REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Class 19

Non-metallic construction materials for concrete forming of shores; non-metal building materials, namely, panels and forms for pouring concrete; nonmetal elevated or suspended work platforms; non-metal scaffold towers; non-metal building materials, namely, non-metal walkways, handrails for walkways, decking, bridging, staging in the nature of formwork panels, and trestle supports for use in construction; non-metal scaffolding and shoring supports, namely, sectional tubular scaffolding, systems tubular scaffolding, and tube and clamp tubular scaffolding and shoring supports; non-metal building materials, namely, roofing tiles and panels, roof-support beams, beams, panels, cover plates, props, railings, exterior boards, slatted boarding for wall cladding, hoarding panels for temporary fencing, shuttering for use in construction projects, trenching struts, trench sheeting panels for use in construction of basement waterproofing system, and manhole covers; fence panels of non-metallic materials; fence barriers of non-metallic materials; fence screens of non-metallic materials; fence posts of non-metallic materials; non-metal barrier apparatus in the nature of posts and guard rails; temporary non-metal flooring; construction materials in the nature of non-metal panels to be placed over roadways as temporary roadways while roadways are under construction.

Class 37

Building construction services; building construction, maintenance, and repair; building dismantling and demolishing services; demolition services; construction; construction project management services; consultation services, namely, construction consultation, preconstruction consulting to identify obstacles in the construction process, consultation relating to painting of buildings; contractor services, namely, provision of repair and maintenance services for building plumbing, electrical, and mechanical systems for others; building construction and repair in the poured-in-place concrete industry; construction services, namely, concrete pouring, forming, and shoring for large-scale concrete industrial, commercial, or public buildings and structures; installation of panels and joints used as molds for forming walls, slabs, stairs, columns, windows, and doors in poured-in-place concrete structures; rental and leasing of concrete shoring, form shoring, and supporting equipment and apparatus for use in the construction industry; leasing of self-climbing systems [construction

equipment] for lifting formwork for concrete construction; Installation of building scaffolds, working platforms and building platforms; repair and maintenance of building scaffolds, working platforms and building platforms; rental, erection and dismantling services for construction equipment required for scaffolding, suspended access systems and structural support devices; assembly services relating to the installation of construction equipment required for scaffolding, suspended access systems and structural support devices; construction and repair services, namely, erection of enclosures surrounding scaffolding and shoring used for construction, refinishing and maintenance of structures; painting; painting and applying coatings to industrial and commercial buildings and structures; painting and applying coatings to industrial machinery; application of coatings and sealers; applying corrosion protective coating to concrete, steel-in-concrete, steel, coated steel, cast/ductile iron, copper, pipelines, tanks, process equipment, reservoirs, refineries, sewers, bridges, appurtenances, transit systems, marine facilities, utility lines, substations, and service arteries, and buildings and structures such as condominiums, balconies, parking decks, and major institutional centers; contractor services, namely, application of protective coatings for preventing corrosion under insulation in petrochemical facilities and chemical plants; construction services, namely, installation and application of fire retardant and resistant protective coatings, materials, insulation, and cementitious materials to buildings and structures for fireproofing; application of protective thermal spray coatings; repairing corrosive or leaking pipes through pipelining, namely, coating the inside of the pipe with a durable safe epoxy; installation, maintenance, and repair of protective coatings for floors; construction services in the field of application of paint, coatings, and resins, namely, specialized industrial painting contractor services and application of specialized coatings and resin sealers for large-scale industrial site surface preparations, oilfield, gas, shipyard and marine facilities; contractor services in the field of application of paint, coatings, and resins, namely, application of coatings, paint, and resin sealers to marine vessels, hull surfaces, above ground storage tanks, and drilling equipment and risers located on marine equipment; installation of building insulation; installation of cladding on buildings, equipment, and piping; installation of insulation, cladding, and jacketing for boilers, ducting, and piping at refinery, petrochemical and power generation facilities, and marine and offshore facilities; construction services in the field of industrial facilities insulation services, namely, installation, maintenance of thermal and cryogenic insulating materials at refinery, petrochemical and power-generation facilities, and marine and off-shore facilities; construction services in the field of refractory services, namely, installation, repair, maintenance, and demolition of refractory linings in high temperature vessels, particularly fluid catalytic cracking units, reformers, hydro crackers, crude units, thermal reactors, boilers, sulfur recovery units, and industrial furnaces; construction services, namely, asbestos removal services at refinery, petrochemical and power-generation facilities, and marine and off-shore facilities; construction services, namely, lead removal services at refinery, petrochemical, power generation facilities, and marine and off-shore facilities; lead abatement services, namely, cleaning, waste removal [cleaning] and waste disposal [cleaning] of lead and lead based products; removal of rust, paint, and resins from industrial structures and equipment; cleaning of external surfaces of buildings and structures; cleaning, installation, repair, and maintenance of storage tanks and containment vessels; construction services, namely, erection, repair and dismantlement of bleachers, stadium and theatre seating, staging, barricades, turnstiles and ramps, television broadcast towers, and chair risers; pipeline construction, installation, repair, and maintenance; installation of piping; electrical installation services; installation of electrical and generating machinery; electrical repairs, maintenance, and

installation of electrical wiring, outlets, light fixtures, and electrical panels; leasing of construction equipment; leasing of safety barriers for edge protection in the construction industry.

Class 40

Abrasive blasting services, namely, bead blasting, bristle blasting, robotic sand blasting, sand blasting, and wheel blasting for large-scale industrial facilities, refinery, petrochemical and power generation facilities, and marine and offshore facilities; sandblasting services; micro-abrasive blasting services; wet abrasive blasting services; dry ice blasting services; custom fabrication of piping for industrial purposes of process piping in the fields of oil and gas, chemicals, power, mining, and wastewater treatment; custom fabrication of piping for industrial purposes for use in pipelines, pipeline booster stations for gas pipelines, gas storage facilities, liquefied natural gas storage terminals, and chemical plants; machine shop services, namely, machining parts for others through pipe cutting and pipe beveling at industrial and commercial facilities; pipe tapping services, namely, drilling or cutting holes in or connecting to existing piping or pressurized vessels without draining or spilling the contents of the pipes or vessel; custom treatment of building materials and machinery through applying fire retardant and resistant coatings for fire proofing for others; rapid arc welding.

Class 41

Educational services, namely, conducting educational and training programs in the field of safety in the construction industry; education services, namely, providing classes, seminars, workshops, and training materials in the field of forming and shoring, building construction, and building repair, in the field of scaffolding erection, maintenance, dismantling, and safety, and in the field of erection and dismantling of suspended access system and structural support devices; training services in the field of safety in the construction industry.

Class 42

Construction services, namely, construction planning; Engineering; civil engineering; mechanical engineering; forensic engineering services; civil engineering in the concrete construction industry; engineering and design services for forming and shoring systems and work access apparatus, and scaffolding equipment and systems; engineering services for the design of custom formwork for concrete forming of bridges, transportation tunnels, mine tunnels, piers, dams, seawalls, tidal barriers, river-diversion structures, power plants, water treatment facilities, water-retention facilities, and commercial and industrial buildings; providing temporary use of a web based software application featuring a scaffold tracking system for project planning, management and budgeting; scientific and technological services, namely, scientific research and analysis in the field of architectural design related to poured in- place concrete structures; engineering for the design of industrial facilities; engineering services in the fields of oil and gas, chemicals, power, mining, and waste water treatment; custom design and engineering of facilities in the fields of oil and gas, chemicals, power, mining, and wastewater treatment; insulation system design services for the design of industrial and commercial buildings and structures; design of piping systems for industrial purposes; electrical engineering services for tracing of electrical heat; construction engineering services in the fields of traffic; engineering and design services for special event scaffolding, namely, grandstands and aluminium bleachers, barricades, stages and turnstiles; inspection services, namely, detection of leaks in buildings and pipes; inspection of petrochemical facilities and chemical plants for corrosion under insulation; industrial analysis and research, namely, industrial analysis relating to poured-in place concrete

structures; safety auditing to improve safety of construction workers on construction sites; Providing temporary use of a web-based software application featuring a scaffold tracking system for project planning, management and budgeting.
