Information Contained in This Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

GENERAL INFORMATION

References to “section” and “rule” in these notes are references to that section of the Trade Marks Act (Cap. 332, 1999 Ed.) and that rule of the Trade Marks Rules, unless otherwise stated.

Trade Marks Journal

This Journal is published by the Registry of Trade Marks in accordance with the direction of the Registrar under rule 86A.

Request for past issues published more than three months ago will have to be made in writing and is charged at \$12 per issue. It will be reproduced in CD-ROMs and it is to be collected at the following address:

Registry of Trade Marks

Intellectual Property Office of Singapore
51 Bras Basah Road #04-01
Manulife Centre
Singapore 189 554

This Journal is published every Friday and on other days when necessary.

Official working hours of the Registry

The official working hours of the Registry are as follows:

Monday to Friday	: 0830 hours to 1730 hours
Saturday, Sunday and Public Holidays	: Closed

Payment at the counter should be made during the following time period:

Monday to Friday	: 0830 hours to 1700 hours
------------------	----------------------------

Enquiries

For enquiries relating to official notices and other information appearing in the Journal, please contact the Registry at the following telephone number:

6339-8616

Information on trade marks is available at the Registry's web site at:

<http://www.ipos.gov.sg>

Making Payment

IPOS accepts:

1. Payment by cheque (crossed), money order and bank draft (in Singapore Dollars and drawn on banks operating in Singapore). These should be addressed to the **Intellectual Property Office of Singapore**.
2. Payment by NETS, GIRO, CashCard, eNets Debit (Internet Banking), eNets Credit (Credit Card).

Information on the payment modes is available at the Registry's web site (<http://www.ipos.gov.sg>).

**PRACTICE DIRECTION NO. 1 OF 2009
HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days:

This Practice Direction will come into effect on 1st day of June, 2009.

A. Hours Of Business

Subject to rules 79(4) and 79(6A) of the Trade Marks Rules, the hours of business of the Registry shall be 8.30 am to 5.30 pm from Monday to Friday, except on a day which is an excluded day.

B. Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.
- (2) All Saturdays shall be excluded days for any business under the Trade Marks Act and Rules, where the time for doing the business expires on that date and where the business was not done by that date.

Dated this 14th day of May, 2009

PRACTICE DIRECTION NO. 3 OF 2006

HOURS OF BUSINESS AND EXCLUDED DAYS

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 15 December 2006.

A. Hours Of Business

Subject to rules 79(4) and 79(6A) of the Trade Marks Rules, the hours of business of the Registry shall be as follows:

- (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
- (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.

B. Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.
- (2) Subject to B(1), all Saturdays shall be excluded days for any business under the Trade Marks Act and Rules, where the time for doing the business expires on that date and where the business was not done by that date.

Dated this 15th day of November 2006.

**IN THE REGISTRY OF TRADE MARKS, INTELLECTUAL PROPERTY OFFICE OF
SINGAPORE****PRACTICE DIRECTION NO. 2 OF 2005****REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

PRACTICE DIRECTION NO. 2 OF 2004

HOURS OF BUSINESS AND EXCLUDED DAYS

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (b) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Dated this 1st day of July 2004.

CHIAM LU LIN
ACTING REGISTRAR
REGISTRY OF TRADE MARKS

NOTICES AND INFORMATION PERTAINING TO TRADE MARK APPLICATION AND REGISTRATION PROCEDURES

A) GENERAL

Pre-2004 Circulars

Amendment to Specification

Presently, whenever the Registrar raises an objection to the specification of goods or services, the agent representing the applicant would write to the Registrar with a proposed amendment to the specification. Only if the Registrar agrees to the proposed amendment will the agent file Form TM 27 to effect the amendment. The processing of such letters by the Registrar slows down the registration process considerably.

To shorten the registration process, agents should file Form TM 27 to effect the amendment straightaway instead of writing to the Registrar for her confirmation. If agents are relying on precedents in support of the amendment, they should enclose such precedents with the Form TM 27.

Certificates of Registration

The Trade Marks Act 1998 was revised on 30 December 1999 and accorded the same chapter number as the repealed Trade Marks Act, that is, chapter 332. To facilitate the Registry's operations, for both applications made under the repealed Trade Marks Act and applications made under the Trade Marks Act 1998 which have been accepted for registration and are not subject to opposition proceedings, the Registrar will issue certificates of registration which are headed:

SINGAPORE
TRADE MARKS ACT
(CHAPTER 332)
CERTIFICATE ISSUED UNDER SECTION 15(5)

Description of Device on Form TM 4

The purpose of the description of device on Form TM 4 is to assist the Registrar in conducting a search for conflicting marks. The description need not be too detailed; a general description is sufficient.

Disclaimers of Chinese Characters and Foreign Characters

A disclaimer relating to Chinese characters is published in the Journal as follows:

Registration of this mark shall give no right to the exclusive use of the Chinese character(s) of which the hanyu pinyin is "_____".

For characters other than Chinese characters (for example, Japanese characters), the disclaimer reads:

Registration of this mark shall give no right to the exclusive use of the _____ character(s) of which the transliteration is "_____".

Examination Practice With Respect to Colours in Marks

To avoid any confusion, this notice documents the Registrar's practice in relation to the examination of :

- (i) trade marks consisting solely of colours; and
- (ii) trade marks consisting of colours as a component or as an element in combination with other elements or components.

Such examination practice has been effected by the Registrar in relation to both national applications and international registrations designating Singapore.

(i) Trade Marks Consisting Solely of Colours

Where the trade mark consists solely of colours, the Registrar will need to be satisfied that the colours per se are capable of distinguishing the applicant's goods or services from those dealt with by others. As it will be necessary to determine the precise scope of such a claim, it will be necessary for the applicant to provide a description of the claim in the application form. For the purpose of an illustration, if the trade mark sought for registration is the colour "neon pink" and the colour is applied to the packaging of the goods, an appropriate description would be: "The trade mark is the colour neon pink as applied to an aspect of packaging of the goods as claimed as shown in the representation of the mark on the application form". Such a description will enable the Registrar to examine the mark as filed.

(ii) Trade Marks Consisting of Colours As a Component of the Mark

Where the trade mark consists of colours in combination with other elements such as a letter, word, name, signature, numeral, device, brand, heading, label, ticket, shape, aspect of packaging, the trade mark will be examined as a whole. If the trade mark as a whole is capable of distinguishing the applicant's goods or services from those dealt with by others, the trade mark will be registered as filed, that is, in the colours as filed. The Registrar does not require a colour limitation in such a case. The Registrar will also not seek to clarify whether the colour(s) as an element of the mark constitute a distinctive feature of the mark or not as the mark will be examined as a whole and registration rights will be conferred on the mark as a whole.

Mark Numbers Preceded by the Letter "L"

Search reports obtained from the Registry and examination letters issued by the Registrar may contain references to marks with numbers preceded by the letter "L" instead of the letter "T". These are marks which have been recorded with the Registrar for purposes of rule 13. The prefix "T" refers to marks which are the subject matter of trade mark applications or registrations.

(Multiple Classes, this circular was removed on 3 July 2009)

Representation of Marks

Marks published in the Journal and reflected on the certificates of registration appear exactly as represented on the application forms. Applicants and agents are reminded to provide clear representations of marks on the application forms. The marks should also be of reasonably large size (but not larger than A4) to ensure that all the features are clearly shown.

Series Clause

For applications for registration published in the Gazette on or after 15 January 1999 for opposition purposes, the series clause should read as follows:

"Application for a series of _____ (number) marks."

Service of Documents in Opposition, Revocation, Invalidation and Rectification Proceedings

When filing notices of opposition, counter-statements and applications for revocation, invalidation or rectification with the Registrar, a copy of the same must be served on the relevant party or parties concerned. Please refer to Rules 29, 30, 31, 32, 56, 57, 58, 65, 66 and 66A of the Trade Marks Rules as amended by the Trade Marks (Amendment) Rules 2000.

The requirement of service of evidence on the relevant party or parties concerned remains unchanged. Please refer to Rules 32, 33, 34, 56, 59 and 66A.

It would be greatly appreciated if trade marks agents filing the aforesaid documents with the Registrar could indicate in their covering letters that they have served the necessary on the relevant party or parties concerned in compliance with the Rules.

Validity of Priority Claims

Under Section 10 of the Trade Marks Act 1999, a person may claim a right of priority for the registration of a trade mark from the date on which a corresponding application was filed in a "Convention country" ("Convention application") if the application for the registration of the trade mark is filed within 6 months after the date on which the Convention application is made. A "Convention country" refers to a country or territory, other than Singapore, which is a party to the Paris Convention or a member of the World Trade Organisation. For the purpose of assessing the validity of a priority claim, IPOS will assess whether the "Convention application" was filed in a relevant country which has already become a Convention country as at the date of the filing of the Convention application in the Convention country.

For example,

Trademark application filed in country A on 3 Oct 2001.

Country A became a member of the Paris Convention or WTO on 2 Jan 2002.

Trademark application filed in SG = 3 Feb 2002 (claims priority of earlier application in country A).

Question: Is the claim to priority (application filed in country A) in the Singapore application valid?

Answer: No

2004 Circulars

(Application to Register a Change in Ownership (TM 22), Circular No. 13/2004, dated 18 June 2004. This circular is replaced by Circular No. 3/2008, dated 1 February 2008)

(Application to Register a Licensee (TM 37), Circular No. 13/2004, dated 18 June 2004. This circular is replaced by Circular No. 24/2007, dated 29 June 2007)

(Marks published for opposition purposes, Circular No. 16/2004, dated 2 July 2004. This circular is replaced by Circular No. 8/2009, dated 3 July 2009).

Applications for registration of sound marks (Circular No. 25/2004, dated 17 December 2004)

To assist the Registrar in the examination of applications for registration of sound marks, the Registrar may request the applicant to submit 2 copies of a CD-ROM recording of the sound mark sought for registration.

2005 Circulars

(Translation of Non-English words, Circular No. 4/2005, dated 30 March 2005. This circular is replaced by Circular No. 17/2007, dated 7 May 2007)

Amendment of Typographical Errors in Class Numbers in Form TM 4 (Circular No. 21/2005, dated 21 October 2005)

An amendment of the class number in Form TM 4 may be amended by lodging Form TM 27 with fee for each amended class of goods / services, but only if

- (i) a re-search in the new amended class revealed no prior conflicting marks;
- (ii) all of the items in the specification did not fall under the class as filed but in one other class; and
- (iii) that mistake was obvious to a third party inspecting the Register.

Three examples have been provided for illustrative purposes.

Example 1:

An application was filed in Class 5 in respect of "clothing, hats and shoes". An amendment of the class number from "5" to "25" would be allowed.

Example 2:

An application was filed in Class 5 in respect of "all goods in this class". An amendment of the class number from "5" to "25" would not be allowed because it would not be obvious to a third party inspecting the Register that the correct class intended to be claimed was Class 25 and not Class 5. It was possible that the applicant intended to claim all goods in Class 5.

Example 3:

An application was filed in Class 5 in respect of "clothing, hats and pesticides". An amendment of the class number from "5" to "25" would not be allowed, even with the deletion of the item, "pesticides" because it would not be obvious to a third party inspecting the Register that the correct class intended to be claimed was Class 25 and not Class 5. Since "pesticides" was correctly claimed in Class 5, it was possible that the applicant intended to claim "pesticides" in Class 5 but had incorrectly classified "clothing and hats" in Class 5 as well. It would be necessary for the applicant to file a fresh application in Class 25 in respect of "clothing and hats".

Trade Marks Act (Chapter 332) (2005 Revised Edition) (Circular No. 24/2005, dated 16 December 2005)

Pursuant to Order Under Section 11(3) of the Revised Edition of the Laws Act (Chapter 275) [S 467/2005], the Trade Marks Act (2005 Revised Edition) came into operation on 31 July 2005.

Statutes (Miscellaneous Amendments) (No. 2) Act 2005 (Act No. 42 of 2005) (Circular No. 25/2005, dated 23 December 2005)

Section 21 of the Statutes (Miscellaneous Amendments) (No. 2) Act 2005 which amends the Trade Marks Act will come into operation on 1 January 2006.

A summary of some of the amendments to the Trade Marks Act (Cap. 332, 2005 Ed.) are:

(a) Convention country

The definition of "Convention country" in section 2(1) is amended to provide that except in section 10 and paragraph 13 of the Third Schedule (claiming priority) "Convention country" includes Singapore.

(b) Examination of application for registration

An application for registration will be treated as withdrawn if the applicant fails to respond to the Registrar's queries or objections regarding the registrability of the trade mark within the period specified by the Registrar for doing so.

The Rules, which are being amended to come into operation on 1 January 2006, will deal with restoration of applications which are treated as withdrawn and the conditions for such restoration.

(c) Collective marks

An application for registration of a collective mark will be treated as withdrawn if the applicant fails to file the regulations governing the use of the mark, pay the prescribed fee for lodging the regulations, or respond to the Registrar's queries or objections regarding the registrability of the trade mark, within the period specified by the Registrar for doing so.

The Rules, which are being amended to come into operation on 1 January 2006, will deal with restoration of applications which are treated as withdrawn and the conditions for such restoration.

(d) Certification marks

An application for registration of a certification mark will be treated as withdrawn if the applicant fails to file the regulations governing the use of the mark, pay the prescribed fee for lodging the regulations, or respond to the Registrar's queries or objections regarding the registrability of the trade mark, within the period specified by the Registrar for doing so.

The Rules, which are being amended to come into operation on 1 January 2006, will deal with restoration of applications which are treated as withdrawn and the conditions for such restoration.

Trade Marks (Amendment) Rules 2005 Notification (Circular No. 27/2005, dated 30 December 2005)

Trade Marks (International Registration) (Amendment) Rules 2005 Notification (Circular No. 27/2005, dated 30 December 2005)

The above Notifications were gazetted on 28 December 2005 and it declared that the Trade Marks (Amendment) Rules 2005 and Trade Marks (International Registration) (Amendment) Rules 2005 would come into operation on 1 January 2006.

Trade Marks (Amendment) Rules 2005

The following is a summary of some of the amendments in Trade Marks (Amendment) Rules 2005 which will come into force on 1 January 2006:

(a) Rule 7 : Service of documents

Non-fee bearing documents (except documents pertaining to hearings) may be sent to the Registry by facsimile transmission. However, each facsimile transmitted document must be legible and the responsibility for ensuring legibility rests with the sender.

(b) Rule 9 : Address for service

An address for service indicated on Form TM 19 and Form TM 24 is effective only for renewal matters and does not become the proprietor's address for service for all other matters pertaining to that trade mark.

(c) Rule 21 : Deficiencies in application

The amendment clarifies the actions that will be taken by the Registry if minimum filing requirements are not met.

(d) Rules 32, 33, 34 : Extension of time to file evidence by way of a statutory declaration in opposition/revocation/invalidation/rectification proceedings

The second and subsequent requests for extension of time to file evidence by way of a statutory declaration in opposition/revocation/invalidation/rectification proceedings have to be made on Form TM 50, for which a fee will be imposed.

(e) Rule 50 : Notice of renewal

The Registrar's notice to the proprietor informing him of the date of expiry of the trade mark registration will be sent to the proprietor's address for service for renewal purposes, that is, the address for service indicated on Form TM 19 or Form TM 24, if one has been lodged, or if none, to the proprietor's address for service.

(f) Rule 77B : Restoration of applications treated as withdrawn

Applications which are treated as withdrawn under the Act or Rules by reason that the applicant has failed to do any act on time may be restored by filing Form TM 40 with fee within three months from the date of the Registrar's notice informing the applicant of that fact.

(g) Removal of Forms TM 9, TM 14, TM 15 and TM 16

Forms TM 9, TM 14, TM 15 and TM 16 have been removed and Forms TM 4, TM 11, TM 12 and TM 13 respectively will be used in their place.

Trade Marks (International Registration) (Amendment) Rules 2005

The following is a summary of some of the amendments in the Trade Marks (International Registration) (Amendment) Rules 2005 which will come into force on 1 January 2006:

(a) Rule 5 : Specification of Goods/Services

The amendment clarifies that the Registrar is entitled to raise an objection against vague terms in the specification of goods / services of an International Registration designating Singapore.

(b) Rule 28 : Notification to International Bureau

The amendment clarifies that in relation to an international application, the Registry will notify the International Bureau where the basic application is treated as withdrawn and is not restored in accordance with the Trade Marks Rules.

Amendment of Trade Mark Forms

Some trade mark forms have been revised and the revised forms are to be used from 1 January 2006. A separate edition of the Trade Marks Journal containing a consolidation of forms to be used in proceedings before the Registrar will be available online at www.ipos.gov.sg from 30 December 2005.

The changes made to the forms are as follows:

- (a) All forms have been amended to incorporate information on the estimated time needed to complete the form.
- (b) Amendments have also been made to Forms TM 1, TM 4, TM 11, TM 12, TM 13, TM 19, TM 22, TM 24, TM 37 and MP 1.
- (c) Form TM 4, TM 11, TM 12 and TM 13 will now be used in place of Forms TM 9, TM 14, TM 15 and TM 16 respectively.
- (d) The Trade Marks (Amendment) Rules 2005 also introduce:
 - I. Form TM 40 for restoration of an application treated as withdrawn. The fee for this form is \$130; and
 - II Form TM 50 for second and subsequent requests for extension of time to file evidence by way of a statutory declaration in opposition/revocation/invalidation proceedings. The fee for this form is \$100 in respect of each trade mark.

2006 Circular**The State of Incorporation** (Circular No. 30/2006, dated 27 October 2006)

Please note with respect to companies incorporated in the United States of America, the state of incorporation must be indicated on all trade marks forms. This is because companies incorporated in different states of America are separate and distinct legal entities.

If the state of incorporation of a United States of America company is not indicated on Form TM 4, a Form TM 26 will be required for the insertion of the state of incorporation.

2007 Circulars

Trade Marks (Amendment) Act 2007 (Act No. 3/2007) (Circular No. 7/2007, dated 14 February 2007)

The Trade Marks (Amendment) Act 2007 has been passed by Parliament on 22 January 2007 and has received Presidential assent on 1 February 2007.

Some of the key amendments include:

Provision for multiple class registration

Registration for trademarks is presently based on single classes. The amendments will now allow for a multi-class registration. A multi-class registration allows for one single application in multiple classes of goods and services to lead to one registration. Upon registration, the registration is maintained as one, resulting in the need to renew only once for the renewal to be effective for all the classes of goods and services registered.

Division of an application for registration

To complement a multiple-class system, it is now possible to divide a trademark application into two or more applications. A trademark applicant may divide up his application into two or more applications so that those classes of goods or services that do not face opposition or objection can proceed to registration first. Division will therefore expedite trademark registration where appropriate.

Relief Measures for Procedural Oversight

The Act also provides for relief measures to alleviate procedural mistakes by trademark applicants, notably missed time limits. The relief measures provide the avenue for a trademark applicant to maintain the rights in an application that has been filed, even when time limits have been missed.

Registration of Licence of Pending Trademarks

The amendments will now allow for registration of licences relating to pending trademarks. Prior to the amendments, only licences relating to registered trademarks can be recorded on the register.

The Trade Marks (Amendment) Act 2007 will come into operation on a date to be notified.

A copy of the Trade Marks (Amendment) Act 2007 can be purchased at SNP Corporation Ltd (www.snpcorp.com/webshop/).

Cautionary Notice on Unsolicited Mail about Unofficial Registration Services (Circular No. 13/2007, dated 11 April 2007)

It has been brought to our attention that trade mark proprietors and/or agents whose trade marks have been published in recent IPOS Trade Marks eJournals are receiving letters from companies for payments for unofficial registration services.

These companies use names, abbreviations or emblems that appear to be “official” and send out letters which resemble invoices to trade mark proprietors and/or agents with details of the proprietor, the trade mark, class(es) of goods or services, etc. These companies will offer to register marks in registers or publications for a fee, and in return, claim they will send the respondent a copy of the publication.

Please treat such letters as unsolicited mails. These companies are neither related to nor connected with IPOS. There is no obligation to pay for such services as they are not official services.

The only office constituted under Singapore laws that provides registration services for trade marks in Singapore is our office, the Intellectual Property Office of Singapore (IPOS).

Upon receiving such letter or invoice, if you are in any doubt, please consult your trade mark agent, your lawyer, or email us for clarification.

Amendments to the Trade Marks Act, the Trade Marks Rules and the Trade Marks (International Registration) Rules (Circular No. 17/2007, dated 7 May 2007)

The Trade Marks (Amendment) Act 2007, the Trade Marks (Amendment) Rules 2007 and the Trade Marks (International Registration) (Amendment) Rules 2007 have been gazetted and will come into force on 2 July 2007.

The (Amendment) Act and (Amendment) Rules can be purchased at SNP Corporation Ltd (www.snpcorp.com/webshop/).

Trade Marks (Amendment) Rules 2007

The following is a summary of some of the amendments in Trade Marks (Amendment) Rules 2007:

(a) Rule 17 : Division of applications for registration

An application for registration may be divided, at the request of the applicant, into 2 or more separate applications for registration. The request for division is to be made on Form TM 8 and a fee of \$280 is chargeable for each new divisional application created.

(b) Rule 22 : Amendment of application

Form TM 27 (Request to change the details of an application for registration) will no longer be used. In its place are Forms TM 27A and TM 27B. Form TM 27A is chargeable on a per class basis while Form TM 27B is chargeable on a per trade mark basis.

Form TM 27A is to be used for amendments pertaining to the class number, the specification of goods or services to which the application for registration relates, or the particulars of any claim to a right of priority included in the application for registration.

Form TM 27B is to be used for any other amendment not involving the above.

(c) Rule 56 : Application to alter registered trade mark

The proprietor of a registered trade mark may apply to the Registrar on Form TM 27B for alteration of the registered mark. Form TM 35, the form which is currently used, will no longer be used as from 2 July 2007.

(d) Rule 57 : Rectification of an error or omission in the register

An application to the Registrar for the rectification of an error or omission in the register may be made by the proprietor of a registered trade mark or by any other person.

Where the application is made by the proprietor of a registered trade mark, the amendment shall be made on –

- (a) Form TM 27A, where the amendment pertains to the class number, the specification of goods or services to which the registration relates, or the particulars of any claim to a right of priority;
- (b) Form TM 27B, for any other amendment not involving the above.

Where the application for rectification is made by any other person, the application shall be made on Form TM 28.

(f) Rule 77B : Reinstatement of application, right or thing

Subject to certain exceptions, an applicant, proprietor or other interested person who has missed a time limit for action before the Registry, may apply on Form TM 40 to have his rights reinstated, if:

- 1) the request for reinstatement is made within 6 months from the date of expiration of the time limit;
- 2) the omitted act is completed together with the request; and
- 3) the failure to comply with the time limit is unintentional.

Trade Marks (International Registration) (Amendment) Rules 2005

The Trade Marks (International Registration) (Amendment) Rules 2007 has been amended to make it clear that division does not apply to international registrations designating Singapore.

Amendment of Trade Mark Forms

Some trade mark forms have been revised and the revised forms are to be used from 2 July 2007. A separate edition of the Trade Marks Journal containing a consolidation of all Trade Mark forms will be available for sale from 29 June 2007.

The changes made to the forms are as follows:

(a) All forms have been amended to indicate whether the fee for that particular form is payable on a per class, per trade mark or per form basis. The fee structure is as shown in the table below.

Per form basis	Per trade mark basis	Per class basis
TM 26	TM 1	TM 4
MP 3	TM 7	TM 11
	TM 10	TM 12
	TM 20	TM 13
	TM 22	TM 19
	TM 27 B	TM 21
	TM 29	TM 24
	TM 30	TM 27 A
	TM 31	TM 28
	TM 33	TM 32
	TM 34	TM 44
	TM 37	TM 45
	TM 38	TM 50
	TM 39	MP 1
	TM 40	MP 2
	TM 42	
	TM 46	

(b) Where fees are payable on a per class basis, such as renewal forms and opposition forms, the class numbers affected by the request, are to be indicated on the form.

(c) Amendments have been made to all forms, with the exception of Form TM 23.

(d) Forms TM 18 and TM 35 have been removed.

(e) Forms TM 8, TM 27A and TM 27B are new.

Translation of Non-English words (Circular No. 17/2007, dated 7 May 2007)

For purposes of rule 20(2), where the mark consists of non-English words, it is not necessary to file with the Registrar a certified translation by a qualified translator. A copy of relevant extracts from relevant dictionaries showing the meaning of each word and the words as a whole in English will be sufficient. However, it will be necessary to indicate on the application form that the mark consists of non-English word/words. A failure to include such an indication on the application form will have to be rectified by the filing of amendment via Form TM 27 with the requisite fee. The applicant should forward to the Registrar the requisite translation and/or the transliteration together with a copy of relevant extracts from dictionaries or relevant certification as soon as possible.

As regards the indication on the application form, it is necessary to submit an accurate and complete translation and/or transliteration of the non-English words in the mark.

Two examples are provided below as illustration.

Example 1:

An application was filed for the mark consisting of three Chinese Characters which is the phonetic equivalent of the Applicant's company name.

菲立士

The transliteration of the Chinese characters of which the mark consists is "Fei Li Shi" which has no meaning and it is the phonetic equivalent of the Applicant's company name "Philips".

An appropriate indication in the Application form may read as:

9 If the mark contains or consists of word(s) not being English word(s), provide the derivation of the word(s). If it is invented, state so. If it can be translated, fill in Part 10 below.	
The Chinese characters of which the mark consists is derived from the Applicant's company name i.e. it is the phonetic equivalent of "Philips"	
10 If the mark contains or consists of non-English word(s), and/or non-Roman character(s), provide the English translation and/or transliteration as follows:	
Representation of the words(s)/ characters	菲立士
Language of word(s)/character(s)	Chinese
Translation of each word(s)/ character(s) and the word(s)/ character(s) taken together as a whole	Translation of the Chinese characters as a whole: no meaning. It is the phonetic equivalent of the Applicant's company name "Philips".

		(Enclosed dictionary exact/ Certified translation/ supporting document of the same)	
	Transliteration of character(s)	Transliteration of the Chinese characters: "Fei Li Shi".	

Example 2:

An application was filed for the mark consisting of two Chinese Characters and the word "SINGER" (which is part of the Company name).

勝家
SINGER

Company : THE SINGER COMPANY LIMITED

The transliteration of the Chinese characters appearing in the mark is "Sheng Jia" which has no meaning.

An appropriate indication in the application form may read as:

9 If the mark contains or consists of word(s) not being English word(s), provide the derivation of the word(s). If it is invented, state so. If it can be translated, fill in Part 10 below. The Chinese characters "勝家" appearing in the mark is used to denote a brand name of Singer's product.									
10 If the mark contains or consists of non-English word(s), and/or non-Roman character(s), provide the English translation and/or transliteration as follows: <table border="1"> <tr> <td>Representation of the words(s)/ characters</td> <td>勝家</td> </tr> <tr> <td>Language of word(s)/character(s)</td> <td>Chinese</td> </tr> <tr> <td>Translation of each word(s)/ character(s) and the word(s)/ character(s) taken together as a whole</td> <td> Translation of the Characters as a whole: no meaning. (Enclosed dictionary exact/ Certified translation/ supporting document showing meaning of each of the Chinese characters and characters taken as whole) </td> </tr> <tr> <td>Transliteration of character(s)</td> <td>Sheng Jia</td> </tr> </table>		Representation of the words(s)/ characters	勝家	Language of word(s)/character(s)	Chinese	Translation of each word(s)/ character(s) and the word(s)/ character(s) taken together as a whole	Translation of the Characters as a whole: no meaning. (Enclosed dictionary exact/ Certified translation/ supporting document showing meaning of each of the Chinese characters and characters taken as whole)	Transliteration of character(s)	Sheng Jia
Representation of the words(s)/ characters	勝家								
Language of word(s)/character(s)	Chinese								
Translation of each word(s)/ character(s) and the word(s)/ character(s) taken together as a whole	Translation of the Characters as a whole: no meaning. (Enclosed dictionary exact/ Certified translation/ supporting document showing meaning of each of the Chinese characters and characters taken as whole)								
Transliteration of character(s)	Sheng Jia								

Application to Register a Licensee (TM 37) (Circular No. 24/2007, dated 29 June 2007)**(i) Processing Of An Application To Register A Licensee (TM 37)**

An application to register a licence (Form TM 37) filed on or after 2/7/2007, will be processed by the Registry even though the status of the mark is still pending registration. However where the application to register a licence (Form TM 37) was filed before 2/7/2007, it will be processed only after the mark has been registered.

(ii) Licence Commencement Date

The licence commencement date (i.e. the date entered in Part 5 of TM 37) should not predate the date from which the proprietor's rights in the mark accrue. For a trade mark application filed before 1/7/2004, the earliest licence commencement date is the trade mark application date or the priority date, if any. For a trade mark application filed on or after 1/7/2004, the earliest licence commencement date is the trade mark application date.

(iii) Exclusive Licence Periods Do Not Overlap

Where there are 2 exclusive licences or more, the licence periods involving the same goods or services should not overlap.

(iv) Licensed Goods/Services Should Not Be Wider Than Trade Mark Application/Registration

The list of licensed goods or services (Annex of TM 37) should not be wider than those under the trade mark application/registration.

Deficiencies in applications for registration : amendments after filing (Circular No. 28/2007, dated 27 July 2007)

The Registrar has been conducting formalities check on all applications for registration to ensure that they contain all formal requirements under the Trade Marks Act.

Where the application does not comply with the requirements which are essential for a filing date to be accorded, the filing date will not be accorded until all the deficiencies have been rectified. In such cases, the application will be accorded the earliest date on which all essential requirements for filing date are complied with. There is no need for the correction to be accompanied by the relevant amendment form. The essential requirements for filing date are spelt out in section 5(2) and (3) of the Trade Marks Act.

In respect of other deficiencies or irregularities that do not affect the filing date, amendments must be effected through the lodgement of the relevant trade mark forms, such as Form TM 27A, Form TM 27B and Form TM 26.

This practice pertains only to new applications filed with effect from 01 August 2007.

The Geneva Conventions (Amendment) Act (Circular No. 40/2007, dated 5 December 2007)

The Geneva Conventions (Amendment) Act was passed in Parliament on 12 November 2007. Under the Act, the following emblems may not be used in Singapore, unless approval is given by the Ministry of Health:

- Red Cross emblem
- Red Crescent emblem
- Red Crystal emblem
- Red Lion and Sun emblem

			
Red Cross emblem	Red Crescent emblem	Red Lion and Sun emblem	Red Crystal emblem

With the commencement of the Act, the Registrar will object to trade mark applications consisting of or containing these emblems or emblems closely resembling them, under Section 7(5) of the Trade Marks Act, unless consent from the Ministry of Health is furnished. This is so even for applications lodged before the effective date of the Act.

Proprietors of registered trade marks containing or consisting of such emblems, or emblems closely resembling them, should note that in spite of their registration, they have one year from 12 November 2007 to cease using the emblems.

2008 Circulars

Image of e-filed mark (Circular No. 11/2008, dated 4 July 2008)

IPOS has encountered certain electronic trade mark applications which have images of marks that have jagged and blurred edges in our database and the images of the mark will not appear as clear as intended by the applicants in the trade mark journal and certificate of registration. The reason for the blurred image of marks is that applicants attach images of the marks with a lot of background or blank space. To ensure that such images are not too small for viewing purposes, IPOS has to make adjustment to the marks which then result in blurred images.

In order to ensure that the image of mark is accurately captured by IPOS, applicants should crop the mark with little background or blank space and save the image as approximately 480 x 480 pixel. This will remove the need for IPOS to make adjustment to the image in the publication and the registration certificate and the applicant can then obtain clear and accurate image of the mark.

(Translation Clause, Circular No. 12/2008, dated 11 July 2008. This circular was removed on 1 August 2008)

Return of assignment deeds and other registrable transaction documents (Circular No. 14/2008, dated 26 September 2008)

The Registry will stop its practice of returning deeds of assignment and other documents lodged in support of applications for transfer of ownership and recordal of other registrable transactions.

However, should the applicant wish for the return of such documents, he may make his request known at the time of lodgement of the recordal application on a covering letter accompanying the application to that effect. The letter shall provide contact details so that the Registry may make the necessary arrangements for the return of the documents. This practice will affect all applications lodged on or after 1 October 2008.

Launch of e-Communications Portal on 1 December 2008 (Circular No. 17/2008, dated 28 November 2008)**Trade Marks (Amendment) Rules 2008; Trade Marks (International Registration) (Amendment) Rules 2008** (Circular No. 17/2008, dated 28 November 2008)

IPOS will launch the e-Communications Portal on 1 December 2008. The e-Communications Portal is an electronic online system developed by IPOS for the main purpose of facilitating the sending, receipt and exchange of all correspondence, relating to trademark applications and prosecutions, between IPOS and registered account holders. The following firms and companies will be taking part in the pilot scheme that is scheduled for the initial period of 6 months.

DREW AND NAPIER LLC
DONALDSON & BURKINSHAW
ELLA CHEONG SPRUSON & FERGUSON (SINGAPORE) PTE LTD
ALLEN & GLEDHILL LLP
RODYK & DAVIDSON LLP
WONG & LEOW LLC
AMICA LAW LLC
LLOYD WISE
ALBAN TAY MAHTANI & DE SILVA
ONE LEGAL LLC
PATRICK MIRANDAH CO. (S) PTE LTD
HAQ & SELVAM
NAMAZIE & CO
TITO ISAAC & CO LLP
PHILIPS ELECTRONICS SINGAPORE PTE LTD
SAMUEL SEOW LAW CORPORATION

The Trade Marks Rules have been amended to give effect to the sending, receipt and exchange of correspondence via the e-Communications Portal. In particular, the changes in the Rules will:-

- (a) provide for service of documents by the Registrar as well as by applicants by electronic communication through the e-Communications Portal;
- (b) provide for the sending of a true and complete image of the original paper document by electronic communication through the e-Communications Portal for documents that are required to be signed, made on oath or affirmed or are required to be attested;
- (c) provide for the extension of deadlines that fall on excluded days in spite of the availability of the e-Communications Portal;

- (d) treat the date of receipt of documents received by IPOS as the day on which the documents are received by IPOS as long as the time of receipt is before the midnight of the day.

It is to be noted that applicants must still comply with the requirement to provide an address for service under rule 9. The electronic address of these persons, if they are using the eCommunications Portal to send documents to and receive documents from the Registrar, is not intended to be part of their address for service. However, service of documents by electronic communication through the eCommunications Portal is intended to be valid service notwithstanding that there is an address for service filed in accordance with rule 9.

The Trade Marks (International Registration) Rules have also been amended to permit the use of one Form for multiple classes of goods or services for Forms for use in opposition, namely Form TM 11 and Form TM 12.

A copy of the Trade Marks (Amendment) Rules 2008 and the Trade Marks (International Registration) (Amendments) Rules 2008 are available for sale at SNP Corporation Ltd. (<http://www.snpcorp.com/webshop/>).

Application for Renewal of Registration (Form TM 19) (Circular No. 18/2008, dated 12 December 2008)

With effect from 1st January 2009, the Registrar will not be issuing renewal certificates confirming that a mark has been renewed. This is applicable to all applications for renewal of registration (Form TM 19) lodged on or after 1st January 2009.

For applications for renewal made online, the renewal will be processed instantaneously and an acknowledgement of the renewal showing the extended expiry date will be displayed for printing. These acknowledgements of renewal will remain available for printing for a period of one month from the renewal application date. In very limited circumstances, such as where there are pending applications affecting the validity of the trade mark, instant renewal will not be possible and the applicant will be notified that the acknowledgement of renewal will be posted in due course.

Where the application for renewal is posted or submitted over the counter, the applicant will not be receiving any acknowledgement from the Registry. The onus will be on the applicant to check the expiry date of the mark at www.etrademarks.gov.sg within 2 weeks of lodgement of the application for renewal of registration (Form TM 19) to confirm that the expiry date has been extended by the Registry. If the expiry date has not been extended, applicants are advised to contact our Renewal Officer at 63302 707 immediately for assistance.

This change in practice does not apply to Late Application for Renewal of Registration (Form TM 24) and Application for Restoration and Renewal of Registration Removed from the Register (Form TM 21).

To reflect the change in practice in Form TM 19, an information note has been incorporated into the form. This revised form should be used from 1st January 2009.

A copy of the revised Form TM 19 will be available for downloading by end of December 2008 at www.ipos.gov.sg.

2009 Circulars**Trade Marks Work Manual** (Circular No. 5/2009, dated 24 April 2009)

The Registry of Trade Marks has added six new chapters to the existing Trade Marks Work Manual. The six new chapters cover the following topics:

- (1) Marks contrary to public policy or morality;
- (2) Names and representation of famous people, building, etc;
- (3) Other grounds of refusal;
- (4) Deceptive marks;
- (5) Licences; and
- (6) Slogans.

You may access the Trade Marks Work Manual online at:

<http://www.ipos.gov.sg/leftNav/tra/IP+Resources.htm>

Marks published for opposition purposes (Circular No. 8/2009, dated 3 July 2009)

The following types of publication in the Trade Marks Journal are subjected to opposition:

	Notice of Opposition via <u>Form</u>
1) Application published before registration;	TM 11
2) Collective or certification marks published before registration;	TM 11
3) Alteration to registered marks;	TM 11
4) Amendment to regulations governing use of collective or certification marks;	TM 11
5) Application amended after publication	TM 11

With respect to items 3)-5), the ground(s) stated in the Notice of Opposition must be confined strictly to the alteration or amendment. The Notice of Opposition must be lodged within 2 months from the date the alteration or amendment is published in the Trade Marks journal. If an extension of time to file the notice of opposition is required, the request must be filed using Form TM 48 within 2 months from the date of publication of the alteration or amendment. The maximum extension of time for filing Notice of Opposition is 4 months from the date of publication of the alteration or amendment. Rules 29(2) to (8) and 31 to 40 apply to these oppositions with the necessary modifications.

Costs for attending Case Management Conferences and Pre-Hearing Reviews (Circular No. 10/2009, dated 28 August 2009)

In opposition, invalidation and revocation proceedings for trade mark applications or registrations, the Registrar has, as a matter of course, directed parties to attend case management conferences and pre-hearing reviews at the appropriate time for the purpose of achieving a just, expeditious and economical disposal of the matter pursuant to the power conferred on the Registrar in the Trade Marks Rules. The Registrar will treat the costs for attending such case management conferences and pre-hearing reviews in the same vein as for attending interlocutory hearings, which costs may be included as party and party costs under rule 73 of the Trade Marks Rules to be awarded to the successful party at the end of the proceedings.

2011 Circular**Trade Mark (Amendment) Rules 2011 and Trade Mark (International Registration) Rules 2011** (Circular No. 5/2011, dated 28 October 2011)

The Trade Mark (Amendment) Rules 2011 amend the Trade Marks Rules (R 1, 2008 Ed.) (*the "TM Rules"*) and the Trade Mark (International Registration) Rules [*the "TM (IR) Rules"*] as follows:

- (a) Amendment of Rules 15 and 16 of the TM Rules, to come into effect from 1 November 2011.
- (b) Amendment of the First Schedule of the TM Rules, to come into effect from 1 December 2011.
- (c) Amendment to the First Schedule of the TM (IR) Rules to come into effect from 1 December 2011.
- (d) Amendment of the Third Schedule of the TM Rules, to come into effect from 1 January 2012.

(a) Rules 15 and 16 of the TM Rules

Rules 15 and 16 have been amended with a view to capture various types of non-traditional trade marks applications in addition to 3D shape marks and colour marks. The amendments to Rule 15 and 16 result from the amendment to the Regulations concerning the details concerning a trade mark application under the Singapore Treaty on the Law of Trademarks.

The rationale for this amendment is to provide for adequate means of representation of non-traditional marks avoiding procedural requirements that would be too prescriptive or onerous for applicants.

(b) First Schedule of the TM Rules; Schedule to the TM

The amendment to the First Schedule reflects revision in fees in respect of the following forms: TM1, TM4, TM42, TM11, TM12, TM13 and TM28.

(c) First Schedule of the TM (IR) Rules

The amendment reflects revision of fees in respect of form MP1.

(d) Third Schedule of the TM Rules

The amendment to the Third Schedule reflects changes to the Class headings and items thereunder brought about as a result of the upcoming 10th Edition of the Nice Classification.

B) PERTAINING TO COLLECTIVE AND CERTIFICATION MARKS**Pre-2004 Circular****Publication of Collective Mark and Certification Mark Applications**

Collective mark and certificate mark applications are published in the Trade Marks Journal for opposition purposes before protection is granted. They are published in a separate section of the Trade Marks Journal titled "Collective and Certification Marks Applications Published for Opposition Purposes". Pursuant to the First and Second Schedules of the Trade Marks Act (Cap. 332, 1999 Ed.), the Regulations governing the use of the collective and Certification Marks are available for inspection at the Registry of Trade Marks.

2004 Circular

Regulations Governing the Use of Certification/Collective Marks (Circular No. 7/2004, dated 19 March 2004)

The filing with the Registrar of regulations governing the use of certification or collective marks under rule 63 of the Trade Marks Rules must be accompanied by Form TM 10. Regulations filed without Form TM 10 will not be recognised and will be returned. The filing of TM 10 without regulations attached will also be rejected.

C) PERTAINING TO FORMS**Pre-2004 Circular****Form TM 26**

A request to change the name, address or other particulars (except trading nature) of an applicant for registration, proprietor of a registered trade mark or other interested person, where the change does not affect the representation of the trade mark, should be made on Form TM 26.

2004 Circulars**Form TM 26 Notification Letter** (Circular No. 8/2004, dated 26 March 2004)

Please note that the main purpose of the Notification Letter is to inform as to the fact that the name and/or address of the applicant/proprietor has/have been updated. Thus, the Notification Letter cannot be treated as conclusive as to the status of marks reflected therein.

Where there is no reply within the given period to our latest examination report, an application will be updated as abandoned notwithstanding any interim Notification Letter from the Registrar.

Form TM 1 [Request to appoint or change an agent or to enter or change an address for service] (Circular No. 18/2004, dated 30 July 2004)

One Form TM 1 may be used for multiple trade mark numbers. However, the fee for this form is still charged on a per trade mark number basis unless the request is to alter an agent's name and/or address for service which does not affect the legal entity of the agent. In such a case, only a single set of fee is payable.

Kindly note that it is not necessary to lodge Form TM 1 together with forms such as TM 4, TM 9, TM 11, TM 14, TM 19, TM 22, TM 24, TM 26, TM 28, TM 29, TM 37 and TM 48 as each of these forms contains a section for the indication of an address for service.

2006 Circular**Erratum - Form TM 40** (Circular No. 1/2006, dated 13 January 2006)

Please note that the title of Form TM 40 should read as "REQUEST FOR RESTORATION OF APPLICATION TREATED AS WITHDRAWN" and Part 2 of the Form should read as "Particulars of applicant/registered proprietor". Please visit IPOS website at <http://www.ipos.gov.sg> to download the corrected Form TM 40.

2007 Circular**Form TM 32** (Circular No. 32/2007, dated 21 September 2007)

Part 4 of Form TM 32 which used to read as "Goods or services to be cancelled" has been amended to "Goods or services to remain". The amendment is to ensure that there is clarity in the residual specification. Please visit IPOS website at <http://www.ipos.gov.sg> to download the amended Form TM 32.

The Registrar will reject the old Form TM 32 (V02/01/07) with effect from 1 October 2007.

It is also to be noted that Form TM 32 is the appropriate Form to file to effect any amendment to specifications of goods or services of registrations that has the effect of cancelling some goods or services or narrowing down the specifications. For example, Form TM 32 is to be filed to effect an amendment from "books" in Class 16 to "books *relating to business management*" in Class 16.

2008 Circular**Application to Register a Change in Ownership (TM 22)** (Circular No. 3/2008, dated 1 February 2008)**i)Effective Date when Subsequent Proprietor/Applicant for Registration Took Ownership**

The effective date when the subsequent proprietor/applicant for registration took over ownership (i.e. the date entered in Part 4 of Form TM 22) should not predate the date from which the proprietor's rights in the mark accrue. For a trade mark application filed before 1 July 2004, the earliest assignment effective date is the trade mark application date or the priority date, if any. For a trade mark application filed on or after 1 July 2004, the earliest assignment effective date is the trade mark application date.

ii)Address for Service of Subsequent Proprietor/Applicant for Registration

The address for service entered in Part 5 of the Form TM 22 is effective for all proceedings in respect of the trade mark including the subject application for change of ownership. As such, there is no need to lodge Form TM 1 together with Form TM 22 for this purpose.

Form TM 1 will be required only if:-

- a. there is a change of agent whilst the TM 22 is being processed; or
- b. the agent will not be continuing to act for the subsequent proprietor / applicant for registration after TM 22 is recorded.

Such Form TM 1 appointing the agent solely for "Assignment" matters (Part 3 of Form TM 1) will not be processed until a subsequent Form TM 1 appointing an agent for "Application for registration / Registration" is received.

iii)Correction of Errors in Relation to a Recorded Change of Ownership

Once a change in ownership has been recorded according to the request, should the owner need to correct any errors in the recorded details, Form TM 27B is required. Should the assignment(s) need to be re-recorded and re-examined, the relevant Form TM 22 with fees will need to be re-lodged.

iv)Covering Letter

To ensure that the transactions are recorded accurately, please lodge a covering letter stating :-

- a. the sequence of events;
- b. the exact nature of the transaction, and
- c. the trade mark numbers involved.

When e-filing, a covering letter can be attached via the “covering letter” button for eTM 22 and 27B.

2009 Circulars**eCommunications** (Circular No. 2/2009, dated 27 February 2009)

The Registry has been receiving Trade Mark Forms via the eCommunications portal. Please note that this portal is to facilitate the exchange of correspondences only. All forms should be either eFiled, submitted over the counter or posted to us.

Enhancements made to eTM 22 (Application to register a change of ownership)
(Circular No. 4/2009, dated 27 March 2009)

With immediate effect, users may file up to 50 trade mark numbers in one eTM 22 (Application to register change of ownership) form provided that all the trade mark numbers belong to the same assignor under the same IPOS assigned company code. A link is included in the eForm to a search page allowing applicants to check their company code.

Efiling multiple assignment applications (Circular No. 4/2009, dated 27 March 2009)

This is to inform users that eTrademarks may be used to efile multiple assignment applications. So long as there exists a prior assignment application which has not yet been recorded by the Registry, when the user attempts to efile a subsequent assignment application, the field under "Current Proprietor's details" is intentionally left blank by the system for the user to enter the correct details. For example in the case of an assignment from A to B (1st TM 22), and then from B to C (2nd TM 22), the user will have to input B's details manually when efilng the second TM 22.

Form TM 4 - Application to register a trade mark, collective mark or certification mark
(Circular No. 9/2009, dated 21 August 2009)

Form MP 1 - Request to transform an international registration into national application(s) (Circular No. 9/2009, dated 21 August 2009)

With effect from 15/09/2009, an Application to register a trade mark, collective mark or certification mark and a Request to transform an international registration into national application(s) must be made on version V05/01/09 of Form TM4 and MP 1 respectively. The corresponding electronic Form TM 4 available on eTrademarks will also be amended on the same day. The changes are found at Annex A of both forms and pertain to the information to be provided when making a priority claim.

Annex A

Annex A is amended so that where the priority claim is not in respect of all the goods or services claimed in the class, the applicant is to state the goods or services in respect of which priority is claimed. This amendment is to ensure that there is clarity in the scope of the priority claim.

2010 Circular

Notification on Application to Register a Change in Ownership (TM 22) (Circular No. 5/2010, dated 26 November 2010)

With immediate effect, the Registry will be issuing a notification prior to the recordal of an assignment in matters relating to an application for the registration of an assignment application in a trade mark or application for a trade mark pursuant to Rule 55 of the Trade Marks Rules. The purpose of the notification, which will be issued to the proprietor(s)/applicant(s) for registration [or their appointed agent] at the address for service in Singapore, is to provide an opportunity for the proprietor(s)/applicant(s) to inform the Registry without delay in the event they have not authorised the transaction.

2011 Circular

Amendment of Form TM 46 (Circular No. 1/2011, dated 15 July 2011)

To bring Form TM 46 for the "Application to register the grant, amendment or termination of Security Interest or memorandum relating to a trade mark" to be in alignment with the wordings in Rule 55(2)(d) relating to the signature of the grantor and requirements in Rule 55(3A)(d) of the Trade Marks Rules relating to the documentary evidence sufficient to establish the transaction, boxes 7 and 8 of Form TM 46 have been amended with immediate effect. Please use the new form TM 46 for all new applications filed.

D) PERTAINING TO eTRADEMARKS**Pre-2004 Circular****New Features of IPOS' eTrademarks Services****(1) Generation of Check Digit/Year of Trade Mark Numbers**

A new eService for the generation of year/check digit of Trade Mark Number is added to IPOS Online Transactions. This eService has two fields for entry. One is for the old TM No format while the other is for the new TM No format. For the old TM No format, both the year and the check digit would be generated. For the new TM No format, the check digit will be generated.

This eService is already available.

(2) Attachment for Form TM26

The eService for Form TM26 has been enhanced. As filing of Form TM26 usually requires a covering letter to list the TM numbers and sometimes to explain a certain situation, it can only be submitted through the counter. With this enhancement, when a Form TM26 is submitted, it allows for a covering letter to be attached to the said form. This is to facilitate the filing of Form TM26 through eTrademarks.

This eService is already available.

(3) Filing of mark in colour or greyscale

With effect from 1 November 02, eTrademarks will be accepting colour or greyscale attachments for marks filed for Forms TM4 and TM9 in addition to the current black and white. Marks filed in colour or greyscale would be printed in greyscale for the Acknowledgement Letter, Trade Marks Journal and Certificate of Registration. Please note that viewing and printing of the mark images from the Enquiry System would still be in black and white.

(4) "Save/Save As" feature

The "Save/Save As" feature has been implemented on 4 December 02, from 10am onwards. This feature would be available for Forms TM4 and TM9. Any application that is saved would be kept in IPOS' system for 3 working days excluding the current day. All saved documents residing in IPOS' database for more than 3 working days would be removed.

(5) Display Mark Image

The "Display Mark Image" feature has been implemented on 4 December 02, from 10am onwards. Mark images attached to Forms TM4 and TM9 will be displayed for viewing.

2004 Circular

Online Trademarks Search and Enquiry System (Circular No. 4/2004, dated 6 February 2004)

The Intellectual Property Office of Singapore is pleased to announce that its eTrademarks Search has been made available from 30 January 2004.

The following search services have been made available through the system:

Search for similar marks;

Search for marks belonging to a proprietor;

Search for mark detailed information, registered marks, pending marks, certification marks, collective marks, expired marks, cancelled marks, expired marks, withdrawn marks, abandoned marks, expunged marks, refused marks, destroyed marks and article 6ter based on relevant periods.

The services will be offered free of charge.

To access this service, please log on to the eTrademarks webpage and click on the eTrademarks Search link.

E) PERTAINING TO INTERNATIONAL APPLICATIONS AND REGISTRATIONS UNDER THE MADRID PROTOCOL**Pre-2004 Circulars****Singapore's Accession to the Madrid Protocol**

Singapore acceded to the Protocol Relating to the Madrid Agreement Concerning the International Registration of Marks (Madrid Protocol) on 31 July 2000. The Madrid Protocol came into operation in Singapore on 31 October 2000.

Publication of International Registration Designating Singapore for Opposition Purposes

International registrations designating Singapore under the Madrid Protocol are treated in the same manner as Singapore national applications, and are therefore published in the Trade Marks Journal for opposition purposes before protection is granted. They are published in a separate section of the Trade Marks Journal titled "International Registrations filed under the Madrid Protocol Published for Opposition Purposes under the Trade Marks Act (Cap. 332, 1999 Ed.)". Unlike Singapore national applications, they are not published according to the class of goods or services, but are published according to the international registration number.

Request for Recording of Changes in the Name and/or Address of the Holder for International Registrations Designating Singapore

Such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) using WIPO's prescribed Form MM9(E). Form TM 26 is not the relevant form to be used.

Form MM9(E) is available for downloading at www.ipos.gov.sg

2004 Circulars**Issuance of Registration Certificates for Protected International Trade Marks (Singapore)** (Circular No. 13/2004, dated 18 June 2004)

The Registrar has received queries as to whether IPOS issues registration certificates for protected international trade marks (Singapore). Please note that IPOS does NOT issue such certificates.

Under the Madrid Protocol, an Office which has examined an international registration in which it is designated and found no grounds for refusal may issue a statement of grant of protection. However, it is not obliged to do so and no legal consequences follow from the fact that no such statement is given. Further, such statements will only be issued if it is still within the 18-month time limit from the date of notification of the international registration. Where no such statements are issued, by the end of the 18-month time limit, the international registration will be regarded as protected in Singapore. In the Singapore context, IPOS does issue such statements, as a matter of customer service, if at the time of issuance, it is still within the said period.

In cases where a provisional refusal or a provisional refusal based on opposition has been issued, a confirmation or withdrawal of such a provisional refusal in the form of a letter of final decision in accordance with Rule 17(5) of the Common Regulations under the Madrid Agreement and Protocol relating to the Madrid Agreement concerning the International Registration of marks will be sent to the International Bureau, who will in turn transmit a copy to the holder of the international registration.

Requests for Recording of Changes in the Ownership of the International Registrations Designating Singapore or where Singapore is the Office of Origin (Circular No. 21/2004, dated 19 November 2004)

For international registrations designating Singapore, in accordance with Rule 25 of the Common Regulations, such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder on WIPO's official Form MM5(E). Form MM5(E) is available for downloading at www.ipos.gov.sg

Form TM 22 should not be lodged for such recordation of change in ownership.

Where Singapore is the Office of Origin, requests for recording of changes in the ownership must also be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder. However, Form TM 22 may be lodged (if appropriate) to record the change in ownership of the basic application or basic registration.

Requests for Recording of Changes in the Name and/or Address of the Holder for International Registrations Designating Singapore or where Singapore is the Office of Origin (this serves to replace an existing pre-2004 circular in the journal) (Circular No. 21/2004, dated 19 November 2004)

For international registrations designating Singapore, in accordance with Rule 25 of the Common Regulations, such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder on WIPO's official Form MM9(E). Form MM9(E) is available for downloading at www.ipos.gov.sg

Form TM 26 should not be lodged for such recordation of change in name and/or address.

Where Singapore is the Office of Origin, requests for recording of changes in the name and/or address of the holder must also be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder. In such a case, TM 26 should be lodged to amend the change in name and/or address of the basic application or basic registration.

Requests for Designation Subsequent to the International Registration (Circular No. 21/2004, dated 19 November 2004)

In accordance with Rule 24 of the Common Regulations, such requests must be presented to the International Bureau of the World Intellectual Property Organization (WIPO) directly by the holder on WIPO's official Form MM4(E). Form MM4(E) is available for downloading at www.ipos.gov.sg

2005 Circulars

(Effect of the Recording of Licenses in the International Register in respect of International Registrations Designating Singapore, Circular No. 21/2005, dated 21 October 2005. This Circular is replaced by Circular No. 1/2010, dated 12 February 2010)

2007 Circular

(Modes of Payment to the International Bureau of the World Intellectual Property Organisation for Madrid Protocol Matters, Circular No. 42/2007, dated 28 December 2007. This Circular is replaced by Circular No. 1/2008, dated 11 January 2008)

2008 Circulars**Modes of Payment to the International Bureau of the World Intellectual Property Organisation for Madrid Protocol Matters** (Circular No. 1/2008, dated 11 January 2008)

With effect from 1 January 2008, there will be some amendments to the Administrative Instructions for the Application of the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating Thereto ("AI"). The amendments are necessary for the implementation of a more broad-based electronic communications platform for the benefit of users of the Madrid system.

The AI can be found here (http://www.wipo.int/madrid/en/legal_texts/admin_instructions.htm) and the International Bureau's ("IB") notification of the amendments can be found here (http://www.wipo.int/edocs/madrdocs/en/2007/madrid_2007_20.doc).

Please note that under the new Section 19 of the AI, fees payable to the IB must be made

- i. by debit to a current account with the IB,
- ii. by payment into the Swiss postal account or to any of the specified bank accounts of the IB, or
- iii. by credit card, where, in the context of an electronic communication envisaged in Section 11, an electronic interface for online payment has been made available by the IB.

The previous modes of payment by cash at the IB and by a banker's cheque would no longer be available.

Please note that while Section 19 now provides that in the context of electronic communications, fees due to the IB may be paid by credit card only in relation to specific types of transaction or request in respect of which a dedicated electronic interface has been provided, the IB has advised that this mode of payment by credit card would not be applicable to the filing of international applications.

If you are filing an international application through IPOS on and after 2 January 2008, please note that our previous primary mode of payment to the IB via a banker's cheque is no longer available in light of the changes in the AI. Instead, your payment in Swiss Francs to the IB can be made by either options (i) or (ii) as stated above.

Current Account

If you conduct regular monetary transactions with the IB, you may opt to open a current account with them. Please see

http://www.wipo.int/madrid/en/guide/part_d/pdf/account.pdf for details.

Bank Transfer

We envisage that the majority of applicants and agents are likely to use bank transfers under (ii) as the preferred mode of payment. Details of WIPO's postal account and bank account are as follows:

WIPO bank account
IBAN No. CH51 0483 5048 7080 8100 0
Credit Suisse, CH-1211 Geneva 70
Swift/BIC: CRESCHZZ80A

WIPO postal account
IBAN No. CH03 0900 0000 1200 5000 8
Swift/BIC: POFICHBE

The above account details are found on page 6 of the Form MM2(E).

To confirm that the payment has been made, the applicant must indicate the payment details of the bank's transfer transaction in the appropriate space provided in IB's Form MM2(E) Application for International Registration Governed Exclusively by the Madrid Protocol at the time of filing. You must also provide us with a photocopy of the bank's transaction advice.

If you have any queries regarding the above, please do not hesitate to call our Customer Service Officer at 6339 8616 or email us at ipos_enquiry@ipos.gov.sg.

Requests for Recording of a Renewal for International Registrations where Singapore is the Office of Origin (Circular No. 5/2008, dated 22 February 2008)

For an international registration where Singapore is the Office of Origin, a request for the recording of a renewal may be made by the holder or his agent upon payment of the relevant fees in Swiss Francs to WIPO via any of the following ways:-

(a) lodgement of WIPO's Form MM11(E) or an official letter from the holder indicating the necessary information (number(s) of the international registration(s) concerned and the purpose of the payment);

<http://www.wipo.int/madrid/en/forms/>

(b) lodgement done online at WIPO Marks E-Renewal System portal
<http://www.wipo.int/madrid/en/services/>; or

(c) lodgement of Form MM11(E) or the official letter mentioned under (a) through IPOS, together with a separate fee of S\$85 for handling the renewal request.

Kindly note that the above renewal is only effective for the international registration. Holders should lodge IPOS Form TM 19 in order to renew the Singapore basic registration, if necessary.

With regard to the renewal of an international registration where Singapore is *not* the Office of Origin, even if Singapore had been designated, such a request must be effected via (a) or (b). It is also possible to do so via the Office of Origin of that international registration provided that that Office of Origin has agreed to collect the renewal fees and forward them to WIPO.

We wish to emphasise that IPOS Form TM 19 must not be lodged for the renewal of any international registrations designating Singapore. Only WIPO would be able to process the renewal of that international registration.

E-Payments to the World Intellectual Property Organization (Circular No. 19/2008, dated 26 December 2008)

The World Intellectual Property Organization (WIPO) has introduced an E-Payment Service at <https://webaccess.wipo.int/epayment/>, which allows payment of fees notified in their irregularity letters or other WIPO communications with regard to international applications or registrations.

Payments can be made through the WIPO Current Account or by credit card.

To make payment through the WIPO Current Account, you will be required to provide the userID and the password generated by them for the current account holders. If you do not have a current account, please read Current Account at WIPO at

http://www.wipo.int/resource/en/wipo_account.html for details, on how to open, use or close a current account with WIPO, if you are thinking of opening one.

If you already have a WIPO current account, but do not have a password, please send an email to WIPO at income.accounts@wipo.int, mentioning E-Payment as the subject matter.

To make payment by credit card, please follow the steps in the E-Payment Service. American Express, Mastercard and Visa are acceptable to WIPO.

Unfortunately at this stage, WIPO is still unable to accept payment via credit card for the filing of international applications. For such applications, the only payment modes are via the WIPO Current Account, or the Swiss postal account or any of the specified bank accounts of WIPO.

2010 Circular**Effect of the Recording of Licenses in the International Register in respect of International Registrations Designating Singapore** (Circular No. 1/2010, dated 12 February 2010)

Pursuant to Rule 20bis(6)(b) of the Common Regulations under the Madrid Protocol, Singapore has notified the Director General of the World Intellectual Property Organisation on 21 March 2002 that Singapore law would not give effect to the recording of trade mark licenses in the International Register. Accordingly, any recording of a license made under Rule 20bis(3) of the Common Regulations will have no effect on any International Registration designating Singapore. However, the holder of such an International Registration may still record the relevant license with IPOS by lodging Form TM 37, and the fee of S\$60.00 per trade mark number. Similarly, the holder of such an International Registration may request for the amendment or cancellation of the recording of the license via Forms TM 38 and TM 39 respectively.

F) PERTAINING TO THE CLASSIFICATION OF GOODS AND SERVICES**(I) General Information****Pre-2004 Circulars**

(8th Edition of the International Classification of Goods and Services, this circular was removed on 18 January 2008)

Compliance with the International Classification of Goods and Services

To assist the Registrar in expediting the acceptance of trade mark applications for registration, agents are reminded to ensure that the specifications of goods or services set out in the application forms conform with the International Classification of Goods and Services as far as possible. Very often, the Registrar receives applications where the marks are acceptable for registration but the specifications are not in order. This slows down the registration process.

Precedents in Support of Specification

In the examination of the specification of goods or services for compliance with the International Classification of Goods and Services, the Registrar is prepared to rely on precedents relating to Singapore, United Kingdom, Australia and Hong Kong registrations. Applicants and agents are therefore free to file these precedents in support of their specifications of goods and services for the Registrar's consideration.

However, the Registrar would not rely on such precedents in the following situations:

- (a) where the precedent relates to goods or services which have been accepted by the Registrar concerned in the wrong class;
- (b) where the precedent relates to goods or services which are no longer classified in the class stated in the precedent in view of a change of classes by the Special Union for the International Classification of Goods and Services for the purposes of the Registration of Marks (Nice Union);
- (c) where the precedent relates to goods or services which are no longer classified in the class stated in the precedent in view of a change or clarification of practice by the Registry concerned.

The use of square brackets [] and round brackets () in specifications

An expression between square brackets is intended to define more precisely the text or item preceding the brackets. Square brackets are used when the item is ambiguous for classification purposes. Round brackets are used to qualify the text or item preceding the brackets to ensure the correct classification. Round brackets are used when it is possible that the item can be classified in various classes depending on the intended goods or services sought to be covered.

Use of the term "Internet" in specifications of goods and services

In view of the widespread use of the term "Internet" in the generic sense, the Registrar will henceforth not raise any objections to the use of the term "Internet" in the specifications of goods and services of Singapore national applications or international registrations designating Singapore.

However, the use of the term “Internet” in specifications of goods and services is generally not encouraged as the word “Internet” is a registered trade mark in some countries and may be objected to by the designated offices of these countries in respect of international applications originating from Singapore filed under the Madrid Protocol. This may arise where the term “Internet” is listed in a Singapore national application or registration and the Singapore national application or registration forms the basis of an international application originating from Singapore under the Madrid Protocol. In the circumstances, it is advisable for applicants to use the term “global communications network” instead.

2004 Circulars

Underlining of precedents for objections on specification of goods / services (Circular No. 19/2004, dated 3 September 2004)

When lodging precedents to overcome the Registrar’s objection on the specification of goods / services, the Registrar requests that the relevant portions of the precedents to be underlined for greater visibility. This would assist the Registrar to identify and consider the relevant portions of the precedents in order to assess whether the objection should be waived.

Vague descriptions in specifications (Circular No. 20/2004, dated 12 November 2004)

A clear description of the goods or services claimed in a trade mark application is important as it determines the scope of the application. As such, the indication of goods, for example “pouches and the like”, is not acceptable as the expression, “and the like”, is vague. In the example given, it is not clear as to what other goods the applicant is claiming apart from pouches.

2005 Circular

(Use of acronyms for specifications of goods and/or services, Circular No. 6/2005, dated 22 April 2005. This circular was removed on 18 January 2008)

2006 Circular

International Classification of Goods and Services

NICE Classification – Ninth Edition (Circular No. 32/2006, dated 8 November 2006)

The ninth edition of the NICE Classification for the purposes of the registration of trade marks will come into effect on **1 January 2007**. Copies can be ordered online at <http://www.wipo.int/ebookshop?lang=eng>

The majority of the changes involve Classes 14, 20, 21, 26, 34, 42 and 45 but minor changes and additions have also been made to other classes. For more information regarding the specific changes, please refer to the *Nice Union Report CLIM/CE/20/ which is obtainable at the following link*

http://www.wipo.int/meetings/en/doc_details.jsp?doc_id=52419

The eighth edition of the NICE Classification shall still apply to all applications filed before 1 January 2007. Applications filed on or after 1 January 2007 shall be filed in accordance with the ninth edition of the NICE Classification. For the avoidance of doubt, there will be no reclassification of goods and services for existing applications filed prior to 1 January 2007, after the 9th Edition of the NICE Classification comes into force.

2007 Circular

Use of registered trade marks in specifications of goods and services (Circular No. 38/2007, dated 14 November 2007)

Registered trade marks which are ordinary dictionary words are allowed to be used in specifications of goods and services as a descriptor. This practice is consistent with our previous journal notice on the use of the term, "Internet", which has become generic. However, words which are invented and have been registered as trade marks will not be acceptable in specifications of goods and services. Instead, applicants should use ordinary English words to describe their goods and services. For example, a specification of goods which reads "bluetooth-enabled devices for communications, namely telephones, handsets, headsets, speakers, microphones and earphones" should be amended to "devices for communications which are enabled by short range radio technology, namely telephones, handsets, headsets, speakers, microphones and earphones".

2011 Circulars

The use of punctuation in specifications (Circular No. 2/2011, dated 9 September 2011)

Applicants are advised to take note of the following guidelines when using punctuation within a specification:

1. Use semicolons (;) to delimit the goods and services as segments within a class;
2. Use commas (,) within the same segment only if the goods or services claimed are related to each other;
3. Avoid the use of colons (:).

To illustrate, if a trade mark is used on computers, computer software, mouse pads, eyeglasses and goggles for sports, all of which are classified in Class 9, the list of goods should be indicated as "computers, computer software, mousepads; eyeglasses, goggles for sports". In the example given, the related goods are separated by commas while unrelated goods are separated by a semi-colon.

If, for example, a trade mark is used on pharmaceutical preparations, plasters, materials for dressings and disinfectants, the list of goods should be indicated as "Pharmaceutical preparations; plasters, materials for dressings; disinfectants". As both "plasters" and "materials for dressings" are used for wound dressing purposes, they may be separated by a comma instead of a semi-colon.

This practice applies to both International Applications as well as national applications.

International Classification of Goods and Services**NICE Classification – Tenth Edition** (Circular No. 3/2011, dated 16 September 2011)

The Tenth Edition of the NICE Classification for the purposes of the registration of trade marks will come into effect on 1 January 2012 and is available for reference at http://www.wipo.int/classifications/nice/en/news/2011/news_0002.html

For more information regarding the specific changes, please refer to the Nice Union Report CLIM/CE/21/ which is obtainable at http://www.wipo.int/meetings/en/doc_details.jsp?doc_id=151741.

Changes include the transfer of goods and services from one class to another, addition of items to a class, deletion of items, changes in descriptions and changes to the class headings. The Registry will provide more information on the specific changes shortly.

The Search & Pick and eTrademarks Search databases will be duly updated and the relevant changes will be captured once the Tenth Edition of the NICE Classification comes into force on 1 January 2012.

The Ninth Edition of the Nice Classification shall continue to apply to all applications filed before 1 January 2012. Applications filed on or after 1 January 2012 shall be filed in accordance with the Tenth Edition of the NICE Classification. For the avoidance of doubt, there will be no reclassification of goods and services for existing applications filed prior to 1 January 2012, after the Tenth Edition of the NICE Classification comes into force. The Registry will conduct cross class searches to ensure that relevant citations are captured.

International Classification of Goods and Services**NICE Classification – Tenth Edition****Specific Changes** (Circular No. 6/2011, dated 16 December 2011)

With reference to our circular issued on 16 September 2011, the Tenth Edition of the NICE Classification for the purposes of the registration of trade marks will come into effect on 1 January 2012.

The Registry has compiled a list of specific changes which includes:

- items that have been added to the Tenth (10th) edition of the NICE Classification;
- items that no longer exist in the Tenth (10th) edition of the NICE Classification;
- items that have been transferred to another class;
- descriptions of goods and services that have been changed; and
- descriptions of goods and services that have been changed and transferred to another class.

For the listing of the specific changes, please refer to the same Circular at www.ipos.gov.sg > Trade Marks> Other Information & Updates > Pertaining to the Classification of Goods and Services.

(II) Information on specific items**Pre-2004 Circulars**

(Cereal-based beverages, Beverages made from cereals, Pre-2004 Circular. This Circular was replaced by Circular No. 7/2008, dated 5 March 2008)

Club [dining] services

With effect from 31 October 2003, the Registrar will accept the specification “club [dining] services” in Class 43 instead of Class 41 of the International Classification of Goods and Services. The emphasis on the word “dining” puts the item more in line with the class heading and explanatory notes of Class 43.

Consultancy Services

In the 8th edition of the International Classification of Goods and Services, consultancy services will be classified according to their subject matter. For example, consultancy services relating to telecommunications will be classified in Class 38, transportation consultancy services in Class 39 and intellectual property consultancy services in Class 42. The Registry had been taking this position in its examination of applications.

WIPO has clarified that pending the coming into force of the 8th edition, the correct classification is in accordance with the 7th edition where such services are classified in class 35 if they are business-related and class 42 if they are non-business-related. Hence, the Registry is adopting this stand.

However, in order not to prejudice any party who has acted on the Registrar’s earlier position on such services, the Registry will not reject consultancy services which have been classified according to their subject matter.

Desserts

With effect from 31 October 2003, the Registrar will not accept a specification consisting of “desserts” per se. This is in line with the World Intellectual Property Organization’s view that the said item, without further qualification, is vague.

Examples of acceptable descriptions are :

“Desserts [Jellies for food]” in Class 29 or

“Desserts [Ice cream]” in Class 30

(Executor services, Pre-2004 Circular. This Circular was replaced by Circular No. 7/2008, dated 5 March 2008)

Mail order services

A specification of services consisting of or containing "mail order services" is unacceptable as it does not conform to the International Classification of Goods and Services and should be reworded to "the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order" in accordance with the practice in the United Kingdom.

Provision of information for business or domestic purposes in Class 38

With effect from 30 July 2003, a specification which reads "provision of information for business or domestic purposes" in class 38 will not be acceptable. The applicant is requested to further qualify the specification so that it will read as "provision of information in the field of telecommunications for business or domestic purposes". This is in line with the General Remarks as provided in the Nice Classification that the subject matter of the information being provided determines the correct class for the services.

(Provision of user access time to the global computer network, Pre-2004 Circular. This circular was removed on 26 September 2007)

(Storage of data, information or documents, Pre-2004 Circular. This circular was removed on 5 December 2008)

2004 Circulars**Retailing of services** (Circular No. 2/2004, dated 7 January 2004)

With effect from 7 January 2004, the Registrar will not accept a specification containing a claim for "retailing of services" or "the bringing together, for the benefit of others, of a variety of services (excluding the transport thereof), enabling customers to conveniently view and purchase those services". Applicants will be asked to clarify on the type(s) of services they are providing and to apply for such services in the appropriate class(es).

WIPO's Recommendation No. 16 (Circular No. 4/2004, dated 6 February 2004)

For applications lodged on or after 13 January 2004, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the items stated below in the designated classes:

- (1) Pastilles and chewing gum for cosmetic purposes - Class 3
- (2) Soap bubbles and foam generators for shows - Class 11
- (3) Lenyards (Keycards) - Class 14

(Joss sticks, Circular No. 5/2004, dated 13 February 2004. This circular was removed on 20 March 2009)

Canned foodstuffs of plant origin (Circular No. 6/2004, dated 5 March 2004)

For applications lodged on or after 12 March 2004, the Registrar will accept the specification "canned foodstuffs of plant origin" in Class 30 instead of Class 29. This is in line with the explanatory note of Class 30 which states "Class 30 includes mainly foodstuffs of plant origin prepared for consumption or conservation".

Manufacturing of goods (Circular No. 12/2004, dated 11 June 2004)

For applications lodged on or after 18 June 2004, a specification of services consisting of or containing "manufacturing of goods" is unacceptable as it does not conform to the International Classification of Goods and Services. If a person is manufacturing goods, registration should be sought for the goods only.

As appropriate, the specification may be phrased as "custom assembling of materials [for others]" or "custom manufacturing of goods [for others]". For example, where the items in question are cell cultures, it may be more appropriate to describe the service as "custom manufacturing of cell cultures [for others]". However, if the goods in question are clothing, "custom assembling of clothing [for others]" would be more appropriate.

(Providing search engines for the internet, Circular No. 12/2004, dated 11 June 2004. This circular was removed on 20 March 2009)

WIPO's Recommendation No. 17 (Circular No. 17/2004, dated 9 July 2004)

For applications lodged on or after 16 July 2004, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the items stated below in the designated classes:

- (1) Packaging containers of regenerated cellulose - Class 16
- (2) Refilling of empty toner cartridges - Class 37.

Provision of news (Circular No. 19/2004, dated 3 September 2004)

For applications lodged on or after 10 September 2004, the Registrar will not accept a specification consisting of "provision of news" *per se*. This is in line with the World Intellectual Property Organization's view that this description, without further qualification, is vague. The subject matter of the news provided and the purpose for which it is provided are important in determining the class to which it should fall under. Generally, these services are classified in the same classes as the services that correspond to the subject matter of the information. Examples of acceptable descriptions are:-

"Provision of business news [business management]" in Class 35;

"Provision of news [telecommunication services]" in Class 38; and

"Provision of news for entertainment purposes" in Class 41.

(Leasing services, Circular No. 20/2004, dated 12 November 2004. This circular was removed on 30 December 2011)

2005 Circulars

Computerised communication network security and other security services (Circular No. 5/2005, dated 1 April 2005)

For applications lodged on or after 8 April 2005, the Registrar will only accept “computerised communication network security” and like services in Class 42 and not in Class 45, as such items are forms of computer services classified under Class 42.

Class 45 covers services for the protection and security of individuals and property in general, eg “security services for buildings”, “personal body guarding” and “night guards”. If such services and information relating to such services are offered online or via a computer network, they will be classified under Class 45 as well.

However, Class 42 will cover security services if they pertain to security of computer networks or the internet, eg. “computerised communication network security”, or if such services are offered as a form of computer service, eg “data security services [firewalls]” or “professional consultancy relating to computer security”. It would not be correct to classify such computer security services in Class 45.

It is also useful to note that the International Classification of Goods and Services (8th Edition) classifies some security services in Class 39. Security services relating to transport, eg. “guarded transport of valuables” and “escorting of travellers”, are classified under Class 39 and not Class 45.

WIPO’s Recommendation No. 18 (Circular No. 5/2005, dated 1 April 2005)

For applications lodged on or after 8 April 2005, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes:

- (1) Enzymes for human consumption – Class 29
- (2) Soya milk [condiment] – Class 30
- (3) Supervision of teamwork to improve its effectiveness – Class 35
- (4) Consultancy in the field of computer security – Class 42
- (5) Therapy services – Class 44

Prepared meals (Circular No. 6/2005, dated 22 April 2005)

For applications lodged on or after 29 April 2005, the Registrar will not accept a specification consisting of “prepared meals” per se as the said item, without further qualification, is vague and may fall within several classes. The item should specify the content of the prepared meals, for example,

“Prepared meals consisting of meat” in Class 29 or

“Prepared meals containing principally of rice” in Class 30.

2006 Circulars**Crib bumpers** (Circular No. 3/2006, dated 3 February 2006)

For applications lodged on or after 10 February 2006, the Registrar will only accept the item, “crib bumpers”, in Class 20. This item is a type of cushion for lining the base and sides of the crib and serves a protective purpose for the baby. Since the item “cushions” is listed in Class 20 of the Nice Classification, by analogy, the item, “crib bumpers”, should be classified in Class 20 as well.

Retail services and other like services in Class 35 (Circular No. 6/2006, dated 24 February 2006)

The Registrar has revised her practice concerning retail services and other like services in Class 35. This revision in practice shall take effect for all applications lodged on or after 3 March 2006

In the past, applicants, in most instances, are required to list the goods to which the retail services relate. With the revised practice, where it is practical, it is still advisable to list the goods to which the retail services relate. However, the Registrar will no longer insist on such a requirement in all cases, as long as the description “the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods”, is used in conjunction with the means of bringing goods together. Thus, in cases where it is not practical to list all the goods to which the retail services relate, the Registrar will accept an indication of the means of bringing goods together and displaying such goods for the benefit of customers, for example, from a retail outlet, a wholesale outlet or a distributor outlet. Such an indication can be inserted at the end of the description “the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods”.

With the revised practice, “wholesale services” will also be treated in the same manner as “retail services”.

The following descriptions provide guidance on what is considered to be acceptable to the Registrar in future:

(a) “The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet”;

(b) "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet";

(c) "Retail services in relation to [list the goods]";

(d) "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet";

(e) "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet";

(f) "Wholesale services in relation to [list the goods]";

(g) "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet";

(h) "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications"; and

(i) "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network".

The Registrar is prepared to accept similar descriptions of the above services provided that the services are clearly described and fall within the ambit of retail or wholesale services. Please note that vague descriptions such as "distributorship services" are not acceptable as the term "distributorship" may encompass more than just retail or wholesale services, for example, it may include transportation services.

Interior decoration services (Circular No. 22/2006, dated 7 July 2006)

For applications lodged on or after 14 July 2006, the Registrar will only accept "interior decoration services" in Class 42 and not in Class 37, as such services are analogous to the item "design of interior décor" which is listed in Class 42 of the International Classification of Goods and Services (8th Edition).

WIPO's Recommendation No. 19 (Circular No. 25/2006, dated 16 August 2006)

For applications lodged on or after 23 August 2006, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes :

(1) Incontinence garments – Class 5

(2) Telephone ring tones [downloadable] – Class 9

(3) Milk jam – Class 29

(4) Toasted natural wood chips added to wine to improve its flavour – Class 30

WIPO's Recommendation No. 20 (Circular No. 25/2006, dated 16 August 2006)

For applications lodged on or after 23 August 2006, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes :

- (1) Paper sheets, sensitized, for carrying photographic imaging materials – Class 1
- (2) Slot machines[vending machines] – Class 9
- (3) Paper sheets, not sensitized, for carrying photographic imaging materials – Class 16
- (4) Slot machines[amusement] – Class 28
- (5) Stand-alone video game machines – Class 28

Technical consultancy services (Circular No. 25/2006, dated 16 August 2006)**Technical support services** (Circular No. 25/2006, dated 16 August 2006)

For applications lodged on or after 23 August 2006, the Registrar will classify “technical consultancy services”, “technical support services” and other similar technical advisory and technical information services according to their subject matters. The General Remarks in the Nice Classification (8th Edition) states that services that provide advice, information or consultation are in principle classified in the same classes as the services that correspond to the subject matter of the advice, information or consultation. Further, in line with the view of the World Intellectual Property Organization, the Registrar will consider indications such as “technical consultancy services” and “technical support services”, *per se* as too broad and vague and objections will be taken. Such indications will have to be specified in respect of their subject matters for the purpose of classification.

2007 Circulars**WIPO's Recommendation No. 21** (Circular No. 27/2007, dated 25 July 2007)

For applications lodged on or after 1 August 2007, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes:

- (1) Scoreboards for sports, other than mechanical or electric – Class 20
- (2) Advice on tax preparation – Class 35
- (3) Advice on fiscal assessments, advice on fiscal valuations – Class 36
- (4) Carbon offsetting services [recycling] – Class 40
- (5) Prenatal exercises – Class 41
- (6) Weblog [blog] services [on-line publication of journals or diaries] – Class 41
- (7) Creating and maintaining weblogs [blogs] for others – Class 42
- (8) Hosting of weblogs [blogs] – Class 42
- (9) Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting – Class 42
- (10) Carbon offsetting services [reforestation] – Class 44

Providing on-line forums (Circular No. 27/2007, dated 25 July 2007)

Operating chat rooms (Circular No. 27/2007, dated 25 July 2007)

Providing chat rooms (Circular No. 27/2007, dated 25 July 2007)

Providing discussion services on-line (Circular No. 27/2007, dated 25 July 2007)

For applications lodged on or after 1 August 2007, the Registrar will only accept the items "providing on-line forums", "operating chat rooms", "providing chat rooms", and "providing discussion services on-line" in Class 38, regardless of the topic of the discussion. These items are analogous to the items "electronic bulletin board services [telecommunication services]" and "providing internet chatrooms" listed in Class 38 of the NICE Classification (Ninth Edition). This is in line with the view of the World Intellectual Property Organization.

Arranging and conducting of colloquiums (Circular No. 27/2007, dated 25 July 2007)

Arranging and conducting of conferences (Circular No. 27/2007, dated 25 July 2007)

Arranging and conducting of congresses (Circular No. 27/2007, dated 25 July 2007)

Arranging and conducting of seminars (Circular No. 27/2007, dated 25 July 2007)

Arranging and conducting of symposiums (Circular No. 27/2007, dated 25 July 2007)

Arranging and conducting of conventions (Circular No. 27/2007, dated 25 July 2007)

Arranging and conducting of exhibitions (Circular No. 27/2007, dated 25 July 2007)

The Registrar wishes to clarify that the above items with the exception of the last, viz.

"arranging and conducting of colloquiums";
"arranging and conducting of conferences";
"arranging and conducting of congresses";
"arranging and conducting of seminars";
"arranging and conducting of symposiums"; and
"arranging and conducting of conventions"

are classified in Class 41, regardless of the topic relating to these services. It is the purpose of the service and not the topic that determines their classification in Class 41. By virtue of their dictionary definitions, the terms, "colloquiums", "conferences", "congresses", "seminars", "symposiums" and "conventions" refer to activities linked with training or education, both of which are proper to Class 41. To illustrate, "arranging and conducting of conferences for commercial or advertising purposes" and "arranging and conducting of seminars for commercial or advertising purposes" are both classified under Class 41.

However, the item, "arranging and conducting of exhibitions", will be classified according to the subject matter since this service only refers to showing of products or services to the public, and is not primarily offered for the purposes of training or education. By analogy, "organization of exhibitions for commercial or advertising purposes" is listed in Class 35 of the NICE Classification (Ninth Edition), but "organization of exhibitions for cultural or educational purposes" is listed in Class 41 of the NICE Classification (Ninth Edition). This is in line with the view of the World Intellectual Property Organization.

Providing access to databases (Circular No. 33/2007, dated 26 September 2007)

Rental of access time to the internet / global computer networks (Circular No. 33/2007, dated 26 September 2007)

Providing of user access to the internet / global computer networks (Circular No. 33/2007, dated 26 September 2007)

Rental of access time to databases (Circular No. 33/2007, dated 26 September 2007)

For applications lodged on or after 3 October 2007, the Registrar will accept these and other analogous items in Class 38 only. These are essentially telecommunication services and are classified under Class 38 whether they are provided by an Internet Service Provider or a non-Internet Service Provider. Hence, our previous journal notice on the classification of these services based on the status of the applicant is no longer applicable.

(The last paragraph in this circular was removed on 30 December 2011)

2008 Circulars

Cereal-based beverages (Circular No. 7/2008, dated 5 March 2008)

Beverages made from cereals (Circular No. 7/2008, dated 5 March 2008)

Executor services (Circular No. 7/2008, dated 5 March 2008)

The pre-2004 circulars on “cereal-based beverages/ beverages made from cereals” in Class 32 and “executor services” in Class 42 have been removed in light of recent directives from the World Intellectual Property Organisation.

A specification of goods consisting of or containing “cereal-based beverages” or “beverages made from cereals” will be classified in Class 30 by analogy to “cereal preparations” that are classified under Class 30 of the NICE Classification.

A specification of services consisting of or containing “executor services” will be classified in Class 36 because such services generally relate to the administration of money, investments, real estate, assets, and other valuables. Such services are analogous to “fiduciary services” and “trusteeship services” both of which are classified under Class 36 of the NICE Classification.

The above changes affect all applications lodged on or after 12 March 2008.

Retail services and other like services in Class 35 (Circular No. 9/2008, dated 2 May 2008)

In addition to Circular No. 6/2006, the Registrar will accept the descriptions for applications lodged on or after 9 May 2008 (where it is not practical to list all the goods to which the retail services or wholesale services relate):

- a. “retail services”
- b. “wholesale services”

However, the Registrar will continue to reject descriptions such as “distributorship services”, “mail order services”, “departmental store services”, “supermarket services”, or “internet shopping”. These terms are considered vague as they include services more than retail and wholesale services.

With the addition, the following descriptions provide guidance on what is considered to be acceptable to the Registrar in future:

- a. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet";
- b. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a retail outlet";
- c. "Retail services in relation to [list the goods]";
- d. "Retail services";
- e. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet";
- f. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a wholesale outlet";
- g. "Wholesale services in relation to [list the goods]";
- h. "Wholesale services";
- i. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet";
- j. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a distributor outlet";
- k. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications";
- l. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications";
- m. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network";

- n. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network";
- o. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a departmental store";
- p. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a departmental store";
- q. "The bringing together, for the benefit of others, of a variety of goods [list the goods] (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a supermarket"; and
- r. "The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a supermarket".

WIPO's Recommendation No. 22 (Circular No. 16/2008, dated 21 November 2008)

For applications lodged on or after 28 November 2008, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes:

- (1) Milk ferments [bacteria preparations] used in making foodstuffs - Class 1
- (2) Wind turbines - Class 7
- (3) Pill distributor and organizer boxes for medical purposes - Class 10
- (4) Electronic cigarettes for medical purposes - Class 10
- (5) Meditation stones - Class 14
- (6) Pill boxes [not for medical purposes] - Class 21
- (7) Tablecloth holders - Class 21
- (8) Electronic cigarettes, not for medical purposes - Class 34
- (9) Publicity film production - Class 35
- (10) Illustrators' services - Class 42
- (11) Diamond authentication and certification services - Class 42
- (12) Electronic data storage - Class 42
- (13) Advice concerning cooking recipes - Class 43

Electronic data storage (Circular No. 16/2008, dated 21 November 2008)

Storage of data, information or documents (Circular No. 16/2008, dated 21 November 2008)

The pre-2004 circular on "Storage of data, information or documents" (Class 35 or 39) has been removed in light of recent directive from the World Intellectual Property Organization.

A specification of services consisting of "Electronic data storage" will be classified in Class 42 instead of 35 by analogy to "Duplication of computer programs" and "Data conversion of computer programs and data [not physical conversion]" which are classified under Class 42 of the NICE Classification. This is in conformity with the explanatory note "Class 42 includes mainly services provided by ... computer programmers, etc.".

On the other hand, if the data, information or documents are being stored physically, for example, in a warehouse, then it is proper to Class 39. The determining factor is **where** the data, information, or documents are being stored. Examples of items which are proper to Class 39 are:

- i. "Data storage"
- ii. "Information storage"
- iii. "Storage of electronically-stored data, information or documents".

The above changes affect all applications lodged on or after 28 November 2008.

2009 Circulars

Association services (Circular No. 6/2009, dated 30 April 2009)

For applications lodged on or after 7 May 2009, the Registrar will not accept a description consisting of "association services" per se because the item, without further qualification, is vague and may fall within several classes. The World Intellectual Property Organization also regards this description as being vague and takes the view that a service should not in principle commence with the description "association services" even if it is followed by a qualifier. For example, the description, "association services, namely arranging business introductions", is not acceptable.

In light of the above, applicants should avoid using descriptions beginning with "association services". A description like "association services, namely, promoting the general interests of those concerned with the importance of health and nutrition", should be reworded to "business promotion relating to the importance of health and nutrition, provided through an association" in order for it to be classified in Class 35.

Concierge services (Circular No. 6/2009, dated 30 April 2009)

For applications lodged on or after 7 May 2009, the Registrar will not accept a description consisting of "concierge services" per se because the item, without further qualification, is vague and may fall within several classes. This is in line with the view of the World Intellectual Property Organization that the description is vague and can fall within several classes.

In light of the above, applicants should specify the exact nature of the concierge services that are being claimed. If they insist on using the description, "concierge services", that must be qualified by a precise description of the concierge service. The following are examples of acceptable descriptions.

- i. "Concierge services for the arranging of tours" in Class 39
- ii. "Concierge services, namely, the delivery of luggage for guests" in Class 39
- iii. "Concierge services, namely, arranging for theater tickets" in Class 41
- iv. "Concierge services relating to restaurant reservations" in Class 43
- v. "Concierge services [baggage inspection for security purposes]" in Class 45.

On the other hand, descriptions such as "concierge services for others comprising of making requested personal arrangements and providing customer specific information to

meet the needs of individuals", "hotel and resort concierge services", and "personal services rendered by others to meet the needs of individuals, namely, concierge services" are not acceptable since the exact nature of the services is unclear.

Personal and/or social services rendered by others to meet the needs of individuals
(Circular No. 7/2009, dated 19 June 2009)

This is to clarify that a description consisting of "personal and/or social services rendered by others to meet the needs of individuals" in Class 45 has never been acceptable to the Registrar because it is vague and too broad in scope. For the purpose of clarity, applicants must specify the exact nature of the services that they wish to claim.

If, however, an applicant insists on using this description, it must be qualified by a precise description of the personal or social services claimed. An example of an acceptable description would be "personal services rendered by others to meet the needs of individuals, namely baby sitting".

Ancillary Services / Related Services (Circular No. 11/2009, dated 25 September 2009)

For applications lodged on or after 2 October 2009, the Registrar will not accept a description containing "ancillary services", "related services" or their equivalent, regardless of whether they are preceded or followed by a specific term. This is because the exact nature of these descriptions remains unclear. The addition of qualifiers such as "included in this class" or "all in this class" in such descriptions does not help in making those descriptions any clearer. The following are some examples of the objectionable descriptions:-

- (a) "advertising services; services ancillary or related to the aforementioned included in this class";
- (b) "services ancillary or related to the provision of business management services; all in this class"; and
- (c) "all services relating or ancillary to computer services; all included in Class 42".

In such cases, the Registrar will request that the applicant specify the "ancillary services" and "related services" claimed so that the specification is clear and unambiguous.

This practice direction is consistent with Circular No. 20/2004 that relates to "Vague descriptions in specifications".

2010 Circulars

WIPO's Recommendation No. 23 (Circular No. 2/2010, dated 5 March 2010)

For applications lodged on or after 12 March 2010, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes:

1. Trophies of common metals (Class 6)
2. Trophies of precious metals (Class 14)

3. Brackets for setting up flat screen TV sets (Class 9)
4. Baby gates (Class 20)
5. Decorative sand bottles (Class 21)
6. Ankle garters (Class 26)
7. Storage of human cells (Class 39)
8. Rental of water dispensers (Class 43)
9. Service of actual notice (Class 45)

Computer services (Circular No. 3/2010, dated 25 June 2010)

For applications lodged on or after 2 July 2010, the Registrar will not accept a description consisting of "computer services" per se because the item, without further qualification, is vague. The insertion of a description that reads, for example, "all included in this class" at the end of a specification will not assist in avoiding an objection from the Registrar.

According to the International Classification of Goods and Services (ICGS), services that relate to the installation, maintenance or repair of computer hardware are classified in Class 37, while services in relation to computer rental and the installation, maintenance or repair of computer software are classified in Class 42. To avoid ambiguity and to ensure conformity with the ICGS, applicants are requested to specify the exact nature of the computer services that they are claiming. However, those who wish to include the description, "computer services", in their specification of services may refer to the following examples which are considered acceptable to the Registrar:

- "Computer services, namely installation of computer hardware" (Class 37)
- "Computer services, namely providing search engines for the internet" (Class 42)
- "Computer services in the nature of hosting web sites for others" (Class 42)

WIPO's Recommendation No. 24 (Circular No. 4/2010, dated 8 October 2010)

For applications lodged on or after 15 October 2010, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the classes indicated in brackets next to the item:

1. Ear candles (Class 5)
2. Massage chairs with built-in massage apparatus (Class 10)
3. Airline seats with a massage function (Class 12)
4. Ergonomic chairs for seated massage (Class 20)
5. Electronic pet feeders (Class 21)

2011 Circular**WIPO's Recommendation No. 25** (Circular No. 4/2011, dated 21 October 2011)

For applications lodged on or after 28 October 2011, the Registrar, following the recommendations of the World Intellectual Property Organization, will accept the following items in the designated classes indicated in brackets next to the item:

1. Fuel gas cartridges (Class 4)
2. Metal stables (Class 6)
3. Emergency warning lights (Class 9)
4. Gasifiers for laboratory use (Class 9)
5. Emergency flares [pyrotechnics] (Class 13)
6. Christmas stockings (Class 28)
7. Streamers [novelty items] (Class 28)
8. Adhesive grip tape for sports equipment (Class 28)
9. Natural fishing bait [live or not live] (Class 31)
10. Snow removal services (Class 37)

2011 Circular

Data storage (Circular No. 1/2012, dated 27 July 2012)

Information storage (Circular No. 1/2012, dated 27 July 2012)

For applications lodged on or after 3 August 2012, the Registrar will not accept a specification consisting of "data storage" or "information storage" either in Class 39 or in Class 42 as the descriptions, without further qualification, are vague. As such, examples 1 and 2 cited in Circular No. 16/2008 on "Electronic data storage" and "Storage of data, information or documents" will no longer be valid.

The following are examples of acceptable descriptions in the designated classes:

1. "Physical storage of electronically-stored data or documents" (Class 39)
2. "Physical storage of electronically-stored information" (Class 39)
3. "Electronic data storage" (Class 42)
4. "Computerised business information storage" (Class 42)

Cereal-based beverages (Circular No. 1/2012, dated 27 July 2012)

Beverages made from cereals (Circular No. 1/2012, dated 27 July 2012)

For applications lodged on or after 3 August 2012, the Registrar will not accept a specification consisting of "cereal-based beverages" or "beverages made from cereals" in Class 30. This is in line with the explanatory note in the Nice Classification which states that Class 30 includes in particular beverages with coffee, cocoa, chocolate or tea base. As an example, "honey" is listed in Class 30 of the Nice Classification but "non-alcoholic honey-based beverages" is listed in Class 32. By analogy, "cereal-based beverages" or "beverages made from cereals" should be classified in Class 32 even though "cereal preparations" is listed in Class 30. Hence, Circular No. 7/2008 on "Cereal-based beverages" and "Beverages made from cereals" will no longer be valid.

G) CIRCULARS RELATED TO PROCEEDINGS BEFORE THE HEARINGS AND MEDIATION DIVISION**HMD 2009 Circulars**

(Applications for Security for Costs, HMD Circular No. 1/2009, dated 20 November 2009. This circular is replaced by HMD Circular No. 3/2011, dated 08 April 2011.)

Completion of Form TM 28 (HMD Circular No. 2/2009, dated 20 November 2009)

Form TM 28 is used for 3 different types of proceedings:-

- (i) Application for revocation of registration of a trade mark (Rule 57(1)(a) of the Trade Marks Rules 2008 Rev. Ed. (TMR));
- (ii) Application for declaration of invalidity of registration of a trade mark (Rule 57(1)(b) of the TMR); and
- (iii) Application for rectification of the register by persons other than the proprietor of the trade mark (Rule 57(1A)(b)).

Thus, when completing the form, please ensure that: -

- (i) the correct information is provided in Form TM 28 pursuant to the particular type of proceedings for which the Form TM 28 is filed; and
- (ii) the statement of grounds provided under Part 5 of Form TM 28 is worded consistently in accordance with the type of proceedings pursued under TM 28 ie application for revocation / declaration of invalidity / rectification of the register, as applicable.

In the event of any inconsistencies between the statement of grounds and the type of proceedings indicated, the applicant would generally be directed to re-file Form TM 28 with a clear indication as to the type of proceedings pursued, unless there are exceptional reasons for the Registrar to exercise her discretion to waive the need for such correction. The earlier application will be treated as withdrawn and the application date will be the later filing date. Fees paid are non-refundable as the need to re-file is attributable to the applicant or his agents.

Filing of Form TM 11 by Joint-Opponents (HMD Circular No. 3/2009, dated 20 November 2009)

Under the provisions relating to oppositions in the Trade Marks Act (Cap 332) 2005 Rev. Ed. and Trade Marks Rules 2008 Rev. Ed., there is no prohibition against joint-opponents opposing a trade mark application.

In such an instance, it is sufficient for the purposes of the opposition that one Form TM 11 be filed. To reflect that there are joint-opponents opposing the registration of a particular trade mark, the opponents simply need to indicate, at Part 3 of TM 11, the particulars of the different opponents opposing such a registration.

The fees which are chargeable for TM 11 will depend upon the number of classes included in TM 11.

Similarly, in such circumstances, for the purpose of lodging evidence via statutory declarations (this will occur at a later stage in an opposition proceeding), the joint-

opponents need to file only one set of evidence via statutory declarations provided that it is clear from each statutory declaration that the deponent has been duly authorized by all the joint-opponents to give such evidence on their behalf.

Service of Form TM 11 (Notice of Opposition) and Form TM 28 (Application for Revocation / Declaration of Invalidity / Rectification) (HMD Circular No. 4/2009, dated 20 November 2009)

Service of Form TM 11 and Form TM 28 is regulated under Rule 29 and Rule 57 of the Trade Marks Rules 2008 Rev. Ed. (TMR) respectively.

Rule 29(2) provides that the opponent shall serve on the applicant a copy of the notice of opposition at the same time as the notice of opposition is filed with the Registrar.

Rule 57(3) provides that the applicant for revocation / declaration of invalidity / rectification shall, if he is not the proprietor of the registered trade mark, serve a copy of the application and the statement of grounds on which the application is based on the registered proprietor at the same time as he files the application and statement of grounds with the Registrar.

For the purpose of ensuring compliance with the above Rules, the opponent / applicant is to indicate clearly, on the cover letter enclosing the notice of opposition or application for revocation / declaration of invalidity / rectification to the Registrar, that a copy of Form TM 11 or Form TM 28, as applicable, has been served on the applicant / registered proprietor. Failure to do so will be taken as non-compliance with Rule 29(2) or Rule 57(3) respectively. Accordingly, the Registrar will treat the case as no proper service of Form TM 11 and Form TM 28 respectively, unless the opponent / applicant proves otherwise.

In such an event, Form TM 11 / Form TM 28 will be rejected as non-compliant. The opponent / applicant will have to re-file Form TM 11 / Form TM 28 afresh and serve the same on the applicant / registered proprietor.

In relation to Form TM 11, in the event that the notice of opposition cannot be re-filed as the 2-month or 4-month maximum time period has expired, the prospective opponent will then have to consider filing for invalidation after the mark has been registered.

Service of Form TM 12 (Counter-statement) (HMD Circular No. 5/2009, dated 20 November 2009)

Service of Counter-statement for opposition is regulated under Rule 31 of the Trade Marks Rules 2008 Rev. Ed. (TMR) and service of Counter-statement for an application for revocation / declaration of invalidity / rectification is regulated under Rule 58 of the TMR.

Rule 31(2) provides that the applicant shall serve on the opponent a copy of the Counter-statement at the same time as it is filed with the Registrar.

Rule 58(2) provides that the registered proprietor shall serve on the applicant a copy of the Counter-statement at the same time as he files the Counter-statement with the Registrar.

For the purpose of ensuring compliance with the above Rules, the applicant / registered proprietor is to indicate clearly, on the cover letter enclosing Form TM 12 to the Registrar, that the same has been served on the opponent / applicant. Failure to do so will be taken as non-compliance with the Rules. Accordingly, the Registrar will treat the case as no proper service of Form TM 12.

In such an event of non-service, and provided that the irregularity would not result in a detriment to the other party that cannot be remedied, the Registrar would generally, pursuant to Rule 83, exercise her discretion to direct that the procedural irregularity be

rectified by issuing deadlines for service of the Form TM 12 on the other party and an order as to costs against the applicant / registered proprietor as appropriate.

HMD 2010 Circulars

Compliance with Rule 30(3) (HMD Circular No. 1/2010, dated 20 August 2010)

Where an opponent relies on an “earlier trade mark which is well known in Singapore” in support of his opposition, Rule 30(3) of the Trade Marks Rules 2008 Rev Ed applies.

Rule 30(3) requires that:

- (i) information on the use of the earlier trade mark; and
- (ii) information on any promotion undertaken for the earlier trade mark be provided in the notice of opposition.

There are no pre-set requirements on the specific information needed to comply with Rule 30(3). Therefore, any relevant information will be accepted as long as:

- (i) the information relates to the use or promotion of the earlier trade mark; and
- (ii) it is “for the purpose of determining if the trade mark is well known in Singapore” as expressed in Rule 30(3).

Non-exhaustive examples include:

- (i) revenue figures for the earlier trade mark worldwide and in Singapore, if any
- (ii) promotion figures for the earlier trade mark worldwide and in Singapore, if any
- (iii) information on the duration of the use and promotion of the earlier trade mark
- (iv) information on the extent of the use and promotion of the earlier trade mark
- (v) information on the geographical area of the use and promotion of the earlier trade mark

Examples (iii) to (v) above are essentially information pertaining to Section 2(7)(b) of the Trade Marks Act (Cap 332) 2005 Rev Ed.

The information provided can be descriptive (e.g. “Our well known mark has been used on clothing and footwear in 20 countries worldwide including the USA, UK, Germany, China and Singapore since 1990”) or quantitative (e.g. actual revenue and promotional figures”).

Any information provided under Rule 30(3) must, however, be more than that which is already required of earlier trade marks which are not registered nor pending registration under Rule 30(2)(c). In other words, the information must go beyond information on the goods or services in respect of which the mark is used.

If Rule 30(3) is not complied with, the opponent will be directed to amend his notice of opposition to comply with the requirement if the parties are not negotiating.

In practice, the above applies to an application for invalidation that is based on “an earlier mark which is well known in Singapore” as well.

Amendments to Form TM 11, Form TM 28 and Form TM 12 (HMD Circular No. 2/2010 dated, 20 August 2010)

Amendments may be made to Form TM 11 (Notice of Opposition), Form TM 28 (Application for Revocation or Declaration of Invalidity of Registration of Trade Mark) and Form TM 12 (Counter-Statement) in the course of opposition/revocation/invalidation proceedings before the Registrar if it is fair and reasonable to do so. Depending on when the request to amend is made, different considerations apply.

A. AMENDMENTS BEFORE CLOSE OF PLEADINGS

The Registrar will in appropriate cases generally allow amendments to Form TM 11 and Form TM 28 before pleadings are deemed to be closed. Pleadings are deemed to be closed immediately upon the filing of Form TM 12 (Counter-Statement), or, in the case of an invalidation action where no Counter-Statement is filed, the last date that the Counter-Statement could have been filed.

For avoidance of doubt, amendments to Counter-Statements are always made after the close of pleadings by the foregoing definition. In such instances, B. below applies.

Where the proposed amendments are allowed, the Registrar may grant an extension of time to the other party to file his Counter-Statement and/or award such costs as may be just against the party seeking the amendments.

B. AMENDMENTS AFTER CLOSE OF PLEADINGS

Where amendments are sought after pleadings are deemed to be closed, consent from the other party must first be sought. If there is consent from the other party, the Registrar will in appropriate cases generally allow the amendment and if necessary, issue such directions on the subsequent procedure as is deemed fit.

Where there is no consent, leave of the Registrar must be obtained for any amendment after the close of pleadings. Whether leave would be granted depends on the facts and circumstances of each case. In considering whether to grant leave for the amendments, the Registrar will conduct a balancing exercise, involving a consideration of the public interest that rules relating to procedure are complied with and the need to ensure that there is proper adjudication of a case based on its merits in the interest of justice between the parties. In particular, the Registrar will carefully weigh the following non-exhaustive factors on a case by case basis:

- (i) whether the party seeking the amendment could have claimed the particular ground/defence or cited the additional “earlier trade mark” earlier, when filing Form TM 11, Form TM 28 or Form TM 12
- (ii) whether the amendment is necessitated by the pleading or evidence filed by the other party
- (iii) whether the other party would suffer any real prejudice which cannot be compensated with costs if the amendment is allowed
- (iv) whether allowing the amendment will facilitate the determination of the real question in controversy between the parties or whether the amendment is only a tactical manoeuvre and allowing the amendment would result in prejudice to the other party

- (v) whether the amendment raises grounds or facts which the applicant need not set out in reply, for example, the ground was not raised by the opponent and is therefore inapplicable to the particular proceedings at hand
- (vi) the substantiality of the amendment
- (vii) the stage of the proceedings the amendment is sought.

If leave to amend is granted, the Registrar may issue such necessary directions on the subsequent procedure as is deemed fit, including but not limited to adjourning the case, allowing amendments to be made to the Counter-Statement by the other party, granting extensions of time for the filing of further evidence by both parties as well as awarding such costs as may be just against the party seeking the amendments.

Using Form TM 28 for Two or More Different Types of Actions (HMD Circular No. 3/2010, dated 20 August 2010)

Form TM 28 is used for 3 different types of actions:

- (i) Application for revocation of registration of a trade mark (Rule 57(1)(a) of the Trade Marks Rules 2008 Rev Ed ("TMR"))
- (iii) Application for declaration of invalidity of registration of a trade mark (Rule 57(1)(b) of the TMR)
- (iii) Application for rectification of the register by persons other than the proprietor of the trade mark (Rule 57(1A)(b) of the TMR)

As each type of action is different in that different grounds are applicable, **one Form TM 28** is required for **each** type of action (revocation / invalidation / rectification) pursued in relation to a trade mark. Thus, should the applicant for invalidation / declaration of invalidity / rectification seek to institute two (or three) different types of actions in relation to a trade mark, two (or three) Form TM 28's are to be filed accordingly.

In the event that two (or three) different types of actions are indicated in one Form TM 28, the form will only be considered to be relevant for **one** of the actions for the particular trade mark. This means that should the applicant for invalidation / declaration of invalidity / rectification still wish to pursue the second (or third) action(s), he will be required to file another Form TM 28 with the consequent costs and filing date implications.

For avoidance of doubt, the above does not affect the existing cost calculation for Form TM 28, which is on a per class basis.

Dealing With Extensions of Time and Case Management Conference Timelines (HMD Circular No. 4/2010, dated 20 August 2010)

To better manage trade mark opposition, invalidation and revocation proceedings, the Registrar has, at case management conferences (CMC) convened under Rule 81A of the Trade Marks Rules 2008 Rev Ed, been issuing timelines for the filing of evidence by both parties. The primary objectives are to ensure that the parties explore the possibility of a settlement through negotiations and that all parties have the same expectations on the amount of time given to each party for the filing of evidence. This circular sets out the Registrar's practice in relation to extensions of time for filing evidence and the application of CMC timelines.

Fast-Track and Slow-Track CMC Timelines

Timelines issued through CMCs are generally of two types – slow-track and fast-track. Slow-track timelines are issued in cases where parties are already exploring or are intending to explore the possibility of settlement through negotiations. In such cases, the objective of issuing a longer timeline for the party initiating the action to file his evidence is to allow parties sufficient time to negotiate and reach an amicable settlement. In other cases, fast-track timelines will be issued.

This table sets out typical timelines for slow-track and fast-track cases:

	Slow-Track Timelines	Fast-Track Timelines
Evidence of initiating party	14 months from Counter-Statement	8 months from Counter-Statement
Evidence of responding party	6 months from evidence of initiating party	6 months from evidence of initiating party

These CMC timelines represent the maximum extent to which the Registrar will generally exercise her discretion in granting extensions of time to parties and they are predicated on the appropriate requests for extensions of time being made.

Extensions of Time Within CMC Timelines

The Registrar will, as a matter of general practice, grant extensions of time where they fall within the CMC timelines.

Extensions of Time Beyond CMC Timelines

1. Slow-Track Cases

Under the slow-track timelines, as the evidence of the party initiating the action can be filed as late as 14 months from the Counter-Statement, parties effectively have a total of 14 months to reach a settlement. This saves parties unnecessary expense in preparing evidence for the adversarial process while they negotiate. As 14 months would provide parties a reasonable opportunity to reach a settlement in most cases, in exercising the discretionary power under Rule 32(9), the Registrar **will most likely refuse to grant** any further extension of time beyond that timeline unless it is shown to the Registrar's satisfaction that there are good and sufficient reasons to do so as required under Rule 32(9).

Once the filing of evidence has started, again, in exercising the discretionary power under Rule 33(9) or Rule 34(9), the Registrar **will most likely refuse to grant** any further extension of time beyond the CMC timelines unless the Registrar is satisfied that there are good and sufficient reasons to do so as required under Rule 33(9) or Rule 34(9) respectively.

2. Fast-Track Cases

Where initially fast-track timelines applied but subsequently parties require more time to negotiate, they may apply to the Registrar to adjust the timelines for the filing of evidence and provide the Registrar with information as to the specific additional period of time that will be needed for parties to fully explore settlement through negotiations. Again, in exercising the discretionary power under Rule 32(9), Rule 33(9) or Rule 34(9), the Registrar **will most likely refuse to grant** any further extension of time beyond the adjusted timelines unless it is shown to the Registrar's satisfaction that there are good and sufficient reasons to do so.

3. Reasons Supporting Extensions of Time beyond CMC Timelines

The Registrar may, in exceptional cases, and in so far as it is substantiated, consider the non-exhaustive list of circumstances below as justifications for the further extension of time to file evidence beyond the CMC timelines:

- (i) parties are negotiating a world-wide settlement agreement involving many jurisdictions
- (ii) parties are negotiating a settlement agreement involving a few other parties other than the parties themselves
- (iii) parties are awaiting the outcome of relevant court or other proceedings (such as proceedings before another IP office or foreign court or WIPO) that has a material bearing on the settlement agreement or on how the parties wish to proceed
- (iv) significant progress has been made but parties still require a specific period of additional time to complete the negotiations
- (v) one party has had a change of agent shortly before the deadline for him to file his evidence
- (vi) a circumstance has arisen that is beyond one party's control, provided that the party has acted promptly and diligently at all times; for example, corporate changes such as merger and bankruptcy; the party's decision-maker has taken ill or left and the party needs more time to make certain decisions; civil war; declaration of state of emergency.

Whenever an extension of time beyond the CMC timeline is sought, the party must provide the reason and information on the specific additional period of time needed. In addition, except for (v) and (vi) above, the party requesting an extension of time beyond the CMC timeline must also obtain the consent of the other party to the further extension of time. If the Registrar accepts the reason for a further extension of time beyond the CMC timeline, it shall not be possible to request any further extension of time based on the same reason beyond the specific additional period of time indicated by the party.

4. Adjustment of CMC Timelines

Where the Registrar has granted an extension of time beyond the original CMC timeline, the latter may also be adjusted as appropriate, to take into account the new circumstances that have set in.

Concurrent Statutory Deadlines and CMC Timelines

Parties should note that statutory deadlines and CMC timelines run concurrently. CMC timelines and any further extensions of time beyond CMC timelines granted do not negate the need for parties to apply for extensions of time in accordance with the Trade Marks Rules, including, where applicable, filing Form TM 50 and fee.

Typically, the Registrar will grant an extension of not more than 2 months each time for each Form TM 50 filed. To illustrate, if a party has specified an additional period of 4 months in addition to the 8 months given for the filing of his evidence pursuant to the fast track timelines under any of the reasons at (i) to (vi) above, and the Registrar has accepted the reason for extending the deadline for 4 months beyond the CMC timeline, the party would have to file one Form TM 50 for the first extension beyond 6 months from the date of the Counter-Statement and, then, two Form TM 50's for the additional 4 months required.

Conclusion

The Registrar will seek to apply these guidelines consistently and in a fair and reasonable fashion so as to ensure that timelines issued through the CMC process are properly tracked and complied with by both parties. This, in turn, will enhance the efficiency, effectiveness and transparency of the hearings process as well as the CMC process. It will also ensure that applications for extensions of time beyond CMC timelines are not made routinely but are the result of and supported by evidence of circumstances that warrant the extension.

HMD 2011 Circulars

Applications to File Further Evidence (HMD Circular No. 1/2011, dated 8 April 2011)

A party may apply to the Registrar for leave to file further evidence after evidence is closed (Rule 35, Trade Marks Rules 2008 Rev Ed). The requesting party should submit a draft statutory declaration setting out the further evidence that is sought to be admitted and state why the evidence is relevant but could not have been adduced earlier. At the same time, the other party must be copied on the request and his consent must be sought.

A. FURTHER EVIDENCE WITH CONSENT

If there is consent from the other party, the Registrar will in appropriate cases generally allow the further evidence and if necessary, issue such directions on the subsequent procedure as is deemed fit, including but not limited to adjourning the hearing, allowing the other party to file further evidence in reply where relevant, as well as awarding such costs as may be just.

B. FURTHER EVIDENCE WITHOUT CONSENT

If there is no consent from the other party, the Registrar does not allow further evidence to be filed simply as a matter of course. Whether leave would be granted depends on the facts and circumstances of each case. In considering whether to grant leave for the further evidence, the Registrar will conduct a balancing exercise, involving a consideration of the public interest that rules relating to procedure are complied with and the need to ensure that there is proper adjudication of a case based on its merits in the interest of justice between the parties. In particular, the Registrar will carefully weigh the following non-exhaustive factors on a case by case basis:

- (i) why the party seeking to file the further evidence did not do so earlier when the main evidence or evidence in reply fell due; it should be shown that the evidence could not have been obtained earlier with reasonable diligence
- (ii) whether the further evidence is necessitated by the evidence filed by the other party
- (iii) whether the other party would suffer any real prejudice which cannot be compensated with costs if the further evidence is allowed
- (vi) whether allowing the further evidence will allow the substantial issues to be satisfactorily and fully considered and determined or whether the application is only a tactical manoeuvre and allowing the further evidence would result in prejudice to the other party
- (v) the stage of the proceedings at which the further evidence is sought (e.g. at the Pre-Hearing Review in contrast to one day before the hearing), considerations of disruption to proceedings and extra costs generated by the delay being relevant.

All relevant factors will be considered, though the main weight is attached to the desirability of having the substantial issues satisfactorily and fully considered and determined. However, this factor may be outweighed by the totality of the other factors in certain cases.

If leave to file further evidence is granted, the Registrar may issue such necessary directions on the subsequent procedure as is deemed fit, including but not limited to adjourning the hearing, allowing the other party to file further evidence in reply where relevant, as well as awarding such costs as may be just.

Proprietor's Evidence in Trade Mark Revocations (HMD Circular No. 2/2011, dated 8 April 2011)

This circular pertains to trade mark revocations on the ground of non-use and the proprietor's obligation to file evidence in defence of his trade mark registration.

Rule 58(3) of the Trade Marks Rules (Cap 332) 2008 Rev Ed requires a proprietor to file evidence of use together with his counter-statement (Form TM 12).

Mode of Giving Evidence

Rule 69(1) provides that "evidence shall be given by way of a statutory declaration, unless otherwise provided by the Act or these Rules or directed by the Registrar."

In both the Trade Marks Act and Rules, there are no exceptions given to Rule 69(1) in terms of how evidence is to be given by a proprietor under Rule 58(3). Hence, Rule 69(1) applies to Rule 58(3).

In practice, this means that if a proprietor intends to defend his trade mark registration against revocation for non-use, he needs to file evidence of use by way of statutory declaration together with his counter-statement.

On the other hand, if a proprietor intends to defend his trade mark registration by giving proper reasons for non-use, there is no issue of evidence of use. Hence, he merely needs to give his reasons for non-use in the counter-statement without a statutory declaration.

Content of Evidence

At the counter-statement stage, a proprietor is only required to show that he has an arguable case. The evidence does not need to comprise the proprietor's entire defence in relation to use. More detailed evidence, if any, can be filed later in the proceedings.

The requirement in Rule 58(3) for a proprietor to file *prima facie* evidence of use upfront reflects the statutory burden on the proprietor of a registered mark to show what use has been made of it, under Section 105.

As a matter of best practice, the proprietor's *prima facie* evidence should comprise:

- (i) some material showing the mark in use e.g. catalogues, product labels, advertisements
- (ii) some indication of sales e.g. invoices, purchase orders

Grace Period

The consequence of not filing evidence in accordance with Rule 58(3) is that the application for revocation will be granted under Rule 59(1). This means that the proprietor's registered mark will be revoked.

As the Registrar has accepted counter-statements containing information on the use of the mark without sworn evidence under past practice, there will be a grace period of 6 months from 1 May 2011 to 31 October 2011 for proprietors to adjust to the change set out in this circular.

Where the proprietor's counter-statement is filed during this grace period, if his information on the use of the mark is not filed by way of a statutory declaration, the Registrar will direct the proprietor at the Case Management Conference to remedy this defect in evidence by re-filing it as a statutory declaration and will allow the proceedings to continue. However, if the counter-statement does not already contain any information on the use of the mark, nor proper reasons for non-use, the Registrar will apply Rule 59(1) to grant the application for revocation.

After the grace period, from 1 November 2011 onwards, the Registrar will apply Rule 59(1) to grant the application for revocation if no evidence by way of statutory declaration is filed with the counter-statement.

Evidential Rounds

After the proprietor's counter-statement and evidence by way of statutory declaration is filed, Rule 59(1) provides that Rules 32 to 40 apply with the necessary modifications to terms of reference.

In effect, this means that the applicant for revocation files his evidence after the counter-statement under Rule 32. This is followed by the proprietor's second set of sworn evidence under Rule 33, and the applicant's evidence in reply, if any, under Rule 34. If the proprietor does not file evidence under Rule 33, Rule 59(2)(d) applies and he is treated as admitting to the facts alleged by the applicant for revocation.

In practice, if the proprietor has already filed evidence of use amounting to his entire defence together with his counter-statement, after the applicant for revocation files his evidence, the proprietor may file a simple statutory declaration to refer to the statutory declaration filed earlier with his counter-statement as his entire evidence in defence. There is no need to adduce all the earlier evidence afresh in such a case. As there is no further evidence for the applicant to reply to in such a case, evidence for the matter will be deemed closed. The matter will move on to the Pre-Hearing Review stage.

On the other hand, if, beyond the evidence of use filed together with his counter-statement, the proprietor has more evidence to adduce after the applicant files his evidence, the usual evidential process in Rules 33 and 34 applies.

Costs (HMD Circular No. 3/2011, dated 15 April 2011)

A. LIABILITY FOR COSTS

Award of Costs

The Registrar has the discretion to award costs against any party to proceedings brought before him in relation to any matter and in the amounts provided for by the Trade Marks Rules (Section 69 of the Trade Marks Act (Cap 332) 2005 Rev Ed). Pursuant to the above discretionary power, the Registrar can also direct the method in which payment is to be made. In general, the successful party in contested proceedings is usually entitled to an award of costs. At any hearing, it is open to the parties to submit arguments on costs, and this should always be done especially if it is claimed that costs should not follow the event.

Consolidation of Proceedings

If the proceedings were consolidated before any evidence had been filed, the cost would normally be awarded for each stage of the evidence as if it was a single set of proceedings. However, if the consolidation had been requested after evidence had been filed, costs would normally be awarded for each set of proceedings separately up to the stage when consolidation was requested, and as though they were one set of proceedings thereafter.

Joint Initiating Parties

Where two or more parties have joined in to oppose / invalidate / revoke / rectify an application and the action is successful, any costs awarded to the joint initiating parties are calculated as being for one party only. If the action is not successful, the default position is that the joint initiating parties are considered to be jointly and severally liable unless otherwise stated.

Taxation

The usual order for costs in an *inter partes* hearing would direct the party and party costs to be taxed if not agreed. Unless they are agreed, no costs are payable unless they have been taxed. "Party and party costs" refer to such costs as are necessary or proper for the attainment of justice or for enforcing or defending the rights of the party whose costs are being taxed. The party and party costs chargeable under a taxation are all that are necessary or proper to enable the party to conduct the proceedings, and no more. Unless the order for costs specifies taxation on some other bases, costs would be taxed on party and party basis.

Applicability of Scale of Costs (Fourth Schedule of the Trade Marks Rules)

The Scale of Costs in the Fourth Schedule applies in relation to taxation hearings / proceedings. The Registrar does not have the discretion to depart from the Scale of Costs provided in the Fourth Schedule (Rule 75(1)). Further, it is to be noted that costs awarded in taxation proceedings are not intended to compensate the parties for the expense to which they may have been put (Rule 75(2)).

Guidelines to the Application of the Scale of Costs

In applying the Scale of Costs, the Registrar will be guided by the factors below:

- (i) In relation to the preparation, drawing, filing and review of the notice of opposition, application for revocation, declaration of invalidity of registration and rectification of an entry in the Register, the Registrar will take into account:
 - (a) the number of grounds raised
 - (b) the complexity of the issues of fact and law will be considered

- (ii) In relation to the preparation, drawing and filing of the evidence, the Registrar will take into account:
 - (a) the complexity of the evidence filed
 - (b) the amount and relevance of the evidence filed
 - (c) the number of deponents involved
- (iii) In relation to the preparation of all types of hearings, the Registrar will take into account:
 - (a) the number of grounds raised
 - (b) the complexity of issues of fact and law
 - (c) the length of written submissions (if any)
 - (d) the amount and relevance of authorities cited (if any)
 - (e) the number of witnesses taking the stand (if any)
- (iv) In relation to the attendance of all types of hearings, the Registrar will take into account:
 - (a) the complexity of issues of fact and law
 - (b) the time taken for the hearing
 - (c) the number of witnesses taking the stand (if any)
- (v) In relation to the general and travelling expenses incurred by witnesses, the Registrar will take into account:
 - (a) the complexity of issues of fact
 - (b) the time taken for the witness' attendance

B. SECURITY FOR COSTS

(This section of the circular updates and replaces HMD Circular No. 1/2009 on Applications for Security for Costs.)

Section 70 of the Trade Marks Act (Cap 332) 2005 Rev Ed provides:

If a person who neither resides nor carries on business in Singapore —

- (a) gives notice of opposition under section 13; or*
 - (b) applies to the Registrar under section 22 or 23 for the registration of a trade mark to be revoked or to be declared invalid, as the case may be,*
- the Registrar may require the person to give security for the costs for the proceedings and may, if security is not given, dismiss the proceedings.*

[Emphasis added]

It is clear from the above that there can be 2 stages involved in proceedings related to security for costs. At the first stage, the Registrar has the discretion whether to require one party to give security upon the fulfillment of the criteria. At the second stage, where security is not given, again the Registrar has the discretion whether to dismiss the proceedings. In general, the Registrar will exercise her discretion as a 2-stage process.

I. Application for Security for Costs

A) Whether to Grant Security for Costs

Condition Precedent

It is only if the Initiating Party¹ neither resides nor carries on business in Singapore that the Registrar has a discretion to require him to provide security for costs of the opposition or revocation or declaration of invalidity proceedings. Thus, the party seeking security for costs must first show that the Initiating Party neither resides nor carries on business in Singapore.

Registrar's Discretion

Once it has been shown that the Initiating Party neither resides nor carries on business in Singapore, the Registrar then has a discretion to require the Initiating Party to provide security for costs. The word "may" makes it clear that security cannot be ordered as a matter of course, but only if the Registrar thinks it is just to do so in the circumstances of the case. The Registrar will exercise this discretionary power judiciously and by considering all the circumstances of the case.

Although the wording of Section 70 differs from that of Order 23 of the Rules of Court, the primary purpose behind Section 70 is similar to that for Order 23, which is to ensure that the defending party ("Defending Party") in any action has some security that, in the event that he wins, the Initiating Party or the party taking out the action will pay his costs.

Thus, the factors that will be taken into consideration by the Registrar in deciding whether to grant security for costs in an opposition or revocation or declaration of invalidity proceedings are similar to the factors that the courts will take into account in deciding whether to grant security for costs in a civil suit.

These factors include, amongst others:

- (i) Whether granting the security would stifle a genuine claim. Impecuniosity of the Initiating Party is inextricably linked to this factor. Where the granting of the security would stifle a genuine claim, the application for security may be denied. One of the ways to moderate the concern of stifling a genuine claim is to reduce the quantum of the security allowed.
- (ii) The ease with which a Singapore decision can be enforced overseas. Generally, if the foreign jurisdiction is covered under either the Reciprocal Enforcement of Commonwealth Judgments Act (Cap 264) or the Reciprocal Enforcement of Foreign Judgments Act (Cap 265), then there is a tendency that the application for security may be refused.
- (iii) The likelihood of the Initiating Party succeeding. However, it is important to note that in coming to her view as to the probability of success of an action, the Registrar is not required to make a detailed examination as to the merits of the case. Indeed, the Registrar would not be in position to do so in particular where the action is still at an early stage. If both parties have an arguable case on the face of it, then this will be a neutral factor.
- (iv) The stage at which the application for security for costs is made. In general, the case is stronger where the application is made at an early stage of the action. This

¹ For clarity, in the context for Security for Costs "Initiating Party" refers to the party initiating the *main action* e.g. an Opposition, and not the application for the security for costs.

because where an application is made at a late stage, the Defending Party would have already expended much costs. This casts doubt as to whether the Defending Party is genuinely concerned about recovering costs from the Initiating Party.

- (v) Whether the Initiating Party is an individual or a corporate entity. This is relevant as the attitude in relation to impecuniosity differs with regard to companies versus individuals. Where the Initiating Party is a natural person, public policy leans much more towards encouraging access to the Registrar.
- (vi) Where the Initiating Party is a limited company, whether there is evidence that it is unable to pay costs. There are 2 potential ways this factor may apply:
 - (a) Where the Initiating Party is impecunious. When one is dealing with a company rather than a natural person, public policy is in favour of limiting, rather than encouraging, uninhibited access to the Registrar.
 - (b) Where the Initiating Party claims that it is fully able to pay the Defending Party's costs if the latter wins. For example, the Initiating Party may be a public listed company with many assets. Since the Defending Party is not able to show that the Initiating Party is unable to pay costs, this factor will work against the Defending Party.

Based on a consideration of the above, the Registrar may then decide whether the application for security for costs should be granted. However, where the circumstances are evenly balanced it would ordinarily be just to order security against a foreign Initiating Party.

B) Mode of the Security

In the event that the Registrar does grant the application for security for costs, the Registrar will also direct the quantum, mode of payment as well as the period within which such security is to be furnished.

There are two generally accepted modes for the provision of the security:

- (i) A solicitor's undertaking
- (ii) A banker's guarantee

If the Initiating Party's agents are a firm of solicitors, the more common mode for the provision of the security would be via a solicitor's undertaking as obtaining a banker's guarantee would entail the foreign Initiating Party opening an account with a Singapore bank if it does not already have one. In comparison, where a solicitor's undertaking is given, the foreign Initiating Party simply needs to make payment to its solicitor agent's account. Where the Initiating Party's agents are not a firm of solicitors, then a solicitor's undertaking is not applicable and a banker's guarantee will be required.

C) Stay of Proceedings

Once the Registrar has made a grant of security, pending the provision of the security, there may be a need to stay the proceedings. Whether or not such a need arises will depend on the stage of the action when the grant is made. If it is the Defending Party's turn to file a document, the proceedings are usually stayed so that the Defending Party does not

have to incur additional costs. However, if it is the Initiating Party's turn to file a document, the proceedings are usually not stayed.

II. Application for Proceedings to be Dismissed

Following the interlocutory hearing, in the event that the party whom the Registrar has ordered to provide security for costs fails to do so, the party to whom security for costs has been granted can then apply, in writing, for the opposition / revocation / declaration for invalidity proceedings to be dismissed.

The Registrar will call for submissions in writing from both parties and exercise her discretion to decide whether the proceedings should be dismissed. If parties request an interlocutory hearing to decide the issue, the Registrar may also fix one to hear the parties in person. Generally, unless there are good and sufficient reasons to justify the default in payment of the security, the Registrar is likely to order that the opposition / revocation / declaration for invalidity proceedings be dismissed.

Service of Form TM 11 (Notice of Opposition), Form TM 28 (Application for Revocation / Declaration of Invalidity / Rectification) and Notice Required under Rule 29(5) where there is no Address for Service (HMD Circular No. 4/2011, dated 26 August 2011)

In an opposition / invalidation / revocation / rectification proceeding before the Registrar, the Initiating Party has to file his action with the Registrar and serve the relevant documents on the Opposite Party at the same time. HMD Circular 4/2009 details the matters which the Registrar will be looking out for in determining whether this requirement has been met. HMD Circular 4/2009 applies in a situation where the Opposite Party has an address for service ("AFS") in accordance with rule 9 of the Trade Marks Rules (Cap 332, 2008 Rev Ed), which includes a trade or business address in Singapore under rule 9(9)(b).

This Circular supplements HMD Circular 4/2009 and caters for the situation where there is no AFS filed nor any trade or business address in Singapore to be treated as the AFS in accordance with rule 9.

Rule 9(1) provides that for the purposes of any proceedings before the Registrar, an AFS in Singapore shall be filed accordingly. In particular, rule 9(1)(a) and rule 9(1)(e) provide that an AFS shall be filed by every applicant for a registration of a trade mark and every proprietor of a registered trade mark which is the subject of an opposition / invalidation / revocation / rectification. The consequences of a failure to provide an AFS are provided in Rule 9(6).¹

In the case of oppositions to international registrations, rule 14(1) of the Trade Marks (International Registration) Rules (Cap 332, 2002 Rev Ed) ("TMIRR") requires the holder of an international registration to file an AFS within 4 months from the Registrar's notification of refusal based on opposition. The consequence of a failure to provide an AFS is provided in Rule 14(10).²

A. SERVICE OF FORM TM 11 (NATIONAL APPLICATION FOR REGISTRATION)

¹ In the case of an applicant for a registration of a trade mark, the application shall be treated as withdrawn. In the case of a proprietor of a registered trade mark, he shall not be permitted to take part in the proceedings in question.

² The holder's request for protection in Singapore shall be treated as withdrawn.

Where there is no AFS filed nor any trade or business address in Singapore to be treated as the AFS in accordance with rule 9, the Initiating Party should, when filing the opposition action with the Registrar, send a copy of Form TM 11 to the Opposite Party's address indicated on the Register at the same time and indicate to the Registrar accordingly (rule 29(2)).

Upon receipt of Form TM 11 from the Initiating Party, the Registrar will notify the Opposite Party to file a Counter-Statement (or a request for an extension of time to file Counter-Statement). Where there is no AFS filed nor any trade or business address in Singapore to be treated as the AFS in accordance with rule 9, the Registrar will also notify the Opposite Party to file Form TM 1 at the same time as he files his Counter-Statement (or a request for an extension of time to file Counter-Statement).

For avoidance of doubt, the Registrar will rely on the date of receipt by the Registrar of Form TM 11 for the purposes of compliance with rules 29(1) and (2) and for the purposes of calculating the due date for filing the Counter-Statement (or a request for an extension of time to file Counter-Statement) in accordance with rule 31, save under the circumstances below.

Opposite Party did not receive Form TM 11

If the Opposite Party clearly indicates that he did not receive Form TM 11, the Initiating Party is required to show Proof of Service. For proof, either a courier receipt or invoice or if by normal post, a Statutory Declaration that the Notice of Opposition (Form TM 11) has been posted will suffice. The Opposite Party will be directed to file an AFS and thereafter, the Initiating Party will be directed to re-serve the documents on the Opposite Party at the AFS. The deadline for the Opposite Party to file his Counter-Statement (or a request for an extension of time to file Counter-Statement) is 2 months from the date of receipt by the Opposite Party of Form TM 11 that was re-served.

Opposite Party receives Form TM 11 after the date of receipt by Registrar

If the Opposite Party receives Form TM 11 after the date that the Registrar receives the same, the Opposite Party should promptly inform the Registrar and the Initiating Party in writing of the actual date of receipt of Form TM 11. The deadline for the Opposite Party to file his Counter-Statement (or a request for an extension of time to file Counter-Statement) is taken to be 2 months from the actual date of receipt by the Opposite Party of Form TM 11.

Service which is effected in accordance with this HMD Circular is deemed to be in compliance with rule 29(2).

B. FILING OF FORM TM 11 (INTERNATIONAL REGISTRATION DESIGNATING SINGAPORE)

Rule 13 of the TMIRR governs the process for the filing of Form TM 11 in relation to an international registration.

In relation to an international registration, there is no issue of "service" of Form TM 11. The opponent is only required to file Form TM 11 with the Registrar.

C. SERVICE OF FORM TM 28 (NATIONAL REGISTRATION AND INTERNATIONAL REGISTRATION DESIGNATING SINGAPORE)

Where there is no AFS filed nor any trade or business address in Singapore to be treated as the AFS in accordance with rule 9, the Initiating Party should, when filing the relevant action with the Registrar, send a copy of Form TM 28 to the Opposite Party's address indicated on the Register at the same time (rule 57(3)).

Upon receipt of Form TM 28 from the Initiating Party, the Registrar will notify the Opposite Party to file a Counter-Statement (or a request for an extension of time to file Counter-Statement). Where there is no AFS filed nor any trade or business address in Singapore to be treated as the AFS in accordance with rule 9, the Registrar will also notify the Opposite Party to file Form TM 1 at the same time as he files his Counter-Statement (or a request for an extension of time to file Counter-Statement).

For avoidance of doubt, the Registrar will rely on the date of receipt by the Registrar of Form TM 28 for the purposes of calculating the due date for filing the Counter-Statement (or a request for an extension of time to file Counter-Statement) in accordance with rule 58, save under the circumstances below.

Opposite Party did not receive Form TM 28

If the Opposite Party clearly indicates that he did not receive Form TM 28 at all, subject to proof that the Initiating Party has sent Form TM 28 by post to the Opposite Party, the Opposite Party will be directed to file an AFS and thereafter, the Initiating Party will be directed to re-serve the documents on the Opposite Party at the AFS. The deadline for the Opposite Party to file his Counter-Statement (or a request for an extension of time to file Counter-Statement) is 2 months from the date of receipt by the Opposite Party of Form TM 28 that was re-served.

Opposite Party receives Form TM 28 after the date of receipt by Registrar

If the Opposite Party receives Form TM 28 after the date that the Registrar receives the same, the Opposite Party should promptly inform the Registrar and the Initiating Party in writing of the actual date of receipt of Form TM 28. The deadline for the Opposite Party to file his Counter-Statement (or a request for an extension of time to file Counter-Statement) is 2 months from the actual date of receipt by the Opposite Party of Form TM 28.

Service which is effected in accordance with this HMD Circular is deemed to be in compliance with rule 57(3).

D. SERVICE OF NOTICE REQUIRED UNDER RULE 29(5) (NATIONAL APPLICATION FOR REGISTRATION AND INTERNATIONAL REGISTRATION DESIGNATING SINGAPORE)

Where there is no AFS filed nor any trade or business address in Singapore to be treated as the AFS in accordance with rule 9, the Initiating Party should send the notice required under rule 29(5)¹ to the Opposite Party's address indicated on the Register.

For avoidance of doubt, the Registrar will take the date of receipt by the Registrar of Form TM 48 together with the notice required under rule 29(5) as the date for the purposes of compliance with rules 29(3) and (6).

¹ The notice shall contain (i) a statement of the opponent's intention to request for an extension; (ii) the extension requested for; (iii) the reason for the extension; and (iv) a request for the consent of the applicant or other person to the extension.

Separately, the Registrar will take the date stated on the face of the notice required under rule 29(5) as the date for the purposes of compliance with rule 29(5), unless the Opposite Party clearly indicates otherwise, e.g. the Opposite Party notifies the Registrar in writing that the notice required under rule 29(5) was not received by the date the Registrar receives Form TM 48. In cases of irregularity, the Registrar will exercise her discretion under rule 29(7) and/or rule 83 on the facts of each case and may grant an extension of time (for more details see below).

Service which is effected in accordance with this HMD Circular is deemed to be in compliance with rule 29(5).

E. REGISTRAR'S DISCRETION UNDER RULE 29

Rule 29(7) provides that the Registrar may refuse to grant the extension of time if:

- (i) the person requesting for the extension fails to provide a good and sufficient reason for the extension; or
- (ii) if the person fails to show to the Registrar's satisfaction that a notice referred in rule 29(5) has been served on the applicant and every person likely to be effected by the extension.

Where a person on whom a notice referred to in rule 29(5) is served fails or refuses to give his consent within 2 weeks from the date of the notice, the Registrar may, if he is satisfied that a good and sufficient reason has been shown, grant the extension and the Registrar may do so without having to conduct a hearing in accordance with rule 67 – see rule 29(8). The Registrar's discretion is not constrained by whether or not the Opposite Party gives his consent to an extension of time.

While the effect of rule 29(7) and rule 29(8) is such that the Registrar has the discretion to grant an extension of time to file Form TM 11, the total extension of time which can be granted is 4 months from the publication date of the national application for registration or international registration designating Singapore (r29(4)).

Attendance at Opposition / Revocation / Invalidity / Rectification Hearings (HMD Circular No. 5/2011, dated 26 August 2011)

This circular seeks to clarify the application of rule 37 of the Trade Marks Rules (Cap 332, 2008 Rev Ed).

Rule 37 relates to attendance at an opposition hearing. In particular, rule 37(3) provides that any party who intends to appear at the hearing shall file Form TM 13 before the hearing. Rule 59 extends the application of rule 37 to revocation / invalidation / rectification proceedings.

Form TM 13 not filed by one party: Registrar will usually proceed with hearing

If no Form TM 13 is filed on behalf of a party, he may be treated as not desiring to be heard. The Registrar may proceed with the hearing in the absence of that party or may, without proceeding with the hearing, give his decision, dismiss the proceedings or make such other order as he thinks fit (R37(4)). Where Form TM 13 is filed by only one party, the Registrar will, under ordinary circumstances, proceed with the hearing in the absence of the party who did not file Form TM 13.

In practice, if a party has not filed Form TM 13 but appears at the hearing desiring to be heard before the session formally begins, the Registrar will require the party to file Form TM 13 immediately or extract a solicitor's undertaking, where relevant, from the party's agent that Form TM 13 will be filed by the end of the next working day.

Form TM 13 filed but party does not appear: Registrar will usually ascertain party's intention

Where a party does not attend the hearing after filing Form TM 13, the Registrar may proceed with the hearing in the absence of that party or may, without proceeding with the hearing, give her decision, dismiss the proceedings or make such other order as she thinks fit (R37(5)).

In practice, the Registrar will contact the absent party/parties as far as reasonably possible to ascertain his/their intention. Where a party has filed Form TM 13 but fails to turn up at the hearing, the Registrar will be slow to move the matter ahead with the other party who is present without hearing further from the absent party who has filed Form TM 13. Likewise where both parties do not attend the hearing, but Form TM 13 has already been filed by both parties, the Registrar will be slow to strike out the proceedings without verifying their intention. If it is a party's intention to be heard but he cannot be present for legitimate reasons (e.g. medical reasons), the Registrar will, where reasonable, vacate the hearing and refix it for another day.

Form TM 13 not filed by both parties and both parties do not appear: Registrar will usually strike out the proceedings

Where both parties do not attend the hearing, and Form TM 13 has not been filed by either party, the Registrar will, under ordinary circumstances, strike out the proceedings. The proceedings may, however, be restored on the Registrar's direction (R37(6)).

In practice, where parties do not intend to attend the hearing, they would usually have informed the Registrar in writing before the hearing date. They would also have requested the Registrar to make a decision without their presence at a hearing. In such cases, where the parties' intention is clear, the Registrar will decide on a case by case basis whether to proceed to make a decision without a hearing (if both parties are not present) or dismiss the proceedings under Rule 37(4) or strike out the proceedings under Rule 37(6). Generally, the initiator of an action is expected to attend the hearing to prove his case unless there are exceptional reasons, for example, the responding proprietor in an invalidation action has shown no interest in defending his registration and has not filed any document through the process.

Restoration of proceedings

Where the Registrar has exercised her discretion to strike out the proceedings, a party may apply to restore the proceedings under Rule 37(8). Such an application must be made within 7 days after the Registrar's notice that the proceedings have been struck out.

Completing Form TM 48 (HMD Circular No. 6/2011, dated 26 August 2011)

Form TM 48 is to be filed with the Registrar when requesting an extension of time to file a Notice of Opposition.

Rule 29(3) provides that such request shall be made by filing Form TM 48 with the Registrar within 2 months from the date of the publication of the application for registration.

A. DETAILS OF INTENDED OPPONENT

Part 2 of Form TM 48 requires the Intended Opponent to include his details. Where there is no clear indication of who the Intended Opponent is, the Registrar will reject Form TM 48 as being non-compliant, unless there are exceptional circumstances which dictate otherwise.

B. DISCREPANCY BETWEEN FORM TM 48 AND FORM TM 11

Where there is a discrepancy in the details of the Intended Opponent in Form TM 48 vis-a-vis the details of the Opponent in Form TM 11, the Registrar will reject Form TM 11 as non-compliant unless there are exceptional circumstances which dictate otherwise. For example, the Opponent can show to the satisfaction of the Registrar that the Intended Opponent and the Opponent are related entities or belong to the same group of companies.

Bill of Costs (HMD Circular No. 7/2011, dated 26 August 2011)

HMD Circular No 3/2011 relates to costs, including taxation. This circular supplements HMD Circular No 3/2011 and provides clarification on some of the items in a Bill of Costs submitted for a taxation hearing.

Rule 73(1) provides that where the Registrar has awarded party and party costs and the party wishes to have the costs taxed by the Registrar, the party shall, within one month from the date of the award of costs, apply for the costs to be taxed by filing a copy of the bill of costs with the Registrar and send at the same time a copy of the bill of costs to every other person having an interest in the taxation proceedings.

Rule 73(2) provides that every bill of costs shall set out the following items:

- (a) the work done in the cause or matter;
- (b) all disbursements made in the cause or matter;
- (c) the sum claimed for each item; and
- (d) in chronological order and with dates, all events in the cause or matter which are relevant.

Any party on whom a copy of the bill of costs has been served shall, if he wishes to dispute the bill or any part thereof, within one month from the receipt of the copy of the bill, mark the copy in accordance with rule 73(5) and send copies of the marked copy to the Registrar and the party requesting for taxation – see rule 73(4).

Rule 73(5) provides that the marking of a copy of a bill of costs shall be effected by writing on the right hand margin against each item the word "Agree" if the party concerned agrees with the costs claimed for that item, or the word "Disagree" if the part concerned disagrees with the costs claimed for that item.

A. COST ITEMS

Where parties have agreed on a particular costs item in the bill of costs, the Registrar will not intervene in relation to that item and will award the quantum as agreed between the parties.

In the event that parties disagree in relation to a particular item claimed, the Registrar will award an amount for the item having regard to the Fourth Schedule as well as to the particular circumstances of the case.

B. DISBURSEMENTS

Similarly, where parties have agreed on a particular item claimed, the Registrar will not intervene in relation to that item and will award the quantum as agreed between the parties.

In the event that parties disagree in relation to a particular item claimed, the Registrar will only award claims which are reasonable. Generally, standard claims which are substantiated with receipts will be awarded.

Opposition to Amendment of Trade Mark Application after Publication (HMD Circular No. 8/2011, dated 26 August 2011)

Rule 23 of the Trade Marks Rules (Cap 332, 2008 Rev Ed) provides for opposition to amendment of a trade mark application for registration, where the amendment affects the representation of the trade mark or the goods or services covered by the application.

Rules 23(1) and (2) provide that the proposed amendment or a statement of the effect of the amendment shall be published for opposition purposes. The process for such opposition is similar to the process for opposing an application for registration under Rule 29. The same rules apply to these two types of oppositions (Rule 23(4)).

A Rule 23 action opposes the amendment of an application (which will move on to registration) while a Rule 29 action opposes the registration of the application mark itself.

A. OPPOSITION TO AMENDMENT – NO RE-OPENING OF SUBSTANTIVE OPPOSITION

An opposition under Rule 23 is confined to objections to the proposed amendment of an application and is not meant to re-open the application for opposition.

Thus, if a prospective opponent had missed the deadline for opposition when the application was first published, and there is subsequently an amendment to the application which is then published, he cannot file an opposition within 2 months of the publication of the amendment, unless his grounds of opposition are directly attributed to the published amendment. If his grounds of opposition are leveled against the registration of the application mark, the prospective opponent should instead apply to invalidate the registration after the application mark has been registered.

In summary, the publication of the amendment is not intended to extend the time for a prospective opponent to oppose the registration of a mark nor give him two bites of the cherry.

B. NOTICE OF OPPOSITION

The Notice of Opposition must contain a statement of the grounds upon which the person opposes the amendment. Such grounds include:

- (i) The amendment is contrary to Section 14(3) of the Trade Marks Act (Cap 332, 2005 Rev Ed) because it does not correct the name or address of the applicant or errors of wording or of copying or obvious mistakes.
- (ii) The amendment is contrary to Section 14(3) of the Trade Marks Act because it substantially affects the identity of the trade mark.
- (iii) The amendment is contrary to Section 14(3) of the Trade Marks Act because it extends the goods or services covered by the application.
- (iv) The amendment to the trade mark will render it contrary to specific absolute or relative grounds under Rules 7 and 8, to be specified in the statement of grounds.

C. APPLICATION OF THE PRINCIPLE OF RES JUDICATA

Where the substantive opposition to an application for registration has already been dealt with and results in an amendment which is published, it is not possible to revisit the issues raised in the substantive opposition by filing an opposition under Rule 23. The principle of *res judicata* applies. This means that a judicial decision is conclusive as between the parties.

In such a case, if an opponent disputes the decision of the Registrar in the substantive opposition, he has the right to appeal to the High Court. It is not for the Registrar to sit on appeal or review a decision that has been made by the Registrar on the same issues and between the same parties. The opponent is not entitled to a second opposition on the same issues.

The principle of *res judicata* was applied by the Registrar in **Campomar S.L. v Nike International Ltd and Another** [2004] SGIPOS 3. On appeal, the High Court in **Nike International Ltd and Another v Campomar S.L.** [2005] 4 SLR(R) 76 affirmed the application of this principle.

Applications Published for Opposition Purposes under the Trade Marks Act (Cap.332, 1999 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 1999 Ed.)

OPPOSITION

Notice is hereby given that any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

International Registrations filed under the Madrid Protocol Published for Opposition Purposes under the Trade Marks Act (Cap.332, 1999 Ed.)

OPPOSITION

Notice is hereby given that any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

The transliteration of the Chinese characters appearing in the mark is "Rui Gao" which has no meaning and "Dian Liang Nin De Chuang Yi" meaning "Lighten up your creativity" or "Enlightening your creativity".

Class 09

Electric and electronic equipment for the operation of lamps, small transformers, throttles, light emitting diodes and electroluminescent film; magnetic and electronic ballasts and ignition devices for fluorescent lamps; magnetic and electronic ballasts and ignition devices for high-pressure and low-pressure discharge lamps; dimmable devices for the operation of fluorescent lamps, gas discharge lamps and organic and/or inorganic light emitting diodes; magnetic and electronic transformers, especially for low voltage lamps and organic and/or inorganic light emitting diodes; electronic circuits for the operation of organic and/or inorganic light emitting diodes; constant voltage converters and constant current converters for the operation of organic and/or inorganic light emitting diodes; colour controls for organic and/or inorganic light emitting diodes; flashlights with organic and/or inorganic light emitting diodes for photographic use; electronic equipment for light controls and shade controls, switch modules, signal converters, light sensors, motion detectors, infrared remote controls, dimmers; regulating and control devices and equipment for lighting installations and lights; electric and electronic equipment for brightness control and regulation; electric and electronic equipment for colour control; light control installations; electric and electronic equipment for the operation of emergency lighting; batteries for electric and electronic equipment for the operation of emergency lighting; micro-controllers, integrated circuits and custom-designed integrated circuits for the afore-said devices; clamps (electricity), especially connection terminals, screwless and screw-type box clamps, screwless terminal strips, plug-on screw terminal strips, plug-on terminal strips, fuse terminals, equipment connection terminals, flat terminal strips; electrical installation material, especially for laying electric lines; cable connectors; connector boxes, cable connection boxes, especially moisture proof connection boxes, neutral busbars and busbar systems, crimping nipples; plugs; sockets; switches; interrupters.

Class 11

Lighting apparatus utilising organic and/or inorganic light

emitting diodes for the purpose of lighting, for example for the illumination of foodstuffs, for the illumination in refrigerating apparatus, refrigerating chambers, refrigerators and/or refrigerating display cabinets (display cases), for illuminating signage and advertisements, for illuminating rooms, buildings, streets; organic and/or inorganic light emitting diodes mounting plates (parts and fittings of lighting apparatus), organic and/or inorganic light emitting diodes mounting profiles (parts and fittings of lighting apparatus), organic and/or inorganic light emitting diodes cooling profiles (parts and fittings of lighting apparatus), organic and/or inorganic light emitting diodes spot lenses (parts and fittings of lighting apparatus), organic and/or inorganic light emitting diodes linear lenses (parts and fittings of lighting apparatus);

light modules being lighting apparatus and lights with organic and/or inorganic light emitting diodes as the means of lighting; lighting apparatus containing organic and/or inorganic light emitting diodes; emergency lighting, namely emergency route lighting, emergency route indications, escape route lighting, navigation lighting, for illumination in buildings, tunnels, streets; organic and/or inorganic light emitting diodes lamps, especially as substitute for bulbs; lighting unit consisting of one or more electric lamps with all the necessary parts and wiring; spotlights; lighting equipment and installations; lighting apparatus for advertisement boards, letters and writing, projection lamps incorporating fluorescent lamps, organic and/or inorganic light emitting diodes.

Class 35

Wholesale services and retail sale services with electric and electronic equipment for the operation of lamps, small transformers, throttles, light emitting diodes and electroluminescent film, magnetic and electronic ballasts and ignition devices for fluorescent lamps, magnetic and electronic ballasts and ignition devices for high-pressure and low-pressure discharge lamps, dimmable devices for the operation of fluorescent lamps, gas discharge lamps and organic and/or inorganic light emitting diodes, magnetic and electronic transformers, especially for low voltage lamps and organic and/or inorganic light emitting diodes, electronic circuits for the operation of organic and/or inorganic light emitting diodes, constant voltage converters and constant current converters for the operation of organic and/or inorganic light emitting diodes, colour controls for organic and/or inorganic light emitting diodes, flashlights with organic and/or inorganic light emitting diodes for photographic use, electronic equipment for light controls and shade controls, switch modules, signal converters, light sensors, motion detectors, infrared remote controls, dimmers, regulating and control devices and equipment for lighting installations and lights, electric and electronic equipment for brightness control and regulation, electric and

electronic equipment for colour control, light control installations, electric and electronic equipment for the operation of emergency lighting, batteries for electric and electronic equipment for the operation of emergency lighting, micro-controllers, integrated circuits and custom-designed integrated circuits for the afore-said devices, clamps (electricity), especially connection terminals, screwless and screw-type box clamps, screwless terminal strips, plug-on screw terminal strips, plug-on terminal strips, fuse terminals, equipment connection terminals, flat terminal strips, electrical installation material, especially for laying electric lines, cable connectors, connector boxes, cable connection boxes, especially moisture proof connection boxes, neutral busbars and busbar systems, crimping nipples, plugs, sockets, switches, interrupters, organic and/or inorganic light emitting diodes for the purpose of lighting, for example for the illumination of foodstuffs, for the illumination in refrigerating apparatus, refrigerating chambers, refrigerators and/or refrigerating display cabinets (display cases), for illuminating signage and advertisements, for illuminating rooms, buildings, streets, organic and/or inorganic light emitting diodes chains, organic and/or inorganic light emitting diodes strips, organic and/or inorganic light emitting diodes modules, organic and/or inorganic light emitting diodes mounting plates, organic and/or inorganic light emitting diodes mounting profiles, organic and/or inorganic light emitting diodes cooling profiles, organic and/or inorganic light emitting diodes spot lenses, organic and/or inorganic light emitting diodes linear lenses, light modules and lights with organic and/or inorganic light emitting diodes as the means of lighting, light sources containing organic and/or inorganic light emitting diodes, emergency lighting, namely emergency route lighting, emergency route indications, escape route lighting, navigation lighting, for illumination in buildings, tunnels, streets, organic and/or inorganic light emitting diodes lamps, especially as substitute for bulbs, luminaires, spotlights, lighting equipment and installations, illumination advertisement apparatus, illuminated letters, illuminated writing, projection apparatus with fluorescent lamps, organic and/or inorganic light emitting diodes.

Class 09

Exposed films, slides [photography], small electronic games intended for use with a television set; video games; game consoles; video gaming devices; video game cassettes; video game discs; computer software (recorded programs), including game software; computer programs and databases; attachments for video games, joysticks, voice-activated or manually operated joysticks, steering wheels for video games and mats for video games on which one can dance; recorded or downloaded sound, pictures or data; video tapes, magnetic tapes, magnetic disks, DVDs, minidisks, diskettes, optical disks, compact disks, CD-ROMs, video disks, memory cards, USB flash drives, blank or pre-recorded with music, sound or images (which may be cartoons); holograms; publications in electronic format via CD-ROM, databases and the Internet; spectacles, sunglasses, diving and swimming goggles; cases, cords and chains for sunglasses and spectacles; binoculars; magnets and decorative magnets; directional compasses; sound and image recording, transmission and reproduction apparatus; satellite dishes; set-top boxes, namely computer software and hardware which can convert, supply and transmit audio and video data; televisions; flat screens, liquid crystal display screens, high-definition screens and plasma screens; radios; home cinema systems; video recorders; compact disc players; DVD drives; MP3 players; cassette players; minidisk players; playing devices containing music in digital form; loudspeakers; headphones, earphones; computers; karaoke systems; systems for sound editing and sound mixing; systems for editing and mixing video images; computer data processing apparatus; computer keyboards; computer screens; modems; computer accessories included in this class; computer mice, computer mouse pads; navigation systems; personal digital assistants (PDAs); electronic pocket translators; dictating machines; electronic agendas; scanners; printers; photocopiers; facsimile machines; telephones; automatic answering machines; video telephones; portable telephones; accessories for cellular telephones included in this class, namely, cases for cellular telephones, hands-free apparatus for using cellular telephones, earphones and headsets for cellular telephones, keypads for cellular telephones, lanyards for cellular telephones, special cases for carrying cellular telephones, photographic cameras and video cameras integrated in cellular telephones; remote controls for televisions and video systems; teleconference systems; calculating machines; card readers for credit cards; currency converters; automated teller machines; video cameras, portable cameras with

built-in video recorders; photographic equipment, photographic cameras, cameras (cinematographic apparatus), projectors, flash light lamps, special cases and cords for photographic apparatus and instruments, electric cells and batteries; computer screen-saver programs; recorded or blank magnetic, digital or analog sound or image recording media; magnetic cards (encoded); memory cards; microprocessor cards; magnetic or chip-based credit cards, magnetic or chip-based telephone cards, magnetic or chip-based cards for cash dispensers, magnetic or chip-based cards for automated teller machines and currency converters, prepaid magnetic or chip-based cards for cellular telephones, magnetic or chip-based cards for travel and shows, magnetic or chip-based check guarantee cards and magnetic or chip-based debit cards; flat irons; alarms; electronic dispensers; wind socks for indicating wind direction; distance-measuring equipment; speed measuring and displaying equipment; gloves for protection; audio receivers, amplifiers; television picture tubes; television cathode-ray tubes; set-top boxes, namely computer software and hardware which can convert, supply and transmit audio and video data; disk drives for computers; electronic games with liquid crystal displays; protected semiconductors; integrated circuits with programs for processing audio, video or computer data; rechargeable batteries; central processing units and converters for audio and video data; cables for data transmission; apparatus for payment for electronic commerce; protective helmets for sports; encoded identification bracelets, magnetic; electronic instrument assemblies; fuel/air coefficient analysers; remote-control units for locking motor cars.

Class 12

Bicycles, motorcycles, automobiles, trucks, vans, motor buses, motor homes, refrigerated vehicles; aircraft and boats; air balloons, dirigible balloons; vehicle accessories, namely sun visors, pneumatic tires, tire covers, luggage carriers, ski carriers, wheel rims and trims; seat trims, vehicle covers, baby carriages, strollers, safety seats for infants and children (for vehicles); motors for land vehicles; radiator covers; headlight covers; steering wheels for vehicles; sport-utility vehicles; trailers.

Class 25

Clothing; shoes and footwear; headgear for wear; shirts; knitwear (clothing); pullovers; slipovers; tee-shirts; waistcoats; singlets; sleeveless jerseys, frocks; skirts; underwear; bathing suits; bath robes; shorts; trousers; sweaters; caps; caps; hats; sashes for wear; scarves, shawls; caps with visors; tracksuits; sweatshirts; jackets, sports vests, stadium vests (marking vests); blazers; waterproof clothing; coats; uniforms; neckties; wrist bands; headbands; gloves; aprons; bibs, not of paper; pajamas; play suits for infants and children; socks and stockings; garters; belts; braces for clothing.

Class 28

Games and playthings; sports balls; play balloons; board games; tables for indoor football; dolls and plush toys; toy vehicles; jigsaw puzzles; balls; inflatable toys; toy disks (pogs); playing cards; confetti; gymnastic and sporting articles; soccer equipment, namely soccer balls, gloves, knee guards, elbow guards, shoulder pads, shin guards; soccer goals; sports bags and containers (adapted to objects) for carrying sports items; party hats (toys); electronic games other than those designed to be used only with television sets; hands made of rubber or of foam (toys); robots for entertainment; appliances for gymnastics; kites; roller skates; scooters; skateboards; coin-operated video games for game halls (arcade games).

Class 32

Non-alcoholic beverages; syrups and powders for making non-alcoholic beverages; mineral and aerated waters; other non-alcoholic beverages; isotonic beverages; fruit and vegetable drinks; fruit and vegetable juices; iced fruit beverages; beer; strong dark beers; lagers and ales; alcohol-free or low-alcohol beers.

Class 36

Issuing and management of credit cards and travelers' checks; financial services; banking services, credit and fund investment; insurance underwriting; hire-purchase financing; hire-purchase services; financial sponsorship of sports meetings; information services concerning finance and insurance, provided from a computer database or by Internet or on any wireless electronic communication network; home banking services; banking services on the Internet or on any wireless electronic communication network; financial sponsorship search for soccer competitions; payment services via mobile telephone; safe deposits; financial payment services for electronic commerce, namely transfer of funds, all via electronic communication networks; financial payment services for electronic commerce in connection with the purchase of goods and services provided by third parties, all via electronic communication networks, and clearing and reconciliation of financial transactions via electronic communication networks.

Class 38

Telecommunications; communication by mobile telephone; communication by telex; communication via electronic computer terminals linked to telecommunication networks, data banks and the Internet or via wireless electronic communication devices; telegraph services; communication by telephone; facsimile communication; paging services; conference services by telephone

or by video; television broadcasting; cable television program broadcasting; radio broadcasting; radio and television broadcasting of sports and sporting events; services of a press and information agency; other message transmission services; rental of telephones, facsimile transmission machines and other telecommunication apparatus; transmission of commercial Internet pages online or via wireless electronic communication devices; services for transmitting and broadcasting television and radio programs provided over the Internet or via any wireless electronic communication network; electronic message transmission; simultaneous broadcasting of film recordings and sound and video recordings; provision of access to telematic servers and to conversation groups in real time; computer aided transmission of messages and images; telecommunication via fiber-optic network; provision of a global computer network or interactive communications technologies for access to private and commercial purchasing and ordering services; telecommunication of computer information (including Web sites) and other data; transmission of information (including sites on data communication networks) via telecommunication, of computer programs and other data; electronic mail; services for providing access to the Internet or to any wireless electronic communication network (telecommunication services); provision of connections for telecommunications with a global computer network or data banks; providing access to Web sites offering digital music on the Internet via a global computer network or via wireless electronic communication devices; leasing of access time to MP3 Web sites on a global computer network (the Internet) or via wireless electronic communication devices; rental of access time to a database server center (telecommunication services); rental of access time to a computer database (telecommunication services); transmission of digital music by telecommunications; online transmission of electronic publications; digital music transmission on the Internet or via any wireless electronic communication network; digital music transmission via MP3 Internet sites; simultaneous broadcasting of film recordings and sound and video recordings; networking of film recordings and sound and video recordings (telecommunications); simulcast broadcasting and/or networking interactive educational and entertainment products, interactive compact disks, CD-ROMs, computer programs and computer games (telecommunications); providing access to blackboards (display and advertisement notice boards) and discussion forums (chat rooms) in real time via a global computer network; rental and provision of access time to blackboards (information and advertisement notice boards) and to discussion forums (chat rooms) in real time by means of a global computer network (communication services); telecommunication services dedicated to retail sales via interactive communications with customers; telecommunication via multimedia; videotext and teletext

transmission services; transmission of information via communication satellite, microwave or by electronic, digital or analog means; transmitting digital information by cable, wire or fiber; transmitting information by mobile telephone, telephone, fax machine and telex; telecommunication services for receiving and exchanging information, messages, images and data.

E.ON CLEANER & BETTER ENERGY

Class 04

Fuels (including motor fuels) and illuminants; natural gas; biogas; liquefied natural gas (LNG); electrical energy.

Class 35

Business management; business administration; office work; procurement services for third parties (acquisition of goods and services for other companies) in the energy sector; negotiation of contracts for third parties; negotiation of trade transactions for third parties; negotiation of contracts on the delivery of energy, in particular electrical and thermal energy as well as gaseous fuels; negotiation of contracts for third parties on the delivery of line-based energies as well as transportation services using grids; business consultancy for companies and organisations in the energy sector; compilation of data into computer databases; public relations.

Class 36

Financing, insurance services, investment and monetary transactions in the energy sector; consultancy in respect of investments, subsidies and financing concerning plants and companies in the energy sector; contracting, specifically financial and leasing transactions connected with the operation of point-of-use energy production plants; stockbroking services, in particular in the sector of trade in commodity certificates and foreign exchange.

Class 37

Plant construction in the energy sector; electricity, gas and water installations; installation, fitting, maintenance and repair of power stations, gas generators, pipelines and plants for producing electrical and thermal energy from renewable energy sources; installation and/or maintenance and/or repair of measuring, signaling and monitoring apparatus.

Class 38

Telecommunications; transmission of measured data via global computer networks and public communication networks.

Class 39

Transportation; storage, transportation, transmission, distribution and delivery of energy, in particular electrical and thermal energy as well as gas and water; distribution of electrical and thermal

energy and gas; transportation of gases and liquids through pipelines.

Class 40

Treatment of materials; production of energy, in particular electrical and thermal energy as well as steam; production of electrical and thermal energy as well as steam from renewable energy sources; production of gas from biomass and valuable materials; production of biomethane; recycling; combustion of waste and valuable materials.

Class 42

Scientific and technological services and research work and related design services; industrial analysis and research services; technical planning of plants for producing and transporting energy, in particular electrical and thermal energy; technical planning of power stations; technical consultancy in relation to the field of energy saving; technical project management; pollution emissions testing for the determination of emissions and pollutant concentrations; preparation of technical reports; engineering services in the sector of consumption metering, registration, recording, processing, evaluation and transmission of data, in particular measured data.

Ormocomp

Class 01

Chemicals for industrial or scientific purposes, in particular such materials essentially consisting of inorganic and organic structural units; chemicals for industrial or scientific purposes, namely photoresists; chemicals for industrial or scientific purposes, namely polymers for nanoimprint lithography; chemicals for industrial or scientific purposes, namely inorganic-organic hybrid polymers for micro and nano-optical applications; chemicals for coating, in particular for coating of metal, semiconductors, ceramic, glass, polymers, bulk materials, natural materials, wood, paper, leather, printing plates or optical lenses; chemicals for encapsulating micro particles; chemicals for planarization or passivating of surfaces; chemicals for decreasing the sliding friction of surfaces; artificial or synthetic resins (unprocessed); adhesives for industrial or scientific purposes; filler (chemical additive), as far as included in this class; mould-release preparations (chemical additives), as far as included in this class; antistatic preparations, other than for household purposes; plastics, unprocessed.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and/or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers; data processing equipment; computers; chemistry apparatus or instruments; testing instruments not for medical purposes, in particular gas testing instruments; batteries, in particular solar batteries or batteries for lighting; chips (integrated circuits), in particular DNA-Chips; chromatography apparatus for laboratory use; magnetic or optical data media; diagnostic apparatus not for medical use; electro condensators and optical condensators; computer drivers, in particular for discs; loudspeakers; connections for electric lines; optical lenses; connectors for electric mains; electronic readers for data processing equipment; material testing instruments or machines; measuring apparatus, in particular precision measuring apparatus, in particular in micro or nano scale; microprocessors; optical apparatus or instrument, in particular optical goods, optical data media, fibre (fiber (am.)) optic cables, optical fibers (fibres) (light conducting filaments), optical condensators, optical discs, preferably for data processing, optical glass, prisms (optics);

optical lenses, in particular in micro scale (micro lenses) or in nano scale (nanolenses), in particular lens hoods, optical wave guides, diffraction grating, optical refraction devices, optical diffraction devices or optical switches; apparatus or instruments for physics; acoustic conduits; connectors (electricity); data transmitters, in particular sound transmitters, telephone transmitters or monitoring apparatus (electric); electric resistances; parts of the aforementioned goods as far as included in this class.

Class 17

Rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; goods of plastics (semi-finished products); plastic substances, semi-processed; packing, stopping and insulating materials; flexible pipes, not of metal; acrylic resins (semi-finished products); synthetic resins (semi-finished products); gaskets, in particular sealing compounds for electronic devices or industrial use, in particular aforementioned sealing compounds for use as barrier films against moisture, liquids or gases, as far as included in this class; dielectrics (isolators), in particular for electronic devices or industrial use, in particular aforementioned sealing compounds for use as barrier films for use against moisture, liquids or gases, as far as included in this class; insulators or insulants (electricity, heat and sounds), in particular for electric mains or non-conducting materials for retaining heat; composite material for use in manufacture of other goods essentially consisting of plastic fibres (not for textile purposes) or synthetic resin (semi-finished products).

Date of Protection in Singapore: 23/08/2011

The following claim is made in the International Registration:
Colours claimed: Black, orange and blue.

The Swedish word "Ta" appearing in the mark means "Take".

By consent of the registered proprietor of TM No T0623307I, T0623308G and T0623309E.

Class 06

Common metals and their alloys, including alloys made of copper resistant to dezincification and alloys resistant to corrosion under stress; building materials of metal; buildings, transportable, of metal; non electrical cables and wires of common metal and their alloys; ironmongery and small items of metal hardware; pipes of metal; goods of common metals (not included in other classes), namely valves (other than machine parts), pipe connections, including parts and accessories for these valves and pipe connections.

Class 07

Valve spindles; electric, electric motor, electrothermal and electromechanical control valves.

Class 09

Apparatus and instruments for measuring, weighing, signaling; apparatus and instruments for automating, controlling and monitoring (inspection), especially apparatus and instruments controlled by computer, as well as apparatus and instruments for programming (time switches), circuit boards and recorded computer software; all these goods used for heating, cooling, ventilating, supplying water, controlling temperature, lighting, supplying electricity, air-conditioning and security systems in buildings; room thermostats, temperature sensors with tensor of elasticity, liquid or vapour or bimetallic elements; electronic regulators and time controls for controlling valves; capillary pipes and membranes for control systems; transformers, rheostats, extinguishers; apparatus for regulating temperature and supplying electricity in buildings; parts and components for the abovementioned goods, other than apparatus and instruments for measuring humidity.

Class 11

Apparatus for lighting, heating, cooling, steam generating, cooking,

ventilating, supplying water, air-conditioning and sanitary installations installed in buildings; control valves included in this class, namely, level control valves, temperature control valves (parts of central heating installations or water supply installation), water control valves (parts of heating installations, cooling installations, water supply installations, air conditioning installations, installations for controlling the flow of gases); fixtures, single or multiway valves for regulating and controlling flow of water, air and gas; flux regulator valves for regulating and controlling flow of water, air and gas, pressure regulator valves for regulating and controlling flow of water, air and gas, flow regulator valves for regulating and controlling flow of water, air and gas, metal valves controlled by thermostat for regulating and controlling flow of water, air and gas, thermostat structures for valves, namely, instruments for temperature control in central heating installations (thermostatic valves), temperature control apparatus (thermostats, other than valves) for central heating installations and thermostatic valves (parts of heating installations); suppression and multiway faucets, apparatus and installations for supplying water, apparatus and installations for degasification of water; air and gas-separating apparatus, as well as devices for draining of water, parts and fittings for the abovementioned goods.

Class 17

Gaskets; stopping seals; nipples for valves, non-metallic, sleeves made of plastics, fittings for valves, non-metallic, flanges, pipe stoppers, non-metallic, rings for sealing, collars for securing for pipes, junctions for pipes, not of metal, flexible ducting and pipes not of metal, hand wheels of plastic or composite plastic materials for valves, non-metallic, pipe clamps of rubber, plastic or non-metallic composite materials.

Class 37

Construction, repair, maintenance and installation services, all these services in relation with methods of heating, draining and sanitation, namely heating, cooling, ventilating, supplying water and controlling temperature.

Class 41

Education, teaching, providing of training, all these services in relation with methods of heating, draining and sanitation, namely heating, cooling, ventilating, supplying water and controlling temperature.

Class 42

Scientific and industrial research, programming for computers, developing and updating computer programs, all these services in relation with methods of heating, draining and sanitation, namely

heating, cooling, ventilating, supplying water and controlling temperature.

Date of Protection in Singapore: 21/07/2011

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus.

Class 28

Games and playthings; gymnastic and sporting articles not included in other classes; decorations for Christmas trees.

Class 32

Mineral and aerated waters and other non-alcoholic drinks; fruit drinks and fruit juices; syrups and other preparations for making beverages.

Class 38

Telecommunications.

Class 41

Education; providing of training; entertainment; sporting and cultural activities.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software.

Class 45

Legal services; security services for the protection of property and individuals; mediation.

LIMITED LIABILITY COMPANY "MIND LABS."

The following claim is made in the International Registration:
Colours claimed: Gray, light gray, black, blue, light-blue, lilac, light lilac.

Registration of this mark shall give no right to the exclusive use of the words "Fuel Company".

Class 01

Ammonium aldehyde; aldehydes; americium; amyl acetate; ammonia [volatile alkali] for industrial purposes; anhydrous ammonia; ammonia; acetic anhydride; anhydrides; anti-knock substances for internal combustion engines; anti-incrustants; disincrustants; antistatic preparations, other than for household purposes; antifreeze; dextrine size; dressing and finishing preparations for textiles; size for finishing and priming; argon; lead arsenate; astatine; aluminium acetate; lime acetate; lead acetate; acetate of cellulose, unprocessed; acetates [chemicals]; acetylene; acetone; oenological bactericides [chemical preparations used in wine making]; balm of gurjun [gurjon, gurjan] for making varnish; barium; barytes; albumen [animal or vegetable, raw material]; animal albumen [raw material]; iodised albumen; malt albumen; bentonite; berkelium; bicarbonate of soda for chemical purposes; potassium dioxalate; bichromate of potassium; bichromate of soda; bauxite; bromine for chemical purposes; albuminized paper; baryta paper; diazo paper; blueprint paper; reagent paper; test paper, chemical; litmus paper; nitrate paper; sensitized paper; photometric paper; borax; agglutinants for concrete; gas purifying preparations; preservatives for pharmaceutical preparations; polish removing substances; preparations for the separation of greases; substances for preventing runs in stockings; water-softening preparations; limestone hardening substances; tanning substances; birdlime; glue for industrial purposes; surface-active chemical agents; artificial sweeteners [chemical preparations]; fissionable material for nuclear energy; foundry binding substances; concrete-aeration chemicals; leather-dressing chemicals; chemical preparations for the manufacture of paints; chemical substances for preserving foodstuffs; starch-liquifying chemicals [ungluing agents]; flower preservatives; seed preserving substances; viscose; bismuth; bismuth nitrite for chemical purposes; witherite; distilled water; sea water for industrial purposes; acidulated water for recharging accumulators; heavy water; hydrogen; seaweeds [fertilizers]; gadolinium; getters [chemically active substances]; protective gases

for welding; solidified gases for industrial purposes; gas propellents for aerosols; basic gallate of bismuth; gallium; gambier; helium; electrophoresis gels, other than for medical or veterinary purposes; aluminium hydrate; hydrates; hyposulphites; ceramic glazings; glycol; expanded-clay for hydroponic plant growing [substrate]; china slip; kaolin; alumina; glycerides; glycerine for industrial purposes; glucose for industrial purposes; glucosides; holmium; hormones for hastening the ripening of fruit; peat pots for horticulture; graphite for industrial purposes; guano; humus; potting soil; detergents for use in manufacturing processes; defoliants; hydrazine; diastase for industrial purposes; kieselgur; manganese dioxide; titanium dioxide for industrial purposes; dry ice [carbon dioxide]; zirconia; oil dispersants; petroleum dispersants; dysprosium; bichloride of tin; detergent additives to petrol [gasoline]; ceramic compositions for sintering [granules and powders]; additives, chemical, to drilling muds; additives, chemical, to insecticides; chemical additives for oils; additives, chemical, to motor fuel; additives, chemical, to fungicides; dolomite for industrial purposes; tan-wood; europium; gelatine for photographic purposes; gelatine for industrial purposes; auxiliary fluids for use with abrasives; fluids for hydraulic circuits; liquids for removing sulphates from accumulators; brake fluid; magnetic fluid for industrial purposes; power steering fluid; transmission fluid; grafting wax for trees; tree cavity fillers [forestry]; glaziers' putty; moderating materials for nuclear reactors; rare earths; metal earths; diatomaceous earth; fuller's earth for use in textile industry; lime chloride; isotopes for industrial purposes; ion exchangers [chemical preparations]; ytterbium; yttrium; iodine for industrial purposes; iodine for chemical purposes; aluminium iodide; alkaline iodides for industrial purposes; casein for industrial purposes; kainite; potassium; sorrel salt; californium; gum arabic for industrial purposes; tartar other than for pharmaceutical purposes; camphor, for industrial purposes; calcium carbide; carbide; lime carbonate; magnesium carbonate; carbonates; cement [metallurgy]; cassiopium [lutetium]; catalysts; biochemical catalysts; catechu; caustics for industrial purposes; alum; ammonia alum; aluminium alum; chrome alum; quebracho for industrial purposes; ketones; cinematographic film, sensitized but not exposed; oxygen; nitric acid; antranilic acid; benzoic acid; boric acid for industrial purposes; tartaric acid; tungstic acid; gallic acid for the manufacture of ink; gallotannic acid; tannic acid; iodic acid; phenol for industrial purposes; citric acid for industrial purposes; lactic acid; formic acid; persulphuric acid; oleic acid; picric acid; pyrogallac acid; salicylic acid; sebacic acid; sulphuric acid; sulphurous acid; hydrochloric acid; stearic acid; carbonic acid; spirits of vinegar [dilute acetic acid]; phosphoric acid; hydrofluoric acid; cholic acid; chromic acid; oxalic acid; acids; benzene-based acids; fatty acids; arsenious acid; mineral acids; adhesives for billposting; leather glues; adhesives for wall

tiles; adhesives for paperhanging; cement for mending broken articles; gums [adhesives], other than for stationery or household purposes; adhesives for industrial purposes; isinglass other than for stationery, household or alimentary purposes; gluten [glue], other than for stationery or household purposes; flocculants; collodion; compost; beer preserving agents; mangrove bark for industrial purposes; tan; starch for industrial purposes; starch paste [adhesive], other than for stationery or household purposes; silicon; creosote for chemical purposes; krypton; xenon; curium; lanthanum; lecithin [raw material]; lithium; magnesite; manganate; oils for tanning leather; oils for currying leather; oils for preparing leather in the course of manufacture; oils for the preservation of food; carbolineum for the protection of plants; paper pulp; wood pulp; grafting mastic for trees; mastic for leather; mastic for tires [tyres]; synthetic materials for absorbing oil; ceramic materials in particulate form, for use as filtering media; filtering materials [mineral substances]; filtering materials [vegetable substances]; filtering materials [chemical preparations]; copper sulphate [vitriol]; metalloids; alkaline-earth metals; alkaline metals; methane; methyl benzene; methyl benzol; flour for industrial purposes; tapioca flour for industrial purposes; potato flour for industrial purposes; soap [metallic] for industrial purposes; arsenic; emollients for industrial purposes; dressing, except oils, for skins; sodium; hypochlorite of soda; naphthalene; sal ammoniac; toxic gas neutralizers; neodymium; neon; neptunium; nitrate of uranium; nitrates; combusting preparations [chemical additives to motor fuel]; nitrous oxide; baryta; uranium oxide; oxalates; lithia [lithium oxide]; lead oxide; antimony oxide; chromium oxide; cobalt oxide for industrial purposes; mercuric oxide; olivine [chemical preparations]; gallnuts; clarification preparations; wine finings; must-fining preparations; textile-brightening chemicals; beer-clarifying and preserving agents; reducing agents for use in photography; bases [chemical preparations]; wax-bleaching chemicals; fat-bleaching chemicals; organic-bleaching chemicals; pectin [photography]; perborate of soda; humus top dressing; percarbonates; hydrogen peroxide; persulphates; perchlorates; foundry sand; sensitized plates for offset printing; plasticizers; roentgen films, sensitized but not exposed; plutonium; substrates for soil-free growing [agriculture]; polonium; potash; potash water; earth for growing; praseodymium; rubber preservatives; brickwork preservatives, except paints and oils; masonry preservatives, except paints and oils; cement preservatives, except paints and oils; preservatives for tiles, except paints and oils; bacterial preparations other than for medical and veterinary use; bacteriological preparations other than for medical and veterinary use; bacteriological preparations for acetification; biological preparations, other than for medical or veterinary purposes; vulcanising preparations; diagnostic preparations, other than for medical or veterinary purposes;

renovating preparations for phonograph records; currying preparations for leather; currying preparations for skins; metal hardening preparations; fixing baths [photography]; fixing solutions [photography]; opacifiers for enamel or glass; separating and unsticking [ungluing] preparations; metal annealing preparations; preparations for preventing the tarnishing of lenses; preparations for preventing the tarnishing of glass; cement-waterproofing preparations, except paints; plant growth regulating preparations; anti-boil preparations for engine coolants; fulling preparations for use in textile industry; scale removing preparations, other than for household purposes; flashlight preparations; galvanizing preparations; finishing preparations for use in the manufacture of steel; sizing preparations; animal carbon preparations; cultures of microorganisms other than for medical and veterinary use; corrosive preparations; cryogenic preparations; dehydrating preparations for industrial purposes; degreasing preparations for use in manufacturing processes; degumming preparations; gum solvents; oil-bleaching chemicals; bleaching preparations [decolorants] for industrial purposes; meat tenderizers for industrial purposes; preparations for stimulating cooking for industrial purposes; preparations of trace elements for plants; moistening [wetting] preparations for use in the textile industry; moistening [wetting] preparations for use in dyeing; moistening [wetting] preparations for use in bleaching; enzyme preparations for industrial purposes; filtering preparations for the beverages industry; chemical preparations to prevent mildew; vine disease preventing chemicals; chemical preparations for protection against wheat blight [smut]; chemical condensation preparations; chemical preparations for smoking meat; chemical substances for analyses in laboratories, other than for medical or veterinary purposes; chemical preparations for scientific purposes, other than for medical or veterinary use; chemical preparations for facilitating the alloying of metals; engine-decarbonising chemicals; fulling preparations; fuel-saving preparations; coal saving preparations; damp proofing preparations, except paints, for masonry; anti-sprouting preparations for vegetables; brazing preparations; preparations of the distillation of wood alcohol; by-products of the processing of cereals for industrial purposes; benzene derivatives; cellulose derivatives [chemicals]; promethium; protactinium; protein [raw material]; mordants for metals; radium for scientific purposes; radon; solvents for varnishes; anti-frothing solutions for accumulators; solutions for cyanotyping; baths for galvanizing; silver salt solutions for silvering; toning baths [photography]; drilling muds; fissionable chemical elements; chemical reagents, other than for medical or veterinary purposes; rhenium; mercury; rubidium; carbon black for industrial purposes; soot for industrial or agricultural purposes; lamp black for industrial purposes; samarium; saccharin; selenium; salpetre; sulphur; silver nitrate; carbon

sulphide; silicates; aluminium silicate; silicones; scandium; foundry molding preparations; acrylic resins, unprocessed; artificial resins, unprocessed; synthetic resins, unprocessed; epoxy resins, unprocessed; calcined soda; caustic soda for industrial purposes; barium compounds; fluorspar compounds; salts for industrial purposes; salts [fertilisers]; salts [chemical preparations]; ammoniacal salts; ammonium salts; salts of precious metals for industrial purposes; salts for galvanic cells; salt for preserving, other than for foodstuffs; salts for coloring metal; iron salts; gold salts; iodised salts; calcium salts; sodium salts [chemical preparations]; salt, raw; salts from rare earth metals; mercury salts; toning salts [photography]; chrome salts; chromic salts; salts of alkaline metals; rock salt; mold-release preparations; fire extinguishing compositions; coolants for vehicle engines; compositions for the manufacture of phonograph records; compositions for the manufacture of technical ceramics; compositions for repairing inner tubes of tires; tire repairing compositions; acid proof chemical compositions; glutinous tree-banding preparations; adhesive preparations for surgical bandages; fireproofing preparations; compositions for threading; sauce for preparing tobacco; amyl alcohol; vinic alcohol; wood alcohol; sal ammoniac spirits; ethyl alcohol; alcohol; cement for boots and shoes; concrete preservatives, except paints and oils; water glass [soluble glass]; strontium; barium sulphate; sulphates; antimony sulphide; sulphides; benzoic sulphide; sulphonic acids; sumac for use in tanning; superphosphates [fertilisers]; antimony; thallium; talc [magnesium silicate]; tannin; cream of tartar, other than for pharmaceutical purposes; tellurium; terbium; tetrachlorides; carbon tetrachloride; acetylene tetrachloride; technetium; thiocarbanilide; titanite; sensitized cloth for photography; blueprint cloth; toluol; fuel for atomic piles; thorium; peat [fertiliser]; tragacanth gum for use in manufactures; thulium; carbonic hydrates; carbon; activated carbons; carbon for filters; animal carbon; animal charcoal; bone charcoal; blood charcoal; fertilizing preparations; nitrogenous fertilisers; calcium cyanamide [fertilizer]; nitrogenous lime [manure]; fertilizers; manure for agriculture; pyroligneous acid [wood vinegar]; uranium; chemical intensifiers for paper; chemical intensifiers for rubber; vulcanisation accelerators; enzymes for industrial purposes; ferments for chemical purposes; milk ferments for chemical purposes; fermium; ferrocyanides; soldering fluxes; brazing fluxes; formic aldehyde for chemical purposes; phosphatides; phosphates [fertilisers]; phosphorus; photographic paper; self-toning paper [photography]; photosensitive plates; sensitized photographic plates; ferrotype plates [photography]; sensitized films, unexposed; photographic developers; photographic sensitizers; chemical preparations for use in photography; photographic emulsions; francium; fluorine; industrial chemicals; chemicals for forestry, except fungicides,

herbicides, insecticides and parasiticides; glass-frosting chemicals; leather-renovating chemicals; glass-staining chemicals; enamel and glass-staining chemicals; enamel-staining chemicals; oil-separating chemicals; water purifying chemicals; oil-purifying chemicals; radiator flushing chemicals; soldering chemicals; welding chemicals; condensation-preventing chemicals; stain-preventing chemicals for use on fabrics; anti-tarnishing chemicals for windows; leather-waterproofing chemicals; textile-waterproofing chemicals; chemical preparations, except pigments, for the manufacture of enamel; leather-impregnating chemicals; textile-impregnating chemicals; horticulture chemicals, except fungicides, herbicides, insecticides and parasiticides; agricultural chemicals, except fungicides, weedkillers, herbicides, insecticides and parasiticides; soil conditioning preparations; chimney cleaners, chemical; color-brightening chemicals for industrial purposes; refrigerants; chlorine; chlorates; hydrochlorates; aluminium chloride; magnesium chloride; chlorides; palladious chlorides; chromates; flowers of sulphur for chemical purposes; caesium; cellulose; cerium; cyanides [prussiates]; cymene; loam; slag [fertilisers]; spinel [chemical preparations]; alkalies; caustic alkali; radioactive elements for scientific purposes; emulsifiers; erbium; ethane; methyl ether; sulphuric ether; ethyl ether; glycol ether; ethers; esters; cellulose ethers for industrial purposes; cellulose esters for industrial purposes.

Class 06

Aluminium; anchors; fittings of metal for building; white metal; beacons of metal, non-luminous; vats of metal; girders of metal; joists of metal; bottles [metal containers] for compressed gas or liquid air; preserve tins; preserving boxes of metal; swimming pools [metal structures]; beryllium [glucinium]; blooms [metallurgy]; ingots of common metal; bolts of metal; eye bolts; casks of metal; mooring buoys of metal; barrels of metal; identification bracelets of metal, for hospitals; bronze; bells; bells for animals; letters and numerals of common metal, except type; silos of metal; busts of common metal; vanadium; bird baths [structures of metal]; vice benches of metal; screws of metal; aviaries of metal [structures]; tungsten; hoppers of metal, non-mechanical; gates of metal; sleeves [metal hardware]; signboards of metal; diving boards of metal; loading gauge rods, of metal, for railway waggons; nuts of metal; galena [ore]; celtium [hafnium]; nails; brads; tacks [nails]; horseshoe nails; germanium; tombs of metal; vice claws of metal; doors of metal; memorial plaques, of metal; tombstone plaques of metal; packaging containers of metal; containers of metal for storing acids; jalousies of metal; iron, unwrought or semi-wrought; gutters of metal; tinplate; bungs of metal; plugs of metal; bolts, flat; latch bars of metal; window fasteners of metal; crampons of metal [cramps]; binding screws of metal for cables; wheel clamps [boots]; rivets of

metal; padlocks; locks of metal for vehicles; locks of metal, other than electric; locks of metal for bags; spring locks; box fasteners of metal; machine belt fasteners of metal; door bolts; bottle closures of metal; closures of metal for containers; bolts; wall plugs of metal; latches of metal; tension links; stretchers for metal bands [tension links]; wire stretchers [tension links]; stretchers for iron bands [tension links]; couplings of metal for chains; door bells, non-electric; signs, non-luminous and non-mechanical, of metal, for roads; signs, non-luminous and non-mechanical, of metal; numberplates, of metal; registration plates, of metal; bronzes [works of art]; works of art of common metal; hardware of metal, small; ironmongery; indium; cabanas of metal; telephone booths of metal; cadmium; paint spraying booths, of metal; ropes of metal; telpher cables; greenhouse frames of metal; framework of metal for building; cornices of metal; skating rinks [structures of metal]; cermets; metal cages for wild animals; keys; knobs of metal; cobalt, raw; chill-molds [foundry]; bed casters of metal; furniture casters of metal; pillars of metal for buildings; sealing caps of metal; bottle caps of metal; capsules of metal for bottles; sealing caps of metal for bottles; tent pegs of metal; rings of common metal for keys; copper rings; ferrules of metal; ferrules of metal for handles; rings of metal; stop collars of metal; door fittings, of metal; fittings of metal for windows; buildings, transportable, of metal; buildings of metal; steel buildings; guard rails of metal; baskets of metal; money boxes of metal; door cases of metal; door frames of metal; stringers [parts of staircases] of metal; taps for casks, of metal; tubing of metal; casings of metal for oilwells; roofing of metal; brackets of metal for building; turntables [railways]; manhole covers of metal; pitons of metal [mountaineering equipment]; hooks [metal hardware]; pot hooks of metal; hooks for slate [metal hardware]; hooks of metal for clothes rails; clothes hooks of metal; chicken-houses, of metal; brass, unwrought or semi-wrought; bands of metal for tying-up purposes; scaffolding of metal; staircases of metal; ladders of metal; limonite; steel sheets; cast steel; traps for wild animals; magnesium; manganese; reinforcing materials, of metal, for concrete; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; reinforcing materials of metal for building; materials of metal for funicular railway permanent ways; railway material of metal; building materials of metal; refractory construction materials of metal; masts of metal; steel masts; copper, unwrought or semi-wrought; sheets and plates of metal; common metals, unwrought or semi-wrought; pyrophoric metals; metals in powder form; molybdenum; door knockers; monuments of metal; porches of metal [building]; monuments of metal for tombs; bronzes for tombstones; roof flashing of metal; fish plates [rails]; flashing of metal, for building; anvils; anvils [portable]; beak-irons [bick-irons]; ferrules of metal for walking sticks; rope thimbles of metal; handcuffs; duckboards of metal;

german silver; nickel; niobium; grease nipples; thread of metal for tying-up purposes; binding thread of metal for agricultural purposes; house numbers of metal, non-luminous; braces of metal for handling loads; wall claddings of metal [building]; wall linings of metal [building]; cladding of metal for construction and building; moldings of metal for cornices; laths of metal; barrel hoops of metal; fences of metal; palings of metal; tree protectors of metal; crash barriers of metal for roads; latticework of metal; trellis of metal; ironwork for doors; ironwork for windows; windows of metal; casement windows of metal; tin; shuttering of metal for concrete; filings of metal; cask stands of metal; poles of metal, for electric lines; props of metal; wainscoting of metal; signalling panels, non-luminous and non-mechanical, of metal; partitions of metal; lintels of metal; strap-hinges of metal; shims; rocket launching platforms of metal; platforms, prefabricated, of metal; transport pallets of metal; floor tiles, of metal; tiles of metal for building; anchor plates; tie plates; armour plate; gravestone slabs of metal; tile floorings of metal; iron slabs; lead seals; loading pallets, of metal; handling pallets of metal; firedogs [andirons]; armour plating; paving blocks of metal; roof coverings of metal; floors of metal; sills of metal; ceilings of metal; gold solder; silver solder; door closers, non-electric; door openers, non-electric; door springs, non-electric; valves of metal, other than parts of machines; clips of metal for cables and pipes; wall hooks of metal for pipes; floating docks of metal for mooring boats; iron wire; aluminium wire; wire for aerials; soldering wire of metal; wire of common metal; wire of common metal alloys, except fuse wire; barbed wire; copper wire, not insulated; steel wire; washers of metal; springs [metal hardware]; rods of metal for welding; rods of metal for brazing; rods of metal for brazing and welding; enclosures of metal for tombs; window frames of metal; frames of metal for building; tanks of metal; containers of metal [storage, transport]; containers of metal for liquid fuel; containers of metal for compressed gas or liquid air; floating containers of metal; rails of metal; belts of metal for handling loads; gratings of metal; furnace fireguards; pulleys of metal, other than for machines; runners of metal for sliding doors; window pulleys; iron ores; ores of metal; chrome ores; tool handles of metal; door handles of metal; scythe handles of metal; broom handles of metal; knife handles of metal; pilings of metal; lead, unwrought or semi-wrought; safes [strong boxes]; vaults of metal [burial]; buckles of common metal [hardware]; door scrapers; cable joints of metal, non-electric; jets of metal; nozzles of metal; anti-friction metal; silver plated tin alloy; alloys of common metal; nickel-silver; bindings of metal; sheaf binders of metal; shutters of metal; outdoor blinds of metal; steel alloys; iron strip; steel strip; steel, unwrought or semi-wrought; tinfoil; statues of common metal; figurines [statuettes] of common metal; tombstone stelae of metal; pegs of metal; pins [hardware]; bars for metal railings; posts of metal; advertisement columns of metal;

telegraph posts of metal; railway switches; steps [ladders] of metal; slings of metal for handling loads; stair treads [steps] of metal; identity plates of metal; tantalum [metal]; troughs of metal for mixing mortar; greenhouses of metal, transportable; titanium; wire cloth; tombac; boarding stairs of metal, mobile, for passengers; cables of metal, non-electric; wire rope; mooring bollards of metal; turnstiles, non-automatic; angle irons; tinplate packings; stops of metal; door stops of metal; gate stops of metal; sash fasteners of metal for windows; bicycle parking installations of metal; towel dispensers, fixed, of metal; wind-driven bird-repelling devices made of metal; tungsten iron; molybdenum iron; silicon iron; ferrotitanium; chrome iron; door panels of metal; weather vanes of metal; wind vanes of metal; aluminium foil; foils of metal for wrapping and packaging; ice moulds of metal; foundry molds of metal; fittings of metal for coffins; fittings of metal for beds; fittings of metal for furniture; building or furniture fittings of nickel-silver; chromium; cattle chains; chains for dogs; safety chains of metal; chains of metal; zinc; zirconium; tiles of metal; cast iron, unwrought or semi-wrought; balls of steel; hinges of metal; poles of metal; crampons [climbing irons]; cashboxes of metal; safety cashboxes; belt stretchers of metal; railroad ties of metal; window casement bolts; cotter pins; spurs; roller blinds of steel; building boards of metal; insect screens of metal; furnace fire screens; badges of metal for vehicles; lock bolts; bins of metal; chests of metal; tool boxes of metal, empty; tool chests of metal, empty; chests of metal for food; meat safes of metal; boxes of common metal; letter boxes of metal.

Class 09

DVD players; ticket dispensers; coin-operated musical automata [juke boxes]; distribution machines, automatic; vending machines; motor fire engines; answering machines; accumulators, electric; accumulators, electric, for vehicles; actinometers; alidades; altimeters; ammeters; anemometers; anodes; aerials; antennas; anticathodes; apertometers [optics]; divers' apparatus; high-frequency apparatus; testing apparatus not for medical purposes; remote control apparatus; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, electric; sound recording apparatus; distillation apparatus for scientific purposes; diffraction apparatus [microscopy]; air analysis apparatus; apparatus to check stamping mail; sound transmitting apparatus; electrical apparatus for sealing plastics [packaging]; apparatus for fermentation [laboratory apparatus]; electric arc cutting apparatus; electric arc welding apparatus; electric welding apparatus; breathing apparatus, except for artificial respiration; breathing apparatus for underwater swimming; x-rays producing apparatus and installations, not for medical purposes; cash registers; electric apparatus for

commutation; intercommunication apparatus; stills for laboratory experiments; projection apparatus; roentgen apparatus not for medical purposes; radiological apparatus for industrial purposes; soldering apparatus, electric; blueprint apparatus; blinkers [signalling lights]; stereoscopic apparatus; telegraphs [apparatus]; telephone apparatus; telephone transmitters; facsimile machines; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance; acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; barometers; anode batteries; high tension batteries; galvanic batteries; batteries for pocketlamps; batteries for lighting; solar batteries; batteries, electric; balances [steelyards]; gasoline pumps for service stations; betatrons; binoculars; electronic tags for goods; magnetic tape units for computers; computer memories; fire hose nozzles; encoded identification bracelets, magnetic; safety tarpaulins; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; electrolyzers; variometers; scales; letter scales; weighbridges; precision balances; levelling staffs [surveying instruments]; camcorders; video cassettes; video telephones; video screens; viewfinders, photographic; plugs, sockets and other contacts [electric connections]; micrometer screws for optical instruments; viscosimeters; circuit closers; wavemeters; voltmeters; coin-operated gates for car parks or parking lots; mechanical signs; switchboxes [electricity]; current rectifiers; jigs [measuring instruments]; gas testing instruments; gasometers; galvanometers; heliographic apparatus; hygrometers; hydrometers; weights; peepholes [magnifying lenses] for doors; holograms; plotters; loudspeakers; sounding leads; plumb bobs; range finders; densimeters; densitometers; optical goods; detectors; galena crystals [detectors]; smoke detectors; counterfeit [false] coin detectors; slides [photography]; slide projectors; diaphragms [photography]; dictating machines; dynamometers; floppy disks; sound recording discs; disks, magnetic; optical discs; calculating disks; disk drives for computers; juke boxes for computers; DNA chips; electronic notice boards; capacity measures; swimming jackets; bullet-proof waistcoats; life jackets; identification threads for electric wires; nose clips for divers and swimmers; locks, electric; bells [warning devices]; alarm bells, electric; electric door bells; signal bells; acoustic conduits; mirrors for inspecting work; road signs, luminous or mechanical; signs, luminous; marine depth finders; probes for scientific purposes; buzzers; buzzers, electric; needles for record players; gauges; measures; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters [electricity]; indicators [electricity]; pressure indicators; temperature indicators; incubators for bacteria culture; measuring instruments; mathematical instruments; levelling instruments; surveying instruments; azimuth instruments; interfaces for computers; ionisation apparatus, not for the treatment of air; spark-guards;

coaxial cables; fibre optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calculating machines; pocket calculators; decompression chambers; cinematographic cameras; electronic pens [visual display units]; holders for electric coils; identity cards, magnetic; video game cartridges; encoded cards, magnetic; riding helmets; protective helmets; carriers for dark plates [photography]; automated teller machines [ATM]; cathodes; choking coils [impedance]; coils, electric; electromagnetic coils; spools [photography]; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; electronic agendas; push buttons for bells; mouse pads; magnetic encoders; anti-dazzle shades; collectors, electric; calibrating rings; protective suits for aviators; commutators; compact discs [read-only memory]; compact discs [audio-video]; comparators; marine compasses; computers; laptop computers; notebook computers; condensers [capacitors]; contacts, electric; contacts, electric, of precious metal; wind socks for indicating wind direction; branch boxes [electricity]; distribution boxes [electricity]; connectors [electricity]; junction boxes [electricity]; accumulator boxes; accumulator jars; cabinets for loudspeakers; diving suits; reflecting discs for wear, for the prevention of traffic accidents; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; darkroom lamps [photography]; neon signs; thermionic lamps and tubes; thermionic valves [radio]; amplifying tubes; flashlights [photography]; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; slide-rules; contact lenses; correcting lenses [optics]; optical lenses; lens hoods; optical condensers; sounding lines; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; magnets; decorative magnets; resuscitation mannequins [teaching apparatus]; mouse [data processing equipment]; manometers; divers' masks; solderers' helmets; protective masks; materials for electricity mains [wires, cables]; accounting machines; voting machines; money counting and sorting machines; material testing instruments and machines; hemline markers; megaphones; speaking tubes; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; metronomes; rules [measuring instruments]; carpenters' rules; dressmakers' measures; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometer gauges; microprocessors; microscopes; microtomes; microphones; modems; lightning conductors [rods]; monitors [computer hardware]; animated cartoons; terminals [electricity]; junction sleeves for electric cables; cases fitted with dissecting instruments [microscopy]; teeth protectors; knee-pads for workers; self-regulating fuel pumps; fuel dispensing pumps for service stations; headphones; surveyors' levels; verniers; sound

recording carriers; magnetic data media; optical data media; socks, electrically heated; sheaths for electric cables; identification sheaths for electric wires; weighing machines; punched card machines for offices; furniture especially made for laboratories; shoes for protection against accidents, irradiation and fire; objectives [lenses] [optics]; lenses for astrophotography; egg-candlers; extinguishers; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; garments for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; ozonisers [ozonators]; octants; eyepieces; ohmmeters; wrist rests for use with computers; spectacle frames; eyeglass frames; pince-nez mountings; oscillographs; plumb lines; mirrors [optics]; spectacles [optics]; sunglasses; goggles for sports; signalling panels, luminous or mechanical; radio pagers; eyeglasses; pince-nez; electronic pocket translators; transmitters [telecommunication]; transmitters of electronic signals; switches, electric; periscopes; gloves for divers; asbestos gloves for protection against accidents; gloves for protection against accidents; gloves for protection against x-rays for industrial purposes; furnaces for laboratory experiments; pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; wafers [silicon slices]; compact disc players; cassette players; sound recording strips; roentgen films, exposed; films, exposed; life-saving rafts; laboratory trays; semi-conductors; polarimeters; fire engines; floats for bathing and swimming; water wings; measuring glassware; swimming belts; life belts; circuit breakers; fuses; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; hair-curlers, electrically heated; distance measuring apparatus; speed measuring apparatus [photography]; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; make-up removing appliances, electric; distance recording apparatus; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; measuring apparatus; measuring devices, electric; boiler control instruments; cosmographic instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; precision measuring apparatus; instruments containing eyepieces; audio and video receivers; prisms [optics]; cigar lighters for automobiles; printers for use with computers; apparatus for changing record player needles; retorts' stands; drainers for use in photography; cleaning

apparatus for sound recording discs; fire beaters; sighting telescopes for firearms; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; wires of metal alloys [fuse wire]; computer operating programs, recorded; computer programs, recorded; computer software, recorded; monitors [computer programs]; computer game programs; computer programs [downloadable software]; record players; central processing units [processors]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; vacuum tubes [radio]; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; frames for photographic transparencies; screens for photoengraving; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; light dimmers [regulators], electric; stage lighting regulators; speed regulators for record players; cell switches [electricity]; reducers [electricity]; washing trays [photography]; marking gauges [joinery]; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; x-ray photographs, other than for medical purposes; rheostats; respirators, other than for artificial respiration; respirators for filtering air; retorts; refractometers; refractors; grids for batteries; horns for loudspeakers; saccharometers; light conducting filaments [optical fibers]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; whistle alarms; sextants; inductors [electricity]; life nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; sirens; scanners [data processing equipment]; integrated circuit cards [smart cards]; connections for electric lines; connections, electric; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; radiotelegraphy sets; radiotelephony sets; spectacle glasses; optical glass; glass covered with an electrical conductor; anti-glare glasses; personal stereos; stereoscopes; fire boats; sulphitometers; hands free kits for phones; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; meters; parking meters; postage stamp meters; kilometer recorders for vehicles; revolution counters; abacuses; taximeters; ear plugs; ear plugs for divers; tachometers; word processors; television apparatus; telescopes; teleprompters; teleprinters; portable telephones; theodolites; thermometers, not for medical purposes; thermostats; thermostats for vehicles; crucibles [laboratory]; tone arms for record players; totalizers; transistors [electronic]; protractors [measuring instruments]; battery chargers; transformers [electricity]; vehicle breakdown warning triangles; starter cables for motors; discharge tubes,

electric, other than for lighting; capillary tubes; x-rays tubes not for medical purposes; telephone receivers; turnstiles, automatic; quantity indicators; automatic indicators of low pressure in vehicle tires; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; clinometers; gradient indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; particle accelerators; sprinkler systems for fire protection; electric installations for the remote control of industrial operations; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; electroplating apparatus; door closers, electric; tape recorders; protection devices against x-rays [roentgen rays], not for medical purposes; apparatus for games adapted for use with an external display screen or monitor; railway traffic safety appliances; data processing apparatus; door openers, electric; oxygen transvasing apparatus; theft prevention installations, electric; electric devices for attracting and killing insects; amusement apparatus adapted for use with an external display screen or monitor; time clocks [time recording devices]; film cutting apparatus; drying apparatus for photographic prints; optical character readers; elevator operating apparatus; centering apparatus for photographic transparencies; dosage dispensers; chargers for electric batteries; acoustic [sound] alarms; sounding apparatus and machines; life saving apparatus and equipment; editing appliances for cinematographic films; cathodic anti-corrosion apparatus; couplers [data processing equipment]; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; anti-theft warning apparatus; alarms; fog signals, non-explosive; adding machines; readers [data processing equipment]; heat regulating apparatus; photocopiers [photographic, electrostatic, thermic]; bar code readers; flat irons, electric; filters for respiratory masks; filters for ultraviolet rays, for photography; filters [photography]; magic lanterns; optical lanterns; signal lanterns; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; spectacle cases; eyeglass cases; pince-nez cases; containers for microscope slides; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; eyeglass chains; pince-nez chains; cyclotrons; compasses [measuring instruments]; frequency meters; egg timers [sandglasses]; fire blankets; chips [integrated circuits]; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; protective helmets for sports; eyeglass cords; pince-nez cords; stands for photographic apparatus; tripods for

cameras; eyeshades; switchboards; distribution boards [electricity]; workmen's protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; screens [photography]; exposure meters [light meters]; welding electrodes; soldering irons, electric; ducts [electricity]; galvanic cells; epidiascopes; ergometers; armatures [electricity].

Class 11

Lamp shades; steam accumulators; heat accumulators; defrosters for vehicles; water heaters [apparatus]; distillation apparatus; desiccating apparatus; disinfectant apparatus; air deodorising apparatus; tanning apparatus [sun beds]; ionisation apparatus for the treatment of air; coffee roasters; beverages cooling apparatus; hand drying apparatus for washrooms; water purifying apparatus and machines; refrigerating apparatus and machines; drying apparatus and installations; freezers; drying apparatus; fruit roasters; framework of metal for ovens; coolers for furnaces; expansion tanks for central heating installations; refining towers for distillation; bidets; boilers, other than parts of machines; bath tubs; spa baths [vessels]; bath tubs for sitz baths; waffle irons, electric; fans [air-conditioning]; fans [parts of air-conditioning installations]; electric fans for personal use; roasting spits; refrigerating display cabinets [display cases]; water heaters; flushing apparatus; air reheaters; extractor hoods for kitchens; gas generators [installations]; gas condensers, other than parts of machines; acetylene generators; hydrants; burners; acetylene burners; petrol burners; gas burners; burners for lamps; germicidal burners; incandescent burners; oxhydrogen burners; laboratory burners; oil burners; alcohol burners; hot water bottles; warming pans; footwarmers, electric or non-electric; bedwarmers; pocket warmers; lampshade holders; stills; showers; chimney flues; refrigerating containers; gas lighters; lighters; friction lighters for igniting gas; chimney blowers; coils [parts of distilling, heating or cooling installations]; ash pits for furnaces; evaporators; flares; shower cubicles; turkish bath cabinets, portable; heating apparatus; refrigerating chambers; fireplaces, domestic; autoclaves [electric pressure cookers]; pressure cooking saucepans, electric; air valves for steam heating installations; level controlling valves in tanks; thermostatic valves [parts of heating installations]; electrically heated carpets; light bulbs; light bulbs, electric; solar collectors [heating]; distillation columns; lamp globes; air conditioning apparatus; gas boilers; laundry room boilers; washing coppers; heating boilers; coffee machines, electric; taps [cocks, spigots] for pipes; taps [faucets]; mixer taps for water pipes; forges, portable; lava rocks for use in barbecue grills; lights, electric, for christmas trees; acetylene flares; safety lamps; gas lamps; curling lamps; germicidal lamps for purifying air; projector lamps; lamps for directional signals of automobiles; light bulbs for directional signals for vehicles; arc lamps; laboratory lamps; oil

lamps; soldering lamps; ultraviolet ray lamps, not for medical purposes; miners' lamps; electric lamps; chandeliers; barbecues; bread baking machines; watering machines for agricultural purposes; disposable sterilization pouches; footmuffs, electrically heated; heaters, electric, for feeding bottles; heaters for baths; heaters for heating irons; immersion heaters; brackets for gas burners; anti-splash tap nozzles; heat pumps; filaments for electric lamps; heating filaments, electric; magnesium filaments for lighting; luminous house numbers; bath linings; heating apparatus for defrosting windows of vehicles; hot air bath fittings; bath fittings; loading apparatus for furnaces; kiln furniture [supports]; sauna bath installations; refrigerating appliances and installations; blankets, electric, not for medical purposes; lamp reflectors; vehicle reflectors; clean chambers [sanitary installations]; steam boilers, other than parts of machines; pasteurisers; lamp casings; sockets for electric lights; coffee percolators, electric; furnaces, other than for experimental purposes; stoves [heating apparatus]; bakers' ovens; hot air ovens; microwave ovens [cooking apparatus]; microwave ovens for industrial purposes; incinerators; kilns; solar furnaces; urinals [sanitary fixtures]; feeding apparatus for heating boilers; heating plates; cookers; kitchen ranges [ovens]; aquarium heaters; aquarium lights; heating cushions [pads], electric, not for medical purposes; cooking utensils, electric; water intake apparatus; deodorising apparatus, not for personal use; apparatus for dehydrating foodstuffs organic materials; griddles [cooking appliances]; grills [cooking appliances]; roasting apparatus; fumigation apparatus, not for medical purposes; gas scrubbing apparatus; oil-scrubbing apparatus; glue-heating appliances; drying apparatus for fodder and forage; water filtering apparatus; air purifying apparatus and machines; ice machines and apparatus; cooling appliances and installations; cooking apparatus and installations; lighting apparatus and installations; sanitary apparatus and installations; cooking rings; lighting apparatus for vehicles; heating apparatus, electric; hot air apparatus; heating apparatus for solid, liquid or gaseous fuels; steam facial apparatus [saunas]; safety accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for water apparatus; regulating and safety accessories for gas pipes; roasting jacks; anti-dazzle devices for automobiles [lamp fittings]; plate warmers; electric appliances for making yogurt; rotisseries; radiator caps; diving lights; flashlights [torches]; searchlights; washers for water taps; anti-glare devices for vehicles [lamp fittings]; radiators [heating]; central heating radiators; radiators, electric; sinks; disinfectant dispensers for toilets; drip irrigation emitters [irrigation fittings]; light diffusers; atomic piles; nuclear reactors; heat regenerators; flushing tanks; pressure water tanks; furnace grates; roasters; lamps; standard lamps; street lamps; ceiling

lights; toilet seats; lighting installations for air vehicles; gas scrubbers [parts of gas installations]; lamp glasses; sterilizers; water sterilizers; air sterilisers; air driers [dryers]; laundry dryers, electric; hair driers [dryers]; malt roasters; tobacco roasters; heat exchangers, not parts of machines; bread toasters; discharge tubes, electric, for lighting; lamp chimneys; luminous tubes for lighting; flues for heating boilers; boiler pipes [tubes] for heating installations; pipes [parts of sanitary installations]; toilets [water-closets]; toilets, portable; humidifiers for central heating radiators; wash-hand basins [parts of sanitary installations]; toilet bowls; water conduits installations; bath installations; bath plumbing fixtures; air conditioning installations; ventilation [air-conditioning] installations for vehicles; desalination plants; processing installations for fuel and nuclear moderating material; watering installations, automatic; cooling installations for water; cooling installations for liquids; milk cooling installations; cooling installations for tobacco; water purification installations; purification installations for sewage; steam generating installations; water distribution installations; air filtering installations; swimming pools chlorinating units; ventilation [air-conditioning] installations and apparatus; water softening apparatus and installations; cooling installations and machines; heating installations; heaters for vehicles; heating installations [water]; polymerisation installations; water supply installations; ash conveyor installations, automatic; whirlpool-jet apparatus; air cooling apparatus; furnaces; hearths; stoves; aquarium filtration apparatus; flare stacks for use in the oil industry; headlights for automobiles; vehicle headlights; filters [parts of household or industrial installations]; filters for air conditioning; coffee filters, electric; filters for drinking water; lanterns; automobile lights; bicycle lights; lights for vehicles; pocket searchlights; pocket torches, electric; lanterns for lighting; chinese lanterns; fairy lights for festive decoration; fountains; ornamental fountains; deep fryers, electric; oven fittings made of fireclay; fittings, shaped, for furnaces; refrigerators; chromatography apparatus for industrial purposes; kettles, electric; dampers [heating]; ventilation hoods; ventilation hoods for laboratories; dental ovens; refrigerating cabinets; ice boxes; fuel economisers; carbon for arc lamps; heating elements.

Class 42

Computer systems analysis; chemical analysis; authenticating works of art; recovery of computer data; graphic arts designing; computer virus protection services; installation of computer software; meteorological information; weather forecasting; material testing; textile testing; bacteriological research; biological research; geological research; research in the field of environmental protection; cosmetic research; mechanical research; physics [research]; chemical research; analysis for oil-field

exploitation; underwater exploration; calibration [measuring]; oil-well testing; quality control; vehicle roadworthiness testing; land surveying; dress designing; updating of computer software; geological surveys; oil-field surveys; maintenance of computer software; design of interior decor; conversion of data or documents from physical to electronic media; providing search engines for the internet; data conversion of computer programs and data [not physical conversion]; computer system design; rental of web servers; computer rental; rental of computer software; geological prospecting; oil prospecting; hosting computer sites [web sites]; duplication of computer programs; computer software design; cloud seeding; consultancy in the field of energy-saving; creating and maintaining web sites for others; computer programming; industrial design; styling [industrial design]; chemistry services; packaging design.

JOINT STOCK COMPANY "TVEL"

24, UL. BOLSHAYA ORDYNKA, RU-119017 MOSCOW,
RUSSIAN FEDERATION

T1206736C (01 06 09 11 42)
(International Registration No. 1113625)

Date of International Registration: 09/12/2011
Date of Protection in Singapore: 09/12/2011

The following claim is made in the International Registration:
Colours claimed: Gray, light gray, black, blue, light-blue, lilac, light lilac.

Registration of this mark shall give no right to the exclusive use of the words "Fuel Company".

Class 01

Ammonium aldehyde; aldehydes; americium; amyl acetate; ammonia [volatile alkali] for industrial purposes; anhydrous ammonia; ammonia; acetic anhydride; anhydrides; anti-knock substances for internal combustion engines; anti-incrustants; disincrustants; antistatic preparations, other than for household purposes; antifreeze; dextrine size; dressing and finishing preparations for textiles; size for finishing and priming; argon; lead arsenate; astatine; aluminium acetate; lime acetate; lead acetate; acetate of cellulose, unprocessed; acetates [chemicals]; acetylene; acetone; oenological bactericides [chemical preparations used in wine making]; balm of gurjun [gurjon, gurjan] for making varnish; barium; barytes; albumen [animal or vegetable, raw material]; animal albumen [raw material]; iodised albumen; malt albumen; bentonite; berkelium; bicarbonate of soda for chemical purposes; potassium dioxalate; bichromate of potassium; bichromate of soda; bauxite; bromine for chemical purposes; albuminized paper; baryta paper; diazo paper; blueprint paper; reagent paper; test paper, chemical; litmus paper; nitrate paper; sensitized paper; photometric paper; borax; agglutinants for concrete; gas purifying preparations; preservatives for pharmaceutical preparations; polish removing substances; preparations for the separation of greases; substances for preventing runs in stockings; water-softening preparations; limestone hardening substances; tanning substances; birdlime; glue for industrial purposes; surface-active chemical agents; artificial sweeteners [chemical preparations]; fissionable material for nuclear energy; foundry binding substances; concrete-aeration chemicals; leather-dressing chemicals; chemical preparations for the manufacture of paints; chemical substances for preserving foodstuffs; starch-liquifying chemicals [ungluing agents]; flower preservatives; seed preserving substances; viscose; bismuth; bismuth nitrite for chemical purposes; witherite; distilled water; sea water for industrial purposes; acidulated water for recharging accumulators; heavy water; hydrogen; seaweeds [fertilizers]; gadolinium; getters [chemically active substances]; protective gases

for welding; solidified gases for industrial purposes; gas propellents for aerosols; basic gallate of bismuth; gallium; gambier; helium; electrophoresis gels, other than for medical or veterinary purposes; aluminium hydrate; hydrates; hyposulphites; ceramic glazings; glycol; expanded-clay for hydroponic plant growing [substrate]; china slip; kaolin; alumina; glycerides; glycerine for industrial purposes; glucose for industrial purposes; glucosides; holmium; hormones for hastening the ripening of fruit; peat pots for horticulture; graphite for industrial purposes; guano; humus; potting soil; detergents for use in manufacturing processes; defoliants; hydrazine; diastase for industrial purposes; kieselgur; manganese dioxide; titanium dioxide for industrial purposes; dry ice [carbon dioxide]; zirconia; oil dispersants; petroleum dispersants; dysprosium; bichloride of tin; detergent additives to petrol [gasoline]; ceramic compositions for sintering [granules and powders]; additives, chemical, to drilling muds; additives, chemical, to insecticides; chemical additives for oils; additives, chemical, to motor fuel; additives, chemical, to fungicides; dolomite for industrial purposes; tan-wood; europium; gelatine for photographic purposes; gelatine for industrial purposes; auxiliary fluids for use with abrasives; fluids for hydraulic circuits; liquids for removing sulphates from accumulators; brake fluid; magnetic fluid for industrial purposes; power steering fluid; transmission fluid; grafting wax for trees; tree cavity fillers [forestry]; glaziers' putty; moderating materials for nuclear reactors; rare earths; metal earths; diatomaceous earth; fuller's earth for use in textile industry; lime chloride; isotopes for industrial purposes; ion exchangers [chemical preparations]; ytterbium; yttrium; iodine for industrial purposes; iodine for chemical purposes; aluminium iodide; alkaline iodides for industrial purposes; casein for industrial purposes; kainite; potassium; sorrel salt; californium; gum arabic for industrial purposes; tartar other than for pharmaceutical purposes; camphor, for industrial purposes; calcium carbide; carbide; lime carbonate; magnesium carbonate; carbonates; cement [metallurgy]; cassiopium [lutetium]; catalysts; biochemical catalysts; catechu; caustics for industrial purposes; alum; ammonia alum; aluminium alum; chrome alum; quebracho for industrial purposes; ketones; cinematographic film, sensitized but not exposed; oxygen; nitric acid; antranilic acid; benzoic acid; boric acid for industrial purposes; tartaric acid; tungstic acid; gallic acid for the manufacture of ink; gallotannic acid; tannic acid; iodic acid; phenol for industrial purposes; citric acid for industrial purposes; lactic acid; formic acid; persulphuric acid; oleic acid; picric acid; pyrogallac acid; salicylic acid; sebacic acid; sulphuric acid; sulphurous acid; hydrochloric acid; stearic acid; carbonic acid; spirits of vinegar [dilute acetic acid]; phosphoric acid; hydrofluoric acid; cholic acid; chromic acid; oxalic acid; acids; benzene-based acids; fatty acids; arsenious acid; mineral acids; adhesives for billposting; leather glues; adhesives for wall

tiles; adhesives for paperhanging; cement for mending broken articles; gums [adhesives], other than for stationery or household purposes; adhesives for industrial purposes; isinglass other than for stationery, household or alimentary purposes; gluten [glue], other than for stationery or household purposes; flocculants; collodion; compost; beer preserving agents; mangrove bark for industrial purposes; tan; starch for industrial purposes; starch paste [adhesive], other than for stationery or household purposes; silicon; creosote for chemical purposes; krypton; xenon; curium; lanthanum; lecithin [raw material]; lithium; magnesite; manganate; oils for tanning leather; oils for currying leather; oils for preparing leather in the course of manufacture; oils for the preservation of food; carbolineum for the protection of plants; paper pulp; wood pulp; grafting mastic for trees; mastic for leather; mastic for tires [tyres]; synthetic materials for absorbing oil; ceramic materials in particulate form, for use as filtering media; filtering materials [mineral substances]; filtering materials [vegetable substances]; filtering materials [chemical preparations]; copper sulphate [vitriol]; metalloids; alkaline-earth metals; alkaline metals; methane; methyl benzene; methyl benzol; flour for industrial purposes; tapioca flour for industrial purposes; potato flour for industrial purposes; soap [metallic] for industrial purposes; arsenic; emollients for industrial purposes; dressing, except oils, for skins; sodium; hypochlorite of soda; naphthalene; sal ammoniac; toxic gas neutralizers; neodymium; neon; neptunium; nitrate of uranium; nitrates; combusting preparations [chemical additives to motor fuel]; nitrous oxide; baryta; uranium oxide; oxalates; lithia [lithium oxide]; lead oxide; antimony oxide; chromium oxide; cobalt oxide for industrial purposes; mercuric oxide; olivine [chemical preparations]; gallnuts; clarification preparations; wine finings; must-finings preparations; textile-brightening chemicals; beer-clarifying and preserving agents; reducing agents for use in photography; bases [chemical preparations]; wax-bleaching chemicals; fat-bleaching chemicals; organic-bleaching chemicals; pectin [photography]; perborate of soda; humus top dressing; percarbonates; hydrogen peroxide; persulphates; perchlorates; foundry sand; sensitized plates for offset printing; plasticizers; roentgen films, sensitized but not exposed; plutonium; substrates for soil-free growing [agriculture]; polonium; potash; potash water; earth for growing; praseodymium; rubber preservatives; brickwork preservatives, except paints and oils; masonry preservatives, except paints and oils; cement preservatives, except paints and oils; preservatives for tiles, except paints and oils; bacterial preparations other than for medical and veterinary use; bacteriological preparations other than for medical and veterinary use; bacteriological preparations for acetification; biological preparations, other than for medical or veterinary purposes; vulcanising preparations; diagnostic preparations, other than for medical or veterinary purposes;

renovating preparations for phonograph records; currying preparations for leather; currying preparations for skins; metal hardening preparations; fixing baths [photography]; fixing solutions [photography]; opacifiers for enamel or glass; separating and unsticking [ungluing] preparations; metal annealing preparations; preparations for preventing the tarnishing of lenses; preparations for preventing the tarnishing of glass; cement-waterproofing preparations, except paints; plant growth regulating preparations; anti-boil preparations for engine coolants; fulling preparations for use in textile industry; scale removing preparations, other than for household purposes; flashlight preparations; galvanizing preparations; finishing preparations for use in the manufacture of steel; sizing preparations; animal carbon preparations; cultures of microorganisms other than for medical and veterinary use; corrosive preparations; cryogenic preparations; dehydrating preparations for industrial purposes; degreasing preparations for use in manufacturing processes; degumming preparations; gum solvents; oil-bleaching chemicals; bleaching preparations [decolorants] for industrial purposes; meat tenderizers for industrial purposes; preparations for stimulating cooking for industrial purposes; preparations of trace elements for plants; moistening [wetting] preparations for use in the textile industry; moistening [wetting] preparations for use in dyeing; moistening [wetting] preparations for use in bleaching; enzyme preparations for industrial purposes; filtering preparations for the beverages industry; chemical preparations to prevent mildew; vine disease preventing chemicals; chemical preparations for protection against wheat blight [smut]; chemical condensation preparations; chemical preparations for smoking meat; chemical substances for analyses in laboratories, other than for medical or veterinary purposes; chemical preparations for scientific purposes, other than for medical or veterinary use; chemical preparations for facilitating the alloying of metals; engine-decarbonising chemicals; fulling preparations; fuel-saving preparations; coal saving preparations; damp proofing preparations, except paints, for masonry; anti-sprouting preparations for vegetables; brazing preparations; preparations of the distillation of wood alcohol; by-products of the processing of cereals for industrial purposes; benzene derivatives; cellulose derivatives [chemicals]; promethium; protactinium; protein [raw material]; mordants for metals; radium for scientific purposes; radon; solvents for varnishes; anti-frothing solutions for accumulators; solutions for cyanotyping; baths for galvanizing; silver salt solutions for silvering; toning baths [photography]; drilling muds; fissionable chemical elements; chemical reagents, other than for medical or veterinary purposes; rhenium; mercury; rubidium; carbon black for industrial purposes; soot for industrial or agricultural purposes; lamp black for industrial purposes; samarium; saccharin; selenium; salpetre; sulphur; silver nitrate; carbon

sulphide; silicates; aluminium silicate; silicones; scandium; foundry molding preparations; acrylic resins, unprocessed; artificial resins, unprocessed; synthetic resins, unprocessed; epoxy resins, unprocessed; calcined soda; caustic soda for industrial purposes; barium compounds; fluorspar compounds; salts for industrial purposes; salts [fertilisers]; salts [chemical preparations]; ammoniacal salts; ammonium salts; salts of precious metals for industrial purposes; salts for galvanic cells; salt for preserving, other than for foodstuffs; salts for coloring metal; iron salts; gold salts; iodised salts; calcium salts; sodium salts [chemical preparations]; salt, raw; salts from rare earth metals; mercury salts; toning salts [photography]; chrome salts; chromic salts; salts of alkaline metals; rock salt; mold-release preparations; fire extinguishing compositions; coolants for vehicle engines; compositions for the manufacture of phonograph records; compositions for the manufacture of technical ceramics; compositions for repairing inner tubes of tires; tire repairing compositions; acid proof chemical compositions; glutinous tree-banding preparations; adhesive preparations for surgical bandages; fireproofing preparations; compositions for threading; sauce for preparing tobacco; amyl alcohol; vinic alcohol; wood alcohol; sal ammoniac spirits; ethyl alcohol; alcohol; cement for boots and shoes; concrete preservatives, except paints and oils; water glass [soluble glass]; strontium; barium sulphate; sulphates; antimony sulphide; sulphides; benzoic sulphide; sulphonic acids; sumac for use in tanning; superphosphates [fertilisers]; antimony; thallium; talc [magnesium silicate]; tannin; cream of tartar, other than for pharmaceutical purposes; tellurium; terbium; tetrachlorides; carbon tetrachloride; acetylene tetrachloride; technetium; thiocarbanilide; titanite; sensitized cloth for photography; blueprint cloth; toluol; fuel for atomic piles; thorium; peat [fertiliser]; tragacanth gum for use in manufactures; thulium; carbonic hydrates; carbon; activated carbons; carbon for filters; animal carbon; animal charcoal; bone charcoal; blood charcoal; fertilizing preparations; nitrogenous fertilisers; calcium cyanamide [fertilizer]; nitrogenous lime [manure]; fertilizers; manure for agriculture; pyroligneous acid [wood vinegar]; uranium; chemical intensifiers for paper; chemical intensifiers for rubber; vulcanisation accelerators; enzymes for industrial purposes; ferments for chemical purposes; milk ferments for chemical purposes; fermium; ferrocyanides; soldering fluxes; brazing fluxes; formic aldehyde for chemical purposes; phosphatides; phosphates [fertilisers]; phosphorus; photographic paper; self-toning paper [photography]; photosensitive plates; sensitized photographic plates; ferrotype plates [photography]; sensitized films, unexposed; photographic developers; photographic sensitizers; chemical preparations for use in photography; photographic emulsions; francium; fluorine; industrial chemicals; chemicals for forestry, except fungicides,

herbicides, insecticides and parasiticides; glass-frosting chemicals; leather-renovating chemicals; glass-staining chemicals; enamel and glass-staining chemicals; enamel-staining chemicals; oil-separating chemicals; water purifying chemicals; oil-purifying chemicals; radiator flushing chemicals; soldering chemicals; welding chemicals; condensation-preventing chemicals; stain-preventing chemicals for use on fabrics; anti-tarnishing chemicals for windows; leather-waterproofing chemicals; textile-waterproofing chemicals; chemical preparations, except pigments, for the manufacture of enamel; leather-impregnating chemicals; textile-impregnating chemicals; horticulture chemicals, except fungicides, herbicides, insecticides and parasiticides; agricultural chemicals, except fungicides, weedkillers, herbicides, insecticides and parasiticides; soil conditioning preparations; chimney cleaners, chemical; color-brightening chemicals for industrial purposes; refrigerants; chlorine; chlorates; hydrochlorates; aluminium chloride; magnesium chloride; chlorides; palladious chlorides; chromates; flowers of sulphur for chemical purposes; caesium; cellulose; cerium; cyanides [prussiates]; cymene; loam; slag [fertilisers]; spinel [chemical preparations]; alkalies; caustic alkali; radioactive elements for scientific purposes; emulsifiers; erbium; ethane; methyl ether; sulphuric ether; ethyl ether; glycol ether; ethers; esters; cellulose ethers for industrial purposes; cellulose esters for industrial purposes.

Class 06

Aluminium; anchors; fittings of metal for building; white metal; beacons of metal, non-luminous; vats of metal; girders of metal; joists of metal; bottles [metal containers] for compressed gas or liquid air; preserve tins; preserving boxes of metal; swimming pools [metal structures]; beryllium [glucinium]; blooms [metallurgy]; ingots of common metal; bolts of metal; eye bolts; casks of metal; mooring buoys of metal; barrels of metal; identification bracelets of metal, for hospitals; bronze; bells; bells for animals; letters and numerals of common metal, except type; silos of metal; busts of common metal; vanadium; bird baths [structures of metal]; vice benches of metal; screws of metal; aviaries of metal [structures]; tungsten; hoppers of metal, non-mechanical; gates of metal; sleeves [metal hardware]; signboards of metal; diving boards of metal; loading gauge rods, of metal, for railway waggons; nuts of metal; galena [ore]; celtium [hafnium]; nails; brads; tacks [nails]; horseshoe nails; germanium; tombs of metal; vice claws of metal; doors of metal; memorial plaques, of metal; tombstone plaques of metal; packaging containers of metal; containers of metal for storing acids; jalousies of metal; iron, unwrought or semi-wrought; gutters of metal; tinplate; bungs of metal; plugs of metal; bolts, flat; latch bars of metal; window fasteners of metal; crampons of metal [cramps]; binding screws of metal for cables; wheel clamps [boots]; rivets of

metal; padlocks; locks of metal for vehicles; locks of metal, other than electric; locks of metal for bags; spring locks; box fasteners of metal; machine belt fasteners of metal; door bolts; bottle closures of metal; closures of metal for containers; bolts; wall plugs of metal; latches of metal; tension links; stretchers for metal bands [tension links]; wire stretchers [tension links]; stretchers for iron bands [tension links]; couplings of metal for chains; door bells, non-electric; signs, non-luminous and non-mechanical, of metal, for roads; signs, non-luminous and non-mechanical, of metal; numberplates, of metal; registration plates, of metal; bronzes [works of art]; works of art of common metal; hardware of metal, small; ironmongery; indium; cabanas of metal; telephone booths of metal; cadmium; paint spraying booths, of metal; ropes of metal; telpher cables; greenhouse frames of metal; framework of metal for building; cornices of metal; skating rinks [structures of metal]; cermets; metal cages for wild animals; keys; knobs of metal; cobalt, raw; chill-molds [foundry]; bed casters of metal; furniture casters of metal; pillars of metal for buildings; sealing caps of metal; bottle caps of metal; capsules of metal for bottles; sealing caps of metal for bottles; tent pegs of metal; rings of common metal for keys; copper rings; ferrules of metal; ferrules of metal for handles; rings of metal; stop collars of metal; door fittings, of metal; fittings of metal for windows; buildings, transportable, of metal; buildings of metal; steel buildings; guard rails of metal; baskets of metal; money boxes of metal; door cases of metal; door frames of metal; stringers [parts of staircases] of metal; taps for casks, of metal; tubing of metal; casings of metal for oilwells; roofing of metal; brackets of metal for building; turntables [railways]; manhole covers of metal; pitons of metal [mountaineering equipment]; hooks [metal hardware]; pot hooks of metal; hooks for slate [metal hardware]; hooks of metal for clothes rails; clothes hooks of metal; chicken-houses, of metal; brass, unwrought or semi-wrought; bands of metal for tying-up purposes; scaffolding of metal; staircases of metal; ladders of metal; limonite; steel sheets; cast steel; traps for wild animals; magnesium; manganese; reinforcing materials, of metal, for concrete; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; reinforcing materials of metal for building; materials of metal for funicular railway permanent ways; railway material of metal; building materials of metal; refractory construction materials of metal; masts of metal; steel masts; copper, unwrought or semi-wrought; sheets and plates of metal; common metals, unwrought or semi-wrought; pyrophoric metals; metals in powder form; molybdenum; door knockers; monuments of metal; porches of metal [building]; monuments of metal for tombs; bronzes for tombstones; roof flashing of metal; fish plates [rails]; flashing of metal, for building; anvils; anvils [portable]; beak-irons [bick-irons]; ferrules of metal for walking sticks; rope thimbles of metal; handcuffs; duckboards of metal;

german silver; nickel; niobium; grease nipples; thread of metal for tying-up purposes; binding thread of metal for agricultural purposes; house numbers of metal, non-luminous; braces of metal for handling loads; wall claddings of metal [building]; wall linings of metal [building]; cladding of metal for construction and building; moldings of metal for cornices; laths of metal; barrel hoops of metal; fences of metal; palings of metal; tree protectors of metal; crash barriers of metal for roads; latticework of metal; trellis of metal; ironwork for doors; ironwork for windows; windows of metal; casement windows of metal; tin; shuttering of metal for concrete; filings of metal; cask stands of metal; poles of metal, for electric lines; props of metal; wainscoting of metal; signalling panels, non-luminous and non-mechanical, of metal; partitions of metal; lintels of metal; strap-hinges of metal; shims; rocket launching platforms of metal; platforms, prefabricated, of metal; transport pallets of metal; floor tiles, of metal; tiles of metal for building; anchor plates; tie plates; armour plate; gravestone slabs of metal; tile floorings of metal; iron slabs; lead seals; loading pallets, of metal; handling pallets of metal; firedogs [andirons]; armour plating; paving blocks of metal; roof coverings of metal; floors of metal; sills of metal; ceilings of metal; gold solder; silver solder; door closers, non-electric; door openers, non-electric; door springs, non-electric; valves of metal, other than parts of machines; clips of metal for cables and pipes; wall hooks of metal for pipes; floating docks of metal for mooring boats; iron wire; aluminium wire; wire for aerials; soldering wire of metal; wire of common metal; wire of common metal alloys, except fuse wire; barbed wire; copper wire, not insulated; steel wire; washers of metal; springs [metal hardware]; rods of metal for welding; rods of metal for brazing; rods of metal for brazing and welding; enclosures of metal for tombs; window frames of metal; frames of metal for building; tanks of metal; containers of metal [storage, transport]; containers of metal for liquid fuel; containers of metal for compressed gas or liquid air; floating containers of metal; rails of metal; belts of metal for handling loads; gratings of metal; furnace fireguards; pulleys of metal, other than for machines; runners of metal for sliding doors; window pulleys; iron ores; ores of metal; chrome ores; tool handles of metal; door handles of metal; scythe handles of metal; broom handles of metal; knife handles of metal; pilings of metal; lead, unwrought or semi-wrought; safes [strong boxes]; vaults of metal [burial]; buckles of common metal [hardware]; door scrapers; cable joints of metal, non-electric; jets of metal; nozzles of metal; anti-friction metal; silver plated tin alloy; alloys of common metal; nickel-silver; bindings of metal; sheaf binders of metal; shutters of metal; outdoor blinds of metal; steel alloys; iron strip; steel strip; steel, unwrought or semi-wrought; tinfoil; statues of common metal; figurines [statuettes] of common metal; tombstone stelae of metal; pegs of metal; pins [hardware]; bars for metal railings; posts of metal; advertisement columns of metal;

telegraph posts of metal; railway switches; steps [ladders] of metal; slings of metal for handling loads; stair treads [steps] of metal; identity plates of metal; tantalum [metal]; troughs of metal for mixing mortar; greenhouses of metal, transportable; titanium; wire cloth; tombac; boarding stairs of metal, mobile, for passengers; cables of metal, non-electric; wire rope; mooring bollards of metal; turnstiles, non-automatic; angle irons; tinplate packings; stops of metal; door stops of metal; gate stops of metal; sash fasteners of metal for windows; bicycle parking installations of metal; towel dispensers, fixed, of metal; wind-driven bird-repelling devices made of metal; tungsten iron; molybdenum iron; silicon iron; ferrotitanium; chrome iron; door panels of metal; weather vanes of metal; wind vanes of metal; aluminium foil; foils of metal for wrapping and packaging; ice moulds of metal; foundry molds of metal; fittings of metal for coffins; fittings of metal for beds; fittings of metal for furniture; building or furniture fittings of nickel-silver; chromium; cattle chains; chains for dogs; safety chains of metal; chains of metal; zinc; zirconium; tiles of metal; cast iron, unwrought or semi-wrought; balls of steel; hinges of metal; poles of metal; crampons [climbing irons]; cashboxes of metal; safety cashboxes; belt stretchers of metal; railroad ties of metal; window casement bolts; cotter pins; spurs; roller blinds of steel; building boards of metal; insect screens of metal; furnace fire screens; badges of metal for vehicles; lock bolts; bins of metal; chests of metal; tool boxes of metal, empty; tool chests of metal, empty; chests of metal for food; meat safes of metal; boxes of common metal; letter boxes of metal.

Class 09

DVD players; ticket dispensers; coin-operated musical automata [juke boxes]; distribution machines, automatic; vending machines; motor fire engines; answering machines; accumulators, electric; accumulators, electric, for vehicles; actinometers; alidades; altimeters; ammeters; anemometers; anodes; aerials; antennas; anticathodes; apertometers [optics]; divers' apparatus; high-frequency apparatus; testing apparatus not for medical purposes; remote control apparatus; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, electric; sound recording apparatus; distillation apparatus for scientific purposes; diffraction apparatus [microscopy]; air analysis apparatus; apparatus to check stamping mail; sound transmitting apparatus; electrical apparatus for sealing plastics [packaging]; apparatus for fermentation [laboratory apparatus]; electric arc cutting apparatus; electric arc welding apparatus; electric welding apparatus; breathing apparatus, except for artificial respiration; breathing apparatus for underwater swimming; x-rays producing apparatus and installations, not for medical purposes; cash registers; electric apparatus for

commutation; intercommunication apparatus; stills for laboratory experiments; projection apparatus; roentgen apparatus not for medical purposes; radiological apparatus for industrial purposes; soldering apparatus, electric; blueprint apparatus; blinkers [signalling lights]; stereoscopic apparatus; telegraphs [apparatus]; telephone apparatus; telephone transmitters; facsimile machines; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance; acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; barometers; anode batteries; high tension batteries; galvanic batteries; batteries for pocketlamps; batteries for lighting; solar batteries; batteries, electric; balances [steelyards]; gasoline pumps for service stations; betatrons; binoculars; electronic tags for goods; magnetic tape units for computers; computer memories; fire hose nozzles; encoded identification bracelets, magnetic; safety tarpaulins; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; electrolyzers; variometers; scales; letter scales; weighbridges; precision balances; levelling staffs [surveying instruments]; camcorders; video cassettes; video telephones; video screens; viewfinders, photographic; plugs, sockets and other contacts [electric connections]; micrometer screws for optical instruments; viscosimeters; circuit closers; wavemeters; voltmeters; coin-operated gates for car parks or parking lots; mechanical signs; switchboxes [electricity]; current rectifiers; jigs [measuring instruments]; gas testing instruments; gasometers; galvanometers; heliographic apparatus; hygrometers; hydrometers; weights; peepholes [magnifying lenses] for doors; holograms; plotters; loudspeakers; sounding leads; plumb bobs; range finders; densimeters; densitometers; optical goods; detectors; galena crystals [detectors]; smoke detectors; counterfeit [false] coin detectors; slides [photography]; slide projectors; diaphragms [photography]; dictating machines; dynamometers; floppy disks; sound recording discs; disks, magnetic; optical discs; calculating disks; disk drives for computers; juke boxes for computers; DNA chips; electronic notice boards; capacity measures; swimming jackets; bullet-proof waistcoats; life jackets; identification threads for electric wires; nose clips for divers and swimmers; locks, electric; bells [warning devices]; alarm bells, electric; electric door bells; signal bells; acoustic conduits; mirrors for inspecting work; road signs, luminous or mechanical; signs, luminous; marine depth finders; probes for scientific purposes; buzzers; buzzers, electric; needles for record players; gauges; measures; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters [electricity]; indicators [electricity]; pressure indicators; temperature indicators; incubators for bacteria culture; measuring instruments; mathematical instruments; levelling instruments; surveying instruments; azimuth instruments; interfaces for computers; ionisation apparatus, not for the treatment of air; spark-guards;

coaxial cables; fibre optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calculating machines; pocket calculators; decompression chambers; cinematographic cameras; electronic pens [visual display units]; holders for electric coils; identity cards, magnetic; video game cartridges; encoded cards, magnetic; riding helmets; protective helmets; carriers for dark plates [photography]; automated teller machines [ATM]; cathodes; choking coils [impedance]; coils, electric; electromagnetic coils; spools [photography]; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; electronic agendas; push buttons for bells; mouse pads; magnetic encoders; anti-dazzle shades; collectors, electric; calibrating rings; protective suits for aviators; commutators; compact discs [read-only memory]; compact discs [audio-video]; comparators; marine compasses; computers; laptop computers; notebook computers; condensers [capacitors]; contacts, electric; contacts, electric, of precious metal; wind socks for indicating wind direction; branch boxes [electricity]; distribution boxes [electricity]; connectors [electricity]; junction boxes [electricity]; accumulator boxes; accumulator jars; cabinets for loudspeakers; diving suits; reflecting discs for wear, for the prevention of traffic accidents; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; darkroom lamps [photography]; neon signs; thermionic lamps and tubes; thermionic valves [radio]; amplifying tubes; flashlights [photography]; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; slide-rules; contact lenses; correcting lenses [optics]; optical lenses; lens hoods; optical condensers; sounding lines; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; magnets; decorative magnets; resuscitation mannequins [teaching apparatus]; mouse [data processing equipment]; manometers; divers' masks; solderers' helmets; protective masks; materials for electricity mains [wires, cables]; accounting machines; voting machines; money counting and sorting machines; material testing instruments and machines; hemline markers; megaphones; speaking tubes; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; metronomes; rules [measuring instruments]; carpenters' rules; dressmakers' measures; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometer gauges; microprocessors; microscopes; microtomes; microphones; modems; lightning conductors [rods]; monitors [computer hardware]; animated cartoons; terminals [electricity]; junction sleeves for electric cables; cases fitted with dissecting instruments [microscopy]; teeth protectors; knee-pads for workers; self-regulating fuel pumps; fuel dispensing pumps for service stations; headphones; surveyors' levels; verniers; sound

recording carriers; magnetic data media; optical data media; socks, electrically heated; sheaths for electric cables; identification sheaths for electric wires; weighing machines; punched card machines for offices; furniture especially made for laboratories; shoes for protection against accidents, irradiation and fire; objectives [lenses] [optics]; lenses for astrophotography; egg-candlers; extinguishers; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; garments for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; ozonisers [ozonators]; octants; eyepieces; ohmmeters; wrist rests for use with computers; spectacle frames; eyeglass frames; pince-nez mountings; oscillographs; plumb lines; mirrors [optics]; spectacles [optics]; sunglasses; goggles for sports; signalling panels, luminous or mechanical; radio pagers; eyeglasses; pince-nez; electronic pocket translators; transmitters [telecommunication]; transmitters of electronic signals; switches, electric; periscopes; gloves for divers; asbestos gloves for protection against accidents; gloves for protection against accidents; gloves for protection against x-rays for industrial purposes; furnaces for laboratory experiments; pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; wafers [silicon slices]; compact disc players; cassette players; sound recording strips; roentgen films, exposed; films, exposed; life-saving rafts; laboratory trays; semi-conductors; polarimeters; fire engines; floats for bathing and swimming; water wings; measuring glassware; swimming belts; life belts; circuit breakers; fuses; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; hair-curlers, electrically heated; distance measuring apparatus; speed measuring apparatus [photography]; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; make-up removing appliances, electric; distance recording apparatus; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; measuring apparatus; measuring devices, electric; boiler control instruments; cosmographic instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; precision measuring apparatus; instruments containing eyepieces; audio and video receivers; prisms [optics]; cigar lighters for automobiles; printers for use with computers; apparatus for changing record player needles; retorts' stands; drainers for use in photography; cleaning

apparatus for sound recording discs; fire beaters; sighting telescopes for firearms; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; wires of metal alloys [fuse wire]; computer operating programs, recorded; computer programs, recorded; computer software, recorded; monitors [computer programs]; computer game programs; computer programs [downloadable software]; record players; central processing units [processors]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; vacuum tubes [radio]; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; frames for photographic transparencies; screens for photoengraving; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; light dimmers [regulators], electric; stage lighting regulators; speed regulators for record players; cell switches [electricity]; reducers [electricity]; washing trays [photography]; marking gauges [joinery]; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; x-ray photographs, other than for medical purposes; rheostats; respirators, other than for artificial respiration; respirators for filtering air; retorts; refractometers; refractors; grids for batteries; horns for loudspeakers; saccharometers; light conducting filaments [optical fibers]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; whistle alarms; sextants; inductors [electricity]; life nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; sirens; scanners [data processing equipment]; integrated circuit cards [smart cards]; connections for electric lines; connections, electric; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; radiotelegraphy sets; radiotelephony sets; spectacle glasses; optical glass; glass covered with an electrical conductor; anti-glare glasses; personal stereos; stereoscopes; fire boats; sulphitometers; hands free kits for phones; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; meters; parking meters; postage stamp meters; kilometer recorders for vehicles; revolution counters; abacuses; taximeters; ear plugs; ear plugs for divers; tachometers; word processors; television apparatus; telescopes; teleprompters; teleprinters; portable telephones; theodolites; thermometers, not for medical purposes; thermostats; thermostats for vehicles; crucibles [laboratory]; tone arms for record players; totalizers; transistors [electronic]; protractors [measuring instruments]; battery chargers; transformers [electricity]; vehicle breakdown warning triangles; starter cables for motors; discharge tubes,

electric, other than for lighting; capillary tubes; x-rays tubes not for medical purposes; telephone receivers; turnstiles, automatic; quantity indicators; automatic indicators of low pressure in vehicle tires; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; clinometers; gradient indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; particle accelerators; sprinkler systems for fire protection; electric installations for the remote control of industrial operations; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; electroplating apparatus; door closers, electric; tape recorders; protection devices against x-rays [roentgen rays], not for medical purposes; apparatus for games adapted for use with an external display screen or monitor; railway traffic safety appliances; data processing apparatus; door openers, electric; oxygen transvasing apparatus; theft prevention installations, electric; electric devices for attracting and killing insects; amusement apparatus adapted for use with an external display screen or monitor; time clocks [time recording devices]; film cutting apparatus; drying apparatus for photographic prints; optical character readers; elevator operating apparatus; centering apparatus for photographic transparencies; dosage dispensers; chargers for electric batteries; acoustic [sound] alarms; sounding apparatus and machines; life saving apparatus and equipment; editing appliances for cinematographic films; cathodic anti-corrosion apparatus; couplers [data processing equipment]; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; anti-theft warning apparatus; alarms; fog signals, non-explosive; adding machines; readers [data processing equipment]; heat regulating apparatus; photocopiers [photographic, electrostatic, thermic]; bar code readers; flat irons, electric; filters for respiratory masks; filters for ultraviolet rays, for photography; filters [photography]; magic lanterns; optical lanterns; signal lanterns; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; spectacle cases; eyeglass cases; pince-nez cases; containers for microscope slides; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; eyeglass chains; pince-nez chains; cyclotrons; compasses [measuring instruments]; frequency meters; egg timers [sandglasses]; fire blankets; chips [integrated circuits]; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; protective helmets for sports; eyeglass cords; pince-nez cords; stands for photographic apparatus; tripods for

cameras; eyeshades; switchboards; distribution boards [electricity]; workmen's protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; screens [photography]; exposure meters [light meters]; welding electrodes; soldering irons, electric; ducts [electricity]; galvanic cells; epidiascopes; ergometers; armatures [electricity].

Class 11

Lamp shades; steam accumulators; heat accumulators; defrosters for vehicles; water heaters [apparatus]; distillation apparatus; desiccating apparatus; disinfectant apparatus; air deodorising apparatus; tanning apparatus [sun beds]; ionisation apparatus for the treatment of air; coffee roasters; beverages cooling apparatus; hand drying apparatus for washrooms; water purifying apparatus and machines; refrigerating apparatus and machines; drying apparatus and installations; freezers; drying apparatus; fruit roasters; framework of metal for ovens; coolers for furnaces; expansion tanks for central heating installations; refining towers for distillation; bidets; boilers, other than parts of machines; bath tubs; spa baths [vessels]; bath tubs for sitz baths; waffle irons, electric; fans [air-conditioning]; fans [parts of air-conditioning installations]; electric fans for personal use; roasting spits; refrigerating display cabinets [display cases]; water heaters; flushing apparatus; air reheaters; extractor hoods for kitchens; gas generators [installations]; gas condensers, other than parts of machines; acetylene generators; hydrants; burners; acetylene burners; petrol burners; gas burners; burners for lamps; germicidal burners; incandescent burners; oxhydrogen burners; laboratory burners; oil burners; alcohol burners; hot water bottles; warming pans; footwarmers, electric or non-electric; bedwarmers; pocket warmers; lampshade holders; stills; showers; chimney flues; refrigerating containers; gas lighters; lighters; friction lighters for igniting gas; chimney blowers; coils [parts of distilling, heating or cooling installations]; ash pits for furnaces; evaporators; flares; shower cubicles; turkish bath cabinets, portable; heating apparatus; refrigerating chambers; fireplaces, domestic; autoclaves [electric pressure cookers]; pressure cooking saucepans, electric; air valves for steam heating installations; level controlling valves in tanks; thermostatic valves [parts of heating installations]; electrically heated carpets; light bulbs; light bulbs, electric; solar collectors [heating]; distillation columns; lamp globes; air conditioning apparatus; gas boilers; laundry room boilers; washing coppers; heating boilers; coffee machines, electric; taps [cocks, spigots] for pipes; taps [faucets]; mixer taps for water pipes; forges, portable; lava rocks for use in barbecue grills; lights, electric, for christmas trees; acetylene flares; safety lamps; gas lamps; curling lamps; germicidal lamps for purifying air; projector lamps; lamps for directional signals of automobiles; light bulbs for directional signals for vehicles; arc lamps; laboratory lamps; oil

lamps; soldering lamps; ultraviolet ray lamps, not for medical purposes; miners' lamps; electric lamps; chandeliers; barbecues; bread baking machines; watering machines for agricultural purposes; disposable sterilization pouches; footmuffs, electrically heated; heaters, electric, for feeding bottles; heaters for baths; heaters for heating irons; immersion heaters; brackets for gas burners; anti-splash tap nozzles; heat pumps; filaments for electric lamps; heating filaments, electric; magnesium filaments for lighting; luminous house numbers; bath linings; heating apparatus for defrosting windows of vehicles; hot air bath fittings; bath fittings; loading apparatus for furnaces; kiln furniture [supports]; sauna bath installations; refrigerating appliances and installations; blankets, electric, not for medical purposes; lamp reflectors; vehicle reflectors; clean chambers [sanitary installations]; steam boilers, other than parts of machines; pasteurisers; lamp casings; sockets for electric lights; coffee percolators, electric; furnaces, other than for experimental purposes; stoves [heating apparatus]; bakers' ovens; hot air ovens; microwave ovens [cooking apparatus]; microwave ovens for industrial purposes; incinerators; kilns; solar furnaces; urinals [sanitary fixtures]; feeding apparatus for heating boilers; heating plates; cookers; kitchen ranges [ovens]; aquarium heaters; aquarium lights; heating cushions [pads], electric, not for medical purposes; cooking utensils, electric; water intake apparatus; deodorising apparatus, not for personal use; apparatus for dehydrating foodstuffs organic materials; griddles [cooking appliances]; grills [cooking appliances]; roasting apparatus; fumigation apparatus, not for medical purposes; gas scrubbing apparatus; oil-scrubbing apparatus; glue-heating appliances; drying apparatus for fodder and forage; water filtering apparatus; air purifying apparatus and machines; ice machines and apparatus; cooling appliances and installations; cooking apparatus and installations; lighting apparatus and installations; sanitary apparatus and installations; cooking rings; lighting apparatus for vehicles; heating apparatus, electric; hot air apparatus; heating apparatus for solid, liquid or gaseous fuels; steam facial apparatus [saunas]; safety accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for water apparatus; regulating and safety accessories for gas pipes; roasting jacks; anti-dazzle devices for automobiles [lamp fittings]; plate warmers; electric appliances for making yogurt; rotisseries; radiator caps; diving lights; flashlights [torches]; searchlights; washers for water taps; anti-glare devices for vehicles [lamp fittings]; radiators [heating]; central heating radiators; radiators, electric; sinks; disinfectant dispensers for toilets; drip irrigation emitters [irrigation fittings]; light diffusers; atomic piles; nuclear reactors; heat regenerators; flushing tanks; pressure water tanks; furnace grates; roasters; lamps; standard lamps; street lamps; ceiling

lights; toilet seats; lighting installations for air vehicles; gas scrubbers [parts of gas installations]; lamp glasses; sterilizers; water sterilizers; air sterilisers; air driers [dryers]; laundry dryers, electric; hair driers [dryers]; malt roasters; tobacco roasters; heat exchangers, not parts of machines; bread toasters; discharge tubes, electric, for lighting; lamp chimneys; luminous tubes for lighting; flues for heating boilers; boiler pipes [tubes] for heating installations; pipes [parts of sanitary installations]; toilets [water-closets]; toilets, portable; humidifiers for central heating radiators; wash-hand basins [parts of sanitary installations]; toilet bowls; water conduits installations; bath installations; bath plumbing fixtures; air conditioning installations; ventilation [air-conditioning] installations for vehicles; desalination plants; processing installations for fuel and nuclear moderating material; watering installations, automatic; cooling installations for water; cooling installations for liquids; milk cooling installations; cooling installations for tobacco; water purification installations; purification installations for sewage; steam generating installations; water distribution installations; air filtering installations; swimming pools chlorinating units; ventilation [air-conditioning] installations and apparatus; water softening apparatus and installations; cooling installations and machines; heating installations; heaters for vehicles; heating installations [water]; polymerisation installations; water supply installations; ash conveyor installations, automatic; whirlpool-jet apparatus; air cooling apparatus; furnaces; hearths; stoves; aquarium filtration apparatus; flare stacks for use in the oil industry; headlights for automobiles; vehicle headlights; filters [parts of household or industrial installations]; filters for air conditioning; coffee filters, electric; filters for drinking water; lanterns; automobile lights; bicycle lights; lights for vehicles; pocket searchlights; pocket torches, electric; lanterns for lighting; chinese lanterns; fairy lights for festive decoration; fountains; ornamental fountains; deep fryers, electric; oven fittings made of fireclay; fittings, shaped, for furnaces; refrigerators; chromatography apparatus for industrial purposes; kettles, electric; dampers [heating]; ventilation hoods; ventilation hoods for laboratories; dental ovens; refrigerating cabinets; ice boxes; fuel economisers; carbon for arc lamps; heating elements.

Class 42

Computer systems analysis; chemical analysis; authenticating works of art; recovery of computer data; graphic arts designing; computer virus protection services; installation of computer software; meteorological information; weather forecasting; material testing; textile testing; bacteriological research; biological research; geological research; research in the field of environmental protection; cosmetic research; mechanical research; physics [research]; chemical research; analysis for oil-field

exploitation; underwater exploration; calibration [measuring]; oil-well testing; quality control; vehicle roadworthiness testing; land surveying; dress designing; updating of computer software; geological surveys; oil-field surveys; maintenance of computer software; design of interior decor; conversion of data or documents from physical to electronic media; providing search engines for the internet; data conversion of computer programs and data [not physical conversion]; computer system design; rental of web servers; computer rental; rental of computer software; geological prospecting; oil prospecting; hosting computer sites [web sites]; duplication of computer programs; computer software design; cloud seeding; consultancy in the field of energy-saving; creating and maintaining web sites for others; computer programming; industrial design; styling [industrial design]; chemistry services; packaging design.

JOINT STOCK COMPANY "TVEL"

24, UL. BOLSHAYA ORDYNKA, RU-119017 MOSCOW,
RUSSIAN FEDERATION

T1206635I (07)

(International Registration No. 1113629)

Date of International Registration: 19/01/2012

Date of Protection in Singapore: 19/01/2012

Class 07

Hydraulic machines and instruments, namely, pumps as parts of machines, motors and engines, magnetic drive pumps, centrifugal pumps, reciprocating pumps, rotary pumps, axial flow pumps, mixed flow pumps, reciprocating vacuum pumps, rotary vacuum pumps, diffusion pumps.

SANWA HYDROTECH CORPORATION

11-33, MINAMI-KANEDEN 2-CHOME, SUITA-SHI, OSAKA
