REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 01

Chemicals and fertilizers used in industry, science and photography, as well as in agriculture, horticulture and forestry; chemicals for use in the treatment and conditioning of water and liquid manure; emulsifiers; surface-active substances; refrigerants; grease dissolving preparations for use in industrial processes; reagents used for the quantitative determination of nitrogen and other elements in chemical substances; reagents for use in polymerase chain reaction for DNA sequencing; chemical cleaning agents for use in industrial processes; chemical cleaning agents and for use in the food processing industry, including the dairy industry; additives; acid and other detergents with germicide for clean-in-place (CIP) systems in the food processing industry, including the dairy industry; filtering media of artificial or natural substances, included in this class; unprocessed artificial resins; unprocessed plastics; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry.

Class 02

Dyes (other than for office use); livestock markers, namely spray paints for the color marking of animals; tracer dye for use in weed killing and in agriculture.

Class 03

Cleaning, fragrancng, polishing, scouring and abrasive preparations (other than for office use); detergents; laundry preparations; toiletries; soaps; skin care preparations; cosmetics for livestock; cloths impregnated with a detergent for cleaning and care; cleaning agents for use in the processing industry, including the food processing industry.

Class 04

Industrial oils and greases; mineral and non-mineral oil for industrial purposes, namely for machinery; lubricants; lubricating oil; dust absorbing, dust wetting and dust binding compositions; fuels (including

motor spirit) and illuminants; candles and wicks for lighting.

Class 05

Disinfectants and antiseptics; bactericides; disinfectants for cooling apparatus; disinfectants for the food processing industry, including the dairy industry; disinfectants for dairy animals, for milkers and for machines, devices and other equipment used in the dairy industry; teat disinfectants; disinfectants washes; disinfectants impregnated into tissues; medical and veterinary preparations and articles; veterinary products for the dairy industry; bacteriological preparations for medical or veterinary use; bacteria poisons; antiseptic sprays in aerosol form; mineral and dietary supplements for animal feed; iodine; medicated additives for animal foods; lotions for veterinary purposes; milking grease; pharmaceutical preparations; hygienic preparations and articles; pest control preparations and articles; algacides; preparations in the form of liquids or powders for removing moss; fly combating preparations; lice destroying preparations; insect repellents; biocides; preparations for destroying vermin; germicides for use in the food processing industry, including the dairy industry.

Class 06

Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery and small items of metal hardware; pipes and tubes of metal; unprocessed and semi-processed materials of metal, not specified for use; valves of metal (except for machine parts); pipes, tanks, rods, tubes of metal and fittings and accessories therefor; pipework, fittings and flanges of metal; fittings of metal for compressed air ducts; parts for animal stalls, milking parlor equipment, milk containers, vats, channels, tubs, gates, borders, doors, portals, barriers, grates, all mainly of metal, as well as fittings and accessories therefor; earmarks of metal for livestock; containers, and transportation and packaging articles, of metal; closures of metal for containers; containers of metal for compressed gas or liquid air; metal hardware; pipe jackets of metal; transfer tubes of metal.

Class 07

Machines and machine tools for treatment of materials and for manufacturing (other than for office use); motors and engines (except for land vehicles and other than for office use); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand-operated; emulsifying machines and homogenizers (for chemical processing or food production); brewing machines; kneading machines; mixers (machines); drilling machines; electric knives; blade holders (parts of machines); knives (parts of machines); stropping machines; shaping and moulding machines (other than for office use); pressing machines; mills and crushing machines; rasps (machines); machines, mechanical apparatus, implements and parts thereof for the processing industry, in biotechnology, for use in the production and processing of drinking water, on oil rigs, in land and sea vehicles; machines, mechanical apparatus, implements and parts thereof for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy producing, waste water processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; machines for the production and processing of dry ice, cubed, crushed and flaked ice; motors, pumps and compressors for refrigerators and freezers; machines, mechanical apparatus and plants for the manufacturing of gases, chemical products, foodstuffs, including beverages; machines for dividing,

clarifying, separating, mixing and conveying of liquid and/or solid mixtures and substances; centrifugal mixers; powder mixers; reverse osmosis machines for increasing the concentration of dissolved substances in liquids, filtering machines, separators, decanters and centrifuges; cartridges for filtering machines; rotating brush sieves; cyclones as parts of machinery; oil separators; filters, sieves and membranes as parts of machines and for motors and engines; compressors and compressing fans; pumps, in particular for beverages and other foodstuffs; blowing machines; pump diaphragms; suction machines for industrial purposes; electric machines and apparatus for cleaning and implements; steam cleaners; food and beverage processing and preparation equipment, namely butter machines, computer-operated and non-computer-operated machines and installations for the processing, further processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, computer-operated and non-computer-operated machines and installations for the pre-processing, processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, in particular knives, mills, mixers (machines), emulsifying machines, machines for sausage production, apparatus [machine parts] for the production, processing and portioning of flour, albumen and bread crumbs as well as automatic machines for the storage and packaging of foodstuffs, vacuum packing machines and assembly lines and machinery apparatus and mechanical equipment for the production, processing and refining of foodstuffs, semiluxury food and beverages; cutting machines; food slicers; slicers (machines, electric); sausage making machines; labelling machines (other than for office use); printing machines (other than for office use); moving and handling equipment; agitators; lifting and hoisting equipment; handling machines, automatic (manipulators); palletisers; machines for lifting and accessories; bottle filling machines; bottle washing machines; bottle capping machines; conveyors; belt conveyors; loading machines; automatic loading systems; manure augers; vacuum packing machines; packaging machines; wrapping machines; foil wrapping machines; engines, powertrains and generic parts for machines; pressure regulators (parts of machines); heat exchangers being machine parts; crankcases for machines, motors and engines; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; pistons (parts of machines and engines); regulators (parts of machines); steam traps; control mechanisms for machines, engines or motors; valves (machine parts); connection fittings for machines; expansion compensators, namely machine parts for compensating thermal stress; cleaners (machine parts); machines for the energy and power plant industry; machines for the energy technology, as far as comprised in class 7; compressors for refrigerators; machines for agglomeration, granulation and lamination (coating) of materials, including foodstuffs and pharmaceutical preparations, and plants composed of the aforementioned machines used for applying the fluid bed technology for commercial purposes; sealing machines for industrial purposes; filling machines; atomizers; machines using microwave technology for commercial purposes; machines for agricultural engineering purposes; environmental technology machines for commercial purposes; machines for industrial plant construction; machine tools; machines and installations composed thereof for applying the spraying technology and spray drying technology for commercial purposes; agricultural, earthmoving, construction, oil and gas extraction and mining equipment; agricultural equipment; electric machines for the processing of foodstuffs; fodder presses; rotary and linear milking parlor installations; semi-automatic and automatic milking machines; milking installations; component parts for milking machines; pumps and pulsators for the dairy industry; udder washing and spraying apparatus; automatic feeding machines; milking parlor equipment,

namely manure scrapers; tractor-towed farm implements; waste management systems, processing systems and recovery systems for manure, slurry and other animal waste, namely pumps or scrapers for the transport of solid and liquid animal excretions as well as presses for the separation of undigested solid elements; mechanized livestock feeders; machines and machine-operated equipment for cleaning and disinfecting purposes for use in the processing industry, including the food processing industry, in particular the dairy industry, namely machines for the disinfection of teats and hooves; installations and components for processing and the disposal of manure and slurry for the generation of energy, namely pumps and conveyors; sweeping and cleaning machines; cleaning devices and machine-type cleaning apparatus, in particular chemical and/or mechanical cleaning apparatus and installations, in particular for the dairy industry, the brewing and beverage industry, the food industry, the chemical, pharmaceutical and cosmetics industry; stable cleaning machines; road rollers; robots (machines); condensing installations; vacuum machines and installations composed thereof; vacuum installations being parts of milking machines; bottling plants for the bottling of solid, pasty and liquid substances and of heterogeneous substance mixtures; pumps for the food processing industry, including milking machine pumps; extractors for milking equipment from the udder; dust removing installations and equipment; installations for the collection of liquids; machines and mechanical apparatus for the concentrating, dispersing, suspending, filtering, separating, agglomerating, extracting, fermenting, homogenizing, adding gas and aerating of solid, liquid and/or gaseous substances, including their intermediates and precursors of synthetic, plant or animal origin, in particular including milk, milk products, milk intermediates, cheese, cheese products, cheese intermediates, butter, butter products, butter intermediates, coffee, beer, juices, meat, fish products and nutritional supplements products of the petrochemical, chemical and pharmaceutical industry and in particular of commercial or industrial waste, wastewater or exhaust gases; machines for filtering waste milk for feeding calves; installations for thickening of suspensions by means of decantation or evaporation, plants and apparatus for applying the fluid bed technology for commercial and industrial purposes, plants and apparatus for applying the spray technology, namely spray-dryers and spray-granulators.

Class 08

Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance.

Class 09

Regulating, checking (supervision), control, measuring and switching installations, apparatus and instruments (other than for office use); detecting and monitoring instruments, indicators and controllers; food analysis apparatus; quantity indicators; telemeters; diagnostic apparatus, not for medical purposes; transducers; flow meters; pressure gauges; refractometers; spectrometers; thermometers; remote controls; dosage dispensers; automatic liquid flow controls; control and regulating installations for managing and monitoring dairy herds; testing apparatus, not for medical purposes; alignment and calibrating instruments; vacuum gauges; scales; electronic measuring, control and checking (supervision) apparatus and instruments for climate monitoring and climate control; data processing and data collections installations and equipment; data output installations and equipment; data transmission installations and equipment; electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; apparatus and equipment for the industrial and

commercial measuring, monitoring and/or controlling technology; sensors and detectors; information technology and audiovisual equipment; scanners (other than for office use); luminescence scanners; electronically encoded identity devices; electronically encoded identity devices for livestock; communications equipment; transmitters; receivers; transponders; electric apparatus for commutation; X-ray apparatus, not for medical purposes; safety, security, protection and signalling devices; neck tags (electronic transmission and reception apparatus) and responders for livestock; protective and safety equipment; protective boots; protective gloves and protective clothing; protective goggles; software; application software; computer application software for mobile devices and computers; dairy herd management software and computer hardware; hardware; computer peripherals; optical devices, sensors and optical equipment, enhancers and correctors; observation instruments; closed-circuit video observation systems comprised of closed circuit television camera and video monitor; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; electrical contacts; electric relays; apparatus for recording, storage, transmission or reproduction of sound or images; scientific surveying, photographic, cinematographic, optical, weighing, signalling apparatus and instruments; scientific research and laboratory apparatus, educational apparatus and simulators; chemistry apparatus and instruments; electronic publications, downloadable; apparatus, instruments and cables for electricity; printed circuit boards; load cells.

Class 10

Veterinary apparatus and instruments; apparatus for stimulating the udder of dairy cattle; apparatus for monitoring the health status of livestock.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; air treatment and air purification equipment; deodorizing apparatus; air purifying installations; ventilation hoods; commercial and industrial dehumidifiers; HVAC systems (heating, ventilation and air conditioning); heat-recovery installations; air cooling apparatus; air purifying apparatus and machines; electrically powered blowers for ventilation; electric fans; regulating and safety accessories for water and gas installations; wet cooling towers and dry cooling towers with natural ventilation and/or forced ventilation for the cooling of liquid and/or vaporous media; burners, boilers and heaters; heat exchangers, not parts of machines; heat regenerators; furnaces; air reheaters; heat pumps; steam accumulators; heat accumulators; heat generating apparatus; stoves; incinerators; refrigerating and freezing equipment; refrigerating appliances and installations; cooling installations and cooling machines; refrigerating chambers; ice machines and apparatus; cooling condenser units consisting of a cooling component and a condenser (capacitor); transport refrigeration units for land, air and water vehicles, trailers, shipping boxes and containers; water cooling apparatus; cooling installations, in particular for foodstuffs, including milk cooling installations; cooling and refrigerating installations for the construction industry for the cooling of concrete; cooling and refrigerating installations for the mining industry; cooling and refrigerating installations for sports and leisure facilities; refrigerating containers; ice making machines; lighting and lighting reflectors; lighting apparatus; LED lighting apparatus; appliances for illumination; discharge tubes, electric, for lighting; infrared and ultraviolet lamps not for medical purposes; sanitary installations, water supply and sanitation equipment; sterilization, disinfection and decontamination equipment; disinfectant apparatus; autoclaves; water

sterilizers; sterilizers for foodstuffs, including milk; steam sterilizers; water purification, desalination and conditioning installations; agricultural irrigation units; installations and apparatus for wastewater treatment; reverse osmosis devices, water filtering apparatus and water purification installations; pipes being parts of sanitary facilities; sterilizers (not for medical purposes); food and beverage cooking, heating, roasting, grilling, cooling and treatment equipment; electric deep fryers; cooker hoods for industrial use; electric cooking utensils; electric kettles; coffee bean roasting machines; food dryers; roasting apparatus; infrared and microwave ovens for industrial purposes; pasteurizers; industrial treatment installations; industrial ovens and furnaces (not for food or beverages); heat exchangers for chemical processing; flare stacks; drying apparatus for chemical processing, distillation apparatus for chemical processing, evaporators for chemical processing, steamers for chemical processing; distillation columns and units; industrial water treatment plants; gas scrubbing apparatus and gas purifying installations; industrial installations for filtering liquids; sewage treatment installations; drying apparatus and installations; crystallizers; installations for the purification of gas; heat regenerators; vaporizing installations, apparatus and appliances; drying apparatus; humidifying installations and equipment; humidifiers; filter systems; cleaning installations and equipment for liquids; water purification, water treatment, water supply and water desalination installations and equipment; apparatus and equipment for the separation of solid and liquid materials of gaseous and/or liquid media; apparatus and equipment for exhaust steam and waste heat recovery; automatic watering installations; pressure water tanks; clean chambers (sanitary installations); water intake apparatus; water filtering apparatus; water softening apparatus; water distribution installations; water heaters; water heating installations; air treatment apparatus and machines; germicidal lamps for purifying air; filters for industrial and household use; filters for the separation of solid or liquid substances from liquids or gases, including the air; flues and installations for conveying exhaust gases; gas condensers, other than parts of machines; ionization apparatus for the treatment of air; valves being parts of sanitary, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply installations; installations and apparatus for the thermal treatment as well as for the thermal processing of foodstuffs, semiluxury food, beverages and animal feed, in particular for warming, heating, pasteurizing, distilling, refrigerating, freezing, chilling, condensing, spray drying, freeze-drying and drying, in particular milk, milk products, milk intermediates, cheese, cheese products, cheese intermediates, butter, butter products, butter intermediates, coffee, beer, juices, meat, fish products and nutritional supplements as well as products of the petrochemical, chemical and pharmaceutical industry and in particular of commercial or industrial waste, wastewater or exhaust gases; milking parlor equipment, namely air curtains and aerators; mechanical watering systems for livestock; all aforementioned goods also manufactured according to customers' order.

Class 17

Rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible tubes (not of metal); seals, sealants and insulating fillers; pipes of rubber, silicone rubber or other synthetic materials for the food processing industry, including milk lines; teat rubber; flexible pipes, tubes, hoses, and fittings therefor, including valves; seals for pipe connections; flexible tubes (not of metal); insulation jackets for industrial pipes.

Class 18

Leads, straps, collars and harness of leather and imitation leather, for

animals.

Class 19

Pre-fabricated building materials (not of metal) for the construction of animal stalls.

Class 20

Furniture, mirrors, picture frames; fastening material of plastic; valves, not of metal, other than parts of machines; non-metallic bins (other than dust bins); cupboards for the dairy industry; tanks, not of metal nor of masonry; boxes made of wood or plastic; fodder racks.

Class 21

Water troughs; feeding troughs; troughs for livestock; tableware (other than knives, spoons and forks), cookware and containers; cups; bottles; brushes; feeding troughs, mainly of metal; watering cans.

Class 25

Clothing; shirts, t-shirts, jackets, wind-resistant jackets, sweatshirts, vests, sweaters, sweat pants, ties, gloves and overalls; hats; caps.

Class 27

Floor coverings; floor coverings and artificial ground coverings; mats; mats for livestock farming.

Class 35

Advertising; marketing; promotional services; publication of publicity texts; public relations; market studies; market analysis; computerized business information services; computerized inventory control; administration of third party business interests (control, management, supervision); business appraisals; business assistance, management and administrative services; business consulting; accountancy, book keeping and auditing; business consulting services relating to data processing; business planning; business advisory services for traders and the branch office staff in the milk-producing industry in the field of branch management, namely planning of the sales area development, sales planning and marketing planning, distribution techniques, distribution route management planning, personnel management and operational management; updating and maintenance of data in computer databases; business project management services for construction projects; business strategy development services; data processing; business analysis, research and information services; commercial information agency; collection and systematization of information into computer databases; drawing up of business statistical information; business feasibility studies; commercial trading and consumer information services; import and export services; retail and wholesale trade in the fields of pharmaceutical, veterinary and sanitary preparations; conducting of business surveys.

Class 36

Insurance; financial affairs and monetary affairs, including leasing transactions; corporate trustee services; financing and loan services; deposit banking; real estate affairs; financial information, data, advice and consultancy services; financial consulting services.

Class 37

Building construction; installation, repair and maintenance of machines, mechanical apparatus, implements, motors and engines for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes,

for oil extracting and oil processing, for energy producing, waste water processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; installation, repair and maintenance of regulating, checking (supervision), control, measuring and switching installations, apparatus and instruments, detecting and monitoring instruments, data processing installations and equipment, data collection installations and equipment, data output installations and equipment and data transmission installations and equipment; installation, repair and maintenance of lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; steel structure construction works; building construction, including civil engineering construction and including for the building of industrial and mechanical installations and of buildings; building construction supervision; installation of industrial and mechanical installations; construction information; cleaning services; installation of temporary structures for trade fairs; interference suppression in electrical apparatus; retrofitting and modification of machines; repair or maintenance of machines, installations (facilities) and apparatuses; installation, maintenance and repair of machines, installations (facilities) and apparatuses; installation, maintenance and repair of plants on farms; advisory relating to installation, maintenance and repair services; providing information relating to installation, maintenance and repair services; rental of machines, mechanical apparatus, implements and motors for the oil extracting and oil processing, for energy producing, waste water processing and for metal processing industries, for drilling platforms and for underground mining; rental of drying, steam generating, ventilating and water supply apparatus.

Class 39

Packaging and storage of goods; transport services; delivery services; delivery of equipment for trade and industry, including the food processing industry, including dairy farms; delivery of dairy farm hygiene products, namely, dairy farm equipment hygiene products and animal hygiene products; delivery of animal health products; delivery of supplies for dairy farms and for the production of foodstuffs, industrial goods or industrial products and repair and replacement parts for dairy farm equipment and for the production of foodstuffs, industrial goods or industrial products; providing information relating to the rental of machines and apparatus for foodstuff packaging; rental of refrigerating apparatus.

Class 40

Processing of metals, plastics and natural resources, namely rubber, gutta-percha, gum, asbestos, mica, stone, wood and leather; material treatment information; refrigerant recovery services; providing information relating to the processing and conversion of foodstuffs; printing, and photographic and cinematographic development; photographic processing; custom manufacture and assembly services; rental of machines, mechanical apparatus, implements and motors for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for dairy purposes, rental of heating apparatus; providing information relating to the rental of air conditioning apparatus or of chemical processing machines and apparatus; providing information relating to the rental of machines and apparatus for food processing or beverage production; providing information relating to the rental of room cooling units for commercial or industrial purposes; providing information relating to the rental of water purification apparatus.

Class 41

Providing of training and further training; tuition; online provision of electronic and non-downloadable educational content and information via apps (applications) and programs for mobile devices and computers; education; arranging and conducting of seminars in the field of food and beverage industry as well as the pharmaceutical, chemical and processing industry; training services; training services for dairy producers and dealers and dealership personnel in the dairy production industry, namely, conducting workshops, seminars and classes, and individualized training in the field of dairy farm hygiene, namely, dairy farm equipment hygiene and animal hygiene, animal health, milking system analysis, and milking management; training services for dealers and dealership personnel in the dairy production industry, namely, conducting workshops, seminars and classes in the field of dealership route management and general business management, namely, financial planning and management, territory development planning, sales and marketing planning, sales techniques, route management planning, manpower management, and operations management; training services for buyers of machines and installations with respect to maintenance; educational services; educational services, namely, arranging and conducting classes, seminars, symposiums, colloquiums, conferences, and workshops; practical training [demonstration]; correspondence courses; coaching; provision of training facilities; computer training; translation services; publishing and reporting; publication services; providing electronic publications (not downloadable); electronic desktop publishing; publication of periodicals and books in electronic form, including on the Internet; editing of texts (except publicity texts); publication of reports in the fields of science and technology.

Class 42

Scientific and technological services; technical surveying of industrial processes; engineering services; physics research; construction drafting; architectural and urban planning services; industrial and medical research; consultancy in the field of energy-saving; research in the field of agricultural chemistry; IT programming services; IT consultancy, advisory and information services; design and development of computer hardware; duplication of computer programs and conversion of computer programmes and data [not physical conversion]; decoding of data; IT security services in the nature of protection and recovery of computer data; software design, development, programming and implementation; computer programming; data mining; hosting services and software as a service and rental of software; cloud computing; architectural and construction drafting and consultancy; preparation of data processing programs; rental of computer software, computer hardware and research facilities; validation and quality assurance with respect to software components and hardware components; consultancy relating to computer software maintenance; design, technical development and technical planning of industrial plants and machines; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; consultancy services for dairy producers in the field of water quality testing and analysis of the performance and reliability of milking and cooling systems and of the udder washing system function; consultancy services for dairy producers in the field of maintenance assessment of the performance and reliability of computer software and systems used for milking and cooling systems and of the udder washing system function; technological consultancy services to assist dairy producers in optimizing milk production performance and in maximizing milking efficiency by analyzing data, namely, milking vacuum levels, pulsation rates, ratios and characteristics, liner design and composition, milk production and dairy operator routines; consultancy in the field of

dairy parlor and dairy facilities by providing technological consultation on milking equipment, level of automation, technical equipment monitoring measures, electrical equipment needs, water quality monitoring, design and planning of milking boxes; consultancy in the field of science, engineering and information technology; consultancy in the field of numerical fluid mechanics and development of fluid-mechanical computer models; consultancy regarding technical research in the field of foodstuffs and beverages; consultancy in the field of biotechnology; consultancy in the field of pharmaceutical research; consultancy in the field of veterinary research and development; consultancy in the field of renewable energy; consultancy in the field of environmentally friendly technologies; chemical analysis for the optimization of hygiene in the food processing industry, including on dairy farms; chemical analysis for trade and industry, including the food processing industry and the dairy industry; provision of scientific information, advice and consultancy in relation to carbon offsetting; material testing; technical project management for the projection of industrial installations and machines; industrial analysis and research services; services of a research and development office; creation of new products; electronic data storage; data programming; data processing for others; data programming for others; design services; new product design; design planning of commercially used facilities and industrial plants, in particular of the food industry, including of dairy facilities; computer technology consulting; technological analysis services; research laboratories and laboratory testing services; chemistry services; electrical engineering services; chemical engineering; scientific research; technical project studies; surveying and exploration; preparation of scientific reports; research, development and design of new machines and installations for others in the field of food processing and packaging; conducting scientific experiments; research and development services; testing, authentication and quality control; technical testing services; conducting chemical analyses; analysing of manufacturing processes; measuring and analysis of emission and pollutant concentration; materials testing and evaluation; product testing; calibration services; rental of regulating, checking (supervision), control, measuring and switching installations, apparatus and devices, detecting and monitoring instruments, computers for data processing, data collection, data output and data transmission installations and equipment.

Class 44

Agriculture, aquaculture, horticulture and forestry services; farming (animals); farming (crops); veterinary and agricultural advisory services; rental of agricultural implements; pest control and extermination in agriculture, horticulture and forestry; rental of machines, mechanical apparatus, implements and motors for agricultural purposes; rental of sanitary installations.

Class 45

Legal services relating to the management, control and granting of licence rights.

Date of Notification: 12/01/2017

The French word "Safran" in the mark means "Saffron".

Class 06
Metals, metal alloys for use in the manufacture of aircraft parts and
components for use in the manufacture of parts, components of landing

gear for use in the construction of ships and spacecraft; common metals and alloys thereof.

Class 07

Machines for industrialization in the field of aeronautics and space, machine tools, machines for the manufacturing and repair of parts in the aeronautical and space field; industrial robots; motors, engines, actuators, reduction units, drive trains enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; motors, actuators, reduction units and drive trains to turn one or more wheels of an aircraft to enable it to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing.

Class 09

Electrotechnical, electronic or computer devices for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft; cells, batteries; capacitors, devices, electronic components enabling the collection, storage and restitution of the power generated while an aircraft is taxiing, or during the phase prior to or subsequent to landing, or prior to take-off; software for moving, steering, braking or stopping an aircraft during taxiing or during the phase prior to landing; software used for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft; scientific, optical, weighing, measuring, checking (supervision) apparatus and instruments; electrical and electronic apparatus and instruments, namely potential computers, full authority digital engine controls (FADEC), braking, temperature, pressure, vibration analysis, flight control computers; electrical, electronic and magnetic sensors for pressure, speed, displacement, temperature, position, vibration; electronic cards for processing parameters; electronic systems and equipment, carried on board or not, for acquiring and processing data; calculation and operating software for simulation, running and storage of test programs; electrical and electronic devices and equipment for maintenance and monitoring (on board aircraft or engines, fixed on test benches or portable for ground interventions) for reading out and interpreting data from computers and sensors; apparatus for recording, transmission, reproduction of sound, images and/or data.

Class 12

Aircraft parts, elements and components; landing gear parts, elements and components; ships; spacecraft; parts, elements and components of ships or spacecraft; damping, friction, clutch and/or braking devices for air vehicles; devices enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing (parts of aircraft); devices for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft (parts of aircraft); devices for cooling parts of the landing gear of an aircraft or elements used to control, analyze, manage, monitor, check, move, steer, slow or stop an aircraft during taxiing or during the phase prior to take-off or subsequent to landing (parts of aircraft).

Class 37

Maintenance and servicing for air vehicles and air vehicle workpieces; support services, namely troubleshooting (repair) in case of air vehicle breakdown or in cases of breakage, failure of a part or sets of parts of air vehicles; repair services in cases of air vehicle breakdown or in cases of breakage, failure of a part or sets of parts for air vehicles; repair of air vehicles and air vehicle workpieces; replacing air vehicle parts with more

efficient parts as part of a maintenance contract for these parts; information and consulting in field of maintenance, servicing, repair and replacement of air vehicles or air vehicle parts; information and consulting in the field of maintenance, servicing, repair, replacement of air vehicles and air vehicle parts intended for optimizing the availability of air vehicles and reducing the down time thereof; maintenance, repair and servicing of landing gear and braking devices.

Class 42

Technical, scientific and industrial research; research and development (engineering) in the field of aeronautics and space; analysis of technical data; services of engineers regarding evaluations, estimates and research in connection with the technologies used in systems, equipment and parts for aeronautical and space vehicles; machine and material testing; design and development of software and computer programming; product analysis and preparation of technical reports by experts on equipment and parts for aeronautical and space vehicles; provision of online non-downloadable software for the acquisition and downloading of aircraft flight data; technical data analysis of data recorded during the operation of aircraft engines, aircraft systems, aircraft equipment and parts of aircrafts; design and development of computer hardware and software in the field of maintenance, servicing of air vehicles or air vehicle parts; installation, maintenance, updating or rental of computer software in the field of maintenance, servicing of air vehicles or air vehicle parts; monitoring and checking air vehicles and air vehicle parts provided as part of a maintenance contract for such vehicles and parts for the purpose of quality control.
