REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Machines for use in power stations, for generating electricity and for use in the gas and processing industries; separators; steam engines; compressors; heat exchangers for motors and engines; filtering machines; radiators for motors and engines; aerocondensers; housings (parts of machines); generators of electricity; machines and plants composed thereof for the processing of foodstuffs; machines and machine tools for the processing industry in the fields of foodstuffs, beverages, the brewing industry, dairy industry, chemistry, pharmaceuticals, biotechnology, cosmetics, oil production, oil processing, power generation, wastewater treatment and metalworking, for use in the marine industry, drinking water production and treatment, on oil platforms, in wine cellars, all the aforesaid goods included in class 7; machines for the processing industry in the fields of foodstuffs, beverages, the brewing industry, dairy industry, chemistry, pharmaceuticals, biotechnology, cosmetics, oil production, oil processing, power generation, wastewater treatment and metalworking, for use in the marine industry, drinking water production and treatment, on oil platforms, in wine cellars, all the aforesaid goods included in class 7; heat exchangers being parts of machines; air-cooled condensers; pumps; fans for motors and engines; engines, powertrains, and generic machine parts; axial fan condensers; centrifugal fan condensers; blowing machines for the compression, exhaustion and transport of gases; power-operated blowers; blowing engines; filter housings being parts of machines; filters (parts of

machines and engines); springs being parts of anti-vibration mountings for machines; metal joints for pipes (parts of machines and engines); transmissions for machines; roller bearings; bearings for transmission shafts; pressure reducers and pressure regulators; taps being parts of machines, engines and motors; valves (parts of machines); filtering machines, separators and centrifuges; lifting apparatus; connection rods for machines, engines and motors; speed governors for machines, engines and motors; expansion tanks (parts of machines); couplings other than for land vehicles; turbines (other than for land vehicles); fans for machines, engines and motors; control mechanisms for machines, engines and motors; control cables for machines, engines and motors; water heaters (parts of machines); parts and fittings for all the aforementioned goods, included in this class.

Class 09

Safety, security, protection and signaling apparatus and equipment; measuring, detecting and monitoring instruments, indicators and controllers; scientific research and laboratory apparatus, educational apparatus and simulators; regulating, checking and controlling apparatus and devices and electric or electronic switch gears; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; data transmission installations and equipment, data processing installations and equipment, data output installations and equipment; process control systems, namely electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; computers and computer software; transducers; parts and fittings for all the aforesaid goods, included in this class.

Class 11

Flues and installations for conveying exhaust gases; burners, boilers and heaters; filters for industrial and household use; industrial treatment installations, namely gas cleaners and purifiers, chemical processing equipment, industrial installations for filtering liquids, installations for collecting gases, installations for collecting liquids; drying installations; refrigerating and freezing equipment; regulating and safety accessories for water and gas installations; heating, ventilating, air conditioning and air purifying apparatus and installations; nuclear installations; heat exchangers and fittings for heat exchangers, included in class 11; separators for removing condensation by refrigeration; refrigerating chambers; air heating apparatus; air dryers; electric radiators; heat regenerators; heat accumulators; heat exchanger pipes, cooler pipes and condenser tubes, finned tubes and filter pipes for heat exchangers; air pre-heaters; dry cooling apparatus and systems consisting thereof; dehumidifiers; chillers; machines for drying materials, also by using the spray drying technology; heat generation devices and heat distribution devices and plants composed thereof for industrial purposes; filling material and inserts for heat exchange (not machine parts), for moisture exchange and/or for mass transfer, namely being parts of process engineering installations, apparatus or devices for cooling, heating, humidifying gases, for dehumidifying gases, for absorbing (filtering) materials in air and water, for desorbing (filtering) materials in air and water and/or for the reaction of substances; filling material and inserts being parts of air filtering installations, apparatus and devices as well as for water filtering installations, apparatus and devices; filling material and inserts being parts of air and gas humidifying installations, apparatus and devices; filling material and inserts being parts of gas scrubbers; filling material and inserts being parts of ventilating apparatus and installations; filling material and inserts being parts of evaporation coolers; exchange media and exchange inserts for cooling towers; plastic fixtures with parallel or crosswise arranged ducts being

parts of air filters, water filters, gas scrubbers, air humidifiers, ventilating installations, gas-liquid-mass transfer installations, rain water or waste water seepage installations or evaporation coolers; apparatus for separating solids, liquids and gases from liquids by means of sedimentation; apparatus for treating and purifying water by means of filtration and sedimentation; devices for clarifying water by means of gravity sedimentation; moisture exchangers; splash deflectors for cooling towers; gas scrubbers; ventilating apparatus and equipment; humidifiers for conditioning air and gases; apparatus for biological waste water treatment; plastic fixtures with crosswise arranged ducts for use as components for evaporation coolers; sanitary installations and water supply installations; water conduits installations; tubular rods being parts of refrigerating, distilling and heating installations; lighting apparatus and installations; evaporative coolers; including all the aforesaid goods being custom-made; parts and fittings for all the aforementioned goods, included in this class.

Class 35

Commercial trading and consumer information services, namely auctioneering services, intermediary services, collective buying services, commercial evaluation services, arranging of competitions for advertising purposes, commercial information agency services, import and export services, negotiation and conclusion of commercial transactions for third parties, ordering services, price comparison services, procurement services for others; retail and wholesale services, mail order retail services and online retail and wholesale services, all relating to chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, relating to filtering materials, relating to building materials, building elements and process equipment of metal, relating to machines and spare parts therefor for use in power stations, for generating electricity and for use in the gas and processing industries, relating to compressors and spare parts therefor, relating to aerocondensers and spare parts therefor, relating to machines and plants composed thereof for the processing of foodstuffs as well as spare parts therefor, relating to machines and machine tools, apparatus, devices and parts for the processing industry as well as spare parts therefor, relating to pumps and spare parts therefor, relating to blowing machines and turbines as well as spare parts therefor, relating to heat exchangers being parts of machines and spare parts therefor, relating to safety, security, protection and signaling apparatus and equipment as well as spare parts therefor, relating to regulating, checking, controlling, measuring apparatus and devices and electric or electronic switch gears as well as spare parts therefor, relating to industrial treatment installations, namely gas cleaners and purifiers, chemical processing equipment, industrial installations for filtering liquids, installations for collecting gases, installations for collecting liquids as well as spare parts for the aforesaid installations and equipment, relating to nuclear installations, relating to refrigerating and freezing equipment, relating to heating, ventilating, air conditioning and air purifying apparatus and installations as well as spare parts therefor, relating to apparatus and instruments as well as spare parts therefor for conducting, switching, transforming, accumulating, regulating and controlling electricity, relating to plastic parts for air filters and air filter installations, for water filters and water filter installations, for cooling apparatus and installations and cooling towers, for air humidifying apparatus and installations, for gas scrubbing apparatus and installations, for ventilating apparatus and installations, for application in mass transfer processes, and/or for seepage apparatus and installations for rain water or waste water, relating to process control systems, namely electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data as well as spare parts for the aforesaid apparatus and equipment, relating to apparatus for lighting, heating, steam generating,

cooking, refrigerating, drying, ventilating, water supply and sanitary purposes as well as spare parts therefor, relating to heat exchangers and accessories for heat exchangers as well as spare parts therefor, relating to transportable buildings (not of metal), relating to non-metallic building materials, relating to filtering materials of textile; consultancy, advisory and information services relating to the aforesaid services, included in this class.

Class 37

Building, construction and demolition; building construction, including the installation of lighting, heating, steam generating, cooking, refrigerating, drying, air conditioning, ventilating, heat recovery, air filtering and water supply apparatus and of sanitary installations; repair of apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, air-conditioning, ventilating, heat recovery, air filtering and water supply and sanitary purposes, air filters and parts and accessories for the aforesaid apparatus and installations; construction management services; building repair; interference suppression in electric apparatus and in air conditioning installations and apparatus; installation and maintenance of air conditioners and air conditioning installations; installation of electric apparatus; installation of refrigerating apparatus; installation and maintenance of machines; construction consulting.

Class 42

Scientific and technological services and research and design services relating thereto; industrial analysis and research services; construction drafting and consultancy relating thereto; engineering services; design, development, planning, engineering project management and construction (engineering services) of industrial and machine installations, lighting, heating, steam generating, cooking, refrigerating, drying, air conditioning, ventilating, heat recovery, air filtering and water supply apparatus and of sanitary installations, air filters; technical testing; scientific research; mechanical research; design, technical development and technical planning of industrial installations and machines; research and development of installations, processes and products; services of an architect; architectural consultation; technical research; engineering drawing; quality control; engineering surveying; computer programming; maintenance of software; computer system analysis; computer software design.
