REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Adsorbed gas for use in the manufacture of semi-conductors and microelectronic products, as provided in a gas supply container holding adsorbent material; absorbing carbons for general industrial use; chemical compositions for use in removing microelectronics manufacturing fabrication materials from microelectronic products such as wafers and microelectronic devices that are recycled following the removal of such materials; chemical gases sold with gas supply equipment for storing gases and dispensing such gases on demand, namely, chemical gases sold in a metal vessel holding the gas in a pressurized or liquid form, with a pressure regulator within said vessel and a flow control valve for on-demand dispensing of such gas for use in semiconductor

manufacturing; chemical products, namely, chemical compositions for use in vapor deposition processes; chemical compositions, namely, reagents for use in the manufacture of semiconductors in the electronics and semiconductor manufacturing industry; chemical compositions, namely, reagents, namely, epitaxial thin film materials, organometallic source reagent compounds and complexes, and ion implantation materials, all for use in the electronics and semiconductor manufacturing industry; chemical source material in the nature of chemical compositions for depositing films on substrates in the manufacture of semiconductors, flat panel displays, and solar panels; chemical source material in the nature of chemical compositions for the deposition of thin films on semiconductor wafers for the manufacture of semiconductors; chemicals for treating hazardous gases in semiconductor applications; chemicals for use in chemical reagent delivery systems for use in the manufacture of semiconductors; chemicals for use in manufacture of semiconductors, integrated circuits, flat-panel displays, solar panels, and photovoltaic products; chemicals for vapor deposition metallization; composite chemical materials, namely, composite chemicals in the form of polymers and carbon nanotubes for use in the further manufacture of molded articles; gas provided in a gas supply container holding adsorbent material for use in the manufacture of semiconductors and for use in other industrial processes; gases for use in the manufacture of semiconductors, microelectronics, solar panels, and flat panel displays, as provided in gas supply vessels and for on-demand dispensing of such gas for use in such manufacturing; processing gases for use in the manufacture of semiconductors, flat panel displays, compact discs and recording media; chemical compositions, namely, semiconductor manufacturing chemical reagents; sub-atmospheric pressure gas sources, namely, gases adsorbed on adsorbents in gas supply containers for use in the manufacture of semiconductors, microelectronics, solar panels and flat panel displays; chemical adsorbents (being contained within sub-atmospheric pressure gas storage and dispensing systems for gases for manufacturing semiconductors, solar panels, and flat panel displays) with gases for manufacturing semiconductors, solar panels, and flat panel displays adsorbed thereon, not including natural gas or natural gas dehydration or purification machines; sub-atmospheric pressure gas, namely, gases for manufacturing semiconductors, solar panels, and flat panel displays, not including natural gas; sub-atmospheric pressure gases for ion implantation and chemical vapor deposition.

Class 06

Carriers, made primarily of metal, used in the manufacture, storage and transport of semiconductor wafers; clamps made primarily or exclusively of metal for securing together plastic fittings, tubing supports and plastic valves used for plastic tubing and pipe; gas supply equipment for storing gases and dispensing such gases on demand, namely, a metal vessel holding the gas in a pressurized or liquid form, with a flow control valve and regulator, for on-demand dispensing of such gas; manually operated, metal inlet and outlet valves; manually operated, metal manifolds for transferring chemicals; metal containers with inlet and outlet valves, for storage and delivery of chemicals; metal gas supply containers holding adsorbent material for use in storing adsorbed gas and from which gas can be desorbed for dispensing from the container; metal gas vessels holding gases for manufacturing semiconductors, solar panels, and flat panel displays; metal manifolds for use in chemical delivery systems for transferring chemicals; metal supports and hangers for plastic tubing and pipe for carrying fluids including gasses, liquids and slurries; pipes and tubes of metal for transferring chemicals; empty metal gas supply containers (being placed within sub-atmospheric pressure gas storage and dispensing systems for gases for manufacturing semiconductors, solar

panels, and flat panel displays) used for holding adsorbents with gases for manufacturing semiconductors, solar panels, and flat panel displays adsorbed thereon; sub-atmospheric pressure storage and dispensing systems for industrial gases, comprised of metal gas supply containers holding adsorbents with industrial gases adsorbed thereon.

Class 07

Work piece tool holders (parts of machines) for holding wafers in semiconductor manufacturing tools; chemical processing machines; machine parts, namely, chemical-mechanical planarization pad conditioners; dispensing pumps for fluids in the microelectronics industry; electric welding machines for welding plastic tubing and fittings and machines for primarily washing, and incorporating drying functions for semiconductor and magnetic disk carriers, boxes and shipping containers; filters for machines for manufacturing microelectronics, and for filtration of water and liquid chemicals; filters for semiconductor manufacturing machines and machine systems used for removing contaminants, particulate matter, particles, impurities, molecular contaminants; gas filters for semiconductor manufacturing tools; gas filters, namely, filters for machines having traps for obtaining a sample of a gas-phase contaminant from a gas, gas filtering systems comprising gas filters for machines and housings and fittings therefor and gas traps [parts of machines] for obtaining a sample of a gas contaminant from a gas for use in connection with industrial installations, semiconductor processing systems, and semiconductor processing tools used in the manufacture of semiconductors; dispensing machines for high viscosity fluid for use in the microelectronics industry; disposable liquid filter cartridge housing for machines for use in the microelectronics industry; industrial machinery and parts therefore, namely, integrated filtration-liquid chemical dispense systems comprising pumps, filters and related electronics for low and high viscosity fluids including photochemicals, dielectrics, slurries, polyimides and epoxies; industrial machinery and parts therefore, namely, filter manifolds; re-usable filter housings for machines; parts of machines, namely gas, vacuum and liquid valves, namely, motor controlled gas, vacuum and liquid valve machines; filtering machines namely liquid filtration and purification subsystems composed of filters and housings to remove undesirable particles, gels and other contaminants from wet chemicals in semiconductor manufacturing applications; machine parts for semiconductor machinery, namely, brush rollers for removing detritus from polished surfaces of silicon wafers after planarization; machines and machine parts, namely, devices for removing contaminants from gas, namely, gas filters, gas filtering systems and gas monitoring systems being parts of machines for use in connection with the gas industry, semiconductor processing systems, and semiconductor processing tools; machines for manufacturing embossed carrier tape and cover tape; machines for packaging semiconductor components in embossed carrier tape and cover tape.

Class 09

Controllers in the nature of analog and digital mass flow controllers for industrial gases; vapor controllers; articles used in laboratories, in the pharmaceutical, biotechnology, food, and chemical processing industries, and in industrial manufacturing plants namely, carriers, storage boxes and covers, shipping containers, and handling trays, all being adapted for transport or storage of semiconductor wafers and substrates; automated gas flow controllers and gas flow monitors; bioprocessing systems, namely bioreactors for cell culturing, and supports and mounting assemblies therefor; bioprocessing systems, namely bioreactors, and supports and mounting assemblies therefor, all being for laboratory or research use; carriers, made primarily of plastic, specially adapted for storage and

transport of semiconductor wafers, flat panel displays and flat panel display screens; chemical resistant sensors, probes and connecting cables; detection apparatus for the presence or absence of fluids in processing environments; specially adapted chip trays for circuit chips being processed during manufacture and use; computer hardware and software for simulation, benchmarking and assessment of other software, all for use in facilitating the development of software for integrated circuits, integrated circuitry core architecture, and electronic systems and subsystems; computer software for the design, testing, fabrication, or control of gas filtering apparatus and instruments, gas sampling devices, gas monitoring apparatus and instruments, and gas control apparatus and instruments; controllers for dispense pumps, for use in the microelectronics manufacturing industry; controllers for measuring gas mass flow; copper anodes used to plate semiconductors; dispense pump controllers; electric or electronic optically-based sensors for monitoring and controlling concentrations of liquid chemicals used in semiconductor manufacturing; filters for laboratory use; flow meters; gas flow controllers and gas flow monitors; graphical user interface software; gas pressure gauges; gas pressure switches; gas pressure transducers; laboratory equipment namely, graduated measuring containers, breakers, liquid storing pans, vacuum probes, gauge protectors and solenoid valves; liquid crystal display screens; measurement instruments for the semiconductor, flat panel, lithium ion battery, and pharmaceutical industries, namely, pressure transducers, pressure sensors, pressure transmitters, flow controllers, flow meters, level transducers, level sensors, level transmitters, temperature transducers, temperature sensors and temperature transmitters; electric or electronic, differential pressure or optically-based chemical and fluid monitoring and measurement sensors namely, concentration monitors, concentration analyzers, concentration sensors, pressure transducers, pressure sensors, pressure transmitters, flow controllers, flow meters, level transducers, level sensors, level transmitters, temperature transducers, temperature sensors, temperature transmitters, density correctors, viscosity meters, viscosity analyzers, valves therefor, manifolds therefor and regulators, with graphical user interface software for monitoring, blending and controlling concentrations of liquid chemicals used in semiconductor, pharmaceutical, water treatment, lithium ion battery flat panel display and chemical manufacturing applications; microprocessor-based pressure control units; non-destructive analyzers for semiconductor materials and semiconductor manufacturing processes; plastic boxes, carriers and trays specially adapted for storing memory disks for transportation and shipping; probes which detect and measure the presence of chemicals with liquid chemicals dispensing function, sold as components of bag-in-bottle container systems for dispensing liquid chemicals, all not being for medical use; pump controllers for high viscosity fluid dispensing systems for use in the microelectronics industry; sensors for measuring chemical levels; radio frequency identification system comprised of readers, tags and software for identifying and tracking liquid chemical containers and dispensers; readout boxes for flow measurement; carriers, stockers, racks and storage articles specially adapted for carrying, storing, protecting, organizing or transferring reticles; scientific and laboratory apparatus made of plastic; semiconductor wafer, chip and photoplate identifying materials, namely, clip-on electronic identification tags and electronic identification tags for trays, carrier holding trays, photoplate carriers, adjustable carriers, carriers for magnetic storage disks, storage boxes and covers and shipping containers for magnetic storage disks; sensors and analyzers for semiconductor manufacturing process monitoring; static protective material handling products, namely, wafer carriers, storage boxes, mask packages and chip trays specifically adapted for use with electronic components; sub-atmospheric pressure storage and dispensing systems

comprised of gas supply containers holding adsorbents with industrial gases adsorbed thereon being apparatus with storage function for dispensing measured quantities of industrial gases; trays adapted for holding electronic components; wafers and epitaxial thin films (microelectronic components) sold as a component of micro-electronic substrates; electronic capacitance-type sensors; electronic control modules for controlling fluids namely liquid chemicals; electronic leak well adaptor; electronic proximity adaptor detecting presence of liquid or solid target; electronic sensor probe and cable assembly; electronic tank level adaptor; electronic tube ring adaptor detecting presence or absence of conductive media in a tube.

Class 11

Apparatus, namely, gas filtering systems, comprised of reservoirs, pumps, filters, cleaners, degassers, extractors, scrubbers, strippers; polymeric and metallic membranes and cartridges for filtering or purifying liquids and associated manifolds; polymeric and metallic membranes and cartridges for filtering or purifying gases; metallic and organic media and cartridges for filtering or purifying liquids, gas filters, gas monitoring systems comprised of manifolds, valves, regulators, flow controllers, and piping systems, and gas control systems comprised of valves, regulators, flow controllers, and piping systems for use in the gas, semiconductor, electronics, photolithography, integrated circuit, and integrated optical systems industries, and parts, fittings and components for the aforesaid goods; devices for removing metallic ion contaminants from liquid process streams used to manufacture semiconductors, namely, purifiers for removing metallic ion contaminants and combination purifier/filters for removing metallic ion and particulate contaminants; filter system composed of a water, chemical or slurry filtration cartridge and distribution manifold for industrial use, namely, in the filtration and purification of chemicals, water and slurries; filtering units for filtration of particulate matter from water and liquid chemicals, for use in manufacturing semiconductors; filters and purifiers for removing particulate and molecular contaminants from air for industrial use; filters for liquids in the microelectronics industry; filters for removing large particulate matter; filters for slurries for use in the microelectronics industry; filters and purifiers for industrial applications for the filtration and purification of photochemical solvent; filters for filtration of liquid process chemicals, for industrial use; fluid filters and associated manifolds for use in connecting and disconnecting the filters and the filter housing, used in the microelectronics industry; fluid filtration units for industrial use, and parts therefor; gas and liquid membrane contactors for purifying liquids; gas and liquid purification or filtration equipment and technology for commercial and industrial use, namely, gas and liquid purification and delivery systems comprising, reservoirs, pumps, filters, cleaners, degassers, extractors, scrubbers, strippers; gas diffusers for use with process chambers; gas diffusers; gas filters and purifiers for industrial installations; gas purifier and delivery systems, comprising gas manifolds, valves, regulators, flow controllers, and piping systems; heat exchangers for high purity fluids; industrial gas purification units; liquid chemical filter cartridge manifold for industrial use, namely, for use with pumps for any liquid-chemical carrying pipe or tube; liquid filters for use in the semiconductor industry; metallic and organic media and cartridges for filtering or purifying liquids and gases including air; polymeric and metallic membranes and cartridges for filtering or purifying gases; polymeric and metallic membranes and cartridges for filtering or purifying liquids and associated manifolds; purifiers and filters for removing contaminants from slurries; purge gas purifiers, purge gas filters, air filters for removing chemical and molecular contaminants, air filters for removing particulate contaminants, air and gas purifiers for use

in reticle carriers, air and gas purifiers for use in reticle carrier related articles, namely, stockers, side scanner racks and libraries, air and gas filters for use in reticle carriers, air and gas filters for use in reticle carrier accessories, namely, storage systems and purge systems; purification products and parts therefore, namely, polymeric membranes and cartridges for filtering/purifying liquids; purification unit for removal of dissolved contaminants from gases for use in the semi-conductor industry; purifiers and filters for removing contaminants from slurries; ultrapure water purification units for use in the microelectronics industry; water filters for ultra-pure water systems; water filters for use in microelectronics manufacturing.

Class 16

Plastic bags and synthetic plastic bags (which are attachable to other items by clamps and connectors) for packaging of materials.

Class 17

Adhesive tape for industrial and commercial use, namely, embossed carrier tape, cover tape, and reels of adhesive tape for packaging semiconductor components during shipping and storage; plastic pipe and pipe fittings; plastic coupling with threaded coupling nut and split ring keeper for plastic tubing; plastic fitting for attachment to plastic tubing for use in laboratories and industrial installations requiring chemical resistance to and purity of conveyed liquids; plastic in bars, blocks, pellets, rods, and sheets for further manufacture for general industrial use, manufacturing, molding and general industrial use; plastic pipes for transporting or delivering natural gas, plastic plumbing fitting for attachment to plastic tubing; plastic tubing and plastic pipe for carrying fluids including gasses, liquids and slurries; plastic tubing for use in laboratory and industrial use; fluoropolymer plastics in the form of rod stock and billets for general industrial use.

Class 20

Carriers, containers, and storage boxes made primarily of plastic, and parts therefor, for the storage and transport of disks used for computer hard drives, substrates, silicon wafers, semiconductor wafers, electronic components, masks and memory disks; non-metal clamps for securing together plastic fittings, tubing supports and plastic valves used for plastic tubing and pipe; non-metallic containers for chemical fluids and fluid dispensers connectable to such containers for use therewith to dispense chemical fluids from such containers, all for industrial use; plastic containers for liquid chemicals and dispensers for use therewith all for commercial use; plastic drums, barrels and containers for commercial use; plastic plug valves, being other than machine parts, for chemical sampling and process monitoring; plastic fasteners namely, screws, nuts, and bolts; manually operated plastic valves, plastic barrels for storing and dispensing chemicals, plastic liners for barrels for storing and dispensing chemicals, plastic spring operated check valves, and plastic pneumatically operated valves; plastic valves being other than machine parts; polymer containers for packaging memory disk substrates and silicon wafers; polymer containers for packaging silicon wafers; metal chemical delivery cabinets for housing metal containers, valves, manifolds and pipes of metal.

Class 21

Plastic spray nozzles.

Class 22

Plastic and synthetic bags for the transport and storage of medical,

pharmaceutical, biopharmaceutical or bioprocessing materials in bulk; plastic and synthetic bags for storage of medical, pharmaceutical, biopharmaceutical or bioprocessing materials.

Class 35

Computerized on-line ordering services featuring fluid purification and control products directed to manufacturers of integrated circuits, semiconductors, microelectronics components, flat panel displays, fiber optic cables and components, optical memory devices and solar cells, and to manufacturers of tools used by such manufacturers; retail store services for equipment used in the manufacture of semiconductor and micro-electronic devices; business consulting services relating to the distribution of semiconductors and microelectronic devices.

Class 37

Repair and rebuilding services for dispense systems, flow controllers, pressure sensors, and vacuum valves and controllers in the field of semiconductors.

Class 40

Polymeric and non-polymeric coating services that provide additional chemical, electrical, and/or protective characteristics to a part or substrate, namely, applying carbon based polymeric coatings and ceramic, inorganic, and metallic non-polymeric coatings for use as purifiers or filters, for use in high temperature applications in aerospace and defense industries, for use to create highly polished surfaces in the aerospace industry, for use in minimizing contaminants or providing desired electrical conductivity in the semiconductor, flat panel and microelectronics industries; polymeric and non-polymeric coating services that provide additional chemical, electrical, and/or protective characteristics to a part or substrate, namely, membranes and metals for use as purifiers or filters, for use in high temperature applications in aerospace and defense industries, for use to create highly polished surfaces in the aerospace industry, for use in minimizing contaminants or providing desired electrical conductivity in the semiconductor, flat panel and microelectronics industries; custom manufacturing of wafers and coatings sold as a component of electrical/electronic substrates, for use in manufacturing.

Class 42

Engineering and technological consultation in the field of semiconductor, microelectronics and flat panel display, and technological consultancy relating to manufacturing and process improvement in the field of contamination identification, measurement, and control; scientific and technological consulting and research services in the field of reticle carrier work environments in a semiconductor manufacturing facility for contamination monitoring and control, process reaction, and process improvement; technical consultation and support services in the nature of troubleshooting by providing engineering design and product design information in the field of advanced materials and chemical precursors and products thereof, namely, thin film materials, organometallic source reagent compounds, chemical vapor deposition equipment, and chemical reagent delivery systems for chemical vapor deposition, semiconductor and chemical reagents, in the field of computer hardware and software for the development of software for integrated circuits, integrated circuits, integrated circuitry core architecture, electronic systems and subsystems, encoded integrated circuit cards and smart cards, equipment and software for the non-destructive analysis of materials, equipment and software for monitoring fluids and fluid streams to determine the presence,

characteristics and concentration of specific parts therefore, analytical monitoring and process control equipment, and piezoelectric chemical analysis equipment; technological consultation in the fields of transportation, processing, storage, and packaging of semiconductor wafers and electronic components; technological consultation relating to the use, cleaning, and recycling of carriers and containers for semiconductor wafers and electronic components.

Class 07

Power-driven hand-held tools; motors and engines [except for land vehicles]; machine coupling and transmission components [except for land vehicles]; agricultural implements other than hand-operated; incubators for eggs; automatic vending machines; welding machines; industrial robots; soldering apparatus, gas-operated; soldering apparatus, electric; chip mounting machines; semiconductor manufacturing apparatus and machines; electric arc welding machines and apparatus; cutting machines; metal cutting machines and apparatus; electronic component placement machines and apparatus; electronic component insertion machines and apparatus; feeders for machines; electronic component feeding machines and apparatus; bonding machines; assembly machines; laser processing machines and apparatus; engraving machines; condensing installations; electric power hand-held tools; chucks for power drills; grinding machines; saws [machines]; blades for electric power tools; heat exchangers [parts of machines]; extracting machines; dispensing machines; printing machines; 3D printers; electric motors [other than for land vehicles]; driving motors other than for land vehicles; electricity generators; wind-powered electricity generators; AC generators [alternators]; solar power generating apparatus; centrifugal blowers; axial flow blowers; reduction gears [other than for land vehicles]; lifting machines; elevators [lifts]; electric door openers; automatic door apparatus [electric]; curtain drawing devices, electrically operated; electric washing machines; washing machines [laundry]; dish washing machines; drums [parts of machines]; compressors [machines]; pumps for machines; electric pumps; mixing machines; die-cutting machines; chopping machines; food mixing machines; food cutting machines; food chopping machines; apparatus for use in processing food;

electric hand mixers for household purposes; electric food processors for household use; electric coffee mills; electric blenders for household purposes; electric juicers for household purposes; electric meat grinders for household purposes; rice polishing machines; electric ice crushers; garbage disposals; machines and apparatus for cleaning, electric; electric vacuum cleaners; electric floor polishers; blowing machines; air suction machines; dust filters and bags for vacuum cleaners; electric dust collecting machines; apparatus for aerating water; packaging machines; filters for motors and engines; gas filters for engines; vending machines; beverage dispensers for vending machines; agricultural machines; plant growth chambers and incubators for agricultural purposes; composting machines; chemical supplying apparatus for use in production lines; exhaust gas treatment apparatus; urethane foaming machines; painting and coating machines; apparatus for disposal and recovery of waste products and scraps; parts and fittings for all the aforesaid goods.

Class 08

Hand tools and implements [hand-operated]; cutlery; side arms; razors; electric shavers; electric razors; razor blades; blades [hand tools]; blades for electric shavers; blades for electric clippers; blades for electric hair trimmers; electric hair clippers; hair clippers for animals [hand instruments]; electric beard trimmers; depilation appliances, electric and non-electric; nail polishers, electric and non-electric; manicure sets, electric and non-electric; pedicure sets, electric and non-electric; tool belt [holders] not specifically adapted for electric power tools; trimmers [hand operated tools]; electric hair trimmers; electric ear hair trimmers; electric nasal hair trimmers; electric hair straightening irons; electric irons for styling hair; electric hair curling irons; eyelash curlers; hand implements for hair curling; electric flat irons; blades for electric razors; electric nail files; parts and fittings for all the aforesaid goods.

Class 09

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; cameras; camera cases; digital still cameras; digital photo frames; batteries; dry cells; rechargeable batteries; electric accumulators; electric batteries for vehicles; electric batteries for electric vehicles; batteries for mobile phones; battery chargers; nickel cadmium batteries; nickel-metal hydride batteries; lithium batteries; lithium ion batteries; fuel cells; solar batteries; electric converters; solar panels for electricity generation; battery chargers for electric vehicles; electric wiring devices and instruments; sensor switches; electrical connectors; electric switches; electric sockets; dimmer switches; time switches; magnetic switches; light dimmers; switchboards; electric switch boxes; electric cables; electricity conduits; electricity ducts; electric cable racks; lighting ballasts; circuit breakers; electro-magnetic switches; electric circuit protectors; thermal surge protectors; power distributing boxes; electrical outlets; power strips; current converters; electrical outlet covers; electrical outlet plates; antennas; aerials; distribution boards [electricity]; electric power monitoring units; control panels [electricity]; indicator panels; terminals [electricity]; indicator lights; signalling lamps; modular jacks for telephones; electrical adaptors; power adapters; earth terminals; electrical power extension cords; modular jacks for networks; electric wiring ducts; warning apparatus and instruments; video intercoms; intercoms; gas leak alarms; anti-theft warning apparatus; glass break detectors for security purposes; passive infrared detectors;

infrared detectors; electric door chimes; radio receivers and transmitters; buzzers; fire alarms; fire detectors; emergency alarms; electric warning lights; emergency signalling lights; emergency warning lights; electric locks; video surveillance systems; electronic access control apparatus; face recognition equipment for access controls; iris recognition access control systems; cameras for iris recognition security; surveillance cameras; illuminated exit signs; apparatus and instruments for remote monitoring; apparatus and instruments for remote communication; apparatus and instruments for remote controlling; radios; audio tape recorders and players; digital audio players and recorders; digital video players and recorders; portable media players; MP3 players; cases for portable media players; audio speakers; stereo tuners; amplifiers; power amplifiers; microphones; record players; record player turntables; digital voice recorders; digital sound processors; headphones; earphones; stereos; stereo components; audio mixers; audio head cleaning apparatus; optical fiber cables; audio and video cables; wireless microphone systems comprising microphones, transmitters and receivers, speakers, amplifiers and tuners; audio equalizers; electronic audio signal processors; car audio apparatus; rearview cameras for vehicles; rearview monitors for vehicles; woofers; subwoofers; automatic disc changers; video apparatus; television sets; plasma televisions; plasma display panels; stands for televisions; mounting brackets adapted for televisions; liquid crystal display (LCD) televisions; liquid crystal displays; liquid crystal display panels; wireless liquid crystal display (LCD) monitors; organic light emitting diodes (OLED) displays; organic light emitting diodes (OLED) televisions; organic light emitting diodes (OLED); 3D televisions; audio and video player-combined televisions; video tuners; projectors; liquid crystal display (LCD) projectors; lenses for projectors; video tape recorders; video tape players; camcorders; tripods for cameras; DVD recorders; DVD players; cable television receivers; set top boxes; computer hardware and software for displaying educational materials; electronic display boards; video cameras for broadcasting; computer hardware and software for use in DVD authoring; light emitting diode displays; in-vehicle cameras; network monitoring cameras; video surveillance cameras; live image switchers; downloadable electronic publications; video monitors; video switchers; video mixers; home theater systems, comprising digital video players, audio amplifiers and audio speakers; video signal splitters; image recognition apparatus; three-dimensional eyeglasses; satellite receivers; optical disc drives; optical disc recorders; optical disc players; communication apparatus; facsimile machines; telephones; mobile phones; smartphones; smart watches; accessories for mobile phones, namely, battery packs, cases, lanyards, chargers, holders, power supply adapters, headsets, earphones and microphones; hands-free kits for mobile phones; cordless telephones; telephone answering machines; private branch exchanges; global positioning system [GPS] apparatus; transceivers; encoding and decoding apparatus; navigation apparatus for vehicles [on-board computers]; car navigation systems; digital signage; remote controllers; transmitters and receivers for remote controls; apparatus for distributing or controlling electricity; electric power controllers; programmable logic controllers; computers; computer peripheral devices; tablet computers; mobile computers; wearable computers; hard disc drives; USB cables; image scanners; printers for computers; empty toner cartridges for computer printers; toner cartridges, unfilled, for printers and photocopiers; photo printers; video printers; digital color copiers; multi-function copiers; multi-function printers; electronic blackboards; electronic whiteboards; PC cards; computer keyboards; floppy disk drives; electronic card readers; electronic card readers and writers; bar code readers; bar code scanners; electronic mobile data terminals; electronic cash registers; electronic calculators; routers; monitors [computer hardware]; ethernet adapters;

computer port replicators; downloadable electronic maps; downloadable image and video files; downloadable electronic data files for computer programs; pre-recorded DVDs; downloadable computer programs; computer software for processing images and graphics; scientific research and laboratory apparatus; computer hardware and software for image recognition for security and surveillance; computer hardware and software for video surveillance of factory production lines; computer hardware and software for use in data broadcasting; radio-frequency modulators; computer networks; computer servers; data storage media; blank video tapes; head cleaning tapes for audio and video tape recorders and players; blank audio tapes; blank floppy discs; blank optical discs; memory cards; IC memory cards; dosimeters; counters; ammeters; thermometer, not for medical purposes; voltmeters; weighing machines; pedometers; calorie consumption monitors for use during sporting activities; exercise intensity and pitch monitors for use during sporting activities; electricity meters; gas meters; water meters; wattmeters; distance measuring apparatus; sensors; light-emitting diodes; microcomputers; semi-conductors; semiconductor memory devices; integrated circuits; oxygen regulators; signal tuners; radio frequency modulators; coin validators; coin sorters; banknote validators; banknote sorters; electric power supply modules; DC/DC converters; inductors [electricity]; capacitors; power capacitors; diodes; transistors; electric signal filters; electromagnetic noise reduction filters; optical modulators; optical transmitters; optical sensors; optical connectors; optical lenses; electric circuits; transformers; thermistors; varistors; oscillators; acousto-optic devices; electric resistors; potentiometers; thermal cutoffs; encoders; magneto-resistive devices; electric chip coils; electric choke coils; current sensors; touch panels; remote controls; duplexers; surface acoustic wave devices; surface acoustic wave filters; baluns; electric power distributors; wireless communication devices; radio frequency amplifiers; frequency synthesizers; laser diodes; magnetic cores; fuses; electric relays; solenoids; electric power supplies; electric inverters; electric timers; electric circuit boards; printed circuit boards; circuit overload protector devices; ionization apparatus for scientific or laboratory use; ionization apparatus, not for the treatment of air or water; magnetron oscillators; internal cooling fans for electronic devices; internal cooling fans for communication devices; lasers, not for medical purposes; marking gauges for joinery purposes; luminous or mechanical road signs; uninterruptible electrical power supplies; time clocks [time recording devices]; power line communication adapters; temperature indicators; moisture meters; microscopes; protective helmets; riding helmets; protective helmets for sports; humanoid robots with artificial intelligence; humanoid robots with artificial intelligence; robots for laboratory use; temperature controllers; electric terminal blocks; image processors; semiconductor inspection apparatus; incubators for bacteria culture; incubators for laboratory use; plant growth chambers for laboratory use; clean benches for laboratory use; biological safety cabinets for laboratory use; computer hardware and software for VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; computer hardware and software for Internet of Things (IoT); computer hardware and software for machine-to-machine (M2M) communication; computer hardware and software for text-to-speech converting; computer hardware and software for management of customer information; computer hardware and software for point-of-sales [POS] systems; computer database servers; computer groupware; downloadable cloud computing software; electronic control units for vehicles; electronic control units for vehicle batteries; head- up displays for vehicles; sonars; digital panel meters; electronic data archiving apparatus; electronic data storing apparatus; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents, irradiation and fire; parts and

fittings for all the aforesaid goods.

Class 10

Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopaedic articles; suture materials; therapeutic and assistive devices adapted for the disabled; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles; medical apparatus and instruments; medical therapy instruments; sensor apparatus for medical use in diagnosis; lasers for medical purposes; ultrasonic medical diagnostic apparatus; hearing aids; electronic blood pressure meters; blood pressure measuring apparatus; massage chairs; massage beds for medical purposes; esthetic massage apparatus; thermometers for medical purposes; low frequency electric therapy apparatus; high frequency electric therapy apparatus; electrical therapeutic appliances; air mattresses for medical purposes; massage mats for medical purposes; inhalers; electric heating pads for medical use; sheets for medical use; electrically heated carpets for medical use; pillows for therapeutic use; blood testing apparatus; apparatus for blood analysis; apparatus for use in medical analysis; apparatus for DNA and RNA exams for medical purposes; foot massagers; diagnostic apparatus and instruments for medical purposes; testing apparatus and instruments for medical purposes; electric blankets for medical purposes; oral irrigators; beds specially made for medical purposes; body rehabilitation apparatus for medical purposes; dental intra-oral cameras; incubators for medical purposes; blood pressure monitors; medical instrument cabinets; battery-operated scalp massagers; genetic testing apparatus for medical purposes; body rehabilitation apparatus for medical purposes; apparatus, devices and articles for nursing infants, elderly and disabled persons; invalid lifts; transfer aids for nursing care use; chairs specially made for nursing care use; body composition monitors; electric facial massagers; parts and fittings for all the aforesaid goods.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; lighting apparatus and installations; electric light bulbs; incandescent lamps; miniature light bulbs; flashlights [torches]; electric lanterns; motion sensitive security lights; discharge lamps; stage lighting apparatus; wall lights; ceiling lights; germicidal lamps; chandeliers; downlights; desk lights; sockets for electric lights; lanterns; spotlights; safety lamps; light diffusers; searchlights; cycle lights; electric fans; portable searchlights; pen lights; installations for cooking; electric cooking utensils; microwave ovens; bread baking machines; electric kettles; electric cooking pots; electric pressure cookers; electric rice cookers; electric rice warmers; electric food warmers; electric roasters; cooking ovens; toasters; electric sandwich toasters; electric coffee makers; electric ice cream makers; electric cooking stoves; gas cookers; induction cookers; electric cookers; electric cooking pans; fermenting machines for heating food products; sinks; faucets; electric frying pans; refrigerators; gas refrigerators; freezers; water dispensers; heating and cooling apparatus for dispensing hot and cold beverages; water coolers; ice makers; cool boxes, electric; refrigerating display cabinets; refrigerating showcases; freezing showcases; heat exchanger-typed air cooling units; ventilating apparatus and instruments; electric fans; ventilating fans for household use; dehumidifiers; humidifiers; air curtains; ceiling fans; ventilating fans; electrostatic precipitators for cleaning air; electric air blowers for air conditioning or ventilating; air purifying apparatus and machines; filters for air purifiers; range hoods; air filtering installations; installations for air heating; air conditioners; air conditioners for vehicles; air filters for

air conditioners; heat exchangers, other than parts of machines; electrically heated carpets; electric space heaters; electric blankets, not for medical purposes; electric radiant heaters; hot-water space heating apparatus; electric heating apparatus; electric foot warmers; floor heating apparatus; heaters for vehicles; electric water heaters; gas fired heaters; water heaters; gas water heaters; heat pumps; solar water heaters; waste water treatment apparatus; water supply installations; watering installations, automatic; sanitary installations and apparatus; toilet stool units with a washing water squirter; saunas; showers; shower apparatus; shower heads; water boilers; bathtubs; bathroom installations; bathtub jets; whirlpool baths; toilets; toilet bowls; water ionizers; bidets; portable toilets; portable bidets; wash-hand basins [parts of sanitary installations]; sterilizers; water softening apparatus; water purifying apparatus; drying apparatus; clothes drying machines; electric clothes drying machines; electric hand dryers; electric hair dryers; electric dish dryers; dish dryers; electric hair steamers; steam facial apparatus [saunas]; electric facial pore cleaning apparatus namely, facial sauna apparatus; electric autoclaves; facial saunas; fabric steamers; watering machines for agricultural purposes; fog generators for air conditioning, purifying and sterilising purposes; ventilation hoods; air deodorizing apparatus; apparatus for generating ultrapure water; cooling water circulation apparatus; hazardous liquid treatment apparatus; air nozzles for air conditioning; thermal incineration installations; solvent recovery and recycling installations comprised primarily of equipment for the recovery and purification of gases in industrial applications for reuse; wash-hand bowls [parts of sanitary installations]; automatic temperature regulators for central heating radiators; fan coil units for air conditioning; ionisation apparatus for the treatment of air or water; ozone water generators; refrigerating containers; freezing containers; coffee roasters; parts and fittings for all the aforesaid goods.

Class 20

Furniture, mirrors, picture frames; unworked or semi-worked bone, horn, whalebone or mother-of- pearl; shells; meerschaum; yellow amber; containers, not of metal, for storage or transport; microwave oven racks; drying machine racks; television stands [furniture]; audio racks [furniture]; hangers for clothes; hanger rails for closets; washstands [furniture]; kitchen cabinets; storage cabinets [furniture]; wall cabinets; mail boxes, not of metal; chairs [seats]; kitchen units [furniture]; shoe cabinets; closets; storage boxes [furniture]; non-metal storage boxes for home delivery services; counter tops for use with sinks; tables; table tops; Japanese style low tables (zataku); kitchen tables; kitchen worktops; pillows; non-metallic shelf dividers; wall partitions [furniture]; non-metallic laundry poles; shelves [furniture]; wall shelves [furniture]; chests, not of metal; non-metallic carrying boxes for storage [furniture]; steps [ladders], not of metal; racks [furniture]; counters [furniture]; pet houses; nesting boxes for pets; step stools, not of metal; water storage tanks, not of metal or masonry; rainwater tanks, not of metal nor of masonry; bathroom stools; towel hooks, not of metal; beds; mattresses; lockers; transport and storage containers, not of metal; parts and fittings for all the aforesaid goods.

Class 35

Advertising; business management; business administration; office functions; providing information concerning commercial sales; business information; commercial information agencies; rental of photocopying machines; publicity material rental; rental of vending machines; rental of office machinery and equipment; retail or wholesale services for consumer electric or electronic appliances; retail or wholesale services for nursing care products; retail or wholesale services for communication apparatus;

retail or wholesale services for sports goods; retail or wholesale services for building materials; retail or wholesale services for pharmaceutical, veterinary and sanitary preparations, and medical supplies; retail or wholesale services for food and beverage; advertising and publicity services; providing employment information; arranging newspaper subscriptions for others; providing information or news in the field of business; data processing services; commercial information and advice for consumers [consumer advice shop]; arranging subscriptions to telecommunication services for others; business information or consulting services relating to the electric energy industry; business management analysis and business consultancy; marketing research or analysis; preparation of financial statements; administrative services relating to the relocation of personnel; retail or wholesale services for electrical machinery and apparatuses; retail or wholesale services for laboratory apparatus and instruments; retail or wholesale services for electric washing machines; retail or wholesale services for vacuum cleaners; retail or wholesale services for dish washing machines; retail or wholesale services for audio visual equipment; retail or wholesale services for navigation apparatus; retail or wholesale services for computers; retail or wholesale services for computer software; retail or wholesale services for batteries and cells; retail or wholesale services for medical apparatus and instruments; retail or wholesale services for electric shavers; retail or wholesale services for electrical cooking apparatus; retail or wholesale services for cooling apparatus; retail or wholesale services for heating apparatus; retail or wholesale services for refrigerating apparatus; retail or wholesale services for drying apparatus; retail or wholesale services for lighting apparatus and instruments; retail or wholesale services for beauty implements for humans; business planning services and consultancy relating thereto; equipment and inventory management services and consultancy relating thereto; sales management services and consultancy relating thereto; business process management services and consultancy relating thereto; client and customer management services and consultancy relating thereto; business management and administration of the purchase and sale of goods and consultancy relating thereto; company receptionist services and consultancy relating thereto; providing business and promotional multilingual information and consultancy relating thereto; computerized production management (stock control) services and consultancy relating thereto; business management services in the field of energy management and monitoring and consultancy relating thereto; business management of customer information and consultancy relating thereto; data management services; design, production and distribution of advertising materials; billing services in electronic commerce transactions; business consultancy in the fields of energy consumption and usage conservation to improve energy efficiency; personnel management services and consultancy thereto; collecting, providing and analysis of business data relating to customers; business information analysis; business research and analysis of behavior patterns of customers, employees and users; business research and analysis of moving patterns of objects, cargos and materials; organization or management of trade fairs for commercial and advertising purposes; business consultancy services in the field of agriculture; clerical employment agency services.

Class 36

Insurance; real estate affairs; financial and monetary transaction services; issuance of credit cards; electronic payment services; electronic funds transfer services; providing information in the field of real estate; real estate brokerage; management of buildings; leasing or renting of buildings; real estate agency services relating to the purchase and sale of buildings; real estate management services relating to land; leasing of

land; real estate agency services relating to the purchase and sale of land; real estate information; real estate agency services; real estate appraisal; elderly housing agency services; financial loan consultation; insurance consultancy and information; insurance brokerage.

Class 37

Building construction; installation, repair or maintenance of electric appliances; installation, repair or maintenance of radios; installation, repair or maintenance of television sets; installation, repair or maintenance of telecommunication apparatus and machines; installation, repair or maintenance of household electric appliances; installation, repair or maintenance of lighting apparatus; installation, repair or maintenance of power distribution and control apparatus; installation, repair or maintenance of electric motors; installation, repair or maintenance of measuring apparatus and instruments; installation, repair or maintenance of testing apparatus and instruments; installation, repair or maintenance of medical apparatus and instruments; installation, repair or maintenance of metalworking machines and tools; installation, repair or maintenance of cooking apparatus; installation, repair or maintenance of automatic vending machines; installation, repair or maintenance of water purifying apparatus; installation, repair or maintenance of musical instruments; installation, repair or maintenance of watches and clocks; installation, repair or maintenance of water heaters; installation, repair or maintenance of bath equipment; installation, repair or maintenance of toilet stool units with a washing water squirter; installation, repair or maintenance of computer hardware; installation, repair or maintenance of air-conditioning apparatus; installation, repair or maintenance of office machines and equipment; installation of machinery; repair or maintenance of vehicles; installation, repair and maintenance of computers and computer peripherals; installation, repair or maintenance of computer printers; installation, repair or maintenance of printing machines; installation, repair or maintenance of 3D printers; installation, repair or maintenance of telephones; telecommunication wiring; rental of construction equipment; installation, repair or maintenance of laboratory apparatus and instruments; installation, repair or maintenance of electronic apparatus; installation, repair or maintenance of wheelchairs; construction; construction consultancy; construction information; installation, repair or maintenance of freezing machines and apparatus; rental of laundry washing machines; rental of dish washing machines; rental of cleaning machines; rental of drying machines; rental of laundry dryers; rental of dish drying machines; installation, repair or maintenance of audio-visual apparatus and equipment; installation of industrial machinery; installation of manufacturing machines and apparatus; installation, repair or maintenance of welding machines and apparatus; installation of radio apparatus and instruments; installation of radio systems and networks; consultancy relating to the repair or maintenance of measuring and testing machines and instruments; providing information relating to the repair or maintenance of measuring and testing machines and instruments; lift installation and repair; installation or adjustment of antennas; maintenance and repair of buildings; building construction supervision; installation, repair or maintenance of transport and storage containers; installation, repair or maintenance of lockers.

Class 42

Scientific and technological research, development and testing and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; testing and

research services relating to electric and electronic machines, apparatus and instruments; computer rental; providing temporary use of non-downloadable computer software; website design; hosting computer sites [websites]; updating of computer software; recovery of computer data; hosting and maintaining the websites of others; file sharing services, namely, providing a website featuring technology enabling users to upload and download electronic files; photo sharing services, namely, providing a website featuring technology enabling users to upload, view, and download digital photos; providing non-downloadable computer software for use in digital image processing; providing non-downloadable computer software for browsing information on the Internet; electronic data storage; rental of electronic storage space on the Internet; rental of web servers; providing meteorological information; technical advice relating to operation of computers; technological advice relating to automobiles and other machines, apparatus and instruments; testing and research services in the field of electricity; architectural design; designing other than for advertising purposes; cartography and mapping services; providing a website featuring technology enabling users to upload and download electronic files; providing a website featuring technology enabling users to edit photos, create photo albums and upload photos and photo albums; providing a website featuring technology that enables online electronic conference systems via cloud computing; computer diagnostic services; provision of cloud computing services for remote desktop solutions via virtual computer systems; computer system monitoring and maintenance; computer system software design and installation; computer system technical support services in the nature of diagnosing of computer hardware and software problems; technical advice relating to equipment inspection; technical advice relating to information security diagnosis; technical advice relating to assessment of information security vulnerability; technical advice relating to technical data and information analysis; technical advice relating to cloud computing; technical advice relating to business information security and protection; technological advice relating to Internet of Things (IoT); technological advice relating to machine-to-machine (M2M) communication; technological advice relating to digital content distribution; technical advice relating to identification and authentication of persons; technological advice relating to billing in electronic commerce transactions; technical advice relating to remote video monitoring; technological advice relating to operation and control of plant factory systems; technological advice relating to operation and control of agricultural apparatus and systems; technological advice relating to management and control of plant cultivation; technological advice relating to operation and control of water treatment systems; technical advice relating to monitoring of air contaminants and pollutants; technological advice relating to visualization and analysis of air flow; technological advice relating to operation and control of autonomous-driving vehicles; design, development and maintenance of computer systems and software for remote access to computer terminals and networks; design, development and maintenance of computer systems and software for scanning, detecting and eliminating of viruses, spyware and malware; design, development and maintenance of computer systems and software for search, analysis and detection of security incidents and access logs; design, development and maintenance of computer systems and software for assessment of information security vulnerability; design, development and maintenance of computer systems and software for data and information analysis; design, development and maintenance of computer systems and software for cloud computing; design, development and maintenance of computer systems and software for sales management; design, development and maintenance of computer systems and software for computer database searches; design, development and

maintenance of computer systems and software for providing storage, archiving, backup, and management of electronic data via network connection; design, development and maintenance of computer systems and software for detecting and analyzing the presence of individuals or objects; design, development and maintenance of computer systems and software for detecting and analyzing the location, staying time and moving route of individuals or objects; design, development and maintenance of computer systems and software for computer file management; design, development and maintenance of computer systems and software for VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; design, development and maintenance of computer systems and software for Internet of Things (IoT); design, development and maintenance of computer systems and software for machine-to-machine (M2M) communication; design, development and maintenance of computer systems and software for video surveillance; design, development and maintenance of computer systems and software for text-to-speech converting; design, development and maintenance of computer systems and software for remote video monitoring; design, development and maintenance of computer systems and software for management of customer information; design, development and maintenance of computer systems and software for point-of-sales [POS] systems; design, development and maintenance of computer systems and software for operation and control of plant factory systems; software as a service [SaaS]; software as a service [SaaS] for management and control of mobile computer or communication devices; software as a service [SaaS] for data storage management; software as a service [SaaS] for scanning, detecting and eliminating of viruses, spyware and malware; software as a service [SaaS] for data and information analysis; software as a service [SaaS] for cloud computing; software as a service [SaaS] for sales management; software as a service [SaaS] for client and customer management; software as a service [SaaS] for detecting and analyzing the presence of individuals or objects; software as a service [SaaS] for detecting and analyzing the location, staying time and moving route of individuals or objects; software as a service [SaaS] for Internet of Things (IoT); software as a service [SaaS] for machine-to-machine (M2M) communication; software as a service [SaaS] for digital content distribution; software as a service [SaaS] for text-to-speech converting; software as a service [SaaS] for computerized production management; software as a service [SaaS] for remote video monitoring; software as a service [SaaS] for management of customer information; software as a service [SaaS] for point-of-sales [POS] systems; software as a service [SaaS] for virtual reality image processing; analysis of computer database performance; cloud computing; consultancy relating to cloud computing; digitization of documents [scanning]; infrastructure as a Service [IaaS]; computer server administration; design, development and hosting of computer databases; electronic storage of archived data; configuration, installation and maintenance of firewalls for data security; technical verification and validation (quality assessment) of product operation; technical verification and validation (quality assessment) of computer networks; technical verification and validation (quality assessment) of computer systems; product design; analysis and evaluation of products; structural analysis and evaluation of buildings in the nature of building and structural inspection services [engineering, quality assessment, and surveying services]; materials testing and analysing; chemical testing, analysis and evaluation services; testing and analysis of computer network connection; consultancy relating to research and development of products; technical inspection services; consultancy relating to design, programming and maintenance of computer software; creating web sites for others; rental of computer software; technical consultancy relating to the design of computer hardware, software and

computer peripherals; computer technology consultancy; hosting platforms on the Internet; installation of computer software; design of telecommunication machines and apparatus and radio communication machines and apparatus, and consultancy relating to such design; design and development of computer hardware, software and databases; rental of memory space for servers on the Internet; rental of computer servers; rental of measuring or testing machines and instruments; engineering relating to measuring or testing machines and instruments; design of measuring or testing machines and instruments; design and development of navigation systems; architectural research; research on city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; conducting surveys on energy consumption and providing information thereof; consultancy and information in the field of energy saving and efficiency; surveying; architectural services; construction drafting; architectural consultation; providing information in the field of architectural design; geological surveys or research; design of building interiors and exteriors; monitoring of computer systems by remote access; research and development of new products for others.
