

P.U.(A) 327/86

PATENTS REGULATIONS 1986
(Incorporated the changes made up to 15 February 2011)

Preamble

IN exercise of the powers conferred by section 87 of the Patents Act 1983, the Minister makes the following regulations:

Regulation 1. Citation and commencement.

These Regulations may be cited as the **Patents Regulations 1986** and shall come into force on the 1st October 1986.

Regulation 2. Fees.

- (1) The fees to be paid in respect of all matters arising under the Act and these Regulations shall be as specified in Schedule I.
- (2) The fees shall be paid to the Patent Registration Office by such means and in such manner as the Registrar may direct.

Regulation 3. Forms.

The forms referred to in these Regulations are those set out in Schedule II.

Regulation 4. Interpretation.

In this Part, unless the context otherwise requires, "application" means an application for the grant of a patent and "applicant" shall be construed accordingly.

Regulation 5. Application for Grant of Patent.

- (1) An application shall contain-

- (a) a request for the grant of a patent;
 - (b) a description;
 - (c) a claim or claims;
 - (d) a drawing or drawings, where required; and
 - (e) an abstract.
- (2) The application shall be filed at the Patent Registration Office.

Regulation 5A. Filing of an international application.

- (1) An international application shall be filed in three copies.
- (2) Where an international application is filed in less than three copies, the Patent Registration Office shall prepare the additional copies required and the applicant shall pay to the Patent Registration Office the prescribed fees for preparing such additional copies.

Regulation 6. Name and declaration of inventor.

- (1) The application shall contain the name and address of the inventor.
- (2) An inventor who does not wish to be named in a patent may, by declaration in writing signed by him and submitted to the Registrar, indicate that he does not wish to be so named.

Regulation 7. Request for the grant of a patent.

- (1) A request for the grant of a patent shall be made to the Registrar on Form 1 together with the payment of the prescribed fee.
- (2) The title of the invention shall indicate clearly and concisely the subject-matter to which the invention relates.

Regulation 8. Names and addresses.

Names and addresses given in the application shall in all cases be the full names and addresses.

Regulation 9. Nationality and residence.

- (1) The applicant's nationality shall be indicated by the name of the State of which he is a national or, if the applicant is not a natural person, the name of the State under whose laws it is constituted.
- (2) The applicant's residence shall be indicated by the name of the State of which he is a resident.

Regulation 10. Applicant's right to patent.

- (1) Where the applicant is the inventor, the request shall state that fact.
- (2) Where the applicant is not the inventor, the request shall be accompanied by a statement justifying the applicant's right to the patent.
- (3) For the purposes of subregulations (1) and (2), the request shall be made in Form 22 and shall be submitted together with Form 1 and Form 17.

Regulation 11. Common representative.

If an application is submitted by more than one applicant and the applicants have not appointed a patent agent to represent all of them-

- (a) the request shall designate one of the applicants as their common representative; or
- (b) if the request does not designate one of the applicants as their common representative, the applicant first named in the request shall be considered the common representative.

Regulation 12. Description.

- (1) The description shall first state the title of the invention as appearing in the request and shall -
 - (a) specify the technical field to which the invention relates;
 - (b) indicate the background art which, as far as is known to the applicant, can be regarded as useful for the understanding, searching and examination of the invention, and, wherever possible, cite the documents reflecting such art;

- (c) disclose the invention in such terms that it can be understood and in a manner sufficiently clear and complete for the invention to be evaluated and to be carried out by a person having ordinary skill in the art, and state any advantageous effects of the invention with reference to the background art;
 - (d) briefly describe figures in the drawings, if any;
 - (e) describe the best mode contemplated by the applicant for carrying out the invention, using examples where appropriate and referring to the drawings, if any; and
 - (f) indicate explicitly, when it is not obvious from the description or nature of the invention, the way in which the invention is industrially applicable and the way in which it can be made and used or, if it can only be used, the way in which it can be used.
- (2) The description shall be presented in the manner and order specified in sub-regulation(1) unless, because of the nature of the invention, a different manner or a different order would result in a better understanding and a more economical presentation.
- (3) The description shall not contain drawings.

Regulation 13. Claims.

- (1) The claims shall be clear and concise and fully supported by the description; and the number of the claims shall be reasonable taking into consideration the nature of the invention.
- (2) If there are several claims they shall be numbered consecutively in arabic numerals.
- (3) Claims shall not contain drawings and shall not, unless necessary, rely, in respect of the technical features of the invention, on references to the description or drawings.
- (4) Where the application contains drawings, the technical features mentioned in the claims shall, wherever possible be followed by reference signs relating to such features and placed between parentheses, subject to the following:
- (a) reference signs which do not particularly facilitate quicker understanding of a claim, should not be included;
 - (b) the same features, when denoted by reference signs, shall, throughout the application, be denoted by the same signs.
- (5) The claims shall define the invention in terms of the technical features of the invention.

- (6) Whenever appropriate, claims shall contain –
- (a) statement indicating those technical features of the invention which are necessary for the definition of the claimed subject-matter but which, in combination, are part of the prior art;
 - (b) a characterizing portion, preceded by the words "characterized in that", "characterized by", "wherein the improvement comprises", or any other words to the same effect stating concisely the technical features which, in combination with the features stated under paragraph (a), it is desired to protect.

Regulation 14. Dependent claims.

(1) Any claim which includes all the features of one or more other claims ("dependent claim") shall contain, if possible at the beginning, a reference to the other claim or claims and shall then state the additional features claimed.

(2) *[Deleted by P.U.(A) 262/95]*

(3) A dependent claim shall be construed as including all the limitations contained in the claims to which it refers or, if the dependent claim is a multiple dependent claim, all the limitations contained in the particular claim in relation to which it is considered.

(4) All dependent claims referring back to a single previous claim, and all dependent claims referring back to several previous claims, shall be grouped together to the extent and in the most practical way possible.

Regulation 15. Drawings.

(1) Subject to sub-regulation (2), drawings shall be required when they are necessary for the understanding of the invention.

(2) Notwithstanding sub-regulation (1), where the nature of the invention admits of illustration by drawings the applicant may include drawings in the application when filed.

(3) Flow sheets and diagrams shall be considered drawings for the purposes of these Regulations.

Regulation 16. Abstract.

- (1) The abstract shall commence with a title for the invention.
- (2) The abstract shall contain-
 - (a) a summary of the disclosure as contained in the description and the claims and drawings, if any; and
 - (b) where applicable, the chemical formula which, among all the formulae contained in the application, best characterizes the invention.
- (3) The summary mentioned in sub-regulation (2)(a) shall indicate the technical field to which the invention pertains and shall be drafted in a way which allows the clear understanding of the technical problem, the gist of the solution of that problem through the invention, and the principal use or uses of the invention.
- (4) The abstract shall be as concise as the disclosure permits and shall preferably not contain more than one hundred and fifty words.
- (5) The abstract shall not contain statements on the alleged merits or value of the invention or on its speculative application.
- (6) Each main technical feature mentioned in the abstract and illustrated by a drawing in the application shall be followed by the reference sign used in that drawing placed between parentheses.
- (7) The abstract shall not contain drawings but shall be accompanied by the most illustrative of any drawings furnished by the applicant.
- (8) The abstract shall be so drafted that it constitutes an efficient instrument for the purposes of searching in the particular technical field, in particular by making it possible to assess whether there is a need to consult the description, the claims or the drawings.

Regulation 17. Measures, terminology and signs.

- (1) Units of weights and measures shall be expressed in terms of the metric system.
- (2) Temperatures shall be expressed in degrees Celsius.
- (3) Densities shall be expressed in metric units.
- (4) For heat, energy, light, sound, and magnetism, as well as for mathematical formulae and electrical units, the rules of international practice shall be observed.

- (5) For chemical formulae, the symbols, atomic weights, and molecular formulae in general use shall be employed.
- (6) In general, only such technical terms, signs and symbols as are generally accepted in the field in question should be used.
- (7) The terminology and the signs shall be consistent throughout the application.

Regulation 18. Physical requirements.

- (1) Unless provided otherwise, the application and any accompanying statements or documents shall be filed in duplicate, but the Registrar may require that they be filed in more than two copies.
- (2) All documents of the application shall be so presented as to admit of direct reproduction by photography, electrostatic processes, photo offset and microfilming.
- (3) All sheets shall be free from cracks, creases and folds and only one side of each sheet contained in the application shall be used.
- (4) All documents of the application shall be on A4 paper (29.7 cm x 21 cm) which shall be strong, white, smooth, non-shiny and durable.
- (5) Notwithstanding sub-regulation (4), the Registrar may accept sheets of sizes other than A4.
- (6) The minimum margins of sheets shall be 2 cm.
- (7) All sheets shall be numbered at the top of the sheet, in the middle, in consecutive arabic numerals.
- (8) The text matter of the application shall be typed or printed in a dark, indelible colour in at least 1½ line spacing, but graphic symbols, chemical or mathematical formulae and certain characters may, if necessary, be hand written or drawn.
- (9) In the application, every fifth line of each sheet of the description and the claims shall be numbered in arabic numerals placed to the left of the relevant lines but to the right of the margin.
- (10) Drawings shall be executed in durable, black, sufficiently dense and dark, uniformly thick and well-defined lines and strokes without colouring.
- (11) The application and any associated statement or document shall be filed in the national

language or in the English language.

Regulation 19. Unity of invention.

- (1) For the purposes of section 26 of the Act, the same patent application may include-
- (a) in addition to an independent claim for a given product, an independent claim for a process specially adapted for the manufacture of the product, and an independent claim for a use of the product; or
 - (b) in addition to an independent claim for a given process, an independent claim for an apparatus or means specifically designed for carrying out the process; or
 - (c) in addition to an independent claim for a given product, an independent claim for a process specially adapted for the manufacture of the product, and an independent claim for an apparatus or means specifically designed for carrying out the process.
- (2) Subject to section 26 of the Act, an application may contain two or more independent claims of the same category which cannot be covered readily by a single generic claim.
- (3) Subject to section 26 of the Act, an application may contain a reasonable number of dependent claims claiming specific forms of the invention claimed in an independent claim even when the features of any dependent claim could be considered as constituting in themselves an invention.

Regulation 19A. Division of application.

For the purpose of section 26B (1) of the Act –

- (a) where an application is divided pursuant to an objection in an Examiner's report made under section 30 (1) or 30 (2) of the Act, for non-compliance with section 26 of the Act, the request for the division of the application shall be made within three months from the date of mailing of such report;
- (b) in any other case, the applicant may, of his own volition, request for the division of the application not later than three months from the date of mailing of the Examiner's first report made under section 30 (1) or 30 (2) of the Act.

Regulation 20. Disclosures to be disregarded for prior art purposes.

An applicant shall state in the request or at any other time any disclosure which he is aware of and which in his opinion should be disregarded for prior art purposes under section 14 (3) of

the Act and shall state the facts in an accompanying statement.

Regulation 21. Declaration claiming priority.

- (1) A declaration claiming priority under section 27 (1) of the Act shall state-
 - (a) the date of each earlier application;
 - (b) subject to sub-regulation (2), the number of each earlier application,
 - (c) subject to sub-regulation (3), the symbol, if any, of the International Patent Classification which has been allocated to each earlier application;
 - (d) the name of the State in which each earlier application was filed or, where the earlier application is a regional or an international application, the name of the State or States for which it was filed; and
 - (e) where the earlier application is a regional or an international application, the office with which it was filed.
- (2) Where at the time of filing the declaration referred to in sub-regulation (1) the number of any earlier application is not known, that number shall be furnished within three months from the date on which the application containing the declaration was filed.
- (3) When a symbol of the International Patent Classification has not been allocated to the earlier application or had not yet been allocated at the time of filing the declaration referred to in sub-regulation (1), the applicant shall state this fact in the declaration.
- (4) Where the priorities of two or more earlier applications are claimed in accordance with sub-regulation (1), the information relating to those earlier applications may be included in a single declaration.
- (5) *[Deleted by P.U. (A) 262/95]*

Regulation 22. Copy of earlier application.

- (1) Where section 27(2) of the Act applies, the applicant shall furnish the certified copy of each earlier application within three months from the date of the Registrar's request.
- (2) Where the copy referred to in sub-regulation (1) has already been furnished for another application, the applicant may make a reference to that other application.
- (3) Where the earlier application referred to in sub-regulation (1) is in a language other

than the national language or the English language, the Registrar may require the applicant to furnish him, within three months from the date of the Registrar's request, with a translation of the earlier application in the national language or in the English language.

Regulation 23. Corrections in declaration claiming priority.

(1) If the Registrar finds that the requirements of regulations 21 and 22 have not been complied with he shall request the applicant to file the required particulars, documents or corrections within three months from the date of the request.

(2) If the applicant does not comply with the request referred to in sub-regulation (1), the Registrar shall inform the applicant in writing that the declaration is deemed to be invalid under section 27 (4) of the Act and shall state the reasons.

Regulation 24. Withdrawal of application.

(1) An applicant may withdraw his application by a declaration on Form 2 addressed to the Registrar and signed by the applicant or his agent so authorized for that specific purpose.

(2) In the case of several applicants the declaration referred to in sub-regulation (1) shall be signed by all the applicants or on behalf of all the applicants by their agent so authorized for that specific purpose.

(3) Where a declaration is signed by an agent, such declaration shall be accompanied by the letter authorizing him to sign the declaration.

Regulation 25. Filing date.

(1) When the Registrar records the filing date of the application he shall send to the applicant a certificate of filing in the form of a copy of the request with the filing date and application number marked thereon.

(2) The required correction under section 28 (2) of the Act shall be filed within three months from the date of the Registrar's request.

(3) Where the Registrar treats the application as invalid in accordance with section 28 (3) of the Act, he shall inform the applicant in writing of the reasons.

(4) The drawings under section 28 (4) of the Act shall be furnished within three months from the date of the Registrar's request.

Regulation 25A. Entering the national phase.

(1) An international application entering the national phase under section 780 or 780A shall be subject to the prescribed fees which shall be paid by using Patents Form No. 2A.

(2) An applicant shall be deemed to have fulfilled the requirement of section 780 (1) (a) or 780A (1) (a), as the case may be, if the international application in the English language has been made available by the International Bureau to the Patent Registration Office.

Regulation 26. Preliminary examination.

(1) The requirements of regulations 5, 6, 7 (1), 8, 9, 10, 11, 18 and 51 shall be formal requirements for the purposes of section 29 (1) of the Act.

(2) Where section 29 (2) of the Act applies, the Registrar shall notify the applicant of his findings and the applicant shall make any observation on such finding or any amendment to the application or both within three months from the date of mailing of the Registrars notification.

Regulation 27. Request for substantive examination.

(1) A request for a substantive examination shall be made to the Registrar on Form 5 together with the payment of the prescribed fee within eighteen months from the filing date of the application.

(1A) Notwithstanding subregulation (1), a request for a substantive examination of an international application which has entered the national phase shall be made to the Registrar in Patents Form No. 5 together with the payment of the prescribed fee within four years from the filing date of the international application.

(2) Where an application is divided under regulation 19A, a further request for a substantive examination shall be made at the time of the filing of the request for the division of the application.

(3) A request for a substantive examination shall, where appropriate, be accompanied by –

(a) information relating to the application number and filing date of any application for a patent or other title of industrial property protection filed with any prescribed industrial property office relating to the same or essentially the same invention as that claimed in the application;

(b) information relating to the number assigned to a patent or other title of industrial property protection granted for the same or essentially the same

invention as that claimed in the application by any prescribed industrial property office;

- (c) the results of any searches or examinations carried out by any prescribed industrial property office relating to the same or essentially the same invention as that claimed in the application and where the results of any searches or examinations are not in the English language, a certified translation in the English language of such search or examination.
- (4) The Registrar may waive, as he deems fit, any requirement under subregulation (3).
- (5) Where an application is deemed to be withdrawn under section 29A (5) of the Act, the Registrar shall inform the applicant in writing of that fact and shall state the reasons therefor.
- (6) For the purposes of these Regulations "prescribed industrial property office" means the Patent Office of Australia, the Patent Office of Japan, the Patent Office of the Republic of Korea, the Patent Office of the United Kingdom, the Patent Office of the United States of America or the European Patent Office, as the case may require, in its capacity as a national office or, where appropriate, as an International Searching Authority or as an International Preliminary Examination Authority under the Patent Co-operation Treaty.

Regulation 27A. Request for modified substantive examination.

- (1) A request for a modified substantive examination shall be made to the Registrar on Form 5A together with the payment of the prescribed fee within eighteen months from the filing date of the application.
- (1A) Notwithstanding subregulation (1), a request for a modified substantive examination of an international application which has entered the national phase shall be made to the Registrar in Patents Form No. 5A together with the payment of the prescribed fee within four years from the filing date of the international application.
- (2) Where an application is divided under regulation 19A, a further request for a modified substantive examination shall be made at the time of the filing of the request for the division of the application.
- (3) A request for a modified substantive examination shall be accompanied by -
 - (a) a certified true copy of the patent or other title of industrial property protection granted to the applicant or his predecessor in title in the prescribed country or under the prescribed treaty or Convention, and where the patent or other title of industrial property protection is not in the English language, a certified translation in the English language thereof;

- (b) where the description, claims or drawings of the invention granted a patent or other title of industrial property protection by the prescribed country or under the prescribed treaty or Convention are not, apart from matters of form, substantially the same as the description, claims or drawings of the invention claimed in the application, the amendments required for the purpose of bringing them into conformity.

(4) Where an application is deemed to be withdrawn under section 29A (5) of the Act, the Registrar shall inform the applicant in writing of that fact and shall state the reasons therefor.

(5) For the purposes of these Regulations-

"prescribed country" means Australia, Japan, the Republic of Korea, the United Kingdom or the United States of America, as the case may require;

"prescribed treaty or Convention" means the European Patent Convention.

Regulation 27B. Deferment of filing of request for substantive examination and modified substantive examination.

(1) A request for a deferment of the filing of a request for a substantive examination under regulation 27 or a modified substantive examination under regulation 27A or a deferment of the provision of information or documents required under regulation 27 (3) shall be made to the Registrar of Form 5B.

(2) For the purposes of section 29A(7) of the Act, the maximum period of deferment allowed-

- (a) subject to regulation 27B(3), for the filing of a request under regulation 27 or regulation 27A, shall be five years from the filing date of the application; and
- (b) for the provision of the information or documents required under regulation 27(3), shall be five years from the filing date of the application.

(3) Where the applicant is unable to file in a request for a modified substantive examination within the time period specified in paragraph (a) of subregulation (2), the applicant may file in a request for a substantive examination within three months from the expiry of the time period specified in that paragraph.

Regulation 27C. Substantive examination.

(1) The requirements of sections 13,14,15 and 16, Part V, and sections 26, 26A, 26B, and 27 of the Act and regulations 7 (2), 12 to 17, 21 and 50 shall be substantive requirements for the

purposes of section 30 (1) of the Act.

(2) For the purpose of determining whether the application complies with the substantive requirements, in particular sections 14 and 15 of the Act, the Examiner shall search such documents as the Registrar deems necessary.

(3) Upon receipt of the Examiner's report under section 30(1) (b) of the Act, the Registrar may request the Examiner to conduct a further search or other investigation to determine whether the requirements of sections 14 and 15 of the Ad have been satisfied and subregulation (2) shall apply in relation to such further search or other investigation.

(4) Where section 30 (3) of the Act applies, the Registrar shall send a copy of the Examiner's report to the applicant and the applicant shall make any observation on such report or any amendment to the application or both within two months from the date of mailing of the report.

(5) Where the applicant makes any observation on the Examiner's report or any amendment to the application or both within the prescribed period, the Registrar shall refer them to the Examiner who shall report his determination to the Registrar.

(6) *(Deleted)*

Regulation 27D. Modified substantive examination.

(1) The requirements of sections 13 and 14, Part V, and sections 26A, 26B and 27 of the Act and regulations 21 and 50 shall be substantive requirements for the purposes of section 30 (2) of the Act.

(2) In addition, it shall also be a substantive requirement that the description, claims and drawings of the invention claimed in the application, whether as filed or as amended under the Act or these Regulations, apart from matters of form, shall be the same or substantially the same as the description, claims and drawings of the invention granted a patent or other title of industrial property protection by the prescribed country or under the prescribed treaty or Convention.

(3) For the purpose of determining whether the application complies with the substantive requirements, in particular section 14 of the Act, the Examiner shall search such documents as the Registrar deems necessary.

(4) Upon receipt of the Examiner's report under section 30 (2)(b) of the Act, the Registrar may request the Examiner to conduct a further search or other investigation to determine whether the requirements of section 14 of the Act have been satisfied and subregulation (3) shall apply in relation to such further search or other investigation.

(5) Where section 30 (3) of the Act applies, the Registrar shall send a copy of the Examiner's report to the applicant and the applicant shall make any observation on such report or any amendment to the application or both within two months from the date mailing of the report.

(6) Where the applicant makes any observation on the Examiner's report or any amendment to the application or both within the prescribed period, the Registrar shall refer them to the Examiner who shall report his determination to the Registrar.

(7) *(Deleted)*

Regulation 27E. Expedited Examination.

(1) An applicant who requests or has requested for substantive examination under regulation 27 may request the Registrar to undertake an expedited examination of the application once it has been made available for public inspection under section 34 of the Act.

(2) A request for expedited examination shall be made to the Registrar in Form 5H and shall be accompanied with—

- (a) a statutory declaration stating the grounds for requesting the expedited examination; and
- (b) the prescribed fee.

(3) If an applicant has requested for an expedited examination, the Registrar may do so if the Registrar is reasonably satisfied that—

- (a) it is in the national or public interest;
- (b) there are infringement proceedings taking place or evidence showing potential infringement with regards to the patent being applied;
- (c) the applicant has already commercialized the invention or plan to commercialize the invention within two years from the filing date of a request for expedited examination under this regulation;
- (d) application for grant of the patent is a condition to obtain monetary benefits from the Government or institutions recognized by the Registrar;
- (e) the invention relates to green technologies that will enhance the quality of the environment or conservation of energy resources; or
- (f) there are other reasonable grounds which support the request.

(4) The Registrar shall notify the applicant in writing, as soon as practicable after making his decision, whether the expedited examination shall be conducted or not.

(5) If the Registrar is satisfied that a request for an expedited examination of the application is warranted, the applicant shall, within five working days from the date of receipt of the Registrar's decision in subregulation (4), file Form 5I and pay the prescribed fee.

(6) For the purpose of substantive examination of the application, if the Examiner reports that any of the requirements referred to in subsections 30(1) and (2) of the Act was not complied with, the Registrar shall give the applicant an adverse report to explain to the applicant the requirements which were not complied with and the applicant shall be given one opportunity to make observations on the report and to amend the application as to comply with those requirements within three weeks from the date of the issuance of the adverse report by the Registrar.

(7) If the applicant fails to amend the application within the time stipulated under subregulation (6), the request for expedited examination is deemed to be withdrawn.

Regulation 28. Notification of refusal of application.

Where an application is refused under section 29 (2), 30 (3), 30 (6), 31 (1) or 85 of the Act, the Registrar shall notify the applicant in writing of that decision and shall state the reasons therefor.

Regulation 29. Certificate of grant of patent.

(1) The certificate of the grant of a patent referred to in section 31 (2) (a) of the Act shall contain-

- (a) the number of the patent;
- (b) the name and address of the owner of the patent;
- (c) the name of the inventor (except where he has indicated he does not wish to be named) ;
- (d) the filing date and the priority date, if any, of the application;
- (e) the date of the grant of the patent; and
- (f) the title of the invention; and

- (g) the date the certificate of grant of the patent is issued.

(2) *[Deleted by P.U. (A) 262/95]*

Regulation 30. Contents of patent.

The patent granted pursuant to section 31 (2) of the Act shall contain –

- (a) the number of the patent;
- (b) the name and address of the owner of the patent;
- (c) the name and address of the inventor (except where he has indicated he does not wish to be named);
- (d) the name and address of the agent, if any;
- (e) the filing date of the application;
- (f) the priority date of the application, if any, and the name of the country or countries in which or for which the earlier application was filed;
- (g) the date of the grant of the patent;
- (h) the title of the invention;
- (i) the symbol of the International Patent Classification;
- (j) the abstract;
- (k) the description;
- (l) the claims, and
- (m) all the drawings, if any.

Regulation 31. Register.

- (1) The Register shall be kept in such form and on such medium as the Registrar may determine.
- (2) The Register shall contain the particulars specified in paragraphs (a) to (j) of regulation 30.

Regulation 31A. Request for certified copies of or extracts from Register, etc.

A request for certified copies or extracts for the purposes of sections 33, 33A (2), 34 and 83A of the Act shall be made to the Registrar on Form 5C together with the payment of the prescribed fee.

Regulation 31B. Amendment of Register.

(1) A request under section 33B of the Act to amend the Register shall be made to the Registrar on Form 5D together with the payment of the prescribed fee.

(2) The Registrar may require the submission of such information or documents, including a written explanation by the owner of the patent, in support of the request for the amendment.

Regulation 32. Contents of reference to grant of patent published in Gazette.

A reference to the grant of a patent published pursuant to section 31 (3) (a) of the Act shall include the particulars specified in paragraphs (a) to (j) of regulation 30 as well as the most illustrative of any drawings.

Regulation 33. Annual fees.

(1) The prescribed annual fee shall be paid to the Registrar who shall record the payment in the Register.

(2) The lapse of a patent for non-payment of the prescribed annual fee shall be recorded in the Register.

(3) Annual fees paid shall not be refundable.

Regulation 33A. Reinstatement of lapsed patent.

(1) A request under section 35A (1) of the Act for the reinstatement of a lapsed patent shall be made to the Registrar on Form 5E together with the payment of the prescribed fee.

(2) The Registrar may require the, submission of such information or documents, including a written explanation by the Person making the request, in support of the request for the reinstatement of the lapsed patent.

(3) Where a case for reinstatement has not been made out to the satisfaction of the Registrar, he shall notify the person making the request in writing of that fact and shall state

the reasons therefor and shall give the person making the request an opportunity to be heard.

(4) Upon receipt of a notification under subregulation (3), the person making the request may, within one month from the date of the mailing of the notification, request for a hearing.

(5) Where the Registrar receives a request for a hearing under subregulation (4), he shall give the person making the request an opportunity to present his case and shall thereafter give his decision.

(6) Where no request for a hearing is received within the prescribed period or where the person making the request does not appear on the date fixed for the hearing of the request the Registrar shall refuse the request for reinstatement and shall inform the person making the request in writing of that decision.

(7) Where a case for reinstatement has been made out to the satisfaction of the Registrar, he shall notify the person making the request in writing of that fact.

(8) Upon receipt of a notification under subregulation (7), the person making the request shall, within one month from the date of the mailing of the notification, pay to the Registrar all annual fees due and the prescribed surcharge for reinstatement.

(9) The Registrar shall, upon receipt of the annual fees due and the prescribed surcharge for reinstatement, reinstate the patent; and the date of reinstatement shall be recorded in the Register.
