REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

brickwork preservatives, except paints and oils; bromine for chemical purposes; by-products of the processing of cereals for industrial purposes; caesium; calcined soda; calcium carbide; calcium cyanamide [fertilizer]; calcium salts; californium; camphor, for industrial purposes; car body fillers; carbide; carbolineum for the protection of plants; carbon black for industrial purposes; carbon for filters; carbon disulfide; carbon tetrachloride; carbon; carbonates; carbonic acid; carbonic hydrates; casein for industrial purposes; casein for the food industry; cassiopium [lutetium]; catalysts; catechu; caustic alkali; caustic soda for industrial purposes; caustics for industrial purposes; cellulose; cement [metallurgy]; cement for pneumatic tires [tyres]; cement preservatives, except paints and oils; cement-waterproofing chemicals, except paints; ceramic compositions for sintering [granules and powders]; ceramic glazings; ceramic materials in particulate form, for use as filtering media; cerium; chemical additives for oils; chemical additives to drilling muds; chemical additives to fungicides; chemical additives to motor fuel; chemical condensation preparations; chemical intensifiers for paper; chemical intensifiers for rubber; chemical preparations for analyses in laboratories, other than for medical or veterinary purposes; chemical preparations for decarbonising engines; chemical preparations for facilitating the alloying of metals; chemical preparations for protection against wheat blight [smut]; chemical preparations for scientific purposes, other than for medical or veterinary use; chemical preparations for smoking meat; chemical preparations for the manufacture of paints; chemical preparations for the manufacture of pigments; chemical preparations for use in photography; chemical preparations to prevent mildew; chemical preparations to prevent wheat smut; chemical preparations, except pigments, for the manufacture of enamel; chemical reagents, other than for medical or veterinary purposes; chemical substances for analyses in laboratories, other than for medical or veterinary purposes; chemical substances for preserving foodstuffs; cement for footwear; chemicals for use in forestry, except fungicides, herbicides, insecticides and parasiticides; chemicals used in fermenting wine; chimney cleaners, chemical; china clay; china slip; chlorates; chlorides; chlorine; cholic acid; chromates; chrome alum; chrome salts; chromic acid; chromic salts; chromium oxide; cinematographic film, sensitized but not exposed; cinematographic films, sensitized but not exposed; citric acid for industrial purposes; clarification preparations; coal saving preparations; cobalt oxide for industrial purposes; collodion; color-brightening chemicals for industrial purposes; colour-brightening chemicals for industrial purposes; combusting preparations [chemical additives to motor fuel]; compositions for repairing inner tubes of tires [tyres]; chemical additives to insecticides; compositions for repairing tires [tyres]; compositions for the manufacture of phonograph records; compositions for the manufacture of technical ceramics; compositions for threading; compost; concrete preservatives, except paints and oils; concrete-aeration chemicals; condensation-preventing chemicals; coolants for vehicle engines; blue vitriol; corrosive preparations; creosote for chemical purposes; crotonic aldehyde; cryogenic preparations; cultures of microorganisms, other than for medical and veterinary use; curium; currying preparations for leather; currying preparations for skins; cyanides [prussiates]; cymene; damp-proofing chemicals, except paints, for masonry; decolorants for industrial purposes; defoliants; degreasing preparations for use in manufacturing processes; degumming preparations; dehydrating preparations for industrial purposes; detergent additives to gasoline [petrol]; detergent additives to

gasoline; detergent additives to petrol [gasoline]; detergents for use in manufacturing processes; dextrin [size]; diagnostic preparations, other than for medical or veterinary purposes; diastase for industrial purposes; diatomaceous earth; diazo paper; dioxide of hydrogen; disincrustants; dispersions of plastics; distilled water; dolomite for industrial purposes; dressing and finishing preparations for textiles; dressing, except oils, for skins; drilling muds; dry ice [carbon dioxide]; dysprosium; earth for growing; electrophoresis gels, other than for medical or veterinary purposes; emollients for industrial purposes; emulsifiers; enamel and glass staining chemicals; enamel-staining chemicals; engine-decarbonising chemicals; enzyme preparations for industrial purposes; enzyme preparations for the food industry; enzymes for industrial purposes; enzymes for the food industry; epoxy resins, unprocessed; erbium; esters; ethane; ethers; ethyl alcohol; ethyl ether; europium; expanded clay for hydroponic plant growing [substrate]; fat-bleaching chemicals; fatty acids; ferments for chemical purposes; fermium; ferrocyanides; ferrotype plates [photography]; fertilizers; fertilizing preparations; fillers for automobile bodies; fillers for car bodies; filtering materials [chemical preparations]; filtering materials [mineral substances]; filtering materials [unprocessed plastics]; filtering materials [vegetable substances]; filtering preparations for the beverages industry; finishing preparations for use in the manufacture of steel; fire extinguishing compositions; fireproofing preparations; fish meal fertilizers; fissionable chemical elements; fissionable material for nuclear energy; fixing baths [photography]; fixing solutions [photography]; flashlight preparations; flocculants; flour for industrial purposes; flower preservatives; flowers of sulphur for chemical purposes; fluids for hydraulic circuits; fluorine; fluorspar compounds; formic acid; formic aldehyde for chemical purposes; foundry binding substances; foundry molding [moulding] preparations; foundry molding preparations; foundry moulding preparations; foundry sand; francium; fuel for atomic piles; fuel-saving preparations; fuller's earth for use in the textile industry; fulling preparations for use in the textile industry; fulling preparations; gadolinium; gallic acid for the manufacture of ink; gallium; gallnuts; gallotannic acid; galvanizing baths; galvanizing preparations; gambier; propellant gases for aerosols; gas purifying preparations; gelatine for industrial purposes; gelatine for photographic purposes; genes of seeds for agricultural production; getters [chemically active substances]; glass-frosting chemicals; glass-staining chemicals; glaziers' putty; glucose for industrial purposes; glucose for the food industry; glucosides; glue for industrial purposes; gluten [glue], other than for stationery or household purposes; gluten for industrial purposes; gluten for the food industry; glutinous preparations for tree-banding; glutinous preparations for tree-grafting; glutinous tree-banding preparations; glutinous tree-grafting preparations; glycerides; glycerine for industrial purposes; glycol ether; glycol; gold salts; grafting mastic for trees; grafting wax for trees; graphite for industrial purposes; grease-removing preparations for use in manufacturing processes; guano; gum arabic for industrial purposes; gum solvents; gums [adhesives], other than for stationery or household purposes; heavy water; helium; holmium; hormones for hastening the ripening of fruit; horticultural chemicals, except fungicides, herbicides, insecticides and parasiticides; humus top dressing; humus; hydrates; hydrazine; hydrochlorates; hydrochloric acid; hydrofluoric acid; hydrogen peroxide; hydrogen; hypochlorite of soda; hyposulphites; industrial chemicals; iodic acid; iodine for chemical purposes; iodine for industrial purposes; iodised albumen; malt albumen; iodised salts; ion exchangers [chemicals]; iron salts;

isinglass other than for stationery, household or alimentary purposes; isotopes for industrial purposes; kainite; kaolin; ketones; kieselgur; krypton; lactic acid; lactose [raw material]; lactose for industrial purposes; lactose for the food industry; lamp black for industrial purposes; lanthanum; lead acetate; lead arsenate; lead oxide; leather glues; leather-dressing chemicals; leather-impregnating chemicals; leather-renovating chemicals; leather-waterproofing chemicals; lecithin [raw material]; lecithin for industrial purposes; lecithin for the food industry; lime acetate; lime carbonate; lime chloride; limestone hardening substances; liquids for hydraulic circuits; liquids for removing sulphates from accumulators; liquids for removing sulphates from batteries; lithia [lithium oxide]; lithium; litmus paper; loam; lutetium [cassioptium]; magnesite; magnesium carbonate; magnesium chloride; magnetic fluid for industrial purposes; manganate; manganese dioxide; mangrove bark for industrial purposes; manure for agriculture; masonry preservatives, except paints and oils; mastic for leather; mastic for tires [tyres]; mastic for tires; mastic for tyres; meat tenderizers for industrial purposes; mercuric oxide; mercury salts; mercury; metal annealing preparations; earth metals; rare earths; metal hardening preparations; metal tempering preparations; metalloids; methane; methyl benzene; methyl benzol; methyl ether; milk ferments for chemical purposes; milk ferments for industrial purposes; milk ferments for the food industry; mineral acids; moderating materials for nuclear reactors; moistening [wetting] preparations for use in bleaching; moistening [wetting] preparations for use in dyeing; moistening [wetting] preparations for use in the textile industry; mold-release preparations; mordants for metals; mould-release preparations; must-fining preparations; naphthalene; neodymium; neon; neptunium; nitrate of uranium; nitrate paper; nitrates; nitric acid; nitrogen; nitrogenous fertilisers; nitrous oxide; oenological bactericides [chemical preparations used in wine making]; oil cement [putty]; oil dispersants; oil-bleaching chemicals; oil-purifying chemicals; oil-separating chemicals; oils for currying leather; oils for preparing leather in the course of manufacture; oils for tanning leather; oils for the preservation of food; oleic acid; olivine [silicate mineral]; opacifiers for enamel; opacifiers for enamel or glass; opacifiers for glass; oxalates; oxalic acid; oxygen; palladium chloride; paper pulp; wood pulp; peat [fertiliser]; peat pots for horticulture; pectin [photography]; pectin for industrial purposes; pectin for the food industry; perborate of soda; percarbonates; perchlorates; persulphates; persulphuric acid; petroleum dispersants; phenol for industrial purposes; phosphates [fertilisers]; phosphatides; phosphoric acid; phosphorus; photographic developers; photographic emulsions; photographic paper; photographic sensitizers; photometric paper; photosensitive plates; sensitized photographic plates; picric acid; plant growth regulating preparations; plasticizers; plastics, unprocessed; plastisols; plutonium; polish removing substances; polonium; potash water; potash; potassium dioxalate; potassium; potato flour for industrial purposes; potting soil; power steering fluid; praseodymium; preparations for preventing the tarnishing of glass; preparations for preventing the tarnishing of lenses; preparations for stimulating cooking for industrial purposes; preparations for the purification of gas; preparations for the separation of greases; preparations of microorganisms, other than for medical and veterinary use; preparations of the distillation of wood alcohol; preservatives for pharmaceutical preparations; preservatives for tiles, except paints and oils; promethium; protactinium; protective gases for welding; protein [raw material]; prussiates; purification preparations; pyrogalllic acid;

pyroligneous acid [wood vinegar]; quebracho for industrial purposes; radiator flushing chemicals; radioactive elements for scientific purposes; radium for scientific purposes; radon; reducing agents for use in photography; refrigerants; renovating preparations for phonograph records; rhenium; rock salt; rubber preservatives; rubidium; saccharin; sal ammoniac spirits; sal ammoniac; salicylic acid; salpetre; salt for preserving, other than for foodstuffs; salt, raw; saltpeter; salts [chemical preparations]; salts [fertilisers]; salts for coloring [colouring] metal; salts for coloring metal; salts for colouring metal; salts for galvanic batteries; salts for galvanic cells; salts for industrial purposes; salts from rare earth metals; salts of alkaline metals; salts of precious metals for industrial purposes; sauce for preparing tobacco; scale removing preparations, other than for household purposes; scandium; seawater for industrial purposes; seaweeds [fertilizers]; sebacic acid; seed preserving substances; selenium; self-toning paper [photography]; sensitized cloth for photography; sensitized films, unexposed; sensitized paper; sensitized plates for offset printing; separating and unsticking [ungluing] preparations; silicates; silicon; silicones; silver nitrate; silver salt solutions for silvering; size for finishing and priming; sizing preparations; slag [fertilisers]; soap [metallic] for industrial purposes; soda ash; sodium salts [chemical compounds]; sodium; soil conditioning preparations; soldering chemicals; soldering fluxes; solidified gases for industrial purposes; solutions for cyanotyping; solvents for varnishes; soot for industrial or agricultural purposes; sorrel salt; spinel [oxide mineral]; spirits of salt; spirits of vinegar [dilute acetic acid]; stain-preventing chemicals for use on fabrics; starch for industrial purposes; starch paste [adhesive], other than for stationery or household purposes; starch size [chemical preparations]; starch-liquifying chemicals [ungluing agents]; stearic acid; stem cells other than for medical or veterinary purposes; strontium; substances for preventing runs in stockings; substances for removing polish; substrates for soil-free growing [agriculture]; sulphates; sulphides; sulphonic acids; sulphur; sulphuric acid; sulphuric ether; sulphurous acid; sumac for use in tanning; superphosphates [fertilisers]; surface-active chemical agents; synthetic materials for absorbing oil; synthetic resins, unprocessed; talc [magnesium silicate]; tan-wood; tan; tannic acid; tannin; tanning substances; tapioca flour for industrial purposes; tartar other than for pharmaceutical purposes; tartaric acid; technetium; tellurium; tensio-active agents; terbium; test paper, chemical; tetrachlorides; textile-brightening chemicals; textile-impregnating chemicals; textile-waterproofing chemicals; thallium; thiocarbanilide; thorium; thulium; tire repairing compositions; titanite; titanium dioxide for industrial purposes; toluene; toluol; toning baths [photography]; toning salts [photography]; toxic gas neutralizers; gum tragacanth for industrial purposes; transmission fluid; tree cavity fillers [forestry]; tungstic acid; tyre repairing compositions; ungluing agents [chemical preparations for liquifying starch]; ungluing preparations; unsticking and separating preparations; uranium oxide; uranium; vine disease preventing chemicals; vinic alcohol; viscose; volatile alkali [ammonia] for industrial purposes; vulcanisation accelerators; vulcanising preparations; wallpaper removing preparations; water glass [soluble glass]; water purifying chemicals; water-softening preparations; wax-bleaching chemicals; welding chemicals; wetting preparations for use in bleaching; wetting preparations for use in dyeing; wetting preparations for use in the textile industry; wine finings; witherite; wood alcohol; wood vinegar [pyroligneous acid]; x-ray films,

sensitized but not exposed; xenon; ytterbium; yttrium; zirconia.

Class 04

Additives, non-chemical, to motor fuel; alcohol [fuel]; anthracite; beeswax; belting wax; benzene; benzine; benzol; blocks of peat [fuel]; bone oil for industrial purposes; candles; carburants; carnauba wax; castor oil for technical purposes; ceresine; charcoal [fuel]; Christmas tree candles; perfumed candles; coal briquettes; coal dust [fuel]; coal naphtha; coal tar oil; coal; coke; combustible oil; cutting fluids; diesel oil; dust binding compositions for sweeping; dust laying compositions; dust removing preparations; electrical energy; ethanol [fuel]; firelighters; firewood; fish oil, not edible; fuel gas; fuel oil; fuel with an alcoholic base; fuel; gas for lighting; gasoline; grease for arms [weapons]; grease for belts; non-slipping preparations for belts; grease for boots; combustible briquettes; grease for leather; grease for shoes; illuminating grease; illuminating wax; industrial grease; industrial oil; industrial wax; kerosene; lamp wicks; lanolin; lighting fuel; lignite; ligroin; lubricants; lubricating graphite; lubricating grease; lubricating oil; mazut; methylated spirit; mineral fuel; moistening oil; motor fuel; motor oil; naphtha; nightlights [candles]; oil for the preservation of leather; oil for the preservation of masonry; oil-gas; oils for paints; oils for releasing form work [building]; oleine; ozocerite [ozokerite]; paper spills for lighting; wood spills for lighting; paraffin; peat [fuel]; peat briquettes [fuel]; petrol; petroleum ether; petroleum jelly for industrial purposes; petroleum, raw or refined; preservatives for leather [oils and greases]; producer gas; rape oil for industrial purposes; solidified gas [fuel]; solidified gases [fuel]; soya bean oil preparations for non-stick treatment of cooking utensils; stearine; sunflower oil for industrial purposes; tallow; tapers; textile oil; tinder; vaporized fuel mixtures; wax [raw material]; wicks for candles; wood briquettes; wool grease; xylene; xylol.

Class 37

Airplane maintenance and repair; anti-rust treatment for vehicles; artificial snow-making services; asphaltting; boiler cleaning and repair; bricklaying; building construction supervision; building insulating; building of fair stalls and shops; building sealing; vehicle service stations [refuelling and maintenance]; burglar alarm installation and repair; burner maintenance and repair; cabinet making [repair]; car wash; carpentry services; chimney sweeping; cleaning of buildings [exterior surface]; cleaning of buildings [interior]; cleaning of clothing; clock and watch repair; installation, maintenance and repair of computer hardware; construction consultation; construction information; construction; damp-proofing [building]; demolition of buildings; diaper cleaning; disinfecting; drilling of deep oil or gas-wells; drilling of wells; dry cleaning; electric appliance installation and repair; interference suppression in electrical apparatus; elevator installation and repair; factory construction; film projector repair and maintenance; fire alarm installation and repair; freezing equipment installation and repair; fur care, cleaning and repair; furnace installation and repair; furniture maintenance; furniture restoration; harbour construction; heating equipment installation and repair; installation of doors and windows; irrigation devices installation and repair; kitchen equipment installation; knife sharpening; laundering; leather care, cleaning and repair; lift installation and repair; linen ironing; machinery installation, maintenance and repair; clothing repair; masonry; mending clothing; mining extraction; motor vehicle maintenance and repair; motor vehicle wash; installation, maintenance and repair of

office machines and equipment; painting or repair of signs; paper hanging; parasol repair; photographic apparatus repair; pier breakwater building; pipeline construction and maintenance; plastering; plumbing; pressing of clothing; pumicing; pump repair; quarrying services; rat exterminating; re-tinning; rebuilding engines that have been worn or partially destroyed; rebuilding machines that have been worn or partially destroyed; refilling of toner cartridges; renovation of clothing; rental of bulldozers; rental of cleaning machines; rental of construction equipment; rental of cranes [construction equipment]; rental of excavators; rental of road sweeping machines; repair information; repair of security locks; restoration of musical instruments; restoration of works of art; retreading of tires [tyres]; riveting; road paving; roofing services; rustproofing; safe maintenance and repair; sanding; scaffolding; shipbuilding; shoe repair; street cleaning; strong-room maintenance and repair; swimming-pool maintenance; telephone installation and repair; umbrella repair; underwater construction; underwater repair; upholstering; upholstery repair; varnishing; vehicle breakdown assistance [repair]; vehicle cleaning; vehicle greasing; vehicle lubrication [greasing]; vehicle maintenance; vehicle polishing; vehicle wash; vermin exterminating, other than for agriculture; vulcanization of tires [repair]; wallpapering; warehouse construction and repair; washing of linen; washing; window cleaning.

Maintenance services to detect leakage and tightness problems on membranes of tanks of ships intended for the transportation of gas in liquid, gaseous or solid phase, in particular methane tankers; technical assistance namely maintenance services following the performance of technical trials and tests in the field of energy generation based on oil and gas; advice on the maintenance and repair of ships, in particular methane tankers; services of assistance in tightness and thermal insulation (construction) of membranes of tanks of ships intended for the transportation of gas in liquid, gaseous or solid phase in particular methane tankers namely consultation regarding maintenance of ship tank membranes.

Class 41

Training services in respect of thermal insulation, tightness and maintenance of ships, in particular methane tankers; training services in the field of naval transportation of gas in liquid, gaseous or solid phase.

Class 42

Naval engineering; naval surveys (engineering work); performance of technical trials and tests on membranes of tanks of ships intended for the transportation of gas in liquid, gaseous or solid phase, in particular methane tankers, with a view to the detection of leakage and tightness problems; industrial analysis services; materials testing; technical research and engineering work on thermal insulation and tightness of ships, methane tankers, tank barges and metal containers; approval services, namely certification services relating to quality and quality control services on tanks of ships, methane tankers, tank barges and metal containers, intended for the transportation of gas in liquid, gaseous or solid phase.

transmission equipment by digital radio link and systems comprising thereof; optical components and parts; spatial optic apparatus, equipment and instruments; optical apparatus, equipment and instruments for aerial reconnaissance aircraft; guidance, radio-control and automatic pilot equipment and apparatus; hardware and software (recorded/stored programs) for position determination, monitoring and surveillance in specific geographical areas; monitoring and control hardware and software (recorded/stored programs), position determination, monitoring and surveillance equipment and systems comprising thereof in specific geographical areas, media for the storage of data and user terminals (computer terminals) for determination of position, navigation, navigation databases, radar or satellite navigation, radio navigation and for the following applications: mapping information, security and emergency equipment, instruments and apparatus, research (other than for medical use) and lifesaving equipment, instruments and apparatus; media for the storage of data and user terminals for the determination of position, mapping information, route/course guidance for land and airborne vehicles; electrical or electronic instruments and apparatus for the reception, processing and/or transmission of navigation signals and their elements and component parts; electric and electronic apparatus and instruments for the review, analysis and performance monitoring of navigation data and navigation signals and their parts and components; electric and electronic apparatus and instruments for the measurement, verification, checking, testing and monitoring of positions and the associated navigation data; computer software (recorded/stored programs) for the measurement, verification, checking, testing and monitoring of positions and the associated navigation data; satellite localisation and satellite navigation appliances and equipment comprising them; telecommunication and radio communication apparatus, hardware and software for telecommunication and radio communication networks, hardware and software for digital telecommunication networks; communication and radio communication networks by wire, cable, fibre optics, radio or satellite; servers of call centers, multiplexers, demultiplexers, electrical and electronic apparatus and instruments for controlling and administrating networks; receivers (telecommunications), electronic and radioelectric signal transmission apparatus; satellites for scientific use and satellites designed to receive and transmit radio electric signals; computer terminals, communication terminals, fixed or mobile computer terminals or communication terminals; apparatus for communicating, transmitting, receiving voice, image, data and multimedia data; network appliances, in especially gateways, and systems comprising thereof for Internet gateways; computer network apparatus and installations for computer interface access to Internet Protocol (IP) communication networks; appliances and equipment comprising thereof and apparatus for the transmission of messages, information, data, sound and images over the airwaves, via cable, via fibre optics, via telephone, via satellite, via terminals, via telecommunication networks and via computer networks; telecommunications and desktop automation terminals for military applications; telephony apparatus, mobile telephones, cordless telephones, radio paging apparatus and equipment, faxes, PDAs (personal digital assistants), mobile devices for Internet access, spare parts for the abovementioned goods to allow communications and to conduct secure transactions and online business; software programs in a format exploitable by computer provided on magnetic or optical media or in a downloadable format to be used with the aforementioned products, software programs for secure

communications and enabling one to authenticate, check, record and analyse business relationships and transactions via a system of controlled access rights and notifications, satellite telecommunications equipment and satellite telecommunications stations comprising thereof, especially in aircraft; software, software (recorded/stored programs) for communication and radio communication networks for transmission of data via wire, cable, via fibre optics, via radio or via satellite; software, software (recorded/stored programs) for the management, administration, architecture management, configuration and protection of local or remote networks for voice, image and data; apparatus and software (recorded/stored programs) for securing of access to computer networks and to Internet protocol (IP) networks; software (recorded/stored programs) for encryption and decryption; software (recorded/stored programs) for encoding and decoding; software (recorded/stored programs) for the architecture, administration and securing of access to computer networks and to Internet protocol (IP) networks; simulation, modelling, testing and experimentation software; servers for modelling simulation, testing and experimentation of civilian and military operations; software (recorded/stored programs) for computers for the development, optimisation and performance analysis of methods and algorithms as well as processors (central processing units) and software modules for the processing and/or generation of navigation signals and/or data pertaining to navigation or cartography; software designed to perform the functions of planning, acquisition, processing and dissemination of intelligence information and data exclusively in the areas of intelligence and geography, for the purpose of defence and safety, software for digital radio networks giving the user access to voice services and data such as group communications in relay mode, individual calls, short messages and localisation and transmission of data, all these products for digital radio networks; software (recorded/stored programs) for the provision of access to an electronic messaging service; transaction security software for intranet and Internet data terminals, operating stations and terminals for presenting information graphically and textually; secure information processing equipment; computer software; secure telecommunications appliances and equipment comprising thereof; electronic handheld devices for the wireless receipt and/or transmission of secure data, especially messages, and electrical and electronic apparatus and equipment allowing the user to save or manage personal information; software for the redirection of secure messages, Internet e-mail and/or other data to one or more electronic handheld devices from a database stored in or associated with a personal computer or a server; software for the synchronisation of secure data between a remote station or device and a fixed or remote station or device; electrical and electronic apparatus and instruments especially computers, processors (central processing units) of data and software (recorded/stored programs) for computers for the development, optimisation and performance analysis of methods and algorithms as well as processors (central processing units) and software modules for the processing and/or generation of navigation signals and/or data pertaining to navigation; electrical and/or electronic apparatus, electrical and/or electronic instruments and equipment for displaying reports, analyses and measurement results, in especially in the form of graphics, tables and charts resulting from the analysis of performance and the monitoring of performance of navigation signals and/or data; electrical or electronic apparatus and instruments used for examining and identifying space segments in two dimensions or in three dimensions; computer software (recorded/stored programs) used for examining

and identifying space segments in two dimensions or in three dimensions; apparatus for monitoring flight parameters, especially navigation and piloting software (recorded/stored programs) for helicopters, rotorcraft and drones, communication equipment and systems comprising thereof and communication antennas for aircraft; recording equipment and systems comprising thereof for apparatus for locomotion by land, air or water; autoflight control equipment and systems comprising thereof; test devices (real time systems) for conducting tests on electronic samples and parts, especially on data input, recording, process and display devices and apparatus, data bus, data transmission equipment and systems comprising thereof, analogue-digital and digital-analogue converters, program prototypes, simulators for the simulation of mechanical, electrical and electronic functional processes, linking and chaining modules, data analysers and changeover switches, selector switches and coordinator switches, interface equipment or programs, in especially analogue, digital and discrete data bus interface equipment or programs; control equipment for test equipment and browsable programs, recorded on data carriers for such control equipment; browsable test programs, recorded on data carriers; instruments and computer hardware and software for the simulation of electronic samples and mechanical, electrical and electronic function processes; electrical and electronic display equipment for preparing and conducting tests on electronic samples and for processing the test results; software, namely databank software for managing tests on electronic samples for checking the configuration of the test system and definition of the test system; computer hardware and software for establishing test documents; computer hardware and software for the connection of test installation via telecommunication supports and/or via Internet and/or via local networks; instruments and installations comprising them for testing vehicles and apparatus for locomotion by land, air and water; sensors and communication apparatus and equipment.

Class 12

Vehicles; apparatus for locomotion by land, air, water or rail; aircraft of all types; unmanned aerial vehicles; helicopters; rotorcraft and drones (projectiles); space vehicles; aeronautic apparatus, machine equipment and appliances; parts of all aforementioned products included in this class.

Class 36

Insurance; financial affairs; monetary affairs; financial operations; investment of capital; implementation and arranging of investment of funds; building management; financial services, especially buying-in and underwriting of all securities in especially of issuing of capital; financial and asset management services for all securities, partnership shares, bonds and other stock market valuations; financial stock market valuation services, share portfolio administration and management services for third parties.

Class 37

Construction; repair, especially of vehicles and apparatus of locomotion by land, air or water including unmanned aerial vehicles, aircraft, drones and drive motors; installation, repair, servicing and maintenance of electrical and electronic installations, equipment and apparatus, aeronautic equipment, and cryptographic equipment, instruments, apparatus and devices; dismantling services for these

products.

Class 38

Telecommunications, telecommunication services, electronic data transmission, transmission of data via computer server; radio communications services, computer-assisted transmission of messages and images; transmission and reception of data, signals and information processed by telematics, by computer or by telecommunication apparatus and instruments; electrical or electronic exchange of computerized data; wireless secure e-mail and data messaging services; electronic messaging services; electrical or electronic monitoring, transmission and reception of data, signals, images and information, transmission of encrypted messages and images; telecommunication services by satellite; communications via computer terminals; telephone communication services; communication via computer terminals, secure mobile telephone services; transmission services by satellite; data transmission services, data transfer services and services for the provision of access to data online, especially in the fields of satellite navigation and positional data, media for navigation and positional data; preparation and management of access to available data and information; computer-based transmission of positioning and navigation signals and data for simulation and experimentation; preparation, provision of telecommunication data and information on Internet; secured communication (transmission) of data and vocal data on behalf of third parties, provision of access to software platforms guaranteeing user authentication, data integrity, data confidentiality and file acceptance, document or electronic data via electronic networks, including the internet, and access to said documents or electronic data; provision of access to software platforms for services relating to the encryption and the signature of files, documents or electronic data on behalf of third parties, provision of access to software platforms for services relating to the secure transfer of files, documents, data or electronic payments via electronic networks, including telephone networks and the Internet; provision of access to programs in data networks.

Class 41

Education; training; entertainment; practical training, instruction (teaching) and demonstration (teaching demonstration) in the fields of defence, monitoring, communication and security, intelligence and geography; education; organisation and conducting training, practice workshops, seminars, internships (training); editing and publication of books, printed matter, CD-ROM, and film production, exclusively in the fields of intelligence and geography, for defence and security; publication of books and periodicals on line; publishing services, except printing; computer training on the operation, performance and security of information and position determining systems.

Class 42

Scientific, technological or technical studies, development and adaptation of telecommunication networks and radio communication networks; design, development and updating (for third parties) of software (recorded programs) for the management, administration, architecture management, configuration, and protection of local or remote networks for voice, image, data and multimedia data communication, tests, checks, analyses and/or signal monitoring; scientific, technological or technical development, optimisation,

performance monitoring and testing for methods, algorithms, processing and software modules for the computer-based signals processing; inspections, tests, analyses and/or monitoring of computer system algorithms for the generation of data pertaining to navigation or cartography; scientific, technological or technical development, optimisation, inspections (technical verification) and implementation of technical tests for performance of methods, algorithms, processing and software modules for the generation of data pertaining to navigation or cartography; monitoring of computer systems by remote access and technical inspection (testing) services; technical diagnostic testing services relating to signalling; scientific and technical development of algorithms and methods for the computer processing of signals; preparation and provision of scientific, technological, technical and engineering reports; scientific and technological services and research and design relating thereto, in especially scientific and technical development, engineering, technical investigation, technical consultancy, optimisation, and improvement; performance of industrial analyses and measurements; scientific and technological services and research and design relating thereto in the field of data processing, data analysis and data conversion; provision of programs in data networks creation (design, development) and updating of database programs; scientific, technical and technological study of user requirements and the evaluation of intelligence system architectures, scientific, technical and technological studies exclusively in the fields of intelligence and geography, for defence and security; scientific and technological services and research and design services relating thereto, in especially scientific and technical development, engineering, scientific and technical investigation, scientific and technical consultancy, optimisation and improvement, exclusively in the fields of intelligence and geography for defence and security; scientific, technical and technological data analysis and data conversion services, exclusively in the fields of intelligence and geography, for defence and security; engineering services applied to the design and troubleshooting of digital radio communication networks intended for security forces; design, development and updating (for third parties) of software (recorded/stored programs) for position determination, supervision and monitoring in specific geographical areas; design, development and updating (for third parties) of command and monitoring software (recorded/stored programs) for position determination, supervision and monitoring in specific geographical areas; scientific evaluation and estimation services provided by engineers for the generation and/or delivery of results, especially in the form of analysis reports, graphs, tables, charts; programming of computer software on behalf of third parties; programming and maintenance of software, including software platforms for secure end-to-end transactions, the management of customer relations and the processing of affairs and transactions; provision of data security services (firewalls) for protection of corporate communication via electronic networks, especially for protection against illegal network attacks; scientific, technical and technological consultancy, consultancy services, computer support services (programming and software installation, repair and maintenance services) concerning computer software in all aforementioned fields; provision of scientific, technical and technological advice in all aforementioned fields; tests (technical tests), inspections (technical verification), scientific, technical and technological analyses and/or monitoring of navigation signals; scientific, technical and technological development, optimisation, performance monitoring and testing for methods, algorithms,

processing and software modules for the computer processing of navigation signals; inspections (technical verifications), tests (technical tests), scientific, technical and technological analyses and/or monitoring of computer system algorithms for the generation of data pertaining to navigation; scientific, technical and technological development, optimisation, inspections and tests for performance of methods, algorithms, processing and software modules for the generation of data pertaining to navigation; engineering services in the field of performance monitoring and inspection; engineering services in the field of navigation signal verification; engineering services in the field of developing algorithms and methods for the computer processing of navigation signals; engineering services in the field of developing algorithms and methods for generating data pertaining to navigation; scientific evaluation and estimation for the generation of extrapolated data for navigation; evaluations, assessments and research in the fields of science and technology provided by engineers, in especially scientific, technical and technological development, engineering, scientific, technical and technological investigation, scientific, technical and technological consultancy, optimisation, calibration, alignment, testing, enhancement, in respect of antennas, satellite dishes, technical examination and identification of space segments in two dimensions or in three dimensions; scientific, technical and technological measurement testing; scientific, technical and technological examination (testing); digitization of data or documents [scanning]; sampling for electromagnetic fields for scientific, technical and technological analysis purposes; industrial analyses; scientific and technological evaluations, estimates and research in the technological fields of data processing, data analysis and data conversion provided by engineers; creation (design, development) of database programs; performance of technical tests, verification, analyses and/or monitoring of signals associated with vehicles and apparatus for locomotion by land, air and water, especially helicopters, rotorcraft and drones; scientific, technical and technological development, optimisation, performance monitoring and testing for methods, algorithms, processing and software modules for the computer processing of signals relating to vehicles and apparatus for locomotion by land, air and water, especially helicopters, rotorcraft and drones; inspections (technical verification), technical tests, technical analyses and/or monitoring of computer system algorithms for the generation of data; engineering services in the field of performance monitoring and inspection relative to vehicles and apparatus for locomotion by land, air or water, especially helicopters, rotorcraft and drones; engineering services in the field of signal checking and verification; engineering services in the field of developing algorithms and methods for the computer processing of signals; scientific evaluation and estimation for the generation and delivery of results especially in the form of analysis reports, graphs, tables and charts; scientific and technological services, and associated research and design, provided by engineers, in the field of data processing, data analysis and data conversion; scientific, technical and technological studies, development and adaptation of telecommunication networks and radio communication networks relating to vehicles and apparatus for locomotion by land, air or water, especially helicopters, rotorcraft and drones; design, development and updating (for third parties) of software (recorded/stored programs) for the management, administration, architecture, configuration, and protection of local or remote networks for voice, image, data and multimedia data communication networks associated with vehicles and apparatus for locomotion by

land, air or water, especially helicopters, rotorcraft and drones; design, development and updating (for third parties) of software (recorded/stored programs) for the design, development, management and securement of access to computer networks and to Internet protocol (IP) networks, programming and maintenance of computer software for military and aeronautic applications; installation of computer software products for military or aeronautical applications; development of new computer software products for military or aeronautical applications.
