PRACTICE DIRECTION NO. 2 OF 2005
REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
 - (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

**Class 09**

Scientific, photographic, cinematographic, optical and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; calculating machines, data processing equipment, computers; computer software; computer hardware and software; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components; computer software; computer operating systems; computer software and firmware for operating computer hardware and peripherals; server software; network software; cloud software; database, data center and data warehouse software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; search software; computer search

engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; e-commerce software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and device lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

Printed matter; instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals.

Class 35

Advertising; business management; business administration; office functions; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; outsourcing services [business assistance] and placement of staff for information technology projects; business process outsourcing; strategic planning services in the field of information technology; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information about products and services via telecommunication networks for advertising and sales purposes; taxonomy services, namely, classification and organization of data for records management purposes; provision of an online marketplace (via a website) for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; billing services; consultancy in the field of data management relating to information governance and compliance.

Class 36

Insurance; financial affairs; monetary affairs; purchase financing and lease financing services; financial processing, management and administration of employee health and welfare benefit plans; providing credit card

transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; asset management services in the field of information technology.

Class 37

Building construction; repair; installation services; installation, maintenance and repair of computers and computer, networking and telecommunications hardware; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems.

Class 38

Telecommunications; telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; information transmission via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; consulting in the field of unified communications hardware.

Class 41

Education; providing of training; educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; publication of online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; cloud computing services; information technology (IT) services (computer hardware, software and peripherals design and technology consultancy); providing information on computer technology and programming via a web site; computer support services (programming and software installation, repair and maintenance services); computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; information technology (IT) consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; technological consulting in the field of cloud computing and big data; technological consulting in the field of cloud infrastructure; consulting services in the fields of data center architecture, public and

private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of computer and information security and IT risk management; computer security consultancy in the field of information security; technological consulting in the field of IT mobility and workplace services; consulting in the field of unified communications software; consulting with respect to the IT aspects of business processes; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; technological consulting in the field of application delivery management; technological consulting in the field of marketing optimization; consulting in the field of converged IT systems; consulting in fields of IT converged and hyper-converged IT infrastructure; technological consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer data center architecture; technical consulting services in the field of data center architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; preparation of technical reports; technical advice relating to operation of computers; technical data analysis services; technical diagnostic testing services; technical inspection services; technical research; technical studies; technical testing services; technical support services, namely, providing technological advice and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; technical support services, namely, migration of data center, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technological services relating to the hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up of databases for others; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; information technology (IT) services; providing website hosting services, website development and customized online web pages for others; cloud computing services; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; client virtualization (computing) services, including desktop, server and application virtualization services;

integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; management of computer networks and IT security, cloud computing and enterprise IT services for others; database services, namely, database design, hosting and reconstitution of databases; data center and data warehouse services, namely, computerised data storage services; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) service; application service provider (ASP) services; platform-as-a-service (PaaS) services; infrastructure-as-a-service (IaaS) services; temporary use of non-downloadable software; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software for converged IT systems; temporary use of non-downloadable software-defined infrastructure (SDS) software; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and data center infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

GENCISIVE 40201613911P (01 05 44)
(International Registration No. 1306242)

Date of International Registration: 03/05/2016

Date of Protection in Singapore: 03/05/2016

Date of Notification: 25/08/2016

Class 01

Chemical and biochemical products and reagents for use in the field of science; chemical and biochemical reagents for DNA or RNA testing; chemical reagents, preparations and test kits for laboratory analysis of nucleic acids for scientific or clinical research purposes; chemical reagents, preparations and test kits for determining cancer for clinical research use.

Class 05

Chemical reagents for testing body fluids to determine cell or DNA abnormalities for medical purposes; chemical reagents for testing body fluids to determine pre-malignant and malignant conditions for medical purposes; chemical reagents, diagnostic preparations and test kits for nucleic acid analysis for medical purposes; test kits consisting primarily of reagents for nucleic acid detection and analysis for medical purposes.

Class 44

Medical services for analysis of genetics; genetic diagnostics for medical purposes; nucleic acid based testing for medical purposes; medical services in the field of nucleic acid analysis; medical services, in particular RNA or DNA analysis for the diagnosis of cancer and prognosis of the expected progression of the disease.

Class 01

Chemical, biological and biochemical preparations for industrial, scientific and research purposes; in vitro diagnostic reagents for use in industry and science; chemical additives, enzymes, reagents, organisms and proteins for use in science, research and industry; control solutions for calibrating and monitoring the accuracy and function of instruments and test results; chemical reagents for cell separation, labelling reagents; reagents for the processing, separation, isolation, enrichment, depletion, detection, screening, cultivation, analysis and counting of biological material;

reagents featuring magnetic beads; monoclonal antibody reagents; chemical reagents for diagnostic tests and test kits for the determination of genetic information for scientific or research purposes; assays and reagents for use in genetic research; assays and reagents for scientific or medical research use; reagents and nucleotides for nucleic acid sequencing for scientific or research purposes.

Class 05

Chemical, biological and biochemical preparations for medical purposes; in vitro diagnostic reagents for clinical or medical use; in vitro diagnostic agents, namely, reagents and control solutions for analysis of biological samples for medical diagnostic purposes; chemical reagents for medical purposes, namely for testing body fluids to determine fetal chromosomal abnormalities; chemical reagents and kits consisting primarily of chemical reagents for medical, clinical and diagnostic purposes in the fields of DNA sequencing and genetics; diagnostic test kits for medical purposes consisting primarily of reagents for nucleic acid detection and analysis.

Class 09

Scientific instruments and apparatus; laboratory devices for use in research, science and industry; laboratory instruments, namely, devices for analysis of nucleic acids and for DNA sequencing; nucleic acid sequencers; imaging devices and analyzers; apparatus for preparation, amplification, mixing, hybridization, incubation, and washing of scientific samples; sample loaders and bar code readers for automated laboratory apparatus; genotyping and gene expression microarrays, associated mapping files and associated kits for analyzing nucleic acids for scientific, pharmaceutical and medical research purposes; software for scientific, pharmaceutical and medical research purposes; computer systems and software for collecting, storing, analyzing and reporting biological information, and for sample tracking and managing projects, laboratory workflow and data, for use in the fields of scientific, diagnostic and clinical research and for clinical diagnostic purposes; software for use in analyzing, managing and visualizing DNA sequencing data.

Class 10

Surgical and medical apparatus and instruments; medical apparatus and instruments for medical and diagnostic purposes; laboratory instruments for medical purposes; medical equipment, namely, devices for analyzing nucleic acids and for DNA sequencing for the purpose of rendering medical treatment and diagnosis.

Class 42

Scientific and research services and consulting services relating thereto; scientific consulting and research services in the fields of genome sequence analysis and reporting; medical research services; providing DNA screening for scientific research purposes; providing diagnostic services for others in the fields of science and research related thereto; consulting services in the field of cloud computing in the fields of life science; technical support services, namely infrastructure management services for monitoring, administration and management of cloud computing IT and application systems in the fields of life science; computer services, namely cloud hosting provider services for storing, analyzing and sharing data in the fields of life science; providing online non-downloadable software for the custom design and ordering of assays and reagents; design and development of laboratory instruments and computer systems for use in science and clinical research; installation and maintenance of computer software and database software used in the field of analysis of biomolecules;

consultancy, information and advisory services in the field of analysis of biomolecules.
