REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

circuits]; chromatography apparatus for laboratory use; circuit breakers; circuit closers; clothing for protection against accidents, irradiation and fire; coils, electric; coin-operated apparatus (mechanisms for -); commutation (electric apparatus for -); commutators; compact disc players; compact discs [audio-video]; compact discs [read-only memory]; comparators; computer keyboards; computer memories; computer operating programs, recorded; computer peripheral devices; computer programmes [programs], recorded; computer programs [downloadable software]; computer software, recorded; computers; conductors, electric; connections for electric lines; connections, electric; connectors [electricity]; contacts, electric; contacts, electric, of precious metal; control panels [electricity]; electronic controllers; converters; converters, electric; counterfeit [false] coin detectors; counter-operated apparatus (mechanisms for -); couplers [data processing equipment]; couplings, electric; current rectifiers; data processing apparatus; densimeters; densitometers; detectors; diagnostic apparatus, not for medical purposes; diffraction apparatus [microscopy]; discharge tubes, electric, other than for lighting; disk drives for computers; disks, magnetic; distance measuring apparatus; distance recording apparatus; distribution boards [electricity]; distribution consoles [electricity]; DNA chips; ducts [electricity]; DVD players; dynamometers; ear plugs for divers; electric installations for the remote control of industrial operations; electric installations for the remote ignition; electric loss indicators; electro-dynamic apparatus for the remote control of signals; electromagnetic coils; electromagnetic flow meters; electronic pens [visual display units]; electronic publications, downloadable; electronic tags for goods; encoded cards, magnetic; exposure meters [light meters]; false coin detectors; fiber [fiber (am.)] optic cables; fingerprints recognition access control units; fire alarms; fire escapes; food analysis apparatus; frequency meters; furnaces for laboratory experiments; galvanometers; gas alarms; gas testing instruments; gasometers; gates for car parks (coin-operated -); gradient indicators; heat regulating apparatus; heliographic apparatus; hydrometers; hygrometers; identity cards, magnetic; igniting apparatus, electric, for igniting at a distance; ignition (electric apparatus for remote -); image processing devices; inclinometers; incubators for bacteria culture; indicators [electricity]; integrated circuit cards [smart cards]; integrated circuits; intercommunication apparatus; interfaces for computers; inverters [electricity]; invoicing machines; ionisation apparatus, not for the treatment of air; iris recognition access control units; juke boxes for computers; lactodensimeters; lactometers; laptop computers; life saving apparatus and equipment; light conducting filaments [optical fibers [fibres]]; light dimmers [regulators], electric; light-emitting electronic pointers; lighting ballasts; locks, electric; magnetic data media; magnetic encoders; magnetic tape units for computers; magnetic tapes; manometers; material testing instruments and machines; measures; measuring apparatus; measuring devices, electric; measuring instruments; measurement recorders; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; meters; microprocessors; modems; money counting and sorting machines; monitoring apparatus, electric; monitors [computer hardware]; monitors [computer programs]; mouse [data processing equipment]; mouse pads; nautical apparatus and instruments; notebook computers; observation instruments; optical apparatus and instruments; optical character readers; optical data media; optical discs; optical fibers [fibers] [light conducting filaments]; optical glass; optical goods; optical lenses; ovens for

laboratory experiments; ozonizers (ozonators); palm vein recognition access control units; pedometers; phototelegraphy apparatus; photovoltaic cells; physics (apparatus and instruments for -); plates for batteries; plotters; plugs, sockets and other contacts [electric connections]; pocket calculators; portable telephones; precision balances; precision measuring apparatus; pressure gauges; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuits; printers for use with computers; probes for scientific purposes; processors [central processing units]; protection devices for personal use against accidents; push buttons for bells; quantity indicators; radar apparatus; readers [data processing equipment]; reducers [electricity]; refractometers; regulating apparatus, electric; remote control apparatus; roentgen apparatus not for medical purposes; salinometers; satellites for scientific purposes; scales; scanners [data processing equipment]; semi-conductors; signalling panels, luminous or mechanical; simulators for the sports training; simulators for the steering and control of vehicles; slide-rules; slope indicators; smart cards [integrated circuit cards]; smoke detectors; solar batteries; solenoid valves [electromagnetic switches]; sonars; sound recording apparatus; sounding apparatus and machines; speaking tubes; spectroscopes; speed indicators; spherometers; sprinkler systems for fire protection; steering apparatus, automatic, for vehicles; switchboards; switches, electric; tachometers; telephone receivers; telephone transmitters; temperature indicators; testing apparatus not for medical purposes; theft prevention installations, electric; thermionic tubes; thermometers, not for medical purposes; thermostats; time clocks [time recording devices]; time recording apparatus; transformers [electricity]; transistors [electronic]; transmitters [telecommunication]; transmitters of electronic signals; vacuum gauges; variometers; video game cartridges; video recorders; viscosimeters; voltage surge protectors; voltmeters; wafers [silicon slices]; water level indicators; wavemeters; weighing apparatus and instruments; weighing machines; workmen's protective face-shields; and wrist rests for use with computers; lasers, not for medical purposes.

Class 11

Accumulators (heat -); air conditioning apparatus; air conditioning installations; air cooling apparatus; air deodorising apparatus; air driers [dryers]; air filtering installations; air purifying apparatus and machines; air reheaters; air sterilizers; air valves for steam heating installations; bath tubs for sitz baths; boiler pipes [tubes] for heating installations; boilers, other than parts of machines; burners; central heating radiators; chromatography apparatus for industrial purposes; coils [parts of distilling, heating or cooling installations]; conditioning air (installations for -); cookers; cooling appliances and installations; cooling installations and machines; drinking water (filters for -); drying apparatus; drying apparatus and installations; expansion tanks for central heating installations; fans [air-conditioning]; fans [parts of air-conditioning installations]; faucets for pipes (am.); feeding apparatus for heating boilers; filters [parts of household or industrial installations]; filters for air conditioning; filters for drinking water; flare stacks for use in the oil industry; flushing apparatus; footwarmers, electric or non-electric; freezers; friction lighters for igniting gas; fuel economisers; furnaces; furnaces, other than for experimental purposes; gas boilers; gas condensers, other than parts of machines; gas lighters; gas scrubbers [parts of gas installations]; gas scrubbing apparatus; hair driers [dryers]; hand drying apparatus for washrooms; hearths; heat accumulators; heat exchangers, not

parts of machines; heat pumps; heat regenerators; heating apparatus; heating apparatus, electric; heating boilers; heating installations; heating installations (hot water-); heating plates; hot air apparatus; hot water heating installations; humidifiers for central heating radiators; hydrants; incinerators; ionisation apparatus for the treatment of air; level controlling valves in tanks; lighting apparatus and installations; oil-scrubbing apparatus; ovens, other than for experimental purposes; pasteurisers; pipe line cocks [spigots]; purification installations for sewage; radiators [heating]; refrigerating apparatus and machines; refrigerating appliances and installations; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; regulating and safety accessories for gas pipes; regulating and safety accessories for water apparatus; safety accessories for water or gas apparatus and pipes; sanitary apparatus and installations; scrubbers [parts of gas installations]; solar collectors [heating]; solar water heaters; stoves; stoves [heating apparatus]; thermostatic valves [parts of heating installations]; valves (level controlling -) in tanks; ventilation [air conditioning] installations and apparatus; ventilation hoods; ventilation hoods for laboratories; washers for water taps; waste water treatment tanks [for industrial purposes]; waste water treatment tanks for household purposes; water conduits installations; water distribution installations; water purification installations; and water supply installations; self-regulating fuel pumps.

Class 35

Advertising; advertising agencies; advertising material (updating of -); advertising space (rental of -); analysis (cost price -); appraisals (business -); assistance (business management -); auditing; business appraisals; business consultancy (professional -); business consultancy for environmental systems and quality control; business information; business inquiries; business investigations; business management and organization consultancy; business management assistance; business management by researching, planning and marketing implementation for product quality improvement; business management consultancy; business management consultancy for facilities for elderly people; business organization consultancy; business research; commercial information agencies; commercial or industrial management assistance; compilation of information into computer databases; computer databases (compilation of information into -); computer databases (systemization of information into -); consultancy (professional business -); data search in computer files for others; demonstration of goods; direct mail advertising; document reproduction; efficiency experts; exhibitions (organization of -) for commercial or advertising purposes; file management (computerized -); import-export agencies; industrial management assistance (commercial or -); information (business -); information agencies (commercial -); inquiries (business -); investigations (business -); invoicing; licensing of the goods and services of others (commercial administration of the -); management (advisory services for business -); management (computerized file -); management assistance (commercial or industrial -); marketing research; marketing studies; office machines and equipment rental; on-line advertising on a computer network; organization of exhibitions for commercial or advertising purposes; organization of trade fairs for commercial or advertising purposes; outdoor advertising; outsourcing services [business assistance]; procurement services for others [purchasing goods and services for other businesses]; rental (office machines and equipment -); rental of advertising space; rental of photocopying

machines; rental of vending machines; reproduction (document -); research (business -); sales promotion for others; systemization of information into computer databases; and vending machines (rental of -).

Class 37

Air conditioning apparatus installation and repair; boiler cleaning and repair; building construction supervision; building insulating; building of fair stalls and shops; building sealing; burglar alarm installation and repair; burner maintenance and repair; cabinet making [repair]; cleaning of buildings [exterior surface]; cleaning of buildings [interior]; computer hardware (installation, maintenance and repair of -); construction; construction information; damp-proofing [building]; disinfecting; electric appliance installation and repair; elevator installation and repair; factory construction; fire alarm installation and repair; freezing equipment installation and repair; furnace installation and repair; heating equipment installation and repair; installation of doors and windows; lift installation and repair; machinery installation, maintenance and repair; office machines and equipment installation, maintenance and repair; painting, interior and exterior; paper hanging; plumbing; pump repair; rebuilding machines that have been worn or partially destroyed; rental of bulldozers; rental of construction equipment; rental of cranes [construction equipment]; repair information; repair of security locks; riveting; roofing services; rust proofing; signs (painting or repair of -); strong-room maintenance and repair; telephone installation and repair; upholstering; upholstery repair; vermin exterminating, other than for agriculture; vulcanization of tires [tyres] [repair]; wallpapering; warehouse construction and repair; window cleaning; telecommunication wiring; wiring work (interior); and electric wiring work.

Class 42

Advisory services relating to energy efficiency; advisory services relating to industrial engineering; analyzing of air in building environments; analysis of water; analytical services relating to the assessment of the bacterial content of liquids; application system testing consultancy; architectural consultation; architecture; bacteriological research; biological research; calibration [measuring]; chemical research; computer programming; computer programs (providing -) via the internet; computer rental; computer software (updating of -); computer software consultancy; computer software design; computer system design; computer systems analysis; computer virus protection services; construction drafting; consultancy in the field of computer hardware; consultancy in the field of energy-saving; consultancy relating to quality control; consulting services in the field of environmental assessment and planning; control technology consulting services; conversion of data or documents from physical to electronic media; creating and maintaining web sites for others; data conversion of computer programs and data [not physical conversion]; design of interior decor; duplication of computer programs; engineering; engineering design and consultancy; engineering project management services; environmental consultancy services; graphic arts designing; hosting computer sites [web sites]; industrial design; industrial engineering design services; industrial process development; installation of computer software; maintenance of computer software; material testing; mechanical research; measuring the environment within buildings; meteorological information; monitoring of activities which influence the environment within buildings; packaging design;

process engineering consultations; project studies (technical -); providing computer programs via the internet; providing search engines for the internet; provision of information, advice and consultancy in relation to carbon offsetting; provision of information, advice and consultancy in relation to emission trading; quality assurance consultancy; quality control; recording and correcting data relating to energy consumption in buildings; recovery of computer data; rental of computer software; rental of measuring apparatus; rental of web servers; research (geological -); research and development for others; research in the field of environmental protection; styling [industrial design]; surveying; surveys (land -); technical research; underwater exploration; urban planning; and weather forecasting; monitoring, including remote controlling services of air conditioner and water supply installations through use of telecommunication facilities.

Class 45

Clothing rental; consultancy (intellectual property -); consultancy (security); domain names (registration of -) [legal services]; fire alarms (rental of -); fire extinguishers (rental of -); guards; inspection of factories for safety purposes; licensing of intellectual property; licensing of computer software [legal services]; monitoring services relating to the security of premises; security surveillance; monitoring of burglar and security alarms; night guards; opening of security locks; rental of alarm monitoring devices or units for emergency purposes; alarm monitoring services, namely providing emergency report system (for buildings); rental of burglar and security alarms; alarm monitoring services, namely providing emergency report system (for homes); alarm monitoring services, namely medical alert system for senior citizens; personal legal services, namely providing advice relating to social security benefits; alarm monitoring services, namely alert systems using sensors and telecommunication devices or units for purposes of monitoring single elderly people.

Bindings of metal; branching pipes of metal; drain pipes of metal; drain traps [valves] of metal; ducts of metal for ventilating and air conditioning installations; ducts of metal, for central heating installations; elbows of metal for pipes; hardware of metal, small; junctions of metal for pipes; manifolds of metal for pipelines; nuts of metal; penstock pipes of metal; pipe muffs of metal; pipework of metal; reinforcing materials of metal for pipes; springs [metal hardware]; steel pipes; stops of metal; tubes of metal; valves of metal, other than parts of machines; water-pipe valves of metal; water-pipes

of metal.

Class 07

Aerated beverages making machines; aerated water making apparatus; aerators; air condensers; agricultural machines; air condensers; air suction machines; beer (apparatus for drawing up - under pressure); beer pumps; bellows [machines]; beverage preparation machines, electromechanical; blowing engines; blowing machines for exhaustion of dust, etc.; blowing machines for the compression, exhaustion and transport of gases; boiler tubes [parts of machines]; bookbinding apparatus and machines for industrial purposes; bottle capping machines; bottle filling machines; bottle sealing machines; bottle stoppering machines; bottle washing machines; brake linings other than for vehicles; brewing machines; calenders; carburetor feeders; carburetors; cartridges for filtering machines; catalytic converters; central vacuum cleaning installations; centrifugal machines; centrifugal pumps; centrifuges [machines]; cigarette machines for industrial purposes; circuit board assembling machines; clack valves [parts of machines]; cleaning (machines and apparatus for -), electric; compressed air engines; compressed air machines; compressed air pumps; compressors [machines]; compressors for refrigerators; condensing installations; control cables for machines, engines or motors; control mechanisms for machines, engines or motors; controls (hydraulic -) for machines, motors and engines; controls (pneumatic -) for machines, motors and engines; converters for steel works; conveyors [machines]; couplings other than for land vehicles; crushing machines; current generators; cutters [machines]; cutting machines; cylinders for machines; dairy machines; de-aerators for feed-water; die-cutting and tapping machines; die-stamping machines; diggers [machines]; disintegrators; dna chips making machine; drain cocks; drainage machines; dressing (apparatus for -); drilling machines; driving motors other than for land vehicles; dust exhausting installations for cleaning purposes; dust removing installations for cleaning purposes; dynamos; edible pastes making machines; electromechanical machines for chemical industry; elevating apparatus; elevators [lifts]; embossing machines; escalators; excavators; exhausts for motors and engines; feeding apparatus for engine boilers; feed water regulators; filling machines; filtering machines; filters [parts of machines or engines]; filters for cleaning cooling air, for engines; finishing machines; fittings for engine boilers; flour mill machines; flour mills; flues for engine boilers; food preparation machines, electromechanical; foundry machines; fuel conversion apparatus for internal combustion engines; fuel economisers for motors and engines; garbage disposals; gasifiers; generators of electricity; glass working machines; grease rings [parts of machines]; handling machines, automatic [manipulators]; heat exchangers [parts of machines]; high pressure washers; holding devices for machine tools; hoppers [mechanical discharging]; hydraulic door openers and closers [parts of machines]; hydraulic turbines; igniting devices for internal combustion engines; inking apparatus for printing machines; labellers [machines]; leather-working machines; lifting apparatus; lifts, other than ski-lifts; looms [machines]; machine tools; machines for the textile industry; machining (apparatus for -); manifold (exhaust -) for engines; metalworking machines; milking machines; milling machines; mills [machines]; mixers [machines]; mixing machines; molding machines; molds [parts of machines]; mortising machines; motors, electric, other than for land vehicles; motors, other than for land vehicles; moulding machines; moulds [parts of machines]; moving staircases [escalators];

notchers [machine tools]; oil refining machines; packaging machines; packing machines; painting machines; paper feeders [printing]; papermaking machines; plunger pistons; pneumatic door openers and closers [parts of machines]; pneumatic hammers; pneumatic or hydraulic machines and instruments; pneumatic transporters; pneumatic tube conveyors; presses; presses [machines for industrial purposes]; pressing machines (to make satin-like); pressure reducers [parts of machines]; pressure regulators [parts of machines]; pressure valves [parts of machines]; printing cylinders; printing machines; printing machines for use on sheet metal; printing plates; printing presses; printing rollers for machines; pump diaphragms; pumps [machines]; pumps [parts of machines, engines or motors]; pumps for heating installations; punching machines; reduction gears other than for land vehicles; regulators [parts of machines]; robots [machines]; rolling mill cylinders; rolling mills; sanitizing machines; sealing machines for industrial purposes; separators; sewage pulverizers; shears, electric; sieves [machines or parts of machines]; sifters; sifting installations; sifting machines; sizing machines; smoothing presses; soldering apparatus, gas-operated; sorting machines for industry; speed governors for machines, engines and motors; springs [parts of machines]; steam/oil separators; stereotype machines; stitching machines; suction cups for milking machines; sugar making machines; superheaters; teat cups for milking machines; thermic lances [machines]; tobacco processing machines; torque converters other than for land vehicles; transmission shafts, other than for land vehicles; transmissions for machines; transmissions, other than for land vehicles; trash compacting machines; trimming machines; tube conveyors, pneumatic; tubes (boiler -) [parts of machines]; tympan [parts of printing presses]; typesetting machines; universal joints [cardan joints]; vacuum pumps [machines]; valves [parts of machines]; valve operators; valve positioners (parts of machines); valve rotators; vibrators [machines] for industrial use; vulcanisation apparatus; washing apparatus; waste compacting machines; waste disposals; waste disposers [machines]; water heaters [parts of machines]; weaving looms; welding apparatus, gas-operated; welding machines, electric; and wrapping machines; distribution machines, automatic; electric welding apparatus; elevator operating apparatus; fuel dispensing pumps for service stations; gasoline pumps for service stations; lift operating apparatus; petrol pumps for service stations; sealing plastics (electrical apparatus for -) [packaging]; thermionic lamps; vending machines; welding apparatus, electric.

Class 09

Abacuses; accumulators, electric; acoustic conduits; actinometers; aerometers; air analysis apparatus; alarms; ammeters; amplifiers; amplifying tubes; amplifying valves; anemometers; anode batteries; anodes; anticathodes; anti-theft warning apparatus; apertometers [optics]; automated teller machines [atm]; automatic combustion control machines and instruments; bar code readers; barometers; batteries, electric; bells [warning devices]; biometric recognition access control units; boiler control instruments; branch boxes [electricity]; calculating machines; calorimeters; camcorders; cameras [photography]; capacity measures; cathodes; cathodic anti-corrosion apparatus; central processing units [processors]; chargers for electric batteries; chemistry apparatus and instruments; chips [integrated circuits]; chromatography apparatus for laboratory use; circuit breakers; circuit closers; clothing for protection against accidents, irradiation and fire; coils, electric; coin-operated apparatus (mechanisms for -); commutation (electric apparatus for -);

commutators; compact disc players; compact discs [audio-video]; compact discs [read-only memory]; comparators; computer keyboards; computer memories; computer operating programs, recorded; computer peripheral devices; computer programmes [programs], recorded; computer programs [downloadable software]; computer software, recorded; computers; conductors, electric; connections for electric lines; connections, electric; connectors [electricity]; contacts, electric; contacts, electric, of precious metal; control panels [electricity]; electronic controllers; converters; converters, electric; counterfeit [false] coin detectors; counter-operated apparatus (mechanisms for -); couplers [data processing equipment]; couplings, electric; current rectifiers; data processing apparatus; densimeters; densitometers; detectors; diagnostic apparatus, not for medical purposes; diffraction apparatus [microscopy]; discharge tubes, electric, other than for lighting; disk drives for computers; disks, magnetic; distance measuring apparatus; distance recording apparatus; distribution boards [electricity]; distribution consoles [electricity]; DNA chips; ducts [electricity]; dvd players; dynamometers; ear plugs for divers; electric installations for the remote control of industrial operations; electric installations for the remote ignition; electric loss indicators; electro-dynamic apparatus for the remote control of signals; electromagnetic coils; electromagnetic flow meters; electronic pens [visual display units]; electronic publications, downloadable; electronic tags for goods; encoded cards, magnetic; exposure meters [light meters]; false coin detectors; fiber [fiber (am.)] optic cables; fingerprints recognition access control units; fire alarms; fire escapes; food analysis apparatus; frequency meters; furnaces for laboratory experiments; galvanometers; gas alarms; gas testing instruments; gasometers; gates for car parks (coin-operated -); gradient indicators; heat regulating apparatus; heliographic apparatus; hydrometers; hygrometers; identity cards, magnetic; igniting apparatus, electric, for igniting at a distance; ignition (electric apparatus for remote -); image processing devices; inclinometers; incubators for bacteria culture; indicators [electricity]; integrated circuit cards [smart cards]; integrated circuits; intercommunication apparatus; interfaces for computers; inverters [electricity]; invoicing machines; ionisation apparatus, not for the treatment of air; iris recognition access control units; juke boxes for computers; lactodensimeters; lactometers; laptop computers; life saving apparatus and equipment; light conducting filaments [optical fibers [fibres]; light dimmers [regulators], electric; light-emitting electronic pointers; lighting ballasts; locks, electric; magnetic data media; magnetic encoders; magnetic tape units for computers; magnetic tapes; manometers; material testing instruments and machines; measures; measuring apparatus; measuring devices, electric; measuring instruments; measurement recorders; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; meters; microprocessors; modems; money counting and sorting machines; monitoring apparatus, electric; monitors [computer hardware]; monitors [computer programs]; mouse [data processing equipment]; mouse pads; nautical apparatus and instruments; notebook computers; observation instruments; optical apparatus and instruments; optical character readers; optical data media; optical discs; optical fibers [fibers] [light conducting filaments]; optical glass; optical goods; optical lenses; ovens for laboratory experiments; ozonizers (ozonators); palm vein recognition access control units; pedometers; phototelegraphy apparatus; photovoltaic cells; physics (apparatus and instruments for -); plates for batteries; plotters; plugs, sockets and other contacts [electric

connections]; pocket calculators; portable telephones; precision balances; precision measuring apparatus; pressure gauges; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuits; printers for use with computers; probes for scientific purposes; processors [central processing units]; protection devices for personal use against accidents; push buttons for bells; quantity indicators; radar apparatus; readers [data processing equipment]; reducers [electricity]; refractometers; regulating apparatus, electric; remote control apparatus; roentgen apparatus not for medical purposes; salinometers; satellites for scientific purposes; scales; scanners [data processing equipment]; semi-conductors; signalling panels, luminous or mechanical; simulators for the sports training; simulators for the steering and control of vehicles; slide-rules; slope indicators; smart cards [integrated circuit cards]; smoke detectors; solar batteries; solenoid valves [electromagnetic switches]; sonars; sound recording apparatus; sounding apparatus and machines; speaking tubes; spectroscopes; speed indicators; spherometers; sprinkler systems for fire protection; steering apparatus, automatic, for vehicles; switchboards; switches, electric; tachometers; telephone receivers; telephone transmitters; temperature indicators; testing apparatus not for medical purposes; theft prevention installations, electric; thermionic tubes; thermometers, not for medical purposes; thermostats; time clocks [time recording devices]; time recording apparatus; transformers [electricity]; transistors [electronic]; transmitters [telecommunication]; transmitters of electronic signals; vacuum gauges; variometers; video game cartridges; video recorders; viscosimeters; voltage surge protectors; voltmeters; wafers [silicon slices]; water level indicators; wavemeters; weighing apparatus and instruments; weighing machines; workmen's protective face-shields; and wrist rests for use with computers; lasers, not for medical purposes.

Class 11

Accumulators (heat -); air conditioning apparatus; air conditioning installations; air cooling apparatus; air deodorising apparatus; air driers [dryers]; air filtering installations; air purifying apparatus and machines; air reheaters; air sterilizers; air valves for steam heating installations; bath tubs for sitz baths; boiler pipes [tubes] for heating installations; boilers, other than parts of machines; burners; central heating radiators; chromatography apparatus for industrial purposes; coils [parts of distilling, heating or cooling installations]; conditioning air (installations for -); cookers; cooling appliances and installations; cooling installations and machines; drinking water (filters for -); drying apparatus; drying apparatus and installations; expansion tanks for central heating installations; fans [air-conditioning]; fans [parts of air-conditioning installations]; faucets for pipes (am.); feeding apparatus for heating boilers; filters [parts of household or industrial installations]; filters for air conditioning; filters for drinking water; flare stacks for use in the oil industry; flushing apparatus; footwarmers, electric or non-electric; freezers; friction lighters for igniting gas; fuel economisers; furnaces; furnaces, other than for experimental purposes; gas boilers; gas condensers, other than parts of machines; gas lighters; gas scrubbers [parts of gas installations]; gas scrubbing apparatus; hair driers [dryers]; hand drying apparatus for washrooms; hearths; heat accumulators; heat exchangers, not parts of machines; heat pumps; heat regenerators; heating apparatus; heating apparatus, electric; heating boilers; heating installations; heating installations (hot water-); heating plates; hot air apparatus; hot water heating installations; humidifiers for central heating

radiators; hydrants; incinerators; ionisation apparatus for the treatment of air; level controlling valves in tanks; lighting apparatus and installations; oil-scrubbing apparatus; ovens, other than for experimental purposes; pasteurisers; pipe line cocks [spigots]; purification installations for sewage; radiators [heating]; refrigerating apparatus and machines; refrigerating appliances and installations; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; regulating and safety accessories for gas pipes; regulating and safety accessories for water apparatus; safety accessories for water or gas apparatus and pipes; sanitary apparatus and installations; scrubbers [parts of gas installations]; solar collectors [heating]; solar water heaters; stoves; stoves [heating apparatus]; thermostatic valves [parts of heating installations]; valves (level controlling -) in tanks; ventilation [air conditioning] installations and apparatus; ventilation hoods; ventilation hoods for laboratories; washers for water taps; waste water treatment tanks [for industrial purposes]; waste water treatment tanks for household purposes; water conduits installations; water distribution installations; water purification installations; and water supply installations; self-regulating fuel pumps.

Class 35

Advertising; advertising agencies; advertising material (updating of -); advertising space (rental of -); analysis (cost price -); appraisals (business -); assistance (business management -); auditing; business appraisals; business consultancy (professional -); business consultancy for environmental systems and quality control; business information; business inquiries; business investigations; business management and organization consultancy; business management assistance; business management by researching, planning and marketing implementation for product quality improvement; business management consultancy; business management consultancy for facilities for elderly people; business organization consultancy; business research; commercial information agencies; commercial or industrial management assistance; compilation of information into computer databases; computer databases (compilation of information into -); computer databases (systemization of information into -); consultancy (professional business -); data search in computer files for others; demonstration of goods; direct mail advertising; document reproduction; efficiency experts; exhibitions (organization of -) for commercial or advertising purposes; file management (computerized -); import-export agencies; industrial management assistance (commercial or -); information (business -); information agencies (commercial -); inquiries (business -); investigations (business -); invoicing; licensing of the goods and services of others (commercial administration of the -); management (advisory services for business -); management (computerized file -); management assistance (commercial or industrial -); marketing research; marketing studies; office machines and equipment rental; on-line advertising on a computer network; organization of exhibitions for commercial or advertising purposes; organization of trade fairs for commercial or advertising purposes; outdoor advertising; outsourcing services [business assistance]; procurement services for others [purchasing goods and services for other businesses]; rental (office machines and equipment -); rental of advertising space; rental of photocopying machines; rental of vending machines; reproduction (document -); research (business -); sales promotion for others; systemization of information into computer databases; and vending machines (rental of

-).

Class 37

Air conditioning apparatus installation and repair; boiler cleaning and repair; building construction supervision; building insulating; building of fair stalls and shops; building sealing; burglar alarm installation and repair; burner maintenance and repair; cabinet making [repair]; cleaning of buildings [exterior surface]; cleaning of buildings [interior]; computer hardware (installation, maintenance and repair of -); construction; construction information; damp-proofing [building]; disinfecting; electric appliance installation and repair; elevator installation and repair; factory construction; fire alarm installation and repair; freezing equipment installation and repair; furnace installation and repair; heating equipment installation and repair; installation of doors and windows; lift installation and repair; machinery installation, maintenance and repair; office machines and equipment installation, maintenance and repair; painting, interior and exterior; paper hanging; plumbing; pump repair; rebuilding machines that have been worn or partially destroyed; rental of bulldozers; rental of construction equipment; rental of cranes [construction equipment]; repair information; repair of security locks; riveting; roofing services; rust proofing; signs (painting or repair of -); strong-room maintenance and repair; telephone installation and repair; upholstering; upholstery repair; vermin exterminating, other than for agriculture; vulcanization of tires [tyres] [repair]; wallpapering; warehouse construction and repair; window cleaning; telecommunication wiring; wiring work (interior); and electric wiring work.

Class 42

Advisory services relating to energy efficiency; advisory services relating to industrial engineering; analyzing of air in building environments; analysis of water; analytical services relating to the assessment of the bacterial content of liquids; application system testing consultancy; architectural consultation; architecture; bacteriological research; biological research; calibration [measuring]; chemical research; computer programming; computer programs (providing -) via the internet; computer rental; computer software (updating of -); computer software consultancy; computer software design; computer system design; computer systems analysis; computer virus protection services; construction drafting; consultancy in the field of computer hardware; consultancy in the field of energy-saving; consultancy relating to quality control; consulting services in the field of environmental assessment and planning; control technology consulting services; conversion of data or documents from physical to electronic media; creating and maintaining web sites for others; data conversion of computer programs and data [not physical conversion]; design of interior decor; duplication of computer programs; engineering; engineering design and consultancy; engineering project management services; environmental consultancy services; graphic arts designing; hosting computer sites [web sites]; industrial design; industrial engineering design services; industrial process development; installation of computer software; maintenance of computer software; material testing; mechanical research; measuring the environment within buildings; meteorological information; monitoring of activities which influence the environment within buildings; packaging design; process engineering consultations; project studies (technical -); providing computer programs via the internet; providing search engines for the internet; provision of information, advice and

consultancy in relation to carbon offsetting; provision of information, advice and consultancy in relation to emission trading; quality assurance consultancy; quality control; recording and correcting data relating to energy consumption in buildings; recovery of computer data; rental of computer software; rental of measuring apparatus; rental of web servers; research (geological -); research and development for others; research in the field of environmental protection; styling [industrial design]; surveying; surveys (land -); technical research; underwater exploration; urban planning; and weather forecasting; monitoring, including remote controlling services of air conditioner and water supply installations through use of telecommunication facilities.

Class 45

Clothing rental; consultancy (intellectual property -); consultancy (security); domain names (registration of -) [legal services]; fire alarms (rental of -); fire extinguishers (rental of -); guards; inspection of factories for safety purposes; licensing of intellectual property; licensing of computer software [legal services]; monitoring services relating to the security of premises; security surveillance; monitoring of burglar and security alarms; night guards; opening of security locks; rental of alarm monitoring devices or units for emergency purposes; alarm monitoring services, namely providing emergency report system (for buildings); rental of burglar and security alarms; alarm monitoring services, namely providing emergency report system (for homes); alarm monitoring services, namely medical alert system for senior citizens; personal legal services, namely providing advice relating to social security benefits; alarm monitoring services, namely alert systems using sensors and telecommunication devices or units for purposes of monitoring single elderly people.
