REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

machine tools for glass processing, namely for the manufacture of structural glazing and glazing and glass plates for land vehicles and aircraft; glass cutting machines; lifting platforms; lifting apparatus; elevating apparatus; loading equipment, namely for installations for transport and storage of raw materials and semi-finished and finished parts; mechanized handling installations being part of automated storage systems; mechanical storage installations; hydraulic motors and engines; hydraulic drives for machines, motors and engines; pneumatic drives for machines, motors and engines; cylinders for machines; cylinder pistons; electric arc cutting apparatus; electric arc welding apparatus; welding apparatus (electric); welding machines (electric); automatic welding machines (electric); machinery for the textile industry; machinery for the sugar industry; machinery for making pasta; machinery for the food industry; metal processing machines; machine tools; robots (machines); machine tools for beam machining of workpieces; water jet cutting machines; laser cutting machines; laser welding machines; auxiliary equipment (machines and machine parts) for beam machining of workpieces, spare parts for these items; parts and accessories of the above machines and tools, included in this class, in particular machine tools, handling devices; spare parts for machines.

Class 08

Drills; borers; mills (hand tools); pipe cutting tools; threading tools; shears; scissors (sheet metal shears); shear blades; shearing tools (hand-operated); cutting tools; grinding implements (hand tools); dies (hand tools); scraping tools; hand-operated tools; parts and accessories of hand-operated tools, included in this class.

Class 09

Anodes; cathodes; transformers to increase the voltage; distance measuring apparatus; range finders (telemeters); distance measuring equipment; measuring machines, measuring apparatus and instruments; frequency meters; speed indicators; length meters; goniometers; computers; computer operating programs (recorded); computer programs (recorded); computer programs (downloadable); computer software (recorded); data processing apparatus; data transmission devices; USB flash drives; electronic publications (downloadable); data input and display apparatus; screens; video projectors; monitors (computer hardware); monitors (computer programs); interfaces (interface apparatus or programs for computers); holograms; control devices for loading apparatus; numerical controls for machine tools; electronic controllers; sensors, electrical and electronic apparatus for remote control of industrial operations; transmitters and receivers for electronic signals; detectors; dosing devices; pressure gauges; pressure recorders; high-frequency apparatus; lasers not for medical use, particularly for material machining, marking lasers; light guides; laser sources, not for medical use; electrical, hydraulic, pneumatic and optical adjustment devices for lasers and laser beams; optical fiber components, lasers and sensors for use in beam and process forming; objectives (lenses) (optics); optical fiber cables; optical lenses; lens hoods; prisms (optics); mirrors (optics); actinometers (beam meters); logs; magnifiers (optics); microphones; barcode readers; compasses (measuring instruments).

Class 11

Heat and steam accumulators; ionization apparatus for the treatment of air or water; refrigeration installations and machines; refrigeration apparatus; cooling apparatus and installations; cooling apparatus and machines; cooling devices for lasers; regulating and safety accessories for

gas apparatus; heat exchangers; water filtration apparatus; water cooling installations.

Class 37

Installation and repair of electric apparatus; installation and repair of refrigerating apparatus; installation, maintenance and repair of machines; repair of pumps; installation of machine tools and associated auxiliary equipment; maintenance work on machine tools and laser installations; repair services; installation services to provide Internet access on machinery control systems and to provide Internet applications on machinery control systems; installation of hardware for Internet access.

Class 40

Information about material processing; milling; engraving; cutting; water jet cutting; laser cutting; laser engraving; metal machining; sawing; sandblasting; welding; water jet machining; water treatment; trimming of materials on order (for others); processing of materials relating to identifying and marking of materials; rental of machines for material machining; providing information in the field of material processing, especially of machine-specific information, on the Internet and on screen.

Class 41

Recording of video recordings; demonstration lessons in practical exercises; on-line providing of electronic, non-downloadable publications; on-line publication of electronic books (and magazines); organization of fairs, conferences, congresses, meetings and symposiums for cultural and entertainment purposes; organization and conducting of seminars; organization and conducting of workshops (training); training in the operation and maintenance of machine tools; training in the creation of computer programs for machine tools; education and further training, in particular in the field of material processing, IT and business organization; organization of competitions; organization of exhibitions for courses for educational purposes; production of video films.

Class 42

Updating of computer software; consultancy in the field of energy saving; computer software consulting; computer system analyses; design of computer software; design of computer systems; provision of engineering services; creation of programs for data processing; preparation of technical expert reports; research in the field of technology; research in the field of mechanical engineering; hosting of Internet sites; installation of computer programs; conversion of computer programs and data (other than physical conversion); copying of computer programs; testing of materials; quality control (tests); research and development services for others regarding new products; technical project planning; rental of computer software; maintenance of computer software; water analysis; recovery of computer data; scientific laboratory services; scientific and industrial research; technological development and engineering activities; computer programming in the nature of preparation of computer programming aids and tools (programming tools) and programs for machine tools; monitoring, control, maintenance of machine software via data lines (teleservice), also via the internet, in particular remote control, remote malfunction diagnosis, troubleshooting, including remote programming of machine controls for troubleshooting, maintenance and installation of machinery control software, installation of firmware updates in machine controls for troubleshooting; development, installation, maintenance, copying, conversion, updating of computer programs and computer software including via the Internet; remote programming of machine controls; operation of online services in the field of machinery, namely

providing online non-downloadable software via data lines/computer networks; providing machine control software on the Internet; project management (design) and planning of telecommunication solutions in the field of machinery, particularly of telecommunication solutions for remote diagnostics of machine malfunctions as well as for machine maintenance using telecommunication technology; design and development of software for the control, regulation and monitoring of laser and water jet systems and press brakes; computer consulting, namely hardware and software consultancy; technical support relating to software, including technical project planning and technical project management; construction planning; scientific and industrial research, especially in the field of mechanical engineering; information technology services, namely project management and providing software solutions to monitor computer systems and machine controls by remote access, as well as planning and provision of Internet applications on machine controls.

Class 45

Licensing of computer programs and software.
