GENERAL INFORMATION

TRADE MARKS ACT 1976

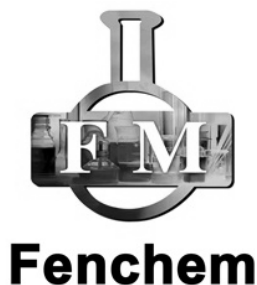

(Act 175)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADE MARKS

Pursuant to section 27 of the Trade Marks Act 1976, the following applications for registration of trade marks have been accepted and hereby published in Intellectual Property Official Journal according to subregulation 120 (3) of the Trademarks Regulation 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Notice of opposition to an application for registration of a trademark may be filed unless extended at the discretion of the Registrar, within two months from the date of publication accompanied by prescribed fee.

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; testing and research services relating to electric and electronic machines, apparatus and instruments; computer rental; providing temporary use of non-downloadable computer software; website design; hosting computer sites [websites]; updating of computer software; recovery of computer data; computer services; hosting and maintaining the websites of others; file sharing services, namely, providing a website featuring technology enabling users to upload and download electronic files; photo sharing services, namely, providing a website featuring technology enabling users to upload, view, and download digital photos; providing non-downloadable computer software for use in digital image processing; providing non-downloadable computer software for browsing information on the internet; electronic data storage; rental of electronic storage space on the internet; rental of web servers; providing meteorological information; technical advice relating to operation of computers, automobiles and other machines, apparatus and instruments; testing and research services in the field of electricity; architectural design; designing; cartography and mapping services; providing a website featuring technology enabling users to upload and download electronic files; providing a website featuring technology enabling users to edit photos, create photo albums and upload photos and photo albums; providing a website featuring technology that enables online electronic conference systems via cloud computing; computer diagnostic services; providing computer systems for remote desktop solutions through cloud computing; computer system monitoring and maintenance; computer system design and installation; computer system technical support services; technical advice relating to equipment inspection; technical advice relating to information security diagnosis; technical advice relating to assessment of information security vulnerability; technical advice relating to data and information analysis; technical advice relating to cloud computing; technical advice relating to business information security and protection; technical advice relating to internet of things (iot); technical advice relating to machine-to-machine (M2M) communication; technical advice relating to digital content distribution; technical advice relating to identification and authentication of persons; technical advice relating to billing in electronic commerce transactions; technical advice relating to remote video monitoring; technical advice relating to operation and control of plant factory

systems; technical advice relating to operation and control of agricultural apparatus and systems; technical advice relating to management and control of plant cultivation; technical advice relating to operation and control of water treatment systems; technical advice relating to monitoring of air contaminants and pollutants; technical advice relating to visualization and analysis of air flow; technical advice relating to operation and control of autonomous-driving vehicles; design, development and maintenance of computer systems and software for remote access to computer terminals and networks; design, development and maintenance of computer systems and software for scanning, detecting and eliminating of viruses, spyware and malware; design, development and maintenance of computer systems and software for search, analysis and detection of security incidents and access logs; design, development and maintenance of computer systems and software for assessment of information security vulnerability; design, development and maintenance of computer systems and software for data and information analysis; design, development and maintenance of computer systems and software for cloud computing; design, development and maintenance of computer systems and software for sales management; design, development and maintenance of computer systems and software for computer database searches; design, development and maintenance of computer systems and software for providing storage, archiving, backup, and management of electronic data via network connection; design, development and maintenance of computer systems and software for detecting and analyzing the presence of individuals or objects; design, development and maintenance of computer systems and software for detecting and analyzing the location, staying time and moving route of individuals or objects; design, development and maintenance of computer systems and software for computer file management; design, development and maintenance of computer systems and software for VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; design, development and maintenance of computer systems and software for internet of things (IoT); design, development and maintenance of computer systems and software for machine-to-machine (M2M) communication; design, development and maintenance of computer systems and software for video surveillance; design, development and maintenance of computer systems and software for text-to-speech converting; design, development and maintenance of computer systems and software for remote video monitoring; design, development and maintenance of computer systems and software for management of customer information; design, development and maintenance of computer systems and software for point-of-sales [POS] systems; design, development and maintenance of computer systems and software for operation and control of plant factory systems; software as a service [SAAS]; software as a service [SAAS] for management and control of mobile computer or communication devices; software as a service [SAAS] for data storage management; software as a service [SAAS] for scanning, detecting and eliminating of viruses, spyware and malware; software as a service [SAAS] for data and information analysis; software as a service [SAAS] for cloud computing; software as a service [SAAS] for sales management; software as a service [SAAS] for client and customer management; software as a service [SAAS] for detecting and analyzing the presence of individuals or objects; software as a service [SAAS] for detecting and analyzing the location, staying time and moving route of individuals or objects; software as a service [SAAS] for internet of things (IoT); software as a service [SAAS] for machine-to-machine (M2M) communication; software as a service [SAAS] for digital content distribution; software as a service [SAAS] for text-to-speech converting; software as a service [SAAS] for computerized production management; software as a service [SAAS] for remote video monitoring; software as a service [SAAS] for management of customer information; software as a service [SAAS] for point-of-sales [POS] systems; software as a service [SAAS] for virtual reality image processing; analysis of computer database performance; cloud computing; consultancy relating to cloud computing; digitization of documents [scanning]; infrastructure as a service [IAAS]; server administration; design, development and hosting of computer databases; electronic storage of archived data; data security services [firewalls]; technical verification and validation of product operation; technical verification and validation of computer networks; technical verification and validation of computer systems; product design; analysis and evaluation of products; structural analysis and evaluation of buildings; materials testing and analysing; chemical testing, analysis and evaluation services; testing and analysis of network connection; consultancy relating to research and development of products; technical inspection services; consultancy relating to design, programming and maintenance of computer software; creating web sites for others; rental of computer software; technical consultancy relating to the design of computer hardware, software and computer peripherals; computer technology consultancy; hosting platforms on the internet; installation of computer software; design of telecommunication machines and apparatus and radio communication machines and

apparatus, and consultancy relating to such design; design and development of computer hardware, software and databases; rental of memory space for servers on the internet; rental of computer servers; rental of measuring or testing machines and instruments; engineering relating to measuring or testing machines and instruments; design of measuring or testing machines and instruments; design and development of navigation systems; architectural research; research on city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; conducting surveys on energy consumption and providing information thereof; consultancy and information in the field of energy saving and efficiency; surveying; architectural services; construction drafting; architectural consultation; providing information in the field of architectural design; geological surveys or research; design of building interiors and exteriors; monitoring of computer systems by remote access; design services in the fields of traffic; design of maps; all included in class 42.
