REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 01

Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fertilizers; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives for industrial purposes; sensitized films, unexposed; synthetic resins (unprocessed); thermoplastic and thermosetting synthetic resins and organic compounds for molding, for general use in industrial processes; intermediate chemicals; organosilicon compounds, namely polysiloxanes and silanes in the form of resins, pastes, fluids, elastomers, vulcanization and acceleration products; anti-foaming agents; catalysts for paints; chemicals for development and setting of x-ray films and other chemicals in connection with the development of said films; phosphorescent substances (other than paints); chemical substances used as nuclear fission materials; fuel for nuclear reactors; adhesive materials for use in industry; polycrystalline alumina ceramic for general use in industrial processes; brazing and soldering fluxes and products; thermoplastic and thermosetting adhesives for industrial purposes; chemicals, biochemicals and reagents for use in industry, science and research; chemical reagents, kits and products for analysis or diagnosis for scientific purposes, namely chemicals for cell culture and separation, purification of nucleic acid, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules and markers for DNA/RNA synthesis; luminescence reagents for industrial use; reagents for gene expression quantifying; reagents for polymerase chain reaction processes; reagents for rolling circle amplification processes; reagents for DNA cloning and vectors, enzymes for modification and restriction; reagents for labeling, sequencing and fractal analysis of nucleic acids and proteins and customized synthesis; reagents for recombinant protein purification and expression; media for use in chromatography (not medical); reagents for electrophoresis, biocomputing, spectrophotometry and fluorometry; radiochemical products for scientific research; reagents for scintillation proximity assay; reagents for high-resolution laser microscopy, fluoroscopic microscopy and confocal microscopy (other than for medical or veterinary purposes); specialized chemicals for use in industry, science and research; gases and gas mixtures for use in industry, science and research; chemical substances and products for manufacture of pharmaceutical products, diagnostic products and substances; chemical testing reagents, saline solution and paper coated with reagents, all for scientific use and for use in laboratories; fissile chemicals for scientific research; radioactive isotopes and elements for use in industry, science and research; radioactive sources and norms for radiographic technology (scientific); radioactive sources for non-destructive testing, purification and sterilization technology (scientific); radionuclides for scientific research; chemical compounds and chemicals for treatment of water supply systems, wastewater treatment systems, cooling water circuits, boiler water and steam generating systems, boiler condensate systems, liquid separation systems, systems for water purification and dehydration in aqueous systems, conditioning systems, gas purification systems, industrial process systems, fuel treatment systems, hydrocarbon and gas treatment systems, petrochemical systems and gas and oil treatment systems, pulp and paper making systems, metal and plastic coating systems, metal treating systems; chemicals, namely chemical additives for gasoline, additives for heating oil and additives for improving the efficiency of turbine engine fuel; testing kit comprising reagents for determining the presence of algae and active organic organisms in diesel; bacterial cultures and nutritive elements for treating sludge and wastewater; polymeric chemicals for dispersing particles in steam

production equipment; chemicals and chemical compounds used as anti-fouling and demulsifying agents in operations for producing coke and metallurgy-derived products; radiopharmaceuticals for scientific use and for research; polymeric membrane materials for liquid separation (chemicals).

Class 02

Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants; mordants; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; corrosion inhibitors in the form of a coating for use in the metal finishing industry, namely a final aqueous acidic rinse; corrosion inhibitors in the form of a coating for cooling water circuits; corrosion inhibitors in the form of a coating, namely resinous coatings for masonry and metal surfaces; covering materials, namely in the nature of fluids or powders for protection against chemicals, weather damages, scratches, paint chipping; toner cartridges (filled) for printers; ink cartridges for printers; toners in the nature of dyestuffs, toner cartridges (filled) for copiers, toners cartridges (filled) facsimile machines.

Class 03

Bleaching preparations and other substances for laundry use; cleaning, polishing, degreasing and abrasive preparations; soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices; chemical cleaning preparations for cleaning steel, galvanized and mixed metal surfaces; paint stripping preparations containing chemicals and chemical compounds for removing paint from equipment surfaces in spray-painting booth operations.

Class 04

Industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; fuels (including motor spirit) and illuminants; candles and wicks for lighting.

Class 05

Pharmaceutical and veterinary preparations; sanitary preparations for medical purposes; dietetic substances adapted for medical use, food for babies; plasters, materials for dressings; material for dental fillings and dental impressions; disinfectants; pesticides; fungicides, herbicides; pharmaceutical preparations for diagnosis; veterinary pharmaceutical preparations for diagnosis; veterinary and pharmaceutical substances for medical use; diagnostic preparations and reagents for medical use; diagnostic substances for medical use; contrasting substances for medical imaging; scanning diagnostic reagents for use in vivo; diagnostic imaging agents for magnetic resonance imaging (MRI); radiopharmaceuticals for medical and clinical use; radiopharmaceutical sources and norms for nuclear medicine; radioactive pharmaceuticals and non-radioactive reagents for producing radiopharmaceuticals for in-vivo diagnosis or for therapeutic use; gases and mixtures for medical imaging; medical diagnostic reagents contained in pre-filled bottles; chemical solutions for medical use contained in pre-filled cartridges; gases and gas mixtures for medical purposes contained in pre-filled cylinders.

Class 06

Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery and small items of metal hardware; pipes and tubes of metal; safes; goods of common metal, not included in other classes; ores; locks of metal; metal security casings, namely key cabinets, security key storage tubes and boxes; sealed post boxes of metal for industrial, residential, real estate and vehicle sales; metal key cabinets for key locking, search and storage; metal safes for keys; metals and alloys in unworked, liquid, sintered, pressed, machined, sheet, wire, pellet, rod, band and cast form; key chains of common metal; trolley wires for wiring; doors of metal; barriers of metal; electric garage doors; acid-resistant high-polymer coatings; sheet steel; steel panels for office floors; welding wires; small hardware of metal; small goods of metal; soundproofed sheets and plates of metal.

Class 07

Machines and machine tools; motors and engines (other than for land vehicles); machine coupling and transmission components (other than for land vehicles); agricultural implements

other than hand-operated; incubators for eggs; apparatus, equipment and instruments for electricity production, namely electrical and wind energy generators generating electricity; turbines for power generation; turbines for energy production; wind turbines for energy production; wind turbines linked to wind farms, turbine-powered production installations, namely installations for electricity production; power-generating engines; and parts and components of all the aforesaid goods; solar-powered electricity generators; dynamos, electric motors (other than for land vehicles), gas and steam turbines and components thereof (other than land vehicles), electrical generators and their parts, aircraft engines, compressors (machines); laundry washing machines, dishwashers, grinders and compactors of waste; pumps, namely centrifugal pumps, diaphragm pumps, bellows pumps, pumps and transfer pumps; liquid control devices, namely valves, regulators, actuators, ejectors, liquid separation cartridges and their parts, including semi-permeable diaphragms, all the aforesaid being parts of machines; filtering cartridges for various industrial machines for filtering applications, including for filtering of coating solutions for manufacturing of magnetic tapes and for filtering of petrochemicals, drinking water, beer in the brewing industry and other special chemicals; machines for supplying and applying chemicals for industrial use; axial-flow and radial-flow compressors (machines); piston compressors; screw and sliding-vane compressors (machines); rotary, vacuum, electric, submerged and centrifugal pumps; turbo-expanders, namely, air and electric compressors; CNG refueling machines for land vehicles and industrial equipment and accessories and parts of all the aforesaid goods, namely pumps, valves, fuel filters, filter housings, distributor rotors, blades, bearings and mechanical joints; steam condensers; motors for boats; turbo-compressors for engines; fuel injectors; industrial robots, machines for insertion of electronic components, dry etching machines, electric micro-discharge machines, optical disk production systems, precision joining machines, processing machines for printed wiring boards, welding wires, parts mounting machines, soldering machines, machines for fastening screws, electrical tools; electric motors, electric generators; elevators (lifts); washing and drying machines, electric washing machines, electric dishwashers; compressors (non-surgical); pumps, electric pumps; mixing, cutting and chopping machines, mixing machines, electric centrifuges, electric food processors, electric meat grinders, electric can openers, electric knife sharpeners, electric coffee grinders, electric ice crushers, electric waste-processing machines; electric gardening tools, electric lawnmowers, garden vaporizers (machines) for disinfectants and insecticides; electric apparatus for cleaning, electric vacuum cleaners, electric floor polishers; electric window washers (machines); electric hand tools and implements; welding machines, plasma, gas or arc-cutting machines for cutting metal; mixers, centrifuges, hand-held mixers, food processors, all the aforesaid being machines.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; protective helmets for sports; spectacles, sunglasses, goggles for sports; computer software, computer game software; self-regulating fuel pumps for refuelling airplane engines; fuel distribution equipment, namely calibrated fuel pumps, electric fuel-level gauges, electric control valves for regulating gas flow rate and fuel lines; automated systems for service-station management comprising of computer-operating software, metered fuel pumps, rate control panels, fuel lines and dispensing nozzles for refueling land and water vehicles and airplanes; gas meters; on-board and roadside signaling and communication systems, train inspection systems, crossing notification systems, apparatus for electric control of switching; GPS tracking and monitoring systems for the railway and transit industries; electrical distribution products and devices, namely capacitors, circuit breakers, circuit-breaker patch boards, circuit closers, contact breakers, commutators, contactors, current rectifiers, current limiters, electric contacts, electric collectors, electric conductors, electric connectors, electric controllers, electric inductors, electric power supply systems, distribution boards and branch boxes (electricity), electrical distribution consoles, electrical switchboards and switchboxes; software for persons in charge of troubleshooting and maintenance of programmable controllers, software for blood vessel analysis, including heart

vessel analysis, also with calculation functions with regard to blood vessels, software for medical patient-monitoring equipment, software for receiving, processing, transmitting and displaying data, software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information, software for collecting data concerning vital signs, software for analyzing electrical systems and electronic instruction manuals sold in the form of sets, software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the investments identified, software for obtaining information on the risk of flooding with regard to real property, software for developing graphic user interfaces and displaying data, software for calculating mortgage payments, software for controlling and managing vehicle fleet maintenance services, software for using and accessing commercial information technology services, software used by clients to obtain information regarding lease portfolios, software for a radiology information system for radiologists and radiology departments, software for managing databases containing information on employees and patients for archiving purposes and patient follow-up, software installed on and used with PCs and medical monitoring equipment for graphic user interfaces, software for sending encrypted and compressed data to radio-paging (transport) systems, software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means, and software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to set up subterranean installations; electronic, nuclear, industrial and laboratory instruments and apparatus, for testing, measuring, calculating and monitoring; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors; electric capacitors; switches for lighting; input/output devices and controls; fuses; controls for lighting; switch boxes, LEDs (Light Emitting Diodes), namely light-emitting diodes, electrical voltage regulators, voltage surge protectors, voltage surge limiters, voltmeters, electrical circuit boards, relays and timers, electromagnetic switches and limit switches, manual full-voltage starters, reduced-voltage starters, electric disconnecting switches and switches, splitters for circuit boards and short-cycling panels, circuit breakers and disconnecting switches, transformers, electric circuit and electric lighting boards, electric wires, cables, cords and conductors, electric wiring and accessories, lightning conductors, electricity meters, wattmeters, grounding resistances, humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps for scientific or laboratory use; apparatus for microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for luminescent and radioactive emissions; integrated purification and synthesis systems; optical laser systems for digital imaging; laboratory glassware; vials and micro-vials for laboratory use; microplates (reagent testing apparatus), other than for medical use; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals in electronic form sold as a unit for plant management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for providing connections among computer network users; software for injection molding of plastic; software for controlling, monitoring, simulating, communicating, recording and collecting data and for plant automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem follow-up and production report generation; software packages for operating and programming grinders in the manufacture industry; computer hardware for monitoring industrial processes, namely computerized monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory boards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; application software for manufacture and control, namely for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive

control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; distributed and remote input/output equipment, input/output modules, interface modules, electricity supplies and assembly equipment; anti-theft and burglar alarm systems (other than for vehicles); security devices, namely logic programming computers, control panels, electronic burglar detectors, electronic glass-breakage detectors, electronic vibration detectors, magnetic contacts for security systems, electronic switch plates, electronic motion detectors for alarm systems, electronic motion-sensitive switches, fixed connection sirens, audio loudspeakers, electronic navigation systems, alarm monitoring and access control systems; fire, smoke and heat alarms and detectors; systems for access control with computer cards; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object following; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing software or hardware used for analyzing digital video images for extracting, recording and reporting information automatically, and remote video surveillance systems for surveillance and security applications; central video monitors; videotape recorders; film production apparatus; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radiofrequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom domes, remote video controllers, receivers, electronic alarms, triggers and management controls and video transmission devices sold separately or as parts of a closed-circuit camera operating system; personal digital assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; electronic keys; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and their readers and encoders; magnetic access cards and their readers and encoders; memory access cards and their readers and encoders; proximity cards and their readers and encoders; encoded keys; barcode access cards and their readers, encoders and laminators; access keypads; radio-frequency tracking devices; tracking and control systems consisting of one or several detectors, transceivers and radio-frequency beacons for determining and checking the location and movements of assets, stocks and people; infrared sensors; computer hardware and software for managing infrastructures and monitoring systems for accessing infrastructures and components thereof, namely control boards, access card readers and video imaging, video surveillance, digital hard disk recording, network transmission and remote access equipment and systems; networked digital video storage servers, applications for surveillance and access control, alarm and security monitoring, computer hardware and software for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices; surveillance and monitoring equipment sold separately or as components or in the form of sets such as systems comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera casings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches, control panels, numerical pad controls, joysticks, interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings, transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; computer hardware and software for data processing; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens; and electronic siren controls, namely ringer tone generators and

amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, in industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on people, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on people, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or apparatus sensitive to changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; electric control valves for water treating and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flowmeters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls and apparatus, namely sensors and programmed integrated circuits, all for the monitoring of industrial processes (determine the correct treatment program, apply the desired treatment and monitor effectiveness of the treatment) including for use in following industrial fields, namely treatment of industrial and commercial water supply systems, boiler water systems, cooling water systems, cooling water circuits and closed water supply systems, paper and pulp treatment systems, fuel processing systems and systems for processing metals to analyse system chemistry; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; mobile laboratory equipped with instruments and equipment for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial water, for carrying out inorganic and microbiological water testing; electronic and electrochemical products, namely fuel cells; apparatus for converting photo-electric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of data, enabling users to store or manage personal information and to transmit and receive voice, video and image communications; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and related software; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer programs and software for wireless device operation and management; apparatus for telecommunication; software for accessing, researching, indexing and recovering information and data from global computer networks and global communication networks, and for navigation on web sites in the aforesaid networks; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software, software packages; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon rods for use as fuel cells in dry batteries, carbon rods of welding use; wiring apparatus, connectors (electric), electric cables, electric ducts, floor ducts specially designed for housing electric cables, ballast (for discharge lamps), wiring systems under carpets, code lighting switches, circuit breakers, magnetic starter switches and contactors, circuit protectors,

switching devices, electric connecting boxes, device switches, output jacks, plugs (electric), electric timers; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable emergency intercoms; acoustic devices and apparatus, radios, tape recorders/players, radio cassette recorders, portable tape players, compact disc recorders/players, minidisc recorders/players, minidisc consoles, DVD audio recorders/players, digital audio players, memory cards, loudspeakers, electronic tuners, amplifiers, stereo systems, disc readers, graphic equalizers, alarm clocks, integrated circuit recorders, digital audio processing devices, earphones, headphones, microphones, cassette recorders/players, software for compact discs (prerecorded), electric megaphones, language libraries, audio systems for cars, public address systems, mixing consoles, cleaning apparatus especially adapted for use with recording and playback equipment and recorded material; audio equipment, audio cables, video cables, other audio machines; audiovisual machines and apparatus, television sets, cathode ray tube display devices, cathode ray tubes, image pick-up tubes, plasma television sets, plasma display devices, television sets (liquid crystal display), liquid crystal display monitors, television sets combined with video tape recorders, television sets combined with disc players, antennas, tuners for satellite broadcasting, television tuners, Internet terminals, video projectors, video cassette recorders, camcorders, video cameras, video printers, laser disc players, video CD (compact disc) players, software for video CD (compact disc), video recorders/players for DVDs, color video systems for large-scale display, cable television systems, hard disk units, video imaging devices, electric optical display boards, multi-purpose electric display systems, closed-circuit video equipment systems, software for DVDs, television cameras, video switches, non-linear editing systems, editing controllers, DVD creation systems, LED displays, other audiovisual machines; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc readers, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines, facsimile transceivers, transceivers, telephones, cellular mobile telephones, cases for cellular mobile telephones, telephone answering machines, private auto-switch systems, global positioning system receivers, radiotelephones, marine radars, radio-paging receivers, mobile communication systems, multi-channel access radio systems, electric panels for traffic information, videoconferencing systems, private portable telephone systems, local network systems, AV codecs (coder-decoders), navigation systems for cars (road guidance systems), electronic systems for road toll collection, GPS (global positioning system) antennas; surveillance (monitoring) apparatus and instruments, electric door opening devices, communication and surveillance systems for apartment structures, intruder detection systems, automated systems for surveillance and control of functions in buildings, security apparatus with several electrical layers; automatic control machines and instruments, electric distribution boards, road signal control apparatus, bus placement systems, ultrasonic vehicle detectors, information and telecommunication networks for road traffic management, light dimmers, light switches, inverters, programmable control systems, transformers, domestic electricity production systems, power capacitors; data processing equipment; computers and computer peripherals, word processors, software (recorded), image scanners for personal computers, printers, PC cards, computer keyboards, mice (data processing equipment), CD-ROM units, diskette units, card reading/writing systems, barcode readers, time recorders, portable data terminals, point-of-sale systems, data collection terminals, personal digital assistants (PDAs), DVD-RAM/ROM units, CAD/CAM (computer-aided design/computer-aided manufacturing) systems, hard disk units, electronic calculators, uninterruptible power supplies for computers / communication / broadcasting; external storage devices, video cassettes, cassette head cleaners for video tapes, D-VHS (video systems for the home), computer peripherals devices; video tapes, audio cassettes, diskettes, optical discs, mini-discs, DVDs (digital versatile discs), integrated circuit memory cards; weighing and measuring apparatus and instruments, thermoluminescent dosimetry systems, portable x-ray dosimeters, electronic meters, ammeters, electricity consumption meters, grip measuring devices, electric apparatus for measuring leakance, electric insulation meters, thermometers (not for medical purposes), measuring system processors, electric multi-circuit sector voltage monitors, micro-precision measuring devices, body fat monitors (not for medical purposes), pedometers, audio/video analyzers, oscilloscopes, modulators, voltmeters, distortion meters, measuring apparatus; sensors (measuring apparatus) other than for medical use, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; electric components, LEDs, liquid crystals, liquid crystal display modules, magnetrons, diodes,

transistors, thermostats, integrated circuits, semi-conductor storage devices, micro-computers with a single chip, cartridges for microphones with electric capacitor, gray-scale image processors, thermal print heads, magnetic heads, permanent magnets, connectors, relays, display components, semi-conductor lasers, charge coupling devices, image detectors, film capacitors, electric tuner units, high-frequency units, magnetic card reading/writing devices, voltage-controlled oscillators, phased-locking circuit synthesizing modules, wireless communication module units, optical transmission components, printed wiring boards, loudspeaker components, apparatus for electricity supply, AC adaptors, focusing magnets, inductors (coils), capacitors for electric apparatus, electric signal filters, transformers, deflection coils, thermistors, varistors, piezoelectric ceramic components, acoustic-optical components, resistances, potentiometers, encoders, printing units, hybrid integrated circuits, switching components, heat-welding wiring boards, transparent button boards, electroluminescent components, remote control units, magnetic resistance elements, electric flat irons, electric hair curlers, electric hair straightening or curling irons; electric arc-welding apparatus, welding electrodes, electric timers; equipment for processing data, particularly for financial applications; operating system programs; computer hardware and software, particularly for local and wide-range computer network development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, particularly for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; automated banking machines; encoders and decoders; modems; encoded magnetic cards, cards with electronic data, readers for encoded magnetic cards, readers for cards with electronic data, electronic encryption systems, computer hardware, computer terminals, software used in financial services, in the banking and telecommunication industries; electric and electronic products, namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automatic cash dispensers; data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; computer mouse pads; inductive electrical apparatus, electrical displacement devices, electricity control and regulation devices, electricity measuring instruments, electrical protection devices, switchboards, switchboard apparatus, wiring devices and supplies; liquid control devices, namely, flowmeters, pressure switches, sequential timers, electric controls and switches; electric devices for killing insects, audio amplifiers for keyboards, external memory devices for musical instruments; electro-thermal hair curling apparatus, electric hair straightening or curling irons, electric hair curlers; computer systems for managing data and preserving archives in the field of anesthesia.

Class 10

Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture materials; testing apparatus comprising test tubes, test plates and indicator diagrams for evaluating test results in kit form (medical); systems comprising medical apparatus and accessories for administering measured doses of pharmaceutical preparations; bottles for medical use; cannulas for medical use; syringes for medical use; injectors for medical use; cartridges for medical use; infusion pumps used for administering liquids intravenously; needles for medical use; cardiac output monitors; humidity and heat exchangers for medical use; bacterial filters for medical use; gas analyzers for medical use; patient monitoring systems, namely gas monitors (medical); pulse oximeters, multi-parameter monitors, ECG monitors, invasive and non-invasive blood pressure monitors, neuromuscular transmission monitors, metabolic monitors and spirometers for diagnostic, intensive care and anesthesia applications, all the aforesaid being medical apparatus; anesthetic machines and ventilators; anesthesia and intensive care accessories for a single patient, namely gas sampling lines, airway adapters, respiratory circuits, spirometry tubes and sensors, tubes, water separators, pulse oximetry sensors, non-invasive sphygmomanometers, rinsing sets, anesthesia masks, carbon dioxide absorbers, temperature-sensing probes and nebulizers, all the aforesaid being medical apparatus; central nervous system monitors (medical apparatus); gastric

tonometers (medical apparatus); medical diagnosis devices, namely bone densitometers; fetal monitoring apparatus, namely fetal pulse and vital sign monitors; patient monitoring apparatus, namely, vital sign and cardiac monitors, medical imaging systems, namely ultrasound imaging machines for medical diagnosis, imaging devices for diagnostic and screening applications for planning operations and surgery, and their parts and accessories; medical diagnosis apparatus for displaying diagnostic images, namely spot film apparatus, image intensifiers, fluoroscopes, mobile x-ray devices, x-ray film viewers, CAT scans, nuclear resonance apparatus, ultrasound scanners, magnetic resonance apparatus, positron emission tomography apparatus (PET scans) and their parts and accessories, including tables and pads adapted for medical use; electronic apparatus for measuring blood pressure, laser apparatus for medical treatment, ultrasound diagnosis equipment, acoustic apparatus, laser scalpels, electric massaging apparatus, portable vibrators for medical use, low-frequency muscle stimulators for medical use, high-frequency apparatus for medical use, electric air mattresses for preventing bedsores, electric inhalers for therapeutic use, electrically heated pads, CCD (charge-coupled device) sensor systems, medical apparatus for measuring bone density, all the aforesaid being medical apparatus.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; solar panels for use in heating, solar energy collectors for heating; solar lighting accessories, namely lighting units and solar light fixtures for indoor and outdoor use; solar-thermal installations, namely solar-thermal modules; solar water heaters; gas and electric cooking apparatus for household use, namely gas and electric cookers, cooking rings; gas and electric cooktops and ovens; heat exchangers (not parts of machines); thick-wall chemical reactors and nuclear reactors and accessories and components thereof, namely, heat pumps, valves for steam systems and valves for regulating liquid and gas flow; electric lamps and their parts; electric lighting accessories and their parts; freezers, air-conditioning apparatus, electric ovens, cookers, electric refrigerators; microwave ovens for cooking; wall-mounted cooking ovens for household use; food heating drawers; convection ovens, gas and electric cooktops; gas and electric cookers and cooking ovens; ventilation hoods for stoves and exhaust fans; water filters; water softeners; laundry driers; electric fans, ceiling fans, flashlights; vehicle lamps and lights; electric lights for christmas trees; installations for the separation of liquids; installations for the collection of liquids; installations for the recycling (purification) of waste water; filters for filtering of solids from gas and liquids or for filtering of liquids from gas and for filtering of an immiscible liquid from another; water conditioning devices for residential use; reverse osmosis devices for uses in water conditioning apparatus including its modules and membranes; devices and systems for water purification consisting of clarification units, electric deionization systems, condensate polishing filters, vacuum degassing devices, ultra-filtration devices, ultraviolet sterilization devices, ion exchangers, systems for regeneration of acids and caustic products, reverse osmosis systems, forced-air carbonate removal devices, filters, systems for supplying chemicals and devices for storage of bulk goods, sold with automatic controls and instruments for monitoring device and system operation parameters, electrochemical purification devices for liquids for industrial, commercial and municipal use; water filtering devices for household, industrial and commercial use; wastewater purification units; drinking water purification devices for household, industrial and commercial use; liquid separating devices, namely industrial liquid filters; recycling devices, namely liquid purification devices; water treatment equipment incorporating cartridges; water treatment equipment for household use, namely water softeners and water conditioners; support filters and depth filters for removing deposits, iron, sulfur, tastes and smells from water; reverse-osmosis water purification devices; depth filter units and cartridges for filtering liquids and air for household, industrial and commercial use; disposable cartridge filters for filtering industrial water; apparatus and installations for lighting, incandescent bulbs, grooved fluorescent lamps, fluorescent lamps, tungsten and halogen lamps, pocket lamps, fluorescent lanterns, lamps, fluorescent lighting apparatus, dynamo lighting kits for bicycles, germicidal lamps, lighting apparatus for industrial use; cooking apparatus and installations, automatic bread-making machines for household use, electric kettles, electric rice cookers, gas rice cookers, electric crock pots, electric grills, cooking ovens, toasters, coffee machines, cookers, electric thermal-insulating coffee machines, gas cookers, induction cooktops, electric barbecue grills, microwave ovens, gas cookers with ovens, electric saucepans, sink units (other than furniture), kitchen ranges (ovens); freezing and refrigerating apparatus and installations, refrigerators, freezers, cold/hot water

dispensers, refrigerating and freezing display cases, electric water coolers, ice-making apparatus; ventilation apparatus and instruments, electric fans, fans, electric air purifiers, extractor hoods for cookers, electric dehumidifiers, electric humidifiers, electrically powered blowers for ventilation, cold air blowing apparatus, air exhaust units (ventilation), ceiling fans, ceiling ventilators, electrostatic precipitators for cleaning air, their parts and components, all included in this class; ventilation apparatus and installations; heating apparatus and installations, apparatus for steam generating, drying, cooling and air conditioning, air conditioners, blade fans for air conditioning, apparatus for cooling air by evaporation, stoves, electric radiators, electric blankets, floor heating apparatus, kerosene-powered fan heaters, electric foot warmers (kotatsu), wireless gas radiators, heating apparatus, cooling apparatus and air-conditioning installations; water distribution apparatus; sanitary installations, electric bidets, toilets, self-cleaning toilet seats, portable toilets, systems for wastewater treatment by aeration, water purifiers, incinerators (waste incinerators), household waste processors, saunas, bathtubs, bath installations, electric showers; water heaters, gas-powered instantaneous water heaters, water heaters for showers; drying apparatus, dish driers, electric hair driers, laundry driers; electric lamps, electric driers, electric-resistance heating cables; metallic kitchen sinks; laundry driers.

Class 12

Vehicles; apparatus for locomotion by land, air or water; electric motors and diesel engines for land vehicles; bicycles, tires and tubeless tires for bicycles, automatic vehicles, electric bicycles; tires.

Class 14

Precious metals and their alloys and goods in precious metals or coated therewith, not included in other classes, particularly commemorative medals and coins; jewelry, precious stones; pins being jewellery; timepieces and chronometric instruments; key rings.

Class 16

Paper, cardboard and goods made from these materials, not included in other classes; printed matter, particularly postage stamps; newspapers, periodicals, books, photographs and posters; bookbinding material; stationery; adhesives (glues) for stationery or household purposes; artists' supplies; paint brushes; typewriters and office requisites (except furniture); instructional or teaching material (except apparatus); plastic materials for packaging (not included in other classes); printing type; printing blocks; covers for computer printouts; checkbooks, checkbooks punched cards (stationery); paper shredders, electric staplers, battery-powered letter openers, electric pencil sharpeners, electric perforators, electronic typewriters, ribbon cartridges for electronic typewriters, apparatus for printing checks, thermal paper, all the aforesaid being stationery and for office use; disposable diapers and napkin of paper or cellulose for babies.

Class 17

Rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes not of metal; silicone mastics for various uses, particularly for caulking of bathtubs, boats and automobiles; silicone-based sealants and adhesives for road and weather topping, silicone rubber roof coating; glazing tapes; plastic materials in the form of sheets, plates, blocks, all for manufacture; electric insulation materials, electric insulation devices, including insulating varnish, silicone rubber compounds; plastic materials in the form of sheets, rods or plates, moulding materials.

Class 18

Leather and imitations of leather, and goods made of these materials and not included in other classes; animal skins; trunks and travelling bags; umbrellas, parasols and walking sticks; whips, harness and saddlery.

Class 19

Non-metallic building materials; rigid pipes, not of metal, for building; asphalt, pitch and

bitumen; transportable buildings, not of metal; monuments, not of metal; thermoplastic building materials, namely thermoplastic molded and extruded materials used as substitutes for wood, metal or glass, for supporting or covering; doors (not of metal), rain gutters, ceiling panels, folding doors, wooden floors, roofing tiles, prefabricated houses, laminates, connecting tracks, steps (ladders) not of metal; non-metallic roofs, with solar cells; plastic panels for building; thermoplastic materials used as building materials for insulation, covering (roofing) and glazing, all the aforesaid being building materials, not of metal.

Class 25

Clothing, footwear, headgear.

Class 28

Games, toys; gymnastic and sporting articles not included in other classes; decorations for Christmas trees; playing cards; electric floats for fishing, apparatus for tying fishing lines to hooks, electronic apparatus for practicing golf, wax applicators for skis; stationary exercise bicycles and rollers.

Class 29

Meat, fish, poultry and game; meat extracts; preserved, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs, milk and milk products; edible oils and fats.

Class 30

Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, bread, pastry and confectionery, edible ices; honey, treacle; yeast, baking-powder; salt, mustard; vinegar, sauces (condiments); spices; ice for refreshment.

Class 32

Beers; mineral and aerated waters and other non-alcoholic beverages; fruit beverages and fruit juices; syrups and other preparations for making beverages.

Class 35

Advertising; dissemination of advertisements by all media, particularly in the form of themed messages focused on human values; advertising by sponsorship (sponsoring); business management; business administration; office functions; promotion of the goods and services of others, by means of contractual agreements, particularly partnership (sponsorship) and licensing agreements, affording them with increased notoriety and/or enhanced image and/or sympathy derived from the notoriety and/or enhanced image resulting from cultural and sporting events, particularly international events and/or sympathy generated by the above; promotion of the goods and services of others by means of what is referred to as the initial interest factor driving the public to consider, from among many competitors, goods or services presented with signs, emblems or messages so as to capture its attention; promotion of the goods and services of others by means of the so-called image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international sports competition, and promotion intended for the public and bodies interested in providing support to the aforesaid teams; inventory management services; stock control services; advertising by means of direct marketing for others consisting in marketing of databases; advice for advertising by means of direct marketing for others consisting in marketing of databases; advisory services in connection with business reorganization; management services for truck and automobile fleets, namely invoicing via a global computer network, namely billing via a global computer network; advisory services relating to business management of automobile and truck fleets; business administration consultancy; business management of power plants of others; advisory services relating to business management of electric power plants; commercial services, namely business administration of contracts for repair and servicing; supply chain management services and advice relating to the purchase and supply in terms of chemicals and chemical services; product inventory and supply management and cost; advice, marketing, analysis of prices and costs concerning devices for electrochemical purification of liquids for industrial use; computerised file management; data input and processing services; business consultancy information relating

to information technology management; business management of value-added data transmission networks and computer servers (multimedia systems, interactive videography, global computer networks for telecommunications); retail sale of electric and electronic machines and apparatus (grouping, for others, of a range of goods so as to enable customers to view and purchase said goods at their convenience in a retail store carrying electrical goods); business information concerning the sale of raw materials; commercial information, commercial information agencies; rental of photocopiers; promotion of the sale of goods and services of others including by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promotion of sporting events and competitions for use by others (sales promotion services); promotion of concerts and of cultural events for others; organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples; reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods and services on line via the Internet and other computer networks; systemization of information into computer databases.

Class 36

Insurance underwriting; financial affairs; banking; monetary affairs; real estate affairs; credit card services; financial sponsorship of sporting and cultural activities; rental of buildings and accessory buildings set up for corporate entertainment events; private mark and equity financing services; financial analysis and consultation; financial services in connection with credit cards; credit card services, namely granting credit to others; financial asset management for others; insurance and reinsurance services, namely underwriting of all types of insurance; equity capital investment services; insurance underwriting services in the field of bonds; financial security underwriting services; personal loan financing; lending against collateral; acquisition financing services; commercial financing services; commercial real-estate agency services; mutual funds; loan and private capital investments; information, assistance and advice in all the aforesaid fields; lease-purchasing of mobile and modular structures; insurance brokerage services; credit agency services in the field of commercial and consumer credit; financing of real estate loans and financial and banking services; monetary transaction services using bank cards or loyalty store cards; financial clearing services; issuing of checks and letters of credit; financial services; insurance services; financial operations; bill payment services; debit card services; payment transaction card services ; electronic transactions by credit and debit card; electronic transfer of funds; electronic money and smart card services (financial); provision of liquidities (financial); payment transaction card services and credit card services replacing cash payments; electronic capital transfer services; check verification; encashment of checks; safe deposit system and automated teller services; payment processing services; provision of financial information via a global computer network; financial sponsoring of festivals and concerts; financial services for purchasing goods and services sold in retail at points-of-sale for promotion purposes; information services in the field of tourism, namely financial information; financial services for tourist assistance purposes; lease-purchasing of telephones, facsimile machines and other telecommunication equipment; lease-purchasing of transport containers.

Class 37

Construction; repair; installation services; replacement, overhaul and maintenance of power plants, motors and engines, turbines, wind turbines and apparatus, equipment and instruments for energy and electricity production and their parts, components and accessories; installation, maintenance and repair of compressors and pumps, namely machines, turbo-expanders, fuel pumps and fuel distribution equipment, CNG refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, thick-wall reactors and tubular reactors; maintenance and repair of gas and oil pipelines; drilling and pumping of oil and gas; drilling for crude oil; installation of tubes and pipelines for drilling of oil wells; rental of tools for drilling oil and gas wells; rental of construction equipment; chemical cleaning of glass-coated reactor vats used in the pharmaceutical and chemical treatment industries; maintenance of heat transfer systems and of condensers; maintenance and repair of equipment with computerized cooling

systems, repair and maintenance of electrical equipment, apparatus, instruments and machines; maintenance and repair in the gas and oil field; services relating to installation of point-of-sales terminals in stores; installation and repair of electric apparatus; repair of radio receivers and television receivers; repair and maintenance of electric apparatus and instruments for communication; repair and maintenance of electric household appliances; repair and maintenance of electric lighting apparatus; repair and maintenance of electric apparatus for distribution and control; repair and maintenance of electric motors; repair and maintenance of machines and instruments for measuring and/or testing; repair and maintenance of medical apparatus and instruments; repair and maintenance of machines and tools for shaping metals; repair and maintenance of cooking apparatus; repair and maintenance of automatic vending machines; repair and maintenance of water purification apparatus; repair and maintenance of musical instruments; repair and maintenance of watches and clocks; repair and maintenance of gas-fired water heaters for household use; repair and maintenance of bathtubs; repair of toilets with water points; installation, maintenance and repair of computer hardware; repair and maintenance of air-conditioning apparatus; installation, maintenance and repair of office equipment and machines; installation, maintenance and repair of machinery equipment; repair of vehicles; repair and maintenance of electric apparatus and instruments for communication; repair and maintenance of computers; repair and maintenance of electronic printers; repair of telephones; installation, maintenance and repair of compressors, pumps, namely, machines, turbo-expanders, fuel pumps and fuel distribution equipment, CNG refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, thick-wall reactors and tubular reactors; repair and maintenance of gas and oil wells.

Class 38

Telecommunications; television program broadcasting, broadcasting of televised programs (live or recorded); cellular telephone communication; communications by electronic computer terminals, by databases and by telecommunication networks connected to the Internet; communications by telex; communications by telegrams; communications by telephone; communications by facsimile machines; radio paging services; teleconferencing communications; television broadcasting; cable television broadcasting; radio broadcasting; news agencies; electronic transmission of messages; broadcasting of a commercial site on the Internet; radio and television broadcasting provided via the Internet; electronic mail; provision of access to computer information newsletters and to discussion forums on line; transmission of messages and images via computers; provision of access to services for ordering and buying at home and at the office via computer and/or interactive communication technologies; telecommunication of information (including Web pages), computer programs and all other data, specifically, data transmitted by electronic communication network; electronic mail services; provision of access to the Internet for users; telecommunication connections to the Internet or to databases; provision of access to web sites for digital music on the Internet; provision of access to MP3 web sites on the Internet; rental of access time to a central database (telecommunications); provision of access to search engines; providing online forums on the Internet; rental of access time to a database server; rental of access time to a computer database (telecommunication services); simultaneous broadcasting, particularly by means of electronic interconnections, of films and of sound and video recordings; wireless data messaging services, particularly services enabling a user to send and/or receive messages via a wireless data network; electronic messaging services, including one-way and two-way messaging services ; electronic transmission of data, images, documents and audio and video data, including texts, cards, letters, messages, mail, animations and electronic mail, via local or global communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; electronic transmission of software via local or global communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; provision of access to databases and to local or global communication networks, including the Internet, intranets, extranets, television, mobile communication, cellular and satellite networks; transmission and relay of messages, namely electronic transmission of messages; telecommunication services for dissemination of information by mobile telephone, namely transmission of data to mobile telephones; communication by mobile telephone; telecommunication services by telematic means and by multimedia networks; rental of access time to a database server center.

Class 39

Transport; packaging and storage of goods; arranging of tours; storage services for carriers containing immobile and mobile images ; distribution of oil or gas by pipelines; rental of automobiles, airplanes, self-propelled and marine vehicles; delivery and storage of chemicals in the field of water treatment and of pulp and paper making systems; boat transport; transport reservation; information services concerning travel; travel reservation services; transport services, including assistance for planning of transport before travel; transport ticket reservation; information services in the field of tourism, namely transport information; information services in the field of tourism, namely information on reservation of tickets for transport, travel and sightseeing tours; information services in the field of tourism, namely information on planned activities for sightseeing tours and transport; services in connection with transport for tourist assistance; tourist reservation services, namely ticket reservation services and transport reservation services; information relating to prices, timetables and means of transport; tourist assistance services concerning transport ticket, travel and sightseeing tour reservation; tourist assistance services concerning planned sightseeing tours; tourist reservation services, namely reservation of tickets for transport, travel and sightseeing tours.

Class 40

Treatment of materials; cinematographic film development; photograph enlargement, photograph printing, photographic film development; rental of photographic machines and instruments for developing, printing, enlarging or finishing; processing of oil; processing of gas; refining of oil and gas; wastewater treatment services, water treatment services, namely desalination, purification, treatment, cleaning of ion-exchange resins; biological (cell) membrane regeneration services, namely to restore the quality performance to biological (cell) membrane elements and to extend biological (cell) membrane life; provision of information, including online, about water purification.

Class 41

Educational services; providing of training; entertainment; sporting and cultural activities, televised sporting and cultural entertainment; organization of exhibitions for cultural and educational purposes; operating lotteries and competitions; betting and gambling services in connection with or relating to sports; entertainment services provided during sporting events or concerning sporting events; organization of sporting and cultural events and activities; organization of real or virtual sporting competitions; management of sports facilities; rental of audio and video equipment; production, presentation and distribution (other than transportation) of films and of sound and video recordings; rental of sound and video recordings; rental and/or provision via a computer network of interactive entertainment and education products, namely interactive compact discs, CD-ROMs, computer games; production of radio and television programs featuring coverage of sports and sporting events; production of television and radio programs and of videotapes; production of cartoons; production of animated shows for television; reservation of tickets for sporting events and shows; timing of sports events; organization of beauty contests; interactive entertainment; on-line betting services; provision of games on the Internet; provision of raffle services; information concerning entertainment or education, provided on line from a data bank or the Internet; electronic game services provided by means of the Internet; provision of electronic publications on line (not downloadable); publication of books, magazines, texts (other than publicity texts) and periodicals; publication of books, magazines, texts (other than publicity texts) and of electronic periodicals on line; provision of digital music (not downloadable) from the Internet; provision of digital music (not downloadable) from MP3 web sites; provision of sporting results; information services concerning sports and sporting events; rental of recorded sounds and images; audio production services; information services concerning sporting events provided on line from a computer database or the Internet; editing and publishing services; provision of digital music (non-downloadable); providing non-downloadable digital music, namely music from the opening and closing ceremonies of international sporting events, via the Internet; publication of statistics regarding sporting results and audience ratings for sporting competitions (publishing services); training in the use and operation of systems for signaling and notification of crossings for the railway and transit industries; education services in the field of medical imaging and diagnosis, namely conducting of seminars, conferences, symposiums or workshops concerning the pharmaceutical industry, intended for medical doctors and employees of pharmaceutical

companies; education services, namely conducting of seminars, conferences, symposiums or workshops in the field of life sciences and biotechnology for scientists and researchers; conducting of seminars on problems in connection with industrial water treatment; training services in all the aforesaid fields; training services in the field of management and medicine by means of the use of instructions and demonstrations provided on line, via the Internet, intranets and extranets; education services, namely conducting of practical training workshops, courses and seminars including demonstrations (for instructional purposes) in the field of medicine and management; conducting and hosting of courses, seminars and all training activities in the field of information technology; organization and performance of concerts; booking of seats for shows; movie presentations; entertainment information; film production; show production; theater production services; provision of golf facilities; health club services (fitness training); sports camp services; presentation of live performances; showing of film; organization of shows (impresario services); holiday camp services (entertainment); movie studios; news reporter services; provision of on-line electronic publications, not downloadable; music hall services; education services, namely conducting of courses, seminars, presentations, video presentations, provision of educational material, namely dissemination of educational material in the field of financial knowledge; education services in the field of tourism; information services in the field of tourism, namely information services regarding reservation of tickets for recreational events; information services in the field of tourism, namely information services regarding entertainment; information services in the field of tourism, namely information services regarding planned sporting, cultural and recreational activities; services relating to entertainment for assistance to tourists, namely tourist assistance services in the nature of activity scheduling for sporting, cultural and other entertainment events; reservation services for entertainment activities; assistance services for tourists concerning reservation of tickets for recreational events.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; carrying out laboratory analyses; design and development of computers and software; services linked to wind and wind energy, namely professional engineering and design consulting services and engineering services; design for others in connection with wind energy; industrial design services; design of equipment and installations for generating energy, wind energy and electricity; engineering services, technical consultancy and research for the gas and oil industries; exploration services relating to oil and gas; geophysical drilling for the gas and oil industries; gas and oil field analysis; gas and oil prospecting, namely locating and testing of wells; gas and oil well testing; gas and oil pipeline inspection; technical diagnostic testing services in connection with compressors, pumps, turbo-expanders, fuel pumps and fuel distribution equipment, CNG refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, thick-wall reactors and tubular reactors; information technology solution services in the field of railway and transit industries on a global scale; computer programming services for others; software design and analysis services for others; provision of information relating to information technology; maintenance and updating of computer software for others; software installation; design and analysis of computer systems for others; consultancy services relating to chemical research; research relating to medicines, namely consultancy services in connection with the discovery and evaluation of medicines and components having diagnostic, prophylactic and/or therapeutical properties; medical and scientific research consultancy services relating to methods for diagnosing using laser based optical systems; development and design of high through put screening assays for drug development services; biotechnological services; technical assistance in connection with factory automation software, namely maintenance of software and periodical updating of software; customized design of security access systems; design consultancy services relating to configuration of systems used in fiber-optic technology applications; technical consultancy services relating to information technology and software in the field of security and access systems; technical consultancy services relating to surveillance cameras; customized design of security systems, access systems and systems for checking inventories and property for others; laboratory and testing services for liquid separation and membrane testing; engineering and consultancy services regarding water treatment, water supply systems, cooling water circuits, industrial boiler water systems, systems for water supply and industrial processes, industrial fuel treatment systems, pulp and paper making systems, systems for treating plastics

and metals; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of water supply systems and pulp and paper making systems, oil and petrochemical product treatment systems and metal and plastic finishing operations; consultancy services in all the aforesaid fields; chemical testing concerning supply of chemical treatment products via industrial water systems; programming for information processing machines, particularly programming services in the field of electronic money; development of computer programs for securing data transfers; industrial development and research services in the field of information technology; development of computerized databases and computer programs; development of software concerning machines, apparatus and instruments; rental of data processing apparatus; computer engineering services; hosting of computer sites [web sites]; maintenance of computer software; provision of search engines for the Internet; quality control; computer data recovery; research and development of new products (for others); technical project studies; land surveying; updating of software; maintenance of software, engineering, testing and research concerning electric machines, apparatus and instruments, computer rental; recovery of data, images, documents and of audio and video data, including texts, cards, letters, messages, mail, animations and electronic mail, via global or local communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks.

Class 43

Services for providing food and drink; cafeteria and restaurant services; hospitality services, namely providing food and drink; catering services; reservation of hotels and temporary accommodation; bar services; coffee shops; rental of meeting rooms; operation of tourist homes; provision of information relating to the availability of accommodation; provision of information relating to the preparation of food and drink; information services relating to the provision of temporary accommodation; reservation of hotel accommodation and reservation of meals; provision of information relating to hotels and provision of information relating to food and meals; reservation services for hotel rooms, accommodation, food and meals.

Class 44

Medical services; medical and pharmaceutical toxicological inspections, namely drug use testing services in the nature of anti-doping testing; veterinary services; hygienic and beauty care for human beings and animals; agriculture, horticulture and forestry services; advisory services in connection with medical imaging and diagnosis (medical services); advisory services in connection with prophylactic properties, therapeutic properties and pharmaceutical product diagnosis; medical information services; medical imaging services; medical diagnosis services; consultancy services in all the aforesaid fields; rental of medical equipment and instruments.

Class 01

Human cells and isogenic cell lines for scientific, laboratory or medical research; genomic reference control samples for medical laboratory use; molecular biology research tools, in the nature of biological and biochemical reagents, specifically, genomic DNA; DNA repair enzymes; biological and chemical reagents, including, genomic DNA, cell cultures and mutant and normal isogenic human cell line pairs, for research use.

Class 05

Protein cell lysates, genomic DNA preparations and formalin-fixed, paraffin-embedded (FFPE) engineered tumor mimics for diagnostic use.

Class 42

Custom cell-line engineering services; gene-editing services; DNA modeling services; gene engineering services; bio-technology, pharmaceutical and scientific testing, research, development, advice, consultancy and information services; biological research; biology and chemistry services; pharmaceutical research services; drug discovery services; research and development services for lead identification and validation; research and development services for target identification and validation; identification of patient-relevant drug targets; optimisation of drug candidates for clinical development; support services for the medical diagnostic services industry, namely the design of molecular reference standards for assay development, clinical diagnostic quality control and proficiency schemes; medicinal and synthetic chemistry services; research and development services in the creation of libraries or collections of biologicals including cells and cell lines, chemicals and compounds; creating libraries or collections of normal and mutated genes; research and development

services relating to targeting therapies to individuals; establishing patient genotypes; research and development services relating to combining therapies for individuals; research and development relating to reagents; disease modelling; design of clinical trials; research and development in re-positioning existing drugs from other therapeutic indications.
