REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

The following claim is made in the International Registration: Colour(s) claimed: Red, Orange, Gold and Grey.

Class 09

Computer software; computer hardware and firmware; computer hardware, computer software and wearable computing devices for controlling the operation of video and audio devices for viewing, transmitting, playing, receiving and recording data, images, audio, video and multimedia files and content; computer application software for mobile phones and other wireless devices, namely, software for use in recording, viewing, storing, sharing and analysing online audio and video; computer software for monitoring and controlling web-accessible cameras; computer software platform for the remote management, operation, analysis and monitoring of cameras, video cameras, wearable electronic devices, access control systems, and security-related systems, alarms, equipment, software and hardware; computer software platform for the transmissions, analysis, streaming, recording, editing, processing, enhancing and viewing of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras, and presentation of business intelligence information derived from said video footage and other information sources; computer software for the analysis of live or recorded footage from cameras, video cameras and surveillance cameras for the provision of security, marketing, operations and management data; computer software for the analysis of data from point of sale terminals; computer software integrated with cameras, video cameras and wearable electronic devices providing motion detection, target tracking, target identification, or facial recognition capabilities; computer software for facilities management; computer software to control environmental, automation, access and security systems of buildings; computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software development tools for the creation of mobile Internet applications and client interfaces; computer software for use in customer relationship management (CRM); computer software for compiling and organising data for businesses; electronic monitoring, sensing and control equipment and computer systems, all for the automation of lighting, temperature, ventilation, elevators, access, surveillance and the provision of energy and utilities in buildings; building access control equipment and systems; security equipment, alarms and systems; intruder detection systems; alarm monitoring systems; automated self-contained electronic surveillance devices that can be deployed to gather evidence or intelligence in remote locations; electric and electronic video camera and video surveillance systems and installations; electronic video surveillance products, namely, electronic components of security systems; building security systems comprising software and hardware for providing picture, video, alarm status, building plans, and other information to a remote station; closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; cameras; video cameras; 360 degree cameras; security cameras; surveillance cameras; photographic and optical apparatus and instruments; wide angle intelligent cameras; camera lenses; security-related computer software and computer software applications for mobile computer systems and smartphones (apps); computer software and apparatus for recording, transmission, processing, reproduction and analysis of audio-visual recordings, live or recorded footage from cameras, video cameras and surveillance cameras and data; computer software integrated with cameras, video cameras and surveillance cameras for the electronic monitoring of buildings, people and goods; computer software for the de-warping of images from 360 degree cameras and video cameras; electronic apparatus for the remote management and monitoring of

security, surveillance, closed circuit TV and video camera systems; home monitoring systems; wearable computers and data processing equipment; wearable computer peripherals and devices; wearable electronic devices comprised primarily of software, display screens, monitors, sensors and transmitters for monitoring, measuring, detecting and transmitting data relating to heart rate, vital signs, blood pressure, glucose levels, biometrics, motion, geographic location, altitude, physical activity and fitness, with connectivity to smart phones, computers, tablet computers and portable computers, and also featuring a wristwatch; wearable electronic devices providing health, medical, fitness and well-being information; near field communication (NFC) technology-enabled, GPS-enabled and location-aware wearable electronic devices capable of wireless communication and connectivity with smart phones, computers, tablet computers and portable computers, namely devices worn on the body such as glasses, watches, wristbands, armbands, bands, bracelets, patches, and badges, or devices integrated with footwear, headwear, belts, gloves, and clothing; wearable and portable electronic devices for capturing, receiving, sensing, monitoring, collecting, recording, remote-controlling, displaying, organizing, editing, manipulating, transmitting, sharing, manipulating and reviewing audio, images, video, data, text, maps, audio-visual recordings and live or recorded footage from cameras and video cameras; wearable computing devices allowing the remote monitoring and control of facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and identification (RFID) tags and readers; parts and fittings for all of the aforesaid.

Class 35

Providing business intelligence services; providing business intelligence analytics and data in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, and the management and operation of businesses, facilities and buildings; providing business intelligence analytics and data derived from audio-visual recordings and live or recorded footage from cameras, video cameras and wearable electronic devices; providing business management information in connection with consulting and advisory services in the field of strategic planning; business process management services; analysis of business information and statistics; analysis of business management systems; analysis of market research data and statistics; providing business intelligence services to facilitate the management of businesses and buildings; services relating to the recording, compilation and analysis of business data, all for business purposes; provision of business assistance through the exploitation of business data, all for business purposes; market research business data retrieval services for business purposes; the provision of commercial information and the compilation and systemization of information into computer databases, all for business research and marketing; billing services in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, and the management and operation of businesses, facilities and buildings; providing business management information, market research data and statistics derived from audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; computerised point-of-sale data collection services for retailers; preparation of business reports; preparation of business reports relating to marketing, sales, energy consumption, staffing and loss prevention; online retail services connected with the sale of computer software, computer hardware, computer software platforms, wearable computers, wearable electronic devices, medical and veterinary devices, monitors, sensors,

cameras, video cameras, camera lenses, RFID tags and readers, watches, bracelets, glasses, watches, wristbands, armbands, bands, bracelets, patches, badges, or devices integrated with footwear, headwear, belts, gloves, clothing, audio-visual recordings, including the aforesaid goods for monitoring, surveillance, security and medical purposes also provided via the Internet; information, advisory, support and consultancy services relating to the aforesaid.

Class 38

Telecommunications services, namely, electronic, digital or wireless transmission of sound, audio, images, video, data, audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; computer-aided transmission and streaming of sound, audio, images, video, data, audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras via the Internet, a global computer networks, intranets or extranets; telecommunications gateway services; providing telecommunications access to databases and on-line databases and leasing telecommunications access time to online databases; video transmission over digital networks for surveillance services; providing Internet chat room services related to security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, and the management and operation of businesses, facilities and buildings; providing access to a website featuring audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; transmission of sound, audio, images, video, data, audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras to a wearable device; computer transmission of online based services accessed via an RFID tags, smart phones, computers, tablet computers and portable computers; information, advisory, support and consultancy services relating to the aforesaid.

Class 41

Education; providing of training; providing of training, non-downloadable publications and educational information all in relation to computer hardware, computer software, computer platforms, security, surveillance, cameras, video cameras, surveillance cameras, building automation equipment and systems, building access control equipment and systems, security equipment, alarms and systems, intruder detection systems, facilities management systems, systems to control environmental, automation, access and security of buildings, and business management information and data; providing non-downloadable, audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras via the Internet or video-on-demand services; education services namely staff training services; information, advisory, support and consultancy services relating to the aforesaid.

Class 42

Design and development of computer software; design, development, installation and updating of computer software in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; application service provider (ASP), namely, developing, hosting and maintaining software applications and web sites in the fields of security, surveillance, retailing,

entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; providing on-line, non-downloadable, Internet-based software applications in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; software as a service (SaaS) services featuring hosted computer software platforms for use by others as pre-configured and integrated technology platforms to solve specific business problems in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; platform as a service (PaaS) services featuring hosted computer software platforms for use by others as pre-configured and integrated technology platforms to solve specific business problems in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; infrastructure as a service (IaaS) services featuring hosted computer software platforms for use by others as pre-configured and integrated technology platforms to solve specific business problems in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; video surveillance as a service (VSaaS) services, namely providing a hosted computer software platform for the viewing, recording, playback of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras via a secure web site, and for the provision of related alerts; video surveillance as a service (VSaaS) services, namely providing a hosted computer software platform for the remote management, operation, analysis and monitoring of surveillance cameras and related facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control systems; video surveillance as a service (VSaaS) services, namely providing a hosted computer software platform for the transmission, analysis, streaming, recording and viewing

of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; video surveillance as a service (VSaaS) services, namely providing a hosted computer software platform for the analysis of live or recorded footage from cameras, video cameras and surveillance cameras for the provision of security, marketing, operations and management data; providing online non-downloadable software for recording, viewing, storing, sharing and analysing online audio and video and for monitoring and controlling the operation of web-accessible cameras and video and audio devices; technical design and development of cameras, video cameras, 360 degree cameras, surveillance cameras, security cameras, wearable electronic devices, facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control systems; technical research and analysis related to cameras, video cameras, 360 degree cameras, surveillance cameras, security cameras, wearable electronic devices, facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control systems; engineering and system analysis in the field of home security systems; technical support services, namely technical advice related to installation, management, updating and administration of computer software in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; technical support services, namely technological advice related to the management, updating and administrating of cameras, video cameras, 360 degree cameras, surveillance cameras, security cameras, wearable electronic devices, facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control systems; technical support services, namely technical advice related to the installation and maintaining of software for cameras, video cameras, 360 degree cameras, surveillance cameras, security cameras, wearable electronic devices, facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control systems; technical support services, namely, 24/7 technical monitoring of computer software in the fields of security, surveillance, retailing, entertainment, sales and marketing, health and safety, human resources, monitoring of people and property, wearable technology, building access control, intruder detection, building automation, building environmental control, the management and operation of businesses and facilities and buildings, the provision of business or marketing information and data, and recording, transmission and analysis of audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras, and notification of related events and alerts; technical support services, namely, technical inspection and testing services to ensure the correct technical operation of cameras, video cameras, 360 degree cameras, surveillance cameras, security cameras, wearable electronic devices, facilities management systems, building access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control

systems, and notification of related events and alerts; remote monitoring of computer systems for electronic function of anti-intrusion alarms, wearable electronic devices, or cameras, video cameras, security cameras and surveillance cameras, for the purposes of ensuring the correct technical operation of the aforesaid apparatus and devices; electronic storage of sound, audio, images, video, data, audio-visual recordings and live or recorded footage from cameras, video cameras and surveillance cameras; providing technology information updates for home security systems via the global computer network; testing of security systems; hosting an on-line platform that allow users to remotely view, monitor, program, operate and control large and small appliances, electrical systems and security systems in homes, offices and vehicles; hosting an online website for hosting live or recorded footage from surveillance cameras, for security purposes; information, advisory, support and consultancy services relating to the aforesaid.

Class 45

Security services; security services for the protection of property and individuals; electronic monitoring of people for security purposes, including through the use of data obtained from wearable electronic devices; remote monitoring of cameras, video cameras, surveillance cameras, security cameras, facilities management systems, building security access control equipment and systems, security equipment and systems, intruder detection and alarm systems, building automation equipment and systems, and building environmental control systems for security purposes, and notification of related events and alerts; control of building surveillance cameras, security cameras, security access control equipment and systems, security equipment and systems, and intruder detection and alarm systems, all for security purposes; home security monitoring using wireless and wired sensors for glass breakage, motion detectors, pool alarms, water alarms and shutoff valves, gate, door and window contact sensors, severe weather alarms; monitoring of alarms via remote monitoring devices, namely, monitoring of alarms and home security systems for security purposes to dispatch notification to third parties; advisory services in the field of home security systems; computerised security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of point of sale activity indicating theft, fraud, or other criminal activity; monitoring of security systems used in electronic tracking for use in connection with homeland security; security services, namely, providing security assessments of physical locations, information systems, and working environments; identification verification services, namely, providing authentication of personal identification information; surveillance services featuring audio-visual recordings and live or recorded footage from surveillance cameras, security access control devices, security-related computer software and hardware, a computer software platform for the analysis of point of sale terminal activity, all for the purposes of analysing security; surveillance services featuring biometric technology for detecting, tracking and recognising images and faces, all for security purposes; remote monitoring services related to security systems; remote management services related to security systems, namely the operation of security systems from remote locations; personal services namely authentication of personal information and profiles using data obtained from wearable electronic devices; tracking of people for security and personal welfare purposes using data obtained from wearable electronic devices (including tracking in domestic homes, retirement homes, care homes, hospitals, hotels, construction sites, retail outlets, industrial facilities, offices, buildings and schools); criminal and security investigations involving lie detection through the use of biometric data obtained from wearable electronic devices; biometric security services

through the use of biometric data obtained from wearable electronic devices for the detection of lies; information, advisory, support and consultancy services relating to the aforesaid.

Class 09

Transmitting and/or receiving apparatus for locating a vehicle via satellite, satellite navigation apparatus, vehicle radios, navigation apparatus for vehicles (on-board computers), remote control apparatus, telephone apparatus, data processing apparatus, automatic indicators of low pressure in vehicle tires, alarms, sound alarms, anti-theft warning apparatus, ignition batteries, electric batteries, pressure indicator plugs for valves, clamps and holders for batteries, starter cables for motors, electric cables, calculators, flashing lights (luminous signals), video cameras, USB flash drives, revolution counters, meters, electrical condensers and resistors, speed checking apparatus for vehicles, protection devices for personal use against accidents, balancing apparatus, water and oil level indicators, speed indicators, alarms, readers (data processing equipment), software (recorded programs), spectacles, computer memories, pressure measuring apparatus, micro-computers, modems, on-board computers for motor vehicles and recorded software thereof, receivers (audio-video), voltage regulators for vehicles, luminous signs, simulators for the steering and control of vehicles, thermostats for vehicles, vehicle breakdown warning triangles, reflecting discs for wear, for the prevention of traffic accidents.

Class 12

Vehicles, apparatus for locomotion by land, motor vehicles, particularly trucks; vans; vans (vehicles); motorcycles; mopeds; cycles; electric power-assisted bicycles, their parts, namely suspension shock absorbers for vehicles; shock absorbers (springs) for vehicles; motors and engines for land vehicles; gear boxes for land vehicles; vehicle chassis; bodies for vehicles; transmission shafts for land vehicles; hydraulic circuits for vehicles; torque converters for land vehicles; clutches for land vehicles; axles; brakes for vehicles; vehicle wheels; vehicle wheel rims; hub caps for wheels; hubs for vehicle wheels; solid tires for vehicle wheels; steering wheels; vehicle seats; headrests for vehicle seats; security devices for vehicles such as safety belts and air bags; rearview mirrors; windshield wipers; torsion bars; bumpers; spoilers; windshields; sunroofs; windows for vehicles; caps for gas tanks; luggage carriers; saddles for cycles, bicycles and motorcycles; stands for cycles, bicycles and motorcycles; frames for cycles, bicycles and motorcycles; anti-theft devices; cigar lighters for automobiles.

Class 35

Bringing together (excluding the transport thereof) of vehicles and second-hand vehicles, their parts and accessories, enabling customers to conveniently view and purchase said goods; presentation of vehicles and second-hand vehicles, their parts and accessories on all communication media for retail purposes; organization of exhibitions for commercial or advertising purposes.

Class 36

Insurance underwriting; banking and financial services, lending, credit and lease-purchasing services particularly for the purchase of new and second-hand vehicles; vehicle insurance underwriting; life insurance underwriting; accident insurance underwriting; insurance brokerage; insurance consultancy, information and advice; services provided using credit cards and other electronic means of payment for buying fuels and lubricants and for carrying out vehicle maintenance and repair; financial services in the field of lease-purchasing and rental of vehicles; financial loans for vehicle repair; guarantee (surety) services for vehicles; financial appraisals relating to land vehicle fleets and car fleets.

Class 37

Maintenance and repair of motor vehicles; vehicle breakdown assistance (repair).

Class 38

Telecommunications, local network communications, communication by computer networks, communications via a global communication network (the Internet), electronic mail, data transmission services, dissemination of information by electronic means, particularly via global communication networks such as the Internet, telematic networks, the Internet and other electronic means; telecommunication services namely online information transmission (by telephone or via the Internet) relating to emergency and technical help or assistance; transmission of information via satellite and computer; transmission of information by telematic means.

Class 39

Transport; vehicle rental services; vehicle replacement or lending services; assistance in case of vehicle breakdown (towing); rental of garages and parking places.
