REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at http://www.ipos.gov.sg and download the eTrademarks Account Holder Registration Form.

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "Maintenance of Authorised Representatives" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the GIRO Application Form and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Class 01
Silicones, silicone polymers, silicone amines and silicone emulsions for use in the manufacture of pharmaceutical preparations, drug delivery agents, medical devices, cosmetics, skin care products, personal care products, healthcare products, electronic products, optoelectronic products, aerospace products, defense products, plastics, rubbers, coatings, fillers, adhesives, lubricants and sealants; chemicals in tamper-evident packaging for use in laboratories, industry, science and research; chemical substances for preserving foodstuffs; scientific and test laboratory chemicals, namely, precision volumetric solutions for reagent sample testing, reference standard solutions of metals for testing, general reagent chemicals to treat or process test samples, chemicals for processing pathological tissue samples; desiccants; laboratory chemicals, namely, an antibody reagent used for the detection of antigens in cell and tissue analysis for in vitro diagnostic use; chemical solutions for stripping film and removing residue from silicon wafers; chromatography chemicals; chemicals for use in biotechnological manufacturing processes.

Class 09
Scientific and electronic apparatus and instruments (included in this class); scientific and test laboratory apparatus and supplies, namely, laboratory timers, baths, temperature regulated circulators, electrode arms, test laboratory heat blocks and hot plates, jacks, mixers, ovens, ph meters, stirrers, glass components and laboratory glassware, laboratory plasticware, microscope slides, laboratory apparatus, thermometers; syringes for laboratory use; protective goggles and masks; disposable plastic gloves for laboratory use; disposable latex gloves for laboratory use; pipette jars; safety aprons for laboratory use; laboratory centrifuges; scientific tools, equipment and apparatus, namely, waste bags for disposal of hazardous laboratory waste; beakers; insulated bottles [flasks] for laboratory use; centrifuge tubes; centrifuge holders and racks; clamps for use with laboratory glassware and laboratory equipment; laboratory glassware, namely, burettes; holders for laboratory glassware, namely, burette and funnel holders; chromatography column holders and support stands; brushes for laboratory use; colorimeters, namely, light sensitive devices for measuring colors; graduated cylinders; graduated glassware; desiccator cabinets and cases; flasks; flask holders; flask rings; fume hoods; laboratory funnels; filters for laboratory use; sterile glassware; sterile and non-sterile sample handlers, namely laboratory scoops, spoons, tongs, spatulas, ladles, scrapers and knives; glove boxes, namely, isolating units for laboratory use; safety jars made of polypropylene and polyethylene for laboratory use; pipettors; pipette pumps; laboratory consumables, namely, pipette tips; racks for supporting and drying laboratory glassware; siphons for laboratory use; vacuum and hand pumps for laboratory use; stirring bars and bar retrievers; shakers and shaking platforms for laboratory use; plastic and glass stoppers for laboratory glassware; non-metal laboratory trays and containers, namely, storage bins, spill containment trays and sample collection trays; tubing for use with laboratory equipment; fittings, namely tubing connectors for use with laboratory equipment; baskets,

namely polypropylene and epoxy-coated baskets for dipping, straining, transport and storage of laboratory glassware; lab jacks, namely, adjustable stands for supporting laboratory equipment at variable heights; evaporating dishes; microscopes; microscope covers; microscope slide trays; microscope slide boxes; microscope slide cover; splash shields; sterile eye wash stations; safety aprons; safety gloves; waste and spill containers for laboratory use; laboratory wash bottles for dispensing solvents; laboratory furniture; laboratory instrument, namely, light boxes for the analysis of electrophoresis gels, slides, petri dishes and transparencies; laboratory equipment and supplies, namely, calipers; precision balances; control valves for regulating the flow of gases and liquids; barometers; laboratory equipment, namely, electric bath heaters; constant temperature incubators for laboratory use; distillation apparatus for scientific purposes; petri dishes; cell culture apparatus for laboratory use, namely, cell culture dishes, tissue culture flasks and cell counters; electrophoresis apparatus not for medical purposes; face protection shields; technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; flow meters; laboratory freezers for cryogenic preservation; respirators other than for artificial respiration; laboratory equipment, namely, ductless fume enclosures and biological safety cabinets; ovens for laboratory use; hydrometers; hygrometers; refractometers; electrodes; magnetic stirrers and agitators for laboratory use; temperature controllers for laboratory equipment; magnetic and non-magnetic beads made from metal, glass, ceramic or plastic for scientific laboratory use; Installations for the calibrated handling of fluid materials, namely, single-use bag systems used for disposable bioprocessing applications and parts and fittings therefor, for laboratory use; laboratory equipment, namely, single-use systems primarily comprised of a combination of tubing, hoses, molded components, closures, seals, and/or stoppers; laboratory equipment, namely, sterile single-use sample tubes, sample bags, pillow bags for fluid recovery, and tank liners; laboratory equipment, namely, single-use bottles, flasks, end caps, connectors and assemblies therefor; disposable single use laboratory articles, namely, plates, columns, cuvettes, pipette tips, test tubes, storage tubes, sample storage vessels, bottles and containers; laboratory equipment, namely, bottle manifolds; laboratory equipment for processing biopharmaceuticals, namely, a tangential flow filtration system comprising a pump and tangential flow filter; bioreactors for laboratory use; pipettes for laboratory use; pipette racks for laboratory use.

Class 11

Desiccating units for lab use; Bunsen burners for lab use; Hot water heaters; Refrigerators for laboratory use; Freezers for laboratory use; Cooling evaporators; Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; laboratory burners; laboratory lamps; electric cold storage boxes, namely, coolers for storing and transporting laboratory samples.

Class 35

The bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods, all in the field of clean room, laboratory and science products, including scientific supplies, chemicals, reagents, scientific appliances, scientific apparatus and laboratory equipment; procurement of third-party selling agreements for laboratory products for others; business management consultation and services in the field of clean room, laboratory and science products and equipment, namely, managing and administering non-core functions namely, mailing and shipping, inventory records management and administrative processing of purchase orders; physical asset management services for others in the nature of inventory management in the field of

clean room, laboratory and science products and equipment, including chemicals and reagents; inventory management, namely, replenishing and resetting inventory; performing inventory control and accounting services; business management services, namely, management of scientific, clinical and pharmaceutical laboratory services for others; outsourcing services; online retail store services featuring apparatus, equipment, instruments and supplies.

Class 40
Contract manufacturing of silicone products in the fields of pharmaceuticals, drug delivery agents, medical devices, cosmetics, skin care products, personal care products, healthcare products, electronic products, optoelectronic products, commercial products, industrial products, aerospace products, defense products, plastics, rubbers, coatings, fillers, adhesives, lubricants and sealants.

Class 42
Scientific research; scientific design, engineering, research, development and testing services in the field of silicones, silicone polymers, silicone amines and silicone emulsions; technological support services for products manufactured by others in the field of clean room, laboratory and science products, including chemicals and reagents, namely, providing expert answers to product technical questions via telephone or email; scientific and technological services, namely, research and design in the field of clean room, laboratory and science products; technical consulting in the laboratory field, namely, chemical, medical, pharmaceutical, scientific, biotechnology and life sciences contract research services, namely, medical, pharmaceutical, and scientific research and laboratory support for others therefor; calibration services, namely, calibration of laboratory apparatus, instruments and equipment for others; scientific laboratory services; design and development of computer software for managing scientific, clinical and pharmaceutical laboratory inventory, assets and services for others; operating and maintaining a biorepository containing electronic data and information for medical and scientific research purposes; rental of laboratory apparatus and instruments.

based materials, or plastics or other non-metal materials especially for building; high-pressure laminates and laminates grouted directly or continuously, not of metal; panels, not of metal, especially laminate panels, especially consisting of biomaterial, such as wood or wood-based materials, or plastics or other non-metal materials, for building; wood, also manufactured timber, compressible wood, wood, semi-worked; timber boarding; wooden beams; timber planking; wood sheeting; wooden doors; wood strips; planks of wood; wood veneers; terrace boards; floor slabs, not of metal; mouldings for building; wood; planks of wood for building; sawn timber; plywood; glue-laminated wood, especially with a lacquered surface; the above-mentioned goods for building; doors, especially sliding doors, not of metal, especially consisting of biomaterial such as wood or wood-based materials, or plastics; shuttering (non-metallic), especially concrete casings, for building; borders, not of metal, especially for building; radiator covers, not of metal, especially consisting of biomaterial, such as wood or wood-based materials, or plastics; flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building and especially consisting of biomaterial including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses or plastics including, but not limited to, bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers as well as the above-mentioned goods having a decorative and/or abrasion-resistant surface and/or having soundproofing properties and/or being water-repellent or waterproof and/or being fire-resistant, fire-proof, or refractory; non-metallic transportable buildings; flooring, especially consisting of biomaterial including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; laminate panels [flooring]; high-pressure laminates and laminates grouted directly or continuously as flooring.

Class 20

Furniture, including goods for furniture decorating and interior decorating, namely coated, lacquered, and printed chipboards, Medium Density Fibreboard (MDF) boards, Low Density Fibreboard (LDF) boards, High Density Fibreboard (HDF) boards and Compact Density Fibreboard (CDF) boards as furniture parts, shelves [furniture parts], countertops [furniture parts]; boards and moulded bodies being parts of furniture, the above-mentioned goods also with a melamine surface; furniture consisting of biomaterial including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; work counters [furniture]; wooden shelving [furniture]; edge beadings, corner protectors, edgings, edge borders, decorative edging strips [furniture parts] consisting of biomaterial including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including,

but not limited to, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; extruded plastics edge beadings for furniture; corner protectors of plastics; edgings of plastic for furniture; plastic edging materials for shelving; decorative edging strips of wood for use with furniture; decorative edging strips of plastic for use with fitted furniture; crates and pallets, non-metallic; furniture panels, also furniture panels consisting of biomaterial including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; containers, not of metal, for storage and transport.

Class 27
Floor coverings; wall and ceiling coverings for indoor and outdoor applications, to the extent included in this class; floor coverings and artificial ground coverings; floor coverings of plastic, especially vinyl floor coverings; floor coverings made of wood-plastic composite materials or wood-based material-plastic composite materials; floor coverings made of plastic, especially polyvinyl chloride; wall hangings [non-textile]; wall paper of vinyl; wall coverings, also vinyl wall coverings; carpet tiles for covering floors consisting of biomaterial including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; carpets; door mats; mats; linoleum.

Class 35
Product sampling for the purpose of presentation and sale to third parties; retail and wholesale services in relation to building materials, floor coverings, wall coverings, ceiling coverings, and facade and terrace cladding, furniture and goods for interior and exterior decorating.

Class 01
Chemicals for use in industry and science; synthetic resins; unprocessed artificial resins; chemical compounds, compositions, mixtures and preparations for industry and science purposes; epoxy resins; chemical additives being grinding aids for cement and concrete; chemical additives being strength enhancers for cement and concrete; additives for use in mixing concrete and cement; additives for use in binding concrete and cement; additives to accelerate the setting of concrete and cement; admixtures for cement, mortar, grout, plaster, aggregates and concrete; plasticisers; polymers; chemicals and polymers for use in the preparation of cementitious compositions; chemical bonding agents; compounds, chemicals, additives and agents to aid water retention in concrete, cement and constructional material; superplasiticising admixtures; adhesives for use in industry; chemical coating compositions for use in the building, construction and civil engineering industries; chemical coatings for weatherproofing and waterproofing; chemical coatings for concrete, steel and other substrates; polymer coatings; chemical products for use in the building and construction industry as surface coatings; polymer modified waterproofing membrane systems for concrete and masonry surfaces supplied in ready to mix kits; polymer solutions; polymer powders; polymers for use in the manufacture of floor finishes, floor sealers and surface coatings; acrylic polymer modified protective and decorative coating for concrete and masonry, not being paint; raw materials for use in powder coating processes, namely, acrylic and cementitious powders for coatings; protective and decorative chemical coating for concrete and masonry; waterproofing and weatherproofing membranes in liquid chemical form for use in water/vapour proofing applications including construction, foundations, basements, tunnels, ground floors, suspended floors, car decks, roof terraces, balconies, patios, bridges, retail units, inspection pits, water retaining structures, sewage works and inverted roofs; waterproofing chemical compositions; adhesives for waterproofing; protective coatings (chemicals); chemicals, being damp proofing preparations.

Class 02
Paints, varnishes and lacquers; natural resins; raw resin; mordants; colorants; dyestuffs; metal in foil and powder form for use in painting, decorating, printing and art; surface coatings in the nature of paints, varnishes and lacquers; preservatives against rust and against the deterioration of wood and concrete; paints, varnishes and lacquers for use in the treatment of concrete, masonry and other substrates; anti-corrosive preparations; emulsions [paints]; coatings in the nature of paints being solutions and compositions for damp proofing, waterproofing, protecting, sealing, decorating and coating concrete structures, cementitious substrates and masonry; protective and decorative coatings (paint); primers; acrylic paints; anti-corrosive preparations; epoxy coatings; waterproof coatings (paints); protective coating compositions [paints]; protective surface

coatings [paints]; sealants (paints); cement preservatives (paints); protective preparations for metals.

Class 06
Metal building materials; portable and prefabricated metal buildings; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; prefabricated construction elements of metal; metal platforms; metal structures used for stabilizing the earth by means of mechanical effect; metal structures for earth retention; retaining walls of metal; reinforcing materials of metal for building and civil engineering structures; building panels of metal; metallic panels for forming a cover for mechanically-stabilized land structures; metal panels for forming a cover for earth stabilization structures by means of mechanical effect; pilings of metal; metallic casing for piling; rock and soil anchors and nails; post-tension cable systems of metal to reinforce concrete foundations and structural spans; steel; metallic pipes; metal cladding for diaphragm walls; metal cladding for subterraneal walling; ground anchorages; silos; metal gutters; ceiling tiles and ceiling systems of metal; metal storage containers for the transportation and storage of goods and canopies; tanks of metal; floating platforms of metal; marine platforms of metal; parts and fittings for the aforesaid goods.

Class 07
Machines for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; ground improvement machines and equipment; machines and appliances for use in the improvement of the engineering properties of the ground; lifting platforms; drilling rigs; excavators; machines for use in digging trenches or building walls; machines for injecting product into the ground; machines and appliances for use in the construction of piles; pile drivers and compacting machines; depth vibrators; machines for mixing grout; tunnel grouting machines; machines and appliances for use in mixing and pumping of bentonite and polymers used as lubricants for microtunnel and pipejack construction; pumps; water pumps, air pumps and grout pumps; machines and appliances for use in the grouting, construction of slurry and diaphragm walls; machines and appliances for use in the formation of ground anchorages; machines and equipment for the compaction and stabilisation of soil; vibro-compaction machines and equipment; vibrators for industrial use; machines and equipment for soil mixing and injection; drilling rods; drilling accessories; rotary percussive machines and equipment; drilling rigs, floating or non floating; grout pumps; high pressure ram and piston pumps; agitation tanks as parts of machines; floating plant including floating cranes, piling rigs and barges; cranes; pumping equipment; parts and fittings for the aforesaid goods.

Class 09
Scientific, monitoring, measuring, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving, teaching apparatus and instruments; geotechnical and structural monitoring and measuring apparatus and instrumentation; sensors; geodetic measurement systems; equipment for measuring tensile stress applied by a prestressed bar; measurement equipment for measuring the strain of prestressed or reinforced concrete, and for measuring the strain of steel wires, cables and strands or the like in motion or not; vibration, noise and dust monitoring systems; monitoring systems for retaining walls, large slab movements, sewer deformation and tunnel deformation and track twist and cant calculations; drilling inclination monitoring systems; electronic measurement instruments,

namely autonomous driller-operated drill rig alignment systems; apparatus and instruments for structural health monitoring using fiber optic sensing; computer software for monitoring purposes, including to provide visual overview of construction sites; application programming interface and accompanying software that enables the monitoring, processing, displaying, storing and transmitting of data and information; electronic measurement instruments and computer hardware capable of displaying the surface settlement in real time, as well as displaying grouting instructions for using purpose-built grouting pump containers, incorporating grout control monitors, borehole position, grouting phases, initial grout pressure, final grout pressure, grout volume per step and cumulated in real time; mounts for cameras; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; calculating machines, data processing apparatus, computers; computer software; computer software system for testing, monitoring and testing electronically recorded data; electronic apparatus for the display of data; monitoring and testing apparatus; downloadable electronically recorded data; electronic apparatus for recording data; data recording apparatus; telecommunications apparatus and instruments; fire-extinguishing apparatus; safety clothing, headwear, footwear and eyewear for protection against accident or injury; parts and fittings for the aforesaid goods.

Class 12
Vehicles; apparatus for locomotion by land, air or water; vehicles for transporting goods; vehicles for handling and/or carrying freight, cargo, waste and industrial products and materials; barges; watercraft; tugboats; passenger boats; trolleys; vehicle safety restraint apparatus and equipment; parts and fittings for the aforesaid goods.

Class 17
Joint sealants for use in concrete roads, runways, pavements and hard standings; sealants; seals; sealant compounds; fillers for expansion joints; expansion fillers for joints; sealants for joints; caulking compounds; general purpose silicon rubber sealant; insulating paints, varnishes and lacquers; synthetic resins; packing, stopping and insulating materials; insulating tapes; tapes for bridging, strengthening or masking; waterproofing membranes; weatherproofing membranes; joint sealants for use in building and civil engineering structures, including superstructures, reservoirs, floors, basements and subways; waterproofing articles namely waterstops, PVC waterstops, hydrophilic waterstops and flexible waterstops; waterproofing film; waterproofing and moisture proofing articles and materials; waterproofing barriers; rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; adhesive sealants for general use.

Class 19
Non-metallic building and construction materials; non-metallic rigid pipes for building; non-metallic pipes; asphalt, pitch and bitumen; non-metallic transportable buildings, portable and prefabricated non-metal buildings; prefabricated construction elements not made of metal; non-metallic materials used for building civil engineering structures; non-metallic structures for stabilizing the earth by means of mechanical effect; non-metallic structures for earth retention; retaining walls not of metal; non-metallic frameworks for building civil engineering structures; non-metallic panels for forming a cover for mechanically-stabilized land structures; non-metallic panels for forming a cover for earth stabilization structures by means of mechanical effect; concrete panels for building; blocks of

concrete; blocks, panels, chambers, tanks and silos, all wholly not of metal, used for building civil engineering structures; products for injection into the ground, being concrete grout; building materials, namely cast-in-situ concrete drive piles, drainage piles, foundation piles, pilings; non-metallic casing for piling; non-metallic building goods, being press tube piles, tube piles, shell piles, press piles, compact piles, anchor piles, the aforesaid goods not of metal; water proofing products and reinforcement products, being grout, mortar and cementitious waterproofing coatings, all for injection into the ground; grout; mortar; concrete; post-tension concrete; reinforced concrete; cement; plaster; aggregates; cementitious mixtures; non-metallic road making materials; road marking materials; damp course materials; floorings; levelling preparations (cement or mortar based) for levelling uneven floor surfaces; timber for building; screeds and toppings (cement or mortar based) for floors; screeds; cementitious anchoring grouts; building materials for the repair and protection of concrete; cement for repair work; coatings (building materials); polymer concrete; grouting compositions; grouting compounds; grouting materials; cementitious products for use in coating, patching and repairing surfaces; cementitious restorative coatings; cementitious protective coatings; ready mix mortars; bonding mortar; adhesive mortar; epoxy resin injection grout; bituminous products for building; rendering compositions for use in building; prefabricated building materials being cylindrical columns of re-enforced concrete, cement, aggregates, gravel, stone and bentonite made of wholly or principally of non-metallic materials; non-metallic building materials to construct slurry walls, diaphragm and subterranean walling; geomembrane liners; biodegradable power mud, lime, non-metal ground anchorages for use in the construction of non-metal railroad ties; non-metal gutters; canopies made of concrete, brick, plastic or synthetic material; mastics; parts and fittings for the aforesaid goods.

Class 35

Business management in the field of civil engineering management; business management of construction projects; business management services; business management consultancy services; business assistance; assistance to business; personnel management; outsourcing services; recruitment of computer staff; procurement services; supplies management services; business administration, clerical, reception and office function services; advertising and marketing services; public relation services; data collection; commercial and business data analysis; purchase order processing services; stock management services; contract negotiation and business management; transaction processing services, being office functions; accounting services; business and financial audits relating to property and property management; business management services relating to supply chain; business management in the field of transport and delivery; business management in the field of transport namely rail management; business management services in the field of transport logistics management; fleet management services, namely billing and administrative consulting in connection with the administrative management of fleets; business management of a vehicle fleet; business management in the field of highway network transportation; business management in the field of transport relating to pedestrian highways; business management in the field of transport in relation to highway logistics; business management in the field of transport relating to road furniture; business management in the field of transport relating to transport networks; business management in the field of transport relating to operating transportation networks; business management provided in relation to facilities management services, the management of energy and utilities, health and safety, receptions, switchboards, building maintenance, security, cleaning, vending, landscaping, waste, pest control, mail systems and portering; business management in the field of built environments;

business management services relating to the maintenance and provision of rough terrain and mechanical handling equipment; business management services for the collection, treatment and recycling of waste; business project management services; individual (manual) processing of data; electronic processing of data using computer software; preparing business feasibility studies and reports in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services; business negotiation provided in relation to construction contracts and business management services for construction projects; design of advertisements and advertising material for others.

Class 37

Construction services relating to civil engineering, namely for building, public works, and geotechnical projects; construction, installation and renovation services namely piling, ground improvement, ground reinforcement, cement strengthening, grout reinforcement, maintenance and repair of foundations; construction services namely stabilization, underpinning and strengthening of soil, earth and ground by cement and grout injection, by compaction and by insertion of reinforcing materials and piling; construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, in particular, by the injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; underground construction services, namely sealing of porous ground strata; tunnelling and ground drilling; tunneling and ground drilling for transportation systems, bridges, roadways, railroads, water, sewage and drains, electricity, gas, telecommunications, baggage handling tunnels, deep water drilling, ground stabilization and settlement control; repair, restoration, maintenance and underpinning of buildings, walls, bridges, tunnels, mines, airport runways, embankments, dams, docks, quays, jetties, piers, groynes and of moles; construction services namely for prevention, diminution and correction of building subsidence and settlement; and construction and repair of houses, buildings, transportation systems, bridges, roadways, railroads, and dams, levies, seawalls, and tunnels; excavations, drilling of pilot holes, wells, trenches, enclosures, or tunnels; construction services for prevention, diminution and correction of building subsidence and settlement; installation of piling and retention systems; installation of pre-formed piles or piles cast in situ; digging trenches; construction for engineering purposes, namely ground improvement services for construction services and soil mixing services; construction services for underpinning; constructing foundations for, and the maintenance of, wharves, jetties and other marine structures; ground vibro-compaction services; installation of vibro concrete columns; ground compaction services; ground stabilisation services; installation of rock and soil anchors, nails and minipiles; provision of specialty grouting services, compaction grouting, jet grouting and fracture (compensation) grouting in the ground in new construction projects, repair and maintenance work, excavation support, and settlement control; ground modification for construction purposes; underground civil engineering construction services relating to pile foundation, pile drilling and excavation and soil improving work; construction information; building supervision; building construction monitoring; underwater construction; provision of geo-environmental services for construction purposes; installation of pipeline anchor systems and accessories; soil blasting and rock blasting; services namely building, repairing, maintaining and demolishing buildings and civil engineering structures; demolition; construction, maintenance and repair services for roads, tracks, runways, bridges, bridge abutments, stabilized land structures, earth stabilization structures by means of mechanical effect, earth stabilization devices, earthworks, retaining walls, dikes, tunnels, gutters, chambers, retention basins, reservoirs, silos and

historical monuments, waste processing facilities; earthmoving; land clearing; dredging; repair and maintenance of aboveground storage tanks; excavation services for earth pollution removal; installation of utility and drainage systems; supervising in the field of construction; installing, maintenance and repairing of geotechnical structures, monitoring apparatus and instruments; rental of construction equipment; construction, repair, maintenance and installation of infrastructures; engineering construction; civil engineering construction; electric appliance installation and repair; construction services, namely, building, public works and civil engineering contractor services; repair, installation and maintenance of computers and computer network systems; repair, maintenance and installation of telecommunications systems; maintenance of plant and rough terrain mechanical handling equipment; installation of communication hardware networks and systems, fire and safety systems, and security systems; industrial equipment plant hire; provision of information in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services.

Class 38

Communication and telecommunication services; communications by computer and between computers; providing access to web sites on the Internet; electronic sending of data, messages and information and documentation via the Internet or other databases; providing access to computer, electronic and online databases; providing online communications links which transfer web site users to other local and global web pages; facilitating access to third party web sites via a universal login; providing online chat rooms and electronic bulletin boards; providing access to computer databases in the fields of business interaction; audio, text and video broadcasting services over computer or other communication networks namely, uploading and electronically transmitting data, information, audio and video images; providing access to an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple websites; providing online forums for communication on topics of general interest; providing online forums for the buying and selling of products and materials and exchanging of sourcing data via a computerized network; delivery of data and news by electronic transmission; providing access to websites and electronic news services online allowing the download of information and data; transmitting audio, video, multimedia, and advertising content to computers, mobile telephones, media players, and other mobile digital devices; providing temporary internet access to use on-line non-downloadable software to enable users to program audio, video, text and other multimedia content; providing wireless telecommunications via electronic communications networks; wireless digital messaging, paging services, and electronic mail services, including services that enable a user to send and/or receive messages through a wireless data network; provision of connectivity services and access to electronic communications networks, for transmission or reception of audio, video or multimedia content; provision of telecommunications connections to electronic communication networks, for transmission or reception of audio, video or multimedia content; providing access to digital music web sites on the Internet; provision of access time to web-sites featuring multimedia materials; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; providing users with access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; providing access to electronic media or information via computer and communication networks; providing access to a photo and/or video sharing portal; provision of information in relation to the aforesaid services; rental of

telecommunications equipment, telecommunications facilities, telephone lines, broadcasting equipment, wireless communication systems; rental of signal transmission apparatus; consultancy, advisory and information services relating to all the aforesaid services.

Class 39

Provision of transport services; transport logistics services; services for the collection and transport of waste; skip hire services; bin hire services; receipt and distribution of supplies services, being transportation services; warehousing, packing and packaging services; computerised freight tracking services (transport information); logistics services, namely transportation consultancy and advisory services in supply chain management; transportation services in relation to vehicle fleet; distribution services [transport]; travel arrangement services; provision of travel information; logistics services being the organisation and management of the transportation of goods; leasing or renting of watercraft, including barges (both motorised and non-motorised); hiring tugboats or passenger boats; leasing or renting of watercraft, barges and land-bound vehicles to third parties; removal of waste and hazardous materials (transportation); provision of information in relation to the aforesaid; consultancy, advisory and information services relating to the aforesaid services.

Class 40

Custom manufacture of machines, plant and appliances for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; custom manufacture of stone and concrete components and structures; production of energy, energy generation; custom manufacture of scientific, monitoring, measuring, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving, teaching apparatus and instruments; custom manufacture of geotechnical and structural apparatus and instrumentation; custom manufacture of sensors and sensor apparatus and instruments; custom manufacture of geodetic measurement systems; waste management services (recycling); waste and water treatment services; recycling services; recycling, destruction or incineration of waste; composting services; energy transforming services; landfill services namely processing and recycling of waste; provision of information in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services.

Class 41

Training and education in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; organisation of training and education in the fields of building, construction, public and civil engineering work, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; organisation of sporting and recreational events and management of sporting facilities services; safety training; arranging and conducting conferences, congresses, seminars, symposiums, and workshops; organization of conferences and workshops for commercial or advertising purposes; production of programmes for video tapes, CDs, CD-ROMs relating to education, namely information about training and instruction; providing on-line electronic publications (not downloadable); publication of electronic books, magazines, newspapers, journals, periodicals, and other publications on-line; publication of printed matter, books, texts, journals, magazines, periodicals and other publications; film and video production and editing; publication

of electronic journals and web logs, featuring user generated or specified content; provision of electronic publications (not downloadable); providing information related to educational news, education and training matters from searchable indexes and databases of information, including text, electronic documents, databases, graphics and audio visual information, on computer and communication networks; dissemination of educational and instructional material; provision of information in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services.

Class 42
Consultant engineer services; engineering, ground engineering, engineering design, engineering research, surveying, planning and monitoring services in the fields of building, construction, public and civil engineering work, ground improvement and geotechnical work; geotechnical services, being soil testing; engineering project management services; engineering consultancy in the field of piling and civil construction services in the infrastructure and mining sectors; engineering consultancy in the field of construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; technical survey and inspection services; land surveying services for inspecting worksites for unexploded ordnance or unexploded bombs; engineering services in relation to blasting and explosives for construction; consulting services in civil engineering and industrial engineering in the fields of stabilizing and sanitation of the ground; consulting in civil engineering and industrial engineering in the fields of sealing and protection against fire and rust; architecture and architectural consultancy services; advisory, consultancy or analytical services relating to material evaluation and testing; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; analysis of technical data, being pre-design data evaluation for engineers; analysis of technical data and related advice services, being in relation to drilling bore holes for soil investigations and providing soil data for consulting engineers; civil engineering design services; conducting of engineering feasibility studies; research and consultancy services, all relating to science, technology and engineering; design, research and consultancy services, all relating to science, technology and engineering; design of piling and retention systems; design of pre-formed piles or piles cast in situ; design of rock and soil anchors, nails and minipiles; design of prestressed, post-tensioned concrete material; design of pipeline anchor systems and accessories; design of engineered helical (or "screw") piles and pipeline anchor systems to control pipeline buoyancy and prevent floating of pipelines in extremely wet areas; design of piling solutions and ground improvement solutions and foundation systems; design of post-tension cable systems to the construction industry; structures design services; monitoring and inspection services in the fields of building, construction planning, public and civil engineering work and geotechnical work; inspection services for large tanks in the petroleum and petrochemical industries to ensure compliance with applicable codes and standards; conducting technical tests and checks and technical measurements; preparation of technical surveys, especially geological surveys, as well as of scientific surveys; construction drafting; subsoil testing, in particular pressure sounding; quality and safety structural health inspection using fiber optic sensing; providing temporary use of non-downloadable web based monitoring software to provide a full site overview; engineering services, namely, building information modelling services to support digitisation of ground engineering; IT security services provided in relation

to websites; computer support services, namely technical support in the form of troubleshooting of computer hardware and software; computer programming; software development and design services; repair, installation and maintenance of computer software; website design, maintenance and hosting; technical support services, namely, troubleshooting computer hardware, computer peripheral, computer software and consumer electronic devices; computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; computer services namely, programming of customized web pages featuring user-defined or specified information, personal profiles, audio, video, photographic images, text, graphics and data; computer technology consultancy services, namely, multimedia and audio-visual software consulting services; graphic design for the compilation of web pages on the Internet; information relating to computer hardware or software provided on-line from a global computer network or the Internet; providing search engines for obtaining data via communications networks; application service provider (ASP) services featuring software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, and electronic publications; providing search engines for obtaining data on a global computer network; providing search engines for the internet; computer consulting and support services for scanning information into computer discs; provision of search engine services for the fields of computer hardware, computer software, consumer electronics, telecommunications and multimedia goods; technical consultancy services, namely, providing information in the fields of technology via databases; digital imaging services, namely, the digitalization of images [scanning]; computerised data storage in computer databases; consultation in relation to energy efficiency; consultation in relation to energy sustainability; technical data analysis; analysis of technical data relating to trends; data security consultancy relating to individual data issues; surveying for landscaping design; land surveying; material testing; mechanical engineering and electrical engineering; software maintenance and development in the field of construction and construction-related processes; back office operations, namely IT support services, for the construction industry; computer consultancy services for the construction industry; technical research and analysis services and provision of expert engineering, technical, research, surveying and technical inspection reports in the field of building, construction, public and civil engineering work, ground improvement and geotechnical work; preparing technical studies and reports in relation to the aforesaid services; consultancy, advisory and information services relating to all the aforesaid services; environmental engineering; mechanical and electrical engineering.

Class 45
Security services; security services for the protection of property and individuals; night guards; security for construction sites; legal services; legal advisory services and advisory services relating to regulatory affairs; legal assistance; consulting in the field of workplace safety; consultancy, advisory and information services relating to all the aforesaid services.

Class 07

Anti-friction bearings for machines; anti-friction pads for machines; machines and machine tools for the cutting and forming of materials; conveyers; conveyer belts; power operated metal machine tools, namely, wire drawing tools, pressing tools, grinding tools, threading tools, sharpening tools, chiseling tools, shearing tools, punching tools, piercing tools, broaching tools, reaming tools, drilling tools, milling tools, cutting and turning tools; inserts for power-operated chiseling tools, shearing tools, punching tools, piercing tools, broaching tools, reaming tools, cutting and turning tools; machine tool holders; machines parts, namely, blades and blade holders, wear plates and strips, bearings, as parts of machines; rock bolting rigs; cargo handling machines; cranes; casting machines; double belt presses; machine parts, namely, mandrels; mechanical diggers; mechanical disintegrators; earth moving machines, namely, excavators, loaders, scrapers; loading and unloading machines; mechanical and hydraulic lifts hoists; forging machines; foundation work machines; granulating machines for chemical processes; hauling apparatus, used in the mining industry; lathes; lathe tools for metalworking; earthmoving, construction, oil and gas extraction and mining machines; mine working machines; fuel pumps for land vehicles; pneumatic transporters; pneumatic controls for machines, motors and engines; hydraulic and pneumatic hammers; pulleys being parts of machines; rolls for rolling mills; rolling mills; sifting machines; power-operated sprayers; sieves being machines; sieves being machine parts; gravel and dirt sorting and screening machines; mechanical spreaders; mechanical separators; motors and engines except for land vehicles; machine couplings and transmission components except for land vehicles; automatic vending machines; automated dispensing machines for tools and metal cutting tools; grinding machines for metal cutting; power-operated grinding wheels; grinding tools for grinding machines; earth moving machines, namely graders, grading tools; mine carbide tip tools, truck boards drilling pipes, hammer lifting bails, foot valve rods, drill tubes, shank adapters, drill bits, hand held rock drilling tools, integral drill steels, tapered and threaded rods, guide and drill tubes, drilling and bolting tools, shank adaptors, raise boring tools, reaming heads, continuous miner cutting tools, drilling accessories for the installation of strata support products, casing accessories and completion tools, reamers and reaming apparatus, drills, drill rigs and drilling equipment and apparatus, hydraulic rock drills, mining and tunneling jumbos, screw boosters, raise boring machines and reaming heads, bolters, excavators, hydraulic rotation heads, cone splitters, blast hole splitters, miners, bolter miners, borer miners, road headers, drill rods, extension rods, spanners for installing rock bolts and drill chuck extension spanners, pullers and extractors, pliers, mineral ground tools, blocks and sleeves, crushers and crushing apparatus, crushing chambers, mantels and jaw plates, crusher wear parts, screens [parts of machines], scalpers, breakers, chisel and compacting tools, filters and filtration cartridges, hydraulic cylinders, blocks and valves, hydraulic pumps, drive shafts, radiators [cooling] for motors and engines, oil coolers, axles, hydraulic hoses, pipes, fittings and adapters, air compressors, hydraulic oil filtering units, exhaust systems, pressure accumulators, liners for crushing and screening equipment, wear plates, impact bars, ground engaging tools, including buckets, shrouds, lips, adaptors and teeth; all the aforesaid goods being machines or power tools, or parts of machines and power tools included in this class.

Class 09

Registered computer programs, registered operating programs, registered computer software, computers, computer peripheral equipment, simulators for steering and control of vehicles and crafts, remote control apparatus, electric installations for remote control apparatus of industrial functions, telerupters, parts and components of the aforesaid goods; apparatus and instruments for conveying, distributing, transforming, storing, regulating or controlling electric current; controlling devices and apparatus, regulating apparatus; measuring, detecting and monitoring instruments and apparatus, level indicators, temperature indicators, pressure indicators, performance indicators, wear indicators, load indicators, service indicators and controllers; electronic control units and systems; electric installations for the remote control of industrial operations; electronic apparatus for the remote control of industrial operations; simulation apparatus and instruments; simulators; chargers; electrical cables; electric resistors; integrated circuits; semi-conductors; capacitors; electric resistances; fuel cells; apparatus for recording, transmission and reproduction of sound or images; blank magnetic data carriers, blank recording discs; communication equipment, namely, digital media, namely, CDs and DVDs; mobile apps; mechanisms for coin-operated apparatus; calculating machines, data processing apparatus, computers; computer operating systems; computer peripheral equipment; software for the calculation of data for machine tools, mine automation systems; measuring instruments and apparatus, namely, pressure measuring apparatus, temperature measuring apparatus, resistance measuring instruments; software for storage and calculation of temperature, strain and vibration information; temperature sensors, strain sensors, pressure sensors, vibration sensors and acceleration sensors; apparatus, instruments, software, sensors and computer programs for measurement of temperature, controlling temperature performance and working capacity of tube systems; measuring instruments, sensors, software or computer systems incorporated in tubes and pipes of metal; software applications; downloadable electronic publications in the nature of handbooks, manuals, instructional and teaching material in the field of metal-cutting tools and tooling systems, mining equipment and tools, construction equipment and tools, stainless steels, special alloys and titanium, furnace products and heating systems, hard and super-hard materials; protective and safety equipment, namely, fire-extinguishing systems and sprinkler systems for fire protection; thermocouples; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; computer programs for use in production planning of the manufacture of industrial products; sensors.

Class 12

Vehicles; apparatus for locomotion by land, air or water, namely, motor vehicles, namely, automobiles, trucks, vans, sport utility vehicles and structural parts therefor; vehicles incorporating bucket loaders; bulk hauling vehicles; apparatus for locomotion by land, air or water; trailers; gearboxes; structural parts of the aforesaid goods.

Class 35

Wholesale and retail store services of products within materials technology, mining, construction and rock technology and metal working industry; business management consultancy and advisory services; inventory control; database management; updating and maintenance of data in computer databases; commercial and industrial management assistance; advisory services for business management; business management and organization consultancy.

Class 36
Insurance and financial information and consultancy services; insurance services, namely, underwriting extended warranty contracts; financing, lease-purchase financing and loan services; credit, lease-purchase financing and loan services; insurance services.

Class 37
Repair, maintenance, assembly relating to installation and installation of products within materials technology, mining, construction and rock technology and metal working industry; construction and upgrade (installation) of products within materials technology, mining, construction and rock technology and metal working industry.

Class 40
Treatment of materials in the nature of common metals and their alloys; coating, treatment and regrinding of metal surfaces, tools and machines; gold and silver plating; metal casting and tempering; custom manufacture of metal working products and machines; assembly of products for others; fuel processing; treatment of materials in the nature of common metals and their alloys by mechanical or chemical processing; grinding; providing material treatment information; recycling and waste management services; recycling of steel and other materials and products; material treatment information; regrinding and recoating of tools and machines.

Class 42
Scientific and technological services, namely, research and design in the field of tools and tooling systems for industrial metal cutting, equipment and tools, service and technical solutions for the mining and construction industries, advanced stainless steels and special alloys as well as products for industrial heating; industrial research in the field of tools and tooling systems for industrial metal cutting; computer hardware and software design; computer software development; testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; consulting services in the field of design and development of engineering processes; consumer product safety testing consultation; measurement services; chemical research and analysis; platform as a service (PaaS) featuring computer software platforms for a tool library; operational support services, namely, research, analysis and design of mining and rock excavation equipment and apparatus for improved performance and results; consulting services in the field of cloud computing; custom engineering services of products within materials technology, mining, construction and rock technology and metal working industry.
