PRACTICE DIRECTION NO. 2 OF 2005
REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

PRACTICE DIRECTION NO. 2 OF 2004
HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (b) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Dated this 1st day of July 2004.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 42

Design consultancy; conducting of technical feasibility studies for design purposes; design of advertising materials for others; design of brands; corporate identity design; corporate image design services; design and creation of art work; graphic design; graphic art design services; design services relating to printed matter and multimedia materials; web site creation and design; computer aided graphic

design; design of printed matter; design of printed matter for use in marketing; design of publicity material; design of stationery; design services relating to the layout of documents; design services relating to publishing; commercial design services relating to printing; design of materials for printing and publishing; design of storage systems; technical assessments relating to design; packaging design services; commercial design services; design services relating to signs; visual design; design of exhibition stands; computer-aided design services; consultancy relating to design; custom design services; design of computer documents; design of bar codes; advisory services relating to computer software used for printing; programming of computers for the printing of bar codes; advisory services relating to computer software used for publishing; design and development of electronic data security systems relating to documents; data security services relating to data in documents; consultation services relating to databases and database use; recovery of computer data; computer systems analysis relating to the tracking of documents and other materials through the use of computer systems and computer programming; providing temporary use of non-downloadable computer software for tracking assets and documents over computer networks, intranets and the internet; research relating to database management; research relating to information and data retrieval, distribution and storage; development of systems for the storage of data; computer software design; computer specification and systems design; designing information systems; database design; design of information systems; design services relating to data processors; design and implementation of on-line market places for the conducting of business to business electronic commerce; advisory services relating to computer systems, computer systems analysis, computer systems design, computer hardware, software and firmware; computer systems analysis and design; providing computer systems for customers; computer programming services; consultancy services relating to information technology; consultancy and advisory services in the field of computers, computer hardware, computer software and computer networks; customisation, updating and maintenance of computer software; computer support and maintenance services; designing, maintaining, updating, programming and rental of human resource information technology systems; research and development for others; design of interior decor; disaster recovery services for data communications systems, electronic systems and computer systems; disaster recovery planning for data communications systems, computer systems and electronic systems; design of business premises; office layout design services; technical project management; technical project management of computers, software, firmware, IT, office equipment and office functions services; design project management; creating and maintaining web sites; research and development of multimedia, intranet and internet and electronic communications sites and functions; hosting computer sites and websites; web site design; scientific and technological services; hosting of websites for others; scanning of hard copy information to create databases; professional consultancy relating to computer security; development and testing of electronic communications, word processing and information processing systems; research relating to security; testing of security products; web site hosting; services allowing users of a global communications network to conduct searches for information on a wide variety of subject matters; storage of information relating to goods and services utilising electronic communications networks; design and development of electronic databases relating to goods and services; creation, design, development and maintenance of web sites;

design, drawing and commissioned writing for the compilation of web pages; design and development of multimedia and electronic publications and catalogues; providing support and maintenance services for computer software; creation, design, development, rental, updating and maintenance of software and/or firmware; computer programming; research, design, development, advisory, engineering, information and consultancy services relating to computer hardware, software, firmware, websites, electronic communications sites; research, design, development, writing, programming, advisory, engineering, information and consultancy services relating to software and/or firmware which assists users to search data, information sounds and signals; research, design, development, writing, programming, advisory, engineering, information and consultancy services relating to software and/or firmware which assists users to locate and select one or more items from a database, catalogue, list; research, design, development, writing, programming, advisory, engineering, information and consultancy services relating to software and electronic apparatus to enable connection to databases, the Internet and other communications networks; development of computer software; diagnosis of faults in software; professional advisory services relating to the software; project studies relating to software; writing of software; installation and maintenance of computer software; technical consultancy in the field of information technology and computers; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; installation, maintenance and repair of computer firmware and software; recovery of electronic data; computerized analysis of data; conducting tests of electronic data processing systems; consulting services relating to computer data handling; conversion of data; data security, encryption, recovery, mining and decoding services; computer programming services for data warehousing; designing and development of data processing, transmission and storage systems; development, updating and maintenance of data bases; engineering services relating to automatic data processing; disaster recovery services for data systems, relating to data base management; hire, rental and leasing of data processing hardware, software and firmware; design, engineering, installation and actualization of programs for data processing; professional consultancy relating to data processing; rental of computers and software for data processing; research relating to data processing; technical data analysis services; technical advisory services relating data processing; provision of information relating to scientific and technological services and research and design related thereto; industrial analysis and research services, design and development of computer hardware and software, and the above services utilizing electronic communications networks; providing the aforesaid services using the Internet and other electronic communications networks; information supplied on the Internet or other electronic communications networks relating to the aforesaid services; electric data verification and storage services; secure electronic commerce computer server hosting services; scanning information, data and images onto computer discs, data carriers, CDs, CD-ROMs, CDJs, DVDs, media for storing information data signals images and/or sound; scanning information onto machine readable media; scanning information, data and images onto computers and data processing apparatus; scanning information, data and images onto databases; programming of computers for printing; consultation, advice, assistance, and information relating to the aforesaid services; consultancy services relating to computer networks

and interfaces for businesses; consultancy services relating to computer software, firmware and hardware; consultancy services relating to electronic data storage in computers and electronic networks; electronic data storage.

WILLIAMS LEA GROUP LIMITED

1-5 POLAND STREET, LONDON W1F 8PR, UNITED KINGDOM

T1401042C (07 42)
(International Registration No. 1189919)

Date of International Registration : 01/11/2013

Date of Protection in Singapore: 01/11/2013

LIST

Class 07

Machines and facilities for high viscosity chemical technologies, namely, single and twin shaft kneader reactors; industrial mixing and kneading machines; components for mixing and kneading machines, namely, housings, shafts, mixing arms and mixing rotary devices; kneading machines; bearings; drives for machines; feeding and discharging apparatus; dust removing installations for cleaning purposes; pumps for the extraction of vapour (machines).

Class 42

Technical consultancy, development and engineering in the field of high-viscosity chemical technology for industrial goods, in particular in the field of heat exchange and materials transfer using mixing and kneading machines and related facilities, design of industrial machines and facilities.

Priority Claims:

Class 07

03/05/2013

Switzerland

All goods/services claimed in this application.

Class 42

03/05/2013

(International Registration No. 916993)

Date of International Registration : 02/08/2006
Date of Protection in Singapore: 21/11/2013

Class 07

Machines for electric welding and cutting, included in this class, in particular welding machines, automatic welding machines, welding torches (part of welding machines), plasma arc cutting and plasma arc welding machines, plasma torches (part of plasma arc cutting machines), plasma torches (part of plasma arc welding machines), welding current generator, industrial robots (machines), gas soldering apparatus; welding apparatus (gas-operated); cutting machines and cutting torches (gas-operated).

Class 09

Electric welding apparatus and tools, welding electrodes, bar electrodes, included in this class; electric arc welding apparatus, electric arc cutting apparatus, electric laser welding apparatus; wire supplying and feeding devices (part of electric welding or electric arc welding apparatus); apparatus for controlling electricity for welding or cutting apparatus, electric current sources for welding or cutting apparatus, namely welding current rectifiers, welding transformers (electricity) and welding electric converters; endoscopes for industrial use; ultrasonic testing apparatus, other than for medical use; fracture testing devices; electronic controls for electric welding and electric cutting apparatus, handling devices or robots; microprocessor controls; computer software and programs on data carriers; protection equipment for welding operators including welding bucklers, masks, helmets, shields, safety glasses and gloves, all the aforementioned goods as far as included in this class.

Class 42

Technical project studies and construction drafting planning for the development of electric current sources and welding apparatus, devices and controls, in particular in connection with electronic systems for electric current sources or welding apparatus; development of computer software and computer programs, in particular for welding apparatus, for controls, for quality assurance and for job management; development of new welding methods or new weld metals for such methods for third parties; technical consulting in the fields of welding engineering and robotic engineering; engineering services.
