06018201. 5 October 2006.

Registration of this Trade Mark shall give no right to the exclusive use of the word "TV".

Accelerometers; accumulators and batteries; adapter plugs; adapters (electricity); aeronautical radio communication machines and apparatus; alarm central units; altimeters; ammeters; amplifiers and their parts; angular sensors; antennas for television; antennas for wireless communications apparatus; apparatus for recording, transmission or reproduction of sound and images; apparatus for transmission of communication; apparatus for transmitting and reproducing sound or images; audio frequency apparatus, namely, public-address systems, juke boxes, tape recorders, electric phonographs, record players, sound recording apparatus; audio-video compact discs featuring music entertainment films, animation and computer games; audio-video receivers; automatic altitude indicators; automatic control machines and instruments, namely, automatic temperature control machines and instruments, automatic calorie control machines and instruments, program control machines and instruments; automatic switching apparatus for telecommunication; automatic telephone exchanges; autotransformers; bags for cameras and photographic equipment; barcode scanners; battery cases; battery charge devices; bicycle speedometers; binoculars; blank audio tapes; blank cd-roms for sound or video recording; blank optical discs; blank video tapes; broadcast satellite downlink terminals; broadcasting apparatus, namely, television receivers, television transmitters, radio receivers, radio transmitters; broadcasting satellite tuners; cd players; cd recorders and their exclusive controllers; cd-roms (compact disc roms) encoded with video game programs for personal or business use; cables and fibres for the transmission of sounds and images; cables for optical signal transmission; camera cases; camera containing a linear image sensor; camera hoods; cameras; car aerials; card readers for credit cards; cards with integrated circuits; cases for compact disks and optical discs; cases for mobile phones; cellular telephone apparatuses; central processing units for processing information, data, sound or images; chip card readers; chipcards; cinematographic apparatus and instruments, namely, movie film projectors, transparent sheets for overhead projectors, movie film processing and finishing apparatus, cinematographic cameras, projection screens for movie films, movie film editing machines, sound recording apparatus for movies; circuit boards provided with integrated circuits; coin counting or sorting machines; colour printers; compact disc players; computer application software for mobile phones; computer based apparatus and software for creating, scanning, displaying, analyzing, editing, processing, recording, transmitting and printing digital images, namely, digital color, printers, digital input and output scanners, optical scanners, scanners, digital cameras, digital signal processors, digital transmitters, computer software for organizing and viewing digital images and photographs, computer programs for editing images, computer software for use in relation to digital special effects of images, software for processing images, graphics and text and computer software for the integration of text, audio, graphics, and still images; computer based apparatus for designing the layout of electronic circuits; computer hard disc drives; computer mouse; computer network hubs, switches and routers; computer programs for consumer video game machines; computer programs for document management; computer programs for editing images, sound and video; computer software featuring downloadable image and character data of magazines, books, newspapers, maps, pictures and drawings; computer software for controlling and managing access server applications; computer software for controlling self-service; terminals; computer software for creating and displaying computer graphics; computer software for document imaging and scanning, document image processing, document image management, report generation, document, indexing and database management; computer software for encryption; computer software for organizing, and viewing digital images and photographs; computer software for processing, transmission and grouping text data, sound data and image data; computer software for use in relation to digital animation and special effects of images; computers; connecting electrical cables; connection cables connectors for electronic circuits; consumer video game machines adapted for use with television receivers only; consumer video game programs; contact lenses; controllers, joysticks, memory cards and volume controllers for personal computers; controllers, joysticks, memory cards; volume controllers and mouses for consumer video game

CLASS 9—(cont.)

machines; dvd drives; dvd players and their exclusive controllers; dvd recorders and their exclusive controllers; dvd video recorders and their exclusive controllers; dvd-rom players and their exclusive controllers; devices for hands-free use of mobile phones; devices for wireless radio transmission; digital cameras; digital colour printers; digital still cameras; digital versatile disc roms (dvd-roms) encoded with video game programs for personal or business use; downloadable electronic publications in the field of video games and their software; downloadable game programs for cellular phones via the internet; downloadable game programs via personal digital assistants; downloadable image and character data of magazines, books, news papers, maps, pictures and drawings; downloadable ring tones, graphics and music via a global computer network and wireless devices; downloadable video game programs for consumer video game machines; downloadable video images; downloadable video recordings featuring images of video games; dry cells; ear plugs for sleeping; earphones; electric cables; electric connectors; electric diodes; electric flat irons for household use; electric hair-curlers for household use; electric navigational instruments; electric plugs; electric pocket translators; electric wires; electronic and magnetic id cards for use in connection with payment for services; electronic card readers; electronic cards for processing images; electronic circuit boards encoded with computer programs for encrypting or decrypting information data; electronic circuit boards encoded with video game programs for business use; electronic circuits recording programs for amusement apparatus for use with liquid crystal screens; electronic integrated circuits, cd-roms and other memory medium recorded programs, namely computer game programs, for hand-held games with liquid crystal displays; electronic, payment terminal; electronic publications, namely manuals for video game machines and magazines for video games recorded on computer media; electronic tags for electronic discernment; encrypting and micro programming devices for information processing machines, namely, computers and computer peripherals; eyeglasses; film cameras; flash lamps for cameras; flight simulators for aircraft; frequency-carrier apparatus, namely, audio frequency transmission apparatus, cable-type frequency-carrier apparatus, powerline-type frequency-carrier apparatus, open-wire-type frequency-carrier apparatus, carrier frequency repeaters; game programs for hand-held games with liquid crystal displays; gateway routers in the nature of computer control hardware; goggles for sports; hand scanners; hard disc drive recorders; hard disc drive video recorders; headphones; information gathering terminals with function of preserving data measured by remote watching and of transmitting the preserved data complying with demands; information providing devices, namely encrypting and micro programming devices for information processing machines; information terminals with function of data communication between computers and consumer video game machines; integrated circuits for image processing; interactive multimedia computer game program; interactive video game programs; interactive video games of virtual reality comprised of computer hardware and software; interface cards for data processing equipment in the form of printed circuits; interface circuits for video cameras; keyboards for computers; lcd displays for computers; large scale integrated circuits; lens filters for cameras; life belts; life jackets; light pens; loudspeakers; mp3; magnetic cores; magnetic optical discs encoded with video game programs for personal or business use; metronomes; microchip cards; microphones for telecommunication apparatus; microwave antenna; microwave transmission apparatus for delivering radio programs and messages; mobile phone straps; mobile telephone apparatus with built-in facsimile systems; mobile telephone batteries; mobile telephones; modems for computers; motion-picture cameras for self-developing film; mouse pads for computers; multifunction keyboards; music-composition software; navigation apparatus for vehicles [on-board computers]; nickel-cadmium storage batteries; optical cables; optical disc drives; optical disc players and their exclusive controllers; optical disc recorders and their exclusive controllers; optical discs encoded with assemblers compilers, and computer programs for software development and computer programming in the nature of video game and video game software; optical discs encoded with video game programs for personal or business use; optical discs recorded computer programs; optical disk readers; parts and accessories for electric communication apparatus and instruments; personal digital assistants and their parts and fittings; personal computers; personal headphones for use with sound transmitting systems; photo-copying machines; photograph machines and instruments equipped with computer based image processing devices; plug connectors; plug-in connectors; pocket translators, electronic; pocket-sized electronic calculators; portable video cameras with built-in videocassette recorders; power amplifiers; power switches; pre-recorded dvd's featuring cinema and music; pre-recorded compact discs featuring music; programs for personal digital assistants; radio receivers and monitors for reproduction of sound and signals; radio sets; radio transmitters and receivers for remote controls, radio controls; receivers for receiving cable television; receivers for satellites; recorded compact discs featuring music; recorded dvd-roms featuring musical entertainment films, animation and computer games; recorded video discs and tapes featuring musical entertainment films, animation and computer games; refractometers; regulators for use in scuba diving; remote control telemetering apparatus; shield cases for magnetic disks; shoes for protection against accidents and fire; short range radios; shutters for cameras;

CLASS 9—(cont.)

side guards for eyeglasses; silicon carbide diodes; single use cameras with unexposed photographic film and fittings thereof; single-channel radio communication machines and apparatus for fixed stations; ski goggles; software for optical character recognition; software for processing images, graphics and text; software for the operational management of portable magnetic and electronic cards; software to control and improve audio equipment sound quality; sound amplifiers; sound mixers with integrated amplifiers; sound recorded optical discs featuring music and special effects; straps for cellular phones; swimming goggles; telephone apparatus, namely, intercoms, automatic switching apparatus for telecommunication, manual switching apparatus for telecommunication, telephone sets; telephone terminals; telephones; telescopes; television apparatus for projection purposes; television decoder; television monitors; television receivers; time and date stamping machines; timers; touch pads; tripods for cameras; vending machines, namely, automatic distribution machines; video cameras; video frequency apparatus, namely, video cameras, videodisc players, videotape recorders; video game interactive remote control units; video recorded optical discs; video recorded optical magnetic discs; virtual reality game software; water ski safety vests; wet cells; wire communication apparatus, namely, teletypewriters, automatic telegraph apparatus, phototelegraphy apparatus, manual telegraph apparatus, trunk exchange apparatus, facsimile machines; word processors; all included in Class 9.
