and in the field of banking; dissemination of advertising material (leaflets, prospectuses, printed matter, samples); distribution of advertising material (leaflets, prospectuses, printed matter, samples); arranging newspaper subscriptions for others; arranging of telecommunication service subscriptions for others; updating and maintenance of data in computer databases; data search in computer files for others; web site traffic optimization; organization of exhibitions, trade fairs for commercial or advertising purposes; online advertising on a computer network; advertising services by mail; updating of advertising material; rental of advertising time on all communication media; publication of advertising texts; rental of advertising space; dissemination of advertisements; public relations; opinion polling; company audits (commercial analyses); commercial intermediation services; promotion of

the goods of others, namely, provision of information about discounts, coupons, price reductions, vouchers and special offers for the goods of others; promotion of the goods and services of others by providing hyperlinks to the websites of others; promotion of the products and services of others by providing hypertext links to the online retail websites of others; business advice provided by business consultants in the field of online payments; management and monitoring of credit cards, immediate debit cards, prepaid cards, electronic checks, payment cards and other forms of payment transactions via electronic communication networks for business purposes; business information management, namely, preparing business analysis e-reports regarding payment processing, authentication, tracking and invoicing; business management, namely, payment optimization for companies.

Class 36

Financial, monetary and banking affairs excluding the provision of commercial exchanges relating to finance and investments and concerning financial instruments, securities, shares, options and other derivative products, distribution of investment products as a result of financial instruments, stocks, shares, options and other derivative products, payment of investments in the form of collecting products due for payment, payment of debts, assessment of risks relating to investments and investment management; provision of digitized information relating to finance and financial investment used by others; insurance services; consultancy and information relating to financial, monetary and banking information, excluding the provision of commercial exchanges relating to finance and investments and concerning financial instruments, securities, shares, options and other derivative products, distribution of investment products as a result of financial instruments, stocks, shares, options and other derivative products, payment of investments in the form of collecting products due for payment, payment of debts, assessment of risks relating to investments and investment management, provision of digitized information relating to finance and financial investments used by others; consultancy and information relating to insurance underwriting; provision of a wide range of payment and financial services, namely credit card services, issuance of credit cards, payment cards and credit lines, processing and transmission of bills and payments thereof, bill payment services with guaranteed provision of payment, all via global communication networks; processing of transactions carried out by credit card and immediate debit card; reimbursement of funds for disputed items in the field of purchasing via electronic payment; provision of purchase protection insurance for products and services purchased by others via global computer and wireless networks; processing of credit card transactions; credit services, namely, provision of revolving credit account services; bill payment services; provision of mobile electronic payment services for others; credit card and payment processing services; processing of payments through electronic foreign exchange operations; payment processing services, namely providing transaction processing services in virtual currency for others, deposits of valuables, deposits in safe boxes; issuing of travelers' checks, holiday vouchers and payment orders in general; financing of loans for security and surveillance systems.

Class 38

Telecommunications; telephone services; telephone exchange services; communications by telephone; computerized telephony services; electronic messaging services; telephone voice messaging services; information on telecommunications; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; cellular telephone communication services; transmission of data via telephone lines; providing telecommunications connections for

hotlines and call centers; broadcasting of multimedia content via the Internet; streaming of audio, visual and audiovisual content via a global computer network; multimedia, audio and video dissemination via the Internet and other communication networks; transmission of data; provision of user access to global computer networks; provision of access to a web portal, messaging services; provision of on-line forums; provision of access to chat lines, chat rooms and forums on the Internet, including the mobile Internet; provision of access to electronic information, communication and transaction platforms on the Internet; transfer of all types of messages to Internet addresses [web messaging]; provision of access to databases; electronic bulletin board services (telecommunication services); connection by telecommunications to a global computer network; news agency services; rental of telecommunication apparatus; broadcasting and transmission of radio and television programs; teleconferencing or videoconferencing services; rental of access time to global computer networks; Transmission of information, data or software via telephone line, telecommunications and/or computer networks, cable, satellite, radio relay; provision of information concerning the aforesaid services.

Class 40

Printing; printing of documents or printed matter to combat unauthorized reproduction, falsification and counterfeiting; photocomposition; photo-engraving; information and advice relating to printing; engraving; information and advice relating to engraving; services for etching a sequence of identifiable numbers onto automobile windows with a view to identification in case of theft.

Class 42

Computer engineering; technical consultancy relating to computers and/or telecommunications engineering; design, development, maintenance and updating of software and databases; design and development of computers; development (design), installation, maintenance, updating or rental of software; computer programming; computer and software consultancy; programming for microprocessor cards and badges; lending and rental of computers, computer peripheral devices, computer programs and software; design, development, maintenance and updating of software for managing, securing and transferring cash; design, development of systems for the identification, authentication of the person; technological assistance and advice for the implementation of systems of identification and the authentication of persons; design, development and updating of programs and computer software for interpreting fingerprints, palm prints, features of the iris, veins, the voice, facial features or other biometric features in the field of access control and the authentication of persons; design, development and updating of software for cards and badges, including payment cards, remote payment, electronic cash, intended for securing all transactions by code, particularly online; design and development of currency, payment documents, access passes, identification documents, cards, badges, banners and labels; design, development and software updating of cards and card readers; information and advice relating to design and development of currency, payment documents, access passes, identification documents, cards, badges, banners and labels; computer security services, via the rental of cards and badges, including payment cards, remote payment cards and electronic cash, for protection of transactions (in particular online transactions) by means of code; computer security services, via the rental of cards and keys for protection against illegal access of telecommunication systems and networks and computer systems and networks; provision of consultancy services, including online, relating to all the aforesaid services; design and

development of data acquisition systems in connection with documents or printed matter to combat unauthorized reproduction, falsification and counterfeiting; design, development of ink, watermarks, paper, and software products, electronic chips for authentication, customization, protection against unauthorized reproduction, forgery, counterfeiting of documents, printed matter; design and development of processes for protection against unauthorized reproduction, falsification, counterfeiting, processes for authentication, customization of documents by inking, watermarking, guilloche ornamentation, marking; hosting, development and design of networks and servers for the processing and management of a customer's computer system; temporary provision of non-downloadable online software for processing electronic payments; provision of temporary use of non-downloadable online authentication software for controlling access to computers and computer networks as well as for controlling communication between computers and computer networks; computer programming and development; development of computer software, especially for processing data collected using traffic control apparatus; checks and certification of the quality of traffic control apparatus and computer software relating to traffic control; theoretical research and analysis of situations and information relating to traffic; advice relating to innovative technology and advice relating to the technological improvement of traffic safety; reports, studies, analyses, evaluations, estimates, diagnostics, recommendations, consultancy and research in scientific and technological fields provided by engineers; technical project studies; research in the field of semi-conductor processing technology; creation (design and development) of database; certification, testing, analysis and evaluation of products and services of others with the aim of issuing certification; research and development of new products for others; graphic design services; technical project studies and issuance of expert reports therefor relating to telecommunications; technical project studies, issuance of expert reports therefor, technological consultancy and advice relating to computer technology and/or management systems and/or securing the transfer of funds; electronic security consultancy; technical project studies, issuance of expert reports therefor, technological consulting and advice, all relating to electronic card management systems, all excluding the online provision of non-downloadable software platforms for drawing up reports, transaction management and the dissemination of information enabling users to manage their financial and investment accounts, to display business and settlement activities relating to financial assets, information in the field of investment accounts and portfolios and information relating to measuring risks and investment performance, and access to, and viewing, their individual account information and transactions; computer services, namely computer software support services for the downloading of data or software on cards and badges, including payment cards, remote payment, electronic cash, intended for securing transactions by code, especially online; design and development of customised documents and printed matter, money, payment orders, documents for access, for identification, cards, badges, banderoles and labels; design and development of anti-intrusion, anti-theft, anti-sabotage, anti-destruction and anti-theft, systems for industrial premises or facilities.

Class 45

Security services for the protection of property and individuals (excluding the transport thereof); night guard services; security agent services for the protection of property and individuals; providing information, advice and consultancy services relating to security services for the protection of property and individuals; security inspection services for others; authentication of personal identification information [identity verification services]; inspection of luggage for security purposes or security luggage

inspection for transport or trade of regulated or unauthorised goods; information and consultancy relating to security for protection in the field of the transport of funds or valuables, luggage inspection; personal body guarding; surveillance and security for premises and industrial facilities; surveillance of anti-intrusion, anti-sabotage, anti-destruction and anti-theft and security alarms; verification services for alarms and intervention subsequent to the triggering thereof; fingerprinting and fingerprint registration; assignment of identification numbers to affix to valuables to facilitate their recovery following loss or theft [security services]; locating stolen goods; stolen vehicle tracking; tracking services with a view to the recovery of stolen or loss of encoded products; fraud detection services in the field of credit cards for online purchasing.

Registration of this mark shall give no right to the exclusive use of the word "MOBILITY".

Class 09

Computer software and mobile applications for tracking, processing, estimating and paying of tolls and fees for use of roadways and parking spaces, for billing drivers or responsible payors for fees and costs associated therewith; computer software and mobile applications for tracking, processing, transferring liability from the registered owner of a vehicle to the responsible driver where available, and paying of photo enforcement and parking violations and fees, and for billing drivers or responsible payors for fees and costs associated therewith; computer software and mobile applications for processing and maintaining road vehicle and tag registrations, renewals and title transfers; computer software and mobile applications for planning routes and calculating tolls, and for connecting drivers to roadside assistance services; road vehicle law enforcement and surveillance apparatus for measuring and recording speed and position, namely, laser, sonar, lidar, radar, time-over-distance, software, hardware, and video and still image speed calculation devices; photographic, optical, measuring, signaling, checking instruments for capturing and analyzing still and moving images and information captured therein of traffic scenes and individual road vehicles including instruments for measuring the position or speed of such vehicles, namely, image processing video cameras, lasers, magnetic or inductive loop sensors, radar, sonar, lidar and road sensors; red-light cameras; cameras; video cameras; automatic license plate recognition systems comprised of cameras, computer processors, computer hardware, video displays and computer software; computer software for detecting, processing, communicating, analyzing and recording information, data and images with regard to speed limits, red lights, railroad crossings, school zone limitations, school bus regulations, toll roads, on and off-street parking, lane restrictions, congestion fees, intersection enforcement, traffic conditions and other violations and assessments, for analyzing, compiling and utilizing computerized databases with road vehicle registration, license plate information, violation and payment history, for producing and transmitting reports, evidence, citations and payment notices, and for aggregating data; surveillance equipment, namely, apparatuses for detecting, logging, reporting and recording information, data and images regarding road vehicles, passengers, and streets, and electric detectors for detecting and scanning license plates for purposes of road vehicle identification; recording equipment, namely, cameras, speed and distance detection devices, hardware and software for collecting, processing and analyzing road vehicle movement data and images to determine traffic law violations, traffic flow characteristics, road vehicle registration, traffic counts, and to collect evidence, and associate a road vehicle and owner with a violation, fine or assessment; computer hardware and computer software for applying artificial intelligence, neural networks and adaptive systems to road vehicle or traffic flow classification and identification, and for determining an adaptive response to detected inputs; electronic system consisting of software, a video capture hardware card and a neural network recognition accelerator card that acquires video images of a traffic scene, interprets the images to detect and track road vehicles approaching an intersection, measures their speeds and determines

whether they will stop when a traffic light cycles to red, providing an indication when it is safe for road vehicles and pedestrians to cross the street; computer software for recognizing characters from images, and to analyze video and images; handheld lidar apparatus; transponder boxes; radio-frequency identification (RFID) readers; radio-frequency identification (RFID) tags; computer software and hardware in the field of digital asset management to track, audit and associate a person or object with a road vehicle; computer hardware and software system for monitoring the entry and exit of passengers on buses and other vehicles; road vehicle traffic speed detection and violation enforcement detection systems primarily comprised of electrical connector housings, electric network connectors, receivers and transmitters, video cameras, still cameras, lasers, sonar, position sensors and timers; image capture systems including networked license plate reading systems all primarily comprised of nodes made up of a video camera, optical character recognition software operating on a central processing unit, and network hardware and software, namely, video camera operating software, operatively connecting such nodes; automated photo enforcement systems primarily comprised of cameras and remote storage devices.

Class 35

Business or consumer process management outsourcing in the nature of toll payment and billing management services, namely, preparing business reports, providing business and accounting information related to verifying and tracking toll and fee payments, and providing business and accounting information, all related to toll charges, violations, payments and collections for rental car companies and customers, individual drivers, and fleet owners, operators and drivers; business or consumer process management outsourcing in the nature of traffic violation and parking citation transfers of liability from the registered owner of a vehicle to the responsible driver and payment and billing management services, namely, preparing business reports, providing business and accounting information related to verifying and tracking payments and actual liability for violations and citations, and providing business and accounting information, all related to traffic and parking violations, payments and collections for rental car companies and customers, individual drivers, and fleet owners, operators and drivers; data compilation, computerized database management, and preparation of business reports relating to traffic, toll way usage and payment, road vehicle registration, insurance compliance, and traffic planning reports, all for businesses or consumers, and business reports featuring information relating to road vehicle speed, red light and other traffic violation citations for government entities; third party administrative processing of traffic photo enforcement and parking citations for businesses or consumers; business or consumer process management, namely, administrative processing of non-legal toll disputes and resolutions; providing business information via a website in the nature of business performance, business management reports and business management analysis in the field of toll management and traffic violation payment management for rental car companies and customers, and fleet owners, operators and drivers; business risk management services for rental car companies and customers, and fleet owners, operators and drivers; business administration relating to road vehicle traffic violation and toll processing and management services for rental car companies and customers, and fleet owners, operators and drivers; business administration information services relating to recording of incurred toll, roadway and parking fee charges and generating an itemized listing of toll, roadway and parking fee charges for others; administrative services relating to electronic road vehicle title and registration processing, maintenance and renewal services for licenses and tags, and title transfer;

business management services to review, process and submit forms and payments to process road vehicle titles, registrations and registration renewals for fleet owners and consumers; compilation and systemization of graphical and textual data to enable automated collection of toll, roadway and parking payments; data processing services, namely, processing graphical and textual data to enable automated collection of toll payments from fleet vehicle owners and individual subscribers; services comprising the recording, compilation and systematization of graphical and textual data to allow for the collection and reimbursement of toll payments from fleet vehicle owners, car rental companies, renters, and individual subscribers for others.

Class 36

Highway toll collection services; processing, collecting and paying of tolls and fees for use of roadways and parking spaces for others; financial management in the nature of toll payment and collection services, namely, paying, collecting and processing toll payments and associated service fees for rental car companies and customers, and fleet owners, operators and drivers, and individual consumer subscribers, and tracking, reporting, analyzing, and providing toll payment and collection information for rental car companies and customers, and fleet owners, operators and drivers, and individual consumer subscribers; financial risk management services for rental car companies and fleet owners, operators and drivers; online payment services, namely, providing bill payment services to facilitate payment of tolls and fees for the use of roadways and parking spaces for others; online payment services, namely, providing bill payment services to facilitate payment of traffic tickets and parking citations and fees; providing financial information in the field of road toll, traffic enforcement and parking citation and parking fee collections.

Class 37

Installation, repair and maintenance of camera equipment, digital signal processing units, speed and position detection devices, signage, street lights, and computer hardware systems for use in road vehicle traffic, railroad crossing, school zone compliance, red light compliance, school bus regulations, license plate detection, and toll and parking monitoring and control.

Class 39

Physical storage of graphical and textual data and electronically-stored graphical and textual data to enable automated collection of payments for tolls and parking from fleet vehicle owners and individual subscribers.

Class 42

Electronic storage of graphical and textual data on optical, digital and magnetic media to enable automated collection of toll payments from fleet vehicle owners and individual subscribers; computer services, namely, hosting an interactive website featuring technology that allows car rental companies and their customers, individual drivers, and fleet operators and their drivers to monitor, manage and create reports, and to review, monitor, manage, transfer liability from the registered owner of a vehicle to the responsible driver where available for, and pay toll, traffic violations and parking charges; software as a service for tracking, processing, estimating, recording, transferring liability from the registered owner of a vehicle to the responsible driver where available for and paying tolls and fees for use of roadways, traffic violations and parking spaces and providing notification of such tolls and fees; providing online non-downloadable software for processing and maintaining road vehicle, license and tag registrations, renewals and title transfers;

providing online non-downloadable software for planning routes and calculating tolls; computer-aided imaging services, namely creating digital, video and photographic images of road vehicles for enforcement and traffic, parking and toll usage planning purposes; custom design of computer software and computerized camera systems for use in road vehicle enforcement, and for parking and toll payment management purposes; providing online non-downloadable software for use in road vehicle traffic violation detection, imaging, verification, notice production, transaction management, payment processing, enforcement, customer service and reporting for use in the field of road vehicle safety and law enforcement; providing online non-downloadable software for detecting, processing, communicating, analyzing and recording information, data and images with regard to speed limits, red lights, railroad crossings, school zone limitations, school bus regulations, toll roads, on and off-street parking, lane restrictions, congestion fees, intersection enforcement, traffic conditions and other violations and assessments, for analyzing, compiling and utilizing computerized databases with road vehicle registration, license plate information, violation and payment history, for producing and transmitting reports, evidence, citations and payment notices, and for aggregating data; technical support services for road vehicle safety and law enforcement, namely, monitoring of network systems used in traffic violation detection, imaging, verification, notice production, transaction management, payment processing, enforcement, customer service, reporting violations and transactions, and engineering, research and development services in the field of road vehicle traffic management; technical support services for road vehicle safety and law enforcement, namely, troubleshooting of computer hardware in the nature of diagnosing computer hardware problems, troubleshooting of software problems, and monitoring of network systems used in road vehicle violation detection, imaging, verification, notice production, transaction management, payment processing, enforcement, customer service, and violation and transaction reporting; computer engineering consultation services, namely, design and implementation of computer hardware and computer software; installation and maintenance of computer software; providing temporary use of non-downloadable computer software for online customer support services, featuring captured video segments of vehicular traffic events and enabling an online user to view such video for the processing and management of traffic citation issuance, prosecution, disposition and collection; providing temporary use of online non-downloadable computer software for detecting merchant and credit card fraud; computer software design and engineering services in the field of road vehicle traffic monitoring, enforcement, planning and safety; electronic storage of graphical and textual data to enable automated collection of payments for tolls and parking from fleet vehicle owners and individual subscribers; electronic data storage services to enable the processing of road vehicle traffic citations in the nature of electronic storage of evidence supporting a violation, records related to generation of a citation, and payment collection information.

Class 45

Digital video monitoring, namely, detecting, monitoring and recording road vehicles and license plates with digital video cameras, and digital velocity and position detection devices; security surveillance services relating to road vehicle traffic enforcement and safety for providing intelligence, data, evidence and assistance to government entities, toll authorities and parking facilities; electronic surveillance services relating to speed, red light, railroad crossing, school zone, toll booth, parking and other road vehicle traffic violation citations for the provision of information relating thereto for government entities; consulting services and information in the field of road vehicle traffic and license plate

monitoring and detection, safety consulting and enforcement in the nature of legal enforcement and prevention; road vehicle violation detection, verification, and monitoring via digital camera and speed and positioning devices for provision of violation occurrence data, citation processing, safety and law enforcement; providing assistance in the nature of providing road vehicle enforcement and safety information to parking managers, toll authorities and local law enforcement agencies; providing information to toll road operators, parking operators and state and local governments regarding road vehicle ownership for purposes of vehicle verification and identification in order to facilitate such entities' collection of tolls, parking fees and fines; providing toll violation monitoring services, namely, monitoring with digital video cameras road vehicles that use toll roads but do not pay the required tolls; leasing of road vehicle traffic surveillance, road usage and law enforcement equipment in the nature of leasing of digital video monitors used for monitoring road vehicle traffic violations with digital video cameras; electronic surveillance services relating to public safety and regulatory compliance purposes for the provision of information, by means of databases, about road vehicle records regarding road vehicle registration and toll and parking payment; legal administration and investigation of toll, traffic violation and parking fee charges and payments.

Date of Notification: 29/08/2019

The following claim is made in the International Registration: Colour(s) claimed: Blue, black, and white. The mark consists of a stylized shark outlined in black with a blue and white body and an open mouth with teeth adjacent to the word "SHARKBITE" with the word "SHARK" in black and the word "BITE" in blue.

Class 06

Metal fittings for plumbing use, for water and gas supply, namely, push-fit fittings in the nature of junctions, straight couplings, reducing couplings, conversion couplings, straight connectors, reducing connectors, bullnose connectors, elbows, reducing elbows, stubout elbows, dishwasher elbows, drop ear elbows, hy-ear elbows, branches, tees, bullnose tees, reducing tees, end stops, fitting reducers, threaded adaptors, slip fittings, swivel fittings, swivel adaptors, sweat adaptors, swivel elbows, swivel toilet

connectors, slip couplings, slip tees, slip tee adaptors, manifolds including manifolds with branches, angle stops, straight stops, stop valve tee adaptors, stop valve connectors, faucet connectors, toilet connectors, toilet elbows, pipe connections and couplings, conversion tees, tap connectors, flexible water heater connectors, tube adaptors, capillary pipe tail pieces, bend supports for piping, compression adaptors, tail piece reducers, tail piece plugs, pipe bend supports, suspension clamps, clamp rings, crimp rings, pipe clips, sleeves, valve connections and couplings, check valves; parts of and accessories for such goods as are included in this class, including, metal supply line fittings and stops; metal water heater connectors; water heater kits consisting of metal connector fittings and disconnect clips; contractor kits consisting of metal connector fittings and disconnect clips; toilet and faucet kits consisting of metal faucet connectors, angle stops and tubing or ducting; metal disconnect clips; metal pipes, tubing and ducting.

Class 09

Parts and accessories for plumb fittings, namely, flow meters and measuring apparatus for commercial use; gauges, namely, temperature and pressure gauges and crimp ring gauges, namely, gauges to determine the correct sizing of crimp rings post crimping.

Class 11

Parts of and accessories for plumbing fittings for gas supply and water supply purposes, namely, pressure regulators for gas and water installations; plumbing fittings for gas supply and water supply purposes, namely, push-fit fittings and couplings, pipe connections and couplings, elbows, tees, conversion tees, tap connectors, tube adaptors, capillary tails, compression adaptors, tail reducers, tail plugs, recessed assemblies, shower assemblies, pipe bend supports, pipe clips, sleeves, valve connections and couplings, thermostatic valves including valves with integral connectors, pressure limiting valves, pressure relief valves, gate valves, valves, all of the aforesaid being parts of and for water supply and/or gas purifying, heating or cooling installations; kits for making water heater installations, comprised of pipes as part of water heater installations; kits for making toilet and faucet plumbing installations comprised of swivel adaptors, stop valves and pipes for water supply purposes; contractor kits for plumbing, comprised of pipes and fittings for making bath, basin, shower and sink plumbing installations, for water supply purposes; plumbing components for bath, basin, shower and sink installations, namely, disconnect clips, pipes, tubing and ducting; plumbing fittings for water supply and gas supply purposes, namely, push-fit fittings in the nature of junctions, straight couplings, reducing couplings, conversion couplings, straight connectors, reducing connectors, bullnose connectors, elbows, reducing elbows, stubout elbows, dishwasher elbows, drop ear elbows, hy-ear elbows, branches, tees, bullnose tees, reducing tees, end stops, fitting reducers, threaded adaptors, slip fittings, swivel fittings, swivel adaptors, sweat adaptors, swivel elbows, swivel toilet connectors, slip couplings, slip tees, slip tee adaptors, manifolds including manifolds with branches, angle stops, straight stops, stop valve tee adaptors, stop valve connectors, faucet connectors, toilet connectors, toilet elbows, pipe connections and couplings, conversion tees, tap connectors, flexible water heater connectors, tube adaptors, capillary pipe tail pieces, bend supports for piping, compression adaptors, tail piece reducers, tail piece plugs, pipe bend supports, suspension clamps, clamp rings, crimp rings, pipe clips, sleeves, valve connections and couplings, check valves, all of the aforesaid being parts of and for water supply and/or gas purifying, heating or cooling installations; parts of and accessories for the aforesaid goods, namely, supply line fittings and stops, for water supply and gas purifying, heating or cooling installations; water hammer arrestors, for

water supply purposes; water heater connectors, for water supply and gas supply purposes; water heater kits consisting of connector fittings and disconnect clips, for water supply and gas supply purposes; plumbing contractor kits consisting of connector fittings and disconnect clips, for water supply and/or gas purifying, heating or cooling installations; toilet and faucet kits consisting of faucet connectors, angle stops and tubing or ducting, for water supply purposes; plumbing components, namely, disconnect clips, for water supply purposes; water hammer arrestors, for water supply purposes.

Class 17

Flexible plastic pipes for plumbing purposes; non-metal tubing and tubing couplings for joining and terminating pipes.

Class 19

Rigid non-metal pipes for water supply purposes.

Class 20

Non-metal clamps, pipe support sleeves of plastic, brackets of non-metallic materials, other than for building.

Class 29

Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs; milk and milk products; edible oils and fats; processed fruits, fungi and vegetables (including nuts and pulses); frozen fish; frozen meat; dried meat; dried pulses; preserved pulses; legume-based spreads; edible nuts; processed nuts; roasted nuts; pickled nuts; preserved nuts; seasoned nuts; dried nuts; snack mixes consisting of processed fruits and processed nuts; nut-based snack foods; nut and seed-based snack bars; snack foods based on legumes; sunflower seeds, prepared; edible sunflower seeds; vegetable-based snack foods; dried fruit-based snacks; meat-based snack foods; milk-based snacks; cheese-based snack foods; olive oil; sunflower oil for food; potato chips; vegetable chips; snacks mainly consisting of nuts; snacks mainly consisting of dried fruit; snacks mainly consisting of dried fruits and nuts; snacks mainly consisting of potatoes produced in an extrusion process; snacks, namely potato crisps, stacked crisps and fruit chips; pickled fruits and vegetables; pickled vine leaves; pickled aubergines; pickled zucchini; stuffed peppers and red peppers; fruit and vegetable preparations; ajvar [preserved peppers]; processed red peppers; pickled red peppers; processed olives; olives, preserved; cooked chickpeas, kidney-beans, jack beans and pinto beans; dried berries; dairy products and dairy substitutes; cheese; yoghurt; charcuterie; spreads and dips made of dairy products; dips made of sheep cheese, particularly also with vegetables; cheese spreads; meat and sausage spreads; fruit and vegetable spreads; vegetable-based spreads; spread made predominantly of tomatoes and flavoured with basil; spreads made of olives; spreads made of wild garlic; spreads made of tomatoes; chickpeas cream; fresh, chilled and frozen prepared meals and semi-prepared meals consisting primarily of meat, poultry, game, fish and/or cheese; fresh, chilled and frozen prepared meals and semi-prepared meals consisting primarily of vegetables; fresh, chilled and frozen prepared meals and semi-prepared meals consisting primarily of dairy products, prepared entrées consisting primarily of pickled vegetables; prepared entrées consisting of caper

fruits; prepared entrées consisting of peppers; prepared entrées consisting of roasted peppers; prepared entrées consisting of onions; prepared entrées consisting of red peppers; prepared entrées consisting of vine leaves; prepared entrées consisting of aubergines; prepared entrées consisting of zucchini; prepared entrées consisting of chickpeas; prepared entrées consisting of dried tomatoes; prepared entrées consisting primarily of seafood; soups; broth; soup preserves; canned soups; soup concentrates; mixes for making soup; preparations for making soup; edible dried flowers; processed edible flowers; tomato paste; olive paste; caper fruits; prepared meals consisting of fresh vegetables; all aforesaid goods also as organic products.

Class 30

Coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour and preparations made from cereals, bread, pastry and confectionery; edible ices; sugar, honey, treacle; yeast, baking-powder; salt; mustard; vinegar, sauces [condiments]; spices; ice [frozen water]; pastries, cakes, tarts and biscuits (cookies); bread rolls; frozen pasta products and bakery goods, namely frozen bread, bread rolls, baguettes, pastry and confectionery, as well as its semi-finished products, namely semi-baked bread rolls, bread doughs, pastry dough; noodles; bulgur; couscous [semolina]; processed wheat and wheat products; cereal-based snack foods; non-medicated sweetmeats; chocolate; grain-based chips; processed corn for popcorn; popcorn; pasta dishes; sauces; pesto [sauce]; pasta sauce; tomato sauce; capers; garlic cream [sauces]; cocktail sauce; curry sauce; savory biscuits; savory pastries; snacks, namely savory pastries, pretzels, cheese pastries and sweet pastries; snacks, namely cereal products produced in an extrusion process for food; all aforesaid goods also as organic products.

Class 31

Raw and unprocessed goods from agriculture, horticulture, aquaculture and forestry; raw and unprocessed grains; fresh fruits and vegetables; fresh herbs; berries, fresh; sunflower seeds, raw and unprocessed; natural edible plants [unprocessed]; fresh edible flowers; fresh pulses; nuts [fruits]; olives, fresh; all aforesaid goods also as organic products.

Class 32

Beer; mineral and aerated waters and other non-alcoholic beverages; fruit drinks and fruit juices; syrups and other preparations for making beverages; lemonades; all aforesaid goods also as organic products.

Class 33

Alcoholic beverages (except beer); spirits [beverages]; liqueurs; anise [liqueur]; schnapps; wine; all aforesaid goods also as organic products.

Class 09

Ear plugs for divers; ozonisers; electrolyzers; electrolytic cells; 328entralize apparatus, not for the treatment of air or water; egg-candlers; blueprint apparatus; cash registers; coin counting machines; coin sorting machines; electric sign boards for displaying target figures; current outputs; photo-copying machines; drawing instruments and apparatus adapted for use with computers; drafting instruments and apparatus adapted for use with computers; time and date stamping machines; time clocks; time recording devices; punched card office machines; voting machines; postage stamp checking apparatus; coin-operated mechanisms for operating gates for car parking facilities; life saving apparatus and equipment; fire extinguishers; fire hoses; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; anti-theft warning apparatus; protective helmets; railway signal apparatus, luminous; railway signal apparatus, mechanical; vehicle breakdown warning triangles; luminous road signs; mechanical road signs; diving suits not for sports; divers' masks; ear plugs for divers; nose clips for divers not for sports; gloves for divers not for sports; breathing apparatus for underwater swimming; game programs for arcade video game machines; simulators for the steering and control of vehicles; sports training simulators; test tubes; laboratory apparatus and instruments; photographic machines and apparatus; fluorescent screens; cinematographic machines and apparatus; optical machines and apparatus; scales; micrometers; surveying instruments; range finders; speed checking apparatus for vehicles; testing apparatus not for medical purposes; measuring and testing machines and instruments; fuses; current rectifiers; power distribution machines and apparatus; power control machines and apparatus; rotary converters; phase modifiers; lightning conductors; rods; solar batteries; batteries and cells; electric and magnetic meters and testers; light conducting filaments; optical fibers; electric wires and cables; dictating machines; transmitters of electronic signals; remote control apparatus; electric installations for the remote control of industrial operations; telecommunication machines and apparatus; personal digital assistants in the shape of a watch; smartphones; electron tubes; semi-conductor elements; electronic circuits not including those recorded with computer programs; computer programs; betatrons; semiconductor; integrated circuits; radiological apparatus for industrial purposes; electronic apparatus and their parts; magnetic cores; resistance wires; electrodes; fire boats; satellites for scientific purposes; fire engines; dust masks; gas masks; welding masks; fireproof garments; protective headgear, namely disaster prevention hoods; gloves for protection against accidents; spectacles; eyeglasses; goggles; game programs for home video game machines; electronic circuits and cd-roms recorded with computer programs; protective helmets for sports; sports whistles; weight belts for scuba diving; air tanks for scuba diving; snorkels; oxygen regulators; heat regulators; electric light regulators; metronomes; electronic circuits and cd-roms recorded with automatic performance programs for electronic musical instruments;

phonograph records; downloadable music files; downloadable image files; recorded video discs and video tapes; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; effects pedals for use with electric musical instruments; effects pedals for use with electronic musical instruments.

Class 42

Providing meteorological information; architectural design; surveying; geological surveys and research; designing of machines, apparatus, instruments including their parts and systems composed of such machines, apparatus and instruments; packaging design; graphic arts designing; dress designing; designing; computer software design, computer programming, and maintenance of computer software; technological advice relating to computers, automobiles and industrial machines; chemical analysis; biological research; testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs; research on building construction and city planning; testing and research on prevention of pollution; testing and research on electricity; testing and research on civil engineering; material testing; quality control; testing, inspection and research on agriculture, livestock breeding and fisheries; testing and research on machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing computer programs designed to the specifications of others; rental of laboratory apparatus and instruments; rental of drawing instruments; technical research; authenticating works of art; cloud seeding; handwriting analysis; graphology.

MISUMI GROUP INC.

5-1, KORAKU 2-CHOME, BUNKYO-KU TOKYO 112-8583 JAPAN

ADDRESS FOR SERVICE: RODYK IP, P.O. BOX 462, ROBINSON ROAD POST OFFICE, SINGAPORE 900912

40201921659X (06 07 08 09 11 12 17 19 20)
(International Registration No. 1490221)

Date of International Registration: 22/03/2019

Date of Protection in Singapore: 22/03/2019

Date of Notification: 03/10/2019

The following claim is made in the International Registration: Colour(s) claimed: The color(s) blue and black is/are claimed as a feature of the mark. The mark consists of The letters RWC with a blue dot in the C.

Class 06

Pipes of metal; tubes of metal; pipe couplings of metal; metal pipe connectors; valves of metal other than parts of machines; adaptors for pipes of metal; pipe reducers of metal; pipe enlargers; pipe dividers; plugs of metal; flow control devices [valves] of metal; parts and fittings for all the aforesaid goods and all made of metal.

Class 07

Machine parts, namely, fluid pressure or motor activated valves, specifically diaphragm activated valves for hydraulic or pneumatic fluid

control, including differential pressure, flow control and back pressure; valves for pumps, namely, balanced piston valves.

Class 08

Plumbing wrenches.

Class 09

Gauges, namely, temperature gauges, pressure gauges, and crimp ring gauges; downloadable software for collecting customer data and evaluating, monitoring, alerting and diagnosing issues related to residential and commercial water supply; downloadable software for use in water leak detection, temperature control, filtration, sediment flushing and conservation; water level cut-off controllers; control apparatus for controlling water loss from domestic water installations, namely, leak detecting devices consisting of water flow sensor, control unit with processor for comparing regular water flow values to signals provided by a water flow sensor and with audible or visible alarm or transmitter for transmitting an alarm signal, and water valves; control apparatus for monitoring water temperature from residential water installations, namely, temperature detecting devices consisting of temperature sensor, control unit with processor for comparing regular water temperature values to signals provided by a temperature sensor and with audible or visible alarm or transmitter for transmitting an alarm signal, and water valves; control apparatus for monitoring water usage from domestic water installations, namely, water usage devices consisting of water flow sensor, control unit with processor for comparing regular water usage values to signals provided by a water usage sensor and with audible or visible alarm or transmitter for transmitting an alarm signal, and water valves; control apparatus for controlling water loss from residential water installations comprised of water flow sensors, processors for processing signals from water flow sensors, audible and/or visible alarms, stop valves, connection fittings and flanges; differential pressure control systems for water installations comprised of pressure sensors, shut-off valves, computer software and computer hardware.

Class 11

Plumbing fittings for gas supply and water supply purposes being parts of heating and sanitation installations, namely, push-fit fittings and couplings, pipe connections and couplings, elbows, tees, conversion tees, tap connectors, tube adaptors, capillary tails, compression adaptors, tail reducers, tail plugs, recessed shower assemblies, shower assemblies, pipe bend supports, pipe clips, sleeves, safety valve connections and couplings, thermostatic valves including valves with integral connectors, pressure limiting valves, pressure relief valves, gate valves, level control valves, drains, all of the aforesaid being parts of and for water and/or gas installations; plumbing fittings for water supply and gas supply purposes, namely, push-fit fittings in the nature of junctions, straight couplings, reducing couplings, conversion couplings, straight connectors, reducing connectors, bullnose connectors, elbows, reducing elbows, stubout elbows, dishwasher elbows, drop ear elbows, hy-ear elbows, branches, tees, bullnose tees, reducing tees, end stops, fitting reducers, threaded adaptors, slip fittings, swivel fittings, swivel adaptors, sweat adaptors, swivel elbows, swivel toilet connectors, slip couplings, slip tees, slip tee adaptors, manifolds including manifolds with branches, angle stops, straight stops, stop valve tee adaptors, stop valve connectors, faucet connectors, toilet connectors, toilet elbows, pipe connections and couplings, conversion tees, tap connectors, flexible water heater connectors, tube adaptors, capillary pipe tail pieces, bend supports for piping, compression adaptors, tail piece reducers, tail piece plugs, pipe bend supports, suspension clamps, clamp rings, crimp rings, pipe clips, sleeves, valve connections and couplings,

check valves, all of the aforesaid being parts of and for water supply and/or gas purifying, heating or cooling installations; parts of and accessories for such goods as are included in this class, namely, supply line fittings and stops, for water supply and gas supply purposes; water hammer arrestors, for water supply purposes; water heater connectors, for water supply and gas supply purposes; water heater kits consisting of connector fittings and disconnect clips, for water supply and gas supply purposes; contractor kits consisting of connector fittings and disconnect clips, for water supply and gas purifying, heating or cooling installations; toilet and faucet kits consisting of faucet connectors, angle stops and tubing or ducting, for water supply purposes; plumbing components, namely, disconnect clips, for water supply purposes; pipes, tubing and ducting for sanitary or heating installations; taps of metal; taps not of metal.

Class 12

Land vehicle parts, namely, pipes, tubes, couplings, connectors, valves, adapters, flow controllers, reducers, enlargers, dividers, plugs and washers; gear couplings for land vehicles; hydraulic connectors for land vehicles, namely, pipes, tubes, couplings, connectors, valves, adapters, flow controllers; couplings for land vehicles; jaw type shaft couplings for land vehicles; land vehicle suspension parts, namely, pipes, tubes, couplings, connectors, coil springs, equalizers, leaf springs, and torsion/sway bars; wheel suspensions for automobiles; fuel tanks for land vehicles; air springs for vehicle suspension components for cushioning driver's seats and cabs; steering units for land vehicles.

Class 17

Flexible pipes not of metal; flexible tubes not of metal; connectors not of metal, for pipes; pipe couplings not of metal; junctions for pipes not of metal; valves of rubber; valve flange adaptors; pipe reducers of rubber or plastic; pipe enlargers; pipe dividers; plugs of rubber for sinks, showers and baths; parts and fittings for all the aforesaid goods and all made of plastic; insulating materials, namely, acoustic dampening plates, riser pads and liners not made of metal.

Class 19

Rigid pipes not of metal; sandstone tubes; rigid tubes not of metal; drain traps [valves], not of metal or plastic; water-pipe valves, not of metal or plastic; parts and fittings for all the aforesaid goods and all made of non-metallic material or predominantly of non-metallic material.

Class 20

Acoustic dampening pipe clamps and hangers not made of metal; vibration dampening clamps and hangers not made of metal for supporting pipes, wires, cables and conduit; non-metal clamps, brackets and supports for pipes, wires, cables and conduit; non-metal flame retardant clamps, hangers and supports for pipes, wires, cables and conduits; plastic clamps, brackets and supports for pipes, wires, cables and conduit.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, 334entraliz, checking [supervision], life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, dvds and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; computer software and computer programmes; database management software; computer programmes for data processing; computer firewall software; downloadable computer software; data storage devices; storage apparatus for computer data; communication software; application software; apps; downloadable computer software applications; interactive computer software; computer peripheral devices; electronic publications (downloadable); downloadable electronic reports; electronic mail and messaging software; smart phones; tablets; software, application software, computer programmes, and computer software for use as an application programming interface (API); software, application software, computer programmes, and computer software for use as an API, all for the provision of identity verification, background checking, online on-boarding services, and investigatory services related to identity or background; software and computer systems for the analysis of business data and to enable retrieval of data in the field of identity verification services and background checks; software and computer systems for the collection, 334entralized334, storage and sharing of data and information, in the field of identity verification services, background checks, online on-boarding services and investigatory services relating to the identity or background of individuals; character verification optical apparatus and instruments; character recognition software; optical character recognition software; voice recognition software; pattern recognition systems composed of computer chips, computer hardware and software; digital electronic devices for recording, 334entralize, receiving, transmitting data; computer programmes for accessing, browsing and searching online databases and the internet; monitors or data processing apparatus designed to enable the verification of identity, the conducting of background checks, the provision of on-line on-boarding services and investigatory services related to identity or background.

Class 35

Advertising; business management; business administration; office functions; database management services; management and compilation of 334entralized334 databases; business analysis; computer data processing services; management of commercial undertakings; document preparation in the nature of document reproduction, document copying, document indexing services; corporate identity services; preparation of commercial and business reports; data processing; 334entralized334 data processing; analysis of business data; compilation of business statistics; compilation of data into computer databases; business investigations;

employment services; personality testing for the selection of personnel; business advisory services; retail and online retail services in relation to the sale of computer software and apps; business services; data management services; centralized data management; management and compilation of centralized databases; data processing; systemization of information into computer databases; updating and maintenance of data in computer databases; centralized data verification; business data analysis; centralized data processing and data processing verification services in relation to identity verification; centralized data processing and data processing verification services in relation to a variety of background checks including know your customer (KYC) checks, employment history checks, criminal history checks, driving licence checks, address checks, right to work checks, credit checks, adverse financial history checks, watch list checks (namely, governmental sanctions, politically exposed persons, anti-terrorism, anti-money laundering and CIA watch lists), education checks, professional qualifications checks, insurance checks; providing electronic data processing related to identity verification and background checking; information, advisory and consultancy services relating to all the aforesaid.

Class 36

Insurance; financial affairs; monetary affairs; real estate affairs; insurance research in the nature of preparation of insurance reports; insurance consultation and administration; financial services; financial consultancy services; financial advisory services; centralized financial analysis; financial risk management and portfolio management; credit consultancy; credit assessment services; credit information services; financial and monetary services; consumer credit services for the purpose of evaluating credit ratings; financial management of credit accounts; credit agency services; credit assessment services; credit bureau services; credit consultancy services; provision of credit evaluation services in the field of finance; provision of information relating to financial credit; credit rating services; credit risk assessment services; credit risk information services; credit scoring and credit scorecard services; credit screening services for the purpose of evaluating credit ratings; financial management services related to credit strategy; debt collection services; financial asset location services; financial information services provided via financial database; financial sponsorship; insurance claims assessments; preparation of credit reports; provision of financial information related to previous credit application history; financial valuation of property and real estate centralized services based on financial value; provision of financial information; real estate evaluation services; vehicle finance information services; bank account information services; credit application processing services; credit assessment and credit screening services; financial asset management services; insurance perils services, namely, insurance against events or circumstances that cause or may potentially cause a loss or damage; insurance risk and claims information services; financial assessment of individual credit and providing information relating thereto; management of financial accounts (including credit accounts); financial affordability assessment services; consultancy services in the field of financial economics; economic research services (financial); financial feasibility study services; financial modelling services.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software research; installation and centralized of computer applications software; updating and

maintenance of computer software; programming of data processing equipment; preparation of technical reports; project studies relating to software; application service provider (ASP); application service provider (ASP) featuring software for receiving, transmitting and displaying information, and transmitting data; computer services providing data security services; computer programming services for electronic data security; electronic storage of documents; design services relating to the publication and storage of documents; centralized services to facilitate identity verification, provision of background checks, online on-boarding services, and investigatory services related to identity or background; technological research services in the field of identity verification, background checking, online on-boarding services, and investigatory services related to identity or background; designing computer software, application software and APIs in relation to identity verification, background checking, on-boarding services, and investigatory services related to identity or background; research and design services in relation to character recognition software and identity verification software including systems for the analysis of biometric data; providing temporary use of on-line non-downloadable software enabling or facilitating its users to upload or download data or information over communication networks; providing technological research related to identity verification and background checking; data security consultancy services; development of systems for the storage of data; providing online non-downloadable software allowing users to store information from different applications into a centralized folder; providing online non-downloadable software allowing users to carry out identity verification and background checking; providing online non-downloadable software for use in online on-boarding services and investigatory services related to identity or background of individuals; information, advisory and consultancy services relating to all the aforesaid.

Class 45

Legal services; security services for the physical protection of tangible property and individuals; personal and social services rendered by others to meet the needs of individuals, namely, identity verification and background identity checks; identity verification, background checking; online on-boarding services, namely, the creation of new digital identities and the verification of identity documentation online for purpose of conducting background checks and identity verification; investigatory services related to identity or background; private investigation services; services for authenticating identity documentation; services for detecting fraud in relation to identity; security services; background investigation services; computer software licensing; security marking of the results of identity verification or background checking results; preparation of reports in relation to identity verification and background checking services; information services relating to identity verification and background checks; security clearance for preparation of documentation validating identity, including identity cards; individual background checks including know your customer (KYC) checks, financial conduct authority (FCA) checks; background investigations in the nature of credit checks, anti-money laundering and insurance checks; fraudulent credit application detection services; provision of information in the field of identity verification, background checking, and investigatory services related to identity or background; information, advisory and consultancy services relating to all the aforesaid.
