REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

machines, setting machines, insertion machines, turning machines, packing machines, pumps, mills, filtering machines, separators and centrifuges, included in this class; butchers' machines, bakers' and confectioners' machines, machines for the bread and baking industries, machines for the fish industry, machines for producing delicatessen goods, machines for producing ready-to-eat, fast-food, prepared and semi-prepared dishes from foodstuffs and meals; machines for dairy farming, machines for the confectionery and chocolate industry; machines for producing prepared foodstuffs, machines for producing sauces, pastes, creams and spices, and machines for use in relation to cosmetics, pharmacy and chemistry, and parts and fittings for the aforesaid machines, included in this class; electromechanical machines and apparatus for the preparation of foodstuffs and beverages for industrial kitchens and mass catering, included in this class; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand-operated; heat exchanger units (machine parts); valves; machine tools and tools therefore.

Class 09

Electronic and electric controls and computer hardware and software for control of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, and installations therewith and consisting thereof; electronic and electric controls and computer hardware and software for control of machines and apparatus for the paint and lacquer, the ceramic, chemical, pharmaceutical, cosmetic, textile and rubber industries, and for use for chemical and/or biological reactions and powder processing; electronic and electric controls and computer hardware and software for control of cooking, heating, cooling and other thermal treatment apparatus and equipment, warming, heating, cooking, refrigerating and freezing machines and apparatus, ovens, air conditioning apparatus, heat exchangers, heat accumulators, heat collectors, heat regenerators, heat generating apparatus, lighting installations, devices, apparatus, lamps, regulators and meters, and installations therewith and consisting thereof; electronic and electric controls and computer hardware and software for control of electromechanical machines and apparatus for preparing of foodstuffs and beverages for industrial kitchens and mass catering; electronic and electric controls and computer hardware and software for control of sterilising apparatus and sterilising installations, drying apparatus and installations, pasteurising apparatus and installations, steam generators, burners, humidifying installations and microwave ovens; energy regulators; apparatus and instruments for switching, transforming, accumulating, regulating or conducting energy; monitoring and control apparatus and systems consisting thereof for the status, operation and management of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, comprising computer software, computer hardware, sensors, transmitters and receivers, included in this class; computer hardware and software for receiving, storing, processing, transmitting and display of data; computer hardware and software for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, both on-site and remote, included in this class; fault recorders and fault storage devices for recording and storing of data resulting from monitoring and control of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, included in this class; electric and electronic sensors for

measuring data for monitoring and control of the status, operation and management of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, included in this class; vibration sensors; electric sensors; gas sensors for measuring gas concentration; industrial calibration sensors; fluid sensors for measuring fluid characteristics; liquid level sensors; humidity sensors; flowability sensors; fluid resistance sensors; optical sensors; photoelectric sensors; pressure sensors; proximity sensors; sensors for determining conductivity, temperature, position, distance, speed and acceleration; timing sensors; ultrasound sensors; all of the aforesaid sensors being in particular for installation in machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products; vibration sensors; electric sensors; gas sensors for measuring gas concentration; industrial calibration sensors; fluid sensors for measuring fluid characteristics; liquid level sensors; humidity sensors; flowability sensors; fluid resistance sensors; optical sensors; photoelectric sensors; pressure sensors; proximity sensors; sensors for determining conductivity, temperature, position, distance, speed and acceleration; timing sensors; ultrasound sensors; all of the aforesaid sensors being in particular for measuring data for monitoring and control of the status, operation and management of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, included in this class; safety equipment for machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely safety sensors and cameras; environmental monitoring systems, comprising meters and sensors for measuring pressure, moisture and temperature, and alarm and reporting functions; heat sinks for conducting heat away from electronic and electric controls, control modules, apparatus, circuits and switches, and for measuring apparatus; temperature regulators for electronic and electric controls, control modules, apparatus, circuits and switches and for measuring apparatus, light regulators and meters.

Class 11

Warming, heating, cooking, refrigerating and freezing machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, and parts and fittings for the aforesaid machines and apparatus, included in this class; installations, consisting of machines for warming, heating, cooking, refrigerating and freezing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products; warming, heating, cooking, refrigerating and freezing machines and apparatus for butchers and for sausage production, meat and sausage processing, vegetable processing, fruit processing, cereal processing, processing of milk products, production of bakery and confectionery goods, production of bread and baked goods, fish processing, production of ready-to-eat, fast-food, prepared and semi-prepared dishes from foodstuffs and meals, and production of delicatessen goods, production of confectionery and chocolate, and parts and fittings for the aforesaid machines and apparatus, included in this class; warming, heating, cooking, refrigerating and freezing machines and apparatus for food production, production of sauces, pastes, creams and spices, and production of cosmetics, pharmaceuticals and chemicals, and parts and fittings for the aforesaid machines and apparatus, included in this class; ovens for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates

and end products, and parts and fittings for the aforesaid machines and apparatus, included in this class; air conditioning apparatus and installations for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, and parts and fittings for the aforesaid machines and apparatus, included in this class; apparatus and equipment for cooking, heating, cooling and otherwise thermally treating foodstuffs and beverages, included in this class; sterilisers and sterilizing installations; drying apparatus and installations; pasteurising apparatus and installations; steam generators; burners; installations for humidifying; microwave ovens; heat exchangers, not parts of machines; heat accumulators; heat accumulators; heat regenerators; heat generating apparatus; cooling elements; coils for cooling; cooling evaporators; heat sinks for refrigerating apparatus, ventilating apparatus and heating apparatus; cooling fans; commercial refrigeration units; industrial cooling installations; cooling tanks for furnaces; apparatus and installations for cooling gases and liquids; separators for removing condensation by refrigeration; refrigerating machines; refrigerant condensers; lighting installations, equipment, devices and lamps; computerised lighting installations, devices and apparatus; filters and colour filters for lighting; louvres for light deflection; diffusers being parts of lighting installations; reflectors for luminaires; suspension rails [not electrified] for electrical lighting fixtures.

Class 37

Construction, installation, maintenance and repair of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, and of installations therewith and consisting thereof; construction, installation, maintenance and repair of apparatus and equipment for cooking, heating, cooling and other thermal treatment, warming, heating, cooking, refrigerating and freezing machines and apparatus, ovens, air conditioning apparatus, heat exchangers, heat accumulators, heat collectors, heat regenerators, heat generating apparatus, lighting installations, devices, apparatus, lamps, regulators and meters, and installations therewith and consisting thereof; construction, installation, maintenance and repair of sterilising apparatus and sterilising installations, drying apparatus and installations, pasteurising apparatus and installations, steam generators, burners, humidifying installations and microwave ovens; construction, installation, maintenance and repair of electromechanical machines and apparatus for preparing foodstuffs and beverages for industrial kitchens and mass catering; construction, installation, maintenance and repair of feeding machines, dispensing machines, spraying machines, bottling machines, filling machines, decanting machines, setting machines, insertion machines, turning machines, packing machines, pumps, mills, filtering machines, separators and centrifuges; construction, installation, maintenance and repair of butchers' machines, bakers' and confectioners' machines, machines for the bread and baking industries, machines for the fish industry, machines for producing delicatessen goods, machines for producing ready-to-eat, fast-food, prepared and semi-prepared dishes from foodstuffs and meals, machines for dairy farming, machines for the confectionery and chocolate industry; construction, installation, maintenance and repair of machines for producing prepared foodstuffs, machines for producing sauces, pastes, creams and spices and machines for use in relation to cosmetics, pharmacy and chemistry, and parts and fittings for the aforesaid machines; construction, installation, maintenance and repair of machines and apparatus for machines and apparatus for the paint and lacquer, the ceramic, chemical, pharmaceutical, cosmetic, textile and rubber industries, and for use for chemical and/or biological reactions and powder processing;

construction, installation, maintenance and repair of motors and engines (except for land vehicles), machine coupling and transmission components (except for land vehicles), agricultural implements other than hand-operated, machine tools and tools therefor.

Class 42

Engineering services; technological design services; technical analyses; research and development in the fields of machine construction, electro-technology, control technology, process technology, physics, food technology, chemistry, pharmacy, cosmetics, biology, bacteriology, hygiene, agriculture, horticulture, animal husbandry, sound absorption, product development, safety technology, design and software.
