REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

## **OPPOSITION**

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

**Class 06**

Metal goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells, namely, wellheads [metal structures], Christmas trees (for oil or natural gas extraction), valves (not being parts of machines), drilling risers, connectors for drilling risers, pipeline connectors, jumper connectors of metal, metal to metal seals, seals of metal for use in high pressure vessels, geothermal wellheads [metal structures], subsea connectors of metal, wellhead connectors, subsea wellheads [metal structures], tubing hangers (not being parts of machines), casing hangers (not being parts of machines), seal assemblies (other than parts of machines), sealing caps, crown plugs for use with oil and gas wells, casing and tubing heads of metal, adapters of metal, spool adapters and spacer spools (other than parts of machines or apparatus), flange for use with connectors, threaded connectors of metal, valve removal plugs of metal, mud line/seafloor suspension systems of metal, washout sleeves of metal, pipes of metal; wellheads [metal structures]; adjustable wellheads [metal structures]; subsea wellheads [metal structures]; surface wellheads [metal structures]; exploration wellheads [metal structures]; tie-back connectors of metal; high pressure/high temperature tie-back connectors of metal; metal goods for supporting oil and gas field conduits; metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields; metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields, namely, casing connectors for use in oil and gas wells, subsea wellhead temporary abandonment caps of metal, metal goods for supporting oil and gas field conduits, namely, annulus monitoring and lockdown sleeves for wellheads, suspension systems of metal for oil and gas wells, conversion wellheads [metal structures] for oil and gas wells, tie back connectors of metal, wellhead trees (for oil or natural gas extraction), wellhead dry trees (for oil or natural gas extraction), wellhead wet trees (for oil or natural gas extraction), parts and fittings therefor.

**Class 07**

Metal tools (machines) for use in drilling and completing oil and gas wells and in the production of oil and gas from wells; machines and machine tools for use in completing oil and gas wells and in the production of oil and gas from wells; wellheads (machines), geothermal wellheads (machines), subsea wellheads (machines), wellhead connectors in the nature of pipe fittings (parts of machines); running machine tools, namely, tools to place, set and retrieve pieces of downhole equipment in oil and gas wells; parts and fittings therefor.

**Class 37**

Construction, installation, maintenance, repair and rental services relating to oil and gas well structures; rental of wellhead systems and components used in wellhead systems for oil and gas wells; rental of wellhead systems for jack-up exploration drilling; construction, installation, maintenance, repair and rental of goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells; construction, installation, maintenance, repair and rental of wellheads, Christmas trees for oil and gas wells, valves, risers, riser connectors, pipeline connectors, pipeline repair tools, jumper connectors,

metal to metal seals, high pressure seals, geothermal wellheads, subsea connectors, wellhead connectors, subsea wellheads, tubing hangers, casing hangers, seal assemblies, caps, crown plugs, casing and tubing heads, adapters, adapter and spacer spools, flange to connectors, threaded connectors, valve removal plugs, running tools, mud line suspension systems, washout sleeves, pipes, wellhead systems, subsea wellhead systems, surface wellhead systems, exploration wellhead systems, adjustable wellhead systems, tie-back connectors, high pressure/high temperature tie-back connectors, metal goods for supporting oil and gas field conduits, metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields, casing connectors in oil and gas wells, subsea wellhead temporary abandonment caps, annulus monitoring and lockdown systems for wellheads, suspension systems for oil and gas wells, conversion wellheads for oil and gas wells, tie back connectors, wellhead trees, wellhead dry trees, wellhead wet trees; advisory, information and consultancy services relating to the aforesaid services.

#### **Class 42**

Design services relating to oil and gas well structures; engineering services; oil and gas engineering services; research and development of wellhead systems; design of wellhead systems; design and technical testing of wellhead and mudline equipment; engineering project management services; engineering project planning services; engineering design and consultancy services; subsea and offshore engineering services; technical inspection services; inspection of goods for quality control; engineering, research, design and technical inspection services for goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells; engineering, research, design and technical inspection services for wellheads, Christmas trees for oil and gas wells, valves, risers, riser connectors, pipeline connectors, pipeline repair tools, jumper connectors, metal to metal seals, high pressure seals, geothermal wellheads, subsea connectors, wellhead connectors, subsea wellheads, tubing hangers, casing hangers, seal assemblies, caps, crown plugs, casing and tubing heads, adapters, adapter and spacer spools, flange to connectors, threaded connectors, valve removal plugs, running tools, mud line suspension systems, washout sleeves, pipes, wellhead systems, subsea wellhead systems, surface wellhead systems, exploration wellhead systems, adjustable wellhead systems, tie-back connectors, high pressure/high temperature tie-back connectors, metal goods for supporting oil and gas field conduits, metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields, casing connectors in oil and gas wells, subsea wellhead temporary abandonment caps, annulus monitoring and lockdown systems for wellheads, suspension systems for oil and gas wells, conversion wellheads for oil and gas wells, tie back connectors, wellhead trees, wellhead dry trees, wellhead wet trees; conducting feasibility studies in the field of oil and gas; engineering feasibility studies; oil and gas well structure testing services; advisory, information and consultancy services relating to the aforesaid services.

The following claim is made in the International Registration: Colour(s) claimed: Red, green, blue. The mark consists of a design of a circle formed by three large, curved triangular-shaped figures in red, green, and blue, pointing in a counter-clockwise direction to the outside of three smaller, curved triangular-shaped figures, in red, green, and blue, pointing in a clockwise direction.

**Class 06**

Swivels, adapters, breakaway couplings, and vapor/liquid splitter intake manifolds all made primarily of metal and all to be attached to fuel supply hoses for fuel dispensing systems.

**Class 07**

Fuel dispensers, and parts therefor, for service stations and fueling stations; vacuum assist vapor recovery system for fuel dispensers comprised of a vapor pump, fuel dispensing nozzle, fuel dispenser hose, and an electronic controller to recover vapors that are emitted from a vehicle's gas tank during fueling; submersible pumps; pumps for pumping vehicle fuel from fuel storage tanks; intake screens for submersible pumps for blocking particles in fuel storage tanks from entering the pumps; vapor vacuum pumps for use in vapor recovery systems for fuel dispensing sites; non-automatic fueling nozzles; vacuum breakers, namely, pressure relief valves used with fuel dispensing systems; automatic fuel dispensing nozzles; automatic fueling nozzles; electronic proportioning valves for vapor recovery from fuel dispensers.

**Class 09**

Flow meters for use with fuel dispensers; point-of-sale terminals; point-of-sale systems for service stations and convenience stores consisting of computer hardware, printers, display screens and computer software for controlling and monitoring fuel dispensing systems, payment authorization terminals, electronic cash registers, underground fuel storage containers, car wash machinery, video security systems, lottery terminals, and electronic safes; computer software for convenience store point-of-sale systems for monitoring transactions, providing predictive analytics, and promoting to customers the sale of convenience store products and services; radio-frequency identification (RFID) readers; electronic personal identification number (PIN) pads; electronic payment terminals for fuel dispensers; electronic card readers; bar code readers; electronic apparatus, namely, cash acceptors for making payments at fuel dispensers; contactless electronic payment terminals; media server with software for use with fuel dispensers, which enables fueling stations to advertise and merchandise products and services, and enables customers to order products and services and access the internet from fuel dispensers; computer software for selling lottery tickets and lottery games

at fuel dispensers; electronic display screens for fuel dispensers; printers for fuel dispensers; software for fuel retailers and fuel servicing organizations for controlling, programming, and interacting with fuel dispensers; software for fuel retailers for allowing fuel dispenser payments to be made via mobile devices and tablet computers; software for fuel retailers for managing advertising on fuel dispensers; software for fuel retailers for managing loyalty programs via fuel dispensers; software for fuel retailers for managing lottery or gaming services via fuel dispensers; software for fuel retailers for managing portable payment terminals used to control fuel dispensers; computer software; self-service electronic food ordering systems consisting primarily of electronic display screens, printers, and interactive kiosks for ordering food; electronic control apparatus for controlling and authorizing the operation of fuel dispensers, and for fuel management analysis and reporting; vehicle identification systems for authorizing and tracking vehicle refueling; computer software for vehicle fueling station operators, for fuel inventory management, for creating fuel data reports, for authorizing fueling transactions, for monitoring fuel status alarms, and for scheduling vehicle maintenance; automatic tank gauges; electronic control apparatus for submersible pumps; computer software for use with submersible pumps for optimizing pump fuel flow; sensors for fuel line leak detection; leak detectors for fuel lines; liquid level sensors; measuring probes for measuring inventory levels in fuel storage tanks; measuring probes for measuring fuel density in fuel storage tanks; float assembly for use with fuel storage tank electronic probes, for detection of water and ethanol phase separation in gasoline storage tanks; sensors for measuring water and/or fuel in fuel dispenser pans and containment sumps; sensors for detecting leaks in fuel dispenser pans and containment pans; sensors for detecting leaks in fuel storage tanks; sensors for detecting hydrocarbons in the water table; sensors for detecting hydrocarbon vapors in dry monitoring wells; electronic devices for wirelessly transmitting data from automatic tank gauges using radio frequency technology; vapor flow sensors; vapor pressure sensors; electronic vapor recovery controllers; vapor flow meters; computer software for fuel vapor recovery monitoring; computer software for use in connection with automatic tank gauges that are connected to fuel storage tanks at vehicle fueling stations, such software for the provision of fuel inventory data, leak detection and diagnostic information, and for providing web-based access to all of the foregoing functions; electronic meter register displays; computer software for monitoring, reporting, transmitting, and organizing meter register data; interconnect boxes for electronic meter register systems, namely, an electronic device consisting primarily of a circuit board, operational software, and wire connectors for power and data; meter registers for use with fluid flow meters; gasoline pump computers; electric pulse transmitters.

#### Class 42

Optical apparatus; eyewear; glasses and sunglasses and accessories therefor; cases, wallets, carriers and holders adapted for glasses and sunglasses; leather cases, wallets, carriers and holders adapted for glasses and sunglasses; parts, fittings and accessories for all the aforesaid goods;

mobile phones, mobile phone chargers; leather cases for mobile phones; cases, holders, straps, carriers for mobile phones; hands free devices for mobile phones; mobile phones for use in vehicles; mobile phone accessory charms; accessories for mobile phones included in this class; accessories for all the aforesaid goods; computers; laptops; tablet computers; radios; radios for motor vehicles; cassette players; cassette players for motor vehicles; compact disc players; compact disc players for motor vehicles; mini-disc players; mini disc players for motor vehicles; MP3 players; MP3 players for motor vehicles; DVD players; DVD players for motor vehicles; wallets, cases, holders and carriers for audio cassettes, compact discs, DVDs, mini-discs; wallets, cases, holders and carriers for DVD players, MP3 players, mini-disc players, computers, laptops and tablet computers; speakers; speakers for vehicles; wireless speakers; wireless speakers for vehicles; fire extinguishers for use in motor vehicles; battery chargers; battery charging equipment; battery charging monitors; radio antennas; loudspeakers; measuring instruments; time measuring instruments; pressure gauges, tyre pressure gauges; speedometers, speedometer testers; ammeters; oil and petrol level gauges; temperature gauges.

#### **Class 11**

Apparatus and equipment for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; apparatus and equipment for lighting, heating and ventilating all being for vehicles and automobiles; portable air chambers, namely, fans and air filtration apparatus for the storage and protection of motor vehicles; air conditioners for vehicles and automobiles; lighting apparatus and equipment; lights for vehicles and automobiles; headlights for vehicles and automobiles; lights for directional signals for vehicles and automobiles; air conditioners for vehicles and automobiles; anti-dazzle devices for vehicles and automobiles [lamp fittings]; defrosters for vehicles and automobiles; heating apparatus for defrosting windows of vehicles and automobiles; vehicle reflectors; torches; pocket torches; light fittings; decorative lightings; lamps; table lamps; floor lamps; applique lamps; wall lamps; wall lights; ceiling light fixtures; ceiling lights; chandeliers; lampshades; lampstands.

#### **Class 12**

Apparatus for locomotion by land, rail, air or water; vehicles; motor vehicles and parts and fittings therefor; snow chains for motor vehicle wheels; engines for vehicles and automobiles; tyres for motor vehicles; solid rubber tyres for motor vehicle wheels; pneumatic tyres; alloy wheels for motor vehicles; mud flaps for motor vehicles; steering wheels for motor vehicles; car safety seats for children; vanity mirrors for motor vehicles; tread plates for motor vehicles; luggage nets for motor vehicles; motor vehicle horns; vehicle antitheft alarms and devices; reversing alarms for vehicles; ski carriers for use on motor vehicles; brake components for motor vehicles; gear lever knobs for motor vehicles; ventilation grilles for vehicles; wood panels for motor vehicles; covers for loudspeaker openings in vehicles; petrol tanks for vehicles; caps for vehicle petrol tanks; cigarette and cigar lighters for vehicles; petrol tank cap locking devices; mirrors for vehicles, rear-view mirrors; head rests for vehicles; seat belts, safety belts; windscreen wipers, washers, blades and arms; antitheft alarms and apparatus for motor vehicles; parts and fittings for all the aforesaid goods.

#### **Class 14**

Precious metals and their alloys; jewellery; precious stones; watches and clocks; watch and clock cases; jewellery cases; charms; badges of precious metal; boxes of precious metal; table clocks; desk clocks; cufflinks; tie clips; tie pins; lapel pins; pins; jewellery boxes; cuff link boxes; key rings;

cases for watches.

**Class 18**

Leather and imitations of leather and goods made therefrom; card holders; bags; handbags; shoulder bags; sports bags; backpacks; satchels; briefcases; carrying cases; holdalls; wallets; credit card holders; purses; luggage; suitcases; umbrellas and umbrella covers; parasols and parasol covers; garment bags; suit bags; jewellery rolls, wraps and pouches; vanity cases; valises; trunks; travelling bags; boxes of leather; animal hides, animal skins; walking sticks and canes; furniture coverings of leather; leather trimmings for furniture.

**Class 25**

Articles of clothing, footwear, and headgear; trousers; jeans; shorts; skirts; dresses; shirts; t-shirts; jumpers; sweatshirts; sweaters; polo shirts; cardigans; pullovers; fleeces; ties; neckties; underwear; nightwear; dressing gowns; bath robes; vests; coats; jackets; waterproof coats; waterproof jackets; scarves; gloves; shawls; swimwear; belts; caps; hats; shoes; boots; trainers; sandals.

**Class 28**

Toys, games and playthings; gymnastic and sporting articles not included in other classes; decorations for Christmas trees; skis; snowboards; ski bindings; waterskis; bags especially designed for skis and snowboards; backgammon games; toy vehicles; teddy bears.

**Class 35**

Retail and wholesale services; retail and wholesale services connected with the sale of vehicles and parts and accessories therefor; retail and wholesale services connected with the sale of perfumes and cosmetics, optical apparatus, glasses, sunglasses, and accessories therefor, mobile telephones and accessories therefor, jewellery, clocks and watches, stationery goods, leather goods and imitations of leather goods, luggage, handbags, bags, cases and accessories therefor; retail and wholesale services connected with the sale of furniture and parts and accessories therefor, articles of glass, crystal, earthenware and porcelain, textiles and textile goods, articles of clothing, footwear and headgear and accessories therefor, toys, games and playthings and sporting articles; advertising; business management; business administration; office functions.

**Class 36**

Provision of financial services; insurance services; loan and credit services; warranty services; credit and debit card services; charitable fundraising; financial sponsorship; financing services; hire-purchase financing; lease-purchase financing.

**Class 37**

Repair, installation and maintenance services; repair, installation and maintenance services in respect of vehicles and automobiles, and parts, fittings and accessories therefor; repair, installation and maintenance services in respect of internal combustion engines and parts and fittings therefor; anti-rust treatment for vehicles and automobiles; vehicle and automobile cleaning services; vehicle and automobile greasing services; vehicle and automobile lubrication services; vehicle and automobile polishing services; vehicle and automobile valeting services; servicing of vehicles and automobiles.

**Class 41**

Education; providing of training; entertainment; sporting and cultural

activities; provision of education, training and entertainment services relating to automobiles and to travel; arrangement and organisation of competitions; arrangement and organisation of shows, sporting and cultural activities; arrangement and organisation of leisure activities; provision of seminars, conferences; provision of exhibitions for educational or cultural purposes; entertainment and leisure booking services.

The following claim is made in the International Registration: Colours  
claimed: Blue, yellow, black, green and red.

Class 01

Chemicals used in industry, science and photography, as well as in  
agriculture, horticulture and forestry; unprocessed artificial resins,  
unprocessed plastics; fertilizers for land; fire extinguishing compositions;  
tempering and soldering preparations; chemical substances for preserving  
foodstuffs; tanning substances; adhesives for use in industry; unexposed  
sensitized films; synthetic resins; thermoplastic and thermosetting

synthetic resins and organic compounds for molding, for general use in the industrial arts; chemical intermediates; organosilicon compounds, namely polysiloxanes and silanes in the form of resins, pastes, fluids, elastomers, vulcanization and acceleration products; anti-foaming agents; catalysts for paints; chemicals for development and setting of x-ray films and other chemicals in connection with the development of said films; phosphorescent substances; chemical substances used as nuclear fission materials; fuel for nuclear reactors; adhesives substances for industrial purposes; polycrystalline alumina ceramic for general use in the industrial arts; brazing preparations and brazing fluxes; thermoplastic and thermosetting adhesives; chemicals, biochemicals and reagents for use in industry, science and research; chemical products, kits and reagents, for analysis or diagnosis for scientific purposes, namely chemical preparations for cell separation and culture, nucleic acid purification, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules and markers for DNA/RNA synthesis; reagents for luminescence; reagents for gene expression quantification; reagents for polymerase chain reaction processes; reagents for rolling circle amplification processes; reagents for DNA cloning and vectors, enzymes for modification and restriction; reagents for labeling, sequencing and fragment analysis of nucleic acids and proteins and customized synthesis; reagents for recombinant protein expression and purification; chromatography media; reagents for electrophoresis, biocomputing, spectrophotometry and fluorometry; radiochemical products for scientific research; reagents for scintillation proximity assay; reagents for high-resolution laser microscopy, fluoroscopic microscopy and confocal microscopy; specialized chemicals for use in industry, science and research; gases and gas mixtures for use in industry, research and science; chemical products and substances for the manufacture of pharmaceutical products, diagnostic products and substances; chemical testing reagents, saline solution and paper coated with reagents, all for scientific use and for use in laboratories; fissile chemicals for scientific research; Radioactive elements and isotopes for use in industry, science and research; radioactive materials for application in radiographic technology; radioactive materials for scientific and laboratory purposes, namely for non-destructive sterilization, purification and testing; radionuclides for scientific research; chemical compounds and chemicals for use in the treatment of water supply systems, wastewater treatment systems, cooling water circuits, boiler water and steam generating systems, boiler condensation systems, liquid separation systems, systems for water purification and dehydration in aqueous systems, conditioning systems, gas purification systems, industrial process systems, fuel treatment systems, hydrocarbon and gas treatment systems, petrochemical systems and oil and gas treatment systems, paper and pulp making systems, plastic and metal coating systems, metal processing systems; chemicals, namely chemical additives for gasoline, additives for heating oil and additives for improving the efficiency of turbine engine fuel; chemically-treated bagged water-absorbing granular materials for placement into fuel tanks; testing kit comprising reagents for determining the presence of algae and active organic organisms in diesel fuel; bacterial cultures and nutrients for sludge and wastewater treatment; polymeric chemicals for dispersing particles in steam generating equipment; chemicals and chemical compounds used as anti-fouling and demulsifying agents in operations for producing coke by-product operations of steel industries; chemicals, catalysts, filtering materials for removing acid gases, unprocessed plastics, crystal whiskers and zinc oxide; radiopharmaceuticals for scientific use and for research; polymeric membrane materials for liquid separation.

Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; dyestuffs; mordants; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; corrosion inhibitors in the form of coatings for use in the metal finishing industry, namely acid aqueous products for final rinsing; corrosion inhibitors in the form of coatings for cooling water circuits; corrosion inhibitors in the form of coatings, namely resinous coatings for metal and masonry surfaces; coating materials, etching fluids; toner cartridges for printers; ink cartridges for printers; toners, toners for copiers, toners for facsimile machines.

#### **Class 03**

Bleaching preparations and other substances for laundry use; cleaning, polishing, degreasing and abrasive preparations; soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices; cleaning preparations containing chemicals and chemical compounds for cleaning steel, aluminum, galvanized and mixed metal surfaces for general industrial use in the manufacture of metal products; cleaning agents containing chemicals and chemical compounds for industrial use for removing contaminants in industrial process systems; paint stripping preparations containing chemicals and chemical compounds for removing paint from equipment surfaces in spray-painting booth operations.

#### **Class 04**

Industrial oils and greases; lubricants; products for absorbing, wetting and binding dust; fuels (including engine fuels) and illuminants; candles and wicks for lighting.

#### **Class 05**

Pharmaceutical and veterinary products; sanitary products for medicine; dietetic food and substances adapted for medical or veterinary use, food for babies; food supplements for humans and animals; plasters, materials for dressings; material for dental fillings and dental impressions; disinfectants; products for destroying vermin; fungicides, herbicides; pharmaceutical preparations for diagnosis; veterinary pharmaceutical preparations for diagnosis; pharmaceutical and veterinary substances for medical use; diagnostic reagents and preparations for medical use; diagnostic substances for medical use; contrasting substances for medical imaging; scanning diagnostic reagents for use in vivo; diagnostic imaging agents for magnetic resonance imaging (MRI); radiopharmaceuticals for clinical and medical use; radioactive pharmaceutical preparations and non-radioactive reagents for producing radiopharmaceuticals for in-vivo diagnosis or for therapeutic use; gases and mixtures for medical imaging; pre-filled vials containing reagents for medical diagnosis; pre-filled cartridges containing chemical solutions for medical use; pre-filled cylinders containing gases and gas mixtures for medical use; implantable radiotherapy devices consisting of encapsuled radio-isotope brachytherapy sources; radioactive materials for use in radiotherapy administration system for medical purposes; disposable paper or cellulose diaper-pants, diapers and napkins.

#### **Class 06**

Common metals and alloys thereof; metal building materials; transportable buildings of metal; railway material of metal; non-electric cables and wires of metal; ironmongery and small items of metal hardware; metal pipes; safes; goods of common metal, not included in other classes; ores; metal locks; metal security casings, namely key cabinets, security key storage tubes and boxes; sealed post boxes of metal for industrial, residential, real estate and vehicle sales; metal key cabinets

for locking, tracking and storing keys; metal safes for keys; metals and alloys in unworked, liquid, sintered, pressed, machined, sheet, wire, pellet, rod, band and cast form; chains for keys; trolley wires for wiring, doors of metal, barriers of metal, electric garage doors, sheet steel, steel panels for office floors, welding wires; small hardware of metal; small goods of metal; soundproofed sheets and plates of metal.

#### Class 07

Machines and machine tools; motors and engines (other than for land vehicles); machine couplings and transmission components (other than for land vehicles); agricultural implements other than hand-operated; incubators for eggs; automatic distribution machines; apparatus, equipment and instruments for electricity production, namely electrical and wind energy generators generating electricity; turbines; turbines for energy production; wind turbines for energy production; wind turbines linked to wind farms, turbines for power generation; power-generating engines; parts and components of all the aforesaid goods; solar powered energy electricity generators; machines and machines systems and their parts and fittings, for electricity production, transformation and conversion; dynamos, electric motors of all kinds, steam and gas turbines and their parts, electrical generators and their parts, aircraft engines, compressors; laundry washing machines, dishwashers, waste grinders and compactors; pumps, namely centrifugal pumps, diaphragm pumps, bellows pumps, pumps and transfer pumps; liquid control devices being parts of machines, namely valves, regulators, actuators, ejectors, liquid separation cartridges; filtering cartridges for various industrial machines for filtering applications, including for filtering of coating solutions for the manufacturing of magnetic tapes and for filtering of petrochemicals, drinking water, beer in the brewing industry and other special chemicals; machines for supplying and applying chemicals for industrial use; axial-flow and centrifugal compressors; reciprocating compressors; screw and sliding-vane compressors; rotary, vacuum, electric, submerged and centrifugal pumps; turbo-expanders, namely, air and electric compressors; compressed natural gas refueling machines for land vehicles and industrial equipment, namely pumps, valves, fuel filters, filter housings, distributor rotors, blades, bearings and mechanical joints; steam condensers; motors or engines for boats; turbo-compressors for engines; fuel injectors; welding machines, industrial robots, machines for insertion of electronic components, dry etching machines, electric micro-discharge machines, optical discs productions systems, precision joining machines, treatment machines for printed wiring panels, machines for assembling parts, brazing machines, machines for fixing screws, electrical tools; electric motors, electric generators; elevators (lifts); washing and drying machines, electric washing machines, electric dishwashers; compressors (non-surgical); pumps, electric pumps; mixing, cutting and chopping machines, blender machines, electric centrifuges, electric food processors, electric meat grinders, electric can openers, electric knife sharpeners, electric coffee grinders, electric ice crushers, electric waste-processing machines; garden tools, electric lawnmowers, garden vaporizers for disinfectants and insecticides; electric apparatus for cleaning, electric vacuum cleaners, electric floor polishers; electric window cleaners; hand-held electric tools and implements; welding machines, metal cutting machines by arc, gas or plasma; blenders, centrifuges, hand-held mixers, food processors; electric door-opening devices; carbon electrodes for welding machines; electric arc-welding apparatus; electrodes being parts of machine for welding; electric wrenches (tools); fuel pumps for service stations for aircraft engine refueling; fuel distribution equipment, namely calibrated fuel pumps.

#### Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic recording media, sound recording disks; compact disks, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, equipment for data processing and computers; software; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports goggles; game software; fuel distribution equipment, namely electric fuel-level gauges, control valves for regulating gas flow and fuel lines; automated systems for service-station management comprising operating software for calibrated fuel pumps, flow control panels, fuel lines and pump nozzles for refueling of land vehicles, marine vehicles and aircraft; gas meters; on-board and roadside signaling and communication systems, train inspection systems, crossing notification systems, apparatus for electric control of switching; GPS tracking and monitoring systems for the transit and railway industries; electrical distribution devices and products, namely capacitors, circuit breakers, circuit-breaker patch boards, circuit closers, contact breakers, commutators, contactors, current rectifiers, current limiters, electric contacts, electric collectors, electric conductors, electric connectors, electric controllers, electric inductors, electric power supply systems, distribution boards and branch boxes (electricity), electrical distribution consoles, electrical switchboards and switchboxes; software for persons in charge of troubleshooting and maintenance of programmable controllers, software for cardiac vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels, software for medical patient-monitoring equipment, software for receiving, processing, transmitting and displaying data, software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information, software for collecting data concerning vital signs, software for analyzing electrical systems and electronic instruction manuals sold as a unit therewith, software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the identified investments, software for obtaining information on the risk of flooding with regard to real property, software for developing graphic user interfaces and displaying data, software for calculating mortgage payments, software for controlling and managing vehicle fleet maintenance services, software for using and accessing commercial computer services, software used by clients to obtain information regarding lease portfolios, software for a radiology information system for radiologists and radiology departments, software for managing databases containing information on employees and patients for archiving purposes and patient monitoring, software installed on and used with PCs and medical monitoring equipment for graphic user interfaces, software for sending encrypted and compressed data to radio-paging (transport) systems, software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means, and software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to route subterranean installations; electronic, nuclear, industrial and laboratory instruments and apparatus, for testing, measuring, calculating and monitoring; electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; condensers (capacitors); switches for lighting; electric current input and output controls and devices; fuses; controls for lighting; switch boxes,

LEDs, namely light-emitting diodes, voltage regulators for electric power, voltage surge protectors, voltage surge limiters, voltmeters, electrical circuit boards, relays and timers, solenoids and limit switches, battery starter cables for full voltage or reduced voltage; electric switches and disconnecting switches, splitters for circuit boards and pumping panels, circuit breakers and disconnecting switches, transformers, electric circuit and electric lighting boards, electric wires, cables, cords and conductors, electric wiring and accessories, lightning conductors, electricity meters, wattmeters, earth resistances, humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser rays microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; software applications for manufacture and control, namely for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; electric process controllers for optimizing rough and semi-rough cutting performance of machine tools; distributed and remote input/output equipment, input/output modules, interface modules, electricity supplies and assembly equipment; anti-theft and burglar alarm systems; security devices, namely logic programming computers, control panels, electronic burglar detectors, electronic glass-breakage detectors, electronic vibration detectors, magnetic contacts for security systems, electronic switch plates, electronic motion detectors for alarm systems, electronic motion-sensitive switches, fixed connection sirens, audio loudspeakers, electronic navigation systems, access control and alarm monitoring systems; fire, heat and smoke alarms and detectors; computer cards access control systems; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object tracking; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing hardware or software used

for analyzing digital video images for automatically extracting, recording and reporting information automatically, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radio-frequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom domes, remote video controllers, receivers, electronic alarms, triggers and management controls and video transmission devices sold separately or as parts of a closed-circuit camera operating system; personal digital assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and readers and encoders thereof; magnetic access cards and readers and encoders thereof; memory access cards and readers and encoders thereof; proximity cards and readers and encoders thereof; electronic keys and readers and encoders thereof; barcode access cards and their readers, encoders and laminators; access keypads; radio-frequency tracking tags; tracking and control systems consisting of one or several radio-frequency beacons, detectors and transceivers for determining and checking the location and movements of tangible assets, stocks and individuals; infrared sensors; computer hardware and software for managing infrastructures and monitoring systems for accessing infrastructures and components thereof, namely control boards, access card readers and video imaging, video surveillance, digital hard disk recording, network transmission and remote access equipment and systems; networked digital video storage servers, applications for surveillance and access control, alarm and security monitoring, computer software and hardware for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices and security cases in the form of boxes for securing keys; surveillance systems sold separately or as components or in the form of sets such as systems comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera housings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches, control panels, numerical pad controls, joysticks, interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings, transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; data processing computer software and hardware; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens and electronic siren controls, namely ringer tone generators and

amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, in industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on individuals, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on individuals, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensitive apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; control valves for water treatment and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; automatic liquid flow control instruments, comprising of pumps, valves, flowmeters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for water treatment and processes, namely apparatus for treatment of industrial and commercial water supply systems, boiler water systems, water cooling systems, cooling water systems and closed water-supply systems, systems for paper and pulp treatment, fuel treatment systems and metal treatment systems for analyzing the chemistry of the system, determining the proper treatment program, applying the desired treatment and monitoring the effectiveness of the treatment; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; electric apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; mobile laboratories fitted with equipment and instruments for measuring and monitoring pH values, conductivity and chromate concentrations in domestic and industrial water, for performing inorganic analyses and microbiological tests on water; electronic and electrochemical products, namely fuel cells; apparatus for converting photo-electric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of data, enabling users to store or manage personal information and to transmit and receive voice, video and image communications; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and software related thereto; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal

computer or a server towards one or several portable electronic devices; computer software and programs for wireless device operation and management; telecommunication devices; software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for navigation on the aforesaid networks websites; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software packages; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon electrodes for dry batteries, wiring apparatus, connectors (electric), electric cables, electric ducts, floor ducts specially designed for housing electric cables, ballast (for discharge lamps), under carpet wiring systems, code lighting-switches, circuit breakers, magnetic contactors and starter switches, circuit protectors, switching devices, electric connecting boxes, device switches, output jacks, plugs (electric), electric timers; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable emergency intercoms; acoustic machines and apparatus, radios, tape recorders/players, radio cassette recorders, portable tape players, compact disc recorders/players, minidisc recorders/players, minidisc decks consoles, DVD (digital versatile disc) audio recorders/players, secured digital recorders/players, secured digital cards, loudspeakers, tuners, amplifiers, stereo component systems, disc readers, graphic equalizers, radio alarm clock, integrated circuit recorders, digital audio processing devices, earphones, headphones, microphones, cassette recorders/players, software for compact discs (prerecorded), electric megaphones, language laboratories, audio systems for cars, public address systems, audio mixers, audio equipment cleaning equipment, namely magnetic head cleaning equipment; audio cables, video cables, other audio machines; audiovisual machines and apparatus, television sets, cathode ray tube display devices, cathode ray tubes, image pick-up tubes, plasma television sets, plasma displays, LCD (liquid crystal display) television sets, liquid crystal display monitors, television sets combined with video tape recorders, television sets combined with disc players, antennas, tuners for satellite broadcasting, television tuners, Internet terminals, video projectors, video cassette recorders, camcorders, video cameras, video printers, laser disc players, video CD (compact disc) players, software for video CD (compact disc), video recorders/players for DVDs, color video systems for large-scale display, cable television systems, hard disk units, video imaging devices, electric optical display boards, multi-purpose electric display systems, closed-circuit video equipment systems, software for DVDs, television cameras, video switches, non-linear editing systems, editing controllers, DVD creation systems, light emitting diodes (LED) displays, other audiovisual machines; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines, facsimile transceivers, transceivers, telephones, cellular mobile telephones, cases for cellular mobile telephones, telephone answering machines, private auto-switch systems, global positioning system receivers, radiotelephones, marine radars, radio-paging receivers, mobile communication systems, multi-channel access radio systems, electric panels for traffic information, videoconferencing systems, private portable telephone systems, local network systems, AV codecs (coder-decoders), navigation systems for cars (road guidance systems), electronic systems for road toll collection, GPS (global positioning system) antennas; checking (supervision) apparatus and instruments, communication and surveillance systems for apartment

buildings, intruder detection systems, automated systems for surveillance and control of functions within buildings, electric multi-layer security apparatus; automatic control machines and instruments, electric distribution boards, road signal control apparatus, bus location systems, ultrasound vehicle detectors, information and telecommunication networks for road traffic management, light dimmers, light switches, inverters, programmable control systems, transformers, cabinets, domestic electricity production systems, power capacitors; data processing equipment; computers and computer peripherals, word processors, software (recorded), image scanners for personal computers, printers, PC (personal computer) cards, computer keyboards, mouse(data processing equipment), CD-ROM (compact disc-read only memory) units, diskette units, card reading/writing systems, barcode readers, time recorders, portable data terminals, point-of-sale systems, data collection terminals, personal digital assistants (PDAs), DVD-RAM/ROM (digital versatile disc-random access memory / read only memory) units, CAD/CAM (computer-aided design/computer-aided manufacturing) systems, hard disk units, electronic calculators, uninterrupted power supplies for computers, communication and broadcasting; external storage devices, video cassettes, cleaning heads, D-VHS (video data home systems), other computer peripherals; video tapes, audio cassettes, diskettes, optical discs, mini-discs, DVDs (digital versatile discs), integrated circuit memory cards; weighing and measuring apparatus and instruments, thermoluminescent dosimetry systems, portable x-ray dosimeters, electronic meters, ammeters, electricity consumption meters, grip measuring devices, electric apparatus for measuring leakance, electric insulation meters, thermometers, measuring system processors, electric multi-circuit sector voltage monitors, micro-precision measuring devices, body fat monitors, pacers, audio/video analyzers, oscilloscopes, modulators, voltmeters, distortion meters, other measuring apparatus; sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; electric components, light emitting diodes, liquid crystals, liquid crystal display modules, magnetrons, diodes, transistors, thermostats, integrated circuits, semi-conductor storage devices, one chip micro-computers, electric condenser, microphones cartridge, gray-scale image processors, thermal printing heads, magnetic heads, permanent magnets, connectors, relays, display components, semi-conductor lasers, charge coupling devices (CCD device), image detectors, film capacitors, over-oxygenation membrane units, electric tuner units, high-frequency units, coin validation units, note validation units, magnetic card reading/writing devices, voltage-controlled oscillators, phase-locking circuit synthesizing modules, wireless communication module units, optical transmission components, printed wiring boards, loudspeaker components, electricity supplies, AC (alternating current) adaptors, focusing magnets, inductors (coils), capacitors for electric apparatus, electric signal filters, transformers, deflection coils, thermistors, varistors, piezoelectric ceramic components, acoustic-optical components, resistances, potentiometers, encoders, printing units, hybrid integrated circuits, switching components, heat-welding wiring boards, transparent touch panels, electroluminescent components, remote control units, magnetic resistance elements, thermal disconnects; data processing equipment, in particular for financial applications; operating system programs; computer hardware and software, in particular for local and wide-range computer networks development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, in particular for financial applications; card readers, printing apparatus, including

printing apparatus for data processing systems and financial transaction systems; automated banking machines; encoders and decoders; modems; encoded magnetic cards, electronic data carrier cards, encoded magnetic card readers, electronic data cards reader, electronic encryption systems, computer hardware, computer terminals, software used in financial services, in the banking and telecommunication industries; electric and electronic products, namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automated teller machines (ATMs); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; machines and machine systems, including parts and accessories for transmission, distribution and control of electricity; inductive electrical apparatus, electrical displacement devices, electricity control and regulation devices, electricity measuring instruments, electrical protection devices, switchboards, switchboard apparatus, wiring devices and supplies; liquid control devices, namely, flowmeters, manostats, sequential timers, electric switches and controls; electric devices for killing insects, audio amplifiers for keyboards, external memories for musical instruments; systems for managing data and preserving archives in the field of anesthesia; gradient coils, namely magnetic gradient coils for magnetic resonance imaging.

#### Class 10

Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture material; test kits for clinical medical use comprising test tubes, test plates and indicator diagrams for evaluating test results; systems comprising medical apparatus and accessories for administering measured doses of pharmaceutical preparations; vials for medical use; cannulas for medical use; syringes for medical use; injectors for medical use; cartridges for medical use; infusion pumps used for intravenous administration of liquids; needles for medical use; cardiac output monitors; heat and humidity exchangers for medical use; bacterial filters for medical use; gas analyzers for medical use; patient monitoring systems, namely gas monitors; pulse oximeters, multi-parameter monitors, ECG (electrocardiogram) monitors, invasive and non-invasive blood pressure monitors, neuromuscular transmission monitors, metabolic monitors and spirometers for anesthesia, intensive care and diagnostic applications; anesthetic machines and ventilators; intensive care and anesthesia accessories for a single patient, namely gas sampling lines, airway adapters, respiratory circuits, spirometry sensors and tubes, tubes, water separators, pulse oximetry sensors, non-invasive sphygmomanometers, rinsing sets, anesthesia masks, carbon dioxide absorbers, temperature-sensing probes and nebulizers; central nervous system monitors; gastric tonometers; medical diagnosis devices, namely bone densitometers; fetal monitoring apparatus, namely fetal pulse and vital sign monitors; patient monitoring apparatus, namely, cardiac and vital sign monitors, medical imaging systems, namely ultrasound imaging machines for medical diagnosis, imaging devices for screening and diagnostic applications for planning operations and surgery, and their parts and accessories; medical diagnosis apparatus for displaying diagnostic images, namely spot film apparatus, image intensifiers, fluoroscopes, mobile x-ray devices, x-ray film viewers, computerized axial tomography (CAT) scans, nuclear resonance apparatus, ultrasound scanners, magnetic resonance apparatus, positron emission tomography apparatus (PET scans) and their parts and

accessories, including tables and pads; electronic apparatus for measuring blood pressure, laser apparatus for medical treatment, ultrasound diagnosis equipment, acoustic apparatus, laser scalpels, electric massaging apparatus, portable vibrators for medical use, low-frequency muscle stimulators for medical use, high-frequency apparatus for medical use, electric air mattresses for preventing bedsores, electric inhalers for therapeutic use, CCD (charge-coupled device) sensor systems, medical apparatus for measuring bone density.

#### **Class 11**

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; solar panels for capturing solar energy for use in heating; solar lighting accessories, namely lighting units and solar light fixtures for indoor and outdoor use; solar-thermal installations, namely solar-thermal modules; solar water-heaters; gas and electric cooking apparatus for household use, namely cooking rings, electric and gas cookers; gas and electric ovens and cooktops; heat exchangers; heavy-wall chemical reactors and nuclear reactors and accessories and components thereof, namely, heat pumps, valves for steam systems and valves for regulating gas and liquid flow; electric lamps of all kinds and their parts; electric lighting accessories and their parts; freezers, air-conditioning apparatus, electric ovens, cookers, electric refrigerators; microwave ovens for cooking; wall-mounted cooking ovens for household use; food warming drawers; convection ovens, electric and gas cooktops; electric and gas cookers and cooking ovens; ventilation hoods for stoves and exhaust fans; water filters; water softeners; laundry driers; electric fans, ceiling fans, flashlights; lamps and lights for vehicles; electric lights for Christmas trees; liquid separation devices; installations for the collection of liquids; liquid recycling devices; filters for filtering of solids from gas and liquids or for filtering of liquids from gas and for filtering of an immiscible liquid from another; filters for concentrating goods and removing impurities in liquid treatment systems, in the form of spiral elements or cartridges contained in a tubular plastic sleeve; water conditioning devices for residential use; reverse osmosis modules and their membranes; devices and systems for water purification consisting of clarification units, electric deionization systems, condensate polishing filters, ultra-filtration devices, ultraviolet sterilization devices, ion exchangers, reverse osmosis systems, forced-air carbonate removal devices, filters, electrochemical purification devices for liquids for industrial, commercial and municipal use; water filtering devices for household, industrial and commercial use; wastewater purification units; drinking water purification devices for household, industrial and commercial use; liquid separating devices, namely industrial liquid filters; recycling devices, namely liquid purification devices; water treatment equipment, namely cartridges; water treatment equipment for household use, namely water softeners and water conditioners; support filters and depth filters for removing deposits, iron, sulfur, tastes and smells from water; reverse-osmosis water purification devices; depth filter units and cartridges for filtering liquids and air for household, industrial and commercial use; disposable cartridge filters for filtering industrial water; apparatus and installations for lighting, incandescent lamps, gas discharge starters, grooved fluorescent lamps, fluorescent lamps, tungsten halogen lamps, pocket flashlights, fluorescent lanterns, other lamps, fluorescent lighting apparatus, dynamo lighting kits for bicycles, germicidal lamps, other lighting apparatus; cooking apparatus and installations, automatic bread-making machines for household use, electric kettles, electric rice cookers, gas rice cookers, slow cookers, electric grills, cooking ovens, toasters, coffee machines, cookers, electric thermal-insulating coffee makers, gas cookers, induction cooktops, electric barbecue grills, microwave ovens, gas cookers with ovens, electric saucepans, sink trays,

other kitchen ranges; refrigerating and freezing apparatus and installations, refrigerators, freezers, cold/hot water dispensers, freezing and refrigerating display cases, electric water coolers, ice-making apparatus; ventilation apparatus and instruments, electric fans, fans, electric air purifiers, extractor hoods for cookers, electric dehumidifiers, electric humidifiers, blowers, blinds propelling cold air, air exhaust units, ceiling fans, ceiling ventilators, electrostatic precipitators, their parts and components, all included in this class, other ventilation apparatus and installations; heating apparatus and installations, apparatus for steam generating, drying, cooling and air conditioning, air conditioners, blade fans for air conditioning, apparatus for cooling air by evaporation, stoves, electric radiators, electric blankets, electric floor carpets, kerosene-powered fan heaters, electric foot warmers (kotatsu), wireless gas radiators, other heating/cooling and air-conditioning installations; water distribution apparatus; sanitary installations, electric bidets, toilets, self-cleaning toilet seats, portable toilets, systems for wastewater treatment by aeration, water purifiers, incinerators (waste incinerators), saunas, bathtubs, bath installations, electric showers; water heaters, gas-powered instantaneous water heaters, other water heaters; driers, dish driers, electric hair driers, laundry driers; electric lamps, electric driers, electric-resistance heating cables; metallic sinks.

#### **Class 12**

Vehicles; apparatus for locomotion by land, air or water; electric motors and diesel engines for land vehicles; bicycles, tires and tubes for bicycles, automatic vehicles, electric bicycles; tires.

#### **Class 14**

Precious metals and their alloys and goods in precious metals or coated therewith, not included in other classes, in particular commemorative coins and medals; jewelry, precious stones; pins; timepieces and chronometric instruments; key rings.

#### **Class 16**

Paper, cardboard and goods made from these materials, not included in other classes; printed matter, in particular stamps; newspapers, periodicals, books, photographs and posters; bookbinding material; stationery; adhesives for stationery or household purposes; artists' materials; paintbrushes; typewriters and office requisites (except furniture); instructional or teaching material (except apparatus); plastic materials for packaging (not included in other classes); printing type; printing blocks; computer printouts; chequebooks, punched cards; newspapers and periodicals in the field of information technology; paper shredders, electric staplers, battery-powered letter openers, electric pencil sharpeners, electric perforators, electronic typewriters, ribbon cartridges for electronic typewriters, cheque printing machines, thermal paper.

#### **Class 17**

Rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; plastics in extruded form for use in manufacture; sealing, packing and insulating material; flexible tubes, not of metal; silicone mastic for various uses, particularly for caulking of bathtubs, boats and automobiles; impervious and road covering material made of silicone, roofing coating made of silicone rubber; plastic compounds for glazing; plastic materials in the form of sheets, plates, blocks, all for manufacture; electric insulation materials, electric insulation devices, including insulating varnish, silicone rubber compounds; plastic materials in the form of sheets, rods or plates, moulding materials; soundproofing materials; thermal insulation

materials.

**Class 18**

Leather and imitations of leather, and goods made of these materials and not included in other classes; animal skins; trunks and suitcases; umbrellas, parasols and walking sticks; whips, harness and saddlery.

**Class 19**

Building materials, not of metal; non-metallic rigid pipes for building; asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal; thermoplastic building and construction materials, namely thermoplastic molded and extruded materials used as substitutes for wood, metal or glass, for supporting or covering; doors (not of metal), rain gutters, ceiling panels, folding doors, wooden floors, roofing tiles, prefabricated houses, laminates, connecting tracks, building materials with soundproofing properties; non-metallic roofs, with solar cells; plastic panels for building and construction; building materials with thermal insulation properties; thermoplastic materials used as building materials for insulation, covering (roofing) and glazing; water pipes made of PVC (polyvinyl chloride).

**Class 25**

Clothing, footwear, headgear.

**Class 28**

Games, toys; gymnastic and sporting articles not included in other classes; decorations for Christmas trees; playing cards; electric floats for fishing, apparatus for tying fishing lines to hooks, electronic apparatus for practicing golf, wax applicators for skis, stationary exercise bicycles and rollers.

**Class 29**

Meat, fish, poultry and game; meat extracts; preserved, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs, milk and dairy products; edible oils and fats.

**Class 30**

Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flours and preparations made from cereals, bread, pastry and confectionery, edible ices; honey, treacle; yeast, baking-powder; salt, mustard; vinegar, sauces (condiments); spices; ice for refreshment.

**Class 32**

Beers; mineral and aerated waters and other non-alcoholic beverages; fruit beverages and fruit juices; syrups and other preparations for making beverages.

**Class 35**

Advertising; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; promoting the goods and services of others by arranging for sponsors to affiliate their goods and services with sporting activities, competitions, or awards programs; business management; business administration; office functions; promotion of the goods and services of others, through contractual agreements, especially through partnership (sponsoring) and licenses, offering them greater exposure and/or image strength and/or a surge of sympathy derived from that greater exposure and/or that image strength of cultural and sports events, especially international ones, and/or the surge of sympathy derived therefrom; promotion of the goods

and services of others by means of what is referred to as the initial interest factor driving the public to consider, from among many competitors, goods or services that are presented to them with personal signs, emblems or messages to capture their attention; promotion of the goods and services of others by the means referred to as image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles; inventory management services; consultation relating to stock monitoring services; advertising by means of direct marketing for others consisting in marketing of databases; consultation for advertising by means of direct marketing for others consisting in marketing of databases; advisory services in connection with business reorganization; business management in the field of transport, namely billing and consulting in connection with business administrative management of trucks and automobile fleets; business administration consultancy; administrative management of power plants of others; business consultation in connection with the management of power plants, commercial services, namely administration of contracts for repair and servicing, supply chain management services and consulting services relating to the purchase and supply of chemical services and products, supply management and product inventory, limitation of costs; consulting, marketing, analysis of prices and costs concerning devices for electrochemical purification of liquids for industrial use; administrative and commercial management of computer files; data input and processing services; retail sale of electric and electronic machines and apparatus (the bringing together, for the benefit of others, of a range of goods so as to enable customers to view and purchase said goods at their convenience in a retail store carrying electrical goods), information concerning the sale of raw materials, commercial information, commercial information agencies, rental of photocopiers; promoting the sale of goods and services of others including by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promotion of sporting events and competitions for use by others; promoting concerts and cultural events for others, organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods and services on line via the Internet and other computer networks; tourist documentation services, namely advertising concerning transport, travel, hotels, accommodation, food and meals, sports, entertainment and sightseeing tours, tourist agency services; maintenance of computerized databases.

#### **Class 36**

Insurance underwriting; financial affairs; banking; monetary affairs; real estate affairs, credit card services; financing of sporting and cultural activities; rental of buildings and outbuildings designed for hosting corporate entertainment events; equity and private brands financing services; financial analyses and consultation; financial services in connection with credit cards; credit card services, namely granting credit to others; financial asset management for others; insurance and reinsurance services, namely underwriting of all types of insurance; equity capital investment services; insurance underwriting services in the field of bonds; financial security underwriting services; personal loan financing; lending against collateral; acquisition financing services; commercial

financing services; commercial real-estate agency services; raising capital; loan and private capital investments; information, assistance and consultancy in all the aforesaid fields, lease-purchasing of mobile and modular structures, insurance brokerage services, credit agency services in the field of commercial and consumer credit, financing of real estate loans and financial and banking services; monetary operations in particular by means of bank cards or customer loyalty cards; financial clearing services; issuance of checks and letters of credit; financial services; insurance services; financial operations; bill payment services; debit card services; payment card services; pre-paid card services; electronic transactions by credit and debit card; electronic transfer of funds; smart card and electronic money services; provision of liquidities; credit card and payment services replacing cash payments; electronic transfer of capital; check verification; check cashing services; automated teller and safe deposit system services; payment processing services; provision of financial information via a global computer network; financial sponsoring of festivals and concerts; financial services for purchasing goods and services sold in retail at points-of-sale for promotion purposes; provision of financial information for tourists; financial services for tourist assistance purposes; lease-purchasing of telephones, facsimile machines and other telecommunication equipment; lease-purchasing of transport containers.

#### Class 37

Construction; repair; installation services; replacement, overhaul and maintenance of power plants, motors and engines, turbines, wind turbines and apparatus, equipment and instruments for energy and electricity production and their parts, components and accessories; installation, maintenance and repair services for compressors and pumps, namely machines, turbo-expanders, fuel pumps and fuel distribution equipment, compressed natural gas refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, heavy-wall reactors and tubular reactors; maintenance and repair services for oil and gas pipelines; drilling and pumping of oil and gas; drilling for crude oil; installation of tubes and pipelines for drilling of oil wells; rental of tools for drilling oil and gas wells; diagnosis, repair and maintenance of electronic monitoring devices, airplane engines, turbines, electrical equipment, medical equipment, locomotives, including parts and accessories of all the aforesaid goods; rental of construction equipment; chemical cleaning services for glass-coated reactor vats used in the chemical and pharmaceutical treatment industries; maintenance services for heat transfer systems and of condensers; maintenance and repair services for equipment with computerized cooling systems; repair and maintenance services for machines, instruments, apparatus and electrical equipment; maintenance and repair services in the oil and gas field; services relating to installation of point-of-sales terminals in stores; computer maintenance services; installation and repair of electric apparatus; repair of radio receivers and television receivers; repair and maintenance of electric apparatus and instruments for communication; repair and maintenance of electric household appliances; repair and maintenance of electric lighting apparatus; repair and maintenance of electric apparatus for distribution and control; repair and maintenance of electric motors; repair and maintenance of machines and instruments for measuring and/or testing; repair and maintenance of medical apparatus and instruments; repair and maintenance of metalworking machines and tools; repair and maintenance of cooking apparatus; repair and maintenance of automatic vending machines; repair and maintenance of water purification apparatus; repair and maintenance of musical instruments; repair and maintenance of watches and clocks; repair and maintenance of gas-fired water heaters for household use; repair and

maintenance of bathtubs; repair of toilets with water points; installation or repair and maintenance of computer hardware; repair and maintenance of air-conditioning apparatus; installation, maintenance and repair of office equipment and machines; installation, repair and maintenance of machinery equipment; vehicle repair; repair and maintenance of computers; repair and maintenance of electronic printers; repair of telephones; electrical work and installations for telecommunication equipment; installation, maintenance and repair of compressors, pumps, namely, machines, turbo-expanders, fuel pumps and fuel distribution equipment, compressed natural gas refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, heavy-wall reactors and tubular reactors; repair and maintenance of oil and gas wells.

#### Class 38

Telecommunications; television program broadcasting, broadcasting of televised programs (live or recorded); radio telephony; communications by electronic computer terminals, by databases and by telecommunication networks connected to the Internet; communications by telex; communications by telegrams; communications by telephone; communications by facsimile machines; radio paging; teleconferencing communications; television broadcasting; cable television; radio broadcasting; news agencies; electronic transmission of messages; broadcasting of a commercial site on the Internet; radio and television broadcasting provided via the Internet; electronic messaging; providing access to computer information newsletters and to discussion forums on line; transmission of messages and images via computers; providing access to home and office shopping services via computer and/or interactive communication technologies; telecommunication of information (including web pages), of computer programs and of all other data; electronic mail services; providing user access to the Internet; services of telecommunication connections to the Internet or to databases; providing access to digital music web sites on the Internet; providing access to MP3 web sites on the Internet; rental of access time to a central database (telecommunications); provision of access to search engines; operating discussion forums on the Internet; rental of access time to a central server database; rental of access time to a computer database (telecommunication services); simultaneous broadcasting, in particular by means of electronic interconnections, of films and of video and sound recordings; wireless data messaging services, in particular services enabling a user to send and/or receive messages via a wireless data network; one-way and two-way messaging services; electronic transmission of data, images, documents and audio and video data, including texts, cards, letters, messages, mail, animations and electronic mail, via local or global communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; electronic transmission of software via local or global communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; providing access to databases and to local or global communication networks, including the Internet, intranets, extranets, television, mobile communication, cellular and satellite networks; transmission and relay of messages, namely electronic transmission of messages; telecommunication services for the dissemination of information by mobile telephone, namely, transmission of data to mobile telephones; communication by mobile telephone; voice communication transmission and reception; transmission and reception on a value-added network; telecommunication services by telematic means and by multimedia networks; rental of access time to a database server center; operating networks for transmission of value-added data (multimedia

systems, interactive videography, global computer telecommunication networks).

#### **Class 39**

Transport; packaging and storage of goods; travel arrangement; storage of media containing still and moving images; distribution of oil or gas by pipelines; rental of automobiles, airplanes, self-propelled and marine vehicles; delivery and storage of chemicals in the field of water treatment and of pulp and paper making systems; boat transport; vehicle reservation services; information services concerning travel, travel reservation services, pre-trip planning assistance services; printing materials distribution; transport ticket reservation; information services in the field of tourism, namely transport information; information services in the field of tourism, namely information on the reservation of tickets for transport, travel and sightseeing tours; information services in the field of tourism, namely information on planned activities for sightseeing tours and transport; services in connection with transport for tourist assistance; tourist reservation services, namely ticket reservation services and transport reservation services; information relating to prices, timetables and means of transport; assistance provided to tourists in connection with the reservation of tickets for transport, travel and sightseeing tours; assistance provided to tourists in connection with planned activities for sightseeing tours; tourist reservation services, namely reservation of tickets for transport, travel and sightseeing tours; preparation of travel reports via a global computer network.

#### **Class 40**

Treatment of materials; cinematographic film development; photograph enlargement, photograph printing, photographic film development; rental of photographic machines and instruments for developing, printing, enlarging or finishing; processing of oil; processing of gas; refining of oil and gas; wastewater treatment services, water treatment services, namely desalination, purification, treatment of ion-exchange resins; biological (cell) membrane regeneration services, namely to restore the quality performance to biological (cell) membrane elements and to extend biological (cell) membrane life; provision of information to others, on a global computer network, concerning industrial systems for water purification.
