REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; safes; goods of common metal not included in other classes; ores, components of metal composite materials, sintered metal parts, in particular sintered metal bearings, sintered filters, sintered mouldings of iron, steel, bronze, aluminium and stainless metal materials; semi-finished goods (stampings) of metal; metal strands (included in this class); mouldings of light metal and heavy metal castings, worked and unworked (included in this class); injection mouldings of metal manufactured by means of powder metallurgy; foam aluminium; metal building materials, in particular enamelled facade and wall claddings; tanks of metal, in particular enamelled.

Class 07

Machine tools, in particular pressing and punching dies, sinter moulds, soldering templates; components (parts of machines) of carbon, cfc or graphite for production installations, in particular moulds, crucibles, pipes, including for the manufacture of silicon and silicon monocrystals and wafers; tools for the further processing of wafers (included in this class), components of carbon or graphite, being parts for machines, motors or engines, in particular contact parts, electrodes, carbon brushes, sliding inserts, pistons, gaskets and water-tights rings; mouldings, where appropriate in combination with metal parts or plastics for machines for applications of all kinds; bearings (machine parts), components for electric motors; components (machine parts) for chemical apparatus construction, in particular of ceramic materials; filters (parts of machines or engines), sintered metal parts, in particular sintered metal bearings, sintered filters, sintered mouldings of iron, steel, bronze, aluminium and stainless materials for machines for applications of all kinds.

Class 09

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs, automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; furnaces for laboratory experiments, graphite furnaces for use in connection with atomic spectroscopy; spectroscopic apparatus; atomic absorption apparatus and installations, in particular using graphite furnace technology; graphite furnaces for use in atomic spectroscopy; equipment and installations consisting thereof for generating ultrasound for industrial purposes, in particular ultrasonic welding machines and apparatus, modules of the aforesaid installations and machines; metal contacts, conductor lines, strands (electric); interference suppression chokes, switches, carbon brushes and brush holders and guides; contact strips, small contact strips (electric); current collectors; electronic assemblies, in particular for use with electric motors; circuit boards; components (electric) of carbon or graphite, in particular contact parts, electrodes, mouldings, where appropriate in combination with metal parts and plastics for electric machines for applications in all fields, machine tools, motors and engines, and for electrotechnical apparatus; components of carbon and graphite for laboratory analysis; chemistry apparatus and instruments, in particular enamelled or of carbon, cfc or graphite; sliding contacts made of carbon.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; ceramic industrial burners; burner pipes, jet tubes and flues being parts for burners or furnace installations, heat exchangers, spray nozzles, in particular for flue

gas desulphurisation installations, all mainly of ceramic materials or enamelled metal; apparatus and installations consisting thereof for air conditioning technology and environmental simulation, in particular climatic chambers, special purpose climatic rooms, room air conditioners, sanitary air conditioning installations, vacuum climate testing apparatus and cabinets; box air conditioners; clean room air conditioning installations; installations for air conditioning and sterilising air; heating apparatus (included in this class) and drying apparatus; heat sterilisers; heating, tempering and conveyor oven; crucibles, namely containers for melting material as parts of industrial furnaces.

Class 17

Rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes not of metal; components of fibre composite materials for insulation purposes, components of fibre composite materials for insulation purposes used in vacuum ovens, components of fibre composite materials for insulation purposes used in the heat treatment of metals, armor sleeves, crucibles and carriers; sealing rings, semi-finished mouldings (included in this class) made of carbon fiber; carbon fibres, other than for textile use; carbon-fibre composites for use in industry; fibre reinforced plastics for use in industry; all the aforesaid semi-finished products being also impregnated, reinforced and/or with protective surface coatings (whole or in part) and all the aforesaid goods included in this class.

Class 40

Treatment of materials; metal treatment; surface finishing; enamelling.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; scientific and industrial research; computer programming, in particular for controlling machines and apparatus, and for electronic apparatus; engineering, physics and chemistry services; test laboratory services, in this class; technical project planning.

Fruit salads; prepared salads; salads; salads containing meat; salads containing poultry; potato salad; vegetable salads; food products made from cooked vegetables; food products made from dried vegetables; food products made from preserved vegetables; vegetable food products; fresh, pre-cut, ready to serve vegetables; mixed vegetables; prepared vegetables; prepared meals consisting principally of fish; prepared meals made principally of cheese; prepared meals, predominantly of meat or vegetables; prepared meals consisting principally of poultry; fresh salmon, not live; salmon, not live; smoked salmon; tuna fish; meat; fish (not live); fresh game; fresh poultry; game (not live); meat extracts; yoghurt; yoghurt containing pulped fruits; flavoured yoghurt; soya yoghurt; beverages made from yoghurt; cheese; combinations of cheese and fruit; cooked fruits; food products made from cooked fruits; food products made from dried fruits; food products made from preserved fruits; preserved fruits; stewed fruits; drinks flavoured with fruit pastes and having a milk base; fruit based snack food; fruit flavoured beverages having a milk base; prepared foods consisting principally of fruits; prepared meals made from fruit (fruit predominating); frosted fruits; frozen fruits; fruits (processed); mixed fruit; soups; preparations for making soup; eggs; dips in this class namely dairy based dips, egg based dips, meat based dips, seafood based dips, vegetable based dips; drinks flavoured with spices and having a base of milk; edible seeds.

Class 30

Salad dressings; breakfast cereals; foodstuffs made with cereals; preparations for making cereals; bread; pastries; confectionery; mixes for the preparation of bread; tortillas; sandwiches containing salad; sandwiches; toasted sandwiches; wraps (sandwiches); toasted wraps (sandwiches); cereal based snack food; snack foods consisting principally of pasta; snack foods consisting principally of rice; snack bars containing a mixture of grains, nuts and dried fruit (confectionery); snack foods prepared from grains; pasta salads; rice salads; flavourings for soups (other than essential oils); pasta products; prepared meals containing (principally) pasta; quiches; aerated beverages (with coffee, cocoa or chocolate base); beverages made from coffee; beverages made of tea; beverages with tea base; chai tea; fruit flavoured tea (other than medicinal); fruit tea (other than for medical purposes); herbal tea (other than for medicinal use); iced tea; preparations for making beverages (tea based); tea (not medicinal); tisanes made of tea; beverages made from cocoa; chocolate; cocoa; cocoa based products; cocoa beverages with milk; cocoa preparations; ice beverages with a cocoa base; beverages consisting principally of chocolate; beverages made from chocolate; beverages with a chocolate base; ice beverages with a chocolate base; coffee; coffee beverages; coffee beverages with milk; ice beverages with a coffee base; iced coffee (coffee based beverages); preparations with a coffee and tea base; edible ices; ice cream; frozen yoghurt (confectionery ices); yoghurt based ice cream (ice cream predominating); yoghurt confectionery; sauces for dipping in this class namely chocolate based dipping sauce, mustard based dipping sauce; salt; honey; mustard; vinegar; sauces (condiments); spices; food pastes in this class, namely vegetable thickeners, fermented bean

pastes, red bean pastes, black bean pastes, soya bean pastes, chilli bean pastes, curried food pastes, chocolate pastes; edible rice paper.

Class 32

Mineral and aerated water and other non-alcoholic beverages; aerated fruit juices; bottled fruit juices; fresh fruit juices; frozen fruit juices; fruit juices; beverages consisting of a blend of fruit and vegetable juices; concentrates for use in the preparation of fruit juice drinks; fresh vegetable juices; frozen vegetable juices; fruit juice extracts for use as a beverage; non-alcoholic fruit juice beverages; vegetable juice concentrates (beverages); vegetable juices (beverages); smoothies; syrups and other preparations for making beverages; almond milk; coconut milk.

Class 35

Retail services; wholesale services; business assistance relating to franchising; business consultancy in relation to franchising and business support services; franchising services (group purchasing, group advertising); business management advisory services related to franchising and brand licensing; provision of business information relating to franchising; distribution of goods for advertising purposes (not being transport services); the bringing together, for the benefit of others, a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase the goods.

Class 43

Takeaway food and drink services; preparation of food and drink; providing food and drink; restaurant services; cafe services; bar services; catering services; mobile catering services; preparation of take-away and fast food; take away food services; restaurant services for the provision of fast food; snack-bars; consultancy services relating to food preparation; consultancy, advisory and information services in relation to the provision of food and drink.

apparatus; electric wiring devices with sensors; electrical connectors; switches; electric sockets; dimmer switches; times witches; automatic electric switching apparatus with sensors; magnetic switches; photo-electric switches; electrical switches; detection switches; operating switches; dimmer control (dimmer function switches); card operated switches; parts for electrical switches; switchboards; switch boxes; electrical conduits of metal; electricity conduits; flexible electrical conduits; floor ducts for housing electric cables; cable racks (electrical wires and cable laying materials); factory automation ducts (factory use power distribution ducts); ballasts for lighting; circuit breakers; magnetic contactors and starters; circuit protectors; thermal protectors; earth leakage circuit breakers; power distributing boxes [electricity]; electric outlets; fixing frames for electric outlets; taps [electricity]; popup type electric floor outlets; electric floor outlets; electric floor wiring devices; electric undercarpet wiring installations; plugs (electrical); current converters; socket plates for covering socket outlet; antennas; aerials; distribution board cabinets capable of storing IT equipment; power control panels; electronic panels indicating attendance/non-attendance of office workers; terminals for television; fixtures for telephone wires; plug-in phone jacks; trolley ducts for electrical wires and cable; electrical adaptors; earth terminals; electric extension cords; modular jacks (connection for in-house LAN); protective covers for exposed wirings; monitoring televisions for use in video intercom systems; intercoms; gas leakage alarms; anti-theft warning apparatus; glass break detectors (anti-theft warning apparatus); thermic ray detectors (human body warmth detectors alarms/burglar alarms); infrared detectors (infrared transparent block detectors/burglar alarms); electric radio door chimes; radio receiving/transmitting devices for fire alarms; fire alarms; fire control panels; fire detectors; fire alarm bells (sound equipment); electronic control units for fire and smoke prevention equipment; emergency fire alarm equipment; automated emergency notification equipment (notification equipment for fire alarms and intrusion); video monitoring systems (access control equipment/intrusion detection equipment); imaging sensors (person identification alarm equipment); face recognition equipment for access controls (access control equipment); iris recognition access control systems consisting of cameras and management servers; cameras with an iris recognition function; surveillance cameras; closed circuit video equipment systems comprised of security camera & lens, analog or digital recorders, monitors, video servers, matrix switches and control systems, housing and mount brackets, fiber optics; electric and electronic video surveillance installations; communication systems and surveillance systems using video cameras for apartments and condominium buildings; apparatus and instruments for remote monitoring, remote communication and/or remote controlling; communication and monitoring appliance for buildings; acoustic machines, apparatus and instruments; radios; cassette tape players/recorders; radio cassette recorders/players; portable cassette tape players/recorders; portable radio cassette players/recorders; IC (integrated circuit) memory and/or hard disc players/recorders; radio/compact disc players; portable audio players; MP3 (MPEG-1 Audio Layer-3) players; cases for portable audio players; speakers (audio equipment); stereo tuners; amplifiers; power amplifiers; power amplifiers for automotive audio system; microphones; slip mats for turntable for record players; IC (integrated circuit) recorders (voice recorders); digital sound processors; headphones; cordless headphones; earphones; stereo components; audio mixers; optical fiber cables; audio cables/video cables; wireless microphone system consisting of wireless microphones, wireless transmitters, wireless powered speaker, wireless receivers, wireless amplifiers, diversity tuners; digital multi equalizers; digital multi processors; car audio apparatus; audio-visual equipment for automotive audio-visual systems including radios, DVD players, CD players,

televisions, displays, monitors for rearview camera systems; speakers for automotive audio systems; subwoofers for automotive audio-visual systems; cassette adaptors for use with portable audio players; audio cables for use with DVD/CD changer; audio visual machines, apparatus and instruments; television receivers; plasma television receivers; plasma displays; plasma display panels; stands for plasma display panels or plasma television receivers; wall mount bracket for plasma display panels or plasma television receivers; LCD television receivers; liquid crystal displays; liquid crystal displays for use with beauty care apparatus; liquid crystal display panels; LCD video monitors; wireless displays; organic light emitting displays; 3D (three dimensional) television apparatus; combined television receivers incorporating video disc/video tape players/recorders; video tuners; LCD (liquid crystal display) projectors; lenses for LCD (liquid crystal display) projectors; ceiling mount brackets for LCD (liquid crystal display) projectors; lamps for LCD (liquid crystal display) projectors; digital light processing video projectors; lenses for video projectors; video cassette recorders; video cassette players; camcorders; cables for camcorders; cases for camcorders; electric viewfinders for camcorders; waterproof covers for camcorders; AC (alternating current) adapters for camcorders; batteries for camcorders; shoulder straps for camcorders; filter for video cameras; shoe adapter for video cameras; DC light for video cameras; shoulder belt for video cameras; soft bag for video cameras; microphones for use with video cameras; cassette adapter for video cameras; tripod for cameras; digital HD (high definition) video cassette tape recorders; digital HD (high definition) video cassette tape players; DVD video recorders; DVD video players; digital video cassette recorders; digital video cassette players; digital video cassette camera recorders; all-in one DVD video cassette recorders; all-in one DVD video cassette players; video display terminals; color image large-scale display apparatus; cable television systems comprising set-top boxes; CATV digital set top boxes; audiovisual teaching apparatus, namely, computer hardware and software for displaying educational materials; electric optical display boards; multi purpose electric information display systems comprised of displays, projectors, media players, site controllers; camcorders for professional use, video recorders for professional use; computer hardware and software for DVD authoring systems; light emitting diode displays; in-vehicle camera apparatus; wireless security cameras (electric); wireless video camera monitoring apparatus (electric); video signal converters for network cameras; network camera controllers; servers for network cameras; outdoor wireless video camera monitoring apparatus with motion sensors and lights; switching device for live image production for use in broadcasting; real time graphic processors; digital audiovisual mixers; carrying handles for projectors; electronic publication [downloadable]; table racks specifically adapted for televisions; digital photograph players to be connected with television apparatus; video monitors; video switcher; video mixer; home theater systems; antennas for television receivers; video splitter; computer hardware and software for use in image recognition; three-dimensional eyeglasses; satellite receivers; optical disc drives; optical disc recorders; optical disc players; optical disc changers; optical disc cartridges (blank); optical disc players/recorders/drives and parts thereof; lens cleaning discs for optical disc players; optical pickups; communication machines and apparatus; telecommunication machines and apparatus; facsimile transceivers; telephones; cellular phones; smart phones; accessories for cellular phones; hands free kits for mobile-phones; IP (Internet protocol) telephones; cordless telephones; conference speakerphones; wireless speakerphones; telephone answering machines; private automatic branch switching systems; global positioning system receivers; radio telephones; multi-channel access radio systems; electric traffic information displays; telecommunication apparatus for video teleconferencing; telecommunication apparatus for local area network;

encoding and decoding apparatus; car navigation equipment; hand held navigation apparatus for assistance of travels; protection films for use on screens of navigation apparatus; remote controllers for navigation apparatus; stands for navigation apparatus; cables for navigation apparatus; visual/information distribution systems comprising management servers, operating terminals, controllers; digital broadcasting systems which consists of video cameras for digital broadcast, switchers, outside broadcast vans being broadcast apparatus; multimedia learning systems consisting personal computers, audio-video recorders, and computer software; emergency call remote controllers; ON/OFF remote controllers; remote controllers for audio/visual machines; remote controllers for air conditioners; remote lighting control systems; receivers for wireless shutter open/close remote controllers (electrical automatic door open/close systems); transmitters for wireless shutter open/close remote controllers (electrical automatic door/close systems); remote controller transmitters/receivers; power supply adapters for use with portable electronic devices; road and traffic information receivers; radio receivers for receiving alert from the governmental crisis management systems; radio transmitters and receivers for use in search of lost pets; power distribution or control machines and apparatus; remote controls for lighting appliances; liquid level controllers [electric or electronic]; circuit controllers; power controllers; frequency controllers; remote control panels for lighting appliances; operation control panels for lifting device; lighting control panels; emergency broadcasting apparatus; sequencers (programmable logic controllers); computers; computer peripheral devices; tablet computers; mobile computers; hard disc drives; USB cables; MPU (micro processor unit) cooling fans; computer network apparatus for computer broadband network; image scanners; printers for computers; toner cartridges [empty] for computer printers; toner cartridges [empty] for multi-function printers for use with computers; digital photo printers; video printers for computers; video printers for digital cameras; video printers for camcorders; plain paper copiers; automatic document feeders for multi-function printers for use with computers; multi-function printers for use with computers, namely, those which can be used as a printer, a scanner and a facsimile machine in one unit having network connectability; multi-function printers for use with computers; finishers for multi-function printers for use with computers; paper feeding stands for multi-function printers for use with computers; paper transporting units for multi-function printers for use with computers; hard disk drive units for multi-function printers for use with computers; memory boards for multi-function printers for use with computers; printed page counting software for multi-function printers for use with computers; digitized document distribution (to PC/mobiles) software for multi-function printers for use with computers; waste containers for toners being parts and fittings for multi-function printers for use with computers; hardware and software for verifying stamps for multi-function printers for use with computers; accessibility kits sold as parts for multi-function printers, namely, control panels for multi-function printers; G3 communication units for multi-function printers for use with computers; Internet facsimile units for multi-function printers for use with computers; paper cassette units for multi-function printers for use with computers; catch trays for multi-function printers for use with computers; voice mail apparatus for multi-function printers for use with computers; RFID (radio frequency identification) reader/writer for multifunction printers for use with computers; LAN (local area network) boards for multi-function printers for use with computers; extension cassette for multi-function printers for use with computers; handset units for multi-function printers for use with computers; electronic blackboards; electronic whiteboards; PC cards; computer keyboards; floppy disk drives; card readers; card readers/writers; bar code readers; bar code scanners; portable data

processing computer terminals; terminal for POS (point of sales) systems; electronic calculators; network cameras; computer network routers; monitors [computer hardware]; wireless LAN (local area network) adaptors; power supply adaptors; SD (secure digital) memory data copy apparatus; network disk recorders; memory card camera recorders; memory card recorders; memory card drives; video encoder cards; port replicators; optical disc cartridges; electronic map [downloadable]; downloadable electronic data files for computer programs; computer software; computer programs for electronic map; computer programs [downloadable software]; computer software for programmable controllers for use in production lines; computer software for processing images and graphics; OCR (optical character recognition) computer software; OCR development computer software; computer software for use with medical and/or beauty care apparatus; computer systems for accepting, guiding and paging outpatients in hospital facilities; electronic devices for assisting communication of persons with disabilities; apparatus for remote monitoring of patients; computers for use in hospitals and clinics for management of medical affairs; electronic health record systems; computer systems for management and review of a patient medicinal records; intelligent security and surveillance systems; factory surveillance systems; computer hardware and software for use in long storage and backup of surveillance images; computer hardware and software for use in enterprise contents management system; computer hardware and software for use in web contents management, system; computer hardware and software for use in documents management system; computer hardware and software for use in office administration systems; computer hardware and software for use in security systems for management of identification data; computer hardware and software to accelerate data processing for databases; full-text search engine computer software; remote access controlling systems relating to corporate computer network; disaster prevention wireless communication systems; computer hardware and software for use in newspaper distribution systems; computer hardware and software for use in data broadcast and electric program guide systems; digital audio broadcast system for in-building; OFDM (orthogonal frequency division multiplexing) modulators for in-building; computer hardware and software for use in electronic toll collection systems; computer hardware and software for use in traffic control systems; computer hardware and software for use in dam management systems; multimedia tablet computers; computer hardware and software for electronic medical charts; computer hardware and software for use in health insurance pharmacy; computer networks; computer servers; blank external data storage media; blank video cassette tapes; head cleaning tapes for tape drives of audio and video tape recorders and players; blank D-VHS video cassette tapes; blank digital video cassette tapes; blank audio cassette tapes; blank floppy discs; blank optical discs; IC memory cards; SD (secure digital) memory cards; thermoluminescence dosimetry devices; dosimeters equipped with alarms; counters; thermometer, not for medical purposes; distortion meters; electric weighing scales that also measure body fat; weighing machines/scales; pedometers; apparatus for measuring calories burned during exercise; apparatus for measuring exercise intensity; operation hour meters; gas meters; ultrasonic gas meters; water meters; apparatus for measuring the numbers of bacteria in oral cavity; distant measuring apparatus; sensors (electronic parts); automatic sensing devices comprising lights; light emitting diodes; light emitting diode chips; light emitting diode packages; light emitting diode modules; LSI (large scale integration circuits); hybrid ics (integrated circuits); microcomputers; halftone image data processors; semi-conductors; semiconductor memory devices; integrated circuits; semiconductor lasers; connectors [electricity]; electric/electronic display instruments; CCD (charge couple device) image sensors; MOS (metal-oxide semiconductor) image sensors; film capacitors;

electric tuner units; high frequency apparatus; radio communication apparatus, namely, radio frequency front-end modules; RF (radio frequency) modulators; speaker components; power modules; DC/DC converters; inductors [coils]; condensers [capacitors]; power capacitors; diode; transistor; filter of electric signals being electrical/electronic components; noise filters (electronic parts); light modulators; optical transmission components; photo detectors; optical connectors; optical semiconductor elements; optical lenses; aspherical lenses; transformers; thermistors; varistors (surge absorbers); acousto-optic devices; electric resistors; potentiometers; trimmer potentiometers; thermal cutoffs; electric apparatus consisting of resistor array for interface circuits (resistance networks); electric apparatus consisting of capacitor array interface circuits (capacitance networks); electric apparatus consisting of resistor array and capacitor array for interface circuits (resistance/capacitance networks); encoders; magnetic resistive (magnetic resistant) elements; chip coils (electronic parts) for use in circuit boards; choke coils; touch panels; remote controls; duplexers; SAW (surface acoustic wave) devices; baluns (balanced to unbalanced transformer); electric power dividers; wireless communication modules/units; RF (radio frequency) modules; PLL (phase locked loop) synthesizer modules; bi-directional low-power wireless modules; bead cores for EMI (electromagnetic interference) filtering (electronic components); bead arrays for EMI (electromagnetic interference) filtering (electronic components); micro chip fuses; relays, electric; solenoids; inverters for power supply; power supply units; inverters; inverters for power units; automatic time switches; high density wiring boards; printed wiring boards; circuit protectors; hinges for flip-type cellular phones (parts of cellular phones); ion generators; ionization apparatus, not for the treatment of air; electric cooling fans adapted for electronic machines and apparatus; electric cooling fans adapted for telecommunication machines and apparatus; electric laser marking apparatus; electric laser markers; devices for alert of animal approaching using ultrasonic; portable power sources; direct current power supply units; uninterruptible electrical power supplies; PLC (power line communication) adapters; portable digital image magnification devices; temperature indicators for refrigerators; apparatus for measuring moisture content of the skin; microscopes; self-propelled electronic devices in the nature of humanoid robots with computers for guiding and directing people to different places, and software therefor, sold as a unit; self-propelled electronic devices in the nature of humanoid robots with computers for assisting users to make purchases in facilities, and software therefor, sold as a unit; self-propelled electronic devices in the nature of humanoid robots with computers for assisting delivering and retrieving of items; self-propelled electronic devices in the nature of humanoid robots with computers for assisting remote communication between users; switch units integrated with nurse call button, outlets, lights, to be installed at the hospital room bedheads; 3-D (three-dimensional) profilometers; CO2 laser oscillators for soldering, jointing and processing; timers for use in factories; temperature regulators; interface terminals [electricity]; image processing apparatus; appearance testers [not for medical use]; measuring or testing machines and instruments; rotary converters; phase modifiers; electric wires and cables; electronic machines, apparatus and their parts; thermometers, not for medical purposes; encoders; automatic switching appliances; switching devices for live image production.

Class 11

Lighting apparatus and installations; light emitting diode lamps; electrical bulbs and lighting instruments; incandescent lamps; head lamps (head torches); fluorescent lighting fixtures; incandescent lighting instruments; miniature light bulbs; flashlights [torches]; hand-held emergency torch

lights; electric lanterns; lamps for bicycles; motion sensitive security lights; discharge lamps; stage lighting apparatus; wall lights; outdoor lights for gardens and yards; ceiling lights; flood lights; electric lamps for repelling insects; germicidal lamps; gate lights; street lightings; chandeliers; glow switch lamps; downlights; glow switch starter lamps; desk lights; electric lanterns; spotlights; temporary emergency lighting; emergency lights; indicator lights; emergency indication lights; mercury vapor lamps; high-pressure mercury vapor lamps; sodium lamps; safety lamps; light diffusers; searchlights; cycle lights and light bulbs therefor; dynamo lights for bicycles; electric fans; neck flashlights; high-intensity lights; waterproof flashlights; emergency lights for home; emergency signal lamps; electric lights for walking in the dark; clip lights; pen lights; radio flashlights; battery size-free flashlights; tough flashlights; rubber flashlights; flexible flashlights; installations for cooking for household purposes; electric cooking utensils for household purposes; microwave ovens; automatic bread making machines for household use/household purposes; electric kettles; electric thermo pots; electric pressure cookers [autoclaves] for household purposes; electric rice cookers for household purposes; electric rice cookers and warmers for household purposes; induction heating electronic rice cookers and warmers for household purposes; electric roasters for household purposes; ovens for cooking for household purposes; toasters for household purposes; electric sandwich toasters for household use; electric coffee makers; electric cooking stoves; gas cookers; induction cookers for household purposes; electric barbecue griddles for household purposes; electric cooking heaters; electric food pans for household purposes; sinks; cooking worktops being parts of kitchen ranges; gas cooktops for household purposes; electric rice cake makers for cooking for household purposes; electric frying pans for cooking for household purposes; installations for refrigeration and freezing; refrigerators; gas refrigerators; freezers; cold/hot water dispensers for household purposes; electric water coolers; electric ice makers; electric refrigerators for cosmetics; electric appliances for heat retentions, cold storage and refrigeration of foods and drinks for household purposes; refrigerating apparatus for storage of blood; ultra-low temperature freezers; pharmaceutical refrigerators; refrigerating display cabinets; freezing display showcases; heat exchange cooling units for cooling electric apparatus and instruments; ventilating apparatus and instruments; electric fans; ventilating fans for household use; electric dehumidifiers; electric humidifiers; air curtains; air handling units; ceiling fans; ventilators; roof ventilators; ventilation apparatus and installations; electrostatic precipitators for cleaning air; electric air deodorizers for cars; electric air purifiers; filters for air purifiers; range hoods for cookers; air outlets for air conditioners; apparatus for making and supplying oxygen enriched air (air treatment apparatus); electric air deodorizers; air filtering units; installations for heating, cooling and air-conditioning; air conditioners; air conditioners for automobiles; air filters for air conditioners; electrically heated carpets; electric space heaters; electric blankets other than for medical purposes; electric radiant heaters; hot-water space heating apparatus; hot water floor heating apparatus; electric heating equipments; electric foot warmers; electric floor heaters; car seat heaters; positive temperature coefficient heaters; carbon lamp heaters; electric water heaters; electric cooling and warming mats in the nature of heating and cooling inserts for pet beds; gas fired heaters for industrial purposes; water heaters for household purposes (other than gas or oil); water heaters for industrial purposes (other than gas or oil); gas-fired water heaters and hot water suppliers for industrial purposes; heat pump units; heat pump electric water heaters; solar water heaters; toilets with self-cleaning functions; water purifying apparatus with mineralizing function for household use; sauna baths; steam saunas; mist sauna; electrical foam makers for household use for body washing; cordless air dischargers for

home bubble bath; shower rooms; apparatus for shower; shower heads; water boilers for showers; instantaneous hot water boilers; bathtub units integral only with a bathroom floor; bathtubs; electric air bubble bathtubs; bathroom suites; bathroom equipments; bathtub units integral with a bathroom floor and a sink; apparatus for foaming and injection of air bubble in bathtubs; whirlpool bath; toilet [water-closets]; toilet bowls; water ionizers; toilet stool units with a washing water squirter; portable toilets; wash-hand basins [parts of sanitary installations]; sterilization equipments for mattress and futon for household purposes; water purifying apparatus for household purposes; electric space heaters for bathrooms; clothes drying machines for household purposes; electric clothes drying machines for household purposes; electric hand dryers for household use; electric hair dryers; brushes being parts of hair dryers; electric hair dryers specifically for drying hair roots; dryers for pets for household purposes; electric dish dryers for household purposes; bedding dryers for household purposes; ventilation [air-conditioning] installations and apparatus for bathrooms; electrical automatic waterer for home gardening; electric hair steamers for household purposes; ultrasonic facial steamers for household purposes; electric facial steamers for household purposes; ultrasonic vibration facial treatment steamers for household purposes; steam generators for facial treatment for household purposes; electric pore cleanser steamers for household purposes; refillable cartridges for electric hair steamers for household purposes (containing hair care cosmetics); facial saunas for household purposes; electric pore minimizer steamers for facial treatment; steamers for nebulizing cosmetic lotions for face; ultraviolet curing lamps; fabric steamers for household purposes; toilet bowls and seats sold as a unit; boilers [other than parts of prime movers, engines]; air-conditioning apparatus [for industrial purposes]; household electrothermic appliances; cooking worktops being parts of kitchen sinks; bathtub units integral with a bathroom floor and a sink.

Class 37

Construction and installation services; installation of electric appliances; installation, repair or maintenance of radio receivers and television receivers; installation, repair or maintenance of telecommunication apparatus and machines; installation, repair or maintenance of household electric appliances; installation, repair or maintenance of electric lighting apparatus; installation, repair or maintenance of power distribution and control apparatus; installation, repair or maintenance of electric motors; installation of measuring and/or testing machines and instruments; installation of medical apparatus and instruments; installation of metalworking machines and tools; installation of electric cooking apparatus for commercial use; installation of automatic vending machines; installation of water purifying apparatus; installation of musical instruments; installation of watches and clocks; installation, repair or maintenance of electric water heaters for household purposes; installation of bath equipment; installation of toilet seat unit with washing function; installation, repair or maintenance of computer hardware; installation, repair or maintenance of air-conditioning apparatus; installation of office machines and equipments; installation of machinery; installation, repair or maintenance of computers; installation, repair or maintenance of printers; installation, repair or maintenance of telephones; telecommunication wiring; installation of laboratory apparatus and instruments; installation, repair or maintenance of electronic apparatus; construction, fitting and installation of electric and electronic apparatus and instruments; installation of ramps for wheelchairs; construction; installation, repair or maintenance of freezing machines and apparatus; construction consultation; construction information; building construction supervision; maintenance and repair of buildings.

Class 42

Computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; computer rental; providing computer programs on data networks; website design; hosting computer sites [websites]; updating of computer software; computer services, namely, hosting and maintaining an on-line web site for others; providing temporary use of non-downloadable computer software to enable sharing of multimedia content and comments among users; providing temporary use of non-downloadable computer software a website that gives computer users the ability to upload, exchange and share photos, videos and video logs; providing computer programs for use in digital image processing; providing computer programs for browsing information on the Internet; providing computer programs for delivering digital images to computers or portable telephones via a global computer network; rental of electronic data storage space on the internet; rental of web servers for delivering digital images to computers or mobile phones via a global computer network; providing computer programs for online search engine services on a database comprised of digital image data and computer programs for processing digital image data; providing computer programs having function to manage the delivering of data files; architectural design; designing; providing temporary use of non-downloadable computer software featuring technology enabling users to upload and download electronic files; providing temporary use of non-downloadable computer software featuring technology enabling users to edit photos, create photo albums and upload photos and photo albums; providing temporary use of non-downloadable computer software for online electronic conference systems via cloud computing; maintenance of computer database and website; providing temporary use of non-downloadable computer software for online remote control of computers; rental of virtual computer servers; maintenance of computer software for computer systems; technical supports for installation and maintenance of computer programs; architectural services; construction drafting; architectural consultation; providing information in the field of architectural design; surveying; geological surveys or research; design of building interiors and exteriors; architectural research; research on city planning.

Class 06

Metal building materials; doors of metal and parts and accessories thereof; roof coverings of metal; gateposts of metal; gutters of metal; letter boxes of metal; roofing of metal; steel poles for guiding lead-in electrical wires and cables; bathroom handrail of metal.

Class 07

Metal working machines; welding machines; industrial robots; soldering machines; chip mounting machines; semiconductor manufacturing apparatus and machines; plasma washing machines and apparatus; electric arc welding machines and apparatus; metal cutting machines and apparatus by use of arc, gas or plasma; carbon rods for electric welding machines; electronic component placement machines and apparatus; electronic component insertion machines and apparatus; soldering paste printing machines and apparatus; micro soldering machines and apparatus; adhesive dispensing machines and apparatus for electronic component placement; electronic component feeding machines and apparatus; die bonding machines and apparatus; flip chip bonding machines and apparatus; dry etching machines and apparatus for manufacturing semiconductors; laser metal processing machines and apparatus; laser processing machines utilizing carbon dioxide laser oscillators for soldering, jointing and processing; laser metal engraving machines; ultraviolet curing machines for use in the manufacture of semiconductors; electric power tools for metal working; electrically operated tools for crimping metal cables; fittings and attachments to the head of electric power tools for metal working; tool bits, drill sockets and drill tips for electric power tools for metal working; chucks for electric screwdrivers; blades for electric metal cutters; grinding machines; saws for metalworking machines; blades for electric power tools for metalworking; electrically-operated circular saws for metalworking; electrically operated reciprocating saws for metalworking; blades for electrically operated cutting machines, tools and apparatus for metalworking; adjusters for adjusting head attachments of electric power tools for metal working; carrying cases for electric power tools for metal working; tool belts for holding electric power tools for metal working; centrifugal blowers [machines] not for specific purposes; axial flow blowers [machines] not for specific purposes; elevators [lifts]; machines for lifting wall cabinets; lifting

apparatus for lightings; car parking installations, namely lifts for parking cars and storing them for parking purpose; washing machines for household purposes; tubs as structural parts of washing machines for household purposes; dish washing machines for household purposes; compressors [machines] not for specific purposes; pumps; electric pumps; well pumps; electric water pumps for washing machines; electric mixing machines, for food, for household purposes; electric hand mixers for household purposes; electric mixing machines for household use, namely, electric food processors, electric coffee mills, electric juice extractors, electric juicers, electric meat grinders, electric tea leaf grinders, electric rice milling machines and electric ice crushers; electric blenders for household purposes; electric vacuum cleaners; electric floor polishers; dust collecting machines for industrial use; blowing machines; air suction machines; dust filters and bags for vacuum cleaners; electric vacuum cleaners for loose hair of pets; electric dust collecting machines; loading-unloading machines and apparatus; pneumatic or hydraulic machines and instruments; vending machines; food peeling machines for commercial use; food cutting, chopping and slicing machines for commercial use; dynamo brushes; electric centrifugal fans; electric axial flow fans.

Class 09

Cameras; cases for cameras; electric flash lights for cameras; digital still cameras; mount adapter for digital cameras; MC (multi-coating) protector for digital cameras; filter for digital cameras; lens cap for digital cameras; body cap for digital cameras; viewfinder for digital cameras; microphones for use with digital cameras; shutter remote control for digital cameras; tripod adapter for digital cameras; zoom lever assist for digital cameras; camera bag for digital cameras; camera case for digital cameras; silicon jacket for digital cameras; body case for digital cameras; strap for digital camera; waterproof case for using digital cameras in water; coupler for digital cameras; AC adapter for digital camera; digital photo frame; batteries and cells; dry cells; rechargeable batteries; storage batteries; storage batteries for electric motorcycles; storage batteries for electric cars; cellular phone batteries; battery chargers; nickel cadmium batteries; nickel hydrogen batteries; lithium batteries; lithium ion batteries; fuel cells; solar batteries; solar power generating apparatus; solar cell modules for electricity generation; converter of solar electricity; solar panels for electricity generation; apparatus for charging electric vehicles and plug-in hybrid electric vehicles; carbon rods for dry batteries; electric wiring apparatus; electric wiring devices with sensors; electrical connectors; switches; electric sockets; dimmer switches; time switches; automatic electric switching apparatus with sensors; magnetic switches; photo-electric switches; electrical switches; detection switches; operating switches; dimmer control (dimmer function switches); card operated switches; parts for electrical switches; switchboards; switch boxes; electrical conduits of metal; electricity conduits; flexible electrical conduits; floor ducts for housing electric cables; cable racks (electrical wires and cable laying materials); factory automation ducts (factory use power distribution ducts); ballasts for lighting; circuit breakers; magnetic contactors and starters; circuit protectors; thermal protectors, being electric components for use in overheat protection of electric circuit; earth leakage circuit breakers; power distributing boxes [electricity]; electric outlets; fixing frames for electric outlets; extension cords with multiple electric outlets; popup type electric floor outlets; electric floor outlets; electric floor wiring devices; electric undercarpet wiring installations; plugs (electrical); current converters; socket plates for covering socket outlet; antennas; aerials; distribution board cabinets capable of storing IT equipment; power control panels; electronic panels indicating attendance/non-attendance of office workers; terminals for television; fixtures for telephone wires; plug-in phone jacks; trolley ducts for electrical

wires and cable; electrical adaptors; earth terminals; electric extension cords; modular jacks (connection for in-house LAN); protective covers for exposed wirings; monitoring televisions for use in video intercom systems; intercoms; gas leakage alarms; anti-theft warning apparatus; glass break detectors (anti-theft warning apparatus); thermic ray detectors (human body warmth detectors alarms/burglar alarms); infrared detectors (infrared transparence block detectors/burglar alarms); electric radio door chimes; radio receiving/transmitting devices for fire alarms; fire alarms; fire control panels; fire detectors; fire alarm bells (sound equipment); electronic control units for fire and smoke prevention equipment; emergency fire alarm equipment; automated emergency notification equipment (notification equipment for fire alarms and intrusion); video monitoring systems (access control equipment/intrusion detection equipment); imaging sensors (person identification alarm equipment); face recognition equipment for access controls (access control equipment); iris recognition access control systems consisting of cameras and management servers; cameras with an iris recognition function; surveillance cameras; closed circuit video equipment systems comprised of security camera & lens, analog or digital recorders, monitors, video servers, matrix switches and control systems, housing and mount brackets, fiber optics; electric and electronic video surveillance installations; communication systems and surveillance systems using video cameras for apartments and condominium buildings; apparatus and instruments for remote monitoring, remote communication and/or remote controlling; communication and monitoring appliance for buildings; acoustic machines, apparatus and instruments; radios; cassette tape players/recorders; radio cassette recorders/players; portable cassette tape players/recorders; portable radio cassette players/recorders; IC (integrated circuit) memory and/or hard disc players/recorders; radio/compact disc players; portable audio players; MP3 (MPEG-1 Audio Layer-3) players; cases for portable audio players; speakers (audio equipment); stereo tuners; amplifiers; power amplifiers; power amplifiers for automotive audio system; microphones; slip mats for turntable for record players; IC (integrated circuit) recorders (voice recorders); digital sound processors; headphones; cordless headphones; earphones; stereo components; audio mixers; optical fiber cables; audio cables/video cables; wireless microphone system consisting of wireless microphones, wireless transmitters, wireless powered speaker, wireless receivers, wireless amplifiers, diversity tuners; digital multi equalizers; digital multi processors; car audio apparatus; audio-visual equipment for automotive audio-visual systems including radios, DVD players, CD players, televisions, displays, monitors for rearview camera systems; speakers for automotive audio systems; subwoofers for automotive audio-visual systems; cassette adaptors for use with portable audio players; audio cables for use with DVD/CD changer; audio visual machines, apparatus and instruments; television receivers; plasma television receivers; plasma displays; plasma display panels; stands for plasma display panels or plasma television receivers; wall mount bracket for plasma display panels or plasma television receivers; LCD television receivers; liquid crystal displays; liquid crystal displays for use with beauty care apparatus; liquid crystal display panels; LCD video monitors; wireless displays; organic light emitting displays; 3D (three dimensional) television apparatus; combined television receivers incorporating video disc/video tape players/recorders; video tuners; LCD (liquid crystal display) projectors; lenses for LCD (liquid crystal display) projectors; ceiling mount brackets for LCD (liquid crystal display) projectors; lamps for LCD (liquid crystal display) projectors; digital light processing video projectors; lenses for video projectors; video cassette recorders; video cassette players; camcorders; cables for camcorders; cases for camcorders; electric viewfinders for camcorders; waterproof covers for camcorders; AC (alternating current) adapters for camcorders; batteries for camcorders; shoulder straps for

camcorders; filter for video cameras; shoe adapter for video cameras; DC light for video cameras; shoulder belt for video cameras; soft bag for video cameras; microphones for use with video cameras; cassette adapter for video cameras; tripod for cameras; digital HD (high definition) video cassette tape recorders; digital HD (high definition) video cassette tape players; DVD video recorders; DVD video players; digital video cassette recorders; digital video cassette players; digital video cassette camera recorders; all-in one DVD video cassette recorders; all-in one DVD video cassette players; video display terminals; color image large-scale display apparatus; cable television systems comprising set-top boxes; CATV digital set top boxes; audiovisual teaching apparatus, namely, computer hardware and software for displaying educational materials; electric optical display boards; multi purpose electric information display systems comprised of displays, projectors, media players, site controllers; camcorders for professional use, video recorders for professional use; computer hardware and software for DVD authoring systems; light emitting diode displays; in-vehicle camera apparatus; wireless security cameras (electric); wireless video camera monitoring apparatus (electric); video signal converters for network cameras; network camera controllers; servers for network cameras; outdoor wireless video camera monitoring apparatus with motion sensors and lights; switching device for live image production for use in broadcasting; real time graphic processors; digital audiovisual mixers; carrying handles for projectors; electronic publication [downloadable]; table racks specifically adapted for televisions; digital photograph players to be connected with television apparatus; video monitors; video switcher; video mixer; home theater systems; antennas for television receivers; video splitter; computer hardware and software for use in image recognition; three-dimensional eyeglasses; satellite receivers; optical disc drives; optical disc recorders; optical disc players; optical disc changers; optical disc cartridges (blank); optical disc players/recorders/drives and parts thereof; lens cleaning discs for optical disc players; optical pickups; communication machines and apparatus; telecommunication machines and apparatus; facsimile transceivers; telephones; cellular phones; smart phones; accessories for cellular phones; hands free kits for mobile-phones; IP (Internet protocol) telephones; cordless telephones; conference speakerphones; wireless speakerphones; telephone answering machines; private automatic branch switching systems; global positioning system receivers; radio telephones; multi-channel access radio systems; electric traffic information displays; telecommunication apparatus for video teleconferencing; telecommunication apparatus for local area network; encoding and decoding apparatus; car navigation equipment; hand held navigation apparatus for assistance of travels; protection films for use on screens of navigation apparatus; remote controllers for navigation apparatus; stands for navigation apparatus; cables for navigation apparatus; visual/information distribution systems comprising management servers, operating terminals, controllers; digital broadcasting systems which consists of video cameras for digital broadcast, switchers, outside broadcast vans being broadcast apparatus; multimedia learning systems consisting personal computers, audio-video recorders, and computer software; emergency call remote controllers; ON/OFF remote controllers; remote controllers for audio/visual machines; remote controllers for air conditioners; remote lighting control systems; receivers for wireless shutter open/close remote controllers (electrical automatic door open/close systems); transmitters for wireless shutter open/close remote controllers (electrical automatic door/close systems); remote controller transmitters/receivers; power supply adapters for use with portable electronic devices; road and traffic information receivers; radio receivers for receiving alert from the governmental crisis management systems; radio transmitters and receivers for use in search of lost pets; power distribution or control machines and apparatus; remote controls for

lighting appliances; liquid level controllers [electric or electronic]; circuit controllers; power controllers; frequency controllers; remote control panels for lighting appliances; operation control panels for lifting device; lighting control panels; emergency broadcasting apparatus; sequencers (programmable logic controllers); computers; computer peripheral devices; tablet computers; mobile computers; hard disc drives; USB cables; MPU (micro processor unit) cooling fans; computer network apparatus for computer broadband network; image scanners; printers for computers; toner cartridges [empty] for computer printers; toner cartridges [empty] for multi-function printers for use with computers; digital photo printers; video printers for computers; video printers for digital cameras; video printers for camcorders; plain paper copiers; automatic document feeders for multi-function printers for use with computers; multi-function printers for use with computers, namely, those which can be used as a printer, a scanner and a facsimile machine in one unit having network connectability; multi-function printers for use with computers; finishers for multi-function printers for use with computers; paper feeding stands for multi-function printers for use with computers; paper transporting units for multi-function printers for use with computers; hard disk drive units for multi-function printers for use with computers; memory boards for multi-function printers for use with computers; printed page counting software for multi-function printers for use with computers; digitized document distribution (to PC/mobiles) software for multi-function printers for use with computers; waste containers for toners being parts and fittings for multi-function printers for use with computers; hardware and software for verifying stamps for multi-function printers for use with computers; accessibility kits sold as parts for multi-function printers, namely, control panels for multi-function printers; G3 communication units for multi-function printers for use with computers; Internet facsimile units for multi-function printers for use with computers; paper cassette units for multi-function printers for use with computers; catch trays for multi-function printers for use with computers; voice mail apparatus for multi-function printers for use with computers; RFID (radio frequency identification) reader/writer for multifunction printers for use with computers; LAN (local area network) boards for multi-function printers for use with computers; extension cassette for multi-function printers for use with computers; handset units for multi-function printers for use with computers; electronic blackboards; electronic whiteboards; PC cards; computer keyboards; floppy disk drives; card readers; card readers/writers; bar code readers; bar code scanners; portable data processing computer terminals; terminal for POS (point of sales) systems; electronic calculators; network cameras; computer network routers; monitors [computer hardware]; wireless LAN (local area network) adaptors; power supply adaptors; SD (secure digital) memory data copy apparatus; network disk recorders; memory card camera recorders; memory card recorders; memory card drives; video encoder cards; port replicators; optical disc cartridges; electronic map [downloadable]; downloadable electronic data files for computer programs; computer software; computer programs for electronic map; computer programs [downloadable software]; computer software for programmable controllers for use in production lines; computer software for processing images and graphics; OCR (optical character recognition) computer software; OCR development computer software; computer software for use with medical and/or beauty care apparatus; computer systems for accepting, guiding and paging outpatients in hospital facilities; electronic devices for assisting communication of persons with disabilities; apparatus for remote monitoring of patients; computers for use in hospitals and clinics for management of medical affairs; electronic health record systems; computer systems for management and review of a patient medicinal records; intelligent security and surveillance systems; factory surveillance

systems; computer hardware and software for use in long storage and backup of surveillance images; computer hardware and software for use in enterprise contents management system; computer hardware and software for use in web contents management, system; computer hardware and software for use in documents management system; computer hardware and software for use in office administration systems; computer hardware and software for use in security systems for management of identification data; computer hardware and software to accelerate data processing for databases; full-text search engine computer software; remote access controlling systems relating to corporate computer network; disaster prevention wireless communication systems; computer hardware and software for use in newspaper distribution systems; computer hardware and software for use in data broadcast and electric program guide systems; digital audio broadcast system for in-building; OFDM (orthogonal frequency division multiplexing) modulators for in-building; computer hardware and software for use in electronic toll collection systems; computer hardware and software for use in traffic control systems; computer hardware and software for use in dam management systems; multimedia tablet computers; computer hardware and software for electronic medical charts; computer hardware and software for use in health insurance pharmacy; computer network hubs, switches and adapters; computer networking hardware; computer servers; blank external data storage media; blank video cassette tapes; head cleaning tapes for tape drives of audio and video tape recorders and players; blank D-VHS video cassette tapes; blank digital video cassette tapes; blank audio cassette tapes; blank floppy discs; blank optical discs; IC memory cards; SD (secure digital) memory cards; thermoluminescence dosimetry devices; dosimeters equipped with alarms; counters; thermometer, not for medical purposes; distortion meters; electric weighing scales that also measure body fat; weighing machines/scales; pedometers; apparatus for measuring calories burned during exercise; apparatus for measuring exercise intensity; operation hour meters; gas meters; ultrasonic gas meters; water meters; apparatus for measuring the numbers of bacteria in oral cavity; distant measuring apparatus; sensors (electronic parts); automatic sensing devices comprising lights; light emitting diodes; light emitting diode chips; light emitting diode packages; light emitting diode modules; LSI (large scale integration circuits); hybrid ics (integrated circuits); microcomputers; halftone image data processors; semi-conductors; semiconductor memory devices; integrated circuits; semiconductor lasers; connectors [electricity]; electric/electronic display instruments; CCD (charge couple device) image sensors; MOS (metal-oxide semiconductor) image sensors; film capacitors; electric tuner units; high frequency apparatus; radio communication apparatus, namely, radio frequency front-end modules; RF (radio frequency) modulators; speaker components; power modules; DC/DC converters; inductors [coils]; condensers [capacitors]; power capacitors; diode; transistor; filter of electric signals being electrical/electronic components; noise filters (electronic parts); light modulators; optical transmission components; photo detectors; optical connectors; optical semiconductor elements; optical lenses; aspherical lenses; transformers; thermistors; varistors (surge absorbers); acousto-optic devices; electric resistors; potentiometers; trimmer potentiometers; thermal cutoffs; electric apparatus consisting of resistor array for interface circuits (resistance networks); electric apparatus consisting of capacitor array interface circuits (capacitance networks); electric apparatus consisting of resistor array and capacitor array for interface circuits (resistance/capacitance networks); encoders; magnetic resistive (magnetic resistant) elements; chip coils (electronic parts) for use in circuit boards; choke coils; touch panels; remote controls; duplexers; SAW (surface acoustic wave) devices; baluns (balanced to unbalanced transformer); electric power dividers; wireless communication modules/units; RF (radio

frequency) modules; PLL (phase locked loop) synthesizer modules; bi-directional low-power wireless modules; bead cores for EMI (electromagnetic interference) filtering (electronic components); bead arrays for EMI (electromagnetic interference) filtering (electronic components); micro chip fuses; relays, electric; solenoids (electromagnetic coils); inverters for power supply; power supply units; inverters; inverters for power units; automatic time switches; high density wiring boards; printed wiring boards; circuit protectors; hinges for flip-type cellular phones (parts of cellular phones); ion generators; ionization apparatus, not for the treatment of air; electric cooling fans adapted for electronic machines and apparatus; electric cooling fans adapted for telecommunication machines and apparatus; electric laser marking apparatus; electric laser markers; devices for alert of animal approaching using ultrasonic; portable power sources; direct current power supply units; uninterruptible electrical power supplies; PLC (power line communication) adapters; portable digital image magnification devices; temperature indicators for refrigerators; apparatus for measuring moisture content of the skin; microscopes; self-propelled electronic devices in the nature of humanoid robots with computers for guiding and directing people to different places, and software therefor, sold as a unit; self-propelled electronic devices in the nature of humanoid robots with computers for assisting users to make purchases in facilities, and software therefor, sold as a unit; self-propelled electronic devices in the nature of humanoid robots with computers for assisting delivering and retrieving of items; self-propelled electronic devices in the nature of humanoid robots with computers for assisting remote communication between users; switch units integrated with nurse call button, outlets, lights, to be installed at the hospital room bedheads; 3-D (three-dimensional) profilometers; CO2 laser oscillators for soldering, jointing and processing; timers for use in factories; temperature regulators for use with industrial equipment; interface terminals [electricity]; image processing apparatus; appearance testers [not for medical use]; measuring or testing machines and instruments; rotary converters; phase modifiers; electric wires and cables; electronic machines, apparatus and their parts; thermometers, not for medical purposes; encoders; automatic switching appliances; switching devices for live image production.

Class 11

Lighting apparatus and installations; light emitting diode lamps; electrical bulbs and lighting instruments; incandescent lamps; head lamps (head torches); fluorescent lighting fixtures; incandescent lighting instruments; miniature light bulbs; flashlights [torches]; hand-held emergency torch lights; electric lanterns; lamps for bicycles; motion sensitive security lights; discharge lamps; stage lighting apparatus; wall lights; outdoor lights for gardens and yards; ceiling lights; flood lights; electric lamps for repelling insects; germicidal lamps; gate lights; street lightings; chandeliers; glow switch lamps; downlights; glow switch starter lamps; desk lights; electric lanterns; spotlights; temporary emergency lighting; emergency lights; indicator lights; emergency indication lights; mercury vapor lamps; high-pressure mercury vapor lamps; sodium lamps; safety lamps; light diffusers; searchlights; cycle lights and light bulbs therefor; dynamo lights for bicycles; electric fans; neck flashlights; high-intensity lights; waterproof flashlights; emergency lights for home; emergency signal lamps; electric lights for walking in the dark; clip lights; pen lights; radio flashlights; battery size-free flashlights; tough flashlights; rubber flashlights; flexible flashlights; installations for cooking for household purposes; electric cooking utensils for household purposes; microwave ovens; automatic bread making machines for household use/household purposes; electric kettles; electric thermo pots; electric pressure cookers [autoclaves] for household purposes; electric rice cookers for household purposes; electric

rice cookers and warmers for household purposes; induction heating electronic rice cookers and warmers for household purposes; electric roasters for household purposes; ovens for cooking for household purposes; toasters for household purposes; electric sandwich toasters for household use; electric coffee makers; electric cooking stoves; gas cookers; induction cookers for household purposes; electric barbecue griddles for household purposes; electric cooking heaters; electric food pans for household purposes; sinks; cooking worktops being parts of kitchen ranges; gas cooktops for household purposes; electric rice cake makers for cooking for household purposes; electric frying pans for cooking for household purposes; installations for refrigeration and freezing; refrigerators; gas refrigerators; freezers; cold/hot water dispensers for household purposes; electric water coolers; electric ice makers; electric refrigerators for cosmetics; electric appliances for heat retentions, cold storage and refrigeration of foods and drinks for household purposes; refrigerating apparatus for storage of blood; ultra-low temperature freezers; pharmaceutical refrigerators; refrigerating display cabinets; freezing display showcases; heat exchange cooling units for cooling electric apparatus and instruments; ventilating apparatus and instruments; electric fans; ventilating fans for household use; electric dehumidifiers; electric humidifiers; air curtains; air handling units; ceiling fans; ventilators; roof ventilators; ventilation apparatus and installations; electrostatic precipitators for cleaning air; electric air deodorizers for cars; electric air purifiers; filters for air purifiers; range hoods for cookers; air outlets for air conditioners; apparatus for making and supplying oxygen enriched air (air treatment apparatus); electric air deodorizers; air filtering units; installations for heating, cooling and air-conditioning; air conditioners; air conditioners for automobiles; air filters for air conditioners; electrically heated carpets; electric space heaters; electric blankets other than for medical purposes; electric radiant heaters; hot-water space heating apparatus; hot water floor heating apparatus; electric heating equipments; electric foot warmers; electric floor heaters; car seat heaters; positive temperature coefficient heaters; carbon lamp heaters; electric water heaters; electric cooling and warming mats in the nature of heating and cooling inserts for pet beds; gas fired heaters for industrial purposes; water heaters for household purposes (other than gas or oil); water heaters for industrial purposes (other than gas or oil); gas-fired water heaters and hot water suppliers for industrial purposes; heat pump units; heat pump electric water heaters; solar water heaters; toilets with self-cleaning functions; water purifying apparatus with mineralizing function for household use; sauna baths; steam saunas; mist sauna; electrical foam makers for household use for body washing; cordless air dischargers for home bubble bath; shower rooms; apparatus for shower; shower heads; water boilers for showers; instantaneous hot water boilers; bathtub units integral only with a bathroom floor; bathtubs; electric air bubble bathtubs; bathroom suites; bathroom equipments; bathtub units integral with a bathroom floor and a sink; apparatus for foaming and injection of air bubble in bathtubs; whirlpool bath; toilet [water-closets]; toilet bowls; water ionizers; toilet stool units with a washing water squirter; portable toilets; wash-hand basins [parts of sanitary installations]; sterilization equipments for mattress and futon for household purposes; water purifying apparatus for household purposes; electric space heaters for bathrooms; clothes drying machines for household purposes; electric clothes drying machines for household purposes; electric hand dryers for household use; electric hair dryers; brushes being parts of hair dryers; electric hair dryers specifically for drying hair roots; dryers for pets for household purposes; electric dish dryers for household purposes; bedding dryers for household purposes; ventilation [air-conditioning] installations and apparatus for bathrooms; electrical automatic waterer for home gardening; electric hair steamers for household purposes; ultrasonic facial steamers for household

purposes; electric facial steamers for household purposes; ultrasonic vibration facial treatment steamers for household purposes; steam generators for facial treatment for household purposes; electric pore cleanser steamers for household purposes; refillable cartridges for electric hair steamers for household purposes (containing hair care cosmetics); facial saunas for household purposes; electric pore minimizer steamers for facial treatment; steamers for nebulizing cosmetic lotions for face; ultraviolet curing lamps; fabric steamers for household purposes; toilet bowls and seats sold as a unit; boilers [other than parts of prime movers, engines]; air-conditioning apparatus [for industrial purposes]; household electrothermic appliances; cooking worktops being parts of kitchen sinks; bathtub units integral with a bathroom floor and a sink.

Class 19

Non-metallic building materials, namely, linoleum, plastic, synthetic materials, asphalt, rubber, plaster, lime, cement, timber, stone and glass; wooden interior building materials; plywood; boards for wall shelves, made of wood; handrails (non-metallic); wooden stairs; window glass, for building; staircases, not of metal, excluding those of ceramics, bricks and refractory materials; bathroom doors (non-metallic); sound proof building materials, not of metal, excluding those of ceramics, bricks and refractory materials; non-metallic building materials (fixture materials), namely, linoleum, plastic, synthetic materials, asphalt, rubber, plaster, lime, cement, timber, stone and glass; wooden doors; tiles of glass; tiles of stone; rain gutters (not of metal); non-combustible building materials for wall, namely, linoleum, plastic, synthetic materials, asphalt, rubber, plaster, lime, cement, timber, stone and glass; non-metallic wall panels, excluding those of ceramics, bricks and refractory materials; door frames, not of metal (other than ceramic building materials, bricks and refractory products); windows, not of metal; window frames, not of metal; partitions (not of metal); gate posts, not of metal; a woody flooring material; bathroom handrail, not of metal.

Class 20

Furniture; microwave oven racks; drying machine racks [furniture]; television racks; racks for audio-visual apparatus and equipments [furniture]; rotary closets for clothes; washstands [furniture]; kitchen cabinets; wall cabinets; mail boxes, not of metal or masonry; chairs [seats]; mirrors [looking glass]; furniture units for kitchen; shoe cabinets; closet organizers [furniture]; food repository cabinets; storage boxes for home delivery services; tables for sunken kotatsu; floor cabinets [furniture]; shelves [furniture]; chests, not of metal; racks [furniture]; counters [furniture]; table racks for televisions.

Class 36

Providing information in the field of real estate; real estate brokerage; management of buildings; leasing or renting of buildings; real estate agency services relating to the purchase and sale of buildings; land management; leasing of land; real estate agency services relating to the purchase and sale of land; providing information on buildings or land (real estate affairs); real estate management; real estate agencies; leasing of real estate; real estate appraisal; providing real estate information; insurance agency and brokerage services.

Class 37

Construction and installation services; installation of electric appliances; installation, repair or maintenance of radio receivers and television receivers; installation, repair or maintenance of telecommunication apparatus and machines; installation, repair or maintenance of household

electric appliances; installation, repair or maintenance of electric lighting apparatus; installation, repair or maintenance of power distribution and control apparatus; installation, repair or maintenance of electric motors; installation of measuring and/or testing machines and instruments; installation of medical apparatus and instruments; installation of metalworking machines and tools; installation of electric cooking apparatus for commercial use; installation of automatic vending machines; installation of water purifying apparatus; installation of musical instruments; installation of watches and clocks; installation, repair or maintenance of electric water heaters for household purposes; installation of bath equipment; installation of toilet seat unit with washing function; installation, repair or maintenance of computer hardware; installation, repair or maintenance of air-conditioning apparatus; installation of office machines and equipments; installation of machinery; installation, repair or maintenance of computers; installation, repair or maintenance of printers; installation, repair or maintenance of telephones; telecommunication wiring; installation of laboratory apparatus and instruments; installation, repair or maintenance of electronic apparatus; construction, fitting and installation of electric and electronic apparatus and instruments; installation of ramps for wheelchairs; construction; installation, repair or maintenance of freezing machines and apparatus; construction consultation; construction information; building construction supervision; maintenance and repair of buildings.

Class 42

Computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; computer rental; providing computer programs on data networks; website design; hosting computer sites [websites]; updating of computer software; computer services, namely, hosting and maintaining an on-line web site for others; providing temporary use of non-downloadable computer software to enable sharing of multimedia content and comments among users; providing temporary use of non-downloadable computer software a website that gives computer users the ability to upload, exchange and share photos, videos and video logs; providing computer programs for use in digital image processing; providing computer programs for browsing information on the Internet; providing computer programs for delivering digital images to computers or portable telephones via a global computer network; rental of electronic data storage space on the internet; rental of web servers for delivering digital images to computers or mobile phones via a global computer network; providing computer programs for online search engine services on a database comprised of digital image data and computer programs for processing digital image data; providing computer programs having function to manage the delivering of data files; architectural design; designing; providing temporary use of non-downloadable computer software featuring technology enabling users to upload and download electronic files; providing temporary use of non-downloadable computer software featuring technology enabling users to edit photos, create photo albums and upload photos and photo albums; providing temporary use of non-downloadable computer software for online electronic conference systems via cloud computing; maintenance of computer database and website; providing temporary use of non-downloadable computer software for online remote control of computers; rental of virtual computer servers; maintenance of computer software for computer systems; technical supports for installation and maintenance of computer programs; architectural services; construction drafting; architectural consultation; providing information in the field of architectural design; surveying; geological surveys or research; design of

building interiors and exteriors; architectural research; research on city planning.

Class 07

Machines for use in power stations, for generating electricity and for use in the gas and processing industries; separators (machines); steam engines; compressors; heat exchangers (parts of motors or engines); filtering machines; radiators for motors and engines; aerocondensers; housings (parts of machines); generators of electricity; machines and plants composed thereof for the processing of foodstuffs; machines and machine tools for the processing industry in the fields of foodstuffs, beverages, the brewing industry, dairy industry, chemistry, pharmaceuticals, biotechnology, cosmetics, oil production, oil processing, power generation, wastewater treatment and metalworking, for use in the marine industry, drinking water production and treatment, on oil platforms, in wine cellars, all the aforesaid goods included in this class; machines and parts therefor for the processing industry in the fields of foodstuffs, beverages, the brewing industry, dairy industry, chemistry, pharmaceuticals, biotechnology, cosmetics, oil production, oil processing, power generation, wastewater treatment and metalworking, for use in the marine industry, drinking water production and treatment, on oil platforms, in wine cellars, all the aforesaid goods included in this class; heat exchangers being parts of machines.

Class 09

Regulating, checking, controlling, measuring apparatus and devices and electric or electronic switch gears; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; apparatus and instruments for testing, measuring and analysing liquid or powdered preparations; data transmission installations and equipment, data processing installations and equipment, data output installations and equipment; process control systems, namely, electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; computers and computer software; transducers; parts for the aforesaid goods (included in this class).

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; heat exchangers and fittings for heat exchangers, included in this class; separators for removing condensation by refrigeration; refrigerating chambers; air heating apparatus; air dryers; electric radiators; heat regenerators; heat accumulators; heat exchanger pipes, cooler pipes and condenser tubes, finned tubes and filter pipes being parts of heat exchangers; air pre-heaters being parts of heat exchangers; dry cooling systems for use in refineries, steel works, gas installations, power plants, in the petrochemical sector, in the steel industry and in connection with the industrial cooling of liquid and/or gaseous substances; dehumidifiers; chillers; machines for drying materials, also by using the spray drying technology; heat generation

devices and heat distribution devices and plants composed thereof for industrial purposes; including all the aforesaid goods custom-made.

Class 35

Commercial trading and consumer information services, namely, auctioneering services, business intermediary and advisory services, collective buying services, evaluations relating to commercial matters, organizing of business competitions, import and export services, negotiation and conclusion of commercial transactions for others, ordering services, price comparison services, procurement services for others; retail and wholesale services and online retail and wholesale services, all relating to chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, relating to filtering materials, relating to building materials of metal and process equipment of metal, relating to machines and spare parts therefor for use in power stations, for generating electricity and for use in the gas and processing industries, relating to compressors and spare parts therefor, relating to aerocondensers and spare parts therefor, relating to machines and plants composed thereof for the processing of foodstuffs as well as spare parts therefor, relating to machines and machine tools, apparatus, devices and parts for the processing industry as well as spare parts therefor, relating to heat exchangers being parts of machines and spare parts therefor, relating to regulating, checking, controlling, measuring apparatus and devices and electric or electronic switch gears as well as spare parts therefor, relating to apparatus and instruments as well as spare parts therefor for conducting, switching, transforming, accumulating, regulating and controlling electricity, relating to process control systems, namely electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data as well as spare parts for the aforesaid apparatus and equipment, relating to apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes as well as spare parts therefor, relating to oil pumps being parts for cooling systems of transformers, relating to heat exchangers and accessories for heat exchangers as well as spare parts therefor, relating to non-metallic building materials, relating to filtering materials of textile; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), namely, chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, relating to filtering materials, relating to building materials of metal and process equipment of metal, relating to machines and spare parts therefor for use in power stations, for generating electricity and for use in the gas and processing industries, relating to compressors and spare parts therefor, relating to aerocondensers and spare parts therefor, relating to machines and plants composed thereof for the processing of foodstuffs as well as spare parts therefor, relating to machines and machine tools, apparatus, devices and parts for the processing industry as well as spare parts therefor, relating to heat exchangers being parts of machines and spare parts therefor, relating to regulating, checking, controlling, measuring apparatus and devices and electric or electronic switch gears as well as spare parts therefor, relating to apparatus and instruments as well as spare parts therefor for conducting, switching, transforming, accumulating, regulating and controlling electricity, relating to process control systems, namely electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data as well as spare parts for the aforesaid apparatus and equipment, relating to apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes as well as spare parts therefor, relating to oil pumps being parts for cooling systems of transformers, relating to heat exchangers and accessories for heat

exchangers as well as spare parts therefor, relating to non-metallic building materials, relating to filtering materials of textile, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order; consultancy, advisory and information services relating to the aforesaid services, included in this class.

Class 37

Building construction, including the installation of lighting, heating, steam generating, cooking, refrigerating, drying, air conditioning, ventilating, heat recovery, air filtering and water supply apparatus and of sanitary installations; repair of apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, air- conditioning, ventilating, heat recovery, air filtering and water supply and sanitary purposes, air filters and parts and accessories for the aforesaid apparatus and installations; construction management services; building repair; interference suppression in electrical apparatus and in air conditioning installations and apparatus; installation and maintenance of air conditioners and air conditioning installations; installation of electrical apparatus; installation of refrigerating apparatus; installation and maintenance of machines; construction consultancy.

Class 42

Scientific and technological services and research and design services relating thereto; industrial analysis and research services; construction drafting and consultancy; engineering services; providing of expert opinion in the fields of heating, cooling, refrigerating and air conditioning; technological consulting services in the fields of heating, cooling, refrigerating and air conditioning; design, development, planning, project management and engineering services of industrial and machine installations, lighting, heating, steam generating, cooking, refrigerating, drying, air conditioning, ventilating, heat recovery, air filtering and water supply apparatus and of sanitary installations, air filters; technical testing; scientific research; mechanical research; design, technical development and technical planning of industrial installations and machines; research and development of installations, processes and products.

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic recording media, sound recording disks; compact disks, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, equipment for data processing and computers; software; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports goggles; game software; fuel distribution equipment, namely electric fuel-level gauges, control valves for regulating gas flow and fuel lines; automated systems for service-station management comprising operating software for calibrated fuel pumps, flow control panels, fuel lines and pump nozzles for refueling of land vehicles, marine vehicles and aircraft; gas meters; on-board and roadside signaling and communication systems, train inspection systems, crossing notification systems, apparatus for electric control of switching; GPS tracking and monitoring systems for the transit and railway industries; electrical distribution devices and products, namely capacitors, circuit breakers, circuit-breaker patch boards, circuit closers, contact breakers, commutators, contactors, current rectifiers, current limiters, electric contacts, electric collectors, electric conductors, electric connectors, electric controllers, electric inductors, electric power supply

systems, distribution boards and branch boxes (electricity), electrical distribution consoles, electrical switchboards and switchboxes; software for persons in charge of troubleshooting and maintenance of programmable controllers, software for cardiac vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels, software for medical patient-monitoring equipment, software for receiving, processing, transmitting and displaying data, software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information, software for collecting data concerning vital signs, software for analyzing electrical systems and electronic instruction manuals sold as a unit therewith, software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the identified investments, software for obtaining information on the risk of flooding with regard to real property, software for developing graphic user interfaces and displaying data, software for calculating mortgage payments, software for controlling and managing vehicle fleet maintenance services, software for using and accessing commercial computer services, software used by clients to obtain information regarding lease portfolios, software for a radiology information system for radiologists and radiology departments, software for managing databases containing information on employees and patients for archiving purposes and patient monitoring, software installed on and used with PCs and medical monitoring equipment for graphic user interfaces, software for sending encrypted and compressed data to radio-paging (transport) systems, software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means, and software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to route subterranean installations; electronic, nuclear, industrial and laboratory, testing, measuring, calculating and monitoring instruments and apparatus; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; condensers (capacitors); switches for lighting; input/output controls and devices; fuses; controls for lighting; switch boxes, LEDs, namely light-emitting diodes, voltage regulators for electric power, voltage surge protectors, voltage surge limiters, voltmeters, electrical circuit boards, relays and timers, solenoids and limit switches, manual full-voltage starters, reduced-voltage starters, electric switches and disconnecting switches, splitters for circuit boards and pumping panels, circuit breakers and disconnecting switches, transformers, electric circuit and electric lighting boards, electric wires, cables, cords and conductors, electric wiring, lightning conductors, electricity meters, wattmeters, grounding resistances, humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser rays microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication

software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; applications for manufacture and control, namely for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; wired and remote input/output electric equipment, input/output modules, interface modules, electricity supplies and assembly equipment; anti-theft and burglar alarm systems; security devices, namely logic programming computers, control panels, electronic burglar detectors, electronic glass-breakage detectors, electronic vibration detectors, magnetic contacts for security systems, electronic switch plates, electronic motion detectors for alarm systems, electronic motion-sensitive switches, fixed connection sirens, audio loudspeakers, electronic navigation systems, access control and alarm monitoring systems; fire, heat and smoke alarms and detectors; computer cards access control systems; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object tracking; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing hardware or software used for analyzing digital video images for automatically extracting, recording and reporting information automatically, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radio-frequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom domes, remote video controllers, receivers, electronic alarms, triggers and management controls and video transmission devices sold separately or as parts of a closed-circuit camera operating system; personal digital assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and readers and encoders thereof; magnetic access cards and readers and encoders thereof; memory access cards and readers and encoders thereof; proximity cards and readers and encoders thereof; electronic keys and their readers and encoders; barcode

access cards and their readers, encoders and laminators specially adapted thereof; access keypads; radio-frequency tracking tags; tracking and control systems consisting of one or several radio-frequency beacons, detectors and transceivers for determining and checking the location and movements of tangible assets, stocks and individuals; infrared sensors; computer hardware and software for managing infrastructures and monitoring systems for accessing infrastructures and components thereof, namely control boards, access card readers and video imaging, video surveillance, digital hard disk recording, network transmission and remote access equipment and systems; networked digital video storage servers, applications for surveillance and access control, alarm and security monitoring, computer software and hardware for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices and security cases in the form of boxes for securing keys; surveillance systems sold separately or as components or in the form of sets such as systems comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera housings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches, control panels, numerical pad controls, joysticks, interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings, transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; data processing computer software and hardware; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens and electronic siren controls, namely ringer tone generators and amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, in industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on individuals, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on individuals, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensitive apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; electric control apparatus for valves for water treatment and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flow meters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for water treatment and processes, namely apparatus for

treatment of industrial and commercial water supply systems, boiler water systems, water cooling systems, cooling water systems and closed water-supply systems, systems for paper and pulp treatment, fuel treatment systems and metal treatment systems for analyzing the chemistry of the system, determining the proper treatment program, applying the desired treatment and monitoring the effectiveness of the treatment; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; mobile laboratory equipped with equipment and instruments for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial waters, for carrying out inorganic and microbiological water testing; electronic and electrochemical products, namely fuel cells; apparatus for converting photo-electric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of data, enabling users to store or manage personal information and to transmit and receive voice, video and image communications; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and software related thereto; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer software and programs for wireless device operation and management; telecommunication devices; software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for navigation on the aforesaid networks websites; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software packages; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon electrodes and carbon for dry batteries, wiring apparatus, connectors (electric), electric cables, electric ducts, floor ducts specially designed for housing electric cables, ballast (for discharge lamps), under carpet wiring systems, code lighting-switches, circuit breakers, magnetic contactors and starter switches, circuit protectors, switching devices, electric connecting boxes, device switches, output jacks, plugs (electric), electric timers, other wiring devices; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable emergency intercoms; acoustic machines and apparatus, radios, tape recorders/players, radio cassette recorders, portable tape players, compact disc recorders/players, minidisc recorders/players, minidisc decks consoles, DVD (digital versatile disc) audio recorders/players, secured digital recorders/players, secured digital cards, loudspeakers, tuners, amplifiers, stereo component systems, disc readers, graphic equalizers, radio alarm clocks, integrated circuit recorders, digital audio processing

devices, earphones, headphones, microphones, cassette recorders/players, software for compact discs (prerecorded), electric megaphones, language laboratories, audio systems for cars, public address systems, audio mixers, audio equipment cleaning equipment, namely magnetic head cleaning equipment; audio cables, video cables, other audio machines; audiovisual machines and apparatus, television sets, cathode ray tube display devices, cathode ray tubes, image pick-up tubes, plasma television sets, plasma displays, LCD (liquid crystal display) television sets, liquid crystal display monitors, television sets combined with video tape recorders, television sets combined with disc players, antennas, tuners for satellite broadcasting, television tuners, Internet terminals, video projectors, video cassette recorders, camcorders, video cameras, video printers, laser disc players, video CD (compact disc) players, software for video CD (compact disc), video recorders/players for DVDs, color video systems for large-scale display, cable television systems, hard disk units, video imaging devices, electric optical display boards, multi-purpose electric display systems, closed-circuit video equipment systems, software for DVDs, television cameras, video switches, non-linear editing systems, editing controllers, DVD creation systems, light emitting diodes (LED) displays, other audiovisual machines; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines, facsimile transceivers, transceivers, telephones, cellular mobile telephones, cases for cellular mobile telephones, telephone answering machines, private auto-switch systems, global positioning system receivers, radiotelephones, marine radars, radio-paging receivers, mobile communication systems, multi-channel access radio systems, electric panels for traffic information, videoconferencing systems, private portable telephone systems, local network systems, AV codecs (coder-decoders), navigation systems for cars (road guidance systems), electronic systems for road toll collection, GPS (global positioning system) antennas; surveillance (monitoring) apparatus and instruments, communication and surveillance systems for apartment structures, intruder detection systems, automated systems for surveillance and control of functions in buildings, security apparatus with several electrical layers; automatic control machines and instruments, electric distribution boards, road signal control apparatus, bus location systems, ultrasound vehicle detectors, information and telecommunication networks for road traffic management, light dimmers, light switches, inverters, programmable control systems, transformers, cabinets, domestic electricity supply systems, power capacitors; data processing equipment; computers and computer peripherals, word processors, software (recorded), image scanners for personal computers, printers, PC (personal computer) cards, computer keyboards, mouse(data processing equipment), CD-ROM (compact disc-read only memory) units, diskette units, card reading/writing systems, barcode readers, time recorders, portable data terminals, point-of-sale systems, data collection terminals, personal digital assistants (PDAs), DVD-RAM/ROM (digital versatile disc-random access memory / read only memory) units, CAD/CAM (computer-aided design/computer-aided manufacturing) systems, hard disk units, electronic calculators, uninterrupted power supplies for computers / communication / broadcasting; external storage devices, video cassettes, cleaning heads, D-VHS (video data home systems), other computer peripherals; video tapes, audio cassettes, diskettes, optical discs, mini-discs, DVDs (digital versatile discs), integrated circuit memory cards; weighing and measuring apparatus and instruments, thermoluminescent dosimetry systems, portable x-ray dosimeters, electronic meters, ammeters, electricity consumption meters, grip measuring devices, electric apparatus for measuring leakance, electric insulation meters, thermometers, measuring system processors, electric multi-circuit sector voltage monitors, micro-precision measuring devices,

pedometers, audio/video analyzers, oscilloscopes, modulators, voltmeters, distortion meters, other measuring apparatus; sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; electric components, light emitting diodes, liquid crystal displays, liquid crystal display modules, magnetrons, diodes, transistors, thermostats, integrated circuits, semi-conductor storage devices, one chip micro-computers, electric condenser, microphones cartridge, gray-scale image processors, thermal printing heads, magnetic heads, permanent magnets, connectors, relays, display components, semi-conductor lasers, charge coupling devices (CCD device), image detectors, film capacitors, electric tuner units, high-frequency units, coin validation units, note validation units, magnetic card reading/writing devices, voltage-controlled oscillators, phase-locking circuit synthesizing modules, wireless communication module units, optical transmission components, printed wiring boards, loudspeaker components, electricity supplies, AC (alternating current) adaptors, focusing magnets, inductors (coils), capacitors for electric apparatus, electric signal filters, transformers, deflection coils, thermistors, varistors, piezoelectric ceramic components, acoustic-optical components, resistances, potentiometers, encoders, printing units, hybrid integrated circuits, switching components, heat-welding wiring boards, transparent touch panels, electroluminescent components, remote control units, magnetic resistance elements, thermal disconnects; data processing equipment, in particular for financial applications; operating system programs; computer hardware and software, in particular for local and wide-range computer networks development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, in particular for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; machines for banking institutions; encoders and decoders; modems; encoded magnetic cards, electronic data carrier cards, encoded magnetic cards readers, electronic data card readers, electronic encryption systems, computer hardware, computer terminals, software used in financial services, in the banking and telecommunication industries; electric and electronic products, namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automated teller machines (ATMs); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; machines and machine systems, including parts and accessories for transmission, distribution and control of electricity; induction devices, electrical displacement devices, electricity control and regulation devices, electricity measuring instruments, electrical protection devices, switchboards, switchboard apparatus, wiring devices and supplies; liquid control devices, namely, flow meters, manostats, sequential timers, electric switches and controls; audio amplifiers for keyboards, external memories for musical instruments; systems for managing data and preserving archives in the field of anaesthesia; gradient coils, namely magnetic gradient coils for magnetic resonance imaging; alarm devices for tire pressure; pressure gauges in vehicle tires; rubber testing machines.

Class 14

Parts, ingots and medals of precious metals or their alloys, whether

commemorative or not; jewelry, precious stones; pins; timepieces and chronometric instruments; key rings.

Class 32

Beers; mineral and aerated waters and other non-alcoholic beverages; fruit drinks and fruit juices; syrups and other preparations for making beverages.
