PRACTICE DIRECTION NO. 2 OF 2005
REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 09

Apparatus for recording, transmission or reproduction of sound, images, and data; magnetic data carriers, recording discs; data processing equipment; computers; computer software; computer software and hardware for transmitting, sharing, receiving, downloading, displaying, recording, transmitting, manipulating, transferring and optimizing content, text, visual works, audio works, audiovisual works, literary works, data, files, documents, electronic works, and computer game programs via computers, mobile phones, cellular phones, smart phones, televisions (TVs), TV receivers, set-top boxes, computer game machines or portable electronic devices; table computer, set-top box, mobile phone, cellular phone and smartphone operating system software; application software for tablet computers, mobile phones, cellular phones and smartphones; computer hardware; computer peripheral devices; application software

apparatus and instruments, all for recording, processing, logging, storing, sharing, downloading, displaying, transmitting, manipulating, transferring and optimizing, transmitting and receiving sound, images and data; cable television apparatus and instruments; televisions; modems; telecommunications apparatus; data communications hardware; electronic publications (downloadable); printed publications in electronically readable form; electronic and recorded multimedia publications; antennas; electric sockets; network and wireless routers; cameras; cards (encoded and magnetic); cards with integrated circuits; cards incorporating electronic chips; integrated circuits; electronic navigational and positioning apparatus and instruments; GPS navigation device; radios; walkie-talkies; wireless apparatus; microphones; switchboards; distribution panels boards (electricity); electricity distribution apparatus and instruments; power distribution apparatus for use in electrical systems; wires, electric; cables, electric; ducts (electricity); information storage apparatus and devices (electric or electronic); intercommunication satellites; satellites for communication purposes; fibre optic apparatus; fibre optics; broadband data and internet interconnecting computers; computer, network and internet servers; high capacity broadband telecommunications switching apparatus; traffic control apparatus, instruments and installations (electronic); electromagnetic apparatus for the communication of information; data and voice processors; voice mail systems; voice transmission apparatus; video conferencing apparatus; installations, apparatus, instruments and circuits for telecommunications, data communications, electronic communications, microwave communications and optical signal and other electromagnetic transmission; discs, card and wires, all being electronic, magnetic, electromagnetic, optical and electro-optical data carriers; encoding and decoding apparatus and instruments; signalling instruments and devices; signal decoders; audio and video receivers; telephone receivers; transmitters (telecommunications); transmitters of electronic signals; telephone apparatus, printers for use with computers; electronic remote access online information apparatus and instruments.

Class 35

Advertising; business management; marketing; business administration; office functions; collection of data; computerised data processing; data management; data verification; database management; business assistance; business research; business data analysis services; business analysis and planning services; business feasibility studies; computerised business information services; business development services; economic analysis for business purposes; preparation of business reports; business process and systems management business research; business merger services; compilation of business data; compilation of information into computer databases; business acquisitions; evaluation of business opportunities; negotiation of contracts (for others); payroll processing services (for others); payroll preparation; human resource management; accounting; preparation of accounts; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof) in the field of telecommunications, telecommunications-related apparatus, computers, and computer related apparatus, enabling customers to conveniently view and purchase those goods in a retail or distributor outlet or via a general merchandise website through computers, interactive means of communication, and the global communications network or from a general merchandise catalogue by mail order or by means of telecommunications; business management of data centers; business management and administration of real estate for industrial and commercial properties, business centers, retail and wholesale outlets, and data centers; business management and advisory services supporting utilisation of a global computer network; logistics services consisting of business management

and organisation of facilities and resources; information, advisory and consultancy services relating to the aforesaid services; administrative services relating to investments.

Class 36

Financial affairs; financial services; financial and investment asset management; investment fund management; cash management and processing; debt restructuring; management of funds; portfolio management; tax services (financial); financial advisory, management and consultancy services; financial evaluation and analysis; real estate affairs; real estate management; management of investments, securities, property and real estate; information, advisory and consultancy services relating to the aforesaid services.

Class 38

Telecommunications; telecommunications services, namely, voice telephone local and long distance services, facsimile, and data transmission services via a fiber optic network; broadcasting of programmes by radio, satellite or television; broadcasting or transmission of recorded messages and information; cable television services; call centre services (electronic call diversion and messaging); computer communication services; interactive communication services; operation of cellular communications systems; chat room services (telecommunications services); computer communication services; data broadcasting services; broadcasting services; data communication services; data transmission; electronic communication services; facsimile transmission; internet portal services; internet service provider (ISP) services; message boards; message sending, receiving and forwarding; message storage and transmission (telecommunications); delivery of messages by electronic media; netcasting and webcasting (broadcasting over a global computer network); news agencies; operation of electronic communications networks and systems, cable television systems, cellular communications systems, chat rooms, local area networks, paging systems, telecommunications apparatus and systems, wide-band telecommunication networks; operation of a communication network in particular for communication in mobile networks by transferring and transmitting of data and other information between mobile phones or with phones in terrestrial networks; pay telephone communication services; planning relating to communications; providing access to computer networks and databases (including global communications network access); providing access time to web sites (ISPs); providing online forums; providing user access to global computer networks; providing user access to global positioning signals for navigation purposes; transmission of voice, data, pictures, music and video via wireless networks; telecommunication services, namely, voice over Internet protocol telephony services, worldwide long distance transmission of voice, data, video, graphics by means of telephone and satellite transmissions; providing telecommunications connections to a global computer network featuring real time contact with service providers via phone, chat or e-mail; provision of wireless application protocol services including those utilizing a secure communications channel (telecommunication services allowing users to access information instantly via handheld devices); provision of broadcasting equipment for outside locations; provision of hyperlinks on a website and to other websites; provision of telecommunication and teleconferencing facilities; radio communication services; rental of communications systems and equipment; subscription television broadcasting; telecommunications routing and junction services; telecommunications security (providing secure connections and access including to computers & the global computer network); teleconferencing services; telefax and telegraph services; telephone services; voice mail services; voice message retrieval and storage services; voice transmission

services; web portal services (providing user access to global computer network); wire service; wireless communication services; wireless telephone services; electronic mail; video communications services; electronic transmission of voices; video transmissions services; satellite broadcasting services; satellite transmission; satellite telecommunications services; rental of satellite broadcasting sets; fibre optic telecommunication services; satellite video conferencing services; providing co-location services in the nature of telecommunication services for accessing computer hardware, software, voice, video and data communications applications; telecommunications services, namely, voice telephone local and long distance services, facsimile and data transmission services via a fibre optic network; remote transmission of data by means of telecommunications; computer network communication services; data transmission services over telecommunications networks; maritime radio-telephone network services; operation of wide-band telecommunication networks, local area networks and television cable networks; providing telecommunications connections to a global computer network; switching network services (telecommunication); cable broadcasting and transmission; communication services by cable; operation of cable television systems and networks; rental of cable television transmission equipment; transmission of data by cable; electronic bulletin board services (telecommunications services); communication services offered in an electronic commerce, mobile payment gateway and E-wallet environments, including internet telephony services and the transfer of data, video and other information, over a global computer network and other communication network and other communication systems and networks, to people using personal computers, telephones and other communication devices; telecommunication services for the electronic transmission of data, documents, images, information, messages and voices; voice and data network communications services; leasing of telecommunication equipment; leasing satellite transmission capacity; providing third party users with access to telecommunication infrastructure; information, advisory and consultancy services relating to the aforesaid services.

Class 41

Education; providing of training; entertainment; multimedia production; business training services; event management services (organization of educational and entertainment events); game services provided online (from a computer network); game shows; internet games (non-downloadable); organisation of games; magazine publishing; management of entertainment events and services; news and current affairs programmes; news reporter services; pay television entertainment; presentation of live performances; production of films, other than advertising films; production of television programmes, videos and webcasts; providing facilities for entertainment; providing online electronic publications (not downloadable); providing recreation facilities; provision of games by means of a computer based system; publication of electronic books and journals online; publication of printed matter, journals, magazines, manuals, multimedia material online, music, newspapers, periodicals, posters, texts (other than publicity texts); publishing by electronic means; publishing services; recreation services; showing of films; subtitling; syndication of radio and television programmes; television entertainment; television programme distribution (other than transportation); television viewing guide services; video game entertainment services; weblog (blog) services (online publication of journals or diaries); provision of entertainment services through the media or publications; all the aforesaid services also provided online from a computer database or via the global communications network or via

computer networks and mobile devices; information, advisory and consultancy services relating to the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; compilation of data-processing programs; computer analysis; computer database consultancy services; computer design; computer disaster recovery services; disaster recovery services for data communications systems; computer hardware (consultancy in the design and development of -); computer hire; computer network services; computer program maintenance and updating services; computer programming; computer research services; computer security services (design and development of secure computer hardware, software and systems); computer security services (programming and software installation, repair and maintenance services); computerised communication network security; data security services (firewalls); network security services (test and risk assessment of electronic networks); computer software design, development and programming services; computer support services (programming and software installation, repair and maintenance services); computer system analysis and design; computerised business information storage; computerised data storage services; conducting of feasibility studies; surveying; provision of surveys (scientific and technical); conversion of data or documents from physical to electronic media; creating, designing and maintaining web pages, web sites and weblogs (blogs) for others; data conversion of computer programs and data (not physical conversion); data cryptology and encryption services; data mining; data security services (firewalls); data storage (other than physical storage); database design; design of communication systems and apparatus; design of computer codes, computer databases, computer languages; design of electronic systems; design of information systems; design of telecommunications apparatus and installations; development of software; development of systems for the processing, storage and transmission of data; development, maintenance and updating of a telecommunication network search engine; electronic data storage; hosting of databases; hosting of computer sites (web sites); hosting of software as a service (SaaS); hosting of weblogs (blogs); Information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); network security services (test and risk assessment of electronic networks); online provision of web-based applications and software; operating search engines; preparation of technical manuals; providing search engines for the internet; provision of online non-downloadable software (application service provider); research services; rental of web servers; server hosting; web portal services (designing or hosting); web site design; computer rental; development of computer based networks; development of computer software application solutions; monitoring of computer systems by remote access; engineering services relating to computers and computer programming; product testing; technical testing services; testing and technical monitoring in the field of system integration and product integration of telecommunication networks and data processing; computer co-location services namely providing computer facilities for the location of computer servers with the equipment of others; management of computer applications (for others) by remote access; duplication, modification, and creation of computer programs; recovery of computer data; design and development of multimedia products; information, advisory and consultancy services relating to the aforesaid services.

Class 09

Apparatus for recording, transmission or reproduction of sound, images, and data; magnetic data carriers, recording discs; data processing equipment; computers; computer software; computer software and hardware for transmitting, sharing, receiving, downloading, displaying, recording, transmitting, manipulating, transferring and optimizing content, text, visual works, audio works, audiovisual works, literary works, data, files, documents, electronic works, and computer game programs via computers, mobile phones, cellular phones, smart phones, televisions (TVs), TV receivers, set-top boxes, computer game machines or portable electronic devices; table computer, set-top box, mobile phone, cellular phone and smartphone operating system software; application software for tablet computers, mobile phones, cellular phones and smartphones; computer hardware; computer peripheral devices; application software apparatus and instruments, all for recording, processing, logging, storing, sharing, downloading, displaying, transmitting, manipulating, transferring and optimizing, transmitting and receiving sound, images and data; cable television apparatus and instruments; televisions; modems; telecommunications apparatus; data communications hardware; electronic publications (downloadable); printed publications in electronically readable form; electronic and recorded multimedia publications; antennas; electric sockets; network and wireless routers; cameras; cards (encoded and magnetic); cards with integrated circuits; cards incorporating electronic chips; integrated circuits; electronic navigational and positioning apparatus and instruments; GPS navigation device; radios; walkie-talkies; wireless apparatus; microphones; switchboards; distribution panels boards (electricity); electricity distribution apparatus and instruments; power distribution apparatus for use in electrical systems; wires, electric; cables, electric; ducts (electricity); information storage apparatus and devices (electric or electronic); intercommunication satellites; satellites for communication purposes; fibre optic apparatus; fibre optics; broadband data and internet interconnecting computers; computer, network and internet servers; high capacity broadband telecommunications switching apparatus; traffic control apparatus, instruments and installations (electronic); electromagnetic apparatus for the communication of information; data and voice processors; voice mail systems; voice transmission apparatus; video conferencing apparatus; installations,

apparatus, instruments and circuits for telecommunications, data communications, electronic communications, microwave communications and optical signal and other electromagnetic transmission; discs, card and wires, all being electronic, magnetic, electromagnetic, optical and electro-optical data carriers; encoding and decoding apparatus and instruments; signalling instruments and devices; signal decoders; audio and video receivers; telephone receivers; transmitters (telecommunications); transmitters of electronic signals; telephone apparatus, printers for use with computers; electronic remote access online information apparatus and instruments.

Class 35

Advertising; business management; marketing; business administration; office functions; collection of data; computerised data processing; data management; data verification; database management; business assistance; business research; business data analysis services; business analysis and planning services; business feasibility studies; computerised business information services; business development services; economic analysis for business purposes; preparation of business reports; business process and systems management business research; business merger services; compilation of business data; compilation of information into computer databases; business acquisitions; evaluation of business opportunities; negotiation of contracts (for others); payroll processing services (for others); payroll preparation; human resource management; accounting; preparation of accounts; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof) in the field of telecommunications, telecommunications-related apparatus, computers, and computer related apparatus, enabling customers to conveniently view and purchase those goods in a retail or distributor outlet or via a general merchandise website through computers, interactive means of communication, and the global communications network or from a general merchandise catalogue by mail order or by means of telecommunications; business management of data centers; business management and administration of real estate for industrial and commercial properties, business centers, retail and wholesale outlets, and data centers; business management and advisory services supporting utilisation of a global computer network; logistics services consisting of business management and organisation of facilities and resources; information, advisory and consultancy services relating to the aforesaid services; administrative services relating to investments.

Class 36

Financial affairs; financial services; financial and investment asset management; investment fund management; cash management and processing; debt restructuring; management of funds; portfolio management; tax services (financial); financial advisory, management and consultancy services; financial evaluation and analysis; real estate affairs; real estate management; management of investments, securities, property and real estate; information, advisory and consultancy services relating to the aforesaid services.

Class 38

Telecommunications; telecommunications services, namely, voice telephone local and long distance services, facsimile, and data transmission services via a fiber optic network; broadcasting of programmes by radio, satellite or television; broadcasting or transmission of recorded messages and information; cable television services; call centre services (electronic call diversion and messaging); computer communication services; interactive communication services; operation of cellular communications systems; chat room services (telecommunications services); computer

communication services; data broadcasting services; broadcasting services; data communication services; data transmission; electronic communication services; facsimile transmission; internet portal services; internet service provider (ISP) services; message boards; message sending, receiving and forwarding; message storage and transmission (telecommunications); delivery of messages by electronic media; netcasting and webcasting (broadcasting over a global computer network); news agencies; operation of electronic communications networks and systems, cable television systems, cellular communications systems, chat rooms, local area networks, paging systems, telecommunications apparatus and systems, wide-band telecommunication networks; operation of a communication network in particular for communication in mobile networks by transferring and transmitting of data and other information between mobile phones or with phones in terrestrial networks; pay telephone communication services; planning relating to communications; providing access to computer networks and databases (including global communications network access); providing access time to web sites (ISPs); providing online forums; providing user access to global computer networks; providing user access to global positioning signals for navigation purposes; transmission of voice, data, pictures, music and video via wireless networks; telecommunication services, namely, voice over Internet protocol telephony services, worldwide long distance transmission of voice, data, video, graphics by means of telephone and satellite transmissions; providing telecommunications connections to a global computer network featuring real time contact with service providers via phone, chat or e-mail; provision of wireless application protocol services including those utilizing a secure communications channel (telecommunication services allowing users to access information instantly via handheld devices); provision of broadcasting equipment for outside locations; provision of hyperlinks on a website and to other websites; provision of telecommunication and teleconferencing facilities; radio communication services; rental of communications systems and equipment; subscription television broadcasting; telecommunications routing and junction services; telecommunications security (providing secure connections and access including to computers & the global computer network); teleconferencing services; telefax and telegraph services; telephone services; voice mail services; voice message retrieval and storage services; voice transmission services; web portal services (providing user access to global computer network); wire service; wireless communication services; wireless telephone services; electronic mail; video communications services; electronic transmission of voices; video transmissions services; satellite broadcasting services; satellite transmission; satellite telecommunications services; rental of satellite broadcasting sets; fibre optic telecommunication services; satellite video conferencing services; providing co-location services in the nature of telecommunication services for accessing computer hardware, software, voice, video and data communications applications; telecommunications services, namely, voice telephone local and long distance services, facsimile and data transmission services via a fibre optic network; remote transmission of data by means of telecommunications; computer network communication services; data transmission services over telecommunications networks; maritime radio-telephone network services; operation of wide-band telecommunication networks, local area networks and television cable networks; providing telecommunications connections to a global computer network; switching network services (telecommunication); cable broadcasting and transmission; communication services by cable; operation of cable television systems and networks; rental of cable television transmission equipment; transmission of data by cable; electronic bulletin board services (telecommunications services); communication services offered in an electronic commerce, mobile payment gateway and E-wallet environments, including internet

telephony services and the transfer of data, video and other information, over a global computer network and other communication network and other communication systems and networks, to people using personal computers, telephones and other communication devices; telecommunication services for the electronic transmission of data, documents, images, information, messages and voices; voice and data network communications services; leasing of telecommunication equipment; leasing satellite transmission capacity; providing third party users with access to telecommunication infrastructure; information, advisory and consultancy services relating to the aforesaid services.

Class 41

Education; providing of training; entertainment; multimedia production; business training services; event management services (organization of educational and entertainment events); game services provided online (from a computer network); game shows; internet games (non-downloadable); organisation of games; magazine publishing; management of entertainment events and services; news and current affairs programmes; news reporter services; pay television entertainment; presentation of live performances; production of films, other than advertising films; production of television programmes, videos and webcasts; providing facilities for entertainment; providing online electronic publications (not downloadable); providing recreation facilities; provision of games by means of a computer based system; publication of electronic books and journals online; publication of printed matter, journals, magazines, manuals, multimedia material online, music, newspapers, periodicals, posters, texts (other than publicity texts); publishing by electronic means; publishing services; recreation services; showing of films; subtitling; syndication of radio and television programmes; television entertainment; television programme distribution (other than transportation); television viewing guide services; video game entertainment services; weblog (blog) services (online publication of journals or diaries); provision of entertainment services through the media or publications; all the aforesaid services also provided online from a computer database or via the global communications network or via computer networks and mobile devices; information, advisory and consultancy services relating to the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing; compilation of data-processing programs; computer analysis; computer database consultancy services; computer design; computer disaster recovery services; disaster recovery services for data communications systems; computer hardware (consultancy in the design and development of -); computer hire; computer network services; computer program maintenance and updating services; computer programming; computer research services; computer security services (design and development of secure computer hardware, software and systems); computer security services (programming and software installation, repair and maintenance services); computerised communication network security; data security services (firewalls); network security services (test and risk assessment of electronic networks); computer software design, development and programming services; computer support services (programming and software installation, repair and maintenance services); computer system analysis and design; computerised business information storage; computerised data storage services; conducting of feasibility studies; surveying; provision of surveys (scientific and technical); conversion of data or documents from physical to electronic media; creating, designing and maintaining web pages, web sites

and weblogs (blogs) for others; data conversion of computer programs and data (not physical conversion); data cryptology and encryption services; data mining; data security services (firewalls); data storage (other than physical storage); database design; design of communication systems and apparatus; design of computer codes, computer databases, computer languages; design of electronic systems; design of information systems; design of telecommunications apparatus and installations; development of software; development of systems for the processing, storage and transmission of data; development, maintenance and updating of a telecommunication network search engine; electronic data storage; hosting of databases; hosting of computer sites (web sites); hosting of software as a service (SaaS); hosting of weblogs (blogs); Information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); network security services (test and risk assessment of electronic networks); online provision of web-based applications and software; operating search engines; preparation of technical manuals; providing search engines for the internet; provision of online non-downloadable software (application service provider); research services; rental of web servers; server hosting; web portal services (designing or hosting); web site design; computer rental; development of computer based networks; development of computer software application solutions; monitoring of computer systems by remote access; engineering services relating to computers and computer programming; product testing; technical testing services; testing and technical monitoring in the field of system integration and product integration of telecommunication networks and data processing; computer co-location services namely providing computer facilities for the location of computer servers with the equipment of others; management of computer applications (for others) by remote access; duplication, modification, and creation of computer programs; recovery of computer data; design and development of multimedia products; information, advisory and consultancy services relating to the aforesaid services.

Class 09

Apparatus for recording, transmission or reproduction of sound, images, and data; magnetic data carriers, recording discs; data processing equipment; computers; computer software; computer software and hardware for transmitting, sharing, receiving, downloading, displaying, recording, transmitting, manipulating, transferring and optimizing content, text, visual works, audio works, audiovisual works, literary works, data, files, documents, electronic works, and computer game programs via computers, mobile phones, cellular phones, smart phones, televisions (TVs), TV receivers, set-top boxes, computer game machines or portable electronic devices; table computer, set-top box, mobile phone, cellular phone and smartphone operating system software; application software for tablet computers, mobile phones, cellular phones and smartphones; computer hardware; computer peripheral devices; application software apparatus and instruments, all for recording, processing, logging, storing, sharing, downloading, displaying, transmitting, manipulating, transferring and optimizing, transmitting and receiving sound, images and data; cable television apparatus and instruments; televisions; modems; telecommunications apparatus; data communications hardware; electronic publications (downloadable); printed publications in electronically readable form; electronic and recorded multimedia publications; antennas; electric sockets; network and wireless routers; cameras; cards (encoded and magnetic); cards with integrated circuits; cards incorporating electronic chips; integrated circuits; electronic navigational and positioning apparatus and instruments; GPS navigation device; radios; walkie-talkies; wireless apparatus; microphones; switchboards; distribution panels boards (electricity); electricity distribution apparatus and instruments; power distribution apparatus for use in electrical systems; wires, electric; cables, electric; ducts (electricity); information storage apparatus and devices (electric or electronic); intercommunication satellites; satellites for communication purposes; fibre optic apparatus; fibre optics; broadband data and internet interconnecting computers; computer, network and internet servers; high capacity broadband telecommunications switching apparatus; traffic control apparatus, instruments and installations (electronic); electromagnetic apparatus for the communication of information; data and voice processors; voice mail systems; voice transmission apparatus; video conferencing apparatus; installations, apparatus, instruments and circuits for telecommunications, data communications, electronic communications, microwave communications and optical signal and other electromagnetic transmission; discs, card and wires, all being electronic, magnetic, electromagnetic, optical and electro-optical data carriers; encoding and decoding apparatus and instruments; signalling instruments and devices; signal decoders; audio and video receivers; telephone receivers; transmitters (telecommunications); transmitters of electronic signals; telephone apparatus, printers for use with computers; electronic remote access online information apparatus and instruments.

Class 35

Advertising; business management; marketing; business administration; office functions; collection of data; computerised data processing; data

management; data verification; database management; business assistance; business research; business data analysis services; business analysis and planning services; business feasibility studies; computerised business information services; business development services; economic analysis for business purposes; preparation of business reports; business process and systems management business research; business merger services; compilation of business data; compilation of information into computer databases; business acquisitions; evaluation of business opportunities; negotiation of contracts (for others); payroll processing services (for others); payroll preparation; human resource management; accounting; preparation of accounts; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof) in the field of telecommunications, telecommunications-related apparatus, computers, and computer related apparatus, enabling customers to conveniently view and purchase those goods in a retail or distributor outlet or via a general merchandise website through computers, interactive means of communication, and the global communications network or from a general merchandise catalogue by mail order or by means of telecommunications; business management of data centers; business management and administration of real estate for industrial and commercial properties, business centers, retail and wholesale outlets, and data centers; business management and advisory services supporting utilisation of a global computer network; logistics services consisting of business management and organisation of facilities and resources; information, advisory and consultancy services relating to the aforesaid services; administrative services relating to investments.

Class 36

Financial affairs; financial services; financial and investment asset management; investment fund management; cash management and processing; debt restructuring; management of funds; portfolio management; tax services (financial); financial advisory, management and consultancy services; financial evaluation and analysis; real estate affairs; real estate management; management of investments, securities, property and real estate; information, advisory and consultancy services relating to the aforesaid services.

Class 38

Telecommunications; telecommunications services, namely, voice telephone local and long distance services, facsimile, and data transmission services via a fiber optic network; broadcasting of programmes by radio, satellite or television; broadcasting or transmission of recorded messages and information; cable television services; call centre services (electronic call diversion and messaging); computer communication services; interactive communication services; operation of cellular communications systems; chat room services (telecommunications services); computer communication services; data broadcasting services; broadcasting services; data communication services; data transmission; electronic communication services; facsimile transmission; internet portal services; internet service provider (ISP) services; message boards; message sending, receiving and forwarding; message storage and transmission (telecommunications); delivery of messages by electronic media; netcasting and webcasting (broadcasting over a global computer network); news agencies; operation of electronic communications networks and systems, cable television systems, cellular communications systems, chat rooms, local area networks, paging systems, telecommunications apparatus and systems, wide-band telecommunication networks; operation of a communication network in particular for communication in mobile networks by transferring and transmitting of data and other information between mobile phones or with phones in terrestrial networks; pay telephone communication services;

planning relating to communications; providing access to computer networks and databases (including global communications network access); providing access time to web sites (ISPs); providing online forums; providing user access to global computer networks; providing user access to global positioning signals for navigation purposes; transmission of voice, data, pictures, music and video via wireless networks; telecommunication services, namely, voice over Internet protocol telephony services, worldwide long distance transmission of voice, data, video, graphics by means of telephone and satellite transmissions; providing telecommunications connections to a global computer network featuring real time contact with service providers via phone, chat or e-mail; provision of wireless application protocol services including those utilizing a secure communications channel (telecommunication services allowing users to access information instantly via handheld devices); provision of broadcasting equipment for outside locations; provision of hyperlinks on a website and to other websites; provision of telecommunication and teleconferencing facilities; radio communication services; rental of communications systems and equipment; subscription television broadcasting; telecommunications routing and junction services; telecommunications security (providing secure connections and access including to computers & the global computer network); teleconferencing services; telefax and telegraph services; telephone services; voice mail services; voice message retrieval and storage services; voice transmission services; web portal services (providing user access to global computer network); wire service; wireless communication services; wireless telephone services; electronic mail; video communications services; electronic transmission of voices; video transmissions services; satellite broadcasting services; satellite transmission; satellite telecommunications services; rental of satellite broadcasting sets; fibre optic telecommunication services; satellite video conferencing services; providing co-location services in the nature of telecommunication services for accessing computer hardware, software, voice, video and data communications applications; telecommunications services, namely, voice telephone local and long distance services, facsimile and data transmission services via a fibre optic network; remote transmission of data by means of telecommunications; computer network communication services; data transmission services over telecommunications networks; maritime radio-telephone network services; operation of wide-band telecommunication networks, local area networks and television cable networks; providing telecommunications connections to a global computer network; switching network services (telecommunication); cable broadcasting and transmission; communication services by cable; operation of cable television systems and networks; rental of cable television transmission equipment; transmission of data by cable; electronic bulletin board services (telecommunications services); communication services offered in an electronic commerce, mobile payment gateway and E-wallet environments, including internet telephony services and the transfer of data, video and other information, over a global computer network and other communication network and other communication systems and networks, to people using personal computers, telephones and other communication devices; telecommunication services for the electronic transmission of data, documents, images, information, messages and voices; voice and data network communications services; leasing of telecommunication equipment; leasing satellite transmission capacity; providing third party users with access to telecommunication infrastructure; information, advisory and consultancy services relating to the aforesaid services.

Class 41

Education; providing of training; entertainment; multimedia production; business training services; event management services (organization of

educational and entertainment events); game services provided online (from a computer network); game shows; internet games (non-downloadable); organisation of games; magazine publishing; management of entertainment events and services; news and current affairs programmes; news reporter services; pay television entertainment; presentation of live performances; production of films, other than advertising films; production of television programmes, videos and webcasts; providing facilities for entertainment; providing online electronic publications (not downloadable); providing recreation facilities; provision of games by means of a computer based system; publication of electronic books and journals online; publication of printed matter, journals, magazines, manuals, multimedia material online, music, newspapers, periodicals, posters, texts (other than publicity texts); publishing by electronic means; publishing services; recreation services; showing of films; subtitling; syndication of radio and television programmes; television entertainment; television programme distribution (other than transportation); television viewing guide services; video game entertainment services; weblog (blog) services (online publication of journals or diaries); provision of entertainment services through the media or publications; all the aforesaid services also provided online from a computer database or via the global communications network or via computer networks and mobile devices; information, advisory and consultancy services relating to the aforesaid services.

Class 42

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Monitors, testers and systems used for measuring and/or recording and/or transmitting data; computer software and interfaces for the aforesaid goods; apparatus for recording, transmission and/or reproduction of sound or images or other data; data processing equipment; telephone-based information retrieval software and hardware; electronic communication equipment and instruments; telecommunications apparatus and instruments; magnetic, optical, and electronic data storage materials and devices; apparatus for data storage; portable digital electronic devices for data processing, information processing, storing and displaying data, transmitting and receiving data, transmission of data between computers, and software related thereto; downloadable publications; encoded magnetic cards; RFID tags and associated software; software for use in advertising; software relating to the organisation, operation and supervision of sales and promotional incentive schemes and promotional services; electronic apparatus for wireless reception, storage and transmission of data; wireless receivers; wireless transmitters; wireless local area network devices; wireless charging apparatus; wireless energy scavenging apparatus and devices; wireless energy transfer device; wireless device for recording and sharing real time data; computer software for customer reward and incentive programmes, databases and data related to customer reward and incentive programmes and related database management software; computers, computer terminals, and computer software used for authentication, authorization, clearing, and settlement of financial transactions; computer software for commerce over a global communications network; wearable electronic devices capable of wireless communication, namely devices worn on the body such as glasses, watches, wristbands, armbands, patches, and badges and/or integrated with wearable goods such as footwear, headwear, belts, gloves, and clothing; wireless electronic devices for monitoring the environment and collecting environmental data, namely air pollution monitoring; electronic wireless communication devices employing energy harvesting and wireless energy transfer devices enabling the provision of wireless electronic services, namely financial transactions in the field of customer reward programmes, data collection and storage, data retrieval, location and time monitoring, and promotional and advertising services in the field of customer reward programmes; computers, computer software, and wireless electronic devices integrated in a global computer network enabling customer reward programme members to accumulate reward points as a function of the

distance and time travelled by the member, dependent on the emissions produced by the member's selected mode of transportation.

Class 35

Advertising; promotion; organisation, operation and supervision of promotional incentive schemes; operation and supervision of customer reward schemes; provision of business information; conducting market surveys and issuing reports; on-line administration and supervision of a discount, special offer and gift voucher scheme; organisation, operation and supervision of reward and incentive schemes via the internet and mobile devices; organisation, operation and supervision of customer reward card programmes; organisation, operation and supervision of reward schemes; business consultancy; business information; maintenance of data in computer databases; compilation of information onto computer databases; organisation of exhibitions or trade fairs for commercial advertising purposes; web indexing for commercial purposes; providing business and commercial information over computer networks and global communication networks; providing promotional information via computer databases regarding the purchase and sale of a wide variety of products and services of others; dissemination of advertising matter for others via computer networks and global communication networks; electronic commerce services, namely providing information about products via the Internet or telecommunication networks for advertising, promotional, and sales purposes.

Class 36

Issuing tokens and vouchers of value; issuing tokens of value in relation to customer reward schemes; issue of tokens of value in the nature of vouchers for restaurants and cafés, entertainment events, cinema, television, on-demand television, online media, online content, hotels, accommodation, flights, travel, holidays, theatre, theme parks and activity days; financial services relating to the provision of vouchers for the purchase of goods and services; payment services provided through wireless devices; currency exchange services; currency trading; currency transfer services; financial services, namely, providing a virtual currency for use by members of an on-line community via a global computer network; electronic financial transaction processing for customer reward programme members and participating merchants, namely, electronic funds transfer, electronic cash transactions, electronic debit transactions, and assisting others with the completion of financial transactions in the field of customer reward programmes.

Class 37

Installation of electronic wireless communication devices employing energy harvesting and wireless energy transfer devices enabling the provision of wireless electronic services, namely financial transactions in the field of customer reward programmes, data collection and storage, data retrieval, location and time monitoring, air pollution monitoring, and promotional and advertising services in the field of customer reward programmes.

Class 38

Telecommunications; communication and telecommunication services; telecommunication access services; communications by computer; communications by tablet computer; communication between computers; electronic sending of data and documentation via the Internet or other databases; electronic transmission of data and news; providing access to websites and electronic news services online allowing the download of information and data; providing access to web sites on the Internet; transmitting audio, video, multimedia, and advertising content to

computers, mobile telephones, media players, wearable electronic devices capable of wireless communication, and other mobile digital devices; transmission via beacons; electronic transmission of streamed and downloadable audio and video files via computer and other communications networks; webcasting services (transmission); delivery of messages by electronic transmission; provision of connectivity services and access to electronic communications networks, for transmission or reception of audio, video or multimedia content; provision of telecommunications connections to electronic communication networks; provision of access time to web-sites featuring multimedia materials; providing users with access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; providing access to computer databases in the nature of electronic bulletin boards; rental of wireless communication systems; providing access to a platform for a customer reward programme on a computer network, especially the Internet; providing access to an Internet platform for social networking services.

Class 39

Advisory and consultancy services in relation to transport, namely low-carbon or zero-emission means of transportation.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; software as a service; maintaining websites; application service provider (ASP); application service provider (ASP) featuring software for receiving, transmitting and displaying vouchers and receiving and transmitting data for the purchase of goods and services; application service provider (ASP) featuring software for providing consumers with information regarding discounts, vouchers and special offers for the goods or services of others; application service provider services regarding social networking software; hosting of digital content online; hosting (providing) a website that features technology that enables the donation of money and gifts to charitable organisations; environmental surveys; environmental advisory services; environmental research and technological consultancy, information, consultancy and advisory services for all the aforesaid services; research, development, and design of an Internet platform for customer reward programmes and electronic commerce using a virtual currency for use by programme members and participating merchants of an on-line community via a global computer network.

Class 44

Providing healthcare and wellness information services in particular, healthcare and wellness information services based upon location and environmental data; providing healthcare and wellness information targeted to individuals based upon their location and associated environmental data.

Class 45

Licensing of Internet platforms for customer reward programmes and electronic commerce using a virtual currency for use by programme members and participating merchants of an on-line community via a global computer network.

Date of Protection in Singapore: 29/07/2014
Date of Notification: 05/02/2015

Class 09

Scientific, surveying, optical, weighing, measuring, signaling, and checking apparatus and instruments, namely, fiber optic meters, fiber optic instruments, namely, fiber optic light sources (optical fibers) for use with fiber optic test meters, optically isolated adapter for printers and remote control devices, optically isolated external trigger probes for use with electronic measures; electronic test and measuring instruments and devices and electronic test tools, namely, local area network electronic meters, electronic cable mapping units, digital troubleshooting systems comprised of computer hardware and software used to diagnose and analyze electronic devices and computer hardware, electronic meters for testing automotive electrical systems, cable testers, cable identification modules for use with cable testers, protective holsters for electronic meters, computer software and hardware for use in testing and isolating faults in digital circuitry, electric apparatus for measuring the insulation of wires, cables, transformers and electrical motors, frequency counters, high frequency probes, frequency synthesizers, frequency comparators; apparatus and instruments for regulating, analyzing, and controlling electricity, temperature, humidity, and power, namely, current measuring clamps; electronic monitors and measuring devices, namely, electronic meters for analyzing the quality of electrical power, signal tracers for tracing and identifying electrical signals in electrical circuits and ultrasonic leak detectors; temperature profiling systems comprised of thermocouples and computer software for analyzing temperatures and logging data in the fields of electronics manufacturing, finishing, and food processing; measuring apparatus for temperature and humidity levels in gases and solid substances; thermocouples, thermometer readout devices comprised of thermometers and digital readout units, thermometer calibrators, temperature and humidity meters not for medical use; electrical measuring

and testing devices with electrical standards settings, namely, voltmeters, ammeters, and ohmmeters; portable oscilloscope devices, namely, integrated oscilloscope, digital multimeter, and paperless electronic data recorders sold as a unit; diagnostic equipment, namely, an optical source and power meter for measuring optical loss in fiber optic cabling systems; measuring and calibrating instruments, namely, fluid flow calibrators and meters; electronic circuit parts and accessories, namely, digital circuit adaptors, digital circuit connectors and digital circuit cables; test leads, in the nature of probes to connect electric test equipment to electronic devices for testing; voltmeter probes; oscilloscope probes; clips, namely, crocodile, alligator, bus bar, and piercing test clips, sold separately or as a unit with clamp meters for measuring electricity; battery packs; meters, namely, temperature meters and microamp meters for monitoring heating ventilation air conditioning units; infrared thermometer for temperature measurement without contact; electrical testers, namely, voltage testers, electrical ground testers; electrical insulation testers; digital multimeters; calibrators for calibrating thermometers, thermocouples, thermocouple probes, pressure transmitters, flow control valves, flow transmitters, temperature transmitters, and level transmitters; power quality meters; recorders, namely, data logger for recording voltage, amperage, and power measurements, electronic and digital voltage and power quality recorders and voltage and power event recorders; analyzers, namely, electronic analyzers for measuring and testing power; gas-flow analyzers; safety equipment, namely, electronic electricity analyzers, timer analyzers, namely, electronic analyzers for measuring time, frequency, and phase; counter analyzers, namely, electronic analyzers for measuring time, frequency, and phase; air quality analyzers for measuring temperature, velocity, humidity, carbon dioxide, carbon monoxide, and airborne particle concentrations; particle analyzers; carbon monoxide analyzers for measuring carbon monoxide levels; temperature devices, namely, probes, sensors, transmitters, and microprocessor-based infrared temperature measurement units comprised of thermometers and thermocouple probes; thermometers; thermometer probes for non-medical use; laboratory equipment, namely, temperature fluid baths; humidity meters; timers; time counters, namely, electronic tools for measuring time intervals, time rise and fall, time periods, duty factor, frequency, pulse width, count totalization, and phase; ratio counters, namely, electronic tools for measuring frequency ratios, voltage ratios, infrared ratios, calibration test ratios, temperature ratios, and resistance ratios; frequency counters; frequency burst counters; voltage counters, namely, tools to count voltage, continuity, and current; rise and fall time counters; electronic data loggers, namely, data acquisition instruments for collecting, storing, monitoring, and analyzing equipment performance data comprised of hardware, software, and portable and/or networked data logging acquisition units; measuring apparatus, namely, clamp meters for measuring electricity; electric current probes; current clamps, namely, electrical current clamps for testing and measuring electricity, currents, and voltage; air quality measurement instruments, namely, electronic monitors for measuring temperature, velocity, humidity, carbon monoxide, carbon dioxide, air velocity, air flow, air pressure, and differential pressure; air quality particulate measurement instruments, namely, particle counters and electronic particle source locators, electronic based instruments for measuring temperature and humidity levels; phase rotation meters; infrared and thermal imagers not for medical use; infrared temperature measurement instruments, namely, temperature sensors; copper cable testers and analyzers; fiber cable testers and analyzers; wireless network analyzers; biomedical test instrumentation and software, namely, automated biomedical equipment test systems comprised of hardware, software, and data recorders for monitoring and inspecting the performance and electrical safety of biomedical equipment; electronic

pressure monitors, namely, atmospheric or barometric pressure monitors; thermo-hygrometers; ultrasound watt meters; electronic gas flow analyzer, namely, hardware and software for analyzing gas flow in ventilators; clamp meter accessories, namely, electrical testing leads, electrical current probes, rogowski based current probes, inductive current probes, hall effect current probes, and electrical connectors in the nature of crocodile, alligator, bus bar, and piercing test clips, sold separately or as a unit with clamp meters for measuring electricity; specially adapted cases for the foregoing goods; all of the foregoing goods sold separately or in various combinations.

Collective and Certification Marks Published For Opposition Purposes

Registration has been accepted in respect of the following Collective and Certification Marks filed under the provisions of the Trade Marks Act (Cap. 332, 1992 Ed.), Trade Marks Act (Cap. 332, 2005 Ed.) and the Madrid Protocol.

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.
