Engineering services; engineering and engineering consulting services in the fields of industrial design, product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum extraction, petroleum refining, aerospace manufacturing, automotive manufacturing, building material manufacturing, consumer products manufacturing, food and beverage manufacturing, metals manufacturing; consultation in the fields of civil engineering, environmental engineering, mechanical engineering, manufacturing engineering, design engineering, process engineering, pollution abatement and land use planning; plan, design, build, upgrade, expand, modernize, renovate, retool, optimize, and operate infrastructure and facilities; architectural services and architectural consultancy services; architectural and design engineering consulting services; architecture and urban design planning services; land development services; hydrological services; environmental engineering and environmental consultancy services; management of construction projects; mechanical, electrical and energy engineering services; industrial analysis and research services; providing planning and design services for major construction projects such as highways, bridges, tunnels, airports, rapid transit systems, ports, terminals, water resources programs, and waste disposal systems-namely, determining the financial, engineering and economic feasibility of proposed projects, and preparing preliminary designs, final designs and specifications; traffic engineering and traffic modeling; providing online non-downloadable software designed to facilitate the capture, storage and management of project data; civil engineering; civil engineering for the design of airports, highways and bridges; computer aided design for others; conducting chemical surveys, namely, strength and chemical testing of cementitious materials, asphalt and aggregates; conducting engineering surveys;

CLASS : 42—cont.

conducting of feasibility studies; construction drafting; consulting in the field of structural engineering; consulting in the fields of engineering and architecture; consulting services in the field of architectural design; consulting services in the field of sustainable building design; decommission, decontaminate, and demolish facilities; design for others in the field of engineering; design of tunnels and underground structures; drafting of construction plans for recreation premises; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the construction of airports, highways and bridges; engineering services in the fields of physical and cyber security; graphic illustration and drawing services, namely, providing graphic illustrations and drawings of commercial and industrial building designs, and converting building designs or markups to electronic cad drawings; inspection, quantity and quality control, supervision and verification of the quality and quantity of raw materials, commodities, manufactured, semi-manufactured and transformed goods or goods of any other nature and their conformity with national and international norms, laws, rules, practice and standards and with clients' contractual requirements; inspections of airports, highways and bridges; land surveying; land use planning services; landscape architectural design; marine, aerial and land surveying; material testing; materials testing and analyzing; materials testing and evaluation; mechanical engineering; mechanical research; monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; monitoring of erosion and sedimentation; pipeline inspection services; planning and layout design for the interior space of retail business establishments; planning and layout design services for cleanroom environments; planning of buildings and infrastructure systems for buildings; product development and engineering services for others; providing quality assurance services in the field of engineering; quality control for others; research and development and consultation related thereto in the field of civil engineering; research and development of technology in the field of civil engineering; research on building construction or city planning; research relating to mechanical engineering; research, development, engineering and testing services in the fields of welding and material joining; structural engineering design services; survey design and research; surveying; technical consultancy regarding the field of road cutting technology; technical surveying; testing or research on civil engineering; testing, analysis and evaluation of the goods and services of others for the purpose of certification; testing, analyzing and evaluating the structural properties of masonry and concrete structures; urban planning; analysis of stream water quality; bacteriological consultation and research; bacteriological research; calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation; chemical analysis; chemical research; chemical, biochemical, biological and bacteriological research and analysis; civil engineering for the design of wastewater treatment facilities; civil engineering relating to water irrigation; consultation services in the field of hydrological research; consulting services in the field of environmental assessment, compliance and planning; engineering and hydrological design of restoration of stream channels, marshes, estuaries, and wetlands; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the water distribution systems and wastewater systems; environmental services, namely, detection of contaminants in water; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science; engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; environmental testing and inspection services; hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; hydrologic and hydraulic modeling and design of storm drainage infrastructure; hydrologic study of surface and ground water; hydrological calculations and simulations of flood flows in streams,

CLASS : 42—cont.

marshes, and wetlands; hydrological research; inspections of water treatment facilities; land surveying; land use planning services; landscape architectural design; mapping; marine, aerial and land surveying; material testing; materials testing and analyzing; materials testing and evaluation; planning of buildings and infrastructure systems for buildings; providing environmentally friendly automation solutions, namely, site evaluations, control design analysis, and integrated installation services for monitoring and controlling respective innovative devices within a designated area; providing quality assurance services in the field of wastewater treatment; providing reagent sample testing and diagnostic services for others in the fields of science and research related thereto; providing technological and scientific information about environmentally-conscious and green innovations; providing technological information about environmentally-conscious and green innovations; providing process safety, risk assessment, risk management, functional safety, mechanical integrity, and other protection services for industries and companies; research in the field of hydrogeology; research on building construction or city planning; research relating to mechanical engineering; scientific research; scientific research and development; sewer overflow monitoring services; sewer system monitoring services; structural engineering design services; survey design and research; surveying; surveying and engineering; technical consultancy in the field of environmental science; technical monitoring services for conditions of water; technical surveying; technology consultation and research in the field of water resources; technology consultation in the field of water resources; technology supervision and inspection in the field of water resources; testing of filters; testing of raw materials; testing or research on civil engineering; underwater structural inspection services; urban planning; water quality control services; application service provider featuring software for use in accounting, financial management, deployment, personnel management, property, inventory control management, production control management, quality, safety, and environmental management, supply chain management, planning and schedule management, document management and earned value management; application service provider featuring software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider, namely, providing, hosting, managing, developing, researching, analyzing, reporting, and maintaining applications, software, web sites, and databases of others in the fields of healthcare, benefits programs, employee productivity, risk management; computer service, acting as an application service provider in the field of knowledge management to host computer application software for creating searchable databases of information and data to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; computer service, namely, acting as an application service provider in the field of knowledge management to host computer application software for creating searchable databases of information and data; computer service, namely, acting as an application service provider in the field of knowledge management to host computer application software for searching and retrieving information from databases and computer networks; computer services, namely, providing a web-based system and online portal for customers to remotely manage, administer, modify and control their end user computer devices, data and software applications; computer systems integration services; database development services; integration of computer systems and networks; information technology integration services; providing a secured-access website that gives registered internet networked institutions the ability to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer-driven transactions; software as a service services featuring database management; software as a service services, namely, hosting software for use by others for use in accounting and financial management, deployment and personnel management, property and inventory control management, production control management, quality, safety and environmental management, supply chain management, planning and schedule management, document management and earned value management; landscape architectural design; civil engineering relating to water irrigation; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality

CLASS : 42—cont.

performance of co-products and by-products, and chemical distribution; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science, hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; technical supervision and inspection in the field of product quality control, industrial services, water, and environmental engineering; quality control for others in the field of water and waste water treatment and irrigation systems; technical support, namely, monitoring of network systems hydro-electric factory facilities; technical consultation in the field of hydro-electric engineering; technical support services, namely, troubleshooting of computer hardware and software problems in the field of hydro-electric engineering; environmental audits, investigations, and process control services; environmental design and engineering services; environmental consulting services for compliance with environmental regulations hosting software for use by others for use during planning, design and operations for estimating, measuring and verifying the environmental, social and economic impact of business practices in the fields of energy, construction, manufacturing, transportation, product distribution and utilities in relation to facility planning, design, construction and operation, utility design and operation, water and wastewater treatment facility design and operation, oil and gas pipeline and pump station facility design, construction and operation, oil and gas transportation and oil and gas delivery systems, business, utility and governmental infrastructure planning, waste treatment plant design and operation, recycling, procurement, supply chain and product distribution chain management, carbon dioxide emissions, greenhouse gas emissions, and employee travel and job-related transportation; hosting software for use by others for use during planning, design, and operations for businesses, utilities and governments for estimating, measuring and verifying the environmental, social and economic impact of alternatives in infrastructure design, construction and operation; consulting services in the field of environmental assessment and planning, consulting services for others in the field of design of production facilities, consulting services for others in the field of architectural design, consulting services for others in the field of engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting, and technical analysis of a product or process to determine how to make it more environmentally sound; architectural design services in the fields of traffic and transportation; engineering services in the fields of traffic and transportation; traffic and transportation engineering; transportation and traffic planning services; consulting services in the fields of energy measurement to improve energy efficiency; conducting feasibility studies in the field of environmental engineering; professional consulting services in the fields of engineering, land use planning, surveying, landscape architecture, and environmental sciences; designing plant components and equipment for nuclear power plants; scientific and technological services and research and design relating thereto; architectural consultation; industrial design; land surveying; land surveys; research in the field of environmental protection; provision of scientific information, advice and consultancy in relation to carbon offsetting; technical research; water analysis; design and development of computer hardware and software; providing software as a service; computer services; application provider services; hosting computer sites [websites]; information technology consultancy; installation, maintenance, hosting and updating of computer software; computer software consultancy; advisory and consultancy services in relation to all the aforesaid; all included in Class 42.
