Computer chips; semiconductors; semiconductor chips; microprocessors; central processing units; integrated circuits; integrated circuit modules; circuit boards; data communication circuits; integrated circuit chips; sensor chips for wireless communications; computer hardware; computer networking hardware; communications hardware; satellite communications equipment; network communications hardware; telecommunications hardware; converged network interface controllers; broadband communications equipment; modems and routers; communications hubs; communications computers; firmware; electrical couplers; optical couplers; electric cables; electrical connectors; electric converters; distance measuring apparatus; electricity conduits; fiber optic cables; optical cables; cables for optical and electrical signal transmission; attenuators; computer switches; ethernet switches; high frequency switches; telecommunication switches; computer network hubs, adapters, servers, switches and routers; transmitters; receivers; wireless network and wireless sensor data integration equipment, namely, evaluation boards and extension modules; power control circuits; network switches to enable cloud networking and cloud computing; computer cables; computer peripherals and parts and fittings therefor; apparatus and instruments for recording, processing, receiving, reproducing, transmitting, modifying, compressing, decompressing, broadcasting, managing, manipulating, merging and enhancing sound, video, images, graphics, information, text and data; photographic instruments and apparatus; apparatus and instruments for use in video-conferencing and teleconferencing; computers; laptops; tablet computers; telephones; mobile telephones; cellular phones; headphones; digital media players, drives and recording apparatus; media players; computer keyboards; photocopiers; computer memory; computer mouse; personal digital assistants (pdas); data processing equipment; network controllers; controller interface modules; wireless access point devices; computer monitors; set top boxes; video recorders and video reproducing apparatus; cameras; global positioning systems; global navigation satellite systems; multimedia projectors; electronic scanners; electronic book readers; printers; audio speakers; audio receivers; video receivers; headsets; wireless headsets; handheld computers; audio visual communication devices; electronic encryption units; computer software and hardware for encryption; alarms; radios; televisions; mobile telephone cases; telephone cases; wearable computers; wearable digital electronic device; wearable activity trackers; wearable computer peripherals; digital media hubs, receivers, and servers; home networking modules comprising electrical components and associated wiring; cable connectors; decoders; motherboards and daughter boards; electronic sensors; digital sensory devices; digital electronic controllers; sensory controllers; storage controllers, devices and controller interfaces; ethernet transceivers, adapters and controllers; remote control devices; wireless battery chargers; wireless and wired controllers, controlled devices, and electronic sensors for home, office, industrial and vehicular automation devices; electronic proximity sensors and switches; near field communications (nfc) tags; near field communications (nfc) technology-enabled devices and readers; electronic devices for sensing and monitoring environmental conditions; electronic devices for sensing and monitoring location, position and movement; electronic devices for communicating sensed data with other devices; optically or electronically stored manuals and instructional material; application software; computer software; embedded computer software; software for controlling and using integrated circuits; computer software to control computer network switches, computer switches, communication network switches and ethernet switches; computer software and embedded computer software for implementing, enabling and controlling ethernet networks and broadband communication networks; amplifiers; power amplifiers; transistors; radio frequency mixers and multipliers; vehicle locating and tracking apparatus; vehicle climate control apparatus; power switches; microphones; frequency converters; diodes; light emitting diodes (leds); electric diodes; film bulk acoustic resonator (fbar) filters, duplexers, multiplexers; radio frequency filters; radio frequency converters; power inverters; batteries; antennas; computer chips and modules for wired and wireless communications, data communications, and multi-media communications; integrated circuits and integrated circuit modules for use in wireless

CLASS : 9—cont.

communications and wireless communication equipment; semiconductors, semiconductor chips, computer chips, computer hardware, integrated circuits, computer networking hardware, and software for communication, wireless communication, connectivity, interoperability, storage, near field communication (nfc) and network security; integrated circuits for controlling hard disk drives; integrated circuits for processing data read from, and written to, hard disk drives; integrated circuits for controlling multi-protocol input/output operations; network adapter cards for connecting a host computer to a computer network; integrated circuits for controlling the storage of data on a peripheral storage device connected to a host computer; integrated circuits for expanding the number of peripheral devices connected to a host computer; integrated circuits for connecting multiple devices to a host computer over a pci compliant connection; integrated circuits for enabling pci and usb compliant network busses to communicate with a pci express compliant network bus; integrated circuits for interfacing a pci compliant network bus with a local network bus on an adapter card; integrated circuit for controlling a usb compliant peripheral device attached to a pci express compliant network bus; host bus adapter cards for enabling a peripheral device to communicate with a host computer; host bus adapter cards for enabling a fiber channel compliant peripheral device to communicate with a host computer; computer hardware for managing remote computer server systems; computer hardware for temporarily storing data on a storage controller card connected to a host computer when the host computer fails; computer hardware for enabling a host computer to access a peripheral storage device directly attached to another host computer; telecommunications hardware and software for monitoring and controlling devices via wireless and wired networks; computer hardware in the fields of wireless products and chips for development, testing and verification of software and wireless connectivity; telecommunications and data networking hardware, namely, devices for transporting and aggregating voice, data, sound, images, graphics, information, and video communications across multiple network infrastructures and communications protocols; apparatus and instruments for the generation of vision signals; storage controller cards for controlling the storage of data in a group of peripheral storage devices connected to a group of host computers and enabling an active storage controller to control the storage of data associated with a failed storage controller card; storage controller cards for controlling the storage of data on a peripheral storage device connected to a host computer; software for use in the manufacture of semiconductors and integrated circuits and infrared transceiver controller software; computer software for managing the storage of data on a peripheral storage device; computer software for securing data stored on a peripheral storage device; computer software for controlling the storage of data in a group of peripheral storage devices connected to a group of host computers and enabling an active storage controller to control the storage of data associated with a failed storage controller card; computer software for temporarily storing data on a storage controller card connected to a host computer when the host computer fails; computer software for managing remote computer server systems; computer software for managing host bus and network adapter cards across a computer network; computer software for designing pci compliant integrated circuits; software used to determine the content of data being transferred by communication circuits in the field of network communications; software for processing, managing, and manipulating digital data and information for use in electronic media applications, for the operation of voice over ip (voip), electronic media applications, wireless access points, and wired and wireless connectivity hardware, for electronic networking, and for controlling and using integrated circuits; software in the fields of wireless products and chips for development, testing and verification of software and wireless connectivity; software and firmware for using and controlling wired and wireless broadband communication technology, for bridging, routing, and connecting digital data and information, for use in electronic media applications, for bridging, routing and connecting broadband equipment, and to enable wired and wireless communication; computer firmware and software for using and controlling wireless communication technology and wireless communication devices; software for communication, wireless communication, connectivity, interoperability, storage, near field communication (nfc) and network security; software for designing and implementing wireless enabled products in the nature of software development kits (sdks), application programming interfaces (apis) and integrated development environments (ides); software for designing wireless applications in the nature of software development kits (sdks), application programming interfaces (apis) and integrated development environments (ides); software for designing embedded wireless communications and networking applications, in the nature of software development kits (sdks), application programming interfaces (apis) and integrated development environments (ides); computer application software for mobile devices and computers, namely, software for home, health, office, industrial and vehicular control and automation; computer application software for mobile devices and computers, namely, software for controlling and communicating data with electronic devices and sensors; downloadable mobile applications for controlling and communicating data with electronic devices and sensors; computer application software for mobile devices and computers, namely, software for gyroscope, acceleration, temperature and positional assessment, control and evaluation; all included in Class 09.

VALYOU**CLASS : 9**
