Design and development of computer software; developing customized web pages and other data feed formats featuring user-defined information; computer services, namely, designing and implementing websites for others; graphic art, layout, and print design; consulting in the field of graphic arts; providing a website featuring technology that gives computer users the ability to simultaneously upload, create, and edit documents, printed publications, online publications, photographs, and advertisements; conversion of print materials into digital format; document data transfer from one computer format to another; conversion of data or documents from physical to electronic media; conversion of data or documents from electronic to physical media; providing

CLASS : 42—cont.

temporary use of on-line non-downloadable software for expediting the production processes for print and electronic media by allowing multiple users in varied geographical locations fast, secure, and easy access to view, track, manage, retrieve, share, manipulate, edit, and revise digital content that includes images, concept drawings, advertisements, copy, and pages over a worldwide computer network; providing temporary use of on-line non-downloadable software for expediting the production processes for print and electronic media by allowing multiple users in varied geographical locations fast, secure, and easy access to view, track, manage, retrieve, share, manipulate, edit, and revise schedules, contact information, work status, and project plans related to the production of graphic arts content that includes images, concept drawings, advertisements, copy, and pages for users of graphic art production services over a worldwide computer network; providing temporary use of non-downloadable software via a global computer network which streamlines and organizes the design and collaboration process of producing catalogs and retail inserts; providing temporary use of non-downloadable software via a global computer network for customers which streamlines and organizes the process of design, storage of past designs, order entry, job tracking, and collaboration processes of producing graphics; providing temporary use of on-line non-downloadable software to automate the layout and composition of structured and non-structured catalogs, circulars, and flyers that stream product images, text, and pricing data from content servers into master templates; providing temporary use of on-line non-downloadable software for multiple users in varied geographical locations that allow color photography images to be tracked and viewed for the purpose of making joint improvements and commentary on said images in real-time over a worldwide computer network; providing temporary use of on-line non-downloadable software for multiple users in varied geographical locations which allows electronic content including color images, pages, concept drawings and written text to be tracked and viewed for the purpose of improving, sharing and editing content in real-time with the means for tracking and viewing such content in highly accurate color representations over a worldwide computer network; website design for others; providing temporary use of online non-downloadable computer software for creation of customized textbooks for educators and professional publishing companies; providing temporary use of non-downloadable software via a global computer network for conversion of self-running electronic documents into files that simulate animated page turning that and gives the visual appearance of reading a book while viewing multiple pages and provides enhanced embedded advertising, ease of navigation within the document, and reports detailing user activity; graphic illustration services for others; providing temporary use of non-downloadable software to customers via a global computer network for ordering, customizing, routing, proofing, and tracking printed and digital content; media duplication of data and digital information; custom design of catalogs based on input provided by the customer; design and development of computer databases; sales analytics services, namely, providing an interactive website featuring technology that provides users with the ability to track consumers' buying and use of digital content; providing online, non-downloadable, internet-based software application that enables publishing clients to manage publishing cycles and data transmission; electronic storage of data; electronic storage of data for access by catalog retailers; web-based tool for digital publication market monitoring and business intelligence to track compliance, impact, and engagement and view digital title's lifecycle from ingestion, distribution, and channel activity; direct-to-consumer cloud-based digital content fulfillment solution; platform for title promotion, marketing, preview; hosting of digital content of others for electronic delivery over the internet; hosting of digital content of others for electronic delivery over the internet; providing on-line non-downloadable software for use in the creation of custom books and publications; software as a service (saas) services featuring software in the field of digital publishing, for use in minimizing the complexity of digital publishing through a platform which allows for transforming, controlling, optimizing and delivering of digital content; software as a service (saas) services featuring software which enables consumers to fulfill electronic book (e-book) content on various reading devices and applications for which they have been granted access rights by public domain, publishers or retailers; software as a service (saas) services, featuring software in the field of digital publishing, which enables the display of electronic versions of publications and magazines; all included in Class 42.
