PRACTICE DIRECTION NO. 2 OF 2015
EXCLUDED DAYS
(EVES OF NEW YEAR'S DAY, CHINESE NEW YEAR AND CHRISTMAS DAY)**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, Section 111 of the Patents Act, Section 64 of the Registered Designs Act, and Section 51 of the Plant Varieties Protection Act, to specify that the following days are to be treated as excluded days:

With effect from the date of this Practice Direction, the eve of New Year's Day, the eve of the first day of Chinese New Year and the eve of Christmas Day¹ of each year are excluded days, for any business under the Trade Marks Act and Rules, the Patents Act and Rules, the Registered Designs Act and Rules, and the Plant Varieties Act and Rules, where the time for doing the business expires on that date and where the business was not done by that date.

If any of the excluded days specified in this Practice Direction falls on a Sunday, Practice Direction No. 1 of 2009 still applies².

Dated this 1st day of September 2015.

REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

HOURS OF BUSINESS AND EXCLUDED DAYS

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Dated this 1st day of July 2004.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

apparatus and instruments; telemetering equipment; water quality measuring apparatus, namely, water quality measurement instruments; apparatus for measuring the condition of skins (other than for medical use); skin analyzers for use in identification of a variety of skin conditions (other than for medical use); skin quality measuring apparatus (other than for medical use); apparatus for measuring skin hydration (other than for medical use); electronic weighing scales; testing equipment for semiconductors; X-ray or gamma-ray thickness gauges; gamma-ray level gauges; electromagnetic flow meters; environmental sensors and regulators; sensors and regulators for room temperature, room humidity, room pressure, air quality, security, access control, intrusion detection, asset protection, elevators, fire and smoke; measuring or testing machines and apparatus not for medical use; recording apparatus for sleeping time; skin condition measuring devices for household purposes; battery chargers for batteries; sockets (electrical); electrical outlets; plugs (electrical); electric transformers; inverters; induction voltage regulators; condensers (capacitors); circuit breakers; electrical switches; plug boards; lightning arresters; electric relays; electric converters; electric connectors; rectifiers; fuses; electrical resistors; static power capacitors; leakage circuit breakers; switch boxes; automatic voltage stabilizer; vacuum circuit breakers; electric light switches; light dimmers; rotary converters; phase modifiers; equipment for charge station in which it aims to charge bicycles, two-wheeled motor vehicles and automobiles which use rechargeable battery; battery charging equipment; uninterruptible electrical power supplies; battery storage equipment, namely, box for batteries; battery chargers; DC power supplies; AC power supplies; electric power converters; electrical devices and electrical power distribution products, namely, commutators, contactors, current limiters, electric contacts, electric collectors, electric conductors, electrical connectors, electrical controllers, electric stabilizers, electric inductors, electric power supplies, electricity distribution boards and boxes, electricity distribution consoles; power distribution or control machines and apparatus; climate control systems consisting of digital thermostats for heating, cooling and ventilation and drying control; power supply access port for use with electrical control panels for connecting multiple data and electrical devices; photovoltaic panels; power conditioners for photovoltaic power generation; photovoltaic installations and parts thereof for generating power (electricity); regulating, controlling, signalling and checking apparatus for heating, cooling, ventilating and air conditioning; computer software and hardware for use with smart grid applications having functions of energy load management and control, energy theft detection and control, monitoring and diagnostic of electrical grid, electric power outage management and control, fault detection, network asset management, operation and maintenance of electric grid; electric control devices for energy management; apparatus, instruments and their parts for controlling electric current in the fields of electrical power transmission, distribution, transformation, storage, regulation; computer network router for managing and optimizing energy loads within a building; electric power supplies for monitoring, namely electric power supplies (other than generators) for voltmeters, ammeters, voltage stabilizers and current controllers; regulating, controlling, signalling and monitoring apparatus for heating, cooling, ventilation and air conditioning; electric and electronic control and regulation apparatus and instruments for heating, cooling, ventilating, air-conditioning and refrigerating installations; regulating, controlling, signalling and monitoring apparatus for heating, cooling, ventilation and air conditioning, namely, computer hardware for building automation systems which electrically control building heating, cooling, ventilation and air conditioning, computer hardware and software which remotely control heating, cooling, ventilating and refrigerating equipment; dry cells; accumulators; photovoltaic cells; rechargeable batteries; photovoltaic cells; secondary batteries; fuel cells;

lithium-ion batteries; lithium-ion rechargeable batteries; batteries; electric power meters and electric energy meters which have tele-communication functions via telecommunication line and interactive tele-communication functions; electric power meters and electric energy meters which have tele-communication functions via telecommunication line or interactive tele-communication functions; electricity meters; watt hour meters; electric leakage detectors; oscilloscopes; electric quantity measuring devices including electric power meter and electric energy meter, gas measuring devices, water measuring devices, electric voltage measuring devices, electric current measuring devices, all of which have tele-communication functions via telecommunication line and interactive tele-communication functions; electric quantity measuring devices including electric power meter and electric energy meter, gas measuring devices, water measuring devices, electric voltage measuring devices, electric current measuring devices, all of which have tele-communication functions via telecommunication line or interactive tele-communication functions; smart meters; electric quantity measuring devices; electrical energy utilization measuring devices complete with related software; electric wires and cables; electric buzzers; telephone sets; mobile phones; battery chargers for mobile phones; video-phone equipment; telephone exchangers; inter-phones; transceivers; AC adaptors; television receivers (TV sets); television receivers for household purpose which have functions of network connection, remote control and download of contents; television transmitters; television cameras; closed circuit television cameras; closed circuit television monitors; closed circuits television equipment; radio receivers with clocks; car radios; radio receivers; radio transmitters; broadcasting machines and apparatus; radio communication machines and apparatus; radio application machines and apparatus; facsimile machines and their parts and fittings; tape recorders; radio cassette tape recorders; radio tuners; record players; sound recording machines and apparatus; digital audio players; digital audio recorders; DVD players; DVD recorders; DVD drives; video tape players; video tape recorders; video disc players; video disc recorders; digital video disc players; digital video disc recorders; hard disc video recorders; digital photo frames; surveillance cameras; digital cameras; video cameras; digital video cameras; magnetic tapes for tape recorders; magnetic tapes for video tape recorders; video discs for video disc players; noise reduction devices and units for audio equipment; audio amplifiers; microphones; headphones; equalizers; antennas; public-address systems and instruments; CD players; CD players combined with radio tape recorders; loudspeakers; computer software and hardware for use with smart grid applications, namely, software having functions of energy load management and control and a wireless home energy monitors having functions of collection and storage of data on household electricity consumption; parts and fittings for electric communication machines and apparatus; electric communication machines and apparatus; smart phones; personal digital assistants having functions of internet connection, sending and receiving of email, and video and data information; personal digital assistants; liquid crystal display monitors for televisions and computers; LED (light emitting diode) displays; liquid crystal displays; LCD (liquid crystal display) projectors; electric and/or electronic large size display apparatus; digital signage; kiosk terminals (computer terminals); coin-operated printers for digital cameras; ticket dispensers; electrostatic copying machines; image scanners; scanners for computers; multifunctional peripherals which incorporate functions of copying machines, printers, image scanners and facsimiles; multifunctional facsimile machines which incorporate functions of copying machines, printers and image scanners; multifunctional copying machines which incorporate functions of printers, image scanners and facsimiles; multifunctional printers which incorporate functions of copying machines, image scanners and facsimiles; multifunctional image scanners which

incorporate functions of copying machines, printers and facsimiles; printers; parts and fittings for electrostatic copying machines and printers; printers for digital cameras; personal computers; mobile computers; notebook computers; computers; printers for use with computers; apparatus having magnetic tape and disc systems for use with computers; card readers for use with computers; displays for computers; display monitors for computers; keyboards for computers; mice for computers; speakers for computers; computer interface cards; computer peripheral devices; integrated circuit card readers and writers; integrated circuit memory card readers and/or writers; word processors; electronic equipment and apparatus for point of sale (POS) systems and their parts and fittings; barcode readers; barcode printers; RFID (radio frequency identification) readers and writers; X-ray apparatus for non-destructive testing (other than for medical use); ultrasound apparatus for non-destructive testing (other than for medical use); X-ray tubes not for medical purposes; X-ray image intensifiers; microwave tubes; power grid tubes; vacuum tubes; electron tubes for amplification of large electricity; electron tubes for oscillating high frequency wave including microwave and millimeterwave; radiation detectors; electron tubes; semiconductors; integrated circuits; printed circuit boards; hard disc drives; USB (universal serial bus) memories; SSD (solid state drive); integrated circuit memory cards; blank DVD discs and other blank recording media; digital data storage apparatus; magnetic tape units for computers; electronic circuits; computer programs recorded on tapes; computer programs recorded on discs; computer hardware and computer programs for medical diagnostic and therapy apparatus; computer hardware and computer programs for managing patient information in hospitals; computer hardware and computer programs for accounting in hospitals; computer hardware and computer programs for managing information in hospital; computer hardware and computer programs for managing electronic medical image (Picture Archiving and Communication System [PACS]); computer hardware and computer programs for health care; computer hardware and computer programs for physical examination; computer hardware and computer programs for health guidance; computer hardware and computer programs for care support; computer hardware and computer programs for Modality Worklist Management; computer hardware and computer programs for surgery video image management; computer hardware and computer programs for electronic medical records; computer software for operating and managing control of heating, cooling, ventilating, air-conditioning and refrigerating installations; computer programs downloadable from a telecommunication network; computer programs for processing database; computer programs for web browsers, for anti-hackers, for certification, for translation, for use in database management, for use as a spreadsheet, for word processing, for adding and repartitioning a hard-disk drive, for integrating cluster, for optical character readers and for the education of children; computer programs; computer software; computer servers; computer servers and their parts; computer network servers; computer hardware for storage of data; computer hardware; electronic systems comprising computer control units, namely, environmental sensors and regulators for controlling environment, which consists of hardware, software, interfaces and accessories therefor; hardware, software and interfaces for environmental control and environmental monitoring systems; wireless access point (WAP) devices; electronic equipment, apparatus and parts thereof; computer software for processing vital data; wireless sensors for monitoring vital signs (other than for medical use); integrated circuit (IC) chips for wireless vital data monitoring sensors; portable vital data monitoring devices with sensors to monitor the vital signs, body temperatures or physical movements of persons wearing or carrying the devices and transmit these data to smart-phones or tablet computers (excluding those for medical use); integrated

circuit (IC) chips for the aforesaid devices; computer software for the aforesaid devices; biometric authentication apparatus; magnetic cores; resistance wires; electrodes; communication satellites; satellites for scientific purposes; spectacles (eyeglasses and goggles); consumer video games; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; recorded video discs and video tapes; electronic publications; ionization apparatus for facial treatment; controllers for lighting apparatus.

Class 10

Aesthetic massage apparatus for industrial purposes; biochemical analyzers for medical purposes; X-ray CT apparatus for medical purpose; diagnostic ultrasound apparatus for medical purpose; diagnostic X-ray apparatus for medical purpose; magnetic resonance imaging (MRI) apparatus for medical purposes; nuclear medicine diagnostic imaging apparatus; diagnostic imaging apparatus for medical purpose; ultrasonic therapy machines and apparatus; radiation therapy apparatus and instruments; endoscopes; endoscopes for medical purposes; analyzers for sleep patterns (for medical use); monitors for sleep patterns (for medical use); apparatus for analyzing, monitoring, measuring sleep patterns and sleeping time (for medical use); beds, specially made for medical purposes; soporific pillows for insomnia; pillows for medical purpose; moxibustion apparatus; electronic moxibustion devices; electric moxibustion devices; portable vital data monitoring devices with sensors to monitor the vital signs, body temperatures or physical movements of persons wearing or carrying the devices and transmit these data to smart-phones or tablet computers for medical purpose; medical instruments and apparatus (excluding walking aids, crutches); surgical lamps; walking aids for medical purposes; crutches; electric massage apparatus for household purpose; electric face massage apparatus for household purposes; electric face massage apparatus for industrial purposes; electronic moxibustion devices for household purpose; electric moxibustion devices for household purposes; DNA testing apparatus (for medical use); medical apparatus for measuring the condition of skins; skin analyzers for use in identification of a variety of skin conditions (for medical use); medical apparatus for measuring skin quality; medical apparatus for measuring skin hydration; x-ray tubes for medical purposes; wireless sensors for monitoring vital signs (for medical use); facial massager using ultrasonic waves for household purposes.

Class 11

Drying apparatus; recuperators [for chemical processing]; steamers [for chemical processing]; evaporators [for chemical processing]; distillers [for chemical processing]; heat exchangers [for chemical processing]; industrial furnaces; nuclear reactors (atomic piles); solar furnaces; industrial boilers [other than parts of prime movers and engines]; air purifying machines and apparatus, namely machines and apparatus for capturing, storing and purifying carbon dioxide emitted from power plants; installations and apparatus for wastewater filtering for the purpose of capturing and storing valuable resources; air-conditioning apparatus for industrial purposes; heat pumps; freezers; refrigerating or freezing showcases; refrigerating machines; ice machines; freezing machines and apparatus; apparatus and instruments for use in beauty salons or barbers' shops [not including hairdressing chairs], namely, nail drying machines for beauty salons, towel steamers for hair salons, steam facial apparatus [saunas] for beauty salons, hair dryers for use in beauty salons; electric hair dryers; electronic facial steamers; electric hair steamers; steam facial apparatus (saunas) for industrial use; cooking equipment for industrial purposes; industrial dish

drying machines; dish disinfectant apparatus for industrial purposes; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; solar water heaters; water purifying apparatus; electric bulb sockets; lamp reflectors; infrared lamps (other than for medical use); incandescent lamps; halogen lamps; neon lamps; sealed beam lamps; beam lamps; fluorescent lamps; projector lamps; xenon lamps; iodine lamps; metal halide lamps; LED lamps; miniature lamps; pocket lights; car lights; filaments for electric lamps; torches for lighting; glow lamps; fittings for incandescent lamps; electric lamps; indoor and outdoor lighting fixtures; light emitting diode (LED) lamps and lighting fixtures; floodlights; spotlights; freestanding lamps; garden lights; street lights; headlamps; sun lamps; recess lighting, namely downlights, built-in floor lights, wall lights and ceiling lights; electric lamps and lighting apparatus; electric radiant heaters for household purposes; Japanese electric leg-warming apparatus for household purposes; Japanese electric warming pans; electric hot air heaters for household purposes; room air conditioners for household purposes; electric fans; electric room air purifiers; electric ventilating fans; electric humidifiers; electric dehumidifiers; electric blankets; water heaters for household purposes; storage type water heaters for household purposes; electric cooking ovens for household purposes; microwave ovens; electric toasters; immersion heaters; electric refrigerators for household purposes; electric freezers for household purposes; electric rice cookers; electric hot plates for cooking; electric steam cookers; electric baking machines for household purposes; electric pots; electric pans; electric coffee percolators; electric egg cookers for household purposes; electric popcorn cookers for household purposes; electric hamburger cookers for household purposes; electric waffle cookers for household purposes; electric yogurt makers for household purposes; electric grilling apparatus for household purposes; electric pressure cookers for household purposes; electric water coolers for household purposes; electric driers for clothing for household purposes; ionizers for treatment of air for household purposes; electric foot warmers; electric soup makers; electric household cooking appliances having functions of connecting to a network, of remote-controlling and of downloading contents; air-conditioners, refrigerators, rice cookers, microwave ovens and electric cooking ovens, all which have functions of network connection, remote control and download of contents; household electrothermic appliances for heating (excluding those for beauty or sanitary purposes); steam facial apparatus [saunas] for household purposes; household electrothermic appliances for beauty or sanitary purposes; gas lighters; gas ovens; gas cooktops; non-electric cooking heaters; kitchen sinks; household tap-water filters; bath tubs; toilet stool units with a washing water squirter; waste water treatment tanks for household purposes; septic tanks for household purposes; disinfectant dispensers for toilets; toilet bowls; toilet seats for use with Japanese style toilet bowls; electric rice-cake making machines for household purposes.

Class 12

Motors for railway rolling stock (not including their parts); non-electric prime movers for land vehicles (not including parts thereof); transmissions for railway rolling stock; transmissions for land vehicles; AC motors or DC motors for land vehicles (not including parts thereof); locomotives; tramcars; monorail cars; bogies for railway cars; railway rolling stock and their parts and fittings; trolley buses; electric cars; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings; satellite launching vehicles [SLV].

Class 37

Construction of power plants; construction of power transmission, transforming and distribution facility; general building construction

works; plumbing; installation of medical machines and apparatus; machinery installation; electrical works; telecommunication wiring; demolition of buildings; installation, repair and maintenance of photovoltaic power generators; construction; construction consultancy; operation, check or maintenance of building equipment; repair of bicycles; maintenance of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stock; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of optical machines and instruments; repair or maintenance of photographic machines and apparatus; repair or maintenance of elevators; repair or maintenance of escalators; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of office machines and apparatus; repair or maintenance of air-conditioning apparatus; burner repair or maintenance; repair or maintenance of boilers; pump repair or maintenance; repair or maintenance of freezing machines and apparatus; repair or maintenance of prime movers; repair or maintenance of computers; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of construction machines and apparatus; repair or maintenance of consumer electric appliances; repair or maintenance of electric lighting apparatus; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metal working machines and tools; repair or maintenance of industrial furnaces; repair or maintenance of nuclear reactors (atomic piles); repair or maintenance of solar furnaces; repair or maintenance of integrated circuits manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for lumbering, woodworking, or veneer and plywood making; repair or maintenance of equipment for charge station in which it aims to charge two-wheeled motor vehicles using rechargeable battery, equipment for charge station in which it aims to charge automobiles using rechargeable battery and equipment for charge station in which it aims to charge bicycles using rechargeable battery; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of dish washing machines for industrial purposes; repair or maintenance of cooking apparatus for industrial purposes; repair or maintenance of vending machines; repair or maintenance of power-driven floor cleaning machines; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of nuclear power plants; repair or maintenance of chemical plants; repair or maintenance of power plants; repair or maintenance of non-electric cooking heaters; repair of toys or dolls; repair or maintenance of bath fittings; repair of toilet stool units with a washing water squirter; repair of spectacles; sterilization of medical machines and apparatus; rental of car-washing apparatus; rental of electric washing machines; rental of laundry dryers; rental of spin dryers for clothes; maintenance of computer systems, communication network systems, or information processing systems; advice, consulting and provision of information related

to maintenance of computer systems, communication network systems, or information processing systems.

Class 38

Electronic transmission and exchange of data, images, audio, video, messages and documents; telecommunication access services; electronic mail services; sound, image, video data transmission over Internet; providing Internet chatrooms; communication by computer terminals over computer network (Internet); providing access to computer networks; rental of access time to global computer networks; providing access to information and communication network (including Internet); providing information of television broadcasting, cable television broadcasting or radio broadcasting; providing information relating to broadcasting of program listings for television, cable television or radio; communications by telegrams; communications by telephone; data communication services; telecommunication (other than broadcasting); broadcasting; news agencies; rental of telecommunication equipment including telephones and facsimile apparatus.

Class 42

Architectural design; surveying; geological survey or research; designing of computers, electric appliance, information system equipment and other machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; designing; computer software design, computer programming, or maintenance of computer software; technological advice relating to performance and operation of computers, automobiles and other machines that require high levels of personal knowledge, skill or experience of the operators to meet the required accuracy in operating them; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing or research on machines, apparatus and instruments; rental of measuring apparatus; rental of measuring or testing machines and instruments; rental of electric or magnetic meters and testers; rental of computers; configuration, installation and programming of computers software; research, advisory, consultancy and provision of information relating to configuration, installation and programming of computer software; providing Internet search engine; providing Internet search engine information; rental of computer server storage area (memories) for sharing electronic information, electronic data, image data, and other digital contents over Internet; rental of computer server storage area (memories) for social networking or provision of information related to social networking; rental of computer server storage area (memories); rental of a database server; application service provider (ASP) featuring software for database management; hosting of digital content on the Internet; hosting computer sites [web sites]; consulting services in the field of hosting computer software applications; rental of storage area of servers on the Internet; rental of educational software featuring instruction in employee training via the Internet; design, programming, configuration, maintenance, installation of computer programs; advice, consulting and provision of information related to design, programming, configuration, maintenance, installation of computer programs; fault diagnosis and virus inspections of computer programs; advice, consulting and provision of information related to fault diagnosis and virus inspections of computer programs; remote monitoring of computer system or computer programs; design of computer systems, communication network systems, or information processing systems; computer programming for computer systems, communication network systems, or information processing systems; advice, consulting and provision of information related to design of computer systems, communication network systems, or information

processing systems; advice, consulting and provision of information related to computer programming for computer systems, communication network systems, or information processing systems; customizing educational software featuring instruction in employee training; providing online non-downloadable computer programs via application service providers; providing non-downloadable computer programs via the Internet; providing software as a service (SAAS) services, platform as a service (PAAS) services, and infrastructure as a service (IAAS) services, all for use in database management, data storage, big data processing, home energy solutions services, healthcare services, consulting services, software design and implementation services, file sharing services, document solution services, tax services, retail services and sales, educational services, research services, group collaboration services, scheduling services, communications services, business operations, hardware maintenance services, intellectual asset management services, human resources, finance services, banking services, management services, social infrastructure services, energy solutions, traffic services, medical services, information security services; computer security services (design and development of secure computer software); providing online non-downloadable computer programs for web browsers, for anti-hackers, for certification, for translation, for use in database management, for use as a spreadsheet, for word processing, for adding and repartitioning a hard disk drive, for integrating cluster, for optical character readers, for knowledge succeed and for the education of children; providing online non-downloadable computer programs for medical diagnostic and therapy apparatus; providing online non-downloadable computer programs for patient information management, accounting, hospital information management; providing online non-downloadable computer programs for medical diagnostic image processing apparatus; providing online non-downloadable computer programs for health care; providing online non-downloadable computer programs for health clinic; providing online non-downloadable computer programs for health guidance; providing online non-downloadable computer programs for caring support; providing online non-downloadable computer programs for modality worklist management; providing online non-downloadable computer programs for surgery video image management; providing online non-downloadable computer programs for electronic medical records; providing temporary use of on-line non-downloadable computer programs or computer software; duplication of computer programs; providing online non-downloadable computer programs; rental of computer programs; rental of laboratory apparatus and instruments.

Class 44

Beauty salons; hairdressing salons; beauty consultancy; consultancy in the field of body and beauty care; medical services; providing medical information; physical examination; dental clinic services; preparation and dispensing of medication; health counselling; collection and analysis of bio-information for medical purposes; dietary and nutritional guidance; provision of health care information by collection and analysis of data relating to height, weight, blood pressure and body fat for the purpose of health and diet; rental of medical apparatus and instruments; rental of apparatus and instruments for use in beauty salons or barbershops; rental of lawnmowers.

Priority Claims:

Class 07

16/05/2014

Japan

All goods/services claimed in this application.

Class 09
16/05/2014
Japan
All goods/services claimed in this application.

Class 10
16/05/2014
Japan
All goods/services claimed in this application.

Class 11
16/05/2014
Japan
All goods/services claimed in this application.

Class 12
16/05/2014
Japan
All goods/services claimed in this application.

Class 37
16/05/2014
Japan
All goods/services claimed in this application.

Class 38
16/05/2014
Japan
All goods/services claimed in this application.

Class 42
16/05/2014
Japan
All goods/services claimed in this application.

Class 44
16/05/2014
Japan
All goods/services claimed in this application.

KABUSHIKI KAISHA TOSHIBA ALSO TRADING AS TOSHIBA
CORPORATION

1-1, SHIBAURA 1-CHOME, MINATO-KU, TOKYO, JAPAN.

ADDRESS FOR SERVICE: ELLA CHEONG LLC, P.O. BOX 590,
CRAWFORD POST OFFICE, SINGAPORE 911903

Human Smart Community T1413092E 18/08/2014 (07 09 10 11 12 37 38 42 44)

Class 07
Electric welding machines; electric drills [hand-held]; power-driven hand-held tools; moulds and dies for metal-forming (parts of machines); electric arc welding machines; metal cutting machines (by arc, gas or plasma);

electric welding apparatus; laser welding machines; metalworking machines and machine tools; mining machines and apparatus; construction machines and apparatus; elevators; escalators; moving walkways (in the nature of escalators); loading-unloading machines and apparatus; filtering machines for chemical processing; chemical processing machines and apparatus; lumbering, woodworking, or veneer and plywood making machines and apparatus; pulp making, papermaking or paper-working machines and apparatus; printing machines and apparatus (machines), bookbinding machines and apparatus for industrial purposes; agricultural machines, agricultural implements other than hand-operated; plastic processing machines and apparatus; semiconductor manufacturing machines and systems (machines); boilers for non-electric prime movers and engines; blades for hydraulic turbines; hydraulic turbine runners; hydraulic turbines and their fittings; blades for wind turbines; wind turbines and their fittings; turbines [not for land vehicles]; drive motors not for land vehicles; non-electric prime movers [not for land vehicles]; parts for non-electric prime movers; electric compressors for machines; electric pumps for domestic use; internal pumps (machines); pumps, namely, electric well pumps, circulating pumps, vacuum pumps, air pumps, water pumps, centrifugal pumps, reciprocating pumps, rotary pumps, axial flow pumps, mixed flow pumps, diffusion pumps; pneumatic or hydraulic machines and instruments; automatic stamping machines; vending machines; fuel dispensing pumps for service stations; dish washing machines for household purpose; electric wax-polishing machines; washing machines for household purpose; washing machines which have functions of network connection, remote control and download of contents; vacuum cleaners; vacuum cleaners which have functions of network connection, remote control and download of contents; electric food blenders; noodle making machines for household purposes; electric meat mixers for household purposes; meat mincers [machines] for household purposes; electric can openers; electric juice extracting machines; electric coffee mills; electric coffee blenders; automated coffee mills and coffee blenders; knife sharpener machines; electric polishers for floorings; electric food processors; mechanical parking systems; ball bearings; machine elements [not for land vehicles]; lawnmowers; electric door openers; waste compacting machines and apparatus; waste crushing machines; starters for motors and engines; electric AC motors and DC motors for machines; solar AC generators and alternators; AC generators and alternators; solar DC generators; DC generators; dynamo brushes; electrodes for electric welding machines; electric ice cream makers for household purposes.

Class 09

Ozonisers (ozonators); electrolyzers (electrolytic cells); electronic engine control apparatus for automobiles; cash registers; coin counting or sorting machines; automated teller machines [ATM]; electric sign boards for displaying target figures, current outputs or the like; photo-copying machines; calculating machines, hand-operated; time and date stamping machines; time clocks [time recording devices]; punched card office machines; voting machines; billing machines (cash registers); postage stamp checking apparatus; blueprint apparatus; remote control apparatus for wire and wireless telecontrol; remote control apparatus for regulation apparatus; fire alarms; gas alarms; anti-theft warning apparatus; railway signal apparatus, luminous or mechanical; game programs for arcade video game machines; simulators for the steering and control of vehicles; sports training simulators; DNA chips; DNA testing apparatus (other than for medical use); laboratory apparatus and instruments; focusing mirror (optics); flash guns for photographic purposes; flash lamps for photographic purposes; cameras; photographic equipment and apparatus; cinematographic machines and apparatus; magnifying glasses; optical apparatus and instruments; telemetering equipment; water quality

measuring apparatus, namely, water quality measurement instruments; apparatus for measuring the condition of skins (other than for medical use); skin analyzers for use in identification of a variety of skin conditions (other than for medical use); skin quality measuring apparatus (other than for medical use); apparatus for measuring skin hydration (other than for medical use); electronic weighing scales; testing equipment for semiconductors; X-ray or gamma-ray thickness gauges; gamma-ray level gauges; electromagnetic flow meters; environmental sensors and regulators; sensors and regulators for room temperature, room humidity, room pressure, air quality, security, access control, intrusion detection, asset protection, elevators, fire and smoke; measuring or testing machines and apparatus not for medical use; recording apparatus for sleeping time; skin condition measuring devices for household purposes; battery chargers for batteries; sockets (electrical); electrical outlets; plugs (electrical); electric transformers; inverters; induction voltage regulators; condensers (capacitors); circuit breakers; electrical switches; plug boards; lightning arresters; electric relays; electric converters; electric connectors; rectifiers; fuses; electrical resistors; static power capacitors; leakage circuit breakers; switch boxes; automatic voltage stabilizer; vacuum circuit breakers; electric light switches; light dimmers; rotary converters; phase modifiers; equipment for charge station in which it aims to charge bicycles, two-wheeled motor vehicles and automobiles which use rechargeable battery; battery charging equipment; uninterruptible electrical power supplies; battery storage equipment, namely, box for batteries; battery chargers; DC power supplies; AC power supplies; electric power converters; electrical devices and electrical power distribution products, namely, commutators, contactors, current limiters, electric contacts, electric collectors, electric conductors, electrical connectors, electrical controllers, electric stabilizers, electric inductors, electric power supplies, electricity distribution boards and boxes, electricity distribution consoles; power distribution or control machines and apparatus; climate control systems consisting of digital thermostats for heating, cooling and ventilation and drying control; power supply access port for use with electrical control panels for connecting multiple data and electrical devices; photovoltaic panels; power conditioners for photovoltaic power generation; photovoltaic installations and parts thereof for generating power (electricity); regulating, controlling, signalling and checking apparatus for heating, cooling, ventilating and air conditioning; computer software and hardware for use with smart grid applications having functions of energy load management and control, energy theft detection and control, monitoring and diagnostic of electrical grid, electric power outage management and control, fault detection, network asset management, operation and maintenance of electric grid; electric control devices for energy management; apparatus, instruments and their parts for controlling electric current in the fields of electrical power transmission, distribution, transformation, storage, regulation; computer network router for managing and optimizing energy loads within a building; electric power supplies for monitoring, namely electric power supplies (other than generators) for voltmeters, ammeters, voltage stabilizers and current controllers; regulating, controlling, signalling and monitoring apparatus for heating, cooling, ventilation and air conditioning; electric and electronic control and regulation apparatus and instruments for heating, cooling, ventilating, air-conditioning and refrigerating installations; regulating, controlling, signalling and monitoring apparatus for heating, cooling, ventilation and air conditioning, namely, computer hardware for building automation systems which electrically control building heating, cooling, ventilation and air conditioning, computer hardware and software which remotely control heating, cooling, ventilating and refrigerating equipment; dry cells; accumulators; photovoltaic cells; rechargeable batteries; photovoltaic cells; secondary batteries; fuel cells; lithium-ion batteries; lithium-ion rechargeable batteries; batteries; electric

power meters and electric energy meters which have tele-communication functions via telecommunication line and interactive tele-communication functions; electric power meters and electric energy meters which have tele-communication functions via telecommunication line or interactive tele-communication functions; electricity meters; watt hour meters; electric leakage detectors; oscilloscopes; electric quantity measuring devices including electric power meter and electric energy meter, gas measuring devices, water measuring devices, electric voltage measuring devices, electric current measuring devices, all of which have tele-communication functions via telecommunication line and interactive tele-communication functions; electric quantity measuring devices including electric power meter and electric energy meter, gas measuring devices, water measuring devices, electric voltage measuring devices, electric current measuring devices, all of which have tele-communication functions via telecommunication line or interactive tele-communication functions; smart meters; electric quantity measuring devices; electrical energy utilization measuring devices complete with related software; electric wires and cables; electric buzzers; telephone sets; mobile phones; battery chargers for mobile phones; video-phone equipment; telephone exchangers; inter-phones; transceivers; AC adaptors; television receivers (TV sets); television receivers for household purpose which have functions of network connection, remote control and download of contents; television transmitters; television cameras; closed circuit television cameras; closed circuit television monitors; closed circuits television equipment; radio receivers with clocks; car radios; radio receivers; radio transmitters; broadcasting machines and apparatus; radio communication machines and apparatus; radio application machines and apparatus; facsimile machines and their parts and fittings; tape recorders; radio cassette tape recorders; radio tuners; record players; sound recording machines and apparatus; digital audio players; digital audio recorders; DVD players; DVD recorders; DVD drives; video tape players; video tape recorders; video disc players; video disc recorders; digital video disc players; digital video disc recorders; hard disc video recorders; digital photo frames; surveillance cameras; digital cameras; video cameras; digital video cameras; magnetic tapes for tape recorders; magnetic tapes for video tape recorders; video discs for video disc players; noise reduction devices and units for audio equipment; audio amplifiers; microphones; headphones; equalizers; antennas; public-address systems and instruments; CD players; CD players combined with radio tape recorders; loudspeakers; computer software and hardware for use with smart grid applications, namely, software having functions of energy load management and control and a wireless home energy monitors having functions of collection and storage of data on household electricity consumption; parts and fittings for electric communication machines and apparatus; electric communication machines and apparatus; smart phones; personal digital assistants having functions of internet connection, sending and receiving of email, and video and data information; personal digital assistants; liquid crystal display monitors for televisions and computers; LED (light emitting diode) displays; liquid crystal displays; LCD (liquid crystal display) projectors; electric and/or electronic large size display apparatus; digital signage; kiosk terminals (computer terminals); coin-operated printers for digital cameras; ticket dispensers; electrostatic copying machines; image scanners; scanners for computers; multifunctional peripherals which incorporate functions of copying machines, printers, image scanners and facsimiles; multifunctional facsimile machines which incorporate functions of copying machines, printers and image scanners; multifunctional copying machines which incorporate functions of printers, image scanners and facsimiles; multifunctional printers which incorporate functions of copying machines, image scanners and facsimiles; multifunctional image scanners which incorporate functions of copying machines, printers and facsimiles;

printers; parts and fittings for electrostatic copying machines and printers; printers for digital cameras; personal computers; mobile computers; notebook computers; computers; printers for use with computers; apparatus having magnetic tape and disc systems for use with computers; card readers for use with computers; displays for computers; display monitors for computers; keyboards for computers; mice for computers; speakers for computers; computer interface cards; computer peripheral devices; integrated circuit card readers and writers; integrated circuit memory card readers and/or writers; word processors; electronic equipment and apparatus for point of sale (POS) systems and their parts and fittings; barcode readers; barcode printers; RFID (radio frequency identification) readers and writers; X-ray apparatus for non-destructive testing (other than for medical use); ultrasound apparatus for non-destructive testing (other than for medical use); X-ray tubes not for medical purposes; X-ray image intensifiers; microwave tubes; power grid tubes; vacuum tubes; electron tubes for amplification of large electricity; electron tubes for oscillating high frequency wave including microwave and millimeterwave; radiation detectors; electron tubes; semiconductors; integrated circuits; printed circuit boards; hard disc drives; USB (universal serial bus) memories; SSD (solid state drive); integrated circuit memory cards; blank DVD discs and other blank recording media; digital data storage apparatus; magnetic tape units for computers; electronic circuits; computer programs recorded on tapes; computer programs recorded on discs; computer hardware and computer programs for medical diagnostic and therapy apparatus; computer hardware and computer programs for managing patient information in hospitals; computer hardware and computer programs for accounting in hospitals; computer hardware and computer programs for managing information in hospital; computer hardware and computer programs for managing electronic medical image (Picture Archiving and Communication System [PACS]); computer hardware and computer programs for health care; computer hardware and computer programs for physical examination; computer hardware and computer programs for health guidance; computer hardware and computer programs for care support; computer hardware and computer programs for Modality Worklist Management; computer hardware and computer programs for surgery video image management; computer hardware and computer programs for electronic medical records; computer software for operating and managing control of heating, cooling, ventilating, air-conditioning and refrigerating installations; computer programs downloadable from a telecommunication network; computer programs for processing database; computer programs for web browsers, for anti-hackers, for certification, for translation, for use in database management, for use as a spreadsheet, for word processing, for adding and repartitioning a hard-disk drive, for integrating cluster, for optical character readers and for the education of children; computer programs; computer software; computer servers; computer servers and their parts; computer network servers; computer hardware for storage of data; computer hardware; electronic systems comprising computer control units, namely, environmental sensors and regulators for controlling environment, which consists of hardware, software, interfaces and accessories therefor; hardware, software and interfaces for environmental control and environmental monitoring systems; wireless access point (WAP) devices; electronic equipment, apparatus and parts thereof; computer software for processing vital data; wireless sensors for monitoring vital signs (other than for medical use); integrated circuit (IC) chips for wireless vital data monitoring sensors; portable vital data monitoring devices with sensors to monitor the vital signs, body temperatures or physical movements of persons wearing or carrying the devices and transmit these data to smart-phones or tablet computers (excluding those for medical use); integrated circuit (IC) chips for the aforesaid devices; computer software for the

aforesaid devices; biometric authentication apparatus; magnetic cores; resistance wires; electrodes; communication satellites; satellites for scientific purposes; spectacles (eyeglasses and goggles); consumer video games; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; recorded video discs and video tapes; electronic publications; ionization apparatus for facial treatment; controllers for lighting apparatus.

Class 10

Aesthetic massage apparatus for industrial purposes; biochemical analyzers for medical purposes; X-ray CT apparatus for medical purpose; diagnostic ultrasound apparatus for medical purpose; diagnostic X-ray apparatus for medical purpose; magnetic resonance imaging (MRI) apparatus for medical purposes; nuclear medicine diagnostic imaging apparatus; diagnostic imaging apparatus for medical purpose; ultrasonic therapy machines and apparatus; radiation therapy apparatus and instruments; endoscopes; endoscopes for medical purposes; analyzers for sleep patterns (for medical use); monitors for sleep patterns (for medical use); apparatus for analyzing, monitoring, measuring sleep patterns and sleeping time (for medical use); beds, specially made for medical purposes; soporific pillows for insomnia; pillows for medical purpose; moxibustion apparatus; electronic moxibustion devices; electric moxibustion devices; portable vital data monitoring devices with sensors to monitor the vital signs, body temperatures or physical movements of persons wearing or carrying the devices and transmit these data to smart-phones or tablet computers for medical purpose; medical instruments and apparatus (excluding walking aids, crutches); surgical lamps; walking aids for medical purposes; crutches; electric massage apparatus for household purpose; electric face massage apparatus for household purposes; electric face massage apparatus for industrial purposes; electronic moxibustion devices for household purpose; electric moxibustion devices for household purposes; DNA testing apparatus (for medical use); medical apparatus for measuring the condition of skins; skin analyzers for use in identification of a variety of skin conditions (for medical use); medical apparatus for measuring skin quality; medical apparatus for measuring skin hydration; x-ray tubes for medical purposes; wireless sensors for monitoring vital signs (for medical use); facial massager using ultrasonic waves for household purposes.

Class 11

Drying apparatus; recuperators [for chemical processing]; steamers [for chemical processing]; evaporators [for chemical processing]; distillers [for chemical processing]; heat exchangers [for chemical processing]; industrial furnaces; nuclear reactors (atomic piles); solar furnaces; industrial boilers [other than parts of prime movers and engines]; air purifying machines and apparatus, namely machines and apparatus for capturing, storing and purifying carbon dioxide emitted from power plants; installations and apparatus for wastewater filtering for the purpose of capturing and storing valuable resources; air-conditioning apparatus for industrial purposes; heat pumps; freezers; refrigerating or freezing showcases; refrigerating machines; ice machines; freezing machines and apparatus; apparatus and instruments for use in beauty salons or barbers' shops [not including hairdressing chairs], namely, nail drying machines for beauty salons, towel steamers for hair salons, steam facial apparatus [saunas] for beauty salons, hair dryers for use in beauty salons; electric hair dryers; electronic facial steamers; electric hair steamers; steam facial apparatus (saunas) for industrial use; cooking equipment for industrial purposes; industrial dish drying machines; dish disinfectant apparatus for industrial purposes;

waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; solar water heaters; water purifying apparatus; electric bulb sockets; lamp reflectors; infrared lamps (other than for medical use); incandescent lamps; halogen lamps; neon lamps; sealed beam lamps; beam lamps; fluorescent lamps; projector lamps; xenon lamps; iodine lamps; metal halide lamps; LED lamps; miniature lamps; pocket lights; car lights; filaments for electric lamps; torches for lighting; glow lamps; fittings for incandescent lamps; electric lamps; indoor and outdoor lighting fixtures; light emitting diode (LED) lamps and lighting fixtures; floodlights; spotlights; freestanding lamps; garden lights; street lights; headlamps; sun lamps; recess lighting, namely downlights, built-in floor lights, wall lights and ceiling lights; electric lamps and lighting apparatus; electric radiant heaters for household purposes; Japanese electric leg-warming apparatus for household purposes; Japanese electric warming pans; electric hot air heaters for household purposes; room air conditioners for household purposes; electric fans; electric room air purifiers; electric ventilating fans; electric humidifiers; electric dehumidifiers; electric blankets; water heaters for household purposes; storage type water heaters for household purposes; electric cooking ovens for household purposes; microwave ovens; electric toasters; immersion heaters; electric refrigerators for household purposes; electric freezers for household purposes; electric rice cookers; electric hot plates for cooking; electric steam cookers; electric baking machines for household purposes; electric pots; electric pans; electric coffee percolators; electric egg cookers for household purposes; electric popcorn cookers for household purposes; electric hamburger cookers for household purposes; electric waffle cookers for household purposes; electric yogurt makers for household purposes; electric grilling apparatus for household purposes; electric pressure cookers for household purposes; electric water coolers for household purposes; electric driers for clothing for household purposes; ionizers for treatment of air for household purposes; electric foot warmers; electric soup makers; electric household cooking appliances having functions of connecting to a network, of remote-controlling and of downloading contents; air-conditioners, refrigerators, rice cookers, microwave ovens and electric cooking ovens, all which have functions of network connection, remote control and download of contents; household electrothermic appliances for heating (excluding those for beauty or sanitary purposes); steam facial apparatus [saunas] for household purposes; household electrothermic appliances for beauty or sanitary purposes; gas lighters; gas ovens; gas cooktops; non-electric cooking heaters; kitchen sinks; household tap-water filters; bath tubs; toilet stool units with a washing water squirter; waste water treatment tanks for household purposes; septic tanks for household purposes; disinfectant dispensers for toilets; toilet bowls; toilet seats for use with Japanese style toilet bowls; electric rice-cake making machines for household purposes.

Class 12

Motors for railway rolling stock (not including their parts); non-electric prime movers for land vehicles (not including parts thereof); transmissions for railway rolling stock; transmissions for land vehicles; AC motors or DC motors for land vehicles (not including parts thereof); locomotives; tramcars; monorail cars; bogies for railway cars; railway rolling stock and their parts and fittings; trolley buses; electric cars; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings; satellite launching vehicles [SLV].

Class 37

Construction of power plants; construction of power transmission, transforming and distribution facility; general building construction works; plumbing; installation of medical machines and apparatus;

machinery installation; electrical works; telecommunication wiring; demolition of buildings; installation, repair and maintenance of photovoltaic power generators; construction; construction consultancy; operation, check or maintenance of building equipment; repair of bicycles; maintenance of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stock; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of optical machines and instruments; repair or maintenance of photographic machines and apparatus; repair or maintenance of elevators; repair or maintenance of escalators; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of office machines and apparatus; repair or maintenance of air-conditioning apparatus; burner repair or maintenance; repair or maintenance of boilers; pump repair or maintenance; repair or maintenance of freezing machines and apparatus; repair or maintenance of prime movers; repair or maintenance of computers; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of construction machines and apparatus; repair or maintenance of consumer electric appliances; repair or maintenance of electric lighting apparatus; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metal working machines and tools; repair or maintenance of industrial furnaces; repair or maintenance of nuclear reactors (atomic piles); repair or maintenance of solar furnaces; repair or maintenance of integrated circuits manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for lumbering, woodworking, or veneer and plywood making; repair or maintenance of equipment for charge station in which it aims to charge two-wheeled motor vehicles using rechargeable battery, equipment for charge station in which it aims to charge automobiles using rechargeable battery and equipment for charge station in which it aims to charge bicycles using rechargeable battery; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of dish washing machines for industrial purposes; repair or maintenance of cooking apparatus for industrial purposes; repair or maintenance of vending machines; repair or maintenance of power-driven floor cleaning machines; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of nuclear power plants; repair or maintenance of chemical plants; repair or maintenance of power plants; repair or maintenance of non-electric cooking heaters; repair of toys or dolls; repair or maintenance of bath fittings; repair of toilet stool units with a washing water squirter; repair of spectacles; sterilization of medical machines and apparatus; rental of car-washing apparatus; rental of electric washing machines; rental of laundry dryers; rental of spin dryers for clothes; maintenance of computer systems, communication network systems, or information processing systems; advice, consulting and provision of information related

to maintenance of computer systems, communication network systems, or information processing systems.

Class 38

Electronic transmission and exchange of data, images, audio, video, messages and documents; telecommunication access services; electronic mail services; sound, image, video data transmission over Internet; providing Internet chatrooms; communication by computer terminals over computer network (Internet); providing access to computer networks; rental of access time to global computer networks; providing access to information and communication network (including Internet); providing information of television broadcasting, cable television broadcasting or radio broadcasting; providing information relating to broadcasting of program listings for television, cable television or radio; communications by telegrams; communications by telephone; data communication services; telecommunication (other than broadcasting); broadcasting; news agencies; rental of telecommunication equipment including telephones and facsimile apparatus.

Class 42

Architectural design; surveying; geological survey or research; designing of computers, electric appliance, information system equipment and other machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; designing; computer software design, computer programming, or maintenance of computer software; technological advice relating to performance and operation of computers, automobiles and other machines that require high levels of personal knowledge, skill or experience of the operators to meet the required accuracy in operating them; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing or research on machines, apparatus and instruments; rental of measuring apparatus; rental of measuring or testing machines and instruments; rental of electric or magnetic meters and testers; rental of computers; configuration, installation and programming of computers software; research, advisory, consultancy and provision of information relating to configuration, installation and programming of computer software; providing Internet search engine; providing Internet search engine information; rental of computer server storage area (memories) for sharing electronic information, electronic data, image data, and other digital contents over Internet; rental of computer server storage area (memories) for social networking or provision of information related to social networking; rental of computer server storage area (memories); rental of a database server; application service provider (ASP) featuring software for database management; hosting of digital content on the Internet; hosting computer sites [web sites]; consulting services in the field of hosting computer software applications; rental of storage area of servers on the Internet; rental of educational software featuring instruction in employee training via the Internet; design, programming, configuration, maintenance, installation of computer programs; advice, consulting and provision of information related to design, programming, configuration, maintenance, installation of computer programs; fault diagnosis and virus inspections of computer programs; advice, consulting and provision of information related to fault diagnosis and virus inspections of computer programs; remote monitoring of computer system or computer programs; design of computer systems, communication network systems, or information processing systems; computer programming for computer systems, communication network systems, or information processing systems; advice, consulting and provision of information related to design of computer systems, communication network systems, or information

processing systems; advice, consulting and provision of information related to computer programming for computer systems, communication network systems, or information processing systems; customizing educational software featuring instruction in employee training; providing online non-downloadable computer programs via application service providers; providing non-downloadable computer programs via the Internet; providing software as a service (SAAS) services, platform as a service (PAAS) services, and infrastructure as a service (IAAS) services, all for use in database management, data storage, big data processing, home energy solutions services, healthcare services, consulting services, software design and implementation services, file sharing services, document solution services, tax services, retail services and sales, educational services, research services, group collaboration services, scheduling services, communications services, business operations, hardware maintenance services, intellectual asset management services, human resources, finance services, banking services, management services, social infrastructure services, energy solutions, traffic services, medical services, information security services; computer security services (design and development of secure computer software); providing online non-downloadable computer programs for web browsers, for anti-hackers, for certification, for translation, for use in database management, for use as a spreadsheet, for word processing, for adding and repartitioning a hard disk drive, for integrating cluster, for optical character readers, for knowledge succeed and for the education of children; providing online non-downloadable computer programs for medical diagnostic and therapy apparatus; providing online non-downloadable computer programs for patient information management, accounting, hospital information management; providing online non-downloadable computer programs for medical diagnostic image processing apparatus; providing online non-downloadable computer programs for health care; providing online non-downloadable computer programs for health clinic; providing online non-downloadable computer programs for health guidance; providing online non-downloadable computer programs for caring support; providing online non-downloadable computer programs for modality worklist management; providing online non-downloadable computer programs for surgery video image management; providing online non-downloadable computer programs for electronic medical records; providing temporary use of on-line non-downloadable computer programs or computer software; duplication of computer programs; providing online non-downloadable computer programs; rental of computer programs; rental of laboratory apparatus and instruments.

Class 44

Beauty salons; hairdressing salons; beauty consultancy; consultancy in the field of body and beauty care; medical services; providing medical information; physical examination; dental clinic services; preparation and dispensing of medication; health counselling; collection and analysis of bio-information for medical purposes; dietary and nutritional guidance; provision of health care information by collection and analysis of data relating to height, weight, blood pressure and body fat for the purpose of health and diet; rental of medical apparatus and instruments; rental of apparatus and instruments for use in beauty salons or barbershops; rental of lawnmowers.

Priority Claims:

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 06
Metal pallets and transfer platforms.

Class 07
Machines for use in assembly automation; conveyors; magazine handlers; machines for loading; stacking tray machines; machines used to automate material flow; belt conveyors; parts and fittings for all aforementioned goods; assembling machines for circuit board.

Class 09
Data equipment, devices and components therefor used in wireless data, image and sound transmission; instrumentation simulators, radio frequency identification tag readers, radio frequency identification tags, computer hardware in the nature of network base stations, testers, radio channel emulators and simulators; electrical control devices; antennas for wireless communications apparatus, apparatus for wireless transmission of acoustic or digital information, computer software for use in management and transmission of wireless data; automatic electronic control units (ECUs); testers; network base stations; emulators; simulators; mobile computers, navigation apparatus; computer software for automation and controlling machinery for use in automation production machines, automation and machine control and assembly automation; testing apparatus for testing wireless systems, radio channels, network base stations, electronic control units, mobile radio systems, and wireless communications devices; network testing equipment; radio-frequency measurement instruments; equipment and apparatus for testing production systems in the electronics industry; electrical, electronic and electro-mechanical measuring and testing devices and instruments related thereto; electric and electronic sensors; electric or electronic sensors for acoustics, digitalization, concentration, frequency, luminance, capacitance, temperature, tolerance and ampere; testing apparatus for use in preparation of wireless data, image and sound transmitting apparatus; radio-frequency-shielded testing apparatus; computer software; mobile phone software; wearable electronic devices; encryption software; equipment for telecommunication and computer networks; telecommunications base stations; apparatus for recording, transmission or reproduction of sound and images; data processing equipment, mobile phones, tablet computers, computers and computer hardware, parts and fittings thereof; apparatus and instruments for data communication, satellite communication and telecommunication; mobile phones, smartphones and other wearable and portable electronic devices for capturing, receiving, collecting, recording, reading, displaying, organizing,

editing, transmitting, sharing, manipulating and reviewing data, text, maps, images and sounds; sensors; wearable connected devices, namely devices in the form of watches, glasses, headbands, gloves, bracelets, earrings, jewelry, helmets and contact lenses that can be used for computing, sensing, scanning, recording, displaying, monitoring, data-processing, remote-controlling, predicting, programming, connecting to computer networks or for telecommunication purposes; wearable connected devices, namely computing devices to be worn on or into the body of end-users or to be incorporated into clothing, footwear, headgear, bags, textiles, fabrics, towels and all kinds of materials and wearable goods and accessories and that can be used for computer center services, sensing, scanning, recording, displaying, monitoring, data-processing, remote-controlling, predicting, programming, connecting to computer networks or for telecommunication purposes; wearable computing devices; smartwatches; devices that can connect to computer networks; global positioning system [GPS] apparatus, instruments and devices; apparatus and software for GPS-navigation and cartography systems; chips; microprocessors; semi-conductors; smart cards (integrated circuit cards); printed circuits (printed circuit boards); servers for webhosting, software solutions for terminal apparatus, servers, network and internet use security, including encryption, anti-virus, content filtering and data security software; accessories, parts and fittings for all aforementioned goods.

Class 37

Maintenance, repair and installation of computer network systems, wireless network systems, computer hardware systems, automatic infotainment systems, navigation and speech recognition systems, testing systems for wireless network systems, automation production systems and metal pallets and transfer platforms, machines for assembly automation, conveyors, magazine handlers, machines for loading, stacking trays, machines used to automate material flow, belt conveyors, equipment and devices and components therefor used in wireless data, image and sound transfer, instrumentation simulators, radio frequency identification tag readers, radio frequency identification tags, computer hardware of information network base stations, testers, radio channel emulators and simulators, electrical control devices, antennas for wireless communications apparatus, apparatus for wireless transmission of acoustic or digital information, automatic electronic control units (ECUs), testers, network base stations, emulators, simulators, mobile computers, navigation apparatus, vehicles, wireless systems, radio channels, electronic control units, mobile radio systems and apparatus for testing wireless communications devices, apparatus for assembly of circuit boards, network testing equipment, automated controlled test drivers and fasteners combined and used in connection with automated line testing apparatus, RF-measurement instruments and all parts and fittings for all aforementioned goods; maintenance, repair and installation of devices for testing production systems in electronics industry, electrical, electronic and electro-mechanical measuring and testing devices and associated instruments, electric or electronic sensors for acoustic, digital, concentration, frequency, luminance, capacitance, temperature, tolerance, and ampere for electric or electronic sensors, testing apparatus for preparation of wireless data, image and sound transmitting, RF-shielded test fixtures, wearable electronic devices, equipment for telecommunication and computer networks, base stations, apparatus for recording, transmission or reproduction of sound and images, data processing devices, mobile phones, tablet computers, computers and computer hardware, apparatus and instruments for data communication, satellite communication and telecommunication, telephone, smartphones and other wearable and portable electronic devices for capturing, receiving, collecting, recording, reading, displaying,

organizing, editing, transmitting, sharing, manipulating and reviewing data, text, maps, images and sounds, sensors, wearable connected devices, namely devices in the form of watches, glasses, headbands, gloves, bracelets, earrings, jewelry, helmets and contact lenses that can be used for computing, sensing, scanning, recording, displaying, monitoring, data-processing, remote-controlling, predicting, programming, connecting to computer networks or for telecommunication purposes, wearable connected devices, namely computing devices to be worn on or into the body of end-users or to be incorporated into clothing, footwear, headgear, bags, textiles, fabrics, towels and all kinds of materials and wearable goods and accessories and that can be used for computer center services, sensing, scanning, recording, displaying, monitoring, data-processing, remote-controlling, predicting, programming, connecting to computer networks or for telecommunication purposes, wearable computing devices, smartwatches, devices that can connect to computer networks, global positioning system [GPS] apparatus, instruments and devices, apparatus for GPS-navigation and cartography services system, chips, microprocessors, semi-conductors, smart cards [integrated circuit cards], printed circuits, servers for webhosting, and all accessories, parts and fittings for all aforementioned goods.

Class 38

Telecommunications services; personal communication services; services related to integrated services digital network (ISDN) protocol; wireless telephone services; wireless broadband services; telematic transfer of information; services related to telecommunications access; data transmission and receipt services; telecommunications gateway services; telecommunication; providing access to databases; providing access to the internet and other computer networks.

Class 40

Treatment of materials in the field of computer and telecommunications equipment, radio identification apparatus, and circuit boards; treatment of metals, plastics, crease and scratch resistant treatment for fabric fibers, and synthetic materials; treatment of metals, plastics, fibers and synthetic materials relating to housings and encapsulation for access systems, radio frequency identification systems, navigation systems, and assembly of production automation equipment for others; treatment of metal and crease/scratch resistant treatment of fabric fibers; custom assembling of production automation equipment for others; material processing services relating to assembly of production automation equipment, namely, treatment of metals, plastics, fibers and synthetic materials; custom assembling of computer and telecommunication equipment for others.

Class 42

Engineering services; consulting services in the technical field regarding information technology; engineering design services; overall project planning related to computer software and hardware processes; overall project planning related to computer software and hardware; engineering design services and technical consulting services relating to information technology engineering, namely, wireless communications, mobile phones, mobile computers, computers and electronic calculators, internet tablets, technology platforms, software for use in motor vehicles, engine control units-ECU-design, navigation, network products, base stations and radio-frequency identification (RFID) readers; scientific and technological services and related research; scientific research, scientific research and development, technology consultation in the field of automobiles and wireless communications; design and testing of automatic safety systems, navigation systems, infotainment systems, radio channels, computer network systems and wireless systems; industrial design; design and

development of computer hardware and software; design and testing for the development of new products; providing quality assurance services in the field of new product development; product and material testing for others; design, development, testing, research and quality assurance services in the field of wireless transfer of information and telecommunications; server hosting; designing, providing and updating software solutions including encryption, anti-virus, content filtering and data security software solutions for workstations, servers, network and internet security; providing computer and information technology data security services; providing information related to data security; installation and updating of computer software for wireless data management and transfer; installation and updating of computer software for automation and controlling machinery for use in automation production machines, automation and machine control and assembly automation; installation and updating of computer software for mobile phone, encryption, global positioning system (GPS) navigation and cartography systems; installation and updating of software solutions for use in relation to the security of workstations, servers, computer network and internet including encryption, anti-virus, content filtering and data security.
