REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Robots [machines]; robots for industrial use; industrial robots for use in surveying and monitoring conditions in tunnels; automatic vending machines.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, life-saving and teaching apparatus and instruments; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; apparatus and instruments

for conducting, switching, transforming, accumulating, regulating or controlling electricity including controls units and switches; signalling and checking apparatus include gasometers, pressure gauges and electricity metering apparatus; computer software for processing electronic payments and for transferring funds to and from others; authentication software for controlling access to and communications with computers and computer networks; authentication software that may be downloaded from a global computer network and/or recorded on computer media; magnetically encoded credit cards and payment cards; computer software; computer operating system software; network operating software; computer software development tools; website development software; computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software for developing and operating cloud computer networks and applications; computer software for use in database management; computer software platforms for cloud computing networks and applications; software platform for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; computer software for collecting and distributing data within computer networks, including the internet, and enabling data communication among application programs, consumer devices and industrial devices; downloadable cloud computer software for information management, data collection and data analysis in the fields of asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; downloadable software for information management, data collection and data analysis in the fields of asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; downloadable software application for information management, data collection and data analysis in the fields of asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes.

Class 11

Installations for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; boilers; gas boilers; gas burners; gas generators; regulating and safety parts and fittings for gas apparatus; regulating and safety parts and fittings for gas pipes; steam boilers; stoves; all included in Class 11.

Class 16

Newsletters; magazines; periodicals; paper, cardboard; printed publications including but not limited to booklets, brochures and magazines; instructional and teaching materials (except apparatus); bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); plastic materials for packaging (not included in other classes); printers' type; printing blocks.

Class 35

Wholesaling and retailing of goods including gas, electricity and other energy products and parts and accessories therefor; wholesaling and retailing of systems and infrastructure including but not limited to energy and fuel supply systems and infrastructure; advertising and promotional services including but not limited to these services in relation to energy and fuel; conducting of trade shows and exhibitions; business planning services; business counselling; sponsorship services in this class including the arranging of sponsorships; business management services in this class including procuring of contracts and business project management

services; negotiation of contracts (for others) and procurement of contracts (for others); business administration and business consulting services; office functions; data collection, data processing and data management services including but not limited to reading electrical and other meters; business consulting services in relation to the ownership of telecommunication networks; personnel management consultancy; consulting services relating to the ownership and management of utility networks being management consultancy (personnel) and logistics services (business management and organization of facilities and resources); business management consulting; personnel management consultancy; assistance and consultancy services in the field of business management of companies in the energy sector; promoting the goods of others, namely, providing information regarding discounts, coupons, rebates, vouchers and special offers for the goods of others; promoting the goods and services of others via websites; promoting the goods and services of others by providing a web site featuring links to the online retail web sites of others; presentation of goods and advertising of services on communication media, for retail purposes.

Class 36

Fund raising for charitable purposes; organising of charitable collections; financial and monetary services and affairs including but not limited to bill payment, loan, deferred payment and credit services including arranging of loans, providing and brokering interest free and other direct debit payment facilities, hire-purchase, structuring of accounts and credit and debit cards; sponsorship and fund raising; trading and brokerage of energy; insurance; excluding real estate affairs and management of real estate, leasing of real estate, real estate appraisal and brokerage, rental of apartments, flats, houses and offices, collection of rent, real estate agencies and sales; financial services, namely, electronic funds transfer; financial services, namely, electronic funds transfer via electronic communications networks; clearing and reconciling financial transactions via electronic communications networks or global computer networks; providing a variety of payment and financial services, namely, credit card services, issuing credit cards and lines of credit, processing and transmission of bills and payments thereof, bill payment services with guaranteed payment delivery, and brokerage of money market funds, all conducted via a global communications network; credit services, namely, providing revolving credit account services; bill payment services; providing electronic mobile payment services for others; credit card and payment processing services; electronic foreign exchange payment processing; payment processing services, namely, providing virtual currency transaction processing services for others; financial sponsorship of sporting and cultural events, programs, development programs.

Class 37

Construction of gas and electricity distribution plants and systems, electricity transmission cables, networks and systems, and engineering works of all descriptions relating to the same; maintenance, refurbishment and repair of electricity and gas distribution plants and systems, electricity transmission cables, networks and systems, and engineering works of all descriptions relating to the same; maintenance, refurbishment and repair of gas and electricity distribution systems, and engineering works of all descriptions relating to the same; supervision of all the aforesaid services; advisory services relating to all the aforesaid services; building, installation, construction, maintenance, and repair services in this class, including but not limited to the installation, maintenance and repair of energy and fuel producing, utilising, converting, distributing and storing equipment; home maintenance services; construction, maintenance, refurbishment and repair of energy and fuel networks and energy infrastructure; repair,

maintenance and installation of energy products, energy production, storage and supply equipment and systems; supervision services in relation to these services; building consultancy services; consultancy on the co-ordinated installation of energy products; all included in Class 37.

Class 38

Telecommunications; communication of data by means of telecommunications; communication of information by computer; communication of information by electronic means; computer aided transmission of messages and images; internet portal services; operating of electronic communication networks; paging services (radio, telephone or other means of communication); point of sale communication services; providing internet chatrooms; providing online forums; providing telecommunication channels for teleshopping services; providing user access to global computer networks; telecommunication services for providing access to computer databases; web portal services (providing user access to global computer network); leasing access time to a computer database; providing user access to global computer network and online sites containing information on a wide range of topics; provision of telecommunications access to the internet; webcasting (broadcasting over a global computer network); provision of hyperlinks; provision of hyperlinks to other websites; consulting services relating to the telecommunication via utility networks.

Class 39

Transport and storage relating to supply and distribution of energy, electricity and gas; packaging of goods; travel arrangements; provision of energy including the distribution and supply of energy and fuel; public utility services in the nature of distribution and transmission of electricity; consulting services relating to the supply and distribution of energy, electricity, gases and fuels.

Class 40

Treatment of materials; generation and production of energy; processing and conversion of fuels and energy; consultancy services relating to the foregoing, including processing, production and generation of energy; consultancy in relation to production of energy; custom manufacture of energy and fuel producing, utilising, converting, distributing and storing equipment; custom manufacture of energy products, energy production, storage and supply equipment and system.

Class 41

Entertainment, education and training services; sporting and cultural activities being organisation of sporting and cultural events and programs.

Class 42

Professional engineering and design services relating to the development of utility networks and telecommunications; consulting services relating to the development of telecommunication utility networks; testing and analysis services for the safety of energy products and energy systems; advice on the consumption and conservation of energy; technological consultancy in relation to the use of energy, the use of energy appliances and the application of energy; project management (design) in relation to the use of energy, the use of energy appliances and the application of energy; consultancy on the use of energy by homes, business and industry; building design services; engineering and technical research services; computer software design; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; technical data

analysis services; providing temporary use of on-line non-downloadable software for processing electronic payments; providing temporary use of on-line non-downloadable authentication software for controlling access to and communications with computers and computer networks; providing on-line non-downloadable operating software for accessing and using a cloud computing network; providing on-line non-downloadable software for software development and website development; providing on-line non-downloadable software for operating and maintaining computer networks and servers; providing on-line non-downloadable software for database management; providing a full line of on-line non-downloadable business and application software; application service provider (ASP), namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases; providing information in the fields of computers, computer software, computer networks and the development and operation of computer systems, software and networks; customization of computer hardware and software; computer hardware and software consulting services; consulting in the field of information technology; consulting in the field of cloud computing networks and applications; design and development of networks and network software and applications; leasing computer facilities; platform as a services (PAAS) featuring computer software platforms for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; software as a service (SAAS) services featuring software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; cloud computing featuring software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; providing temporary use of on-line non-downloadable cloud computing software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes.
