REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Class 06

Furniture fittings made of metal; metal hinges; metal guide rails and metal pull-out rails for drawers, with or without damping devices made of metal; metal frames; panel frames made of metal; lateral covers of metal for panel frames; adjustable metal fittings, in particular front plate adjusting mechanisms for drawer slides; metal under mount slides for drawers; drawers slides of metal; fittings of metal for drawers with under mount slides; touch-latch fittings made of metal; handle-free opening mechanisms made of metal for drawers, doors and flaps; compartment divisions made of metal, intended for drawers and for furniture compartments; small metal hardware, in particular wires, springs, hooks, clamps, sockets and pins; metal wall plugs; metal screws.

Class 07

Actuator devices, namely electric motors for drawers, doors, flaps and parts thereof; furniture fittings with actuator devices, namely electric motors; undermount slides for drawers with actuator devices, namely electric motors.

Class 20

Furniture; furniture compartments; drawers; drawer parts (furniture); non-metal frames (parts of furniture); non-metal furniture fittings; non-metal hinges; non-metal guide rails and pull-out rails for drawers; non-metal guide rails and pull-out rails for drawers, with damping devices; dressers [furniture]; apothecary cabinets; office furniture; non-metal wall plugs [connecting plugs, pins]; non-metal panel frames (parts of furniture); non-metal lateral covers for panel frames (parts of furniture); non-metal adjustable fittings, in particular front plate adjusting mechanisms for drawer slides parts of furniture); non-metal touch-latch fittings (parts of furniture); non-metal handle-free opening mechanisms for drawers, doors and flaps; non-metal drawers for furniture with under mount slides; non-metal drawer parts being parts of furniture with under mount slides; plastic parts, namely rollers, roller carriages, dampers, pinions for under mount slides for drawers having under mount slides, all the aforesaid goods being parts of furniture; plastic parts, namely rollers, roller carriages dampers and pinions for under mount slides for drawer parts with under mount slides, all the aforesaid goods being parts of furniture; damping devices for furniture and parts thereof; non-metal compartment divisions intended for drawers and for furniture compartments, in

particular dividing elements for compartments and drawers, and insertions for cutlery, spices or knives.

NIPPON STEEL & SUMIKIN ENGINEERING

Class 06

Alloys of common metal; aluminium; aluminium foil; aluminium wire; balls of steel; boxes of common metal; brackets of metal for building; brass, unwrought or semi-wrought; brazing alloys; rods of metal for brazing; building boards of metal; buildings of metal; cast iron, unwrought or semi-wrought; cast steel; common metals, unwrought or semi-wrought; containers of metal for storage; copper, unwrought or semi-wrought; crash barriers of metal for roads; fittings of metal for building; flanges of metal (collars); foundry moulds of metal; framework of metal for building; gold solder; indium; ingots of common metal; iron ores; iron, unwrought or semi-wrought; iron wire; joists of metal; lead, unwrought or semi-wrought; linings of metal (building); manhole covers of metal; manifolds of metal for pipelines; materials of metal for funicular railway permanent ways; metals in powder form; nickel; niobium; pillars of metal for buildings; pipe muffers of metal; poles of metal; posts of metal; props of metal; railroad ties of metal; rails of metal; railway material of metal; railway sleepers of metal; reinforcing materials of metal for building; sheet piles of metal; sheets and plates of metal; silver plated tin alloy; silver solder; sleeves (metal hardware); soldering wire of metal; steel alloys; steel pipes; steel sheets; steel strip; steel, unwrought or semi-wrought; steel wire; strap-hinges of metal; tantalum (metal); tin; tinfoil; tinplate; tinplate packings; titanium; titanium iron; tombac; trellis of metal; tubes of metal; tungsten; vanadium; rods of metal for welding; wire of common metal; wire of common metal alloys, except fuse wire; wire rope; zirconium; steel bars; cask stands of steel; steel cables; steel forgings; wire of metal for welding; heavy steel plates; hot-rolled steel sheets and coils; cold-rolled steel sheets and coils; tin free steel sheets and coils; electrical steel sheets; galvanized steel sheets and coils; construction materials of metal; tanks of metal.

Class 07

Air suction machines; bending machines; compressed air machines; compressed air pumps; compressors (machines); condensing installations for chemical processing; control mechanisms for metalworking machines, construction machines and loading-unloading machines; converters for steel works; crushing machines for metalworking, construction loading-unloading and chemical processing; cutting machines for metalworking and construction; electric welding apparatus; drainage machines for construction; apparatus for dressing for

metalworking; electric arc cutting apparatus; electric arc welding apparatus; finishing machines for metalworking; gasifiers; AC generators of electricity; DC generators of electricity; galvanizing apparatus; grinding machines; guides for metalworking machines; hand-held tools, other than hand-operated; heat exchangers for chemical processing machines; hemming machines; holding devices for metalworking machine tools; apparatus for metalworking machining; metal drawing machines; metalworking machines; metal surface galvanizing apparatus; moulding machines for metalworking; moulds (parts of machines); paring machines for metalworking; pneumatic transporters; electric machines and apparatus for polishing metal surface; presses for metalworking; presses (machines for chemical processing purposes); rams (machines); rolling mill cylinders; rolling mills; sewage pulverizers; slide rests (parts of machines); trimming machines for metalworking; vibrators (machines) for industrial use; waste compacting machines; industrial waste disposers (machines); welding apparatus, gas-operated; welding machines, electric; robots for metal working; continuous casting machines; apparatus for the treatment of metal giving a pickling effect on the surface; apparatus for tin-plating on the surface of metal; annealing machines for metalworking; electromechanical machines for chemical industry; sorting machines for industry; pumps; pneumatic machines; hydraulic machines and apparatus; apparatus for giving a pickling treatment on the surface of metal.

Class 09

Electronic agendas; bar code readers; central processing units (processors); chips (integrated circuits); computer operating programs, recorded; computer peripheral devices; computer programs (downloadable software); computer software, recorded; computers; data processing apparatus; integrated circuit cards (smart cards); integrated circuits; intercommunication apparatus; juke boxes for computers; lasers, not for medical purposes; magnetic data media; magnetic encoders; monitors (computer programs); optical character readers; optical data media; portable telephones; printed circuits; readers (data processing equipment); semi-conductors; telephone apparatus; transmitters (telecommunication); transmitting sets (telecommunication); video telephones; wafers (silicon slices); color filters for liquid crystal display; flexible print circuits; flexible print circuit materials; electrical coils; electronic publications, downloadable.

Class 11

Air conditioning apparatus; air conditioning installations; air deodorising apparatus for industrial purposes; air filtering installations for industrial purposes; air purifying apparatus and machines for industrial purposes; air sterilizers for industrial purposes; ash pits for industrial furnaces; boilers, other than parts

of machines; coolers for industrial furnaces; desalination plants; distillation apparatus; drying apparatus; evaporators; filters for air conditioning for industrial purposes; filters for industrial furnaces; filters for industrial boilers; filters for air-conditioning apparatus for industrial purposes; filters for garbage incinerators; filters for water purifying apparatus; fire bars for industrial furnaces and boilers; fuel economizers; industrial furnace ash boxes; furnace grates for industrial furnace and nuclear reactors; furnace grates for industrial boilers; industrial furnaces; cooling vats for industrial furnaces; heat exchangers, not parts of machines; heating elements for industrial purposes; hot water heating installations; loading apparatus for furnaces; purification installations for sewage; water filtering apparatus for industrial purposes; water flushing installations for industrial purposes; water purification installations; water purifying apparatus and machines; waste melting apparatus; garbage incinerators; melting furnaces; waste water treatment apparatus.

Class 19

Artificial stone; bricks; building materials of ceramic, concrete, carbon fiber plastics, aramid fibers and plastics; building panels of ceramic, concrete, carbon fiber plastics and plastics; building stone; cement posts; cement slabs; concrete building elements; construction materials of ceramic, concrete, carbon fiber plastics, aramid fibers and plastics; door casings of carbon fiber plastics and plastics; door frames of carbon fiber plastics and plastics; door panels of carbon fiber plastics and plastics; fences of carbon fiber plastics and plastics; cement for furnaces; grout; palings of concrete, carbon fiber plastics and plastics; palisading of carbon fiber plastics and plastics; cement slabs; slag (building material).

Class 37

Building construction; building insulating; building sealing; damp-proofing (building); demolition of buildings; construction of airports; construction of aquatic facilities; construction of telecommunication towers; harbour construction; pier construction; residential and commercial building construction; road construction; earthworks or concrete construction; construction of base-isolation and vibration-control device for building; steel structure construction; warehouse construction; construction of artificial islands; construction of tunnels; construction of stadiums; construction of storage tanks; drilling of wells; factory construction; industrial furnace installation and repair; machinery installation; pipeline construction and maintenance; plumbing; riveting; underwater construction; underwater repair; construction of natural oil drilling platforms; construction of natural gas drilling platforms; bridge construction; construction of offshore structures; construction of coastal structures; construction; construction information; building

construction supervision; installation in the field of electrical power plants; installation, maintenance and repair in the field of chemical plants; installation, maintenance and repair in the field of steel plants; installation in the field of waste treatment plants; installation in the field of polychlorinated biphenyl treatment plant; installation in the field of recycling plants; installation in the field of energy plants; installation in the field of liquefied natural gas plants; air conditioning apparatus installation and repair; installation, maintenance and repair of computer hardware; telephone installation; electric appliance installation; boiler cleaning and repair; burner maintenance and repair; pump repair; construction consultation; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metalworking machines and tools; repair or maintenance of industrial furnaces; repair or maintenance of storage tanks.

Class 39

Air transport; barge transport; boat transport; bus transport; car transport; carting; electricity distribution; ferry-boat transport; freight (shipping of goods); freighting; guarded transport of valuables; lighterage; marine transport; packaging of goods; parking place rental; passenger transport; railway transport; rental of warehouses; river transport; stevedoring; towing; transport and storage of trash; transport and storage of waste; transport of travelers; unloading cargo; vehicle towing; warehousing; wrapping of goods; removal services; providing information relating to the distribution of electricity; consultancy services relating to the distribution of electricity.

Class 42

Architectural consultation; architecture; construction drafting; urban planning; architectural analysis; engineering services in the field of electrical power plant; engineering services in the field of chemical plant; engineering services in the field of steel plant; engineering services in the field of waste treatment plant; engineering services in the field of polychlorinated biphenyl treatment plant; engineering services in the field of liquefied natural gas plants; engineering services in the field of recycling plant; engineering services in the field of energy plants; engineering services in the field of receiving and storage plants; engineering services in the field of floating structures; engineering services in the field of offshore steel structures; designing of base-isolation and vibration-control devices; technical consultation in the field of engineering services in the field of electrical power plants; technical consultation in the field of engineering services in the field of chemical plants; technical consultation in the field of engineering services in the field of steel plants; technical consultation in the field of engineering services in the field of waste treatment plants; technical consultation in the field of engineering

services in the field of polychlorinated biphenyl treatment plants; technical consultation in the field of engineering services in the field of liquefied natural gas plants; technical consultation in the field of engineering services in the field of recycling plants; technical consultation in the field of engineering services in the field of energy plants; technical consultation in the field of engineering services in the field of receiving and storage plants; technical consultation in the field of engineering services in the field of floating structures; technical consultation in the field of engineering services in the field of offshore steel structures; technical consultancy service for steel making, technical consultancy service for operation and maintenance of steelmaking plants (technical consultancy services in relation to engineering services); consultancy in the field of design and development of computer hardware; computer programming; computer software design; computer system design; computer system analysis; computer virus protection services; maintenance of computer software; updating of computer software; conversion of data or documents from physical to electronic media; creating and maintaining web sites for others; data conversion of computer programs and data (not physical conversion); duplication of computer programs; installation of computer software; providing search engines for the Internet; recovery of computer data; computer software consultancy; mechanical research; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on machines, apparatus and instruments; material testing; research in the field of environmental protection; underwater exploration; rental of computer software; rental of web servers; hosting computer sites (web sites); calibration (measuring); surveying; geological research; geological surveys; design of machines, apparatus and instruments; technical consultation in the field of engineering services in the field of waste water treatment plant.
