REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

(International Registration No. 1282404)

Date of International Registration: 12/06/2015

Date of Protection in Singapore: 12/06/2015

Date of Notification: 07/01/2016

Class 01

Chemicals for the treatment of water and liquid and/or solid waste, namely flocculants, coagulants, polyelectrolytes, reagents; chemical products and additives for water conditioning, namely, biocides, organic detergents, anti-corrosive products, softeners, chemical agents for conditioning boiler water, metal tanks, heating installations and equipment, equipment and installations for cooling and refrigerating, water supply equipment, thermal condensers and other installations with piping and duct systems; organic amendments, from the processing and purification of water and liquid waste, for fertilizing soils; compost and growing media obtained from treatments carried out in treatment stations for liquid and solid waste and/or in purification plants for urban or industrial waste water; oxidizing products for purifying, disinfecting and sterilizing liquids, especially for water treatment and for preserving foodstuffs; chemical products used in industry or for use in industrial manufacturing processes.

Class 06

Common metals and their alloys; building materials of metal; transportable buildings of metal; materials of metal for railway tracks; cables, wires and non-electric locksmithing articles; small hardware of metal; pipes of metal; safes; ores; buildings of metal; scaffolding; boxes of common metal; chests of metal; metal packaging containers; containers of metal for transport; tanks of metal.

Class 07

Machines for water treatment, pumps, valves and other machines for storage and distribution of water for household purposes such as drinking water, waste water, rainwater, garden water; machines for spraying, bottling; machines and installations for physical-chemical or biological processing, centrifuging, pressing and spreading of liquid, semi-liquid and solid waste, especially from sludge from water treatment; machines for drying waste and purification sludge; machines for automatic sorting of waste, especially of household packaging waste; packing and unpacking machines for waste; waste vacuum cleaners.

Class 09

Apparatus for dosing chemicals, chemical-physical and biological reagents; programmable automatons for measuring, tracking and monitoring water quality parameters, software for the analysis and monitoring of water and waste quality parameters; measuring and monitoring apparatus and instruments applied to the distribution and treatment of water; measuring and monitoring apparatus and instruments applied to the consumption of energy and fluids; mechanical, electronic, magnetic and/or optical data carriers for recording and measuring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; programmable computer apparatus and installations for remote surveillance, remote management, remote control, using the self-switched network, specialized lines or microwave radio links for monitoring installations involved in the treatment, supply and collection of drinking, industrial and waste water; apparatus and installations for telemetry, remote management, remote control, using the self-switched network of specialized lines or microwave radio links for measuring and monitoring

fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; monitoring software for networks for the supply and collection of waste and drinking water; software for management and analysis of energy and fluid consumption (recorded programs); computer hardware for simulating the operation of stations for drinkable water treatment or purification of industrial and municipal water; computer equipment, software, databases and computers for controlling, regulating, modeling and management of purification and rendering drinkable stations; scientific apparatus and instruments (not for medical purposes) for programs optimizing of carbon dioxide in connection with the operation of water treatment plant, water management, collection and processing of waste, and air treatment; components for the aforementioned apparatus; electric apparatus for monitoring and quality control for sea water; apparatus and instruments for chemical and bacteriological analysis (for non-medical use); software for generating water pricing; measuring and checking apparatus enabling connections and tanks for water storage.

Class 11

Installations for producing steam, for producing electricity and for incinerating waste; apparatus and installations for treating and supplying water or liquid; apparatus and equipment for clarification, physical, physical-chemical filtration, softening, deionization and demineralization on ion exchangers for water or liquids; accessories and equipment for treating water or liquids on membranes (ultra filtration, nano-filtration and hyper-filtration or reverse osmosis); cartridge filters of metal or textile, filters for sand, active carbon or any other granular material; installations for iron removal, demanganisation and biological elimination of nitrates from water; apparatus and installations for disinfecting and sterilizing liquid and gaseous fluids by ultraviolet rays and other radiation; installations for the treatment of plant and/or animal organic matter, of urban or industrial origin (in particular waste from green spaces, sludge from treatment plants for sewage and solid and liquid waste and/or household or industrial waste water treatment plants); hot water heating installations, installations for sea water desalination, apparatus and installations for the treatment of water and effluent from the chemical and food processing industry, apparatus and installations for the treatment and reusing of waste; apparatus for steam generation, crystallisation, distillation, drying, heat exchangers, air heaters, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for treating water or liquids, namely, decanters, sterilizers, carbonators, coalescer apparatus, mixers; apparatus for treating air, namely, deodorising, purifying; fixed or mobile equipment and installations for the treatment of water and the treatment of waste; water filtering machines, particularly by membranes, bioreactors, ion exchangers, mixers; machines for injecting physical or chemical reagents for the treatment of waste or water; machines, apparatus and devices for water supply; machines for irrigation, mobile or fixed machines for water treatment and for processing of waste; electric apparatus and instruments for generating ozone from gases such as air or oxygen.

Class 12

Vehicles; apparatus for locomotion by land, air or water; industrial truck, dump trucks, automobile lorries, trailer vehicles.

Class 19

Non-metal water pipes, industrial concrete for civil engineering works, water supply ducts and sanitation networks; insulating glass (construction), non-metallic buildings, namely pipelines, gas pipelines, non-metallic poles

for electric power lines; non-metallic building materials, non-metallic buildings and particularly transportable buildings not of metal, non-metallic rigid pipes for building, asphalt, pitch, bitumen, cement, lime, slate, clay, reinforcing materials not of metal for building, ballast, building timber, bricks, marble, coatings, stairs not of metal, windows not of metal, doors not of metal, roof coverings not of metal, shutters not of metal, non-luminous and non-mechanical road signs (not of metal), gutters, materials for making and coating roads, lighting slabs, binding material for road repair, tar, tarred strips (construction), road safety barriers not of metal, glass granules for road marking, sheets and strips of synthetic material for marking roads, granules, gravel.

Class 35

Assistance provided to industrial or commercial companies pertaining to business operations; business information services, business management and consultancy, business planning services, business research and business studies; market study services; direct mail advertising (leaflets, prospectuses, printed matter, samples); organization of exhibitions for commercial or advertising purposes; promotion of goods and services through sponsorship of sports and artistic competitions; arranging and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, news clipping services, business relocation, writing of publicity texts, marketing research, economic forecasting, compilation of statistics, computerized file management, personnel recruitment, cost price analysis, document reproduction, compilation of information into computer databases, commercial information and advice for consumers; administrative management of Internet sites and intranet in the field of the management and monitoring of the consumption of energy and fluids for real estate assets; logistics organization services for the collection, transport, storage, processing and distribution of all types of municipal or industrial waste, namely, computer file management, services of computer data input and compilation of this data in computer files; advertising and commercial information services for users; creation and management of user files for the collection, transportation, storage, distribution and recycling services for all types of industrial and household waste; promotion for others of the sale of registered packaging materials or collection equipment for healthcare activity waste; administrative processing of purchase orders; organization of group purchasing, namely procurement services for others; arranging contracts for buying and selling on behalf of others; computerized file management.

Class 36

Insurance underwriting; financial affairs; monetary affairs; real estate affairs; real estate appraisal; real property management; financing services; financial analysis; raising or investing capital; financial consultancy; financial evaluation (insurance, banking, real estate); fund investment.

Class 37

Repair and maintenance services of apparatus for treating liquids and fluids; upkeep and maintenance of sewerage networks, restoration of aqueducts or water distribution pipes, construction of sanitation works, wastewater collectors, rainwater decontamination works, flood prevention works, pumping station renovation services, work to existing structures to improve the security and the quality of the water supply, construction of water treatment plants (for drinking water, urban and industrial wastewater, rainwater); services for installing water pipes and building water treatment plants, drilling of wells, construction, installation and repair of irrigation devices; maintenance and renovation of buildings,

rehabilitation of sites, buildings, buildings, warehouses, land development services; restoration and rehabilitation of degraded sites (cleaning and reconstruction); upkeep or cleaning of buildings, premises, floors (facade cleaning); disinfection, rat extermination, insect eradication; cleaning of structures, urban structures, works of art, underground works, road equipment, sites, industrial premises (exterior surfaces and cleaning), cleaning of water pipes, of industrial installations, high-pressure cleaning of underground works, road network cleaning services; upkeep and maintenance of buildings, roads, urban equipment; repair and maintenance of installations, apparatus, centers and units for storing waste and refuse, and of centers, installations, apparatus and units for recycling, processing, recovering and destroying waste and refuse; construction of installations, centers and units for storing waste and refuse, and of centers, installations and units for recycling, processing, recovering and destroying waste and refuse; maintenance and renovation of industrial and urban sewerage systems; rehabilitation of industrial and urban sanitation systems.

Class 38

Telecommunications; information on telecommunication; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; electronic bulletin board services (telecommunication services); connection by telecommunications to a global computer network; rental of telecommunication apparatus; teleconferencing services; electronic messaging services; rental of access time to global computer networks; radio communication between flow meters and a central receiver that transmits information to a database; transmission of consumption, monitoring, tracking and pricing information via radio from meters to a central database; communication by computer terminals; provision of access to databases in the field of care services waste management; distribution (transmission) of information and alerts in the field of public safety.

Class 39

Water supplying, water distribution, collection of urban or industrial wastewater, of sludge; collection, transport, sorting, disposal and storage of useful materials or of urban waste, industrial and radioactive waste, solid or liquid waste, industrial fats and office papers; collecting, transporting, grouping, sorting, identifying, processing and reconditioning (storage) all kinds of waste, and in particular urban, household, industrial, ordinary and special industrial, hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; disposal and storage of useful materials, waste, perishable or hazardous products; storage of waste in landfills; transport, packing and storage of fertilizer, organic amendments, compost and growing media; information services relating to the management of the collection, transport of healthcare activity waste.

Class 40

Processing and transformation of waste generated by households, public or private communities and enterprises, ordinary, special, solid, liquid, hazardous waste and providing related information therefor; services for purifying and regenerating waste; waste and refuse recycling services, waste and refuse composting services; recycling services (processing of materials) of industrial, household, hospital, special, ordinary waste, from local authorities, companies (public or private), biological and energy recovery services for waste and refuse (processing of materials); decontamination of sites; degraded soil and site rehabilitation services (decontamination); destruction of waste and refuse, incineration of waste and refuse, disposal of industrial toxic waste, of industrial household, hospital, ordinary, special and non-toxic waste; water treatment services,

water treatment services by introducing reagents, in particular in waters for human or animal consumption and in waters for industrial use, services for the sanitation and treatment of industrial wastewaters, water production services; treatment of materials, namely treatment of waste and waste from water; processing of agricultural goods from plants or animals to develop fertilizers, compost and growing media; waste and trash cleaning services, information services related to the treatment of waste management of care services.

Class 41

Education; training; entertainment; sporting and cultural activities; information relating to entertainment or education; publication of books; videotape film production; organization of competitions (education or entertainment); organization and conducting of colloquiums, conferences or congresses; organization of exhibitions for cultural or educational purposes; electronic publication of books and periodicals on-line; electronic desktop publishing.

Class 42

Monitoring of water quality, scientific and industrial research relating to environmental protection, laboratory research services in the fields of water, treatment and purification of water, chemical analysis, chemical research, professional consultancy, technical project studies, engineering and engineering works (not for building) in the fields of water and water treatment, expert appraisals in the field of water and effluent treatment, laboratory research services in the field of treatment of industrial waste, household, hospital and special waste, sludge, ash waste, recovery of industrial, household, hospital and special waste, bacteriology research services, expert appraisals in the field of industrial, household, hospital and special waste, and of sludge and ash from both urban and industrial plants, computer programming, computer services, namely the design, development and updating of software and software packages, technical consulting and advice in the field of research and development in the field of new products in computing, computer rental, the design of computer and telecommunication systems, scientific and industrial research services for developing and evaluating the performance of processes and products for physicochemical water treatment; scientific and technical studies for developing and evaluating the operational performance of installations for treating drinking or industrial water, for processing wastewater, household or industrial wastewater, as well as for treating physicochemical or biological fluids and sludges; technical auditing (engineering services) relating to these processes and equipment and to all other treatments of fluids, including in the field of industrial processes; technical research center services in the fields of collection, transport, treatment, cleaning, storage, sanitation, recovery, and disposal of waste and refuse; engineering services in the field of waste and refuse; scientific and industrial research relating to environmental protection for the collection, transport, treatment, cleaning, storage and recovery of waste and refuse; engineering services, technical project studies, engineering work in the fields of design and construction of industrial and urban centers and units for the collection, sorting, storage, treatment, recovery and disposal of waste and refuse; prevention of air, water and sound pollution; consultation on environmental protection, urban planning, industrialization and natural resource development [environmental conservation], information on research in the field of environmental protection, studies (engineering work) on the economic, social and environmental implications of urban planning operations, industrialization and use or development of natural resources, in particular water; soil tests, agricultural, horticultural, wine growing, arboricultural and silvicultural engineering; quality control of water, air and soil; engineering services in the field of industrial

information systems (automatic control, control, centralized technical management and control, decision making systems, management systems for operating data); technical project studies, technological analysis, technical analyses, research, technological advice in the technology, maritime, offshore, port, energy fields as well as sustainable development, the environment, climate, weather, the management of household and industrial waste, water, flood control, hydrogeology, wet area management, public transport, telecommunications, civil engineering and urban engineering; certification and compliance of these services for quality assurance, namely quality control services.

Class 45

Security services for the protection of property and individuals.

Machines and machine tools, machines for repairing and producing parts for use in aircraft and spacecraft propulsion systems (jet engines, pulse-jet engines, ramjet engines, rocket propulsion craft); machines for use in modular assembly lines for aircraft engines; industrial robots; bipropellant thrusters, hydrazine thrusters, power-augmented catalytic thrusters, ion thrusters, electric thrusters, plasma thrusters; propulsion systems for aeronautical and space vehicles, as well as their components and spare parts included in this class, including engines, pumps, turbines, jet engines, thruster units, aircraft engine pods, thrust reversers, engine air intake, blower casing, exhaust cones; compressors; heat exchangers; transmission and propulsion couplings and components; all types of motors and engines for fixed or mobile installations, specifically gas turbine engines, thermal engines, electrothermal engines, jet engines, nuclear engines, combined propulsion engines, rocket propulsion engines, cryogenic rocket engines, rocket engines for satellite launchers and for ballistic and tactical missiles; vehicle engine parts and aircraft engine parts, namely, oil tank for internal combustion engines; aircraft engine pods; all these goods used and/or intended for the aeronautical and space field.

Class 09

Scientific, optical, weighing, measuring, checking (supervision) apparatus

and instruments; electrical and electronic apparatus and instruments, namely potential computers, full authority digital engine controls (FADEC), braking, temperature, pressure, vibration analysis and flight control computers; electrical, electronic and magnetic sensors for pressure, speed, displacement, temperature, position and vibrations; electronic cards for processing parameters; electronic systems and equipment, carried on board or not, for acquiring and processing data; calculation and operating software for simulation, running and storage of test programs; monitoring systems comprised of computer hardware and software for the evaluation of security and performance, as well as maintenance and servicing requirements of aircraft engines and/or their modules and parts; electrical and electronic devices and equipment for maintenance and monitoring (on board aircraft or engines, fixed on test benches or portable for ground interventions) for reading out and interpreting data from computers and sensors; data processing equipment and computers; apparatus for recording, transmission, reproduction of sound, images and/or data; software, in particular computer programs and software providing information on aircraft engines, maintenance, operation, servicing and repair in relation to aircraft engines and/or their modules and parts; software for managing repair, upkeep, servicing, maintenance and reconditioning operations conducted on an aircraft engine and/or on their modules and parts; magnetic, optical and digital recording media, CD-ROMs and DVDs; data banks, in particular containing information about aircraft engines, operation, repair, overhaul, servicing, maintenance and reconditioning of engines, modules and parts of aircraft engines; test benches; test benches for motors, engines, turbines and other thrusters (machines) for aircraft; all these goods used and/or intended for the aeronautical and space field.

Class 12

All air and space vehicles including airplanes and aircraft; parts and spare parts for aircraft cockpits; space rockets, space shuttles for use in space fitted with hypersonic propulsion means.

Class 35

Advice regarding the organization, administrative and business management and industrial operation of industrial or commercial companies possessing an aircraft fleet; advice regarding the management of fleets of engines, systems, equipment and aircraft parts; administrative and business advice regarding the management and methodology for repairs, servicing, overhaul, upgrading, maintenance of systems, equipment and parts for aeronautical and space vehicles; business advice relating to determining and selecting plant equipment in the field of the repair, servicing, overhaul, upgrading, maintenance of systems, equipment and parts for aeronautical and space vehicles; administrative and commercial management of parts, replacement equipment for users of engines, systems, equipment and parts of aircraft; marketing studies and research in the aeronautical field; compilation and statistical study of data relating to the management of a fleet of systems, equipment and parts for aeronautical and space vehicles and management of maintenance of a fleet of aircraft; advice regarding organization and business management of air operations, namely strategic and/or tactical operations, military or not, conducted by air; compilation of information into computer databases; management and compilation of databases; gathering, systematization, management and processing of data; exploitation of statistical data; provision of statistical information in a computer database; provision (preparation) of statistical data; administrative and commercial management of parts, replacement equipment for users of engines, systems,

equipment and parts of aircraft; all these services being used and/or intended for the aeronautical and space field.

Class 36

computers; pre-recorded and blank discs, pre-recorded and blank audio and video cassettes; pre recorded and blank compact discs; transmitters, receivers, apparatus for the transmission of electronic signals and radio signals; transponders; navigation apparatus for vehicles; navigational instruments; satellite navigational apparatus; electronic communication, navigational and positioning apparatus and instruments for aircraft, satellites, spacecraft, rockets and space stations; computers for managing control devices for aircraft; electric monitoring apparatus, light control apparatus, electronic flight recorders, weather radar apparatus, lightning detectors, radar, sonars, electro-optical devices, Global Positioning System [GPS] apparatus, satellite receivers and radio apparatus for aircraft, satellites, spacecraft, rockets and space stations; simulators for the steering and control of vehicles; flight simulation software; scientific satellites; satellites for receiving and transmission of radio signals; electric cables, fibre optic cables; sunglasses; satellites for scientific and commercial purposes; aeronautical communications apparatus and instruments; aeronautical radio communication machines and apparatus; scientific apparatus and instruments, namely scientific apparatus and equipment for measuring inertia, based on gyrometric fibre optic sensors, the aforesaid solely for space systems comprising satellites, spacecraft, launch rockets, in particular carrier rockets and space stations; software, scientific apparatus and instruments, the latter being for navigation and positioning of space systems comprising satellites, spacecraft, launch rockets, in particular carrier rockets and space stations; data processing apparatus for providing technical information and logistics in connection with satellites, spacecrafts, launch rockets, in particular carrier rockets, and space stations; measuring, checking (supervision), observation and transmission apparatus; apparatus and instruments for earth observation, encoding and transmission of data via satellites, altitude and orbit control apparatus and instruments for satellites; ground based apparatus for controlling satellites; radio transceivers; telescope mirrors; infrared cameras; computer modules, electronic control modules, power modules, electronic and electric measuring devices, power leakage detectors, observation instruments, data transmission cables, control panels, programmable controllers, communication devices, encoders, transceivers, altimeters and computer software for satellite and spacecraft equipment bays; altitude and position control devices for satellites; measuring, control, observation and communications apparatus; apparatus and instruments for earth observation, and for the encoding and transmission of data by means of satellites, apparatus and instruments for monitoring satellite altitude and satellite orbit; ground based apparatus for operation and control of satellites; satellite management programs; satellite control programs; radioelectric transceivers (transmitters and receivers) and radio apparatus; avionics modules, supply modules and test modules for satellites; electronic, electric and optical satellite control modules and spacecraft control modules, including electronic assemblies, containing the measuring circuits, communications circuits and auxiliary launch apparatus in a housing; apparatus and electronic control systems for altitude control and position control; audio compact discs; data carriers; transmitters (telecommunication), electric cables, fibre optic cables, electronic apparatus and instruments, electronic storage media; data storage media containing flight and navigation instructions for helicopters, rotary-wing aircraft and drones; optical or infrared monitoring installations and apparatus; thermal imaging apparatus; observation instruments, apparatus and devices; infrared monitoring and tracking apparatus and systems consisting thereof, namely electronic global positioning system; secure observation and reconnaissance apparatus and systems consisting thereof namely navigation systems using satellite reference, electronic global positioning systems, communication systems and remote control systems; helicopter monitoring apparatus and systems

consisting thereof; aerial monitoring apparatus and systems consisting thereof, day, night monitoring apparatus and systems consisting thereof; high-precision optical apparatus; encoders or decoders, digital image and sound data transmitters telemetry, remote control, radio altimetry and electronic navigation systems using satellite reference, electronic global positioning systems, communication systems and remote control systems; recording apparatus and positioning apparatus, recording instruments and positioning instruments; radars; lidars; electro-optical sensors; computer security systems; radar, antenna and satellite transmitters and receivers, converters and transponders; electric apparatus and equipment for civil and military use; electric and electronic tracking, discovery, detection, monitoring, geopositioning and geolocation apparatus; electric and electronic apparatus and equipment for radiolocation and radio navigation; airborne ground monitoring and reconnaissance apparatus based on radar images and systems consisting thereof; sensors for unmanned aircraft; instruments for navigation by sea, land, air and in space; guidance and navigation apparatus and systems consisting thereof, stationary or portable computers, electronic and telecommunications apparatus and equipment, included in this class, computer servers, servers and apparatus for data storage, computer workstations, modems; data memories; screens; wireless and satellite-based hardware and software for onboard data networks; multi-platform computer interfaces, and computer hardware software thereof; data storage media and user terminals for position determination, mapping information and course guidance for land vehicles, aircraft, marine vehicles or submarine vehicles; processing apparatus and systems consisting thereof for geographical data, in particular satellite systems, GPS; apparatus and equipment for the acquisition, compression, transmission, analysis and recovery of satellite images and aerial photographs; image transmission apparatus based on a digital radio link and systems consisting thereof; parts and fittings for optical apparatus; spatial-optical apparatus, equipment and instruments; optical apparatus, equipment and instruments for aerial reconnaissance vehicles; apparatus for course navigation; radio remote control apparatus; auto-pilots; hardware and software (recorded programs) for position determination, monitoring and surveillance in specific geographical areas; processing controlling software (recorded programs) and computer hardware used therewith, sensors and control apparatus for determining position, global positioning apparatus and electronic control systems consisting thereof in specific geographical areas; data storage media (other than paper) for recording computer programs, and user terminals (computer terminals), for use in the fields of position determination, navigation, navigation databases, radar or satellite navigation and radio navigation, and in relation to the information mapping, safety and emergency equipment, instruments and apparatus, research (other than for medical use), and life-saving equipment, instruments and apparatus; media for data storage and user terminals for position determination, mapping information, and course guidance for land vehicles and aircraft; electric or electronic instruments and apparatus for receiving, processing and/or transmission of navigation signals, and parts and fittings thereof; electric and electronic apparatus and instruments for testing, analysis and performance monitoring of navigation data and navigation signals, and parts and fittings thereof; electric and electronic apparatus and instruments for measuring, verification, checking, reviewing, testing and monitoring of positions and navigation data relating thereto; computer software (recorded programs) for measuring, verification, checking, reviewing, testing and monitoring of positions and navigation data relating thereto; satellite positioning and satellite navigation apparatus and equipment consisting thereof; telecommunications and radio communications apparatus, hardware and software for telecommunications and radio communications networks, hardware and

software for digital telecommunications networks; communications and radio communications network operated by means of wires, cables, fibre optic technology, radio or satellite; call centre servers, multiplexers and demultiplexers, electric and electronic apparatus and instruments for the control and management of networks; receivers (telecommunications), electronic and radioelectric signal transmission apparatus; satellites for scientific use and satellites for receiving and transmission of radioelectric signals; computer terminals, communications terminals, stationary or portable computer terminals or communications terminals; apparatus for communications, transmission and receiving of data, speech, and image and multimedia data; network apparatus, in particular protocol converters and systems consisting thereof for gateways; apparatus for and access interfaces to Internet protocol (IP) networks; telecommunications apparatus for the transmission of messages, information, data, and sound and images over the airways, and via cables, fibre optic technology, telephones, satellites, terminals, telecommunications networks and computer networks; telecommunications and desktop automation terminals for military applications; telephone apparatus, mobile telephones, cordless telephones, radio paging apparatus and equipment, facsimile machines, PDAs (personal digital assistants), mobile apparatus for Internet access, replacement parts for the aforesaid goods, enabling communications and conducting of secure transactions and online trading; software programs in a computer-usable format, being provided on magnetic or optical storage media or as a downloadable format and being usable with the aforesaid goods; software programmes for secure communications, enabling the authentication, checking, recording and analysis of business relationships, transactions by means of a system of controlled access rights and notifications; software programmes for satellite telecommunications apparatus and satellite telecommunications stations consisting thereof, in particular for use in aircraft; software, software (recorded programs) for communications and radio communications networks for data transmission by means of wires, cables, fibre optic technology, radio or satellite; software, software (recorded programs) for the management, administration, architecture management, configuration and protection of local or remote networks for speech, images and data; apparatus and software (recorded programs) for securing access to computer and Internet protocol (IP) networks; software (recorded programmes) for encryption and decryption; software (recorded programs) for encoding and decoding; software (recorded programs) for the architecture, management and securing of access to computer networks and Internet protocol (IP) networks; simulation, modelling, testing and experiment software; servers for modelling simulations of and for tests and experiments relating to civil and military operations; software (recorded programs) for computers for the development, optimisation and performance analysis of methods and algorithms, and processors (CPUs) and software modules for the processing and/or generation of navigation signals and/or navigation data in relation to navigation or cartography; software for the planning, acquisition, processing and dissemination of reconnaissance information and data (intelligence information), solely in the fields of reconnaissance and geography for defence and security purposes, all of the aforesaid goods for digital radio networks; software for digital radio networks, enabling user access to voice services and data, including group communications in relay mode, individual conversations, short messages, and data localisation and transmission, all of the aforesaid goods for digital radio networks; software (recorded programs) for the providing of access to an electronic messaging service; software for transaction security for Intranet and Internet data terminals, control stations and terminals for the display of information in graphics and text format; secure data processing apparatus, secure telecommunications apparatus and equipment consisting thereof; handheld electronic devices for wireless receiving and/or transmission of secure data

(in particular for messages) and electric and electronic apparatus and equipment enabling users to store or manage personal information; software for forwarding secure messages, Internet e-mails and/or other data to one or more handheld electronic devices from a database stored on a PC or a server or belonging thereto; software for the synchronisation of secure data between a remote station/apparatus and a fixed station/apparatus or a remote station/apparatus; electric and electronic apparatus and instruments, in particular computers and processors (CPUs) for data and computer software (recorded programs) for the development, optimisation and performance analysis of methods and algorithms, and processors (CPUs) and software modules for the processing and/or generation of navigation signals and/or navigation or cartography data; electric and/or electronic apparatus, electric and/or electronic instruments and apparatus for displaying reports, analyses and measurement results, in particular in the form of graphics, charts and diagrams resulting from the performance analysis and monitoring of navigation signals and/or data; electric and electronic apparatus and instruments for the examination and identification of segments of space in two or three dimensions; computer software (recorded programs) for the examination and identification of segments of space in two or three dimensions; apparatus for monitoring flight parameters, in particular navigation and control software (recorded programs) for helicopters, rotary-wing aircraft and drones, communications apparatus and systems consisting thereof and communications antenna for aircraft; recording apparatus and systems consisting thereof for apparatus for locomotion and propulsion by land, air or water; automatic flight control apparatus and systems consisting thereof; electronic testing apparatus (real-time systems) for conducting tests on electronic data input and electronic components, namely recording, processing and display equipment and apparatus, computer data buses, data transmission apparatus and data processing systems consisting thereof, analogue-digital, digital-analogue converters, prototype computer programs, simulators for the simulation of mechanical, electric and electronic functional processes, computer linking and chaining units, data analysis apparatus, changeover, panel, selector and coordinator switches, and interface units or programs, namely analogue, digital and discrete data bus interface units or programs; control apparatus for testing apparatus and searchable programs for the aforesaid control equipment recorded on data carriers; searchable test programs recorded on data carriers; instruments, and computer hardware and software for the simulation of electronic samples and mechanical, electric and electronic functional processes; electric and electronic display apparatus for the preparation and conducting of tests on electronic samples and processing of the test results; software, in particular database software for the management of tests on electronic samples for monitoring the configuration and definition of the test system; computer hardware and software for generating test documents; computer hardware and software for linking test installations via telecommunications equipment and/or via the Internet and/or via local networks; instruments and installations consisting thereof for the testing of vehicles and apparatus for locomotion and propulsion by land, air and water; sensors and communications apparatus and equipment; sighting telescopes for firearms; telescopes, binoculars, extendable telescopes and binoculars; protective eyewear, in particular eyewear for protection against lasers; distance measuring apparatus, in particular laser distance measuring apparatus, digital magnetic compasses; cameras, in particular reconnaissance cameras, exploratory cameras; equipment for aerial photography; aerial imaging apparatus and aerial cameras; periscope systems; stabilised sensor platforms (surveillance and electronic target location and tracking apparatus); night-vision apparatus, residual light amplifiers; laser target illuminators; software for assessing, monitoring and control of data security within an information technology network;

industrial computer imaging and data processing systems for producing satellite images, satellite data, aerial photographs, aerial image data, terrestrial images in 3D (three dimensions); mechanisms for coin-operated apparatus; antenna installations, antenna systems; tape recorders; magnetic tape units for computers; magnetic tapes; videotapes; cinematographic cameras; camcorders; compact discs (audio, video); optical compact discs; magnetic disk storage; optical discs; recording discs; optical data media; magnetic data media; radio apparatus (telecommunications); software, solely for the field of satellite imaging and satellite data; apparatus and devices for the processing of data, in particular via satellites; apparatus and devices for the simulation of infrastructure development; computer apparatus, computer peripheral devices and electronic data processing devices for producing and updating development plans and development charts, observing plots of agricultural land and optimising crop yield trends and monitoring thereof; compact disc players; optical document readers; character readers; readers; computer software (recorded programs); games software; computer programs (downloadable software); software and software packages for the processing and analysis of photographs, in particular aerial photographs, satellite images or terrestrial images; apparatus and devices for the processing of data, in particular satellite data; software packages for stereographic reproduction, for generating and preparing digital terrain models, for 3D modelling, ortho, orthophotos and thematic maps; computer files and software packages with geographical, geological, cartographical and topographical data; computer files and software packages comprising reproductions of terrain and digital maps; equipment and apparatus for databases and for accessing databases; computer software for stereographic projections, digital terrain models, orthoimages and thematic maps; computer files and software for geography, geology and topography; computer files and software for ground imaging and digital maps; satellite navigation equipment; satellites for scientific purposes, in particular earth observation satellites; apparatus and devices for the processing, analysis, reproduction and storage of images, aerial photographs and satellite photographs; computer hardware; computer databases; database access equipment; database management software, in particular for stereographic reproduction, for the storage, preparation, processing and analysis of drawings, images, photos, diagrams, charts, aerial photographs, satellite photographs, surface models and terrain models; data carriers for computer software, computer files, software packages, all containing or being for stereographic reproduction, for the storage, preparation, processing and analysis of surface models and terrain models, images and photos; data processing apparatus and data processing devices, in particular for satellite data; carriers for dark plates (photography); mirrors (optics); satellite navigation systems; satellites for scientific purposes, in particular earth observation satellites and radar satellites; remote control apparatus and remote control devices; airborne sensors; transmitters (telecommunication); apparatus and devices for the processing, analysis, reproduction and storage of satellite images; electric and electronic apparatus and devices for generating digital contour line models; databases of digital contour line models; computers and computer software for industry, namely the fire brigade and government, with regard to operating systems, customer management, systems for the management of valuables, geographical information systems, computerised construction, real-time visualisation and mobile systems and configuration thereof for use on suitable computer hardware; scientific satellites and satellites for receiving and transmission of radio signals; USB flash drives; adapters, chargers; telephone adapters; USB hardware; computer mice; headphones; laser pointers; headsets enabled by a short range radio technology (wireless headsets for use with mobile telephones); decorative magnets; cases, sheaths and sleeves for touch pads; cases, sheaths and

sleeves for telephones, in particular for mobile telephones; sunglasses; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, all of the aforesaid goods for use in the field of helicopters and rotorcraft; apparatus, devices and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, all of the aforesaid goods for use in the field of helicopters and rotorcraft; apparatus for recording, transmission or reproduction of sound, images or data, all of the aforesaid goods for use in the field of helicopters and rotorcraft; flight control apparatus and flight control devices for guiding and controlling helicopters and rotorcraft; electronic controllers for guiding and controlling helicopters and rotorcraft; flight regulating systems and flight control systems with fly-by-wire control for helicopters and rotorcraft; fibre optic flight regulating systems and flight control systems for helicopters and rotorcraft; flight regulating systems and flight control systems for guiding, controlling and self-navigation of helicopters and rotorcraft, comprising flight control apparatus and flight control devices, electric wire cables or fibre optic cables, sensors for collecting flight data, calculating machines, data processing installations, data processing apparatus and computers, flight data software; aircraft cockpit instrumentation, namely apparatus and equipment for flight control and flight regulation, screens for visual display (LCD/LED panels) controlled by flight management systems (computer hardware and computer software) displaying adjustable information for guiding and navigation of helicopters and rotorcraft, for testing and monitoring flight parameters, for testing and monitoring components, parts and onboard equipment for use in helicopters and rotorcraft cockpits; head-up displays (visual field displays) for use in helicopters and rotorcraft, namely transparent electronic display apparatus and screens for providing navigation data, operational data and mission data for pilots and co-pilots; flight instruments and flight apparatus for providing information regarding the flight situation of the helicopter or rotorcraft for pilots; autopilots for use in helicopters and rotorcraft; apparatus and devices for testing the flight parameters of helicopters and rotorcraft; navigation apparatus, navigation devices and navigation instruments for helicopters and rotorcraft; communications equipment and communications apparatus for helicopters and rotorcraft; avionics equipment and avionics apparatus, namely electronic regulating apparatus, electronic control systems, observation apparatus, instruments and devices, electronic monitoring apparatus and instruments (other than for medical use), communications systems, navigational instruments, weather information apparatus and instruments, and anti-collision sensor and detection apparatus (other than for medical use), for helicopters and rotorcraft; display apparatus and measuring instruments for use in helicopters and rotorcraft; digital displays and digital display apparatus for use in helicopters and rotorcraft; accelerometers, altimeters, radar altimeters, ammeters, anemometers, barometers, flowmeters, frequency meters, manometers, tachometers (revolution counters), thermometers, torqueimeters, speedometers, vibration meters, vibration gauges, voltmeters, telemeters, range finders, pressure indicators, fuel gauges, all being for use in helicopters and rotorcraft; oil pressure gauges and oil pressure indicators, oil temperature gauges and oil temperature indicators, fuel pressure gauges and fuel pressure indicators, fuel temperature gauges and fuel temperature indicators, height indicators, position indicators (artificial horizon), airspeed indicators, course deviation indicators, first limit indicators (FLI), directional indicators, horizontal situation indicators (HSI), radio-magnetic indicators (RMI), turn indicators and vertical speed indicators (variometers), all being for use in helicopters and rotorcraft; inertial navigation systems (inertial measurement units) for use in helicopters and rotorcraft; gyroscopes, rate gyroscopes, laser gyroscopes

(gyrolasers) for use in helicopters and rotorcraft; compasses, gyrocompasses, magnetic compasses and radio compasses (automatic direction finders) for use in helicopters and rotorcraft; VHF omnidirectional range (VOR) receivers for use in helicopters and rotorcraft; global positioning systems (GPS) for use in helicopters and rotorcraft; ground-proximity warning systems (GPWS), enhanced ground-proximity warning systems (EGPWS) and terrain awareness and warning systems (TAWS) for use in helicopters and rotorcraft; sensors for use in helicopters and rotorcraft, in particular acceleration measurement sensors, air temperature sensors, alarm sensors, distance sensors, electric sensors, electro-optical sensors, electronic sensors, electronic measurement sensors, fire sensors, fluid level sensors, frost sensors, gas sensors, heat sensors, moisture sensors, crash sensors, impact sensors, infrared sensors, level sensors, load sensors, light sensors, magnetic sensors, movement sensors, noise sensors, optical sensors, piezoelectric sensors, position switches, position transmitters and position sensors, pressure sensors, approach sensors and proximity sensors, smoke sensors, speed sensors, temperature sensors, torque sensors, vibration sensors, sensors for tracking actual and projected disturbances; detectors for use in helicopters and rotorcraft, in particular carbon dioxide detectors, carbon monoxide detectors, fire detectors, heat detectors, leak detectors, immersion detectors, movement detectors, particle detectors, approach detectors, proximity detectors and proximity switches, radar detectors, rotor speed detectors, vibration detectors; transducers for use in helicopters and rotorcraft comprising, in particular, resonant transducers, magnetostrictive transducers, piezoelectric transducers, electrostatic transducers, transducers with variable resistance (variable-resistance transducers), electro-optical transducers, electroacoustic transducers, power transducers, high-frequency transducers, linear transducers, measurement transducers, pressure transducers, torque transducers, ultrasound transducers; power supply units for helicopters and rotorcraft; electric accumulators for helicopters and rotorcraft; electric valves (thermionic), solenoid valves for use in helicopters and rotorcraft; electric regulators and supply voltage regulators for helicopters and rotorcraft; commutators, collectors and rectifiers for use in helicopters and rotorcraft; electric inverters for use in helicopters and rotorcraft; electric switches for use in helicopters and rotorcraft; pressure switches for use in helicopters and rotorcraft; electric actuators for use in helicopters and rotorcraft; fuel supply regulators, fuel flow regulators and fuel quantity regulators for use in helicopters and rotorcraft; timers (time recording instruments and time recording apparatus) for use in helicopters and rotorcraft; calculating machines, in particular pocket calculators, first limit calculating machines, in particular first limit pocket calculators, obstacle avoidance calculating machines, in particular obstacle avoidance pocket calculators, navigation calculating machines, in particular navigation pocket calculators, all being for use in the field of helicopters and rotorcraft; calculating machines, in particular pocket calculators for assessing the technical condition and technical state, damage to and use and operating time of helicopters and rotorcraft; data processing apparatus and data processing devices, data processors, computers, computer hardware and computer peripheral apparatus, all being for use in the field of helicopters and rotorcraft; circuit boards and printed circuits for use in helicopters and rotorcraft; couplers and connecting lines (data processing apparatus) for helicopters and rotorcraft; onboard computers for helicopters and rotorcraft; air data computers for use in helicopters and rotorcraft; symbol generators (display processing computers) for use in helicopters and rotorcraft; computer monitors, screens for optical and visual display, flat panel display screens, touch screens and multi functional LED screens and multi-functional LCD screens, all being for use in the field of helicopters and rotorcraft; instruments and apparatus for airborne data acquisition for use in

helicopters and rotorcraft; flight data recorders for use in helicopters and rotorcraft; digital voice recorders for use in helicopters and rotorcraft; decoders, encoders, signal scramblers and descramblers, electronic encryption and decryption apparatus, all being for use in the field of helicopters and rotorcraft; telecommunications apparatus and telecommunications equipment for use in the field of helicopters and rotorcraft; transponders for use in the field of helicopters and rotorcraft; transmitters for use in the field of helicopters and rotorcraft; transceivers for use in the field of helicopters and rotorcraft; radio transmitters, radio receivers and radio signal tuners for use in the field of helicopters and rotorcraft; antennas, antenna installations and antenna systems and satellite dishes, modems, telephone apparatus and telephone receivers for use in the field of helicopters and rotorcraft; amplifiers for use in the field of helicopters and rotorcraft; headphones, microphones, loudspeakers for use in the field of helicopters and rotorcraft; cameras, camcorders and infrared cameras for use in helicopters and rotorcraft; electronic card readers for use in the field of helicopters and rotorcraft; radars and radar systems for use in the field of helicopters and rotorcraft; alarm installations, alarms and alarm equipment for use in helicopters and rotorcraft; emergency locator transmitters for helicopters and rotorcraft; computer software for use in the field of aircraft, helicopters and rotorcraft; computer software for flight control of aircraft, helicopters and rotorcraft; computer software for navigation assistance and flight guidance assistance for aircraft, helicopters and rotorcraft; computer software for managing and recording flight data for aircraft, helicopters and rotorcraft; computer software for the design, production, manufacture, testing, maintenance, servicing and repair of aircraft, helicopters and rotorcraft; flight simulators, load scales, strategic telecommunication apparatus, portable communications apparatus, portable testing apparatus, stabilizing devices, electronic sensors, antennas, and computers for managing control devices, for aircraft, helicopters and rotorcraft; data acquisition software and data processing software for the design, production, manufacture, control, flying, guidance, navigation, monitoring, security, maintenance, servicing and repair of aircraft, helicopters and rotorcraft; computer software for support during the regulating of parameters for apparatus used for the design, production, manufacture, control, guidance, flying, navigation, surveying, maintenance, servicing and repair of aircraft, helicopters and rotorcraft; computer software for support during the search and remediation (troubleshooting) of faults and malfunctions, damage, mechanical faults and defects and the exchange and replacement of expired and worn parts of aircraft, helicopters and rotorcraft; computer software for displaying malfunctions, faults, failures, breakdowns and abnormalities in aircraft, helicopters and rotorcraft and for suggesting countermeasures for rectifying the aforesaid events; computer software for digital cartography for use in the field of aircraft, helicopters and rotorcraft; computer software for the preparation and creation of flight plans for aircraft, helicopters and rotorcraft; computer software for mission planning for aircraft, helicopters and rotorcraft; computer software for the presentation of flight reports for aircraft, helicopters and rotorcraft; computer software for tracking and locating aircraft, helicopters and rotorcraft; computer software for the identification and authentication of individuals for use in the field of aircraft, helicopters and rotorcraft; computer software for encoding, decoding, encryption, decryption of data for use in the field of aircraft, helicopters and rotorcraft; artificial vision systems and enhanced vision systems, namely computer hardware systems and computer software systems for displaying a realistic three-dimensional representation of the external world and for adding real-time information recorded by sensors installed on helicopters and rotorcraft, to support aircraft, helicopters and rotorcraft during flight and navigation through the enhancement of the situational perception and situation-dependent

awareness of the pilot; day/night-vision goggles, residual light amplification goggles for use in helicopters and rotorcraft; computer hardware and software and vibration sensors for measuring and analysing vibrations in the main and tail rotors, transmission shafts and other dynamic components and assemblies of helicopters and rotorcraft, and for providing computerised tuning (setting) of flight parameters for helicopters and rotorcraft; testing apparatus (not for medical purposes) and test stands (incorporating testing apparatus) for aircraft, helicopters and rotorcraft; testing apparatus (not for medical purposes) for electronic equipment and apparatus for helicopters and rotorcraft and flight simulators for helicopters and rotorcraft; flight simulators for aircraft, helicopters and rotorcraft; flight simulation software for aircraft, helicopters and rotorcraft; flight manuals (handbooks) and maintenance and servicing manuals (handbooks) for aircraft, helicopters and rotorcraft in electronic format, being recorded on computer-readable media or being downloadable; electronic publications, being recorded on computer-readable media or downloadable, relating to aircraft, helicopters and rotorcraft; fire extinguishers for use in helicopters and rotorcraft; electric sockets.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; forehead lamps; electric pocket torches; lighting apparatus and lighting devices for helicopters and rotorcraft; heating apparatus and heating equipment for helicopters and rotorcraft; air treatment installations, ventilating apparatus and air conditioning apparatus for helicopters and rotorcraft.

Class 12

Vehicles, apparatus for locomotion and propulsion by land, air, water or rail; aircraft; spacecraft; carrier rockets (spacecraft); air balloons; aircraft components, included in this class; aeronautical apparatus; remote control aircraft; screw-propellers; military vehicles for transport, in particular aircraft; seat covers for vehicles; aircraft of all kinds; unmanned aircraft; unmanned aerial vehicles (UAVs); aerospace apparatus, machines and appliances; vehicles for space travel; rockets [space vehicles]; military aircraft; helicopters and rotorcraft; helicopters and rotorcraft and structural parts therefor, fittings and connectors, dynamic components and equipment, included in this class; fuselages for helicopters and rotorcraft; tail booms for helicopters and rotorcraft; main rotors and tail rotors for helicopters and rotorcraft; rotor blades for helicopters and rotorcraft; screw-propellers for helicopters and rotorcraft; landing wheels for helicopters and rotorcraft; shock absorbers for helicopters and rotorcraft; windows for helicopters and rotorcraft; glass panels for helicopters and rotorcraft; seats for helicopters and rotorcraft; seat covers for helicopters and rotorcraft; seat cushions and seat padding for helicopter and rotorcraft seats; seat belts for helicopter and rotorcraft seats; restraining belts for helicopter and rotorcraft seats; upholstery for helicopters and rotorcraft; interior linings for helicopters and rotorcraft; joysticks, levers and pedals for controlling helicopters and rotorcraft (structural parts for helicopters and rotorcraft); petrol tanks and gas tanks, and tank caps and gas caps for helicopters and rotorcraft; protective strips for helicopters and rotorcraft; protective strips for rotor blades for helicopters and rotorcraft; wings and blades for helicopters and rotorcraft; landing gear and undercarriages for helicopters and rotorcraft; brakes for helicopters and rotorcraft; doors for helicopters and rotorcraft; fittings and connectors for all of the aforesaid goods (included in this class); parts and fittings for all of the aforesaid goods, included in this class.

Class 13

Firearms; ammunition and projectiles; explosives; fireworks; rockets (projectiles), remote control projectiles, missiles; signal rockets; visors and sights, other than telescopic sights, for firearms; visors and sights, other than telescopic sights, for cannons and guns (artillery); rifles of metal.

Class 14

Precious metals and their alloys and goods in precious metals or coated therewith, not included in other classes; jewellery, precious stones; horological and chronometric instruments; key rings and chains (trinkets or fobs); pins; key straps, key cords; tie pins; trophies, in particular crystal balls; trophies in precious metals; jewellery boxes and jewellery cases (in precious metals); necklaces; bracelets; bangles; earrings; rings.

Class 16

Paper, cardboard and goods made from these materials, not included in other classes, printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); printers' type; printing blocks; fountain pens and nibs; leaflets; posters; labels, not of textile; flags of paper; postcards; calendars; aerial photographs and satellite images; geographical maps; topographical maps; geographical pictures and images; geographical lists, graphics, diagrams and drawings; printed geographical surveys and studies; business cards; desk holders for business cards; paper bags, paper sacks and conical paper bags; books; college exercise books, note books, jotters; globes; desk mats; passport cases and passport sleeves; (personal) organisers; printed matter, in particular books, manuals (handbooks), magazines, periodicals, illustrated magazines, journals, newspapers, catalogues, pamphlets, all in relation to helicopters and rotorcraft.

Class 17

Rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, not of metal; carbon fibres, other than for textile use; plastic fibres, not for textile use.

Class 18

Leather and imitations of leather, and goods made of these materials and not included in other classes; animal skins, hides; trunks and travelling bags; umbrellas and parasols; walking sticks; whips, harness and saddlery; handbags; shopping bags; bags for sports; leather cases, leather trunks; suitcase tags (of leather); luggage tags; luggage straps; vanity cases, not fitted, make-up cases; luggage, bags; pocket wallets, purses, coin purses; backpacks; card cases; valises, in particular valises of leather; leather cases for credit cards; cases and sleeves for business cards; bags and trunks of leather and imitations of leather; briefcases.

Class 19

Non-metallic transportable buildings and structures.

Class 21

Household or kitchen utensils and containers; combs and sponges; brushes (except paintbrushes); brush-making materials; articles for cleaning purposes; steelwool; unworked or semi-worked glass (except glass used in building); glassware, porcelain and earthenware not included in other

classes; mugs; cups; bottles; vacuum flasks; signboards of porcelain or glass; ironing boards.

Class 24

Textiles and textile goods, not included in other classes; bed covers; table covers; fabric, impervious to gases, for aeronautical balloons; banners; flags, not of paper; furniture coverings of textile; loose covers for furniture; curtains of textile or plastic; fabrics for textile use; textile labels; textile fabrics; towels (bath towels, terry towels); place mats of plastic; blankets (bed blankets, travelling rugs, children's blankets).

Class 25

Clothing, footwear, headgear; scarves, headscarves; ties; caps (headwear); anoraks, parkas, jackets (clothing); Tee-shirts, polo shirts; clothing of leather and imitations of leather; flip-flops.

Class 28

Games and playthings; gymnastic and sporting articles not included in other classes; decorations for Christmas trees; scale model vehicles and parts therefor (included in this class), in particular models of aircraft and in particular model aeroplanes; toy vehicles; paragliders; jigsaw puzzles; playing cards; kites; inflatable toys, in particular aircraft; balloons; balls for sports and games; building blocks (toys); games with building blocks; dominoes and domino games; electronic targets; flying discs in particular frisbees (toys); mobiles (toys); plush toys, stuffed toys; swimming pools (toys); radio control toys, in particular vehicles of all kinds; construction sets for scale models; snow globes; teddy bears; toys; sporting articles, namely belts for weightlifting; golf clubs; bags especially designed for sports articles; discuses for sports; repair tools for lawns (golf equipment and golf accessories); golf gloves; golf bags, with or without wheels; golf balls; hang-gliders, paragliders; skis, in particular for use on snow and water; surfboards; bags especially designed for skis and surfboards; toy vehicles with radio control; scale model vehicles of helicopters and rotorcraft.

Class 29

Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs; milk and milk products; edible oils and fats.

Class 30

Coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour and preparations made from cereals; bread, pastry and confectionery; edible ices; sugar, honey, treacle; yeast, baking-powder; salt; mustard; vinegar, sauces (condiments); spices; ice.

Class 31

Grains and agricultural, horticultural and forestry products not included in other classes; live animals; fresh fruits and vegetables; seeds; natural plants and flowers; foodstuffs for animals; malt.

Class 32

Beers; mineral and aerated waters and other non-alcoholic beverages; fruit beverages and fruit juices; syrups and other preparations for making beverages.

Class 33

Alcoholic beverages (except beers).

Class 34

Tobacco; smokers' articles; matches.

Class 35

Advertising; business management; business administration; office functions; commercial and business organisational consultancy in the aviation and space travel sector; marketing studies; marketing for aircraft and parts therefor; organisation of exhibitions for commercial or advertising purposes; operation of businesses (for others) in relation to airports, namely business management, administration and organisation of an airport; events for advertising and sales promotion, advertising in the form of sponsorship; business management for participants in sporting events; organisation and conducting of sporting events for advertising and promotion; advertising and promotion, in particular advertising and promotion of the goods and services of others through sponsorship; input of data into databases and legal databases; business management of services for exchanging of correspondence, in particular management and administration of correspondence, for others; presentation of goods on communications media for retail purposes, particularly for the retailing of satellite-generated images or products derived from two-dimensional or three-dimensional satellite images, geographical maps or topographical maps consisting of images generated by satellites or antenna systems, digital evaluation models or contour line models in the form of coordinate grids for components encoded by elevation and receiving antennas; input of information into computer databases and computer memories, in particular input of images generated by satellites or antenna systems, input of high-resolution and very high-resolution digital images generated by satellites; retailing and wholesaling of images generated by satellites, in particular geographical images, geographical maps and topographical maps consisting of images generated by satellites; online presentation of goods, namely images generated by satellites, in particular geographical images, geographical maps and topographical maps consisting of images generated by satellites or antenna systems, for retail purposes and providing of commercial information in relation thereto; providing of business information; business consultancy; business consultancy with regard to Internet communications; providing of business information with regard to advertising, namely for industries, the fire brigade and government; advertising, business management, business administration and office functions, all being in the field of aircraft, helicopters and rotorcraft; logistics management in the field of aircraft, helicopters and rotorcraft; business consultancy in the field of aircraft, helicopters and rotorcraft; charitable services, namely business management and administration in relation to projects with the aim of improving the life of underprivileged people, impoverished people, people with disabilities and sick people; charitable services, namely business management and administration in relation to projects with the aim of supporting developing countries through advancing and supporting their autonomy; purchasing (procurement services) of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others; preparation and management of administrative documents belonging to a fleet of aircraft, helicopters and rotorcraft, for others; retail and wholesale services in connection with the sale of aircraft, helicopters and rotorcraft, replacement parts, fittings, dynamic components and equipment therefor; provision of information and advice to consumers regarding the selection of products and items to be purchased, in particular enabling purchasers of aircraft, helicopters and rotorcraft to check the price and availability of replacement parts through a website; online ordering services (for others)

relating to aircraft, helicopters, rotorcraft and technical publications relating thereto; preparation and conducting of trade fairs and exhibitions for commercial and advertising purposes in the field of aircraft, helicopters and rotorcraft.

Class 36

Insurance; financial affairs; monetary affairs; real estate affairs; real estate transactions; financing services; monetary transactions; financial transactions; financial leasing; hire purchase financing, credit financing; financial sponsorship; financial evaluation of patents; financial evaluation of industrial property rights and copyrights; conducting of financial transactions; capital investments; conducting and arranging of asset investments; apartment house management; financial services, in particular acquisition of securities of all kinds by means of purchasing and assumption, in particular capital issues; financial and asset management for securities of all kinds, company shares, bonds and other stock market quotations; portfolio management and financial portfolio valuation of stock market quotations, for others; provision of financial information, namely data for assisting the underwriting of agricultural insurance; financial analysis and research in the field of agricultural risk analysis from an insurance perspective; financial analysis and providing of reports relating thereto; providing and analysis of financial reports; financial market analysis and providing of reports relating thereto; providing of financial and insurance reports; administration of financial affairs; monetary affairs consultancy; providing information, including online, about financial and monetary affairs; service insurance contracts; banking, currency exchange and claims settlement agency services; co-operative credit society services; credit bureaux; credit rating agencies; financial clearing house services, money lending; investment brokerage; deposit holding; securities and commodities brokerage; trusteeships; issuing of travellers' cheques and letters of credit; rental of property; real estate appraisal; capital investment; insurance claim assessments; insurance claims processing; insurance claims adjustment services; insurance claim settlements; insurance agency services; banking; banking by means of online banking; financial evaluation (insurance, banking, real estate); home banking; savings bank services; financial clearing; financial services relating to building contractor services, namely preparation of financial reports relating to building projects; time-share property management services, namely development of user-tailored structures and forms of real estate property ownership, tenure, investment and/or use relating to management matters; financial sponsorship; financial sponsoring; financing services; financial consultancy (credit consultancy); financial business liquidation services; mergers and acquisitions, namely financial consultancy during the purchase or sale of companies, and company shares; mutual funds; financial management; fiduciary; investment services; providing of investment facilities; providing of investment facilities in relation to goods indices; investment consultancy; financial consultancy, financial valuation, financial analysis and fiscal evaluation; gathering, providing and dissemination of financial information in relation to goods indices; information and consultancy in relation to the aforesaid services; credit and insurance services; real estate transactions, including via the Internet; issuance of credit cards; financial services; banking transactions, banking, financial transactions, financial analysis, financial services, financing services, collecting of outstanding payments, and financial lending; lease-purchase financing in relation to installations, land, machines, vehicles and apparatus for locomotion and propulsion by land, air, water, rail and in space, in particular aircraft, helicopters and rotorcraft, spacecraft and satellites; real estate affairs, real estate transactions, real estate brokers, assessment and valuation of real estate, real estate consultancy, providing of information relating to real estate, real estate management, rent

collection; insurance underwriting, insurance consultancy, insurance information, underwriting of insurance, guarantees; savings bank services, pension services, capital investments, savings, pension savings, financial valuation (insurance, banking, real estate), financial information, forming of joint investment funds, placement of funds, monetary transactions, actuarial services, factoring, credit bureaux, stock exchange quotations, stock brokerage services, savings banks, capital investment, financial services in connection with credit and debit cards, exchanging money, cheque verification, issuing of travellers' cheques, issuing of bank cheques, depositing of valuables in safes, settlement services (exchange transactions), insurance brokerage, deposits of valuables, issue of tokens of value, issuance of credit cards; issuing of store cards (financial services); fiscal assessment; fiduciary; electronic capital transfer; real estate management; asset management; life insurance, marine transport insurance, accident insurance, fire insurance, health insurance, home insurance, rent guarantee insurance, rental of flats, rental of office space, mortgage banking, banking, financial transactions, monetary transactions, instalment loans, financial sponsoring, loans (financing), financial transactions, direct banking (home banking), raising of capital; information, consultancy and assistance in relation to banking, finances and money; online services in the field of banking, financial affairs, insurance underwriting and real estate affairs via telecommunications networks (including mobile telephones), data transmission networks and data communications networks, in particular the Internet and Intranets via electronic websites; real estate insurance; financial affairs in relation to real estate and land; time-share property management services, namely development of user-tailored structures and forms of real estate property ownership, tenure, investment and/or use; estate management in relation to real estate and land; assessment and valuation of real estate and land; online services in the fields of banking, financial affairs, monetary affairs, insurance underwriting and real estate affairs via telecommunications networks (including mobile telephones), telematics and data communications networks in the form of the Internet and Intranets via electronic websites; consultancy in relation to capital market trading; providing of the aforesaid services online from a computer database or via the Internet; credit and loans for the financing of aircraft, spacecraft, satellites, helicopters and rotorcraft; financial services in relation to the leasing of aircraft, spacecraft, satellites, helicopters and rotorcraft; insurance in relation to aircraft, spacecraft, satellites, helicopters and rotorcraft; guarantee services for aircraft, spacecraft, satellites, helicopters and rotorcraft; financial sponsorship of events and meetings in the field of aircraft, spacecraft, satellites, helicopters and rotorcraft; charitable fund raising; charitable services, namely procurement of financial support for developing countries for advancing their autonomy.

Class 37

Building construction; repair; installation services; building construction with regard to the field of aviation and space travel, in particular airports and rocket launch areas; repair, maintenance and disassembly, in particular in the field of vehicles and apparatus for locomotion by land, air or water, and of drive motors; maintenance of computer hardware; vehicle service stations (refuelling and maintenance); fuelling of vehicles; in-flight refuelling; maintenance of measuring instruments, tensioning devices, tools and replacement parts; building, construction, assembly, installation and repair of devices for carrier rockets, spacecraft and satellites; building, construction, assembly, installation and repair of carrier rockets, spacecraft and satellites; breakdown assistance [repair] in the event of faults and defects in aircraft, spacecraft and satellites; information in relation to the repair of aircraft; providing and procurement of information in relation to the repair of aircraft; installation of hardware for mechanical,

electric and computer interfaces between a satellite and a launch rocket, in particular carrier rockets; installation of satellites on carrier rockets; installation of satellites and spacecraft on carrier rockets, in particular mechanical assembly, configuration (installation) of electric and computer connections (hardware); construction, building and expansion of installations, in particular satellites and ground stations and equipment relating thereto; information in relation to repair and construction, building and expansion of installations and equipment in the aeronautics sector; repair, in particular of vehicles and apparatus for locomotion and propulsion by land, air or water, including unmanned aircraft, aircraft, drones and drive motors; installation, repair, maintenance and servicing of electric and electronic installations, equipment, apparatus and devices, in particular for aeronautics, and of encryption installations, instruments, apparatus and devices; services in the field of disassembly of the aforesaid goods; repair, maintenance and servicing, in particular in the field of vehicles and apparatus for locomotion by land, air or water, and drive motors; repair, in particular in the field of vehicles and apparatus and parts therefor for locomotion by land, air or water, and drive motors; installation, expansion, maintenance, servicing, repair and reconditioning of helicopters and rotorcraft, components, structural parts, fittings and connectors, dynamic components and equipment therefor; installation, expansion, maintenance, servicing, repair and reconditioning of machine coupling and transmission components for helicopters and rotorcraft, motors and engines and drives for helicopters and rotorcraft, main rotors and tail rotors for helicopters and rotorcraft, rotor blades for helicopters and rotorcraft, avionics equipment and apparatus for helicopters and rotorcraft; maintenance, servicing, repair, installation and technical updating of a fleet of helicopters and rotorcraft to comply with the requirements of national, foreign, civil and military legislative and regulatory requirements; adaptation of helicopters and rotorcraft to customer requests (installation); painting and varnishing of helicopters and rotorcraft; installation, expansion, maintenance, servicing and repair of nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, electric systems, apparatus and devices for recording, transmission or reproduction of sound, images or data, data processing apparatus and devices, computers, computer hardware, telecommunications machines, apparatus and devices, all being for use in the field of helicopters and rotorcraft; installation, expansion, maintenance, servicing, repair and reconditioning of flight simulators for helicopters and rotorcraft; technical support, namely technical consultancy in the field of the maintenance, servicing, repair and reconditioning of helicopters and rotorcraft; rental of machines and tools for the maintenance and servicing of helicopters and rotorcraft; information in relation to the repair, maintenance, servicing and reconditioning of helicopters and rotorcraft; provision of information relating to maintenance, servicing, repair and reconditioning of helicopters and rotorcraft through a website; installation, expansion, maintenance, servicing, repair and reconditioning of equipment and apparatus installed in helicopters and rotorcraft, in particular avionics equipment and avionics apparatus, flight control apparatus, flight instruments, navigation apparatus and navigation instruments, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving apparatus and instruments, electric systems, apparatus and devices for recording, transmission or reproduction of sound, images or data, data processing apparatus and devices, computers, computer hardware, machines, apparatus and devices for telecommunications; construction consultancy.

Class 38

Telecommunications; pager and mobile telephone communications, and

other electronic communications; communications provided via fibre optic networks; telecommunications via satellite; communications via computer terminals; providing of telecommunications connections to a global computer network; telephone services; transmission of messages and information; rental of telecommunications apparatus and telecommunications devices; rental of apparatus and devices for image transmission; rental of modems; computerised transmission of messages and images; communications via computer terminals, radio and television broadcasting; cellular telephone communication; satellite transmission; rental of access time to computer databases and computer data memories; rental of access time to computers for data processing; telecommunications via satellite and satellite constellations; data transmission via satellites and satellite constellations; rental of telecommunications networks of multi-utility companies; electronic message transmission via the Internet, Extranets and Intranets; communications via radio, telephone, telegraphy, and all other ways of remote data transmission, via videotext, in particular via terminals, computer peripheral apparatus or electronic and/or digital apparatus, video telephones and video conferences; data transmission, in particular in packet-switched operation mode, sending and transmission of electronic documents, e-mail services; forwarding of telephone calls or telecommunications messages; mobile telephone services; satellite transmission; broadcasting of radio and television programmes and multimedia programmes in general for interactive or other use; communications via data networks in general; telecommunications via satellites and satellite constellations; electronic transmission of messages and data (messaging) via the Internet, Extranets and Intranets; communications via radio, telephone, telegraphy and remote data transmission devices of all kinds via interactive videography and in particular on terminals, computer peripheral apparatus or electronic and/or digital apparatus, via video telephones and video conferences; data transmission, in particular for the transmission, in particular batch transmission, and sending of computerised and computer-readable documents; e-mail services; mobile radio communications; mobile radio telephone services; provision of private mobile radio services; rental of modem peripheral apparatus; rental of access times to database servers; telecommunications, electronic data transmission, data transmission via computer servers; radio communications, computerised transmission of messages and images; sending and receiving of data, signals and information, being processed by telematics apparatus and telematics devices, computers or telecommunications apparatus, telecommunications devices and telecommunications instruments; electric and electronic exchange of computerised and computer-readable data; wireless and secure e-mail services and data transmission; electronic message transmission; electric and electronic monitoring, sending and receiving of data, signals, images and information, transmission of encrypted messages and images; telecommunications via satellite; provision of access to data or documents stored electronically in central files for remote consultation via terminals; communications via computer terminals; telecommunications security, namely providing secure connections and access to radio telephones and mobile telephones; transmission via satellite; data transmission, data transfer and services for providing online access to data, in particular in the fields of satellite navigation and positioning, media for navigation and position data; providing and management of access to available data and information; providing of telecommunications data and telecommunications information on the Internet; secure communication (transmission) of data and voice data, for others; providing access to software platforms guaranteeing user authentication, data integrity and data privacy, and file acceptance; transmission of documents or electronic data via electronic networks, including the Internet, and access to the aforesaid documents or electronic data; providing access to software

platforms for services in connection with the encryption and signing of files, documents or electronic data, for others; providing access to software platforms for services in connection with the secure transfer of files, documents, data or electronic payments via electronic networks, including telephone networks and the Internet; providing access to programs on data networks; providing access to a global computer network, in particular the Internet (service providers); computerised transmission of messages and images, in particular high-resolution and very high-resolution images and geographical information; satellite transmission of messages and images, in particular high-resolution and very high-resolution images and geographical information; providing access to databases and data memories, in particular databases and data memories containing images recorded from satellites or antenna systems; transmission of data from digital contour line models and geographical information; access to electronic databases and data memories and centres for information retrieval, in particular for drawings, images, photos, charts, maps, lists, aerial photographs, satellite images, surface models, in particular rental of access times, organisation and management of access authorisations; communications in connection with data transmission on computer networks; setting up and implementation of access to databases and data memories on the Internet, in particular providing access to software; (computerised) transmission of data and images, in particular for global communications networks (the Internet) or for private or user-restricted networks (Intranets); communications by means of computer terminals, radio, television broadcasts, mobile telephone services; telecommunications in the field of aircraft, helicopters and rotorcraft; providing access to Internet portals in relation to aircraft, helicopters and rotorcraft; transmission of messages, news and information in relation to aircraft, helicopters and rotorcraft by means of electronic communications networks; providing access to computer databases and computer memories containing data in relation to aircraft, helicopters and rotorcraft.

Class 39

Transport; packaging and storage of goods; travel arrangement; air transport; storage of aircraft and aircraft parts; freighting; vehicle rental; air traffic management; traffic information; flight safety, in particular providing of information and advice relating to flight safety, technical and operational audits and risk management strategies, traffic supervision measures, traffic guidance measures and pilotage; services for the operation of airports, namely management, administration and organisation of an airport and securing and handling of flight operations; flight consultancy, in particular information regarding flights; arranging of travel tours; recovery and recycling of aircraft and aircraft parts; rental of aircraft and aerial vehicles; positioning and remote control of satellites and spacecraft, namely launching and suspension of satellites, for others; flight tracking; transport by means of aircraft, helicopters and rotorcraft; stockpiling of aircraft, helicopters and rotorcraft and replacement parts therefor, for others; leasing of aircraft, helicopters and rotorcraft; charitable services, namely transport by means of aircraft, helicopters and rotorcraft in disaster zones for the providing of urgent humanitarian aid; logistics services consisting of the transport, shipping, packaging and storage of replacement aircraft parts; warehousing of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others; warehouse storage services in the field of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others; planning and coordination of the transport of replacement parts, fittings, dynamic components and equipment for aircraft, helicopters and rotorcraft, for others.

Class 40

Treatment of materials; printing; reclamation, recovery, recycling and reuse of aircraft and aircraft parts; processing of aerial photographs, satellite images, monochrome or multi-spectral photographs, for others; processing of space images; custom manufacture and finishing of helicopters and rotorcraft according to the orders and specifications of others.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; providing of training in the field of aviation and space travel; organisation of aviation and space travel exhibitions for educational purposes, providing of training and further training and entertainment purposes; videotape film production; teaching and instruction, education and entertainment; correspondence courses; publication of texts, illustrations, books, newspapers, periodicals, illustrated magazines, magazines, publications in all fields and all forms, comprising electronic and digital publications, publications on sound recording carriers and/or image carriers, multimedia carriers (in particular interactive discs, digital sound CD-ROMs) of multimedia programs (computerised editing of texts and/or still or moving images); organisation of introductory and advanced academic events in all fields of general interest; organisation of further training in all fields of general interest; seminars, study courses and courses; organisation of lectures, seminars, congresses and colloquiums; production of radio and television programmes, audiovisual and multimedia programmes (film and recording studios), in particular computerised editing of texts and/or still or moving images and/or music or other sounds and noises, for interactive or other use; organisation of competitions, games and education and entertainment events and activities providing educational and entertainment information; production of radio and television information and entertainment programmes, radio and television entertainment, audiovisual and multimedia programmes (film and recording studios), in particular computerised editing of texts and/or still or moving images and/or music or other sounds and noises, for interactive or other use; organisation of shows; production and rental of films and cassettes, including video cassettes, and sound recording or video carriers and multimedia carriers of all kinds in general (in particular interactive discs, digital sound CD-ROMs); rental of books and other publications; lending libraries for loaning of electronic games; editing, in particular editing of texts; providing of news reports, photojournalism; translation; rental of recorders, in particular cassette recorders; recording of films on video cassettes and videotapes; practical training, instruction (teaching) and demonstration in the fields of defence, monitoring, communications and security, reconnaissance and geography; organisation and conducting of courses, practical workshops, seminars, training; editing and publication of books, printed matter, CD-ROMs and film productions, solely in the fields of reconnaissance and geography for defence and security purposes; publication of books and periodicals online; publishing, other than printing; computer courses relating to the operation, performance and security of information and position determining systems; preparation and conducting of colloquiums in the field of the exploitation of satellite data and products derived therefrom; preparation and conducting of conferences in the field of the exploitation of satellite data and products derived therefrom; preparation and conducting of congresses in the field of the exploitation of satellite data and products derived therefrom; preparation and conducting of seminars in the field of the exploitation of satellite data and products derived therefrom; photography, organisation of exhibitions for cultural and educational purposes, photojournalism, publication of texts, other than publicity texts, in the field of the exploitation of satellite data and products derived therefrom;

electronic publication of books and online magazines in the field of the exploitation of satellite data and products derived therefrom; production of television programmes; education, providing of training, entertainment, sporting activities, cultural activities, information relating to educational and entertainment events, film production, production of digital image recordings on image carriers, publication of books; providing of training for aircraft, helicopter and rotorcraft pilots; providing of training for mechanics, technicians and engineers in the field of aircraft, helicopters and rotorcraft; providing of training by means of flight simulators for aircraft, helicopters and rotorcraft; conducting of courses, conferences, seminars, workshops in the field of aircraft, helicopters and rotorcraft and dissemination of training material in connection therewith; conducting of courses, conferences, seminars, workshops in relation to the management, repair, maintenance, servicing and reconditioning of aircraft, helicopters and rotorcraft and flight security and dissemination of training material in connection therewith; publication of books, magazines, periodicals, newspapers, illustrated magazines, catalogues and pamphlets in relation to aircraft, helicopters and rotorcraft; publication of training and maintenance and servicing manuals (handbooks) in relation to aircraft, helicopters and rotorcraft; online library services, namely providing of electronic library services for the supply of electronic information in the field of aircraft, helicopters and rotorcraft; providing of non-downloadable electronic publications in relation to aircraft, helicopters and rotorcraft; production of training videos in relation to aircraft, helicopters and rotorcraft; provision of information regarding the training of aircraft pilots, helicopter pilots and rotorcraft pilots, mechanics, technicians and engineers through websites; organisation of air shows and flying demonstrations and exhibitions in relation to aircraft, helicopters and rotorcraft for entertainment, cultural and educational purposes; charitable services, namely providing of education, training and consultancy and support for underprivileged young people in the field of aircraft, helicopters and rotorcraft; providing of training for flight personnel; providing of training for maintenance and servicing; operational training; development of aids for the providing of training.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer programming; industrial, scientific and technological services and research and design relating thereto; industrial analysis; testing of computer system installations; computer programming for the creation and recovery of computer data in databases; scientific and technological consultancy, other than commercial; engineering with the aim of providing scientific and technological evaluations, calculations, research and opinions in the field of science and technology; engineering services in the fields of physics and chemistry; technical consultancy, assessment, research, testing and monitoring in the field of technology, in particular with regard to environmental protection, energy technology; material testing; providing of weather information, in particular weather forecasting; design of computer graphics; engineering, engineering (technical assessment); software maintenance; mechanical research; research in the field of aviation and space travel; technological services in the field of flight simulation; technical project studies; research and consultancy in the field of technology; research and consultancy in the field of environmental protection; industrial design; interior furnishing; design of interior decor; graphic design; maintenance of computer software; certification and re-certification of vehicles (quality, standards); technical flight tests; design, technological and engineering consultancy and drawing up of plans (other than business) relating to installations, in particular satellites, ground stations and related installations and

apparatus, technical project studies; engineering; conducting of scientific and technical studies, technical project studies, scientific consultancy and information technology (IT) consultancy services with regard to satellites, spacecraft, launch rockets, in particular carrier rockets and space stations; scientific and technical analysis and provision of scientific and technical surveys with regard to the manufacture, use, servicing and maintenance of satellites, spacecraft, launch rockets, in particular carrier rockets and space stations; scientific and technical consultancy and consultations in relation to computers, drawing up of construction plans; technical advice relating to operation of computers for the provision of technical information relating to databases and legal databases, and for the design, development and hosting of databases and legal databases; computer programming for electronic apparatus, devices and instruments, computers, systems for remote data processing and telematics systems, multimedia hardware; multimedia programming; rental of computers, software, scanners, recorders, burners, printers and printer peripheral apparatus; technical and technological design consultancy and conducting of technical and technological project planning other than in relation to business management; information services relating to industrial design, technological planning and scientific research; installation of computer software, database development, maintenance of computer software and reconstitution of databases; programming of software for multimedia apparatus; rental of computers, programs, scanners, recorders, printers and peripheral apparatus for printers; technical advice relating to operation of computers in the field of telecommunications and information technology; technical and technological testing and development of mechanical, electric and computer interfaces (integration) between a launch rocket, in particular carrier rockets, and a spacecraft or satellites; testing of the compatibility and integrity of electric connections; technological consultancy in the field of telecommunications and data processing; technical consultancy in the field of information technology; computer security services relating to flight security, flight monitoring and flight support based on a satellite infrastructure; technical software consultancy in the field of telecommunications; scientific, technical and technological research and development in the fields of telecommunications networks and radio communications networks; design, development and updating (for others) of software (recorded programs) for the management, administration, architecture management, configuration and protection of local or remote networks for speech, images, data and multimedia data communications, tests, inspections, analyses and/or signal monitoring; scientific, technical and technological development, optimisation, performance monitoring and testing of methods, algorithms and processing and software modules for computerised signal processing; inspection, testing, analysis and/or monitoring of system algorithms for generating navigation or cartography data; scientific, technical and technological development, optimisation, inspection (technical testing) and realisation and conducting of technical tests with regard to the performance of methods, algorithms and processing and software modules for generating navigation or cartography data; services for monitoring industrial processes and testing of components; scientific and technical development of algorithms and methods for computerised signal processing; provision of engineering reports; scientific, technological and engineering services and research and design relating thereto; conducting of industrial analyses and measurements; scientific and technological services and research and design relating thereto in the field of data processing, analysis and conversion; production (design, development) and updating of database programs; scientific, technical and technological studies on user requirements and evaluation of the architectures of information and reconnaissance systems, solely in the fields of reconnaissance and geography for defence and security purposes; scientific, technical and

technological studies in relation to adaptation, integration, qualification and build-into operations for logistics support, solely in the fields of reconnaissance and geography for defence and security purposes; scientific and technological services and research and design relating thereto, in particular scientific and technical development and engineering, solely in the fields of reconnaissance and geography for defence and security purposes; scientific consultancy solely in the fields of reconnaissance and geography for defence and security purposes; scientific, technical and technological data analysis and data conversion in the field of reconnaissance and geography for defence and security; engineering with regard to the design and troubleshooting of digital radio communications networks for the security forces; design, development and updating (for others) of software (recorded programs) for position determination, surveillance and monitoring in specific geographical areas; design, development and updating (for others) of command and monitoring software (recorded programs) for position determination, surveillance and monitoring in specific geographical areas; engineering with regard to the scientific evaluation, assessment and appraisal of the preparation and/or providing of results, in particular in the form of analytical reports, graphics, charts and diagrams; software programming, in particular for others; software programming and maintenance, including of software platforms for secure end-to-end transactions, management of customer relationships and handling of transactions; computer security services (design and development of secure computer hardware, software and systems, programming and software installation, repair and maintenance services and testing and risk assessment of computer networks) for business communications via electronic networks, in particular for production against illegal network access; scientific consultancy; consultancy in relation to computer software and computer hardware, and technical advice in relation to wireless data networks, all in the fields of aerospace, defence and security; maintenance of computer software in the fields of aerospace, defence and security; technological advisory services relating to computer software, computer hardware and wireless data networks in the fields of aerospace, defence and security, provided by means of a support hotline; testing (technical tests), inspection (technical examination), scientific, technical and technological analysis; scientific, technical and technological development, optimisation, performance monitoring and testing of methods, algorithms and processing and software modules for the computerised processing of navigation signals; inspections (technical examinations), tests (technical tests), scientific, technical and technological analyses and/or monitoring of system algorithms for generating navigation data; scientific, technical and technological development, optimisation, performance monitoring and testing of methods, algorithms and processing and software modules for generating navigation data; engineering in the field of performance monitoring and testing; engineering in the field of navigation signal testing and verification; engineering in the field of the development of algorithms and methods for computerised navigation signal processing; engineering in the field of the development of algorithms and methods for generating navigation data; scientific development of antennas, satellite dishes and reflective and radiating objects; scientific and technological consultancy relating to antennas, satellite dishes and reflective and radiating objects; testing of apparatus, namely antennas, satellite dishes and reflective and radiating objects; digitalisation of electromagnetic fields through scanning; scientific and technological engineering evaluations, assessments, appraisals and research in the technological field of data processing, data analysis and data conversion; creation (design, development) of database programs; conducting of technical tests, examinations, verification, analyses and/or monitoring of signals belonging to vehicles and apparatus for locomotion and propulsion by land, air and water (in particular helicopters, rotary-wing aircraft and

drones); scientific, technical and technological development, optimisation, performance monitoring and testing of methods, algorithms and processing and software modules for the computerised processing of signals belonging to vehicles and apparatus for locomotion and propulsion by land, air and water (in particular helicopters, rotary-wing aircraft and drones); inspections (technical examination), technical tests, technical analyses and/or monitoring of system algorithms for generating data; engineering in the field of performance monitoring and testing in relation to vehicles and apparatus for locomotion and propulsion by land, air or water (in particular helicopters, rotary-wing aircraft and drones); engineering in the field of signal testing and verification; engineering in the field of the development of algorithms and methods for computerised signal processing; scientific evaluation, assessment and appraisal of the preparation and providing of results, in particular in the form of analytical reports, graphics, charts and diagrams; scientific and technological engineering services and research and design relating thereto in the field of data processing, analysis and conversion; scientific, technical and technological examinations, development and adaptation of telecommunications networks and radio communications networks in relation to vehicles and apparatus for locomotion and propulsion by land, air or water (in particular helicopters, rotary-wing aircraft and drones); design, development and updating (for others) of software (recorded programs) for the management, administration, architecture, configuration and protection of local or remote networks for speech, images, data and multimedia data communications networks belonging to vehicles and apparatus for locomotion and propulsion by land, air or water (in particular helicopters, rotary-wing aircraft and drones); design, development and updating (for others) of software (recorded programs) for the design, development, management and securing of access to computer and Internet protocol (IP) networks, programming and maintenance of computer software for military, aviation and space travel applications; research and development of new products for military and aviation applications; network security services for the assessment, monitoring and control of data security within information technology networks; scientific and technological services, namely procurement of data generated by earth observation satellites, precision measurements of terrain models, physical measurements (characterisation of objects observed from the ground in accordance with spectral signatures, atmospheric influences, geometric and radiometric models from on board cameras); research and design in the field of imaging methods by means of satellite and the exploitation of related data, namely design of processing methods for observation data from satellites, development of processing protocols for the exploitation of satellite data with the aim of producing geographical information and engineering in connection with the programming of aerial photographs from a network of observation satellites; industrial analysis and research in the field of satellite imagery and the exploitation of related data; radar research, imaging methods by means of radar; design and development of computers and software; regeneration (recovery) of databases; consultancy services relating to research in the field of environmental protection; conversion of data and computer programs (other than physical conversion); surveying; examination, assessment and surveying of oil fields; geological assessment and surveying; geological research; analysis of the exploitation of oil fields; land surveying; crude oil exploration; town planning; production and maintenance of websites, for others; geological exploration; technical research services relating to cartographical products and mapping via country coverage maps and land registers; provision of technical engineering information relating to online images generated by satellites, in particular geographical images, geographical maps and topographical maps consisting of images generated via satellites and antenna systems; provision of scientific information relating to satellites

images, in particular geographical images, geographical maps and topographical maps consisting of images generated by satellites and antenna systems; Application Service Provider (ASP) services relating to the treatment and analysis of aerial photographs or satellite images (monochrome or multi-spectral); physics (research), engineering or information technology services in connection with computerised services in relation to the processing of aerial photographs, satellite images (monochrome or multi-spectral); design of databases for global digital contour line models; scientific and technological research, technological studies and technological project studies for developing geo-data in relation to digital contour line models; industrial analysis and research based on digital contour line models for use in the processing and orthorectification of other geo-data and images, modelling of geophysical processes on earth, calculating signal dispersion in the telecommunications industry and logistics and security applications in transport (aeronautics, vehicles); technological, information technology [IT], computer security, engineering, scientific and research consultancy in the field of crisis intervention planning; technological, information technology [IT], computer security, engineering, scientific and research consultancy relating to defence-relevant and security-relevant applications and missions; analysis of the exploitation of oil fields and gas fields; design and development of computers and computer software, computer programming for industry, namely the fire brigade, police and government, with regard to operating systems, customer management, systems for the management of valuables, geographical information systems, computerised construction, real-time visualisation and mobile systems and configuration thereof for use on suitable computer hardware; industrial and scientific research; meteorological information, in particular weather forecasting; design of software; design of computer images; engineering (technical evaluation and assessment); design, research, development, engineering and testing in the field of aircraft, helicopters and rotorcraft; design and development of computers, computer hardware, avionics, communications systems and navigation systems in the field of aircraft, helicopters and rotorcraft; design and development of flight simulators for aircraft, helicopters and rotorcraft; design, development, installation, maintenance and updating of computer software in the field of aircraft, helicopters and rotorcraft; testing of aircraft, helicopters and rotorcraft, in particular security tests; graphic design of schemes for the painting and varnishing of aircraft, helicopters and rotorcraft; rental of flight simulators for aircraft, helicopters and rotorcraft; information technology (IT) consultancy services in the field of aircraft, helicopters and rotorcraft; technical consultancy in the field of aircraft, helicopters and rotorcraft engineering; technological consultancy services in the field of avionics for aircraft, helicopters and rotorcraft; development of computer software application solutions; provision of big data solutions, namely data mining and technical data analysis services; design of online management software for the contents of documents relating to aircraft; design of online adaptation software (customisation) (editing, publishing) of documents relating to aircraft; design of software for scheduled and unscheduled maintenance and servicing of aircraft; design of software for the management of aircraft repairs; design of software for flight analysis and aircraft security; design of software for the maintenance and servicing of aircraft; design of software in relation to aircraft pilots and flight personnel; design of flight performance software; engineering solutions for the modification of aircraft; development of new products for aircraft.

Class 43

Services for providing food and drink; temporary accommodation; services
