REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Clothing for men, women and children; dress shirts; polo knit tops; sport shirts; socks and stockings; gloves [clothing]; mufflers [clothing]; neck warmers.

Class 26

Tapes [haberdashery]; ribbons of textile; competitors' numbers of textile; competitors' numbers not of textile.

Class 28

Stuffed toys; dolls; dolls with straps; toys; sporting articles.

Class 35

Retail services or wholesale services for tapes [haberdashery]; retail services or wholesale services for plastic film having porous membrane form; retail services or wholesale services for transparent plastic film having adhesive on its back surface.

Class 42

Computer programming; scientific research in the field of pharmaceuticals; scientific research in the field of cosmetics; providing computer programs on data networks; rental of laboratory apparatus and instruments.

Reservoirs of metal; industrial storage tanks of metal at low heat; refrigerated and cryogenic storage tank of metal for industrial use; tanks of metal for storages of liquid fuel; metal storage containers; offshore platforms of metal; loading and unloading pallets of metal; turntables (railways); articles of common metals in the form of traversers for use in handling loads; artificial fish reefs of metal; poultry cages of metal; paint spraying booths of metal; metal molds for forming cement products; railway points; road signs of metal not luminous nor mechanical; beacons of metal non-luminous; industrial water storage tanks of metal; liquefied gas storage tanks of metal; gas storage tanks of metal; internal floating lids of aluminum for use with gas or liquefied gas storage tanks; metal pulleys, springs and valves not including machine elements; metal junctions for pipes; metal flanges; keys; cotter pins.

Class 07

Wheel loader and their parts and fittings; earth moving machines, haulage apparatus (mining), loading and dumping apparatus being parts of machines; concrete paving machines and their parts and fittings; mining machines and apparatus and their parts and fittings; loading-unloading machines and apparatus and their parts and fittings; construction machines and apparatus and their parts and fittings; snow ploughs and their parts and fittings; lumbering, woodworking, or veneer or plywood making machines and apparatus; plowing machines and implements other than hand-held tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for making agricultural aids of crude vegetable fibrous materials; fodder presses; fodder cutting machines or feed cutters; fodder mixing machines or feed mixers; cake-fodder crushing machines or feed mills; non-electric prime movers not for land vehicles other than water mills and wind mills; pneumatic or hydraulic machines and instruments; shafts, axles or spindles not for land vehicles; bearings not for land vehicles; shaft couplings or connectors not for land vehicles; power transmissions and gearing for machines not for vehicles; shock absorbers not for land vehicles; springs not for land vehicles; brakes not for land vehicles; valves not for land vehicles; lawnmowers; starters for motors and engines; AC motors and DC motors not including those for land vehicles but including parts for AC motors and DC motors; AC generators or alternators; DC generators; brush cutter; hedge trimmer; agricultural machines; agricultural implements other than hand-operated; gas turbines not for land vehicles; generators of electricity; small-sized gas turbines for activating pumps; mobile electric power generators; waste compacting machines and apparatus; waste crushing machines; washing or cleaning apparatus for LCD, integrated circuits or semiconductors, solar panels; LCD manufacturing machines and apparatus; semiconductor manufacturing machines and apparatus; integrated circuit manufacturing machines and apparatus; solar battery manufacturing machines and apparatus; plastic processing machines and apparatus; laser metalworking machines and apparatus; glass working machines and apparatus; textile milling, dyeing and washing machines; movable floor lifting machines and apparatus; pneumatic transporters; sorting machines for industry; vibration sieving machines for industrial use; metalworking machines and tools; material handling conveyors and apparatus for metal working purposes; washing

apparatus; solar power generation units; solid state electrical power generator; biomass power generation equipment; gas engines not for land vehicles; industrial waste disposal machines and apparatus; waste recycling equipment; hydro power generator units; hydroelectric turbines; wind turbines; tidal energy generator and apparatus; washing apparatus for aircraft; vehicle washing installations; automatic luggage handling machines [manipulators] for airports; baggage handling equipment at airport; chemical processing machines and apparatus; waste carbonization processing equipment; fuel tanks for internal combustion engines other than for land vehicles; exhaust gas treatment equipment for rocket engines other than for land vehicles; installations, machine systems, devices and components and equipment therefor, all for the construction, cleaning and/or remediation of pipelines, as far as included in this class; waste disposing and recycle processing equipment; waste disposers pyrolyzing hazardous substances; waste disposing equipments for producing methane gas with fermented organic waste; waste compaction apparatus (machines) for making fly ash bricks from incinerated waste by cement; stone working machines and apparatus; crushing machines for forming cement; crushing machines for refining nonferrous metals; waste disposing equipment; tunnel boring machines; shield tunneling machines; pneumatic or hydraulic transporters for heavy loads; reduction gear for turbines; turbines not for land vehicles; organic rankine cycle turbo generator; organic rankine cycle turbo generator unit; steam turbines; Diesel engines not for land vehicles and their parts and fittings; generators and their parts and fittings; superchargers or turbochargers and their parts and fittings; couplings or connectors not for land vehicles; turbo blowers not for specified purposes; compressors not for specified purposes; steam compressors; centrifugal compressors not for specified purposes; robots [machines]; industrial robots; propulsion mechanisms other than for land vehicles; hydraulic door openers and closers for railway vehicles; electric door openers and closers for railway vehicles; pumps not for specified purposes; hydraulic motors; hydraulic transmission; hydraulic cylinders; hydraulic metalworking machines and tools; hydraulic mining machines and apparatus; hydraulic construction machines and apparatus; hydraulic loading-unloading machines and apparatus; washing installations for bearings of railway rolling stock; high pressure washers; net hauling machines for fishing; food or beverage processing machines and apparatus; painting machines and apparatus; gasoline engines not for land vehicles; steam engines for vessels; jet engines not for land vehicles; rocket engines not for land vehicles; hydraulic valves; hydraulic actuators; hydraulic control apparatus for non-electric prime movers; servo motors not for land vehicles; hydraulic control apparatus for metalworking machines and tools; hydraulic control apparatus for mining machines and apparatus; pulp-making, papermaking or paper- working machines and apparatus; printing or bookbinding machines and apparatus; sewing machines; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines and apparatus; packaging or wrapping machines and apparatus; power-operated potters' wheels; machines and apparatus for manufacturing rubber goods; parts for non-electric prime movers for land vehicles; adhesive tape dispensing machines; automatic stamping machines; electric washing machines for industrial purposes; machines and machine tools for repairing and fixing leaks; mechanical parking systems; food mixing machines for commercial use; food peeling machines for commercial use; dish washing machines for industrial purposes; food cutting, chopping and slicing machines for commercial use; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; curtain drawing devices electrically operated; hydraulic pumps not for specific purposes; machine elements not for land vehicles; waste processing machines using plasma enhanced melter

processes; thrusters for vessels; propulsion equipment for vessel; lifting apparatus for floorboards using air-pressure.

Class 09

Power consumption controlling machines and apparatus; power source controlling machines and apparatus; solar batteries; photovoltaic solar panels; electrical controlling devices; computer software for controlling generators; computer software for monitoring and managing power consumption; power distribution or control machines and apparatus; electric power converter; contactless or isolated electric power supply apparatus; battery charging apparatus for electric vehicles; laboratory apparatus and instruments; measuring or testing machines and instruments; electronic calculating machines; electronic mailing machines; computers; industrial x-ray apparatus; industrial betatrons; magnetic object detectors; ultrasonic sensors; electronic door closing systems; electronic microscopes; industrial automated cell culture machines and apparatus for laboratory; computer software managing logistic system for medical users; fire fighting simulators comprised of smoke generators and fire extinguishing water detectors; computer programs for operating equipment for aircraft hangars; simulators of the steering, control and maintenance for land, aerial or marine vehicles; wind-tunnel testing apparatus; calibration devices for calibrating balance automatically; automatic balance calibration machines; testing apparatus in the nature of a wind tunnel; controllers for manometers; constant temperature controllers; thermal conditioning apparatus for pressure transducer; simulators of the steering and control for land, aerial or marine vehicles; measuring or testing machines and instruments of performance for airplane; electric or magnetic meters and testers of performance of airplane; computers and computer software to measure performance of airplane; test bench equipments for air vehicles; simulators for the flight training of air vehicles; simulators for the weapon and tactical training of air vehicles; simulators for the maintenance training of air vehicles; battery; power converter; power supplying and stabilizing machines and apparatus; battery storage device for railway vehicles; capacitors for electricity distribution and for electricity distribution control; nickel-metal hydride storage batteries for power generating systems; nickel-hydrogen electrical storage cells; rechargeable electric batteries; accumulators for electricity distribution and electricity distribution control; power distribution or control machines; electrical power distribution blocks and units; electrical distribution systems; power distribution panels; video camera controllers; camera stabilizer; security cameras; telecommunication devices and apparatus; electronic equipment for screening of baggage; electronic systems for screening of baggage; current collecting equipment for railway cars; electronic apparatus for controlling the perform of an aircraft.

Class 10

Automated cell culture machines and apparatus for medical use; medical machines and apparatus; surgical robots; robots for medical purpose.

Class 11

Boilers; heat exchangers not parts of machines; nuclear reactors; heat exchangers for the removal of gases in nuclear power plants; gasification furnaces for industrial purposes; pyrolysis furnaces for waste disposal; garbage incinerators; pressure vessels, specially adapted for nuclear reactors; heating furnaces for chemical plants; coal drying apparatus for cokes oven; tube dryer for cokes oven coal; tube dryer for high moisture brown coal; drying apparatus for industrial use; heat exchangers for removal of sulphur dioxide from flue gases; filtering installations for flue gases in desulfurization procedures; sewage treatment equipment; methane

ferment machines and apparatus for sewage disposal; sludge treatment equipment; water purification installations; calcining furnaces for industrial purposes; coolers for use in the cement industry; rotary kilns for industrial purposes; electric furnaces for industrial purposes; ventilation installations and apparatus; ionization apparatus for the treatment of air or water; light-emitting diodes [LED] electric lamps and LED lighting apparatus; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; milk sterilizers; industrial furnaces; forage drying apparatus; air-conditioning apparatus for industrial purposes; freezing machines and apparatus; electric laundry dryers for industrial purposes; hair driers and steamers for use in beauty salons; cooking apparatus and installations for industrial purposes; industrial dish drying apparatus and installations; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; solar water heaters; water purifying apparatus; tap water faucets; level controlling valves for tanks; pipe line cocks.

Class 12

Load carrying (lifting) attachments in the form of unloading tipplers for tilting railway freight cars; pusher cars for mining; puller cars for mining; ropeways for cargo or freight handling; traction engine; non-electric prime movers for land vehicles; shafts, axles or spindles for land vehicles; bearings for land vehicles; shaft couplings or connectors for land vehicles; power transmissions and gearing for vehicles; shock absorbers for land vehicles; springs for land vehicles; brakes for land vehicles; anti-theft alarms for vehicles; AC motors or DC motors for land vehicles not including their parts; water vessels, sailing vessels and their parts and fittings; air-cushion vehicles; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings; carts; adhesive rubber patches for repairing tubes or tires; baby carriages or prams; rickshaws; wheelbarrows; horse drawn carriages; bicycle trailers [riyakah]; trailers; steam turbines for vessels; aircraft and their parts and fittings; personal water crafts and their parts and fittings; screw propellers for vessels; vessel control gears; helicopters and their parts and fittings; unmanned aerial vehicles; electric railway cars; locomotives; protective heat shields in the form of protection cover for railway cars; railway rolling stock and their parts and fittings; seats of railway cars; luggage racks for railway cars; seats for railway cars; bodies for railway cars; wheels for railway cars; undercarriages for railway cars; chassis for railway cars; hand straps for railway cars; doors for railway cars; railway couplings; transmission components for land vehicles; floating production, storage and offloading vessel; high speed railway vehicles; electric locomotives; subway car or underground railway; railway passenger cars; reduction gear for vessels; sleighs and sleds for vehicle; parachutes; latches being parts or fittings of railway rolling stock; launches; ground support equipments for air vehicles, namely dollies and carts.

Class 37

Installation, check, repair or maintenance of gas turbines, power generators; repair or maintenance of power generation plants; repair or maintenance of boilers; repair or maintenance of heat exchangers; repair or maintenance of nuclear power plants; repair or maintenance of waste disposal plant; repair or maintenance of washing or cleaning apparatus for LCD, panel, semiconductor or solar battery; repair or maintenance of processing equipments for LCD, panel, semiconductor, solar battery or FRP; repair or maintenance of fiber processing plant; repair or maintenance of movable floor lifting machines and apparatus; repair or maintenance of vibration sieving machines for industrial use; repair or maintenance of metal working machines and tools; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of

material supplying devices for metalworking; repair or maintenance of washing apparatus; repair or maintenance of fairground ride apparatus; repair or maintenance of solar power units; repair or maintenance of power generation system; repair or maintenance of electricity transporting or distributing equipment and apparatus; repair or maintenance of medical machines and apparatus; repair or maintenance of automated cell culture machines and apparatus; repair or maintenance of hydro power units; repair or maintenance of wind turbines; repair or maintenance of tidal energy generator; repair or maintenance of aircraft washing installation; repair or maintenance of handling system for luggages, baggages or cargo at airport; repair or maintenance of hold baggage screening machines; repair or maintenance of hold baggage screening system; repair or maintenance of waste carbonization processing plant; repair or maintenance of chemical plants; repair or maintenance of tube dryer for industrial use; repair or maintenance of drying apparatus for industrial use; repair or maintenance of flue gas desulfurization plants; repair or maintenance of reservoirs of metal; repair or maintenance of metal storage containers; repair or maintenance of trailers; repair or maintenance of fire fighting facility; repair or maintenance of rocket-launching facility; repair or maintenance of pipelines; repair or maintenance of waste incineration plant; repair or maintenance of methane gas fermentative treatment facility; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of waste treatment plant; repair or maintenance of sewage treatment equipment; repair or maintenance of sludge treatment equipment; repair or maintenance of water purification installations; repair or maintenance of cement plant; repair or maintenance of nonferrous metal plants; repair or maintenance of waste disposing equipment; repair or maintenance of mining machines and apparatus; repair or maintenance of construction machines and apparatus; repair or maintenance of tunnel boring machines; repair or maintenance of shield machines; repair or maintenance of materials conveying machines; repair or maintenance of aircraft hangars; repair or maintenance of transporters for heavy loads; repair or maintenance of industrial robots; repair or maintenance of robots for medical purpose; repair or maintenance of vessels; repair or maintenance of offshore platforms; shipbuilding; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of plowing machines and implements other than hand-held tools; repair or maintenance of cultivating machines and implements; repair or maintenance of harvesting machines and implements; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of fodder presses; repair or maintenance of fodder cutters; repair or maintenance of fodder mixers; repair or maintenance of fodder mills; repair or maintenance of electric power converter; repair or maintenance of logistic system in hospital; repair or maintenance of biomass power generation plant; repair or maintenance of personal water crafts.

Class 42

Computer software design, computer programming, or maintenance of computer software serving with logistic system in hospital; design, writing or creating programs for use with programmable controller; computer software design, computer programming, or maintenance of computer software; computer software design for programmable controller, computer programming for programmable controller, or maintenance of computer software for programmable controller; testing, inspection or research of pharmaceuticals, cosmetics or foodstuff; development of

computer programs; rental of automated cell culture machines and apparatus for laboratory use.

Class 44

Rental of automated cell culture machines and apparatus for medical use; rental of medical machines and apparatus.

Professional business consulting services in the fields of management, operation and maintenance of industrial facilities of others in the fields of product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum extraction, petroleum refining, aerospace manufacturing, automotive manufacturing, building material manufacturing, consumer products manufacturing, food and beverage manufacturing, metals manufacturing; business management; business project management services for construction projects, business consulting in the fields of management, planning and supervision; business consulting in the field of economic feasibility studies in relation to planning, design and operations for businesses, utilities and governments, for estimating, measuring and verifying the environmental, social anti economic impact of alternatives in infrastructure design, construction and operation and for estimating, measuring and verifying the environmental, social and economic impact of practices in the fields of energy, construction, manufacturing, transportation, product distribution and utilities; business management services; advisory services for others for business purposes in the fields of architecture, interior design and urban planning design; business advisory services in the fields of architecture, interior design and urban planning design; cost analyses; consultancy relating to demographics for marketing and business planning purposes; economic feasibility studies; business advisory services in the fields of airfield planning and design, aviation and transportation management consulting, transportation master planning and feasibility studies, drainage and storm water management, environment documentation, public involvement, transportation seismic analysis, and sustainability and investment planning in the field of transportation; efficiency experts; business management and business consulting services in the fields of transportation oil and gas, renewable energy, power, chemicals, biofuels, gasification, energy management, hazardous waste, wastewater treatment, water supply, nuclear liabilities, environmental science, air pollution control, environmental management, laboratory analysis, environmental

sustainability, facilities management, government, advance technology, manufacturing, scientific labs, transportation facilities, sports facilities, energy facilities, building materials, chemicals, metals, mining, water resources, aviations, transit and rail, intelligent transport, highways and bridges, sustainable transportation services, ports and maritime, highway and traffic safety, aerospace manufacturing, automotive manufacturing, water conveyance, utility management, drinking water infrastructure, water resources and system management, and wastewater infrastructure; project management services for others for business purposes in the fields of architecture, interior design, and urban planning design; business project management services in the fields of nuclear development, nuclear maintenance, nuclear cleanup, and closure of nuclear sites; value engineering, namely, cost analysis; business management services in relation to managing logistics, reverse logistics, supply chain services, supply chain visibility and synchronization, supply and demand forecasting and product distribution processes for others; business services, namely, procuring qualified and credentialed third-party experts, professionals and other qualified personnel, and documentation and information all on behalf of others; business services, namely, providing business information regarding the purchase and sale of a wide variety of products and services of others via computer databases; business services, namely, registering, screening, credentialing, and organizing third-party vendors, suppliers, and contractors, and providing documentation and information on behalf of others; compilation and systemization of information into computer databases; database management; business management and information of commercial transactions on a global computer network; inventory control; inventory control in the field of database management; inventory management; inventory management in the field of database management; management and compilation of computerized databases; provision of commercial information from a secured access database via the Internet through which documents and images can be viewed, copied, and printed for purposes of conducting corporate transactions; providing business information in the field of locating products, describing products, rating products, pricing products and comparing prices of products via an on-line computer database; records management services, namely, document indexing for others; procurement, namely purchasing software, construction materials, construction equipment, and environmental treatment equipment for others; business management planning; business succession planning; business planning and business consultation used in facilitating hydropower services; business management of air and water processing systems and facilities for others; business consulting services related to the administration of water purification strategies; business management of waste water collection systems for others; business consulting and advisory services in the field of energy efficiency; business consulting services in the field of energy usage management and energy efficiency; management and operation assistance to commercial businesses; operation of telephone call centers for others; updating and maintenance of data in computer databases; business administration; office functions; business auditing; professional business consultancy; business management consultancy; business management and organization consultancy; business organization consultancy; advisory services for business management; business efficiency expert services; business management assistance; commercial or industrial management assistance; outsourcing services [business assistance]; procurement services for others [purchasing goods and services for other businesses]; business consultation in the field of land development and redevelopment; advisory and consultancy services in relation to all the aforesaid.

Class 37

Construction; construction management; installation of environmental

protection systems; repair and maintenance of industrial facilities for others in the fields of product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum extraction, petroleum refining, aerospace manufacturing, automotive manufacturing, building material manufacturing, consumer products manufacturing, food and beverage manufacturing, metals manufacturing; construction consultation in the field of land development and redevelopment; civil engineering construction services relating to roads, bridges, tunnels, railways, underground railways, airports, power stations, structures, buildings, ports, harbors and other infrastructure projects; civil engineering construction services relating to coastal protection and offshore structures; building construction; repair and installation services; supervising and inspecting major construction projects for others; building construction supervision; building remodeling services; building inspection; building maintenance and repair; building reinforcing; building restoration; construction and construction management of tunnels and underground structures; construction and renovation of buildings; construction consultancy; construction grading services; construction of airports; construction of medical establishments; construction and repair of roads, highways, bridges and underground utilities; construction services, namely, custom construction of commercial buildings; construction supervision; construction, maintenance and renovation of property; consultation in building construction supervision; consulting in the field of building construction; consulting in the field of hospital construction; consulting services for repair and restoration of historic buildings and structures; installation, repair and maintenance services relating to electrical engineering; erecting of commercial centers, housing areas and manufacturing plants; inspection services in the course of construction of airports, highways and bridges; pipeline construction and maintenance; pipeline installation and repair; refurbishment of buildings; technical consultation in the field of building construction; technical consultation in the field of building materials, namely, cementitious materials, asphalt and aggregates; construction, repair and maintenance of aquatics facilities; construction, repair and maintenance of water treatment facilities; consulting services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; marine construction; pump repair and maintenance; repair or maintenance of water pollution control equipment, repair or maintenance of water purifying apparatus; consultation relating to construction and maintenance of sanitation facilities; underwater building and construction; underwater dredging; design build services related to constructing commercial and industrial facilities associated with water treatment and power plants; construction of pipelines, water treatment and wastewater treatment facilities; hydroelectric factory construction and consultation; installation and maintenance of transportation and traffic equipment and systems; maintenance of building equipment; construction information; construction consultation; repair information; factory construction; harbour construction; irrigation devices installation and repair; underwater repair; warehouse construction and repair; building construction supervision services for building projects; demolition of facilities; advisory and consultancy services in relation to all the aforesaid.

Class 42

Engineering services; engineering and engineering consulting services in the fields of industrial design, product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum extraction, petroleum refining, aerospace manufacturing, automotive manufacturing, building material manufacturing, consumer, products manufacturing, food and beverage manufacturing, metals manufacturing; consultation in the fields of civil engineering, environmental engineering, mechanical engineering,

manufacturing engineering, design engineering, process engineering, pollution abatement and land use planning; planning, designing and development of infrastructure and facilities; architectural services and architectural consultancy services; architectural and design engineering consulting services; architecture and urban design planning services; architectural services relating to land development; hydrological research services; environmental engineering, and consultancy services relating to research in the field of environmental protection; mechanical, electrical and energy engineering services; industrial analysis and research services; providing planning and design services for major construction projects such as highways, bridges, tunnels, airports, rapid transit systems, ports, terminals, water resources programs, and waste disposal systems in relation to determining the financial, engineering and economic feasibility of proposed projects, and preparing preliminary designs, final designs and specifications; traffic engineering and traffic modeling; providing on line non-downloadable software designed to facilitate the capture, storage and management of project data; civil engineering; civil engineering for the design of airports, highways and bridges; computer aided design for others; conducting chemical surveys, namely, strength and chemical testing of cementitious materials, asphalt and aggregates; conducting engineering surveys; conducting of technical feasibility studies; construction drafting; consulting in the field of structural engineering; consulting in the fields of engineering and architecture; consulting services in the field of architectural design; consulting services in the field of sustainable building design; engineering services in the field of decommission, decontamination and demolition of facilities; design for others in the field of engineering; design of tunnels and underground structures; drafting of construction plans for recreation premises; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the construction of airports, highways and bridges; engineering services in the fields of physical and cyber security; graphic illustration and drawing services, namely, providing graphic illustrations and drawings of commercial and industrial building designs, and converting building designs or markups to electronic CAD drawings; inspection, quantity and quality control, supervision and verification of the quality and quantity of raw materials, commodities, manufactured, semi-manufactured and transformed goods or goods of any other nature and their conformity with national and international norms, laws, rules, practice and standards and with clients' contractual requirements; inspections of airports, highways and bridges; land surveying; land use planning services; landscape architectural design; marine, aerial and land surveying; material testing; materials testing and analysing; materials testing and evaluation; mechanical engineering; mechanical research; monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; monitoring of erosion and sedimentation; pipeline inspection services; planning and layout design for the interior space of retail business establishments; planning and layout design services for cleanroom environments; planning of buildings and infrastructure systems for buildings; product development and engineering services for others; providing quality assurance services in the field of engineering; quality control for others; research and development and consultation related thereto in the field of civil engineering; research and development of technology in the field of civil engineering; research on building construction or city planning; research relating to mechanical engineering; research, development, engineering and testing services in the fields of welding and material joining; structural

engineering design services; survey design and research, surveying; technical consultancy regarding the field of road cutting technology; technical surveying; testing or research on civil engineering; testing, analysis and evaluation of the goods and services of others for the purpose of certification; testing, analyzing and evaluating the structural properties of masonry and concrete structures; urban planning; analysis of stream water quality; bacteriological consultation and research; bacteriological research; calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation; chemical analysis; chemical research; chemical, biochemical, biological and bacteriological research and analysis; civil engineering for the design of wastewater treatment facilities; consultation services in the field of hydrological research; consulting services in the field of environmental assessment, compliance and planning; engineering and hydrological design of restoration of stream channels, marshes, estuaries, and wetlands; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the water distribution systems and wastewater systems; environmental services, namely, detection of contaminants in water; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science; engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; environmental testing and inspection services; hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; hydrologic and hydraulic modeling and design of storm drainage infrastructure; hydrologic study of surface and ground water; hydrological calculations and simulations of flood flows in streams, marshes, and wetlands; hydrological research; inspections of water treatment facilities; land surveying; land use planning services; landscape architectural design; mapping; marine, aerial and land surveying; material testing; materials testing and analyzing; materials testing and evaluation; planning of buildings and infrastructure systems for buildings; providing environmentally friendly automation solutions, namely, site evaluations, control design analysis, and integrated installation services for monitoring and controlling respective innovative devices within a designated area; providing quality assurance services in the field of wastewater treatment; providing reagent sample testing and diagnostic services for others in the fields of science and research related thereto; providing technological and scientific information about environmentally-conscious and green innovations; providing technological information about environmentally-conscious and green innovations; providing process safety, risk assessment, risk management, functional safety, mechanical integrity, and other protection services for industries and companies; research in the field of hydrogeology; research on building construction or city planning; research relating to mechanical engineering; scientific research; scientific research and development; sewer overflow monitoring services; server system monitoring services; structural engineering design services; survey design and research; surveying; surveying and engineering; technical consultancy in the field of environmental science; technical monitoring services for conditions of water; technical surveying; technology consultation and research in the field of water resources; technology consultation in the field of water resources; technology

supervision and inspection in the field of water resources; testing of filters; testing of raw materials; testing or research on civil engineering; underwater structural inspection services; urban planning; water quality control services; application service provider featuring software for use in accounting, financial management, deployment, personnel management, property, inventory control management, production control management, quality, safety, and environmental management, supply chain management, planning and schedule management, document management and earned value management; application service provider featuring software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; application services provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider, namely, providing, hosting, managing, developing, researching, analyzing, reporting, and maintaining applications, software, web sites, and databases of others in the fields of healthcare, benefits programs, employee productivity, risk management; application service provider services in the field of knowledge management to host computer application software for creating searchable databases of information and data to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; application service provider services in the field of knowledge management to host computer application software for creating searchable databases of information and data; application service provider services in the field of knowledge management to host computer application software for searching and retrieving information from databases and computer networks; computer services, namely, providing a web-based system and online portal for customers to remotely manage, administer, modify and control their end user computer devices, data and software applications; computer systems integration services; database development services; integration of computer systems and networks; IT integration services; providing a secured-access website that gives registered Internet networked institutions the ability to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer-driven transactions; software as a service services featuring database management; software as a service services, namely, hosting software for use by others for use in accounting and financial management, deployment and personnel management, property and inventory control management, production control management, quality, safety and environmental management, supply chain management, planning and schedule management, document management and earned value management; landscape architectural design; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; environmental services, namely, technical consultation in the field of environment science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science, hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; technical supervision and inspection in the field of product quality control, industrial services, water, and environmental engineering; quality control for others in the field of water and waste water treatment and irrigation systems; technical support, namely, monitoring of network systems hydro-electric factory facilities;

technical consultation in the field of hydro-electric engineering; technical support services, namely, troubleshooting of computer hardware and software problems in the field of hydro-electric engineering; environmental audits, investigations, and process control services; environmental design and engineering services; environmental consulting services for compliance with environmental regulations; hosting software for use by others for use during planning, design and operations for estimating, measuring and verifying the environmental, social and economic impact of business practices in the fields of energy, construction, manufacturing, transportation, product distribution and utilities in relation to facility planning, design, construction and operation, utility design and operation, water and wastewater treatment facility design and operation, oil and gas pipeline and pump station facility design, construction and operation, oil and gas transportation and oil and gas delivery systems, business, utility and governmental infrastructure planning, waste treatment plant design and operation, recycling, procurement, supply chain and product distribution chain management, carbon dioxide emissions, greenhouse gas emissions, and employee travel and job-related transportation; hosting software for use by others for use during planning, design, and operations for businesses, utilities and governments for estimating, measuring and verifying the environmental, social and economic impact of alternatives in infrastructure design, construction and operation; consulting services in the field of environmental assessment and planning, consulting services for others in the field of design of production facilities, consulting services for others in the field of architectural design, consulting services for others in the field of engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting, and technical analysis of a product or process to determine how to make it more environmentally sound; architectural design services in the fields of traffic and transportation; engineering services in the fields of traffic and transportation; traffic and transportation engineering; transportation and traffic planning services; consulting services in the fields of energy measurement to improve energy efficiency; conducting feasibility studies in the field of environmental engineering; professional consulting services in the fields of engineering, land use planning, surveying, landscape architecture, and environmental sciences; designing plant components and equipment for nuclear power plants; scientific and technological services and research and design relating thereto; architectural consultation; industrial design; land surveying, land surveys; research in the field of environmental protection; provision of scientific information, advice and consultancy in relation to carbon offsetting; technical research; water analysis; design and development of computer hardware and software; providing software as a service; IT programming and computer project management services; application provider services; hosting computer sites [websites]; information technology [IT] consultancy; installation, maintenance, hosting and updating of computer software; computer software consultancy; construction planning; planning and laying out of factory buildings; planning and laying out of production facilities; planning and laying out of buildings; civil engineering relating to water irrigation; advisory and consultancy services in relation to all the aforesaid.
