electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; condensers (capacitors); switches for lighting; input/output controls and devices; fuses; controls for lighting; switch boxes, LEDs, namely light-emitting diodes, voltage regulators for electric power, voltage surge protectors, voltage surge limiters, voltmeters, electrical circuit boards, relays and timers, solenoids and limit switches, manual full-voltage starters, reduced-voltage starters, electric switches and disconnecting switches, splitters for circuit boards and pumping panels, circuit breakers and disconnecting switches, transformers, electric circuit and electric lighting boards, electric wires, cables, cords and conductors, electric wiring and accessories, lightning conductors, electricity meters, wattmeters, grounding resistances, humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this Class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser rays microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; applications for manufacture and control, namely for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; distributed and remote input/output equipment, input/output modules, interface modules, electricity supplies and assembly equipment; anti-theft and burglar alarm systems; security devices, namely logic programming computers, control panels, electronic burglar detectors, electronic glass-breakage detectors, electronic vibration detectors, magnetic contacts for security systems, electronic switch plates, electronic motion detectors for alarm systems, electronic motion-sensitive switches, fixed connection sirens, audio loudspeakers, electronic navigation systems, access control and alarm monitoring systems;
