REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Apparatus for recording; Waveform recording apparatus; Apparatus for recording sound; Apparatus for recording video; Apparatus for recording images; Apparatus for recording distance; Apparatus for recording pictures; Apparatus for recording humidity; Apparatus for recording radiation; Earphones for recording apparatus; Apparatus for reading recorded data; Apparatus for the recording of sound; Sound mixing apparatus for recording; Apparatus for the recording of images; Apparatus for recording audio signals; Apparatus for recording cable layouts; Apparatus for recording visual images; Apparatus for recording visual signals; Acoustic apparatus for recording sound; Cleaning apparatus for recording heads; Electrical apparatus for recording data; Apparatus for bearing visual recordings; Apparatus for processing recorded sound; Apparatus for recording on magnetic tape; Cleaning apparatus for phonograph records; Optical apparatus for the recording of data; Visual display apparatus for recording data; Apparatus for recording digital information; Apparatus for electronic recording of sound; Apparatus for changing record player needles; Cleaning apparatus for sound recording discs; Spools for use with sound recording apparatus; Spools for use with video recording apparatus; Recording apparatus for opto-electronic discs; Recording apparatus for use with magnetic tape; Telephone apparatus for the recording of sound; Apparatus for the recording of sound or images; Apparatus for displaying pre-recorded messages; Apparatus for recording electrical information; Apparatus for recording the positions of cables; Electrical apparatus for recording video images; Magnetic cleaning apparatus for sound recordings; Magnetic cleaning apparatus for video recordings; Computer apparatus for recording telephone calls; Programs for data processing apparatus, recorded; Apparatus for playing pre-recorded video cassettes; Apparatus for recording television signals on discs; Apparatus for in-cassette recording on magnetic tape; Spool adaptors [parts for sound recording apparatus]; Spool adaptors [parts for video recording apparatus]; Electric dust removing apparatus for sound recordings; Apparatus for in-cartridge recording on magnetic tape; Apparatus for recording data in magnetic readable form; Electric dust removing apparatus for phonograph records; Programs for data processing apparatus recorded on cards; Programs for data processing apparatus recorded on disks; Programs for data processing apparatus recorded on tapes; Apparatus for decoding magnetically recorded information; Temperature recording apparatus, other than for medical use; Chronographs for use as specialized time recording apparatus; Apparatus for reproducing stereophonic sound recorded on discs; Electroacoustic apparatus for the production of sound recordings; Programming instructions for data processing apparatus, recorded; Apparatus adapted for identifying magnetically recorded information; Magnetic heads being components for use in sound recording apparatus; Apparatus for reproducing stereophonic sound recorded on magnetic tapes; Apparatus for recording, transmission or reproduction of sound or images; Programs recorded on electronic circuits for amusement apparatus with liquid crystal screens; Cleaning apparatus especially adapted for use with recording and playback equipment and recorded material; Image scanners; Image analysers; Image amplifiers; Image processors; Image projectors; Image stabilisers; Imaging apparatus; Image synthesizers; Image intensifiers; Holographic images; Colour image setters; Image converter tubes; Image recording discs; Imaging installations; Video imaging systems; Image setting apparatus; Image intensifier tubes; Raster image processors; Recorded image carriers; Thermal imaging cameras; Digitally stored images; Downloadable image files; Computer imaging

systems; Data transmission cables; Image creation apparatus; Image display telephones; Image scanning apparatus; Image enhancement devices; Image analysing apparatus; Image recording apparatus; Image processing machines; Antenna transmission wire; Data transmission networks; Electronic imaging devices; Image recognition software; Image processing apparatus; Image intensifying devices; Image generation apparatus; Image data capture devices; Image analysing instruments; Image reproducing apparatus; Image recording instruments; Data transmission apparatus; Carriers for bearing images; Image processing instruments; Image manipulation apparatus; Image transmission apparatus; Image transmitting apparatus; Telex transmission apparatus; Radio transmission apparatus; Video transmission apparatus; Voice transmission apparatus; Recorded discs bearing images; Secure transmission apparatus; Signal transmission apparatus; Apparatus for carrying images; Electric transmission filters; Discs for bearing video images; Apparatus for image processing; Apparatus for recording images; Carrier transmission apparatus; Picture transmission apparatus; Image interpretation apparatus; Secure transmission instruments; Residual light image amplifiers; Apparatus for displaying images; Data transmission installations; Facsimile transmission machines; Wireless transmission apparatus; Facsimile transmission apparatus; Apparatus for sound transmission; Image data translation apparatus; Open-wire transmission apparatus; Optical data transmission systems; Magnetic disks for storing images; Power-line transmission apparatus; Carriers for message transmission; Apparatus for transmitting images; Cable for electrical transmission; Cables for electronic transmission; Facsimile transmission instruments; Films for the projection of images; Discs for the transmission of data; Optical media for recording images; Satellites for signal transmission; Radio signal transmission apparatus; Magnetic media for recording images; Media for the reproduction of sound; Image carriers in the form of discs; Image making devices for simulators; Digital data transmission apparatus; Computer image projection apparatus; Apparatus for transmission of sound; Apparatus for reproduction of sound; Articles for recording visual images; Electronic image recording apparatus; Magnetic disks for data transmission; Media for the reproduction of images; Optical power transmission apparatus; Radioelectric transmission apparatus; Records bearing recorded video images; Records for reproducing visual images; Installations for transmitting images; Image carriers in the form of records; Electronic image processing apparatus; Apparatus for the recording of images; Apparatus for television transmission; Apparatus for recording visual images; Wire free data transmission apparatus; Video cassettes bearing visual images; Voice frequency transmission apparatus; Apparatus for remote data transmission; Apparatus for information transmission; Apparatus for the transmission of data; Cables for optical signal transmission; Cables for signal transmission systems; Electronic image recording instruments; Electronic cards for processing images; Computer programs for image processing; Digital optical transmission apparatus; Image carriers in the form of graphics; High speed data transmission apparatus; Software for processing digital images; Devices for wireless radio transmission; Electronic image processing instruments; Camera containing a linear image sensor; Apparatus for the transmission of sound; Apparatus for the reproduction of sound; Aerials for the transmission of signals; Photoelectric image producing cartridges; Programs for electronic image processing; Apparatus for electronic image reception; Apparatus for the reproduction of images; Apparatus for the transmission of images; Computer apparatus for generating images; Electronic signal transmission apparatus; Electronic hardware for image processing; Electronic apparatus for printing images; Digital optical transmission instruments; Television signal transmission apparatus;

Cables for electrical signal transmission; Apparatus for transmission via satellites; Apparatus for optical signal transmission; Pre-recorded discs for reproducing images; Splices for electrical transmission lines; Instruments for the reproduction of sound; Instruments for the transmission of sound; Magnetic tapes for recording visual images; Magnetic discs for storing printing images; Multiple control signal transmission units; Thermal imaging apparatus for night vision; Photoelectrical image producing cartridges; Photosensitive drums for processing images; Apparatus for reproduction of video images; Apparatus for testing vehicle transmissions; Apparatus for the transmission of documents; Apparatus for electronic image transmission; Apparatus for transmission of communication; Boom poles for sound transmission apparatus; Appliances for the transmission of messages; Electrical devices for transmission of data; Electronic instruments for recording images; Electronic manipulative image input devices; Optical imaging, other than for medical use; Playing devices for sound and image carriers; Satellite dishes for satellite transmissions; Electronic instruments for digitising images; Fixed radio apparatus for voice transmission; Electronic apparatus for manipulating images; Compact discs having images recorded thereon; Apparatus for electrical signal transmission; Apparatus for making prints from video images; Apparatus for the projection of visual images; Fixed radio instruments for data transmission; Recording discs for the reproduction of sound; Recording devices for sound and image carriers; Recording discs for the reproduction of images; Optical apparatus for the transmission of data; Digital transmission apparatus on copper cable; Apparatus for the recording of sound or images; Digital transmission apparatus on optical fibre; Computer software for processing digital images; Electrical apparatus for recording video images; Optical fibres for use in the storage of images; Thermal image observation devices for naval use; Programs for the recording of images in printing; Instruments for the projection of graphic images; Fibres for the transmission of sounds and images; Electrophotographic apparatus for copying images; Apparatus for the reproduction of optical images; Apparatus for processing data relating to images; Cables for the transmission of sounds and images; Apparatus for use in high-frequency transmission; Cable installations for the transmission of data; Wireless high frequency transmission instruments; Cable installations for the transmission of voice; Apparatus for the transmission of sound or images; Apparatus for the reproduction of sound or images; Electronic apparatus for the transmission of data; Computer programs for electronic image processing; Image processing apparatus for personal computers; Telephone apparatus for the reproduction of sound; Telephone apparatus for the transmission of sound; Software for processing images, graphics and text; Telephone digital switching transmission apparatus; Apparatus for the amplification of sound or images; Apparatus for artificially distorting video images; Wireless transmission apparatus for remote control; Thermal image apparatus, other than for medical use; Printed circuit boards for remote data transmission; Image recording media pre-recorded with information; Integrated optical components for data transmission; Line scanning cameras being image sensing apparatus; Radio monitors for reproduction of sound and signals; Apparatus for the transmission of electrical signals; Electronic cameras for recording images magnetically; Computer programs for editing images, sound and video; Cable management installations for power transmission; Thermal image observation devices for terrestrial use; Telephonic apparatus for the transmission of messages; Thermal imaging apparatus, other than for medical use; Transmitters for the transmission of electric signals; Telecommunications apparatus for transmission purposes; High voltage direct-current transmission installations; Antennas for the transmission of electromagnetic waves;

Ultrasound imaging devices, other than for medical use; Video cameras for use in television transmission suites; Apparatus for use in digital communication transmission; Transmitters for the transmission of electronic signals; Portable apparatus for receiving satellite transmissions; Input apparatus for use with data transmission apparatus; Diagnostic imaging apparatus, other than for medical use; X-ray film imaging apparatus, other than for medical use; Electric cables for the transmission of sounds and images; Computer based electrophoresis image processing apparatus; Thermal image capture devices, other than for medical use; Tapes for the recordal of images in machine readable form; Thermal image transfer devices, other than for medical use; Pulse code modulation apparatus for transmission via cable; Pulse code modulation apparatus for transmission via radio; Multiplexers for use in the alternate transmission of data; Computer apparatus for the transmission of telephone calls; Apparatus for analysing images, other than for medical use; Electrical apparatus for the transmission of audio signals; Electric apparatus for the transmission of digital signals; Direct broadcasting apparatus for the transmission of data; Digital image processors for the analysis of transparencies; Electric apparatus for the transmission of analogue signals; Electric devices for transmission of data between computers; Cable management installations for data signal transmission; Apparatus for wireless transmission of acoustic information; Computer programs relating to the creation of graphic images; Local area networking apparatus for the transmission of data; Pulse code modulation instruments for transmission via cable; Pulse code modulation instruments for transmission via radio; Satellite television transmission uplink scrambling apparatus; Digital image processors for the evaluation of transparencies; Electronic cameras for recording images on magnetic materials; Apparatus for transmitting film images onto television screens; Pulse code modulation apparatus for transmission via satellite; Pulse code modulation apparatus for transmission via microwave; Media for recording visual images, other than sensitised films; Transmission cables adapted for coupling to vehicle instruments; Electrical apparatus for use in the production of colour images; Direct broadcasting apparatus for the transmission of programmes; Devices in the nature of spectacles for viewing televised images; Computer programs relating to the manipulation of graphic images; Pulse code modulation instruments for transmission via satellite; Pulse code modulation instruments for transmission via microwave; Transmitters for use in the transmission of television programmes; Superconductive magnet instruments for magnetic resonance imaging; Computer programs relating to the creation of photographic images; Electric devices for transmission of data between microprocessors; Electronic devices for the transmission of data between computers; Apparatus for the transmission of documents between two locations; Electronic apparatus for scrambling [encoding] voice transmissions; Devices in the nature of spectacles for displaying televised images; Transmitting and receiving apparatus for long-distance transmission; Pulse code modulation apparatus for transmission via optical fibres; Multiplexers for use in the alternate transmission of voice signals; Optical filters capable of controlling transmission rate of signals; Installations for the transmission of data via electric supply lines; Pulse code modulation instruments for transmission via optical fibres; Magnetic resonance imaging apparatus, other than for medical purposes; Devices in the nature of spectacles for viewing recorded video images; Electronic devices for the transmission of data between microprocessors; Electronic industrial network apparatus for high speed data transmission; Computer software for converting document images into electronic formats; Apparatus for recording, transmission or reproduction of sound or images; Apparatus for localisation for vehicles via radio-electrical transmission; Devices for converting image information to digital signals

for computers; Computer programs and software for image processing used for mobile phones; Central processing units for processing information, data, sound or images; Computer software for organizing and viewing digital images and photographs; Microwave transmission apparatus for delivering radio programs and messages; Computer software to enable the transmission of photographs to mobile telephones; Printing fonts that can be downloaded provided by means of electronic transmission; Physical representations of graphic images stored electronically for electronic enhancement; Magnetic data carriers; Blank magnetic data carriers; Magnetic tapes being data carriers; Prerecorded magnetic data carriers; Magnetic data carriers, recording discs; Programs recorded on magnetic data carriers; Magnetic data carriers in the form of disks; Magnetic data carriers in the form of tapes; Magnetic data carriers in the form of wires; Magnetic data carriers in the form of cassettes; Computer programs stored on magnetic data carriers; Cards for use as data carriers, encoded or magnetic; Computer programs recorded on magnetic data carriers; Digitized typefaces stored in magnetic data carriers; Magnetic data carriers for use in controlling machines; Magnetic data carriers recorded with programmes for instruction; Magnetic data carriers recorded with programmes for instruction in foreign languages; Disc records; Recording discs; Pre-recorded discs; Recordings on discs; Sound recording discs; Video recording discs; Record albums [discs]; Image recording discs; Books recorded on disc; Recorded compact discs; Recorded magnetic discs; Optical disc recordings; Pre-recorded audio discs; Magnetic recording discs; Acoustic recording discs; Pre-recorded video discs; Pre-recorded compact discs; Pre-recorded magnetic discs; Recorded discs bearing sound; Records in the form of discs; Recorded discs bearing images; Discs bearing video recordings; Recording discs in digital form; Recording discs in analogue form; Magnetic disc recording apparatus; Magnetic discs for recording sound; Magnetic discs for recording video; Computer programs recorded on disc; Cartoon sequences recorded on disc; Video records in the form of discs; Sound records in the form of discs; Record discs bearing sound recordings; Optic discs carrying audio recordings; Optic discs carrying video recordings; Compact discs bearing sound recordings; Pre-recorded compact interactive discs; Magnetic data carriers, recording discs; Compact discs containing recorded sound; Compact discs containing recorded video; Computer data recorded on optical discs; Musical recordings in the form of discs; Pre-recorded discs for reproducing sound; Laser readable discs for recording sound; Magnetic discs for bearing recorded data; Magnetic discs for the recording of data; Pre-recorded discs for reproducing images; Computer programs recorded on floppy discs; Compact discs having sound recorded thereon; Cleaning apparatus for sound recording discs; Compact discs having images recorded thereon; Magnetic recording media in the form of discs; Recording apparatus for opto-electronic discs; Sound recordings in the form of discs [disks]; Recording discs for the reproduction of sound; Recording discs for the reproduction of images; Recording discs for use with computer programmes; Magnetic discs for recording computer programmes; Magnetic discs for the electronic recording of data; Apparatus for recording television signals on discs; Racks adapted to hold audio recordings in disc form; Compact discs, DVDs and other digital recording media; Magnetic discs recorded with data representative of text; Apparatus for reproducing stereophonic sound recorded on discs; Cases and containers for recorded media [tapes, cassettes and discs]; Educational materials in the form of pre-recorded discs for teaching languages; Kits comprising recorded materials in the form of discs, software, tapes and other recordings and manuals in electronic format, sold together as a unit; Fireproof clothing; Flotation clothing; Acid proof clothing; Bulletproof clothing; Bullet-proof clothing; Fireproof articles of

clothing; Protective clothing for diving; Buoyancy clothing [life jackets]; Protective clothing [body armour]; Inflatable clothing [life jackets]; Articles of fire resistant clothing; Clothing for protection against fire; Clothes for protection against injury; Clothing for protection against smoke; Clothing for protection against injury; Clothes for protection against accident; Clothing for protection against radiation; Clothing for protection against chemicals; Clothing especially made for laboratories; Clothing for protection against accidents; Ski clothing for protection against injury; Floatation clothing for lifesaving purposes; Asbestos clothing for protection against fire; Articles of clothing for protection against fire; Garments and clothes for protection against fire; Protective clothing for the prevention of injury; Articles of clothing for protection against acids; Clothing for protection against accident or injury; Clothing for protection against biological hazards; Protective clothing for the prevention of accidents; Reflective clothing for the prevention of accidents; Articles of clothing for protection against accident; Waterproof safety clothing for the prevention of injury; Waterproof safety clothing for the prevention of accident; Safety clothing for protection against accident or injury; Thermal clothing for protection against accident or injury; Articles of protective clothing against accident or injury; Protective clothing made from ballistic resistant materials; Insulated clothing for protection against accident or injury; Articles of protective clothing to prevent accident or injury; Articles of industrial clothing for protection against injury; Ready made articles of clothing for protection against injury; Reflective apparel and clothing for the prevention of accidents; Articles of industrial clothing for protection against accident; Clothing for protection against accidents, irradiation and fire; Motorcyclists' clothing for protection against accident or injury; Protective work clothing for protection against accident or injury; Protective outer clothing for protection against accident or injury; Protective clothing for use in cleanrooms for the prevention of injury; Thermally insulated clothing for protection against accident or injury; Articles of leather clothing for protection against accident or injury; Clothes incorporating reflective material for protection against accident; Reflecting discs for protective clothing, for the prevention of accidents; Protective clothing for use in cleanrooms for the prevention of accidents; Thermal protective aids [clothing] for protection against accident or injury; Articles of protective clothing made of rubber to prevent accident or injury; Rubberised clothing for use in industry for protection against accident or injury; Protective clothing for participants in motor sports for the prevention of injuries; Protective clothing for participants in motor sports for the prevention of accidents; Protective clothing for use in controlled environments for the prevention of accident or injury; Articles of protective clothing for wear by motorcyclists for protection against accident or injury; Safety headgear; Articles of headgear [helmets]; Protective headgear for cyclists; Headgear for protection against injury; Headgear for protection against accident; Articles of protective headgear for cyclists; Articles of protective headgear for motor cyclists; Headgear for use by cyclists for protection against injury; Headgear adapted for use in the reception of visual stimuli; Headgear for use by cyclists for protection against accident; Protective headgear for the prevention of accident or injury; Headgear adapted for use in the reception of auditory stimuli; Articles of headgear for protection against accident or injury; Headgear for use by motorcyclists for protection against injury; Headgear for use by racing drivers for protection against injury; Headgear for use by motorcyclists for protection against accident; Headgear adapted to secure audio electronic apparatus to the head; Headgear adapted to secure visual electronic apparatus to the head; Headgear for use by racing drivers for protection against accident; Education software; Educational apparatus; Educational science sets; Children's educational software;

Computer apparatus for educational use; Downloadable educational course materials; Films bearing recorded educational material; Education apparatus connectable to television receivers; Films bearing recorded educational material relating to the culinary arts; Educational materials in the form of pre-recorded discs for teaching languages; Educational materials in the form of pre-recorded tapes for teaching languages; Educational materials in the form of computer programmes for teaching languages; Audio books; Audio cable; Audio discs; Audio tapes; Audio timers; Audio mixers; Audio players; Audio speakers; Audio receivers; Audio equipment; Audio cassettes; Audio apparatus; Audio amplifiers; Audio recordings; Audio digitisers; Audio interfaces; Audio instruments; Audio oscillators; Blank audio discs; Blank audio tapes; Audio mixing desks; Audio tape players; Audio installations; Audio head cleaners; Audio compact discs; Audio digital discs; Car audio apparatus; Audiovisual devices; Digital audio tapes; Audio tape cassettes; Audio circuit boards; Audio magnetic tapes; Audio tape recorders; Magnetic audio tapes; Audio mixing machines; Audio mixing consoles; Audio-video receivers; Audiovisual apparatus; Car audio instruments; Blank audio cassettes; Audiovisual receivers; Digital audio players; Audio test instruments; Audio mixing apparatus; Audio cassette players; Audio cable connectors; Digital audio recorders; Audio testing apparatus; Audio transmitter units; Audiovisual instruments; Audio dubbing apparatus; Audio level oscillators; Audio speakers for home; Wireless audio speakers; Pre-recorded audio discs; Pre-recorded audio tapes; Audio speaker enclosures; Audio door entry systems; Audio cassette recorders; Audio recording apparatus; Audio switching apparatus; Audio frequency apparatus; Audio and video receivers; Blank digital audio tapes; Speakers [audio equipment]; Unrecorded audio cassettes; Pre-recorded audio records; Blank audio cassette tapes; Audio- and video-receivers; Digital audio tape players; Digital audio disc players; Electronic audio apparatus; Audio electronic apparatus; Audio conference apparatus; Audio processing apparatus; Prerecorded audio cassettes; Integrated audio amplifiers; Audio recording instruments; Audio tapes featuring music; Compact discs [audio-video]; Audiovisual aids [apparatus]; Equalisers [audio apparatus]; Equalizers [audio apparatus]; Digital audio tape recorders; Digital audio cassette tapes; Audio conference instruments; Audio electronic instruments; Audio apparatus for vehicles; High fidelity audio apparatus; Magnetic audio tape recorders; Prerecorded music audio tapes; Recorded magnetic audio tapes; Headphones for audio apparatus; Power mixers [audio apparatus]; Compact disc audio reproducers; Audiovisual teaching apparatus; Audio speakers for automobiles; Audio mixing console apparatus; Prerecorded digital audio tapes; Music centres [audio apparatus]; Digital audio signal processors; Electric leads for audio dubbing; Equalizers being audio apparatus; Equalisers being audio apparatus; Amplifiers being audio apparatus; Playback devices for audio tapes; Recording media for audio signals; Storage apparatus for audio discs; Storage racks for audio cassettes; Racks adapted to hold audio tapes; Pre-recorded audio cassette tapes; Pre-recorded magnetic audio tapes; Audio signal processing apparatus; Tapes for bearing audio recordings; Electronic audio effects apparatus; Control apparatus for audio signals; Tapes for carrying audio recordings; Prerecorded non-musical audio tapes; Signal processors for audio speakers; Audiovisual photographic instruments; Audio cassette decks for automobiles; Analogue to digital audio converters; Antennas for receiving audio signals; Apparatus for recording audio signals; Audio cassettes for language teaching; Racks adapted to hold audio cassettes; Optic discs carrying audio recordings; Racks adapted to house audio apparatus; Apparatus for processing audio signals; Cassette head cleaners for audio tapes; Crossover networks for audio apparatus; Background audio broadcasting apparatus; Audio recording of intra-uterine sounds;

Prerecorded audio tapes featuring music; Audio signal level controlling apparatus; Apparatus for transmitting audio signals; Apparatus for broadcasting audio signals; Magnetic tapes for carrying audio signals; Cassette tape recorders for audio systems; Containers for the storage of audio tapes; Carrying cases adapted for audio cassettes; Coders for use with audio karaoke apparatus; Terminal tables adapted for audio apparatus; Paper storage cassettes for audio recordings; Security apparatus for storing audio signals; Travel guides in the form of audio recordings; Containers for the storage of audio cassettes; Storage containers adapted for audio cassettes; Security apparatus for receiving audio signals; Door entry apparatus utilising audio apparatus; Audio head cleaning disks for sale in kit form; Apparatus for use in audio-visual communication; Electronic units for transmitting audio signals; Security apparatus for processing audio signals; Units adapted for the storage of audio cassettes; Head cleaning tapes for audio cassette recorders; Audio racks adapted for use with audio equipment; Security apparatus for transmitting audio signals; Modular racks adapted for storing audio cassettes; Holders adapted for the storage of audio cassettes; Vibration dampeners for electronic audio equipment; Alignment equipment for electronic audio apparatus; Holders adapted for the display of audio cassettes; Graphic decoders for use with audio karaoke systems; Audio electrical apparatus for in-car entertainment; Racks adapted to hold audio recordings in disc form; Audiovisual display apparatus for use with computers; Holders adapted for the protection of audio cassettes; Audio cassettes for use with sound recording machines; Splicing devices for use in the editing of audio tapes; Splicing machines for use in the editing of audio tapes; Protective pouches adapted for use with audio cassettes; Audio processing apparatus for use with video apparatus; Audiovisual apparatus for use in satellite broadcasting; Electrical apparatus for the transmission of audio signals; Electronic apparatus for home use with audiovisual playbacks; Audiovisual display apparatus adapted for use with computers; Security apparatus for processing video and/or audio signals; Software to control and improve audio equipment sound quality; Master audio mixing desks for use in an audio recording studio; Downloadable templates for designing audiovisual presentations; Audiovisual instruments for communication between two stations; Radios incorporating apparatus for the playback for audio tapes; Headgear adapted to secure audio electronic apparatus to the head; Electronic audio signal processors for compensating sound distortion; Power sources connected to audio apparatus for use in motor vehicles; Electronic mixers for mixing signals in the production of audio recordings; Computer software for controlling the operation of audio and video devices; Electronic audio signal processors for compensating sound distortion in speakers; Sound and vibration absorbing and damping fittings and feet, especially adapted for use with audio equipment; Racks and mountings specifically adapted for use with audio, visual, computer and telecommunications equipment; Videos; Video tapes; Video films; Video cards; Video mixers; Video phones; Video tuners; Video screens; Video servers; Video players; Video records; Video devices; Video cameras; Silent videos; Video printers; Video monitors; Video apparatus; Video detectors; Video cassettes; Video receivers; Video recorders; Video enhancers; Video terminals; Video telephones; Video-telephones; Video game discs; Video projectors; Video recordings; Video processors; Video cartridges; Video digitisers; Video digitizers; Blank video tapes; Video disc players; Video disk players; Video accelerators; Video multiplexers; Video mixing desks; Video transmitters; Video tape players; Video game programs; Video game software; Video baby monitors; Still video cameras; Video compact discs; Video display units; Video camera stands; Pre-recorded videos; Car video recorders; Films on video tape; Video circuit boards; Still video printers; Recorded video tapes; Video games

software; Video game cassettes; Video tape cassettes; Video tape recorders; Still video receivers; Still video recorders; Video display screens; Audio-video receivers; Blank video cassettes; Digital video players; Video imaging systems; Video game cartridges; Video recording tapes; Video recording discs; Video cassette players; Video effects machines; Video mixing apparatus; Holders for video tapes; Digital video recorders; Colour video processors; Video display apparatus; Video display terminals; Video editing apparatus; Video effects apparatus; Prerecorded music videos; Pre-recorded video tapes; Recorded video cassettes; Video coupling apparatus; Video cassette recorders; Still video transmitters; Downloadable video files; Lenses for video cameras; Musical video recordings; Optical video disk units; Pre-recorded video discs; Pre-recorded video films; Video intercom apparatus; Video playback apparatus; Video printing apparatus; Video scanning apparatus; Video wall installations; Video recording materials; Video recording apparatus; Video projection monitors; Video modifying apparatus; Video monitor controllers; Video switching apparatus; Pre-recorded music videos; Interactive video players; Digital video disc drives; Audio and video receivers; Still movie video-cameras; Tripods for video cameras; Video display instruments; Video projection apparatus; Video production apparatus; Video processing apparatus; Video scanning instruments; Video surveillance cameras; Video surveillance systems; Video signalling apparatus; Projection video apparatus; Video character generators; Unrecorded video cassettes; Video amplifying apparatus; Blank video magnetic discs; Audio- and video-receivers; Blank video cassette tapes; Digital video disc players; Interactive video software; Video recording instruments; Video reproducing apparatus; Solid-state video recorders; Interactive video apparatus; Head-mounted video displays; Glass discs for video discs; Microscope video processors; Compact discs [audio-video]; Computer video game software; Digital video disc recorders; Electronic video multiplexer; Pre-recorded video cassettes; Video conferencing apparatus; Video cassette storage units; Video multiplexing apparatus; Video game computer programs; Video transmitting apparatus; Video transmission apparatus; Video surveillance apparatus; Video tape editing apparatus; Recorded magnetic video tapes; Program discs for video games; Interactive video instruments; Large screen video projectors; Pre-recorded video programmes; Downloadable video recordings; Apparatus for recording video; Cards bearing video recordings; Discs bearing video recordings; Discs for bearing video images; Films bearing video recordings; Video cameras for broadcasting; Video communications apparatus; Video display terminal filters; Video door telephone apparatus; Video reproduction instruments; Video tape editing controllers; Video tape recording apparatus; Video data converting apparatus; Video camera security apparatus; Interactive video game programs; Interactive video work stations; Personal video recorders (PVRs); Apparatus for reproducing video; Records bearing video recordings; Video and computer game programs; Video communications instruments; Playback devices for video tapes; Video tape reproducing apparatus; Video teleconferencing apparatus; Recording media for video signals; Programmed video games [software]; Prerecorded motion picture videos; Video camera security instruments; Storage racks for video cassettes; Pre-recorded video cassette tapes; Apparatus for cutting video tapes; Computer programs for video games; Video records in the form of discs; Pre-recorded motion picture videos; Magnetic discs for recording video; Mounting devices for video cameras; Closed circuit video installations; Cases adapted for video recordings; Cleaning apparatus for video discs; Cleaning apparatus for video tapes; Video door telephone installations; Recorders for use with video tapes; Time lapse video cassette recorders; Video camera security installations; Video baroscopes for industrial use; Television apparatus for video discs; Television apparatus

for video tapes; Players for use with video cassettes; Memory cards for video game machines; Interface circuits for video cameras; Video films prepared for exhibitions; Video local area network controllers; Video recordings in the form of tapes; Optic discs carrying video recordings; Cartridges for video games [software]; Bags adapted to carry video apparatus; Cassettes containing video recordings; Video cassettes bearing visual images; Records bearing recorded video images; Recorders for use with video cassettes; Racks adapted to house video apparatus; Video cameras for analyzing golf swing; Video apparatus for television studios; Video acquisition transition apparatus; Digital video equipment for studio use; Cassette head cleaners for video tapes; Apparatus for processing video signals; Magnetic materials for recording video; Magnetic media for storing video games; Pre-recorded instructional video tapes; Head cleaning tapes for video recorders; Compact discs containing recorded video; Combination video players and recorders; Television films prepared for video use; Prerecorded video tapes featuring music; Video games on disc [computer software]; Video games on tape [computer software]; Video games programs [computer software]; Video game programs for use in computers; Digital video apparatus for broadcasting; Amorphous heads for video tape recorders; Televisions incorporating video recorders; Tapes for bearing silent video recordings; Terminals [connectors] for video recorders; Apparatus for reproduction of video images; Blank CD-ROMs for sound or video recording; Colour video printers for use with cameras; Karaoke machines incorporating video discs; Video game programs for use with computers; Video recordings incorporating sound track; Prerecorded video cassettes featuring music; Spools for use with video playing apparatus; Terminal tables adapted for video apparatus; Video cameras adapted for security purposes; Video cameras combined with video recorders; Video disks with recorded animated cartoons; Magnetic tapes for storing video recordings; Coders for use with video karaoke apparatus; Video game liquid program memory cartridges; Video tapes with recorded animated cartoons; Security apparatus for storing video signals; Paper storage cassettes for video recordings; Game programs for arcade video game machines; Digital video adaptors for use with computers; Electrical apparatus for altering video games; Downloadable video recordings featuring music; Apparatus for making prints from video images; Spools for use with video recording apparatus; Travel guides in the form of video recordings; Video cameras adapted for monitoring purposes; Sound recording instruments for use with video; Prerecorded video cassettes featuring cartoons; Pre-recorded video tapes for teaching purposes; Security apparatus for receiving video signals; Storage containers adapted for video cassettes; Apparatus for processing digital video signals; Door entry apparatus utilising video apparatus; Computer programs for video and computer games; Sound mixing apparatus for use in video dubbing; Electrical apparatus for converting video games; Electrical apparatus for recording video images; Magnetic materials bearing data for video games; Video game programs for coin-operated apparatus; Video tape recorders incorporating video cameras; Magnetic cleaning apparatus for video recordings; Electronic digitizers for video picture analysis; Colour video printers for use with video cameras; Cleaning cassette tapes for video recorder heads; Units adapted for the storage of video cassettes; Security apparatus for transmitting video signals; Control apparatus for video reproducing apparatus; Modular racks adapted for storing video cassettes; Video equipped remote visual inspection apparatus; Holders adapted for the storage of video cassettes; Personal computers for use with video game devices; Holders adapted for the display of video cassettes; Apparatus for playing pre-recorded video cassettes; Apparatus for artificially distorting video images; Spool adaptors [parts for video playing apparatus]; Apparatus for artificially distorting video signals;

Apparatus for cleaning the heads of video recorders; Graphic decoders for use with video karaoke systems; Electrical apparatus for use in testing video games; Fitted cases adapted for use with video instruments; Pre-recorded video tapes for instructional purposes; Spool adaptors [parts for video recording apparatus]; Spools of metal [parts of video recording apparatus]; Video cassettes for bearing recorded motion pictures; Electronic apparatus for interfacing video apparatus; Films being magnetically recorded for use with video; Electrically driven tilt apparatus for video cameras; Apparatus for the transfer of film material to video; Computer programs for editing images, sound and video; Holders adapted for the protection of video cassettes; Sound records in the form of pre-recorded video tapes; Splicing devices for use in the editing of video tapes; Splicing machines for use in the editing of video tape; Video cameras for use in integrated television editing; Films being optically recorded data for use with video; Anti-theft alarms adapted for use with video apparatus; Audio processing apparatus for use with video apparatus; Colour video printers for use with video tape recorders; Digital video apparatus for professional television use; Video cameras for use in television transmission suites; Closed circuit video apparatus for use in access control; Electric and electronic video surveillance installations; Digital interactive video adaptors for use with computers; Programmed video games contained on cartridges [software]; Electrically driven swivel tilt apparatus for video cameras; Joysticks for use with computers, other than for video games; Portable video cameras with built-in videocassette recorders; Computer controlled installations of video display apparatus; Security apparatus for processing video and/or audio signals; Remote control apparatus for use with video cassette recorders; Digital video adaptors for displaying text with video pictures; Personal computers for use with coin operated video game devices; Video recording apparatus incorporating sound reproducing apparatus; Video multiplexing apparatus for use with video camera installations; Computer based apparatus for use in the enhancement of video signals; Apparatus for monitoring picture quality parameters of video signals; Devices in the nature of spectacles for viewing recorded video images; Downloadable interactive entertainment software for playing video games; Portable cameras for making video programmes for television broadcasting; Computer software for controlling the operation of audio and video devices; Electronic access control systems for doors in combination with a video camera; Music centres incorporating sound and video recording and reproducing apparatus; Video game computer programs for use with game apparatus not requiring a separate means of display; LP records; Disc records; Record decks; Recorded film; Sound records; Video records; Vinyl records; Recorded films; Record players; Recorded tapes; Recording discs; Acoustic records; Pre-recorded CDs; Pre-recorded DVDs; Pre-recorded films; Pre-recorded discs; Programs, recorded; Phonograph records; Gramophone records; Blank record disks; Recording apparatus; Recorded data files; Pre-recorded videos; Recorded video tapes; Records bearing data; Phonographic records; Image recording discs; Records bearing songs; Pre-recorded software; Record albums [discs]; Video recording tapes; Vinyl pressed records; Video recording discs; Sound recording tapes; Sound recording discs; Sound recording strips; Recorded compact discs; Pre-recorded diskettes; Recorded data, encoded; Pre-recorded cassettes; Books recorded on disc; Books recorded on tape; Apparatus for recording; DVD recording apparatus; Data recording machines; Digital recording media; Optical recording media; Recorded data, magnetic; Recorded image carriers; Recorded sound carriers; Recorded tape cassettes; Recorded magnetic discs; Recorded magnetic tapes; Sound recording devices; Tape recording machines; Styli for record players; Sound recording machines; Sound recording carriers; Sound recording consoles; Time recording apparatus;

Recorded video cassettes; Pre-recorded video discs; Pre-recorded video films; Pre-recorded video tapes; Record player turntables; Pre-recorded audio discs; Pre-recorded audio tapes; Magnetic recording discs; Magnetic recording media; Magnetic recording tapes; Film recording apparatus; Data recording apparatus; Acoustic recording discs; Sound recording materials; Sound recording apparatus; Video recording materials; Video recording apparatus; Pre-recorded music videos; Recorded picture carriers; Audio recording apparatus; Gramophone record players; Image recording apparatus; Media for recording sound; Magnetic recording charts; Phonograph record players; Records [sound recordings]; Records being pre-recorded; Recorded computer software; Recorded computer programs; Pre-recorded optical tapes; Time recording instruments; Sound recordings on record; Needles for record players; Pre-recorded audio records; Pre-recorded compact discs; Magnetic recording mediums; Magnetic recording supports; Magnetic recording carriers; Pre-recorded cassette tapes; Image recording instruments; Audio recording instruments; Computer programs, recorded; Computer software, recorded; Speakers for record players; Sound recording instruments; Seismic recording apparatus; Video recording instruments; Pre-recorded sound carriers; Pre-recorded magnetic discs; Pre-recorded magnetic disks; Pre-recorded magnetic tapes; Recorded phonograph records; Records in the form of discs; Tone arms for record players; Waveform recording apparatus; Recorded discs bearing sound; Recorded computer programmes; Records for bearing pictures; Pre-recorded video cassettes; Data recorded electronically; Distance recording apparatus; Computer instruction records; Analogue recording apparatus; Gramophone record turntables; Magnetic recording materials; Pre-recorded video programmes; Recording substrates, optical; Recorded magnetic sound tapes; Recorded magnetic video tapes; Recorded programmes for radio; Recorded magnetic audio tapes; Recorded discs bearing images; Microchips for recording data; Mileage recording instruments; Monitors for recording events; Monitors for recording faults; Apparatus for recording sound; Apparatus for recording video; Computer programmes, recorded; Computer data in recorded form; Apparatus for recording images; Motion picture films, recorded; Operations recording apparatus; Microphones for record players; Mechanical recording apparatus; Recording substrates, magnetic; Records bearing recorded sound; Sound record storage apparatus; Video tape recording apparatus; Carriers in the form of records; Carriers for recorded materials; Multiplexers for recording data; Head cleaning tapes [recording]; Sound record sampling apparatus; Rotary magnetic recording disks; Still movie-recording apparatus; Recording discs in digital form; Recorded programs for computers; Recorded tapes in cassette form; Pre-recorded phonograph records; Pre-recorded gramophone records; Recorded computer game programs; Recorded computer game software; Optical data recording apparatus; Pre-recorded computer programmes; Apparatus for recording pictures; Apparatus for recording distance; Apparatus for recording humidity; Data recorded in electronic form; Spools for sound recording tapes; Records in the form of cassettes; Programs recorded on paper tapes; Programs for computers, recorded; Recording discs in analogue form; Records bearing sound recordings; Records bearing video recordings; Recording media for audio signals; Recording media for video signals; Pre-recorded magnetic audio tapes; Pre-recorded DVDs featuring music; Pre-recorded video cassette tapes; Pre-recorded motion picture films; Records in the form of cartridges; Time and date recording apparatus; Earphones for recording apparatus; Apparatus for recording radiation; Pre-recorded audio cassette tapes; Picture sound recording equipment; Magnetic tapes for recording data; Magnetic disk recording apparatus; Flexitime recording installations; Magnetic cards for recording data;

Magnetic data recording apparatus; Magnetic disc recording apparatus; Sound records in the form of tapes; Sound records in the form of discs; Video records in the form of discs; Pre-recorded motion picture videos; Programs recorded on data carriers; Recorded programmes for television; Magnetic discs for recording sound; Magnetic discs for recording video; Magnetic tapes for recording sound; Portable sound recording apparatus; Pre-recorded cinematographic films; Optical disk recording instruments; Optical media for recording images; Phonograph records featuring music; Cartoon sequences recorded on disc; Cartoon sequences recorded on film; Cartoon sequences recorded on tape; Data recorded on optical materials; Computer programs recorded on disc; Speed regulators for record players; Programs recorded on magnetic cards; Programs recorded on magnetic tapes; Apparatus for reading recorded data; Computer programs recorded on drums; Computer programs recorded on cards; Computer data recording instruments; Data recorded on magnetic materials; Computer programs recorded on tapes; Magnetic media for recording images; Graphic display recording apparatus; Electronic time recording apparatus; Electronic magnetic recording media; Sound mixing apparatus for recording; Time clocks [time recording devices]; Recorded computer operating programs; Electronic image recording apparatus; Encoded programmes recorded on cards; Encoded programmes recorded on disks; Encoded programmes recorded on tapes; Magnetic supports for data recording; Optical materials for recording data; Apparatus for the recording of sound; Articles for recording visual images; Apparatus for the recording of images; Apparatus for recording visual images; Apparatus for recording audio signals; Apparatus for recording cable layouts; Computer operating programs, recorded; Image carriers in the form of records; Instruments for the recording of data; Record discs bearing sound recordings; Records for reproducing visual images; Records bearing recorded video images; Tapes for recording data magnetically; Tape decks [sound recording apparatus]; Typefaces in the form of recorded data; Records bearing entertainment material; Recorded material for use by computers; Pre-recorded instructional video tapes; Instruments for the recording of sound; Magnetic components for recording data; Electronic image recording instruments; Electronic musical recording apparatus; Multimedia software recorded on CD-ROM; Pre-recorded compact interactive discs; Portable units for recording cassettes; Magnetic materials for recording sound; Magnetic materials for recording video; Cleaning cassettes for recording heads; Computer controlled desk top recording; Computer programs recorded on carriers; Data recorded in machine-readable form; Drives for optical recording materials; Acoustic apparatus for recording sound; Apparatus for recording visual signals; Blank cartridges for recording of data; Cleaning apparatus for recording heads; Sound recordings in the form of records; Programs recorded on card data carriers; Recording manometers for laboratory use; Chronographs [time recording apparatus]; Audio recording of intra-uterine sounds; Apparatus for processing recorded sound; Drives for magnetic recording materials; Data storage devices for recording data; Data recorded in magnetic readable form; Computer programs recorded on filaments; Compact discs containing recorded sound; Compact discs containing recorded video; Computer data recorded on optical discs; Magnetically recorded computer programs; Electrical apparatus for recording data; Electronic magnetic recording materials; Magnetic data carriers, recording discs; Type styles in the form of recorded data; Record playing apparatus and instruments; Programs recorded on paper data carriers; Pre-recorded discs for reproducing sound; Appliances for the recording of messages; Apparatus for recording on magnetic tape; Computer programs for pre-recorded games; Computer programmes [programs], recorded; Magnetic cards for the recording of data; Magnetic

discs for bearing recorded data; Laser readable discs for recording sound; Electrically recorded data for computers; Magnetically recorded data for computers; Magnetic discs for the recording of data; Record changers [parts of record players]; Pre-recorded discs for reproducing images; Pre-recorded magnetic recording materials; Typeface fonts recorded on magnetic media; Data recorded in computer accessible form; Computer programs recorded on paper tapes; Cleaning apparatus for phonograph records; Cards bearing electronically recorded data; Blank CD-ROMs for sound or video recording; Computer programs recorded on floppy discs; Magnetic tapes for recording visual images; Electrical instruments for recording light; Electrical instruments for recording sound; Logging [recording or measuring] apparatus; Magnetic computer tapes for recording data; Programs recorded on optical data carriers; Recording materials for sound reproduction; Programs recorded on magnetic data carriers; Video disks with recorded animated cartoons; Video tapes with recorded animated cartoons; Visual display apparatus for recording data; Electronic instruments for recording images; Films bearing recorded educational material; Optical apparatus for the recording of data; Computer programs recorded on magnetic tape; Computer programs recorded on magnetic wire; Computer programs recorded on data carriers; Compact discs having sound recorded thereon; Data being optically recorded for computers; Apparatus for recording digital information; Apparatus for electronic recording of sound; Apparatus for changing record player needles; Cleaning apparatus for sound recording discs; Computer programs recorded on magnetic media; Compact discs having images recorded thereon; Materials bearing recorded computer programs; Programs recorded on cardboard data carriers; Recording materials for bearing encoded data; Recording discs for the reproduction of sound; Recording apparatus for opto-electronic discs; Typeface fonts pre-recorded on magnetic media; Teaching programmes recorded on data carriers; Telephone machines with pre-recorded messages; Spools for use with sound recording apparatus; Spools for use with video recording apparatus; Magnetic recording media in the form of discs; Sound recording instruments for use with video; Telephone apparatus for the recording of sound; Recording apparatus for use with magnetic tape; Recording devices for sound and image carriers; Recording discs for the reproduction of images; Recording material bearing computer programmes; Pre-recorded video tapes for teaching purposes; Data being electrically recorded for computers; Data being magnetically recorded for computers; Data recorded electronically from the internet; Apparatus for the recording of sound or images; Apparatus for displaying pre-recorded messages; Apparatus for recording electrical information; Apparatus for recording the positions of cables; Magnetic tape for recording computer programmes; Electronic databases recorded on computer media; Electrical apparatus for recording video images; Electrical facsimile signal recording apparatus; Electronic and recorded multimedia publications; Printed publications in optically recorded form; Processing programmes recorded on data carriers; Recorded computer programs in the form of cards; Recorded computer programs in the form of disks; Recorded computer programs in the form of tapes; Recorded computer programs in the form of wires; Recording discs for use with computer programmes; Programs for data processing apparatus, recorded; Programs for the recording of images in printing; Record carriers for computer programmes, optical; Tape spools [parts of sound recording apparatus]; Electronic instruments for recording information; Magnetic discs for recording computer programmes; Magnetic cards for recording computer programmes; Magnetic tapes for recording computer programmes; Computer apparatus for recording telephone calls; Storage file units for computer program recording; Record carriers for computer programmes, magnetic; Pre-recorded data carriers for use with

computers; Electronic publications recorded on computer media; Data processing programs recorded on data carriers; Data storage media for recording computer programs; Apparatus for playing pre-recorded video cassettes; Recorded computer programs for scientific research; Sound recordings in the form of gramophone records; Sound recordings in the form of phonograph records; Record [data] carriers in the form of punched cards; Record [data] carriers in the form of encoded cards; Programs recorded on machine readable data carriers; Pre-recorded video tapes for instructional purposes; Apparatus for recording television signals on discs; Image recording media pre-recorded with information; Magnetic discs for the electronic recording of data; Electronic cameras for recording images magnetically; Films being magnetically recorded for use with video; Apparatus for in-cassette recording on magnetic tape; Data storage devices for recording computer programs; Computer games programs recorded on tapes [software]; Computer programs recorded on data storage materials; Computer programs recorded on magnetic data carriers; Record [data] carriers in the form of encoded labels; Spool adaptors [parts for sound recording apparatus]; Spool adaptors [parts for video recording apparatus]; Spools of metal [parts of sound recording apparatus]; Spools of metal [parts of video recording apparatus]; Video cassettes for bearing recorded motion pictures; Audio cassettes for use with sound recording machines; Apparatus for in-cartridge recording on magnetic tape; Compact discs, DVDs and other digital recording media; Machine-readable data carriers recorded with programs; Sound records in the form of pre-recorded video tapes; Recording materials for the storage of data, magnetic; Programs for recording data in reproduction technology; Films being optically recorded data for use with video; Electronic machines for recording financial operations; Computer programs recorded in computer accessible form; Apparatus for recording data in magnetic readable form; Electric dust removing apparatus for phonograph records; Recorded computer programs in the form of punched cards; Programs for data processing apparatus recorded on cards; Programs for data processing apparatus recorded on disks; Programs for data processing apparatus recorded on tapes; Apparatus for decoding magnetically recorded information; Machine readable information carriers for recording data; Machine readable recording materials for retrieving data; Magnetic discs recorded with data representative of text; Magnetic recording materials bearing computer programmes; Magnetic recording apparatus bearing computer programmes; Magnetic supports containing recorded computer programmes; Labels carrying optically recorded or encoded information; Temperature recording apparatus, other than for medical use; Cartridges of magnetic tape for recording computer programs; Recording materials of card for the storage of data, encoded; Chronographs for use as specialized time recording apparatus; Data carriers for computers having software recorded thereon; Machine readable recording materials for storing information; Labels carrying magnetically recorded or encoded information; Recording materials of paper for the storage of data, encoded; Radio receivers for recording sound by means of magnetic tape; Electronic cameras for recording images on magnetic materials; Labels carrying electronically recorded or encoded information; Master audio mixing desks for use in an audio recording studio; Media for recording visual images, other than sensitised films; Apparatus for reproducing stereophonic sound recorded on discs; Computer programs recorded on diskettes for producing lettering; Magnetic data carriers recorded with programmes for instruction; Electronic scoring instruments for recording the score in games; Typeface data recorded on electronically readable data carriers; Programming instructions for data processing apparatus, recorded; Recording materials for the storage of digital computer programs; Radio receiving apparatus incorporating sound recording

apparatus; Computer programs in machine readable form recorded on paper tape; Carriers in the form of cards being pre-recorded with information; Recorded programs for hand-held games with liquid crystal displays; Video recording apparatus incorporating sound reproducing apparatus; Blank data cartridges containing a format of recording instructions; Apparatus adapted for identifying magnetically recorded information; Data carriers recorded with programs to enable data to be displayed; Data processing programs recorded on machine-readable data carriers; Training aids [apparatus]; Sports training simulators; Training materials [apparatus]; Ejector seat training apparatus; Electric toy train transformers; Computer based training apparatus; Vehicle drive training simulators; Electronic collars to train animals; Gunnery training simulator apparatus; Training guides in electronic format; Training manuals in electronic format; Training apparatus [teaching apparatus]; Interactive computers for use in training; Training simulators for civil aviation purposes; Training guides in the form of a computer program; Training manuals in the form of a computer program; Visual display apparatus for use in training personnel; Computer programs relating to the training of personnel; Simulators for training personnel in rifle marksmanship; Simulators for training personnel in the use of firearms; Simulators for training personnel in the flying of aircraft; Simulators for training personnel in the driving of vehicles; Simulators for training operators in weapons systems control; Teaching apparatus for training in autorelaxation techniques; Simulators for training personnel in the operation of weapons; Simulators for training personnel in the operation of aircraft; Simulators for training personnel in the operation of watercraft; Simulators for training personnel in the flying of space vehicles; Optical apparatus for use in training operators of weapons systems; Simulators for training personnel in the ground control of aircraft; Simulators for training personnel in the operation of land vehicles; Simulators for training personnel in the operation of motor vehicles; Simulators for training personnel in the operation of space vehicles; Simulators incorporating digital computers for industrial training purposes; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Prerecorded exercise DVDs; Electronic display apparatus for use with exercise equipment; Prerecorded fitness DVDs; Lens caps; Safety caps; Camera body caps; Finished electrode caps; Protective caps for cameras; Safety hats [protective helmets]; Protective hats for the prevention of accident or injury; Music tapes; Music cassettes; Music recordings; Music headphones; Musical cassettes; Juke boxes, musical; Digital music players; Portable music players; Downloadable music files; Prerecorded music videos; Musical sound recordings; Musical video recordings; Tape recordings of music; Pre-recorded music videos; Downloadable digital music; Music-composition software; Audio tapes featuring music; Musical instrument amplifiers; Optical discs featuring music; Prerecorded music audio tapes; Compact discs featuring music; Music centres [audio apparatus]; Cases for music storage devices; Prerecorded music compact discs; Covers for music storage devices; Pre-recorded DVDs featuring music; Prerecorded non-musical videotapes; Phonograph records featuring music; Cases adapted for music recordings; Prerecorded non-musical audio tapes; Electronic sheet music, downloadable; Programs for computer generated music; Electric cords for musical amplifiers; Downloadable musical sound recordings; Electric cords for musical instruments; Electronic musical recording apparatus; Prerecorded video tapes featuring music; Prerecorded audio tapes featuring music; Musical recordings in the form of discs; Musical recordings in the form of tapes; Musical recordings in the form of wires; Carrying cases for digital music players; Carrying cases for portable music players; Musical score layout apparatus, electrical; Apparatus for producing analogue for music;

Docking stations for digital music players; Coin-operated musical automata [juke boxes]; Pick-ups for electrical musical instruments; Prerecorded video cassettes featuring music; Digital music downloadable from the Internet; Downloadable video recordings featuring music; Digital music, downloadable from the Internet; Electric and electronic musical effects equipment; Computer software for processing digital music files; Computer programs for processing digital music files; Electrical amplifiers for use with musical instruments; Sound adaption apparatus for use with musical instruments; Music centres incorporating radio and television receivers; Computer software for creating and editing music and sounds; Electric and electronic effects units for musical instruments; Electronic control circuits for electronic musical instruments; Electronic signal processing apparatus for musical instruments; Digital music, downloadable from MP3 web sites on the internet; Downloadable digital music provided from MP3 Internet web sites; Machine readable computer programs for use in the reproduction of music; Music centres incorporating sound and video recording and reproducing apparatus; Integrated circuit memory cards for use in playing electronic musical instruments; Sound cards; Sound discs; Sound tapes; Sound mixers; Sound alarms; Sound players; Sound records; Sound carriers; Sounding leads; Sounding lines; Sound samplers; Sound cassettes; Sound recorders; Sound processors; Sound projectors; Sound recordings; Sound amplifiers; Sound level meters; Hi-fi sound systems; Magnetic sound tapes; Mixing desks [sound]; Acoustic sound alarms; Echo sounding devices; Sound recording discs; Sound recording tapes; Sound recording strips; Sound mixing apparatus; Sound recording devices; Sound registering discs; Sound registering tapes; Tapes for bearing sound; Discs for bearing sound; Recorded sound carriers; Musical sound recordings; Digital sound processors; Analogue sound modifiers; Stereophonic sound units; Sound recording machines; Sound recording carriers; Sound recording consoles; Sound locating apparatus; Sound recording materials; Sound tracks [recordings]; Sound recording apparatus; Sound measuring apparatus; Sound receiving head sets; Sound reception apparatus; Sound reverberation units; Media for recording sound; Records [sound recordings]; Sound amplifying apparatus; Sound amplifying receivers; Carriers for bearing sound; Films for sound recordings; Sound monitoring apparatus; Sound locating instruments; Sound generation apparatus; Sound recordings on record; Pre-recorded sound carriers; Films for reproducing sound; Sound recording instruments; Sound reproducing apparatus; Sound carriers in disc form; Sound carriers in tape form; Tapes for reproducing sound; Synthesised sound apparatus; Synthesised sound recordings; Sound reproduction apparatus; Sound transmitting apparatus; Apparatus for carrying sound; Recorded discs bearing sound; Recorded magnetic sound tapes; Multichannel sound processors; Apparatus for recording sound; Sound reproducing instruments; Sound reinforcement apparatus; Sound record storage apparatus; Tapes bearing sound recordings; Apparatus for amplifying sound; Cards bearing sound recordings; Motion picture sound recorders; Records bearing recorded sound; Sound record sampling apparatus; Sound carriers in cassette form; Sounding apparatus and machines; Spools for sound recording tapes; Records bearing sound recordings; Pick-ups for sound amplification; Apparatus for sound reproduction; Apparatus for sound transmission; Picture sound recording equipment; Sound compositions for self study; Magnetic tapes for recording sound; Magnetic discs for recording sound; Portable sound recording apparatus; Radios with sound generating means; Electronic bricks to produce sound; Cleaning apparatus for sound tapes; Sound recordings on magnetic tapes; Sound records in the form of discs; Sound records in the form of tapes; Tapes for reproducing sound signals; Computer controlled sound apparatus; Apparatus for reproduction of

sound; Apparatus for making sound on discs; Apparatus for making sound on tapes; Apparatus for transmission of sound; Picture sound reproducing equipment; Media for the reproduction of sound; Portable sound reproducing apparatus; Apparatus for the recording of sound; Sound mixing apparatus for recording; Sound alarms, other than for vehicles; Sound recordings in the form of tapes; Cassettes containing sound recordings; Apparatus for sound level measurement; Computer controlled sound instruments; Downloadable musical sound recordings; Record discs bearing sound recordings; Magnetic materials for recording sound; Optical apparatus for processing sound; Instruments for the recording of sound; Mechanical storage apparatus for sound; Compact discs bearing sound recordings; Electrical apparatus for mixing sounds; Acoustic apparatus for recording sound; Tape decks [sound recording apparatus]; Storage racks for sound bearing devices; Sound recordings in the form of records; Sound mixers with integrated amplifiers; Apparatus for processing recorded sound; Audio recording of intra-uterine sounds; Apparatus for the reproduction of sound; Apparatus for the transmission of sound; Electrical amplifiers for sound signals; Compact discs containing recorded sound; Acoustic apparatus for reproducing sound; Laser readable discs for recording sound; Pre-recorded discs for reproducing sound; Tape decks [sound reproducing apparatus]; Instruments for the reproduction of sound; Instruments for the transmission of sound; High fidelity sound reproducing apparatus; Electric apparatus for transmitting sound; Electrical instruments for checking sound; Tape cutters for editing sound recordings; Sound recordings in the form of cassettes; Sound reproducing apparatus with keyboard; Video recordings incorporating sound track; Electrical instruments for recording sound; Blank CD-ROMs for sound or video recording; Magnetic tape for bearing sound recordings; Recording materials for sound reproduction; Boom poles for sound transmission apparatus; Apparatus for electronic recording of sound; Electrical instruments for monitoring sound; Electrical apparatus for transmitting sound; Compact discs having sound recorded thereon; Sound reproducing apparatus with microphone; Sound reproducing apparatus for use in cars; Cleaning apparatus for sound recording discs; Playing devices for sound and image carriers; Paper storage cassettes for sound recordings; Recording discs for the reproduction of sound; Sound recordings in the form of discs [disks]; Spools for use with sound recording apparatus; Recording devices for sound and image carriers; Power amplifiers for use in sound reproduction; Apparatus for the recording of sound or images; Telephone apparatus for communication by sound; Telephone apparatus for the recording of sound; Sound recording instruments for use with video; Sound mixing apparatus for use in video dubbing; Electronic sound pickups for guitars and basses; Fibres for the transmission of sounds and images; Cables for the transmission of sounds and images; Magnetic cleaning apparatus for sound recordings; Sound filters made of cloth, for radio apparatus; Tape spools [parts of sound recording apparatus]; Sound reproducing magnetic tapes in cassette form; Telephone apparatus for the reproduction of sound; Telephone apparatus for the transmission of sound; Apparatus for the reproduction of sound or images; Apparatus for the transmission of sound or images; Apparatus for the amplification of sound or images; Sound reproducing apparatus for use in automobiles; Sound recordings in the form of gramophone records; Sound recordings in the form of phonograph records; Electric controls for programmable sound generators; Computer controllers for operating sound instruments; Sound adapters being parts of television instruments; Radio monitors for reproduction of sound and signals; Technical literature in the form of sound recordings; Spools of metal [parts of sound recording apparatus]; Spool adaptors [parts for sound recording apparatus]; Sound records in the form of pre-recorded video tapes; Computer programs for editing

images, sound and video; Electric dust removing apparatus for sound recordings; Audio cassettes for use with sound recording machines; Sound adaption apparatus for use with electric guitars; Personal headphones for sound transmitting apparatuses; Ultrasonic sound apparatus, other than for medical use; Sound adapters being parts of radio receiving apparatus; Optical sound processors for motion picture soundtracks; Induction rods to transmit sound to hearing aid wearers; Sound adaption apparatus for use with musical instruments; Remote control apparatus for sound reproduction apparatus; Electric cables for the transmission of sounds and images; Electrical apparatus for the graphic equalisation of sound; Computer software for creating and editing music and sounds; Personal headphones for use with sound transmitting systems; Sound mixing apparatus for the broadcasting of theatre sound; Radio receivers for recording sound by means of magnetic tape; Software to control and improve audio equipment sound quality; Apparatus for reproducing stereophonic sound recorded on discs; Television apparatus incorporating sound reproducing apparatus; Electroacoustic apparatus for the production of sound recordings; Radio receiving apparatus incorporating sound recording apparatus; Electroacoustic instruments for the production of sound recordings; Electrical transducers for producing sound from electrical signals; Radio receiving apparatus incorporating sound reproducing apparatus; Video recording apparatus incorporating sound reproducing apparatus; Magnetic heads being components for use in sound recording apparatus; Electronic audio signal processors for compensating sound distortion; Apparatus for reproducing stereophonic sound recorded on magnetic tapes; Apparatus for recording, transmission or reproduction of sound or images; Central processing units for processing information, data, sound or images; Music centres incorporating sound and video recording and reproducing apparatus; Electronic audio signal processors for compensating sound distortion in speakers; Sound and vibration absorbing and damping fittings and feet, especially adapted for use with audio equipment; Prerecorded fitness DVDs; Image scanners; Image analysers; Image amplifiers; Image processors; Image projectors; Image stabilisers; Imaging apparatus; Image synthesizers; Image intensifiers; Holographic images; Colour image setters; Image converter tubes; Image recording discs; Imaging installations; Video imaging systems; Thermal imaging cameras; Image setting apparatus; Raster image processors; Recorded image carriers; Image intensifier tubes; Digitally stored images; Downloadable image files; Computer imaging systems; Image display telephones; Image creation apparatus; Image scanning apparatus; Image processing machines; Image recording apparatus; Image enhancement devices; Image analysing apparatus; Image generation apparatus; Image data capture devices; Image recognition software; Image intensifying devices; Image processing apparatus; Electronic imaging devices; Carriers for bearing images; Image recording instruments; Image analysing instruments; Image reproducing apparatus; Image transmission apparatus; Image transmitting apparatus; Image manipulation apparatus; Image processing instruments; Recorded discs bearing images; Apparatus for carrying images; Apparatus for image processing; Apparatus for recording images; Discs for bearing video images; Image interpretation apparatus; Apparatus for displaying images; Residual light image amplifiers; Image data translation apparatus; Magnetic disks for storing images; Apparatus for transmitting images; Optical media for recording images; Films for the projection of images; Image carriers in the form of discs; Image making devices for simulators; Magnetic media for recording images; Computer image projection apparatus; Articles for recording visual images; Electronic image recording apparatus; Media for the reproduction of images; Installations for transmitting images; Records bearing recorded video images; Records for reproducing visual images;

Image carriers in the form of records; Electronic image processing apparatus; Apparatus for recording visual images; Apparatus for the recording of images; Video cassettes bearing visual images; Software for processing digital images; Electronic cards for processing images; Electronic image recording instruments; Computer programs for image processing; Image carriers in the form of graphics; Electronic image processing instruments; Camera containing a linear image sensor; Programs for electronic image processing; Photoelectric image producing cartridges; Apparatus for the transmission of images; Computer apparatus for generating images; Apparatus for the reproduction of images; Apparatus for electronic image reception; Electronic hardware for image processing; Electronic apparatus for printing images; Pre-recorded discs for reproducing images; Magnetic discs for storing printing images; Photoelectrical image producing cartridges; Photosensitive drums for processing images; Magnetic tapes for recording visual images; Apparatus for reproduction of video images; Thermal imaging apparatus for night vision; Apparatus for electronic image transmission; Electronic instruments for recording images; Electronic manipulative image input devices; Optical imaging, other than for medical use; Electronic apparatus for manipulating images; Electronic instruments for digitising images; Compact discs having images recorded thereon; Playing devices for sound and image carriers; Apparatus for the projection of visual images; Apparatus for making prints from video images; Apparatus for the recording of sound or images; Recording devices for sound and image carriers; Recording discs for the reproduction of images; Optical fibres for use in the storage of images; Electrical apparatus for recording video images; Computer software for processing digital images; Thermal image observation devices for naval use; Electrophotographic apparatus for copying images; Fibres for the transmission of sounds and images; Apparatus for the reproduction of optical images; Apparatus for processing data relating to images; Cables for the transmission of sounds and images; Instruments for the projection of graphic images; Programs for the recording of images in printing; Image processing apparatus for personal computers; Apparatus for the transmission of sound or images; Apparatus for the reproduction of sound or images; Computer programs for electronic image processing; Software for processing images, graphics and text; Apparatus for the amplification of sound or images; Apparatus for artificially distorting video images; Image recording media pre-recorded with information; Line scanning cameras being image sensing apparatus; Thermal image apparatus, other than for medical use; Electronic cameras for recording images magnetically; Computer programs for editing images, sound and video; Thermal image observation devices for terrestrial use; Thermal imaging apparatus, other than for medical use; Ultrasound imaging devices, other than for medical use; X-ray film imaging apparatus, other than for medical use; Diagnostic imaging apparatus, other than for medical use; Electric cables for the transmission of sounds and images; Computer based electrophoresis image processing apparatus; Thermal image capture devices, other than for medical use; Tapes for the recordal of images in machine readable form; Thermal image transfer devices, other than for medical use; Apparatus for analysing images, other than for medical use; Digital image processors for the analysis of transparencies; Computer programs relating to the creation of graphic images; Digital image processors for the evaluation of transparencies; Electronic cameras for recording images on magnetic materials; Apparatus for transmitting film images onto television screens; Media for recording visual images, other than sensitised films; Electrical apparatus for use in the production of colour images; Devices in the nature of spectacles for viewing televised images; Computer programs relating to the manipulation of graphic images; Computer programs relating to the creation of photographic

images; Superconductive magnet instruments for magnetic resonance imaging; Devices in the nature of spectacles for displaying televised images; Magnetic resonance imaging apparatus, other than for medical purposes; Devices in the nature of spectacles for viewing recorded video images; Computer software for converting document images into electronic formats; Apparatus for recording, transmission or reproduction of sound or images; Devices for converting image information to digital signals for computers; Central processing units for processing information, data, sound or images; Computer programs and software for image processing used for mobile phones; Computer software for organizing and viewing digital images and photographs; Physical representations of graphic images stored electronically for electronic enhancement; Apparatus for producing ozone; Electronic bricks to produce light; Electronic bricks to produce sound; Devices for producing optical prints; Devices for producing digital prints; Apparatus for producing free radicals; Instruments for producing photographs; Electronic bricks to produce movement; Photoelectric image producing cartridges; Photoelectrical image producing cartridges; Apparatus for producing analogue for music; Devices for producing digital reproductions; Devices for producing optical reproductions; Computer software for producing financial models; Computer programs for producing computer graphics; Data processing apparatus producing data in type form; Data processing apparatus producing data in printed form; Photogrammetrical apparatus for producing aerial photographs; Computer programs recorded on diskettes for producing lettering; Electrical transducers for producing sound from electrical signals; Transmitting apparatus for producing facsimile copies of documents; Devices for producing photographically produced signals for printers; Plates with an arrangement of plugs for producing electrical connections; Lasers capable of producing pulsating laser beams, other than for medical use; Transmitting tubes; Transmitting apparatus; Transmitting instruments; Data transmitting apparatus; Image transmitting apparatus; Coded transmitting apparatus; Video transmitting apparatus; Television transmitting sets; Radio transmitting apparatus; Sound transmitting apparatus; Data transmitting instruments; Satellite transmitting aerials; Sunlight transmitting apparatus; Radio wave transmitting aerials; Transmitting magnetic compasses; Apparatus for data transmitting; Apparatus for transmitting data; Cabling for transmitting signals; Transmitting apparatus for radio; Satellite transmitting apparatus; Television transmitting apparatus; Apparatus for transmitting images; Apparatus for transmitting signals; Telegraphic transmitting apparatus; Mobile radio transmitting apparatus; Digital data transmitting apparatus; Installations for transmitting images; Transmitting sets [telecommunication]; Apparatus for transmitting information; Transmitting sets for telecommunication; Apparatus for transmitting audio signals; Computer apparatus for transmitting data; Devices for transmitting measured values; Electronic devices for transmitting data; Electric apparatus for transmitting sound; Radio receiving and transmitting apparatus; Electrical apparatus for transmitting sound; Apparatus for transmitting electronic signals; Transmitting apparatus for telecommunications; Transmitting apparatus for satellite broadcast; Facsimile transmitting and receiving apparatus; Facsimile-transmitting and receiving apparatus; Electronic units for transmitting audio signals; Transmitting apparatus for use in communications; Security apparatus for transmitting audio signals; Security apparatus for transmitting video signals; Indication apparatus for transmitting information; Electronic apparatus for transmitting information; Apparatus for transmitting data via the telephone; Apparatus for transmitting radio signals by cable; Electrical facsimile signal transmitting apparatus; Television transmitting apparatus for industrial use; Apparatus for transmitting messages via the

telephone; Signal transmitting apparatus utilising optical fibres; Personal headphones for sound transmitting apparatuses; Induction rods to transmit sound to hearing aid wearers; Electrical communication apparatus for transmitting data; Apparatus for transmitting data by the telephone network; Cabling for transmitting signals over mains wiring systems; Apparatus for transmitting television signals via satellite; Personal headphones for use with sound transmitting systems; Transmitting and receiving apparatus for radio broadcasting; Radio wave transmitting aerials for use with weapons systems; Laser light transmitting apparatus, other than for medical use; Cables for transmitting and receiving cable television signals; Apparatus for transmitting film images onto television screens; Electronic control apparatus for use in transmitting facsimiles; Transmitting and receiving apparatus for television broadcasting; Transmitting apparatus for producing facsimile copies of documents; Transmitting and receiving apparatus for long-distance transmission; Telecommunications apparatus for transmitting data for use with computers; Electronic instruments for transmitting facsimile messages in digital format; Computer chipsets for use in transmitting data to and from a central processing unit; Televisions; Television sets; Car televisions; LED televisions; Television films; Television outlets; Television decoder; Television screens; Plasma televisions; Television aerials; Television cameras; Television antennas; Digital televisions; Television decoders; Television monitors; Television apparatus; Television receivers; Television recorders; Television instruments; Stands for televisions; Aerials for television; Television camera tubes; Television transmitters; Apparatus for television; Television receiving sets; Closed circuit television; Cable television receivers; Television receiving dishes; Television display monitors; Cable television converters; Filters for television sets; High definition televisions; Decoders for television sets; Television display apparatus; Television signal amplifiers; Television transmitting sets; Cable television transmitters; Television receivers [TV sets]; Television receiving apparatus; Cable television installations; Filters for television screens; Recordings of television films; Projection television apparatus; Microscope television apparatus; Remote controls for televisions; Television aerials for vehicles; Television standards converters; Television modulation diplexers; Television monitoring apparatus; Printed circuits for televisions; HD (High Definition) televisions; Televisions combined with radios; Channel selectors for televisions; Closed circuit television cameras; Television transmitting apparatus; Ultra high definition televisions; Recorded programmes for television; Anti-glare filters for televisions; Television cameras for surveillance; Recordings of television programmes; Radioelectrical television antennae; Closed circuit television apparatus; Television monitors for medical use; Television apparatus for video discs; Television apparatus for video tapes; Mobile television broadcasting units; Television frame store synchronizers; Television receivers for medical use; Closed circuit television instruments; Apparatus for television transmission; Cable television head end transcoders; Television monitors for household use; Television monitors for industrial use; Television receivers for household use; Video apparatus for television studios; Satellite television signal scramblers; Plasma display panel (PDP) televisions; Motion picture films for television use; Mounting devices for television cameras; Extension leads for televisions aerials; Television receivers for industrial use; Television films prepared for video use; Receivers for receiving cable television; Satellite television receiving apparatus; Satellite television signal descramblers; Liquid crystal display (LCD) televisions; Liquid crystal display [LCD] televisions; Television films prepared for exhibition; Television signal transmission apparatus; Televisions incorporating video recorders; Television cameras for undersea surveying; Electronic television satellite

apparatus; Antennas for receiving television signals; Programmable digital television recorders; Cable television apparatus and instruments; Housings for use with television apparatus; Television cameras for undersea inspection; Television monitors for use with computers; Terminals [connectors] for television sets; Printed electronic circuits for televisions; Repeaters for radio and television stations; Television receivers for use with computers; Television display monitors for medical use; Screen filters for computers and televisions; Coin-operated mechanisms for television sets; Closed circuit television security apparatus; Television display apparatus for medical use; Television display monitors for household use; Television cameras for use in weapons systems; Silicon target vidicon for television cameras; Television cameras for the inspection of pipes; Closed circuit television monitoring apparatus; Cases adapted for television display apparatus; Electrical apparatus incorporating televisions; Television display apparatus for household use; Television display monitors for industrial use; Television receiving apparatus for medical use; Wall mountings adapted for television monitors; Wall mountings adapted for television apparatus; Television display apparatus for industrial use; Television cameras for the inspection of drains; Televisions incorporating high definition tuners; Remote control apparatus for use with televisions; DMB (Digital Multimedia Broadcasting) televisions; Cable television subscriber receiver descramblers; Wall mountings adapted for television instruments; Television receiving apparatus for industrial use; Television display monitors for use with computers; Closed circuit television monitoring installations; Television cameras for the inspection of buildings; Program memory cartridges for television game sets; Portable cameras for use in television broadcasting; Television cameras for the inspection of structures; Apparatus for recording television signals on discs; Television display apparatus for use with computers; Sound adapters being parts of television instruments; Television transmitting apparatus for industrial use; Electrical components for use with television aerials; Apparatus for inserting text into television pictures; Satellite television integrated receiver descramblers; Hard drive recorders for use with television receivers; Video cameras for use in integrated television editing; Video cameras for use in television transmission suites; Electrical components for use with television apparatus; Education apparatus connectable to television receivers; Digital video apparatus for professional television use; Display screen filters adapted for use with televisions; Anti-glare filters for televisions and computer monitors; Coaxial cables for use in cable television installations; Microwave antenna for the reception of television signals; Electronic apparatus for linking televisions to computers; Coding installations for subscription television channels; Music centres incorporating radio and television receivers; Apparatus for transmitting television signals via satellite; Cordless telephones combined with television remote controls; Closed circuit television surveillance cameras to detect fire; Satellite television transmission uplink scrambling apparatus; Television apparatus incorporating sound reproducing apparatus; Cables for transmitting and receiving cable television signals; Apparatus for transmitting film images onto television screens; Controlled access security apparatus [closed circuit television]; Synthesizers for colouring monochrome television picture sources; Transmitting and receiving apparatus for television broadcasting; Transmitters for use in the transmission of television programmes; Cable converters for television being telecommunications apparatus; Converters being telecommunications apparatus for television signals; Portable cameras for making video programmes for television broadcasting; Televisions incorporating clocks with light emitting diode digital displays; Optical data media; Magnetic data media; Portable media players; Optical recording media; Digital recording media; Magnetic media registers;

Magnetic recording media; Media for recording sound; Magnetic recording mediums; Cases for digital media players; Cases for portable media players; Covers for digital media players; Covers for portable media players; Recording media for audio signals; Recording media for video signals; Optical media for recording images; Photographic media [films, exposed]; Speakers for portable media players; Media for the reproduction of sound; Magnetic media for recording images; Electronic magnetic recording media; Media for the reproduction of images; Photosensitive media [films, exposed]; Magnetic media for storing video games; Typeface fonts recorded on magnetic media; Computer programs recorded on magnetic media; Magnetic recording media in the form of discs; Typeface fonts pre-recorded on magnetic media; Electronic databases recorded on computer media; Electronic publications recorded on computer media; Data storage media for recording computer programs; Image recording media pre-recorded with information; Compact discs, DVDs and other digital recording media; Media for recording visual images, other than sensitised films; Cases and containers for recorded media [tapes, cassettes and discs]; Computer programs in machine readable form recorded on electronic media; Automatic paying-in and deposit machines; Electronic identification cards for use in paying for services; Magnetic payment cards; Automatic payment machines; Encoded prepaid payment cards; Mechanisms for pre-payment apparatus; Apparatus for receiving cash payments; Payment cards being magnetically encoded; Apparatus for electronic payment processing; Apparatus for payment with magnetically memory cards; Apparatus for payment with magnetically encoded cards; Machine readable devices for cashless payment systems; Terminals for electronically processing credit card payments; Terminals for the electronic payment of charges with credit cards; Electronic and magnetic ID cards for use in connection with payment for services; Devices incorporating microprocessors for use in fare payments on public transport; Self-service banking apparatus; Integrated services digital network components; Integrated service digital network installations; Multifunction cards, encoded, for financial services; Multifunction cards, magnetic, for financial services; Computer software for controlling self-service terminals; Electronic identification cards for use in obtaining services; Electronic identification cards for use in reserving services; Electronic identification cards for use in paying for services; Fault diagnostic equipment for use in the servicing of vehicles; Warning light for mounting on the roof of emergency services vehicles; Electronic and magnetic ID cards for use in connection with payment for services; Warning loud speaker apparatus for mounting on the roof of emergency services vehicles; Electronic digital automation installations for measuring building services installations; Integrated facility management installations; Golf club gauges; Portable golf club head speedometers; Apparatus for measuring the swing speed of golf clubs; Audio books; Talking books; Digital book readers; Books recorded on disc; Books recorded on tape; Memo books, electronic; Electronic book readers; Downloadable electronic books; Photocopiers for copying books; Vocabulary note books, electronic; Telephone books in electronic form; Mobile applications for booking taxis; Digital books downloadable from the Internet; Computer instruction records; Instruction programmes for the input of data; Instruction programmes for the input of text; Instruction programmes for the output of data; Instruction programmes for the output of text; Instruction programmes for use with computers; Instruction programmes for the storage of data; Instruction programmes for the storage of text; Connectable blocks for instruction in geometry; Instruction programmes for the processing of data; Instruction programmes for the processing of text; Connectable blocks for instruction in mathematics; Magnetic data carriers recorded with programmes for instruction; Programming instructions for data processing apparatus,

recorded; Blank data cartridges containing a format of recording instructions; Magnetic data carriers recorded with programmes for instruction in foreign languages; Operating and user instructions stored in digital form for computers and computer software, in particular on floppy disks or CD-ROM; Remote access online electronic information apparatus; Electronic publications including those sold and distributed online; Computer programmes [programs] and recorded software distributed online; Virtual reality headsets; Virtual reality software; Virtual reality game software; Headsets for virtual reality games; VPN [virtual private network] hardware; Virtual reality software for medical teaching; VPN [virtual private network] operating software; Magazines downloaded via the internet; Newspapers downloaded via the internet; Computer software downloaded from the internet; Computer games programmes downloaded via the internet; Computer games programs downloaded via the internet [software]; Weekly publications downloaded in electronic form from the internet; Printing fonts that can be downloaded provided by means of electronic transmission.

memories incorporating computer programs; Communication devices for linking computer networks; Computer apparatus for computer aided manufacturing; Apparatus for receiving information from a computer; Apparatus for data communications between computers; Apparatus for inputting information into a computer; Computer based control apparatus for assembly lines; Computer application software for mobile telephones; Computer programs relating to computer aided design; Television display apparatus for use with computers; Paper handling devices [parts of computer printers]; Paper guiding apparatus [parts of computer printers]; Operating computer software for main frame computers; Data storage devices for recording computer programs; Credit card encoding machines [computer peripherals]; Computer software for processing digital music files; Computer software for use in computer access control; Materials bearing computer programs in magnetic form; Materials for carrying computer data in optical form; Installations for use in the networking of computers; Input apparatus for transferring data from computers; Electronic printing apparatus for use with computers; Industrial controls incorporating computer apparatus; Electronic memories for the storage of computer data; Electronic memories for the control of computer data; Electronic control apparatus for computer programmes; Electrical control apparatus being computer operated; Computer programs recorded on data storage materials; Computer programs recorded on magnetic data carriers; Computer programs for integrated circuit diagnostics; Computer programs for processing digital music files; Computer installations for the communication of data; Computer component testing and calibrating equipment; Computer games programs recorded on tapes [software]; Computer controllers for operating sound instruments; Apparatus for computer numerical control of machines; Ancillary input and output controllers for computers; Audiovisual display apparatus for use with computers; Apparatus for use in communications between computers; Broadband data interconnecting computer installations; Computer games programmes downloaded via the internet; Computer controllers for operating lighting apparatus; Computer programs for editing images, sound and video; Computer programs in the field of molecular modelling; Computer programs in the field of communication links; Devices for linking terminals on a computer apparatus; Credit card embossing machines [computer peripherals]; Computer software programs for spreadsheet management; Computer software for wireless network communications; Computer software for authorising access to databases; Electrical print out apparatus for use with computers; Electronic print out apparatus for use with computers; Materials for carrying computer data in magnetic form; Technical literature in the form of computer programs; Process control units using process control computers; Personal computer software applications, downloadable; Computer software for authorising access to data bases; Electronic data input apparatus for use with computers; Electrical data input apparatus for use with computers; Navigation apparatus for vehicles [on-board computers]; Magnetic carriers for the storage of computer programs; Computer programs for the creation of elementary cells; Computer programs recorded in computer accessible form; Computer programs for designing printed circuit boards; Computer programs for accessing and using the internet; Boxes adapted for transporting computer software disks; Computer apparatus for plain language text recognition; Personal computer work stations [electronic apparatus]; Recorded computer programs in the form of punched cards; Optical discs bearing machine readable computer program; Tape units for backing up computer data storage devices; Tape units for backing up computer data storage systems; Integrated circuit cards storing computer game programs; Memory cartridges on which computer programs are stored; Electronic

data output apparatus for use with computers; Electronic memory units for bearing computer programmes; Apparatus controlled by computers for analysing samples; Computer installations for the control of machine tools; Computer programs relating to the training of personnel; Computer programs for use in computer aided engineering; Computer programs for use in defining machineable parts; Computer software for controlling self-service terminals; Input apparatus for use with computers for handling data; Memory devices bearing programmes for use with computers; Machine readable materials for bearing computer programs; Machine readable carriers for stored computer programmes; Magnetic recording apparatus bearing computer programmes; Magnetic recording materials bearing computer programmes; Computer apparatus for the management of telephone calls; Anti-glare filters for televisions and computer monitors; Computer controlled mechanisms for coin operated lockers; Computer apparatus having speech generation capabilities; Paper strips bearing punched [encoded] computer programs; Digital interactive video adaptors for use with computers; Computer software to maintain and operate computer system; Magnetic supports containing recorded computer programmes; Machine readable material for bearing computer programmes; Interactive entertainment software for use with computers; Installations for the remote loading of computer software; Electronic apparatus for linking televisions to computers; Computer based electrophoresis image processing apparatus; Computer controlled telecommunications exchange apparatus; Computer programs for use in developing computer programs; Computer programs for use in computer-aided manufacturing; Computer programs for use with structured system analysis; Computer programs for enabling access or entrance control; Punched paper tape rolls [encoded] for use with computers; Programs for setting up performance analysis in computers; Semiconductor memory cartridges bearing computer programmes; Remote control apparatus connected by modems to computers; Solid-state electrical apparatus for storing computer data; Tapes bearing computer programmes in machine readable form; Computer software for application and database integration; Electronic visual display apparatus for use with computers; Electronic components for the storage of computer programs; Computer installations for the control of laundry machines; Computer apparatus for the transmission of telephone calls; Computer software for administration of local area networks; Computer software for creating and editing music and sounds; Computer programs used for electronic cash register systems; Computer software for use in programming facsimile machines; Electric devices for transmission of data between computers; Electrically punched [encoded] cards for use with computers; Electrically punched [encoded] tapes for use with computers; Installations for the remote unloading of computer software; Computer programs for establishing pump operating schedules; Cartridges of magnetic tape for recording computer programs; Optical discs for bearing machine readable computer program; Utility programs for performing computer system diagnostics; Display screen filters adapted for use with tablet computers; Joysticks for use with computers, other than for video games; Computer software for use in creating and designing websites; Computer software for use in processing semiconductor wafers; Computer terminals for use with debit cards at point of sale; Computer software designed to estimate resource requirements; Data carriers for computers having software recorded thereon; Cursor control devices for use with computer display systems; Audiovisual display apparatus adapted for use with computers; Computer apparatus for controlling the operation of machines; Computer apparatus adapted for use with visual display units; Communication software for connecting computer network users; Computer controlled installations of video display apparatus; Computer game software for use on mobile and cellular phones; Computer programs relating to the

creation of graphic images; Circuit boards for use in the emulation of computer terminals; Computer apparatus for planning patterns for weaving machines; Apparatus for collecting encoded data for supply to computers; Computer programs for the rating of plate fin heat exchangers; Computer programs for dynamic simulation of oil well drilling; Computer programs for monitoring computer systems performance; Computer programs for the design of plate fin heat exchangers; Computer terminals for use with credit cards at point of sale; Materials bearing data in encoded form for use with computers; Display screen filters adapted for use with computer monitors; Computer terminals for use with encoded cards at point of sale; Computer software for communication between computer processes; Insert cards [printed circuit boards] being parts of computers; Computer programs for using the internet and the worldwide web; Computer installations incorporating a central processing unit; Acoustic receivers for telephonic communication with computers; Communication software for connecting global computer networks; Computer games programs downloaded via the internet [software]; Computer apparatus for use in monitoring biochemical reactions; Solid-state electrical apparatus for storing computer programs; Data processing programmes for editing in computer aided design; Computer software adapted for use in the operation of computers; Computer terminals for use with magnetic cards at point of sale; Interface instruments for computer control of knitting machines; Computer programs recorded on diskettes for producing lettering; Computer programs for automating molecular biological processes; Telecommunications apparatus for transferring data to computers; Solid-state electrical apparatus for storing computer programmes; Recording materials for the storage of digital computer programs; Personal computers for use with coin operated video game devices; Fibre optics communications installations for use with computers; Drawing apparatus and instruments adapted for use with computers; Electronic data carriers with computer programs [machine script]; Computer controlled apparatus for testing printed circuit boards; Computer programs for the enabling of access or entrance control; Computer programs for the evaluation of thermal radiation levels; Computer programs for the analysis of data processing procedures; Computer programs for the control of telecommunication apparatus; Computer programs for the analysis of data processing efficiency; Computer programs for providing a graphical presentation of data; Computer programs relating to the manipulation of graphic images; Videotext computer terminals incorporating alphanumeric keyboards; Computer programs relating to the creation of photographic images; Computer programs in machine readable form recorded on paper tape; Computer programs for the analysis of data processing performance; Electronic devices for the transmission of data between computers; Downloadable computer software for remote monitoring and analysis; Data terminals for the entry of data to a central computer system; Data processing programmes for archiving in computer aided design; Network software applications being downloadable computer programs; Computer programs for the control of telecommunication instruments; Computer game software downloadable from a global computer network; Computer apparatus for the measurement of brakes on motor vehicles; Computer software for communicating purposes between microcomputers; Computer programs for the management of the manufacturing processes; Computer programs for simulating the trading in futures and options; Computer hardware for use in computer-assisted software engineering; Computer controlled installations of liquid crystal display screens; Computer based apparatus for use in the enhancement of video signals; Computer based development apparatus for testing electronic circuits; Computer aided teleprinter apparatus having word processing functions; Data carriers incorporating

computer programs written in machine code; Computer software for communicating with users of hand-held computers; Mosaic-type heads for impact printing machines for use with computers; Materials bearing information in magnetic form for use with computers; Computer utility programs [program performs computer maintenance work]; Interactive computers for use in certifying airport security personnel; Apparatus for protecting computers from electrical power supply faults; Computer apparatus for the measurement of suspension on motor vehicles; Computer based apparatus for the implementation of electronic circuits; Machine readable computer programs for use in the reproduction of music; Computer based development apparatus for testing printed circuit boards; Computer programmes [programs] and recorded software distributed online; Computer programs in machine readable form recorded on electronic media; Computer software for converting document images into electronic formats; Electrical connectors for connecting laptop computers to telephone lines; Computer based apparatus for designing the layout of electronic circuits; Telecommunications apparatus for transmitting data for use with computers; Data terminals for the communication of data to a central computer system; Devices for converting image information to digital signals for computers; Computer software for controlling and managing access server applications; Electronic data processing apparatus for the storage of computer programs; Fibre optics communications apparatus for use with computer work stations; Computer based apparatus for the implementation of printed circuit boards; Computer software for controlling the operation of audio and video devices; Electrical communications apparatus for use with interconnecting computers; Downloadable interactive entertainment software for playing computer games; Computer based development apparatus for the design of electronic circuits; Cash registers, calculating machines, data processing equipment, computers; Computer programs for use in processing data relating to financial records; Computer programs and software for image processing used for mobile phones; Programs written on data carriers for processing encoded data on computers; Computer software for organizing and viewing digital images and photographs; Interfaces between application programs and firmware on real-time computers; Computer programs for connecting remotely to computers or computer networks; Computer based apparatus for designing the layout of printed circuit boards; Computer controlled apparatus for furnishing voice responses to data inputs; Software for searching and retrieving information across a computer network; Simulators incorporating digital computers for industrial training purposes; LAN [local area network] access points for connecting network computer users; Computer based development apparatus for the design of printed circuit boards; Computer programs for use with computer integrated manufacturing installations; Educational materials in the form of computer programmes for teaching languages; Computer software to enable the transmission of photographs to mobile telephones; Computer apparatus for the measurement of exhaust gas emissions on motor vehicles; Miniature hard disk drive storage units on a plug-in card being computer apparatus; Computer chipsets for use in transmitting data to and from a central processing unit; Downloadable computer game software via a global computer network and wireless devices; Computer programs for searching remotely for content on computers and computer networks; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Computer programs for searching the contents of computers and computer networks by remote control; Video game computer programs for use with game apparatus not requiring a separate means of display; Computer software for use in providing multiple user access to a global computer information network; LAN [local area network] computer cards

for connecting portable computer devices to computer networks; Racks and mountings specifically adapted for use with audio, visual, computer and telecommunications equipment; Computer software that assists computers in deploying parallel applications and performing parallel computations; Computer communication software to allow customers to access bank account information and transact bank business; Operating and user instructions stored in digital form for computers and computer software, in particular on floppy disks or CD-ROM; Internet phones; Internet servers; Internet access software; Internet messaging software; Magazines downloaded via the internet; Newspapers downloaded via the internet; Digital books downloadable from the Internet; Digital music downloadable from the Internet; Digital music, downloadable from the Internet; Data recorded electronically from the internet; Digital music, downloadable from MP3 web sites on the internet; Downloadable digital music provided from MP3 Internet web sites; Weekly publications downloaded in electronic form from the internet; Remote access online electronic information apparatus; Electronic publications including those sold and distributed online; Downloadable electronic newspapers; Newspapers downloaded via the internet; Cassette tapes relating to monthly news reviews; Data processing programmes for the production of newspapers; Film magazines for cameras; Magazines for photographic negatives; Magazines downloaded via the internet; Downloadable electronic publications in the nature of magazines; Illuminated advertisements; Illuminated advertising signs; Luminous advertising displays; Electronic advertising displays; Advertising signboards, electric; Advertising signboards, luminous; Illuminated advertising apparatus; Panels for advertising [luminous]; Panels for advertising [mechanical]; Metal advertising panels [luminous]; Metal advertising panels [mechanical]; Illuminated signs used for advertising; Advertising boards [electric or luminous]; Advertising display signs [mechanical or luminous]; Advertising display apparatus [electric or luminous]; Luminous advertising apparatus with alternative displays; Electric advertising apparatus with alternative displays; Print cameras; Print servers; Print counters; Printed circuits; Printed wiring boards; Printed circuit cards; Printed circuit boards; Printed cards, encoded; Printing plate scanners; Printed cards, magnetic; Digital printing cameras; Print heads for plotters; Print heads for printers; Ticket printing machines; Video printing apparatus; Flexible printed circuits; Printed electric circuits; Ticket printing apparatus; Printing process simulators; Printed electronic circuits; Downloadable printing fonts; Printed cash cards, encoded; Printed circuits for motors; Printed bank cards, encoded; Microfilm printing apparatus; Printed bank cards, magnetic; Plug-in printed card holders; Printed cash cards, magnetic; Exposures for use in printing; Computer programs for printing; Print heads for inkjet printers; Photographic printing apparatus; Printing communication apparatus; Printing dissemination apparatus; Electrostatic printing apparatus; Multilayer printed wiring boards; Printed circuits for televisions; Printed circuit expansion boards; Printed circuit board assemblies; Masks for making printed circuits; Print heads for computer printers; Print out apparatus for computers; Photographic print-making apparatus; Automated ticket printing apparatus; Printed circuit boards for computers; Printed circuit board contact probes; Plotters for use in printing of text; Devices for producing digital prints; Devices for producing optical prints; Print dryers [photographic apparatus]; Electronic remote printing controllers; Dielectric boards for printed circuits; Print cutters [photographic apparatus]; Ceramic wafers bearing printed circuits; Printed electronic circuits for machines; Drying apparatus for photographic prints; Electrical apparatus for use in printing; Electronic apparatus for printing images; Apparatus for scanning text for printing; Apparatus for drying photographic prints;

Programs for computer print out apparatus; Printing apparatus for use with computers; Printed electronic circuits for apparatus; Contact probes for printed circuit boards; Glazing apparatus for photographic prints; Magnetic discs for storing printing images; Print out apparatus for use with computers; Print trimmers [parts of computer printers]; Printed electronic circuits for televisions; Test pins for testing printed circuit boards; Apparatus for testing printed circuit boards; Plotters for use in the printing of graphics; Photographic apparatus for printing purposes; Printed publications in machine readable form; Apparatus for making prints from video images; Machines for inspecting printed circuit boards; Printed publications in optically recorded form; Printed circuits for use with timing mechanisms; Printed circuits on substrates of flexible film; Test adapters for testing printed circuit boards; Programs for the recording of images in printing; Electrical connectors for printed circuit boards; Printed circuit boards for mounting in computers; Electrical apparatus for plating printed circuits; Electrically insulated boards for printed circuits; Flexible printed circuits incorporating substrates; Scanning apparatus for use in the printing industry; Printed circuit boards for remote data transmission; Printed circuits on substrates of plastics material; Apparatus for exposing lithographic printing plates; Testing apparatus for testing printed circuit boards; Printed publications in electronically readable form; Electronic printing apparatus for use with computers; Substrates [printed circuit boards] ready for etching; Print out apparatus for use data processing apparatus; Plastic covered cards bearing printed matter, encoded; Electronic print out apparatus for use with computers; Electrical print out apparatus for use with computers; Infrared drying apparatus for the photographic prints; Computer programs for designing printed circuit boards; Printed circuit boards incorporating integrated circuits; Data processing apparatus producing data in printed form; Printing apparatus for use with data processing apparatus; Electronic connectors for use in the printed circuit industry; Insert cards [printed circuit boards] being parts of computers; Printing units being parts of automatic ticket issuing machines; Computer controlled apparatus for testing printed circuit boards; Vacuum drawdown devices for exposing lithographic printing plates; Films [laminates] adapted for use in the printed circuit industry; Illuminating devices for checking the authenticity of printed matter; Mosaic-type heads for impact printing machines for use with computers; Computer based development apparatus for testing printed circuit boards; Computer based apparatus for the implementation of printed circuit boards; Toner cartridges, unfilled, for electronically operated printing apparatus; Computer based apparatus for designing the layout of printed circuit boards; Computer based development apparatus for the design of printed circuit boards; Interface cards for data processing equipment in the form of printed circuits; Electrical print out apparatus for use with electronic data processing apparatus; Electrical print out apparatus for use with electronic text processing apparatus; Printing fonts that can be downloaded provided by means of electronic transmission; Electrically powered apparatus for regulating the content of solutions used in printing; Electrically powered apparatus controlling the specific gravity of solutions used in printing; Detectors for biotechnological separation; Detectors for biotechnological fractionation; Self-service banking apparatus; Integrated services digital network components; Integrated service digital network installations; Multifunction cards, encoded, for financial services; Multifunction cards, magnetic, for financial services; Computer software for controlling self-service terminals; Electronic identification cards for use in reserving services; Electronic identification cards for use in obtaining services; Electronic identification cards for use in paying for services; Fault diagnostic equipment for use in the servicing of vehicles; Warning light for mounting on the roof of emergency services

vehicles; Electronic and magnetic ID cards for use in connection with payment for services; Warning loud speaker apparatus for mounting on the roof of emergency services vehicles; Electronic digital automation installations for measuring building services installations; Event recorders; Monitors for recording events; Radar guns for sporting events.
