**Information Contained in This Journal**

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

## GENERAL INFORMATION

References to “section” and “rule” in these notes are references to that section of the Trade Marks Act (Cap. 332, 1999 Ed.) and that rule of the Trade Marks Rules, unless otherwise stated.

### Trade Marks Journal

This Journal is published by the Registry of Trade Marks in accordance with the direction of the Registrar under rule 86A.

Request for past issues published more than three months ago will have to be made in writing and is charged at \$12 per issue. It will be reproduced in CD-ROMs and it is to be collected at the following address:

#### Registry of Trade Marks

Intellectual Property Office of Singapore  
51 Bras Basah Road #04-01  
Plaza By The Park  
Singapore 189 554

This Journal is published every Friday and on other days when necessary.

### Official working hours of the Registry

The official working hours of the Registry are as follows:

|                            |   |                                                      |
|----------------------------|---|------------------------------------------------------|
| Monday to Thursday         | : | 0830 hours to 1230 hours<br>1330 hours to 1730 hours |
| Friday                     | : | 0830 hours to 1230 hours<br>1330 hours to 1730 hours |
| Saturday                   | : | 0830 hours to 1300 hours                             |
| Sunday and Public Holidays | : | Closed                                               |

Payment at the counter should be made during the following time periods:

|                  |   |                                                      |
|------------------|---|------------------------------------------------------|
| Monday to Friday | : | 0830 hours to 1200 hours<br>1330 hours to 1630 hours |
| Saturday         | : | 0830 hours to 1200 hours                             |

### Enquiries

For enquiries relating to official notices and other information appearing in the Journal, please contact the Registry at the following telephone number:

**6339-8616**

Information on trade marks is available at the Registry's web site at:

<http://www.ipos.gov.sg>

## **Making Payment**

IPOS accepts:

1. Payment by cheque (crossed), money order and bank draft (in Singapore Dollars and drawn on banks operating in Singapore). These should be addressed to the **Intellectual Property Office of Singapore**.
2. Payment by NETS, GIRO, CashCard, eNets Debit (Internet Banking), eNets Credit (Credit Card), Flexipay.

Information on the payment modes is available at the Registry's web site (<http://www.ipos.gov.sg>).

**HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 15 December 2006.

**A. Hours Of Business**

Subject to rules 79(4) and 79(6A) of the Trade Marks Rules, the hours of business of the Registry shall be as follows:

- (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
- (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.

**B. Excluded Days**

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.
- (2) Subject to B(1), all Saturdays shall be excluded days for any business under the Trade Marks Act and Rules, where the time for doing the business expires on that date and where the business was not done by that date.

Dated this 15<sup>th</sup> day of November 2006.

**IN THE REGISTRY OF TRADE MARKS, INTELLECTUAL PROPERTY OFFICE OF  
SINGAPORE****PRACTICE DIRECTION NO. 2 OF 2005****REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30<sup>th</sup> day of December 2005.

**PRACTICE DIRECTION NO. 2 OF 2004**

**HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

**Hours Of Business**

- (1) The hours of business of the Registry shall be as follows:
  - (b) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
  - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

*Excluded Days*

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Dated this 1<sup>st</sup> day of July 2004.

CHIAM LU LIN  
ACTING REGISTRAR  
REGISTRY OF TRADE MARKS

## **NOTICES AND INFORMATION PERTAINING TO TRADE MARK APPLICATION AND REGISTRATION PROCEDURES**

### **A) GENERAL**

#### **Pre-2004 Circulars**

##### **Amendment to Specification**

Presently, whenever the Registrar raises an objection to the specification of goods or services, the agent representing the applicant would write to the Registrar with a proposed amendment to the specification. Only if the Registrar agrees to the proposed amendment will the agent file Form TM 27 to effect the amendment. The processing of such letters by the Registrar slows down the registration process considerably.

To shorten the registration process, agents should file Form TM 27 to effect the amendment straightaway instead of writing to the Registrar for her confirmation. If agents are relying on precedents in support of the amendment, they should enclose such precedents with the Form TM 27.

##### **Certificates of Registration**

The Trade Marks Act 1998 was revised on 30 December 1999 and accorded the same chapter number as the repealed Trade Marks Act, that is, chapter 332. To facilitate the Registry's operations, for both applications made under the repealed Trade Marks Act and applications made under the Trade Marks Act 1998 which have been accepted for registration and are not subject to opposition proceedings, the Registrar will issue certificates of registration which are headed:

SINGAPORE  
TRADE MARKS ACT  
(CHAPTER 332)  
CERTIFICATE ISSUED UNDER SECTION 15(5)

##### **Description of Device on Form TM 4**

The purpose of the description of device on Form TM 4 is to assist the Registrar in conducting a search for conflicting marks. The description need not be too detailed; a general description is sufficient.

##### **Disclaimers of Chinese Characters and Foreign Characters**

A disclaimer relating to Chinese characters is published in the Journal as follows:

Registration of this mark shall give no right to the exclusive use of the Chinese character(s) of which the hanyu pinyin is "\_\_\_\_\_".

For characters other than Chinese characters (for example, Japanese characters), the disclaimer reads:

Registration of this mark shall give no right to the exclusive use of the \_\_\_\_\_ character(s) of which the transliteration is "\_\_\_\_\_".

**Examination Practice With Respect to Colours in Marks**

To avoid any confusion, this notice documents the Registrar's practice in relation to the examination of :

- (i) trade marks consisting solely of colours; and
- (ii) trade marks consisting of colours as a component or as an element in combination with other elements or components.

Such examination practice has been effected by the Registrar in relation to both national applications and international registrations designating Singapore.

**(i) Trade Marks Consisting Solely of Colours**

Where the trade mark consists solely of colours, the Registrar will need to be satisfied that the colours per se are capable of distinguishing the applicant's goods or services from those dealt with by others. As it will be necessary to determine the precise scope of such a claim, it will be necessary for the applicant to provide a description of the claim in the application form. For the purpose of an illustration, if the trade mark sought for registration is the colour "neon pink" and the colour is applied to the packaging of the goods, an appropriate description would be: "The trade mark is the colour neon pink as applied to an aspect of packaging of the goods as claimed as shown in the representation of the mark on the application form". Such a description will enable the Registrar to examine the mark as filed.

**(ii) Trade Marks Consisting of Colours As a Component of the Mark**

Where the trade mark consists of colours in combination with other elements such as a letter, word, name, signature, numeral, device, brand, heading, label, ticket, shape, aspect of packaging, the trade mark will be examined as a whole. If the trade mark as a whole is capable of distinguishing the applicant's goods or services from those dealt with by others, the trade mark will be registered as filed, that is, in the colours as filed. The Registrar does not require a colour limitation in such a case. The Registrar will also not seek to clarify whether the colour(s) as an element of the mark constitute a distinctive feature of the mark or not as the mark will be examined as a whole and registration rights will be conferred on the mark as a whole.

**Mark Numbers Preceded by the Letter "L"**

Search reports obtained from the Registry and examination letters issued by the Registrar may contain references to marks with numbers preceded by the letter "L" instead of the letter "T". These are marks which have been recorded with the Registrar for purposes of rule 13. The prefix "T" refers to marks which are the subject matter of trade mark applications or registrations.

**Multiple Classes**

Although the application form TM 4 allows the specification to relate to more than one class of goods or services, the application will be accorded a series of application numbers according to the number of classes and the Registrar examines the mark in relation to each class separately.

The advantage of allowing more than one class of goods or services to be filed on one Form TM 4 is that applicants need not repeat the same details (such as applicant's name and address, representation of the mark, agent's particulars) on more than one application form. Further, as each class is treated as a separate application for examination and registration purposes, applicants do not have to be concerned with the division and merger of applications.

**Representation of Marks**

Marks published in the Journal and reflected on the certificates of registration appear exactly as represented on the application forms. Applicants and agents are reminded to provide clear representations of marks on the application forms. The marks should also be of reasonably large size (but not larger than A4) to ensure that all the features are clearly shown.

**Series Clause**

For applications for registration published in the Gazette on or after 15 January 1999 for opposition purposes, the series clause should read as follows:  
"Application for a series of \_\_\_\_\_ (number) marks."

**Service of Documents in Opposition, Revocation, Invalidation and Rectification Proceedings**

When filing notices of opposition, counter-statements and applications for revocation, invalidation or rectification with the Registrar, a copy of the same must be served on the relevant party or parties concerned. Please refer to Rules 29, 30, 31, 32, 56, 57, 58, 65, 66 and 66A of the Trade Marks Rules as amended by the Trade Marks (Amendment) Rules 2000.

The requirement of service of evidence on the relevant party or parties concerned remains unchanged. Please refer to Rules 32, 33, 34, 56, 59 and 66A.

It would be greatly appreciated if trade marks agents filing the aforesaid documents with the Registrar could indicate in their covering letters that they have served the necessary on the relevant party or parties concerned in compliance with the Rules.

## Validity of Priority Claims

Under Section 10 of the Trade Marks Act 1999, a person may claim a right of priority for the registration of a trade mark from the date on which a corresponding application was filed in a "Convention country" ("Convention application") if the application for the registration of the trade mark is filed within 6 months after the date on which the Convention application is made. A "Convention country" refers to a country or territory, other than Singapore, which is a party to the Paris Convention or a member of the World Trade Organisation. For the purpose of assessing the validity of a priority claim, IPOS will assess whether the "Convention application" was filed in a relevant country which has already become a Convention country as at the date of the filing of the Convention application in the Convention country.

For example,

Trademark application filed in country A on 3 Oct 2001.

Country A became a member of the Paris Convention or WTO on 2 Jan 2002.

Trademark application filed in SG = 3 Feb 2002 (claims priority of earlier application in country A).

**Question: Is the claim to priority (application filed in country A) in the Singapore application valid?**

Answer: No

## 2004 Circulars

***(Application to Register a Change in Ownership (TM 22), Circular No. 13/2004, dated 18 June 2004. This circular is replaced by Circular No. 3/2008, dated 1 February 2008)***

***(Application to Register a Licensee (TM 37), Circular No. 13/2004, dated 18 June 2004. This circular is replaced by Circular No. 24/2007, dated 29 June 2007)***

**Marks published for opposition purposes** (Circular No. 16/2004, dated 2 July 2004)

The following types of publication in the Trade Marks Journal are subjected to opposition:

|                                                                                    | Notice of Opposition via<br><u>Form</u> |
|------------------------------------------------------------------------------------|-----------------------------------------|
| 1) Application published before registration;                                      | TM 11                                   |
| 2) Collective or certification marks published before registration;                | TM 14                                   |
| 3) Alteration to registered marks;                                                 | TM 11                                   |
| 4) Amendment to regulations governing use of<br>collective or certification marks; | TM 14                                   |
| 5) Application amended after publication                                           | TM 11                                   |

With respect to items 3)-5), the ground(s) stated in the Notice of Opposition must be confined strictly to the alteration or amendment. The Notice of Opposition must be lodged within 2 months from the date the alteration or amendment is published in the Trade Marks journal. If an extension of time to file the notice of opposition is required, the request must be filed using Form TM 48 within 2 months from the date of publication of the alteration or amendment. The maximum extension of time for filing Notice of Opposition is 4 months from the date of publication of the alteration or amendment. Rules 29(2) to (8) and 31 to 40 apply to these oppositions with the necessary modifications.

**Applications for registration of sound marks** (Circular No. 25/2004, dated 17 December 2004)

To assist the Registrar in the examination of applications for registration of sound marks, the Registrar may request the applicant to submit 2 copies of a CD-ROM recording of the sound mark sought for registration.

**2005 Circulars**

*(Translation of Non-English words, Circular No. 4/2005, dated 30 March 2005. This circular is replaced by Circular No. 17/2007, dated 7 May 2007)*

**Amendment of Typographical Errors in Class Numbers in Form TM 4** (Circular No. 21/2005, dated 21 October 2005)

An amendment of the class number in Form TM 4 may be amended by lodging Form TM 27 with fee for each amended class of goods / services, but only if

- (i) a re-search in the new amended class revealed no prior conflicting marks;
- (ii) all of the items in the specification did not fall under the class as filed but in one other class; and
- (iii) that mistake was obvious to a third party inspecting the Register.

Three examples have been provided for illustrative purposes.

**Example 1:**

An application was filed in Class 5 in respect of "clothing, hats and shoes". An amendment of the class number from "5" to "25" would be allowed.

**Example 2:**

An application was filed in Class 5 in respect of "all goods in this class". An amendment of the class number from "5" to "25" would not be allowed because it would not be obvious to a third party inspecting the Register that the correct class intended to be claimed was Class 25 and not Class 5. It was possible that the applicant intended to claim all goods in Class 5.

**Example 3:**

An application was filed in Class 5 in respect of "clothing, hats and pesticides". An amendment of the class number from "5" to "25" would not be allowed, even with the deletion of the item, "pesticides" because it would not be obvious to a third party inspecting the Register that the correct class intended to be claimed was Class 25 and not Class 5. Since "pesticides" was correctly claimed in Class 5, it was possible that the applicant intended to claim "pesticides" in Class 5 but had incorrectly classified "clothing and hats" in Class 5 as well. It would be necessary for the applicant to file a fresh application in Class 25 in respect of "clothing and hats".

**Trade Marks Act (Chapter 332) (2005 Revised Edition) (Circular No. 24/2005, dated 16 December 2005)**

Pursuant to Order Under Section 11(3) of the Revised Edition of the Laws Act (Chapter 275) [S 467/2005], the Trade Marks Act (2005 Revised Edition) came into operation on 31 July 2005.

The following provisions in the 1999 Revised Edition of the Trade Marks Act have been renumbered by the Law Revision Commissioners in the 2005 Revised Edition:

| <b>1999 Ed.</b>                     | <b>2005 Ed.</b>                |
|-------------------------------------|--------------------------------|
| <b>8—(1) to (3)</b>                 | <b>8—(1) to (3)</b>            |
| (3A)                                | (4)                            |
| (3B)                                | (5)                            |
| (3C)                                | (6)                            |
| (4)                                 | (7)                            |
| (5)                                 | (8)                            |
| (6)                                 | (9)                            |
| (6A)                                | (10)                           |
| (7)                                 | (11)                           |
| <br><b>10—(1) to (6)</b>            | <br><b>10—(1) to (6)</b>       |
| (6A)                                | (7)                            |
| (7)                                 | (8)                            |
| (8)                                 | (9)                            |
| <br><b>15—(1) and (2)</b>           | <br><b>15—(1) and (2)</b>      |
| (3) <i>(Deleted by Act 20/2004)</i> | —                              |
| (4) <i>(Deleted by Act 20/2004)</i> | —                              |
| (5)                                 | (3)                            |
| <br><b>19—(1), (2) and (3)</b>      | <br><b>19—(1), (2) and (3)</b> |
| (3A)                                | (4)                            |
| (3B)                                | (5)                            |
| (4)                                 | (6)                            |
| (5)                                 | (7)                            |
| (6)                                 | (8)                            |
| <br><b>22—(1) to (4)</b>            | <br><b>22—(1) to (4)</b>       |

**Statutes (Miscellaneous Amendments) (No. 2) Act 2005 (Act No. 42 of 2005)** (Circular No. 25/2005, dated 23 December 2005)

Section 21 of the Statutes (Miscellaneous Amendments) (No. 2) Act 2005 which amends the Trade Marks Act will come into operation on 1 January 2006.

A summary of some of the amendments to the Trade Marks Act (Cap. 332, 2005 Ed.) are:

**(a) Convention country**

The definition of "Convention country" in section 2(1) is amended to provide that except in section 10 and paragraph 13 of the Third Schedule (claiming priority) "Convention country" includes Singapore.

**(b) Examination of application for registration**

An application for registration will be treated as withdrawn if the applicant fails to respond to the Registrar's queries or objections regarding the registrability of the trade mark within the period specified by the Registrar for doing so.

The Rules, which are being amended to come into operation on 1 January 2006, will deal with restoration of applications which are treated as withdrawn and the conditions for such restoration.

**(c) Collective marks**

An application for registration of a collective mark will be treated as withdrawn if the applicant fails to file the regulations governing the use of the mark, pay the prescribed fee for lodging the regulations, or respond to the Registrar's queries or objections regarding the registrability of the trade mark, within the period specified by the Registrar for doing so.

The Rules, which are being amended to come into operation on 1 January 2006, will deal with restoration of applications which are treated as withdrawn and the conditions for such restoration.

**(d) Certification marks**

An application for registration of a certification mark will be treated as withdrawn if the applicant fails to file the regulations governing the use of the mark, pay the prescribed fee for lodging the regulations, or respond to the Registrar's queries or objections regarding the registrability of the trade mark, within the period specified by the Registrar for doing so.

The Rules, which are being amended to come into operation on 1 January 2006, will deal with restoration of applications which are treated as withdrawn and the conditions for such restoration.

**Trade Marks (Amendment) Rules 2005 Notification** (Circular No. 27/2005, dated 30 December 2005)

**Trade Marks (International Registration) (Amendment) Rules 2005 Notification** (Circular No. 27/2005, dated 30 December 2005)

The above Notifications were gazetted on 28 December 2005 and it declared that the Trade Marks (Amendment) Rules 2005 and Trade Marks (International Registration) (Amendment) Rules 2005 would come into operation on 1 January 2006.

#### Trade Marks (Amendment) Rules 2005

The following is a summary of some of the amendments in Trade Marks (Amendment) Rules 2005 which will come into force on 1 January 2006:

(a) Rule 7 : Service of documents

Non-fee bearing documents (except documents pertaining to hearings) may be sent to the Registry by facsimile transmission. However, each facsimile transmitted document must be legible and the responsibility for ensuring legibility rests with the sender.

(b) Rule 9 : Address for service

An address for service indicated on Form TM 19 and Form TM 24 is effective only for renewal matters and does not become the proprietor's address for service for all other matters pertaining to that trade mark.

(c) Rule 21 : Deficiencies in application

The amendment clarifies the actions that will be taken by the Registry if minimum filing requirements are not met.

(d) Rules 32, 33, 34 : Extension of time to file evidence by way of a statutory declaration in opposition/revocation/invalidation/rectification proceedings

The second and subsequent requests for extension of time to file evidence by way of a statutory declaration in opposition/revocation/invalidation/rectification proceedings have to be made on Form TM 50, for which a fee will be imposed.

(e) Rule 50 : Notice of renewal

The Registrar's notice to the proprietor informing him of the date of expiry of the trade mark registration will be sent to the proprietor's address for service for renewal purposes, that is, the address for service indicated on Form TM 19 or Form TM 24, if one has been lodged, or if none, to the proprietor's address for service.

(f) Rule 77B : Restoration of applications treated as withdrawn

Applications which are treated as withdrawn under the Act or Rules by reason that the applicant has failed to do any act on time may be restored by filing Form TM 40 with fee within three months from the date of the Registrar's notice informing the applicant of that fact.

(g) Removal of Forms TM 9, TM 14, TM 15 and TM 16

Forms TM 9, TM 14, TM 15 and TM 16 have been removed and Forms TM 4, TM 11, TM 12 and TM 13 respectively will be used in their place.

Trade Marks (International Registration) (Amendment) Rules 2005

The following is a summary of some of the amendments in the Trade Marks (International Registration) (Amendment) Rules 2005 which will come into force on 1 January 2006:

(a) Rule 5 : Specification of Goods/Services

The amendment clarifies that the Registrar is entitled to raise an objection against vague terms in the specification of goods / services of an International Registration designating Singapore.

(b) Rule 28 : Notification to International Bureau

The amendment clarifies that in relation to an international application, the Registry will notify the International Bureau where the basic application is treated as withdrawn and is not restored in accordance with the Trade Marks Rules.

Amendment of Trade Mark Forms

Some trade mark forms have been revised and the revised forms are to be used from 1 January 2006. A separate edition of the Trade Marks Journal containing a consolidation of forms to be used in proceedings before the Registrar will be available online at [www.ipos.gov.sg](http://www.ipos.gov.sg) from 30 December 2005.

The changes made to the forms are as follows:

- (a) All forms have been amended to incorporate information on the estimated time needed to complete the form.
- (b) Amendments have also been made to Forms TM 1, TM 4, TM 11, TM 12, TM 13, TM 19, TM 22, TM 24, TM 37 and MP 1.
- (c) Form TM 4, TM 11, TM 12 and TM 13 will now be used in place of Forms TM 9, TM 14, TM 15 and TM 16 respectively.
- (d) The Trade Marks (Amendment) Rules 2005 also introduce:
  - I. Form TM 40 for restoration of an application treated as withdrawn. The fee for this form is \$130; and
  - II Form TM 50 for second and subsequent requests for extension of time to file evidence by way of a statutory declaration in opposition/revocation/invalidation proceedings. The fee for this form is \$100 in respect of each trade mark.

2006 Circular**The State of Incorporation** (Circular No. 30/2006, dated 27 October 2006)

Please note with respect to companies incorporated in the United States of America, the state of incorporation must be indicated on all trade marks forms. This is because companies incorporated in different states of America are separate and distinct legal entities.

If the state of incorporation of a United States of America company is not indicated on Form TM 4, a Form TM 26 will be required for the insertion of the state of incorporation.

**2007 Circulars**

**Trade Marks (Amendment) Act 2007 (Act No. 3/2007)** (Circular No. 7/2007, dated 14 February 2007)

The Trade Marks (Amendment) Act 2007 has been passed by Parliament on 22 January 2007 and has received Presidential assent on 1 February 2007.

**Some of the key amendments include:**

**Provision for multiple class registration**

Registration for trademarks is presently based on single classes. The amendments will now allow for a multi-class registration. A multi-class registration allows for one single application in multiple classes of goods and services to lead to one registration. Upon registration, the registration is maintained as one, resulting in the need to renew only once for the renewal to be effective for all the classes of goods and services registered.

**Division of an application for registration**

To complement a multiple-class system, it is now possible to divide a trademark application into two or more applications. A trademark applicant may divide up his application into two or more applications so that those classes of goods or services that do not face opposition or objection can proceed to registration first. Division will therefore expedite trademark registration where appropriate.

**Relief Measures for Procedural Oversight**

The Act also provides for relief measures to alleviate procedural mistakes by trademark applicants, notably missed time limits. The relief measures provide the avenue for a trademark applicant to maintain the rights in an application that has been filed, even when time limits have been missed.

**Registration of Licence of Pending Trademarks**

The amendments will now allow for registration of licences relating to pending trademarks. Prior to the amendments, only licences relating to registered trademarks can be recorded on the register.

The Trade Marks (Amendment) Act 2007 will come into operation on a date to be notified.

A copy of the Trade Marks (Amendment) Act 2007 can be purchased at SNP Corporation Ltd ([www.snpcorp.com/webshop/](http://www.snpcorp.com/webshop/)).

**Cautionary Notice on Unsolicited Mail about Unofficial Registration Services** (Circular No. 13/2007, dated 11 April 2007)

It has been brought to our attention that trade mark proprietors and/or agents whose trade marks have been published in recent IPOS Trade Marks eJournals are receiving letters from companies for payments for unofficial registration services.

These companies use names, abbreviations or emblems that appear to be “official” and send out letters which resemble invoices to trade mark proprietors and/or agents with details of the proprietor, the trade mark, class(es) of goods or services, etc. These companies will offer to register marks in registers or publications for a fee, and in return, claim they will send the respondent a copy of the publication.

Please treat such letters as unsolicited mails. These companies are neither related to nor connected with IPOS. There is no obligation to pay for such services as they are not official services.

The only office constituted under Singapore laws that provides registration services for trade marks in Singapore is our office, the Intellectual Property Office of Singapore (IPOS).

Upon receiving such letter or invoice, if you are in any doubt, please consult your trade mark agent, your lawyer, or email us for clarification.

**Amendments to the Trade Marks Act, the Trade Marks Rules and the Trade Marks (International Registration) Rules** (Circular No. 17/2007, dated 7 May 2007)

The Trade Marks (Amendment) Act 2007, the Trade Marks (Amendment) Rules 2007 and the Trade Marks (International Registration) (Amendment) Rules 2007 have been gazetted and will come into force on 2 July 2007.

The (Amendment) Act and (Amendment) Rules can be purchased at SNP Corporation Ltd ([www.snpcorp.com/webshop/](http://www.snpcorp.com/webshop/)).

**Trade Marks (Amendment) Rules 2007**

The following is a summary of some of the amendments in Trade Marks (Amendment) Rules 2007:

(a) Rule 17 : Division of applications for registration

An application for registration may be divided, at the request of the applicant, into 2 or more separate applications for registration. The request for division is to be made on Form TM 8 and a fee of \$280 is chargeable for each new divisional application created.

(b) Rule 22 : Amendment of application

Form TM 27 (Request to change the details of an application for registration) will no longer be used. In its place are Forms TM 27A and TM 27B. Form TM 27A is chargeable on a per class basis while Form TM 27 B is chargeable on a per trade mark basis.

Form TM 27A is to be used for amendments pertaining to the class number, the specification of goods or services to which the application for registration relates, or the particulars of any claim to a right of priority included in the application for registration.

Form TM 27B is to be used for any other amendment not involving the above.

(c) Rule 56 : Application to alter registered trade mark

The proprietor of a registered trade mark may apply to the Registrar on Form TM 27B for alteration of the registered mark. Form TM 35, the form which is currently used, will no longer be used as from 2 July 2007.

(d) Rule 57 : Rectification of an error or omission in the register

An application to the Registrar for the rectification of an error or omission in the register may be made by the proprietor of a registered trade mark or by any other person.

Where the application is made by the proprietor of a registered trade mark, the amendment shall be made on –

- (a) Form TM 27A, where the amendment pertains to the class number, the specification of goods or services to which the registration relates, or the particulars of any claim to a right of priority;
- (b) Form TM 27B, for any other amendment not involving the above.

Where the application for rectification is made by any other person, the application shall be made on Form TM 28.

## (f) Rule 77B : Reinstatement of application, right or thing

Subject to certain exceptions, an applicant, proprietor or other interested person who has missed a time limit for action before the Registry, may apply on Form TM 40 to have his rights reinstated, if:

- 1) the request for reinstatement is made within 6 months from the date of expiration of the time limit;
- 2) the omitted act is completed together with the request; and
- 3) the failure to comply with the time limit is unintentional.

Trade Marks (International Registration) (Amendment) Rules 2005

The Trade Marks (International Registration) (Amendment) Rules 2007 has been amended to make it clear that division does not apply to international registrations designating Singapore.

Amendment of Trade Mark Forms

Some trade mark forms have been revised and the revised forms are to be used from 2 July 2007. A separate edition of the Trade Marks Journal containing a consolidation of all Trade Mark forms will be available for sale from 29 June 2007.

The changes made to the forms are as follows:

(a) All forms have been amended to indicate whether the fee for that particular form is payable on a per class, per trade mark or per form basis. The fee structure is as shown in the table below.

| Per form basis | Per trade mark basis | Per class basis |
|----------------|----------------------|-----------------|
| TM 26          | TM 1                 | TM 4            |
| MP 3           | TM 7                 | TM 11           |
|                | TM 10                | TM 12           |
|                | TM 20                | TM 13           |
|                | TM 22                | TM 19           |
|                | TM 27 B              | TM 21           |
|                | TM 29                | TM 24           |
|                | TM 30                | TM 27 A         |
|                | TM 31                | TM 28           |
|                | TM 33                | TM 32           |
|                | TM 34                | TM 44           |
|                | TM 37                | TM 45           |
|                | TM 38                | TM 50           |
|                | TM 39                | MP 1            |
|                | TM 40                | MP 2            |
|                | TM 42                |                 |
|                | TM 46                |                 |

(b) Where fees are payable on a per class basis, such as renewal forms and opposition forms, the class numbers affected by the request, are to be indicated on the form.

(c) Amendments have been made to all forms, with the exception of Form TM 23.

(d) Forms TM 18 and TM 35 have been removed.

(e) Forms TM 8, TM 27A and TM 27B are new.

### Translation of Non-English words (Circular No. 17/2007, dated 7 May 2007)

For purposes of rule 20(2), where the mark consists of non-English words, it is not necessary to file with the Registrar a certified translation by a qualified translator. A copy of relevant extracts from relevant dictionaries showing the meaning of each word and the words as a whole in English will be sufficient. However, it will be necessary to indicate on the application form that the mark consists of non-English word/words. A failure to include such an indication on the application form will have to be rectified by the filing of amendment via Form TM 27 with the requisite fee. The applicant should forward to the Registrar the requisite translation and/or the transliteration together with a copy of relevant extracts from dictionaries or relevant certification as soon as possible.

As regards the indication on the application form, it is necessary to submit an accurate and complete translation and/or transliteration of the non-English words in the mark.

Two examples are provided below as illustration.

#### Example 1:

An application was filed for the mark consisting of three Chinese Characters which is the phonetic equivalent of the Applicant's company name.

**菲立士**

The transliteration of the Chinese characters of which the mark consists is "Fei Li Shi" which has no meaning and it is the phonetic equivalent of the Applicant's company name "Philips".

An appropriate indication in the Application form may read as:

|                                                                                                                                                                                                     |                                                                                                                                        |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <p>9 If the mark contains or consists of word(s) not being English word(s), provide the derivation of the word(s). If it is invented, state so. If it can be translated, fill in Part 10 below.</p> |                                                                                                                                        |
| <p>The Chinese characters of which the mark consists is derived from the Applicant's company name i.e. it is the phonetic equivalent of "Philips"</p>                                               |                                                                                                                                        |
| <p>10 If the mark contains or consists of non-English word(s), and/or non-Roman character(s), provide the English translation and/or transliteration as follows:</p>                                |                                                                                                                                        |
| Representation of the words(s)/ characters                                                                                                                                                          | 菲立士                                                                                                                                    |
| Language of word(s)/character(s)                                                                                                                                                                    | Chinese                                                                                                                                |
| Translation of each word(s)/ character(s) and the word(s)/ character(s) taken together as a whole                                                                                                   | Translation of the Chinese characters as a whole: no meaning. It is the phonetic equivalent of the Applicant's company name "Philips". |

|  |                                 |                                                                                     |  |
|--|---------------------------------|-------------------------------------------------------------------------------------|--|
|  |                                 | (Enclosed dictionary exact/ Certified translation/ supporting document of the same) |  |
|  | Transliteration of character(s) | Transliteration of the Chinese characters: "Fei Li Shi".                            |  |

Example 2:

An application was filed for the mark consisting of two Chinese Characters and the word "SINGER" (which is part of the Company name).

勝家  
SINGER

Company : THE SINGER COMPANY LIMITED

The transliteration of the Chinese characters appearing in the mark is "Sheng Jia" which has no meaning.

An appropriate indication in the application form may read as:

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                             |                                            |    |                                  |         |                                                                                                   |                                                                                                                                                                                                                             |                                 |           |

**Application to Register a Licensee (TM 37)** (Circular No. 24/2007, dated 29 June 2007)**(i) Processing Of An Application To Register A Licensee (TM 37)**

An application to register a licence (Form TM 37) filed on or after 2/7/2007, will be processed by the Registry even though the status of the mark is still pending registration. However where the application to register a licence (Form TM 37) was filed before 2/7/2007, it will be processed only after the mark has been registered.

**(ii) Licence Commencement Date**

The licence commencement date (i.e. the date entered in Part 5 of TM 37) should not predate the date from which the proprietor's rights in the mark accrue. For a trade mark application filed before 1/7/2004, the earliest licence commencement date is the trade mark application date or the priority date, if any. For a trade mark application filed on or after 1/7/2004, the earliest licence commencement date is the trade mark application date.

**(iii) Exclusive Licence Periods Do Not Overlap**

Where there are 2 exclusive licences or more, the licence periods involving the same goods or services should not overlap.

**(iv) Licensed Goods/Services Should Not Be Wider Than Trade Mark Application/Registration**

The list of licensed goods or services (Annex of TM 37) should not be wider than those under the trade mark application/registration.

**Deficiencies in applications for registration : amendments after filing** (Circular No. 28/2007, dated 27 July 2007)

The Registrar has been conducting formalities check on all applications for registration to ensure that they contain all formal requirements under the Trade Marks Act.

Where the application does not comply with the requirements which are essential for a filing date to be accorded, the filing date will not be accorded until all the deficiencies have been rectified. In such cases, the application will be accorded the earliest date on which all essential requirements for filing date are complied with. There is no need for the correction to be accompanied by the relevant amendment form. The essential requirements for filing date are spelt out in section 5(2) and (3) of the Trade Marks Act.

In respect of other deficiencies or irregularities that do not affect the filing date, amendments must be effected through the lodgement of the relevant trade mark forms, such as Form TM 27A, Form TM 27B and Form TM 26.

This practice pertains only to new applications filed with effect from 01 August 2007.

**The Geneva Conventions (Amendment) Act** (Circular No. 40/2007, dated 5 December 2007)

The Geneva Conventions (Amendment) Act was passed in Parliament on 12 November 2007. Under the Act, the following emblems may not be used in Singapore, unless approval is given by the Ministry of Health:

- Red Cross emblem
- Red Crescent emblem
- Red Crystal emblem
- Red Lion and Sun emblem

|                                                                                   |                                                                                   |                                                                                    |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |
| Red Cross emblem                                                                  | Red Crescent emblem                                                               | Red Lion and Sun emblem                                                            | Red Crystal emblem                                                                  |

With the commencement of the Act, the Registrar will object to trade mark applications consisting of or containing these emblems or emblems closely resembling them, under Section 7(5) of the Trade Marks Act, unless consent from the Ministry of Health is furnished. This is so even for applications lodged before the effective date of the Act.

Proprietors of registered trade marks containing or consisting of such emblems, or emblems closely resembling them, should note that in spite of their registration, they have one year from 12 November 2007 to cease using the emblems.

### **2008 Circulars**

#### **Image of e-filed mark** (Circular No. 11/2008, dated 4 July 2008)

IPOS has encountered certain electronic trade mark applications which have images of marks that have jagged and blurred edges in our database and the images of the mark will not appear as clear as intended by the applicants in the trade mark journal and certificate of registration. The reason for the blurred image of marks is that applicants attach images of the marks with a lot of background or blank space. To ensure that such images are not too small for viewing purposes, IPOS has to make adjustment to the marks which then result in blurred images.

In order to ensure that the image of mark is accurately captured by IPOS, applicants should crop the mark with little background or blank space and save the image as approximately 480 x 480 pixel. This will remove the need for IPOS to make adjustment to the image in the publication and the registration certificate and the applicant can then obtain clear and accurate image of the mark.

*(Translation Clause, Circular No. 12/2008, dated 11 July 2008. This circular was removed on 1 August 2008)*

**Return of assignment deeds and other registrable transaction documents** (Circular No. 14/2008, dated 26 September 2008)

The Registry will stop its practice of returning deeds of assignment and other documents lodged in support of applications for transfer of ownership and recordal of other registrable transactions.

However, should the applicant wish for the return of such documents, he may make his request known at the time of lodgement of the recordal application on a covering letter accompanying the application to that effect. The letter shall provide contact details so that the Registry may make the necessary arrangements for the return of the documents. This practice will affect all applications lodged on or after 1 October 2008.

**Launch of e-Communications Portal on 1 December 2008** (Circular No. 17/2008, dated 28 November 2008)**Trade Marks (Amendment) Rules 2008; Trade Marks (International Registration) (Amendment) Rules 2008** (Circular No. 17/2008, dated 28 November 2008)

IPOS will launch the e-Communications Portal on 1 December 2008. The e-Communications Portal is an electronic online system developed by IPOS for the main purpose of facilitating the sending, receipt and exchange of all correspondence, relating to trademark applications and prosecutions, between IPOS and registered account holders. The following firms and companies will be taking part in the pilot scheme that is scheduled for the initial period of 6 months.

PHILIPS ELECTRONICS SINGAPORE PTE LTD  
SAMUEL SEOW LAW CORPORATION

The Trade Marks Rules have been amended to give effect to the sending, receipt and exchange of correspondence via the e-Communications Portal. In particular, the changes in the Rules will:-

- (a) provide for service of documents by the Registrar as well as by applicants by electronic communication through the e-Communications Portal;
- (b) provide for the sending of a true and complete image of the original paper document by electronic communication through the e-Communications Portal for documents that are required to be signed, made on oath or affirmed or are required to be attested;
- (c) provide for the extension of deadlines that fall on excluded days in spite of the availability of the e-Communications Portal;

- (d) treat the date of receipt of documents received by IPOS as the day on which the documents are received by IPOS as long as the time of receipt is before the midnight of the day.

It is to be noted that applicants must still comply with the requirement to provide an address for service under rule 9. The electronic address of these persons, if they are using the eCommunications Portal to send documents to and receive documents from the Registrar, is not intended to be part of their address for service. However, service of documents by electronic communication through the eCommunications Portal is intended to be valid service notwithstanding that there is an address for service filed in accordance with rule 9.

The Trade Marks (International Registration) Rules have also been amended to permit the use of one Form for multiple classes of goods or services for Forms for use in opposition, namely Form TM 11 and Form TM 12.

A copy of the Trade Marks (Amendment) Rules 2008 and the Trade Marks (International Registration) (Amendments) Rules 2008 are available for sale at SNP Corporation Ltd. (<http://www.snpcorp.com/webshop/>).

**Application for Renewal of Registration (Form TM 19)** (Circular No. 18/2008, dated 12 December 2008)

With effect from 1<sup>st</sup> January 2009, the Registrar will not be issuing renewal certificates confirming that a mark has been renewed. This is applicable to all applications for renewal of registration (Form TM 19) lodged on or after 1<sup>st</sup> January 2009.

For applications for renewal made online, the renewal will be processed instantaneously and an acknowledgement of the renewal showing the extended expiry date will be displayed for printing. These acknowledgements of renewal will remain available for printing for a period of one month from the renewal application date. In very limited circumstances, such as where there are pending applications affecting the validity of the trade mark, instant renewal will not be possible and the applicant will be notified that the acknowledgement of renewal will be posted in due course.

Where the application for renewal is posted or submitted over the counter, the applicant will not be receiving any acknowledgement from the Registry. The onus will be on the applicant to check the expiry date of the mark at [www.etrademarks.gov.sg](http://www.etrademarks.gov.sg) within 2 weeks of lodgement of the application for renewal of registration (Form TM 19) to confirm that the expiry date has been extended by the Registry. If the expiry date has not been extended, applicants are advised to contact our Renewal Officer at 63302 707 immediately for assistance.

This change in practice does not apply to Late Application for Renewal of Registration (Form TM 24) and Application for Restoration and Renewal of Registration Removed from the Register (Form TM 21).

To reflect the change in practice in Form TM 19, an information note has been incorporated into the form. This revised form should be used from 1<sup>st</sup> January 2009.

A copy of the revised Form TM 19 will be available for downloading by end of December 2008 at [www.ipos.gov.sg](http://www.ipos.gov.sg).

**B) PERTAINING TO COLLECTIVE AND CERTIFICATION MARKS****Pre-2004 Circular****Publication of Collective Mark and Certification Mark Applications**

Collective mark and certificate mark applications are published in the Trade Marks Journal for opposition purposes before protection is granted. They are published in a separate section of the Trade Marks Journal titled "Collective and Certification Marks Applications Published for Opposition Purposes". Pursuant to the First and Second Schedules of the Trade Marks Act (Cap. 332, 1999 Ed.), the Regulations governing the use of the collective and Certification Marks are available for inspection at the Registry of Trade Marks.

**2004 Circular**

**Regulations Governing the Use of Certification/Collective Marks** (Circular No. 7/2004, dated 19 March 2004)

The filing with the Registrar of regulations governing the use of certification or collective marks under rule 63 of the Trade Marks Rules must be accompanied by Form TM 10. Regulations filed without Form TM 10 will not be recognised and will be returned. The filing of TM 10 without regulations attached will also be rejected.

**C) PERTAINING TO FORMS****Pre-2004 Circular****Form TM 26**

A request to change the name, address or other particulars (except trading nature) of an applicant for registration, proprietor of a registered trade mark or other interested person, where the change does not affect the representation of the trade mark, should be made on Form TM 26.

**2004 Circulars****Form TM 26 Notification Letter** (Circular No. 8/2004, dated 26 March 2004)

Please note that the main purpose of the Notification Letter is to inform as to the fact that the name and/or address of the applicant/proprietor has/have been updated. Thus, the Notification Letter cannot be treated as conclusive as to the status of marks reflected therein.

Where there is no reply within the given period to our latest examination report, an application will be updated as abandoned notwithstanding any interim Notification Letter from the Registrar.

**Form TM 1 [Request to appoint or change an agent or to enter or change an address for service]** (Circular No. 18/2004, dated 30 July 2004)

One Form TM 1 may be used for multiple trade mark numbers. However, the fee for this form is still charged on a per trade mark number basis unless the request is to alter an agent's name and/or address for service which does not affect the legal entity of the agent. In such a case, only a single set of fee is payable.

Kindly note that it is not necessary to lodge Form TM 1 together with forms such as TM 4, TM 9, TM 11, TM 14, TM 19, TM 22, TM 24, TM 26, TM 28, TM 29, TM 37 and TM 48 as each of these forms contains a section for the indication of an address for service.

**2006 Circular****Erratum - Form TM 40** (Circular No. 1/2006, dated 13 January 2006)

Please note that the title of Form TM 40 should read as "REQUEST FOR RESTORATION OF APPLICATION TREATED AS WITHDRAWN" and Part 2 of the Form should read as "Particulars of applicant/registered proprietor". Please visit IPOS website at <http://www.ipos.gov.sg> to download the corrected Form TM 40.

**2007 Circular****Form TM 32** (Circular No. 32/2007, dated 21 September 2007)

Part 4 of Form TM 32 which used to read as "Goods or services to be cancelled" has been amended to "Goods or services to remain". The amendment is to ensure that there is clarity in the residual specification. Please visit IPOS website at <http://www.ipos.gov.sg> to download the amended Form TM 32.

The Registrar will reject the old Form TM 32 (V02/01/07) with effect from 1 October 2007.

It is also to be noted that Form TM 32 is the appropriate Form to file to effect any amendment to specifications of goods or services of registrations that has the effect of cancelling some goods or services or narrowing down the specifications. For example, Form TM 32 is to be filed to effect an amendment from "books" in Class 16 to "books *relating to business management*" in Class 16.

**2008 Circular****Application to Register a Change in Ownership (TM 22)** (Circular No. 3/2008, dated 1 February 2008 )**i)Effective Date when Subsequent Proprietor/Applicant for Registration Took Ownership**

The effective date when the subsequent proprietor/applicant for registration took over ownership (i.e. the date entered in Part 4 of Form TM 22) should not predate the date from which the proprietor's rights in the mark accrue. For a trade mark application filed before 1 July 2004, the earliest assignment effective date is the trade mark application date or the priority date, if any. For a trade mark application filed on or after 1 July 2004, the earliest assignment effective date is the trade mark application date.

**ii)Address for Service of Subsequent Proprietor/Applicant for Registration**

The address for service entered in Part 5 of the Form TM 22 is effective for all proceedings in respect of the trade mark including the subject application for change of ownership. As such, there is no need to lodge Form TM 1 together with Form TM 22 for this purpose.

Form TM 1 will be required only if:-

- a. there is a change of agent whilst the TM 22 is being processed; or
- b. the agent will not be continuing to act for the subsequent proprietor / applicant for registration after TM 22 is recorded.

Such Form TM 1 appointing the agent solely for "Assignment" matters (Part 3 of Form TM 1) will not be processed until a subsequent Form TM 1 appointing an agent for "Application for registration / Registration" is received.

**iii)Correction of Errors in Relation to a Recorded Change of Ownership**

Once a change in ownership has been recorded according to the request, should the owner need to correct any errors in the recorded details, Form TM 27B is required. Should the assignment(s) need to be re-recorded and re-examined, the relevant Form TM 22 with fees will need to be re-lodged.

**iv)Covering Letter**

To ensure that the transactions are recorded accurately, please lodge a covering letter stating :-

- a. the sequence of events;
- b. the exact nature of the transaction, and
- c. the trade mark numbers involved.

When e-filing, a covering letter can be attached via the “covering letter” button for eTM 22 and 27B.

**D) PERTAINING TO eTRADEMARKS****Pre-2004 Circular****New Features of IPOS' eTrademarks Services****(1) Generation of Check Digit/Year of Trade Mark Numbers**

A new eService for the generation of year/check digit of Trade Mark Number is added to IPOS Online Transactions. This eService has two fields for entry. One is for the old TM No format while the other is for the new TM No format. For the old TM No format, both the year and the check digit would be generated. For the new TM No format, the check digit will be generated.

This eService is already available.

**(2) Attachment for Form TM26**

The eService for Form TM26 has been enhanced. As filing of Form TM26 usually requires a covering letter to list the TM numbers and sometimes to explain a certain situation, it can only be submitted through the counter. With this enhancement, when a Form TM26 is submitted, it allows for a covering letter to be attached to the said form. This is to facilitate the filing of Form TM26 through eTrademarks.

This eService is already available.

**(3) Filing of mark in colour or greyscale**

With effect from 1 November 02, eTrademarks will be accepting colour or greyscale attachments for marks filed for Forms TM4 and TM9 in addition to the current black and white. Marks filed in colour or greyscale would be printed in greyscale for the Acknowledgement Letter, Trade Marks Journal and Certificate of Registration. Please note that viewing and printing of the mark images from the Enquiry System would still be in black and white.

**(4) "Save/Save As" feature**

The "Save/Save As" feature has been implemented on 4 December 02, from 10am onwards. This feature would be available for Forms TM4 and TM9. Any application that is saved would be kept in IPOS' system for 3 working days excluding the current day. All saved documents residing in IPOS' database for more than 3 working days would be removed.

**(5) Display Mark Image**

The "Display Mark Image" feature has been implemented on 4 December 02, from 10am onwards. Mark images attached to Forms TM4 and TM9 will be displayed for viewing.

**2004 Circular**

**Online Trademarks Search and Enquiry System** (Circular No. 4/2004, dated 6 February 2004)

The Intellectual Property Office of Singapore is pleased to announce that its eTrademarks Search has been made available from 30 January 2004.

The following search services have been made available through the system:

Search for similar marks;

Search for marks belonging to a proprietor;

Search for mark detailed information, registered marks, pending marks, certification marks, collective marks, expired marks, cancelled marks, expired marks, withdrawn marks, abandoned marks, expunged marks, refused marks, destroyed marks and article 6ter based on relevant periods.

The services will be offered free of charge.

To access this service, please log on to the eTrademarks webpage and click on the eTrademarks Search link.

**E) PERTAINING TO INTERNATIONAL APPLICATIONS AND REGISTRATIONS UNDER THE MADRID PROTOCOL****Pre-2004 Circulars****Singapore's Accession to the Madrid Protocol**

Singapore acceded to the Protocol Relating to the Madrid Agreement Concerning the International Registration of Marks (Madrid Protocol) on 31 July 2000. The Madrid Protocol came into operation in Singapore on 31 October 2000.

**Publication of International Registration Designating Singapore for Opposition Purposes**

International registrations designating Singapore under the Madrid Protocol are treated in the same manner as Singapore national applications, and are therefore published in the Trade Marks Journal for opposition purposes before protection is granted. They are published in a separate section of the Trade Marks Journal titled "International Registrations filed under the Madrid Protocol Published for Opposition Purposes under the Trade Marks Act (Cap. 332, 1999 Ed.)". Unlike Singapore national applications, they are not published according to the class of goods or services, but are published according to the international registration number.

**Request for Recording of Changes in the Name and/or Address of the Holder for International Registrations Designating Singapore**

Such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) using WIPO's prescribed Form MM9(E). Form TM 26 is not the relevant form to be used.

Form MM9(E) is available for downloading at [www.ipos.gov.sg](http://www.ipos.gov.sg)

**2004 Circulars****Issuance of Registration Certificates for Protected International Trade Marks (Singapore)** (Circular No. 13/2004, dated 18 June 2004)

The Registrar has received queries as to whether IPOS issues registration certificates for protected international trade marks (Singapore). Please note that IPOS does NOT issue such certificates.

Under the Madrid Protocol, an Office which has examined an international registration in which it is designated and found no grounds for refusal may issue a statement of grant of protection. However, it is not obliged to do so and no legal consequences follow from the fact that no such statement is given. Further, such statements will only be issued if it is still within the 18-month time limit from the date of notification of the international registration. Where no such statements are issued, by the end of the 18-month time limit, the international registration will be regarded as protected in Singapore. In the Singapore context, IPOS does issue such statements, as a matter of customer service, if at the time of issuance, it is still within the said period.

In cases where a provisional refusal or a provisional refusal based on opposition has been issued, a confirmation or withdrawal of such a provisional refusal in the form of a letter of final decision in accordance with Rule 17(5) of the Common Regulations under the Madrid Agreement and Protocol relating to the Madrid Agreement concerning the International Registration of marks will be sent to the International Bureau, who will in turn transmit a copy to the holder of the international registration.

**Requests for Recording of Changes in the Ownership of the International Registrations Designating Singapore or where Singapore is the Office of Origin** (Circular No. 21/2004, dated 19 November 2004)

For international registrations designating Singapore, in accordance with Rule 25 of the Common Regulations, such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder on WIPO's official Form MM5(E). Form MM5(E) is available for downloading at [www.ipos.gov.sg](http://www.ipos.gov.sg)

Form TM 22 should not be lodged for such recordation of change in ownership.

Where Singapore is the Office of Origin, requests for recording of changes in the ownership must also be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder. However, Form TM 22 may be lodged (if appropriate) to record the change in ownership of the basic application or basic registration.

**Requests for Recording of Changes in the Name and/or Address of the Holder for International Registrations Designating Singapore or where Singapore is the Office of Origin** (this serves to replace an existing pre-2004 circular in the journal) (Circular No. 21/2004, dated 19 November 2004)

For international registrations designating Singapore, in accordance with Rule 25 of the Common Regulations, such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder on WIPO's official Form MM9(E). Form MM9(E) is available for downloading at [www.ipos.gov.sg](http://www.ipos.gov.sg)

Form TM 26 should not be lodged for such recordation of change in name and/or address.

Where Singapore is the Office of Origin, requests for recording of changes in the name and/or address of the holder must also be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder. In such a case, TM 26 should be lodged to amend the change in name and/or address of the basic application or basic registration.

**Requests for Designation Subsequent to the International Registration** (Circular No. 21/2004, dated 19 November 2004)

In accordance with Rule 24 of the Common Regulations, such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder on WIPO's official Form MM4(E). Form MM4(E) is available for downloading at [www.ipos.gov.sg](http://www.ipos.gov.sg)

### **2005 Circulars**

**Effect of the Recording of Licenses in the International Register in respect of International Registrations Designating Singapore** (Circular No. 21/2005, dated 21 October 2005)

Pursuant to Rule 20bis(6)(b) of the Common Regulations under the Madrid Protocol, Singapore has notified the Director General of the World Intellectual Property Organisation on 21 March 2002 that Singapore law would not give effect to the recording of trade mark licenses in the International Register. Accordingly, any recording of a license made under Rule 20bis(3) of the Common Regulations will have no effect on any International Registration designating Singapore. However, the holder of such an International Registration may still record the relevant license with IPOS by lodging Form TM37, and the fee of S\$60 per class of goods or services.

### **2007 Circular**

***(Modes of Payment to the International Bureau of the World Intellectual Property Organisation for Madrid Protocol Matters, Circular No. 42/2007, dated 28 December 2007. This Circular is replaced by Circular No. 1/2008, dated 11 January 2008)***

**2008 Circulars****Modes of Payment to the International Bureau of the World Intellectual Property Organisation for Madrid Protocol Matters** (Circular No. 1/2008, dated 11 January 2008)

With effect from 1 January 2008, there will be some amendments to the Administrative Instructions for the Application of the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating Thereto ("AI"). The amendments are necessary for the implementation of a more broad-based electronic communications platform for the benefit of users of the Madrid system.

The AI can be found here ([http://www.wipo.int/madrid/en/legal\\_texts/admin\\_instructions.htm](http://www.wipo.int/madrid/en/legal_texts/admin_instructions.htm)) and the International Bureau's ("IB") notification of the amendments can be found here ([http://www.wipo.int/edocs/madrdocs/en/2007/madrid\\_2007\\_20.doc](http://www.wipo.int/edocs/madrdocs/en/2007/madrid_2007_20.doc)).

Please note that under the new Section 19 of the AI, fees payable to the IB must be made

- i. by debit to a current account with the IB,
- ii. by payment into the Swiss postal account or to any of the specified bank accounts of the IB, or
- iii. by credit card, where, in the context of an electronic communication envisaged in Section 11, an electronic interface for online payment has been made available by the IB.

The previous modes of payment by cash at the IB and by a banker's cheque would no longer be available.

Please note that while Section 19 now provides that in the context of electronic communications, fees due to the IB may be paid by credit card only in relation to specific types of transaction or request in respect of which a dedicated electronic interface has been provided, the IB has advised that this mode of payment by credit card would not be applicable to the filing of international applications.

If you are filing an international application through IPOS on and after 2 January 2008, please note that our previous primary mode of payment to the IB via a banker's cheque is no longer available in light of the changes in the AI. Instead, your payment in Swiss Francs to the IB can be made by either options (i) or (ii) as stated above.

**Current Account**

If you conduct regular monetary transactions with the IB, you may opt to open a current account with them. Please see

[http://www.wipo.int/madrid/en/guide/part\\_d/pdf/account.pdf](http://www.wipo.int/madrid/en/guide/part_d/pdf/account.pdf) for details.

**Bank Transfer**

We envisage that the majority of applicants and agents are likely to use bank transfers under (ii) as the preferred mode of payment. Details of WIPO's postal account and bank account are as follows:

WIPO bank account  
IBAN No. CH51 0483 5048 7080 8100 0  
Credit Suisse, CH-1211 Geneva 70  
Swift/BIC: CRESCHZZ80A

WIPO postal account  
IBAN No. CH03 0900 0000 1200 5000 8  
Swift/BIC: POFICHBE

The above account details are found on page 6 of the Form MM2(E).

To confirm that the payment has been made, the applicant must indicate the payment details of the bank's transfer transaction in the appropriate space provided in IB's Form MM2(E) Application for International Registration Governed Exclusively by the Madrid Protocol at the time of filing. You must also provide us with a photocopy of the bank's transaction advice.

If you have any queries regarding the above, please do not hesitate to call our Customer Service Officer at 6339 8616 or email us at [ipos\\_enquiry@ipos.gov.sg](mailto:ipos_enquiry@ipos.gov.sg).

**Requests for Recording of a Renewal for International Registrations where Singapore is the Office of Origin** (Circular No. 5/2008, dated 22 February 2008)

For an international registration where Singapore is the Office of Origin, a request for the recording of a renewal may be made by the holder or his agent upon payment of the relevant fees in Swiss Francs to WIPO via any of the following ways:-

(a) lodgement of WIPO's Form MM11(E) or an official letter from the holder indicating the necessary information (number(s) of the international registration(s) concerned and the purpose of the payment);  
<http://www.wipo.int/madrid/en/forms/>

(b) lodgement done online at WIPO Marks E-Renewal System portal  
<http://www.wipo.int/madrid/en/services/>; or

(c) lodgement of Form MM11(E) or the official letter mentioned under (a) through IPOS, together with a separate fee of S\$85 for handling the renewal request.

Kindly note that the above renewal is only effective for the international registration. Holders should lodge IPOS Form TM 19 in order to renew the Singapore basic registration, if necessary.

With regard to the renewal of an international registration where Singapore is *not* the Office of Origin, even if Singapore had been designated, such a request must be effected via (a) or (b). It is also possible to do so via the Office of Origin of that international registration provided that that Office of Origin has agreed to collect the renewal fees and forward them to WIPO.

We wish to emphasise that IPOS Form TM 19 must not be lodged for the renewal of any international registrations designating Singapore. Only WIPO would be able to process the renewal of that international registration.

**E-Payments to the World Intellectual Property Organization** (Circular No. 19/2008, dated 26 December 2008)

The World Intellectual Property Organization (WIPO) has introduced an E-Payment Service at <https://webaccess.wipo.int/epayment/>, which allows payment of fees notified in their irregularity letters or other WIPO communications with regard to international applications or registrations.

Payments can be made through the WIPO Current Account or by credit card.

To make payment through the WIPO Current Account, you will be required to provide the userID and the password generated by them for the current account holders. If you do not have a current account, please read Current Account at WIPO at [http://www.wipo.int/resource/en/wipo\\_account.html](http://www.wipo.int/resource/en/wipo_account.html) for details, on how to open, use or close a current account with WIPO, if you are thinking of opening one.

If you already have a WIPO current account, but do not have a password, please send an email to WIPO at [income.accounts@wipo.int](mailto:income.accounts@wipo.int), mentioning E-Payment as the subject matter.

To make payment by credit card, please follow the steps in the E-Payment Service. American Express, Mastercard and Visa are acceptable to WIPO.

Unfortunately at this stage, WIPO is still unable to accept payment via credit card for the filing of international applications. For such applications, the only payment modes are via the WIPO Current Account, or the Swiss postal account or any of the specified bank accounts of WIPO.

**F) PERTAINING TO THE CLASSIFICATION OF GOODS AND SERVICES****(I) General Information****Pre-2004 Circulars**

*(8<sup>th</sup> Edition of the International Classification of Goods and Services, this circular was removed on 18 January 2008)*

**Compliance with the International Classification of Goods and Services**

To assist the Registrar in expediting the acceptance of trade mark applications for registration, agents are reminded to ensure that the specifications of goods or services set out in the application forms conform with the International Classification of Goods and Services as far as possible. Very often, the Registrar receives applications where the marks are acceptable for registration but the specifications are not in order. This slows down the registration process.

**Precedents in Support of Specification**

In the examination of the specification of goods or services for compliance with the International Classification of Goods and Services, the Registrar is prepared to rely on precedents relating to Singapore, United Kingdom, Australia and Hong Kong registrations. Applicants and agents are therefore free to file these precedents in support of their specifications of goods and services for the Registrar's consideration.

However, the Registrar would not rely on such precedents in the following situations:

- (a) where the precedent relates to goods or services which have been accepted by the Registrar concerned in the wrong class;
- (b) where the precedent relates to goods or services which are no longer classified in the class stated in the precedent in view of a change of classes by the Special Union for the International Classification of Goods and Services for the purposes of the Registration of Marks (Nice Union);
- (c) where the precedent relates to goods or services which are no longer classified in the class stated in the precedent in view of a change or clarification of practice by the Registry concerned.

**The use of square brackets [ ] and round brackets ( ) in specifications**

An expression between square brackets is intended to define more precisely the text or item preceding the brackets. Square brackets are used when the item is ambiguous for classification purposes. Round brackets are used to qualify the text or item preceding the brackets to ensure the correct classification. Round brackets are used when it is possible that the item can be classified in various classes depending on the intended goods or services sought to be covered.

**Use of the term "Internet" in specifications of goods and services**

In view of the widespread use of the term "Internet" in the generic sense, the Registrar will henceforth not raise any objections to the use of the term "Internet" in the specifications of goods and services of Singapore national applications or international registrations designating Singapore.

However, the use of the term “Internet” in specifications of goods and services is generally not encouraged as the word “Internet” is a registered trade mark in some countries and may be objected to by the designated offices of these countries in respect of international applications originating from Singapore filed under the Madrid Protocol. This may arise where the term “Internet” is listed in a Singapore national application or registration and the Singapore national application or registration forms the basis of an international application originating from Singapore under the Madrid Protocol. In the circumstances, it is advisable for applicants to use the term “global communications network” instead.

## **2004 Circulars**

**Underlining of precedents for objections on specification of goods / services** (Circular No. 19/2004, dated 3 September 2004)

When lodging precedents to overcome the Registrar’s objection on the specification of goods / services, the Registrar requests that the relevant portions of the precedents to be underlined for greater visibility. This would assist the Registrar to identify and consider the relevant portions of the precedents in order to assess whether the objection should be waived.

**Vague descriptions in specifications** (Circular No. 20/2004, dated 12 November 2004)

A clear description of the goods or services claimed in a trade mark application is important as it determines the scope of the application. As such, the indication of goods, for example “pouches and the like”, is not acceptable as the expression, “and the like”, is vague. In the example given, it is not clear as to what other goods the applicant is claiming apart from pouches.

## **2005 Circular**

***(Use of acronyms for specifications of goods and/or services, Circular No. 6/2005, dated 22 April 2005. This circular was removed on 18 January 2008)***

## **2006 Circular**

### **International Classification of Goods and Services**

**NICE Classification – Ninth Edition** (Circular No. 32/2006, dated 8 November 2006)

The ninth edition of the NICE Classification for the purposes of the registration of trade marks will come into effect on **1 January 2007**. Copies can be ordered online at <http://www.wipo.int/ebookshop?lang=eng>

The majority of the changes involve Classes 14, 20, 21, 26, 34, 42 and 45 but minor changes and additions have also been made to other classes. For more information regarding the specific changes, please refer to the *Nice Union Report CLIM/CE/20/* which is obtainable at the following link

[http://www.wipo.int/meetings/en/doc\\_details.jsp?doc\\_id=52419](http://www.wipo.int/meetings/en/doc_details.jsp?doc_id=52419)

The eighth edition of the NICE Classification shall still apply to all applications filed before 1 January 2007. Applications filed on or after 1 January 2007 shall be filed in accordance with the ninth edition of the NICE Classification. For the avoidance of doubt, there will be

no reclassification of goods and services for existing applications filed prior to 1 January 2007, after the 9th Edition of the NICE Classification comes into force.

### **2007 Circular**

**Use of registered trade marks in specifications of goods and services** (Circular No. 38/2007, dated 14 November 2007)

Registered trade marks which are ordinary dictionary words are allowed to be used in specifications of goods and services as a descriptor. This practice is consistent with our previous journal notice on the use of the term, "Internet", which has become generic. However, words which are invented and have been registered as trade marks will not be acceptable in specifications of goods and services. Instead, applicants should use ordinary English words to describe their goods and services. For example, a specification of goods which reads "bluetooth-enabled devices for communications, namely telephones, handsets, headsets, speakers, microphones and earphones" should be amended to "devices for communications which are enabled by short range radio technology, namely telephones, handsets, headsets, speakers, microphones and earphones".

**(II) Information on specific items****Pre-2004 Circulars**

*(Cereal-based beverages, Beverages made from cereals, Pre-2004 Circular. This Circular was replaced by Circular No. 7/2008, dated 5 March 2008)*

**Club [dining] services**

With effect from 31 October 2003, the Registrar will accept the specification “club [dining] services” in Class 43 instead of Class 41 of the International Classification of Goods and Services. The emphasis on the word “dining” puts the item more in line with the class heading and explanatory notes of Class 43.

**Consultancy Services**

In the 8th edition of the International Classification of Goods and Services, consultancy services will be classified according to their subject matter. For example, consultancy services relating to telecommunications will be classified in Class 38, transportation consultancy services in Class 39 and intellectual property consultancy services in Class 42. The Registry had been taking this position in its examination of applications.

WIPO has clarified that pending the coming into force of the 8th edition, the correct classification is in accordance with the 7th edition where such services are classified in class 35 if they are business-related and class 42 if they are non-business-related. Hence, the Registry is adopting this stand.

However, in order not to prejudice any party who has acted on the Registrar’s earlier position on such services, the Registry will not reject consultancy services which have been classified according to their subject matter.

**Desserts**

With effect from 31 October 2003, the Registrar will not accept a specification consisting of “desserts” per se. This is in line with the World Intellectual Property Organization’s view that the said item, without further qualification, is vague.

Examples of acceptable descriptions are :

“Desserts [Jellies for food]” in Class 29 or

“Desserts [Ice cream]” in Class 30

*(Executor services, Pre-2004 Circular. This Circular was replaced by Circular No. 7/2008, dated 5 March 2008)*

**Mail order services**

A specification of services consisting of or containing “mail order services” is unacceptable as it does not conform to the International Classification of Goods and Services and should be reworded to “the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order” in accordance with the practice in the United Kingdom.

**Provision of information for business or domestic purposes in Class 38**

With effect from 30 July 2003, a specification which reads “provision of information for business or domestic purposes” in class 38 will not be acceptable. The applicant is requested to further qualify the specification so that it will read as “provision of information in the field of telecommunications for business or domestic purposes”. This is in line with the General Remarks as provided in the Nice Classification that the subject matter of the information being provided determines the correct class for the services.

*(Provision of user access time to the global computer network, Pre-2004 Circular. This circular was removed on 26 September 2007)*

*(Storage of data, information or documents, Pre-2004 Circular. This circular was removed on 5 December 2008)*

**2004 Circulars****Retailing of services** (Circular No. 2/2004, dated 7 January 2004)

With effect from 7 January 2004, the Registrar will not accept a specification containing a claim for “retailing of services” or “the bringing together, for the benefit of others, of a variety of services (excluding the transport thereof), enabling customers to conveniently view and purchase those services”. Applicants will be asked to clarify on the type(s) of services they are providing and to apply for such services in the appropriate class(es).

**WIPO’s Recommendation No. 16** (Circular No. 4/2004, dated 6 February 2004)

For applications lodged on or after 13 January 2004, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the items stated below in the designated classes:

- (1) Pastilles and chewing gum for cosmetic purposes - Class 3
- (2) Soap bubbles and foam generators for shows - Class 11
- (3) Lenyards (Keycards) - Class 14

**Joss sticks** (Circular No. 5/2004, dated 13 February 2004)

For applications lodged on or after 20 January 2004, the Registrar will accept “joss sticks” in Class 3 of the International Classification of Goods and Services [ICGS] by analogy with the item “incense” listed in the ICGS.

**Canned foodstuffs of plant origin** (Circular No. 6/2004, dated 5 March 2004)

For applications lodged on or after 12 March 2004, the Registrar will accept the specification "canned foodstuffs of plant origin" in Class 30 instead of Class 29. This is in line with the explanatory note of Class 30 which states "Class 30 includes mainly foodstuffs of plant origin prepared for consumption or conservation".

**Manufacturing of goods** (Circular No. 12/2004, dated 11 June 2004)

For applications lodged on or after 18 June 2004, a specification of services consisting of or containing "manufacturing of goods" is unacceptable as it does not conform to the International Classification of Goods and Services. If a person is manufacturing goods, registration should be sought for the goods only.

As appropriate, the specification may be phrased as "custom assembling of materials [for others]" or "custom manufacturing of goods [for others]". For example, where the items in question are cell cultures, it may be more appropriate to describe the service as "custom manufacturing of cell cultures [for others]". However, if the goods in question are clothing, "custom assembling of clothing [for others]" would be more appropriate.

**Providing search engines for the internet** (Circular No. 12/2004, dated 11 June 2004)

For applications lodged on or after 18 June 2004, the Registrar will accept the item "providing search engines for the internet" in Class 42 as it is a form of computer service.

If the said item is a form of telecommunications service, please rephrase it to "providing search engines for the internet [*telecommunications services*]" and the insertion of the qualifier will render the service proper to Class 38 instead.

**WIPO's Recommendation No. 17** (Circular No. 17/2004, dated 9 July 2004)

For applications lodged on or after 16 July 2004, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the items stated below in the designated classes:

- (1) Packaging containers of regenerated cellulose - Class 16
- (2) Refilling of empty toner cartridges - Class 37.

**Provision of news** (Circular No. 19/2004, dated 3 September 2004)

For applications lodged on or after 10 September 2004, the Registrar will not accept a specification consisting of "provision of news" *per se*. This is in line with the World Intellectual Property Organization's view that this description, without further qualification, is vague. The subject matter of the news provided and the purpose for which it is provided are important in determining the class to which it should fall under. Generally, these services are classified in the same classes as the services that correspond to the subject matter of the information. Examples of acceptable descriptions are:-

"Provision of business news [business management]" in Class 35;

"Provision of news [telecommunication services]" in Class 38; and

"Provision of news for entertainment purposes" in Class 41.

**Leasing services** (Circular No. 20/2004, dated 12 November 2004)

With effect from 19 November 2004, the Registrar will accept “leasing services” only in Class 36 regardless of the nature of the goods to which it relates. This is in line with the World Intellectual Property Organization’s view that it is a form of financial service.

“Rental services”, on the other hand, will still be classified in the same class as the services provided. For example, “rental of telecommunication apparatus” will be classified in Class 38 while “rental of medical apparatus” will be classified in Class 44.

**2005 Circulars****Computerised communication network security and other security services** (Circular No. 5/2005, dated 1 April 2005)

For applications lodged on or after 8 April 2005, the Registrar will only accept “computerised communication network security” and like services in Class 42 and not in Class 45, as such items are forms of computer services classified under Class 42.

Class 45 covers services for the protection and security of individuals and property in general, eg “security services for buildings”, “personal body guarding” and “night guards”. If such services and information relating to such services are offered online or via a computer network, they will be classified under Class 45 as well.

However, Class 42 will cover security services if they pertain to security of computer networks or the internet, eg. “computerised communication network security”, or if such services are offered as a form of computer service, eg “data security services [firewalls]” or “professional consultancy relating to computer security”. It would not be correct to classify such computer security services in Class 45.

It is also useful to note that the International Classification of Goods and Services (8<sup>th</sup> Edition) classifies some security services in Class 39. Security services relating to transport, eg. “guarded transport of valuables” and “escorting of travellers”, are classified under Class 39 and not Class 45.

**WIPO’s Recommendation No. 18** (Circular No. 5/2005, dated 1 April 2005)

For applications lodged on or after 8 April 2005, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes :

- (1) Enzymes for human consumption – Class 29
- (2) Soya milk [condiment] – Class 30
- (3) Supervision of teamwork to improve its effectiveness – Class 35
- (4) Consultancy in the field of computer security – Class 42
- (5) Therapy services – Class 44

**Prepared meals** (Circular No. 6/2005, dated 22 April 2005)

For applications lodged on or after 29 April 2005, the Registrar will not accept a specification consisting of “prepared meals” per se as the said item, without further qualification, is vague and may fall within several classes. The item should specify the content of the prepared meals, for example,

“Prepared meals consisting of meat” in Class 29 or

“Prepared meals containing principally of rice” in Class 30.

**2006 Circulars****Crib bumpers** (Circular No. 3/2006, dated 3 February 2006)

For applications lodged on or after 10 February 2006, the Registrar will only accept the item, “crib bumpers”, in Class 20. This item is a type of cushion for lining the base and sides of the crib and serves a protective purpose for the baby. Since the item “cushions” is listed in Class 20 of the Nice Classification, by analogy, the item, “crib bumpers”, should be classified in Class 20 as well.

**Retail services and other like services in Class 35** (Circular No. 6/2006, dated 24 February 2006)

The Registrar has revised her practice concerning retail services and other like services in Class 35. This revision in practice shall take effect for all applications lodged on or after 3 March 2006

In the past, applicants, in most instances, are required to list the goods to which the retail services relate. With the revised practice, where it is practical, it is still advisable to list the goods to which the retail services relate. However, the Registrar will no longer insist on such a requirement in all cases, as long as the description “the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods”, is used in conjunction with the means of bringing goods together. Thus, in cases where it is not practical to list all the goods to which the retail services relate, the Registrar will accept an indication of the means of bringing goods together and displaying such goods for the benefit of customers, for example, from a retail outlet, a wholesale outlet or a distributor outlet. Such an indication can be inserted at the end of the description “the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods”.

With the revised practice, “wholesale services” will also be treated in the same manner as “retail services”.

The following descriptions provide guidance on what is considered to be acceptable to the Registrar in future:

(a) “The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet”;

(b) “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet”;

(c) “Retail services in relation to [list the goods]”;

(d) “The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet”;

(e) “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet”;

(f) “Wholesale services in relation to [list the goods]”;

(g) “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet”;

(h) “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications”; and

(i) “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network”.

The Registrar is prepared to accept similar descriptions of the above services provided that the services are clearly described and fall within the ambit of retail or wholesale services. Please note that vague descriptions such as “distributorship services” are not acceptable as the term “distributorship” may encompass more than just retail or wholesale services, for example, it may include transportation services.

#### **Interior decoration services** (Circular No. 22/2006, dated 7 July 2006)

For applications lodged on or after 14 July 2006, the Registrar will only accept “interior decoration services” in Class 42 and not in Class 37, as such services are analogous to the item “design of interior décor” which is listed in Class 42 of the International Classification of Goods and Services (8<sup>th</sup> Edition).

#### **WIPO’s Recommendation No. 19** (Circular No. 25/2006, dated 16 August 2006)

For applications lodged on or after 23 August 2006, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes :

(1) Incontinence garments – Class 5

(2) Telephone ring tones [downloadable] – Class 9

(3) Milk jam – Class 29

(4) Toasted natural wood chips added to wine to improve its flavour – Class 30

**WIPO's Recommendation No. 20** (Circular No. 25/2006, dated 16 August 2006)

For applications lodged on or after 23 August 2006, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes :

- (1) Paper sheets, sensitized, for carrying photographic imaging materials – Class 1
- (2) Slot machines[vending machines] – Class 9
- (3) Paper sheets, not sensitized, for carrying photographic imaging materials – Class 16
- (4) Slot machines[amusement] – Class 28
- (5) Stand-alone video game machines – Class 28

**Technical consultancy services** (Circular No. 25/2006, dated 16 August 2006)**Technical support services** (Circular No. 25/2006, dated 16 August 2006)

For applications lodged on or after 23 August 2006, the Registrar will classify “technical consultancy services”, “technical support services” and other similar technical advisory and technical information services according to their subject matters. The General Remarks in the Nice Classification (8<sup>th</sup> Edition) states that services that provide advice, information or consultation are in principle classified in the same classes as the services that correspond to the subject matter of the advice, information or consultation. Further, in line with the view of the World Intellectual Property Organization, the Registrar will consider indications such as “technical consultancy services” and “technical support services”, *per se* as too broad and vague and objections will be taken. Such indications will have to be specified in respect of their subject matters for the purpose of classification.

**2007 Circulars****WIPO's Recommendation No. 21** (Circular No. 27/2007, dated 25 July 2007)

For applications lodged on or after 1 August 2007, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes:

- (1) Scoreboards for sports, other than mechanical or electric – Class 20
- (2) Advice on tax preparation – Class 35
- (3) Advice on fiscal assessments, advice on fiscal valuations – Class 36
- (4) Carbon offsetting services [recycling] – Class 40
- (5) Prenatal exercises – Class 41
- (6) Weblog [blog] services [on-line publication of journals or diaries] – Class 41
- (7) Creating and maintaining weblogs [blogs] for others – Class 42
- (8) Hosting of weblogs [blogs] – Class 42
- (9) Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting – Class 42
- (10) Carbon offsetting services [reforestation] – Class 44

**Providing on-line forums** (Circular No. 27/2007, dated 25 July 2007)

**Operating chat rooms** (Circular No. 27/2007, dated 25 July 2007)

**Providing chat rooms** (Circular No. 27/2007, dated 25 July 2007)

**Providing discussion services on-line** (Circular No. 27/2007, dated 25 July 2007)

For applications lodged on or after 1 August 2007, the Registrar will only accept the items "providing on-line forums", "operating chat rooms", "providing chat rooms", and "providing discussion services on-line" in Class 38, regardless of the topic of the discussion. These items are analogous to the items "electronic bulletin board services [telecommunication services]" and "providing internet chatrooms" listed in Class 38 of the NICE Classification (Ninth Edition). This is in line with the view of the World Intellectual Property Organization.

**Arranging and conducting of colloquiums** (Circular No. 27/2007, dated 25 July 2007)

**Arranging and conducting of conferences** (Circular No. 27/2007, dated 25 July 2007)

**Arranging and conducting of congresses** (Circular No. 27/2007, dated 25 July 2007)

**Arranging and conducting of seminars** (Circular No. 27/2007, dated 25 July 2007)

**Arranging and conducting of symposiums** (Circular No. 27/2007, dated 25 July 2007)

**Arranging and conducting of conventions** (Circular No. 27/2007, dated 25 July 2007)

**Arranging and conducting of exhibitions** (Circular No. 27/2007, dated 25 July 2007)

The Registrar wishes to clarify that the above items with the exception of the last, viz.

"arranging and conducting of colloquiums";

"arranging and conducting of conferences";

"arranging and conducting of congresses";

"arranging and conducting of seminars";

"arranging and conducting of symposiums"; and

"arranging and conducting of conventions"

are classified in Class 41, regardless of the topic relating to these services. It is the purpose of the service and not the topic that determines their classification in Class 41. By virtue of their dictionary definitions, the terms, "colloquiums", "conferences", "congresses", "seminars", "symposiums" and "conventions" refer to activities linked with training or education, both of which are proper to Class 41. To illustrate, "arranging and conducting of conferences for commercial or advertising purposes" and "arranging and conducting of seminars for commercial or advertising purposes" are both classified under Class 41.

However, the item, "arranging and conducting of exhibitions", will be classified according to the subject matter since this service only refers to showing of products or services to the public, and is not primarily offered for the purposes of training or education. By analogy, "organization of exhibitions for commercial or advertising purposes" is listed in Class 35 of the NICE Classification (Ninth Edition), but "organization of exhibitions for cultural or educational purposes" is listed in Class 41 of the NICE Classification (Ninth Edition). This is in line with the view of the World Intellectual Property Organization.

**Providing access to databases** (Circular No. 33/2007, dated 26 September 2007)

**Rental of access time to the internet / global computer networks** (Circular No. 33/2007, dated 26 September 2007)

**Providing of user access to the internet / global computer networks** (Circular No. 33/2007, dated 26 September 2007)

**Rental of access time to databases** (Circular No. 33/2007, dated 26 September 2007)

For applications lodged on or after 3 October 2007, the Registrar will accept these and other analogous items in Class 38 only. These are essentially telecommunication services and are classified under Class 38 whether they are provided by an Internet Service Provider or a non-Internet Service Provider. Hence, our previous journal notice on the classification of these services based on the status of the applicant is no longer applicable.

Consistent with our previous journal notice on “leasing” (Circular No. 20/2004, dated 12 November 2004), applicants should also avoid using the term, “leasing”, in any class except Class 36, as “leasing services”, are acceptable only in Class 36. With regards to the above items in Class 38, an example of an acceptable description would be “rental of access time to databases” and not “leasing of access time to databases”.

### **2008 Circulars**

**Cereal-based beverages** (Circular No. 7/2008, dated 5 March 2008)

**Beverages made from cereals** (Circular No. 7/2008, dated 5 March 2008)

**Executor services** (Circular No. 7/2008, dated 5 March 2008)

The pre-2004 circulars on “cereal-based beverages/ beverages made from cereals” in Class 32 and “executor services” in Class 42 have been removed in light of recent directives from the World Intellectual Property Organisation.

A specification of goods consisting of or containing “cereal-based beverages” or “beverages made from cereals” will be classified in Class 30 by analogy to “cereal preparations” that are classified under Class 30 of the NICE Classification.

A specification of services consisting of or containing “executor services” will be classified in Class 36 because such services generally relate to the administration of money, investments, real estate, assets, and other valuables. Such services are analogous to “fiduciary services” and “trusteeship services” both of which are classified under Class 36 of the NICE Classification.

The above changes affect all applications lodged on or after 12 March 2008.

**Retail services and other like services in Class 35** (Circular No. 9/2008, dated 2 May 2008)

In addition to Circular No. 6/2006, the Registrar will accept the descriptions for applications lodged on or after 9 May 2008 (where it is not practical to list all the goods to which the retail services or wholesale services relate):

- a. "retail services"
- b. "wholesale services"

However, the Registrar will continue to reject descriptions such as "distributorship services", "mail order services", "departmental store services", "supermarket services", or "internet shopping". These terms are considered vague as they include services more than retail and wholesale services.

With the addition, the following descriptions provide guidance on what is considered to be acceptable to the Registrar in future:

- a. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet";
- b. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet";
- c. "Retail services in relation to [list the goods]";
- d. "Retail services";
- e. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet";
- f. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet";
- g. "Wholesale services in relation to [list the goods]";
- h. "Wholesale services";
- i. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet";
- j. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet";
- k. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view

and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications”;

- l. “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications”;
- m. “The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network”;
- n. “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network”;
- o. “The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a departmental store”;
- p. “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a departmental store”;
- q. “The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a supermarket”; and
- r. “The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a supermarket”.

**WIPO's Recommendation No. 22** (Circular No. 16/2008, dated 21 November 2008)

For applications lodged on or after 28 November 2008, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes:

- (1) Milk ferments [bacteria preparations] used in making foodstuffs - Class 1
- (2) Wind turbines - Class 7
- (3) Pill distributor and organizer boxes for medical purposes - Class 10
- (4) Electronic cigarettes for medical purposes - Class 10
- (5) Meditation stones - Class 14
- (6) Pill boxes [not for medical purposes] - Class 21
- (7) Tablecloth holders - Class 21
- (8) Electronic cigarettes, not for medical purposes - Class 34
- (9) Publicity film production - Class 35
- (10) Illustrators' services - Class 42
- (11) Diamond authentication and certification services - Class 42

(12) Electronic data storage - Class 42

(13) Advice concerning cooking recipes - Class 43

**Electronic data storage** (Circular No. 16/2008, dated 21 November 2008)

**Storage of data, information or documents** (Circular No. 16/2008, dated 21 November 2008)

The pre-2004 circular on "Storage of data, information or documents" (Class 35 or 39) has been removed in light of recent directive from the World Intellectual Property Organization.

A specification of services consisting of "Electronic data storage" will be classified in Class 42 instead of 35 by analogy to "Duplication of computer programs" and "Data conversion of computer programs and data [not physical conversion]" which are classified under Class 42 of the NICE Classification. This is in conformity with the explanatory note "Class 42 includes mainly services provided by ... computer programmers, etc.".

On the other hand, if the data, information or documents are being stored physically, for example, in a warehouse, then it is proper to Class 39. The determining factor is **where** the data, information, or documents are being stored. Examples of items which are proper to Class 39 are:

i. "Data storage"

ii. "Information storage"

iii. "Storage of electronically-stored data, information or documents".

The above changes affect all applications lodged on or after 28 November 2008.

# **Applications Published for Opposition Purposes under the Trade Marks Act (Cap.332, 1999 Ed.)**

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 1999 Ed.)

## **OPPOSITION**

Notice is hereby given that any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$340).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

# **International Registrations filed under the Madrid Protocol Published for Opposition Purposes under the Trade Marks Act (Cap.332, 1999 Ed.)**

## **OPPOSITION**

Notice is hereby given that any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$340).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

## Class 03

Preparations used for laundry and dish washing purposes and to clean all kinds of goods and places; perfumeries; cosmetic products; cosmetics for personal use or papers for cleaning purposes, cosmetic pads, cotton; soaps; tooth care products; abrasives; polishes; natural products used in the production of cosmetic and perfumery products and soaps.

## Class 06

Non-precious mineral ores; common metals and their alloys and semi-products thereof; metal plates and sheets, profiles, sheet iron, tinsplate, iron, construction irons, copper, zinc, tin, brass, aluminium; steel matting for construction, reinforcing irons for use in construction columns; transportable buildings, floors, stair treads, fences of iron, fences, metal roof coverings, metal fences, transportable metal platforms, metal telephone boxes, metal telephone booths, metal transportable greenhouses, swimming pools, spring boards, being small items of metal hardware, metal silos, metal crash barriers for roads; metal latticework for filtering, sieving and similar purposes; metal doors and windows, door and window frames; metal shutters, metal pullover shutters, metal jalousies; metal framework for buildings and metal construction moulds, metal telescopic props; non-electric common metal wires and cables; welding and soldering wires; metal ropes, metal braces for handling and transportation of loads, metal bindings, metal columns, metal belts, metal bands and metal strips; ironmongery; metal screws, nails, bolts, metal nuts, pins, washers, metal chains, furniture wheels, wheels for use in industry, metal hinges, locks (other than electric), keys, rings for keys, metal reels, metal hoops, metal fittings and metal assemblies for furniture; bells, hand bells; metal handles; badges for vehicles, letters and numerals of common metal, anchor plates, metal fittings for doors and windows (armature) namely, for door and window handles and mirrors, opening and closing mechanisms, window reels and fasteners; ventilation ducts for aeration, heating and air-conditioning installations, vents, vent covers, anemostats, pipes, chimney shafts, boards, panels, license plates for vehicles, non-luminous signboards, bulletin boards and billboards, metal tracks for lifting, loading and transport; containers, barrels, casks, tanks for storage and transport and warehouses; metal packaging materials, packaging boxes, metal foils; empty metal containers (LPG containers), gas containers; metal pipes for liquid and gas transfer, drilling pipes; coupling pieces for pipes of metal, flanges of metal

(collars), wires of common metals, nipples, muffs, bends and reductions, all being small items of metal hardware; metal gates (not as a part of machine or engine), metal taps for casks, metal money chests, money boxes, metal toolboxes, supply boxes, post boxes; metal railway materials; rails, railway sleepers, railway switches, rotative platforms; metal bollards and buoys, metal floaters; metal moulds for foundry works, art works of common metals or their alloys; statues, statuettes, monuments, busts, tombacs; metal caps, metal bottle caps; metal identity plates, identification tags, nametags; metal posts; posts for telephone lines, metal posts for electric lines, posts of metal for electric lines, posts of metal for external illumination armatures, fences of metal, posts of metal for fences; grilles; portable ladders of metal; steel scrap.

#### **Class 09**

Apparatus and instruments used for measuring and analysis in science, laboratories, navigation, topography, meteorology, electricity, photography, cinematography, industrial and optical areas; test devices and apparatus for materials; aerometers, alcoholmeters, altimeters, amperemeters, anemometers, apertometers, acid hydrometers, barometers, wavemeters, densimeters, apparatus to measure the thickness of the skin, dynamometers, ergometers, photometers, frequency meters, apparatus to test gas, gas meters, apparatus to measure sensitivity, hydrometers, apparatus to measure speed (photography), urinometers, capacity meters, sliding thickness measuring devices, cord meters, lactometers, manometers, clinometers, micrometers, humidity measuring devices, ohmmeters, thermometers, petroleum measuring devices, acid meters, pyrometers, planimeters, polarimeters, piezometers, saccharometers, salinometers, area meters (azimuth), sulfitometers, apparatus for measuring density of milk, pressure measuring devices, telemeters, theodolites, distance measuring devices, variometers, verniers, voltmeters, density measuring devices, heat measuring devices for industry (thermocouples), microscopes, magnifying glasses, telescopes, periscopes; special furniture used in laboratories; illuminated advertisement billboards, electric scoreboards, electric notice boards; apparatus for recording, transmission or reproduction of sound and image, except communication instruments; radios, televisions, videos, video cameras, cameras, audio apparatus and parts, entertainment units as attachments to television receivers, cinematographic apparatus, remote control apparatus, headphones, loudspeakers, megaphones, diaphones, intercoms, picture and slide projection apparatus; data processing apparatus; computers, computer software and hardware; personal computers, portable computers and parts thereof, printers, laser printers, scanners, hard disks for computers, cash registers, calculators, barcode readers and parts and accessories thereof; data carriers; records, cassettes, tapes, magnetic and optical data carriers, discs,

diskettes, CD's, exposed cinematographic films; photographic cameras of all kinds, parts and accessories for photographic cameras, enlargers; exposed films, exposed cinema films, films for photography, X-ray films; aerials, satellite aerials, amplifiers and parts thereof; electrical apparatus for remote ignition; money, coin or card operated machines and mechanisms thereof: automatic vending machines, automatic photo machines, automatic ticket vendors, automatic weighing machines, ATM machines; electronic parts used in machines and apparatus; semi conductors, electronic circuits, integrated circuits, chips, photocells, diodes, transistors, circuit boards, crystal oscillators, capacitors, interface circuits, delay lines, liquid crystal displays, hybrid circuits, thermistors, converters, magnetic heads, magnetic deviators; communication appliances, telephones, faxes, telefaxes, telexes, telegraph machines, mobile phones, wireless telephones, telephone stations; electrical copying photocopying machines, blue print machines; meters; electric meters, water meters, gas meters, fuel pumps for service stations (automatic), parking meters, timers; electronic or magnetic cards: telephone cards, cards used in banking, automatic opening and closing cards, electronic cards for meters, electronic tickets; weighing instruments and appliances; scales, steelyards; detectors, screening apparatus, non-medical X-ray appliances, radiological appliances (X-rays) for industry; life saving and protecting equipment; life jackets, life-buoys, floats for swimming, respiration appliances for divers, divers' equipment, diving suits, divers' goggles; safety belts, safety nets, protective clothing, gloves, goggles, protective head gear, signalling whistles and lamps, signalling buoys; eyeglasses, sunglasses, contact lenses and boxes, cases, parts and accessories thereof; electric materials; plugs, sockets, junction boxes, dual-directional electric knobs, keys, switches, circuit breakers and separators, fuses, ballasts, starters, electric panels, connectors (connector parts), cable conduits, push buttons, resistances, electrical and electronic connections, namely connectors and sockets; apparatus and instruments for the transmission, connection, loading, adjusting, control, distribution and management of high voltage electricity, adaptors, chargers for electric batteries; electrical bells, alarms except alarms for vehicles, sirens; cables; all kinds of cables used in electricity and electronics, optic fibre, fibre optic cables; power supplies; accumulators, solar batteries, cells, batteries, uninterrupted power supplies; irons; electric and steam irons, press irons; indicators for vehicles: speed, oil, fuel and temperature indicators, tachometers, taximeters; vehicle problem warning triangles (reflector triangles), lighted and mechanic road signs, electrical-electronic or mechanical traffic signalisation equipment, junction control apparatus, flashing lights; fire fighting appliances, fire extinguishing instruments and apparatus; electric welding apparatus, soldering iron, welding electrodes for electrical font and point soldering and solder machines; radars, submarine radars (sonars), night-vision devices;

lightning rods, lightning arresters (earthen plates); water gauges, measuring tapes, collapsible meters; tape measurers, plumb lines; dosage dispensers; electrical hair curlers; electric devices for attracting and killing insects; automatic doors for buildings, automatic turnstiles, electric or electronic door opening/closing devices; satellites for scientific purposes; apparatus for electrolysis and galvanization, anodes, cathodes; screen filters for computers and televisions; decorative magnets; egg timers; abacuses; covers (lids) for telephone wires and cables, covers (lids) for electricity wires and cables; cables and wires for electricity mains; telephone cables.

#### **Class 10**

Medical and veterinary apparatus and instruments: surgical, medical, dental and veterinary apparatus and instruments, injection needles, surgical materials, artificial respiration apparatus, apparatus for measuring blood pressure, hearing aids for the deaf, apparatus and instruments for use in medical analysis, radiological apparatus for medical purposes, apparatus and installations for the production of x-rays for medical purposes, apparatus for the production of x-rays and protection devices and materials against x-rays; furniture especially made for medical purposes, stretchers; artificial organs and prosthesis; artificial teeth, artificial eyes, artificial limbs; orthopaedic apparatus; orthopaedic bandages, belts for medical purposes, stockings for varices, orthopaedic shoes, supportive bandages and plasters, elastic bandages, support articles for medical purposes, including groin suspenders, suspensory bandages, orthopaedic belts and corsets; electrical blankets and bed heaters for medical purposes, pillows and bed covers which are heated with electricity, water beds, beds and air pillows for medical purposes; physical exercise apparatus for medical purposes, massage apparatus and instruments; clothing especially for operating rooms, surgery bonnets, gloves and masks for use by the medical personnel, sterile sheets, incontinence sheets and bed covers; medical apparatus and instruments for sexual purposes; feeding bottles, feeding bottle teats, teething rings for babies; ear plugs being medical apparatus.

#### **Class 11**

Lighting apparatus (lighting fixtures for vehicles, indoor and outdoor lighting equipment); lamps, bulbs, flash-lights, torches, chandeliers, lamp glasses, sockets illuminating and signalling lamps for vehicles; headlamps, stop lamps, glass for indicator lights and parking lamps, headlights with individual lamps (complete); apparatus for heating or generating steam; stoves as part of heating system, natural gas stoves, boilers for radiator and natural gas installations, steam boilers, heat exchangers, broilers, apparatus for floor heaters, gas heaters which could be used as floor heaters as well, gas heaters, radiators, heat pumps, electric

water boilers, solar energy collectors and apparatus; apparatus for climatization and aeration; air-conditioners, fans, ventilators, air-conditioners including those for vehicles, air disinfecting and cleaning apparatus for places, devices and their parts and accessories; refrigerants; refrigerators, deep freezers, iceboxes, iceboxes and ice machines; electricity appliances, machines and devices used for cooking and boiling; fryer pans, pressure cookers, toasters, bread toasting appliances, fryers, roasts, grills, ovens, cookers, electric cookers, popcorn machines, autoclaves, coffee machines, tea machines, kettles; shower tubs, tubs with hydro-massage, bidets, bath tubs, shower cubicles, urinals, water closets, squat toilet stones, sinks, separators and component parts thereof; electrical hair dryers, blow dryers, hand drying apparatus, skin softening devices, all being dryers and heating apparatus for softening the skin, solarium devices; faucets and tabs for water or gas equipment, level controlling valves in tanks, regulating accessories for water or gas apparatus and pipes, jets for automatic irritation systems, tabs, douche sprayers and spirals, being douches (showers); water softening apparatus, water purifying apparatus, water purification systems, sewage water drainage systems; electrically heated sheets and electrical blankets, electrically heated pillows for non-medical purposes, electric and non electric feet warmers, hot-water bottles; gas lighters used in kitchens, lighters as parts of heating and cooking apparatus; filters and filter-engine combinations for aquariums, stoves heated with solid fuels, liquid fuels, gas fuels and electricity, broilers; industry-type ovens, industry-type drying apparatus, industry-type refrigeration apparatus, cooling towers, cool stores, dust-picking hardware, being apparatus for extracting dust (ventilation), nuclear reactors, incandescent burners, acetylene burners and generators, pasteurising and sterilising machines, laundry dryers; iron melting furnaces; fuel economizers for goods included in this class; filters of household apparatus included in this class, electric filters (parts of industrial installation); pressure vessels; blast lamps; ice boxes; barbecues; steam facial apparatus (saunas); broilers; toilet lids; covers (lids) for sewage systems.

#### **Class 16**

Paper, cardboard; paper towels, napkins, toilet papers, handkerchiefs, diapers, tablecloths, place mats, coasters for glasses and plates, ornament and decoration products made of paper; packaging and wrapping materials from paper, cardboard or plastic materials, boxes, parcel tags, paper bags, paper sacks, foils and sheets, foils used to preserve and cook food; printing house and bookbinding materials; bookbinding cords and bookbinding cloths, other textile materials used in bookbinding, printers' type and cliches; adhesives and stationery-type adhesive bands; printed documents, printed publications, newspapers, magazines, booklets, pamphlets, books, directories, calendars, posters, pictures, bills,

photographs, pictures, stickers, (stamps); writing papers, manifold papers, parchment papers, onionskins, copy papers, papers and rollers for typewriters and calculating machines, cards, notebooks, notepapers, note pads, envelopes, labels, not of textile, files, albums, binders, cases for notebooks and books; writing, drawing, painting materials and artists' materials; pens, ink pens, ball pens, pencils, felt-tipped pens and refills and tips thereof, drawing pens and tips, requisites for modelling, painters' still-life models, paints, colouring pens, paint brushes, painters' palettes; office machines and requisites (except furniture); writing machines (typewriters), electrical typewriters, addressing machines, franking machines (stamping machines), duplicators, office baskets, pads, letter openers, paper clips, typewriter ribbons, cachets and stamps (seals), inks for stamps, inks used in writing and drawing, indian ink, correction fluids, erasers, electrical or non-electrical pencil sharpeners; instructional and teaching material (other than apparatus); games made of printed paper, modelling wax (not for dental purposes), mould for modelling clays, globes, blackboards, drawing instruments, namely rulers, T-squares, protractors, chalks, letters [type], number [type]; brushes and rollers for whitewash and painting; filter papers, paper filters; reels and bobbins of paper and cardboard for wrapping purposes; duplication machines.

#### **Class 19**

Asphalt, pitch, bitumen, tar; materials for making, coating, repairing roads; sand, pebbles, mosaics, scoria; dry mixtures of sandstone, sand, pebble and other similar natural materials, aquarium sand; lime; cement; gypsum, coating gypsum, ready-mixed concrete, ready-mixed mortar, ready-mixed plaster, ready-mixed coloured coating; natural stones, artificial stones; natural marble, artificial marble; interior and exterior front coatings with natural or artificial stones, coatings for the interior and the exterior with natural or artificial marble, floor coatings with natural or artificial stones or marble; floor tiles, wall tiles, paving stones, border stones; concrete panels, boards, walls, bowstrings and columns, roofing elements, prefabricated concrete constructions, transportable concrete constructions, gypsum panels, boards, walls, divisions, construction elements, prefabricated gypsum construction elements; concrete posts, fences, posts for electricity, communication and such lines; concrete barriers, bollards, tubs made of concrete/marble/stone for containing flowers; bricks, tiles, briquettes, ridge tiles; concrete pipes; asbestos-cement pipes, tiles and joists, not of metal; non-luminous and non-mechanical signs, not of metal, concrete, stone or marble monuments, sculptures; wooden or plastic attachable and detachable constructions and prefabricated construction elements, doors, not of metal; door panels, not of metal; door frames, not of metal; windows, not of metal; window

frames, not of metal; window glass for building; wooden partitions, cabins, booths of synthetic materials, wainscotting, not of metal, wooden parquets; plywoods, fibreboards; wooden or plastic doors and windows, door and window frames; blinds, jalousies, shutters; semi-processed timber, wooden posts, boards, planks, bowstrings; natural or synthetic surface coatings in layers or strips for timber, fibreboard and such, heat adhesive synthetic coatings; hard plastic pipes and parts thereof for construction purposes, S-shaped pipes, glass products for construction; glasses, double glasses, glass plates for roofs, glass bricks, glass panels, glass tiles; paper products for constructions; pitched cardboards for roofs, pitched coatings; non-metal prefabricated swimming pools; cornices.

#### Class 20

Furniture regardless of the substances and materials of manufacture; camping furniture; dining room and bedroom sets, living room sets, bookshelves, cupboards, coffee tables, seats, lounges, lounges that can be converted into beds, writing and drawing tables, chaise lounges, counters, reception counters, shop display boards, dinner wagons [furniture], school furniture, panels being parts of furniture, index cabinets, filing cabinets, first-aid cabinets, mailboxes, coat stands, fenced playpens for children (for the interior), exhibition stands and showcases; bed mattresses, spring mattresses, pillows, airbeds and pillows, waterbeds, camping beds, water beds not for medical purposes; mirrors; beehives and honeycomb lathes; bouncy seats for babies, baby cradles, infant walkers; non-metal license plates, signboards, wooden panels for furniture; back panels [parts of furniture]; decorative wooden panels [furniture], dividing panels; billboards; wooden or plastic barrels, casks, reservoirs, containers for transportation purposes, transport pallets; frames for photographs, pictures, etc.; profile laths for frames and support laths being parts or fittings for furniture; curtain rails and buttons, curtain rings, curtain hooks, curtain rods; door handles, not of metal; non-metallic drawer handles; tool handles, not of metal; non-metallic window handles; tissue holders [fixed] not of metal; clothes pegs, non-metal bottle taps and caps, non-metal rivets, nails, screws, wall plugs, and pegs; clothes hangers and covers for clothing; works of art, of wood, wax, plaster or plastic; ornaments made of wood; mannequins, decorative wall plaques not of textile, stuffed animals; sleeping bags for campers, baskets, wicker baskets, fishing baskets; kennels, nesting boxes, beds for household pets; wooden or plastic portable stairs, reels of wood for yarn, silk or cord, non-metal valves, barrel taps; identity plates, not of metal, identification tags, nametags, labels; non-metal window and door fittings, opening and closing mechanisms, locks; joints, fittings and parts of non-metal joints being parts or fittings for furniture, shelf connecting elements, taps for casks, not of metal, drawer rails, furniture wheels; non-metal fixed towel racks and paper racks;

bamboo curtains, roller blinds, ribbon curtains and beaded curtains for decorative purposes; metal counters, shelves, metal benches, market shelves; benches; mirrors; bed bases.

#### **Class 21**

Manually operated, electrical household and kitchen appliances; manually operated gadgets for peeling, mincing, breaking, mashing, grinding and beating, mixers, blenders, coffee and spice grinders, meat grinders, fruit and vegetable presses; cleaning instruments (not electrical); brushes except those for personal use and paint brushes, sponges, steel wool, cleaning and wiping cloths of textile, rubber gloves, non-electrical polishing machines, carpet beaters, carpet cleaners, mops; toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs; household and kitchen appliances made out of glass, porcelain, ceramic common metal, plastic, synthetic materials and other materials, pots and pans; buckets, dustbins, saucepans, dishes, paper dishes and paper glasses, trays, coffeepots, strainers, vessels, eggcups, cake moulds, decanters, food preserving bowls, service sets, coasters for glasses and saucepans; flowerpots, soap boxes, baby baths, and ice buckets; thermally insulated containers for food; flasks, ready picnic baskets (with dishes inside), cups given at the sport contests, bread bins, bread baskets, bread boards including those made out of synthetic materials; non-electric cooking and heating appliances; non-electric cookers, non-electric heaters, grills, braziers, ironing boards, ironing board covers, cages for household pets, toilet cases, water containers and mangers, birdbaths, rings for birds; ornaments made out of glass, porcelain, ceramic, clay; figurines, statues, bottles, jars, demijohns, ceramic doorknobs, porcelain doorknobs, mousetraps, vermin traps, fly catchers, fly swatters; perfume burners, perfume vaporizers, perfume sprayers and vaporizers; non-electric appliances for cosmetic purposes, non-electric appliances for removing make-up, powder puffs, toilet cases; nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden-watering devices, tap spouts; corkscrews, shuehorns; toothpicks, pipettes; indoor animal and plant growing places (terrariums); unprocessed glass, semi-processed glass, glass mosaics and glass powder for decoration purposes (except building glass), glass wool (not for insulation and textile purposes); sieves; indoor aquaria, terrariums and vivariums; fluid vessels, wooden or plastic cans, bakers' bread baskets; laundry drying mechanisms.

#### **Class 35**

Advertising (promotion) services; office functions; accounting; services related to business management (assistance and consultancy); import-export agencies; business management of performing artists, economic consulting for the industrial and commercial sectors; evaluation of wool, grading of wool, evaluation of standing timber, auctioneering; the bringing together, for the

benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods; renting of vending machines.

#### **Class 36**

Insurance services; financial and monetary services; real estate affairs; appraisal services for real estate; customs brokerage; financial consultancy.

#### **Class 40**

Metal treatment services; treatment of photographic and cinematographic goods; treatment of food and drink; slaughtering of animals; treatment of leather and fur; taxidermy; treatment of textiles; treatment of wool; tailoring services; embroidering services; treatment of timber; wood engraving, framing of works of art; treatment of liquids, chemicals, gas and air; treatment of glass (except for optical glass); treatment of optical glass; assembling of materials (for others); dental technician services (moulding); pottery firing services; production of energy; rental of generators; paper treating, paper finishing; printing services; laser scribing; laminating; saddlery working; shoe staining; quilting; waste and garbage destruction, waste combustion services; renting of knitting machines.

#### **Class 41**

Training and education services; animal training services; organizing symposiums, congresses and seminars; museum services; organization of competitions for entertainment purposes; library services; publishing services; sport services; entertainment services; casino services; production of film, television and radio programs; services related to art activities, and services in the field of art, namely art exhibition services, art gallery services, commissioning of artist works, education services related to the arts, modelling for artists, organisation of artistic competitions; photography; translation services; editing of written texts services; news reporting services, video recording services.

#### **Class 42**

Scientific and industrial analysis and research services; engineering services; computer services; design services, package design services, industrial design services; clothes designing services.

#### **Class 44**

Medical services; beauty care services; health care services; services related to veterinary and husbandry; services related to agriculture and horticulture; wreath preparation services, flower arrangement services.

#### Class 07

Precision high-speed automatic presses; presses "machines for industrial purposes"; machine tools; liquid crystal glass substrates handling robot; semiconductor substrates handling robot; fabrication robot; motors and engines other than for land vehicles; cooling pumps for machine; pumps for fuel cell; stepping motors other than for land vehicles; brush type DC motors other than for land vehicles; servo motors other than for land vehicles; polygonal mirror scanner motors other than for land vehicles; drain valve controllers for washing machines; time switch for washing machines; AC motors and DC motors other than for land vehicles, parts for AC motors and DC motors other than for land vehicles; domestic fuel-cell, medical equipment for respiratory systems, industrial equipment; polygon laser scanner motors for laser printers, copying machines, medical equipment; motor not for land vehicles; motors other than for land vehicles, namely motors to rotate optical disk, namely CDs, DVDs, and other optical disk media; electric motors for machines; alternating current motors for machines; direct current motors other than for land vehicles; electric motors for machines with a digital servo drive controller; parts for non-electric prime movers for land vehicles; fans for parts of machines, engines or motors; blowers for parts of machines, engines or motors; blowers not for specified purposes; shafts; axles or spindles not for land vehicles; bearings for machine elements not for land vehicles; shaft couplings or connectors for machine elements not for land vehicles; pivot assembly bearings being machine elements other than for land vehicles; potters' wheels; power transmissions and gearing for machines not for land vehicles; reduction gears for machine elements not for land vehicles; speed change gears for machine elements not for land vehicles; fluid couplings for machine elements not for land vehicles; motors and pumps for refrigerators, dishwasher, water heater, ice machine and washing machine; semiconductor manufacturing machines and systems; machines for bonding dies for manufacturing semiconductors; drive unit other than for land vehicles; ball screw; washing machines, apparatus and their parts; motors, electric, other than for land vehicles and their parts and fittings.

#### Class 09

Telecommunication transmitters; transmitters of signals; telegraphs; facsimile machines; telephones; walkie-talkies; package switches; trimmer potentiometer; backlight units with LED for

mobile phones; backlight units with LED for digital video cameras; backlight units with LED for portable music player; backlight units with LED for car navigation systems; speaker; optical pickups for optical disk drives; automatic disk changer for optical disk drives; mechanical unit for tape recorders; cooler fans for telecommunication devices and apparatus; cooler fans for electric machines and apparatus; fans being parts of vending machines; fans for car navigation systems; cooler fan for automobile battery; cooler fan gas-and-electric cars of battery; cooler fan for battery of electric vehicles; fans for goggles for anti-tarnishing; electronic machines, apparatus and their parts; thermal printers for computers, apparatus and their parts; fans for computer; fans for mouse; fans for printer; parts of computers; fans blowers and coolers for CPU, computers, data processing equipment, electrical office apparatus and machines; automatic measuring machine; automatic centering machine; air, electric micrometer with measuring head; limit gage; limit screw gage; rotary or linear encoders which detect and transmit position signals of the rotating and/or traveling works; printed circuit boards test equipments and its parts; measuring or testing machines and instruments; test equipments for electronic parts for medical equipments and instruments; continuity test equipments; short test equipments; test equipments for testing printed circuit boards; fixtures for testing printed circuit boards; tachometers; speed indicators; measuring or testing machines and instruments for ceramics for electrical machinery; card readers; card vending machines; lens actuators for cell phones; potentiometers; encoders; potentiometers for factory robots; encoders for factory robots; photographic, apparatus and their parts; shutters, apparatus and their parts; lens units being parts and accessories for cameras; shutters of cameras being parts and accessories for mobile phones; camera lens units being parts and accessories for mobile phones; backlight units with LED for digital still cameras; time switches; time switches, automatic.

#### Class 11

Refrigerators, apparatus and their parts; damper for refrigerators; refrigerant valve for refrigerators; ice makers for refrigerators; defrost timers for refrigerators; electric micro wave oven, apparatus and their parts; time switches for electric micro wave ovens; microwave oven range motors; household electromechanical appliances namely electric cooking pots, electric refrigerators, electric freezers, electric cooking ovens, microwave ovens, electromagnetic induction coolers; fans for household electromechanical appliances; fans for refrigerators; fans for rice cookers; fans for mosquito incense machines; electric fans and electric blowers for cooling and drying not being parts of motors or engines; electric fans and blowers for cooling and heat radiation; electric fans and blowers for drying purposes; electric fans and

blowers for agitating purposes; heat sink fan and fan motor; air conditioners, apparatus and their parts; louver driving apparatus for air conditioners; time switches for washing machines; set units of toilet bowl and seat; toilet stool units with a washing water squirter; squirter nozzle controllers for toilet stool units with a washing water squirter; auto flush series; toilet seats controller; toilet seats; domestic fans for toilets deodorizing apparatus; fans for toilet seats; fans for hot air apparatus toilets; hot water supply, apparatus and their parts; valve actuators for hot water supply apparatus; kilns; fans for air conditioners of vehicles.

#### **Class 12**

Machine elements for land vehicles; reduction gears for machine elements for land vehicles; speed change gears for machine elements for land vehicles; shafts, axles or spindles for land vehicles; bearings for land vehicles; shaft couplings or connectors for land vehicles; shock absorbers for land vehicles; shock absorbing springs for land vehicles; brakes for land vehicles; non-electric prime movers for land vehicles not including their parts; motors for automobiles; motors for bicycles; windows for vehicle; brake lining for vehicles; brake segments for vehicles; fans to be mounted under vehicle seats; cooler fans for dashboards of automobiles; fans to be mounted under gas-and-electric cars seats; cooler fans for dashboards of gas-and-electric cars; fans to be mounted under electric vehicles seats; cooler fans for dashboards of electric vehicles; two-wheeled motor vehicles; bicycles and their parts and fittings.

**Class 07**

Machines for the handling of single and multi-stranded filamentous materials of all types; machines incorporating blowing mechanisms for the installation of cables, wires and optical fibres, particularly in ducts and pipes using compressed air or another gas and parts and fittings therefor; apparatus for the installation of cables, wires and optical fibres in ducts and pipes, namely pressurised gas bottles and compressors; air compressors being parts of industrial blowing machines for the transport of cables, wires and optical fibres; vacuum pumps being parts of industrial blowing machines for the transport of cables, wires and optical fibres; valves for compressors being parts of industrial blowing machines for the transport of cables, wires and optical fibres; pressure control valves being parts of industrial blowing machines for the transport of cables, wires and optical fibres; control valves being parts of industrial blowing machines for the transport of cables, wires and optical fibres; blowing machines for the transport of cables, wires and optical fibres; feed mechanisms, feed rollers, drive mechanisms and gears, all for controlling the movement of cables, wires and optical fibres; machines and equipment for joining, terminating and separating cables, wires and optical fibres; cleaving, cutting and stripping apparatus, all for electrical cables, wires and optical fibres.

**Class 09**

Apparatus and instruments for the control and transmission of optical and/or electronic signals; telecommunications apparatus and computers and microprocessors for use therewith; software for use with telecommunications apparatus; electrical and electronic apparatus, computer hardware, computer firmware and computer software, all for the monitoring and/or control and/or management of the physical configuration and connectivity of telecommunications networks and of computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks; electrical and electronic apparatus, computer hardware, computer firmware and software for controlling access to and/or protecting communications on telecommunications networks and computer networks; electronic scanning apparatus; network management control panels; optical fibre connectors; optical fibre devices, including couplers, splitters, patch panels, fibre cassettes, patch cord management bars, wall and floor outlets, route joints, changeover boxes, duct connectors, end-caps, plugs and blanks; duct testing kits for use in the

installation and testing of optical fibres and optical fibre cables, including apparatus and instruments for mechanically testing the integrity of cable ducts; apparatus and equipment for use in the testing of optical fibres and optical fibre cables, including apparatus and instruments for monitoring the strength and leakage of optical signals; apparatus and instruments for use in the repair of optical fibres and optical fibre cables, including apparatus and instruments enabling the removal and replacement of a damaged section by cutting and joining; optical fibre installations, being networks of optical fibres, including those contained within conduits or ducting; conduits for receiving optical fibres and optical fibre cables; optical fibres, optical fibre cables; electric wires; electric cables; coaxial cable; switches, plugs, sockets, and connections, all being electric, electronic or optical; electrical terminals; joints, connectors and stops for the termination of cables, wires and optical fibres; apparatus and instruments for protecting electrical and optical installations and apparatus; mountings for electrical apparatus; electrical test apparatus; optical test apparatus; aerials for telecommunications apparatus; socket outlets for coaxial cable; electrical and electronic indicator apparatus for displaying information; computer peripheral devices; data logging apparatus; local area networking apparatus for telecommunications and for the transmission of data; modems; multimedia communications apparatus; apparatus and instruments for distribution of radio, television and telephone services; cable installations for the distribution of radio, television and telephone services; apparatus for providing Internet access; optical and electronic monitoring and sensing apparatus; optical and electronic interconnection apparatus; telephone line jack outlets and computer terminal sockets, all being telecommunications apparatus; ducts; trunking; flexible ducting for containing optical fibres and/or electric cables or wires; electricity conduits; conduit boxes; conduit fittings; insulated copper wire; electric cables; electric conductors; identification labels and sheaths for optical or electric wires or for optical or electric connections; filters for radio interference suppression; parts and fittings for protection against electromagnetic radiation for use in electrical installations; protection devices for electronic and electric circuits; electrical power conditioning apparatus; voltage spike suppressors; electrical noise suppressor apparatus, capacitors, inductors, and resistors; electrical earthing apparatus; earth terminals and connections; earthing conductors; boxes for electrical, electronic or optical connections, being waterproof, or splashproof, or adapted to exclude the ingress of dust or water; safety locking devices (electric); apparatus for the protection of optical fibres and optical fibre installations; housings, cases and cabinets for optical, electrical and electronic equipment; flexible cords; patch cables; coiled or retractable leads and cables; wiring for interconnection of computers and computer equipment;

telephone and data-carrying wires, cables and optical fibres, all in screened, unscreened, twisted pair or ribbon form; communication and control equipment adapted for use in buildings; electrical, electronic or optical apparatus and instruments for environmental control systems and for building management control systems; communication and control equipment adapted for use with marine, aircraft or aerospace apparatus; cables, wires, and optical fibres adapted for use with or in vehicles; communication and control equipment adapted for use with vehicles; plugs, sockets, terminals, connections, all being for cables, wires and optical fibres adapted for use with or in aerospace apparatus, aircraft, ships, off-shore platforms, or vehicles; railways and mass transit signalling and communication apparatus; drums, reels and cassettes, all for electrical or optical cables, wires and fibres; electrical, electronic or optical apparatus and instruments for transport control systems, including signalling and information systems, particularly for railway, road, mass-transit or airport systems; communications apparatus for cameras for surveillance, including closed circuit television cameras; apparatus for control and information systems for motorised vehicles and for engines; parts and fittings for all the aforesaid goods; but not including timers or any goods incorporating timers.

#### **Class 16**

Instructional and teaching materials, technical manuals, printed matter and signage, all relating to optical fibres, the use of optical fibres, the transmission of electrical signals, telecommunications installations, electrical installations, electricity, fire or safety; materials for use in vocational training courses relating to optical fibres, the use of optical fibres, the transmission of electrical signals, telecommunications installations, electrical installations, electricity, fire or safety.

#### **Class 17**

Flexible pipes and flexible tubes, not of metal; sealing devices and covers, all for waterproof or dustproof joints; insulators for cables; insulators for electrical mains; junctions, not of metal, for pipes; couplings of plastic for pipes and tubes; couplings of rubber for pipes and tubes; covers made of plastics for protecting electrical, electronic or optical components; non-metallic flexible ducting for holding optical fibres, optical cables, electronic wires, or electric cables; flexible ducting of plastics; electrical insulation articles for use on joints of optical fibres, optical fibre cables, electric cables, splices of electric cables, terminations of electric cables, and for electric conductors; parts and fittings for all the aforesaid goods.

#### **Class 19**

Non-metallic rigid pipes for building; non-metallic building elements for use in the construction of floors and for the supply of

services; non-metallic skirtings, architrave, dado rails, and cornices; joints for cable conduit; non-metallic housing units; parts and fittings for all the aforesaid goods.

#### **Class 35**

Commercial information services provided from computer databases relating to the installation, maintenance and repair of optical fibre installations and of telecommunications networks and of computer networks; data handling and data entry services for the monitoring and controlling of telecommunications networks and of computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks; advisory, supervision and consultancy services for the aforesaid services.

#### **Class 37**

Installation and repair of optical fibres, optical fibre cables, optical fibre connectors, optical fibre devices, conduits for receiving optical fibres and optical fibre cables, and of optical fibre installations; installation and repair of telecommunications networks, pipe work, ducting and sewers; installation and repair of telecommunications networks, including fibre optic cables within pipe work, ducting, sewers, underground pipes or conduits; installation, repair, maintenance and upgrading of electrical and electronic apparatus, computer hardware and computer firmware, all for the monitoring and control of telecommunications networks and of computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks; advisory services relating to the installation, repair, maintenance, renovation and improvement of optical fibres or optical fibre cables; supervision of building construction; advisory services relating to the installation of telecommunications or electrical services in buildings or in vehicles, or in marine, or in aircraft, or in aerospace apparatus; advisory services relating to the repair, maintenance, renovation and improvement of telecommunications or electrical services; advisory services relating to the installation, repair, maintenance and upgrading of electrical and electronic apparatus, computer hardware and computer firmware, all for the monitoring and control of telecommunications networks and of computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks; advisory services relating to the installation of building management systems; advisory services relating to the installation of fire alarm systems; advisory services relating to installation, repair and maintenance of hardware for computer installations and computer based systems for telecommunications; advisory services relating to the safe installation of electrical apparatus to protect property and personnel from electrical hazards; building construction supervision; construction information; electrical installation;

installation of electrical apparatus, repair and maintenance; installation of apparatus for heating and ventilating; wiring of buildings for electrical power and communication services; advisory, supervision and consultancy services for the aforesaid services, including related information and database services, provided directly or indirectly from a computer; consultancy services for the installation, and repair of telecommunications and/or computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks; consultancy services for the installation and repair of optical fibres, optical fibre cables, optical fibre connectors, optical fibre devices, conduits for receiving optical fibres and optical fibre cables, and of optical fibre installations.

#### **Class 38**

Consultancy services for the transmission of optical and/or electronic signals.

#### **Class 41**

Arranging and conducting of seminars, training workshops, and training courses, all relating to optical fibres, the use of optical fibres, electrical wires, electric cables, or to telecommunications systems; publication and distribution of books and texts, all relating to optical fibres, the use of optical fibres, electrical wires and cables, or to telecommunications systems; production and distribution of videotape, film, audio tape recordings and computer based training materials, all for educational and training purposes and all relating to optical fibres, the use of optical fibres, electrical wires and cables, or to telecommunications systems; practical training, teaching and tuition, all relating to the use of optical fibres or electrical wires; training and training services relating to optical, electronic or electrical engineering; publication of materials for use in vocational training courses relating to optical, electronic or electrical engineering, or to telecommunications systems; education services relating to electrical safety; education information relating to the safety of electronic or electrical installations, and to the protection of property and personnel from electrical hazards; publication of materials in printed and electronic form, including instruction and training manuals, data sheets, leaflets and books, all relating to the safety of electrical installations and to the protection of property and personnel from electrical hazards.

#### **Class 42**

Design and development services, all for the control and transmission of optical and/or electronic signals; design and development services, all for the installation and repair of telecommunications and/or computer networks, the said networks including wireless networks and/or copper networks and/or optical

fibre networks; design and development services, all for the installation and repair of optical fibres, optical fibre cables, optical fibre connectors, optical fibre devices, conduits for receiving optical fibres and optical fibre cables, and of optical fibre installations; design, development and consultancy services, all for electrical and electronic apparatus, computer hardware, computer firmware and computer software, all for the monitoring and control of telecommunications networks and of computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks; installation, repair, maintenance and upgrading of computer software, all for the monitoring and control of telecommunications networks and of computer networks, the said networks including wireless networks and/or copper networks and/or optical fibre networks.
